The building itself for the past few days, believe that it was he who was drowned in the power clothing of about sixty men was burned, canal below the Spruce street bridge Thursday night at 12 o'clock, says the Soo News. He disappeared that night, and has not been seen since. His hat has been found in the canal, which is taken as evidence of his probable fate. acobson came here two weeks ago from Calumet and has a brother in Ishpeming. It is stated that the Finns of the city will endeavor to recover the body. It believed the task will be comparativey easy, as the location of the body must w in the vicinity of the ice rack at the power house.

Fortunate Wreck-

As Soo train No. 86 was speeding long at about thirty-five miles an hour near Isabella, one of the driving rods on he locomotive broke, and engine and rain narrowly escaped being thrown inthe ditch. The trucks of one side unr the tender were smashed, and the ek torn up for a long distance before e train was stopped. Fortunately no was injured. Two locomotives were nt from Gladstone, and after a delay about four and one haif hours ine ais a bled engine was sidetracked and the

train proceeded on its way. Soo's New Railroad Project-

Members of the ordinance committee of the Soo common council met with 'harles H. Chapman to consider the procosed ordinance granting to Mr. Chap-nan a franchise for the building and opration of a street railway within the whisky, or bad alcohol. A guarantee of \$1000 is offered that "Favorite Prescription" contains no alcoity limits. The proposition was disussed in detail and as a result it is understood a number of changes will be recommended. One feature desired by he committee is that the company shall bear the expense of paving the streets between the rails and a strip two feet years. It will be a single track road and will probably not run farther into the city than where the canal railroad crosses Kimball street. Eventually, it the original plans of the Algoma Central ailroad company are carried out, the trains of the road will cross the river and run to a depot to be erected on Kimball street near the water power canal. With the building of the road to Cedarville, a direct line from southern Michigan to the northern part of the Algoma listrict will be established.

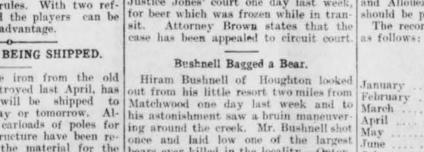

The public is aroused to a knowledge of the curative merits of that great E medicinal tonic, Electric Bitters, sick stomach, liver and kidneys. Mary If out of health, write to old Dr. Pierce. H. That in addressing Mrs. Pinkham you are confidingyour private ills to a womana woman whose experience with women's diseases covers a great many years.

AND CONSIDER

THE ALL-

IMPORTANT FACT

You can talk freely to a woman when it is Belcher was held from the residence on revolting to relate your private troubles to a manbesides a man does not understand-simply because he is a man Many women

WOMAN!

suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a wo-man whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation,

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn. Mass., for special advice. When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it. "I do not believe it will help me."
