NEWS FROM FRONT STIRS ST. PETERSBURG

Mukden Reports Much Activity and 'Something Unusual in the Wind.'

GIVES RISE TO MUCH SPECULATION

Various Theories Are Advanced, Among Others That Kuropatkin Is Evacuating or Preparing to Assume the Offensive, but There Are No Definite Advices Shedding Light on the Situation Beyond the Fact That the Japanese Continue to Bring Up Great Stores of Supplies and Ammunition--Rumors Port Arthur Ships Have Left the Harbor, Taking Advantage of a Heavy Storm, Receive Some Credence in Russia but Are Doubtful at London--Firing Heard Thought Directed at Blockade Runners.

Chop! Chop! Chop! Tiresome, isn't it, to get down the chopping bowl and knife and prepare something for the next meal? But the tiresome method is out of date. You can do better work with Sargent's Gem Food Chopper--with but little work and no labor.

Blue Grass Cannel Coal which gave such good satisfaction last year. F. B. Spear & Sons.

London, Friday, Oct. 7.--No confirmation has reached London of the reported naval fight off Port Arthur, and it is supposed that the firing heard at Che Foo could only have been from Japanese warships chasing blockade runners.

Mukden, Oct. 6.--5:30 p. m.--Something unusual is in the wind. A great bustle is now noticeable. The streets are thronged with hurrying crowds, innumerable carts and pack mules.

St. Petersburg, Friday, Oct. 7.--The war commission sat until an unusually late hour last night, but adjourned without issuing additional news from the front. Expert opinion is divided as to whether a serious engagement is likely to occur at Mukden, but the despatch from that city reported unusual activity gives rise to much speculation.

St. Petersburg, Oct. 6.--While the admiralty claims to have no knowledge of the departure of the Port Arthur squadron, it is inferable from the way in which the report that such an event had transpired has been received, that definite confirmation would not create surprise.

St. Petersburg, Oct. 6.--Reports received at the ministry of the interior indicate that the Jewish revolutionary bands are displaying renewed activity in the dissemination of pamphlets urging the dissemination of war and the promises of the government and asserting that the remedy is a revolution.

Reported Explosion Denied London, Oct. 6.--It is not true, as enabled to the United States by a news agency here, that fifty persons have been killed by the explosion of an ammunition magazine at Sebastopol.

PEACE CONGRESS GRATIFIED. Growth of the Cause of Arbitration Is Cause of Rejoicing. Boston, Oct. 6.--At today's session of the international peace congress resolutions were adopted congratulating those countries which have signed permanent and obligatory treaties since its last session and expressing the hope that their example will be quickly followed by other powers.

NEW WARSHIP MENACED. Cruiser Washington Threatened by a Fire of Mysterious Origin.

PAYNE'S FUNERAL TODAY. Full Honors Due a Member of the Cabinet Will Be Paid Him.

Washington, Oct. 6.--Full honors due a cabinet officer will be paid to the late Postmaster General Payne, arrangements having been completed today for an official funeral to be held at 11 o'clock tomorrow at St. John's Episcopal church.

The bureau of navigation today telegraphed orders directing that all flags at naval stations and on ships within the United States be half-masted until after the funeral. All the offices of the district government will be closed between 11 a. m. and 1 p. m. tomorrow.

The train which will carry the remains of Mr. Payne to Milwaukee will travel as the second section of the regular train over the Pennsylvania railroad leaving here at 3:30 o'clock tomorrow afternoon. Secretaries Wilson and Hitchcock will represent the cabinet.

Acting Postmaster General Wynne today received the following from Berlin: "The imperial German postal administration expresses to the postoffice department its heartfelt sympathy upon the loss it has suffered by the death of the highly honored Postmaster General Payne. The officials of this service now present there will represent the imperial postal administration at the funeral services."

The remains of the late postmaster general as they reposed in the casket were exposed to view tonight and a number of officials and friends called at the family apartments. Among them were President and Mrs. Roosevelt, who remained for some time and who also saw Mrs. Payne.

Madison, Wis., Oct. 6.--Governor La Follette today issued a proclamation announcing the death of Postmaster General Payne and directing that flags be half-masted on public buildings the day of the funeral.

Sioux Falls, S. D., Oct. 6.--One of the most sensational and wholesale escapes in the history of the Sioux Falls penitentiary occurred today, when seven prisoners made a break for liberty.

SEVEN CONVICTS ESCAPE. Sioux Falls, S. D., Oct. 6.--One of the most sensational and wholesale escapes in the history of the Sioux Falls penitentiary occurred today, when seven prisoners made a break for liberty.

FIERY ORATORS TO SPEAK. Mass Meeting in Interest of Independence Arranged at Manila.

Manila, Oct. 6.--A mass meeting of Filipinos will be held Sunday for the purpose of giving sincere support and sympathy to the American committee on Philippine independence in its efforts to attain the end desired.

GIRL NOT MURDERED. Suicide the Cause of the Death of Minnie Harmoning.

Chicago, Oct. 6.--Instead of being murdered, as first supposed, it was learned today that suicide was the cause of the death of Minnie Harmoning of Palatine, Ill., whose dead body was found in a barn yesterday.

BANK EMPLOYEE HELD UP. Robber Visits an Iowa Town and Gets Away With \$1,700 Cash.

Council Bluffs, Ia., Oct. 6.--At the point of a revolver Miss Frances Flood, assistant cashier of the savings bank at Treynor, was this afternoon compelled to surrender \$1,700 cash to a robber who then locked her in the vault and escaped.

WILL BE LAUNCHED TODAY. Seattle, Wash., Oct. 6.--Everything is in readiness for the launching of the battleship Nebraska tomorrow, Governor Mickey and party reached Seattle today from Nebraska.

OWES UNIVERSITY \$850,000. Washington, Oct. 6.--The schedule of the assets and liabilities of Thomas E. Waggaman, real estate agent and former treasurer of the Catholic University, shows assets of \$5,607,924 and liabilities of \$5,022,940.

NEW WARSHIP MENACED. Cruiser Washington Threatened by a Fire of Mysterious Origin.

Camden, N. J., Oct. 6.--Fire of unknown origin occurred tonight in the hold of the cruiser Washington, being built at the yards of the New York Shipbuilding company. As far as known, no one was on the cruiser within five hours of the time the flames were discovered.

DIES FROM GRIEF. Leon, Ia., Oct. 6.--Grief because she shot her husband is the cause assigned by the physicians for the death of Mrs. Peter Lewis today. The woman, recently shot and killed her husband, whom she mistook for a chicken thief.

TWO TICKETS IN WISCONSIN. STALWART FACTION DECIDES NOT TO PULL OUT OF THE STATE CAMPAIGN.

VIGOROUS FIGHT IS PLANNED. COOK WITHDRAWS AND SCOFIELD SUCCEEDS HIM.

"National Republican" the Name Adopted by the Anti-La Follette Men and Will Thus Appear on the Official Ballot.

Milwaukee, Oct. 6.--Samuel A. Cook has withdrawn from the head of the stalwart Republican state ticket. He is succeeded by former Governor Scofield.

Mr. Cook tonight issued a lengthy statement giving his reason for his withdrawal from the stalwart ticket. The gist of the statement is a review of his past utterances that he would withdraw unless the decision of the supreme court was in his favor.

"I have faith in the judgment and in the desire for fair play of the Republicans of Wisconsin and am certain they will rebuke the high-handed methods by which Governor La Follette attempted to steal the party convention.

"The regular Republicans, whose candidate I am, are unanimous and enthusiastic in their support of the national Republican ticket, and will see to it that President Roosevelt receives in this state the hearty support to which his splendid record entitles him."

JUDGE TAFT GIVES WARNING. Filipinos Will Expect Immediate Independence If Parker Wins.

Indianapolis, Oct. 6.--Secretary Taft and Senator Beveridge were the speakers tonight at the closing meeting held in connection with the convention of the National Republican League, referring to the Philippines. Secretary Taft said:

"Judge Parker's decision as to what is to be done with the islands is an incalculable as upon other issues. He did not say whether or not he regarded the people of the Philippine islands fit for government. If the Democrats come into power the Filipinos will expect immediate independence, and, failing to receive it, will charge the government with bad faith.

Discussing the cost of the Philippines the former governor placed the total at \$180,000,000 and the total cost of maintenance at not to exceed five millions a year.

Senator Beveridge's Address. Senator Beveridge, who followed Secretary Taft, said, in part:

"The world moves; the nations advance; and the republic leads them all. Therefore the young men of America demand a president of their country who is up-to-date. Americans keep step with events; therefore we want a man whose convictions are not eight years behind the times. Americans are spirited and independent; therefore the young men of this country want a president who has no master but the people themselves.

"Young men demand to know just what they are voting for and what against--and just what those they vote for mean to do. They refuse to make their ballots into blank cartridges. And that is another reason why young men do not this year belong to the opposition.

"For the opposition stands for neither a protective nor a revenue only tariff, where six of the opposition are assembled there is difference of opinion--think of German agreeing with Cochran

MARQUETTE, MICH., OCT. 7.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Link Steffens will be fighting mad when he hears what the Wisconsin supreme court has done.

What is the matter with the Soo and copperdom hockey enthusiasts?

Possibly the La Follette committee in Marinette county that refused to receive Uncle Joe Cannon because he was traveling tandem with Senator Quarles was actuated by instinct.

T. E. Watson was on the rampage at the dollar dinner at the Palm garden in New York.

Let's see, Senator Spooner must have been blowing Governor La Follette up in the Davidson theater at Milwaukee just about the time that the news that the supreme court had decided in favor of the governor was being thoroughly circulated about the Cream city.

The Portuguese troops are having troubles of their own in West Africa.

One thing may be said for our friend K.C. He is doing more to knock the props out from under the Independent movement than the efforts of all the regular county nominees and their friends put together.

President Roosevelt will delay calling the proposed peace conference until the war in the far east is over.

Bryan has found something new the matter with Parker.

A statement made public by Commissioner Ware of the pension bureau conveys the information that veterans of the civil war are dying at the rate of 100 a day.

In Wisconsin honors appear to be even. The Stalwarts went to the national committee and national convention, were patted on the head, told that they were nice little boys and given everything in sight.

Such is the scheme, which will make those gasp who recall the "little red schoolhouse" and the modest but adequate city school buildings of not many years ago.

candidate, ex-Governor Peck. The fight will doubtless resolve itself into a struggle between La Follette Republicans and La Follette Democrats and regular Democrats and Stalwart Republicans.

Chairman Cowherd is about the most sanguine man connected with the Democratic National campaign.

HOW TO GAIN FLESH

The life of food is the fat within it—the more fat the more real benefit from the food; that is why cod liver oil is a powerful builder of flesh.

Scott's Emulsion of pure cod liver oil solves the problem of how to take cod liver oil. That is one reason why doctors have been prescribing Scott's Emulsion for all wasting diseases, coughs, colds and bronchitis for almost thirty years.

THE SUNNY SIDE

Daily Love Story.

Why do you look from the window so, Little Felicia, daughter of mine? There still is the long white seam to sew And the white lamb's wool to spin.

Oh, mother, below, there in the snow, Stands a little lad with a mouth like wine— A little lad with a carven bow.

And he makes as though he would enter in, Mother of mine? "Nay—there is no one there at all, Little Felicia, my idle one;

Naught I see but the white snow's fall, And your task is still the same." "Oh, mother, hearken, I hear him call, "Pray, sweetheart, is the door undone?"

Let me in, who am weak and small, May I bid him enter, in pity's name, Mother of mine?"

"Nothing I hear and naught I see, Little Felicia, who works so ill; And there's much to do ere darkness be, Come, daughter, your task begin."

But little Felicia blushing, Turned away from the window sill; "Oh, mother, I spoke no word," quoth she, "But I fear—I fear he hath entered in, Mother of mine."

—Stuart Set.

The Teacher and the Pants.

The misuse of propositions is well illustrated by an incident that occurred recently in an east-side school in this city, says the New York Commercial in a review of J. C. Farnald's new book, "Connectives of English Speech."

A hit-the-hairpin Jew boy came to school one day clad in a girl's dress. The teacher, Miss Alice Harmon, saw him crying and asked him what was the matter. "The boys are calling me a girl," he said.

"Why are you wearing this dress?" the teacher asked. "I use my pants as worn out and mudder can't get me no new ones, so she made me wear my sister's dress."

"Well, never mind! Don't cry any more. I'll get you a pair of trousers," said the teacher kindly. The next day the little Jew boy came to school wearing the new trousers that the teacher had bought for him.

The principal came into the room, and soon noticed that the lad was trying to attract attention to his trousers. "Why, hello!" said the principal. "Where did you get those nice trousers?" "I got 'em of Miss Harmon," proudly answered the boy, and the other children shrieked with laughter.

The teacher blushed and explained to the principal: "These east-side children almost always say 'off' when they mean 'from'."

Reassurance. I walk alone, where dimly burning Late sunset from the ocean slips; The night mist spreads her arms, in yearning, And lays moist kisses on my lips.

Oh, may it comfort you a trifle To know, if doubt your bosom pet, That, though these kisses choke and stifle, They are the only kind I get!

ELECTRICITY

Light-Power

Large stock of electric cooking apparatus, including Coffee Percolators, Chafing Dishes, Water Heaters, Milk Warmers, Stoves and Broilers, at cost.

Electric Flat Irons of all sizes. Motors at reduced prices and special rates given for powers

Houghton County Electric Light Company, FOLEY BLOCK, HOUGHTON, MICH.

COPPER

The new edition of the Copper Handbook lists and describes 2,211 copper mines and copper mining companies, in all parts of the world, covering the globe, these descriptions ranging from two lines to twelve pages each in length, according to importance of the mine. The descriptions are not padded, but give facts in the most condensed and get-at-able form.

There are also fifteen miscellaneous chapters, devoted to the History, Use, Terminology, Geomorphology, Chemistry, Mineralogy, Metallurgy, Finance and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of copper and everything pertaining to the metal.

IT IS THE WORLD'S STANDARD REFERENCE BOOK ON COPPER.

Every Miner, Prospector, Investor, Banker and Broker needs the book. Price is \$2 in full library binding with gilt top, or \$1.50 in red leather binding, and the book, in either binding, will be sent, fully prepaid, on approval, to any address in the world, to be paid for if found satisfactory, or may be returned, within a week, or receipt, and the charge will be cancelled. Copper Country

HAS FELT THE POPULAR PULSE.

Nation Will Go Republican Declares W. H. Wagner of Cleveland.

Will H. Wagner, who travels for a Cleveland jewelry firm, is in the copper country for a short business visit. He is an ardent Republican, one of those who do things to help the cause of their party, and he is regularly enrolled as one of the Ohio state central committee's campaign speakers. He is well posted on matters political and enjoys making a political speech now and then just to impart some of his enthusiasm to others. He handles his subjects well. In traveling about the country he has been interested in ascertaining just what the sentiment seems to be, and he has satisfied himself that the country will go Republican again.

"From what I have observed it will be one of the good, old Republican landslide," he said, when asked yesterday concerning the political outlook. "Business is now better, but conditions are healthy and business interests are not willing to risk a change in national administration. The campaign generally is quiet, but I take it that most voters have their minds made up to go into the booths on election day and cast their ballots for Theodore Roosevelt and the party that does things."

"I greatly deplore the condition of politics in some of the commonwealths, Michigan and Wisconsin included. There is something radically wrong when you see a Michigan voter wearing a Roosevelt and Fairbanks watch fob and a Ferris button in the lapel of his coat and you see lots of this, particularly in the lower part of the state. It goes to show that your state is overwhelmingly for Roosevelt. As for Ferris, he may pull ahead of his ticket below the straits, but the upper peninsula will give the vote to the old Republican majority. Down in Wisconsin things are in a bad way politically so far as state Republican politics are concerned, but it is pleasing to note that both the La Follette and anti-La Follette parties are for Roosevelt. The decision of the supreme court in favor of the La Follette ticket cinches the state for Roosevelt, I take it."

Mr. Wagner said he regretted there was not to be a political meeting during his stay in the copper country. Upper peninsula people have heard Mr. Wagner talk on different occasions. He employs plain, sound and convincing arguments and is a fluent and pleasing speaker. If there were to be a meeting this week Mr. Wagner would be asked to speak. When he returns to Cleveland shortly he will put in a few strenuous weeks on the stump for the state central committee.

Mr. Wagner has instituted a novel contest in his home city. He offers a prize of one hundred-dollar gold watch to the best essay on the subject of protection by the first voters of Cuyahoga county. Each essay must go into detail on the various phases of the tariff and must be handed in to a committee of three judges named for the purpose by Nov. 1. The best essays will be published and the prize essay will be gotten up in booklet form for future campaign literature. Mr. Wagner believes the contest will be productive of a large number of sound arguments.

Republican Rally Monday.

Congressman William Alden Smith of Grand Rapids, one of Michigan's best Republican speakers, will be heard at the Kermage theater at Hancock next Monday night. Arrangements for a rousing rally, the first of the local campaign, are being made. Congressman Young, Senators Burrows and Alger, and Chairman Dickema of the state central committee will be along later.

Mr. Young will speak at the Lake Linden Opera House next Wednesday night. Senator Burrows was scheduled to speak at Hancock the evening of Oct. 21, but the theater could not be secured for that date. He will speak at the Calumet theater instead. Senator Alger and Mr. Dickema, who will come together, will be heard at Hancock Oct. 26, and Calumet Oct. 27. Senator Burrows and Congressman Smith and Young have but one date each in the copper country.

Candidate Ferris May Come.

Houghton county Democrats are hopeful of prevailing upon Woodbridge N. Ferris of Big Rapids, the Democratic candidate for governor, to visit the copper country in the near future. Although no campaign plans have been made to date by the county Democratic committee the intention is, it is said, to stand by and see the Republicans hold all the big meetings. A great effort will be made to get Mr. Ferris to come and if he consents the local campaign, which has been real quiet to date, promises to liven up. Just at present Candidate Ferris is very busy in the lower part of the state.

BADGER VS. BULLDOG.

Calumet "Sports" Made the Victims of a Practical Joke.

One of the biggest jokes of the season was perpetrated on a crowd of about sixty men in a sample room on Eighth street, at Calumet, the other evening, when Ed Metz of the Arlington as master of ceremonies. About 9 o'clock it was quietly whispered around that there would be a fight between a sixty-four-pound bulldog and a badger and that for the purpose of making up on the contest the modest sum of fifty cents would be asked. The question as to the fighting capabilities of the badger at once arose. It was explained that the badger gets in a corner and fights, but the bulldog, it was said, would pull him out into the middle of the floor.

On entering the room which was to serve as the arena, says the Calumet News, the visitors noted a barrel on its side. It was closed at the open end by a box resting against it, with a stone on top, to prevent the "animal" from escaping. A rope projected from within the barrel. There were three chairs, one occupied by the referee, and two by the spectators. The big bulldog was held in leash some distance away.

As the word was given to let the badger out, the spectators held their breath. The box was quickly drawn aside, a young man pulled on the rope, which the bulldog was attached to, the badger, and drew forth—

But there's the joke. However, it was not a badger. Some of the guests at the "bloody affray" were too mad to even smile, and it would be dangerous to quiz them on the fight.

MAKE YOUR OWN ICE CREAM.

There has just been placed in all the grocery stores, a new preparation called HELLO ICE CREAM POWDER, which is mixed with great favor, as it enables everyone to make ice cream in their own home with very little trouble. All the ingredients in the package for making two quarts of delicious "Fruit" or "Vanilla" ice cream. 12c. per package, two for 25c.

FAVORS A LARGER BOUNTY.

Game Warden Thinks Townships Should Help Exterminate Wolves.

County Game Warden W. H. Vivian believes the bounty on wolves is not enough to make it an object for hunters to kill them, and he is sending asking the various township boards to offer additional financial inducements. The present bounty is \$25, the state paying \$15 and the county \$8. The report that an effort has been made to increase the state and county bounties increased, Mr. Vivian says, is misleading, so far as he is concerned. The townships have the authority to pay a bounty on wolves, and at present none of them do.

Mr. Vivian says wolves are rapidly increasing in certain districts, and that many deer have been killed by them. It is a common occurrence for the game warden to run across carcasses of deer slaughtered by wolves. Hunters or trappers do not make an especial effort to kill or trap the animals, as the wolves are clever and steer clear of danger. The bounties offered by the state and county are not sufficient to make the killing profitable business. A man would need to exceed well, Mr. Vivian says, to average two wolves a month. Wolves are capable of scenting a human being from a considerable distance and unless they are ravenously hungry they will keep out of the way. With deer in the woods they get plenty to eat, as a rule, and only occasionally are they hungry enough to attack a man. Even in packs they are cowardly unless decidedly hungry.

Not only is it difficult to get near enough for a shot at a wolf, but they are wise enough to keep away from an ordinary trap. A trap handled by a human being is useless unless extremely carefully prepared.

Mr. Vivian knows by instinct that it is a contrivance to beware of. It is equally difficult to use the poisoning method. Meat or lard poisoned for wolves will not be touched if it has been handled. About the only way to poison the animals is to handle the bait with a pair of gloves and to put it at the end of a long pole so it can be deposited a considerable distance away. Even after all that trouble a wolf will be caught before he touches the bait. Mr. Vivian believes the most effective way to trap and kill the animals is a method used by the Indians. A trap of small logs in the form of a pen, with a top opening smaller in size than the base dimensions, is built across a deer runway. A live sheep placed in the trap is likely to attract one or more wolves when hungry, even though the previous presence of a human being may be scented. The live sheep affords a camping place for the wolf. The opening at the top of the pen is sufficient for the wolf or wolves to enter, but once inside the animals cannot get out, as the sides of the trap slope toward an apex. The method has been found very successful by Indians.

Wolves do not have much trouble killing deer. Although not as fleet as deer they are "foxy" and know the tactics deer employ in escaping from a foe. A deer running for safety will frequently change its course. This the wolves know and the deer is encircled, and quite easily cornered. It might be mentioned that each pack of wolves has a captain or leader to announce that game has been taken. He is invariably killed by his comrades. Wolves do not kill until hungry, because they are lazy. This characteristic is considered fortunate as there would be few deer left in the woods if they were slaughtered as frequently as they are by the wolf.

SCHEDULED FOR THIS AFTERNOON.

The fat men's baseball game is now scheduled for this afternoon. Unfortunately weather prevented the match last Tuesday. Both the Portage Lake and Calumet aggregations are anxious to get together and readily consented to play today. A parade is to precede the contest, starting from Houghton. The Houghton Eagles are talking of arranging an indoor baseball game with a team of Calumet Eagles to be played in the Amphitheatre in the near future, also for the benefit of the Good Will farm.

Providing the moon is in a damper will wind up the evening's pleasure. An entertainment such as planned should result in a handsome sum for the institution.

COPPERDOME BREVITIES.

Mart Haas and Walter Bertrand of Houghton expect to leave today for St. Louis to visit the big fair.

C. C. Douglas has purchased the handsome residence of John Rees, on College avenue, in East Houghton, and will shortly remove there.

A. D. Bohrer of Negaunee, formerly employed in Scott's drug store at Hancock, has taken a position as pharmacist in F. W. Kroll's drug store at Houghton.

The funeral of the late Mrs. Bertha Rosberg, wife of Julius Rosberg, cooper at the Mass Mill at Keweenaw Bay, was held at Houghton yesterday, services being conducted at Grace M. E. church.

Yesterday was the last day of grace for delinquent water consumers at Houghton. The water meter will be shut off from all places where there are consumers who have not paid their bills.

Contractor Gundlach expects to have the new metallurgical building at the college of mines completed and ready for use by the first of the month. The interior work is now well under way. The new gymnasium building is roofed and nearly enclosed.

The brick walls of the superstructure of the new business block being erected on Sheldon street, Houghton, for the Bosch Building company are now being built. The basement portion was constructed in a remarkably short time and it is expected that equally as good progress will be made on the balance of the work.

The Hancock fire department will its annual ball the latest part of the month. The selection of date will depend on the time a hall can be secured. At a meeting of the department W. Frank James and A. L. Levy were appointed a committee to make all arrangements. The firemen's annual party is always a big social event.

WANT LESSONS IN COOKING.

Married Women at Calumet Anxious to Attend Proposed Night School.

Among the applicants for enrollment in the proposed night school course in domestic science, which the Calumet school board will establish, are a sufficient number of applications for the other branches are received, a number of married women. Whether they are newly wed and have husbands who suffer periodically with dyspepsia is not stated in the applications, but they are solicitous for the health of their husbands, however, is shown in their desire to improve in the practical application of the culinary art.

Superintendent Kratz states that there are accommodations for a great number of the projected course, and that applications have been received from eighteen married and single women. The course as planned is to consist of a ninety-minute class two times a week.

But few applications have been received for the commercial and manual training departments, and unless a sufficient number are at hand by the end of the present week the night school project will be given up.

The large interest has been shown in the movement. With the regular high school equipment and staff of instructors available, it was thought large classes would respond to the request for students. The classes for the winter were placed at minimum figures, just enough to cover the expense that would be entailed. The plan was not devised as a money making scheme, but merely to provide what is thought to be much needed instruction for the benefit of persons either too old to attend the common schools or whose positions are such they can not spare the time.

If applications sufficient to warrant the establishment of the school are received classes will be formed in any subject desired by a certain number of students. It will need considerable extra work for the teachers but they have expressed a willingness to spend the time necessary to that displayed in their daily classes.

MONEY COMING IN SLOWLY.

Shelden Street Property Owners in No Hurry to Pay Payment Tax.

Village Treasurer Oliver Marion of Houghton states that payments of the first installment of the special payment tax are not coming in very briskly, in spite of the fact that the long-expected severance tax has been handed out to the county treasurer. It is probable that this will be at the same time the village tax roll is returned delinquent. Yesterday was the last day designated for the payment of general village taxes, but the county has been extending the time to Oct. 17, the third Monday of the month, which may be taken as the final limit for the payment of both the village tax and the first installment of the special payment tax. It is probable that the village tax roll is not paid on or before Oct. 17. Village Treasurer Marion intends to hand over the delinquent roll to the county treasurer, unless otherwise instructed.

Property owners who have failed to pay that settle the first installment before the expiration of the designated time, as it is explicitly stated in the special assessment notice, will be liable for a delinquent penalty, which will amount to the whole amount, instead of just one-fifth, will become due. The usual additional 4 per cent interest will apply, the same as on any delinquent tax.

Treasurer Marion says that over \$2,000 of the first installment is yet to be received. The total cost of the pavement to the property owners of the street is \$26,261, each installment amounting to \$5,252. Altogether Mr. Marion has received \$13,857, leaving \$12,404 to be received. The Federal is largely the entire five installments, instead of just one.

The property owners who have paid their entire assessments, and the amounts of the same are: J. J. Hartman, \$28,120; B. S. Brewster, \$30,757; John Evert, \$21,530; Andrew Birk, \$245; and the estate of A. Mary Miller, \$307.57. The entire assessment per front foot amounts to \$6.15, and the Federal is largely the entire five installments, instead of just one.

SITUATION AT CALUMET PECULIAR

Doubt, Under the Circumstances, a Gas Plant Would Pay.

While the withholding of a franchise may on first blush appear to be an arbitrary action, it is a question with many phases and requires a comprehensive view, comments the Calumet Evening News, editorially discussing the gas problem now agitating the citizens of Red Jacket and Laurium. To begin with, the granting of a franchise means the selling of a valuable public asset, and the public should receive the highest possible remuneration for it. While the asset is sold at a price for thirty years is open to question.

On the question of a municipal gas company, organized and maintained by the two villages or by the two villages and the township, the question of profit is a long one. The Federal is largely taking pay? This is extremely doubtful.

While one, of course, cannot speak from the card, it is more than probable it is almost certain that the corporation of Calumet township or even a franchise from the township, could not be secured. Calumet township is virtually synonymous with the Calumet & Hecla Mining company, the other important taxpayers in this township being the two villages, which have their own governments—being only the Centennial, Wolverine, Osceola and Mayflower Mining companies. It is not likely that a gas system would be extended to any of the properties, therefore the issue, only the Calumet & Hecla need be considered.

The geographical situation of the Calumet & Hecla is peculiar. It is long and narrow, with one organized village bounding it on its full length, on the east. The Mineral Range railroad comes in from the south, runs parallel with the west boundary, the north boundary and the east boundary, surrounding it on three sides. The Copper Range railroad comes in from the east, sends one branch parallel with the east boundary, and another parallel with the north boundary, thus surrounding it on two sides. The Houghton County Street railway comes in from the south, runs parallel with the east side, the north side and the west side, thus surrounding it on three sides. The Calu-

met & Hecla is therefore practically "landlocked" for room.

On the location itself there is an intricate network of underground air pipe lines, steam pipe lines, water supply mains and branches, one system being for domestic purposes, another for heating, and a third for boiler feed, two sewage systems, and a number of hoisting cable systems. It has its own railroad, with a network of tracks covering the entire length and breadth of the location. It maintains its own streets in a manner superior to any other streets in the copper country.

With all of these systems installed and in permanent condition, it is fully justifiable that the Calumet & Hecla Mining company should hesitate seriously when a franchise is sought for the installation of a gas system that would more or less disturb existing condition. Considering the inconvenience involved in carrying out such plans as a franchise would involve, it would not be in the least surprising if a refusal should be the ultimate outcome of the application to the township. It is questionable whether even permission could be secured to lay a main across the Calumet & Hecla for boiler feed, two sewage systems, and a number of hoisting cable systems. It has its own railroad, with a network of tracks covering the entire length and breadth of the location. It maintains its own streets in a manner superior to any other streets in the copper country.

It is questionable whether even permission could be secured to lay a main across the Calumet & Hecla for boiler feed, two sewage systems, and a number of hoisting cable systems. It has its own railroad, with a network of tracks covering the entire length and breadth of the location. It maintains its own streets in a manner superior to any other streets in the copper country.

With all of these systems installed and in permanent condition, it is fully justifiable that the Calumet & Hecla Mining company should hesitate seriously when a franchise is sought for the installation of a gas system that would more or less disturb existing condition. Considering the inconvenience involved in carrying out such plans as a franchise would involve, it would not be in the least surprising if a refusal should be the ultimate outcome of the application to the township. MARKET ACTIVE AGAIN.

Parrott, Osceola and Copper Range Were in the Lead in Boston. Paine, Webber & Co. wired concerning the Boston market: "The market today was again very active. Parrott and Osceola and Copper Range were in the lead. One house bought 1,000 shares of Parrott. Liquidation appeared in Alouez and the stock closed weak at the lowest figures. It is rumored here that the diamond drill showing is not very satisfactory. Copper Range showed decided signs of life for the first time for several weeks and the traders are talking very bullish on it. The New York market held well, considering its rise, although it was very feverish all day and closed lower than last night. The financial writers have been predicting a break for several days and it came today in a very mild form. If we have a general break of 3 to 5 points they are good to buy again for higher prices than we have yet seen."

Wheat Market Lower. Logan & Bryan wired Paine, Webber & Co. regarding the wheat market: "Whoa was about two cents lower. It was a heavy market and closed weak. The primary receipts were again large and the cash markets dull all around. The Northwest reports some flour demand, but on the whole it is less acute everywhere. The steel situation is a very unsatisfactory and heavy one. Speculative buying is of a scattered order and unimportant. The government report on Monday will be something of an element of uncertainty, but probably a temporary one. With the present narrow speculative interest the movement of wheat and the demand for it are likely to make prices. We still think wheat is a safe on the rallies."

Market Somewhat Reactionary. Ennis & Stoppani wired J. A. Fuller & Co. regarding the New York market: "The market has been somewhat reactionary, owing to profit taking and lack of aggressive operations by leading interests, except in the case of one or two stocks. The steel situation continues to improve. Railroads are buying more freely, including purchases of rails and the steel corporation refused to sell for distant deliveries at current prices, while export business is better. It is reported that United States Steel is negotiating for a steel plant in Canada. Russia and Japan are urgent buyers of armor plate made by the Carnegie company. The southern iron situation is better, both as to labor and prices. We are importing London gold by way of Australia. Leading railroad managers here tell of excellent outlook for the west and south. It is said that M. K. T. is to have a strong financial house as director of its undertakings. The rise in St. Paul is still believed to have a substantial basis aside from the fact that floating supply is around 30,000 shares in a great market, which will often take 10,000 shares of any leading stock at a single trade and leave numerous bids for more. We continue conservatively bullish."

INSOMNIA AND INDIGESTION CURED.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three or four days after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by the Peoples' Drug Store.

Sterile's Photograph gallery moved to 509 North Front street. Now ready for sittings. (8-31-04)

Your Future Foretold.

BY THE WORLD'S FAMOUS AND Greatest Clairvoyant, Palmist and Business Medium, Prof. George C. May.

Office: Morton House, 143 Washington St., Marquette, Mich.

To each and every caller who comes prepared for his celebrated \$5 reading, which is an advertisement for the next seven days he is giving for \$1. He will tell names and dates, facts, ages and color of eyes and hair of the one in your life. The professor makes no mistakes in his predictions. Fair and square in all his dealings with the public. He towers above partially developed mediums and is the envy of all pretenders. Extraordinary clairvoyant powers, combined with his superior knowledge of clairvoyance and palmistry, enables him to read human life with unerring accuracy from infancy to old age. His powers are wonderful and indisputable, his advice is reliable, his information clear and to the point in love, courtship, marriage, divorce, sales, wills, patents, journeys, pensions, investments, speculation, property, insurance, mortgages, oil and mining claims, diseases, etc. The professor is acknowledged by all who consult him to be what he claims to be, a natural clairvoyant and graduated palmist, so consult him while you have the chance. He remedies the separated and tells the cause of ill luck. Gives the secret how to attract and win the one of your choice. Remember his \$5 Reading for \$1. Office hours: 9 a. m. to 9 p. m., Sundays included. (10-6-04)

City Brevities

Today's weather: Partly cloudy and warmer. Yesterday's temperature: 7 a. m., 36 degrees; noon, 38 degrees; 7 p. m., 37 degrees; maximum, 40 degrees; minimum, 36 degrees.

The auditing board was busy here yesterday preparing the bills for Monday's session.

The supervisors' building committee attended to some matters of minor business as a session yesterday afternoon.

The Presbyterian Ladies' Aid society will meet this afternoon at 2:30 o'clock with Mrs. David Watt, 617 N. Third street.

The Young Woman's guild of St. Paul's church will hold a business meeting this afternoon at half past two at Morgan Memorial chapel.

The light and power commission has been informed that the new generator was to have been shipped either Wednesday or yesterday, certainly not later than yesterday.

The ladies of the Methodist Episcopal church will tender a reception to Rev. and Mrs. A. A. Maywood at the church at 8 o'clock this evening. All friends of the church are invited to participate.

John Plattenberg expects to leave today for Milwaukee and Chicago. His brother is sick in Milwaukee and he plans to pay him a visit. Then he will visit his wife's mother at West Pajman.

"Why Woman Sin," a melodrama, will be presented at the opera house Tuesday evening. It will be a popular price offering, the seats on the parquet floor, with the exception of the box seats, being sold for fifty cents.

Last spring some lady, unknown now to Mr. Van Alstyne, left a valuable muff in his store. He has tried to find the owner ever since, without success. He is desirous of returning the article before leaving, and wants the person owning it to call at the store.

The board of control for the Marquette branch of state militia was held here yesterday, with all the members, E. C. Anthony of Negaunee, O. C. Davidson of Iron Mountain and W. D. Calverley of Houghton, in attendance. Routine business was transacted.

The hearing in the case of the Had-Rodee company, bankrupt, is proceeding at Milwaukee this week. More interesting things are being brought out. Dr. Elmergreen, the trustee, testified, for instance, that the books were doctored. It is expected that the case will be wound up in the course of a few days.

Trowbridge Johns, formerly a resident of Marquette, but who for several years has resided in Houghton, leaving there a few weeks ago for Chicago, is now employed in the Inland Printer establishment in Chicago. Mr. Johns was formerly employed with this house a quarter of a century ago, before he came to Marquette.

The high school football team will go to the Soo tomorrow to play the Soo high school team an exhibition game. It will be the first contest in which the Marquette team will participate. The local team is handicapped this year by the fact that the material is light, but it has been practicing steadily since school opened early last month.

There were no arrivals or clearances of ore carriers from the docks yesterday, although the fleet in for shelter got away. Among the latter was the steamer Black, which put out Wednesday night but was forced to return because her cargo shifted, the vessel being considerably shaken up by the heavy seas. The W. P. Palmer, Warriner and Thompson were due at the South Shore docks last night.

A county officer advises parties desiring to communicate by phone with the county officials to do so as far as possible use the Marquette County system, for the reason that each office in the new court house is supplied with the county phone. There are but two Bell phones in the building, one in the main court room, the other for the use of the county officers in the main corridor. The latter cannot always be heard by the county officials.

I live and let my brethren live. With all that's good with me. Unto the poor some cash I give. The balance I give Rocky Mountain Tea.

Stafford Drug Co.

NOTICE OF SALE.

Sealed proposals will be received by W. A. Ross, county clerk, for the purchase of the old Marquette County Court House up to 10 o'clock a. m. Oct. 15th, in separate bids. One bid for the iron now including the heating apparatus, piping, radiators, stairway and vault doors. And one bid for the building, including all masonry and storm sash. Or parties may bid for the whole as they choose. All to be removed and the premises left clean by Dec. 1st, next. Also one large office safe. The committee reserve the right to reject any or all bids.

BY ORDER OF THE BUILDING COMMITTEE. (10-1-04)

PROHIBITION CONVENTIONS.

Mass conventions of the Prohibition party of Marquette county, the thirty-third session of the twelfth congressional district of Michigan, will be held at the City Hall, Marquette, Michigan, Friday, October 7, 1904, commencing at 8 p. m., for the purpose of nominating candidates and the transaction of any other proper business.

Dated, September 30, 1904.

HARVEY BURRIGT HATCH, Chairman Marquette County Com. mittee.

RICHARD QUAYLE, Chairman 13th Senatorial Dist. Com.

JAMES IVEY, Chairman 12th Congressional Dist. Com. (10-1-04)

TO MOVE MONDAY.

New North Marquette School About Ready for Occupancy.

It is expected that the North Marquette school will be moved Monday to the new building of two rooms, which is about finished. The school has been housed in a dwelling for the past several years, and has been but illy accommodated. The school board and officers will be well pleased when the new structure is occupied. It is a modern, sanitary and well lighted building and will serve admirably for the young people of North Marquette. The present single room is crowded by seventy-one pupils, with well upwards of this number constantly in attendance. Sixty-nine of these children come from homes where the parents do not speak English, the mere statement of which fact sufficiently brings out the burden of work that has fallen on the teacher, Miss Donovan, who is said to have accomplished highly excellent results in caring for and instructing so many children under such adverse circumstances. The new building will be seated, with old seats that were built over under Ed Quarter's direction last summer. It is proposed to occupy both rooms, which will necessitate employing another teacher. When this is done the school accommodations in North Marquette will be equal to any found in the city.

Dr. Weaver's Treatment. Symptom: Itch; Cures for skin eruptions, and S. W. Kerr, a prominent business man of Huron, Wis., says, "Your cough medicine, Hart's Honey and Horchound, is a good seller and seems to give excellent results." Hart's Honey and Horchound contains no opium or other stupefying drugs and is the best medicine in existence today for Croup and Whooping Cough and the only safe one to give to small children. "We have 100 bottles. Sold by The Peoples' Drug Store."

SHORT COUNCIL SESSION.
Very Little Important Business Transacted Wednesday Evening.

The aldermen spent very little time in the council chamber Wednesday evening, as the great business was small and was disposed of within a comparatively brief time. President D. J. Siney was in the chair, in the absence of Mayor Persons.

Taxpayers of Michigan, Third and Empire streets, asked that an lamp be placed on Michigan street. The communication was referred to the committee on street lighting.

Joseph Coughlin and others petitioned for an extension of the water main along Carp street. The communication went to the committee on water works and board of public works, with power to act.

E. A. Malmgren, cashier of the Peninsula bank, asked the council to refund \$3.36 to Charles E. Olson, who paid that amount in error on his taxes. The communication was referred to the committee on finance and taxation.

Alderman Sterling, for the committee on claims and accounts, reported favorably on bills against the city amounting to \$6,038.37; also the several payrolls as follows: Official, \$1,413.16; highway, \$2,025.78; water, \$7,424.44; sewer, \$89.43. Total bills and payroll for September, \$10,309.18. The report was adopted and the bills ordered paid.

Alderman Williams, of the committee on buildings and grounds, reported that the report of the municipal judge for September had been examined and found correct, and that \$161.66 had been received for fines and fees, which sum had been deposited to the credit of the city in the Miners National bank. The poundmaster's fees for the month were \$6.50.

The pieces of registration and election on Saturday, Nov. 3, and Tuesday, Nov. 8, were designated as follows:
First Ward—No. 1 hose house.
Second Ward—Lake Superior old office.
Third Ward—Washington club room.
Fourth Ward—No. 2 hose house.
Fifth Ward—No. 4 hose house.
Sixth Ward—Erik Anderson's store.
Seventh Ward—Lake Angelino office.
Eighth Ward—Division street school.
Ninth Ward—Ridge street school.
Tenth Ward—No. 3 hose house.

TEAMS WILL PLAY AGAIN.
Peerless and High School Elevens to Meet Soon at Union Park.

Superintendent E. E. Scribner has decided to give the Peerless football team another game with the High school eleven. The date of the contest will be determined within a few days. It is likely that it will occur next Saturday, depending on whether or not the school team can get a game with some of the other school elevens of the upper peninsula. Mr. Scribner is satisfied that none of the school teams will give the Peerless a better game than the Peerless players.

The Peerless manager received an invitation by wire yesterday to go to Bessemer to play a team there tomorrow. The notice was so short that all the players could not arrange to leave their work, so the invitation was not accepted.

J. Varcoe, the team's fullback, has gone to Calumet, but Michael Connelly, captain of last year's high school eleven, takes his place. Harry Peterson is coaching the eleven. He thinks the team will give the school eleven a hard battle the next time they meet.

The school team, comprising sixteen boys, Coach Perkins, Mr. Scribner and Eldridge Anderson, who will act as referee in tomorrow's game at Ironwood, will leave for there this morning.

The Ishpeming men have no knowledge of Ironwood's strength this season, but they fear they will be up against a hard proposition. It is understood that Ironwood's eleven will be composed entirely of school boys, whose standings in school must be vouchered for by the superintendent. This was not the case last fall, when the Ironwoods whalloped Ishpeming so badly. A few of the Ironwood players had not been in school for some time.

HOPKINS' CURB LETTER.
Hopkins' curb letter, issued yesterday, was followed by a reaction today. All of the bonanza circle stocks suffered a reaction today. Even Pittsburg & Duluth buyers were unwilling to raise their bids to get the stock, which is very limited, even at a higher level. Now is the time to pick up Lake Superior & Pittsburg and Calumet & Pittsburg, which were sorely neglected today. Lake Superior & Pittsburg opened with sales at 57, and was then offered down to 56, and 56, at which price the offering exceeded the demand. Calumet & Pittsburg was offered freely around 44, and 45, with sales at these figures.

Market transactions exceeded all others. A good demand appeared for this stock at \$39.50, with none offered under \$40 at the close.

Market's strike is but a few feet from the bottom of one of the best working shafts in that district, and but a week or two will be necessary to sink to it, when they decide to do so.

The report is again abroad that Lake Superior & Pittsburg has made a rich strike in the drift to the Gliver shaft of the Calumet & Arizona, but we have not yet received a confirmation of this, but it would not surprise us as many more than did the strike on the 1,100-foot level, which many people thought would not be made.

Yesterday's prevailing prices were:

Calumet & Arizona	Bid.	Asked.
Calumet & Arizona	\$38.50	\$39.50
Calumet & Pittsburg	44.00	
Lake Sup. & Pittsb.	56.00	
Pittsburg & Duluth	79.50	80.50
Juniper	39.50	40.00

ISHPEMING IN BRIEF.
E. H. Rogers of Sault Ste. Marie was in Ishpeming yesterday.

Charles Olson, an Ironwood undertaker, visited August Swanson here yesterday.

Mrs. Cleo McEure of Ontonagon, and Mrs. Duquette of Marquette visited in Ishpeming yesterday.

The Peerless Juniors and a team from Negaunee will meet in a game at the Union Park gridiron tomorrow afternoon.

Mrs. P. Kearns of Calumet, who spent the past month or more here visiting Mrs. C. Kennedy, returned home Wednesday.

The employees of the postoffice hung crepe in front of the building yesterday out of respect to the late Postmaster General Payne.

Mrs. W. H. Johnston received and served a luncheon to lady friends yesterday afternoon in honor of Mrs. E. M. Johnston of Appleton.

T. F. Nolan, who arrived here last Sunday from Butte, went to the copper country yesterday to spend a day or two before returning to Montana.

Miss Della Richard, who has been clerking at Ed Clark's store for some time, is going to her home there and accepted a position with F. Braastad & Co.

The members of St. Agnes' guild of Grace church will conduct a sale of cakes, pies, and other goods tomorrow morning between 10 and 12 o'clock, at Selwood's grocery store.

The sale of reserved seat tickets for the evening performance of "The World" at the Ishpeming theater tomorrow will open this morning at 10 o'clock. Popular prices, twenty-five, thirty-five and fifty cents, will prevail.

A delegation of Ishpeming men, largely supporters of August Swanson and Isaac Gustafson, candidates for sheriff in the Independent Republican ticket, will attend the mass convention at Marquette today. J. P. Roberts and George Trevasnik will also be in the party.

The Negaunee & Ishpeming Street Railway & Electric company is preparing to move its work shop from its present location to the small building owned by H. H. Midson on Carda street, recently vacated by Sven Johnson & Son. The rear of the company's present office will be fitted up as a private office for the officials.

Robert Olds and Miss Maud Skews were married yesterday afternoon at the home of the bride's parents, Captain and Mrs. J. Skews, on North Maple street. Rev. W. B. Collins, pastor of the Division street Methodist church, performed the ceremony. A number of the young couple's intimate friends were present. A feast followed the marriage.

Ed Clark, who about a month ago bought out a bankrupt stock of clothing and dry goods at Munising and has since conducted a sacrifice sale there, has moved the unsold portion of the stock to this city, and will dispose of it here. He has rented the store room in the Gylling block on South Main street, and will open up for business within the next few days.

BALD HEADS COVERED
With Luxuriant Hair and Crusted Scapls Cleaned and Purified by CUTICURA SOAP

Assisted by Light Dressings of Cuticura, the Great Skin Cure.

This treatment at once stops falling hair, removes crusts, scales and dandruff, destroys hair parasites, soothes irritated, itching surfaces, stimulates the hair follicles, loosens the scalp skin, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

Millions now rely on Cuticura Soap, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchings and chaffings, for annoying irritations, or too free or offensive perspiration, for ulcerative weaknesses, and many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet and nursery.

Complete treatment for every humor, consisting of Cuticura Soap, to cleanse the skin, Cuticura Ointment, to heal the skin, and Cuticura Resolvent Pills, to cool and cleanse the blood, may now be had for one dollar. A single set is often sufficient to cure the most torturing, disfiguring, itching, burning and scaly humors, eczemas, rashes and irritations, from infancy to age, when all else fails.

Sold throughout the world. Cuticura Soap, 25c. (in form of Cuticura Ointment, 25c. per tin of 50). Cuticura Resolvent Pills, 25c. per tin of 50. Cuticura Soap, 25c. per tin of 50. Cuticura Resolvent Pills, 25c. per tin of 50. Cuticura Soap, 25c. per tin of 50. Cuticura Resolvent Pills, 25c. per tin of 50.

W. C. T. U. CONVENTION.

Delegates at District Meeting Royally Entertained at the Soo.

The Ishpeming ladies who attended the district convention of the Women's Christian Temperance union at Sault Ste. Marie last week were royally entertained and all were delighted with their visit to the Loek City. Among those who assisted in the entertainment of the visitors were the mayor, clergy and members of the Temperance union, Epworth society and others. There were twenty-nine delegates present.

All the sessions were interesting. Several instructive papers were read. Among the visitors was a Mrs. Penbrek, who was present at the crusade at Hibborton, O., some twenty-seven or twenty-eight years ago. She gave a very interesting account of the crusade.

On the last day of the convention the visitors were taken to the Canadian Soo, where they were received by the mayor and clergy. A visit to the steel plant was included in the day's program.

A meeting of the local branch of the union, to be known as an "Echo convention," will be held next Tuesday afternoon at 2:30 o'clock at the residence of Mrs. Richard Quain on North Main street. Two of the papers read at the district convention will be repeated. One is by Mrs. James Ivey, entitled "The Twentieth Century Boys and Their Mothers." The other will be "Moderation" by Mrs. F. J. Pearce of Marquette. Good music will be provided and all will be welcome.

RECORD FOR THREE GAMES.
In the two-men team bowling contests Wednesday evening Thompson and Walters not only took three games from Kinsman and Medlyn, but also broke the alley record for that number of games with a total of 1065 runs. In the last game their total was 393, Thompson scoring 169 and Walters 224. The latter also has the highest score thus far this month. The ladies' record was also broken Wednesday, a total of 151 pins being made. The scores in the contests were as follows:

					Tot. Av.
Kinsman	94	133	120	119	
Medlyn	157	141	158	152	
Total	251	274	288	813	
Thompson	159	158	169	162	
Walters	164	181	224	190	
Total	323	339	393	1055

WHAT IS BEGG?
Re-Go Tonic Laxative Syrup is a preparation originally put up for physicians' use, and it is still largely prescribed by the best practitioners. Its wonderful cures of Constipation, and all attendant evils, such as Nervous Dyspepsia, Sick Headache, Biliousness and indigestion, have led the manufacturers to believe that a great service would be rendered to their fellow men by offering to the public this famous medicine in convenient form. They have such faith in the merits of the medicine that they offer a trial bottle free to any one who will cut out this notice and present it to the Peoples' Drug Store.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.

"I recommend it to all young women who suffer from female weakness."—MISS ALMA PRATT, Holly, Mich.

FREE MEDICAL ADVICE TO YOUNG GIRLS. All young girls at this period of life are earnestly invited to write Mrs. Pinkham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given, and her address is Lynn, Mass.

Judging from the letters she is receiving from so many young girls Mrs. Pinkham believes that our girls are often pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries.

Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality,—often it is never recovered.

A Young Chicago Girl Saved from Despair. "DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality.

Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved, and that all pains left me, and I was my old self once more.—LILLIE E. SINCLAIR, 17 E. 22d St., Chicago Ill.

Lydia E. Pinkham's Vegetable Compound is the one sure remedy to be relied upon at this important period in a young girl's life; with it she can go through with courage and safety the work she must accomplish, and fortify her physical well being so that her future life may be insured against sickness and suffering.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

REPUBLICAN RALLY TONIGHT.

John J. Carton and Judge Kendrick Will Be at McDonald's Opera House.

The Republicans will fire the first gun of the campaign tonight at McDonald's opera house. The speakers will be Hon. John J. Carton, speaker of the house of representatives, and Judge Kendrick. They were originally slated for talks at Ishpeming, but after the committee had been assured that Congressman William Allen Smith would speak at Ishpeming the meeting was declared off in favor of Negaunee.

Carton and Kendrick are pleasing talkers and it is certain that the voters present tonight will be well entertained inasmuch as this will be the first Republican rally held in the county it is expected that all the regular nominees for county offices will attend. Extra seats will be provided for them on the platform. The Negaunee Orchestra band will be present. The program will begin as soon after 7:30 as possible, and the doors will be opened shortly before 7 o'clock. It is expected that there will be a large assemblage.

Negaunee voters will be pleased to learn that Senator Julius C. Burrows will speak here two weeks from tomorrow night, the 22nd. During the many visits the senator has paid to the upper peninsula he has never addressed a Negaunee audience. Many Negaunee men have heard him at Ishpeming. The Burrows meeting should be a record breaker in point of attendance.

It is not yet known how many more political meetings will be held in Negaunee, but it is likely that the Republicans will have at least one after the Burrows rally. The Democrats, who are negotiating for a few speakers for this county, will also likely have at least one rally in this city.

While the Negaunee Democrats have not been active in the present campaign the most prominent members of the party here expect a larger vote for their candidates than was cast two years ago. The total Democratic vote in 1902 was 114. One of the Negaunee Democrats yesterday offered to wager a new hat with a friend that there will not be less than 200 Democratic votes cast this year.

NEGAUNEE GIRL WINS.

Miss Lillian Williams Gets a Trip to the World's Fair.

The Negaunee friends of Miss Lillian Williams, who has been working for the past few weeks in the Minneapolis Tribune's World's Fair voting contest, are manifesting much interest in the outcome. Miss Williams' name has stood near the top from the first, but there is no telling where she will land when the final count is made, as a large number of votes were turned in by competitors last Saturday, the closing day. The winners of the contests for the various districts will be given a trip to the World's Fair, lasting two weeks, with all traveling and other expenses paid.

Tuesday's Tribune announced that the final results of the contest would be published not later than Thursday. Twenty-eight persons have been employed day and night since Saturday at midnight, when the voting closed, canvassing the ballots. It is said that the contest created a great deal of excitement in Minneapolis. The city was divided into a number of districts. Votes received after midnight Saturday were not counted. Miss Williams sent in her last batch early enough last week to have them reach the office before the polls closed.

With the list of winners will be an announcement of the plans concerning the trip. It is intended that each candidate shall be given ample time to prepare for the vacation. Later—Miss Williams was advised by telegraph last evening that the contest had been decided and that she had been adjudged one of the winners. The only other Michigan contestant to win out was Miss Grace O'Donoghue of Gladstone.

THE SECRET OF SUCCESS.

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Doesn't it prove that August Flower has had an unflinching success in the sure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders—that it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Trial bottles, 25c; regular size, 75c. For sale by The Stafford Drug Co.

LOST—Small dark brown cow, with bell, head almost black, white stripes back and belly, short horns. Reward \$10. Joseph Ikela, blacksmith, Marquette street, Negaunee. (10-6-1w)

CHILD'S SAD DEATH.

Six-Year-Old Son of Ralph Wilcox Victim of Diphtheria—Mother Ill.

Undertaker Olson of Ironwood arrived in Negaunee yesterday morning with the remains of six-year-old Ralph Mitchell Wilcox, only son of Ralph Wilcox of this city, who is now at Bisbee, Arizona. The little chap died Wednesday of diphtheria. None of the relatives were able to come with the remains. The child's mother is down with diphtheria and the family of Rev. Isaac Wilcox are quarantined.

Ralph was a bright child and his sad death has caused much grief among the family. He had been ill but a short time. Friends here did not know that diphtheria had visited the family and the announcement of the child's death was a great shock to them. The funeral was held yesterday afternoon, with interment in the Negaunee cemetery. Services were conducted by Rev. S. M. Gilchrist at Undertaker Bawer's rooms.

COAL DEALERS BUSY.

The coal dealers of Negaunee are delivering a great deal of coal these days. Many have placed orders for their winter's supply and not a few have asked that it be delivered as soon as possible. The Consolidated Fuel & Lumber company is filling the bins at the city building, hose houses and school buildings. Negaunee has five coal dealers this year, while last year there were but three. In spite of the competition the prices are the same now as they were earlier in the season on all grades of hard and soft coal. The dealers here are the Consolidated Fuel & Lumber company, Cyril Houle, J. Larsen & Son, Johnson Bros. and C. H. Jennings.

NO TROUBLE AT BISMARCK.

The Negaunee men who left last week for Bismarck, N. D., to work in a coal mine operated by the Washburn Coal company, have been heard from. They went to work the day after their arrival and they have advised friends that they think they will like it there. They found no labor or other trouble to contend with. The company is increasing its working force and have places for more miners. Two other Negaunee men left for there Wednesday night. A party of five or six was expected to go, but all but two changed their mind a short time before the train pulled out.

LOCAL LACONICS.

A half inch of snow fell here Wednesday night.

John Keyes of Duluth did business in Negaunee yesterday.

Dr. Henry Alexander was in Negaunee yesterday soliciting donations for an industrial school for colored people.

The Private Dancing school will give a hop tonight at Cyr's hall. A few Ishpeming people are expected to attend.

Will and Arthur Maas of this city, and their brother, Dr. Maas, of Hancock, arrived home Wednesday from the World's Fair.

Levine Bros. had a very successful cloak opening yesterday. The representative of the cloak house took a number of orders. Several ladies came over from Ishpeming.

Rosen Bros. & Klein will conduct their annual fall cloak opening tomorrow. Four leading cloak makers will have exhibitions of ladies' misses and children's cloaks of all styles and makes.

Charles Kronberg, who is employed at the local station of the Chicago & Northwestern Railway company, has returned from Chicago, where he spent the past few weeks in a hospital, receiving treatment.

Mrs. M. J. Arland's fall millinery opening was one of the most successful she has had in some years, despite the fact that the weather was not favorable. Her display of pattern-hats and novelties is very attractive.

Mayor Winter arrived home yesterday morning. His wife remained in Chicago for a short time. His honor would not have been home later in the week if it were not for the annual meeting of the city council last evening, which he felt obliged to attend.

TO CURE A COLD IN ONE DAY.

Take Lavative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box, 25c.

All who use Atomizers in treating nasal catarrh will get the best result from Ely's Liquid Cream Balm. Price, including spraying tube, 75c. Sold by druggists or mailed by Ely Bros., 96 Warren St., N. Y.

New Orleans, Sept. 1, 1900. Messrs. Ely Bros.—I sold two bottles of your Liquid Cream Balm to a customer, Wm. Lambertson, 1415 Delachaise St., New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results. Geo. W. McDuff, Pharmacist.

Upper Peninsula

Will Cut Much Cordwood—

Ex-Supervisor Anderson, of Hardwood, Dickinson county, expects to cut 2,000 cords of hardwood on his lands this winter. He will also operate a logging camp.

Capital Stock Decreased—

The Walker Veneer and panel works, factory B., at Grand Marais, has had its name changed to the Great Lakes Veneer & Panel company. The capital stock of the company has been decreased from \$100,000 to \$80,000, \$20,000 common and \$60,000 preferred.

Train Kills a Deer—

A buck deer weighing 245 pounds was killed this week by the Milwaukee road which leaves Menominee, southbound, at 10 o'clock a. m. The train crew brought the carcass back to the city on the return trip and on the circumstances being reported to the game warden were allowed to retain the venison.

Jilted Lover Kills Himself—

Because, as is declared by friends of both, his sweetheart jilted him and preferred the company of another man, George Lameranda, a bartender at Boudreau's saloon at Van's Harbor, Delta county, shot himself through the head and died almost instantly. A brother of the deceased was drowned two weeks ago near Munising while on a hunting trip.

Important Timber Deal—

William Moss of Iron River, has purchased the timber on forty tracts from Walter S. Prickett, of Sidaw. The lands are located in the Paint river region and are timbered principally with hemlock and cedar. Mr. Moss will establish two camps on the Paint river four miles from Anasa and expects to bank about 3,000,000 feet. He will employ forty men.

Ontonagon County Logging—

Forslund & Magnusson have their camps on the Ontonagon river completed. They expect to put in about 2,000,000 feet of mixed timber this winter. The camps are located about six miles up the river from Ontonagon. C. V. McMillan & Bro. have established another camp, No. 5, on the lake shore and are extending their railroad to the new scene of operations.

Takes a Logging Contract—

W. J. Ross, a veteran logger of Grand Marais, has taken a contract to put in four million feet of pine logs to be delivered the coming winter. His camp will be located near Summit, on the line of the Manistique railway, a short distance from Grand Marais. He has started in with a crew of fifty men, which will be increased later on. Logs will be delivered via the Sucker River, Manistique and the South Shore railways to Bay Mills, where they will be manufactured into lumber. Mr. Ross estimates that it will take most of the winter to complete the contract.

Poor House Proposed—

Among other matters to which the Delta county board of supervisors will give attention at its annual session Oct. 19, will be the selection of a site for a county poor farm and arranging for building an almshouse. The proposition was referred to a special committee at the last meeting of the board but as yet the members of the committee have been unable to agree upon a site. Several pieces of property in different parts of the county have been offered. One of the most favored sites is a tract of 100 acres of cleared land near Ford River, which it is possible that it will be ultimately selected by the board.

Still Making Shingles—

The O. C. Lumber company, operating the Sturgeon mills, has finished the season's sawing of lumber but will continue to saw shingles and ties until the pond freezes over so it cannot get logs into the mill. The result of this season's cut will be about 1,000,000 shingles, 12,000 cedar poles and 50,000 posts. About sixty men are employed in the mill and yard and the daily shipments average five cars of lumber and shingles. The company will put in four camps on the Sturgeon river this fall and will cut about the same amount of timber as last year. One camp, located on the Wisconsin & Michigan road, four miles south of the mill, is already in operation.

SOME SEASONABLE ADVICE.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by the Peoples' Drug Store.

TEN WEEKS IN A HOSPITAL.

Mr. Christ Schorr, of Phillips, Wis., writes: Gloria Tonic cured me completely of rheumatism. The hospital failed to do it. I was in it twice, once three weeks and another time seven weeks. Sold by The Stafford Drug Co.

The Lanpher Furs. A Fur Coat or Jacket should fit properly, wear well and be stylish. It will fit properly if the workmanship is good, wear well if the furs are properly selected, and be stylish if it be well designed. In buying the Lanpher Furs the style and fit speak for themselves and the quality of the fur is vouched for by twenty-eight years' experience. It pays to buy a brand of established character and reputation. LANPHER, SKINNER & CO., St. Paul, Minn. Established 1876.

Cigars! Good Cigars are easily spoiled by the lack of attention on the part of the dealer. We pay particular attention to our Cigar department and pass them over the counter in the proper condition to please the customer. BOX TRADE A SPECIALTY. All the leading brands, Havana and Domestic Cigars. J. M. Perkins, Druggist. NEGAUNEE, MICH.

FRIENDS BANQUET WALTER FITCH

NEW GENERAL MANAGER OF U. S. MINING CO. HIGHLY HONORED LAST EVENING.

LARGE COMPANY PRESENT Guest of Honor Presented With Handsome Twelve-Piece Solid Silver Dinner Set—Clever Toasts Were Heard.

Walter Fitch of Beacon, who is shortly to conclude a thirty years' residence in Marquette county to go to Utah to take the general management of the mines and smelters of the United States Mining company, was last night the guest of honor at a banquet tendered by a large and representative company of Marquette county friends and upper peninsula mining men.

The banquet was one of the most brilliant affairs of the kind ever occurring in the county, and was a notable expression of the respect and esteem in which Mr. Fitch is held and the great regret that is felt at his approaching departure from the Lake Superior region.

The banquet was made the occasion of a handsome presentation to Mr. Fitch. This concrete expression of the sentiments of his entertainers took the form of a beautiful solid silver dinner service of twelve pieces, manufactured by Gorham and one of the most substantial and artistic sets that Mr. Fitch's friends were able to purchase.

The menu was: Canape Caviar, Sliced Tomatoes, Bouillon, Stuffed Olives, Planked Whitefish, Tartar Sauce, Potatoes Persian, Braised Fillet of Beef Pique, Sweet Potatoes, Fresh Mushrooms, Punch Creme de Menthe, Roast Squab au Cresson, Asparagus Tips, Roquefort, Toasted Water Crackers, Demi Tasse, Cigars.

The various courses were prepared with unusual care and skill, and were handsomely served. No finer menu has ever been offered in the county.

CONVENTION THIS AFTERNOON. Independents Will Proceed to Name County Ticket.

The Independent convention for the county of Marquette is announced to be held at the city hall this afternoon at 3 o'clock, and the leaders of the movement say that a full county ticket will be placed in the field and that legislative nominations will be made.

WAS A NEGAUNEE MAN. Victim of Drowning Fatality Survived by Wife and Children.

Yesterday's investigation into the facts connected with the drowning fatality of an early hour Wednesday morning made the case out to be a rather peculiar one.

HUNTER BURNED AT DOCK. Had Been on Soo-Grand Marais Run for Several Years.

Not much additional detail in regard to the destruction of the steamer Hunter by fire at Grand Marais early Wednesday morning was received yesterday, but it was learned that the Hunter was destroyed as she lay at the dock in the harbor of Grand Marais.

RALLY SATURDAY NIGHT. Republicans Will Welcome J. J. Carton and Judge Kendrick.

Republican voters are manifesting much interest in the first rally of the present state and presidential campaigns, which will be held at the opera house tomorrow evening.

LIGHTS ON AGAIN. Generators Put in Operation at 6 O'clock Last Night.

Just as an indignant population was in the midst of preparations to worry along another evening without electric light, at 6 o'clock last evening both the arc and incandescent lamps burst into brilliancy and remained lighted throughout the evening.
