LOSS IN MILLIONS

FLOODS PROVE DISASTROUS IN SEVERAL STATES.

STREAMS ARE RAGING TORRENTS

NEBRASKA, KANSAS AND MISSOURI HEAVY SUFFERERS.

Reports Tell of Loss of Life, Inundated Towns and Farms, and of Rivers Still Rising as a Result of Continued Rains.

Beatrice, Neb., May 29.—Never before has this section experienced such a flood as it is now having. At Hoag, near here, the Blue river is three miles wide. It is still rising and rain is falling in torrents. The Burlington tracks are under water and trains are held up.

In Beatrice the electric light plant is under water and closed down. Forty residence blocks are under one to five feet of water. The waterworks pumping station is surrounded with water and the city undoubtedly will be without fire protection before morning. Many head of cattle, hogs and horses have gone down the stream today. The property loss is enormous in this county alone. People living in submerged sections in many instances lost everything.

Grain Crops Ruined.
Omaha, May 29.—Reports from points in eastern and southern Nebraska indicate great destruction by floods. The railroads are seriously crippled. The grain crops are believed to have been practically ruined. The loss on corn alone is fully \$1,500,000. The Missouri river between Omaha and Sioux City is cutting away a large number of farms.

Lincoln, Neb., May 29.—Thirty-six hours of heavy and almost continuous rainfall has aggravated the flood situation at Lincoln. The Antelope and Salt Creeks are out of their banks and the low-lying district in the western part of the city is tonight a great lake. Whole families among the poorer classes are tonight sheltered in the court houses and school houses. The basement of the building occupied by W. J. Bryan's Commemorative office was flooded, damaging the paper stock and part of Bryan's library.

Lives Lost in Kansas.
Council Grove, Kas., May 29.—The loss by flood in Morris county is estimated at \$1,000,000. Four persons were drowned here last night. Edward Clements perished while endeavoring to save his daughter, and Ralph Phillips, while trying to rescue a little girl, was drowned with her. A baby was found dead in the Missouri Pacific yards.

Slacking line set fire to a lumber yard, which was burned, together with the Farmers' Drivers' bank, and stores. The loss was \$350,000. The big Main street bridge over the Neosho river went down. All business houses are flooded. Miles of the Missouri Pacific and "Katy" tracks are washed out. More than a hundred houses are under water and twenty have floated away.

Kansas City, May 29.—The Kansas and Missouri rivers here are rising at an alarming rate and tonight the indications are that all previous high water records at this point will be broken. Much damage has already been done, and much apprehension is felt.

At Harlem, across from this city, the residents in the flooded district were rescued tonight in boats after losing most of their personal effects. Hundreds of families were forced to leave their homes in various parts of Kansas City. The business district here, and stores, concerns are flooded. The Missouri Pacific has abandoned its bridge across the river here.

Thousands of acres of garden land are overflooded and the damage to crops will amount to many thousands of dollars. A thousand shack dwellers have been driven before the flood to places of safety. Near Parkville, the Missouri river is cutting a new channel and hundreds of acres of the most fertile farming land has been washed away.

Thousands Homeless at Topeka.
Topeka, Kas., May 29.—Five thousand people here are homeless on account of floods, and the number is likely to be largely increased before morning. Railroad traffic is practically at a standstill. The Kansas river at St. Mary's is five miles wide and the town is half submerged. Several bridges at as many towns were swept away. The Topeka street railway bridge is useless.

The Smoky river is four miles wide at Abilene, where one person was drowned. Extraordinary high water and much damage is reported from Lawrence, Marysville, Wamego, Marquette, Emporia, Americas and Concordia.

Have in Oklahoma.
Guthrie, Okla., May 29.—Reports of destructive storms throughout the territory continue to arrive. At Harrison five lives were lost. At Anadarko several Indians are reported drowned. One person was killed and several buildings were demolished by a tornado in Gay county. A large number of cattle were drowned.

FIRE LOSSES IN MONTREAL.

Montreal, May 29.—Fire early today destroyed sixty houses and a number of other buildings in the town of Mariestville, twenty miles from here. The loss is \$75,000. In Montreal, losses estimated at \$100,000 resulted from fires early today. The principal losers are the Montreal Cotton and Wool Waste company and John Crowe & Co., hay barns.

CHICAGO STRIKE AVERTED.

Troubles Between Freight Handlers and Railroads Being Compromised.

Chicago, May 29.—The trouble between the freight handlers and the railroads was virtually settled tonight. The Lake Shore took the initiative, compromising with its employees on the basis of a 4 per cent increase in wages. The other twenty-three roads will endeavor to make similar settlements.

Iron Wage Scale Is Signed.

Detroit, May 29.—The scale committee of the Amalgamated association and the iron manufacturers signed the iron wage scale for next year this evening. The men gained a number of concessions and the conference was harmonious. After the scale was signed felicitations were exchanged. The speeches on both sides were of the kindest tenor, and all declared the result most gratifying.

Textile Mills Granting Demands.

Philadelphia, May 29.—Thirty-seven of the nearly 500 textile firms in the city have agreed to the demands of the workers. The union claims that fully 60,000 operatives will strike Monday unless the other firms grant the demands. The employees of twelve mills already have struck.

FRIENDS OF FEUDISTS GATHER.

Attempt to Rescue Jett and White Feared at Jackson, Ky.

Lexington, Ky., May 29.—In response to a cipher message tonight, it has been decided to send more troops to Jackson. The reason is not announced.

Louisville, May 29.—Advices from Jackson say that all mountain passes into the city are guarded by militia. Rumor is persistent that mountaineers are gathering and will make an attempt to release Jett and White, the feudists held for murder, and the vigilance of the authorities have been redoubled.

Every general store in the feud-ridden district of Breathitt county has received a consignment of ammunition during the past week. It is impossible to ascertain the amount of ball cartridges shipped into Jackson and the hamlets nearby, but it is admitted by the head of an ammunition store in Louisville that shipments have been made.

Jackson, Ky., May 29.—The trial of Jett and White was today set for Monday next by Judge Redwine. Everything was quiet here today.

FILIPINO LEADER JAILED.

Serious Charges Filed Against Him by the Government at Manila.

Manila, May 28.—Following the seizure and an examination of the books of the Democratic Labor union, the government today arrested President Dominador Gomez on charges of misappropriation of funds, brigandage, fraudulent sales of stock and organizing an illegal association.

Over a hundred thousand pesos were collected in dues and contributions. The books show a deficit of 20,000 pesos. It is believed possible that part of the amount was stolen before Gomez was elected president. The government charges that part of the fund was used to furnish arms and food to the insurgents of Rizal province. This, with Gomez's correspondence with Guillermo and other leaders in the field, forms the basis of the brigandage charge.

CORRUPTION ALARMING.

Grand Jury Finds an Amazing State of Affairs in Missouri.

St. Louis, May 29.—In its final report, reviewing the legislative hoodlum, the grand jury today declared that the state of affairs as disclosed by the evidence is most amazing, and that the venality existing among the law-makers is alarming.

It says that for twelve years "corruption has been a usual and accepted thing in state legislation," and that "the tendency has been to hide or ignore rather than expose and punish this infamous crime."

The suggestion is made that laws be passed forfeiting franchises procured by corruption.

KILLED BY HOLD-UP MEN.

Clerk of a Chicago Drug Store the Victim of Robbers.

Chicago, May 29.—Highwaymen entered the drug store of Dr. A. C. Breunlecke, at Peoria and Randolph streets, tonight, covered George Somsrott and Dr. John Forbes, drug clerks, with revolvers, and when Forbes made a dash for a weapon shot him dead. The robbers escaped.

CANAL TREATY OPPOSED.

Almost Certain to Be Rejected According to Colombian Advice.

PAY CUT BY PAYNE

SALARIES OF SIXTY-THREE OFFICIALS ORDERED REDUCED.

INQUIRY FINDS THEM EXCESSIVE

CHARGES AGAINST TULLOCH ARE FILED BY MERRITT.

Postmaster of the Washington Office Replies to the Accusations of the Former Cashier and in Turn Makes Serious Allegations.

Washington, May 29.—As a result of a thorough overhauling of the rosters of postoffice throughout the country, Postmaster General Payne today announced his approval of instructions for reducing the salaries of the assistant postmasters at fourteen second-class offices, thirty-six other offices and thirteen clerks, who have been receiving more salary than they are entitled to. Most of the excessive allowances were made during the administration of George W. Beavers, who resigned his position as superintendent of salaries immediately after the investigation of the department began.

Grave Charges Against Tulloch.

The postmaster general also today made public the reply of Postmaster Merritt of this city to the Tulloch charges. Merritt's response makes serious accusations against former Cashier Tulloch of the Washington postoffice, saying that a transaction in which Tulloch was concerned in 1898 "appears to comprehend the presentation of a false voucher, which is made a crime by the statutes."

Merritt's reply further alleges that the receipts signed on the pay rolls during Tulloch's regime as cashier, and filed, do not indicate that any complaint of irregularities against the Washington postoffice were filed by Tulloch while he was in office. He also says that the general practice of giving employees duties seemingly incompatible with their positions is no abuse, and that the practice of paying certain expenses of the postoffice department out of the Washington city postoffice funds always has existed and is proper.

False Voucher Incident.

The voucher incident is thus told by Merritt: "Before I became postmaster one of the employees of the postoffice was suspended from duty from May 5 to June 3, 1898, without pay, without any reason of record, as far as I have learned, and without any departmental authority. Mr. Tulloch, the cashier, retained this man's pay for the time stated, amounting to \$140, against his protest. I am told, obtaining his signature to the customary form on the pay roll, however, and then sent the account to the auditor for the postoffice department as though payment had actually been made. "The cashier probably had the postmaster's order to do this," continues Mr. Merritt, "and it seems he did not make personal use of the money. But the transaction appears, nevertheless, to comprehend the presentation of a false voucher, which is made a crime by Section 5483 of the Revised Statutes of the United States. The money thus unlawfully taken was divided by the cashier or by his direction among a number of persons, upon orders signed in the name of the postmaster by his assistant (though in one case no order has been found), until all of it was used up except \$7.86, which is now in the official possession of one of the bureaus of the postoffice department."

Removal of Cashier Merited.

Postmaster Merritt, speaking of his removal of Tulloch almost at once after he became postmaster, declares the removal was no mistake and for the reason therefore he says that James P. Willett, his predecessor, told him the accounts for the last quarter were in a tangled condition, and that his cashier should not have left them in such condition, but that Tulloch refused to assist in straightening them out unless he was paid \$500 therefor. Upon Merritt's advice, Willett rejected this and Tulloch never gave any aid.

Postmaster Merritt charges Tulloch with being arbitrary in manner, occupied much of the time with important private business, and "a venturesome man in the field of speculation."

BRITISH FEAR FAMINE.

Chamberlain's Protection Plan Gives Rise to Ant-Starvation Clubs.
London, May 29.—Anti-starvation clubs are springing into existence in the crowded cities of Great Britain as the result of Mr. Chamberlain's proposal to embark on the project of intertempore protection. The organizers of the movement assert that if the government determines to tax the people's food it will commit the moral equivalent of wholesale suicide. It is pointed out that large numbers of British workers are already so seriously underfed that they are in a state of semi-starvation. The attention of the ministry is directed to the solemn testimony of Charles Booth and B. Seebohm Rowntree, the first authorities in the kingdom on the condition of the British poor, that more than 25 per cent of the population is unable to obtain sufficient food to maintain physical efficiency.

Fear Export Duty on Cotton.

Commercial Intelligence, one of the leading economic journals in the country, regards the cry of the industrial

masses with great sympathy. In an interesting article it asserts that if America should place an export duty on cotton Lancashire would starve. The editor adds that a duty on grain large enough to confer any benefit on Canada would mention would create conditions in the great cities of the north-land incompatible with life and social order.

On the other hand, the supporters of Mr. Chamberlain are depending on him to devise a scheme of tariff preference so skillful and moderate as to set in operation the imperial unifying forces without subjecting the heart of the empire to calamitous pressure. The debate in the house of commons this afternoon in the house of commons yesterday inaugurates the greatest politicalrovers believe it will end in a radical readjustment of English parties.

SMOOTH'S REMOVAL DEMANDED.

Presbyterian Assembly Declares Against a Mormon in the Senate.
Los Angeles, May 29.—The Presbyterian general assembly today unanimously adopted resolutions calling upon the people of the United States to use their utmost endeavors to secure the expulsion of Apostle Reed Smoot from the national senate.

The preamble declares that the Mormon church "persists in active encouragement and practice of polygamy and that Senator Smoot is in cordial sympathy with it as a divine institution." It also declares that Senator Smoot has encouraged the practice of polygamy by his personal influence as an apostle, and that "in thus doing this the apostle smother's criminal, menaces the American people, is unfaithful to the laws and constitution of the United States, pays his first allegiance to the first presidency and apostolate to which he belongs, and is a reproach to the honor and dignity of the American senate."

The resolutions then call upon the people of the United States to employ all honorable means to secure Smoot's expulsion from the senate and urge the senate itself to exhaust all legal means to this end.

DINES WITH MORMON LEADERS.

President Is the Guest of Salt Lake for Several Hours.
Salt Lake, May 29.—President Roosevelt and party arrived here at 8:30 this morning and were enthusiastically greeted by thousands of people at the station. Escorted by a procession composed of regular and state troops, cow punchers and sheep men, civic and fraternal organizations, the president proceeded through the business section to the city buildings, where he was greeted by a vast assemblage, including nine thousand school children. Later at the tabernacle the president enjoyed the Utah pioneers. Secretaries Moody and Wilson also spoke briefly.

The president was afterwards driven to the residence of Senator Kearns for luncheon and rest. President Joseph E. Smith of the Mormon church, Senator Smoot, Governor Wells, Congressman Howell and a few personal friends of the president and Senator Kearns made up the party. Soon after the train left for Ogden.

Ogden, Utah, May 29.—The president was greeted here by an immense crowd. The parade that escorted him to Lester Park was over a mile long. At the park five thousand school children were gathered, and to them the president spoke a few words. At the park, on the public square, Senator Smoot introduced the president, who spoke briefly.

Speeds Through Wyoming.

Evansston, Wyo., May 29.—The president was given an ovation here tonight. He made a brief speech and departed for Rawlins.

AIMS AT WORLD-WIDE PEACE.

Lake Mohawk Conference Declares for International Compulsory Arbitration.

Lake Mohawk, N. Y., May 29.—At the concluding session of the arbitration conference tonight, a platform was adopted declaring that arbitration secured the approval of the civilized world; that the United States for what it has done in this behalf, especially in the Venezuela controversy, and suggests the conclusion of a treaty of compulsory arbitration between the United States and Great Britain, to be followed by similar treaties with other nations. It concludes:

"This conference summons all possible agencies to teach and preach the gospel of justice. Business men and great corporations, teachers in schools, ministers of God, public press; let our whole country accept the great motto and seek to live up to it. America loves justice, it appeals to every man and woman to aid in increasing and organizing the general sentiment in favor of international arbitration so as to secure, by the inevitable power of public opinion, the employment of it in the maximum number of possible cases in the hope that war may cease and that peace may prevail."

BUY ORCHARD LAKE ACADEMY.

La Porte, Ind., May 29.—General Harris A. Wheeler of Chicago and Lawrence Cameron Hull, principal of the Shortridge High School of Indianapolis, have purchased the Michigan Military academy at Orchard Lake. General Wheeler will be president of the company which will conduct the school and will have his office in Chicago, while Professor Hull will be head master of the institution.

TODAY'S WEATHER.

Washington, May 29.—The following is the weather bureau's forecast for Upper Michigan: Fair Saturday; Sunday, clear, northeast winds.

A Nervous Woman

Will often feel compelled to stop the clock whose ticking seems unbearable to her. In such a nervous condition the woman needs a building up of the entire system. It is useless to attempt the cure while the cause of the nervousness remains uncured. A very common cause of nervousness in women is a diseased condition of the delicate womanly organism.

Dr. Pierce's Favorite Prescription cures womanly diseases and the nervousness which they cause. It changes irregularity to regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It is a perfect tonic and nerve, tranquilizing the nerves, promoting the appetite and inducing refreshing sleep.

\$500 REWARD FOR WHO CANNOT BE CURED. Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Pro-lapsus, or Falling of Womb which they cannot cure.

DAILY MINING JOURNAL.

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MARQUETTE, MICH., MAY 30.

Entered as mail matter of the second class in the postoffice at Marquette, Mich. The house has passed Governor Bliss' pet measure, a bill establishing a manual training school for the blind at Saginaw and appropriating \$110,000 for starting it.

The reported intention of the managers of the cup defender Reliance to obtain a set of sails from Ratsey, may be the best sailmaker in the world, by the American craft in the cup races, has provoked much adverse criticism.

There is no tone of hesitation in Postmaster General Payne's latest utterance in connection with the frauds in his department. He has declared, with all emphasis, that the investigation will not end until all the irregularities have been thoroughly inquired into.

There is considerable complaint from Hancock at the apathy being displayed by upper peninsula fire departments in regard to the forthcoming meeting of their association in that city. The complaint is chiefly on account of the lack of interest manifested in regard to the organization of running teams, several of the departments which have been prominent in the association's athletics in former years having announced their intention of not competing this season.

The Cleveland Iron Trade Review says of the ore situation: The principal feature of the market for several days has been discussion of the conflicting reports concerning impending purchases of Bessemer iron by the United States Steel corporation.

There is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders.

burg Steamship Co. is shipping ore rapidly, its shipments from the first of May to date being considerably in excess of those of the same time last year.

There is a report from Lansing now that the house and senate will make another attempt to reach an agreement on some sort of a primary election bill.

The smoothest lobbyist of them all, Presy Angell, visited the state capitol this week and put the Randall bill, to limit the state university's income under the one-quarter mill tax to \$300,000 a year, to sleep.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or biliousness.

A SWEET BREATH is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order.

GOOD FOR CHILDREN. The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and La Grippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble.

THE CITY BORN MAN. The tendency of the population of the country to concentrate in the cities has been viewed with alarm by many sociologists. It presents a number of problems which must work out, and chief among these is the effect on the virility and strength of the race.

Gramps and Diarrhea.

Oldest Michigan Central Engineer Tells How to Cure Them. The following from John McCurdy is from the oldest in continuous service of the Michigan Central Railroad and probably one of the best known men in the state.

Upper Peninsula. Public Park for Munising. The Cleveland-Cliffs company has taken steps to provide Munising with a public park. Just west of the Beach Inn the company has graded and seeded a considerable tract, and on this and at the hotel grounds over 1,500 ornament trees and shrubs have been set out.

Ground Broken for New Plant. Ground has been broken at the site of the Walker Veneer works at Grand Marais, and the construction of the new plant will soon be started.

QUESTION ANSWERED. Yes, August Flower still has the largest sale of any medicine in the civilized world.

Money in Grazing Cattle. Cattle raising will, before many years, be an industry that will be quite a factor in iron country, in common with the peninsula generally.

NOTICE. We have been employed to act as the attorney for the trustees of the Michigan Road land belonging to the Ayer estate to protect said lands against trespass or pillage.

NOTICE TO CONTRACTORS. City Controller's Office, Marquette, Mich., May 26, 1903. Pursuant to resolution of the common council of the City of Marquette, notice is hereby given that sealed proposals will be received at my office until 8 o'clock p. m., June 1, 1903.

DUE NOTICE IS SERVED. Notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel.

THE CANDY KITCHEN.....

THERE'S A DIFFERENCE BETWEEN KEELEY'S BEER and other beers. It's a difference that you will like. KEELEY'S BEER is on draught all through Marquette or will be delivered to your home in pint and quart bottles.

SOROSIS SHOES. Sorosis shoes are now sold in every leading city in the world. America no longer goes abroad for ideas in footwear. It is universally acknowledged that Sorosis sets the shoe styles in Europe as well as in America.

MRS. IDA McDONALD,

Supreme Deputy of the Maccabees of the World.

MRS. McDONALD, No. 477 Beaubien Street, Detroit, Mich., is a prominent woman who was greatly benefited by the great woman's medicine, Wine of Cardui.

that I must do something to regain my health. A friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines.

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States which she takes time to give advice which she knows will help you.

WINE of CAR DUI. A million suffering women have found relief in Wine of Cardui.

Copper Country Department
HANCOCK TO HAVE A TEAM.
 Outside Men to Augment Local Talent on the Diamond.
 Hancock is to have a baseball club, and it will be a crack organization, too. A number of enthusiasts "fans" who have been around sipping up the available material and stirring up interest have decided that Hancock can support a team. It is believed that with the addition of several outside players, the nine will be on a par with the other copper country teams, and although the line-up has not been determined a match has already been arranged with Dollar Bay for a week from today. F. M. Sackrider, owner of the Hancock Driving Park, has agreed to put the grounds in good condition, and the management hopes to arrange an interesting schedule. Two players from Chicago and one from Finley, O., will be imported. J. L. Dilavoy, who recently accepted a position with the Hancock Journal, will be one of the pitchers. He is said to be a speedy man and the supporters of the team consider him a good find. With Hancock, the copper country will have four first-class teams, Calumet, Dollar Bay and Lake Linden being the others.
Bays and Lake Linden.
 The first game between the Dollar Bay and Lake Linden teams will be played this afternoon at Dollar Bay. A large number of Lake Linden "rooters" will accompany their team to the smelter town and a large delegation from Calumet and the Portage Lake cities is expected. The Copper Range road will run a special train from Lake Linden, touching at South Lake Linden, for the return game at Lake Linden tomorrow afternoon, the Mineral Range road will run a special from Calumet, touching at Hancock. It will leave Calumet at 1 o'clock, Hancock at 1:30 and Dollar Bay at 1:45.
Dollar Bays Strengthened.
 Several weak spots in the Dollar Bay line-up have been strengthened by new men. The management has secured John H. Mackin, formerly of the Soo Leaders, said to be one of the fastest ball players in the upper peninsula, to play short. Edward O'Brien, who hails from Ashland, has been added to the pitching staff and Frank McCue of Oshkosh, Wis., will play third base. These three men will do much to put Dollar Bay on the winning road. They will be given positions at the Bay.
EXCURSION TO THE CANAL.
 The steamer Mabel Bradshaw, of the White line, which will arrive with a party of Port Arthur excursionists this morning, will make two excursion trips to the canal today. The boat will leave Hancock at 10 o'clock this morning for the first trip and at 2 o'clock this afternoon for the second. Shortly after 5 o'clock the steamer will depart for the return trip to Port Arthur.
"IF I COULD GET RID OF THIS ABOMINABLE COUGH," exclaimed the sufferer, when the end of a spasm of coughing gave him a chance to talk. "The way out of the trouble is plain. Take Allen's Lung Balm before the merciless grip of the cold has fastened upon throat and lungs. After a few doses the cough is easier and less frequent, and a complete cure is but the question of a little time."
FATALITY AT THE TAMARACK.
 Paul Lackner was killed and Matt Fortun probably fatally injured by a fall of rock in the twelfth level south of No. 3 shaft in the north branch of the Tamarack mine Thursday afternoon. Lackner was an Austrian and Fortun is of the same nationality. The men were working with a timber gang and were engaged in stopping. The ground was considered safe and the mass of rock which caught the poor fellows fell without warning. Lackner was struck with great force on the head, side and legs, one of the rocks cutting off one of his legs. He succumbed to his injuries shortly after. Fortun miraculously escaped instant death. He was buried under the falling rock, but managed to get out alive. He was badly cut about the head. Lackner was a single man, as is Fortun. The parents of each live in Austria.
LEAVE TONIGHT FOR FINLAND.
 A party of copper country people, numbering at least twenty-five, will leave Hancock aboard a Canadian tourist sleeping car attached to the outgoing South Shore train this evening, for Boston. At Boston the passengers will take the steamer Saxonia, of the Cunard line, enroute for Finland. The excursion is timed so that the tourists will arrive in the fatherland in time to participate in the festivities of Mid-summer Day, June 24, a national holiday in Finland. The day is celebrated in that country with as great fervor as is the Fourth of July in this country. Some members of the party will remain at Hancock a year while others will return to Hancock within a few months.
OFF FOR THE ISHPEMING MEET.
 The Hancock Central High school track team, which will participate in the annual field meet of the Upper Peninsula Interscholastic association at Ishpeeming this afternoon, left last evening for the Hemetite City. The Calumet team will depart this morning. Although entered, the Houghton High will not participate, it being decided at the last minute to pull out. The boys have become disorganized during the last week or two. The Hancock and Calumet teams are in good condition. The teams have trained faithfully and some good results should be shown today. Copper country people will await the outcome of the day with interest.
FREE DELIVERY WANTED.
 West Hancock residents are signing a petition, which is being circulated, in favor of their number, asking for free delivery of mail in that portion of the city. So far several hundred names have been secured. A copy of the petition will soon be forwarded to Washington and another will be presented to G. W. Emery, Hancock's postmaster. Favorable action is expected. The majority of West Hancock people live some distance from the postoffice and if their mail was delivered at their doors it would be a great convenience. Another carrier will be put on if the service is granted.
FOR LIVER TROUBLES AND CONSTIPATION
 There's nothing better in creation Than Little Early Risers, the famous little pills.
 They always effect a cure and save doctor bills.
 Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. H. Harwood, Ishpeeming; Stafford Drug Co., Marquette.
 Monarch over pain. Burns, cuts, sprains, stings. Instant relief. Dr. Thomas' Electric Oil. At any drug store.

CARNIVAL AT HOUGHTON.
 Novel Program of Entertainment at the Amphidrome in June.
 A carnival will be given at the Amphidrome, Houghton, during the week beginning June 15 under the auspices of the Amphidrome management. A number of the leading attractions of the Western Theatrical exchange, of which F. M. Barnes is manager, have been secured, and twenty-five cents will admit the spectators to all of them. The performers will be:
 The five "Flying Barnums," last year a feature of Ringling Bros.' circus, Mung Mya, the Hindoo juggler.
 The Shaws, aerial trapeze artists.
 The Standard comedy quartet.
 The three brothers Rossi, European acrobatic eccentricities.
 The Lawrence trio, trick mill acrobats, Riders' monkey circus.
 In addition to these seven attractions, the Barnes company will have eight others, the largest years ago, in our city, which will be presented under the vacant property just outside the Amphidrome. This "midway" will be separate and distinct from the Amphidrome show and a separate admission will be charged. All together, Mr. Barnes will have 150 people in his troupe.
 The entertainment given in both the big rink and at the side show will be high class and will doubtless draw large and interested crowds. Mr. Barnes will be remembered as the man who furnished the attractions at the Houghton fair three years ago, and also at Hancock and at the firemen's tournament at Calumet.
STEAMER EASTON IN PORT.
 Singer's Newly Purchased Craft Inspected by Many People Yesterday.
 The White line's steamer Easton, recently purchased by Captain W. H. Singer to replace the Iroquois on the Duluth-Portage Lake-Isle Royale and Port Arthur route, arrived at Hancock yesterday afternoon and before departing on an excursion to Duluth she was inspected by many people, who were well pleased with her. Captain Singer, who came to the copper country to await the arrival of the craft, stated yesterday that he recently examined her in drydock at Chicago and found her to be in the condition. She has a steel hull and her plates are extra heavy. The Easton was built by the Pennsylvania Railroad company and, as Captain Singer says, that corporation never does anything by halves.
 The boat will start on her regular schedule next week. She will leave Portage Lake at 9 o'clock Monday mornings and at 1:30 o'clock in the afternoon on Thursdays for Port Arthur via Washington Harbor, Isle Royale. On Tuesdays at 9 a. m. she will depart for Duluth via Washington Harbor. On Thursdays at 7 p. m. she will leave for Duluth via Ontonagon, Ashland, Bayfield and Port Wing, and on Fridays at 4 p. m. she will leave for Duluth direct.
DECORATION DAY PROGRAMS.
 P. H. O'Brien, the Laurium attorney, will deliver the address at the Memorial Day exercises to be held at the Amphidrome at Houghton this morning. Music will be furnished by the Quince band. At 7 o'clock the several committees from the different military organizations will meet at the Armory and from there will proceed to the cemeteries to decorate the graves of departed soldiers. Flowers have been furnished by the school children of Hancock and Houghton. Preceding the exercises at the Amphidrome a parade of Company G, 2nd Michigan, can war veterans and the G. A. R. will likely be held, although this was not definitely decided upon yesterday.
 Appropriate exercises will be held at Calumet also. Rev. J. A. Hutches, pastor of the Laurium Baptist church, will be the speaker of the day. Preceding the exercises at the cemetery this morning a parade of the Calumet Light Guard (Company E), the Light Guard veteran corps and members of the G. A. R. will be held. Music will be furnished by the Calumet & Hecla band. The ceremonies will take place in the shadow of the soldiers' monument in the Lake View cemetery, where are the graves of most of the soldiers.
 Most of the stores and other places of business in the several copper country towns are closed today. Petitions circulated during the week asserted that the majority of merchants were in favor of closing.
DETROIT POLICE LET HER GO.
 Estelle Canuel, the pretty Ontonagon girl who was released from custody in Detroit, passed through Menominee today on her return north, states The Herald.
 The young lady was taken from Ontonagon last Friday by Detective Baker. But Estelle is a very fortunate young woman and instead of having to go to prison she was given her liberty and her fare paid back to the copper country. After bringing her over 500 miles to answer to the charge of theft, the police took compassion upon the girl and decided not to try to make a convict out of her.
 Miss Canuel was visiting Mrs. Fannie Donst, housekeeper for the bachelor apartments in the Palm flats in Detroit, and while she was there J. W. Rathbone lost his \$100 diamond. The police know little of the matter, but having to go to the pawnbroker \$50 to get his diamond back and then paid the expenses of Lieutenant Baker in traveling all the way to Ontonagon and back with his prisoner.
A SURE THING.
 It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdstown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by The Stafford Drug Co., drugists. Trial bottles free. Regular size, 50c. \$1.00.

An Astonishing Offer!
 If for any reason we fail to cure your **Catarrh**
 of the head, nose, throat, lungs or stomach, in any stage the treatment costs you nothing.
 You doubtless have catarh and want to be cured. You have tried nearly everything. Yet there is only one absolutely known cure for catarh in America, and that is MEDERINE, the great Blood and Catarh cure. It acts directly upon the mucous membrane through the blood, cleans up the nasal passages, soothes, and allays the inflammation of the affected parts, reaches the seat of the disease by filtering, cleansing and purifying the blood. MEDERINE has revolutionized the treatment and cure of Catarh, and created the greatest sensation in medical circles.
Thousands of Catarh
 sufferers in every section of the country bear testimony to being cured of CATARRH by the only remedy that cures—MEDERINE.
 Write MEDERINE REMEDY CO., Duluth, Minn., for their system of treatment. All letters answered. Illustrated booklet containing testimonials of cures mailed free.
Price \$1.00 per Bottle—6 bottles \$5.00.
 Sent express paid if your druggist does not carry MEDERINE in stock.
THE NEW TREATMENT FOR MEDERINE OINTMENT
 For Eczema, Scab-Rheum, Itch, and Kissing Sores, Boils and Ulcers. 50c per box.
MEDERINE SOAP
 For itches, both and urinary, etc. Consider a perfect cure for Dandruff and all scalp and skin diseases. Price 50c.
 Mederine Remedies are sold and guaranteed by Penick's Pharmacy, Washington, Corner Front, Marquette, Mich.
 Fred P. Tillson, Ishpeeming, Mich.
 Werner Nikander, Negaunee, Mich.

MINING NEWS
ARIZONA MINING LAWS.
 A Phoenix (Ariz.) dispatch states that mine employers and laborers are watching with keen interest the development resulting from the operation of the eight-hour law enacted by the last legislative assembly, which goes into effect in June. The United Verde, the Copper Queen and the Calumet & Hecla all those mines and some others in the territory, are already operating under an eight-hour schedule. The Arizona Copper company, the Detroit Copper company, and the Shannon Copper company, however, will be affected. The first-named companies, particularly, will suffer. They are located in the Clifton and Morenci districts, which yields only low grade ores, and the margin of profit is too small to admit of serious alterations in the number of hours constituting a day's work.
 The new law, however, is not so broad in its scope as was originally contemplated. The original bill was so emasculated that the underground miner, it is now embraced in the act. It is anticipated that the enforcement of the law will be opposed by mine owners at Clifton and Morenci by an attempt to reduce the scale of wages proportionately, in which case strikes may follow. Eight-hour legislation in this territory is developing a slight tendency to drive capital into Mexico or other mineral fields, and although it may be impossible to secure a repeal of the law at the next session of the legislature, it is doubtful if further restriction measures of the kind can be adopted.
 At Boston, Shannon Copper people say that they are not at all disturbed by the new eight-hour law. The larger part of their mine work is done by contract, which is not affected in the least by the new law, as the contractors are all partners and can work as many hours overtime as they please. The workmen are mostly Mexican, who do not care for unions and do not work a full month at any time. Professor Church reports the finding of a new large body of ore on the Shannon property running about 10 per cent copper.
TAMARACK.
 At No. 5 Tamarack, while the outlook does not appear as promising as could be desired, the assertion frequently heard that this portion of the mine is a disappointment is certainly premature, and unjustifiable at the present stage of development. It is premature because there is yet no sufficient standard of judgment on which to base the results of actual mining on this section of the lode, and as merely drifting and cutting-out are being done here, no fair comparison can be made of these results with those obtained in shafts both to the north and south by stopping. It is also generally believed that no accurate knowledge has been obtained of the average mineral yield of rock taken from No. 5, as it is mixed with that from other portions of the mine and treated together. While it is true that there have been some barren stretches of ground encountered in the openings made from No. 5, notably in the drifts extending toward the north, it is also a fact that some exceptionally good ground has been exposed, as for example, to the south. Moreover, the southern drifts from No. 5, are showing up well; and hence it is absolutely certain that the unfavorable appearances now found in the northern drifts of No. 5 must terminate somewhere between the two shafts.
MARQUETTE & ARIZONA.
 The Bisbee (Ariz.) Review says: "Chas. Cunningham has found the line capping that runs through the Copper Queen and Calumet & Arizona, cropping out in the valleys of the Marquette and Arizona and just this side of the Mexican line." He brought in several specimens of shells and sea formations that he took from the out-croppings.
MINING GOSSIP.
 A director states that the net earnings of the United States Mining company from Jan. 1 to April 30 have aggregated in excess of \$1,000,000 per month in the face of the mechanical difficulties which have prevented the economical and full operation of the smelter. With the exception of a few minor details which cannot be attended to until the arrival of small portions of machinery, the Champion's fourth head is ready for service. The three heads have been operating independently, but it is said that when the fourth is in use

work that has been let to date. Bids have been received for the work remaining to be done, but the contracts will not be let at present. The exterior of the structure was completed several weeks ago.
 The funeral of the late James McCormick, who died at his home on Elevation street, Hancock, Wednesday from consumption, was held from the Congregational church yesterday afternoon. Mr. McCormick had resided in Hancock for thirty years. He is survived by a son and four daughters.
 It is said that the new Armory to be erected for Company E, of Calumet by the Calumet & Hecla people this summer will be located south of and adjoining the Calumet & Hecla library building on Mine street. The dimensions of the structure will be about sixty by 200 feet. It will be one story in height and will be used mainly for company drill. The present Armory is inadequate.
 William Mudge and Albert Mason, employed as drivers for Closs & Bowden of Hancock, who were arrested for violating the city ordinance which forbids the handling of dynamite through the city, will be given a hearing before Justice Olivier as soon as he recovers from a slight indisposition. The men were apprehended by Nightwatchman Wright late last Sunday night driving a wagon with the dangerous explosive.
 It has just leaked out that Ed. H. Lee, a member of the wellknown firm of Lee Bros., candy manufacturers of Hancock, has been married since last summer. Both he and his bride kept the fact secret. Mrs. Lee was formerly Miss Etta Shelden of Calumet. Previous to her marriage she was employed as cashier at the Hecla store, Calumet. The couple has just returned from a wedding trip to Canadian points. They have taken apartments over Lee Bros.' store at Hancock.
 The Chicago lacrosse team is desirous of arranging games with the Portage Lake aggregation and it was said yesterday that contests would likely be planned for June 15 and 16.
 The Hancock Central High school basketball team defeated the Houghton High at the Hancock park Thursday afternoon. The score was 18 to 2. Neither team is in the best of condition.
 The total valuation of Franklin township, both real and personal, is \$3,313,215. The board of equalization was in session on Monday and Tuesday but not a taxpayer appeared to register a kick.
 Building operations were held back during the recent rains and contractors figure that they have lost just a week's time. Now that the weather has changed for the better work on all new buildings will be rushed.
 W. A. Patton of Hancock has been awarded the contract for the plastering in the new St. Joseph's hospital under construction at West Hancock. This is the only contract for the interior

RAILROAD EARNINGS CONTINUE TO BREAK ALL RECORDS.

Weather Conditions Better, but Corn Planting Is Yet Much Delayed— Steel Strong and Higher Quotations Help Pig Iron.

New York, May 29.—R. G. Dun & Co.'s Trade Review tomorrow will say:

"Weather conditions have improved, particularly as regards the great staples, although considerable losses have occurred in garden truck and other minor farm products at the East owing to the drought. Labor controversies are still the most disturbing factor in the situation, and it is difficult to anticipate now far the distribution of merchandise will be affected. Structural material of all kinds is moving slowly because of strikes in the building trades. At the East the trade situation is satisfactory, and a rule. The railway earnings thus far reported for May are 12.8 per cent larger than last year, and surpass 1901 by 25.6 per cent.

"After many weeks' discussion the expected large transaction in pig iron was completed, involving a heavier tonnage than was generally anticipated and showing but a small decline in price. Some decline was to be expected, and only by a readjustment of the quotations can this industry maintain the activity for which the enlarged facilities provide. The demands for steel rails have again become urgent, particularly from trolley roads. Structural steel is still adversely affected by labor disagreements in building trades, but in the iron and steel industry there have been numerous settlements and few serious strikes are in progress. Under the new tin plate scale an increased output is provided, and the mills are fully occupied with large orders on hand. Nevertheless, tin has declined through liquidation at London.

"The New England footwear factories are busy on fall contracts, but supplementary orders have been received. Leather sells freely, hemoek sales being in great demand for Western footwear manufacturers.

Bradstreet's Summary.

Bradstreet's will tomorrow say: "Wholesale trade awaits crop, labor and price developments. Too much rain is reported for Western crops, but particularly for corn, the planting of which is still delayed. The outlook as to the country's export trade is by no means depressing. The exports of manufactured goods for April were only twice exceeded in the country's experience."

"The tendency toward readjustment in the prices of iron is shown in a reduction of 25 to 50 cents per ton at the seaboard markets. Large buyers at Chicago say they will take hold at concessions. Some resales of steel billets are noted at fractional concessions, but the steel market is still strong as a whole. Structural material is in good demand, notwithstanding the labor troubles. Old iron and steel have been reduced in price.

"Cotton goods manufacturers have met the advances in the raw material of nearly 25 cents per pound with advances in bleached cottons and ginghams. Buyers, however, are slow to take hold at the higher prices. A rather better movement in men's wear woolsens is noted at the East, but worsted are slow. Women's dress woolsens are firm on a steady business. The raw material also is firm, but as the supplies to select from are limited, the quotations are largely nominal.

"The wheat (including flour) exports for the week total 4,678,000 bushels, against 3,901,000 in this week last year. Since July 1 they aggregate 205,572,000 bushels. The week's corn exports are 1,180,000 bushels, against 71,000 a year ago; for the fiscal year they total 61,437,000.

"The total bank clearings at the principal cities of the United States for the week are \$2,145,604, an increase of 6.8 per cent compared with the corresponding week of last year."

STOCK MARKET TURNS DULL.

Prices Are Firm Early but Give Way at the Last.

New York, May 29.—There was a brief show of strength in the morning's stock market, but weak spots soon developed and later the trading became apathetic and at the last stagnant.

The opening rise was helped by London, especially by a considerable rally in Rio Tintos and a recovery in the copper market. Amalgamated Copper started upwards in sympathy. In view of this tendency of the market and the coming two days' holiday, bear interests showed a disposition to cover short contracts. But when the bears started to cover they found it so easy to secure stock, owing to the increase in offerings as the price level rose, that they became reassured.

Amalgamated was clearly under the pressure of continued liquidation, which was attributed, as was that of yesterday, to the unloading of pool accounts in the stock. The price went a sharp fraction lower than yesterday's low point,

THE OLD RELIABLE

ROYAL BAKING POWDER Absolutely Pure THERE IS NO SUBSTITUTE

but met some support and rallied over a point. There was renewed selling on a large scale in Rock Island, and later in the day Union Pacific and Southern Pacific suffered renewed declines, the former touching a new low level for the movement.

There was little news to account for the action of the market. The bank statement was regarded as negatively favorable, inasmuch as there was no impairment of resources while the small contraction of the loan account, in view of the week's extensive liquidation in stocks, was a disappointment. It is evident that the loans paid off with the proceeds of liquidation were taken up by other requirements of which the public is not informed.

Northern securities on the curb sold down to within a fraction of the low level, as follows, Paine, Webber & Co. reporting the quotations:

Table of stock quotations including Wabash, Mo. Pacific, Manhattan, N.Y. Central, Southern Pac., Reading, Metropolitan, Rock Island, etc.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

Table of Boston copper quotations including Adve., All., Green Con., etc.

BOSTON STOCK SALES.

The following were the transactions in copper stocks on the Boston exchange yesterday as furnished to The Mining Journal by Paine, Webber & Co.:

Table of Boston stock sales including Adve., All., Green Con., etc.

UNLISTED MINING STOCKS.

The copper country curb quotations of Arizona and other western mining stocks are reported by Wm. Carr & Co., Houghton, Mich., as follows, the figures being the "asked" prices:

Table of unlisted mining stocks including Cal & Ariz., Cal & Pitts., etc.

CHICAGO GRAIN MARKETS.

Chicago, May 29.—Wheat ruled exceedingly dull throughout the session today and aside from a decline of over 2 cents in May the prices showed little change. The market was quite firm at the start, due to heavy rains in the Southwest, and July was unchanged, at 73 1/2.

as that of our commercial interests resulting today in the proud position of our grain and steel trade. We can lead the world in agricultural products if we go at it aright. If we could have carried the grain, last year's wheat crop in the northwest and Pacific states could have been marketed in the East. But there were no ships to take it. The tremendous importance of the situation must not be lost sight of. We have an opportunity that will not come again."

George J. Gould Renowned to Have Defeated the Pennsylvania.

Washington, May 29.—The Washington Times prints a circumstantial story to the effect that the Gould interests have secured control of the Baltimore & Ohio railroad from the Pennsylvania. The Times says in part: "That a deal of some kind was arranged last week is indicated by the erratic movements of Baltimore & Ohio stock. It went up and then down and then rose again, but finally stopped at 87, a loss of 20 or more points in a few weeks. Some of the stockholders of the Baltimore & Ohio evidently went to the aid of the Goulds and enabled them to get the needed securities."

The Times discerns the fine Italian hands of Senator Gorman and Senator Quay in the affair. It says Gorman is no longer unfriendly with the Baltimore & Ohio, as he has been for several years because former President Cleveland defeated him for reelection, and that he is at odds with the Pennsylvania, "which would account for George J. Gould getting the Western Maryland line, though the Pennsylvania, through the Reading, bid more money for it."

BIG MARKET FOR WHEAT.

J. J. Hill Points Out Great Possibilities in the Orient.

St. Paul, May 29.—James J. Hill, president of the Northern Securities company, believes the time has come when the United States should bend their utmost efforts to the development of foreign markets for their agricultural products, and in an interview gave an exhaustive statement of the opportunities in the Orient.

"The time has come," he said, "when the United States should take steps to strengthen the pockets of the backbone of the nation—the farming class. If the iron and steel market, which we have so long nursed, is now at a point where we think it can bear a diminution of our energy to maintain it, and present conditions give us superiority in this line, let us turn our attention to the opening of markets for our agricultural products and our stock and mail at this end for a period.

"Dollar wheat is a good cry, but the way to get dollar wheat is to make wheat scarce by opening foreign markets to absorb our crop. Wherever wheat flour has been introduced into any race but the black it has been used from that time on. What we need is to open the Orient and untouched commercial fields to our wheat and other cereals. The timeliness of effort in the Orient is apparent. Unless we act at once we are going to get left.

Wheat Must Supplant Rice. This is the question of the market is as important as to raise the commodities. Yet there is little said or written that is practical on the question of giving us new agricultural markets. If we try to sell our wheat in Europe we are met by legislative legislation. To sell in Russia would be carrying seals to Newcastle. We must find our future markets with the people who are not consumers of wheat. One-third the population of the earth are rice-eaters. These people will eat the products of our flour mills if we give them the flour.

"The question arises, and I have been asked, how people who work for fifteen cents a day can afford wheat from the United States. The point is well taken. If they can't afford it all the time they will take it when they can. However, one bushel per capita sold in China and Japan means a consumption in a year of 45,000,000 bushels.

"If we can increase our exports of wheat to the Orient by 50,000,000 bushels I predict that it will advance the price of the wheat we send to Europe from fifteen to twenty cents. Under present conditions wheat sent to England brings whatever it will and acts like a wet blanket on the entire market.

May Bring Enormous Trade. "Let us get to figures. Suppose we could trade with Asiatic peoples to the extent of one cent per capita per day. It would amount to \$1,000,000 a day in China alone, or \$1,500,000,000 a year. It is not impossible to sell this percentage, yet our carrying trade going to China in 1898 was three-fourths of 1 per cent.

"The development of carrying lines on the Pacific is the key to the situation. To bring us this trade the government should begin its systematic campaign

A Society Woman Must Devote the most thoughtful attention to her personal appearance.

Nature does her best to make all women attractive, so do not oppose nature. Make the most of your natural charms and above all try to beautify and preserve your crowning glory.

The Other Name.

Attractiveness is the other name for beautiful hair, which every woman may have. It requires great care and perseverance in the treatment, but the wonderfully pleasing results that follow justify the trouble, to say nothing of the future when the hair will retain its abundance and glossiness, even to a ripe old age. Like a plant, the hair must have plenty of air and sunshine. The roots must be entirely free from disease breeding germs, for if the dandruff microbe has entered the hair follicles all the sunshine in the world is of no avail. The hair will appear lifeless, dull and lusterless, followed by itching scalp, and finally, falling hair. The first treatment is to destroy the dandruff microbe, at once, with Newbro's Herpicide. The healing and beautifying influence of this wonderful compound is little short of marvelous; clear and pure as the mountain snow, it cools the fevered scalp, destroys the enemy of hair growth, and sends the blood tingling to the hair roots, where nature's restoration must begin. As a

delightful hair dressing Newbro's Herpicide easily leads the world, especially among fastidious and discriminating people. Its purity and freedom from oil, grease, or sediment imparts to the hair the most charming distinctiveness, while its antiseptic action makes it the equal of sunshine in its life-giving properties. Try it; a single trial is convincing.

The Man in the Case.

No woman should be satisfied to stop with the preservation of her own hair, while a brother, father, husband or son is losing his. Whirling through the vortex of business strife, thoughtful and considerate of all but himself, frequently exposed to "infected" hair-brushes, and wearing a hat that could not be improved upon as a microbe incubator, this person certainly needs the thoughtful care of someone, if baldness is prevented. Try a course of Newbro's Herpicide; it has benefited thousands, and if the first application is not satisfactory we will refund your money direct.

R. F. A. SEXTON, the well-known architect, of Seattle, Wash., writes as follows: "I had dandruff ever since I can remember, until two years ago, when your Herpicide was first introduced. Since that time I have not been troubled in the least, and as mine was a very bad case, I take pleasure in recommending Herpicide to others similarly affected." (Signed) R. F. A. SEXTON.

Life.

Life is often hanging in the balance when a physician writes a prescription. If the compounding is inaccurate, or if the drugs supplied are lacking in purity or strength, who shall answer for results? We recognize our responsibility in these matters. We regard every prescription as one requiring the utmost care as to accuracy, and demanding the highest grade of drugs that money will buy. Our ideal prescription service costs you nothing extra. We always strive to give the best of everything at prices that are absolutely fair.

DEJARDINS' PHARMACY, 417 N. Third St.

Upper Peninsula.

Inherit a Small Fortune.—James and Alonzo Holt of Newberry have each fallen heir to a tidy sum of money through the death of an uncle in England. Both brothers received drafts last week for something over \$1,000 each.

DIPLOMAS WILL ADMIT THEM.

The Newberry school authorities have been notified that the school has attained a sufficiently high standard to be placed on the accredited list of the state university. This means that Newberry to the higher institution of learning at Ann Arbor on presentation of their diplomas.

Plants a Plot to Peanuts.

Jack Wilcox, who owns a farm near the poor house at the Soo, has planted a small plot of ground to peanuts as an experiment. He has faith that the crop can be successfully grown in the upper peninsula and is a view to the event the demand for the product necessitates the running of the plant both night and day. The industry will use seventy horsepower. The food to be manufactured will be Cere Vita, a ready-cooked flake article.

Will Turn Out a Health Food.

The Lake Superior Pure Food company of the Soo is enlarging its quarters at the old carbide building and is installing machinery with a view to the commencement of operations in about five weeks, or when the power generated by the big waterpower canal is available. The health food factory will represent an expenditure of \$45,000 and will require about forty employees for an initial force of about thirty. This statement is called forth by the fact that Victor L. Power, the youngest son of John Power of that city, has, although having another year before completing the three-year course at the Kent Law school at Chicago, just been admitted to the bar in Illinois. He will finish his studies, however, and then practice his profession at Hibbing, Minn. Victor's admission to the bar makes him the fifth member of the Power family to become a disciple of Blackstone. Hon. John Power, his father, has for many years been a prominent member of the Michigan bar and is still engaged in the practice of his profession. His eldest son, Walter J. Power, is successfully practicing law at Hibbing, Minn., and another son, George Power, is one of the leading attorneys of Houghton. The legal talent is not all confined to the masculine branch of the family, however, for one of Mr. Power's daughters, Miss May, has studied law to such good effect that she has been admitted to practice before the bar in Illinois. Miss Power is in Chicago and has plenty of legal business to attend to. Two other of Mr. Power's sons, those different professions from that of law, Roscoe Power is a dentist at Green Bay, and Lamar Power is studying medicine in Chicago.

STAFFORD DRUG CO. SELLS RYEKMAN'S OLD BROCTON PORT WINE AND G. W. BLAKE'S GRAPE JUICE.

LOOKS SOMEWHAT BETTER.

Boston Market Showed a Little Better Tone Yesterday.

Paine, Webber & Co. said of the Boston market: "The market has had a better tone today. There has been accumulative buying in all of the better class of stocks and the liquidation pressure seems to have been removed. Traders continue to sell stocks and the short interest is believed to be very large. Copper was a point sterling higher in London. The advices from New York continue to quote Lake at fifteen cents. As a whole the coppers have acted very well on this break, and they ought to do well when the rally comes."
Hayden, Stone & Co. wired W. H. Laidley & Co.: "Our market has been weak again today, in sympathy with a further decline in Amalgamated. This break has had a very bad effect on our local copper market. The Lake is doing little and the traders are bearish. They sold the list off. The coppers as a class are selling as low as they did on the eleven-cent metal market, with copper at fifteen cents. They ought to be a purchase."

Situation in Chicago Markets.

Laidley said of the Chicago markets: "The manipulated May deal is now out of the way and the close rather looked as if the big people had mostly gotten out, the prices closing today two cents a bushel under the opening. In the meantime July wheat remained rather firm, closing only 1/4 lower. The market is extremely dull, possibly due to the holidays following. The receipts and estimates are small, the northwest receipts only fair. The cash demand is small, at slightly higher prices than the July option. It would seem now that, with favorable weather conditions, some little break in prices should be seen, and wheat can safely be bought. The Modern Miller is slightly bearish.

"Corn remained firm throughout the session, although extremely dull, the close for May being 1/2 under yesterday and July slightly higher. The receipts and estimates are considerably larger, the clearances fair. The weather was the main feature, being bad throughout the entire southwest, and unless there are changes for the better still higher prices will be seen, although the good weather were to be permanent some break in prices would probably be seen. The Modern Miller is moderately bearish.

"Oats were strong throughout the session. July closed slightly above yesterday and May 1 cent under, due to liquidation. The receipts and estimates are about the same as of late, and the cash demand continues fair. The weather is rather unfavorable. We would buy oats upon the breaks."

"Provisions opened weak and lower, upon heavier receipts than expected, but remained fairly firm, although extremely dull. May pork closing slightly above last night. July pork and lard were slightly lower, with ribs unchanged. The cash demand is only fair. The receipts are 20,000, with 12,000 estimated for tomorrow and 43,000 for Monday. The receipts at the eight principal western points were 59,700. We would buy provisions upon any further break."

The Day in New York.

Dick said of the New York market: "Stocks have been irregular today. There was continued professional hammering, under which prices yielded easily, but there was no liquidation to speak of, except in a few issues. Occasional rallies cut down the losses, but in the close the market was dull and heavy. Continued aggressive selling of Amalgamated was attributed to insiders. There was selling of steel stocks based on talk of unfavorable trade developments. Union Pacific was hammered, but was well bought below eighty-three. The bank statement showed unimportant changes, but the small reduction in loans was disappointing. At the close many fears were expressed that there will be a strike in Chicago before Monday."

MADE YOUNG AGAIN.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes D. H. Turner of Dampscroft, Pa. "They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c at The Stafford Drug Co.'s drug store."

CITY BREVITIES.

Weather forecast: Rain; stationary temperature; high east to northeast winds.
Yesterday's temperature: 7 a. m., 42 degrees; noon, 43 degrees; 7 p. m., 44 degrees; maximum, 46 degrees; minimum, 41 degrees.

F. A. Bell was down from Negaunee yesterday.

Van Alstyn's store will be closed all day today.

The City of Traverse was in last night, bound down.

The frame of a house being built for H. C. Davis, out at the Normal location, is up.

Rev. E. A. Elliott will deliver a sermon-lecture on "The Modern Millionaire" at the M. E. church Sunday evening.

John McKelvie, a Calumet mail carrier, is in Marquette, spending a few days' vacation with Mr. and Mrs. F. A. Wentworth.

U. P. Council, No. 186, of the United Commercial Travelers, has issued invitations to a dancing party at Fraternity Hall next Friday evening.

L. E. Buell of Ann Arbor, state secretary of the Y. M. C. A., will occupy the pulpit of the Presbyterian church tomorrow, both morning and evening.

The board of control of the branch of state prison is expected to meet today. The session was set for earlier in the week, but all the members then found it impossible to be here.

At the meeting of the Alumni association last evening it was decided to give a dance in honor of the graduating class this year at Fraternity Hall the evening of June 26. Officers were elected, Miss Inez Mathews being chosen president.

The first advertising car of the Foranugh-Sells Bros. circus was here yesterday, and it left the city well placarded with paper. The various billboards that had been erected specially for the circus were covered and the downtown windows were pretty well filled with lithographs.

This week papers were signed transferring to Walter S. Prickett of Sidnaw 3,300 acres of land near Sidnaw, in Houghton county, the sale being made by the Menominee River Lumber company. Some of the lands in question border on part of the land at present in Mr. Prickett's Roycroft farms.

The young man who assaulted Officer Higgins Thursday was yesterday morning fined \$15 and costs in Justice Byrne's court for being drunk and disorderly. He was then held for an assault with fire-arm, with intent to do great bodily harm less than the crime of murder. The hearing on this charge was postponed until Tuesday, and in the meantime the accused is out on bail.

Mrs. Joseph Davis, 1203 North Third street, passed away yesterday after a brief illness. The deceased was forty-four years of age and she is survived by her husband and four sons, Mrs. Davis was a member of the St. Cecilia church.

Monday at 12 p. m. from the French Catholic church, with interment in the Holy Cross cemetery.

The Portage Lake lacrosse team has sent to the members of the Marquette team an invitation, with complimentary tickets, to attend the game between the Portage Lake and Port Arthur teams at the Hancock Driving park today. Captain Foley and possibly one or two others of the lacrosse players will go up.

The members of the members of the team find it impossible to get away.

R. G. Vasey arrived here yesterday from St. Louis, to take the position of clerk in the U. S. Inspectors' office, this being the first position he has had in the government's service. He is the third clerk that the inspectors have had in the past three months, the man who succeeded Joe Courtney and his immediate successor having been promoted, one going to the Philippines and the other to the Chicago office.

Superintendent Charles Retaille arrived home yesterday morning from Chicago, where he attended a meeting of the National Electric Light association, one of the biggest organizations of the kind in the country. The sessions were held Tuesday, Wednesday and Thursday, and there were some 700 electricians in attendance. The business of the association was conducted in the convention hall of the Auditorium.

George Tucker leaves this afternoon for Detroit, where on Monday he will attend a reception and banquet to be given by the Mutual Benefit Life Insurance company in honor of its state agent, A. S. Johnston, who has just returned from a wedding trip to Europe. Monday's function will be complimentary to the company's guests, its leading "business agents" of the state, and Mr. Tucker's friends will be pleased to know that he stands at the head of the list, having written an unusually large number of policies since accepting an agency several months ago.

I paid out over \$500, writes Mrs. S. P. Jones, Atlanta, for medicine but nothing did me any good until I used Rocky Mountain Tea. Made me entirely well. Stafford Drug Co.

TALK ABOUT CHEAP BATHS.
We have a water heater by which twenty gallons of hot water is furnished for 1 1/2 cents. Twenty gallons in ten minutes, too. The Marquette Gas Light Co.

Exceptional Bargains in choice building lots

I offer for sale the choicest building lots, on High street and Hewitt Avenue, in this city at prices that are unequalled. This class of property is rapidly increasing in value. Anyone intending to build can buy now at much less cost than in the future. There are no better lots in the city. For prices and particulars inquire of

CLOSED ITS DOORS.

End of the Finnish Mercantile Is Believed to Be in Sight.

The Finnish Mercantile association suspended Thursday afternoon, when Attorney Potter, acting for Karger & Son, wholesale meat dealers, of Chicago, levied on the stock to secure a judgment of \$300. The store will remain closed until a thorough inventory of the stock and fixtures is taken. The Marquette National bank holds a mortgage of \$8,000 on the stock, and if the inventory shows it is of more than sufficient value to cover the amount of the mortgage Karger & Son will take possession of enough of the balance, over and above the mortgage, to satisfy their claim. Though the claim of the Chicago house is not large, the action that it has taken is regarded as the culmination of the financial troubles of the mercantile association, for other creditors have become alarmed and have started to push their claims, the aggregate sum that all are trying to collect representing a large amount. Lawyers did a land office business yesterday and the day before, handling the accounts of those who had been caught in the crash and wanted to get their money as soon as possible. In case all the creditors take similar action the concern will be in bad straits indeed, for the liabilities are thought to be much in excess of the assets. A definite statement in this connection could not be secured yesterday, but the result of the inventory will determine the assets. Karger & Son made several attempts to get their money before resorting to the drastic measures they finally adopted. A special representative of the firm has been in town for several days, trying to collect the account.

The management of the co-operative concern will try to bolster up the very badly tangled affairs of the store, believing that the present difficulties will cause only temporary embarrassment. The manager has submitted a proposition to the creditors that they accept a payment of ten per cent on their accounts now, the remainder to be paid in monthly installments of ten per cent. In this manner the entire indebtedness could be wiped out in ten months.

In the event that Mr. Lind's plan is not approved and the concern is compelled to suspend, it appears likely that the stockholders will be losers for no small amount. An attorney gave it as his opinion yesterday that the stockholders would be liable for the deficit after all the available assets had been consumed in squaring up the indebtedness. This is causing considerable worry among the stockholders, many of whom are in for amounts ranging from \$25 to \$500, and even more.

Bad management is said to be responsible for the mess of the affairs of the association. It started out on a good financial basis. The first year a dividend of twenty per cent was paid and the second year it was raised to twenty-two per cent. The stockholders thought they had a genuine Standard Oil bonanza, until they discovered that a large part of the dividends of the second year had been paid with borrowed money. Other details of the business were conducted on much the same plan.

READY FOR THE MEET.

The fine weather of yesterday raised high hopes of a successful athletic meet today, when the high school teams from all parts of the peninsula will contest for honors. If the weather man does not disappoint, there will be nothing lacking in the way of favorable conditions. Regarding the probable outcome, few were willing to hazard a guess and none are more conservative than the Ishpeming boys themselves. Menominee, Escanaba and Hancock are expected to show up especially strong, and considerable is expected from the Soo. The other towns have some formidable individual performers. The track is in good condition, much better than many expected. The weather has hindered training in no light degree.

The contests will be started at 1:30 o'clock sharp.

POPULAR PRICES.

The Gaskell Stock company, under the management of Wm. T. Gaskell has demonstrated the fact that it is possible to give a performance at popular prices without in any way lowering the standard of the theater or company playing at these prices. The company is large and well balanced. It will open a week's engagement at the opera house Monday.

The following testimonial was received from Mr. John W. Young, an old soldier and highly respected citizen of Lincoln, Ill., who says, "I had a severe cough and cold and I decided to get some kind of medicine. I purchased a bottle of Hart's Honey and Horsehold, and am pleased to say I am now well. I advise anyone suffering from throat or lung affections to use this valuable remedy. I cannot recommend it too highly." Sold by People's Drug Store.

Twenty per cent off on any piece of furniture, rug, carpet or household article in our store. Our liquidation sale continues a few days longer. Swanson, Warnberg & Co.

We are selling sixteen-inch pine slabs at \$3.00 per load. Consolidated Fuel & Lumber Co. (11-24) (11-24) (11-24)

FOURTH OF JULY PICNIC.

First Division of the A. O. H. Will Give It at Cleveland Park.

The first division of the local lodge of the Ancient Order of Hibernians is preparing to celebrate the Fourth of July with an elaborate picnic at Cleveland Park. Dancing will be the leading feature of entertainment in the afternoon and in the evening until 11 o'clock. A large orchestra will furnish music. Meals and light refreshments will be served on the grounds by the ladies. A number of interesting athletic events will take place, including a tug-of-war, shotput and many others. Liberal prizes will be awarded the winners of each event. The Hibernians are the only organization that has yet announced its intention of observing the national holiday by means of a picnic or other celebration.

Semi-Centennial Preparations.

A large force of men is busily engaged in getting the grounds on Lake Superior hill into condition for the semi-centennial celebration of the Lake Superior company. A carload of sawdust has been received and will be used to cover the wrestling ring which will soon be fitted up. A number of Ishpeming men will probably take part in the wrestling and will make use of the ring in practicing for the big event. A contingent of the regulation canvas jackets has also been secured by the Lake Superior company.

ISHPEMING IN BRIEF.

The library will be closed today.

John C. Greenway left Thursday night for a visit to New York.

J. P. Varner of Owosso will preach at the Methodist church tomorrow.

Born, to Mr. and Mrs. William McGinty, an eleven-pound boy Thursday.

The infant son of Johannes Anderson died yesterday. The funeral will be held Sunday.

E. Everett, of Baker, Oregon, a former resident of Ishpeming, is here for a mining company.

H. W. Hopkins has arrived here from Escanaba and will assume charge of the branch office of the Hadden-Rodee company. His family will move here soon.

The Young Men's social club will give a hop tonight at Anderson Hall. The City band orchestra will furnish the music. Tickets will be fifty cents per couple.

A party of about fifty students from the Michigan College of Mines arrived here last night and will remain for a week, engaged in practical study of mining.

J. W. Joehim engaged Axel Palmgren of Chicago as bookkeeper. N. T. Rogers, whom he succeeds, will take a position in the auditor's office of the South Shore, at Marquette.

A reception in honor of Rev. J. P. Varner will be held this afternoon and evening in the parlors of the Methodist church by Joseph Tregonning's Sunday school class. Refreshments will be served.

The interior of the building formerly occupied by Myers' meat market is being extensively remodeled. It will be occupied by Mrs. I. Lallerstedt's millinery store, as soon as the improvements are completed.

The special Memorial Day exercises will be simple. The principal services being held in Negaunee. The local members of the post will go to the cemetery in the morning, to decorate the graves of their deceased comrades.

Today the mail carriers have a full holiday. The office will be open for the distribution of mail from 11:20 to 12:20. Subscribers for The Mining Journal who receive their papers by mail will kindly bear the fact in mind.

The trophy to be presented by H. O. Young to the successful team in the field day meet today is an exhibition at Tillson's. The cup is engraved with an inscription, as follows: "Presented by H. O. Young to the upper peninsula athletic association, May 30, 1903."

Fred Alderton who has been working at Thessalon, Ont., for several weeks on a contract for W. T. Cole, installing a burner in a mill, has been called home on account of the illness of his wife.

A shed is being erected at the rear of Myers' store for the accommodation of the delivery teams.

Miss Pansy Milden entertained the members of the I. L. club at the home of her parents last evening, in honor of Miss Ethel Hamby, who will leave the city for an extended visit tomorrow. Refreshments were served from a flower decked table in the dining room, the color scheme being red and white. Miss Hamby was the recipient of many tokens from the club.

Our closing out sale is a hummer. We continue it for a few days longer. Swanson, Warnberg & Co.

Michigamme.

The board of review of Michigamme township completed its work Tuesday. The board had a very quiet session.

Several Michigamme men have taken jobs with the Mansfield Milling company on the Fence river during the past week or so.

Phil Trezise was obliged to give up his mail run Tuesday, and has since been confined to his bed. He is suffering from stomach trouble.

Peter Paquin is placing a number of gasoline lamps in this end of the county. He recently installed three at the Beaufort mine location.

Some of the young men of the village conducted a dance last night at Odd Fellows hall. The attendance was good. The music was furnished by local players.

A number of Michigamme people took in the excursion to Marquette last Sunday. The Sunday train will be well patronized this summer from this end of the county.

Olaf Pelto, whose intended removal from the Beaufort was mentioned in last week's items, will take up his residence at Kaleva, Mich., where he will engage in farming.

B. O. Greening, superintendent of the Michigamme school, was called to his parents' home at St. Joseph, Mich., Thursday, on account of the serious illness of his mother.

The construction of the new walk from town to the cemetery is delayed on account of a shortage of lumber. It may be two or three weeks before the contractor finishes the job.

Shipments of ore are being made daily from the Beaufort mine. It is expected that their tonnage will be increased considerably within the next month or so. The South Shore company has several men working on the tracks leading to the Beaufort and Ohio mines.

B. O. Greening was chosen clerk of the course at the interscholastic meet at Union Park today, but his absence from the county will necessitate a change. A few Michigamme people talk of taking in the meet, which promises to be spirited. Ten teams will compete in a majority of the events.

The eleven-year-old daughter of Mr. and Mrs. Frank J. Muck of Ishpeming, formerly of this place, died Wednesday afternoon. The funeral will be held Sunday afternoon at 2 o'clock, with services at the house, conducted by Rev. M. M. Allen, pastor of the Presbyterian church. Relatives, and several friends from here, will attend the obsequies. Interment takes place in the Negaunee cemetery.

Memorial Day exercises will be conducted this afternoon at the Michigamme cemetery. The remains of three Civil war veterans rest there. If the weather is desirable it is expected that the turnout will be the largest seen here in years. The line of march will be formed at 1:30 o'clock in front of the postoffice and the procession will move toward the cemetery thirty minutes later.

G. J. Murray, who will act as marshal, announces that the procession will be led by the fire department; the Woodmen will be next in line; then the United Workmen, the Odd Fellows, Maccabees and school children. At the cemetery Rev. Father Hassenberg will act as chaplain; James Scanlon will deliver the oration, and the musical numbers will be rendered by the school children, assisted by others.

A WRETCHED MILLIONAIRE.
The story is told of the owner of several railroads who was unable to buy relief from the nerve-twisting agony of neuralgia. It is an unlikely tale. The sick man must have known that Perry Davis' Painkiller would help him at once, as it has helped so many thousands of sufferers in the past sixty years. There is but one Painkiller, Perry Davis'.

P. J. Elliott, with a force of workmen, has been raising and placing new foundations under the buildings owned by M. Lieberman & Co. and Jos. Candell this week.

Mr. and Mrs. John Schroeder of Reed City reached Kenton yesterday morning for a visit with their daughter, Mrs. Henry Case, whom they had not seen for over twelve years.

A change in the proprietorship of the Hotel York is to take place June 1. Mrs. Nelson retiring and F. A. Lewis assuming charge. A thorough renovation of the hotel is being made by J. Daniels and his assistants.

All the healing, balsamic virtues of the Norway pine are concentrated in Dr. Wood's Norway Pine Syrup, nature's own remedy for coughs and colds.

After considerable contention, the selection of a school site for the new school district No. 5 has finally been decided on by the board of school inspectors. The board, composed of Joseph Wilcox, Judge A. B. Kennedy and H. C. Stewart, selected a two-acre plot located on the west side of the Southwest quarter of the Southwest quarter of Section 7, 47-37. It is the nearest to the center of population and well adapted for school purposes, being on an eminence that can be well drained and kept dry and healthful. The forty acres are owned by Dr. C. F. Moll, but he has given a deed to the school district for the two acres selected. E. X. Provost has plans and specifications in charge for the removal of the abandoned Crystal Lake schoolhouse to District No. 5 and its rebuilding. Bids will be opened and the contract for the work let on June 4.

Rev. George Cleaver of Chicago was greeted by a large and appreciative audience at his initial service Sunday evening. His scholarly and convincing sermon from the subject, "What is Man Worth?" was well received. It is Rev. Cleaver's plan to fill the Kenton appointment during the summer months only, after which he will pursue his academic courses.

S. Dean was the victim of a singular incident Tuesday. While lifting heavily a severe pain caught him in the elbow and he was unable to straighten his arm. An examination proved to Dr. Moll that some foreign substance was embedded in the muscle, and after an incision of an inch or so a portion of a needle, about three-quarters of an inch long, was extracted. The piece was jet black and had evidently been encased in the arm for years, as similar pains had been previously felt by Mr. Dean.

The last day of school for the Kenton children will be happily remembered for a long time. After the opening exercises and one or two classes, the pupils, escorted by their teachers, repaired with heavily laden lunch baskets.

TEAM OFF FOR SOO

BASEBALL PLAYERS HOPE TO MAKE A GOOD SHOWING.

MAY POSSIBLY GET TWO GAMES

AN EVEN BREAK, AT LEAST, BELIEVED TO BE SURE.

Footie and Connors Will Do the Pitching - Soo Aggregation Expected to Be a Big Factor in the Victory-Getting.

The Marquette ball team left for the Soo on the early train this morning to play two games, one this and one tomorrow afternoon. The players are hopeful for the best results. The management feels sure that the locals will make it an even break, and it is not without hope that the team will get two games. The latter result would greatly endear it to local fans, and would mean a cracking big attendance when the first home games are played.

The players taken to the Soo are Larson, Bowen, Footie, Connors, Ellom, Morrisey, Carr and Ed and Will Corbett. Manager Price expects to have Footie, the Negaunee twirler, pitch one game and to use Connors, who made such a fine showing at Dollar Bay, in the other. Bowen will not be in the box, according to present calculations, at the Soo, but will probably play one of the field positions. He is not yet in condition, the weather of the past week having given him little opportunity to practice. He will not be given another tryout in the box until he is feeling "fit." He is, however, a good all round ball player and a handy man with the stick, so that he can be used to good advantage in the meantime.

Marquette should be able to make way against the Soo. There is little doubt that Connors will prove a good deal of a puzzle to the Lock City players, and Footie is a good, reliable pitcher. If he receives any support. If the locals have their batting clothes on and field in any kind of form they should be able to hand out something to the Soo that will give the Lock City boys occasion to remember their visit. The Marquette players are greatly handicapped by their lack of practice, but the Soo men are as bad in that respect, as the bad weather that has prevailed here the past ten days has also been experienced at the Soo.

That the Soo team does not underestimate the Marquette aggregation appears from the following from the Evening News of that city:

"As the time for the Soo-Marquette games draws near the interest in them increases. It is understood that when the locals go onto the field to take a fall out of the gents from the iron country there will be some warm doings in the locality. Unless all signs fail the coming games will be of an entirely different nature than were those with Negaunee.

"Marquette has one of the swiftest bunches of players in this part of the country. They have shown themselves equal to the Dollar Bay crowd and the latter have always been one of the stiffest propositions the locals have had to deal with. If Marquette is an equal match for the Dollar Bay team it will be readily seen that the Soo team will have an interesting job on their hands Saturday and Sunday.

"However, there is great confidence in the local baseball camp. There is not a man in the team who is not hopeful of landing every game of the series. They all intend doing their best to make the games of despair those who pay their money to see the fun. Present indications point to some real fast sport here Saturday and Sunday."

It's the dispenser of cheerfulness, the distributor of sunshine. One sees bright rainbows across the clouds of despair after taking Rocky Mountain Tea. 35 cents. Stafford Drug Co.

Water rates are now due and payable at the office of the city treasurer. A discount of 10 per cent is allowed if paid on or before June 1st. After June 1st the full amount will be demanded. (5-29-1w)

BUSINESS SUSPENDED.

People Will Have Opportunity to Attend Memorial Day Exercises.

Business will be pretty generally suspended here today, so that everyone will have an opportunity to participate in the Memorial Day exercises and afterwards to witness the racing at the fair grounds. The stores will close early this morning, and most of them will keep their doors shut the remainder of the day.

The exercises at the opera house will begin shortly after 10 o'clock, when the program outlined in The Mining Journal yesterday morning will be proceeded with. The public is invited to be present at the services. The principal address will be delivered by the Hon. J. W. Stone. The procession will form in front of the opera house shortly after 9 o'clock, when the veterans of the G. A. R., and of the Spanish war, escorted by the Marquette Light Infantry, will go to the school, to be joined by the school children, who will march, flower laden, to the opera house. The Negaunee band will be down to furnish the music.

In the afternoon there will be racing, an exhibition of lacrosse and other sport at the fair grounds, the proceeds to be applied to the improvement of the track and construction of a baseball diamond, work on which has already been started. The admission will be but twenty-five cents, and the promoters expect to offer an entertaining afternoon's sport. There should be a large attendance, as the money is badly needed for the purposes indicated above. A feature of the program at the fair grounds will be a mile race between Texas Jessie, Mike Shea's speedy stepper, and two of the speediest bicycle riders in the county.

On the 1:20 train a considerable delegation is expected to leave for Ishpeming where the track team of the Marquette Peninsula Interscholastic meet, for which the boys have been training the past several weeks. They expect to make a creditable showing, and they will be accompanied by a large party of their friends.

NEW ZOOLOGICAL GARDEN.

Cleveland-Cliffs Company Establishing One on Grand Island.

Grand island, off the northern shore of Alger county, is destined, according to the plans of its owner, the Cleveland-Cliffs company, to become in respect to wild animals, a second Yellowstone park, says the Detroit Tribune. The island, which is a fine, oval-shaped body of land, presents a coast line of much scenic beauty, as an effect of untold ages of ceaseless hammering by the waters of old Superior against the rock-bound border. The island contains some twenty sections of land with a consequent area of about 12,000 acres.

A small lake with an outlet to the great water occupies its center. With its varied topographical features, forest, lake, etc., it presents a sort of miniature "wild world" which the company believes is right for a congress of untamed but peaceable animals. There are now understood to be in the island park a considerable variety of the most valued of the rearing races of range animals and within the past year there have been added a considerable number of deer, also a pair of moose and a pair each of mule, black tailed and white deer, a collection of antelope, some heavier, fifty pheasants and some specimens of a duck unknown in that region.

A pair of caribou, secured in Newfoundland, are on their way to the island. This congress of the lower creatures will be presided over by a man who has worked up to their level by hard and patient study of the needs and requirements of the animal creation and who will be monarch of all he surveys as long as he avoids the antlers of the "peaceable" creatures committed to his control. Aside from the conversion of Grand island into a game preserve the intentions of the Cleveland-Cliffs company are not announced except that a driveway will be constructed. It is understood that the original forest will remain unbroken. Whatever the ultimate purpose of zoologizing Grand island, it is a scheme that must meet with universal favor.

All claims against the poor fund should be in my hands not later than May 31 to insure their payment at the June meeting. C. D. BLANCHARD, Superintendent. (5-27-31)

FIRE WOOD.

Good dry hardwood, block or split. Dry pine slabs; dry hemlock slabs—any length required. F. W. Pead & Co., Marquette. (12-19-1f)

SIX YEARS FOR FEENEY.

Prisoner Was Returned to the Penitentiary Yesterday.

Judge Stone yesterday sentenced Frank Feeny, who at the beginning of the May term of court pleaded guilty to a charge of burglary to six years in the Marquette branch of state prison, and he was returned to that institution forthwith. Feeny, it will be remembered, entered the Marquette Hardware company's store some weeks ago, loading up with razors, watches and revolvers, shortly after jumping Detroit Marshal Blaney who has been looking for him as a suspicious character. He afterwards, at the city hall, drew a gun on the marshal, but lacked the nerve to shoot. Feeny had been released from the branch prison only a few days before he committed this burglary.

THAT NEW TRAIN SERVICE.

It Is Expected to Prove Very Popular at Detroit.

The new train service on the M. C. and South Shore roads, which is destined to greatly shorten the time between upper peninsula points and Detroit, is destined to prove highly popular in the latter city.

What may be regarded by Detroit merchants as an important change in train service between Detroit and the upper peninsula is announced by District Passenger Agent Joseph S. Hall of the Michigan Central railway, to take effect Sunday, June 14, says the Detroit Tribune.

In place of the north-bound train which now leaves Detroit at 7:30 a. m., arriving in the Saginaw valley about noon and at Mackinaw City at 7:30 p. m., and having no connections beyond, the Michigan Central," says Mr. Hall, "will establish a fast north-bound train to be known as the 'North Peninsula Special' which will leave Detroit at 7:30 a. m., reach Saginaw at 10:30 a. m., Bay City at 11 a. m., and Mackinaw City at 4:30 p. m. This train will consist of a baggage car, smoker, a beautiful cafe car, and a Pullman parlor car. It will connect immediately on its arrival at Mackinaw City with a Duluth, South Shore & Atlantic fast train, reaching the Soo at 7:55 p. m., Marquette at 10:50 p. m., and arriving in the copper country and Duluth early in the morning.

"To care for the local business a new north-bound train to be known as the Saginaw Valley express will leave Detroit at 6:35 a. m., arrive in Saginaw about 9:45 a. m., Bay City about 10:20 a. m., continuing beyond as a local to Grayling on the Mackinaw division. Otherwise, service north-bound is to remain as at present.

"South-bound, what will be known as the 'South Peninsula Special' will provide the connection between Detroit and the copper country, Marquette and the Soo, leaving Mackinaw City at 9:45 p. m., the same as at present. This train will arrive in Detroit at 7:40 a. m. on the following morning, instead of at 9:40 a. m., as now, shortening the time schedule by two hours and meeting in connection with south, east and west-bound trains.

"A new south-bound train, to be known as the 'Detroit express,' will leave Bay City about 7 a. m., Saginaw about 7:30 a. m., arriving in Detroit about 10:45 a. m. Otherwise the south-bound service will remain unchanged." To accomplish this excellent result, which provides the people of Detroit and the upper peninsula with the fastest train service that has ever been arranged for between the two sections, it has been necessary for the Michigan Central to add materially to its operating expense in meeting the cost of an additional train each way between Detroit and the Saginaw valley and from Bay City to Grayling.

Quite an ado was made by some of the upper peninsula lines a few days ago over the shortening of train service between upper peninsula points. It is held that the improvement will be of material to the advancement of the business interests of Detroit merchants and manufacturers by placing them in closer communication with customers and new markets in the upper peninsula, which heretofore have been practically inaccessible to the Detroit trade, owing to the fact that the section had closer and quicker train service from Chicago than from Detroit.

SUNDAY AT THE CHURCHES.

Methodist—Services morning and evening as usual, conducted by the pastor, Rev. E. A. Elliott. The morning subject will be, "The Method of Christianity." In the evening the pastor will deliver a sermon-lecture on "The Modern Millionaire," the fourth of the series on practical topics. All are invited to these services.

Baptist—Rev. Chas. H. Maxson, pastor. There will be a sermonette for children before the regular morning sermon. Theme of sermon, "Sowing and Reaping." The subject of the evening sermon will be, "The Meeting Place of Four Old Testament Grasses." St. Paul's cathedral—Whitsunday: Holy communion (plain) at 7:30 a. m.; holy communion (choral) and sermon at 10:30 a. m.; Sunday school at 12 m.; evensong and sermon at 7:30 p. m.

Presbyterian—Preaching, morning and evening, by L. E. Buell, state secretary of the Y. M. C. A. St. Margaret's Mission—Sunday school at 2 o'clock. Evensong at 3.

A STARTLING TEST.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in four months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at The Stafford Drug Co.

WHY NOT LIGHT BY GAS.

We sell the latest designs in gas fixtures and pipe your house at prices that will surprise you. The Marquette Gas Light Co.
