The Secret of Good Coffee
Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored LION COFFEE, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

THE GIRL FROM KAY'S
Excellent Attraction at the Opera House
This Evening.
"The Girl from Kay's", not a musical
comedy, but a farcical comedy with music
—and there is a difference—comes to
the opera house this evening, and should
be very well received, as it promises to
be one of the best attractions of the sea
son. Its record of runs has been suffi
ciently commented on. It was a big
genuine success in London and New
York, and it is worthy of particular
comment that the company to be seen
here is the only one presenting the piece
this season. It is No. 1, and is headed
by Bobby North as "Piggie" Hoggenheimer, a wealthy cad, supported by
Miss Lila Blow, "the girl", and a large
and carefully selected company. The
music in "The Girl from Kay's" is skill
fully introduced, expediting the action
of the story instead of retarding it.
The story told in this logical and well
built farce hinges on the jealousy of a
young bride, who catches her husband in
the arms of a pretty milliner, who has
come to her apartment to deliver the hat
she is to wear on her honeymoon trip to
the seaside. Astonished and humiliated,
her first thought is to hide the matter
from her mother and she agrees to carry
out the honeymoon preparations as if
nothing had happened. While Winnie,
the girl from Kay's, is in the flat along
sues Max Hoggenheimer, a wealthy in
dividual, who is looking for an apart
ment. He becomes enamored of Win
nie and invites her to take a trip to the
seaside in his automobile. She accepts
and when the characters are next seen
they are all at a resort called Flacker.
The groom and Winnie again meet,
which makes the former's perjury seem
all the more certain to his bride. The
young fellow protests his innocence, but
his wife will not listen to him. Her
family also adds to his woes by their in
tolerable interference.
"Piggie" Hoggenheimer exerts himself
to win Winnie. He is exceedingly coarse
and rude, but thinks that his riches
should gloss over his defects. He is ar
rogant and overbearing and Winnie
doesn't like him. She and "Piggie"
quarrel. The groom, do heartbroken and
disgusted, determines to escape from his
troubles and run up to town. Winnie
wishing to get away from "Piggie", also
determines to run away. They are
missed and everyone starts off in search
of them. They are found in the restau
rant of the Savoy Hotel, where every
thing is satisfactorily explained.
Mr. Hall's lines are described as being
very bright. There is a good deal of
crisp dialogue that is at times piquant
and sassy, but all of the scenes hang
legitimately on the story. The musical
numbers, of which there are twenty,
are all melodiously tuneful. Among the
musical hits are "Tips Customer's
From Kay's", "Matilda and the Builder",
"My Little Love Bird", "Lacy Lady"
and "Sufficiency."

Cable Pianos

Are undoubtedly the most satisfactory instruments on the market. A large number are in use in this and nearby cities with not a dissatisfied customer. The demand is large and continually increasing because the public realize the Cable company is offering the best value by far in Pianos since the branch stores where they are sold are owned and operated by the manufacturer.

The branch store at 217 Cleveland avenue, Ishpeming, is permanent. We are not here for the present business so much as for the building up of a permanent trade in this territory. This is the best guarantee that the interests of our customers will receive our closest attention.

Before buying do not fail to see and hear our pianos. We have by far the largest stock in this county. All of them absolutely new and guaranteed for ten years.

You take no risk in dealing with us. We guarantee to save you money. Our terms are made to suit the customer.

PICNIC MONDAY.

WAIVED EXAMINATION.
juvenile offenders arraigned on charge of larceny in Judge Andrews' Court.

Two boys, aged thirteen and seventeen years, were given a preliminary hearing in the municipal court yesterday. One of them has been held in the city lockup since Saturday. They were arrested on warrant for grand larceny, for entering the laundry of Sing Lee on Main street and taking \$14 in cash and a Chinese ring valued at \$15. Neither defendant was represented by a lawyer and when the warrants were read they waived examination, being bound over to the next term of circuit court. Captain Blanchard, of Marquette, was in attendance at the hearing.

Five other boys implicated in the same scrape were also given a hearing, but their cases were adjourned until the next visit of Captain Blanchard, juvenile commissioner of the county. The laundry was entered on a recent Sunday, while the occupants were out of town. Entrance was gained through a small window located above a rear door.

PROMINENT ARMY OFFICERS.
Will Address Special Salvationist Meeting Here.

Seldom do as many prominent Salvation army officers visit this city at one time as will be here next week. Besides Commissioner Kilbey and Colonel Miles, Staff Captain Dale, from Duluth, will be in Ishpeming on August 30, and will conduct special services.

Commissioner Kilbey entered the army training school, London, in 1880. He was then commissioned an officer and was given charge of a station and in 1882 was made major, being given the oversight of the organization's work in Ireland. Afterwards in 1886 he was transferred to Australia, receiving an important position in Sydney and New South Wales, later taking the direction of all the work in the colony. He held this appointment for nearly seven years. The commissioner was then sent to London and given the position as second officer in the Foreign office, which involved frequent visits of inspection to most of the European countries. Next he became chief secretary and second in command in Great Britain and Ireland. Then in 1899 he was promoted to be commissioner in South Africa, where he remained throughout the Anglo-Boer war. After a few years he received his appointment to his present position, including the territory from the Mississippi river to the Pacific coast, and also including the Hawaiian Islands, with headquarters at Chicago.

Colonel Miles, second in command in the Western Territory, will accompany the commissioner over the Northwest, as will also Brigadier Cousins, the new provincial officer. Major Fynn, secretary of the Young People's society, will also be here. The meeting will be held at the Salvation Army hall Monday next, commencing at 8 o'clock. Tickets can be procured at 10 cents each.

PECULIAR DISAPPEARANCE.

J. D. Runyan, of Butlerville, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy for dizziness, sour stomach, headache, constipation, etc." Guaranteed at the Stafford Drug Co.'s drug store. Price, 25c.

Affiliated Trade Unions Are Prepared for Labor Day Celebration.

Arrangements are about completed for the Labor Day celebration at the Union and Cleveland parks, to be given by the Ishpeming trade unions next Monday. The members of the trade unions and their families will picnic at Cleveland park the entire day. The city band has been engaged to give a concert in the morning and to furnish the music for the dancing during the afternoon and evening. Union park has been secured for the afternoon for a program of sports. The Mine Workers' union has secured two speakers who will be heard after dinner. They are Frank Schmeltzer, a member of the executive committee of the Western Federation of Miners, and T. A. Hickey. Both are very prominent labor workers and will speak on industrial subjects. If a program of sports is arranged, they will speak in the Union park at 3 o'clock.

The committees having charge of the details of the celebration are: General committee—Ed. Harper, chairman; Will May, secretary; Martin Clavin, treasurer. Dancing—Mike Carso, chairman; Coffee and lunch—Eric Hall. Refreshments—Thos. MacKay.

ATTRACTIVELY COSTUMED.

There is one feature about the production of "The Girl from Kay's" at Ishpeming theater tomorrow night that is sure to delight the feminine eyes. It is the costuming. The gowns are said to be decidedly handsome and to be deserving of the term "creations." Miss Blow wears two gowns which she had made in Paris last summer, one of them being cloth of silver. Miss Morton wears a wedding dress that is exquisite. There is a large array of well frocked women in the piece, whose gowns were designed by Mrs. Osborn. The millinery exhibit is also dazzling and the whole effect is that of an up-to-date fashion show. Another feature of the comedy that pleases is that portion of the story which hinges on the patsy of a young bride who has caught her husband, as she imagines, kissing a pretty milliner. The comedy is decidedly humorous and contains a number of hearty laughs. The lines scintillate with brightness and every one of the fourteen musical numbers is a decided hit. There are three

acts and the staging of the piece is said to have cost a small fortune. The advance sale of tickets opens this morning at 9 o'clock.

MARRIED THIS MORNING.

Miss May Guinan and George P. Farney were married at 6:30 o'clock this morning at St. John's church. Rev. J. A. Keul officiating. The bride was attended by Miss Emily Williams and John Lacey acted as best man. The couple are well known here. The bride was employed in A. W. Myers' Mercantile company's dry goods store for several years. Mr. Farney has been with the Nelson Morris Packing company and the Swift company in Ishpeming, but is now in the employ of the Cuddahy Packing company, with headquarters at Grand Rapids. The couple will leave immediately for that city, where they will take up their residence.

IN ITS FIFTH YEAR.

"Under Southern Skies" is now in its fifth successful season and has as yet only been seen in a comparatively small part of the country outside of the larger cities. The increased enthusiasm with which the play is received on its third and fourth visits indicates that it will be one of the standard attractions for many years to come.

THEY APPEAL TO OUR SYMPATHIES

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by the People's Drug Store.

SCROFULA A Disease We Inherit

The tainted blood of ancestors lays upon the shoulders of innocent offspring untold suffering by transmitting to them, through the blood, the blighting disease, Scrofula; for in nearly every instance the disease can be traced to some family blood trouble, or blood-kin marriage which is contrary to the laws of nature. Swelling, ulcerating glands of the neck, catarrh, weak eyes, sores, abscesses, skin eruptions, white swelling, hip disease and other deformities, with a wasting of the natural strength and vitality, are some of the ways this miserable disease manifests itself. The poison transmitted through the blood pollutes and weakens that health-sustaining fluid and in place of its nutritive qualities fills the circulation with scrofulous matter and tubercular deposits, often resulting in consumption. A disease which has been in the family blood for generations, perhaps, or at least since the birth of the sufferer, requires constitutional treatment. S. S. S. is the remedy best fitted for this. It cleanses the blood of all scrofulous and tuberculous poisons, makes it rich and pure and under the tonic effects of this great blood medicine the general health improves, the symptoms all pass away, there is a sure return to health, the disease is cured permanently while posterity is protected. Book on the disease and any advice wished, furnished by our physicians, without charge.

TWO NEW DWELLINGS.
John Heinonen Has Contract to Build Them on Ann Street.

NEW COAL TRESTLE.
Work Will Be Started Today on Structure at Power House.

Jacob Forsland and Erik Korri, Finnish residents, are building homes on Ann street, John Heinonen having the contract. The foundations have been completed and the frame work was started Monday. Mr. Heinonen expects to have both houses ready for occupancy the latter part of next month.

A number of dwellings have been built on Ann street during the past three years, and some of the older houses there have been improved, so the street presents a much better appearance than it did a few years ago. There are a number of building sites left in that vicinity, and it is probable that the close of another year will see further improvements in the building line.

The Swede-Finn organization, which will erect a hall on the side of the Teal Lake bluff, about a block from the Negaunee hospital, expects to have the building completed within two months. Ground for the foundation was broken yesterday, and the structure will be 28 by 60 feet in size. A part of one end will be utilized for ante rooms, so the length of the hall will be about fifty feet. August Anderson has the contract.

The society has raised a fund of about \$1,500 to apply on the cost of the building. A part of this money was obtained by subscription, but the bulk of it was secured from the members of the society in return for stock. The society is a new one, but its members are enthusiastic workers and they anticipate little trouble in swelling their building fund to the amount necessary to pay for the hall by the time the contractor is ready to turn it over to them.

Dr. H. W. Sheldon's new dwelling on Main street, being erected by Lipsett & Snelair, is enclosed, and the shingling will be finished this week. The contractors are making excellent headway with the work and in seven or eight weeks the dwelling will be ready for occupancy.

MANY WOMEN ATTEND.
The cooking demonstrations at the Johnson building yesterday afternoon and evening were largely attended, the room being filled. The women are manifesting much interest, and the result should be beneficial to the company. The menus today will be as follows:
Afternoon—Camelion of beef, brown sauce; browned potatoes, popovers, gingered apples and potato caramel cake.
Evening—Brown veal stew, fish croquettes, Hollandaise sauce, baking powder biscuits, cream puffs and baked ice cream.

The demonstrations in Negaunee will close today, but Miss Blanchard will be at the domestic science department of the Ishpeming High school the remainder of the week, and will be pleased to have the Negaunee women attend the meetings there.

LOOKING UP OLD FRIENDS.
John Northmore, who left this county a few years ago, locating at Harvey, Ill., was in Negaunee Saturday for a few hours, looking up old friends. Mr. Northmore was superintendent of the Republic schools before locating at Harvey. He also had charge of the Ishpeming schools a number of years, having been one of the first superintendents. Mr. Northmore will spend ten days or two weeks in this county and the copper country before returning to his home.

A WARNING TO MOTHERS.
Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by the People's Drug Store.

LOCAL LACONICS.
Dr. Maas of Hancock is visiting Negaunee relatives.
M. C. Quinn has given J. W. Elliott a contract to paint his dwelling.
Mrs. Thomas Trathen entertained Negaunee and Ishpeming friends at cards Monday afternoon.
Mrs. Jacob Davidson of Green Bay arrived here last evening, on a visit to her brother, Able Levine.
A. C. Seass and wife went down to their homestead at Little Lake yesterday, to remain a few days.
The Consolidated Fuel & Lumber company has put on another delivery team here, making four now in use.
William Fisher, who spent his younger days in Negaunee, but is now a resident of the copper country, is here visiting friends.
New glass has been placed in the window of the Beulson block, to replace the plate shattered by the explosion of the Anthony Powder company's plant.
Ed. McCutcheon and wife, who came up from Chicago ten days ago, to visit relatives in this city and Ishpeming, departed for their home yesterday.
Joe Lafer and B. Robey, of Little Lake, are operating their hay presses at nearby farms. They have a number of contracts and their machines will be kept busy for nearly a month.
A party composed of Ida and Mabel Jackson, Mertle Ross, Mayme Barth, William McClellan and Eugene, the two latter of Ishpeming, caught nineteen trout at the Carp river near Eagle Mills, Monday.

The advance side for "The Girl from Kays," the attraction at the Ishpeming theater tomorrow evening, will open this morning at 9 o'clock. The advance sale for "Under Southern Skies," Friday night, will open tomorrow morning.
Mrs. Kuhlman and Miss Kuhlman of Chicago, who spent the past ten days in the city, the guest of Miss Rose Swartz, departed for their home yesterday morning. Miss Kuhlman is an accomplished musician. She will be graduated this fall from the Chicago Conservatory of Music.
The Robinson Stock company, playing this week at McDonald's Opera House, gave another very pleasing performance last evening. The specialties and moving pictures are above the average seen with repertoire companies. Tonight's bill will be a sensational comedy, "Deadwood Dick."
The foundation of the brick building at the rear of Charles Johnson's block, facing on Gold street, was considerably damaged by the shock from the Anthony Powder plant's explosion Friday evening. The northeast corner was cracked in

several places, as was also the brick work on the north side.
Miss Mayme Barth, of Escanaba, who spent the past week here visiting the Misses Ida and Mabel Jackson, returned home yesterday.

STEAMER FRICK IS NOW IN THE WATER

WILL BE IN SERVICE IN ORE CARRYING TRADE IN LESS THAN A MONTH.

LAST OF A QUARTETTE

Three Other 10,000 Ton Ships for Steel Corporation Have Proceeded Her Into Commission—A Fine Type of Modern Giant Bulk Carrier.

The Henry C. Frick, the last of the four largest steamers on the lake built this season for the United States Steel Corporation, was launched at Bay City Saturday.

The Frick is one of the four largest ever built anywhere in the world to navigate fresh water. She is purely a bulk freight vessel, and built in such a way as to carry ore and coal in bulk at the lowest possible net cost.

Hopper Hold 420 Feet Long.

The hold extends in one continuous length from the collision bulkhead forward to the forward boiler room bulkhead aft, with one screen bulkhead in the length of the same extending from the tank to the spar deck.

There are thirty-four cargo hatches located in the spar deck, each measuring nine feet wide by thirty-three feet long in the clear, and are spaced twelve feet centers.

The vessel is fitted with a steam windlass and capstan forward, which in turn operates two National Anchor company's stockless anchors, each weighing about 9,000 pounds, they being handled by a steel cable chain which is 2 1/2 inches in diameter.

ARE LAYING FOUNDATION.

Work on the City Market Place Began Yesterday Afternoon. A force of stone masons began work yesterday afternoon laying the foundation for the building to be used as a city market place on Baraga avenue.

The main city sewer on Baraga avenue will be tamped with an eight-inch lateral from which branches will be run to different parts of the building and sheds.

HOTTEST DAY YET.

Marquette People Sweltered Yesterday in Scorching and Humid Air. Yesterday earned the distinction of being the hottest day of the summer, and as the air was also humid Marquette people had a most uncomfortable time of it.

SAVED BOY'S LIFE.

Drowning Fatality Narrowly Averted Yesterday Afternoon. Joseph Zalk, a peddler, is reported to have saved the life of George Beaudry, a nine-year-old boy, at the former ice house pond west of the Upper Peninsula Brewing company's plant on the county road.
