## DANGER OF WAR IS LESS ACUTE

RUSSIA IS SAID TO HAVE MADE FAR-REACHING CONCESSIONS RESPECTING COREA.

## HOPE OF PEACE IS REVIVED

JAPANESE GOVERNMENT IS DIS-SATISFIED BUT ENCOURAGED.

Negotiations With a View to Securing Further Modifications Will Continue and in the Meantime an Armed Clash Is Very Improbable.

London, Saturday, Jan. 9.—The Kobe correspondent of the Express sends a scare rumor to the effect a collision between the Russian and Japanese fleets has taken place near the island of Tausima, strait of Corea.

This rumor is not mentioned in any other source, and in view of the fact the Japanese government is exercising censorship over news concerning naval matters, it may safely be disregarded.

St. Petersburg, Jan. 8.—Mr. Kurino, the Japanese minister, tonight authorized the Associated Press to say that the Japanese government is still doing everything in its power in the interest of peace and that all reports about sending troops to Corea were without foundation. Mr. Kurino said he thought the negotiations had made some progress.

Concessions Made by Russia.

Berlin, Jan. 8.—The Tagelblatt's Paris correspondent leaves that the French government has been informed that Russia's answer to Japan makes far-reaching concessions respecting Corea and that these concessions are equivalent to permitting the occupation of Corea by Japan on lines similar to that similar to the position of Great Britain in Egypt, but that Russia firmly rejects any right of Japan to mingle in the affairs of Manchuria.

London, Saturday, Jan. 9.—The Times' Paris correspondent leaves from St. Petersburg that Russia's reply practically amounts to an acceptance of the first agreement entered into between the Russian minister to Japan and the Japanese foreign minister. The stipulations of the agreement are similar to those of the agreement of Japan's preponderance in Corea and the neutralization of the Korean coast, with a refusal to place Japanese on the same footing as Europeans in Manchuria.

Negotiations Will Continue.

Tokyo, Jan. 8.—The Japanese government has practically determined to continue with Russia's terms, but does not feel warranted in issuing an ultimatum or breaking off the negotiations and will make another effort to secure their modification before resorting to force. It is anticipated that the discussion will consume a few weeks, during which a breach of the peace is very improbable.

Paris, Jan. 8.—It appears that Russia's reported concession to Japan relates to recognition of the preponderance of the interest of Japan in Corea. This has been the crux of the question between the two powers up to the present moment. Just how far the concession goes it is impossible to learn, but the effect in Tokyo, according to information obtained, has been more satisfactory than the press dispatches show and it is believed that the negotiations will continue.

In connection with Russia's concession, a curious and at the same time authoritative, story is told regarding the cause of the development of the present situation. It appears that a misunderstanding occurred between Vicroy Alexoff and the Russian government and that the note submitted to the Japanese government did not contain a recognition of Japan's preponderating influence in any part of Corea, as Russia and the whole world believed. The latest note to Russia changed the situation, but whether it recognizes Japan's preponderating interest in all of Corea is not known.

Pessimistic View at London.

London, Jan. 8.—The text of the Russian reply to Japan's last note has been received at the Japanese legation here. It will be presented to the foreign office later in the day by Minister Hayashi.

Minister Hayashi said to the Associated Press: "After reading the reply, all I can say is that hope for a peaceful settlement is growing less and less. The conditions are very grave."

At the legation the opinion is held that the reply is utterly opposed to the main Japanese contention, and it is thought the negotiations will be broken off.

Later—The Russian ambassador and the Japanese minister visited the foreign office this afternoon and had a half hour's conference with Lord Lansdowne, to whom the text of the Russian reply to Japan was communicated. The British government is continuing its efforts in the interests of peace.

A Tokio dispatch today, after recording the arrival of the Russian reply, adds: "Diplomacy has not said its last word and there are still hopes that hostilities may be averted. From the Russian legation it is announced that the negotiations continue."

Corea May Appeal to America.

Paris, Jan. 8.—Min Yung Tchan, Korean minister sent to the Associated Press today that he would not be surprised should Corea appeal to the United States for its good offices in her behalf in case of an invasion of Corea territory by one or other power. Under the treaty between the United States and Corea this is permissible. Moreover, continued the minister, the people of Corea regard the United States in a most friendly way, because of its fair policy and, further, owing to the fact that this was the first country to sign a treaty with the "Hermit kingdom." "Russia does not want war," added the minister, "and the Japanese government does not"

## DIETRICH GOES FREE.

Court Rules He Was Not a Senator at Time of Alleged Bribery.

Omaha, Jan. 8.—The trial of Senator Charles H. Dietrich for alleged bribery in connection with the appointment of a postmaster at Hastings, Neb., came to an abrupt end today, when Federal Judge Van Deventer decided that Dietrich was not a senator at the time the alleged acts occurred. The opinion is said to set a precedent. Upon this decision District Attorney Summers entered a nolle in the other cases against the senator with the statement that the construction placed on the law by the court precluded further proceedings against either Senator Dietrich or Postmaster Fisher, both of whom were discharged.

## ASKS HEAVY DAMAGES.

Postal Official Ousted from Office Brings Suit at Washington.

Washington, Jan. 8.—Michael W. Louis, formerly superintendent of the division of supplies of the postoffice department, but who was removed Oct. 21 last as a result of the postal investigation, today entered suit for \$50,000 damages against Joseph Bristow, fourth assistant postmaster general; Henry C. Payne, postmaster general, and the Washington Post Newspaper company. The basis of the charge for which damages are asked is the extract from Bristow's report dealing with the award of contracts in the division of which Louis was at the head for ink, ink pads, etc., at alleged excessive prices, etc. Suits of like character for similar amounts are also brought against the postmaster general, Bristow and the Evening Star and Washington Times.

## RIOTS AT THE POLLS

ELECTION AT MEMPHIS, TENN., IS MARKED BY DISORDER.

Gross Irregularities Are Alleged, and Shooting and Cutting Scrapes Occur in All Parts of the City.

Memphis, Tenn., Jan. 8.—Although twenty-four hours have passed since the polls were closed in the city election held yesterday, the result is still in doubt. The election was signalized by the most irregular and riotous scenes connected with any local political contest of recent years.

In the Ninth ward a ballot box was stolen, the ballots were burned and two men were shot, one seriously, in a riot within the room where the ballots were being counted. Gross irregularities are alleged in the Fourth and Fifth wards, and many minor shooting and cutting scrapes are reported from all parts of the city.

## WILL REPRESENT PANAMA.

Instructions to That Effect Go to American Consuls in Europe.

Paris, Jan. 8.—It is learned today that United States Consul Gowdy has received instructions from Secretary Hay to represent Panama in all consular matters and that the secretary has taken a brief stay. She came in just before the departure of the squadron and as soon as she came to anchor and had saluted the American vessels, Admiral Wise, of the training squadron, made an official call upon the commander of the Stein, which was returned. The Stein will sail for Germany tomorrow.

Colon, Jan. 8.—The remaining force of marines from the United States cruiser Dixie was landed here today and went by train to Bas Cripso.

## WAS A FORMER MAYOR.

St. Louis, Jan. 8.—An itinerant day laborer, whose death occurred today from being struck on the head by a falling brick while working on a building at Granite City, Ill., was discovered to be Jonathan A. Arnold, former editor, mayor and prominent citizen of Effingham, Ill. Sometime ago he met with financial losses, and instead of accepting proffered assistance struck out for himself. The body was taken to Effingham tonight.

## FIRE DESTROYS WATCH FACTORY.

Elgin, Ill., Jan. 8.—Fire destroyed the Star Watch company's factory here today. The loss is \$60,000.

Pisak, N. D., Jan. 8.—The business portion of this place burned today. The loss is \$40,000.

## EX-SECRETARY FOSTER STRICKEN.

Springfield, O., Jan. 8.—Former Secretary of the Treasury Charles Foster was stricken with cerebral paralysis at the home of General Keifer, whom he was visiting, tonight. His condition is said to be critical.

## TODAY'S WEATHER.

Washington, Jan. 8.—The following is the weather bureau's forecast for Upper Michigan: Snow Saturday and Sunday; warmer in west portion Saturday; warmer Sunday; fresh northwest winds becoming variable.

**FIVE HURT IN TROLLEY WRECK.**

Kansas City, Mo., Jan. 8.—A trolley car jumped its track tonight and, striking over the ties onto a trestle, toppled over and fell to the ground, ten feet below, seriously injuring five persons.

## WORTH ABOUT \$20,000,000.

Captain Pabst's Wealth Is Willed to the Widow and Children.

Milwaukee, Jan. 8.—The will of Captain Frederick Pabst, filed this afternoon, leaves the estate, estimated to value ten millions, in trust. No public bequests are made. The widow, four children and adopted daughter each receive one-sixth of the estate. It is said that shortly prior to his death Captain Pabst distributed stock valued at several millions to the members of his family. His total wealth is valued at about twenty million.

## ONE JUROR IN THREE DAYS.

Spectators at Trial of Car Barn Bandits Are Searched for Weapons.

Chicago, Jan. 8.—The third day of the trial of Van Dine, Marx and Nidermeier, the car barn bandits, ended with but one juror selected. Policemen stood at the entrance of the court room and searched everyone who entered for weapons that might be given the prisoners to aid their escape. A matron also searched the women. Six persons were found to be armed. Their weapons were confiscated.

## ONLY \$1,800 CASH FOUND.

Bank With Deposits of \$80,000 Wrecked by Cashier.

Highlands, Kas., Jan. 8.—The state bank examiner has found only \$1,800 cash in the wrecked Bank of Highlands. The deposits at the time the bank closed amounted to more than \$80,000. Cashier Marcell, who is charged with defalcations which ruined the bank, is in jail.

## DEATH LIST NOW 598

TWO WOMEN HURT AT IROQUOIS FIRE EXPIRE IN HOSPITAL.

Engineer at Theater Testifies at the Inquest That No Precautions Against Disaster Had Ever Been Taken.

Chicago, Jan. 8.—No evidence of importance that was not previously been made public was obtained at the coroner's inquest over the victims of the Iroquois theater fire today.

The most important witness of the day was Engineer Murray, of the theater, whose testimony showed that the theater was practically destitute of fire protection, that no precautions had ever been given any of the attaches. There were standpipes, he said, in the theater, but only one coil of hose, and this not over fifty feet long. Other witnesses told chiefly of their own experiences and nothing of material importance was elicited from any of them.

Two more names were added today to the list of victims of the fire, when Nellie Dawson and Estelle Muir died in hospitals. Miss Dawson resided in Barrington, Ill., where she taught school. She was severely burned in coming down a fire escape when she passed a window from which flames were shooting. Miss Muir, whose home was in Evansville, Ind., was in the theater with her two sisters, both of whom perished. The deaths today make a total of 598 fatalities due to the fire.

## CAPITAL IS \$1,000,000.

Paper Manufacturers in Four States Form a Selling Agency.

Detroit, Jan. 8.—Michigan, Wisconsin, Ohio and Indiana paper manufacturing companies have formed a selling agency under the name of the Interstate Paper company, capital \$1,000,000, with headquarters at Chicago. The agency includes the following: Michigan—Kalamazoo, Gibson Paper and King companies, Kalamazoo; Bardeen company, Plainwell; Three Rivers company, Three Rivers; Michigan Wood Pulp company, Niles.

## KILLS MAN A LEAGUE AWAY.

Dynamite Explosion in Mexico Ends the Lives of Twenty Miners.

Mexico City, Jan. 8.—At the Los Laureles mines, near La Yesca, west of Guadalupe, a large number of boxes of dynamite stored in the powder house exploded today, killing twenty men and injuring forty others. The detonations of the explosion were heard several leagues and an American mine owner, working a league away, was struck by a falling rock and killed.

## SIX ROUNDS TO A DRAW.

Milwaukee, Jan. 8.—Aurelia Herrera, Mexican, and Charles Neary of Milwaukee were six rounds to a draw tonight. The Mexican had clearly the better of the argument in every round except the fourth. The fight ended in a hot mix-up, but both men finished strong.

## ROOSEVELT THE ORATOR.

Madison, Wis., Jan. 8.—President Roosevelt has been chosen to deliver the principal oration at the semi-centennial jubilee of the University of Wisconsin next June. The university seems confident the president will accept the invitation.

## POSTAL SCANDAL AIRED IN SENATE

DEMAND FOR A CONGRESSIONAL INVESTIGATION IS MADE BY DEMOCRATS.

## RESISTED BY REPUBLICANS

ONE THOROUGH INQUIRY HELD TO HAVE BEEN ENOUGH.

Majority Denies Smothering Facts and Asserts Minority Aims at Partisan Purpose—Buchanan's Status at Panama in Question.

Washington, Jan. 8.—The alleged post-office frauds were under discussion in the senate today, the debate being opened in a set speech by Senator Simmons, of North Carolina, who insisted that there should be an investigation by the senate into the charges. Senator Platt denied that the Republicans were trying to cover up any wrong in the postoffice department and said they simply were contending that the postoffice committee should ascertain what was to be investigated. The discussion was participated in by Senators Burrows, Dooliver and Quarles, on the Republican side, and Senators Carmack, Tillman, and Teller on the Democratic.

The Republican contention was that there has been a thorough investigation by the postoffice department and that a senate investigation was now being pressed by the Democrats for partisan purposes. The Democrats insisted that they wanted the facts and charged the Republicans with trying to smother them. Perry S. Heath was bitterly assailed and former Postmaster General Smith criticised by the Democratic senators.

## Minister Buchanan's Status.

The status of Mr. Buchanan, now at Panama acting virtually as minister of the United States, was discussed at considerable length in the executive session of the senate. Senators Bacon and Bailey argued that the president had either usurped the functions of the senate by dispatching a minister to Panama whose nomination had not been confirmed or had sent Mr. Buchanan as envoy or commissioner without color of law. They held that as the senate is in session, the president lawfully could not send a minister to a foreign country without the advice and consent of the senate.

Senators Cullom, Lodge and Fairbanks took the position that the president had a perfect right to nominate a minister to Panama, notwithstanding the fact that no such office previously existed. They claimed that Mr. Buchanan was not acting as minister, and that the president had not committed him as such. He was, they said, merely personal representative of the president, dispatched to Panama on a diplomatic mission and responsible alone to the president. Precedent for this action was cited in the case of Mr. Blount, who was sent to Hawaii by President Cleveland, and whose authority was paramount, notwithstanding the fact an American minister was at Honolulu exercising diplomatic functions.

The general current of the debate was divided on party lines, though questions propounded by Senators Spooner and Heyburn, Republicans, showed that they entertained some doubts as to the legality of Mr. Buchanan's acts at Panama until he is confirmed as minister by the senate.

## Army Promotions.

The president today sent to the senate the following nominations of officers promoted in the army.

Major Generals—Brigadier General Adna R. Chaffee, vice Young, to be retired.

Major Generals—Brigadier General William A. Kobbie, vice Chaffee; Joseph P. Sanger, vice Kobbie; Alfred E. Bates, vice Sanger; Wallace F. Randolph, vice Bates; George L. Gillespie, vice Randolph, all except Gillespie to be retired.

Brigadier Generals—Colonels Alfred Mordecai, Harry L. Haskell, Forest H. Hathaway, Asher C. Taylor, John C. Butler, Frank M. Cox, Jacob Kline, William E. Dougherty, William S. Meade and Albert L. Mills, all except Mills to be retired.

## War on Cotton Pest.

The house today made available the sum of \$250,000 to be used to meet the emergency caused by the ravages of the cotton boll weevil and other insects and diseases affecting cotton. The measure was adopted without division, meeting general support. The sum is to be diverted from the half million dollars appropriated last year to eradicate the foot and mouth disease among cattle.

## Pension Bills to the Number of 115

were passed. The house adjourned until Monday, as did the senate.

## Secretary Shaw Today Transmitted to the house a request of Secretary Root for an appropriation of \$385,000 for new arms and equipment for the organized militia.

## Representative Williams of Mississippi introduced a bill today forbidding the levy or collection of a duty "upon coal of any form or description imported into the United States."

## ARRESTED FOR EMBEZZLEMENT.

Wellington, Kas., Jan. 8.—County Attorney E. E. Wilson was arrested today on the charge of embezzling \$3,115 from the Citizens' bank of Belleplains. While acting as cashier of the bank, in 1902, it is alleged that Wilson took the amount named from the bank's funds, making out notes to which, it is said, he signed fictitious names.

## BRIBERY THE CHARGE.

Green Bay, Wis., Jan. 8.—Alderman Albert L. Gray, president of the city council, and George S. Schwartz and Edward B. Morgan were arrested today on the charge of bribery in connection with city contracts. All were released on bail.

EARLY CLOSING GENERAL.

All Portage Lake Stores but One Have Joined in the Agreement.

At a large and enthusiastic meeting of the retail clerks' organization of Hancock and Houghton in the Scott hall at Hancock Thursday evening it was reported that all stores in Hancock had signed the 6 o'clock closing agreement.

The clerks are well pleased with the success of the early closing movement, but they will not be satisfied until the one store in question is brought into line.

MAY GET EXTRA PAY.

A hearing was had this week in the federal court of claims at Washington on claims of some 230 officers, who held commissions in the Fifth Michigan volunteer regiments during the Spanish war for an extra month's pay.

GAME WARDEN BAFFLED.

Game Warden W. H. Vivian was in Houghton yesterday. He had just returned from the woods in the vicinity of Kenton and Sidway, where he spent several days chasing up alleged violations.

LIVELY BETTING IN PROSPECT.

It is reported in Houghton that the Soo hockey enthusiasts are prepared to wager that their team will defeat Portage Lake when the aggregations meet next week.

FATTENED ITS PERCENTAGE.

Houghton Bowling Team Strengthens Its Position at the Top.

By winning two out of three games from the Calumet on the Miller alleys at Calumet Thursday evening, the Houghton team of the Houghton County Bowling League strengthened its position at the top.

SOO CURLERS COMING.

Matches With Portage Lake Rink Arranged for Next Week.

Calumet Was Defeated.

The Calumet curlers who played a picked team of members of the Portage Lake club in the Palace rink Thursday night were defeated by the score of 10 to 6.

PRESIDENT RYAN WOULD RETIRE.

President John R. Ryan of Red Jacket says he will not be a candidate for re-election in the spring.

PLOW USED TO LOOSEN SNOW.

Superintendent of Public Works Poley of Houghton resorted to a very effective, easy and economical method of getting rid of the surplus snow on Sheldon street yesterday.

TAKES PASTORATE IN CHICAGO.

Rev. Henry Harris, pastor of the Redridge and Beacon Congregational churches, who has accepted of the pastorate of the Waveland avenue church in Chicago, will leave Monday for his new field of labor.

TO CURE A COLD IN ONE DAY.

Dr. Williams' Pink Pills for Pale People.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers; they filter out the waste or impurities in the blood.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble.

It is used to be considered that only urinary troubles were to be traced to the kidneys.

Now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

There is no doubt in the fact that a Portage Lake team could be made a big success and Hancock "fans" would like to see steps taken towards that end.

It is yet a little too early to do anything, but in the spring something may be done.

With Houghton's aid, Hancock could surely put a team in the field that would make some of the others in the county look like back numbers.

But for lack of suitable grounds, it is likely that Houghton itself would have a team in the field.

A meeting of the Hancock men interested in the game will be called to meet at the rink on Monday.

A delegation of Soo curlers, headed by W. F. Ferguson, a well-known devotee of the game, will accompany the American Soo hockey team to Houghton next week.

The match was proposed by Mr. Ferguson and was speedily arranged.

The match was proposed by Mr. Ferguson and was speedily arranged.

CONVICTION HELD UNJUST.

Attorney for Blanchard and McLeod to Appeal to Supreme Court.

Attorney P. H. O'Brien of Calumet, who defended Fred Blanchard and John McLeod, now inmates of the Marquette branch prison, when they were tried for robbery in circuit court last April, is preparing to appeal the case to the supreme court.

WILL TOUCH AT ISLE ROYALE.

Innovation Planned for the L. M. & L. S. Boats Next Season.

Captain W. H. Singer, president of the Lake Michigan & Lake Superior Transportation company, has decided upon an important step for next season of navigation in regard to the Isle Royale route.

BOATHOUSE FROZEN.

James Good, a woodsman, was brought to the county jail from Sidway Thursday. He will be sent to the poor house for the winter.

COPPERDOM BREVITIES.

"The Kilties" will be the attraction at the Kerredge theater, Hancock, this evening.

Mrs. C. H. Lang has returned to her home at Ripley from Marquette, where she was called by the death of her father, John Mack.

A marriage license was issued by County Clerk Richardson yesterday to Jan Jakobson of Hancock and Hilma Tarna of Ripley.

Miss Jessie MacNabb, assistant kindergarten teacher in the Tama schools, has resigned and has accepted a position in the school at Freda.

Hereafter the Red Jacket firemen will be paid their salaries quarterly instead of yearly as heretofore.

C. J. Hodge, president of the Hodge Iron company, who had been spending a few days at the foundry at Hancock, left for Chicago Thursday afternoon.

Joseph Ruppe, of the dry goods firm of P. Ruppe & Son, will be married next week.

The Houghton and Atlantic High school hockey teams played their first game of the season in the Amphidrome last evening.

Superintendent Kratz of the Calumet schools was the principal speaker at last evening's special service at the Calumet Congregational church.

He spoke on the subjects, "The Family" and "The School."

The Suomi or Finnish society will hold an open meeting in its hall in the Cunstan building at Calumet Sunday evening.

Arrangements for the annual meeting of the Agricultural society at Hancock on Jan. 13 have been completed.

The speakers will be Robt. H. Shields of Houghton, Geo. C. Bentley of Hancock and John R. French of Lake Linden.

Rev. R. L. Hewson, pastor of the Laurentium R. E. church, will lecture on the subject, "Bible Drury," who was a unique religious character, in the auditorium of the church this evening.

The entertainment will be under the auspices of the Epworth league.

The Houghton common council did not meet Thursday evening.

The "Chaprons" at the Kerredge theater in Hancock was too great an attraction, and a throng of aldermen failed to appear.

Consequently the meeting was adjourned and was held last evening.

John Gasparovitch of Calumet is a candidate for the nomination for treasurer of Calumet township at the coming spring election.

This is an office much sought, as it carries with it a handsome

AMBITION. Some luxuries this life affords Which few can understand; His gold one person fiercely hoards, Another seeks command. But he who most, since earth began, Has been beneath the sway Of one idea, is the man Who wants to have his say. He gives small thought to raiment fine, Nor asks where he shall sleep, For Providence, he doth opine, A special watch should keep O'er him. He hurries forth to speak, Or writes both night and day, No other pleasure does he seek— He wants to have his say. Perchance the hearth is dark and chill, Perhaps his coat is thin; Perchance his ladder fares but ill, And coal forsakes the bin— He still will scorn the marts where gain Directs the toiler's way, He smiles at hunger and at pain, For he has had his say. And if mankind should hear his word, With feeling so intense That earth to tumult would be stirred, And deeds of violence, He'll sit upon some burnt-out pyre. And sigh, without dismay— "It isn't quite what I desire, "But I have had my say!" —Washington Star.

DOMESTIC TROUBLES. It is exceptional to find a family where there are no domestic ruptures occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great work in Stomach and Liver troubles. They not only relieve you, but cure. 25c at The Stafford Drug Co.'s store.

CURED AFTER SUFFERING TWENTY YEARS. B. F. Hare, Supt. Miami Cycle & Mfg. Co., Middletown, O., suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says, "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by The Stafford Drug Co., Marquette; H. N. Meloch, Ishpeming.

IN BED FOUR WEEKS WITH LA GRIPPE. We have received the following letter from Mr. Roy Kemp, of Angola, Ind. "I was in bed four weeks with the grippe and I tried many remedies and spent considerable for treatment with physicians, but I received no relief until I tried Foley's Honey and Tar. Two small bottles of this medicine cured me and now I use it exclusively in my family." Take no substitutes. Desjardins' Pharmacy.

A REGISTERED DRUGGIST SPEAKS. Mr. Homer Alvey, registered pharmacist and manager of the West Side Drug Store, Lincoln, Ill., in speaking of medicine advertised in our columns, says, "I have sold Harts' Honey and Horshond for two years and regard it as a medicine of exceptional merit in the cure of Croup, Coughs, Colds and La Grippe." For children Harts' Honey and Horshond is undoubtedly the safest and best, as it contains no opium or other narcotics and is pleasant to take. 25c, 50c and \$1.00 bottles sold by the People's Drug Store.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.

TAXES AND TAX TITLES. E. J. WRIGHT & SONS, CONSULTING ADJUSTERS.

HERE'S A GOOD ONE.

Copper Country Evening News Man Thought "The Little Christian" Fine.

Marquette people who had the pleasure of seeing "The Little Christian" are in a position to appreciate the unconscious humor of the following critique from the Copper Country Evening News:

"The Little Christian" was the attraction at the Calumet theater last evening and deserved a larger audience than greeted it. The piece was replete with pleasing incidents and the audience was kept interested from the raising of the curtain until its fall. It is written in four acts, and each act has its own little forte, which detracts from anything approaching indifference. It was the last act that crowned the evening's production. In this act the true qualities of the heroine are brought out. She is entrapped by a scheming young nephew of Howard A. Langdon, who wished to marry her himself, but whom she does not really care for. The climax comes when Robert, persisting in his base intentions, suddenly rouses the indignation of the girl, and she screams for help. Her cries are heard by both Howard Langdon and her real lover, Ernest Norman, who burst into the room simultaneously, and Eleanor, the heroine, is freed from her tormentor.

Miss Ida Werner took the part of Eleanor, and right nobly did she act. Her part was a most difficult one to portray, involving as it did, the many phases of the human character. The acting of Edwin Belden, by Robert C. Langdon, was also of the best, and could not be improved upon. Miss Mary Howe's acting was of a fair description, but she was more at home with her voice, and in the song that she rendered she did excellently. William H. Gough and Miss Maude Sinclair, who took the parts of Mr. and Mrs. O'Connor, were both excellent, and their parts could not be improved upon. All the minor parts were well enacted. "The Little Christian," should it ever appear in Calumet again, will prove a better drawing card, and it is worthy of it.

FROM THE GAME WARDEN.

Letter Defining the Law as Regards Mounted Deer Heads.

In connection with the debate over the status of mounted deer heads under the state law Robert Steele, of Ballentine, Mich., submits to The Mining Journal the following letter from State Game Warden Chapman, received by him in answer to an inquiry: "Dear Sir—It is against the law to sell or ship out of this state any portion of a deer. However, deerhides may be sold in Michigan when the person who desires to sell them is provided with a permit from the state game warden. You may receive for mounting after the season is closed any head from a deer that you know was killed legally, and has a license coupon attached. It is against the law to ship out of the state mounted deer heads. It is also against the law to ship deer hides out of the state."

"C. H. CHAPMAN."

INDIANS SURPRISE.

The Indians team of the bowling league made a surprisingly good showing last evening in its match with the Eagles. It not only took all three games, but bowled the highest team average—849—yet made in a league contest. The record is all the more surprising when it is considered that the Indians had previously been bowling in poor form, being the tail-enders in the struggle for league honors. The Indians declare they have now hit up their proper pace and that henceforth they will make the other teams look like novices. Last night's scores were as follows:

Table with 2 columns: Name and Score. Totals: 815 724 790 2329 776

CHILDREN POISONED.

Many children are poisoned and made nervous and weak, if not killed outright, by mothers giving them rough syrups containing opiates. Foley's Honey and Tar is a safe and certain remedy for coughs, croup and lung trouble, and is the only prominent cough medicine that contains no opiates or other poisons. Desjardins' Pharmacy.

STATE OF MICHIGAN, the Probate Court for the County of Marquette. At a session of said court, held at the probate office in the city of Marquette, in said county, on the second day of January, A. D. 1904. Present, Hon. Charles Kelsey, Judge of Probate.

In the matter of the estate of John F. Mack, deceased, John F. Mack, Jr., a son and legatee of said decedent, having filed in said court his petition praying that a certain instrument in writing, purporting to be the last will and testament of said deceased, now on file in said court be admitted to probate, and that the administration of said estate be granted to Laura Manthei and Carrie Hallam, the executrices named in the will, or to some other suitable person.

It is ordered, that the twenty-fifth day of January, A. D. 1904, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for hearing said petition.

Upper Peninsula.

Hogs Die in Fire.

A fire at the Neilligan farm, seven miles from Menominee, this week destroyed a hog pen, together with forty head of swine.

Operating Night and Day.

The I. Stephenson company has of late been operating its mills at Wells, near Escanaba, night and day, doubling the production and giving work to many more men. The plants will continue on the same basis all winter.

School Teachers Scarce.

The Menominee Herald reports that eighteen schools in the county are closed and probably will remain so for some time to come. The reason is that teachers possessing the necessary certificates of qualification cannot be secured.

Democrat Appointed.

John F. Arnott, Democrat, has been appointed city assessor of the Soo and will fill the office for the next two years. His selection was made by the council, the Democratic members of which are well organized and seem to have matters their own way.

Many Prosecutions.

According to the report of Prosecuting Attorney Charles Line, 512 persons were prosecuted in Menominee county last year. There were 280 convictions. The acquittals numbered 61, the cases nolle prossed 28 and the prisoners discharged at examination, forty-three.

Have Mill at Spokane.

William Wilson of Menominee has left for Spokane, Wash., where with his brother, John Wilson, he has embarked in the lumber business. The firm is building a planing mill at Spokane and will have a large lumber yard in connection with it. The Wilsons were formerly with the Westman Lumber company at Daggett.

Dock Changes Owners.

Jamieson & St. James of St. Ignace have bought the Keightley wharf, in that city, and will convert it into a lumber and wood dock, supplying the trade from their sawmill at Pine River. The wharf was built in 1882 by H. J. Mason, and at one time was the landing place for passenger and freight steamers. For some time past it has been used as a fish dock.

Backward Skaters to Meet.

Jas. W. Troyer, of the Soo, and S. Herman Lewick, of Milwaukee, will meet soon in the Soo curling rink for the purpose of determining who is entitled to the world's championship as a backward skater. The title is now held by Troyer, who defeated Lewick in a Milwaukee rink last winter, but the latter is not satisfied with the result and claims that he can win out in another try.

Will Make Cement Blocks.

Arnsen Bros., local contractors, will soon begin the erection of a factory at Escanaba for the manufacture of cement blocks for building purposes. They have had experience in the business and will have their factory equipped so as to be able to turn out about 400 cement blocks a day. The new plant will be ready for business next spring. It is said cement blocks not only make the most durable kind of building material, but they are 25 per cent cheaper than any other.

Glad He Was Arrested.

Anthony Roller of Dunbar, who was arrested at Menominee on the charge of being drunk and disorderly, thanked the officers this week after his hearing before Municipal Judge Opsahl for having locked him up. Roller was raising a disturbance on a street car when arrested. The next morning he was fined \$5 and costs. He had in his pocket a roll of bills containing \$100 and as soon as he paid his fine he thanked the officers and invited them to go out and have a cigar. He said that if he had not been arrested he probably would not have had a cent of the money in the morning.

Making Money in Autos.

Former President Fischer of the Wisconsin & Michigan road is in London, England, at present. He lost his entire fortune in the Wisconsin & Michigan railway, but has since recuperated his riches. He went into the automobile business and, it is said, has cleaned up half a million dollars. He and his son have a factory in Hoboken, N. J. Mr. Fischer had the capital while interested in the Wisconsin & Michigan railway he would have made it a paying venture, but he was handicapped by the lack of money. The people who have since taken hold of the line are converting it into a money maker.

Interesting Document.

An interesting document has been filed in the register of deeds office at Escanaba. It was a release deed dated February 21, 1885, and signed by Samuel J. Tilden of New York, who came so close to being president. The original trust deed released was given by the Chicago & Northwestern railway to secure the payment of the consolidated sinking fund bonds of the company to mortgage covered the lines of the company then being built, a system of 314 miles in Illinois, Wisconsin and Michigan. Under the law it was necessary that the deed be filed in every county through which the road ran. The first record was made in Delta county, and the deed has since then been passing from county to county.

Important Land Case Decided.

The case of John G. Stradley vs The Holders of Property in the Old Sault Ste. Marie Land company of the Soo has been decided by the supreme court in favor of the defendants. This brings an end to a case that has been figuring in the courts since August, 1899. As a result of the litigation about 1,000 acres of land have been taken, and now that the case has been decided all this property, which is for the most part in the outlying districts of the city, will be put on the market. The trouble grew out of the workings of the old syndicate that proposed to dig a power canal years ago. Not far from a quarter of a million dollars were put into the deal by the men who proposed furnishing electricity. Two corporations were formed, a power company and a land company. The land company had about \$125,000 to work with and on this basis purchased more than \$300,000 worth of land. It was expected that when the power canal was completed that land values would soar and the company could dispose of its land in such a way that money would be made. This didn't pan out as planned and the concerns were placed in a position something similar to the present Consolidated middle. The land company borrowed money with which to meet obligations, but in the end those who advanced the money had to protect themselves by

taking the property. Mr. Stradley claimed that there was fraudulent dealing in connection with the windup of the affairs of the company, and the matter was taken into the courts for adjustment. Each side has fought hard and the result has been awaited with great interest by the business men of the city.

Predicts Van Gorder's Release.

John Cumiskey, prosecuting attorney of Delta county, in speaking of the Van Gorder murder trial now on at Iron Mountain, stated that he would not be at all surprised should the prisoner be discharged by the jury. He is well acquainted with the facts and he says Van Gorder has a good case for defense. He has some good men to defend him in the persons of Attorneys Hurley and H. O. Fairchild, the latter one of the foremost lawyers in Wisconsin. Van Gorder has a good chance to get free," said Mr. Cumiskey, "but it will cost him all he has and perhaps more. He was at first given credit for being wealthy, but the fact of the matter is he has but little money. He has relatives who have plenty, however, and they are going to see him through."

Attempted Assassination.

Only poor marksmanship, or obscure light, prevented what would have been another mysterious murder in the vicinity of Carney, Menominee county, this week. While on his way home from a neighbor's house, and just near the top of a hill in sight of his own home, John Brill was startled by hearing a rifle shot and immediately thereafter another was followed by the whistle of a bullet a few feet from him. In a few seconds another shot came and the ground at his feet was thrown up by the bullet. Mr. Brill, with presence of mind, then dropped to the ground just in time to miss the fourth shot, which whistled over his head. He crawled, as quietly as possible into the bush by the side of the road and in this manner got away from that vicinity and returned to Mr. Barlow's house, where he had been visiting. One of the Barlow boys then accompanied him home and he was not attacked again. Brill has a clue to the man who did the shooting and it will be followed up closely.

TO KEEP YOUR HAIR ON.

Pennsylvania Doctor Invents a Hat Band to Prevent Baldness.

Observing cases of alopecia, especially of the premature variety, one is struck by the prevalence of this affection under peculiar conditions and the absence thereof in others, where one might expect even the senile variety.

Among savages and the half civilized the condition would seem to be comparatively rare; e. g., the American Indian, the Filipino and the Chinese. This observation has led the writer to reflect upon a cause of this condition, and he concludes it to be often due to the tight hat band, and the impervious material from which the headgear of many civilized persons is constructed. The former, by cutting off the circulation of blood to the scalp, leads to atrophy of the hair bulbs, which is possibly contributed to, on the other hand, by the lack of ventilation, owing to the aforesaid impervious material, which keeps the head, especially after free perspiration, in a constant state of moisture and soggyness, thereby engendering a condition hardly favorable to the proliferation of an exuberant and healthy growth of hair. It is a continuous poultice and a sweat poultice at that.

In passing, it may be remarked that women do not wear hats around their heads as do men, but upon their heads, among their sex is comparatively rare.

It will be observed that baldness is rarely found below the rim of the hat. Again the condition seems to be more prevalent in the classically shaped oval head (upon which, by the way, the prevailing shape of the stiff hat appears to be modeled), than in the irregular head; owing, perhaps, to the fact that the constricting band is not continuous with the scalp, but lies upon the bumps; thus allowing some circulation of blood to the scalp and air to the hat chamber. Deliberating upon these probable causes, the writer has considered the possibility of preventing, to some extent, this often distressing condition, by the application to the hat band of a se-

## Save Your Daughter

No. 185 West 8th Street, New York City, N. Y., April 3, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the joints. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. She now became regular and we have not had any difficulty since.

TRANSMITTER, BATHING MEMORIAL ASSOCIATION.

## WINE OF CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness, which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

## Ishpeming and its Environs.

### SUNDAY NIGHT PERFORMANCES.

Ishpeming Theater Management Will Not Book Them Hereafter.

The management of the Ishpeming theater announces that there will be no Sunday night performances at the house after the production of "The Silver Slipper" a week from tomorrow. It was never intended that Sunday night engagements would be a regular thing, but there was but one date on which "The Silver Slipper" company could be secured, and that date happened to be Sunday.

"The Silver Slipper" was booked in all the leading theaters of this section before the Ishpeming house was assured. The manager felt that it was his duty to secure the attraction if possible, as it is easily the largest and probably the best theatrical company that ever came to the upper peninsula. It is such a attraction that playgoers want and are continually demanding, and it is felt that those who go conscientiously attend a Sunday night performance should be privileged to do so.

It is well known that Sunday performances, both afternoon and evening, are given in nearly every large city in the union, as well as in many small ones. There has been very little objection to this practice, which favors the working classes who are unable to attend the theater at any other time.

The few Ishpeming people who are perturbed because of the announcement there will be a Sunday performance here can console themselves in the thought that "The Silver Slipper" will be the last Sunday attraction in the Ishpeming theater, except in cases where the theater is given to attractions appearing for church benefits or other charitable purposes.

### WOMEN WILL TRAMP.

Ski Club Will Entertain Lady Friends Wednesday Evening.

The Ishpeming Ski club's weekly walks are gaining in popularity. The turnout last Wednesday evening was the largest this winter, about two-thirds of the members of the club being in attendance, among them J. C. Greenway, a new member, who was out for the first time. After reaching the clubhouse can console themselves in the thought that "The Silver Slipper" will be the last Sunday attraction in the Ishpeming theater, except in cases where the theater is given to attractions appearing for church benefits or other charitable purposes.

The wives and other lady relatives of the members have been invited to turn out next Wednesday evening, when the usual tramp will be taken, starting from the First street cut at 7:30 o'clock. Special preparations will be made for the entertainment of the ladies.

Tomorrow morning at 8 o'clock the club members will start on a run to Marquette, leaving Captain Erik Hovseth's home, corner Fourth and North streets. The return trip will be made on the evening train.

### RENOWNED AGGREGATION.

The Kilties, who come to the Ishpeming theater Sunday and Monday, are a world renowned aggregation of musicians. The band is composed of crack musicians, selected from the leading regiments of the Dominion of Canada, and it appears at each concert in the picturesque and unique dress of the Scotch Highlanders. The organization numbers fifty men, and includes besides the instrumentalists, a fine vocal choir and a number of Scotch dancers and singers. A matinee will be given on Monday afternoon and will doubtless be attended by a large number of children, for whom the occasion will prove a valuable educational feature.

### WILL WINTER IN ENGLAND.

James and Charles Botrell, J. Tregear and two other Ishpeming men will leave tomorrow night for their old homes in Cornwall, England, where they will spend the winter, and perhaps remain longer. All are young men who have been working for some time past at the Lake Angelina mine. They were laid off last of the year, when there was a slight curtailment in the underground force. The men intend to return in the spring if they are assured of their jobs. They were old hands at the Lake Angelina and all are good miners. It is not likely that any of them will work this winter, as all have money put away.

### BURIED BABY HERE.

While here Wednesday attending the funeral of Joseph Richards of Wakefield, Capt. Earl Walton, who was related to the deceased and who came from the Gogebic range with the remains, received a telegram advising him of the death of his eighteen-months-old baby. The child was ill when Mr. Walton left home, but its condition was not considered dangerous. Mr. Walton took the first train back and he and his wife arrived yesterday with the remains. The interment took place in Ishpeming cemetery.

WHEN YOUR JOINTS ARE STIFF and your muscles sore from colds, rheumatism, when you slip and sprain a joint, strain your side or bruise yourself, Pain-Killer will take out the soreness and fix you right in a jiffy. Always have it with you, and use it freely. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c and 50c.

### GOES TO NEW YORK.

Well Known Ishpeming Miner Takes Responsible Position at Utica.

Harry Jewell, one of the best known miners in Ishpeming, will leave tomorrow night for Utica, N. Y., where he takes a good position with the Salisbury Steel & Iron company. For the present he will have charge of development work at a new property. The Salisbury company operates some good mines in New York state. The ore is a magnetic Bessemer.

Mr. Jewell has been a resident of Ishpeming for the past fifteen years. He has followed mining since his boyhood and understands the underground work thoroughly. For some years past he has been shift boss at the Lake Superior Section 16 mine. Mr. Jewell's family will join him as soon as he can secure a house.

### TOO MANY FIRES.

Therefore "The Chaperons" Leading Woman Wants a Rest.

The patrons of the Ishpeming opera house who were so well pleased with the scintillating production of "The Chaperons" last evening were not generally acquainted with the fact that the leading woman was an understudy, but such was the case. Miss Ruth Loyde appeared for but about the third time in the part taken heretofore this season by Miss May Boley, who is temporarily absent from the stage.

Miss Boley has gone through a number of hotel and theater fires this season and the news of the Chicago tragedy so upset her that she determined to take a complete rest. Her nerves were also affected by the fact that somebody else in the company has been wearing her hair in the style that she had adopted as her very own, a truly sad state of affairs.

Miss Boley started out this season with nerves as strong as steel. She was in a hotel fire in the east in a small city and that had but little effect upon her. When the company was in Kansas City, however, she was staying at the Midland hotel when the house caught fire and she was carried from her room.

About five weeks ago the company was playing at the Bijou theater in Milwaukee and Miss Boley was stopping at the Plankinton house. While there, one entire wing of the Plankinton house was destroyed by fire and Miss Boley suffered severely from the shock.

While here Miss Boley looked as chic and fresh as ever and only by her conversation did she betray her nervousness. She was inclined to make light of her indisposition and laughingly said:

"Yes, the fires which I have seen during the last few weeks and the news of the Chicago horror have sort of un-wound my nerves. But I had a greater shock while in Milwaukee and my friends say that it was the cause of my present nervousness."

"You know that I took the initiative in parting my hair in the middle when the pompadour was predominating all other styles of hair dressing. The example I set has been extensively copied in the east among social leaders and this was very gratifying to me. While we were in Milwaukee I experienced a severe shock."

"On the night in question I left the dressing room and made my entrance upon the stage to find—what do you think? A show girl with her hair dressed in precisely the same manner as my own. It was really more than I could bear and since then I have suffered torments. Added to this the memory of the fires through which I have passed and the news of the Chicago theater fire I am just about done up and hope that I may obtain perfect rest for three weeks or a month."

From Ishpeming the company is booked into Chicago, but it is not known nor will it be until the company reaches that city that it will be permitted to play as all of the theaters but the Auditorium have been closed by order of the authorities as a result of the recent Iroquois tragedy.

### WILL INSTALL OFFICERS.

The Scandinavian society Viking will install its new officers on Wednesday evening. The installation will be attended by members only. Following are the officers:

President—John Olson.  
Vice President—A. G. Anderson.  
Recording Secretary—Carl Sundlie.  
Financial Secretary—Ed Trondson.  
Marshal—D. Sjoblom.

Dr. Weaver's Syrup Purifies the blood; Cures (treatment) for the skin.

Fresh sea fish of all kinds just received at Aug. Hendrickson's meat market, corner Cleveland avenue and Third street. (1-9-1w)

"Little Colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big colds too, down to the very verge of consumption.

### ISHPEMING IN BRIEF.

Captain Richards of Crystal Falls did business in the city Thursday.

Miss Ada Anderson has gone to the Michigan sanitarium at Kalamazoo.

St. M. Duncan has been ill and confined to his home the past few days.

J. H. Malloy, agent of the Chicago & Northwestern company, spent yesterday at Marinette.

Miss Pauline Duncan left Thursday evening for the east, where she will resume her studies.

Mr. and Mrs. George R. Jackson are preparing to begin housekeeping in their new home at Swansy.

J. T. Burke has taken contracts to fill the ice houses of the mining companies. The harvest will start within the next week or two.

The Recreation club will give a dancing party at the Anderson hall a week from tonight. Trombly's orchestra will furnish the music.

George Tucker, of Marquette, gave the members of the Humphrey Davy lodge, Sons of St. George, a talk at the regular meeting Thursday evening.

Axel Holter, who conducts a painting business at 715 North Main street, has just added a line of wall paper, which he will handle the coming season.

August Hendrickson advertises fresh sea fish in this issue's paper. It is often that such fish are to be had here, so Mr. Hendrickson should find a ready sale for them.

"The Chaperons" played to a packed house last night at the Ishpeming theater, giving excellent satisfaction. The company will do big business here any time it returns.

E. P. Foreman, special agent for the Franklin Fire Insurance company, was in the city yesterday, inspecting risks. The Franklin is represented here by George B. Sedgwick.

The members of the Ishpeming Ski club will meet some time next week to decide on a course for a tournament. Two hills are being considered, the one at the Brasswire and the Lake Superior hill.

In the list of officers installed at the meeting of the Scandinavian society published in Thursday's paper, the names of Fred Eggen, treasurer, and Dr. W. S. Picot, physician, were unintentionally omitted.

J. R. Williams, who has been with the Correspondence Schools of Scranton, Pa., Ishpeming representative, for some time past, resigned yesterday. J. R. Franks, the district agent, is here looking after the business, temporarily.

M. J. Olson, the piano tuner, will leave this evening for Escanaba, where he has a week's work. From the Sandy City house he will go to Calumet, where he has enough orders ahead to keep him busy the remainder of this month. Mr. Olson will spend February in Ishpeming.

The sale of reserved seat tickets for the Kilties band at Ishpeming theater tomorrow evening will commence this morning at 10 o'clock at the box office. The sale for Monday night's performance will begin at 10 o'clock Monday morning. The prices are from \$1 to twenty-five cents.

J. Wahlman & Co.'s carpenters are giving the bowling alleys in the old opera house the finishing touches. The alleys are in position and the runways are now being built. Six carpenters have been employed there since the day before New Year's. The alleys will be ready for business in about a week.

### WONDERFUL NERVE.

Is displayed by many a man enduring pains of accidental Cuts, Wounds, Bruises, Burns, Scalds, Sore feet or stiff joints. But there's no need for it. Buckle's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for Piles, too. 25c at The Stafford Drug Co.'s store.

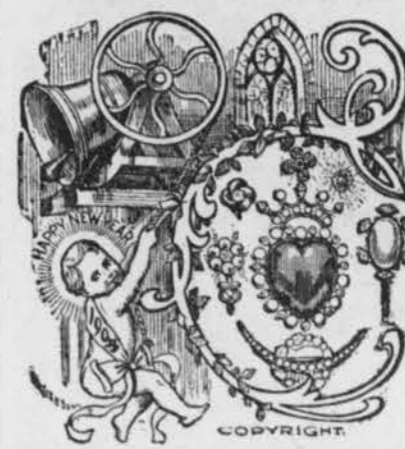

We will convey couples to and from the theater or dancing parties at \$1 per couple. Hodgkins' livery. (1-2-1w)

### IRON NOTES.

The Northern and Calumet mines at Metropolitan, Dickinson county, operated by George A. St. Clair, of Duluth, have suspended operations and will be permitted to fill with water. The Iron Mountain Press has been informed that the men have not been paid in two months, but Mr. St. Clair has promised to liquidate in a few days.

A remarkable effect of the present depression in the iron trade has been the sudden cessation of the demand for iron ore properties. It may be that this is more apparent than real, but it is none the less true that there seems to be no demand for such properties just now, although they were actively sought after only a few months ago. Lands in the vicinity of mines on the Mesabi range, which were in great demand at high prices, do not seem now to be considered at all. As a consequence, exploration has fallen off very much, although there is still a good deal going on for account of the United States Steel Corporation, as well as for other parties.

### DESTROY THE CAUSE.

You Cannot Cure Dandruff Without Destroying the Cause of It.

Many people wash their scalps Saturday night or Sunday to try to keep the dandruff down for the week, but on Monday night the scalp has begun to itch, and Tuesday morning will find a good supply of dandruff when the hair is brushed. There is but one real scientific way of curing dandruff, and that is to kill the germ that causes it, and falling hair, and finally baldness. There is only one preparation that will destroy the germ, and that is Newbro's Herpicide. It is an entirely new discovery and the only hair preparation that is based on the new scientific principle. In addition Herpicide is a very refreshing hair dressing for regular toilet use. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Stafford Drug Co., special agents.

WORK OF THE COUNCIL.

City Dads Disposed of a Small Batch of Business Thursday Night.

There was very little important business presented to the council for consideration Thursday evening. A few minor petitions were presented, and referred to committees for consideration.

Attorney F. A. Bell, appearing in behalf of the Negaunee Gas Light company, presented some amendments to Sections 1 and 9 of an ordinance authorizing the manufacture, distribution and sale of gas in the city of Negaunee.

After a discussion of the matter an ordinance covering the points suggested by Mr. Bell was adopted. There was but one vote against it.

Clerk Mitchell of the water works presented his monthly report, which was as follows:—

Receipts—44 arc lights, \$8.00 per lamp.....\$352.00 45 incandescent lights, city hall..... 17.52 27 incandescent lights, fire dept..... 17.15

Operating Expenses—Salary of supt. of station.....\$ 15.00 Salary of trimmer and supt. of construction work..... 75.00 Salary trimmer and fireman..... 50.00

Balance.....\$181.90 Total number of incandescent lamps on circuit, 1490; total number of arc lamps on circuit, 50.

Total sales of lamps for month.....\$26.65 Sales of material during month..... 10.20

The following bills on file are to be charged to the following accounts:—Construction Account—

A. F. Willman, raising stack.....\$ 2.50 Mose Plow, team work..... 2.00 Johnson Bros., fire clay, etc..... 5.37

Service Account—D. S. S. & A. R'y, freight..... 25.00 Central Electric Co., material..... 20.43

Running Expense Account—D. S. S. & A. R'y, freight..... .60 John W. Elliott, gas, etc..... 1.75

Local Laconics—The newly elected officers of the local lodge of Odd Fellows were installed Thursday night.

The Republic Iron & Steel company is shipping ore from the Cambria mine to the Newberry furnace.

Hon. Alexander Matland will leave the city within the next few days, to be absent two weeks or more.

Mrs. C. F. Moll has returned to Kanton after a few days' visit with her mother, Mrs. A. C. Mackenzie.

Charles Somers, who left Negaunee ten years ago, is here on a visit. He has been sailing on the ocean the greater part of the time since he left Negaunee.

Will Monroe did business in the city this week. He has lost his mustache since his last visit, necessitating an introduction to some of his most intimate friends.

William Kessel, a well-known resident of Butte, Mont., where he has work awaiting him. He was at Butte some years ago and is well there. His family will join him soon.

Tomorrow night and Monday afternoon evening Kilties band will be at Ishpeming theatre. A number of Negaunee people have already planned to take in one of the concerts. The matinee Monday will begin at 3 o'clock.

Superintendent Pearce, of the street car line, found it necessary to operate the snow plow yesterday. Extra men were employed. Three extra cars were used last evening to handle the crowd going to Ishpeming to see "The Chaperones."

The following correspondence was received yesterday from a resident of Little Lake: "Charles L. Sporely, Dave Fally, Hicky O'Leary, Boney Markety, Tom Kirkwood and Case Downing left here today after a rabbit hunt. They had twenty-eight rabbits that they bought from H. Houle and Mr. McCracken of Little Lake, who snared them."

AN EDITOR'S RECOMMENDATION.—Mr. H. J. Keeler, publisher of the Press, Maiden Rock, Wis., writes, "Allow me to say that I have recently used a bottle of Hart's Honey and Horchound and found it a valuable remedy for a cold and cough. I have personally recommended it in several cases and hear a good word from all." When our readers need a reliable medicine for Colds, Coughs, Croup and Whooping Cough there is no other so satisfactory as Hart's Honey and Horchound.

WHAT'S IN A NAME? Everything is in the name when it comes to medicinal Salve. E. C. De Witt & Co. of Chicago discovered some years ago how to make salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases. Dr. De Witt's Salve is a household name. It has cured numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by The Stafford Drug Co., Marquette; H. N. Melchoe, Ishpeming.

Two million Americans suffer the torturing pains of dyspepsia. No cure to be had until they get the new, powerful, Burreck Blood Bitters cures. At any drug store.

PROMISING DISTRICT.

Number of Negaunee Men Have Desirable Farming Land North of Town.

For a time the farming district south of Negaunee has been the most promising other territory near the city as an agricultural center, but the demand for land north of town brings that section into prominence, from the farmer's view point.

During the past two or three years the lands under cultivation north of the city, taking in a few farms near Teal Lake, have produced good crops. A large area has been cleared, and it is thought that a great deal of additional improvement work will be done during the coming summer. A number of farms, who constitute a majority of the farmers in and near Negaunee, bought up land there last summer. It is said that several more are figuring on locating there in the spring.

Louis Corbett, who owns the Fassender farm, has a fine place. It was one of the first farms in the district. Mr. Corbett has spent considerable money on improvements. He will give the place special attention next season and will put additional land under cultivation.

The Baldwin Kiln road is used by most of the farmers in the section. This highway is in good condition.

TO HAVE NEW PUMPS.

The Cleveland Cliffs Iron company is having two special Prescott pumps built for the Maas mine. Each will have a capacity of 1,400 gallons per minute.

Fred Prescott, manager of the Prescott company, was here recently and inspected the proposed location of the pumps in the shaft.

Fairly good progress is being made in sinking at the Maas. The shaft is in a solid ledge, so that the downward progress is necessarily rapid. It is now seventy-five feet in the ledge. The new pumps will be stationed in rooms along the shaft.

WOLVERINES WANT A GAME.

The Wolverine indoor baseball team, recently organized, challenges the Ishpeming Light Guard team for a game next Tuesday evening at Adelphi rink. The team is captained by Charles Kirkpatrick, and is composed of the following players:—

Catcher, Murphy; pitcher, Kirkpatrick; first base, H. Curley; second base, T. Thoren; third base, W. Hansen; right field, M. Levas; left short, M. Maloney; right field, H. Sorenson; left field, A. Erickson.

SAVED FROM TERRIBLE TROUBLE.

The family of Mrs. M. L. Bobbitt of Bargerton, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life.

In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed Bottles 50c and \$1.00. Trial Bottles Free at The Stafford Drug Co.'s store.

LOCAL LAONICS.—The newly elected officers of the local lodge of Odd Fellows were installed Thursday night.

The Republic Iron & Steel company is shipping ore from the Cambria mine to the Newberry furnace.

Hon. Alexander Matland will leave the city within the next few days, to be absent two weeks or more.

NEW WAYS IN CHINA.

Even the Dowager Empress Rides About in Auto Nowadays.

The Boxers did the metropolis of Chi-li a good turn in 1900, when they besieged a foreign settlement, declared war on all the world and brought down upon it the armies of eight great powers.

The presence of 100,000 foreign troops, with all their surprising activities and methods, waked up Tien-tsin and sent it spinning in the path of progress.

Local government reformers had free swing in a municipal reforms or public works, and with the old native city laid out and its walls destroyed, there was every chance to cut, widen and lay out roads as they were needed, to enlarge the French concession, make a Japanese and German Russian concession, and extend the model British settlement, which is the heart of the foreign city.

The fervor of progress and prosperity is as great within the Chinese city also, and the victory, Yuan Shin Kai, has kept the pace set him by the international body that ruled Tien-tsin in modern western fashion during the foreign occupation. The object lesson was not lost, and the foreign impetus has not yet subsided.

The Baldwin Kiln road is used by most of the farmers in the section. This highway is in good condition.

The Republic Iron & Steel company is shipping ore from the Cambria mine to the Newberry furnace.

Hon. Alexander Matland will leave the city within the next few days, to be absent two weeks or more.

MANUAL TRAINING NOW IN FULL SWING

WORK WELL UNDER WAY IN 5TH, 6TH, 7TH AND 8TH GRADES AND HIGH SCHOOL.

GOOD PROGRESS BEING MADE

EXHIBIT OF PUPILS' WORK FOR SCHOOL BOARD THURSDAY.

Young People Manifest Much Interest and Are Reported as Getting Along in a Satisfactory Manner.

With all the preliminaries out of the way and actual work in progress, manual training is at last thoroughly introduced in the public schools of Marquette and is now part of the education of upwards of 500 young people in the fifth, sixth, seventh and eighth grades and the high school.

Mr. Brace expresses himself as well pleased with the manner in which the teachers and the young people have taken hold of the manual training instruction. They manifest an interest and facility in using their hands that seem to justify a belief in the unequalled success of the department in this city.

Thursday afternoon there was an exhibition of manual training work from the grades and high school for the enlightenment of members of the school board. It comprised simple and more elaborate basketry, wood carving in simple designs, samples of the elementary lessons given the grade pupils, and examples of the more elaborate work done in the shop by the high school boys.

The shop work is carried on in the first floor of the building, where there is a machine room, recitation room and a room for the work benches. Here Mr. Brace is the director. Above stairs, in the kitchen and sewing room, Miss Thayer, who has charge of the domestic art work, has her quarters. The appointments of the building are excellent, much of the furnishing and fitting having been done on the premises.

In the fifth and sixth grades, in which the manual training is introduced directly into the various rooms, the instruction is confined to whittling, or sloyd work, and the simpler forms of basketry. In these two grades the boys and girls do the same work, under the direction of the teachers, who, as indicated above, themselves have weekly lessons. The pupils have three weekly periods of thirty minutes each, and Mr. Brace makes a point of visiting each room at least once a week.

Now is your chance to get china and cut glass at a bargain at Stafford's. (1-4-1f) DRY WOOD. Four foot and 16 inch dry pine slabs delivered on short notice. Phone 959 or 231. SOUTH ARM LUMBER CO. (11-26-1f) Stafford's offers many good bargains in their 29 per cent off sale of china. (1-4-1f) ALWAYS READY; ALWAYS BRIGHT. Such is the verdict given to gas by our customers. Try gas for light. You'll be satisfied then. The Marquette Gas Light Co.

FIRST ONE SUNDAY NIGHT. Series of Union Evangelistic Meetings Has Been Arranged.

Following the meetings in observance of the week of prayer, in which the Methodist, Presbyterian and Baptist churches have united evangelistic meetings, the interest has been so great during the past week there has been a general desire that it might issue in a thorough religious awakening in Marquette.

The three pastors, Rev. J. M. Rogers, W. E. Collins and C. H. Maxson, will preach during these meetings, and Roscoe King, singing evangelist, of the Moody Institute, Chicago, will lead the chorus choir. He comes with the cordial recommendation of the widely-known Professor Turner. The opening meeting of the series will be held in the Baptist church Sunday night, Mr. King requests the choirs of the several churches and others that will join them to meet at the church this evening at 7:30.

The general committee of nine last evening appointed the following special committees: On printing, B. O. Pearl, A. Erickson and R. E. Mahaffy; on music, E. W. Allen, A. S. Westlake and Dr. E. R. Downing; on ushers, N. G. De Haas, Wm. Sterling, F. B. Spear, Jr., H. J. Lobdel, H. B. Hatch and W. G. King; on finance, E. S. Bice, J. A. Williams and Professor K. Brooks.

COPPERS WERE BETTER. Boston Speculative Sentiment Improved in Notable Manner Yesterday.

Paine, Webber & Co. said of the Boston market: "It is reported that the Calumet & Hecla company has sold four million pounds of copper at cents per pound. The metal exchange quotation for copper per pound today and London prices were also higher. Local speculative sentiment is greatly improved and there is a very good demand for copper mining stocks.

IS HIGHLY ELABORATE. "Four and Twenty Little Men" as Given in "The Silver Slipper."

One of the most original stage pictures, or ensembles, if it may be so termed, is the "Four and Twenty Little Men," given in the hall room scene of "The Silver Slipper," which comes to the opera house Jan. 16. It is participated in by Miss Gertrude Millington, with the assistance of twenty-four men in evening dress and twenty-four ladies in evening toilettes. The men enter with twenty-four daintily upholstered gold chairs, which are arranged obliquely from the first entrance to the rear of the stage. Miss Millington then appears in a gown of white satin, trimmed with lace and beaded pearls. She surveys the line of gentlemen who are seated, while she tells them in the song that they are all so nice looking that she does not know which to choose. The men sing the chorus and refrain, but they receive no response to their entreaties for her attention. Finally there is relief when their lady partners spy them, and make their appearance, walking down behind the chairs. At the conclusion of the chorus they pass off. Miss Millington seemingly not noticing their exit. When she does, they have all left, and, in a fit of mortification, she seats herself despairingly in the center of the long line of now vacant chairs. It is in this scene that the English dancing girls also make their final appearance. Dressed in white silk waists, and flowing skirts of filmy material, with shoulder gloves, and carrying bouquets of their favorite flowers, they introduce one of the daintiest dancing numbers which the stage has ever seen.

The Beautiful Ensemble, Four and Twenty Men, Sung by Gertrude Millington and Twenty-Four Men and Twenty-Four Ladies in "The Silver Slipper."

activity, however, has been in Utah and Amalgamated. Copper Range was weaker, with no demand for it up to noon, only 229 shares being dealt in. The metal market continues to show signs of improvement. We strongly advise the purchase of Utah for those that will hold it, for we think it will go to 50."

The New York Market.

The Hadden-Rodee New York letter was as follows: "Today's market calls for very little comment. The fluctuations were narrow, except in a few manipulated specialties. There has been very little in the market on which to take a speculative position and trading naturally has become very light. The foreign market was somewhat improved, cables from Berlin being especially optimistic, but prices responded indifferently. The market throughout displayed a very good undertone and the average of the closing prices was fractionally higher than for the preceding day. Business was almost wholly professional. There is a feeling among traders that a sharp movement is impending. We are speaking now only of the speculative situation. There are certain underlying principles on which one may operate without regard to fluctuations. We have been bullish for Union Pacific and Southern Pacific for some time. Southern Pacific made an exhibit of earnings today which in these times of net gains due to high operating expenses was remarkable. We advise you to study it."

Twenty per cent off on cut glass at Stafford's. Some good things, too. (1-4-1f) World's Fair Premium System of dress cutting taught. G. Herlich, 243 Washington street. (1-6-41) HAVE YOU NOTICED THE GAS ARC LAMPS? They brighten every store in which they are used. ALWAYS READY to give a steady, bright and economical light. Try one. It costs nothing. The Marquette Gas Light Co.

CITY BREVITIES

Weather forecast: Partly cloudy with probably some snow. Yesterday's temperature: Seven a. m., 27 degrees; noon, 20; 7 p. m., 18. Maximum, 27 degrees; minimum, 18.

T. D. Hall, of the Insurance Inspection bureau at Negaunee, was in Marquette on business yesterday. The funeral of the late Leonard Meyer will be held this morning at 9:30 o'clock from St. Peter's cathedral to the Holy Cross cemetery.

The Marquette land office has handed down a decision in the case of Edwin T. Hilton vs. Asahel Clark, eighty acres in Mackinac county affected. The decision is in favor of Hilton.

The first of the series of social hops to be given this winter by U. P. council, United Commercial Travelers, will take place at Fraternity Hall this evening. Invitations to the party were issued some time ago. Dancing will commence at 8:30 and will continue until half past eleven.

J. J. Flannigan has left the city on a well earned vacation trip, the first he has taken in many years. Mrs. Flannigan is accompanying him. After a visit with their son, James, at Minneapolis they will also visit at Chicago and Milwaukee, being absent for about two months.

The funeral of Malachi O'Meara was held yesterday, under the direction of the local division of the A. O. H., of which the deceased was one of the oldest members. The Marquette city band acted as an escort to the society, the turnout being very large, considering the weather.

People are speaking very favorably of the city band. It has been heard in public two or three times lately and it is the general opinion that the start is very creditable, and that if the organization receives the proper support it will soon get a standing that will command attention from outside. The music is played very well, all things considered. The results attained to date show that the men have the making of excellent musicians, that they practice dili-

gently and that they are intelligently directed by Mr. Sanders. It is understood that one of the best of the musicians is out of employment. Anyone who can give him a place will confer a signal favor on the band by doing so.

The union meetings that have been in progress at the Methodist, Baptist and Presbyterian churches this week have attracted much attention from the members of the three congregations. The attendance has been very good. There is some talk of holding additional meetings of the same nature.

C. Y. Osburn camp, No. 13, N. L. V. S., will hold a public installation and camp fire at its hall on Monday evening, Jan. 11. The camp extends a cordial invitation to all Civil War veterans, Spanish war veterans, Sons of Veterans and members of the National Guard and their ladies to come and eat a "hard-tack" and drink a cup of coffee with it.

The Current Events club will meet this evening at 8 o'clock in Morgan Memorial chapel. Miss Hanson's talk will be on "Parsifal." Miss Suzette Williams will play the most celebrated parts of the "Parsifal" music. This recital is open to the public. The admission will be twenty-five cents. Holders of course tickets will be admitted on them as usual.

Today is the last opportunity Marquette people will have of paying their estate and county taxes at a charge for collection of one per cent. All who delay the settlement until after the office closes today will have to submit to an extra charge of three per cent, or four per cent in all. It is reported from the treasurer's office that to date only about half the amount of the roll has been paid in. The rush today will doubtless be large, as is usually the case. However, at the best it is likely that a very large percentage of the total amount due will go over, and become liable to the four per cent collection fee.

What a happy world this world would be if everybody would take Rocky Mountain Tea. 35 cents, tea or tablets. Stafford Drug Co.
