JAPANESE DRIVE BACK THE RUSSIANS IN MIGHTY BATTLE

Kuropatkin Is Steadily Losing Ground and Seems Near Great Disaster.

OYAMA TURNS TABLES ON THE FOE

Slavs Give Way Before Counter Attacks, the Right Wing Is Reported Retreating in Disorder, and Thirty or More Guns Have Been Taken by the Mikado's Troops--Fighting Still Continues Along Practically the Entire Front and in Desperateness and Bloodshed Far Exceeds the Conflict at Liao Yang--Stoessel, at Port Arthur, Reports the Enemy Now Shelling the Inner Fortress from Newly Mounted Batteries and That the Bombardment Is Daily Becoming Increasingly Violent.

Mukden, Oct. 13.—The battle continued throughout Wednesday with ever increasing fury.

Toward evening the Japanese repeatedly assumed the offensive.

The light continues today with unabated fury and determination. It is the fourth day of the battle.

In respect to desperateness, bravery and bloodshed, it far exceeds even the battle of Liao Yang.

London, Friday, Oct. 14.—The Standard's correspondent in the field with General Kuroki, telegraphing Oct. 11, says:

"After two days' heavy fighting, the enemy's resistance was broken this afternoon and the Russians are now in full retreat."

The Mail's Tokio correspondent asserts that the pursuit by the Japanese is working great havoc to the dispirited Russians, who left their dead and wounded on the field.

The Russian forces are estimated at 200,000 men, with 1,000 guns, and the correspondent says that the fighting is the most severe and terrible of the whole war.

Headquarters of the Japanese Left Army, Oct. 12, 5 p. m., via Pusan, Friday, Oct. 14.—The left (Kuroki's) army advanced last night and early this morning occupied a position close to the Russians. The Japanese attacked along the whole line, driving the Russians out of the positions to which they retired yesterday. At three this afternoon, the Russians were retreating northward in disorder. The Japanese captured a complete Russian battery. The Japanese are pursuing and shelling the retreating Russians, whose loss is probably large.

Six o'clock p. m.—The victory of the Japanese left today was decisive. The left wing of the left army threatened to envelope the Russian right, compelling the Russians to retreat. The Japanese artillery, including the batteries captured from the Russians, did their usual splendid work in shelling the trenches and the retreating Russians.

Field Headquarters of the Second Japanese Army, Oct. 12.—(Delayed)—The Japanese infantry within a distance of five hundred yards of the Russian lines Tuesday noon and defeated the Russians in a fierce counter-attack, almost annihilating the attacking force, which made three charges.

Prior to the receipt of the above, the Associated Press' review of the war situation, as summarized at 2 o'clock this morning, was as follows:

No appreciable progress has been made in the projected advance southward of the Russian army under General Kuropatkin since the initial success of the movement in the capture of Bentsiaputze. Stubborn fighting continues along practically the entire front.

Field Marshal Oyama reports the capture of thirty guns from the Russians and claims distinct successes in forcing the Russians to retire from some of their advanced positions. General Kuropatkin's report to the emperor is couched in guarded terms and claims nothing in the way of accomplished results.

Tokio Reports Continued Success. Tokio, Oct. 13.—It is reported that the Russians are retreating along the front and that the Russian force at Bentshiu is probably enveloped. Eight more guns have been captured by the Japanese.

Tokio, Oct. 13.—4 p. m.—General Oku has captured twenty-five Russian guns, making a total of about thirty which have fallen into the hands of the Japanese since the battle began.

Tokio, Oct. 13.—Evening.—The latest telegrams from the front indicate a continuation of the Japanese successes.

General Oku's left army alone bagged twenty-five guns.

The Russians made two desperate counter-attacks against the Japanese left, but were repulsed with heavy slaughter.

The Japanese commanders in their reports give expression to their admiration of the valor of the Russians.

The Manchurian headquarters, in a telegram sent today, reports as follows: "Since the last report our right army has been continuing a vigorous pursuit of the enemy toward the north."

"The column which was despatched in the direction of Shihchiao Tsu to intercept the retreat of the enemy from Ben-

shu continues its operations.

"The central army continues its attack on the Russians and expects to occupy a line between Tungshankou and Huchakou today. The enemy in this direction appeared to retreat continuously until dusk last evening."

"The report that a large column of the enemy is moving southwest and is consuming the erection of defensive works at Chienhengchiatien cannot be verified."

"The number of guns captured by the center column of the left army is sixteen, instead of eight, as previously reported."

"The right wing of the center column of the left army has captured four guns."

Tokio, Oct. 13.—An extended report received from the headquarters of the Manchurian army, a brief summary of which was published this afternoon, indicates that the Japanese were generally successful in the fighting of yesterday, and that all three Japanese armies gained decided advantages.

The operations designed to isolate and surround the Russians at Bentshiu are progressing favorably.

The numbers engaged in the struggle exceed the forces which fought at Liao Yang. In some places the fighting has surpassed in desperation anything shown since the war began. The losses are not indicated, but unquestionably are heavy.

A telegram covering yesterday's operations says: "In the direction of Bentshiu the enemy's attacks have been repulsed at all points. The pursuit of the enemy undertaken by the main force of the right and center armies has progressed remarkably."

St. Petersburg, Friday, Oct. 14.—Desperate fighting and heavy losses on both sides, with varying success for the Russians, is the summing up of the situation by General Kuropatkin in a telegram filed Oct. 13. There is no sign of the battle slackening.

The conflict has been most desperate at the center and on the west flank. The advance guards at those points had to be repeatedly reinforced owing to the great pressure of the Japanese attacks. At nightfall Oct. 12 the Russian right was withdrawn from its main positions, but one of the abandoned positions was

retaken at the point of the bayonet during the night.

Contrary to Field Marshal Oyama's report, no indication is given in Kuropatkin's telegram of an enveloping movement by General Oku. The only positions captured by the force were at the center, where the Russians were compelled to retire during the afternoon.

There is no mention of loss of guns. The war office declines to deny that there was such loss, but explains that such an incident was quite possible while positions were changing hands, but that even if it is true it is of no material consequence. According to telegrams from Russian correspondents the horrors of the battle were intensified by bitter cold and rain.

According to the belief of the general staff, General Rennenkampf has not penetrated as far as the Taitse river, but is co-operating in an attempt to capture Bentshiu.

St. Petersburg, Oct. 13.—Reporting to the emperor under date of Oct. 13, General Kuropatkin says:

"Last night and throughout today the Manchurian army was engaged in a fierce fight."

"The Japanese concentrated a great force against our dispositions on the center and right wing. We carried on the fight from the advanced positions and it became necessary to support these advance guards from the main position."

"The right wing held its advance position and only at nightfall, under my orders, retired to the principal position."

"In the center the troops were forced to retire from the advance to the main position about 2 o'clock p. m."

"The fighting has been most desperate. We repulsed numerous Japanese attacks and ourselves assumed the offensive."

"During the night our troops on the right flank captured at the point of the bayonet, a village which had been lost the previous evening."

"On the left flank severe fighting for the possession of a pass has been continued. Our troops scaled almost inaccessible rocks and held their ground for two days, gradually approaching the enemy. I have not yet received a report of the result of today's fight on the left wing."

"Under the conditions of the fighting our losses are necessarily considerable. I have ordered that the positions we now hold be stubbornly defended tomorrow."

St. Petersburg, Oct. 13.—Under date of the 11th, via Mukden, the 12th, Nemirovich Danchenko, a Russian war correspondent, telegraphs the Associated Press from Kuropatkin's headquarters the details of the Russian advance from Mukden, beginning Oct. 6. The positions of the various bodies of Russian and Japanese troops are given, and the progress of the Russians and the retirement of the Japanese are described with much detail.

The Russian advance was general on the 8th, and the Japanese slowly retreated. That day, after a fierce artillery fire, the Japanese abandoned their hill positions at Bentsiaputze, leaving their ammunition boxes behind. It is reported the Japanese lost heavily.

"Fighting was proceeding on the extreme east," said the correspondent, "where we drove back the Japanese step by step. The troops we met here were evidently fresh reinforcements and not those opposed to us at Liao Yang."

On the same day the Veronski regiment occupied the hills in front of Yenta, and entrenched, driving back several attacks. That night the Japanese retired along the whole line. The Japanese later made desperate efforts to recover the hills occupied by the Veronski regiment and on the 11th the regiment was ordered to retire to the central position.

DIVORCE LEGISLATION UNLIKELY. Both Sides in the Episcopal Convention Still Far Apart.

Boston, Oct. 13.—During a two hours debate on the divorce question today by the house of deputies of the Episcopal general convention, both sides appeared to be as far apart as they were yesterday, and negotiations were freely made that no final action would be taken at this time.

Rev. Dr. J. Lewis Parks of New York, in behalf of those who made the minority report on the proposed divorce canon, withdrew the recommendation, but the withdrawal does not mean that there will be any let-up in the fight against the proposal to prohibit clergy from marrying the innocent person in a divorce suit for infidelity while the former partner lives.

The members of the minority considered that the situation would be less complicated by the withdrawal of the report.

Francis A. Lewis of Philadelphia, Rev. George C. Hall of Wilmington, Del., Archbishop F. A. DePosset of Springfield, Ill., Rathbone Gardner of Providence, R. I., and Rev. Dr. Alfred Haring of Washington, D. C., made addresses today in support of the proposed amendments to the divorce canon.

Those who spoke in opposition included A. H. Brown of San Francisco, John G. Hicks of Searcy, Ark., Wilhelmus Mynderse of Parkersburg, W. Va., and George Wharton Pepper of Philadelphia. Early in the afternoon the debate was postponed until tomorrow.

The bishops and deputies held a joint session late this afternoon and heard reports from mission fields. Tonight a public meeting of the church associations for the advancement of the interests of labor was held in Faneuil Hall, at which a number of prominent clergymen delivered addresses.

The Archbishop of Canterbury and party left today for New York, from which party they will sail for home tomorrow. The Duke of Newcastle, one of the leaders of the high church party in England, arrived this afternoon and is expected to attend some of the sessions of the general convention.

SURROUNDED BY A POSSE. St. Joseph, Mich., Oct. 13.—Edward Domahay, the alleged murderer of A. M. Northrop of Benton Harbor, whose mutilated body was found near Miller's station, Indiana, last Sunday, is surrounded tonight in the woods between Kalamazoo and Grand Junction by a sheriff's posse.

IROQUOIS THEATER CASES. Chicago, Oct. 13.—Peoria county was selected today by Judge Keisten as the place for the trial of the Iroquois theater manslaughter cases.

TODAY'S WEATHER. Washington, Oct. 13.—The following is the weather bureau's forecast for Upper Michigan: Fair, Friday and Saturday; light variable winds.

PEACE OF SHORT DURATION.

Another Revolution in Progress in the Republic of Santo Domingo.

Cape Haytien, Hayti, Oct. 12.—Another revolution has broken out in the republic of Santo Domingo and is extending. All the departments of the south have declared in favor of Isidoro Jimenez.

Haytien exiles have gathered near the frontier, preparing to re-enter Hayti and attempt an insurrection against President Nord, in favor of General Firmin.

SMUGGLERS IN THE NAVY.

Norfolk, Va., Oct. 13.—The seizure by the customs officials at this port of Turkish and Persian opium valued at \$1,000 and brought here from Europe by the naval collier Hannibal has created a sensation in naval circles. The matter is now in the hands of the secretary of the navy for investigation.

FOUND THE WEST FOR ROOSEVELT

FAIRBANKS PLEASED WITH HIS CAMPAIGN TOUR TO THE PACIFIC COAST.

TRAVERSED FOURTEEN STATES

TRAVELED 6,396 MILES AND MADE 110 SPEECHES.

Yesterday Spent in Illinois, Concluding at Chicago With a Rally That Filled Big Armory Hall to Overflowing.

Chicago, Oct. 13.—Senator Fairbanks returned to Chicago this evening from his campaign tour to the Pacific coast. The trip began at Chicago the 23rd of September and has occupied the entire twenty days since, extending not only to the Pacific coast but along it from Tacoma, Wash., to San Francisco. The distance traveled was 6,396 miles.

Fourteen states were traversed, one hundred and eleven speeches were made and no material accident or delay occurred to mar the success of the tour. The highest day's record of speeches was made yesterday in Iowa, when between 7 o'clock in the morning and nine at night, fourteen addresses were delivered.

Senator Fairbanks announced himself as greatly pleased with the tour and said tonight that he felt as well and fresh as when he began the campaign.

Warns Against Apathy. "Completing a day of speech-making throughout Illinois, Senator Fairbanks tonight addressed an assemblage that filled the First Regiment armory to overflowing. Following him, Speaker Cannon addressed the throng in his characteristic manner.

Senator Fairbanks said, in part: "Standing here tonight, when William McKinley, our martyred president, once addressed you, the best greeting I can extend to you is that Theodore Roosevelt, leader of the Republican party today, stands exactly for the same principles as McKinley, and these principles will not be changed one iota when Roosevelt is returned to the White House on Nov. 8th.

"Our opponents say the money question has been irrevocably settled. This is not exactly the fact, as congress may reverse and undo it tomorrow if it sees fit, but such a thing will never happen as long as the Republican party is in power. To insure the future of the money question, it is necessary for the Republican party to have a majority in congress, and this fact should not be lost sight of during the campaign.

"From my observations during my trip to the Pacific coast, I can assure you in good faith that if the conditions throughout the West can be taken as a criterion of the sentiment throughout the country, then the Republican party will record a greater victory this year than it did four years ago. But the people must not become apathetic.

"To avoid a repetition of the times which existed during the four years between 1892 and 1896, when under the administration of the Democratic party the business of the country was plunged into almost total demoralization, every loyal Republican must stand by his party this year and roll up such a majority for our principles in the congressional districts that when congress opens for the next session such an overwhelming Republican majority will be found in their seats that it will be useless for our opponents to endeavor to enact visionary legislation."

Speaker Cannon followed in a brief speech in which he compared the conditions under the Republican administration with those which existed during Cleveland's last term.

JUDGE TAFT THE SPEAKER. Republican State Ticket Ratified at New York, Oct. 13.—Many prominent Republicans were present tonight at a ratification meeting and reception tendered by the Union League club to Lieutenant Governor Higgins, Republican candidate for governor, and to his associates on the state ticket, Cornelius N. Bliss, president of the club and treasurer of the Republican national committee, presided and introduced Secretary Taft.

Judge Taft opened with this declaration: "President Roosevelt's speech of acceptance and his letter of acceptance state the grounds upon which the Republican party asks a continuance of the mandate of government from the people with clearness and succinctness."

Considering the position of the opposition he said: "When we come to analyze the platform of the Democratic party, the speech of acceptance or letter of acceptance of its candidates, or any speeches which its eloquent orators are making, we find, with one or two exceptions, an entire absence of any specifications whatever."

The secretary declared that in issuing the executive pension order President Roosevelt had only followed precedents

The Stalwarts continually reiterate
 that their fight is one for "principles."
 The "principles" they have in mind are
 apparently none other than La Fol-
 lette's scalp.

If reckless auto driving is suppressed
 in Chicago and if life sentences do away
 with the succession of holdups soon the
 people of that city will have nothing to
 prevent them from brooding on being
 Chicagoans.

Michigan men and friends of the uni-
 versity take Columbia's failure to come
 to the scratch in the plans for that pro-
 posed Thanksgiving day game more to
 heart than appears should be the case.
 What was to have been gained, anyway,
 from having the leader in the west meet
 a trailer in the east? Nothing, it ap-
 pears, but a dispute as to the real
 significance of the outcome.

Now that the Delaware Republicans
 are completely harmonized and have
 agreed on one ticket it is to be hoped
 that Gasman Addicks doesn't mesmerize
 the "anti" faction and lead them into
 his camp. However, we suppose the
 "Antis" are able to look after them-
 selves. They have had an excellent
 training in their tireless machinations
 to upset Addicks' schemes.

General Boynton has pronounced in
 favor of the restoration of the army
 cadet. Much of the minor trouble
 experienced in handling the men in the
 army he attributes to the effects of vil-
 ligors surreptitiously sold in the vile
 resorts that have sprung up at the
 various army posts. The officers are al-
 most unanimous on the question; they
 are the experts and their judgment
 should be considered above all others.

If it should be announced that Michi-
 gan and Minnesota would meet in a
 football game in November, say Thank-
 sgiving day, regret for the Michigan
 Columbia fiasco would quickly change
 into a satisfaction that the natural
 rivals in the west were again to try out
 their strength. A Michigan-Minnesota
 game is the logical thing this year, par-
 ticularly in view of last season's tie
 between these teams. Of course there
 was had blood last year, but can't it
 be overlooked and a November game ar-
 ranged?

It is encouraging to learn that the
 trade between the United States and
 Mexico is steadily increasing, while
 that between Mexico and Germany and
 Great Britain is hardly holding its own.
 The United States and Mexico are very
 friendly and congenial neighbors and
 it's gratifying to be able to observe that
 they like doing business with each
 other. It should be the aim of each
 government to make the trade mutu-
 ally profitable. Mexico is a good base
 from which to move on the trade of
 South America.

William Allen Smith made a very ex-
 cellent impression throughout his upper
 peninsula trip. His addresses appear to
 have been a judicious mingling of argu-
 ment, spraggle and true oratory, just
 the speeches required to fill audi-
 toriums in a year when the voting pub-
 lic is most exacting in its demands.
 Mr. Smith had kind and pleasant words
 for his political enemies and gave ample
 recognition to their honest and
 sterling Americanism. He thus indi-
 cated to lesser orators a very desirable
 attitude in the discussion of campaign
 issues.

Another thing being taken to indicate
 that the people are very apathetic in
 regard to the forthcoming election is
 the fact that registrations, so far as
 they have been held in different parts
 of the country, have been very light.
 Usually registrations in the presiden-
 tial year are heavy, but 1904 seems to
 be an exception. Too many people re-
 gard the outcome as out and dried.
 Nevertheless by the time Nov. 8 reaches
 us it is safe to predict that sufficient
 enthusiasm will have been aroused so
 that approximately the whole vote will
 be polled.

Senator Fairbanks is the only candi-
 date who is swinging round the circle.
 He is establishing a record of addresses
 that is formidable when compared with
 anything but Bryan's whirlwind cam-
 paign of 1896. He has the field pretty
 much to himself, too. The president
 and Judge Parker are affecting the dis-
 dignified attitude, and dear old Uncle
 Cassoway Davis, with his eighty years,
 cannot be expected to even try to fol-
 low the pace set by the strenuous Indian-
 an. It's all quite different from '96, when
 the Peerless One was crowding each
 twenty-four hours full of speeches de-
 livered from the back platform of his
 special and President McKinley was re-
 ceiving the pilgrims at Canton. It's

hardly as interesting, either, but it in-
 dicates a much safer condition of things.
 If the Democrats were trying to force
 any of their radical issues on the coun-
 try we would have furor enough; just
 now they are trying the conservative
 gag.

William R. Hearst's Evening Journal
 gave to the New York public this week
 an editorial strongly defending Govern-
 ment Odell from the assaults of a
 "Morgan" newspaper. It was entitled
 "Why They Hate Odell," and asserted
 that the people who are calling the gov-
 ernor corrupt are those who are unques-
 tionably corrupt and who are owned by
 the "corruptionists." At Judge Park-
 er's request the editorial was "lifted"
 from the later editions of the Journal,
 but it will nevertheless give the admin-
 istration forces another weapon to be
 used in the state campaign.

Judge Parker ought to be very grate-
 ful to the Michigan Democratic leaders
 for all that they are doing to give him
 a vote in Michigan. Except for per-
 formance in resolutions his name has
 hardly been introduced into the
 canvass. His treatment is the most
 heartless throwdown a candidate for
 the executive office has ever received
 from the party in this state. The vote
 will show what trend the leaders' efforts
 have been taking. Ferris will lead the
 ticket, beyond a doubt. If Judge
 Parker should by any chance get elected
 he could doubtless be depended on to
 repay Michigan Democrats for the great
 solatitudes they have shown in his
 behalf.

"Doc" Ames, former mayor of Minne-
 apolis, on trial for the third time for
 bribery and corruption. It is expected
 to prove that "Doc" started, organized
 and systemized the levies on the "red
 light" district that were one of the
 leading shames of his administration.
 If the prosecution is successful "Doc"
 will be given another run over the road,
 this time, it will be hoped, to stay
 awhile. Ames, it will be remembered,
 furnished one of the illustrations of the
 wonderful way in which Minnesota's
 primary election law can work out. Not
 being overburdened with modesty, he
 had the sublime nerve to enter himself
 as a congressional candidate. There
 were several others and Ames came
 near polling the largest vote. Could a
 more convincing argument of the dan-
 gers in a system permitting of a min-
 ority candidate be offered?

A LARGE CORN CROP ASSURED.
 The government report just issued
 will revive the spirit of those who
 have allowed themselves to become de-
 pressed by the utterances of prophets
 who, not content with blasting the
 wheat crop, added to the public's burden
 of worries by declaring that even the
 corn crop, which was expected to be a
 bumper one, would fall far short of the
 government estimates. With practically
 no wheat for export and with a big per-
 centage of the expected corn crop thus
 eliminated at one swoop there was rea-
 son for serious misgivings; that is un-
 less people remembered that govern-
 ment estimates have proved on the
 whole remarkably accurate and that
 certain of those who profess to fore-
 see a short corn crop were suspected of
 voicing their hopes rather than their
 deliberate judgment. In a word, it was
 suspected that these pessimistic outgiv-
 ings were intended to affect the specu-
 lative markets.

The government report in question
 will reassure the country and increase
 the prevailing confidence in the future
 of general business. It justifies the
 most sanguine unofficial predictions as
 to October conditions. The September
 report on corn showed a condition of
 84.6. Losses from all causes for the en-
 suing month were estimated at 2 per
 cent. They turn out to have been less
 than 1 per cent. This is taken to mean
 that the harvest will amount to some-
 thing like 2,350,000,000 bushels, with
 two exceptions the largest in a decade.
 This is 350,000,000 bushels more than
 James J. Hill's estimate and 450,000,000
 bushels more than that of H. V. Jones.
 Moreover, the government's data is
 later than that on which these latter
 figures were based.

All things considered, then, the pros-
 pects are bright. Even though the
 wheat crop be the smallest in eight
 years, the corn harvest will be one of
 the largest on record, and the outlook
 is for a record breaking cotton crop.
 These two latter factors will compensa-
 te in a large measure for any prob-
 able wheat shortage and will serve to
 give broad bases and solid support to
 the structure of general business being
 reared on the fall harvests. Southern
 planters and northern and western
 farmers will continue to have money to
 spend.

WHAT IS RE-GO?
 Re-Go Tonic Laxative Syrup is a pre-
 paration originally put up for physi-
 cians' use, and it is still largely pre-
 scribed by the best practitioners. Its
 wonderful cures of Constipation, and
 attendant evils, such as Nervous Dys-
 pepsia, Sick Headache, Biliousness and
 indigestion, have led the manufacturers
 to believe that a great service would
 be rendered to their fellow men by offer-
 ing to the public this famous medicine in
 convenient form. They have such faith
 in the merits of the medicine that they
 offer a trial bottle free to anyone who
 will cut out this notice and present it to
 the Peoples' Drug Store.

NOTICE OF SALE.

Mining News
 ON ONAGON MINES.

Walker's Views of Michigan, Mass. Ad-
 venture and Victoria.

Walker, in the Boston Commercial
 has this to say of the Ontonagon coun-
 ty mines:
 "Michigan is a mine that has sur-
 prised almost everybody during the
 nine months of its operation. Its pro-
 duction of 85 tons of mineral in
 January, its output rose to 174 tons
 in August and 167 tons in September,
 its production now being the greatest
 of the several mines south of the Cham-
 plain.

The copper output of the Michigan
 is coming from the Calico lode and the
 Branch vein. Its two shafts are down
 1781 feet in the Calico lode, and the
 greater portion of its stamp rock is
 coming from that formation. The
 Branch vein was discovered by the di-
 amond drill which was used in unwar-
 ing the old mine on the Minnesota vein.
 It lies about 80 feet south of the Calico
 lode, and is from 3 to 10 feet wide. It
 is very similar in every way to the
 Minnesota, which was mined years ago
 for mass copper, and which paid \$1.
 800,000 in dividends after an initial ex-
 penditure of about \$25,000 out. It is
 I went through the workings of this
 vein one day last week. Masses of
 copper protrude into the drifts almost
 everywhere, and have been hammered
 and bent down to permit of the passage
 of cars. The shafts have already
 been being cut off a large mass which
 was still firm in the rock. Their esti-
 mated weight was five tons and four
 tons, respectively. Compressed air
 power is now used in the Michigan for
 cutting copper, and it has been esti-
 mated that as much as 100 tons of
 barren rock as possible should be dis-
 carded at the mine, saving both freight
 and milling costs.

More attention will soon be given the
 Victoria lode, which has already
 been opened by crosscut. The Knowl-
 ton and Butler lodes are looking very
 well, especially in new openings. There
 is good basis for belief that Adventure
 may yet be made a successful enter-
 prise.

Both drifting and crosscutting.
 These changes are steadily reducing
 operating costs and if the work of
 developing Mass could now be begun
 all over again, there is little doubt
 that the property could be made to
 pay well.

At present Mass needs money—not
 to pay debts with, for Mass is out of
 debt. Its needs are to be found down
 in the mine. The openings are not ex-
 tended enough to permit of a volume
 of production which will yield a fair re-
 turn on the money that has been in-
 vested. The expenditure of \$100,000 in
 the extension of the openings would
 not be in shape to render a much
 better account of itself, and an assess-
 ment of \$1 per share should be levied
 on its stock for this purpose.

Adventure.
 Adventure is now entering upon the
 most crucial period of its career. Un-
 der thoroughly competent management,
 its property is to be operated as a com-
 pletely self-sufficient mine. The prop-
 erty producer and the results secured
 will determine forever whether it is a
 paying mine or not. The \$100,000 cash
 which is being raised by the assessment
 recently levied on Adventure stock will
 be used as a sort of reserve or back-
 log to guarantee the continuance of
 operations unhampered by lack of any-
 thing that may be needed to promote
 efficiency and economy of production.

Walker's Views of Michigan, Mass. Ad-
 venture and Victoria.

Walker, in the Boston Commercial
 has this to say of the Ontonagon coun-
 ty mines:
 "Michigan is a mine that has sur-
 prised almost everybody during the
 nine months of its operation. Its pro-
 duction of 85 tons of mineral in
 January, its output rose to 174 tons
 in August and 167 tons in September,
 its production now being the greatest
 of the several mines south of the Cham-
 plain.

HARRIMAN LOSES IN RAILROAD WAR

STANDARD OIL INTERESTS NOW SEEM TO CONTROL THE UNION PACIFIC.

DEPEW MAY BE OUSTED

RETIREMENT FROM NEW YORK CENTRAL INDICATED.

Rockefeller Holdings in Trunk Lines Are Steadily Enlarging and Complete Ascendancy Within a Decade Is Predicted.

Salt Lake City, Utah, Oct. 13.—That the Rockefeller-Gould interests now control the Union Pacific is the view of local railroad officials...

The Standard Oil and Gould interests are so closely identified that it is not doubted they will work harmoniously on all matters affecting the road...

Governor Odell of New York had been mentioned as a probable director and as a Harriman candidate for the presidency of the road...

During the past few months the Harriman line have kept the Rio Grande road out of the entire northwest by refusing to haul a pound of freight beyond Ogden for the Gould lines...

Following the announcement that the Ogden gateway had been closed to the Gould lines...

The Union Pacific annual meeting here was perfunctory. It was attended by only three men...

With 1,410,000 of the total of 2,082,400 shares the three men waited over two hours for instructions from New York without taking any action whatever...

The Union Pacific is practically the key to the western railroad system and has been a powerful and menacing rival to the Missouri Pacific and Rio Grande lines...

Rockefellers Reaching Out Everywhere. New York, Oct. 12.—Wall street is watching with close interest changes in the directorates of the various trunk lines...

Within the last few years the Rockefeller have gradually obtained a foothold in the New York Central, New York, New Haven and Hartford, Chicago and Northwestern and other lines...

Within ten years, practically, Standard Oil wealth has distributed itself over the entire railroad system of the country. It is known that John Rockefeller became a very heavy holder in Pennsylvania when the last new stock issue was put out...

The market today opened very dull and with slightly lower prices. About noon, however, a buying movement developed in Bingham, United States Mining and Osceola...

World's Fair, St. Louis. Special low rates for round trip tickets are on sale every day via the Chicago & Northwestern railway...

under their domination within a year and bank of New York city which control over \$1,000,000,000 deposits...

Their methods of doing business are soon to be introduced into the New York Central railway. One of the most important changes of which Wall street bears is to be the retirement of Senator Depew...

The Cornelius Vanderbilt interest has always been behind Senator Depew. William K. Vanderbilt has not been so friendly, and it is believed he will give his consent to the proposed change...

Wall street discredits the report that L. F. Loree, who recently resigned as president of the Rock Island company, is to succeed W. H. Newman as president of the New York Central...

The retirement of Depew as chairman of the New York Central is not an improbability, railroad men say. It is believed that an active railroad man will succeed to the chairmanship...

There are rumors in Wall street that Standard Oil has determined to force a compromise in the Northern Securities suit by the terms of which Northern Pacific is to come under the sphere of influence jointly of Union Pacific and St. Paul.

Activity in Wall Street Switches to the Industrial Group. New York, Oct. 13.—There was a rather remarkable demonstration of speculative interest in industrial stocks and specialties today...

The dropping tendency of the railroad list seemed to be due as much to the investment of sentiment by the prominent given low grade stocks as to any news unfavorable to railroad values...

The annual reports of the Great Northern and Wisconsin Central showed a rather formidable expansion of operating expenses in connection with a shrinkage of earnings...

BENEVOLENT ASSOCIATIONS Of America Use Pe-ru-na For All Catarrhal Diseases.

MRS. HENRIETTA A. S. MARSH. Woman's Benevolent Association of

Mrs. Henrietta A. S. Marsh, President Woman's Benevolent Association, of 321 Jackson Park Terrace, Woodlawn, Chicago, Ill., says:

"I suffered with a gripe for seven weeks and nothing helped me until I tried Peruna. I felt at once that I had at last secured the right medicine and kept steadily improving. Within three weeks I was fully restored."

La Grippe is epidemic catarrh. Peruna is of national fame as a sure cure for catarrh in all phases and stages.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

FOUND THE WEST FOR ROOSEVELT

(Continued from Page One.)

set by Cleveland and McKinley. Dismissing trust, he pointed out that under Roosevelt's direction the attorney general had proceeded against a combination of railroads which, if allowed to stand as legal, would justify and might have led to the union of all the railroads of the country under a gigantic trust.

Judge Taft devoted a large part of his address to the Philippine question. He insisted that the Philippines were not fitted for self-government and showed that the Philippines cost but \$169,000,000 instead of \$650,000,000, as alleged by Judge Parker.

A letter was read from Judge John F. Dillon of this city, in which he discussed the constitutionality of President Roosevelt's executive pension order. Judge Dillon holds that Roosevelt acted entirely within the law in issuing the order, and had as president's military orders issued by Cleveland and McKinley.

HILL LAUNCHES HIS NEW ISSUE.

Wheeling, W. Va., Oct. 13.—David B. Hill injected a new argument into the Democratic campaign here tonight—a straight-forward condemnation of "government by injunction" and a demand for a law granting jury trial to persons held in contempt of court for violation of a restraining order of a federal judge.

The former senator recited the history of the use of the injunction in labor disputes and the difficulty of finding adequate remedy. He told of introducing and securing the passage of a bill through the senate in 1896 to this end and then recited the Republican opposition in the house, saying that this was ground for making the question a party issue to be called to the front at this time.

He declared that a man had the right to quit work when and where he pleased. "The position of the Democratic party on the subject is right," he concluded. "A Democratic national victory will mean the enactment of the measure mentioned, and government by injunction, as here explained, will no longer exist."

The crowd desiring to hear Vice Presidential Candidate Davis and party was so great that two meetings were necessary. Senator Hill was one of the principal speakers.

Becon Speaks in Illinois. Chicago, Oct. 13.—Senator Bacon of Georgia reached Chicago tonight after addressing a Democratic gathering at Elgin this afternoon. The senator discussed the issues of the campaign as he viewed them, declaring Parker to be the hope of the South.

Fort Wayne, Ind., Oct. 13.—A great crowd greeted William J. Bryan at a political meeting here tonight. A torch light procession escorted the speaker and party to the hall. Mr. Bryan's argument followed closely the addresses which he has delivered since his tour began.

FOOTBALL TOMORROW.

Calumet Y. M. C. A. Team Will Line Up Against Ishpeping Highs.

Football fans are promised a fine exhibition tomorrow afternoon, when the Calumet Y. M. C. A. team will meet the Ishpeping Highs at the Union Park ground. The Calumet team defeated Hancock's crack school eleven last Saturday by a score of 5 to 0. The Ishpeping eleven has two victories to its credit, and can be expected to give a good account of itself tomorrow. The Calumet team is much the heavier, but the Ishpeping boys are playing a much faster and snappier game than they did when they met the Peoples eleven two weeks ago tomorrow. The weather indications are favorable and there will doubtless be a large attendance. The Calumet team will be down this evening, and will try the ground tomorrow morning. The game will be called promptly at 1:30 o'clock to allow the visitors to take the 4 o'clock train for home. The admission will be twenty-five cents.

BEAUTIFUL FINALE.

The finale of the last act of "The Royal Chef," which comes to the Ishpeping theater Monday evening, will be the most original effect without question ever introduced on the stage. It is a perfect bowler of beauty, caused by the liberal use of ribbon confetti; 8,000 yards is allowed to fall from the gallery down on the stage in a tangled mass encircling the sixty members of the company in a manner so picturesque and yet so strikingly beautiful, that the audience realizes the genius of Frank Smithson, who is responsible for the staging of this production.

"IRISH PAWNBROKERS" TONIGHT.

"The Irish Pawnbrokers" will be at the Ishpeping theater tonight. The company is playing at popular prices, twenty-five to seventy-five cents, and is said to be giving the very best of satisfaction. A large equipment of scenery is carried and the company is highly capable. Wesley and Mack, Mattie Trumbull, Carver and Pollard, Winnifred Stewart, Charles Doll and the Columbia Four are among the principals.

ISHPEMING IN BRIEF.

E. B. Daley of Green Bay visited here yesterday. Arvid Braastad has been in Chicago the past few days on business.

Miss Emma Ruez attended the Wagner-Smith hospital at Marquette Wednesday evening.

The Cleveland-Cliffs company's Lake mine employees will be paid today for last month's work.

Herman Jaedecke will spend the next ten days on the Mesaba range. He left there Monday night.

Thomas O'Brien will leave today for Munising, where he has accepted a position as clerk in Sears' grocery store.

James H. Billings, who has been here the past few days visiting his family, will return to Hancock tomorrow.

Mrs. Thomas Dordon is here from the copper country on a visit to her parents, Edward Hickey and wife, of West Pearl street.

The sale of tickets for "The Chef," which opens tomorrow morning at 10 o'clock, promises to be a record breaker for the local theater.

Christ Hansen, employed at the Salisbury mine, lost his pay check, No. 14, amount \$21.85. The finder will please return it to the owner.

Ed. Clark will open his sacrifice sale of the goods remaining from the Grabber stock tomorrow morning at 8 o'clock at the Gylling block, South Main street.

Extensive improvements are being made at the Negaunee & Ishpeping Street Railway & Electric company's office. After the alterations are completed the room will be painted.

Miss Ellen Kane left Wednesday evening for Bird's Point, Mo., to attend the funeral of her brother James. No information as to how Kane met his death has yet been received here.

The Presbyterian church ladies who are conducting a rummage sale in the Dundon block did a big business yesterday. At times the store was filled with people. Many of the articles being sold are as good as new and they are going at very low prices. The sale will be continued today and tomorrow.

Mart W. Stevens of Flint, who spoke at the Ishpeping theater last evening in the interest of the Democratic party, visited a number of the local mines yesterday in company with T. J. Dundon, chairman of the city committee. Mr. Stevens accompanied William Jennings Bryan to Ishpeping eight years ago, when he made a tour of this section.

Congressman William Alden Smith, who spoke here Tuesday evening, talked at Menominee Wednesday evening and last night he and Fairbanks, the vice presidential candidate, were the principal speakers at a big rally held in Chicago. Mr. Smith returns to his home in Grand Rapids today, and will devote the balance of the campaign to work in the lower peninsula, principally in his own district.

THE SECRET OF SUCCESS.

Forty million bottles of August Flower sold in the United States since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Doesn't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders—that it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Trial bottles, 25c.; regular size, 75c. For sale by The Stafford Drug Co.

KLAPETZKY RETIRES.

Founder of International Barbers' Union Resigns as Secretary.

T. J. Heard, who attended the convention of the International Barbers' union at Louisville, Ky., last week, says it was the most successful meeting the society has ever held. There were 635 delegates in attendance, representing nearly every local union in the United States and Canada. It required about four days to dispose of the business.

The resignation of Secretary William E. Klapetzky, founder of the order, was accepted. He has been in poor health, due to hard work in his office and the editing of the Barbers Journal. It took Mr. Klapetzky over five hours to read his report to the convention. At its conclusion he spoke feelingly of his intended retirement, and broke down as he uttered his final sentence.

Mr. Heard said that Klapetzky is greatly esteemed by the members of the organization. He is an able writer and has done much to unionize the barbers of the country. After his resignation was accepted the convention voted him a salary of \$2,000 a year as editor of the official paper. He will give the work his exclusive attention.

Mr. Heard greatly enjoyed his sojourn in Louisville. He visited the penitentiary where he had a talk with Cady Powers and his pal, Howard, who have been sentenced to hang for the murder of Governor Goebel five years ago. The execution has been postponed, and the prisoners said they were hopeful of being granted another trial. They also have hopes of being pardoned. Powers, who was one of Kentucky's brightest attorneys, was accused of having planned the deed, and Howard was charged with the murder.

There was warm competition between the cities seeking the next convention, which will be held five years hence. Prior to the last convention the meetings have been held every three years, but hereafter they will occur but once in five years. Milwaukee was chosen.

SOME SEASONABLE ADVICE.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by the Peoples' Drug Store.

CAN'T BREAK THE CARBON.

Henry Demmert Has a Thirty-Two Karat Diamond That Is Exceptionally Hard.

Henry Demmert, the New York black diamond man, spent yesterday in the city. Nearly every time Demmert comes to Ishpeping he has something new to show his friends in the diamond line. On one of his trips a short time ago he exhibited a stone that weighed seventy-five karats, but yesterday he showed one weighing thirty-two karats that the firm's breaking machine cannot reduce in size. After the machine failed in its work, it being the first time since the firm has ever had a similar experience, steel chisels were tried, but they would not even make an impression in the diamond. Demmert said that the hardest kind of steel that they could find flattens when brought in contact with the carbon. A new and more powerful machine has been ordered. The carbon came from Brazil.

HOPKINS' CURB LETTER.

Hopkins' curb letter, issued yesterday, was as follows:

"It was another Junction day. After a tendency to soften at the closing last night the market opened up quiet but soon got underway and made a new high mark, selling at 54. This price brought considerable stock, and at the close the market was bare of bids above 5 1/2 with no stock at that price. We look for these reactions, but still think Junction will sell much higher.

"Calumet & Pittsburg also was in great demand and sold at 44 1/2. We consider this as good as buy as there is on the list, and look for a good advance in it, now that Junction seems to have reached a price where stock can be had. There is a quiet picking up of Lake Superior & Pittsburg when it appears neglected. We did this last week for big buyers, and are doing it now. Our advice is to buy it.

"Pittsburg & Duluth and Calumet & Arizona are quiet but strong, with no offerings. There are many inquiries for Black Mountain, and we look for a good demand for this soon. Sales were recorded at \$1.75, with \$1.50 bid at the close."

Yesterday's prevailing prices were:

	Bid.	Asked.
Calumet & Arizona	\$99.00	\$100.00
Calumet & Pittsburg	43.00	45.00
Lake Sup. & Pittsburg	52.75	53.50
Pittsburg & Duluth	78.00	80.00
Junction	51.00	54.00
Black Mountain	1.50	2.00

ED. CLARK.

Miss Nettie Blackmore, Minneapolis, tells how any young woman may be permanently cured of monthly pains by taking Lydia E. Pinkham's Vegetable Compound.

YOUNG WOMEN:—I had frequent headaches of a severe nature, dark spots before my eyes, and at my menstrual periods I suffered untold agony. A member of the lodge advised me to try Lydia E. Pinkham's Vegetable Compound, but I only scorned good advice and a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely without pain at my menstrual periods. I am most grateful.—NETTIE BLACKMORE, 28 Central Ave., Minneapolis, Minn.

Painful Periods

are quickly and permanently overcome by Lydia E. Pinkham's Vegetable Compound. The above letter is only one of hundreds of thousands which prove this statement to be a fact. Menstruation is a severe strain on a woman's vitality, if it is painful something is wrong. Don't take narcotics to deaden the pain, but remove the cause—perhaps it is caused by irregularity or womb displacement, or the development of a tumor. Whatever it is, Lydia E. Pinkham's Vegetable Compound is guaranteed to cure it.

If there is anything about your case about which you would like special advice, write freely to Mrs. Pinkham. She will treat your letter as strictly confidential. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

Details of Another Case.

DEAR MRS. PINKHAM:—Ignorance and carelessness is the cause of most of the sufferings of women. I believe that if we properly understood the laws of health we would all be well, but if the sick women only knew the truth about Lydia E. Pinkham's Vegetable Compound, they would be saved much suffering and would soon be cured. I used it for five months for a local difficulty which had troubled me for years, and for which I had spent hundreds of dollars in the vain endeavor to rectify. My life forces were being sapped, and I was daily losing my vitality. Lydia E. Pinkham's Vegetable Compound cured me completely, and I am now enjoying the best of health, and am most grateful, and only too pleased to endorse such a great remedy.—MISS JENNIE L. EDWARDS, 604 H St., N. W., Washington, D. C.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women.

GOOD THING FOR MEMBERS.

Workmen Society's Receipts Much Greater Than Disbursements.

If all subordinate lodges of the Ancient Order of United Workmen had a record of deaths equal to that of the Negaunee lodge the rates of assessment would have to be raised or the organization could not continue in business. The Negaunee lodge is one of the oldest in the upper peninsula, having been organized about a quarter of a century ago. Many of its charter members still reside here. The death rate has been much heavier than the rate in many other branches of the society. The Negaunee order has received in death claims something like \$14,000 more than the sum paid to the grand lodge for assessments. The total sum received has passed the \$50,000 mark.

LEFT FOR LEAD CITY.

The wives of John and Thomas Alben, accompanied by their children, left here yesterday for Lead City, S. D., to join their husbands. They were accompanied by Thomas Rowe, who has been visiting relatives here and in Canada for about a month. Mr. Rowe left Negaunee over Wednesday morning for Lead City, and reports that the other Negaunee men who have recently located there are contented and will remain. William Kermode, a former motorman on the Ishpeming-Negaunee street car line, is in the tea business and is doing well. Lead City has a number of fine mines and its population is about 20,000.

LOCAL LACONICS.

John R. Gordon called on Negaunee people Wednesday.

A number of Negaunee people will go to Ishpeming this evening to see "The Irish Pawnbrokers."

Mr. and Mrs. T. M. Wells entertained the members of the Bridge Whist club Wednesday evening.

John Nelson and John Williamson expect to leave Saturday for the St. Louis exposition.

Mrs. T. Kruse and daughter will leave today for Chicago, to spend a few weeks visiting John Kruse and family.

Phil Levine and bride arrived in the city Wednesday evening and have taken up their residence at the Breitung House.

Mrs. J. H. Hudson and Miss Alice Merrill left Wednesday evening for the World's Fair, where they will spend ten days or two weeks.

The auction sale of Max Croll's jewelry stock yesterday afternoon and evening were well attended. The auctioneers will remain until all the goods are disposed of.

"Why Women Sin" attracted a fair sized audience to McDonald's Opera House last evening. The favorable reports received from other places here show apparent help the business here.

Captain Samuel Mitchell, wife and daughter, Miss Myrtle, left Wednesday evening for the World's Fair on a ten days' visit. They were accompanied by Captain John Perkins and wife of Norway.

A religious jubilee will be conducted at St. Paul's next Tuesday afternoon.

Rev. C. Langner, pastor, will be assisted by a number of priests from neighboring towns.

The seven-months-old son of John Guntz of Mill street died Wednesday.

The funeral was held yesterday afternoon at 2 o'clock. Services were conducted at the house by Rev. S. M. Gilchrist.

Eight or ten men in the employ of the street car system assisted city employees to clean from street yesterday. The thoroughfare presented a greatly improved appearance after the removal of the mud.

Ed. Laughlin and D. McDonald, Jr., arrived home yesterday from the St. Louis exposition. Nicholas Laughlin, who went down with them, stopped off at Milwaukee for a day's visit, and will be home this morning.

E. Rinne, the jeweler who conducted a business on West Iron street, has returned from Connecticut, where he expected to remain permanently. He did not like Connecticut, and will either engage in business in Negaunee or Houghton.

Dr. J. H. Andrus and family expect to move within the next week or so to the M. C. Quinn dwelling on East Main street, which G. J. Maas' family is vacating. Mr. Maas is moving to Mrs. McComber's dwelling, recently vacated by Mrs. Pentecost Mitchell.

Mrs. John Treloar and children left Wednesday for Charleston, W. V., where they will spend the winter. Mrs. Treloar has been in poor health and she thinks the change in climate will be beneficial. She has a brother holding a responsible position with a mining company in Charleston, and will spend the winter with him.

Watches, clocks, jewelry, silverware, etc. Cheap at Croll's auction sale. (10-14-24)

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflamed tissues to a healthy state without drying out the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tired of vain experiments should use Cream Balm. Druggists sell it for 50 cents. Ely Brothers, 59 Warren Street, New York, will mail it.

Croll's auction sale of fine jewelry, silverware, etc., at 2:30 and 7:30 p. m. Big bargains. Don't miss it. (10-14-24)

WHEN YOUR DOCTOR TELLS YOU that you have lung trouble and when your worst foretells you that it is the forerunner of consumption try Gloria Lung Balm. Best for children. Sold by The Stafford Drug Co.

Blood Troubles

Bad blood is the source of numerous aches and pains and the cause of nearly all stubborn, long-continued diseases. When the blood gets out of order, disease germs and poisons of various kinds find their way into the circulation and some serious trouble is the result. Rheumatism, Malaria, Old Sores and Ulcers, Scrofula, Anemia, and many pustular or scaly skin eruptions, like Eczema, Salt Rheum and Tetter, have their beginning in bad blood, and only a remedy that enters into the circulation and destroys the germs and poisons, can have any permanent good effect upon a disease of this character.

You can't check a blood disease by any external treatment; the sores and eruptions that appear upon the surface of the body are only manifestations or symptoms of some internal disorder that cannot be reached from the outside. S. S. S. antiseptic and purifies the blood, cleanses and enriches the blood, and builds up the system at the same time. S. S. S. invigorates all the organs and parts of the system and stimulates them to greater activity, and strong nerves and renewed health is the result. If you have any blood trouble, write us. No charge for medical advice.

Upper Peninsula

Married Fifty Years—

Mr. and Mrs. Nelson of Menominee, whose wedding anniversary is celebrated the fiftieth anniversary of their marriage this week.

Fish Hatchery Robbed—

During the past few days it has been learned that fish have been stolen from the pond in the government park and also from the hatchery at the Soo. Some valuable specimens have been taken.

Strap Around Its Neck—

Michael Chusick of Ontonagon county caught a large lynx in a trap at the head of Carp Lake a few days ago. A peculiar circumstance is that the animal had a heavy strap around its neck, showing that at one time it had evidently been held in captivity.

Will Operate in Mackinac County—

Murray Bros. of St. Ignace will cut the pine remaining on the Wisconsin claim on the line between Carp River and Brevoort Lake this winter, and also will take out a quantity of cedar ties. It is doubtful if they will begin on their Newberry limits until 1905.

Fine Crop of Potatoes—

Martin Cosgrove, who conducts the Nester farm, near Baraga, is harvesting what is undoubtedly one of the best crops of potatoes ever raised in Baraga county. The potatoes are very large, and from thirty-eight acres the yield will be over 5,000 bushels. Many of the tubers weigh a pound or more each.

Full Ticket Names—

The Democrats of Dickinson county have put a full ticket in the field. The nominations are as follows: Probate judge, Pat Flanagan; prosecuting attorney, W. Hurley; sheriff, James H. Bush; treasurer, John M. Lynch; county clerk, Geo. Munn; register of deeds, J. O. Mereland; county surveyor, John Cox; circuit court commissioner, Peter Baum; coroners, Patrick Kearns, Ed Smythe. The legislative nominee is Thomas E. Dillon.

Water Company Will Sell—

The water company at Menominee, where for some time past the municipal ownership idea has been agitated and offered to sell its plant and all other property to the city for a quarter of a million dollars plus the taxes due to December, amounting to \$7,000. The common council has decided to submit the proposition to the people and has set Nov. 2 as the date of the special election for that purpose. An ordinance was introduced providing for a board of water commissioners which should have charge of the water works if acquired. The ordinance was accepted by the council after some debate and the mayor appointed as the members of the board, Wm. Holmes, term of one year; A. B. Stryker term of two years; John Hones, term of three years, Augustus Spies, term of four years, C. I. Cook term of five years.

Much Street Work Planned—

The common council of Escanaba has made provision for the expenditure of over a quarter of a million dollars during the coming year. Of this sum it is planned to spend \$162,000 on street improvements, \$124,000 of which is to be paid by property owners and \$38,000 to be raised by taxation. The total amount to be raised by taxation for city purposes is approximately \$155,000. Provision has also been made for submitting to the electors the question of issuing bonds to the amount of \$50,000 in order to raise money to pay the city's proportion of the street work. It is intended to pave Ludington street next year with vitrified brick and the estimated cost of this work is \$100,000. Of which the property owners are to pay \$73,500. The work on the streets will depend upon whether the proposition to bond carries when it is submitted to the voters, but it is believed that it will.

Strenuous Kick at Newberry—

The residents of the new water and light ordinance which went into effect the first of August have been causing all kinds of a stir at Newberry. The new light ordinance put the whole town on a meter rate, and while the provisions of the water ordinance slightly reduced the rates, patrons are now required to pay their rates six months in advance. Another change which went into effect at this date is that instead of sending a collector around to collect the rates, the patrons are now required to call at the city clerk's office and pay their rates. The public has not taken kindly to these changes and puts up a strenuous kick, particularly at having to pay the water rental six months in advance. Many water users absolutely refused to pay their rates until the city authorities had the water of the delinquents shut off. In some cases electric light consumers have found that with meters in vogue their rates have more than doubled. They are expected to be much more economical with their lights.

Serves in Uncle Sam's Navy—

Erik Erickson, who has been serving in the United States navy as an apprentice since Jan. 11, 1903, is spending a few days with his parents at Manistique, Mich., having granted a short furlough. During the greater portion of the time he has been in the service he has been a member of the crew of the new battleship Maine, which has been in the North Atlantic squadron. He returned from Mediterranean ports late in August. While there he visited Portugal, Greece, Austria and Hungary. While in Lisbon he saw the king of Portugal driving in the streets. Prior to going to Europe his vessel was stationed in the vicinity of Cuba and Porto Rico. Enroute the boat touched at the Azores. The Maine has a displacement of 12,500 tons and its crew numbered about 700. Notwithstanding the fact that the boat was quarantined for two months on account of various contagious diseases, Erickson escaped infection and has not been sick—not even seasick—since his enlistment. He is a member of a gun crew having charge of one of the six-inch guns. He has the life of a sailor and will quite likely re-enlist when his present term expires two years hence. At the expiration of his furlough he will report for duty at Newport.

MERCHANTS SUPPORT THEIR ASSOCIATION HAS BEEN SUCCESSFUL SINCE ITS ORGANIZATION AND PROMISES TO BE PERMANENT.

MANY THINGS ACCOMPLISHED

Credit System Has Worked Well, but to the Inconvenience of Bad Debtors, Who Do Not Like It in the Least.

The Marquette Business Men's association, formed some months ago, has disappointed the croakings of some black-plumaged prophets, and has existed in peace and harmony, and with a record of good works, even unto the present day.

The Marquette association meets regularly and is very active in all matters in which the interest of the members is concerned. Much of the work that has been accomplished is of a nature that does not admit of public comment.

It is said that the credit system has been regulated better since the latest association was formed than ever before in this city.

KELLAN BURNED OUT.

His Firm Lost \$10,000 in Fire at Chicago Wednesday Night.

Fire in a building at 175 West Randolph street last night caused a damage of \$25,000 and for nearly an hour threatened to spread to adjoining structures, said the Chicago Chronicle yesterday morning.

The building in which the fire originated was occupied on the first floor by H. M. Goldenberg & Co., commission merchants, and on the second and third floors by Kellan, Stafford & Co. as a warehouse.

The fire was discovered by a night watchman and at that time smoke was issuing from windows on the floor occupied by H. M. Goldenberg & Co.

The following are the estimated losses: H. M. Goldenberg & Co., \$10,000; Kellan, Stafford & Co., \$10,000; Seagan & Arsch, \$5,000.

SHOULD HAVE BIG HOUSE. "The Royal Chef" an Attraction of Proven Merit.

"The Royal Chef," at the opera house tomorrow evening, should have a packed house, as it is an attraction of proven merit and furthermore is coming to Marquette while its success is still fresh.

From all accounts "The Royal Chef" is an attraction that people who like good wholesome comedy and sparkling music of the popular order cannot afford to miss.

"Duluth likes 'The Royal Chef.' Its approval was given in unstinted and spontaneous applause throughout the performance at the Lyceum last evening.

"A musical cocktail" is what the management is pleased to call the production, and while not everyone may be familiar with the effect of that enticing drink and therefore may not see the application, the initiated will say that the little bells the piece. It is a musical comedy, filled with catchy music, comedy that keeps one in the sort of laughter that makes the tears roll down the cheeks, and clever specialties that make telling hits.

BROKERS ARE BULLISH.

In Boston Feeling Regarding Speculative Outlook Is Very Confident.

W. C. Brown of Duluth, of Paine, Webber & Co., was in Marquette yesterday afternoon, leaving on the late train last night, on his way home from a brief business visit to Boston.

The building in which the fire originated was occupied on the first floor by H. M. Goldenberg & Co., commission merchants, and on the second and third floors by Kellan, Stafford & Co. as a warehouse.

The fire was discovered by a night watchman and at that time smoke was issuing from windows on the floor occupied by H. M. Goldenberg & Co.

City Brevities

Today's weather: Fair and stationary temperature. Yesterday's temperature: Seven a. m., 47 degrees; noon, 53; 7 p. m., 50. Maximum, 57 degrees; minimum, 47.

There will be no meeting of the Presbyterian Ladies' Aid society this afternoon.

Freight will not be received by boat from New York to this port after Oct. 25.

Josiah Wiles of Duluth is in the city on business. He will remain here until Sunday evening.

The Ladies' Aid of the Baptist church will meet at the church this afternoon at the usual hour.

The Young Woman's guild will meet with Miss Merritt, 410 East Ridge street, at 2 o'clock this afternoon.

The Presbyterian Ladies' Aid society will serve a twenty-five-cent supper at the church parlors from 6 to 8 o'clock this evening.

Frank Griesinger and his niece, Miss Florence, have been in the city, coming here to attend the wedding of Miss Lizzie Griesinger.

The hearing in the case against August Vermeers, accused of taking \$40 from Camil Kerchhoff's safe, was postponed until today.

F. M. Wells and Tom Trathen of Neegaunee were in the city yesterday. The latter is the candidate for mayor of the Democratic ticket.

The steamer Gayley cleared from the South Shore docks for Conneaut yesterday. The Frontenac, for Buffalo, took out one loaded at the L. S. & I.

Mrs. Ed. Mitchell, corner Spruce and Howell, will entertain the Ladies' Aid society of the Methodist church this afternoon. The meeting is called for 2:30 o'clock.

Henry Bohm has been receiving the congratulations of his friends this week because of the arrival of a son and heir at his home on East Ohio street. The youngster tipped the scales at nine and one-half pounds.

"The Irish Pawnbrokers" drew a fair house last evening. It is a potpourri of nonsense of farce comedy character, and goes well with a popular house. The company is large and introduces specialty and musical turns. Much of the fun is honestly funny. Mr. Wash of being the most pleasing offender in this respect.

The ball game announced earlier in the week to be played at Fraternity Hall tomorrow evening, between the Business Men and Travelers, has been postponed until a later date, on account of the engagement of "The Royal Chef" at the opera house. Many of the prospective players want to see the performance.

Yesterday turned out to be one of the pleasantest evenings and a good impression was made on the capacity of the house. Every ticket should be sold before the theater opens tomorrow evening.
