No Japanese Reverses.

London, Feb. 18.-The Japanese legation here received an official dispatch from Tokio late tonight, saying that it | had been destroyed in any of the naval Spain is preparing for possibilities. engagements, and that all necessary repairs had already been made. The Japanese fleet, it is added, remains intact

that Japanese were driven from the neighborhood of Kin Chau, after a skirmish in which 150 Japanese were taken prisoners, and declares that the Japanese made no attempt to land at Pigeon bay, near Port Arthur. It says the Japanese forces have, up to the present, made no attempt to land at any point where they could come in contact with the Russians, and that consequently all reports of land actions and Japanese losses are

St. Petersburg Reports Fighting.

St. Petersburg, Feb. 18.-Official confirmation is made of a report that what is described as an attack on Port Arbay, but it failed because the Russian the utmost confusion prevailed. guns commanded that shore.

A Russian expert says that the Japanese evidently hoped the adjacent group of Eliott isles would cover this move-Chau, thus cutting off Port Arthur from Saigon, by way of Shanghai, each side of the Liao Tung peninsula.

Russians Released. "It surprises me," this expert continues, "that the Japanese should have made such a foolhardy attempt to face the Russians, as they must know from their spies how strongly the peninsula s mined and defended."

Russian Retreat Predicted.

London, Friday, Feb. 19.-It is be lieved both in London and on the continent that Viceroy Alexieff has decidabandoning Port Arthur, Vladivostock when the vessels were destroyed, and the whole of southern Manchuria to the Japanese, and that be is perhaps hoping that the reduction of Port Arthur and Vladivostock will occupy the enemy while he is concentrating his sko-Kamchatka company's steamer Koforces at Harbin.

Paris, Feb. 18 .- An eminent military authority connected with one of the embassies said tonight that Port Arthur was practically besieged, and it was a serious question whether this would not compel either the abandonment or surrender of the fortress with its men and materials. The grounds for this belief vere stated to be as follows:

the entrance of the ingress or egress. a virtual blockade cutting off chances of relief rom the seaward. Japanese troops St. Petersburg Gives Out a Report of near New Chwang and other points on the Liao-Tung peninsula are able to interrupt the railroad forming the line of Port Arthur and Harbin. The result is counting the details of the fight of Feb. bajhosi, has routed the Albanians, who lines. It will require bold action on the alties and says it is known that a num- heavy. part of the Russians to prevent the final ber of Japanese ships suffered severely accomplishment of the investiture or which accounts for their not following FIRE IN CHICAGO EARLY TODAY the slow reduction of Port Arthur."

Signs of World-Wide War,

Paris, Friday, Feb. 19,-The Figaro aigh Russian official and sent from the frontier, saying that Count Von Schenk, ommander of the Emperor Alexander regiment of German Guards, of which the czar is honorary colonel in chief, anded to his majesty an autograph let. Squadron, five officers wounded, fourteen was received by the ezar on Monday and in the Far East, and especially on the fortress and garrison, one killed, one se subject of Great Britain's attitude. Continuing, the Figaro's informant The viceroy says:

Seoul, Feb. 15.—[Delayed in transmis-discuss openly a possible change of the ion.]—Three thousand Russian troops equilibrium of Europe which might rehave arrived at Chin-Tien-Chong, oppo- suit from the grouping together of Russite Wiju, on the Yalu river. PAZO OINTMENT fails to cure you, in 6 to 14 days. 50c.

been" at forty; when business houses pension the man we used to call "middle aged" rather than allow his lagging influence to intrude upon the modern commercial rush—a bald head is a serious handicap.

In the social world it is equally bad for a man, while for a woman—it is fatal.

Few people can afford a bald head. Even those who can—those who are fixed socially, financially and matrimonially -have no wish to do so. But afford it or not, thousands of us are bald, either partially or wholly.

What caused baldness-whether an inherited tendency; whether through undue mental effort, sickness, dandruff or other scalp disease-makes no difference. What we want is HAIR. Millions of dollars have been spent in vain efforts to grow hair on bald heads. Other millions have been spent in an effort to restore faded hair to its natural shade, and still others to banish dandruff. And still hair refused to grow; lost

tints of brown, blonde and auburn failed to return; dandruff declined to disappear. All this, however, is of the past. Failures have given place to success. A real hair restorative has at last been found. REXALL 93 HAIR TONIC is a positive cure for all hair and scalp troubles. It is not sticky or gummy, will not thicken on hair, does not become rancid, has no disagreeable odor. It is clean, agreeable and pleasant to use.

## THE CAUSE OF BALDNESS

The latest scientific discoveries prove that all hair and scalp troubles-baldness, falling hair, dandruff, itching scalp - are caused by microbes which feed on the fatty matter at the roots of the hair until, through starvation, the hair dies and falls out. Gray and faded hair are due to the same cause. The microbes

Rexall 93 Hair Tonic kills the microbes, supplies food for the starving hair, cleanses the scalp and strengthens the follicles. It restores hair to its original

color by making it healthy and by stimulating the flow of natural coloring pigment. It is not a dye. 93 HAIR TONIC removes dandruff by removing the cause—the destructive microbes. It makes hair light, clean, manageable.

Remember that dandruff is proof positive that microbes are at work on the roots of your hair. Then is the time to buy a bottle of REXALL 93 HAIR TONIC and begin treatment. Don't wait until you are bald.

"My hair was getting very thin. Every morning I would comb out great handfuls of it. Nothing that I used stopped its falling out or helped it until, by the sdvice of a friend, I trice Rexall 93 Hair Tonic. From the very beginning the tonic was beneficial. Not only has it stopped my hair from falling, but it has produced an entirely new growth. My hair is now soft and glossy, where before it was harsh, brittle and dull. I shall recommend Rexall Hzir Tonic to all my friends. MILDRED SEELEY, 148 East 27th Street, New York City." interrupt the action of the pigment glands. Then the hair loses

In buying REXALL 93 HAIR TONIC you take no chances whatever. If after a trial you are not more than satisfied, we will promptly and cheerfully re-

## THE STORY OF "93"

When the formula for Rexall our new remedy with the request Hair Tonic was secured from the most eminept hair specialist in the land, we realized that we had something far out of the ordinary. We had heard of its wonderful work, but the Rexall plan is to test every remedy thoroughly before offering it to the public. In this case we determined that for a name we would give this remedy a number representing the test cases in which it proved

successful.

We wrote to one hundred druggists in as many cities asking each to send us the name of one of his customers who had lost his hair or who suffered with dandruff or other scalp disease. Then we sent each of these one

that he give it a trial and report the result Of the entire number, five did

not answer at all. Two wrote adverse reports, saying our restorative had not made hair grow on their heads, though it later developed that these men had been bald for so many years that the follicles in their scalps had be-come closed. But the other ninety-three, as one man, spoke of our remedy in the most enthusiastic manner, pronouncing it the greatest discovery of the age and telling in detail of the splendid effects in each individual

This is where we got the name 93 Hair Tonic. Could any other name be so significant of merit? Any test have been more fair? hundred people three bottles of Any results more encouraging?

### WAR A WARNING TO AMERICA. Secretary Moody Says There Must Be Large Navy to Insure Peace.

Boston, Mass., Feb, 18.—Secretary of the Navy William H. Moody, speaking at the annual dinner of the New England Rubber club at Hotel Somerset last night, strongly advocated a large navy and declared that if the United States desired to maintain peace it must be known that at all times it was ready

Secretary Moody was cordially re ceived as he rose to speak. He declared that there was never a time when the importance of power upon the sea was more manifest than it was today. He referred to the Russo-Japan war and pointed out that, although one of the nations was superior in many ways to the other, yet the weaker nation, by her success at sea, had rendered every part of her territory secure from invasion.

### Navy Not Strong Enough.

torpedo boats and other boats under 1,000 tens displacement are concerned Still this country is fifth in relative nav al strength, and has under construction a greater amount of tonnage in ship than any other country except Great Britain and almost as much as that ountry. This is a great country and can afford a great navy and the world must know that we are at all times ready for war.

"We are at peace with all countries we wish to continue and will continue it that happy relation if honest diplomacy train, and the Cleveland committee pany's bonds by restrained from inter- and just regards for the rights of every must provide a navy so as to provide for

### Safety Lies in Preparedness.

"If we are strong enough to enforce says: the Monroe doctrine we shall never have en us for defense. In them and ourselves our safety lies.

"To bring about sea strength I believe national honesty at home is most important. We must fight public dishonesty as if it were a loathsome disease. When the doors of the Chamber of deed given to secure the bonds when building of ships is directed to improper uses then the United States ships will be as if they were painted coffins.

# Don't Wait Until Your Sufferings Have Driven You to Despair, With Your Nerves All

Shattered and Your Courage Gone. When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is

She has been feeling "out of sorts" for some time; head has ached, and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart beats very fast; then that bearing-down feeling. Her doctor says: "Cheer up; you have dyspepsia; you will be all right soon."

But she does not get "all right." She grows worse day by day, till all at once she realizes that a distressing female complaint is estab-

ished. Her doctor has made a mistake. She has lost faith in him; hope vanishes; then comes the brooding, morbid, melancholly, everlasting BLUES. Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women, and the

story recited above is the true experience of hundreds of American women, whose letters of gratitude we are constantly publishing Surely you cannot wish to remain weak and sick and discouraged, exhausted with each day's work. If you have some derangement of the female organism try the remedy that has restored a million women to health

## Lydia E. Pinkham's Vegetable Compound

"I cheerfully recommend Lydia E. Pinkham's Vegetable Compound to my suffering sisters as a perfect medicine for all female derangements. I was troubled with displacement of the womb and other female weakness. Had headache, backache, and such bearing-down pains I could hardly walk across the floor, and was very nervous.

"A friend advised me to try your medicine, which I did, and after using the first battle I began to improve. I took in all twelve battles of Vege-

the first bottle I began to improve. I took in all twelve bottles of Vegetable Compound, one box of Liver Pills, also used the Sanative Wash and was cured, and have no return of my troubles. I am as well now as I ever

I am more thankful every day for my cure. "I know that your medicine will do everything that it is recommended to do for suffering women." - MBS. DOBA ANDERSON, North Muskegon,

"I want to tell you what your remedies have done for me. Before taking them I used to have a continuous headache, would be very dizzy, would have spells when everything seemed strange, and I would not know where I was.

"I went to our local doctor. He gave me some medicine, but it did not eem to do me any good, but after taking Lydia E. Pinkham's Vegetable Compound, I began to improve at once.
"I can honestly recommend your remedies to all suffering women, and

FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

advise all to give it a trial." - Mrs. HENRY SELL, Van Wyck, Wash.

FREE MEDICAL ADVICE TO WOMEN.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She will hold your letter in strict confidence. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

needs of the city of Baltimore for structural material in the rebuilding of its devastated business center. In a practical way, however, the supposed benefits may be a little slow in materializ-If the city of Baltimore had the rush and the push of the Chicago business man, already there would have been many plans far advanced for re-But Baltimore has the atmosphere of an old city and its business methods are more deliberate. Later in the season there should be a quite dethat source. The demand may possibly Good dry hardwood, block or split. arrive early and if so this branch of the strong impetus towards greater activity will be needed. No doubt the rebuilt city will assume to a greater extent the garb of modern construction, which means more steel. Some estimates are quired to rebuild the burned district which is perhaps an exaggerated statement, for it would give about 7,000 tons to each of the devastated 140 acres of C., M. & St. P. R'y. land and 7,000 tons of steel will erect an imposing edifice on an acre of ground. But the whole area that is in ruins will

arrangements were made this year to erect modern structures on one-fourth of the devastated area, it would require perhaps 250,000 tons of steel. The mills that roll the large structural shapes are few and their united capacity is less than 1,000,000 tons annually, the pacity of 480,000 tons. Were the Baltimore emergency business, as estimated above, to be added to what will probably be demanded in the regular course The hold of the syndicates upon of trade, there would be a decided gain to the activity of this department. One possible effect is that other prospective builders may hasten the placing of their orders under the impression that the or ders for Baltimore use will overtax the capacities of the mills and thus occasion

## CURED BY CUTICURA

Which Acted Like a Charm After Doctors and Hospitals Failed.

Here is another of those remarkable cures of torturing, disfiguring skin humors daily made by Cuticura Resolvent, assisted by Cuticura Ointment and Soap, after physicians, hospitals and all else had failed.

"I feel it my duty to try to help those suffering from skin diseases. My case was a very bad one, covering all of one side of my face and had reached my eye. I had two or three doctors prescribe without any relief. They said my disease was Epithelioma. I was then advised to go to one of our hospitals, which I did, taking their treatment for some time. I had given up all hope when my husband asked me to try the Cuticura Remedies. My face being in such a very bad state, I used the Cuticura Soap with luke-warm water and a small silk sponge and then applied the Cuticura Ointment. I took one teaspoonful of the Resolvent four times a day. They acted like a charm, and in one week's time my face was cured entirely and has remained so. I certainly can recommend the Cuticura Remedies as infallible."

MRS. A. G. SMITH, 2400 Catharine St., Philadelphia.

Feb. 9, 1903. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made Cuticura Remedies the standard skin cures, blood purifiers and humor remedies of the world.

TO CURE A COLD IN ONE DAY

Mr. W. W. Baker, of Plainview, Neb., writes: "My wife had lung trouble for over fifteen years. We tried a number The surface employes at the Champion of doctors and spent over a thousand dollars without any relief. is stronger and enjoys better health

neck and throat, Catarrh, weak eyes, white swelling, offensive sores and abscesses, skin eruptions, loss of strength and weakness in muscles and joints. It is a miserable disease and traceable in almost every instance to some

family blood taint. Scrofula is bred in the bone, is transmitted from parent to child, the seeds are planted in infancy and unless the blood is purged and purified and every atom of the taint removed Scrofula is sure to develop at some period in your life.

Scrofula appeared on the head of my little grandchild when only 18 months old, and spread rapidly over her body. The disease next attacked the eyes and we feared she would lose her sight. Eminent physicians were consulted, but could do nothing to relieve the little innocent. It was then that we decided to try S. S. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.

MRS. RUTH BERKLY, 5th Street.

No remedy equals S. S. S. as a cure for Scrofula. It cleanses and builds up the blood, makes it rich and pure, and under the tonic effects of this great Blood Remedy, the general health improves, the digestive organs are strengthened, and there is a gradual but sure return to health. The deposit of tubercular matter in the joints and glands is carried off as soon as the blood is restored to a normal condition, and the sores, eruptions, and other symptoms of Scrofula disappear.

S. S. S. is guaranteed purely vegetable and harmless; an ideal blood purifier and tonic that removes all blood taint and builds up weak constitutions. Our physicians will advise without charge, all who write us about their case. Book mailed free.

INTEREST IN TOURNAMENT. It Is Said to Be Feasible Across the Ice Delegation of Marquette People Will See Sport at Ishpeming.

There is much interest here in the skiing tournament to be held at Ishto the east say that a drive to Grand peming Monday under the auspices of feasible. The ice is thick enough not of Marquette people will go up to take mum, 5 degrees, only to bear a team, it is said, but also in the sport. At the last Washington to bear a locomotive. Ice is very birthday's tournament which was largey attended by expert skiers from out it has been forming under the imporus side a party of upwards of 100 Marof the hardest kind of zero weather. quette people were present at the course There has not been a day or an hour for and while it cannot be predicted that nearly a month that the quantity this delegation will be exceeded this of the ice has not been appreciably in- year still there is little doubt that a

goodly crowd will go up. The passenger department of th South Shore will make a rate of fifty cents, and will run a special train to Ishpeming leaving here at 1 o'clock if fifty or more people desire to take the trip. City Passenger Agent Wright is now canvassing the situation to see if there a sufficient demand for the special. People who would like to witness the skiing contests would do well to send him their names, so that plans may be likely that the special will be run. Even, however, if it is not put on many will go up on the morning trains.

From all reports from the Ishpeming ommittee it is evident that the sport this year is to be the best ever offered by the Ski club. There have been re ceived a number of entries from outside ncluding those of acknowledged experts, some of whom have ridden the skis is Norwegian tournaments. Ishpemin skiers now rank with the best, as a re sult of their continual practice during the past few seasons. The hill is promised to be exceptionally good and will towns will attend the tournament, and
