vear 1905.

Pittsburg, Kas., March 4 .- The Mis souri Pacific passenger train which left here at 7:20 o'clock this evening was held up by two men. Lou Jeff, a colored miner, was killed because he protested and W. L. Westlake, of Toledo, O., wh

with his wife and two children had been visiting relatives in Kansas, was shot through the hand by a stray shot fired at the negro. The bandits were disguised only with

false mustaches and goatees. They bearded the train here at the station and began working the train as it passed the Manila. Kansas City Southern shops. They com menced in the smoking car, and on walked ahead with a 33-calibre revolve

in each hand and quietly asked the pas sengers to "shell out" to the man be hind, who was closely following. They were not far behind the train auditor and followed him into the ladies' coach When the men came to Jeff, who was

in the ladies' coach, the negro at once grapsed the idea that it was a holdup and after the auditor had passed him he pulled a revolver and took a sho at the foremost robber, who shot twice The first shot went wild and struck Westlake, but the second struck the ne gro in the head and killed him instant

The bandits then quictly made the auditor stand and deliver, and hurriedly left the train as it entered the yard at Harriman regarding the development of Cornell. Westlake, the wounded passenger, was taken to Liberal, where his hand was dressed by a surgeon of the company. A switch engine with a posse [ just week while on the stand before the of officers was sent to Cornell, which is interstate commerce commission, has al-

the Odor of Burning Paper, Investigates and Catches the Trio in the Act of Opening and Destroying Letters-Police Are Informed, Notwithstanding a Threat to Kill, and Capture of Alleged Bandits Follows.

Chicago, March 4 .- John Smith, R. T. Fitzgerald and Eugene Sullivan were arseted tonight on a charge of robbing the United States mail wagon which was standing in front of the Stock Exchange building Saturday night.

The men were arrested in a room at 271 Madison street, which they rented Saturday night. Sunday they were in velope was opened and no money was ound, it was thrown into the stove. Mrs. Mary Koons, keeper of the boarding house, noticed the odor of burning paper, and began an investigation. When she entered the room where he men were and caught them in the act of destroying letters, they told her that if she told the police they would kill her. She made a confidant of a voman companion, who informed the detective department today of what had been found, and the arrests of the men followed tonight after a hard fight.

SUB-TREASURY THEFT.

# Why We Deserve **Your Confidence**

PAGE FIVE

The Rexall formulas have never been secret. We have always known them ourselves and have given them to thousands of customers. Right here is where Rexall Remedies have always done more to protect you than is even now required by the Pure Food and Drug Law.

You only know the dangerous drugs in other remedies-the rest of their formulas are still secret. You have always known cverything in every Rexall Remedy.

No Rexall Remedy is a "cure-all"-there are 300 different remedies-one for each human ill -the most reliable and successful remedy for that ill proven by years of experience. We have sold these Rexall Remedies upon the squarest plan on which merchandise was ever sold. We have guaranteed to return the money to every purchaser who came back with the empty bottle or package and said that he or she was not satisfied-and we've never failed to live up to this

The Pure Food Law did not necessitate any change in Rexall Remedies-on the contrary it has set the stamp of approval upon them. Best of all, you can actually prove that Rexall Remedies are unchanged. You knew their formulas four years ago, and you'll find them the same

Don't the Rexall Remedies deserve your confidence? Wouldn't you more readily trust a man whom you had proved to be naturally honest, than one who was honest because he had to be? You know that Rexall Remedies have been voluntarily manufactured and sold for four years in the very way that the law now declares to be the only right way.

range. It savors of rate "discrimina-tion." The Chicago & Northwestern railroad traverses this range from east ery tight and interest rates will be high of the week. #### FOR NERVES-AMERICANITIS ELIXIR

Rexall Americanitis Elixir is one of the 300 Rexall Remedice. It is a tonic nerve food composed chiefly of free Phosphorus, Glycophosphates, Iron Pyrophosphates and Calisava. The wonderful results of this remedy are due to the fact that it supplies Phosphorus to the nerve cells in a condition in which it can be immediately and easily taken up by them. The Glycophosphates, actual nerve tissue builders, are one of the most recent and valuable additions to this branch of medicine and unguestionably a more efficient remedy than the well-known and unquestionably a more efficient remedy than the well-known Hypophosphites. The Iron Pyrophosphites are the more easily assimilated form of iron which give tone and color, and the combined alkaloids of Calisaya Bark have a tonic effect on almost all the functions of the body. 75c, and \$1.50 a bottle.

#### The Value and Importance of Ethical Remedies.

Remedies which physicians sanction for family use, as they act most beneficially and are gentle yet prompt in effect, and called ethical, because they are of

#### Known Excellence and Quality and of Known Component Parts.

To gain the full confidence of the Well-Informed of the world and the approval of the most eminent physicians, it is essential that the component parts be known to and approved by them, and, therefore, the California Fig Syrup Company has published for many years past in its advertisements and upon every package a full statement thereof. The perfect purity and uniformity of product which they demand in a laxative remedy of an ethical character are assured by the California Fig Syrup Company's original method of manufacture, known to the Company only.

There are other ethical remedies approved by physicians, but the product of the California Fig Syrup Company possesses the advantage over all other family laxatives that it cleanses, sweetens and relieves the internal organs on which it acts, without disturbing the natural functions or any debilitating after effects and without having to increase the quantity from time to time.

This valuable remedy has been long and favorably known under the name of Syrup of Figs, and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna, as more fully descriptive of the remedy, but doubtlessly it will always be called for by the shorter name of Syrup of Figs; and to get its beneficial effects, always note, when purchasing, the full name of the Company-California Fig Syrup Co.plainly printed on the front of every package, whether you simply call for Syrup of Figs, or by the full name, Syrup of Figs and Elixir of Senna, as Syrup of Figs and Elixir of Senna is the one laxative remedy manufactured by the California Fig Syrup Company, and the same heretofore known by the name, Syrup of Figs, which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

They Believe Extension of Intake Best Solution-To Hold Special Election Soon.

AGAIN

WILL BE TRIED

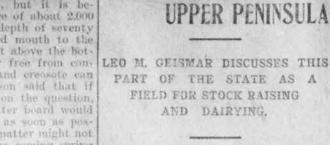

The city council held a lengthy meeting last night, at which the questions of the improvement of the water system and the use of voting machines were the aspect, motions, amendments and substitutions following each other in quiel succession until both mayor and alde men were completely at sea on the point in view. Action was finally taken or both questions, however, as far as it was within the power of the council do so. The water board was reque to call a special election for a vote the ratification of the issuing of the ad ditional bonds provided for in the bil bill, providing, of course, he takes that action. It was decided to give the Abbott and United States Standard voting machines both a trial, the U.S. Standard to be used at the special election to be called by the water board and the Ah bott machine to be used at the general spring election April L. The question "Shall the city purchase voting machines to be used at all elections?" will also be submitted to the voters at the spring

#### Water Question Again.

The water question was again brought to the fore by the appearance of the members of the water board at the meet ing. President Palmer of the board re ported that at the regular meeting held last evening, the question of improving the members had come to the tentative igreement that the only practical means of improving the supply was by the extension of the present intake farther into the lake to a point yet to be determined upon. Mr. Palmer said the hoard wished the council to give its authoriza tion to a special election for the purpos of allowing the voters to decide whether the extension should be made.

induct the election. It was decided to F. J. Jennison discussed the matter at ave but one polling place, that the city length. He took up each of the important suggestions which have been ad

vanced to improve the water supply of the city and showed wherein the men bers of the board considered them fal lible. He said the securing of a suppl of water by a gravity system.
