The Genuine Looks Like This

When you ask for Chamberlain's Colic, Cholera and Diarrhoea Remedy and the dealer offers you something else that does not look like this, don't take it; it's not the genuine. The genuine looks just like this cut and is the most successful medicine in the world for Bowel Complaints.

IshpeMING Department

EXTENSIVE IMPROVEMENTS. Alterations at Swedish Home Society's Block Will Cost Over \$2,000.

The alterations at the Swedish Home Society's block started about two months ago and are now well advanced, though the work contemplated will not be finished before October 15th, possibly November.

The front will be replaced by plate glass, with entirely new frames and base. A new hardwood floor will be put in the basement, and the interior will be repainted.

The Swedish Home Society is a prosperous fraternal organization. It was organized twenty years ago with a membership of a dozen or more of the more prominent Swedish citizens of the city.

CHANGE IN SYSTEM. School Board Authorized Change in Overhead System at Power House.

A representative of the Webster Heating company has advised the school board to change the overhead heating system in use at the Division street school property, and C. L. Anderson, of the Lake Superior Steam Heating company, will commence work on the new system next week.

When the manual training school was erected the board decided to heat both from the plant at the power house. The system has not been changed since that time, and the representative of the Webster company advised the board to place the pipes underground.

HOPKINS' CURB LETTER. The following is from Hopkins' curb letter:

"Yesterday's display of strength continued today and all stocks show a further advance. North Butte opened with bids of 39 1/2, which failed to dislodge stock. Bids were raised from time to time during the day and at the close, bids of 31 fail to bring out stock.

Calumet & Arizona continues strong but trading has been limited, but the same lack of selling prevailed. Lake Superior & Pittsburg sold up to 23. The scarcity of offerings prevails here also.

Calumet & Pittsburg sold 26 1/4. Demand very large. Pittsburg & Duluth sold up to 21 1/4, an excellent buying. Sellers holding stock considerably higher.

Junction has been quiet. If Pittsburg & Duluth was worth 110 at the time of conversion into a mining company, Junction is worth 165. Purchasers at the present level will surely make big profits before September 20th.

There is no change of importance in the metal situation. Bids of 15 1/4 for October, and November delivery fail to get the metal.

Yesterday's prevailing prices were: Bid. Asked. Calumet & Arizona, \$ 99.00 \$100.00. Calumet & Pittsburg, 26.00 26.75.

LOOKING OVER PROPERTY. M. A. Bigelow, owner of the East New York mine, which closed down this week, arrived in the city last evening to look over the property.

ANNUAL MANX PICNIC. The Manx people of IshpeMING and vicinity have decided to hold their annual picnic at Cleveland Park Saturday, Aug. 12.

RECENT BIRTHS. A boy was born to Mr. and Mrs. John Bergdahl, 732 Michigan street, on Aug. 1. Born on Aug. 2nd, a boy to Mr. and Mrs. Sam Krokola, 303 Bank street.

Johnson & Rundman, painters, 109 North Second street, call on your paper hanging, decorating or painting promptly and at right prices. 'Nuf said.

usual admission of twenty-five cents will be charged. Miss Rosabelle Robinson left yesterday for the Rainy Lake district, where she will visit her brother, Horace, for a few weeks.

The members of the Swedish Methodist church have requested the removal of the electric light pole in front of their property. A new sidewalk is about completed, and the church members aver that the pole mars the looks of the church property.

John Cashen's newspaper patrons can procure their papers at Maynard's drug store until further notice. Misses Doyle and Anderson are again in the city and have opened a display of art needlework at Mrs. I. Lallerstedt's.

TO USE STEEL TIES. One of our great railroads recently ordered several thousand steel ties and will give them a thorough trial.

It is ten times easier to cure coughs, croup, whooping-cough and all lung and bronchial affections when the bowels are open. Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup.

WILL HANDLE COAL. J. J. Lefler will handle hard and soft coal in connection with his wood business. He will get his supply from the Rice Coal company, of Escanaba.

ISHPEMING IN BRIEF. Charles Berg, of Wells, was in the city yesterday visiting friends. Edward Berg, of Virginia, was in the city Wednesday on business.

It is ten times easier to cure coughs, croup, whooping-cough and all lung and bronchial affections when the bowels are open. Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup.

Good shape and made of the cleanest, brightest and best tobacco grown. Just the article for a Delicious Smoke. A supply on hand at reasonable prices.

Charles Vingo and family, formerly at the Beaufort mine have moved to the Princeton, at Swanzy.

Miss Jennings, of Ironwood, is spending a few days visiting with Miss May Cutler at her home on West Johnston street.

R. E. Mace, purchasing agent of the Oliver Iron Mining company at Duluth, was in the city yesterday, on business for his company.

W. J. Pascoe is attending the sessions of the grand castle of the Golden Eagle at Traverse City this week, representing the local lodge.

Miss Edna Erickson is visiting her cousin, Miss Teckla Farm, at the Soo for a few days. Miss Farm is home on her vacation after the theatrical season.

James Fitzhenry and son Edward visited at the home of Patrick MacDonald Wednesday. Mr. Fitzhenry was formerly a resident of this city, and is now located at Menominee.

The six months' old child of Frank Deaire, of the Winthrop, died Wednesday afternoon from St. Joseph's church.

Gust Falkenstrom's Swedish weekly will not be issued this week on account of a disagreement with the printers. He expects to get the paper out within the next week, or ten days.

John Dennis, wife and family, who have been visiting for the past week at the home of John Treweek, on North Main street, left yesterday for their home at Great Falls, Mont.

Mr. and Mrs. James Fayle and Mr. and Mrs. Irwin Williams have returned to their homes on the Mesaba range. They accompanied the body of Mrs. Downing which was buried here Saturday.

SMITH'S BUCHU LITHIA PILLS. IMMEDIATE RESULTS. "I take great pleasure in informing you that the box of Smith's Buchu Lithia Pills sent me three weeks since have been exceedingly helpful, so much so that I enclose the money for another box, wishing to get them soon. I mean to get well if there is any chance. Writing to hear from you soon, I am, your friend."

MET DEATH IN HORRIBLE MANNER

WALTER MCCARTHY WAS ROASTED ALIVE IN CHARCOAL KILN YESTERDAY.

ACCIDENT AT CARP FURNACE

Body Was Recovered by Firemen After Considerable Difficulty, Pike Poles Being Used—Victim Was Eighteen Years of Age.

Walter McCarthy, aged eighteen years, a laborer in the employ of the Pioneer Iron company, met a terrible death yesterday being literally cooked alive on a scorching mass of live coals in a charcoal kiln. The accident happened at the Carp kilns, at 12:30 yesterday afternoon. McCarthy was engaged in whitewashing one of the kilns and having observed smoke issuing from the top of an adjoining kiln left his work with the intention of plastering over the crevice through which the smoke escaped. The door, or loading hole is located in the top of the kiln, and when charcoal is being burned, the entrance is covered with a door of heavy sheet iron, which is sealed with plaster in order to prevent smoke from escaping. Although there are many men employed in the kiln yards, there were no witnesses to the tragedy.

Fell Ten Feet to His Death.

It is supposed that McCarthy, when in the act of plastering the crevice, stepped on the door, which turned, precipitating him through the opening, and into a bed of live coals. He fell a distance of ten feet from the top of the kiln, and was not discovered until some time later, when one of the men employed in the yards observed smoke issuing from the kiln in great volume, and went in search of the cause, finding McCarthy lying on his face in the kiln. A fire alarm was turned in, and when the department arrived connection was made with the pumps at the furnace plant, and a stream of water kept on the body. A hole was then made in the side of the kiln, and the body placed on a ladder by means of pike poles. In this manner it was removed, and was later taken to the morgue.

Steam Cooked the Body.

The steam arising from the water coming in contact with the live coals in the kiln, had the effect of literally cooking the body, and when recovered it was found that the man's face was charred beyond recognition, the nose being burned away. His fingers and knees were also partially charred. Several firemen were badly burned about the hands by steam and the intense heat arising from the center of the pit when artificial draft was made by the opening in the side of the kiln. It is thought that McCarthy lived but a short time after falling into the kiln, the deadly gases arising from the burning wood probably overcoming the man almost instantly. The victim is a son of Murthy McCarthy, 345 Alger street. Coroner Cray impounded a jury yesterday afternoon to inquire into the case. A session was held last night, and the verdict returned was to the effect that the man met death as the result of an accident. The funeral will be held Saturday

morning at 9 o'clock from St. Peter's cathedral. Interment will be at Holy Cross cemetery.

MARKET WAS SLOW.

Alouez and Smelters Advance, but Copper Range Was Pounded.

Paine, Webber & Co. wired yesterday concerning the Boston copper market: "The market was rather slow today, but nevertheless strong. In New York the coalers were the leaders. Smelters were also up to 12 1/2%, a new high price. Alouez was well bought and advanced easily. A little more pressure was brought to bear on Copper Range, which receded to 70, but at this figure no stock could be bought, as it was simply a drive. We believe in buying the coppers on all reactions."

PREPARING PLANS

ARCHITECT GATHERING DATA FOR NEW NORMAL BUILDING.

Addition to the Peter White Science Hall Will Be Completed This Year—Contract Soon to Be Let.

E. W. Arnold, of Battle Creek, architect for the state normal schools, arrived here yesterday for the purpose of gathering data relative to the new addition to be built adjoining on the south the Peter White science hall, at the Northern Normal. Mr. Arnold will remain here until Saturday, returning to Battle Creek, where plans will be drawn for the building. This work will occupy about three weeks time. The building will be completed during the present year. When the plans are ready, bids will be asked for, and the contract awarded at the earliest possible date. The amount of money appropriated at the last session of the legislature for the improvement is \$15,000. It is thought that this will be sufficient to complete the structure, although a larger sum was recommended to be expended when the improvement was first considered. In size and exterior, the new wing will be a duplicate of the north wing. A gymnasium will be built on the ground floor, but the shower and tub baths, and the lockers, will be located in the basement of Peter White science hall. This plan affording more floor space for the gymnasium. The second floor of the building will be divided into three recitation and class rooms, the aggregate floor space of the three being the same as the room now occupied by the Normal library in the north wing. Because of the limited amount of money at the disposal of the Normal board, a swimming pool will not be installed in connection with the gymnasium. The latter department will be furnished out of the funds available for contingent expenses, the \$15,000 appropriated by the legislature being barely enough to complete the construction work on the building. Mr. Arnold explained to The Mining Journal yesterday that the reason for delay in getting the work here under way was due to the fact that so many changes and improvements were made this summer at the other Normals that it was impossible to sooner reach the Marquette school. Mr. Arnold's firm are supervising architects of all work done on state Normal buildings.

SOCIAL DANCE TONIGHT.

Professor Kluge will give a hop at Fraternity Hall tonight. (8-4-11)

SAGINAW MINE SOLD.

Property Passes to Henry H. Meldon of Ishpeming.

Henry H. Meldon of Ishpeming has come into ownership of the old Saginaw hard ore mine at Ishpeming. The property was sold at public auction recently by Geo. P. Brown, circuit court commissioner, in pursuance to decree of the circuit court, and was bid in by Mr. Meldon at \$23,000. The property is located four miles east of Ishpeming, and was opened as a mine nearly thirty years ago by the Saginaw Iron company. The mine has not been in operation for the past fifteen years, and is said to be in poor condition. The purchase was made by Mr. Meldon as trustee for parties interested in the property. The lands sold are described as follows: An undivided two-thirds interest in the following described pieces of land, namely: The west half of the northeast quarter; the northwest quarter of the southeast quarter; the northeast quarter of the southwest quarter, and the southeast quarter of the northwest quarter; all in section nineteen (19), township forty-seven (47) north, range twenty-seven (27) west, according to the United States government survey thereof.

City Brevities

Today's forecast: Fair weather; stationary temperature. Yesterday's temperatures: Seven a. m., 62 degrees; noon, 68; 7 p. m., 66. Maximum, 72 degrees; minimum, 54.

Rev. A. L. Linder departed yesterday for Chicago.

A social hop will be given at Fraternity Hall this evening.

A. C. Cook, of Iron Mountain, is spending a few days in the city.

Dr. T. M. Cunningham is spending a few days at Port Huron.

W. B. Blum of Detroit is spending a few days in the city with Geo. W. Hager.

Mrs. Tilla B. Miles, deputy great lady commander of the Modern Maccabees, is visiting in the city.

The Young Women's Guild will meet at Morgan Memorial chapel this afternoon at 2 o'clock.

Miss Anna Donahoe, who has been visiting here for a week, returned yesterday to her home at Ishpeming.

Mrs. L. J. LeVeque and daughter, Miss Marguerite, have returned from a visit with relatives at Menominee.

Mrs. John Kirby of Montreal, Wis., is visiting at the home of her sister, Mrs. John Dugan, West Ridge street.

The Dancing club will meet tomorrow evening at A. O. U. W. hall, instead of this evening, as announced yesterday.

Charles S. Pollock, resident manager for the Standard Oil company, Duluth, was a business visitor here yesterday.

Mrs. H. R. Mackenzie of Battle Creek is visiting at the home of her parents, Mr. and Mrs. Samuel E. Byrne, Front and Crescent streets.

Mrs. C. E. Miller departed last night for Iron Mountain, where she will visit a week before taking departure for Grand Forks, N. D., for an extended visit.

Estate Settled—Joseph A. Voelker of Ishpeming was yesterday discharged as administrator of the estate of Ann C. Voelker, and papers of final account filed and the estate settled.

Returned from Chicago—John C. Fassbender, Jr., who has been in Chicago for the past three weeks receiving medical treatment, arrived home yesterday, considerably improved in health.

Excursion Tomorrow—The Epworth League societies and the Golden Eagle

lodges of Ishpeming will hold their annual picnic tomorrow at Presque Isle. The excursionists will come by special train.

Getting Schools Ready—Janitor Quarters will begin Monday to clean up the school buildings and get them ready for the fall term, which starts the first week in September. The Froebel school will be the first to receive attention.

Enroute to Washington—O. M. McLaughlin, for the past eight years engaged in the merchant tailoring business at Marquette, was in the city yesterday enroute to the state of Washington. He will engage in business in the city of Bellingham.

Restaurant Is Closed—Ed Stone, who conducted a restaurant on South Front street, near the corner of Spring, has suspended business, the furniture and fixtures used in the place being purchased by A. Pine, and removed to his store on West Washington street.

No Berry Train Yet—On account of the lack of coaches at this end of the line, due to the Soo celebration, the South Shore has not yet been able to start the berry trains. They will probably have the cars so they can establish a schedule about the first of next week.

Rival Teams Will Play—A baseball team composed of the employes of the general offices of the L. S. & L. railway will play a game Saturday afternoon at Union Park, Ishpeming, with a team from the land department of the Cleveland-Cliffs Iron company, Negaunee. Game will be called at 3 o'clock.

Visitors at Normal—Hon. J. L. Wright, of Ironwood, president of the state board of education, and Thomas A. Conlin, of Detroit, member of the Normal school visiting board, were in the city yesterday for the purpose of visiting the Northern Normal. Mr. Conlin is the last member of the board to visit the institution, and is also on his last official trip of the year.

Goes to the Soo—The old marine landmark, the Jay Gould, which was lately sold to Sault Ste. Marie parties under the hammer, left Duluth Wednesday for the Soo in tow of the Winnipeg. It is said that she will be put in the Soo trade. The Jay Gould, twenty or thirty years ago, was considered one of the "big liners," but she is now, and has been for a decade, one of the small ones.

Excursionists Arrive Home—The west-bound trains on the South Shore brought hundreds of returning excursionists from the Soo last night. The westbound train arriving here at 10:45 was run in two sections, and leaving the Soo each train was loaded to its capacity. The Marquette celebrators arrived on the first section, which also brought the Calumet & Hecla band and many copper country people.

Cures dizzy spells, tired feeling, stomach, kidney and liver troubles. Makes you well and keeps you well. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets. Stafford Drug Co.

The ladies of the Baptist church will hold a pantry sale at the church Saturday, July 8, at 1 o'clock. Orders taken up to noon Friday. Telephone Mrs. Sherwood. (8-2-34)

BIDS WANTED.

Sealed proposals will be received by the Board of Fire and Water Commissioners of the city of Marquette until Aug. 8, 1905, for furnishing all fuel, either 4-foot seasoned hardwood, seasoned slabs, or coal, which may be required for the use of the City Water Works, to be delivered at the Water Works for one year, from Sept. 1, 1905 to Aug. 31, 1906. Right to reject any and all bids.
