Chop! Chop! Chop!

Tiresome, isn't it, to get down the chopping bowl and knife and prepare something for the next meal? But the tiresome method is out of date. You can do better work with Sargent's Gem Food Chopper—with but little work and no labor.

The Gem chops all kinds of food in coarse, medium or fine pieces, as desired. Useful in the preparation of substantial and desserts. You need it in your kitchen every day.

JAPANESE BATTERIES COMMAND HARBOR

Four Ships of the Port Arthur Squadron Reported Seriously Damaged.

TOKIO HEARS ONE IS COMPLETELY WRECKED

British Steamer With Cattle and Flour Is Captured by the Blockading Fleet--Mukden Reports No Change of Importance There, and Shanghai Significant War- like Activity Throughout the Empire--Five Sub- marine Torpedo Boats, Valued at Nearly \$4,000,- 000, Are Shipped From Jersey City, West- bound for an Unknown Destination.

The continuance of the gale which developed on the China sea and adjacent waters Oct. 4 precludes active operations by the Japanese fleet blockading Port Arthur.

The British steamer Shishan, with a cargo of cattle and flour from Shanghai for Port Arthur, has been seized by the Japanese off New Chwang.

A detachment of Finnish guards has been ordered to leave St. Petersburg for the Far East.

Tokio, Oct. 7.—It is reported here that the fire of the Japanese land batteries seriously damaged four Russian warships in the harbor of Port Arthur. It is stated that one vessel was completely wrecked.

Shanghai, Oct. 7.—The British steamer Shishan has been seized by the Japanese off New Chwang with a cargo of cattle and flour for Port Arthur.

St. Petersburg, Saturday, Oct. 8.—A special despatch from Mukden, dated Oct. 7, says there has been no change of importance in the general situation there.

The blockade of Port Arthur appears not to have been so effective recently, as a number of messengers have slipped through. The latest advices state that the fortress has sufficient ammunition and provisions to enable the garrison to hold out nine months.

Tokio, Oct. 7.—Lieutenant General Hasegawa, late commander-in-chief of the imperial guards division, departed for Korea today to assume command of the Japanese forces there.

Shanghai, Oct. 7.—Numerous reports received from the interior telling of the activity of secret societies at points widely apart are causing serious uneasiness. It is known that the officials everywhere are procuring the most modern arms and munitions of war for the purpose of equipping the soldiery. There is no certainty whether the activity is directed against an anticipated rising or whether it is a precautionary movement in view of possible danger if Japan is successful.

New York, Oct. 7.—Five submarine torpedo boats, valued at nearly four million dollars, have been shipped from Jersey City. "West of Chicago" is the destination upon the waybill.

Havre, France, Oct. 7.—The Russian volunteer fleet steamer Smolensk arrived in the roads here today from the Mediterranean.

WILL KEEP HANDS OFF.
Britain Will Take No Action to Bring About Mediation.

London, Oct. 7.—Replying to a letter from the international arbitration and peace association, suggesting that the time is at hand when his majesty's ministers, in concert with those of other powers, can with good hope of success appeal to Russia and Japan to suspend the conflict in the Far East, Foreign Minister Lansdowne writes as follows: "Neither of the belligerents having expressed any desire for mediation on the part of other powers, his majesty's government does not consider that it could with advantage take such action as is suggested by your committee."

KING LEOPOLD ASSAILED.
Held Responsible for Cruelties Practiced in the Congo State.

Boston, Oct. 7.—King Leopold of Belgium was assailed for his policy as sovereign of the Congo Free State at a public meeting held this afternoon in connection with the international arbitration and peace association. The attack upon the king was made by E. T. Morell, of England, who represented the Congo Reform association. Mr. Morell charged that the Belgian monarch was personally responsible in large measure for the cruelties practiced on the natives of the Congo Free State in the terrific endeavors of the monopolistic commercial organizations to obtain from the country all the ivory and rubber possible.

The king was defended by George Herbert Head, of Cambridge, England, who submitted that Leopold had done all possible to stop the cruelties practiced.

The congress today accepted the report of the committee on propaganda, recommending that the congress in 1905 be held at Lucerne, Switzerland. One of the first things that the congress did today was to adopt resolutions recommending that all nations enter into a treaty insuring, in case of a dispute be-

DEPUTIES ON A STRIKE.
Belleville, Ill., Oct. 7.—The effects of the strike of Belleville deputy sheriffs are beginning to be felt in the office of Sheriff Thompson. Papers which should be served in connection with pending cases are piling up and no attempt has been made to fill the places of the striking deputies.

FOUR DIE IN HOTEL FIRE.
North St. Joseph, Mo., Oct. 7.—The "Tray" Hotel burned this morning, resulting in the death of four persons and injury to two others.

MOUNT PELEE INACTIVE.
Fort De France, Island of Martinique, Oct. 7.—The report that there has been another serious eruption of Mount Pelee is untrue.

DETECTIVE ACCUSES HER.

Chicago Woman, Charged With Perjury, Arrested in New York.

New York, Oct. 7.—Inga Hansen, a young woman who two years ago asked \$50,000 for alleged personal injuries in a suit against the Chicago City Railway company, was arrested here today on a charge of perjury in connection with that suit. The arrest was made on complaint of a Chicago detective who said he had traced the young woman to this city and who appeared against her when she was arraigned in court today. After the hearing she was remanded to the Tombs to await extradition papers. The detective said that the woman disappeared after the Chicago trial. She was living in luxurious surroundings, he said in court, and was neither blind nor paralytic.

DE! Not Get Damages.

Chicago, Oct. 7.—Miss Hanson brought suit against the City railway in this city, claiming damages of \$50,000 for injuries said to have been received and which she claimed had made her a cripple for life. She was carried into court on stretchers, and declared that she was unable to walk. Detectives employed to watch her testified that she was able to walk and care for herself without assistance of any kind when she was away from the court room. On this evidence the jury decided against her, and the case was later thrown out of court.

JAILED ON HONEYMOON.

Serious Charges Against a Couple Elop- ing from Chicago.

New York, Oct. 7.—Najeb Hashim and bride were arrested on their arrival here tonight from Chicago. Najeb was locked up at police headquarters on a charge of abduction and grand larceny. In Hashim's pocket were found \$3,300.

Chicago, Oct. 7.—Detectives will leave tomorrow for New York to bring back Najeb Hashim and bride, arrested here today. The bride's father says she is only seventeen. The girl is charged with the theft of more than \$3,000 which her mother gave her to deposit in a bank.

CHAUNCEY DEPEW TO RETIRE.

Important Changes Slated for the New York Central System.

Chicago, Oct. 7.—The Record-Herald tomorrow will say that V. C. Brown, vice president of the New York Central and Lake Shore & Michigan Southern roads, is to be elected president of both roads, probably effective Jan. 1, 1905, and that W. H. Newman will retire from the presidency of both roads and accept the position of chairman of the boards. It is said that Senator Depew, now chairman of both boards, will relinquish both positions.

TRAIN HITS AUTOMOBILE.

Three Persons Killed in a Peculiar Ac- cident in New York.

New York, Oct. 7.—An automobile containing nine persons and running at high speed dashed over an embankment early today, landing on the tracks of the Central railroad. Just at that moment a passenger train rounded the curve and struck the automobile. Three persons were killed, two were seriously injured and the other four were badly bruised.

SHELLS EXPLODE IN FORT.

Eleven Belgian Soldiers Killed and Many Others Injured.

Antwerp, Oct. 7.—By the explosion of three shells at Fort Saint Marie, today, eleven soldiers were killed and many were injured. The magazine was destroyed.

NEW BATTLESHIP LAUNCHED.

Seattle, Wash., Oct. 7.—The battleship Nebraska was successfully launched at 2 o'clock this afternoon in the presence of fully fifty thousand people. Miss Mary Nain Mickey, daughter of Governor Nicks of Nebraska, christened the vessel. The battleship has a displacement of 15,000 tons. Her speed will be nineteen knots. The main battery will consist of four 12-inch, eight 8-inch and twelve 6-inch guns. Her cost will be \$3,735,000.

CHICAGO DAY AT THE FAIR.

St. Louis, Oct. 7.—The details of the program for the celebration tomorrow of Chicago Day at the exposition have been completed. Thousands have already arrived from Chicago and ten thousand more are expected on the morning trains. The grounds will be open Sunday. The Illinois building will be open Sunday, and bands will render concerts.

OHIO BANKER ARRESTED.

Cambridge, O., Oct. 7.—Herbert O. Barber, former vice president of the defunct Commercial bank of Cambridge, who disappeared June 11 with his brother-in-law, P. C. Patterson, cashier of the Commercial bank, returned home and was arrested today on a warrant charging embezzlement. Barber and Patterson's joint shortage is estimated at \$150,000.

GIVES \$500,000 TO CORNELL.

Ithaca, N. Y., Oct. 7.—The will of Daniel Willard Fiske, who died at Frankfurt-on-the-Main, Germany, Sept. 17, bequeaths to Cornell University half a million dollars. Dr. Fiske was once librarian and professor of North European languages in Cornell.

MOROCCOAN AGREEMENT SIGNED.

Paris, Oct. 7.—Foreign Minister Delcasse and the Spanish ambassador today signed a Spanish-French agreement relative to Morocco, which had been the subject of extended and difficult negotiations.

TODAY'S WEATHER.

Washington, Oct. 7.—The following is the weather bureau's forecast for Upper Michigan: Rain, Saturday, with rising temperature; Sunday, fair and colder; fresh southeast winds, becoming north-west.

CLOSER TRADE RELATIONS URGED BY EACH OF THE PARTIES IN MASSACHUSETTS.

GOV. BATES IS RENOMINATED

WM. L. DOUGLAS THE NOMINEE OF THE DEMOCRATS.

Stalwarts' Name, National Republican, May Be Subject of Litigation in Wisconsin—La Follette Men De- clare It an Infringement.

Roston, Oct. 7.—The Republican state convention today nominated state officers and presidential electors. Governor Bates and all the officials excepting treasurer were renominated by acclamation. A. D. Chapin was nominated for treasurer. Attorney General Moody was permanent chairman. The resolutions adopted pledge unwavering support to Roosevelt and Fairbanks, endorse the national platform and favor additional reciprocity treaties, especially with Canada and Newfoundland. Feeling tribute was paid the late Senator Hoar.

Democratic Convention.

The Democratic state convention, also held here today, likewise nominated a state ticket and presidential electors. William L. Douglas was named for governor by acclamation. The platform endorses the national candidates, demands tariff reform, reciprocity with Canada and the separation of the three branches of the government.

Indianapolis, Oct. 7.—M. E. Ingalls, president of the Big Four railroad, was the principal speaker at a Democratic meeting here tonight. He was escorted to the hall by a procession of railroad men and Democratic marching clubs.

PLAN AGGRESSIVE CAMPAIGN.

Wisconsin Stalwarts to Make Bitter Fight in Every Precinct.

Milwaukee, Oct. 7.—The "National Republican" (stalwart) state central committee this afternoon ratified the selection of former Governor Scofield to fill the vacancy caused by the withdrawal of Samuel A. Cook from the head of the ticket. A. The committee also completed plans for carrying on an aggressive campaign in every precinct of the state.

The name "National Republican" adopted by the stalwarts to be placed at the head of their column on the official ballot may be the subject of litigation in the courts. The La Follette men are said to regard it as an infringement of the name "Republican."

National Committee Keeping Hands Off.

Chicago, Oct. 7.—National Committee Chairman New, who has had particular charge of Wisconsin for the Republican national committee, returned to Chicago today. He said: "The Republican national committee has never taken sides or given recognition to either of the Wisconsin factions. We had hoped the decision of the supreme court would bring about harmony, but we realize that it is not for the national committee to interfere nor to give instructions to the Wisconsin voters."

MISSOURI LEADER ASTOUNDS.

R. C. Kerens Declares the State May Go for Roosevelt.

Chicago, Oct. 7.—Among the callers at the Republican national headquarters today was R. C. Kerens of Missouri, who gave encouraging accounts of the political conditions in the interior mountain and Pacific coast states and astonished Harry New, national committeeman in charge of the Western headquarters, by declaring that it is "within the range of possibility that Roosevelt and Fairbanks will receive the electoral vote of Missouri."

SIX SENATORS THERE.

Little Town in Wyoming Entertains Distinguished Visitors.

Evanston, Wyo., Oct. 7.—This little city tonight has as guests six United States senators—Fairbanks, Dooliver, Fulton, Kearns, Warren and Clark. This is the home of Senator Clark, and he and Senator Warren, with a number of other Wyoming Republicans, met Senator Fairbanks and party in Utah and escorted them to this city. Tonight at a Republican rally Senators Fairbanks, Dooliver and Fulton and Representative Smith made speeches.

LAUDS PARTY'S RECORD.

Secretary of War Taft Speaks at a Big Rally at Quincy, Ills.

Quincy, Ills., Oct. 7.—Secretary of War Taft addressed a large assemblage here tonight. He was met at Hannibal, Mo., this afternoon and was escorted to Quincy by a committee of prominent citizens, afterwards being accompanied to the place of speaking by a parade. In part, he said: "The issues of the present campaign are now made up, the party platforms have been adopted, the speeches of acceptance by the candidates have been made, and the letters of acceptance have been written and published. The platform of the Republican party, Presi-

THE MYSTERIOUS FIRE ON THE CRUISER Washington being built at Camden, N. J., together with the repeated attempts to send the Connecticut to the bottom as a sensational sequel to her launching, seems to indicate that American warships are more in danger in their home ports than on the high seas.

THE OUTLOOK FOR THE WINTER IN English cities is most dreary. At a meeting of the Manchester city council this week it was announced that owing to the hard times, particularly the depression in the cotton industry consequent on the high prices of the raw product, between 40,000 and 50,000 of the poorer people are already on the verge of starvation.

OFFICIALLY, IN SOME MANNER, THE Japanese government has managed to create an impression that Korea is the bone of contention in this war, and that it will be content to accept a more or less nominal control of that country as the reward for a victory over Russia.

THE SUN TRADE, EDITED BY THE Hon. Seiamada, M. P., and Prof. Ruse, in a long article regarding what will likely happen in Asia after the war, if Japan is victorious, made some illuminating statements. In his opinion, it said, "the existing situation of the far East will be entirely changed in future."

THE ARTICLE TAKES UP IN TURN THE purposes and powers of all the powers. Russia, it observes, will be ruled out for at least twenty years, as a result of the present war. Germany is eminently pacific and accommodating. "In short, the Germans can play their part

only as a second rate power in China, and are by no means equal to a struggle against the Japanese in this respect." France will be busy outside of Japan's sphere of influence, and England will be content to maintain her control of India, and to be busy developing her African, Australian and American possessions to attempt any part in China.

THE POLITICAL SITUATION IN Wisconsin at last seems to have assumed definite form. The week has been fraught with important developments. First came the decision of the supreme court that it had no jurisdiction in the matter of determining the regular Republican ticket, taking the ground that the state committee had been constituted to pass on questions of that nature.

THE STALWARTS HAVE NO HOPE OF electing Scofield. Their primary purpose is to defeat La Follette. The only question throughout the campaign previous to the state convention and the rump meeting which followed it, and since the opposing Republican tickets were placed in the field has been one of means.

MUCH WOOL TO BE CUT - It is estimated that from eight to ten thousand cords of cordwood will be cut this fall and winter in the district immediately adjacent to Iron River.

LOGGING ON THE MICHIGAN - Joseph Liegeois, of Wausaukee, will operate a logging camp near Sagola, Dickinson county, this winter, and will cut pine, hemlock and cedar, banking logs on the Michigan.

THE FIRM OF F. R. HAYNES & Co., which formerly conducted extensive logging operations in the vicinity of Cedarville, Mackinac county, is resuming work in that locality. It has purchased 600 acres of land, heavily timbered with pine, spruce, hemlock and cedar, and it is figured, has two years' cutting in sight.

MAY INSTALL ELECTRIC PUMP. Houghton Council Calls for Bids to Be Opened Oct. 17.

The bids on steam pumps requested by the Houghton council were not opened Thursday evening as expected, it being decided to defer the matter until the next evening.

Mr. Swain gave the council a talk on electric pumping. He stated that the cost of installation would be cheaper than for a steam pump and that the cost of operation would be lower as well.

The council decided it would be best to get propositions on electric as well as steam pumps. The bids will be opened at a meeting to be held Oct. 17.

BAN ON WOODEN STRUCTURES.

Houghton Council Decides to Enforce the Fire Ordinance.

One of the Houghton councilmen wanted to know at Thursday evening's session whether the ordinance prohibiting the building of wooden structures on Sheldon street and within the rest of the fire limits is to be enforced.

It was practically decided to rigidly enforce the ordinance in the future. It has been violated on different occasions by the erection of small shacks on Sheldon street and the councilmen believe it time to call a halt.

Other Village Matters.

The contract for the construction of the proposed pipe line from the Bubble springs to the windmill tank was let to Johnson & Lateral, it amounts to about \$5,000. The work is to be done this fall, Nov. 15 being the date set for its completion.

Contractor James Byers asked for \$2,000 on his Sheldon street pavement contract but the council decided to wait until he has finished the work instead of paying him any more on account.

The report of Village Clerk Brand showed that \$53,594.05 of the \$70,000 worth of water bonds sold still remains, the amount being the balance on October 1.

INDOOR GAME NOW PROPOSED.

Bad Weather Again Prevented the Fat Men's Baseball Contest.

Instead of an out-door game of baseball between the Portage Lake and Calumet fat men's teams for the benefit of the Good Will farm, Superintendent Draper has decided to arrange an indoor game to be played at the Amphidrome at Houghton next Tuesday evening if that date is open.

The outdoor games scheduled between Calumet and tomorrow afternoon at Hancock will be played if the weather is pleasant. The games were to have been played last week, but were called off on account of the wrestling tournament at Calumet.

CEMENT WALKS GOING DOWN.

Now that Sheldon street, Houghton's main business thoroughfare, is being paved, property owners are already beginning to put down cement sidewalks.

ONE CRIMINAL CASE.

The only criminal case on the calendar of the October term of circuit court in Keweenaw county, which convenes next Monday at Eagle River, is that of the People vs. Frank Lense, is a homicide charged by manslaughter. The accused will be defended by Larson & Galbraith of Calumet. Prosecuting Attorney A. E. Peterson will conduct the case for the people.

DECISION CALLED UNJUST.

Duggan and Friends Resent Claim of Foul in Lake Linden Bout.

The Houghton men who saw the boxing bout between Jimmy Duggan of Houghton and Fred Torrance of Lake Linden at Lake Linden Thursday night say that Duggan did not foul his man in the second round as claimed by Torrance. It is said that Duggan had the better of the mill as far as it went and had Torrance going when the latter claimed foul.

Jimmy says he is about discouraged with the boxing game in this neck of the woods, but despite his state of mind he is not ready to retire. He has decided to challenge any boxer in the copper country for a purse or side bet.

COPPERDOM BREVITIES.

John Stecker has resigned his position with L. Hennes & Co at Houghton and with his wife left Thursday for Appleton, Mich., where he takes over the management of his father's general store.

Nothing of a startling nature was developed at the coroner's inquest at Hancock Thursday afternoon in the case of the late Matt Johnson of Calumet, whose body was found floating in Portage lake Tuesday.

TAIL ROPES AT THE C. & H.

Tail ropes are now in successful operation in the six compartments of the Red Jacket shaft of the Calumet & Hecla mine. Experiments on their installation were begun about a year ago, and the results were so successful that they were not only retained on the Kimberly skips, but were also introduced in the other compartments.

It became apparent that a remedy for this trouble would have to be found, and the installation of the neglected tail rope was decided upon for the two compartments containing the Kimberly skips. So great was the relief effected by this change from the former method of operations, that it was deemed advisable to experiment in the other compartments, where much lighter loads were being hoisted.

The tail rope in a vertical shaft in connection with the Whiting system of hoisting, consists of a heavy cable hung beneath two skips which are operating in balance. It is very evident that, with a loaded skip at the bottom of the shaft and the entire weight of 5,000 feet of hoisting cable from which such a skip is suspended, the engine is called upon to lift an inordinate load when it is started.

This is the manner in which the tail rope is operated. Its primary object, as will be seen, is to keep machinery in balance and reduce the duty of the engine. But it has been found to accomplish much more than this. By its weight being suspended from the bottom of the two skips, working in balance, it steadies the hoisting cable, and prevents it from jumping, as they are inclined to do in the Whiting system of hoisting when tail ropes were not used.

At the present rate of production the Baltic will round out the year with a production of 12,000,000 pounds of refined copper. The average yield of refined copper per ton of rock treated the past three months has been a trifle better than twenty-four pounds, which is an improvement over that of the same period a year ago, when the rock tonnage sent to the mill was considerably smaller than at present.

MEXICAN DEPOSITS.

An American mining engineer of wide experience, who has made an extended trip into western Mexico for an eastern syndicate, and who desires that his name be not disclosed, is authority for the statement that the copper deposits of the western part of Mexico have been greatly exaggerated by promoters, and he thinks it is time that the copper bonanzas may yet be implicated. He says that most of the deposits are small and low-grade. However, the average man, having in mind the wonderful Bisbee deposits, or the Cananea mines, will be somewhat inclined to think that these copper bonanzas may yet be implicated. He says that a large area included as western Mexico, all of which is highly mineralized, the mining of copper in Mexico, however, is only in its infancy, and as Arizona has come by leaps and bounds from a low rank to the position of first, or at least, second among the copper producing states, so will Sonora and the other states of the Sierra Madre district come to the front when transportation facilities are had and American energy and methods and capital are directed to the development of their mineral resources.

drifting under way north and south at the tenth level. These shafts are connected down to the eighth level, inclusive. No. 5 shaft is bottomed at the ninth level, from which depth mill rock will be hoisted a very short time hence, when the new and more powerful hoist goes into commission.

The extreme north openings of the Baltic have not thus far afforded any material promise, though recent developments in this direction would indicate that the early history of the south portion of the mine is likely to be repeated. The sixth level north of No. 5 shaft has been extended for a distance of 900 feet, of which the last 250 feet discloses but little of an encouraging character. The eighth level, on the other hand, extends 600 feet north of the shaft, where the breast of the drift is in good copper ground, and of such character as to give rise to the belief that the copper makes further north with increasing depth. The extent of profitable openings north of this shaft insure for it a working territory equal to that of any of its neighbors.

COPPER SUPPLIES.

The enormous exports of copper this year, amounting to 392,000,000 pounds for the first nine months, have somewhat reduced the stock of copper in this country on Jan. 1, 1904, placed at 153,000,000 pounds. The stock of copper on Oct. 1 is estimated at 124,000,000 pounds, a reduction during the nine months of 29,000,000 pounds.

Stocks on hand Jan. 1, 1904, 153,000,000 lbs. Production nine months, 392,000,000 lbs. Imports nine months, 124,000,000 lbs. Total available supply, 865,000,000 lbs. Exports, 392,000,000 lbs. American consumption nine months, 300,000,000 lbs. Total deduction, 692,000,000 lbs. Stock October 1, 1904, 124,000,000 lbs. If the American consumption of copper in this country since the first of January would leave the stock on hand in this country Oct. 1 at 109,000,000 pounds. There are those who maintain that the reaction in business conditions in this country since the first of January could not have permitted a consumption of over 30,000,000 pounds per month, in which event the stock of copper on hand at the present time would be practically the same as at the first of the year. Had it not been for the enormous shipments of copper to the other side since the first of the year, a very heavy accumulation of the metal would have taken place in this country.

TRADE REVIEWS BULLISH.

Business Outlook Is Reported Steadily Growing Brighter.

New York, Oct. 7.—R. G. Dun & Co.'s Trade Review tomorrow will say: "With the crops almost beyond reach, the prices of securities at the highest since May, 1903, and idle machinery resuming at many factories and mills have been closed for months, the business outlook grows steadily brighter."

By far the best feature of the situation is the confidence manifested by an increased disposition to provide for future requirements particularly among dealers in agricultural sections.

The mercantile collections are more prompt and the railway earnings for September were 3.8 per cent larger than in the same month last year, while the foreign commerce at this port for the last week shows an increase of \$1,051,208 in imports and \$410,748 in exports compared with a year ago.

Bradstreet's Summary. Bradstreet's tomorrow will say: "The popular estimates of the leading crop yields continue to enlarge, corn has passed out of danger of serious frost damage in the West, and the distribution of goods, both at wholesale and retail, expands under milder weather approaches."

Additional favorable features are the continuance of the good tone in pig iron, freer buying by railways of material and rolling stock, and a heavy crop movement, all helping to stimulate both north and south.

white trash!—Woman's Home Companion. Henry Ward Beecher and the Rooster. That Henry Ward Beecher was spared much embarrassment by his quickness at repartee is illustrated by the following story:

One evening, as he was in the midst of an impassioned speech, some one attempted to interrupt him by suddenly crowing like a rooster. It was done to perfection; a number of people laughed in spite of themselves, and the speaker's friends felt that in a moment the whole effect of the meeting, and of Mr. Beecher's thrilling appeals, might be lost.

"Mornin' already!" he said; "my watch is only at 10. But there can be no mistake about it. The instincts of the lower animals are infallible." There was a roar of laughter. The "lower animals" in the gallery collapsed, and Mr. Beecher was able to resume as if nothing had occurred.—Success.

Relieving the Preacher. A popular preacher tells a good story of a young clergyman who lunched out on a strong temperance sermon. When he had finished a deacon said to him: "I am afraid you have made a mistake, Mr. Jones, who pays the highest pew rent, who practically supports the Sunday school and who is ever ready with a contribution when asked, is a distiller. He is bound to be angry."

"I am sorry," said the minister, "I will go and explain it to Mr. Jones, and remove any unfavorable impression, and tell him I did not mean him." Accordingly he waited upon Mr. Jones who, in addition to the profession of distilling, also carried a good many other branches of trade, and indulged in a good many amusements of various kinds.

The pastor expressed his deep regret to Mr. Jones for anything he might have said in the sermon which could hurt his feelings. He was extremely sorry, and indeed, he did not mean anything by it, and hoped Mr. Jones would not feel hurt.

Too Many Dogs. This story of Lincoln, which was related by the late Senator Harlan at an old-settlers' meeting at Mount Pleasant, Ind., seems to be a new one. Some politicians had called on President Lincoln to urge the appointment of some of their friends to positions in a certain department. By way of refusal the president told the following story:

"Gentlemen, the conditions in that department put me in mind of the time that a young friend and myself tried to put the two daughters of a peppery widow living near our homes. The old lady kept a lot of hounds, and I hoped Mr. Jones would not feel hurt."

The fact that the decision was reached after very careful expert examination of the most renowned makes add one more to the many valuable endorsements received during the half century of its existence by the Bradbury piano. In all about 300 Bradbury pianos have been sold recently to the Chicago schools and universities. Sold exclusively on the upper peninsula by Amos Saladin, Marquette. (923-17).

STEAMER SITKA ABANDONED.

Gre Carrier Aground at Point Au Sable a Total Loss.

The Mining Journal yesterday was informed from Grand Marais yesterday that the Gilchrist steamer Sitka, which cleared from this port early this week, to ground on Point Au Sable, just this side of Grand Marais Tuesday morning, has been given up as a total loss and is fast going to pieces. The tug Schuck and a wrecker arrived at Grand Marais from the Soo yesterday morning, but after looking over the Sitka the captains decided that she could not be saved, and the tug and wrecker returned to the Soo. All movable material of value has been removed from the steamer, and she has been abandoned as a total loss. She went aground in a heavy storm which continued for many hours after the disaster with the result that the steamer was pounded hard and fast on the point and badly damaged. There was no insurance on the Sitka. Yesterday the steamer Homer Warren and consort Exile, the Cross-waith and the White and Friant were in Grand Marais harbor for shelter.

Notes of Local Marine News.

The Pioneer, for Buffalo, and the Chattanooga and W. E. Reis, for Ash-tabula, cleared from the L. S. & I. dock yesterday. The carriers departing from the South Shore docks were the Alfred Mitchell, for Buffalo; the Warner, for Erie; the Thompson, for Ash-tabula, and the W. P. Palmer, for Ashport. The Mitchell's cargo is consigned to the Union Furnace and the Warner to R. W. England was due to arrive at the upper harbor at midnight last night. The James Pryor dredge No. 2, the tug Maytham and three crews arrived from Houghton yesterday to engage in dredging operations at both the S. S. & I. and South Shore docks. The outfit is one of the best of its kind on the lakes. The steamer Argo and schooner Johnson cleared for Tomawanda yesterday with cargoes of lumber taken on at the Dead River mill dock. The steamer Cartagna is at the Pick-and-Cleveland dock with a cargo of coal for the Cleveland Cliffs Iron company. She arrived yesterday.

The steamer China was in port yesterday, unloading a consignment of package freight.

MILWAUKEE MAN'S ESCAPE.

Forged Name to Get South Shore Transportation, but Case Was Settled.

Thursday Marshal Maney went to the Soo to arrest Harvey M. Burns, a Milwaukee young man aged twenty-two years, on a charge of forgery preferred by the South Shore officials here. He was brought to the city on the late train Thursday night. Wednesday Burns presented to a South Shore official what purported to be a letter signed by an official of the Wisconsin Central road at Milwaukee, on the strength of which he obtained transportation. He left for the Soo. It was ascertained that the signature supposed to be that of the Wisconsin Central official was his own. The South Shore officials took immediate steps to make it warm for the young fellow, with the result mentioned above. The young man's father came up from Milwaukee yesterday morning, and the case was settled, father and son departing for home last evening.

BOSTON MARKET STRONG.

Oscela and Wolverine Made New High Records and Closed Near Top.

Paine, Webber & Co. wired concerning the Boston market: "Contrary to expectations, we had a strong and active market today. Oscela and Wolverine made new high records and closed at the top. New York bought both stocks and the supply was scarce. Well informed people say the Oscela report will show good earnings for this year. Shannon and Range were both very active, but there were heavy selling orders in both, so that they failed to make any material advance. As we have said before, the copper market is getting better every day and new stocks are favorites from day to day. Heavy liquidation was still going on in Alouez, but the stock looked good at the close. It has gone off 5 dollars now and ought to be a buy for a turn unless the diamond drill work is an absolute failure."

Wheat Was Off. Logan & Bryan wired Paine, Webber & Co. regarding the wheat market: "The wheat market closed about a cent lower. It broke two cents during the day and regained about half of it. There was further scattered liquidation during the day, with free covering of shorts at the decline. The conditions were further large primary receipts and a poor cash demand. The scalping feeling is a little steadier at the close, on the fact that the market has had a four days' decline. There will be no session of the exchange tomorrow. The visible supply on Monday will show a quite large increase. The government report will constitute an element of uncertainty. Large arrivals are expected in all the markets Monday. If it produces any further break, probably wheat may be bought for a reaction; although the situation is not a strong one and prices will, we think, ultimately go lower."

City Brevities

Today's weather: Cloudy, with warmer and probably showers.

Yesterday's temperature: 7 a. m., 40 degrees; noon, 47 degrees; 7 p. m., 45 degrees; maximum, 47 degrees; minimum, 40 degrees.

J. H. Larochelle announces his military opening for today.

W. S. Prickett of Sidway has been in the city the past two days.

John Power of Ishpeming the Democratic nominee for representative in the western district of the county, was here on business yesterday.

The disagreeable weather last night cut down the attendance at "The World" and the house was small. The play was all that was expected.

The football team of the local high school is scheduled to play its first game of the season with the Soo eleven at the Levee City this afternoon.

Mr. and Mrs. A. L. Rose left last night, via Duluth, for Los Angeles, Cal., to attend the funeral of Mr. Rose's brother, A. E. Rose, whose death occurred yesterday.

The commission has sustained the decision of the land office in the case of Louis Rasmussen vs. Willard W. Crumh, 160 acres in Marquette county affected. The decision was in favor of Rasmussen.

J. H. Primeau, Jr. was down from Neguigan on business yesterday. Mr. Primeau, Sr. went up the road last evening to attend the Republican rally addressed at Neguigan by Hon. J. J. Carleton and Judge William B. Kendrick, who will be here this evening.

J. W. Spear has opened a brokerage office in the Harlow block, where he is prepared to look after the copper stock and grain trade. Mr. Spear says he is the oldest broker in the upper peninsula and that he has offices in Marquette, Houghton, Ontonagon and Alger counties.

Mrs. A. T. Van Alstyn and daughter, Miss Zada, left for Chicago last night. Mr. Van Alstyn also expected to get away, but was compelled to postpone his departure until this evening. He will locate his family in Chicago, and then will go on to New York, where he will look into a number of openings.

The inquest in the case of the accidental drowning of Louis Peterson has been postponed until Tuesday. Peterson worked at the Neguigan mine and went to Ishpeming to get his pay check cashed at the Miners' National. He then caught the train to Neguigan, but he had been drinking at Ishpeming and was carried past the station. Early Wednesday evening he inquired here as to when the train left for up-the-road. He eventually planned on returning home that night but failed to catch the train.

DEATH OF MRS. SWENSEN.
Wellknown Ishpeming Woman Passed Away Early Yesterday Morning.

Mrs. Julia Swensen, who had been ill for eleven months past, died yesterday morning at 6:40 o'clock at the home of her daughter, Mrs. James Bryden, South Main street. Death was not unexpected, as Mrs. Swensen had been unconscious most of the time for the past two weeks.

The deceased was sixty-two years of age. She had resided in Ishpeming for fifteen years past, coming here from Milwaukee, and is survived by four daughters, Mrs. Bryden, Mrs. J. L. Bohn and Mrs. Al Wilson, the latter two of Milwaukee, and Miss Alice Swensen of this city. All were with her mother when she died. Mrs. Wilson and Mrs. Bohn having been summoned to the city about two weeks ago.

The remains will be taken to Milwaukee for interment in Forest Home cemetery, beside the remains of her husband, who died twenty-one years ago. Services will be conducted this afternoon at 3 o'clock at Grace church, Rev. Bates, Rurt of Marquette will officiate.

FOOTBALL TOMORROW.
Peerless Team and Bronco Busters Will Meet at the Park.

The Bronco Busters and Peerless football teams will play their second annual game tomorrow afternoon at Grand Park, starting at 2:30 o'clock. The last time the teams met they played the hardest kind of a contest, and it is expected that the game tomorrow will be close and interesting. Both the Bronco lack in knowledge of football they make up in weight, the team's average being about 170 pounds, while the Peerless' average is in the neighborhood of 135 pounds. The admission will be fifty cents. The teams will line up as follows:

Bronco Busters—Sundberg, center; Egan, right guard; Anderson, right half; Devine, fullback; Harrington, left half; Carro, right tackle; Gunville, right end; Skoglund, right half; Connelly, fullback; Beauchamp, left guard; St. Johns, right tackle; Dillon, left end; Skevs, left half, and Brown, quarterback.

Peerless—Dobbs, center; Johnson, right guard; Carro, right tackle; Gunville, right end; Skoglund, right half; Connelly, fullback; Beauchamp, left guard; St. Johns, right tackle; Dillon, left end; Skevs, left half, and Brown, quarterback.

ANENT TEACHERS' INSTITUTE.
Superintendent Scribner Has Secured but One Speaker for Evening Meetings.

Superintendent E. E. Scribner, who is desirous of making the evening meetings strong features of the Upper Peninsula Educational Association's annual institute, has not yet been successful in securing two men of national reputation to deliver the lectures. Senator Doherty has been engaged to talk at the opening meeting of the institute, which will be held at the theater on the evening of Thanksgiving Day. It is Mr. Scribner's intention to engage another speaker for the next evening, but he finds that a great many of the prominent men whom he would like to secure have previous engagements.

He has extended invitations to Bishop Spaulding, Archbishop Ireland, J. G. Schuman, president of Cornell University, and President Harper, of the Chicago University. Mr. Scribner's chief offer for the engagement is most liberal, but none of the men mentioned will be able to accept it. He intends to try several others in the hope that he can secure a speaker that all the teachers and people will be anxious to hear.

The meetings at the schools will be of unusual interest this year. Mr. Scribner has several prominent educators listed for talks during the day sessions. At the sessions are to occur during the Thanksgiving holidays all the teachers will be at liberty to attend. Special railroad rates will be secured and Ishpeming people will be asked to assist in entertaining the visitors.

SCHOOLS BA'DLY CROWDED.
Superintendent Scribner reports that the teachers and pupils of most of the local schools are working at a big disadvantage. Some of the rooms in the high school building are so badly crowded that extra chairs have been placed in the aisles and along the side walls. The children are compelled to sit with their backs either to their desks or to the floor beside their chairs. There are 182 children in three eighth grade rooms. The teachers have more work than they can do properly. In order to conduct all the classes an extra teacher will be engaged. She will hold her sessions in some other place than the grade rooms, perhaps in the hall or down in the basement. Some new seats have been ordered and will be crowded in wherever there is space for them.

There will be thirty-four more pupils than seats in the high school, and they are seated in the aisles and along the walls. Mr. Scribner says neither teachers or children can work to advantage.

"If we do not get another school building next year, with an increase of fully 100 over the number at present in the high school, I am at a loss to know what we shall do," said Mr. Scribner. "The situation will be a great deal worse next year than it is now. It is very likely that the proposition to erect another building will come up again during the winter."

OUR FALL EXHIBIT

Worthy the Name in All That the Term Implies. SOMETHING ABOUT THE NEW STYLES.

Some people believe that a clothier who tells about new styles is merely "talking through his hat." Be it known that when we say new styles we mean it. The makers have not been asleep. What a monotony it would be if we had to wear the same old styles year in and year out. You wouldn't like it. Neither would we.

You will like our splendid new Fall styles in suits. They run to brown a great deal because brown is a swell color; but you needn't confine your selection to that. We have everything in the new goods that is worth the having.

Shall it be a double-breasted or single-breasted business suit? There are a number of styles—all proper and all different, and a great variety of patterns; so many that you will hesitate in your choice. But you will find the one to please you.

HOPKINS' WEEKLY REVIEW.
The Bonanza Circle Stocks Have Been Lagging a Little the Past Two Days.

Following is Hopkins' weekly review, issued last evening:

"With the exception of the continued sensational advance in Pittsburg & Duluth there has been a little lagging in the Bonanza specialties, which should there not? Lake Superior & Pittsburg, the recognized leader, made an advance of 28 points in a few weeks; Pittsburg & Duluth has gained 48 points in similar time. Calumet & Pittsburg made a more moderate advance and has held it. Junction has gained 10 points. Naturally there are people attracted by these advances who are taking profits. We have speculators as well as investors."

"Lake Superior & Pittsburg's find on the 1,100-foot level is proving up finely, ere being of high quality and looks as if there was a lot of it.

"Function is strong today on late good news from the mine. More ore has been found in the shaft and on adjoining ground. It looks the cheapest on the list, and we advise its purchase immediately.

"Black Mountain Mining is going like hot cakes. Duluth investors took 100,000 shares in an hour after it went out. It is a Mexican property with American operators, many prominent Lake Superior mining men being interested. There will be 400,000 shares sold at \$2.50 in installments of \$1 at a time. A 100-stamp mill has been ordered."

Yesterday's prevailing prices were:

	Bid.	Asked.
Calumet & Arizona	89.00	89.00
89.00		
Lake Sup. & Pittsburg	42.00	42.00
Lake Sup. & Duluth	55.50	55.50
Pittsburg & Duluth	78.00	78.00
Junction	39.50	40.50

ISHPEMING IN BRIEF.

The Lone Star Dancing club will give a hop this evening at the Woodmen's hall, Anderson block.

The work of filling the old sewer on East Cleveland avenue as far as Fourth street will be completed today.

The owner of a pair of opera glasses picked up on the street yesterday can find them at Melchoe's drug store.

F. M. Johnston and wife left yesterday for their home at Appleton, after spending ten days with relatives here.

W. H. Oakley and wife left yesterday morning for the World's Fair, where they will spend the next ten days or so.

The Ishpeming postoffice was closed yesterday from 10 to 1 o'clock out of respect for the late Postmaster General Payne.

About twenty Ishpeming men attended the mass convention at which the Independent ticket was nominated yesterday at Marquette.

The ladies of the Presbyterian church will conduct a rummage sale next Thursday, Friday and Saturday in the Danton block, Main street.

Mr. and Mrs. James M. Collins of Spoonon House, Revere, England, who were visiting William Palmer and family at Humboldt have departed for their home.

Earle Doty's "The World" company will give two performances at Ishpeming today, the matinee taking place at 2:30. Special scenery will be used in the production.

A special meeting of the Women's Catholic Order of Foresters will be held tomorrow afternoon at 2:30 o'clock at the Convent hall. Important business will be considered.

E. B. Finch, secretary of the Negatue & Ishpeming Street Railway & Electric Company, was left yesterday for Appleton, Oshkosh and Milwaukee. He expects to be back Monday morning.

The Peerless Juniors will line up against a team of Negatue school boys this afternoon at 2:30 o'clock at the Union park gridiron. There promises to be much noise and some heated arguments, as both teams are determined to win.

There will be no service at Grace church tomorrow. Rev. Poyscor of Crystal Falls, who was expected here, being unable to attend. Sunday school will be conducted as usual at 12 o'clock. A week from tomorrow Rev. Bates Rurt of Marquette will officiate.

F. Braastad has decided to not complete his new stone block at the corner of Cleveland avenue and Second streets this fall. Work will be suspended as soon as the foundation is finished which will be within the next week or ten days, provided the weather is favorable.

The two-year-old son of J. J. Argill, who had been visiting the past ten days or so, died Thursday night of spinal meningitis. He had been ill but one day. The remains will be taken to Chicago for burial. The funeral will be held tomorrow afternoon, with interment in Lake View cemetery.

Kenton Catches.

A. I. Maggy was in Trout Creek Friday on business.

Ira Blossom of Marquette was in town Wednesday and Thursday.

Rev. B. Eiling of Even conducted Catholic services at the school house Sunday.

J. M. Longyear of Marquette and E. Sparrow of Lansing were guests of William Kroll during the week.

Dr. A. C. Graves of Loganport, Ind., and G. W. Graves of Rockwell, Va., were guests at the York Thursday.

Mr. and Mrs. Wm. Shinger returned to Kenton Saturday and are occupying their new home on the "Yellow row."

George S. Hyde, a lumberman from Lansing, made his first business call at Kenton Friday. He prospects a land-slide for the national Republican ticket.

Basket ball is taking up the spare time of Kenton young ladies. A club is being formed. For the benefit of the club, a dance was held last night at Opera Hall.

C. Weber, G. Meyers and J. F. Schroeder of Calumet spent the week with F. Arnold at the old slate quarry in quest of partridge and other game birds. They had fair success.

Of late there is a growing suspicion that some party will bear watching. Articles of value have been missed from buildings, and on Thursday night the barber shop of Wm. M. Faught was forced open and three razors were taken.

M. Liberman is remodeling his tailor shop for use as a dwelling and upon his removal to Bergland in a short time will rent the two buildings for residences. Mr. Liberman will open a general store in connection with his tailoring business at Bergland.

A hunting party comprised of Mr. and Mrs. Wm. Kroll, Messias Pierson and Stambaugh and Messrs. E. W. Sparrow and J. M. Longyear were successful in getting several brace of duck and a number of partridge during a three days outing at Lake Thirty-three. The party returned to town yesterday.

Petitions for a new school district have resulted in the formation of District No. 6. A school building will be erected near the intersecting highways dividing Sections 21, 22, 27 and 28. School districts Nos. 2 and 3 have been subdivided to form the new district, which comprises the following sections: 4, 5, 8, 9, 10, 15, 16, 17, 20, 21, 22, 27, 28, 29, 32, 33 and 34. WRITE THIS DOWN

In the book of memory. There is no such thing as a harmless cough. Every cough is a warning of a condition the cure of which is to be won unless it is remedied right away. Optum-laden medicine is a delusion. Allen's Lung Balsam cures the worst of colds. It clears the bronchial passages, so that the lungs get plenty of air. Why not get a bottle today?

"WATCH THE KIDNEYS."

"When they are affected, life is in danger," says Dr. Abernethy, the great English physician. Foley's Kidney-Cure makes sound kidneys. Stafford Drug Co.

CONSUMPTION CURE—WATER'S White Wine of Tar Syrup, the best cough remedy on earth, cures a cold in one day if taken in time. 25 and 50 cents.

SEVENTY YEARS OLD.

Wonderful cure by Gloria Tonic. Mr. Abr. G. Groff, of Petersburg, Pa., writes: "I am 70 years old and am entirely cured of rheumatism through that marvelous remedy, Gloria Tonic. I am entirely free from pain." Sold by The Stafford Drug Co.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the wholesystem.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and I heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."

Save Your Daughter

No. 185 West 84th Street, New York City, N. Y., April 3, 1903.

Wife of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for my daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the joints. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of Wine of Cardui as I had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, behavior and behavior, in fact she was a different girl. The flow became regular and she has not had any difficulty since.

Lizzie H. Thompson
TREASURER, HATHORN MEMORIAL ASSOCIATION.

WINE OF CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and new life is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

BORROWED MONEY RETURNED. **TAX LEVY FOR 1904.**

Cash Raised by Sale of Bonds Enabled Council to Square All Loans.

Total Sum to Be Collected for City Purposes Is \$55,173.98.

The following resolution relative to the return of money borrowed for city purposes before the recent bonds were issued, was presented by the finance committee to the council Thursday evening and was unanimously adopted.

Whereas, On July 7, 1904, the following sums of money were transferred to the electric light fund, \$2,000 from the street and highway fund, \$1,000 from the fire department fund, \$3,278.28 from the city tax fund; and

Whereas, There is a surplus of money in the electric light fund, not otherwise needed, and there not being sufficient money in the street and highway fund, and the department fund and the city tax fund to meet the immediate demands on said funds; therefore be it

Resolved, That the city treasurer be and he is hereby authorized to transfer back from the electric light fund to the street and highway fund the sum of \$2,000, to the fire department fund the sum of \$1,000 and to the city tax fund the sum of \$3,278.28, to be used as above stated.

The finance committee also presented the following resolution which was adopted:

Whereas, There is not sufficient money in the water works fund to meet the immediate demands on said fund; and

Whereas, There is a surplus of money in the electric light fund, not otherwise needed; therefore be it

Resolved, That the city treasurer be and he is hereby authorized to transfer from the electric light fund to the water works fund the sum of \$2,000, to be used as above stated.

Polling Places Designated.

The council has designated the following places for the sessions of the boards of registration, also for voting precincts, on Saturday, Nov. 5, and Tuesday, Nov. 8.

First ward—Mrs. John Treddler's residence on the west side of Barn street.

Second—At City Hall.

Third—Charles W. White's residence on the south side of Iron street.

Fourth—Finnish Temperance Society's hall, corner Case street and Healy avenue.

Fifth—Fire engine house No. 2.

On motion, the city attorney and recorder were instructed to get registration and election notices printed, and that the mayor appoint a committee of three from each ward to get a full registration.

Superintendent Bellstrom of the water works system reported that ninety-four tons of coal were consumed last month for the operation of the water plant, representing an outlay of \$357.29. Other items of expense, including oil, etc., brought the total for the month to \$367.79.

The committee on water works reported that the total cost of the main extension to the Queen mine, completed about a week ago, was \$1,130.02, including the cost of the pipe. The cost per foot for the improvement was 49 1/2 cents.

On recommendation of the committee on water works the water main will be extended on Silver street to the west line of the Breitling Hematite property. A petition for improvements in the water service on Harvey street was rejected, on recommendation of the water works committee.

The laying of the water main on Grand Central avenue was placed in the hands of the committee on water works.

The Carnes Library committee was granted further time to submit a report.

The street committee reported that \$594.24 was expended on street work last month.

The city attorney presented an ordinance relative to street grading, also designating the fire limits, but it was tabled until the next meeting.

MISS WILLIAMS' VOTE.

Negaunee Girl Polled Over 100,000 Ballots in World's Fair Contest.

A copy of the Minneapolis Tribune giving full particulars of its voting contest, was received here yesterday. Miss Lillian May Williams of this city, who won a free trip to the World's Fair for herself and one friend, polled 109,000 votes and Miss Elizabeth McDonough of Gladstone, who won in her district, polled 157,000 votes. Miss Williams' next nearest competitor in her district was Miss Lottie S. Smith of Calumet, whose total vote was 22,800. The Tribune gives Miss Williams and Miss McDonough this mention:

"The north of Michigan contributed to the Tribune voting contest two young women of very superior ability. Indeed the citizens of Negaunee and Gladstone may both be very proud of the splendid showing which their two candidates made."

"Miss Lillian M. Williams of Negaunee is one of the most popular young women in her city. Her votes show for themselves how she is regarded by her townpeople."

"Miss McDonough of Gladstone is a business woman of much intelligence and energy. She is advertising manager for one of the most prominent manufacturing firms of northern Michigan, and has the wit and vivacity which makes so strong a characteristic of many of her fellow countrymen."

Miss Grace Gray of Hope, N. D., carried off the honors winning an automobile and the title of "Queen of the Contest." Miss Shirley Barrett another North Dakota girl, whose home is at Lakota, took the second prize, a baby grand piano. Others winning pianos were Miss Rose Freedman and Mrs. J. C. Cockburn of Minneapolis; Mrs. Sophia Soule of Princeton and Miss Dolly Lockery of Fairbault. The two latter districts comprised Minnesota, Wisconsin and Michigan. And there fifty-two World's Fair trips in all, thus the party will be composed of over 100 persons.

Thursday's paper contained pictures of all the successful contestants, including the Negaunee and Gladstone girls.

LOOKING FOR MEN.

Charles W. Taylor came up from his farm at Sands yesterday and spent the day here trying to hire some men to work until the balance of his crop is harvested. He has lately been directing the work and has considerable difficulty to get in, while the greater part of his vegetable crop is yet to be harvested. Mr. Taylor will pay good wages.

TOLD IN A FEW WORDS.

Chas. Castleton, Cumberland, Wyo., says he had the worst cough a man ever had, and cured it in a few days with Dr. Warner's White Wine of Tar.

INTEREST IN KILN ROAD.

George J. Maas Believes He Owns Half Interest in Mineral Right.

The following communication was presented to the city council at the regular meeting Thursday evening:

To the Honorable Mayor and Common Council of the City of Negaunee.

Gentlemen:—The undersigned respectfully notifies your honorable body that he believes himself to be owner of one-half of the mineral rights of that half of the Baldwin kiln road which lies between the center line of said road and the west boundary line of what was formerly known as Barabie farm. Said mineral rights for iron ore were leased by me in 1901 to the Cleveland-Chittenden Iron company for a period of thirty-nine years.

LOCAL LACONICS.

J. F. Carey of Escanaba was in Negaunee yesterday.

Miss Alma Cole left Thursday evening for Chicago on a visit to friends.

The temperature dropped to thirty-seven degrees above zero in Negaunee Thursday night and to thirty-two Wednesday night.

M. C. Seully, Democratic candidate for representative to the state legislature from the Marquette district, was in the city yesterday.

W. A. Brubaker, state organizer in Illinois of the Prohibition party, gave a temperance talk last evening at the Presbyterian church.

Mrs. E. Lobb is up from Munising. She is about to have a convalescent improvement made at her business block on Gold street, and is here to arrange for having the work started. Andrew Lindquist has the contract.

A number of Negaunee children plan to attend the matinee to be given this afternoon at 2:30 at the Ishpeming theatre by "The World" company. The matinee prices will be ten cents for children and twenty-five for adults.

C. B. Driscoll, who was injured at the Oliver Iron Mining company's crusher at Escanaba, about three weeks ago, is expected home today. His condition has improved considerably during the past week, but it will be some time before he will be able to resume his work.

The football team that played at Marquette last Saturday afternoon will line up against the Peerless Juniors of Ishpeming at Union park this afternoon. Both teams play rapid ball and there is no limit to their ability to reach the points. There will be no admission and rooters, with good lungs, are specially invited.

CONFESSIONS OF A PRIEST.

Rev. Jno. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians, tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by Stafford Drug Co. Only 50¢.

to the Injured

1,000,000 Bottles Free

to sufferers from any of the many forms of Rheumatism, Neuralgia, Sore Joints, Sore Feet, Sunburn, Burns, Cuts, Bruises, Old Sores or any disease that begins with Fever, Swelling or Inflammation.

Paracamp will give instant relief and effect a cure or put you on the road to recovery, no matter of how long standing or how severe your case may be. Remember, Paracamp is the "First Aid to the Injured" and is for external application, except in case of Sore Throat, and takes the place of many irritating, and often poisonous, internal remedies which are frequently taken to relieve the troubles enumerated above. Paracamp is a combination of refined camphor, and soothing, healing antiseptic oils and is a prescription endorsed by prominent surgeons and doctors now in hospitals and private practice all over this country; it is applied to cuts and burns relief instantly, heals without leaving a scar and always prevents blood poisoning, when it cures in a thoroughly natural way and does not affect the nervous system or upset the stomach, and when applied through the pores of the skin directly to the seat of the trouble, stops the pain, relieves the congestion by stimulating the circulation and draws out all Soreness, Fever and Inflammation by inducing sweating. Paracamp is a preparation for the people, and a bottle or more of it should be in every home. As a family remedy nothing can equal it. Papa may have sore feet, hands or back; mamma may have Neuralgia, the boy cuts, burns or black eyes; the sister toothache or bad complexion, and the baby Fever, Sore Throat or a swelling. In every case Paracamp will do the work we claim, if directions are followed.

Charles Brown of Houghton was here on a brief visit Wednesday last. During his stay he was a guest at the Veale residence.

Mr. and Mrs. John Raisenen mourn the loss of one of their children, a bright child of four summers. The funeral was held Tuesday morning last.

George Brand of California is here on a visit to his parents. Being a member of the I. O. O. F., a social gathering is being planned in his honor for this evening.

By a prospective re-arrangement of runs, Conductor Bennett of the D. S. S. & A. very much fears he will be compelled to leave Michigan and take up his residence at Champion.

A party of hunters from Negaunee, consisting of Messrs. Flynn, Croll, Prineas, McPhillips and Feigel, came up Sunday last and spent the entire day in the woods. Success attended their efforts.

During the week orders were received by the officials of the Niagara Mining company to suspend mining operations at the Beaufort for an indefinite period. This is considered to mean that the company will resume operations again in the spring.

Mr. Cederstene, operator at the Michigan station, has been transferred to Marquette, where he is now acting as a relief agent for the D. S. S. & A. He was originally intended that he assume charge of a baggage and express run on trains 7 and 8, but owing to imperfect eye-sight the change was made as aforesaid.

On date of Saturday, Oct. 22, Mr. Shagan, tent, K. O. T. M. M., will hold its annual reunion of its members prior to their leaving for camp. A class will be initiated, the ceremonies to be followed by a banquet. George Tucker of Marquette and other vocalists of the county are expected to be in attendance.

Mr. Waste, a railway postal clerk on trains 5 and 6 between here and Duluth and who is well and favorably known in the village, has been transferred to a new run on what is known as the Duluth and Grand Forks Railway postal office. His successor has not been named.

During the past week Miss Tillie Brown and others engineered a delightful surprise for Mrs. Alex. Dingle at the home of her mother, Mrs. Block. The evening was pleasantly spent. A luncheon was served during an intermission. Mrs. Dingle and children returned to their home at Chicago Thursday last.

William Dubord has recently built a gasoline engine for the purpose of operating threshing machines, etc. It has been given a thorough test and found to be admirably adapted for the use to which the builder intended to put it. The engine is in great demand, the farmers preferring it to the old style of horse power.

The announcement of sale of the islands on Lake Michigan came as a surprise to the citizens here, as they had been informed, unofficially, that sale of the same had been consummated some time ago. All rejoice however, believing that it will be the forerunner of future activity in the making of Michigan what the citizens have long desired, viz: "A summer resort."

C. F. Sundstrom's new store building is fast nearing completion and presents a very neat appearance. Its owner expects to occupy it within the next ten days. The new residence building of Section Foreman Benson is up and enclosed, and adds much to the general appearance of Second street. On West Second street James Scanlon has had built the foundation for a neat seven room residence to be erected with the advent of spring.

For the first time in many years the Democrats of the village issued a call and on Friday evening last assembled in the town hall and formed a township

PRIMARY REFORM IN FAVOR

Resolutions Endorse It and Legislative Nominees Pledge Themselves in Its Favor—F. A. Bell Was Endorsed.

Judge of Probate—Charles Kelsey. Sheriff—August Swanson. Treasurer—Werner Nikander. Clerk—William A. Ross. Register of Deeds—James Roberts. Coroners—William Verran, Samuel Pearson. Surveyor—Charles Cummings. Representative, eastern district, T. M. Wells. Representative, western district, J. H. Mortley.

Above are the county and legislative tickets placed in nomination at the city hall yesterday afternoon by the voters participating in the Independent convention. The proceedings were entirely harmonious. In but one instance did two candidates place their claims before the convention. August Swanson and Isaac Gustafson of Ishpeming were both nominated for sheriff. The Ishpeming delegates elected a chairman favorable to Swanson to poll the twenty-three votes to which that city is entitled, and Swanson receive all the votes on an informal ballot, which was then made formal by acclamation. For register of deeds William Verran of Negaunee was placed in nomination. He said, however, that he had ascertained by inquiry that James Roberts would be a source of strength to the ticket, and respectfully declined to contest the nomination with him. He was heartily cheered for his position. All other nominations were by acclamation. Frank A. Bell of Negaunee, the prosecuting attorney, was endorsed, being the only man on the regular ticket to be so recognized by the Independents.

The personnel of the convention was largely the same as at previous meetings of the Independents. The convention was called to order in the assembly room, there being upwards of 100 people present and some fifty or sixty of them participating in the business. There were about eighteen delegates from Ishpeming and probably a dozen from Negaunee, the remainder being divided between Marquette and the townships of Champion, Forsyth, Humboldt, Richmond, Skandia and Marquette. The delegates showed considerable spirit. The nomination of W. A. Ross for clerk was received with a roar of applause, and that of Mr. Kelsey for probate judge also seemed particularly popular, although all the candidates fared well enough. The nomination of Charles Cummings was dictated, apparently, by the fact that the senior Cummings is on the regular ticket. The Independents thought it would be interesting to pit son against father, if the son will consent to stick. The legislative nominations were made in separate conventions, the delegates from the two districts getting apart for that purpose. The county committee was named, as provided for in the call, and is empowered to attend to the details of getting the ticket on the official ballot, and also to fill any vacancies. It is as follows:

Marquette—C. F. Button, O. G. Youngquist, Adam Kangas, M. H. Poard, Walter Ward, J. K. Ball, M. E. Asire and O. E. Brown. Negaunee—Abram Houslom, George Kellan, J. S. Mitchell, William Allen and John Collins. Ishpeming—Samuel Pearce, W. J. Blewett, J. T. Rowe, Charles Kingstrom, J. P. Roberts, Isaac Gustafson, William Anderson, Jacob Lauffer, James Brewster, J. H. Mortley and Alec Swanson. Marquette township—Robert Blemhuber. Negaunee township—G. Yonkoeki. Ishpeming township—Joseph Charles Skandia, Charles Wilson. Powell—W. R. Ransome. West Branch—Yalmar Fahrman. Forsyth—J. O. Girard. Humboldt—Matt Aulio. Champion—Charles Irvine. Richmond—Louis Kellan, John Hutala. Chocoday—Max Quandt, Carl Wittler. Michigan—Peter Paquin. Primary reform was heard from throughout the convention. All the speakers made reference to it; T. M. Wells pledged himself to vote for a primary reform measure if elected; J. H. Mortley, the other candidate for representative, likewise indicated his sympathy for the reform, and in conclusion the assemblage gave three cheers for the proposed new system of making nominations.

Details of the Convention. C. F. Button was named as temporary chairman of the convention. In accepting he addressed the meeting as follows: "Gentlemen of the Convention—I thank you for this honor. We owe no apology to any man or set of men for being here today. It is the privilege of every free citizen whose rights are trampled on to resent the wrong. It is a notorious fact that three men, with per-

haps a few others called in by them, got themselves together prior to the last Republican convention and assumed to list the names of the men who should be the nominees of the whole party for the county offices. These three men had the power; as the sequel showed, to force through their slate, against the evident wish of a majority of the delegates to that convention, and we are here today to protest against that wrong and we are here to right it.

"There are perhaps 6,000 electors of this county, divided between the large parties in about the proportion of two to one, and three men propose to name the candidates for two-thirds the voters of the county. But this is not a partisan movement. There is no reason why any Republican, or Democrat, or Prohibitionist, or Socialist, or any other party man should not unite with us in this movement for this occasion, for the purpose of rebuking this form of dictation. "This movement is purely local, and relates to county politics only; and we invite all electors to unite with us in protest against such politics as we complain of.

"I, for one, believe that the people will never rid themselves from such dictation until they adopt primary reform. I repeat we owe no apology to any man or set of men for being here or for what we do. Thanking you for the honor conferred upon me, we will proceed with the business of the convention."

O. E. Brown was named as temporary secretary. On motion the chair appointed John Robertson, Oscar Field and Eric Johnson a committee on permanent organization and order of business and T. M. Wells, Charles Wilson and Thomas Lyta a committee on resolutions. The first named committee recommended that nominations be made in the order named in the call and that in case of contests the vote be taken by call of precincts represented. This report was approved.

The Resolutions.

The resolutions committee presented the following, which were unanimously adopted:

The Independent voters of Marquette county assembled in mass convention do hereby

Resolve, That in the nomination of the people's servants and in the casting of the elective franchise, we stand for the right of each and every elector, of whatever degree, to follow the dictates of his own judgment and conscience, and deny the right of dictation in anyone whomsoever in such a matter; That whenever, by boss rule, or by any other means, the free expression of a voter's choice is thwarted, we claim the right to revolt, and to express in a public manner our disapproval of such a condition;

That we have witnessed in this county, in the making of a slate for, and in the conduct of, the recent Republican convention, one of the most flagrant instances of the thwarting of the free will of the majority of a party and we protest against the same with all the strength of our manhood;

That this Independent movement is local and refers to this county alone; that it is fully justified by the existing conditions, that we invite every voter, who believes in absolute freedom of political action for everyone, to join with us in the selection of a county ticket which shall contain strong and clean names for the several offices, and to assist by their votes in the triumphant election of the entire ticket;

And we do further resolve, That we respectively do announce our allegiance to the party to which we belong in its state and national tickets.

And we further resolve, That we consider that primary election for the nomination of all state and municipal officers would largely do away with the abuses complained of, and that we favor the same, and demand the enactment of such a law.

From the Candidates.

The nominations were then proceeded with, with the result indicated above. When all the business was out of the way a number of the candidates were called on for speeches, responding as follows:

P. M. Wells—In accepting this nomination I wish to say that in the last legislature I had the pleasure of voting for primary reform, although I had not then, as I have since, had occasion to personally realize the importance of the reform. If returned to the legislature, as I hope I shall be, and as I believe I am entitled to be, I shall use my influence for the adoption of primary reform. I thank you for this nomination which, I believe, comes from the people. W. A. Ross—Gentlemen of the Convention—I have a feeling in my heart that by questionable methods I was turned down for renomination by the so-called Republican party convention, and I claim that I am now justified in accepting your nomination. I am yet a Republican and as staunch as anyone. I have come to believe that Republicanism stands for right, stands for liberty, stands for free government under the control of the people. The principles I stand for were trampled in the dust by that convention. One of the delegates in that convention came to me afterwards and said: "I am a friend of yours, but I was fighting you because I had to." I wondered why a man in his position "had to."

I accept this nomination and pledge you I will do all I honorably can to elect the ticket you have put in nomination today. Charles Kelsey—Mr. Chairman and Gentlemen: The Republican party has put in its platform a plank for primary reform. We have lately learned how necessary that reform is, and the party leaders should take heed that it is coming, for three very good reasons: 1. The people demand it! 2. The people demand it! 3. The people demand it! You know the feeling is growing in-

lense throughout the state against dictation by machine men. We feel that we should stand where Lincoln stood—for "Government of the people, by the people, for the people."

I thank you for the honor of the nomination. Jas. H. Mortley—I thank you for the nomination. It is not for the office but for the principle that I stand. I do not believe in two or three men choosing the candidates for the party.

August Swanson—I am no speaker, but I thank you for the nomination and will do my best to elect the ticket nominated today.

PROHIBITIONISTS MEET.

Congressional, Legislative and County Tickets Nominated Last Night.

Mass conventions for the congressional and senatorial districts and the county of Marquette were held at the city hall last evening by the Prohibition party. Candidates were nominated as follows:

Congress—Harvey Burright Hatch, Marquette. Senator—Richard Quayle, Ishpeming. Legislature—First district, John A. Williams, Marquette; Second district, Jacob Kammen, Ishpeming. Judge of Probate—James B. Quayle, Ishpeming. Sheriff—John E. Hogberg, Negaunee. Treasurer—Fred E. Knight, Marquette. Clerk—Charles H. Jennings, Negaunee. Register of Deeds—Edward B. Strong, Marquette.

Coroners—Wallace L. McCormick, Marquette; Thomas F. Gill, Ishpeming. Resolutions were adopted ratifying the platform and endorsing the candidates of the national and state conventions and pledging the support of the party in an effort to elect all the candidates of the party. The chairman of the various conventions were: County, Charles Burt, Ishpeming; senatorial, Frank Corlies, Marquette; congressional, James Ivey, Ishpeming.

DON'T FORGET THE RALLY.

John J. Carton and Judge Kendrick at the Opera House Tonight.

The first rally of the campaign will occur at the opera house this evening, when John J. Carton and Judge William Kendrick will speak for the state and national Republican tickets. Good music will be present and an enthusiastic and well attended meeting is looked forward to. Mr. Carton and Judge Kendrick have been in the upper peninsula the past several days and have held a number of largely attended and interesting rallies. Last night they were heard at Negaunee. Mr. Carton is particularly well qualified to speak on state issues, as he is speaker of the house of representatives, and thus intimately acquainted with what the state administration of the past two years has been doing. He is likewise well informed on national issues.

Judge Kendrick is also of no small degree in public life. He is a member of the state board of pardons, and well acquainted with the state issues. The talks tonight will be short and bristling with fact. They will be well worth hearing.

"WHY WOMEN SIN."

Melodramatic Bill at the Opera House Tuesday Evening.

People who delight in melodrama will have another opportunity to satisfy their tastes Tuesday night, when "Why Women Sin" will be presented at the opera house. The play is said to be pure in tone and expression. It introduces many unique and sensational scenes. One is a duel in the dark at a cafe on the Riverside Drive, New York city. The combatants fire upon one another guided only by the glow from the cigars which they are smoking. The cast is said to be amply strong enough to give the play a convincing presentation. The prices will be popular.

Northern State Normal School,

MARQUETTE, MICHIGAN.

The Northern Normal admits graduates of approved high schools to the two years course leading to a life certificate and diploma. It offers courses leading to a three year certificate, which is renewable for three years and valid in graded schools, and also a rural school certificate. It has excellent facilities for training teachers for special work in kindergarten, music, drawing and nature study.

It has an exceptionally fine corps of teachers who are specialists in their departments, and its training school gives a splendid opportunity for the training of teachers.

There is an excellent dormitory in connection with the school which is an ideal home for students. The building is lighted with electricity, and heated with steam; the living rooms are large, well lighted, and pleasant; and the dining room has a seating capacity of one hundred fifty persons. The expenses are moderate.

Students of the Northern Normal School who finish the Life Certificate course are given fifty-six hours credit at the University of Michigan.
