TIRESOME, isn't it, to get down the chopping bowl and knife and prepare something for the next meal? But the tiresome method is out of date. You can do better work with Sargent's Gem Food Chopper-with but little work and no labor.

The Gem chops all kinds of food in coarse, medium or fine pieces, as desired. Useful in the preparation of substantials and desserts. You need it in your kitchen every day.

It requires more than simply workmanship to produce a good fur garment. The experience required to properly select the skins is a matter of very slow growth, and unless one's experience has been very wide, it is well to rely upon a brand of established reputation and in any case this is the safest way. We have been manufacturing fur garments of every description for men, women and children for twenty-eight years and our product is of the best.

"THE ROYAL CHEF" COMING Brand New Musical Attraction Booked for Marquette House.

Manager Koepeke announces an en gagement extraordinary for the Marquette opera house. He has booked "The Royal Chef" company for a date about the middle of the month. This is a musical attraction of excellent merit which is now in its first season and which opened for a limited run in a Chicago theater last month. It is now being taken on the road for a brief run strength of the play is in rich comedy.

"The World," a perennially popular play, will be given another presentation at the opera house Friday evening. "The World" is one of the original melodramas, and it has maintained its vogue through a long period. It is chuck full of exciting situations, love and intrigue, heros and villains. The storm scene is one of its special features. In full view of the audience a full rigged ship founders, overwhelmed by towering waves, the peroine of course being saved with neatness and dispatch by the everpresent ero. It is interesting to note in connection with the forthcoming engagement that is is twenty-five years since "The World" was given to the public. In this time it is said that the play has never been off the American stage.

"DEAR MRS. PINKHAM: - I am so pleased with the results obtained from Lydia E. Pinkham's Vegetable Compound that I feel it a duty and a privilege to write you about it.

"I suffered for more than five years with ovarian troubles, causing an unpleasant discharge, a great weakness, and at times a faintness would come over me which no amount of medicine, diet, or exercise seemed to correct. Your Vegetable Compound found the weak spot, however, within a few weeks—and saved me from an operation—all my troubles had disappeared, and I found myself once more healthy and well. Words fail to describe the real, true, grateful feeling that is in my heart, and I want to tell every sick and suffering sister. Don't dally with medicines you know nothing about, but take Lydia E. Pinkham's Vegetable Compound, and take my word for it, you will be a different woman in a short time." - MRS. LAURA EMMONS, Walker-

## ALDERMEN HELD OCTOBER SESSION

LARGE GRIST OF MUNICIPAL BUSI-NESS DISPOSED OF BY THE COUNCIL LAST EVENING.

### SOME CONTRACTS WERE LET

Will Try and Collect Part of Cost of Lake Street Work from Marquetie & Southeastern Road -Other Matters,

The aldermen worked their way through a big grist of business at the regular October meeting last evening. They made good progress, however, and adjourned about 9:15, with everything satisfactorily out of the way.

The committee on claims and accounts reported on the claim of the city against the Marquette & Southeastern railroad for a part of the expense of putting Lake street in good condition, inasfar as it has been restored to date. after the construction of the company's line. The report was comprehensive and cited statutes and ordinances, after which it was concluded as follows: "Your committee would therefore

recommend that a claim be prepared and presented to the Marquette & Southeastern Railway company for such portion of the cost of repairing Lake street as in the opinion of the street commit-

It was reported that left to the Ishpeming delegates. Less the general fund was exhausted of cash and that the loan was essential if bills were to be paid. Alderman Asire explained that some months ago the finance committee had paid a loan of \$10,000 from the Marquette National. to save the interest, the money bein taken out of the general fund. treasurer's statement on the black board of the council chamber showed the general fund credited with \$24,848. 31, but Controller Bay explained that none of this credit was cash, but was omposed of money coming to the gen eral fund from various sources, the largest item in the category being city taxes, 1904, \$16,551.25. Alderman Ball break in the stock about two o'clock asserted that the blackboard should be made to show the actual amount of eash in the general fund, to be of guidance to the aldermen. The motion authorizing the loan of \$5,000 was finally passed as submitted.

It was decided to order some minor work done. The commission will not permanently repair the dam until it is in full possession of the lake, and lumbering operations there are at an end.

H. J. Payne arrived home Sunday night from North Hampton, Mass., where he placed his daughter, Miss Hazel, who was graduated from the Marquette high school last spring, also hi son, in school. Mr. Payne says in connection with the proposed Mississipp trip, reference to which was made The Mining Journal last week, that hi plans are not definitely formulated and that it is not certain he will go down the river in his power launch this fall.

The light and power commission has o the new generator, and has been dis appointed to learn that it has not been shipped. The oclay is inexplicable, the generator was tested two weeks today, and responded satisfactorily to tests. It was supposed that it would be shipped at once. Now that the rop drive has been replaced at the pow station the delay will not make as muc difference as would otherwise be the ase, but still it is most annoying. Four Palmer addition boys were be

# Fall Opening

Wednesday and Thursday, Oct. 5 and 6.

You are cordially invited to attend this (our Sixth) Opening of Fall Millinery. We have made a special effort this year to make the showing complete. Before making any selections our buyer visited the leading Millinery Importers in Chicago, and noticed what was new and most fashionable in their display. As a result the New Shapes, New Patterns and New Shades are all here for your inspection.

We are showing samples of the popular Gage Hats which are considered smart and representative of the season's designs. But we are well prepared to make up Hats according to your suggestion and your ideas of economy. Our supply of Trimmings is larger than usual. There is ample variety to choose from in design and colors, especially the Terra Cotta and Mahogany which will be popular this season.

This being exclusively a Millinery store we devote special attention to workmanship, as we employ competent help in our workroom. The workroom is in charge of Miss Kuhn, who is engaged between seasons in designing and trimming for one of the large wholesale Millinery houses in Chicago. In this way we are equipped better than ever to have our work correct in style, thorough in the making, and of full value for its cost.

Our Opening is set for Wednesday and Thursday of this week. MARQUETTE MILLINERY CO.
