HOPE OF CZAR IS FOR PEACE

EMPEROR ANNOUNCES AT RECEPTION HE WILL DO ALL POSSIBLE TO PREVENT WAR.

SITUATION IS UNCHANGED

JAPAN'S LATEST NOTE REITERATES ORIGINAL DEMANDS.

This Has Increased the Feeling of Gloom in Some Quarters but It Is Assured the Negotiations Will Continue for Some Time Yet.

St. Petersburg, Jan. 14.—The Japanese minister, Mr. Kurino, informed the Associated Press today that the Japanese reply has been handed to Baron De Rosen, Russian minister at Tokio, and that he (Mr. Kurino) would present Count Lamsdorff, the Russian foreign minister, with a duplicate copy. The minister said that he was not authorized to state the terms of the reply, but that it ensured a continuance of the negotiations concerning the Far East so far as Japan was concerned.

Japan's Note Not an Ultimatum.

London, Jan. 14.—Minister Hayashi today received the text of the Japanese reply to Russia's last note. It does not contain an ultimatum, but reiterates Japan's original demands with the exception of a modification upon a minor point. Mr. Hayashi said the relations between the two powers regarding the dispute were practically unchanged. He expects the negotiations to continue for several weeks.

The British foreign office officials said tonight, after reading the Japanese reply to the last Russian note, that it only takes the crisis a step further in a less hopeful direction. The advice received by the foreign office has made it clear that Russia will not accept Japan's reiterated demands.

Emperor Nicholas Is for Peace.

St. Petersburg, Jan. 14.—"I desire and intend to do all in my power to maintain peace in the Far East."

These were the words which the czar spoke to members of the diplomatic corps at the New Year's reception held in the winter palace at noon today.

The czar made a leisurely round of the great white hall with its beautiful colonnades, in which the representatives of the various countries had assembled. His majesty chatted freely with everybody.

Keen curiosity was exhibited all over the room when his majesty approached Mr. Kurino, Japanese minister to Russia. The conversation between the czar and the minister was cordial and extended. His majesty emphasized the high value which he places upon good and neighborly relations between Japan and Russia, not only now but in the future, and expressed his unshaken hope that a mutually satisfactory settlement of the difficulties between the two countries would be arranged. Mr. Kurino left the reception profoundly impressed with his majesty's words.

It has become known here that through the foreign office Count Cassini, Russian ambassador to the United States, has been instructed to assure the United States that Russia would not interpose objections to the commercial treaty between China and the United States or impede American rights of interests in Manchuria.

His majesty referred to those instructions in a lengthy conversation with Ambassador McCormick and laid much stress on his desire that Russia and the United States should live on terms of the intimate and cordial friendship which had existed for so many years and which he especially wishes to maintain. He emphatically disclaimed the slightest inclination to hinder the development of American commerce.

Conflicting Advices at Washington.

Washington, Jan. 14.—The Japanese minister, Mr. Takahira, today called on Secretary Hay and informed him that the Japanese reply to the last Russian note was delivered this morning. The reply, it is stated, amounts to a denial of all the important Russian propositions and Japan's counter propositions, it is said, are of a nature that will almost certainly make them unacceptable to Russia. Therefore a most pessimistic view of the future is taken at Tokio. On the other hand, the advices that come to the state department from Paris, St. Petersburg and Berlin are all of a pacific character.

Ambassador Porter, at Paris, cables that pressure is to be brought to bear on the would-be belligerents, and particularly on Japan, by at least two great neutral powers, to cause Russia and Japan to come to terms and so avert open hostilities. The czar also is reported to be extremely desirous of preventing war. Taking these two conflicting sets of advices into consideration, the official opinion here is that Japan will not yield to any such pressure.

The Japanese minister has supplied the state department with an abstract of the last Japanese note. Count Cassini, the Russian ambassador, on his part, has acquainted the state department verbally, as is his custom, with the nature of the Russian note, so the department is fully informed, but as both of these communications have been made in confidence the officials do not feel they should make any part of them public. It is stated, however, that there has been no substantial change in the Japanese proposition nor the Russian counter proposal since they were so lucidly set out by the Associated Press in its semi-official dispatch from Pekin last week.

Gloomy Feeling at Pekin.

Pekin, Jan. 14.—The expectation of war is greatly increased in diplomatic circles here. The German minister now regards war as a probability, although not despairing of a settlement at the

eleventh hour. Heretofore he had considered war as being only a possibility. One legation has received a dispatch from Tokio saying that Foreign Minister Komura on Jan. 11 represented to the diplomat that he expected peace to be maintained.

Prince Napoleon Looks for War.

Paris, Jan. 14.—Prince Louis Napoleon, who is a major general in the Russian cavalry division states that he expects to be called to Russia immediately, adding that war is expected by all. He says: "The army does not desire war but considers it is inevitable. It is due to the czar alone that hostilities

Says Peace Is Not Expected.

London, Friday, Jan. 15.—The Times' Tokio correspondent says that notwithstanding the continuance of the negotiations, the steps which Japan is now taking suggest that a peace issue of the situation is not expected.

Chinese Troops in Motion.

London, Friday, Jan. 15.—The Shanghai correspondent of the Mail reports an extensive movement of Chinese troops towards Shan Hai Kwan, probably with a view of securing the harbor of Ching Wan Tao and the coal mines thereabouts against Russian seizure.

Russian Reinforcements Sail.

Constantinople, Jan. 14.—Two large vessels belonging to the Russian volunteer fleet, carrying troops, passed through the Bosphorus today, bound for the Far East.

Virginia Coal for Japan.

Detroit, Jan. 14.—A Detroit firm owning coal mines near Norfolk, Va., has received a rush order for 40,000 tons of Pocahontas coal for the Japanese government.

DANGER IN KOREA

NATIVE PRESS CALLS FOR THE SLAUGHTER OF FOREIGNERS.

Minister Allen Deems Rioting by the Military Imminent and Orders Americans to Stay Indoors.

London, Friday, Jan. 15.—The Seoul correspondent of the Mail says that the native press is advocating the slaughter of all foreigners. United States Minister Allen has ordered all American women and children to remain indoors, and he predicts rioting by the military is imminent. M. Collin De Pancy, the French minister, has vainly advised the emperor to take refuge in the French legation.

Foreign Guards Considerable.

Washington, Jan. 14.—The state department today received a cablegram from United States Minister Allen, at Seoul, Korea, stating that Korean newspapers are trying to incite the people against the foreigners, and especially against American interests. The department feels that these interests can be cared for properly by the United States garrison at Vicksburg and the United States marine guard now in the Korean capital. The European nations also have considerable guards, which undoubtedly could be relied on to assist in repressing disorder that might threaten any special foreign interest.

Riot on Chinese Railway.

Hong Kong, Jan. 14.—A riot is reported to have occurred on the Hankow-Canton railway, about four thousand coolies participating in the disturbance. The United States consul here has telegraphed to Minister Conger, at Peking, relative to the matter.

ATTACKS TRUST PROMOTERS.

Gov. Cummins Thinks Them No Better Than Mobs Which Do Violence.

Des Moines, Ia., Jan. 14.—Albert B. Cummins was inaugurated governor of Iowa for the second time today. His inaugural address Governor Cummins declared that in his judgment the men who manipulated combines and trusts were no better than mobs who otherwise disregarded the law. He was outspoken in his advocacy of reciprocity and closed with a plea for the early education of boys and girls along the lines of morality, declaring that upon them rested the foundation of sound government.

SWORE HE GAVE HIM MONEY.

Ex-City Attorney Salsbury Testifies Against Former Alderman.

Grand Rapids, Mich., Jan. 14.—In the trial today of former Alderman Ellen, in connection with the water scandal, former City Attorney Salsbury swore that he gave Ellen \$500 to vote for his reelection as city attorney, that Ellen accepted the money and that another Alderman saw Ellen vote for Salsbury.

SIX-YEAR TERM PROPOSED.

Movement Launched to Make President Ineligible or Re-election.

Chicago, Jan. 14.—The National Business league, at a meeting here today, launched a movement to amend the constitution of the United States so as to fix the presidential term at six years and make the chief executive ineligible for re-election.

POISON IN GINGER ALE KILLS.

Little Rock, Ark., Jan. 14.—As a result of drinking ginger ale flavored with lemon extract, three men have died from poisoning at Alexander and two more are not expected to live.

DROWNED HERSELF IN LAKE.

Mora, Minn., Jan. 14.—Mrs. J. C. Pope, wife of a prominent attorney, committed suicide today by drowning herself in Lake Mora. Her health is supposed to have been the cause.

LIVERY DRIVERS' STRIKE RESUMES

Chicago, Jan. 14.—The strike of the livery drivers was renewed today after a truce of fifteen days, following the fire at the city hall.

FURIOUS GALE IN BELGIUM.

Brussels, Jan. 14.—A terrible storm is raging on the Belgian coast. Much havoc has been wrought on land and sea.

THIEVES LOOT BURNING STORES.

Fire at Havre, Mont., Licks Up \$400,000 Worth of Property.

Havre, Mont., Jan. 14.—Fire originating in Stringfellow's drug store, today destroyed three blocks of buildings, causing a loss of \$400,000. During the fire thieves plundered burning or deserted buildings and secured considerable booty. Assistance was called for from soldiers at Fort Assiniboine, and a company was rushed to the city and martial law was declared. It is feared that there may be a clash between drunken men and the soldiers who are picketing the town.

EX-GOVERNOR BUSHNELL DEAD.

Former Executive of Ohio Expired Early This Morning.

Columbus, Friday, Jan. 15.—Former Governor Bushnell died at 1:52 o'clock this morning.

Ex-Governor Bushnell was born in Rome, N. Y., in 1834 and had been a resident of Ohio since 1845. He was engaged in various business enterprises before the Civil war, of which he was a veteran. He was elected governor in 1885 and 1897.

HIS BODY DEVoured.

Gene Cain, a Minnesota Trapper, Is Killed by Wolves.

Bemidji, Minn., Jan. 14.—Gene Cain, a trapper, living near Little Forks, has been killed by wolves. His body was completely destroyed. His jawbone, shoes and part of his clothing were found near the spot. Cain lived alone and it is supposed he was looking after his traps when set upon by wolves.

BRYAN NOT DEAD

HE WILL BE ACTIVE IN THE NATIONAL CONVENTION.

Press Organ Declares That While He Is Not a Candidate He Will Be Prominent in Naming the Nominee.

Omaha, Neb., Jan. 14.—In an editorial published today the World-Herald makes the first authoritative statement that has yet appeared that while William J. Bryan will not be a candidate before the next Democratic national convention for the presidential nomination he will go to the convention as a delegate at large from Nebraska.

The editorial is in reply to one in the New York Times and says: "Nebraska will not present the name of Mr. Bryan because Mr. Bryan is not a candidate. But the Times may depend upon it that the Nebraska delegation, like other delegations in the Democratic national convention, will do its part in the good work of preventing the Republicanization of the Democratic party and the nomination of a Wall street candidate."

"Mr. Bryan will be on hand at the Democratic national convention of 1904 not as a candidate for the presidency, but as a delegate at large from the state of Nebraska, and if the editor of the Times and others who have so often insisted that Mr. Bryan was dead will take it for granted that they will be permitted to observe the liveliest corpse upon which their eyes were ever permitted to rest."

Bryan's Views.

Indianapolis, Jan. 14.—William Jennings Bryan last evening addressed a large audience on the text: "Political foresight is only faith in the wisdom of doing right." Privately he said he was delighted with the selection of St. Louis as the convention city of the Democracy this year. However, Chicago would have been quite as satisfactory. "I don't think that any man will be considered by the national convention who did not vote for the candidates of the Democratic party in the last two presidential campaigns," said Mr. Bryan. "A man may have conscientiously opposed his party at both those elections, but if he did not find his reward in the approval of his own conscience and not in the votes of those who were faithful to the Democratic party in those two years I refer to."

MRS. BETCHEL'S TRIAL OPENS.

Allentown, Pa., Jan. 14.—After almost the entire day had been consumed in selecting the jury, the trial of Mrs. Catherine Betchel, on the charge of being an accessory after the fact in the murder of her daughter Marcel, is now fairly under way. Three witnesses were called today. Their testimony brought out nothing that would tend to prove the commonwealth's contention. Mrs. Betchel's daughter Martha and sons John and Charles, accused of the same charge, will be tried later.

THREE DIE IN BURNING HOUSE.

Terre Haute, Ind., Jan. 14.—Mrs. Elizabeth Wardle and two daughters, aged eleven and seven, were burned to death at their home near here late last night. It is supposed the building caught fire from an overheated stove.

GEN. GORDON BURIED AT ATLANTA

Atlanta, Ga., Jan. 14.—Attended by military honors and with the homage of his state and Southland, the remains of General John B. Gordon, the South's last great figure in the Civil war, were buried in Oakland cemetery today.

ESCAPED PRISONERS RECAPTURED

Birmingham, Ala., Jan. 14.—All the prisoners who escaped from the Pratt City jail when it was destroyed by fire this morning, costing the lives of five of its inmates, were recaptured during the day.

ENDORSES ROOSEVELT'S POLICY.

Portland, Ore., Jan. 14.—The national livestock convention today unanimously adopted a resolution endorsing President Roosevelt's policy relative to the construction of the Panama canal.

TODAY'S WEATHER.

Washington, Jan. 14.—The following is the weather bureau's forecast for Upper Michigan: Fair and warmer Friday; Saturday, snow and cold; variable winds becoming fresh south.

CITY COUNCIL TAKES NO ACTION

CHICAGO THEATERS WILL NOT BE ABLE TO REOPEN FOR SOME TIME YET.

MORE BUILDINGS ARE CLOSED

CHURCHES, LODGING HOUSES AND A COMMERCIAL COLLEGE.

Now Proposed, as a Demonstration, to Set Fire to the Partially Ruined Iroquois Theater—Stage Hand Gives Startling Evidence.

Chicago, Jan. 14.—From action taken tonight by the city council, it is evident that the Chicago theaters will not be able to reopen their doors for some time. The meeting of the council was for the purpose of considering the revision of the building ordinances and it was generally expected that proposed amendments would be considered and adopted so that the proprietors of theaters would know what would be demanded of them and would be able to commence alterations at once.

When the measure was called up tonight, however, Alderman Mavor moved that all amendments be published and the whole subject be taken up when the council was ready. This motion was carried and further consideration of the ordinance was postponed "until the council is ready."

Fifteen churches and a large commercial college were closed today for violations of the building ordinances, and all were placed under police guard until alterations are made. A number of lodging houses also were placed under police guard.

NOVEL TEST IS PLANNED.

Mayor Proposes to Set Fire to the Partially Ruined Iroquois Theater.

Chicago, Jan. 14.—As soon as the coroner releases control of the Iroquois theater the playhouse will again be given over to the flames, if plans evolved by Mayor Harrison and Walter L. Fisher, of the City club, are carried out. The experts who will fight over again the Iroquois conflagration will have trained fire fighters at their elbows to see that the demonstration plan does not bring about any property loss outside of the partially ruined playhouse. The purpose of again firing the theater is to test the sufficiency of the city ordinances, present and prospective.

Important Evidence at Inquest.

An important witness before the Iroquois fire inquest today was William C. Saller, who was in charge of the fire apparatus of the theater. The witness testified that if he had been able to reach a hose throwing a fair-sized stream of water, he would have been able to extinguish the fire at the outset. He further admitted that if there had been a fire alarm box on the stage, the fire department would have been inside the building in less than two minutes, and it was more than two minutes after the discovery of the fire that the flames shot out over the audience and a panic commenced.

SOLDIERS SAVED HIM.

Iowa Veteran Denounces the Erection of Monuments to McKinley.

Marion, Ind., Jan. 14.—Devillo P. Ballard, in the receiving barracks at the Marion Soldiers' Home, today, denounced the erection of monuments to William McKinley. He declared he would "like to see monuments to the Chicago anarchists raised wherever there is a McKinley monument," and that he would "rather contribute to the support of the families of the Chicago anarchists than to contribute to a memorial for McKinley." He was immediately attacked by those present, but under the protection of a file of guards was safely escorted to the gate and succeeded in eluding his pursuers. Ballard was a member of the Twenty-third Iowa infantry.

SERVES TO AVERT COLLISIONS.

Submarine Signaling Successfully Tested Off the Atlantic Coast.

Boston, Jan. 14.—Tests of submarine signaling were made today on board the steamer James S. Whitney during a trip from New York to Boston. Communication by submarine bell signal was established with three lightships while the steamer was some distance from them, apparently showing that it is possible for vessels to signal each other and so avert collisions. The submarine bell on the ship was connected with a telephone in the cabin, and signals from the submarine bells at the lightships were distinctly heard through this telephone.

LAKE CARRIERS MEET.

Nearly Every Lake Port Is Represented at the Gathering.

Detroit, Jan. 14.—Nearly every lake port is represented at the annual meeting of the Lake Carriers' association, which opened here today. The directors of the association this afternoon re-elected William Livingstone of Detroit president and J. H. Spade, Cleveland, vice president. Many questions of policy came up for discussion at the executive session of the board, but it was not until late in the evening that decisions were arrived at, except the re-election of the president and vice president.

PANAMA DELEGATES CONVENE.

Panama, Jan. 14.—The first preliminary session of the constitutional convention was held here today. The first regular session will be held tomorrow. The Associated Press is informed that the constitution will be ready for promulgation within ten days, when Dr. Manuel Amador will be elected first constitutional president of Panama.

Copper Country

ONE TO TWELVE.
Soo Hockey Team Again Loses to the Portage Lake Champions.

The American Soo hockey team was again outclassed in its match with the Portage Lake seven at the Amphidrome last night, and even to greater degree than in the game played the previous evening. The locals just doubled the number of goals they secured in Thursday's contest, registering a total of twelve, while the visitors were again forced to be content with one.

Goal Tender Jones, as was the case in the first game, was the star of his team last evening, and but for his great work the score against the Soo would have attained much larger proportions. The locals drove the puck toward the net sixty-three times during the course of the game, twenty-eight in the first and thirty-five in the second half, which certainly "was going some," as one enthusiast remarked at the conclusion of the playing, and of these shots Jones stopped fifty-one, an excellent record when the terrific bombardment to which he was subjected is considered. Here, the locals' goal tender, had little to do, but he did that well. Only seven shots came at him, all in the first half, and he succeeded in blocking all but one.

The game started out as if it would be much closer than the first contest. For fifteen minutes it was nip and tuck, strikers were rather even and fierce scrimmages up and down the ice characterized the play. The visitors, however, could not maintain their pace, while the work of the locals steadily improved until it developed into the best ever seen in the rink. Portage Lake resorted almost entirely to combination plays, and it worked them very successfully, while on the other hand those tried by the visitors were quickly solved and broken up. The playing in the second half, as well as that in the last part of the first, was almost entirely in Soo territory.

Portage Lake's goals were made by Bruce Stuart (5), Morrison (3), Hod Stuart (2), Gibson (1) and Shields (1). The Soo's lone goal, the first one of the game and made in the first fifteen minutes of play, was registered by Marrin, who had replaced Lake at left wing. Lake going to the position of rover, where he succeeded Haller, injured in Thursday night's game. Outside of Jones, Lake did the best playing for the Soo. For Portage Lake, Hod Stuart was remarkable. Two of the goals scored by him were made entirely without assistance. In the first half, Switzer and Lake, of the Soo, and Hod and Bruce Stuart, of Portage Lake, were ruled off, and in the second half Bruce Stuart and Westcott. A crowd that again packed the big rink witnessed the match. About 3,500 people were in attendance.

"Chief" Jones, goal tender for the Soos, was a much talked-of man yesterday. His remarkable work in Wednesday evening's game added considerably to his reputation. Local people wondered what the score would have been with any ordinary goal-tender between the posts of the net. That it would have been as bad as either the St. Paul or St. Louis games there is little question. Something like 16 to 1 would have been about right. The Soo team has a valuable man in Jones, and the Soo dealers probably realized that fact during Wednesday evening's game when he was literally bombarded with shots from the first tap of the bell to the finish.

The Invincibles of Red Jacket and the Atlantic seven will play in the Park rink at Calumet Monday evening. There is considerable rivalry between the junior teams in the country and two or three of them are already claiming the championship.

The old Dollar Bay hockey team, which had things all its own way before the organization of the Portage Lake seven three years ago, probably will be reorganized to play in the amateur class. Most of the old players still reside in town and it will be an easy matter to revive some of the old time interest in a local team. The Palace rink, which was converted into a public hall last winter, is again being used as a skating rink and the players may have it for practice. There are any number of amateur teams in the county with which games can be arranged.

THEY MAY WRESTLE.
Effort Being Made to Get Morgan and Martin Together.
Calumet lovers of the wrestling game are trying to arrange a match between Will Martin and Louis Morgan, two of the best wrestlers in the northern country. Both reside in Calumet. They are old-time rivals in a friendly way and each apparently is on a par with the other as far as ability on the mat is concerned. William Jones of the Ivy Athletic club of Calumet, himself one of the best wrestlers in the business, has offered \$100 as a purse for either Morgan or Martin or for Morgan and Peter Harrington. The Morgan-Martin pug probably would be the bigger draw for the reason that neither man has yet succeeded in outpointing the other, although they have met on several occasions. A match between Morgan and Harrington would no doubt result in a clever exhibition. Harrington is a brother of Tim Harrington of Butte, formerly of Calumet, who claims the middleweight championship in the Cornish class. Although he has not the skill of his brother he is clever.

The recent match at Calumet between Ole Olson and "Jack" Tippet, which resulted in an easy victory for Olson, is not the kind of wrestling the sports desire to see. They are new hankering good, and they know would prove an exhibition and for that reason a bout between either of the pairs mentioned would be welcomed. There are a large number of Cornish wrestling enthusiasts in Calumet and a good match usually draws a crowd of four or five hundred people. Morgan and Martin met last fall during the Sons of St. George wrestling tournament in Calumet. Morgan had to retire on account of an injured thumb after wrestling a number of hitches. Previous to that time, the men met in the Italian hall, where after thirty-nine hitches that bout was declared a draw. Now that the money has been put up for another friendly match between the two it is the hope of their friends that they will again come together.

KERRIDGE NOT A CANDIDATE.
William Kerridge, who has been quite prominently mentioned as a possible candidate for the mayoralty of Hancock, states that he is not a candidate for the office and that he would not accept the nomination.

WANTS \$5,000 DAMAGES.
Calumet Resident Brings Suit Against Three Hancock Men.

John Bodenna of Calumet, through Attorney P. H. O'Brien, has entered suit against George and Frank Wern and Frank McGrath of Hancock for \$5,000, alleging that during the firemen's tournament in Hancock last August he was assaulted by the defendants, resulting in injury to his person, damage to his reputation and loss of time on account of his injuries. The case will be docketed for trial in the circuit court.

Frank Wern and Frank McGrath were special policemen during the tournament. The members of the order in this place in George Wern's saloon and that after being injured he was dragged to jail by the defendants. He remained in jail for twelve hours, according to his statement, during which time he was without medical aid. He was finally released without a hearing and claims that he has never known just why he was lodged in jail. The papers in the case were served this week.

RALLY FOR FARMERS.
Agricultural Society Arranges for a Big Meeting in March.

The Houghton County Agricultural society has decided to hold a special "farmers' meeting" the latter part of March. The exact time and place have not yet been set, that being left to the executive board to arrange. It is the society's intention to make the meeting a rally for all farmers and others interested in agriculture in Houghton county. Free seeds, procured from the government, will be distributed among the farmers desiring them and helpful talks will be made up a goodly portion of the program. The society decided at its annual meeting in the Hancock city hall Wednesday afternoon to hold the rally. The old set of officers was re-elected at the annual meeting, namely, J. H. Janssen, Hancock president; L. Randall, Houghton, secretary; Samuel Eddy, assistant secretary, and C. H. Moss, treasurer. The reports of the secretary and treasurer were read and approved.

The financial statement has already been published, it being given out shortly after the first annual fair last fall. Although the organization has not as yet too much money, it starts the new year with a surplus to its credit. The members are well satisfied that they are a little ahead instead of behind as a result of the first fair. The trustees for the ensuing year, also re-elected, are W. H. Janson and Andrew Johnson of Hancock, John R. Frank of Lake Linden and Charles Bruneau of Houghton. Although the attendance was large at Wednesday's meeting, numbering about thirty, those present enjoyed the remarks of Robert H. Shields of Houghton, George C. Bentley of Hancock and John R. Frank who spoke on the agricultural outlook in the copper country. They saw much encouragement in the address made and expressed the belief that the time is not far distant when Houghton county will be recognized as an agricultural as well as a mining community. No action was taken in regard to the second annual fair, that being left to the executive board.

IS IMPROVED SUFFICIENTLY.
Government Engineer's Report With Reference to Ontonagon Harbor.

Publicity is now given to the report of Capt. D. D. Gaillard, former engineer in charge of the Lake Superior district, in which he expresses the opinion that no further improvements are necessary in the harbor at Ontonagon harbor. Captain Gaillard's report is concurred in by Colonel O. H. Ernst, division engineer. The board of United States engineers indorses both officers in stating that the depth of water in the harbor at the present time is sufficient to meet the demands of the shipping trade.

Ontonagon harbor is formed by the mouth of the Ontonagon river which flows between two piers 2,315 and 2,675 feet in length, respectively. The approved project for the harbor is for maintaining a navigable depth of twelve feet of water between the piers and up the channel inside the entrance. The total cost of the improvement to June 30, 1902, had been \$344,807.73. An examination in June, 1902, showed a lump of land in the channel between the piers with but ten feet of water over it, but with an excess of twelve depth on either side. The spring floods on the Ontonagon river cause the deposit of sediment between the piers that necessitates dredging every few years.

Ontonagon was almost obliterated by fire in 1896, but since that time it has been rebuilt, and Captain Gaillard's report says it is enjoying a period of prosperity. The receipts and shipments of lumber, however, have less than previous to 1896, but belief is expressed that they will show steady increase in the future, owing to the fact that new copper mines were opened in that vicinity since 1900.

Captain Gaillard holds that the \$5,000 appropriation provided for in June is sufficient to cover the dredging and minor repairs of the harbor in its present condition. The harbor, he says, affords shelter to the smaller class of boats which touch at various south shore points between Keweenaw Point and Duluth.

WON IN STRAIGHT HEATS.
Keith Darknight, the speedy trotter owned by William Wills of Calumet, won the race with John K., owned by Michael Kemp of Lake Linden, in a fair sized crowd saw Wednesday's match. Keith Darknight trotted in fine form and showed surprising sprouts of speed.

FROM LAST TO FIRST
People used to take plain cod liver oil for coughs, colds, throat and lung troubles after other remedies had failed. Scott's Emulsion is the modern idea of cod liver oil—the first instead of the last resort when such ailments appear. The taste of the oil is not apparent and the oil itself is partly digested—it makes it easy for the stomach. Scott's Emulsion is a quick, reliable help at all ages.

800 CURLERS WON.
In a match played at the Palace rink yesterday morning, the Soo curling team defeated the Portage Lake rink by the score of 7 to 6.

The Portage Lake Curling club is informed that it can have matches at any time with the Detroit rinks and with Marquette also. The curlers in each place are desirous of making the trip to the copper country and just as soon as the local players become somewhat more proficient match games will be arranged. The Soo rink, which met defeat Wednesday afternoon, blamed the poor ice for its poor showing.

EMPLOYEES OF THE BIG CORPORATION.
During the past few years he has managed the Calumet & Hecla bands and orchestras.

COPPERDOM BREVITIES.
Charles Frink, the well-known violinist of Calumet, will leave today for Hot Springs, Ark., where he will join an orchestra for the winter. He expects to return to Calumet in the spring.

The Hancock aerie of the Fraternal Order of Eagles will give its first annual ball on Thursday evening, Jan. 21, at St. Patrick's Hall. Klinghammer's orchestra has been engaged and supper will be served at the Northwestern hotel.

The Hancock and Drippers, of the Houghton County Bowling league, played a postponed series of games on the Drippers alleys at Hancock Tuesday evening. The Hancock won two out of three games. The scores were: Hancock, 813, 719, 695; Drippers, 698, 679, 713.

A large snow white owl lighted on the roof of the Kerredge theater in Hancock the other afternoon. One of the members of the local gun club fired several shots at it, but failed to hit the bird. Owls of the variety are scarce, but several have been seen in the copper country this winter.

The mechanical drawing class which has been conducted at the night school sessions at the Hancock Y. M. C. A. has completed its work. A class in English for the purpose of teaching foreigners to speak the language is now being held every Monday and Thursday evenings. Its membership is large.

Theodore Watters of Boston, a representative of Everybody's Magazine, has been in the copper country for a few days collecting information for a write-up of the district for the publication. He left yesterday for St. Louis, where he will get material for a descriptive sketch of the exposition city.

Walker Whiteside, in "We Are King," will be seen at the Kerredge theater in Hancock next Tuesday evening. The attraction is a satirical comedy in three acts. The ability of Mr. Whiteside as an actor is well known in the copper country as he has previously charmed large audiences. He will be greeted as cordially as ever upon his appearance at the Kerredge.

Superintendent of Public Works Foley of Houghton has succeeded in getting the snow on Sheldon street down to a level with the street car tracks. About three feet of the beautiful, which was packed down hard, was plowed up and hauled away. The sleighing is much better in consequence. It is a method that might well be used in the other towns in the county.

The ladies of Trinity church guild of Houghton will give a New Year's ball in the Citizens' National Bank Hall on Wednesday evening, Jan. 20. It will be the last social event under their auspices before Lent, and as the proceeds will be turned over to the building fund the ladies hope to see a large attendance. An attractive musical program will make up a portion of the evening's entertainment.

WILL REMOVE TO DETROIT.
Captain Joseph Tonkin, who has resigned his position as second underground captain at the Hecla branch of the Calumet & Hecla mine, will remove with his family to Detroit. He will spend the rest of his days in leisure. He started to work at the Calumet & Hecla in 1866, when he was nineteen years of age. Thirty-eight years of continuous service at one mine is a record that few mining men can boast. Mr. Tonkin worked with Edwin J. Hulbert, who discovered the great Calumet conglomerate lode, and he assisted in breaking the ground for the first shaft of the Calumet mine, No. 2. The captain is now sixty-four years of age.

CULMINATED IN MARRIAGE.
Under Sheriff August Beck returned Wednesday evening from Crystal Falls with Michael Beaman, who was arrested on complaint of Miss Bertha Oudette, formerly of Crystal Falls but now of Hancock. Beaman up to four or five months ago was employed in the copper country, going from here to the iron country. Yesterday he decided he would marry the young lady and Sheriff Willis proceeded to perform all arrangements. The ceremony was performed by Justice Brand in the afternoon and the newly wedded pair left the court room, apparently contented with the happy ending of the proceedings.

LATEST PROPOSALS AMUSE.
Members of the Houghton bowling team of the county league are considerably amused over the latest proposals of the Mitchells for match games. They say that the Mitchells are not satisfied to stick to any reasonable terms. They assert that they are still willing to meet the Mitchells in five or more games for \$100 a side or more than that sum if desired and hope that the match can be arranged. By making new proposals every day the Houghtons say the Mitchells are doing much to prevent the meeting of the teams.

WILL PLAY HOCKEY AND BALL.
The young men of the Calumet High school have organized basketball and hockey teams. John Dymock has been selected for the manager of the hockey team, and Principal Hall will look after the interests of the basketball team. The hockey team will enter the competition for the prize cup to be offered by the Amphidrome management to the best high school aggregation in the county. The basketball team will play its first game of the season with the Hancock High school team in the Calumet Y. M. C. A. gymnasium this evening.

DIED SUDDENLY.
Mrs. John Roehm, a well-known and highly respected resident of Calumet, died yesterday afternoon. She was aged thirty-five and leaves husband and three children to mourn her untimely demise.

COLONEL COX RESIGNS.
Colonel J. N. Cox, who has been in the Calumet & Hecla Mining company's employ for nearly thirty-four years, has resigned his position as clerk. He was appointed junior clerk in 1870 and in 1888 was promoted to the senior clerkship. The colonel is popular with the

CONTINUOUS UNINTERRUPTED SERVICE.

It is our policy to supply gas for light and heat at the lowest possible rates compatible with good service.

NO BREAKDOWNS, LOW RATES, GOOD LIGHTS.

THE MARQUETTE Gas Light Company.

AFTER SICKNESS.

HOW TO REGAIN STRENGTH.

The Stafford Drug Co. Give Some Suggestions—We Vouch for Their Sincerity.

During the past few months there has been a great deal of sickness of one kind and another in Marquette, largely induced by the recent unseasonable weather.

In speaking of this to Mr. Stafford of the Stafford Drug Co. the other day, he said: "Yes, there has been, and is, a lot of sickness in the city, and while most people get over the acute stage rather quickly, it leaves the blood impoverished, and it is hard to regain lost vitality. The patient's strength is depleted, the system generally demoralized and relapses are continually feared."

The one thing to aid recovery is to give the patient a blood building and strength restoring tonic, one that will give strength to every organ in the body.

"Now, truthfully," continued Mr. Stafford, "I don't believe there is another remedy in the country equal to our delicious cod liver oil preparation. Vinol, for making rich, red blood, and building up strength. I say this from an intimate knowledge of almost every medicine on the market, and after duly considering what Vinol is and has done."

"Vinol contains every one of the body-building, medicinal elements of cod liver oil, without one drop of oil to retard its work and this with organic iron, which is a useful constituent for the blood, dissolved in a delicious white wine, makes Vinol. It acts directly on the stomach, creates a healthy appetite, and enables the digestive organs to obtain the necessary elements to make rich, red blood, healthy flesh and muscle tissue, and creates strength, and you know what you are taking."

Said Mr. Stafford, "Such letters as this prove the value of Vinol after sickness."

Mr. Edgar A. Howe of Concord, N. H., writes that after being confined to his bed for thirteen weeks with the grippe he was weak and emaciated; all tonics seemed of no avail, but Vinol restored, in a marvelous manner, his strength, flesh and appetite.

Mrs. C. H. Wardwell of Lynn, Mass., writes that the measles left her little daughter with a cough and in a very bad condition, but Vinol cured the cough and made her well.

Mr. John Emerson of Bangor, Me., writes that after grippe, at seventy years of age, Vinol built up his strength and gave him new life.

Mr. James Stuart of Pittsburg, Pa., writes that after a severe fever he was weak and emaciated, but Vinol built him up, made him strong and well.

"I might go on quoting from hundreds of such letters," continued Mr. Stafford. "You see no one need take our word for what Vinol will do, and it is because of such proof that we so emphatically agree that if it does no good where it is recommended that it shall not cost a penny. That's fair, isn't it?" The Stafford Drug Co.

Negatives people will find Vinol at the City Drug Store.

FOR SALE—One large office stove, one square parlor stove, one small parlor stove. F. B. Spear & Sons, dock office.

FOR RENT—Five-room house on W. Jackson St., No. 211. Enquire of Geo. E. French.

is good meat, as it should be one of your good resolutions to have no other. New Year's happiness in a great measure depends upon what you eat, and the choice of meat is supplied from Hathway's Meat Market, where you are always receiving the best of Beef, Lamb, Mutton and Veal.

Order your Turkeys for New Year's early at FRANK W. HATHWAY'S, PALACE MEAT MARKET.

Upper Peninsula

Again in Commission—

The White Marble Lime company's shingle mill at Manistique, which has been thoroughly overhauled and improved since the shut down some weeks ago, is again in commission.

Moose Herd Increased—

A cow moose weighing 1,100 pounds has just been added to the herd in the Cleveland-Chiefs company's preserve on Grand Island, near Munising. The animal was shipped from northwestern Canada.

May Install Lighting Plant—

The installation of an electric lighting plant is talked of by Rapid River (Delta county) business men. The need of street lights is felt badly. Inquiry as to the cost of installing and operating an electric plant is now being made.

Assessment Ordered—

During the past year the Farmers' Mutual Fire Insurance company of Schoolcraft, Delta and Menominee counties, has had four losses, one of them contested. There is still an amount of claims unpaid and to settle these an assessment of 1 1/2 per cent has been ordered.

Will Make Telephones—

The Menominee Electrical Manufacturing company is preparing to install new builers and an engine in its factory. The company will hereafter manufacture and place on the market complete telephones. Heretofore it has made generators and other electrical apparatus, but not telephones.

Big Catch of Fish—

John Dewet, of Garden, Delta county, tells of a wonderful catch of whitefish which was made a short time ago on Big Bay de Noc. A fisherman who lives near Thompson, Schoolcraft county, one day recently lifted a sitting of nets containing 28,000 pounds of whitefish which he disposed of at ten cents a pound, making his receipts for that day \$2,800.

Getting Many Beet Contracts—

Manager G. W. McCormick, of the Menominee River Sugar company, says that from the way contracts are coming in to the office the indications are that four times the acreage planted in beets the past season will be contracted for the coming year. The agents of the company have been very successful in securing contracts and the management's most sanguine expectations are being more than fulfilled.

Fishing Through the Ice—

The ice on Green Island to Chamberlain's island and it is estimated that there are already 200 fishermen operating on the ice. The catch consists of herring, bluefish and suckers. The wholesale dealers are offering five, six and seven cents a pound for frozen herring, and this is considered an excellent price. Bluefish are being caught in large quantities but no trout.

Chinaman Robbed—

Alfred LaCombe and Frank Myzk, Grand Marais boys, have been bound over for trial in the Alger county circuit court on the charge of robbing a Chinese laundry of \$65 in cash. The money was taken from a trunk. Suspicion rested on the two boys later arrested, and on being taken into custody the young men confessed, it is said, and returned part of the stolen money. They had been making a practice of hanging around the laundry.

Postal Receipts Increased—

The postoffice receipts at Menominee for the year 1923 were \$25,709.50 as compared with \$23,729.56 in 1922, an increase of near 10 per cent. This showing, it is believed, puts the office first on the list in the upper peninsula. The registry business the past year gives Menominee an increase of 30 per cent over 1922. There was also a substantial increase in the money order business, both in the volume of orders issued and those paid.

Soo Carriers to Compete—

At least one rink from the Soo Curling club will attend the Northwestern hospital to be held at Minneapolis during the week beginning Jan. 18. This particular rink will be made up of Jos. Ripley, skip; W. W. Dunn, Otto Fowle and V. R. Conway, as strong a combination, it is believed, as could be picked from the entire membership of the club. There may be other rinks than the one mentioned that will attend the hospital, but this has not yet been definitely settled.

Getting Out Many Poles—

The A. P. Hopkins Cedar company of Escanaba has taken a contract to furnish the Western Union Telegraph company with 1,100 cedar poles this winter. This is an excellent contract as the poles ordered are all of large size. The Hopkins company is getting out a large amount of cedar poles, posts and ties this winter, as well as considerable spruce pulpwood. Four thousand poles will be cut along the Soo road, in camps also being operated along the Northwestern and Escanaba & Lake Superior roads.

Marx Once in Northern Michigan—

Amos Lemieux, formerly chief of police at Menominee, has identified Gustave Marx, one of the Chicago car barn murderers, as a man whom he at one time arrested and imprisoned in the Menominee jail charged with safe cracking. This was six years ago. One of the men was Leonard Letomsky, who is

SO DECEPTIVE.

Many Marquette People Fail to Realize the Seriousness.

Backache is so deceptive. It comes and goes—keeps you guessing. Learn the cause—then, cure it. Nine times out of ten it comes from the kidneys. That's why Doan's Kidney Pills cure it.

Cure every kidney ill from backache to diabetes. Here's a Marquette case to prove it. Fred Price of No. 824 Third street, says: "From the result of a strain of my back when at heavy work I was troubled a great deal with dull aching pains through my loins and kidneys. It was particularly painful if I did any stooping or lifting; at night I could not rest comfortably in any position and rose in the morning feeling tired and unrefreshed. I saw Doan's Kidney Pills highly recommended and procured them at the Stafford Drug Co. They relieved me promptly and I was entirely rid of the trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Upper Peninsula

When the goods arrived at the hotel the men who had been engaged to smuggle them over were met by customs officials who arrested the alleged smugglers and confiscated the goods. The merchant who sold the goods was notified and coming over here to arrange for bail for the arrested men was himself arrested on the charge of conspiracy. It is stated that the officials are engaged in making a quiet investigation of the ladies in the Soo who are owners of bear skin coats with a view of determining where and how they obtained them, as the goods are all imported. There may be some developments along these lines in the near future.

MARKET ACTS WELL.

It Has Been Gaining Steadily Through the Dull Period.

Paine, Webber & Co. said of the Boston market: "The market is acting surprisingly well. During the present period of dullness it has made a slow steady gain. There is no change in the copper situation. Prices hold firm and the demand is said to be good. Amalgamated acts as though it might run off a little. On reactions we think active copper should be bought."

Hayden, Stone & Co. wired W. H. Laidley & Co.: "The market was very dull. Utah has been the feature, and advanced a point. We still think well of it and advise its purchase for higher prices. The metal continues firm, with foreigners buying. Home consumers seem to be waiting and buying from hand to mouth. The uncertainty in the Amalgamated case seems to have caused a waiting tendency in other coppers. The regular dividend of 1/2 is looked for in Amalgamated."

New York Improved.

The Hadden-Rodee New York letter was as follows: "We have had a somewhat better market today. An improvement in the tone of the foreign news concerning the Eastern situation caused prices to advance in all markets here and abroad, and in the American quarter of the London market. Our advance over night was from 2 1/2 to 3 1/2 above parity. There was a strong opening to our own market, too strong, in fact, to permit satisfactory trading and after the first few minutes prices eased off a bit. They then recovered to a higher level. Pennsylvania selling again across 120. A good deal of interest attached to the movements of the Pennsylvania and the Gould interests. It may be remarked, however, that the selling of Pennsylvania looked better than the buying of the same. The most important news of the day was the announcement by the Rock Island of a refunding bond issue of \$163,000,000. It was on information that such an announcement would be made that the common stock was raised last Monday and again on Wednesday and when the news came out today there was some active covering by traders, who made the demonstration in the first place."

Jennie—Is it true that Joe occupies the first place in your heart? Sadie—Not much, my dear, Hollister's Rocky Mountain Tea, last and all the time. 35 cents, tea or tablets. Stafford Drug Co.

Vandenboom's fresh creamery butter has no equal. (1-15-17)

Best for bread, best for biscuits also, Gold Medal Flour.

Twenty per cent off on cut glass at Stafford's. Some good things, too.

Cooks never fail with Gold Medal flour.

Now is your chance to get china and cut glass at a bargain at Stafford's. (1-4-17)

NEW HOME HOTEL, EWEN. When in Ewen, stop at the New Home Hotel. Mrs. R. Taylor. Special attention to the traveling public. Rates, \$2 and \$1 per day. (1-11-17)

A RICH, STEADY, SHADOWLESS LIGHT. Is that given by our gas lamps. These powerful lamps installed and maintained absolutely free. The Marquette Gas Light Co.

GEO. E. FRENCH, (1-2-14)

Both 'Phonics. Marquette, Mich. (1-2-14)

Smugglers in Trouble—

The customs house officials at the Soo have in their possession a lady's electric fan and three men's suits, while the records which they have seized for violation of the customs laws. Two men are under bonds to appear for trial at the July term of the United States district court at Marquette, one for smuggling and the other for conspiracy to defraud the United States, while the two other prominent citizens will have to appear in the near future for examination on the charge of smuggling. Several cases are pending and the outlook for a big bunch of local smuggling cases to be heard during the July term is certainly favorable. One of the men arrested and who gave bonds for his appearance for trial is a prominent Canadian Soo merchant charged with conspiracy. It appears that he had sold the goods (a gentleman's fur coat and a lady's electric fan jacket) with the promise that they would be delivered at one of the hotels in the American Soo.

Notice is hereby given that the annual meeting of the stockholders of the Lake Shore Engine Works, for the election of directors and the transaction of other business, will be held at its office in the city of Marquette, in the state of Michigan, on the third Monday (the 18th) of January, A. D. 1924, at 2 o'clock p. m. J. F. KEIN, Secretary.

NOTICE. Marquette, Mich., Jan. 1, 1924. Notice is hereby given that the annual meeting of the stockholders of the Lake Shore Engine Works, for the election of directors and the transaction of other business, will be held at its office in the city of Marquette, in the state of Michigan, on the third Monday (the 18th) of January, A. D. 1924, at 2 o'clock p. m. J. F. KEIN, Secretary.

Upper Peninsula

When the goods arrived at the hotel the men who had been engaged to smuggle them over were met by customs officials who arrested the alleged smugglers and confiscated the goods. The merchant who sold the goods was notified and coming over here to arrange for bail for the arrested men was himself arrested on the charge of conspiracy. It is stated that the officials are engaged in making a quiet investigation of the ladies in the Soo who are owners of bear skin coats with a view of determining where and how they obtained them, as the goods are all imported. There may be some developments along these lines in the near future.

MARKET ACTS WELL. It Has Been Gaining Steadily Through the Dull Period.

Paine, Webber & Co. said of the Boston market: "The market is acting surprisingly well. During the present period of dullness it has made a slow steady gain. There is no change in the copper situation. Prices hold firm and the demand is said to be good. Amalgamated acts as though it might run off a little. On reactions we think active copper should be bought."

Hayden, Stone & Co. wired W. H. Laidley & Co.: "The market was very dull. Utah has been the feature, and advanced a point. We still think well of it and advise its purchase for higher prices. The metal continues firm, with foreigners buying. Home consumers seem to be waiting and buying from hand to mouth. The uncertainty in the Amalgamated case seems to have caused a waiting tendency in other coppers. The regular dividend of 1/2 is looked for in Amalgamated."

New York Improved. The Hadden-Rodee New York letter was as follows: "We have had a somewhat better market today. An improvement in the tone of the foreign news concerning the Eastern situation caused prices to advance in all markets here and abroad, and in the American quarter of the London market. Our advance over night was from 2 1/2 to 3 1/2 above parity. There was a strong opening to our own market, too strong, in fact, to permit satisfactory trading and after the first few minutes prices eased off a bit. They then recovered to a higher level. Pennsylvania selling again across 120. A good deal of interest attached to the movements of the Pennsylvania and the Gould interests. It may be remarked, however, that the selling of Pennsylvania looked better than the buying of the same. The most important news of the day was the announcement by the Rock Island of a refunding bond issue of \$163,000,000. It was on information that such an announcement would be made that the common stock was raised last Monday and again on Wednesday and when the news came out today there was some active covering by traders, who made the demonstration in the first place."

Jennie—Is it true that Joe occupies the first place in your heart? Sadie—Not much, my dear, Hollister's Rocky Mountain Tea, last and all the time. 35 cents, tea or tablets. Stafford Drug Co.

Vandenboom's fresh creamery butter has no equal. (1-15-17)

Best for bread, best for biscuits also, Gold Medal Flour.

Twenty per cent off on cut glass at Stafford's. Some good things, too.

Cooks never fail with Gold Medal flour.

Now is your chance to get china and cut glass at a bargain at Stafford's. (1-4-17)

NEW HOME HOTEL, EWEN. When in Ewen, stop at the New Home Hotel. Mrs. R. Taylor. Special attention to the traveling public. Rates, \$2 and \$1 per day. (1-11-17)

A RICH, STEADY, SHADOWLESS LIGHT. Is that given by our gas lamps. These powerful lamps installed and maintained absolutely free. The Marquette Gas Light Co.

DRY WOOD. Four foot and 16 inch dry pine slabs delivered on short notice. Phone 950 or 231. SOUTH ARM LUMBER CO. (11-26-17)

HAVE YOU SEEN THE NEW GAS MANTLE?

Turn on the gas, the mantle does the rest. No match required. It lights itself. See them on exhibition in our office. The Marquette Gas Light Co.

CHILDREN POISONED. Many children are poisoned and made nervous and weak, if not killed outright, by mothers giving them cough syrups containing opiates. Foley's Honey and Tar is a safe and certain remedy for coughs, croup and lung trouble, and is the only prominent cough medicine that contains no opiates or other poisons. Desjardins' Pharmacy.

OPERATIONS SUSPENDED.

Breakdown of Compressor Causes Cessation of Work at Michigan.

Operations at the Michigan gold mine have been at a standstill for some days past, due to a breakdown of the air compressor. The machinery is being repaired and it will be some time before it will be in condition for use. It was necessary to send the greater part of the machine to Marquette for an overhauling.

D. D. Townsend, superintendent at the mine, was in the city yesterday. He stated to The Mining Journal that the showing at the property is encouraging, and that operations will be continued uninterruptedly after the machinery is again in position. Next summer the houses at the mine, which are not in the best of condition for winter use, will be given attention. It is also possible that a few new houses will be erected.

Elsewhere in this issue Mr. Townsend advertises for bids for sinking a shaft, 4 1/2 by 6 1/2 feet in size, 100 feet in depth. Miners figuring on the work can correspond with the company direct or see Mr. Townsend at the mine.

TRAIN WILL STOP.

Michigan and Humboldt People Can See "The Silver Slipper" Sunday.

The South Shore officials have announced that the night train, leaving Ishpeming at 11:25, will stop at Humboldt and Michigan for the accommodation of those who take in the production of "The Silver Slipper" at the Ishpeming theater Sunday night. It is expected that a large delegation will be down. A special rate of fare will also be granted for the round trip.

Inasmuch as a few Ishpeming people do not seem to understand that the range of prices for "The Silver Slipper" is about the same in all the theaters in the upper peninsula, attention is called to a comparison which can be made by examining the theater advertisements appearing in The Mining Journal for the Marquette and Ishpeming houses. There is a difference of fifty cents per seat in favor of the Ishpeming house in the prices asked for box seats. In many places in the rows in the balcony, while at the houses in this county the entire balcony is selling at \$1.

There are people who seem to think they will not be able to secure seats at the sale starting Saturday morning. There will be ample seats for all, in spite of the fact that orders from out-of-town patrons will be filled, except where they are in excess of the number of seats allotted to them in any part of the theater. The division is made with a view to satisfying local patrons as well as those coming from outside.

A SUPERB PRODUCTION.

John C. Fisher, proprietor and producer of "Florodora" and "The Silver Slipper," does not believe in the old theory "letting well enough alone," and since the first production of both of these pieces he has been constantly putting in fresh songs and new comedy scenes of the most striking and vivid quality. With "The Silver Slipper" he has built up a show which in addition to being altogether superb from a spectacular point of view, fairly bristles with hilarity and melody to the end.

WILL MOVE TO HIBBING.

Mrs. D. P. Householder will leave here next week for Hibbing, Minn., to join her husband, who is employed as book-keeper in the office of Drake, Stratton & Co. The dwelling the family has occupied on West Barnum street has been rented to F. P. Needham, who will move there from his present home in about two weeks. Mrs. Householder's parents, Mr. and Mrs. J. M. Vickers, are living at Hibbing. Mr. Vickers is master mechanic for the Drake-Stratton company.

LECTURES AT HIGH SCHOOL.

Dr. Winship, editor of the Boston School Journal, will inspect the Ishpeming schools next Monday. In the afternoon at 4 o'clock and evening at eight he will lecture in the auditorium of the high school. His subject in the afternoon will be "New England Poets." An admission fee of twenty-five cents will be charged for each lecture. Dr. Winship has a national reputation as a lecturer.

TO CURE GRIP IN TWO DAYS.

Laxative Bromo Quinine removes the cause. To get the genuine, call for the full name. 25c.

Fresh sea fish of all kinds just received at Aug. Hendrickson's meat market, corner Cleveland avenue and Third street. (1-9-1w)

PNEUMONIA AND LA GRIPE. Coughs cured quickly by Foley's Honey and Tar. Refuse substitutes. Desjardins' Pharmacy.

BOYS' SKI CONTESTS.

Local Club Has Postponed the Races Until Saturday of Next Week.

About fifty boys are training for the ski contests to be pulled off under the direction of the Ishpeming Ski club. The date of the most has been changed from Saturday of this week to next Saturday, the 23rd.

There will be two contests, each for boys of different ages and sizes. Last year thirty-five boys participated and the most was one of the most enjoyable ever held in the city. This year there will be at least fifteen, and perhaps twenty-five, more contestants. Entries are to be made with Carl Tellefsen, Erick Hoysoth or Thomas Lokken, the latter at the Lake Superior Iron company's laboratory.

At the regular meeting of the club next Wednesday evening the hill where the contests occur will be determined. The prizes will be decided on and the judges and other officials named.

The members of the club will go out for a tramp Sunday morning. At this time the various hills will be inspected and a report made at the meeting Wednesday.

It is understood that there will be a man's tournament on Washington's birthday. The event will be made more interesting by offering extra good prizes. Trophies of greater value than any given in some years will be hung up. The club has some fine jumpers this season and it will be surprising if new records are not made.

ISHPERING IN BRIEF.

The Recreation club will give a hop tomorrow evening at the Anderson Hall. A number of improvements are being made at Hadden-Rodee's brokerage office in the Jenks block.

J. A. Kingstedt, manager of the Finnish Co-operative store at Republic, transacted business in the city yesterday.

The Ishpeming fire department responded to an alarm from South Pine street yesterday morning. A chimney fire was responsible for the excitement. No damage resulted.

The funeral of the late Thomas Trembitick was held yesterday afternoon from the Methodist church. Members of the Red Men's lodge and of Court Pride of the Foresters were in line.

Richard Moyle of Calumet arrived in the city yesterday. From here he goes to Chicago to transact business with the Baldwin Piano company. Mr. Moyle formerly lived in Ishpeming. He is a well-known tenor singer.

The theater box office telephone will be out of commission tomorrow morning during the first hour of the sale of tickets for "The Silver Slipper." This will be from 10 to 11 o'clock. The new order of things is to avoid loss of time in selling seats applied for at the window. After 11 o'clock telephone orders will be received.

Carl Tellefsen was among the Ishpeming men who witnessed the hockey game at Houghton Wednesday evening. He says it was very exciting sport and he enjoyed every minute of the match. Others who went from this county were delighted with the contest and most of them will hereafter see hockey whenever it is convenient for them to do so.

J. J. Kerr will play with the Negaunee indoor baseball team at Manistique tonight and tomorrow night. Mr. Kerr is the twirler for the local city team, which was defeated, 16 to 15, Wednesday evening by the Negaunee nine.

BIDS WANTED.

Bids wanted for sinking shaft at the Michigan gold mine; size 4 1/2 x 6 1/2 x 100 feet. Correspond with company direct or with superintendent at mine. Tri-Bullion Smelting & Development company, 307 Fort Dearborn building, Chicago, Ill.

D. D. TOWNSEND, Supt. at Mine. Ishpeming, Mich., Jan. 14, 1904. (1-15-3d)

RECOVERED SPEECH AND HEARING.

Messrs. Ely Bros.—I commenced using your Cream Balm about two years ago for catarrh. My voice was somewhat thick and my hearing was dull. My hearing has been fully restored and my speech has become quite clear. I am a teacher in our town.

L. G. BROWN, Granger, O.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts. or mailed by Ely Brothers, 56 Warren St., New York.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

Stafford Drug Co., Desjardins' Pharmacy, People's Drug Store. (11-2-6m)

Iron Notes

The American Steel & Wire company has announced an advance of five cents per 100 pounds on all its wire product including wire nails and wire fencing, to take effect at once. This advance has been expected ever since the decline of December.

W. J. Turner, of Vulean, is very persistent in exploring the old Perkins property near Norway, and a fair-sized crew of men is at work. At present the most important work is sinking in the east end of the old openings. The miners are confident of success.

The Illinois Steel company, subsidiary to United States Steel, has secured from McKenzie and Mann of Toronto, a contract for 25,000 tons of standard steel rails for the Canadian Northern railway. The price was \$26 per ton delivered at Port Arthur.

Work at the Pike mine, at Wakefield, is progressing well, a force of thirty men being employed. The new skip road is in. The shaft has reached a depth of about 575 feet and will soon be to the depth where the second level will be opened. Captain Johnson is superintending the work.

The new steel shafthouse at No. 5 shaft at the Aragon mine at Norway went into commission last week. This, says the Current, is the largest and most expensive structure of its kind on the Menominee range and required about 150 tons of steel in its construction. Underground, at the ninth level, a diamond drill has been installed. Considerable drilling in various directions will be done.

Iron and steel export orders for the new year are estimated at 25 per cent above those of December, which in turn were about 25 per cent better than export orders in November. In fact it is conservative to say that new year exports of iron and steel will be at least 75 per cent better than in October, 1903, and the prospects for improvement are considered good. The United States Steel corporation sent abroad from its Carnegie plants in December, 3,256 tons new rails.

Work has been resumed on the property of Messrs. E. S. Coe and G. Walt Youngs on Section 12 adjoining the Baltic mine. This property was optioned from the McKinnon and others by Messrs. Coe and Youngs last fall and they immediately set at work exploring and found a number of test pits and found a ledge of mixed ore. A large number of pits were put down but none of them carried to any depth. Mr. Youngs says that the work now will be the sinking of a shaft to determine what lies at a depth.—Crystal Falls Drill.

A New York dispatch says: Prominent steel men admit that the present strained relations between producers and consumers of steel rails are responsible for the waiting attitude and the listlessness of the general market. If the United States Steel corporation and its associates in the steel rail pool would reduce the price of rails from \$28 to \$24 per ton, it is asserted, there would come at once a general revival in which the total volume would more than compensate for the decreased price. Through reductions in wages and other economies, the rail makers have cut the cost of rails per ton at the mills below \$14 while the consumers are still paying \$28 per ton.

Common stockholders of the United States Steel corporation have started a movement to compel the directors to pay a dividend on their stock. The dividend has just been passed, although the corporation has a surplus of nearly \$100,000,000. Henry M. Heyman, a lawyer of 116 Nassau street, New York, is at the head of the movement. Twenty common stockholders, representing 53,000 shares of the stock, met in his office and organized for the fight. A general invitation was extended for all common stockholders to join the movement. Isador Stein of New York, who says he owns 5,000 shares which he bought above thirty, is the prime mover in the enterprise.

In the vicinity of this city there are four mines working, says the Crystal Falls Drill, the Bristol, Mansfield, Dunn and Tobin. The Crystal Falls, Tobin and Bristol are working harder than ever. The Mansfield is operating with a greatly reduced force and the Dunn is sinking shaft, only. The Tobin and Crystal Falls are properties of the Corrigan-McKinney company and contain a grade of ore that finds a ready sale on the market. The Tobin was the only mine in the district that cleaned up its stockpile last season. The Bristol had half of its last winter's output remaining while the Mansfield shipped hardly any of its stockpile ore. The Mansfield is not being worked hard, and has not been so worked for nearly two years owing to the necessity of sinking the long hanging wall shaft, the finishing touches of which are now being put upon the last lift of it. When this shaft

One-Half Off On Remnants

All Heavy Wool Dress Goods 20 Per Cent off for Cash.

J. SELLWOOD & CO.

is completed there will still remain considerable to do in the way of erecting the shafthouse, putting in the skip-road, etc. It is likely that the summer will be consumed with this work, it being very doubtful if the property will be operated to its full capacity with the iron market in its present condition. The Bristol made a phenomenal record last year and from present appearances will duplicate it this year. The Tobin, it is understood, has its output taken care of, as has also the Crystal Falls, so that their continued activity on a large scale may be looked for.

A STATEMENT We're Proud to Make

1000 retail druggists who are the leaders of the drug trade of the United States, and that means the world, and who are rated by Bradstreet and Dun at \$20,000,000 and whose retail business aggregates over \$70,000,000 annual sales, have agreed to give their name, financial backing and endorsement to the guarantee that Rexall Mucu-Tone will cure any disease or trouble arising from Catarrh or they will refund the money.

We are proud of our connection with the Rexall Remedies, particularly so of Mucu-Tone.

Why? Because a remedy must be something out of the ordinary that will get our backing. It's not all profit that leads us and our 1,000 associates into endorsing this remedy. It is our years of experience with medicines and our knowledge of them that teaches us that

REXALL MUCU-TONE

is a bona-fide discovery for the cure of all ailments due to Catarrhal affections. We know that it is not a cure-all, but a remedy built on scientific lines—not a patent medicine—each one of the 1,000 druggists knows its formula and its value. It has one great additional value besides curing constitutional Catarrh—that is as a system builder. No such tonic was ever before designed for the curing of inflammation of the mucous membrane—nor can it be improved on in the present age.

Just stop and reason with yourself for one minute—we are doing business right here in your midst—could we afford to offer our name and endorsement to Mucu-Tone as we do if we did not know that it is an honest medicine? Can we afford to agree—as we hereby do—that we will refund you every penny you pay us for the medicine if it does not benefit you?

All we ask is your word and the empty bottle and we'll give your money back. No signed certificate. We believe the public, especially the sick, are honest—and we hope that they believe we are honest also. If they do, certainly every sick person who suffers from any of the following ailments should take advantage of our offer to-day.

Rexall Mucu-Tone cures:

CATARRH OF THE NOSE

Symptoms:—Chilliness, lassitude, feverishness and a tight sensation and fullness in the head, obstructing the nasal passages. At first there is a watery discharge, but later this becomes thick, yellow and tenacious, constantly dripping into the throat.

If neglected ulceration and decay of the cartilage and bones occur, often perforating the palate. Headache, foul breath, weak and watery eyes, inability to think connectedly, and loss of memory are further symptoms.

CATARRH OF THE THROAT

Symptoms:—First, an irritation and sensation of heat and dryness, with a constant hacking; later, copious expectoration of phlegm, throat sore, breathing difficult, and voice affected.

CATARRH OF THE STOMACH

Symptoms:—Sufferer is weak, dizzy, emaciated, hollow-cheeked, dull-eyed, restless and nervous; his sleep is troubled, he has bad dreams; is despondent and fearful of impending calamity; has dull, grinding or sharp shooting pains in side or stomach; suffers nausea after eating, is short of breath, and has a hot, bitter fluid rising in throat.

CATARRH OF THE INTESTINES

Symptoms:—Constant dull, grinding pain in the bowels and a weakening diarrhea, consisting largely of watery excretions with floating strips of detached bowel membrane, which later develops into bloody flux. Emaciation, inability to extract nourishment from food, nervousness and sleeplessness.

CATARRH OF THE LIVER AND KIDNEYS

Symptoms:—Skin drawn and yellow. Sight blurred with black specks floating on field of vision. Sufferer feels weak and dizzy. Rising suddenly after stooping causes everything to turn dark. A dull pain in the small of the back which gradually uses up all vitality, leaving the victim trembling and exhausted. Also a constant desire to urinate.

CATARRH OF THE BLADDER

Symptoms:—Sharp pains in the lower abdomen and a loss of control of the urine. Constant desire to urinate, with intense pain as water touches the sore membranes. As a result, the victim is continually straining and is soon brought to a state of nervous collapse. Face drawn and pallid, eyes dull, palms of hands and feet damp and clammy.

PELVIC CATARRH

Symptoms:—A constant leucorrhoea, exhausting and often offensive, accompanied by dragging pain in the back and hips, lower abdomen and thighs. Stomach disturbances and skin eruptions, sick headache and dizziness. Trouble is accompanied by female irregularities, constipation and a disordered stomach.

BROKEN-DOWN SYSTEM

Symptoms:—The symptoms preceding physical and mental collapse are loss of weight and strength, pallor, palpitation of the heart, shortness of breath, nervousness, despondency and unrestfulness; lassitude and dullness; lack of energy and inability to concentrate powers; irregular appetite and bowels; dyspepsia and headache.

You may not believe what is printed above, but we do, and if you buy Rexall Mucu-Tone or any other Rexall Remedy and find we are wrong we will give you back your money as cheerfully as we took it. If you know of any better way for us to show our endorsement of Rexall Remedies, tell us, and we'll gladly adopt it.

STAFFORD DRUG CO.

Negaunee Department

THE CITY MOURNS.

Triple Fatality at the Lillie the Worst in the Mine's History.

The death of the three men at the Lillie mine Wednesday afternoon cast a gloom over the entire community. The occurrence was second only to the horror of the Negaunee mine two years ago this month, when the lives of ten workmen were crushed out by a cave-in.

It was admitted by all who discussed the fatality yesterday that the men took a big chance in riding in the bottom of the timber skip, when the door was liable to drop out. The bottom is fastened in a way that makes it more liable to open when the weight is light than when it is heavy. With the skip full of timber and the door passing tightly against the bar fastened to the catches, there is very little danger of the bottom dropping, as the weight holds it in position.

Two other men, one Foreman William Abbott, were on the coal of the skip. Had they been in the bottom with the three victims they too would have dropped away.

Corner Wm. Prin empaneled a jury Wednesday afternoon, and all went out to the mine where they examined the skip and viewed the bodies of the victims. The inquest will be held later. The jury is composed of William Tippet, William Verran, Michael Curley, Edward Price, Daniel Shea and Frank Anderson.

The remains of Anthony Richards and James Dunstone were prepared for burial at J. W. Elliott's undertaking rooms. Belso's remains were taken from the mine to his boarding house at the Cambria location.

Each of the three men had many friends in Negaunee. As stated in yesterday's paper Richards was the best known. Indeed he was very well known in all the cities of the county. He was a bright man and a good speaker. Mr. Richards was head timberman at the Lillie.

The death of young Dunstone will be keenly felt by his people. He was the only support of his mother, several children and a sick father. He has not been able to work lately. His age was twenty-two years. He had been working since he was seventeen years old.

Belso was well known among the Italians of the city. He was at the head of the local Italian society, under direction of which the funeral will be held. He had resided in Negaunee three years. His age was twenty-seven years.

Richards and Dunstone held insurance policies in the New Era society, the former for \$2,000 and the latter for \$1,000. Both were members of another society, but left it and joined the New Era soon after the latter's lodge was instituted here.

ELECTRICAL MEN HERE.

No less than six representatives of electric machinery concerns were here yesterday, looking for the contract to supply the city with the apparatus for the municipal plant. The sextet and the firms they represent are: Locke Etheridge, Stanley Electric company; W. D. McDonald, Westinghouse Electric company; John T. Burk, Ernest Tillman company; Charles S. Thompson and J. H. Sanders, Central Electric company; D. D. Crowley, Bullock Electric Manufacturing company. The committee named to look over the bids went into session last evening at 5 o'clock, remaining at work until after midnight.

AL BOHRER RESIGNS.

Al Bohrer, pharmacist at the Kirkwood pharmacy, has tendered his resignation to take effect Saturday evening of this week. Mr. Bohrer has been in ill health for some months, and his physician has advised him to rest for a few weeks. Then he engaged in outside work. Mr. and Mrs. Bohrer will look up their home here and go to the woods early next week. They have a place about ten miles out from Champion, where they intend to spend several weeks, perhaps the rest of the winter.

LOCAL LACONICS.

The new arrival at A. F. Maitland's home is a son, not a daughter, as stated yesterday.

Mr. and Mrs. Charles Peterson of Grand avenue are happy over the advent of twins—boy and girl—at their home.

Frank O. Rockwell left Wednesday night for Duluth, where he will transact business before returning to his home at Fargo, N. D.

The members of the Dinner club were entertained Wednesday evening at the home of T. C. Yates. H. W. Carter carried off the first prize in the card games.

The leap year party to be given to-night at Cyr's hall promises to be a most pleasant function. Most of the ladies have notified their gentlemen friends to await their arrival with a hack.

John Moll, who has been ill and confined to his home the greater part of the winter, expects to begin work next week. Other members of his family who went through a siege of typhoid fever are getting along nicely.

Dr. Youngquist of Escanaba spent yesterday in Negaunee. He came up to assist Dr. J. H. Hudson with a surgical operation to remove a valve from the kidney, whose illness was mentioned yesterday.

The funerals of the late Anthony Richards and James Dunstone will take place Sunday afternoon at 2 o'clock from the Mitchell Methodist church. The Sons of St. George society will have charge of the obsequies. The funeral of Anthony Belso will be held Saturday morning at 9 o'clock from St. Paul's church. The local Italian society will attend in a body.

The Negaunee and Ishpeming baseball teams played an interesting game at Adelphi rink Wednesday evening. The score at the end of the contest was 16 to 15, in favor of the Negaunee team. The featured pitcher was the pitcher of D. Scanlon for Negaunee and J. J. R. for Ishpeming. The local team leaves this afternoon at 2:20 o'clock for Manistiquie, where two games will be played, one this evening and the other tomorrow night.

TRIED THE FIRE DRILL.

Over Six Hundred Children Left Case Street School in 3 1-2 Minutes.

Fire drills were tried Wednesday at the Case and Park street schools. The gong was sounded without warning to either teachers or pupils. In just three and one-half minutes every person was out of the Case street building. All put on their rubbers and wraps. There are in the neighborhood of six hundred children attending that school. At the Park street building just one and one-half minutes were consumed in dismissing the two hundred children.

The fire drills were introduced some years ago by ex-Superintendent F. D. Davis. About four years ago the Case street building took fire. Every child in the school was in the yard before they knew the building was burning.

SAW THE HOCKEY GAME.

The Negaunee men who went to Houghton to see the Portage Lake-Soo hockey game Wednesday night were delighted with the contest. Some of them had never seen hockey before. The Negaunee delegation consisted of Will Adams, Dr. Sheldon, John McCall, N. G. Begle, C. H. Baxter, J. Burnett, Mark Elliott, P. Levine, Keith Maitland and A. Rough. Most of them came home on the early train yesterday morning.

SILENT SALUTE TO THE JAPS.

They Are Never Noisy When They Meet the Mikado.

At the recent grand review of the Japanese fleet, when the mikado's launch went by, the civilians removed their top hats and the officers stood saluting in absolute silence. In the same profound silence his majesty was received on board the Asama, lined along the sides with motionless men. There was something much more impressive about this than the most enthusiastic cheering would have been. It is considered more respectful by the Japanese.

Only once was he greeted otherwise, which was considered quite an occasion. That was on the occasion of his entry after the victorious war with China, when the enthusiasm and loyalty of the people burst forth into an ovation such as few monarchs have ever received.

As he stepped on board the royal standard was floated from the mizzen mast—a great crimson flag, with the chrysanthemum in gold. Precisely at 9:30 o'clock the Asama began to move in the direction of the fleet, and then all the assembled ships, including those of foreign monarchies, fired a royal salute simultaneously.

The Mayako and Chiaya took up their places behind the Asama, which slowly and deliberately steamed down between the lines. She passed between the Japanese admiral's flagship at the head of the line and his majesty's ship Glory, the flagship of the British admiral, which, respectively, headed the lines of Japanese and foreign vessels. The emperor was greeted with three British cheers as he passed, and as the Japanese have taken the British navy as their model, each of the ships replied with three cheers to the words "Ho hai!" (honorably salute).

Including the foreign ships there were four lines; the tonnage of the Japanese amounted to 220,000 tons. The emperor passed down between the first and second and returned between the third and fourth lines. The Chen Yuen, captured from the Chinese, was at the end of the second line—a fine war trophy for that young fleet. Passing through these lines of grim death machines one was struck with the thought of the wonderful things these people had accomplished in thirty years.

What a retrospect might pass through the mind of that man on the bridge of the Asama! Marquis Ito stood behind him to whom more than any other that fleet owed its existence. It was a proud day for him and for those who had labored with him in the great revolution, or reformation—Sydney Town and Country Journal.

OLD LONDON STREET CRIES.

Household Articles of All Kinds Appear To Be Hawked About.

The protest against street noises is becoming so general and urgent that probably to the next generation of Londoners street cries will be matter of history.

To those of our forefathers afflicted with sensitive nerves London must have been a city of perpetual torture. "There is nothing which more astonishes a foreigner or frightens a country squire than the cries of London," wrote Addison in the Spectator. Those old London street vendors had musical ears and voices, however, unlike the modern street hawkers. Among the long list of cries were to be found the following:

New laid eggs, six a groat. Crack 'em and try 'em.

Any tripe, or neat's foot, or calf's foot, or trotters, ho! Heart, liver, or lights.

Buy any wax or wafers, or fine writing ink.

Lily white vinegar.

Good fresh sausage.

Four pairs for a shilling, good Holland socks.

Any corns to pick.

Any work for the copper.

Any wood to cleave.

Any hats or caps to dress.

New River water.

Every household article seems to have been hawked about. There were vendors of wheat, starch, toasting irons, candlesticks, shoes, garters, figs, tape, buttons, hat cases, cookies, herrings, mackerel, coal, etc. And then there was the watchman, who cried the time every half hour, from light to 6 o'clock in March, and for longer or shorter periods according to the season:

Maiden in your smokes.

Look well to your looks.

Your fire, and your light.

And God give you good-night.

At One o'clock.

WOMEN IN STREET CARS.

A Playful Critic Takes Up the Cudgels in Their Behalf.

It has been suggested that the difficult rapid transit problem in New York would be considerably simplified if women were prohibited from riding in the street cars. In support of this idea it is averred that many women need more outdoor exercise than they get at present, and would profit appreciably by walking more than they do. It is further asserted that they take up more room per fare than men do, that they are deficient in agility, and cannot jump on and off cars as quickly as men can, that they do not "move up forward" as they should, but tend to crowd about the doors of a car when it is full and make it needlessly hard to get in and out. Complaint is also made that they are more prone, and more apt, when traveling in couples, to dispute tediously as to who shall pay. The feeling of the complainants is that the women in the street cars don't have their wits about them as they should, and that their defects of conduct impair the comfort of the men, and hinder them from getting somewhere else in the best possible time. The complainants feel sure that this simple expedient of constraining women to walk would immediately bring greater relief to the patrons of our rapid transit system than will be brought by the tunnel, or any other remedy in sight or in mind.

Maybe so, but still we cannot support this suggestion. In the first place, only a small portion of the women patrons of the Interborough Railway company, and especially of the elevated roads, ride in the rush hours. The most crowded trains are crowded chiefly by men going down town in the morning and back at night, and vast quantities of women are carried in the shopping hours when their presence in the cars is inconvenient mostly to themselves and one another.

Moreover, though many women are not perfect street car passengers, there are some highly objectionable faults from which they are free. They don't bring lighted cigars into cars, and they don't mass themselves on the rear platform (with or without cigars), and make ingress or egress a disgusting struggle. The worst faults in street car manners are faults of men. Moreover, though some women need more exercise, very many women need the discipline of street car locomotion. To ride on street cars in New York stimulates their command of their own wits, and trains them incessantly in decision, promptness and presence of mind. Besides that, with all their faults they are interesting company—more interesting than the frieze of advertisements, and also, as a rule, more decorative. We do not favor their exclusion from the public conveyances—Life.

IDEA OF RACING CIRCUIT IN FAVOR

ONE OF AT LEAST SIX TOWNS COULD BE ORGANIZED WITHOUT ANY DIFFICULTY.

PROJECT BEING CONSIDERED

IT IS APPROVED OF BY MOST UPPER PENINSULA HORSEMEN.

Was Expected That the Matter Would Be Broached at the Agricultural Meeting, but It Was Allowed to Go by Default.

The project of a Northern Michigan racing circuit has again been broached by Marquette horsemen. It was thought that it might be brought up and acted on at the annual session of the Marquette County Agricultural society, but it was allowed to go by default. Anything done now will have to be accomplished through the medium of a special meeting, but it is not unlikely that such a meeting will be held before long. There are many arguments in favor of the proposed circuit; none of any consequence against it.

There are at least six towns where there is now more or less racing that might conveniently be included in a circuit. These are Marinette, Wis., Menominee, Escanaba, the Soo, Marquette and Hancock. In each of these places there is a good track, and one or more meets, with good purses offered, are held each year.

If each of these six cities endorsed the scheme there would be a six town circuit, and one that could be followed by the horsemen at comparatively reasonable expense. It could be arranged to have the circuit racing open at Marinette. The next week could be spent across the river, at Menominee, with no expense for transportation. The jump to Escanaba for the third week would not be unreasonable, and from Escanaba the Soo could be reached by the Soo line. From the Soo to Marquette water transportation could be secured, and this might also be the case between Marquette and Hancock. It is readily seen that horsemen could well afford to take a nice string of racers over this circuit, as, in all, upwards of \$10,000 would be hung up in purses.

Other Possible Tracks. In addition to the tracks mentioned above, there is one at Union Park, between Ishpeming and Negaunee. It has not been used in recent years, as the racing game has been dead in the western end of the county. However, it is not impossible that the organization of a circuit would bring the Ishpeming and Negaunee horsemen to life again. No impossible expense would be necessary to put the Union Park track in condition. The Mining Journal is informed by a Marquette horseman that a track may be provided at Ontonagon. With Union Park and Ontonagon tracks there would be eight towns that might be interested in forming a circuit. An eight town circuit would be as practical as one of six, and it might prove even more desirable.

It is suggested that a week be allowed for each town in the circuit, thus giving the horsemen plenty of time to ship their racers and to condition them on the tracks where they were next to be driven. The usual meet in this region is of three days duration. Marquette men cognizant with the situation express not the slightest doubt that a good string of horses would be brought to an upper peninsula circuit. They are of the belief that racers would be sent in from lower Michigan and from Wisconsin. The lack of an adequate number of horses has always been the thing that has most operated against the success of upper peninsula races. The distances are so great that owners see no possibility of making money by shipping their horses in for single meets, and in the past the dates of meets in different cities have been so far apart that it has been impracticable to hold the horses over from one to the other.

There is much sentiment in each of the cities where tracks are now found in favor of the proposed circuit. Horsemen are a unit in asserting that it would be a good thing and that it would result in more and better racing than the upper peninsula has seen in many years. All that has been needed for some time past to secure the circuit has been someone to take the initiative. The others have been ready to fall into line from the first word. Marquette men interested in the sport think that

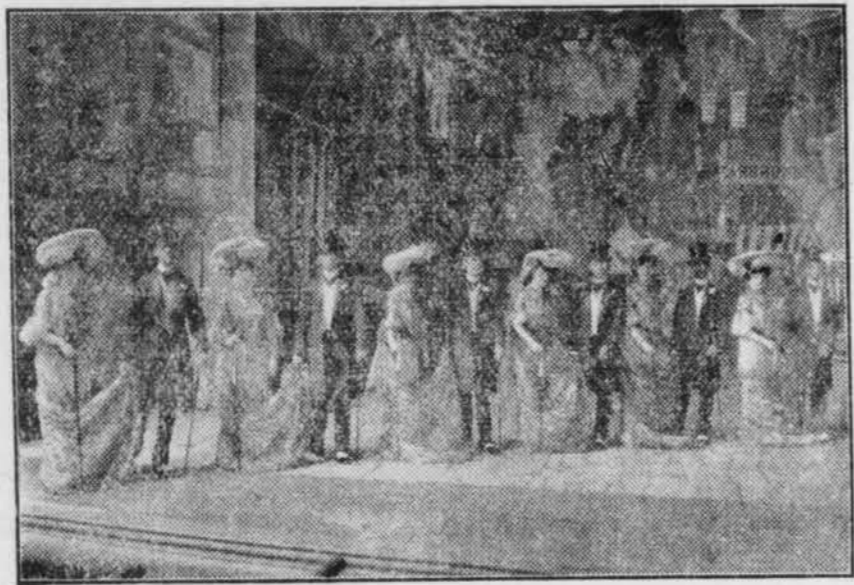

it is about time that someone makes a break, and unless the horsemen of some other city step out very soon they may themselves decide to get the preliminaries under way.

HELD TO CIRCUIT COURT.

James Smith Arrested for Attempted Robbery from the Person.

James Smith was yesterday arrested on the complaint of Oscar Johnson for attempted robbery from the person. He was brought before Judge Byrne, and waived examination, being held to the circuit court on \$300 bonds. Smith is a young fellow of about eighteen years who has been about town for a long time. He is a large and bulky youth, otherwise he might not have been so free with Johnson. The latter is a good natured, generous fellow who blew down from Big Bay with his pockets full of money, after a hard pull of work in the woods, and whose ambition on striking town seemed to be to give everyone a good time and paint a small section of the community a lurid red. He was about this task all Wednesday evening. He was prodigal with his money, and bought treats at different resorts right and left for anyone and everyone who would drink with him, and, as usual under the circumstances, he did not lack for company. In the course of his lively evening he ran afoul of Smith, who was nothing loath to make one of the jolly company and enjoy Johnson's liberal treating. Along after midnight the pair brought up at a restaurant, where a supper was ordered, Johnson footing the bill. He presented the waiter with a five dollar note. When the waiter returned with the change, Smith asked him why he did not keep it, saying at the same time that Johnson had some more that he intended to get.

Finally the pair lurched out of the place, Smith proposing to put Johnson to bed. The waiter didn't want to let them go, but they were bound to pike off together. An officer was acquainted with the circumstances. Smith did not take Johnson to the place where he had hired a room, but off in another direction, where the officer finally came upon him while he was choking his companion.

The Famous Sextette "Come Little Girl" in "The Silver Slipper."

at the same time exploring his pockets in search of money. Smith was at once arrested and taken to the lockup. Johnson made complaint yesterday. The evidence is very clear, and Smith seems to stand an excellent chance of serving a little time for his escapade. It is said that he was somewhat under the influence of liquor. His predicament should be a warning to other young men who meddle with trouble. The justices have about come to a decision that it is time to make it as warm as possible for all this class of offenders who are brought before them.

BURGLAR PROOF SAFE.

One of Unique Design Installed by the Marquette National.

Callers at the Marquette National bank during the past few days have had their attention called to a new Hibbard-Rodman-Ely manganese steel mob and burglar proof bank safe, with a capacity of seven cubic feet, just installed. It is rather peculiar in appearance, with rounded corners, bulge door and a number of powerful levers on its front. It looks like a tough proposition for the burglar, and the manufacturers guarantee that it is.

The material, manganese steel, is so hard that burglars cannot possible drill it, which, it is claimed, cannot be said of any other steel in use in safe or vault construction. Not only are steel drills powerless to make impression on the manganese steel, but it will also resist attacks by diamond drills, before which all other safe and vault materials are forced to give way. Another strong point with manganese steel is the fact that it is not brittle, an objection urged against chilled iron and chrome steel used in most safe construction. Were it possible to penetrate the manganese steel safe its toughness would be great enough to resist the force of the most powerful explosion.

The peculiarity of the design of the Hibbard-Rodman-Ely safe has already been referred to. It is built of only two pieces of metal, the main body of the safe and the door. The latter, which is circular, is ground into the former to a valve tight joint, precluding the possibility of introducing any explosives. The body and door are securely held together when the safe is locked by wedge bolts, which make the two practically one. It may be remarked that in the construction of the Hibbard-Rodman-Ely safe it is necessary

to grind the material, as there are no tools hard enough to machine it.

This new manganese steel safe has been tested "under fire" and has responded in a manner leaving nothing to be asked. On the night of Nov. 10, 1901, for instance, the First National bank at Smithton, Pa., was entered. The burglars had no difficulty in getting into the vault, but the Hibbard-Rodman-Ely safe was too much for them, and they left without making any impression on it. The United States government sent a manganese safe to the Paris exposition, having previously tested it in an exhaustive manner, and used it for the storage of its gold quartz exhibit, valued at \$150,000. The company entered this safe for award and made challenges for competitive tests, which were, however, unanswered. The United States government likewise used one of the Hibbard-Rodman-Ely safes at the Buffalo exposition, also for the protection of its quartz exhibit. The Marquette National will use the manganese steel safe within its vault, to hold its currency. The officials express their entire confidence in its ability to resist all attacks of burglars.

A TALENTED WOMAN.

Is Miss Virginia Palmer, in "The Silver Slipper" Cast.

In the cast of "The Silver Slipper" at the opera house Saturday night, there is a singer who plays the Cockney part, Belle Jimper, who has been identified with many of the foremost opera organizations in this country. She is Miss Virginia Palmer, who was for a number of seasons a prima donna with the Francis Wilson Opera companies and several of the New York Casino presentations. She created the role of Dolores in the last opera ever written by the late Richard Stahl, "The Sea King." She was succeeded by Miss Esther Paliser, who for the past decade has been the prima donna of the London Savoy theater, and has not been seen here for some years.

Her performance of the English maid with the Cockney dialect is not only amusing but unique, and her scenes

with Snitz Edwards and Fred Russell are ludicrous in the extreme. In the last act of "The Silver Slipper," in the ball room scene, when she makes her appearance as Lady Gainsborough, the transition from maid to lady of royalty is truly remarkable, and her singing of the song "Clash," supported by the orchestra, is a masterpiece of spontaneous enthusiasm. Miss Palmer played this character in the original English production.

HUTCHINSON BADLY WRECKED.

It Is a Marvel That She Was Ever Taken Through to Buffalo.

The steamer J. T. Hutchinson, which was wrecked on a reef near Eagle River in the latter part of November, being finally released, is in bad condition. She called at this port, where she was at the dock for a few days for weather, on her way down the lakes, and after leaving here she had to fight for every mile of the long trip to Buffalo, her course being followed with great interest and much anxiety all along the great lakes. It took three weeks from the time the craft was floated off the reef to get her to Buffalo, she being turned over to the underwriters as soon as she went aground. She arrived at Buffalo December 21, but was docked for the first time Saturday, when examination disclosed that she is the worst wrecked steamer that has ever been placed in drydock on the great lakes.

Mr. Robert Logan, assistant general manager of the American Shipbuilding Co., who made an examination of the steamer, estimates that it will cost \$100,000 or \$115,000 to repair her. The wrecking bill will be between \$30,000 and \$40,000. So that the loss, aside from the cargo of flaxseed, about half of which was lost or damaged, will be about \$150,000.

The wonder is how the wrecked steamer ever reached Buffalo. Capt. Charles L. Hutchinson, managing owner of the boat, who is in Buffalo, said that she has a hole in one side, amidships, eighty feet long, and that her bottom for that distance is pushed up five feet. It has not been decided what will be done with the wrecked steamer.

When the Hutchinson went ashore she was abandoned to the underwriters by the owners, and they have had charge of her ever since. The Hutchinson was valued at \$210,000 and was insured for her full value in seventeen different companies. The wrecked

steamer is the property of the underwriters. She may be sold in her present condition or a settlement may be made with her old owners. To take the latter course the underwriters will have to put the boat in as good shape as she was before she stranded and give Hutchinson & Co. a clean bill of sale for the ship. It is understood that some parties are willing to pay \$75,000 for the wrecked steamer.

The work of repairing the steamer will be a big job, and unless a start is made soon it will not be completed by the opening of navigation. The wrecked boat was docked ahead of her turn. A large number of vessels are booked to be placed in the Buffalo drydock ahead of the Hutchinson, and if she has to wait for her turn she may be brought to Detroit in the spring for repairs. It will all depend however, on what action is taken by the underwriters.

This will be the biggest repair job that the lake shipbuilders ever tackled. Repairs on the steamer Harlem, which spent a winter on the rock of Lake Superior, cost \$93,000, and that was the record for repair work.

City Brevities

Weather forecast: Colder; probably snow.

Yesterday's temperature: Seven a. m., 20 degrees; noon, 18; 7 p. m., 7. Maximum, 20 degrees; minimum, 13.

The Royal Arcanum will install officers at its meeting this evening.

Born, to Mr. and Mrs. Norman McLean, 217 North Third street, a son.

Alexander Maitland and T. A. Thoren were Negaunee visitors here yesterday. The Young Men's Catholic society will give a card party this evening at Fraternity Hall.

The Presbyterian Ladies Aid society will meet in the church parlors this afternoon at 2 o'clock.

F. H. Vandenberg has returned from a trip to points in Wisconsin taken in the interest of his dairy business.

Members of the M. E. Ladies' Aid society will meet at the church at 10 o'clock this morning to participate in a quilting bee.

City Treasurer Eggers is issuing notices to people who have not yet settled their state and county taxes. He is in hopes that this course will bring many of them around before the roll is transferred to the county treasurer's hands.

The children's "Sunbeam" choir, organized to assist in the union meetings, will make its first appearance this evening at the Baptist church. It is composed of 150 voices. The meeting last night was conducted by Rev. J. M. Rogers. It was well attended.

The Elks had a double initiation last evening, receiving Arthur Riesen, of the Northern Construction company, and T. J. Maney. The ceremonies at the lodge hall were well attended. Following them the party adjourned to the club rooms in the opera house block, where an excellent supper was served, under the supervision of the club room committee. A. P. Swineford, of Ketchikan, Alaska, was the guest of honor. He responded to a request for a talk with a few words on Elklodm in Alaska, giving an adequate idea of the status of the order in that faraway possession. The new members and some of the older Elks were also heard from.

The seat sale for "The Silver Slipper" opened with a rush yesterday morning and by noon there were but a few tickets left. There were a large number of people in line when the tickets were first put on sale, and in a few minutes big holes had been made in the balcony and the \$1.50 seats in the parquet. The more reasonable seats were in the greater demand, but the divans, at \$4, also went well, and by noon there were few seats in this part of the house to be had. The success of the sale is indicative of a great interest in "The Silver Slipper," and it assures a house packed to the capacity Saturday night. The company arrives here Saturday morning, by special train from Hancock.

Manager Koepcke announces that seats laid aside at patrons' requests and now put on for will be held Saturday evening, when "The Silver Slipper" is the bill, only until 8 o'clock, after which hour they will be sold to those who may want them. This is to protect the management from losing the sale of any seats, which are in great demand. Upwards of fifty tickets were sold yesterday to outside patrons of the house, some being purchased as far away as Manistique. A number of Ishpeming and Negaunee people will be down to the performance. "The Silver Slipper" will be at Ishpeming Sunday night, and those who come to Marquette will be theatergoers who have conscientious scruples about witnessing the performance on the Sabbath.

Head aches, black rings under the eyes, dizzy spells, tired feeling, bad taste in the mouth, sour stomach, absolutely cured by Hollister's Rocky Mountain Tea. 35 cents. Stafford Drug Co.

Don't fail to secure a supply of Vandenberg's fresh creamery butter to-day. (1-15-1d)

Stafford's offers many good bargains in their 20 per cent off sale of china. (1-4-1d)

A REVOLUTION IN GAS LIGHTING. No match required to light the gas. A wonderful gas mantle called the "Ignito." See them in our office. 45c each. The Marquette Gas Light Co.

Accounts and Correspondence Invited.

Give Them a Start.

The New Year is here. This would be a good time to start your young folks on the road to SUCCESS.

Do you ask how? By having them open an account at THE MARQUETTE COUNTY SAVINGS BANK. In thus doing you encourage thrift, habits of economy and a thirst for knowledge of business affairs. We most gladly assist the young people in getting started.

One dollar opens an account

The Marquette County Savings Bank,

Marquette, Mich.

N. M. KAUFMAN, Pres., S. R. KAUFMAN, Vice-Pres., E. N. BREITING, 2d Vice-Pres.,
GEORGE BARNES, Cashier, W. B. M'COMBS, Asst Cashier.

SOUP TO DESSERT

IN the preparation of a dinner something requires chopping—sometimes more, sometimes less. Whether much or little, Sargent's Gem Food Chopper will prove useful—it chops all kinds of food, it chops fine, coarse or medium, as desired; it chops quickly and quietly—it's chopping powers are so far ahead of the chopping bowl and knife that there is no comparison. You should have the Gem in your kitchen because it is so useful; you will find it a time-saver, labor-saver and drudgery destroyer.

B. NEIDHART & CO.,
Front Street.
