At two this afternoon the doctor fully believed that the end was at hand,

those at the stricken man's bedside joined in prayer. But again the patient's marvelous recuperative powers asserted themselves and won another

> Slowly but very perceptibly a change or the better took place and at 4:30 clock a more hopeful bulletin was is-aed. This was followed at 6:45 o'clock by far the best news of the day. Miss lones, niece of Mrs. Payne, came from the sick room and with beaming face told of a wonderful change for the better. Some time before that hour, she said, the postmaster general had reecognized those about him and seemed almost like himself again. He had even asked for food and milk, and when the latter was brought he drank from the glass he himself held. One of the physicians said the improvement was

elegrams of inquiry continued to pour o from outside points, notably from

clock this morning Dr. Magruder left he sick room for home, leaving Dr. Grayson in charge. Dr. Magruder's report at that hour was that if Mr. Payne's im provement continued during the night the bulletin in the morning would doubtas be gratifying. He said the postuster general was retaining his nourshment and had had no sinking spells luring the evening. When he awoke from his sleep, which was necessarily itful, he was able to recognize those about him. Dr. Magruder added that

Mrs. Rena C. Miller, Librarian. Louise L Holmes, Secretary. Alfred M. Barry, in charge of build

ings and grounds Normal Extension Courses.

The Normal has been doing extensio work at Negaunee and Ishpeming the past year. It is similar in plan to the extension courses offered by the universities. The classes meet weekly and are instructed by some one of the regular Normal faculty. During the week the members of the classes do the reading or other work, assigned by the instruct tor, so that the hour spent together is more for discussion of the subject in hand than for formal instruction. Professor Anderson is at present carrying on the work at Negaunee and Ishpern ing. Over forty pupils are taking the

Only competent teachers, who have successfully taught several years, are admitted to the courses. Their experience is the equivalent of some of the normal requirements, so that with the extension work and attendance at summer sessions they are enabled to secure the life certificate within a reasonable time. Holmes, 7:30; W. L. Smith, Sinaloa, 8: The plan was put into effect because it seemed that in no other way could the enthusiasm of the Normal faculty better 10:30; Plummer, noon; W. H. Mack, be transmitted to the schools of the immediate region than by this personal contact with the most promising and progressive of the teachers. That the effort has been appreciated is evident from the large classes already formed. There were some graduates in the extension department last summer and the number will doubtless increase. The ex- for children. lines as we have some very tempting bargains for you.

The Northern Normal admits graduates of approved high schools to the two years course leading to a life certificate and diploma. It offers courses leading to a three year certificate, which is renewable for three years and valid in graded schools, and also a rural school certificate. It has Excellent facilities for training teachers for special work in kindergarden, music, drawing and nature study.

It has an exceptionally fine corps of teachers who are specialists in their departments, and its training school gives a splendid opportunity for the training of teachers.

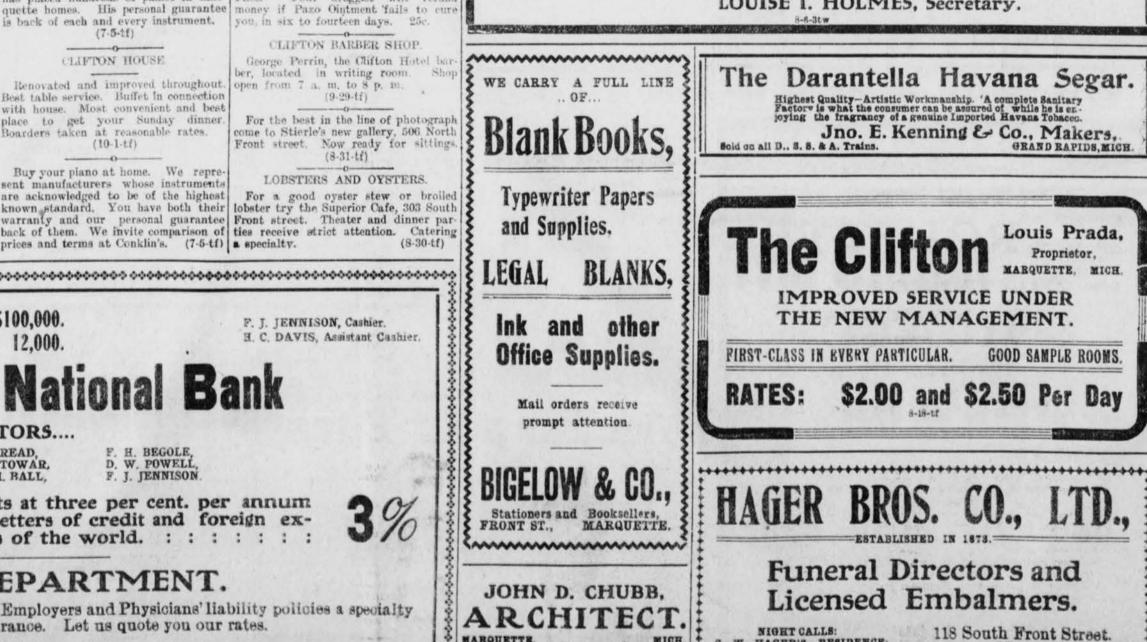

There is an excellent dormitory in connection with the school which is an ideal home for students. The building is lighted with electricity, and heated with steam; the living rooms are large, well lighted, and pleasant; and the dining room has a seating capacity of one hundred fifty persons. The expenses are moderate.

Students of the Northern Normal School who finish the Life Certificate course are given fifty-six hours credit at the University of Michigan.
