Chop! Chop! Chop!

Tiresome, isn't it, to get down the chopping bowl and knife and prepare something for the next meal? But the tiresome method is out of date. You can do better work with Sargent's Gem Food Chopper—with but little work and no labor. The Gem chops all kinds of food in coarse, medium or fine pieces, as desired. Useful in the preparation of substantial and desserts. You need it in your kitchen every day.

RUSSIAN OUTPOSTS ARE DRIVEN BACK

Field Marshal Oyama Begins His Long Expected Advance Along the Whole Line.

SOME SHARP FIGHTING HAS OCCURRED

News Reaching St. Petersburg Indicates a Most Vigorous Movement Against Mukden Directed From the East, With an Important Flanking Operation in Progress West of the Railroad as Well—Che Foo Reports Japanese Reinforcements Continually Arriving at Port Arthur but That the Plan of Campaign Has Been Changed, Winter Quarters Being Constructed and Preparations Mak- ing for an Extended Siege.

St. Petersburg, Sept. 30.—From a reliable source the Associated Press hears that sharp fighting has occurred near Mukden, resulting in the Japanese driving in General Kurapatkin's outposts. Important dispatches have been received and transmitted to the emperor. They are believed to confirm the Associated Press information. The general staff, however, is unable at present to go beyond the positive assurance that the main Russian army is still at Mukden, when yesterday it was announced that the main forces had been withdrawn to the north of the city.

Advancing Along the Whole Line.—St. Petersburg, Sept. 30.—[Midnight.]—It is admitted that a Japanese advance has already been started along the whole line, assuming its most active form in the east, whither Field Marshal Oyama continues to draft large forces. Operations are also progressing west of the railroad. A Harbin dispatch to the Associated Press contains the important announcement that Japanese have occupied Siaoheyho, west of the Liao river, from which point they are evidently threatening Siumintin.

Harbin, Sept. 30.—Russian scouts have ascertained that fresh Japanese forces are concentrating at the Yentai mines and gradually moving eastward. A strong Japanese force west of the Liao valley has occupied Siaoheyho, south of Siumintin.

London, Saturday, Oct. 1.—According to the Post's Shanghai correspondent, it is reported that the Japanese have been victorious in a general engagement at Mukden. This, however, is not confirmed in any quarter and may be an exaggerated version of outpost affairs.

Japanese Preparations Completed.—Mukden, Sept. 29.—[Delayed.]—The delay in the resumption of the aggressive by Field Marshal Oyama, according to the best information, is due to the necessity of making good the losses which he sustained at Liao Yang and to bringing up stores and munitions. But the preparations for an active forward movement of the Japanese now seem to have been completed, and a serious collision is regarded as imminent.

General Kurapatkin today reviewed several detachments of troops which have just arrived here and conferred the St. George cross upon eighteen officers who distinguished themselves at the battle of Liao Yang.

Mukden, Sept. 30.—A great change in the situation here has occurred. The Japanese now appear anxious to act on the defensive and have fortified a position northwest of the Yentai mines, according to the best estimates obtainable, the Japanese armies confronting General Kurapatkin comprise 180 battalions, about 146,000 infantry. In addition, there are 6,300 cavalry and 688 guns.

The Russians estimate the total of General Kuraki's army at seventy-six battalions of infantry, eighteen squadrons of cavalry and 276 guns, the total strength of General Oku's army at sixty battalions of infantry, twenty-six squadrons of cavalry and 242 guns, and General Nolz's force at forty-four battalions of infantry, nine squadrons of cavalry and 129 guns.

Gauge of Railroad Changed.—Field Headquarters of the Second Japanese Army, Sept. 28.—[Delayed.]—The changing of the gauge of the railway has been completed to a point within ten miles of Liao Yang and it is expected that within three or four days the first train will be run over the new tracks.

At this date there is no change in the situation. The Japanese outposts are now fifteen miles to the north. There are daily clashes between the Japanese outposts and Russian patrols, usually resulting in only small casualties.

REPORTED CHANGE OF TACTICS.—Japanese at Port Arthur Said to Be Building Winter Quarters.

London, Saturday, Oct. 1.—The failure of the latest Japanese attempt to drive out the Port Arthur fleet and reduce the fortress has led, according to the Telegraph's Che Foo correspondent, to the decision that the Japanese must go into winter quarters, the Japanese, of course, admitting that Stessel is making a superb stand.

"Accordingly," the correspondent says, "permanent fortifications, affording excellent shelter, are being constructed outside the Russian main line of defenses, and warm clothing is being brought up for the troops. Reinforcements are continually arriving. Finding it impossible to hold the outer forts, even when they are captured, owing to the enfilading fire the only alternative

Field Marshal Oyama has begun the long expected advance upon the Russian army at Mukden, and a coincident movement against Siumintin is indicated by the fact that Japanese have occupied Siaoheyho, west of the Liao river. There is a concentration of Japanese forces in the vicinity of the Yentai mines, and advance lines are being gradually pushed eastward.

General Sakharoff, in despatches to the war office at St. Petersburg, reports successes in several engagements of minor character.

An undated despatch from General Kuraki's headquarters reports that the present Japanese military organization to be as efficient as it has been at any time since the war began.

There is no definite news from Port Arthur.

Changes in the Russian ministry of the marine and in naval commands are announced on high authority. The new head of the admiralty, it is said, will be Vice Admiral Doubasoff, an officer of wide experience in war and present head of the technical bureau of the ministry of the marine. Admiral Alexieff is to return from the Far East to take the ministry of foreign affairs.

St. Petersburg, Sept. 30.—In view of the fact that advances have been received from the Russian consulate at Che Foo saying that the Japanese assaults on Port Arthur from Sept. 29 to 30 were successfully beaten off, the authorities at the war office discredit the Che Foo report that the Japanese have captured the main forts at the stronghold. The information of the war office is that the Japanese losses during the siege have been 45,000 men, killed or wounded.

RUSSIAN PRESS BREATHE EASIER.—Dawn of Brighter Days Seen in Passage of the Regime of Von Plehve.

St. Petersburg, Sept. 30.—The war in the Far East has been momentarily thrown in the shade by the universal acclaim with which the Russian press greets the accession of Prince Mirsky to the office of minister of the interior, as marking the inauguration of a liberal regime. The editorials all breathe a sense of relief at the passage of the Von Plehve regime and intense satisfaction at the dawn of brighter days.

Important Official Changes.—The reorganization of the navy which has been fore-shadowed by the Associated Press begins with the announcement on the highest authority that Vice Admiral Doubasoff, at present head of the technical bureau of the admiralty, has been appointed minister of the marine, succeeding Admiral Avellan, who will be given the honorary post of chief of the Red Cross society.

The return of Admiral Alexieff, now viceroy in the East, is practically certain, and there is good reason to believe that he will succeed Foreign Minister Mansorff, who may be appointed a member of the council of the empire.

Czar and Kaiser May Meet.—The Associated Press hears upon the best of authority that the imperial shooting lodge at Skiermiewice has been prepared for the arrival of his majesty, who is expected there before the middle of October. The emperor's departure for Poland has not been expected, as it was thought he would remain here on account of the serious situation in the Far East. It is hinted there are important motives for his going to Skiermiewice. The visit revives the talk of a possible meeting with Emperor William.

Will Exchange News of Prisoners.—The report that Japan and Russia have arranged for a direct exchange of news regarding prisoners of war without the intermediary of the United States and France is confirmed.

CHANGE OF VENUE GRANTED.—Chicago, Sept. 30.—Judge Kersten denied today to grant a change of venue in the Troquois theater case on the petition of two defendants, and Treasurer Noonan and Stage Carpenter Cummings, of the Troquois theater, will be allowed to have their trial on the charge of manslaughter removed to another court. Will J. Davis, president of the

Iroquois Theater company, did not petition with the others.

PAYNE PASSES BAD DAY.—Still Has a Fighting Chance Though Condition Is Critical.

Washington, Saturday, Oct. 1.—At 2:25 o'clock this morning Mr. Payne, apparently, was resting quietly.

Washington, Sept. 30.—Postmaster General Payne's physicians determined during the day to summon Dr. Osler of Baltimore, the expert diagnostician of Johns Hopkins University, and the latter arrived here shortly after 6 o'clock. A consultation of the physicians immediately followed. The following bulletin was subsequently issued:

"The postmaster general's condition still (7 o'clock p. m.) continues to be serious. He has had several sinking spells during the day. Each time, however, he has responded to the treatment."

Dr. Osler left for Baltimore at 8 o'clock and said he would return tomorrow morning. As he was leaving he said that the postmaster general's condition was critical, but that he has hopes that Mr. Payne might yet pull through. Mrs. Roosevelt called twice at the hotel during the day to inquire about Mr. Payne's condition. Secretary Hitchcock and Acting Secretary of State Loomis made personal inquiries. A host of messages from friends, making anxious inquiries arrived by telegraph and telephone.

Throughout the day one or more physicians remained with Mr. Payne. The patient fell asleep at 8 o'clock this evening and an hour and a half later was reported still resting quietly. The physicians drew some encouragement from this fact and it was then announced that unless some unexpected developments occurred no further bulletin would be issued tonight.

At midnight Mr. Payne was still asleep and the opinion was expressed that he might remain asleep the rest of the night.

Heart Stimulants Used.—The condition of the postmaster general continued extremely grave throughout the day. There were times during the day, notably in the early morning and late afternoon, when the attending physicians believed the end was near, but the patient responded to the heroic remedies applied and seemed to regain some of the lost ground. Tonight at about 8 o'clock Mr. Payne fell into a restful sleep.

The greatest cause of alarm during the day was the feebleness of the heart action, and it was found necessary to administer a saline solution and nitroglycerine to stimulate that organ. The response was gratifying. The most hopeful sign of the case is the fact that the patient has been able to retain the nourishment given him today. Except during sinking spells, and evening, Mr. Payne retained consciousness all the time and his mind appeared active and alert. Several times he asked questions of those about him, indicating his interest in what was transpiring.

Physicians are constantly at the bedside, but aside from the nurse, no one except Mrs. Payne has been allowed in the sick room. Mrs. Payne, the condition of her husband, has borne up bravely. Everywhere in official circles today the deepest concern and solicitude was manifested in the outcome. The president was kept constantly advised during the day, and both he and Mrs. Roosevelt called in person several times. Mrs. W. S. Cameron, of Jamestown, N. Y., the only sister of the postmaster general, arrived this evening. Her son, W. H. Cameron, of Milwaukee, has also been summoned here. Among the numerous telegrams of sympathy and inquiry received are some from abroad. Telegrams have arrived in large numbers from Wisconsin, and especially from Mr. Payne's home city, Milwaukee.

PRESIDENT EULOGIZES HOAR.—Wires the Family of the Senator His Profound Sympathy.

Worcester, Mass., Sept. 30.—Rockwood Hoar, son of the late senator, today received the following message from President Roosevelt: "Accept my most profound sympathy. The loss is not yours only but of all those who believe in a lofty standard of purity, integrity and fearlessness in public life."

Tacoma, Wash., Sept. 30.—Senator Fairbanks and party were on the summit of the Cascade mountains when the news of the death of Senator Hoar reached them through newspapers brought aboard the train. Senator Fairbanks and his senatorial companions, Senators Dooliver, Foster and Anthony, expressed deep regret over the news, as did also Colonel Randall, sergeant-at-arms of the senate.

Funeral Next Monday.—Boston, Sept. 30.—The governor has issued a proclamation directing that the state departments be closed Monday, the day of the funeral of Senator Hoar, and requesting that flags throughout the state be half-masted.

PLANS EXTINCTION OF WAR.—Universal Congress of Lawyers Moves for International Peace.

St. Louis, Sept. 30.—The first convention of the universal congress of lawyers and jurists concluded today after a three days' presentation and discussion of legal propositions of world-wide interest, chief of which was the ultimate establishment of international peace and the abolishment of all conflict. The opinion was expressed generally by the distinguished delegates from every nation represented that the congress marked an epoch in the relations existing between the lawyers of the world, which relationship would be far reaching in finally establishing a complete understanding between the nations, leading to the eventual extinction of war. A resolution was adopted requesting the American Bar association to take such steps as are necessary to organize a permanent association of lawyers representing all different countries of the world. The congress also adopted a resolution expressing its profound grief over the death of Senator Hoar.

MINE OWNERS ENJOINED.—Colorado Court Forbids Any Discrimination Against Union Men.

Leadville, Colo., Sept. 30.—Judge Over today issued an injunction against the members of the Leadville Mining District association, restraining them from discriminating against any miner because of his being a member of the

Western Federation, or from making out a blacklist, or from compelling the men to sign any agreement that they recognize their membership in the federation, or from in any other way conspiring to deprive any member of the federation from obtaining employment.

SECRETARY HAY CONSENTS.—Will Remain in the Cabinet in the Event of Roosevelt's Election.

Chicago, Sept. 30.—That Secretary of State John Hay is to remain at the head of the state department in case President Roosevelt is elected in November has been settled, according to President Benjamin Ide Wheeler, of the University of California, who is in Chicago on his way to California from the East. In an interview with the Associated Press today Dr. Wheeler said: "The best news I had while in the East I had from President Roosevelt. This was to the effect that Secretary Hay has now definitely consented to remain at the head of the state department in case of Mr. Roosevelt's election."

COURT'S OPINION IS STILL HELD UP

WISCONSIN'S SUPREME TRIBUNAL
FAILS TO PASS ON REPUBLICAN
FACTIONAL FIGHT.

ADJOURNS UNTIL OCTOBER 18TH

MUST TAKE ACTION AT THAT TIME
OR DAY FOLLOWING.

Secretary of State Is Not Enjoined, and
Except in Case of an Unfavorable
Decision Will Be Free to Certify
the La Follette Candidates.

Madison, Wis., Sept. 30.—The supreme court adjourned today until Oct. 18 without taking action on the La Follette case.

The failure of the supreme court to take action in the La Follette case renders it imperative that the decision be handed down either on Oct. 18, the date of which adjournment was taken, or the day following. Under the statutes of Wisconsin the secretary of state is bound to certify to the various county clerks the names of the nominees, not more than twenty days nor less than fourteen days prior to the election, which this year comes on Nov. 8.

There is no restraining order in effect at present against the secretary of state, and unless the court should decide the case by Oct. 18, Secretary Hoar will be free to certify the names of the La Follette candidates, of which he himself is one.

TAKES PARKER TO TASK.—Cannon Declares McKinley Misquoted in
Judge's Letter of Acceptance.

Des Moines, Ia., Sept. 30.—Speaker Cannon addressed three large political meetings in Iowa today, at Crismon, Ottumwa and tonight at Des Moines, where his audience filled the Auditorium in spite of inclement weather.

In his address at Des Moines tonight Mr. Cannon's most notable utterances were on reciprocity. He defined reciprocity according to Republican standards for admission to the American markets of products from other countries, not produced here in exchange for the admission of American products. Mr. Cannon took exception to Judge Parker's quotation of President McKinley's reciprocity views in his letter of acceptance. "This is what Judge Parker says Mr. McKinley said: 'We must make sensible trade arrangements if we wish to extend the outlets for our increasing surplus.' Now here is what President McKinley really did say: 'We must make sensible trade arrangements which will not interrupt our home production, to extend the outlets for our surplus.'"

WILL NOT TAKE THE STUMP.—In Other Ways, However, Cleveland Will
Work for Party Success.

New York, Sept. 30.—It was announced at the Democratic headquarters today that the statement that Governor Cleveland was "about to go on the stump is absolutely without authority, either from himself or from the Democratic national committee." In other ways, however, it is stated that Mr. Cleveland will do all he can to promote Democratic success.

PETITION PRESENTED ROOSEVELT.—President Asked to Intervene in the Affairs
of the Congo Free State.

Washington, Sept. 30.—A petition calling upon the president to intervene in the affairs of the Congo Free State in the interest of civilization was presented to President Roosevelt today by the son of a man to whom it had been entrusted, E. D. Morel. The petition is numerously signed by men whose names are known throughout the world. The signers appear to be about evenly divided between the Conservative and Liberal parties in England.

TWO IOWA MEN DROWN.—St. Louis, Sept. 30.—George and Charles Bonham, farmers, were drowned in Oliver lake, Monona county, today while fishing. George became entangled in a seine and his brother went to his assistance. The bodies were recovered.

MASSACRE IN MOROCCO.—Tangier, Morocco, Sept. 30.—The governor of Arzila has been murdered at Arzila by people of surrounding tribes. The slayers released the prisoners at Arzila and killed many of the townspeople. Great alarm prevails.

TODAY'S WEATHER.—Washington, Sept. 30.—The following is the weather bureau's forecast for Upper Michigan: Fair, Saturday and Sunday; fresh west winds becoming variable.

LAWSON
issues a letter this week addressed to the members of the

BOSTON STOCK EXCHANGE
in which he sharply criticizes that body. It is a very severe arraignment and should interest all who follow the market.

THE SHREWD TRADER
has something encouraging to say about the

BOSTON COPPERS
and also about the New York Market. You should read his story.

Copper Country
COUNTY FAIR WELL PATRONIZED. CONGRESSIONAL CONVENTION.
Aggregate Attendance Is Expected to Reach 15,000. Democrats of the Twelfth District to Meet at Houghton Today.

Secretary Randall, of the Houghton County Agricultural society, stated yesterday that he expected the county fair attendance for the day to reach 5,000. It was children's day and many young folks from all parts of the county were expected. The street railway company charged only forty cents for the round trip from Lake Linden and Calumet, the usual rate being fifty cents one way. Hundreds of tickets were sold.

The attendance at the fair has been as follows:
Tuesday, opening day, 1,650 adults; 124 children.
Wednesday, 839 adults; 111 children.
Thursday, 3,497 adults; 420 children.
The figures—5,586 adults and 655 children, up to yesterday—are official. The prices of admission are thirty-five cents for adults and fifteen cents for children. So that the fair is likely to be a success financially. The attendance Wednesday was affected by the rain. Thursday the Amphitheatre, particularly in the evening, was a mass of humanity and people moved with difficulty. The fair has pleased all who have seen it and most of the patrons in the evenings have remained until closing-up time. The weather yesterday was delightful and the fair prospered in consequence. Wednesday was the only bad day of the week.

It is expected by the fair officials that the total attendance for the week will reach the 15,000 mark. Today is the last day.

Most of the premiums have been awarded. The prizes were busy again all yesterday and their work will be finished up before this evening. The awards, as far as can be learned, are quite satisfactory. A committee named by the fair to select the best business booths has given first prize to August Kretzsch, the Houghton furniture dealer; second prize to the Peninsula Wholesale grocery, and third to Ed Haas & Co. of Houghton.

Sack's tall boy will be exhibited in the H. A. Browning company's booth this afternoon and tonight. Various other good attractions have been provided to amuse the crowd.

FELL A HUNDRED FEET.
Two Champion Miners Have Remarkable Escape from Death.

James Parsons and Frank Bakka, Champion miners, are suffering from injuries received in "B" shaft Monday night. Their escape from death was remarkable. The men fell a distance of one hundred feet, Parsons' back and hips were badly sprained and bruised, while Bakka sustained a fracture of the skull. The injuries will not prove fatal in either case. Both men are already on the road to recovery.

Bakka and Parsons were members of the night force and were descending on their ladders to their work. Bakka started first and Parsons followed about ten feet above him. Parsons carried a dinner pail in one hand and used the other hand to grasp the rungs of the ladder. He slipped and lost his balance. He fell on Bakka, who was torn away from the ladder by the weight and force of Parsons' body, and both men were precipitated to the platform of the first level. The men had descended the ladder only about twenty-five feet at the time Parsons missed his hold and fell. Bakka was underneath Parsons when they struck the level and consequently suffered more severe injuries.

SEVERAL PLAYS SUBMITTED.
Calumet Elks Planning for Their Annual Charity Entertainment.

The annual show of the Calumet lodge of Elks for the benefit of its charity fund will be given at the Calumet theatre Thursday and Friday nights, Nov. 10 and 11. A committee has been appointed to select the play. More than the usual number of plays have been submitted, among them being musical comedies by Thomas P. Getz, Frank Whitmar and Frank Weisberg. Each production is said to be meritorious and a selection will be difficult. Local talent as usual will make up the cast.

Mr. Whitmar has submitted "Miss Society," a travesty on present day society.

Rufus K. Love, who staged one of the previous attractions for the Elks, arrived in Calumet yesterday, bringing with him a manuscript by Thomas P. Getz. Mr. Getz is well known to local theatergoers, his productions having been given by the Calumet Elks. Mr. Love probably will be employed to stage whatever attraction is selected, as he has proven himself a stage manager of considerable ability.

The Elks' show this season undoubtedly will be successful in every respect as those given in the past. The cause is a worthy one, and if the public knew the extent of the charitable work of the lodge the theater would be packed both nights. Rehearsals will be started immediately after the play is selected, as the members of the cast have virtually been decided upon. It is quite probable the show will be presented in Hancock soon after the Calumet dates.

HANDSOME BUSINESS BLOCK.
Stamp Sand Brick Structure to Go Up on Fifth Street, Calumet.

Architect Charles Maas of Calumet is drawing plans for the proposed new brick building which will replace the Fifth street structure recently destroyed by fire. The new block will be 70 by 100 feet in width and two stories high. The brick, manufactured from copper stamp sand and lime by the Michigan Sand-Lime Brick company of Hancock will be used. It will be the first structure in the copper country to be constructed of this material. The stamp sand gives the brick the desired durability and the lime not only holds the sand together but produces a handsome granite-like color.

The block will be trimmed with sandstone, and promises to be one of the most attractive structures on Calumet's main business thoroughfare. It will contain two stories, as formerly, and the second story will be devoted to office rooms. Just who will have the stores has not been decided. C. L. Fichtel, who conducted a drug store in the old building, has decided not to re-enter business. It is planned to have the stores in readiness for occupancy before winter sets in and the work is to be rushed from the start. Men are now engaged in tearing down the ruins of the old structure, and the contract for the new block will soon be let.

CIRCUIT COURT JURORS.
The jurors drawn to serve at the October term of the circuit court are as follows:
Adams township, Joseph Perkins and Thomas E. Mitchell.
Calumet township, Carl A. Beckman and Joseph Harper.
Chassell township, Edward Wilkinson, W. J. Maske and John Henry.
Dunbar township, Amos I. Maggy, John Rits and Willis Shane.
Elm River township, Napoleon Fournier.
Franklin township, Albert Rowe and George Prym.
City of Hancock, John Chapman, Isaac Truscott, John C. Wiedenhofer, Bert J. Crawford, Oscar Ongie, Conrad Reyer, George Peddy and Matt Dennis.
Laird township, George W. Peterson and Theo. Green.
Geocela township, James D. Jones and John Freeman.
Portage township, Joseph Mahan and Harry Dufresne.
Quinn township, J. S. Hosking and Joseph Cliff.
Schoolcraft township, Homer Roy and Andrew Smetzer.
Stanton township, William Best and Gustaf H. Olson.
Toledo Lake township, Samuel James and H. L. Burbank.

SCHOOL STATISTICS.
According to the annual report of the school inspectors of the township of Portage, just filed with Township Clerk Brand at Houghton, the estimated value of the five schools in the district is \$125,000. Forty-two teachers, seven of whom are men, are employed. The salaries of the men last year amounted to \$4,500, and the women were paid a total of \$16,244.75. The bonded indebtedness of the school district on Sept. 3 of this year was \$40,000.

According to the last census, taken a few weeks ago, there are 847 male children of school age in the district, and 826 females, a total of 1,673. Of these 362 males and 387 females attended school, a total of 1,150. The number of non-resident pupils was fourteen. The percentage of daily attendance is given as 98.9. During the year 100 new volumes were added to the district library, bringing the total number of books up to 1,500.

WATCH "THE KIDNEYS."
"When they are affected, life is in danger," says Dr. Abernethy, the great English physician. Foley's Kidney Cure makes sound kidneys. Stafford Drug Co.

ANNUAL BANQUET HELD.
Portage Lake Y. M. C. A. Reopens for the Fall and Winter Term.

At the annual banquet of the Portage Lake branch of the Y. M. C. A. at Hancock last evening in honor of the re-opening of general work for the fall and winter, Secretary C. E. Steele gave an outline of the season's plans and the chairman of the various committees spoke of various phases of the work with which they have to do. The resumption of activity in association circles occurs today. The gymnasium classes will start their work this morning, and from 10 o'clock until noon the juniors will have the privilege of the gymnasium. This afternoon from 2 to 4 o'clock the gym will be given up to the auxiliary and high school basketball team.

The gymnasium classes will be in charge of Al Fred, who held the position last winter. The association will not employ a professional director, as formerly, but expenses are being met more than it is desired to incur. The hours for the several classes will be practically the same as last year, as follows:
Monday, 4 to 5 p. m., immediate; 5 to 6 p. m., basketball practice. Tuesday, 9 to 9:30, basketball practice. Tuesday, 4 to 5, juniors; 5 to 6, high school girls and Ladies' auxiliary. It also is intended to hold the chorus class Tuesday evenings. The gymnasium classes will start their work this morning and will be the same as those of Monday, and Thursday will be the same as Tuesday. Saturday the juniors will have the use of the gym from 10 to noon, and from 2 to 4 in the afternoon the ladies will practice basketball.

The night classes will be under the general supervision of an educational committee, of which Superintendent of Schools LaJolle is chairman. M. J. Jones, principal of the high school, and Fred Nichols are the other members. The mechanical drawing class will be in charge of a teacher from the Michigan College of Mines. Commercial arithmetic and bookkeeping will be taught by Professor Spalding of the high school business department, and the class in English for Finnish young men by Isaac Wargelin. There also will be a singing class; a literary society under the leadership of M. J. Walsh to meet every two weeks; a debating club, open to men and women; and a kodak club under the direction of C. E. Day, and a night school for boys, the teacher of which has not yet been selected. The junior department of the association work will be in charge of a committee of which Albert Coulton is chairman. The features will consist of Sunday afternoon meetings at 3 o'clock and a Sunday club. The teaching of English to Finnish young men is to be made an important feature of the work. A song work, composed of Dr. Jaakola and John Keski will have general supervision of the course to be presented. Mr. Wargelin, the instructor, is well fitted for his post, being a graduate of the Hancock Finnish college.

The committees which are to have charge of the various departments, religious, social, educational, gymnastic and musical, are as follows:
Religious work—J. H. Gillespie, chairman.
Sunday meetings—J. M. Wagner, George H. Roberts, Dr. A. A. Broman and Dr. J. H. Gill.
Invitations—J. G. Johnson, chairman; James Mulholland, Norman Starrett.
Social committee—Howard Wright, chairman, and thirty others, divided into committees on decorations, programs, refreshments, etc.

STRIKE IMPORTANT.
Discovery at the Wyandot of Great Moment to the South Range.

It is authoritatively stated by the Wyandot company that a strike has been made on the south half of section 16, township 32, range 36, which may result in proving up a mine. This is one of the company's properties.

The hole outcrops in the bed of the Mistry river and discloses an excellent argillaceous vein, which is a dark red argillaceous, associated with epidote calcite and quartz and is twenty feet wide.

The developing of the lode is to be commenced at once and a crew of men is at work stripping the overburden preparatory to sinking a shaft. The Wyandot company has secured an option on the north half of section 16, through which this lode runs and will save at least 5,000 feet along the strike of the lode.

Editorially discussing the importance of the find, A. L. Carnahan says in the Calumet News: "The official announcement from the Wyandot Copper company that a lode has been discovered outcropping on its property which gives important promise, occasions no surprise in the minds of those who have taken a comprehensive survey of the south range. What the outcome of this fortunate discovery will be is of course entirely problematical. But its announcement is only one of the signs of the times which portends for the stretch of country south of the Champion mine a great future."

That there is a great copper area there, yet to be uncovered, is accepted as a settled certainty, by a host of conservative mining men in the lake district. The Wyandot discovery may be the key to the situation, and may not be. If it is the development of the south range is likely to take a quick step forward. If it is not, the exploring will go on patiently, until the quest is ended. It will be impossible to convince the incredulous that there is any prospect search that any other than success will be the fruit of their efforts. It was the same indomitable spirit which led to the discovery and development of the Baltic lode, scarcely more than half a decade ago.

When John Stanton took over the old six-mile Hill property, on the strength of indications which were brought to his attention, a tremor of uncertainty passed through the minds of his close friends. They had looked upon Mr. Stanton, the mentor of the copper mining business in Michigan, as the most astute and conservative of men. There was no question of his unerring energy, but it was feared that the accurate judgment and scrupulous economy which were responsible for the wonderful achievements of the Atlantic had ceased to be an attribute of "Honest John."

When Captain William A. Dunn, six or seven years ago, went out on his mysterious trips in the mountains and came back of evenings, bringing with him magnificent specimens of argillaceous lode, glittering with the red metal, the doubting ones shook their heads, and said "float," or "pocket," and insisted on knowing "just where he got it."

But Captain Dunn was not telling lies, and John Stanton held to his abiding faith. As a fruit of the energy and judgment of these men and their associates, there stand today three magnificent mines—the three giants of the south range, which have sprung into prominence almost like the fabulous beanstalk of fairy lore.

But this is only the beginning. A few weeks ago one of the somnolent-headed mining captains in the copper country, in conversation with a party of close friends, said of that section, including the stretch to the Houghton county line and beyond: "The south range has scarcely been scratched. It is true that

WRESTLING TOURNAMENT TODAY.
A large delegation of South range and Portage Lake wrestling enthusiasts will attend the wrestling tournament at the Red Jacket hotel this afternoon. The tournament, most of the best Cornish wrestlers in the county have entered in the competition and some interesting sport is anticipated. Calumet locals of the regular team are in force. Good prize money has been promised to the winners. The first prize is \$60; second, \$40; third, \$30, and fourth, \$20. A sufficient number of wrestlers will be present to make the rounds number one. The regulars will each have to throw four men. The men will wrestle in at 1:30 o'clock and will be ready to enter the ring at 2 o'clock. Standards will be wrestled for in the afternoon and the final bouts will be pulled off this evening. No stickers will be named as is usually the case. The decisions will be left to one man of impartial mind. Among the men who will wrestle are Ziehr, Martin, Jones, Davey, Olson, Tromberth, Tippett, Morgan, Harrington and Nelson.

SERIES OF FIVE ADDRESSES.
Sunday evening Rev. Watson B. Millard, pastor of the Hancock Congregational church, will begin a series of addresses on the general subject of "The First Table of the Decalogue." The first sermon will be preached under this head, and subsequently five others will be given on the second table. The titles of the series are as follows: "The Mysterious of Commandments," "Idolatry," "Profanity," "The Sabbath Up to Date," and "Honor of Parents."

SENIOR CLASS ORGANIZES.
The senior class of the Hancock high school has elected officers for the ensuing year. The officers are: President, Miss Helen Wright, secretary, George Wealton, treasurer. The class colors remain to be selected. The class is the largest in the history of the school, numbering twelve members.

TEN WEEKS IN A HOSPITAL.
Mr. Christ Schorr, of Phillips, Wis., writes: "Gloria Tonic cured me completely of rheumatism. The hospital failed to do it. I was in it twice, once three weeks and another time seven weeks. Sold by the Stafford Drug Co."

STEELE EXPECTED SOON.
Calumet Rink Will Be Ready by Opening of Skating Season.

The Mineral Range railroad is building a track to the Laurium rink site which will be found convenient for the delivery of the steel for the frame work of the proposed structure. The first shipment of steel is expected in a day or two and as soon as it is on the ground construction work will be started. A Milwaukee firm has the contract for the erection of the superstructure. The rink people say they will be ready for the opening of the season in November. It is planned to have the building completed by the middle of November at the latest. Hodge Stuart, cooperator of last year's champion Portage Lake hockey seven, will manage the rink and captain the hockey team. He stated yesterday that he has a number of good players on the string, but is not prepared as yet to announce the line-up. He promises to put a formidable seven on the ice.

Lake Linden is the only one of the larger towns in the copper country that will not have an ice rink. There has been some talk of organizing a company to put up a structure adequate for skating and hockey purposes, and the agitation probably will not take definite form. The young people of the village will have to depend on the rinks in neighboring towns for an evening's skating. The new rink at Laurium will be made easily accessible by the street car service between the two towns.

The former rink at Lake Linden was built on Calumet & Hecla ground and was torn down two years ago because of the unsafe condition of the structure. The Lake Linden hockey players would like to see a new rink built, as they will be compelled to practice on the lake and go out of town to play every game. The lake practice does not permit the use of full combination plays and the area has to be kept continuously cleared of snow. Despite the poor prospects for a rink, however, the boys have decided to reorganize their hockey team. The seven was quite successful last season, and was a champion in the amateur championship of the county.

COPPERDOM BRIEVITIES.
Lew Walters, secretary of the Hancock Barbers' union, will leave tomorrow for Louisville, Ky., to attend the international barbers' convention as a representative of the local organization.

Officers of the Painesdale Glee club have been elected for the ensuing year as follows: Dr. A. D. Aldrich, president; James Thomas, secretary; William Stearns, treasurer; F. Beckett, director.

Rev. J. E. Carzon, pastor of Trinity Episcopal church at Houghton, expects to leave Monday for Boston to attend the annual convocation of the house of bishops of the Episcopal church of America.

Rev. Mr. Todd, who has been transferred from Lake Linden to the pastorate of the Methodist church in Marquette, was left yesterday for his new field. Rev. S. Pollock, of Ishpeming, succeeds him.

Religious work—J. H. Gillespie, chairman.

Sunday meetings—J. M. Wagner, George H. Roberts, Dr. A. A. Broman and Dr. J. H. Gill.

Invitations—J. G. Johnson, chairman; James Mulholland, Norman Starrett.

Social committee—Howard Wright, chairman, and thirty others, divided into committees on decorations, programs, refreshments, etc.

The membership of the association now numbers 257. Subscriptions are being solicited. The list of names is expected to have 100 persons subscribe \$10 each, which will confer upon the donor an honorary membership, entitling him to all the privileges of the association. This, with other large and small subscriptions, will provide the \$1,500 needed to supplement the receipts from memberships.

Secretary Steele yesterday received a check from John Stanton of New York for the regular \$100 contribution to the current expense fund. Mr. Stanton's generosity is much appreciated.

The association rooms have undergone the most thorough and complete renovation that they have experienced since the building was erected, and are a most attractive resort for young men and boys. The front parlors will be for the exclusive use of members only, and also will be used for the night classes during the winter.

Social committee—Howard Wright, chairman, and thirty others, divided into committees on decorations, programs, refreshments, etc.

GLORIA TONIC.
Gloria Tonic cured me completely of rheumatism. The hospital failed to do it. I was in it twice, once three weeks and another time seven weeks. Sold by the Stafford Drug Co.

three mines have been developed on one lode, which represents a wonderful achievement for five years of exploration. But what was five years of exploration in the history of the north range? Why, that scarcely represented enough time in the early days of a lack of copper in paying quantities. Economy has been exercised in every direction, and the funds have been expended judiciously, the only surface improvements being such as are essential to the proper handling of the output.

It is not too much to say that those in charge of the Phoenix have a full appreciation of its shortcomings, and also that if patient endeavor and well directed energy counts for anything, and the St. Clair shaft continues as well as of late, there is good reason to entertain hopeful feelings.

ISLE ROYALE.
The course of the new Isle Royale shaft is changing slightly, reports the Houghton correspondent of the Boston News Bureau. Thus far the shaft has closely followed the footwall where it is found the most copper. The shaft is now passing toward the hanging in consequence of which the showing is comparatively poor. The lower corners of the shaft are in copper ground but the main portion of the shaft is in poor ground which may continue until the footwall again comes in. This change in the ground in sinking has occasioned some disappointing rumors.

The latest to manifest interest in the Isle Royale strike are the owners of Section 17, upon which is located the new town of South Range, and also what was known in the early days as the Wheelate mining property. This section is located immediately west of the Atlantic tract bordering on Isle Royale and, in the opinion of S. J. Beahan, will share in the values of the recent discovery should they prove continuous in the direction indicated. It will be port that immediate operations were to be commenced on Section 17, is, however, erroneous, the owners having decided to await further developments. Should they offer a fair measure of encouragement, the prompt investigation of the tract in question is assured.

TAMARACK.
In the No. 4 Tamarack shaft concrete is replacing wood from the rock to the surface of the ground, a distance of 40 feet. This shaft is being used for hoisting water exclusively. The copper in the ground under the No. 4 is improving in quality, also under No. 3, and it is possible that the latter may be used for hoisting. The No. 3 shaft hoist will be ready for the steam this week and will commence operations in October. The new compressor, operating ninety drills, is now running, and is helping out very materially in the old mine.

DALY WEST.
The action of a "Western stockholder" in soliciting proxies for the annual meeting of the Daly West Mining company is not taken seriously by the management. Aside from the advertisement for proxies, Eastern interests in the company have heard nothing concerning any opposition "to investigate the present management and advise measures for the protection of shareholders." The annual meeting will be held the third Wednesday in February.

AMALGAMATED.
There are reports current in Wall Street that some of the people at 26 Broadway dropped out a little block of Amalgamated Copper around 59 recently. Evidently the engineers of the Amalgamated Copper Co. who are scouring Alaska, British Columbia, the Pacific Coast and Greece have not yet reported any great degree of success.—Boston News Bureau.

CALUMET & HECLA.
The Calumet & Hecla is sinking the third diamond drill hole in the unnamed conglomerate. It is now down over 600 feet but the management refuses to give out any information as to the results.

CONFESSIONS OF A PRIEST.
Rev. Jno. S. Cox, of Wake, Ark., writes: "I was 12 years of age when Yellow Jaundice, I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that has been in its grasp for 12 years. If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by Stafford Drug Co. Only 50c."

CONFRONTS THE GRAVE.
Neglecting a cough means confronting the grave. Use Gloria Lung Balm before it is too late. It is the one remedy which brings quick relief. It is made of honey and tar and other healing balm, and is best for children. Sold by The Stafford Drug Co.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MARQUETTE, MICH., OCT. 1.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Ferris is so very, very good and excellent that our Democratic friends cannot very well stop short of renouncing him.

Judge Parker expects to spend a good deal of his time in New York city, looking after his own campaign.

In Wisconsin the grand question ceased to be "what will the decision of the supreme court contain" and is now "when will the supreme court make known its position."

Were it not for the diversion created by the independents Marquette would hardly know that there is a campaign in progress.

The Detroit Tigers are now comfortably and permanently fixed in seventh birth in the American league.

The showing of the state fair at Pontiac has been so creditable that it is apparent the reasons that dictated the proposed removal to Detroit must have been very weighty ones.

The Cleveland Iron Trade Review has the following comment on the ore situation: Owing to the improvement in the grain carrying business, which has decreased the number of vessels seeking ore cargoes, and the fact that the cost of operating all boats will be increased Oct. 1 on account of wages being raised and other expenses augmented, shippers pretty generally concede the justice of the demand of the vessel owners for an increase in freight rates.

we are now suffering reverses with the Asiatic Swedes, but there will come a day when Japan will be vanquished.

Directors of the Marquette County Agricultural society visited the Houghton county fair this week, to study the methods by which the Houghton county management secures the general co-operation and attendance that has been characteristic of the fairs held to date.

The plan to make a city park out of the waterworks and lighthouse reservations cannot be pushed too strongly by the city and the park and cemetery commission. While its aspect at present is anything but inviting, lighthouse point nevertheless can be made one of the most attractive spots in the city, and a favorite breathing place for Marquette people.

The Detroit Tigers are now comfortably and permanently fixed in seventh birth in the American league. There was a time when it looked as if they might do as well as sixth, but as it wouldn't have done for the Tigers to fulfill any hope of the fans they forthwith proceeded to disappoint them by a slump which put the team finally and irrevocably below St. Louis.

The showing of the state fair at Pontiac has been so creditable that it is apparent the reasons that dictated the proposed removal to Detroit must have been very weighty ones. The fair was located at Pontiac in 1901, with a balance of \$3500 in its treasury. When it leaves Pontiac this year it will have a balance of \$22,000, and in addition large amounts have been expended on the grounds, which will remain the property of the Oakland County Agricultural society.

The Cleveland Iron Trade Review has the following comment on the ore situation: Owing to the improvement in the grain carrying business, which has decreased the number of vessels seeking ore cargoes, and the fact that the cost of operating all boats will be increased Oct. 1 on account of wages being raised and other expenses augmented, shippers pretty generally concede the justice of the demand of the vessel owners for an increase in freight rates.

race question in the South, and in trying to solve them many mistakes have been made, but in time a solution will be worked out. It must be worked out by the Southern people themselves and they will not be helped by abuse and unreasonable criticism from outside.

A TEST OF FINANCIAL STRENGTH.

The war in the east is entering upon a stage in which the financial resources of the belligerents will play almost as important a part as their armies in the field. Both have settled down to a long struggle. It is rapidly becoming a question of endurance. It was at first supposed that in this event Japan should be least able to bear the strain and hence the first to succumb. Later events have discredited this assumption.

The war is costing Japan about \$15,000,000 per month and Russia \$40,000,000. The latter sum will certainly be doubled by the formation of another army of 300,000 men. Japan has felt the war's financial burden thus far less than Russia, for while her resources are less they are more accessible. Her government charges \$250 per capita against \$850 for Russia, while Russia's yearly interest charges of \$155,000,000 are more than Japan's total expenditures in time of peace. Russia's national debt is now thirteen times that of Japan.

Economic and commercial conditions in the two countries since the war broke out are distinctly in Japan's favor. Her activity has not been impaired. Her commerce by sea has been only once threatened and never injured, her manufacturers are as busy as ever, while both imports and exports have increased. Her credit has been improved by victories even though Russia's may not have been seriously impaired by defeats. In Russia matters stand otherwise. Trade and manufacturing have declined. Many factories have been closed altogether, not only diminishing the volume of trade but increasing suffering and disaffection among the working classes, never too contented and tractable. The Siberian railway, Russia's great outlet to the Orient, is monopolized by the shipment of men and war materials and Russian trade in that direction must find a new channel. Moreover, though she recently placed one war loan of \$160,000,000 there will be increasing difficulty in borrowing abroad. The limit of borrowing in Paris has almost been reached but it may be possible to float one loan in Berlin. The alternative would be a resort to a paper money issue, with the result of still further disturbing financial and industrial conditions at home and increasing distrust abroad.

All things considered, the struggle is to be continued on far more equal terms than the world considered possible a few months ago. It is only available cash, like available troops, that counts. The enormously greater resources of Russia may not serve her any better than will her overwhelming preponderance of military "paper" strength. Japan's financial resources, like her armies, may be smaller but are more easily utilized.

BROKE INTO HIS HOUSE.

S. L. Quinn of Cavendish, Vt., was robbed of his customary health by invasion of Chronic Constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he is entirely cured. The cure cost him only 25c at Stafford Drug Co.'s Drug Store.

ITCH ON HUMAN CURED IN 30 MINUTES BY Woolford's Sanitary Lotion. This never fails. Sold by Pendell's pharmacy, Marquette, Mich. (1-30-11)

THE LATEST IN SHOES.

Result of Years of Experience in Shoe Designing and Perfected Methods of Manufacture.

"Honorbill" and "Western Lady" are the names of two new shoes which are conceded to reach the height of perfection in shoe making.

The successful originator of these two lines of perfect shoes is the E. Mayer Boot & Shoe Co. of Milwaukee, Wis. This name will be sufficient to assure most of our readers of the quality of these goods. A great many are already familiar with the high standing and good wearing features of Mayer shoes, while thousands of new shoes which are straight forward, persistent advertising done by this firm in all the principal publications throughout the country.

Mayer shoes have a high standing among shoe dealers and are recommended by them as giving the greatest satisfaction of any shoes in the market. The new shoes will surpass in style, fit and durability anything the Mayer Boot & Shoe Co. has ever placed on the market.

In announcing these new lines, it is hoped that every reader will take careful note of the advertisements of "Honorbill" and "Western Lady" shoes and when next in need of shoes, make a request upon the dealer for one of these new brands.

The "Honorbill" for men is that substantial, noble and fashionable kind that every man who is at all desirous of being well dressed will search for. Made in a variety of designs, for exclusive business or dress wear, or as appropriate for all uses, it has features that appeal to every man.

Upper Peninsula

Long a Union Man—Matthew Horick of Menominee has the distinction of having belonged to a labor organization for forty-six years. He is a molder and has been a member of either the English and American unions ever since he mastered the trade.

New Limestone Quarry—Within a few weeks a new limestone quarry will be opened in the vicinity of what are known as the Osborn caves, several miles west of the Soo. President Fitch of the South Shore road is, with others, said to be interested in the enterprise. The limestone deposits are of a superior quality and so located as to be quarried at the minimum cost.

College Students at Mackinac—Mackinac Island, like most of the Michigan resorts, has her colony of university students who seek employment during their vacation. The University of Michigan has the largest representation, but even students from as far away as the University of Louisiana have sought the resort. They are found in every line of work—carriage drivers, clerks, bookkeepers, waiters, porters, musicians, etc. They are the most satisfactory help that can be found. They are always clean, obliging and refined. They get a pleasant outing and frequently return to college with a neat sum to help defray their expenses for the year.

Farmer Wants a Wife—H. L. Wright of Marinette is looking for another wife. Not for himself, but for a Menominee county farmer. A man with a fine farm near Nathan wants a middle aged woman, a Dane or Scandinavian. There wouldn't be much objection to a wife. Mr. Wright secured nine answers and turned them over to the applicant. The result was a union with a widow from Winnebago, Wis., with two children. The farmer and his wife are living happily on the latter's property about twelve miles from Menominee.

Church Edifice to be Enlarged—The congregation of the First Baptist church of Manistique has decided to materially enlarge the church edifice. An addition 34 by 22 feet will be added at the west and an extension of 24 feet built on at the south. Both of these additions will be finished with second story rooms. One of the upstairs rooms will be devoted to the young men. The west wing will serve as a lecture room

and R. Y. P. U. assembly room and will be equipped with roller partitions dividing it into three class rooms for Bible school work when desired. The first floor in the south extension will be used for a dining room and Bible school rooms, being equipped with roller partitions. A kitchen and store room will be added to the rear of the church. The proposed improvements with furnishings will cost nearly \$4,000.

Plans \$125,000 Saw Mill—The Carney Lumber company, now operating at Massett, Ontario, proposes to invest between now and next spring \$125,000 for a mill that will manufacture timber the concern owns in that district. Whether a new mill will be built or a plant already established purchased has not been determined. Two hundred and fifty men will be employed by the company in camps during the winter, and they are expected to put into the river over twenty million feet of logs before next spring. The mill will be located at Owen Sound, twenty miles from Massett, and at the mouth of the Spanish river, on which stream the logs of the company will be banked during the winter. The factory company formerly operated extensively on the Menominee river and many of its present employees were recruited from that territory.

New Park for the Soo—Next season will see a complete transformation of the river front between the government park on the west and the Kemp slip, at the Soo, or the entire water street frontage, which has been purchased by the government. All of the buildings on this property will be torn down or removed and the place converted into a park to correspond to the parks already maintained by the government on the river front. It is said that the deeds for this property are now all in the hands of Colonel Charles L. B. Davis, of Detroit, engineer in charge.

RELIEF IN SIX HOURS. Distressing kidney and bladder disease relieved in six hours by "New Great South American Kidney Cure." It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Relieves retention of water at once immediately. If you want quick relief and cure this is the remedy. Sold by Pendell's pharmacy, Marquette, Mich. (1-30-11)

DO YOU COUGH DON'T DELAY TAKE KEMP'S BALSAM THE BEST COUGH CURE. In Croup, Colds, Coughs, Sore Throat, Croup, Influenza, Whooping Cough, Bronchitis and Asthma, A certain cure for Consumption in first stages, and a sure relief in advanced stages. Use at once. You will see the excellent effect after taking the first dose. Sold by dealers everywhere. Large bottles 25 cents and 50 cents.

While the various former owners have not received the cash in payment for the property this will be coming along within a few days, it is expected. By the removal of the buildings some of the landmarks of the Soo's early days will be destroyed. Notable among these will be the old building on Kemp's dock used for a warehouse and customs office. The buildings were erected over fifty years ago and were used both by the government and the fur traders. Mr. Kemp is preparing to make many improvements to his lower dock to accommodate the business that will be compelled to go down the river by reason of the abandonment for commercial purposes of this part of the city. It is believed that the contemplated changes will mean in a few years a new center of population for the Soo, as all of the freight business will be removed to the foot of Johnstone street and east thereof.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY. As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle.

Take Hall's Family Pills for constipation.

RELIEF IN SIX HOURS. Distressing kidney and bladder disease relieved in six hours by "New Great South American Kidney Cure." It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Relieves retention of water at once immediately. COUNTY FAIR WELL PATRONIZED.
Aggregate Attendance Is Expected to Reach 15,000.

Secretary Randall of the Houghton County Agricultural society, stated yesterday that he expected the county fair attendance for the day to reach 5,000. It was children's day and many young folks from all parts of the county were expected. The street railway company charged only forty cents for the round trip from Lake Linden and Calumet, the usual rate being fifty cents one way. Hundreds of tickets were sold. The attendance at the fair has been as follows: Tuesday, opening day, 1,050 adults; 124 children. Wednesday, 839 adults; 111 children. Thursday, 3,997 adults; 420 children. The figures, 5,286 adults and 653 children, up to yesterday—official. The prices of admission are thirty-five cents for adults and fifteen cents for children, so that the fair is likely to be a success financially. The attendance August 24 was affected by the rain. Thursday the Amphidrome, particularly in the evening, was a mass of humanity and people moved with difficulty. The fair has pleased all who have seen it and most of the spectators in the evenings have remained until closing time. The weather yesterday was delightful and the fair prospered in consequence. Wednesday was the only bad day of the week. It is expected by the fair officials that the total attendance for the week will reach the 15,000 mark. Today is the last day.

Most of the premiums have been awarded. The judges were busy all yesterday and their work will be finished up before this evening. The awards, as far as can be learned, are quite satisfactory. A committee named in secrecy to select the best business booths has given the first prize to August Kretzschmar, the Houghton furniture dealer; second prize to the Peninsula Wholesale grocery, and third to Ed Haas & Co. of Houghton. Sack's tall boy will be exhibited in the Hays-Brewing company's booth this afternoon and tonight. Various other good attractions have been provided to amuse the crowd.

SEVERAL PLAYS SUBMITTED.
Calumet Elks Planning for Their Annual Charity Entertainment.

The annual show of the Calumet lodge fund will be given at the Calumet theater Thursday and Friday nights, Nov. 10 and 11. A committee has been appointed to select the play. More than the usual number of plays have been submitted, among them being musical comedies by Thomas P. Getz, Frank Whitman and Frank Weisberg. Each production is said to be meritorious and a selection will be difficult. Local talent as usual will make up the cast.

Mr. Whitman, who staged one of the previous shows for the Elks, arrived in Calumet yesterday, bringing with him a manuscript from Thomas P. Getz. Mr. Getz is well known to local theatergoers, his productions having been given by the Calumet Elks. Mr. Whitman will be employed to stage whatever attraction is selected, as he has proven himself a stage manager of considerable ability.

The Elks show this season undoubtedly will prove as successful in every respect as those given in the past. The cause is a worthy one, and if the public knew the extent of the charitable work of the lodge the theater would be packed both nights. Rehearsals will be started immediately after the play is selected, and the members of the cast have virtually been decided upon. It is quite probable the show will be presented in Hancock soon after the Calumet dates.

HANDSOME BUSINESS BLOCK.
Stamp Sand Brick Structure to Go up on Fifth Street, Calumet.

Architect Charles Maas of Calumet is drawing plans for the proposed new brick building which will replace the Fifth street structure recently destroyed by fire. The new block will be 70 by about 30 feet in width and two stories high. The brick, manufactured from copper stamp sand and lime by the Michigan Sand-Lime Brick company of Hancock will be used. It will be the first structure in the copper country to be constructed of this material. The stamp sand gives the brick the desired durability and the lime not only holds the sand together but produces a handsome granite-like color.

The block will be trimmed with sandstone and promises to be one of the most attractive structures on Calumet's main business thoroughfare. It will contain two stories, as formerly, and the second story will be devoted to office rooms. Just who will have the stores has not been decided. C. L. Fichtel, who conducted a drug store in the old building, has decided not to re-enter business. It is planned to have the stores in readiness for occupancy before winter sets in and the work is to be rushed from the start. Men are now engaged in tearing down the ruins of the old structure, and the contract for the new block will soon be let.

CIRCUIT COURT JURORS.
The jurors drawn to serve at the October term of the circuit court are as follows:

Calumet township, Joseph Perkins and Thomas E. Mitchell.
Calumet township, Carl A. Beckman and Josiah Harper.
Chassell township, Edward Wilkinson, W. A. Mason and John Berger.
Dunn township, James L. Maggy, John Rits and Willis Shane.
Elm River township, Napoleon Fournier.
Franklin township, Albert Rowe and George Flynn.
City of Hancock, John Chapman, Isaac Truscott, John C. Wiedenhofer, Bert J. Crawford, Oscar Ongie, Conrad Reyer, George Pedley and Matt Dennis.
Laird township, George W. Peterson and Theo. Gramer.
Grosela township, James D. Jones and John Freeman.
Portage township, Joseph Mahan and Harry Dufresne.
Quincy township, J. S. Hosking and Joseph Cliff.
Schoolcraft township, Homer Roy and Andrew Smetzer.
Stanton township, William Best and Gustaf H. Olson.
Torch Lake township, Samuel James and H. L. Burbank.

SCHOOL STATISTICS.
According to the annual report of the school inspectors of the township of Portage, just filed with Township Clerk Brand at the high school, the estimated value of the school in the district is \$125,000. Forty-two teachers, seven of whom are men, are employed. The salaries of the men last year amounted to \$4,500, and the women were paid a total of \$16,214.75. The bonded indebtedness of the school district on Sept. 5 of this year was \$49,000.

According to the last census, taken a few weeks ago, there are 847 male children of school age in the district, and 826 females, a total of 1,673. Of these 261 males and 287 females attended school, a total of 1,150. The number of non-resident pupils was fourteen. The percentage of daily attendance is given as 98.9. During the year 100 new volumes were added to the district library, bringing the total number of books up to 1,599.

WATCH THE KIDNEYS!
"When they are affected, life is in danger," says Dr. Abernethy, the great English physician. Foley's Kidney Cure makes sound kidneys. Stafford Drug Co.

ANNUAL BANQUET HELD.

Portage Lake Y. M. C. A. Reopens for the Fall and Winter Term.
At the annual banquet of the Portage Lake branch of the Y. M. C. A. at Hancock last evening in honor of the re-opening of general work for the fall and winter, Secretary C. E. Steele gave an outline of the season's plans and the chairman, Dr. J. H. Gillette, commencing spoke of various phases of the work with which they have to do. The resumption of activity in association circles occurs today. The gymnasium classes will start their work this morning, and from 10 o'clock until noon the juniors will have the privilege of the gymnasium. This afternoon from 2 to 4 o'clock the gym will be given up to the Ladies' auxiliary and high school basketball team.

The gymnasium classes will be in charge of Al Fred, who held the position last winter. The association will not employ a professional director, as formerly, the expense involved being more than it is desired to incur. The hours for the several classes will be practically the same as last year, as follows: Monday, 4 to 5 p. m., immediate; 5 to 6, business men; 8 to 9, young men; 9 to 10, basketball practice; Tuesday, 4 to 5, juniors; 5 to 6, high school girls and Ladies' auxiliary. It also is intended to hold the chorus class Tuesday evenings. The gymnasium classes Wednesday and Friday evenings.

The medical drawing class will be in charge of a teacher from the Michigan College of Mines. Commercial arithmetic and bookkeeping will be taught by Professor Spalding of the high school. English for English speaking men by Isaac Wargelin. There also will be a singing class; a literary society under the leadership of M. J. Walsh to meet every two weeks; a motor school for motor men; and a night school for boys, the teacher of which has not yet been selected. The junior department of the association work will be in charge of a committee of which Alton Coulton is chairman. The features will consist of Sunday afternoon meetings at 3 o'clock and a Sunday school. The teaching of English to Finnish young men is to be made an important feature of the night work. A committee consisting of Dr. J. H. Gillette, Keskila will have general supervision of the course to be presented. Mr. Wargelin, the instructor, is well fitted for his post, being a graduate of the Hancock Finnish college.

Religious work—J. H. Gillette, chairman. Sunday meetings—J. M. Wagner, George H. Roberts, Dr. A. A. Bromar and Dr. J. H. Gill.

Invitations—J. G. Johnson, chairman; James Muhlolland, Norman Starrett.

Social committee—Howard Wright, chairman, and thirty others, divided into committees on decorations, programs, refreshments, etc.

The membership of the association now numbers 350. Subscriptions are being solicited on a new basis, the idea being to make the membership more permanent, which will confer upon the donor an honorary membership, entitling him to all the privileges of the association. Thus, with other large and small subscriptions, will provide the \$1,500 needed to supplement the receipts from memberships.

Secretary Steele yesterday received a check from John Stanton of New York for \$100 which will be applied to the expenses of the banquet. The general spirit is much appreciated and the association rooms have undergone the most thorough and complete renovation that they have experienced since the building was erected, and are a credit to the front paragon of young men and boys. The front paragon is reserved for the exclusive use of members only, and also will be used for the night classes during the winter.

The regular Sunday afternoon meetings will be resumed tomorrow. Rev. Mr. Yonkers, the Presbyterian pastor at Houghton, will talk, and a musical program under the direction of Dr. Gill will be presented.

WRESTLING TOURNAMENT TODAY.
A large delegation of South range and Portage Lake wrestling enthusiasts will attend the wrestling tournament at the Portage Lake town hall this afternoon and tonight. Most of the best local wrestlers in the county have entered in the competition and some interesting sport is anticipated. Calumet lovers of the game will turn out in force. Good odds are being offered on the winners. The first prize is \$100, second, \$40; third, \$30; fourth, \$20. A sufficient number of wrestlers will be present to make the rounds number four. The winners will each have to give \$10 to the fund for the school. The match will be ready to enter the ring at 2 o'clock. Standards will be wrestled for in the afternoon and the final bouts will be pulled off this evening. No ticklers will be named as is usually the case. The decisions will be left to one man of impartial mind. Among the men who will wrestle are: Zehr, Martin, James Davey, Olson, Tremberth, Tippett, Morgan, Harrington and Nelson.

SERIES OF FIVE ADDRESSES.
Sunday evening Rev. Watson B. Millard, pastor of the Hancock Congregational church, will begin a series of addresses on the general subject of "The Sermon on the Mount." Five sermons will be preached under this title, and subsequently five others will be given on the second table. The titles of the series are as follows: "The Meaning of the Ten Commandments," "The Sermon on the Mount," "The Sermon on the Mount," "The Sermon on the Mount," and "The Sermon on the Mount."

SENIOR CLASS ORGANIZES.
The senior class of the Hancock high school has elected officers for the ensuing year as follows: James Carrigan, president; LeVant Blodgett, vice president; Miss Helen Wright, secretary; George Wealton, treasurer. The class colors remain to be selected. The class is the largest in the history of the school, numbering twelve members.

TEN WEEKS IN A HOSPITAL.
Mr. Christ Schorr, of Phillips, Wis., writes: Gloria Tonic cured me completely of rheumatism. The hospital failed to do it. I was in it twice, once three weeks and another time seven weeks. Sold by The Stafford Drug Co.

STEEL EXPECTED SOON.

Calumet Rink Will Be Ready by Opening of Skating Season.
The Mineral Range railroad is building a track to the Laurium rink site which will be found convenient for the delivery of the steel for the frame work of the proposed structure. The first shipment of steel is expected in a day or two and as soon as it is on site construction work will be started. A Milwaukee firm has the contract for the erection of the superstructure. The rink people say they will be ready for the opening of the season, November. It is planned to have the building completed by the middle of November at the latest. Holge Stuart, co-proprietor of last year's champion Portage Lake hockey seven, will manage the rink and captain the hockey team. He stated yesterday that he has a number of good players on the string, but is not prepared as yet to announce the line-up. He promises to put a formidable seven on the ice.

Lake Linden is the only one of the larger towns in the copper country that will not have an ice rink. There has been some talk of organizing a company to put up a structure adequate for skating and hockey purposes but the agitation has not been kept up. The rink at Lake Linden was built on Calumet & Hecla ground and was torn down two years ago because the site was needed for other purposes. The Lake Linden hockey players would like to see a new rink built, as they will be compelled to practice on the lake and go out of town to play every game. The rink practice does not permit the use of fine combination plays and then the players are not able to annually clear snow. Despite the poor prospects for a rink, however, the boys have decided to reorganize their hockey team. The seven was quite successful last season, and was a claimant to the amateur championship of the county.

COPPERDOM BREVIETIES.
Law Walters, secretary of the Hancock Barbers' union, will leave tomorrow for Louisville, Ky., to attend the international barbers' convention as a representative of the local organization.

Officers of the Painesdale Golf club have been elected for the ensuing year as follows: Dr. A. D. Aldrich, president; James Thomas, secretary; William Stephens, treasurer; F. Beckett, director.

Rev. J. E. Curzon, pastor of Trinity Methodist church at Houghton, expects to leave Monday for Boston, to attend the annual convocation of the house of bishops of the Episcopal church of America.

Rev. Mr. Todd, who has been transferred from Lake Linden to the pastorate of the Methodist church in Menominee, left yesterday for his new field. Rev. S. Polkinghorn of Ishpeming succeeds him.

MINING NEWS
STRIKE IMPORTANT.
Discovery at the Wyandot of Great Moment to the South Range.

It is authoritatively stated by the Wyandot Copper company that a strike has been made on the south half of section 16, township 32, range 36, which may result in proving up a mine. This is on the company's property.

The lode outcrops in the bed of the Misery river and discloses an excellent unoxidized vein which is a dark red argillaceous, associated with epidote, calcite and quartz and is twenty feet wide.

The development of the lode is to be commenced at once and a crew of men is at work stripping the overlying preparatory to sinking a shaft. The Wyandot company has secured an option on the north half of section 16, through which this lode runs and will have at least 5,000 feet along the strike.

Editorially discussing the importance of the find, A. L. Carnahan says in the Calumet News: The official announcement by the Wyandot Copper company that a lode has been discovered entirely new, which is a dark red argillaceous, associated with epidote, calcite and quartz and is twenty feet wide.

That which is a great copper area that yet to be uncovered, is accepted as a settled certainty by a host of conservative mining men in the lake district. The Wyandot discovery may be the key to the situation, and it may not. If it is the development of the south range is likely to take a quick step forward. If it is not, the exploring will go on patiently, until the quest is ended. It will be impossible to convince the indomitable interests back of this discovery that it is not a better mineral deposit than the West vein, and it may be that it will be subjected to a thorough mill test in the near future.

Advantage is found in the fact that this formation extends to within 200 feet yet to be uncovered, is accepted as a settled certainty by a host of conservative mining men in the lake district. The Wyandot discovery may be the key to the situation, and it may not. If it is the development of the south range is likely to take a quick step forward. If it is not, the exploring will go on patiently, until the quest is ended. It will be impossible to convince the indomitable interests back of this discovery that it is not a better mineral deposit than the West vein, and it may be that it will be subjected to a thorough mill test in the near future.

When John Stanton took over the old Six-Mile Hill property, on the strength of indications which were brought to his attention, a tremor of uncertainty passed through the minds of his close friends. They had looked upon Mr. Stanton, the mentor of the copper mining business in Michigan, as the most astute and conservative of men. There was no question of his untiring energy, but it was feared that the accurate judgment and scrupulous economy which were responsible for his wonderful achievement in the Atlantic had been lost to him as an attribute of "Honest John."

When Captain William A. Dunn, six or seven years ago, went out on his mysterious trips in the mornings and came back at evening, bringing with him magnificent specimens of argillaceous lode, glittering with the red metal, the doubting ones shook their heads, and said "float" or "pocket," and insisted on knowing "just where he got it." But Captain Dunn was not telling secrets, and John Stanton held to his abiding faith. As a fruit of the energy and judgment of these men and their associates, there stand today three magnificent mines—the three giants of the south range, which have sprung into prominence almost like the fabulous beanstalk of fairy lore.

But this is only the beginning. A few weeks ago one of the soundest headed mining captains in the copper country, in conversation with a party of close friends, said of that section, including the stretch to the Houghton county line and beyond: "The south range has scarcely been scratched. It is true that

F. M. SACKRIDER, PROPRIETOR.

three mines have been developed on one lode, which represents a wonderful achievement for five years of exploration. But what was five years of exploration in the history of the south range? Why, that scarcely represented enough time in the early days to get through surface trenching and test pitting, and to have a shaft well started. And what do three mines represent on the north range, in the vicinity of Calumet, for instance? A very small proportion, indeed, of the developed mineral wealth of that particular section.

There are lodes yet undiscovered and wealth not dreamed of on the south range. Patience and persistence will receive their reward; you will see some day—and that day will be no distant date—more mines opened up there than the north range now has to show.

The discovery made by the Wyandot may be the initial step in the second era of development for the south range. The discovery made on the Baltic from which have sprung the Trimountain and Champion as full bedged mines and from which is now emerging the Superior Copper company's development, generally known as Section 15, as well as the achievements by the Winona, further to the south, represent the first great era of achievement. Another era is undoubtedly looked for, and this may be the dawning of the day.

ISLE ROYALE.
The course of the new Isle Royale shaft is changing slightly, reports the Houghton correspondent of the Boston News Bureau. Thus far the shaft has closely followed the footwall where it found the most copper. The shaft is now passing toward the hanging, in consequence of which the showing is comparatively poor. The lower corners of the shaft are in copper ground but the main portion of the shaft is in poor ground which may continue until the footwall again comes in. This change in the ground in sinking has occasioned some disquieting rumors.

The latest to manifest interest in the Isle Royale strike are the owners of Section 17, upon which is located the new town of South Range, and also what was known in the early days as the Wheelock mining property. This section is located immediately west of the Atlantic tract bordering on Isle Royale and, in the opinion of S. J. Beahan, will share in the values of the recent discovery should they prove continuous in the direction indicated. The report that immediate operations will be commenced on Section 17, is, however, erroneous, the owners having decided to await further developments. Should they offer a fair measure of encouragement, the prompt investigation of the tract in question is assured.

TAMARACK.
In the No. 4 Tamarack shaft concrete is replacing wood from the rock to the surface of the ground, a distance of 40 feet. This shaft is being used exclusively for water. The copper in the ground under the No. 4 is improving in quality, also under No. 3, and it is possible that the latter may be used for hoisting. The No. 3 shaft hoist will be ready for the steam this week and will commence operations in October. The new compressor, operating ninety drills, is now running, and is helping out very materially in the old mine.

DAILY WEST.
The action of a "Western stockholder" in soliciting proxies for the annual meeting of the Daily West Mining company is not taken seriously by the management. Aside from the advertisement for proxies, Eastern interests in the company have heard nothing concerning any opposition "to investigate the present management and advise measures for the protection of shareholders." The annual meeting will be held the third Wednesday in February.

AMALGAMATED.
There are reports current in Wall Street that some of the people at 26 Broadway dropped quite a high block of Amalgamated Copper stock around 30 recently. Evidently the engineers of the Amalgamated Copper Co. who are searching Alaska, British Columbia, the Pacific Coast and Mexico have not yet received any great degree of success.—Boston News Bureau.

CALUMET & HECLA.
The Calumet & Hecla is sinking the third diamond drill hole in the unnamed conglomerate. It is now down over 600 feet, but the management refuses to give out any information as to the results.

CONFESSIONS OF A PRIEST.
Rev. Jno. S. Cox, of Wake, Ark., writes: "For 12 years I suffered from Yellow Fever. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years. If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by Stafford Drug Co. Only 50c."

CONFRONTS THE GRAVE.
Neglecting a cough means confronting the grave. Use Gloria Lung Balsam before it is too late. It is the one remedy which brings quick relief. It is made of honey and tar and other healing balm, and is best for children. Sold by The Stafford Drug Co.

SPEW MORE THAN 8000.
"My wife suffered from lung trouble for fifteen years, she tried a number of doctors and spent over \$1000 without relief," writes W. W. Baker of Plainville, Neb. "She became very low and losing all hope. A friend recommended Foley's Honey and Tar and, thanks to this great remedy, it saved her life. She enjoys better health than she has known in ten years." Refuse substitutes. Stafford Drug Co.

City Brevities

Weather forecast: Fair and stationary temperature. Yesterday's temperature: Seven a. m., 55 degrees; noon, 62; 7 p. m., 59.

E. L. Kellan is up from Chicago for a few days' visit.

Born, this morning, to Mr. and Mrs. E. Vandenberg, a girl.

Harry Harwood was down from Ishpeming yesterday, on a business mission.

Max Marks, of Hermasillo, Mexico, is in the city, visiting his cousin, Louis Grabower.

The Marquette Leaders will go to Michigamme tomorrow to play the Michigan team.

Mrs. T. J. Maney is seriously ill with inflammatory rheumatism, her friends feeling quite concerned about her condition.

The new flagpole at the court house has been raised into position and properly set. The work was done without a hitch.

Mrs. R. Swisher left last evening for Chicago, to join Mr. Swisher. They will then proceed to St. Louis, to visit the exposition.

John Kim was surprised by a party of upwards of forty of his friends at his home Thursday evening. The occasion was an anniversary of his birth.

A large class will be confirmed at the German Lutheran church Sunday morning at 10 o'clock. In the evening, at 7:30 o'clock, there will be holy communion.

M. M. Duncan of Ishpeming was in Marquette yesterday completing arrangements for the Republican mass meeting to be held at the opera house next Saturday evening.

The annual meeting of the board of supervisors will be held Monday, Oct. 10. The auditing board will meet next Thursday, the 6th, and the building committee will also meet that day.

Today marks the opening of the partition season at many Marquette hunters are in the woods ready to try their luck at the birds. All the desirable territory will be well frequented with hunters today and tomorrow.

The Mariska, for Conneaut, and the whiteback barge No. 130, for Fairport, cleared from the South Shore docks yesterday. The W. L. Brown for Buffalo, and the Choctaw, for Erie, departed from the L. S. & I. dock.

Mrs. Robert Fowle, of Newport News, Va., who has been ill with typhoid fever for the past several weeks, has been removed from the hospital, and is convalescing rapidly. Mr. Fowle has been back at work for the past ten days.

With the new buffet and barber shop running the Clifton is thoroughly equipped to accommodate people in the most approved fashion. Mr. Prada advertises his Sunday dinners as a specialty and will make a special effort to accommodate boarders.

Amos Saladin, who sells the Bradbury piano, publishes an advertisement in this issue, showing that the Chicago piano of this make for use in the schools of that city. It is a great aid for the Bradbury piano.

The prohibitionists are waking up. They have called conventions to be held at the city hall here next Friday, and have also billed the town for an address by one of their best speakers Tuesday night of next week at the Swedish Methodist church.

Instruction in the German language will be given this fall and winter by Rev. Carl Appeler, pastor of the German Lutheran church, 122 West Ridge street. Mr. Appeler has arranged to give a course similar to that of last winter. The work will be started next Tuesday morning at 10 o'clock.

The majority of the young people who have enrolled as students at the Northern Normal, and the faculty of the institution, attended the reception tendered in their honor at the M. E. church last evening by the Epworth League. It was highly pleasant affair, the Marquette Ideal orchestra being in attendance and refreshments being served. The Epworth League quite did themselves proud in the entertainment of their guests.

Rev. C. M. Thompson will preach in Marquette tomorrow and lecture there next Wednesday evening. Monday and Tuesday he will spend in Tremont and Winters. Though his district is smaller this year he does not propose to be idle and will find plenty to do. He has planned sixty engagements for the first quarter of the new conference year. Mr. Thompson has planned two workers' councils for his district, the first of which will be held in this city Oct. 12, the second in the copper country Oct. 18.

The Salvation Army's harvest festival will open with a harvest home meeting at the hall in the Bertha block this evening. The contributions, comprising various products of the farm in great quantity, also goods of many descriptions presented by the merchants of the city, will be on display. Further donations will be received, and a musical program will be rendered. Monday evening a social will be held, and Tuesday night the sale will occur. It is hoped to raise a large sum of money from the festival for army work during the fall and winter.

O. M. Ailing, Freeport—Was all run down. Could not eat or sleep. Hollister's Mountain Tea made me a well man. 35 cents. Tea or Tablets. Stafford Drug Co.

THE BRADBURY PIANO

Was recently chosen by the Chicago Board of Education as the piano to be used exclusively in the higher grades of the public schools of Chicago. The fact that the decision was reached after very careful expert examination of the most renowned makes adds one more to the many valuable endorsements received during the half century of its existence by the Bradbury piano. In all about 300 Bradbury pianos have been sold recently to the Chicago schools and universities. Sold exclusively on the upper peninsula by Amos Saladin, Marquette. (9-23-14)

LOBSTERS AND OYSTERS.

For a good oyster stew or broiled lobster try the Superior Cafe, 303 South Front street. Theater and dinner parties receive strict attention. Catering a specialty. (8-30-14)

HARD WOOD.

Dry Block and Split Maple Wood. (9-12-14)

F. B. SPEAR & SONS

WHEN YOUR DOCTOR TELLS YOU that you have lung trouble and when your worst foretells you that it is the forerunner of consumption try Gloria Lung Balm. Best for children. Sold by The Stafford Drug Co.

THE SUNNY SIDE

The Whole Performance.

There's a fellow from Chicago who is working night and day.

And Mondays, Wednesdays, Fridays he brings out another play.

In speed and versatility no one can doubt he's got

Ibsen, Shaw and Shakespeare lashed securely to a cot.

And there's nothing doing now but Mister Ade.

Have you seen the latest show by—Mister Ade?

Slang, philosophy, and grammar.

More than playwright, he's the Dramatist.

What's the use of anything but Mister Ade?

"Sultan," "Peggy," "County Chairman"—what's the next one, you can guess?

"We're rehearsing for 'The Sho-gun,'" says the agent to the press;

While the merry "College Widow" from the box receipts is crumpled.

As the doorkeep each performance hangs the joyful placard "Jazzmed."

There is nothing much in town but Mister Ade.

Look beside you, up or down—what else but Ade;

From the tragic to the silly.

From sublime to vaudevillian.

All the world is being dramatized by Ade.

When he has a sketch for Coney and a thrill for Fourteenth street, and a "Parfait" production for a Coned season's fest.

And a Russian play for Mansfield with a motif running through;

How will Mister Ade employ his time with nothing left to do?

Then the theater will be a form of Ade. And we'll merely have to ask, Which kind of Ade?

Stately, playful, or dramatic.

Namby-pamby, or emphatic—

Buy your tickets and you'll get your choice of Ade.

—Wallace Irwin in New York Globe.

Scat, Kitty!

What is probably another record has been created, this time by a cat, which has walked from London to Owersdale near Rugby, a distance of eighty-five miles. "Jummy," as the "tramp" is called, belongs to Mrs. Mark Robinson, of 9 Belsizgrove, Hampstead, and is just an ordinary medium-sized black cat. —London Mail.

Lines to Hank Watterson.

Grab your trenchant virile pen.

Watterson, our Watterson.

Do not stop till we say when.

Watterson, our Watterson.

Roast our genial president.

Roast the rich, on pleasure bent.

Roaster most magnificent.

Watterson, our Watterson!

Dip your pen in acid ink.

Watterson, our Watterson.

Write exactly what you think.

Watterson, our Watterson.

Roosevelt will struggle through.

Notwithstanding what you do.

Still we need more men like you.

Watterson, our Watterson!

Whitman's sentiment.

Hard Job for Maria.

"I have come to get my wife photographed," said the determined-looking man as he entered the studio, followed by a meek-looking woman. "You can make her look grand, sir, can't you?"

"Certainly, sir," replied the photographer; "that is part of my business, you know."

"Well, Maria here fell out of the window last year and broke her nose. You can straighten it out, I suppose?"

"Certainly, sir."

"And can you push in Maria's ears so that she won't look so much like a rabbit?"

"Oh, I think so."

"And what about the squint in her left eye?"

"Oh, I can touch it up with India ink."

"And the freckles?"

"They won't appear on the picture at all."

"And will the hair be red?"

"Oh, no."

"Well, you can go ahead. Sit down there, Maria, and try to look pleasant." —Buffalo News.

"The Brave Old Way."

I say risk all for one warm kiss.

I say 'twere better risk the fall.

Like Romeo, to venture all.

And boldly clime to deadly bliss.

I like that savage, Sabine way.

That mighty minstrel came of it!

Their songs are ringing to this day.

The bravest ever sung or writ.

Their loves the love of Juliet.

Of Portia, Desdemona, yea.

The old true loves are living yet.

And we, we love, we weep, we sigh.

In love with loves that will not die.

Love's Penalty.

To love is to make a compact with sorrow.—Mlle. de Lespinasse.

Hazard of the Game.

Somewhat it seems that when the Future holds out a promise it plays it against us in the next deal.—Pack.

Touch Us Gently, Time.

(An Old Favorite.)

Touch us gently, Time!

Let us glide adown thy stream.

Gently, as we sometimes glide.

Through a quiet dream.

Humble voyagers are we.

Husband, wife and children three—

(One is lost, an angel fled.

To the azure overhead.)

Touch us gently, Time!

We're not proud or soaring wings.

Our ambition, our content.

Lies in simple things.

Humble voyagers are we.

O'er life's dim, unsounded sea.

Seeking only some calm cove—

Touch us gently, gentle Time!

—Barry Cornwall.

Taggart's Busy Rock.

Tom Taggart, the Democratic national chairman, usually wears a big diamond stud that was presented to him by a bunch of Chicago sports who liked the way Smiling Tom treated them at his French Lick resort. The other day at the Waldorf Taggart told a little story about the diamond.

"The first day I wore the stone," said Taggart, "my colored servant, Tom, seemed unable to take his eyes from it. Everything he was sent to do he did

Iron Notes

The steam plant at the Great Western mine, in Iron county, is to be enlarged, another boiler having been ordered. The action of the company is taken to presage an early resumption of operations underground. The shafts at present are filled with water.

There are 70,000 tons of ore in stock at the Loretto, on the Menominee, and it is expected to ship about 6,000 tons this fall. The new stockpile ground is nearly completed for the output for next winter. The daily output of 350 tons is being stocked. The company employs 150 men and expects to increase the force if it can get a few good miners. The mine will be worked all winter.

Strong political influence is being brought to bear upon different interests in the United States Steel Corporation to secure a settlement of the differences between the striking steel workers and the Carnegie Steel company. It is understood that Senator Boies Penrose of Pennsylvania and Senator Charles F. Dick of Ohio are exerting their efforts to end the trouble, and that they are working to secure a conference between the men and the Steel Corporation.

It is reported that the Pittsburg Steamship company, the steel corporation fleet, will place its forty-two barges in winter quarters early in November. President H. Conly, of the steamship company, has been quoted to that effect. He says that the corporation is in very good condition, as regards ore supplies, and the barges will go out of commission early in November unless there is a change in the situation between now and that time, which makes it desirable to forward more ore than is figured on at present. There is a decided improvement in the lake freight market. It is said that spot boats can now command seventy cents from Duluth and sixty cents from Marquette, which is an advance of five cents a ton over the wild rate that has prevailed for some time.

The United States Steel Corporation is said to have received from its representative in Canada detailed estimates of the cost of erecting mills in Canada capable of meeting the opposition of Dominion Companies under the new Frey laws. The exact amount is not known, but it is said to aggregate not less than \$2,000,000 for the plant and sites alone. Owning all the raw materials needed in both coal and ores, the corporation, in the event that it decided to establish a subsidiary plant in Canada, would have to pay out money only for the site and plant, which accounts for the small estimate given as the possible amount it may spend. A Canadian subsidiary would be useful to the corporation in aiding it to maintain its hold upon Canadian trade, as well as to help it in promoting trade which could be handled better from Canada than any other point. This would apply at once to trade with England and later to trade with Australia.

A QUART OF MILK

and a package of JELLO-ICE CREAM POWDER is all that is required to make nearly two quarts of delicious ice cream. Everything else in the package makes the most perfect ice cream you ever ate. Order a package today, you will be highly pleased. Four kinds: Vanilla, Chocolate, Strawberry and Unflavored. At all grocers 10c; 2 packages for 20c.

Charles Montsatson, former manager of the Marquette Candy Kitchen on Washington street, left Marquette yesterday for California and other points west, his health being the cause of his departure. The present manager, Geo. Montsatson, one of the brothers of the firm, will take up his duties at once and will endeavor to please his patrons to the best of his ability. Customers will get every attention possible. Choice home-made candy, fresh every day. (9-29-14)

PROPOSALS.

Proposals will be received up to September 30th, 1904, inclusive, for the furnishing of 300 feet of hard body wood, split and four feet long, same to be delivered on board cars at Marquette during the months of December, 1904 and January and February 1905, in such quantities per month as may be desired. Right reserved to reject any and all bids. Envelopes containing proposals should be marked "Proposals for Wood." C. D. BLANCHARD, Supt. of Poor. (9-12-3w)

Northern State Normal School,

MARQUETTE, MICHIGAN.

The Northern Normal admits graduates of approved high schools to the two years course leading to a life certificate and diploma. It offers courses leading to a three year certificate, which is renewable for three years and valid in graded schools, and also a rural school certificate. It has Excellent facilities for training teachers for special work in kindergarten, music, drawing and nature study.

It has an exceptionally fine corps of teachers who are specialists in their departments, and its training school gives a splendid opportunity for the training of teachers.

There is an excellent dormitory in connection with the school which is an ideal home for students. The building is lighted with electricity, and heated with steam; the living rooms are large, well lighted, and pleasant; and the dining room has a seating capacity of one hundred fifty persons. The expenses are moderate.

Students of the Northern Normal School who finish the Life Certificate course are given fifty-six hours credit at the University of Michigan.

FINE HORN ORDERED.

City Band Will Soon Have Instrument Bought by Citizens.

The City band has ordered through Carl Fisher, the New York instrument dealer, one of the finest double B-flat bass horns on the market. The instrument will be silver plated, and engraved the entire length of the bell, and will cost in the neighborhood of \$200. It is expected here in about two weeks. The horn will not become the property of the band, but will be for its use as long as the organization holds together. The management intends to call the contributors together and ask them to name a committee of prominent citizens with whom the instrument will be placed in trust. Articles of agreement will be drawn up. The band has been in need of the horn for a long time. The band will give its annual concert Dec. 26 at the Ishpeming theater.

FIRST REPUBLICAN RALLY.

Two Lower Peninsula Orators Will Speak in Ishpeming Friday.

The Republican campaign will be opened in Ishpeming next Friday evening, when Hon. John J. Carton, ex-speaker of the house of representatives, and Hon. Judge William R. Kendrick of Saginaw will address the voters at the Ishpeming theater. Mr. Carton has been here before and the favorable impression he made in his last address in this city should be sufficient to fill the theater next Friday evening. Judge Kendrick is also said to be a fine speaker. It is expected that the Republicans will have a number of rousing rallies during this month and early in November. Several good speakers are listed for visits to the upper peninsula. Among the most prominent ones expected are Senator Burrows and Fred M. Warner, candidate for governor.

HOPKINS' WEEKLY REVIEW.

Ore Has Been Struck on the 1,100-Foot Level of the L. S. & P.

Following is Hopkins' weekly review of the curb-stock market: "The long looked for ore strike in Lake Superior & Pittsburg on the 1,100-foot level has been made.

"Do you realize what this means? Do not pass over this important matter without a hurried consideration. A known depth of 200 feet and known thickness of 200 feet of ore averaging 12 per cent. We cannot figure out the actual value, because we do not yet know the width. This cannot be determined without further development. We are advised that smelters for this property will now be recommended.

"The walls of such a block of copper are worth \$12,000,000. The management estimates 200 pounds of refined copper to the ton of rock. We were positive this strike would be made, and we would not be surprised if it would go on down another 100 or 200 feet. We have done everything in our power to keep you advised, and we also think that the business men have appreciated it, as we have placed about thirty thousand shares in the hands of estate and trust companies and with individuals, who will not sell a share, but keep it for investment.

"Think of the management. They are mining men with brains and money. Calumet & Pittsburg took a whirl today that would make one dizzy. Sold 400, to 47; back to 43 and up to 45 1/2, and now 46 bid.

"Junction sold at 39. Pittsburg & Duluth at 49. Lake Superior & Pittsburg sold at 52 to 54 and 55 is asked. Remember, it will sell to \$100 on this news, which will be generally known by Monday.

"The Bisbee letter is not in an account of wire trouble.

"The range of prices for the week was as follows: Calumet & Arizona, 897 to 898; advance 1 point.

Lake Superior & Pittsburg, 44 to 55; advance 11 points.

Pittsburg & Duluth, 860 to 870; advance 10 points.

Junction, 838 to 841; advance 3 points.

Calumet & Pittsburg, 839 to 847; advance 8 points.

Yesterday's prices were: Bid. Asked. Calumet & Arizona, 898.00 8100.00

Calumet & Pittsburg, 47.00 Lake Sup. & Pittsb., 52.75 55.00

Pittsburg & Duluth, 68.75 Junction, 39.00

Tomahawk Con., 49.00 Lake Sup. & Arizona, 6.75 7.25

Ariz. Cop. Mtn., .15 .18 Copper Glance, .05 .06

Kittie Burton, 2.00 Columbus, 1.20

SAVES TWO FROM DEATH. "Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well."

Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infalible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by Stafford Drug Co. Trial bottles free.

DEMOCRATIC COUNTY CONVENTION

The Democratic convention for the county of Marquette, Mich., to which all independent voters and delegates are invited, will be held at Andrews' Hall, in the city of Ishpeming, on Saturday, the first day of October, 1904, at 2 o'clock p. m., for the purpose of nominating candidates for the following county offices, viz: Judge of probate, clerk, treasurer, county clerk, register of deeds, prosecuting attorney, two circuit court commissioners, two coroners and a county surveyor, after which the delegates from the First and Second representative districts of the county will organize and nominate candidates for the state legislature for said respective districts.

The several cities and townships of the county will be entitled to representation in the convention as follows: Ishpeming city, 23 delegates; Negaunee city, 11 delegates; Marquette city, 10 delegates; Republic township, 4 delegates; Champion and Tildou townships, 3 delegates each; Michiganme township, 2 delegates; Ely, Chocoma, Forsyth, Rumboldt, Ishpeming, Marquette, Negaunee, Powell, Richmond, Sande, Scammon, Turin, Wells and West Branch townships, one delegate each.

Ishpeming, Mich., Sept. 19, 1904. T. J. DUNDON, Chairman Marquette County Democratic Committee, P. F. SMAI, Secretary.

FOOTBALL TODAY.

Ishpeming Highs and Peerless Eleven Will Meet at Union Park.

The first football game of the season will take place this afternoon at Union Park, when the high school team will line up against the Peerless eleven. The game will start at 2:30, admission fifteen cents.

The school team should win, as the eleven is considerably heavier than the Peerless, and its superior training will doubtless count against the young city players. However, the Peerless team will do its very best and those who have seen the team work this season predict a close race.

The school team will play the Norway school eleven here next Saturday afternoon. It will be an exhibition contest. Ishpeming's first championship game will be with Ironwood a week from Saturday at Ironwood. The losing team will be out of the championship race. Ishpeming expects a hard game, as there is said to be excellent material in the Ironwood team. Archie Hahn, last year's crack sprinter of the Michigan University, is the coach. If Ishpeming wins the team will play the winner of the Escanaba-Ironwood game here at a date to be determined later.

DEMOCRATIC CITY CONVENTION.

Not for many years has a Democratic convention in Ishpeming been so largely attended as was that held last night to select the Ishpeming delegates to the county nominating convention called to meet here today. True, not all those present were Democrats, but a few Republicans being attracted out of curiosity, still the attendance of the faithful was very pleasing to the leaders. T. J. Dundon presided as chairman and P. F. Small officiated as secretary.

Delegates to the county convention were named as follows: Joseph Schilling, D. McVichie, Joseph Clairmont, P. F. Small, Frank Vivian, John Barling, G. G. Gazler, T. J. Dundon, H. N. Melocher, George Voelker, Dr. V. H. Vandenberg, H. E. Hoyal, John Xenarth, Andrew Peterson, William McGinty, John Nolan, Joseph Seoble, John L. Bradford, A. R. Glancy, Herman Magnuson, Edward Thomas, August Schmidt and John Poir.

At Michiganme last evening some thirty Democrats turned out to the township caucus. James Scanlon acted as chairman of the meeting, and Peter Doll as secretary. The delegates chosen were: H. E. Hoyal, John Xenarth, Andrew Peterson, William McGinty, John Nolan, Joseph Seoble, John L. Bradford, A. R. Glancy, Herman Magnuson, Edward Thomas, August Schmidt and John Poir.

The high bowling score for September was broken again Thursday by Arvid Braastad, it being the second time he has made the high score during the month. His total was 232 pins, just one pin above the next highest man. In the two-man team contests that evening Ramsdell and Doll took two of the three games from Thompson and Watters, the scores being as follows:

Tot. Av. Ramsdell 125 149 147 140 Doll 145 198 152 163

Totals 258 347 299 304 Thompson 131 171 153 152 Watters 127 155 166 152

Totals 256 326 319 311

"YON YONSON" GOOD SHOW.

"Yon Yonson" was produced in the Menominee theater Wednesday evening by an excellent troupe, and the audience was afforded plenty of amusement. Dan Braastad took the part of the big Swede very well, and he was ably supported. One of the pleasing features of the play is that nearly every one in the cast is a good singer, and there are a dozen songs sung through the evening. A male quartet of high caliber rendered a number of selections.—Marquette Eagle-Star.

BAPTIST CHURCH SERVICES.

In the absence of Pastor Fletcher, Willis Dorr will occupy the pulpit of Calvary Baptist church tomorrow. In the evening there will be music by a male quartet. The services will be as follows: 10:30 a. m., morning school; 11:45 a. m., Sunday school; 6:15 p. m., young people's meeting; 7 p. m., evening service.

WATER SHUT OFF TOMORROW.

The board of public works gives notice that the water will be shut off tomorrow from 4 a. m. until noon, to admit of repairs being made to a main.

IMPURE DRINKING WATER. It is always a source of danger, dysentery and bowel troubles follow its use, every person should have handy a bottle of Pain-killer. It is a medicine which will quickly cure these distressing ailments. Be careful and see that the storekeeper does not pass on some worthless substitute upon you, as it sometimes does for the sake of a few cents extra profit. Large bottles 25 and 50 cents.

WHAT IS RE-GO?

Re-Go Tonic Laxative Syrup is a preparation originally put up for physicians' use, and it is still largely prescribed by the best practitioners. Its wonderful cures of Constipation, and all attendant evils, such as Nervous Dyspepsia, Sick Headache, Bilemness and indigestion, have led the manufacturers to believe that a great service would be rendered to their fellow men by offering to the public this famous medicine in convenient form. They have so far faith in the merits of the medicine that they offer a trial bottle free to any one who will cut out this notice and present it to the Peoples' Drug Store.

TOLD IN A FEW WORDS.

Clas. Castellion, Cumberland, Wyo., says he had the worst cough a man ever had, and cured it in a few days with Dr. Warner's White Wine of Tar.

DEMOCRATIC SENATORIAL CONVENTION.

The Democratic convention for the Thirty-first senatorial district of Michigan will be held at Andrews' Hall, in the city of Ishpeming, Mich., on Saturday, the first day of October, 1904, at 3 o'clock p. m., to nominate a candidate for state senator from said district and to transact such other business as may come before the convention.

The representation in such convention will be as follows: Marquette county, 8 delegates; Alger county, 2 delegates; Dickinson county, 5 delegates; Iron county, 2 delegates; and Baraga county, 2 delegates.

Ishpeming, Mich., Sept. 19, 1904. T. J. DUNDON, Chairman Democratic Senatorial Committee, PETER KREMER, Secretary.

There is no disputing the fact that man's heart is often reached through the stomach. Happy the housewife who can please her husband's appetite with well cooked food for the table. Many a man is reached through the stomach.

Dr. Pierce's Golden Medical Discovery, which helps the digestion of food in the stomach, assists the blood in taking up the proper elements from the food, helps the liver into activity, thereby throwing out the poisons in the blood and vitalizing the whole system. This assimilation helps in the oxidation of the red blood corpuscles, the poisons in the system are eliminated, the heart gets the right kind of blood and the person feels invigorated and stronger in consequence. As a tissue builder it is far preferable to cod liver oil or any alcohol compounds or tonics, because it retains the blood and the tissues the food elements they require and maintains a person's nutrition by enabling him to eat, retain, digest and assimilate nutritious food. It overcomes the gastric irritability and symptoms of indigestion. Because of the good effects from overwork or neglect, Dr. Pierce's Golden Medical Discovery upon nutrition and the building up of the tissues, catarrh, consumption, weakness or debility and symptoms of fever, night-sweats, headaches, etc., disappear.

"I believe that it is generally conceded that Dr. Pierce's Golden Medical Discovery is the best medicine for a man to take suffering from symptoms of indigestion. Because of the good effects from overwork or neglect, a cold," writes J. Russell Hill, of 332 Harris Street, Kingston, Ontario, Recording Secretary, Imperial Knights' Federation League of Kingston, "I have been by several times during the past few years and have always found that it gave me immediate relief. It expels excessive uric acid in the system, due to imperfect digestion, relieves the kidneys from congestion, drives headache and backache away, induces appetite and tones up the general system. I consider it a fine remedy for young or old men sure to build up a run-down condition of the system."

Insanity, Death or Health?

No. 2807 Locust Street, St. Louis, Mo., March 25, 1903.

I was a victim of sleeplessness and extreme nervousness for eighteen months, unable to get a proper night's rest and feeling tired and worn out continually. I was easily irritated and hysterical at the slightest provocation. My mind was so much tormented, my general system toned up and nervousness became a thing of the past.

I am so pleased to acknowledge the great curative merit of your health giving medicine and gladly endorse it.

Harriet O. Best
CHAIRMAN, LADIES OF HONOR, No. 7.

WINE of GARDUI

We want to call your attention to the complete and immediate relief Mrs. Best secured by taking Wine of Gardui. Within a week after the begun taking Wine of Gardui, Mrs. Best had her best good night's rest for eighteen months. Her restlessness was caused by nervousness and Wine of Gardui, as the best menstrual regulator, has no superior in the world as a medicine to soothe a woman's nerves. Nervousness and hysteria are warnings of the approach of insanity and if relief is not secured the end can only be the asylum or the grave. With such an outlook as this before her, no suffering woman can reasonably refuse to give Wine of Gardui a trial. It brings a cure that thousands of women have sought for in vain. Will you secure a bottle of Wine of Gardui today and start treatment?

All druggists sell \$1.00 bottles Wine of Gardui.

Negaunee Department

INCENDIARY BLAZE.
Fire Department Called Out at 2 o'Clock Yesterday Morning.

The fire department was called out yesterday morning at 2 o'clock to extinguish a blaze started in a pile of rags in E. Dione's barn, on Case street. The blaze took a box about two blocks distant from Dione's place, and when the firemen arrived at the barn there was no one in sight. It took a few minutes to locate the blaze, as it had not been started long enough to attract attention.

The firemen are satisfied that the blaze was started and the alarm turned in by the same person. Whoever did the work evidently did it through meanness and not through any desire to destroy property. The fire would have had a big start before being discovered if the alarm had not been sent in. Chief Jackson has placed the facts before Marshal Gifford and has asked him to do a little detective work.

About 8 o'clock Thursday evening the department was called out to look after a chimney fire at Dave Benyas' home.

NO CONVENTION HERE.
Few of the "Faithful" May Attend the Democratic Gathering Today.

The Negaunee Democrats did not hold a convention for the selection of delegates to attend the county convention at Andrews' hall, Ishpeming. It has been said that there are no Democrats in the city, but in reply to this one of the Negaunee men who shouted for Bryan a few years ago said: "Oh, yes, there are; wait until election day. We will roll up the usual vote for the Democratic candidates. It is true, we haven't held a convention to choose delegates, but what's the difference? Our interests will be looked after by the delegates from the other towns. Ishpeming and Marquette will be well represented, and I believe a few Negaunee men will be present. Those who go up will be accorded seats in the convention. All the old-time Democrats will be heard from at the proper time. As far as Negaunee is concerned there are no Negaunee Democrats seeking nomination on the county ticket. It is assumed, however, that this city will not be overlooked when the Democratic vote has not been very large for a number of years past, nor is it thought that there will be an increase this fall. The Democrats seem to be more or less indifferent as to the national and state tickets, but they are manifesting interest in county politics.

FAITHFUL DOG.
St. Bernard Formerly Owned by Negaunee Man, Dying of Broken Heart.

About two years ago Henry Lee of this city sent a big St. Bernard dog to Cornelius Keefe of Rockford, Wis. Keefe had a Shetland pony, to which the dog became attached. The pony died recently and the dog has since been dying of a broken heart. The Milwaukee Daily News said concerning the incident: "From the town of Rockford there comes a remarkable story of affection between a dog and his master. An attachment was formed between a Shetland pony and a St. Bernard dog, owned by 'Coat Keefe' in the presence of a few friends and relatives. Miss Beneschek, daughter of Mr. and Mrs. Anthony Beneschek, is one of the most highly respected of the young ladies of Gladstone and no man has more friends in Gladstone than Soren Johnson.

BENESHEK-JOHNSON NUPTIALS.
The Gladstone Delta gave the marriage of Miss Mary E. Beneschek, a former Negaunee girl, to Soren Johnson of that city, this morning.

"On Tuesday last, Sept. 20, Soren Johnson and Miss Mary E. Beneschek were united in marriage by Rev. Dr. Dosek in the presence of a few friends and relatives. Miss Beneschek, daughter of Mr. and Mrs. Anthony Beneschek, is one of the most highly respected of the young ladies of Gladstone and no man has more friends in Gladstone than Soren Johnson.

MAY OPEN CANDY STORE.
A Greek who has been working in Apostle's candy store at Ishpeming is figuring on opening a store in Negaunee. The Greek store here recently changed ownership, it having been sold to a couple of Ishpeming Arabians. The new owners paid a good price for the outfit.

A \$35,000 RING.
The most valuable ring in the world is in the possession of one of our very wealthy New York families. It is set with a diamond valued at \$35,000. The most valuable medicine for all family ills is the famous Hostetter's Stomach Bitters. During its 50 years' experience before the public it has been the means of saving much suffering as well as heavy doctor's bills, and on account of its wonderful cures has been very appropriately called the "sick man's friend." Don't fail to try a bottle at once, especially if you suffer from sick headache, sour stomach, dizziness, dyspepsia, indigestion, constipation, biliousness, or malaria, fever and ague. It always cures. When sickly women in need of a tonic and regulator will also find the Bitters unexcelled. For sale by all druggists.

Ishpeming

ISHPEMING IN BRIEF.

C. T. Fairbairn spent Thursday and yesterday in the city.

Thomas Simons will treat his patrons to vegetable soup tonight.

Rev. S. Polkington and family will leave this morning for Lake Linden, their future home.

The Democratic county convention will be held at Andrews' Hall this afternoon at 1:30 o'clock.

City Recorder John DeBrige was at his office yesterday after being confined to his home three days.

Miss H. Kennedy will have her fall millinery display today. She invites the ladies to call.

Patrick Slincy is home from Calumet, where he spent the summer playing with the ball team of that place.

Robert Maxwell and wife left last evening for the St. Louis exposition, where they will spend a week or ten days.

N. J. Cornell of Marinette has taken a position as assistant bookkeeper in the office of the Wallace H. Hopkins company.

A. H. Berryman, of the Milwaukee office of the Wallace H. Hopkins company, is here to remain over Sunday with Mr. Hopkins.

Mrs. Keith has returned to her home at Fond du Lac, Wis., after a visit of a few weeks with her son, J. M. Keith, and wife.

The hop announced to be given Tuesday evening by the instructors of the local dancing class will be held Monday night instead.

Mrs. I. Laiterstedt announces her fall opening of millinery for next Thursday and Friday at her new stand in the Andrews block.

The street sprinkler was out yesterday. Its services were very much appreciated, as it was one of the dustiest days of the year.

John L. Bradford, who has been in the city the past week or so buying new goods for L. W. Atkins & Co., is expected to leave this morning.

The safe formerly owned by the Finnish Co-operative society has been purchased by the Wallace H. Hopkins company from the Carpenter-Cook company.

Miss Lovella Fitzpatrick has returned from her vacation trip to Chicago and St. Paul and has resumed her work in the local office of the Carpenter-Cook company.

W. S. Schock, formerly instructor in the manual training school, was in the city for a short time this week. He departed for the St. Louis exposition. He was accompanied by one of F. M. Sackler's sons.

The harvest festival at the Salvation Army hall will open this evening with

Kenton Catches.

A. L. Ely of Abston was in town Wednesday on business.

Mesdames Wm. Kroll, Pierson and Stambaugh attended the Houghton fair Friday.

Rev. P. Manderfield of Rockland transferred business of interest to his parish here Wednesday.

Joseph Wilcox, William Vetter and Jake Larouche attended the county fair at Houghton Friday.

W. E. Barrett of Chicago and Henry Harper of Grand Rapids made a business call here Thursday.

Mr. and Mrs. Edward Cameron and Mrs. P. J. Elliott spent Friday at Houghton as fair visitors.

M. Lieberman is arranging to dispose of his tailoring business and real estate property to moving to a new location.

R. H. Hoskins and R. W. S. Hoskins of Menominee and Dr. J. H. Wallis of Milwaukee reached Kenton Friday and will be the guests of Dr. Moll at Eamon Lodge during a portion of the bird season.

Will Lewis went to Houghton Friday and will continue the study of mining engineering in the Michigan College of Mines at its fall opening next Monday. Will was accompanied by his father, F. A. Lewis.

Harry Levine of Greenland announced to his trade here during the week that beginning Oct. 1 he would transact his jewelry business hereafter from Ontonagon, having secured new quarters in the latter city and moving his stock from the former.

Mrs. J. L. Stambaugh returned Monday from Ewen, the possessor of six premiums she received from the Ontonagon County Fair association for her display of decorated china, pyrography, oil paintings and embroidery. She is exhibiting some of her handiwork at Houghton this week.

Political enthusiasm in support of the present national administration will soon vent itself in the erection of a time pole and giving to the breeze a steamer bearing the names of Roosevelt and Fairbanks. It is expected speeches and a demonstration will be made when the event takes place.

The recent item appearing in the Copper Country News relative to the prosecution of Mr. Rosenow for a violation of the game law, that gentleman something of an injustice. Instead of partridge, the birds Mr. Rosenow shot were cock of the woods, and at the time he was not aware that they were protected by the game law. For this reason the fine was placed at the minimum.

The Kenton baseball team found they could play ball only a little bit when they went up against the imported battery, composed of Monte and Pascoe of Bessemer, of the Ewen team last Friday and Saturday. The score Friday was 12 to 1 and Saturday 6 to 1, each in favor of Ewen. Ewen played safe on the arrangement of its team to retain the prize money for the home town. The ball games, however, were a drawing card for the fair and added considerably to bringing the crowds and consequent success to the undertaking which had been well planned by the enterprising management.

Mr. Shingler and Miss Edna B. Lewis of Saranac, Mich., were married at the home of the bride Wednesday, the 21st inst. Mr. and Mrs. Shingler will be at home to their friends in Kenton after Oct. 10. Mr. Shingler is one of Kenton's best known residents, having had charge as manager of the Sparrow-Kroll market department since its inception. Mr. Shingler is not unknown to Kentonites, for when Kitchi was prospering a few years since she directed its educational interests, and at the time formed many valued acquaintances in this village, all of whom are now glad to welcome her back as a permanent resident.

The marriage of Charles B. Kroll and Miss Candace Harvey occurred at the home of the bride's uncle, Joseph Wilcox, on Conklin street, Tuesday evening, at 8 o'clock. Only the immediate families and relatives were present at the ceremony, which was performed by the Rev. George Cleaver and was followed by an elaborate wedding supper. The happy couple left Wednesday afternoon for Chicago and the St. Louis exposition to spend their honeymoon. The occasion of their departure was fraught with the well wishes of the entire community and an abundant shower of rice. Mr. and Mrs. Kroll will begin housekeeping on their return in ten days in the newly appointed cottage second west of Hotel York on Exchange street.

A LOVE LETTER.

Would not interest you if you're looking for a guaranteed Sald for sores, Burns or Piles. Otto Dodd, of Ponder, Mo., writes: "I suffered with an ugly sore for a year, but a box of Bucklen's Arnica Salve cured me. It's the best Salve on earth. 25c at Stafford Drug Co.'s store."

S. W. Kerr, a prominent business man of Huron, Wis., says, "Your cough medicine, Hart's Honey and Horchound, is a good seller and seems to give excellent satisfaction." Hart's Honey and Horchound contains no opium or other stupefying drugs and is the best medicine in existence today for Croup and Whooping Cough and the only safe one to give to small children. 25c, 50c and \$1.00 bottles. Sold by The People's Drug Store.

\$100—Dr. E. Dechton's Anti-Diarrhetic will be worth to you more than \$100 if you have a child who soils bedding from incontinence of water during sleep. Cures old and young alike. It arrests the trouble at once. One dollar. Sold by Fendell's pharmacy, Marquette, Mich.

A WHOLE FAMILY.

Rev. L. A. Dunlay, of Mount Vernon, Mo., says: "My children were afflicted with a cough resulting from measles, my wife with a cough that had prevented her sleeping more or less for five years, and your White Wine of Tar Syrup has cured them all."

Dr. Weaver's Treatment.
Syrup purifies the blood, cures leucoderma eruptions

CAMPAIGN WILL BE OPENED NEXT WEEK

JOHN J. CARTON AND WILLIAM R. KENDRICK WILL SPEAK HERE SATURDAY, OCT. 8.

OTHER POLITICIANS COMING

Tours to the Upper Peninsula Arranged for Senators Burrows and Alger and Chairman Diekema—Latter Will Surely Be Heard Here.

The Republican presidential campaign will be opened in Marquette a week from tonight, with a mass meeting at the opera house. The speakers will be Hon. John J. Carton, speaker of the house of representatives at Lansing, and a candidate for nomination as supreme judge, and Judge William R. Kendrick of Saginaw, a member of the state board of pardons. Mr. Carton and Judge Kendrick will address a meeting at Ishpeming Friday night, and they will also speak at other points in the upper peninsula. Both are well informed on the issues of the campaign and are experienced campaign workers. They may be relied on for spirited and well argued speeches.

The campaign has not yet had its beginning in this region, but after the visit of Mr. Carton and Judge Kendrick it is expected that the upper peninsula will be given considerable attention by the state committee. A number of tours of notables are now being planned. Some time ago it was partially arranged to have Senators Alger and Burrows, Fred M. Warner, the gubernatorial nominee, and other state notables, Congressman H. O. Young, and possibly one or two others make a tour of this region in one big party, devoting about a week to the upper peninsula. It has been decided not to carry out this plan, however. Now the upper peninsula committees have been informed that Senator Burrows, who usually favors this region with a visit in presidential years, will be north of the straits the week of October 17, getting in as many speaking dates as can possibly be arranged for him. Senator Burrows' addresses are invariably heard by large audiences in this region, and he is regarded as one of the strongest speakers who ever gets north of the straits. There will be general pleasure with the news of his proposed trip. It is given out as already definitely arranged that Senator Burrows will speak at Ishpeming, but it is not certain that he will be heard here. If he can give only one day to the county he will be asked to talk at Ishpeming, it being centrally located for the greatest number of voters.

The week following Senator Burrows' visit, the week of the 24th, the upper peninsula will be visited by Senator Alger and State Chairman Diekema, who will talk in the leading cities. Senator Alger and Mr. Diekema will be heard in Marquette, and their visit will be made the occasion of a big rally.

The Republican county committee is arranging to have some speaking done in the smaller towns, and other campaign work in the outlying districts will be solicited as early as possible.

It is already apparent, however, that the campaign in this county, as far as the head of the ticket is concerned, is going to be a very staid and decorous affair. There has been no talk of organizing campaign clubs, and evidently both the Democrats and Republicans are going to take the election with a good deal of equanimity. County politics promise, at this writing, to attract the greater amount of attention. No Democratic plans for work for either the state or national ticket have been announced, but it is expected that the Dems will have a rally or two.

Democratic Convention Today.
The Democratic county convention will be held this afternoon at Ishpeming, and will be attended by the majority of the Marquette delegation selected Thursday evening. Marquette Democrats say that they will favor making up a full ticket, putting the strongest candidates whom they can name in the field. If the independent movement pans out to be at all formidable they say they should be in a position to profit by the split in the Republican party. However, the Democrats are particularly desirous of leading the forlorn hope. There are no strenuous fights for places on the ticket. Joe Fay is mentioned as a possible nominee for sheriff. H. H. Brown, 8:30; Marnia, 9; Ira Owen, 2:20 p. m.; Fitch, Mattland, Russia, 3; Fulton, Penobscot, 4; Augustus B. Wolvin, Marina, Russell, 4:40; Turret Court, 8.

CANNEL COAL.
Just the thing for the grate and chilly evenings.
F. B. SPEAR & SONS.

OVER 7,000 CASES.

Their Records Are on File in County Clerk's Office.

County Clerk Ross has been moved into the new offices in the court house for some days now, but he is by no means settled. In the clerk's keeping are a quantity of records far in excess of those entrusted to any other county official, so it is a large task for him to get the various papers properly classified and placed in his new location. There are, for instance, records of 7,152 cases that have been disposed of in circuit court for this county that are kept on file where they can be reached conveniently on demand. These records are to be kept on the first floor of the vault, where there are cases arranged particularly for their reception. Further back than these records are several hundreds of cases that were tried in the old upper peninsula district court, before the circuit court was organized. Among the various things that County Clerk Ross has placed in the vault are the official weights and measures, which the county clerk is required to have on hand to be used in checking up the mercantile weights and measures of the county, should they be desired for that purpose. In the old court house the weights and measures were stored in the garret, along with much other stuff belonging to the clerk's office. Everything has now been moved into the new vault. County Clerk Ross has found it necessary to fit up part of the middle story of the vault, and it will be some days yet before he has the records, books, etc., completely straightened out.

TO SELL OLD COURT HOUSE.

Building Committee Is Advertising for Bids on Abandoned Building.

The old court house, which for several decades served as quarters for the conduct of the official business of Marquette county, is to be sold and removed from the county's property. The building committee, which is empowered to dispose of the structure, is advertising this morning for proposals for its purchase. Bids will be received by County Clerk Ross up to 10 a. m., October 15. Separate bids will be received, one on the iron work, including the heating apparatus, piping, radiators, stairway and vault doors; the other on the building, including masonry and storm sash. In addition bids will be received on the iron work and building together, i. e., on the structure as it now stands. It is specified that the old building will have to be removed from the premises not later than Dec. 1 next.

The structure is now deserted, the last of the county officers having moved from some days ago. There is a great quantity of building material in the old court house and it is expected that there will be a number of bids. The material is for the most part as sound as the day it was put in. When the building was moved the hewn sills were found to be in perfect condition and the lumber in the upper part of the structure is said to be every whit as sound. The building stood for all the years it served the county on an elevated site, where the material of which it was constructed was safe from the attacks of moisture.

It does not appear that the court houses will readily lend itself to being remodeled for any practical purpose, though it is possible that some bidder will decide that he can use the building. It is regarded as most likely, however, that it will be torn down for the material, and most of the bids will doubtless go in on that basis.

COPPERS ACTED BETTER.

Number of Stocks Were in Good Demand—Price Tendency Upwards.

Paine, Webber & Co. wired concerning the Boston market: "All the copper's acted better today. There was a good demand for Oseola, Atlantic and Utah. New York bought Michigan today, one house taking 1,500 shares. Isle Royale was much stronger, with little stock offered. Molokai sold up a point with no stock offered under 47 at the close. There is getting to be a scarcity of all coppers and if the buying continues we will have better prices before election. Of course, we will have reactions, but they will be a buy every time they weaken a point or two."

The Wheat Market.

Leggan & Bryan wired Paine, Webber & Co. regarding the wheat market: "The wheat market is 3/4 to 1 cent higher. It was again a nervous market. There was a little better volume of goods, but the market was not so active as yesterday so far as activity was concerned, but the demand seems to have a slackening tendency and is hardly up to what it has been for some time past. There is quite a speculative contingent that is still disposed to follow it as a bull market and buy on the breaks. The receipts are large and the visible on Monday will likely show a fair increase. We think the market has too much stock to it and that what may be sold on the rallies or bought on the breaks."

Conditions Bullish in New York.

Emmis & Stoppard wired J. A. Fuller & Co. regarding the New York market: "The market showed aggressive strength today, with representative leading stocks conspicuous in the advance, which was of substantial proportions. The buying was good. Representatives of the leading financial interests were among those taking Consolidated Gas, Union Pacific and other issues. It is believed that a formerly very prominent speculative leader was in charge of the movement, having begun his operations by engineering the important rise in Steel preferred during the week. The professional element was caught short and covered precipitately. Optimistic expressions as to general business outlook, and the stock trade in particular had due influence. Attention was called to the fact that the difference in regard to the Northern Securities distribution of assets amounts, in some cases, to only about \$15,000,000, and all stocks associated with the matter were strong on hopes of early settlement of these differences out of court. The expected poor bank statement was practically ignored. We continue to advise purchases on all reasons."

Your blood goes through your body with jumps and bounds, carrying warmth and active life to every part, if you take Holt's Mountain Tea, 25 cents, Tea or Tablets. Stafford Drug Co.

CLIFTON HOUSE.

Renovated and improved throughout. Best table service. Buffet in connection with house. Most convenient and best place to get your Sunday dinner. Boarders taken at reasonable rates. (10-1-1)

Conklin's business record of thirty-four years is an open page. We do not know of a dissatisfied customer. He has placed hundreds of pianos in Marquette homes. His personal guarantee is back of each and every instrument. (7-5-1)

VISITING HOUGHTON FAIR.

Officers of Marquette County Society Getting Pointers.

E. B. Palmer, president and manager of the Marquette County Agricultural association, M. E. Aste, secretary and treasurer, and George W. Hager, a director of the society, have been in Houghton this week attending the annual fair of the Houghton County Agricultural society, to study the methods pursued by the management. The Houghton county fairs have been very successful, according to all reports, and the Marquette men are looking for ideas that may be utilized when the time for the next Marquette county fair comes around. The Houghton fair is held in the Amphitheatre, all except the live stock department, which is found outside the entrance. The attendance has been large this year, and it is said that the fair has proven a great success.

BOWLING LEAGUE ORGANIZED.

Eight Teams Made Up to Participate in the Competition.

The Marquette bowling league has been organized for its second season. There are eight teams, and while the membership of the league is largely the same as it was last year the personnel of the teams is changed, so that men who bowled against each other last season will be associated on the same teams this year. The only thing governing the makeup of the teams was a desire to secure an equitable and fair division of the bowling talent, and it is considered that all of the teams are well matched. The meeting at which the formal organization was effected was attended by a majority of the bowlers, and the season was thus given an enthusiastic start off. The officers for the year ensuing are as follows: President, F. L. Simmons; vice president, J. H. Godwin; secretary, W. H. Van Idersline; treasurer, P. W. Phelps; assistant treasurer, E. O. Bowsher; executive committee, A. E. Miller, M. W. Stevens, Stewart Byrne, Tim Foley and Leo Rose.

The teams have not yet been named, nor have they selected their captains, but their membership are as follows:

- No. 1—Simmons, Bowsher, Anderson, Wiedler and Brunner.
- No. 2—Jenks, Kimball, Leo Rose, H. B. Bell, Ball.
- No. 3—Godwin, Stevens, Bush, Foward, Hodgkins.
- No. 4—Van Idersline, Werner, McKenna, Palmer, Byrne.
- No. 5—Cunningham, Weiser, McCarthy, Stephenson, Donaldson.
- No. 6—Miller, H. O. Bell, Conklin, Hanson, Bryan.
- No. 7—Phelps, Allen, Stafford, Maney, Stevens.
- No. 8—Elrledge, Foley, Sink, Zerbel, Hancock.

The schedule has not been completed, but the opening game will be played the evening of Thursday, Oct. 10. It is expected that a series of sixty-three games for each team, or three times around, will be played. The regular team bowling nights will be Mondays, Tuesdays, Wednesdays and Thursdays.

WANTS MORE STREET SPRINKLING.

To the Editor of The Mining Journal:—The business men on Front and Washington streets would like to know how much longer it is going to take to put meters on our street sprinklers. If you can do anything to hurry the matter along please do it. The dust the past week has been unbearable and it is reported that the delay is caused by the street commissioner not being able to get the water board to put on the meters.

Yours truly,
ONE OF THE MERCHANTS.
Marquette, Sept. 30, 1904.

NOTICE.

Mrs. Otto Kluge's regular advanced German classes will start Monday, Oct. 10. She also will form a new class for beginners. Those who wish to study the German language please notify Mrs. Kluge at once. The classes will all be conducted evenings, so as to give those persons who have their occupations during the day an opportunity to join. (10-1-5)

CLIFTON BARBER SHOP.

George Perrin, the Clifton Hotel barber, located in writing room. Shop open from 7 a. m. to 8 p. m. (9-29-1)

FREE FANCY WORK CLASSES.

I have started my Saturday morning classes in fancy work on Monday for children. No charge will be made where the material is purchased at my store. I will also give free instructions to any person on all material bought of me. I have received my fall and winter stock of art ribbons and embroideries and would be pleased to have the ladies call and inspect them. I do plain and fancy hand sewing. MRS. R. O'NEILL, 509 No. Third St. (9-29-1)

PROHIBITION CONVENTIONS.

Mass conventions of the Prohibition party of Marquette county, the thirty-first senatorial and the twelfth congressional districts of Michigan, will be held at the City Hall, Marquette, Michigan, Friday, October 7, 1904, commencing at 8 p. m. The purpose of the convention is to elect delegates to the national and state conventions and the transaction of any other proper business. Dated, September 30, 1904. HARVEY BURRIGHT HATCH, Chairman Marquette County Committee.

RICHARD QUAYLE.

Chairman 31st Senatorial Dist. Com. JAMES IVEY, Chairman 12th Congressional Dist. Com. (10-1-1)

NOTICE OF SALE.

Sealed proposals will be received by W. A. Ross, county clerk, for the purchase of the old Marquette County Court House up to 10 o'clock a. m., Oct. 15th, in separate bids. One bid for the iron work including the heating apparatus, piping, radiators, stairway and vault doors. And one bid for the building, including all masonry and storm sash. Or parties may bid for the whole as they choose. All to be removed and the premises left clean by Dec. 1st, next. The committee reserve the right to reject any or all bids. BY ORDER OF THE BUILDING COMMITTEE. (10-1-15)

WASTE HUNDREDS OF DOLLARS.

Mr. Michael Balreich, 30-32 Johnson St., Tiffin, Ohio, writes: "Three boxes of Gloria Tonic did me more good than hundreds of dollars I previously spent with doctors. I suffered 29 years in misery and torture." Sold by The Stafford Drug Co.

For the best in the line of photograph come to Sierke's new gallery, 506 North Front street. Now ready for sittings. (8-31-1)

Grabower's Millinery Opening!

Today, Oct. 1st.

Will be a Most Distinguished Exposition of the World's Finest New Fall Merchandise. Come and see us.

A surprising, startling exhibition of Trimmed Hats, Ready-to-wear Garments, Dress Goods and Trimmings, Neckwear and Fashionable Novelties, worth a long journey to see. Beauty is the keynote. Uniqueness and superiority of style demonstrate the BIG STORE'S absolute leadership. No cards. Consider this a personal invitation and come; all welcome.

Grabower's Hats are fascinating beyond belief. Hats and Trimmings are rich in color effect--Coque and Roche, Primrose Yellow, Bronze, Copper, Onion, Cachon Brown, Maroon Brown and Golden Chestnut Brown, holding high carnival with contrasting colors.

All in all, the new Millinery is most interesting, and we assure you that your time spent at GRABOWER'S TODAY will be one of the beneficial events of your life. Again we extend a cordial invitation to you.
