### FATHER GEERS LEAVES HANCOCK.

Pastor of St. Joseph's Church Removed to Newberry Yesterday.

Rev. Arthur V. Geers, for the past six years pastor of St. Joseph's church in Hancock, left yesterday for Newberry, to which parish he is transferred. Father Geers did not announce his intended change until Thursday, and the announcement was received with regret, as he was beloved by his flock as well as by all who knew him in Hancock and the entire copper country. He celebrated his last mass in Hancock yesterday morning.

Father Geers came to Hancock in 1901, succeeding Rev. Father Keller. Previously he had been pastor at Iron Mountain and Republic, Rev. Father Waelder of Hermansville, Mich., will temporarily have charge of St. Joseph's parish until Bishop Ebs of Marquette appoints a permanent pastor.

### A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherry-bark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure, however, chronic, acute, and irregular coughs, bronchitis, sore throat, hoarseness, in acute coughs it is not so effective. It is in the lingering hangover coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Mesa, Chicago, says of glycerine: "Irisperispa it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon encrusted, disordered stomachs, especially if there is catarrhal inflammation of the stomach, it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing rheumatism, pimples, eruptions, scrofulous swellings and old sores, etc.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about this great medicinal roots composing this wonderful medicine. There is no alcohol in it.

### CLOSE SUNDAY THEATERS.

### Church Workers in Hancock May Ask Council to Do So.

It is possible that at the next meeting of the Hancock common council a petition will be presented asking that the theaters which are operating on Sunday, close on that day. The petition is being circulated by the church workers of the city. ### COPPER COUNTRY POLITICS.

All tickets to be voted for in the forthcoming election, a week from Monday will be known by tonight, when the last of the caucuses and conventions will be held. All next week there will be considerable political excitement in the country, as the candidates defeated for the regular nomination will in many instances run independently.

### GAME NOT PLAYED.

The game which was to have been played Thursday night in the Amphidrome between the Houghton and Dollar Day amateur hockey teams, the second in the championship cup series, was postponed indefinitely owing to the poor quality of the ice.

### BEWARE OF BRIGHT'S DISEASE

### LAME BACK AND URINARY TROUBLES ARE THE DANGER SIGNALS WHICH NATURE HANGS OUT.

More people succumb each year to some form of kidney trouble than any other cause. The slightest form of kidney derangement often develops into Bright's kidney disease, diabetes or dropsy. When either of these diseases are suspected the sufferer should at once seek the best medical attention possible. Consult only a good first-class physician, leaving patent medicines alone. There are many of the lesser symptoms of kidney trouble which can be treated at home as stated by a well known authority. For some of these such as backache, pain in the region of the kidneys, weak bladder, frequency, (especially at night) painful urination and other urinary troubles, try the following simple home remedy: Fluid Extract Dandelion one-half ounce, Compound Kargon, one ounce, Compound Syrup Sarsaparilla, three ounces. These vegetable ingredients are harmless and can be obtained at any good prescription pharmacy and anyone can mix them by shaking well in a bottle. The dose for adults is a teaspoonful after each meal and again at bedtime.

### MASS CONSOLIDATED.

Captain James Wilcox of the Mass Consolidated says of the recent strike of the Baltic lode in Ontonagon county: "The strike of the Baltic lode made in the Lake property gives encouragement to most of the properties which are in the line of the formation. The showing on the Lake property may have been in the only portions of the lode that contains copper. But this could hardly be the case, as the drill holes were 500 feet apart, and the showing that the lode made in the cores lifted to the surface had every indication of a permanent deposit. The copper was mainly stamping grade and short copper and the showing in all places was very strong."

### MAY BE MISSING BOY.

Mr. and Mrs. Karvela of Alouez have been informed by the chief of police of Detroit that a three-year-old boy has been found in that city. It is believed there that he may be the little Karvela baby who wandered away from home at Alouez last fall. A photograph of the child found in Detroit will arrive at Alouez today for purposes of identification. The Karvela baby wandered away from home last fall, and from that day has not been seen to any one's knowledge. The child disappeared as completely as though the earth had swallowed him, and though his heartbroken parents kept up the search for months, they were unable to find him. It is believed that if the child found at Detroit proves to be the Karvela baby, it will be proof that he was stolen.

### SENATOR TILLMAN'S LECTURE.

### South Carolinian Causes Much Discussion in the Copper Country.

Senator Tillman of South Carolina lectured Thursday night at Hancock and last night at Calumet. He discussed the race question from the point of view of the Southerner, and his talk was strong medicine. The average newspaper reader knows what Tillman's opinions on the race question are, and they need not be recited here. It is enough to say that he will make the most sleepy auditor sit up and take notice when he is voicing these radical opinions. He is a man of commanding presence, is homely rather than handsome, has a staid voice which is almost a scream when he has the hard pedal on, and is awkward in gestures. His language is good, and his sentences crisp but separated by wearying pauses.

City Brevities

Today's weather: Generally fair; continued high temperature. Yesterday's temperatures: Seven a. m., 48 degrees; noon, 57; 7 p. m., 41. Maximum, 59 degrees; minimum, 42.

The Ladies' Aid will conduct a sale at the church this afternoon.

R. C. Pryor of Houghton was a business visitor in the city yesterday.

The Ideal orchestra will entertain with a social hop at Fraternity Hall this evening.

A daughter was born to Mr. and Mrs. J. R. Hudson, corner of Fisher and Front streets, Thursday.

Miss Flora Goltzsch of L'Anse returned to her home yesterday after a short visit with Marquette friends.

Wick O'Connell and Henry W. Clausen of Houghton, who are interested in the Kimberly Mines company, were in the city yesterday.

H. E. Kellan, formerly deputy game warden, has returned from the province of Alberta, Canada, where he spent the past three months looking land.

P. T. Barnum, seven days ahead of "The Lion and the Mouse" was in the city yesterday. The production will be given at the Marquette Opera House, March 29.

The Northern Normal closed for the Easter vacation yesterday and most of the students left yesterday afternoon for their homes to spend the ten days allowed. The remainder will go today.

The Young Woman's Guild will hold a pantry sale of doughnuts, cakes, pie, baked beans, veal loaf and all kinds of home made bread at the Morgan Memorial chapel this afternoon from two o'clock to three.

Charles W. Thompson announced yesterday that the report that he had resigned his position as freight agent for the D., S. & A. railroad here is incorrect. Mr. Thompson says he contemplates no change.

Dr. John will conclude his series of five lectures at the M. E. church tonight with an address on "The Land of the Yukon," illustrated by stereopticon views. Good crowds have greeted the speaker during the two days he has been at the church and his lectures are thoroughly enjoyed.

Small Blaze—The hose company responded to a still alarm from the Hotel American on Spring street about noon yesterday. A blaze had been started by a live coal from the range and had crept into the shaft of the dumb waiter. The firemen extinguished the blaze, with but slight damage to the building.

Given Ninety Days—Deputy Sheriff Lavigne of Champion came to Marquette yesterday and placed Frank Vista in the county jail to serve a term of ninety days for assault and battery. Vista had attacked a man named Koski at Champion and the latter was pretty badly used up.

Funeral of James E. Smith—The remains of the late James E. Smith, who died in Detroit Thursday, will arrive this afternoon. The funeral will be held tomorrow afternoon at 3 o'clock from the family home 525 High street. Rev. C. H. Maxson will conduct the services and interment will be in Park cemetery.

Job Folder Installed—The Stenglein bindery has this week installed an Edgely job folder, for folding book sheets in form for binding. It is a modern piece of machinery, and is a great addition to the bindery's present equipment, which is now complete in every detail. The plant of the Stenglein bindery is the best found in a small city in the northwestern part of the state.

The Marquette corps of the Salvation Army will conduct special services this evening and tomorrow. Staff Captain Watt and Lieutenant Anglesbach of Duluth will be in charge. The services for Sunday will be as follows: Holiness meeting, 11 a. m.; open air, 2:30 p. m.; Junior, 3; Y. P. L., 6:30; open air, 7:30; salvation meeting at the hall, 8 o'clock. There will be special music at all meetings.

Old Resident Dead—Nelson La Pierre died yesterday afternoon at St. Mary's hospital, where he was taken Wednesday for treatment. He was seventy-four years of age and had been a resident of Marquette for a long period of years. He survived by one son, whose home is in Minneapolis, but who is now in the city. The funeral arrangements have not yet been made.

Mr. Fitch's Friends Pleased—Marquette friends of Walter Fitch were gratified yesterday to learn of his appointment as superintendent of the Calumet & Hecla mine. Mr. Fitch's long experience in mining matters and his many estimable qualities well fit him for the position, in the estimation of his Marquette friends, who rejoice in his return to the upper peninsula.

Freight Wreck—Freight train No. 21, bound west, ran off the track about a mile east of Chocoma yesterday morning about seven o'clock. The wreck was caused by a broken rail. Eleven cars of limestone left the rails and some of them were overturned. A wrecking crew was put at work, but the track was not cleared until about four o'clock in the afternoon. Train No. 1, due here at 6 o'clock, did not get through until about 4:30 on account of the blockade.

Many business men are shortsighted in not looking into things. They are daily losing money by not adopting the great Hollister Rocky Mountain Tea system. Makes them well and keeps them well. 35 cents. The Stafford Drug Co.

EARLY OPENING OF NAVIGATION EXPECTED

WARM WEATHER OF PAST WEEK OR SO HAS BADLY ROTTED ICE IN HARBORS ON LAKE SUPERIOR.

The warm weather prevailing along the lakes for over a week past has made great inroads in the ice fields and vesselmen now predict that the season of navigation will open about the middle of April, at the latest. Although there is still considerable ice in the lakes the mild weather has been rotting it rapidly, and it is expected that it will entirely disappear in about three weeks, unless cold weather sets in again. Reports from Duluth and the Soo are to the effect that ice conditions are favorable for an early opening of navigation.

No such strenuous efforts will be made by vesselmen to get their boats in commission as was the case a year ago at different ports along the lakes. No attempt will be made at ice breaking, as this damages boats to such an extent that the gain in time will not make up for the loss in repair expenses. In all of the different harbors overhauling and repairing is now going on, with a view to having the vessels in order to go into commission as soon as conditions will permit.

The Booth line boats will again ply between Duluth and the Soo, running in relays. The crews have been appointed as follows: America, Captain J. F. Hector, Engineer Frank McMillan; Easton, Captain E. S. Smith, Engineer James E. Evans; C. W. Moore, Captain B. C. Smith, Engineer Fred Lee. The Bon Ami's officers have not yet been appointed. The four boats will ply between the head of the lakes and different points along the shore, the Easton and Bon Ami running to Portage Lake.

It is very probable the Soo City will again be placed on the run between Houghton and the Soo.

In the local harbor few preparations are necessary for the opening of navigation, as the large Warriner of the Calumet Transportation company's fleet, is the only boat which wintered here, besides the local fishing tugs. Needed repairs have been made to the ore docks during the winter, and the railroads are preparing for the transportation of ore just as soon as the season opens.

The Marquette harbor is now almost entirely clear of ice, there being but a little shore ice near the docks. It is not expected, however that the first boat will arrive here very early, the ice condition at the Soo canal not being promising for an early opening of navigation. The local inspectors of marine will soon begin their annual inspection of the boats which wintered in the different harbors in their district.

ELECTION NOTICE.

To the Qualified Electors of the City of Marquette: Notice is hereby given that a general election will be held at the places hereinafter mentioned for holding the annual city election, in the city of Marquette, on Monday, April 1st, A. IS YOUR BLOOD ALL RIGHT? In a little while people will begin to have "Spring Fever." You may have it. Why not take something now and purify your blood and tone up your system. When the spring fever strikes you you will feel drowsy, lose your appetite, have no ambition and just drag yourself around. That is a bad way to start in the Spring work. We make a Compound Blood Purifier and Tonic which we have been selling for a number of years and recommend highly as a spring remedy for people who are not in good condition, it cleanses the whole canal, tones up the digestive organs so that the blood nourishes it right. It stirs up the liver and kidneys so that they take the impurities out of the blood. If you are moping around now, you may be surprised at the different feeling which will come over you before you finish one bottle of this remedy. We don't want you to buy it unless you need it, but we do want you to buy it in place of patent medicines of the "Blood Elixir" type. THE PEOPLE'S DRUG STORE S. B. JONES, Manager. MARQUETTE, MICH.

Banking by Mail BEGIN TO SAVE NOW

Three important questions must be answered when you think of starting a bank account, especially if it be a savings account into which you put your hard earned dollars.

When? Where? How?

WHEN? The time to start is now—perhaps you think you only have a little money and it isn't worth while—that is a mistake. One dollar starts an account and once started it grows rapidly.

WHERE? Naturally you want your money to be absolutely safe—then select this bank—its strength and continued growth proves that it has the confidence of the people.

HOW? Write to us for a copy of our Booklet, "Banking by Mail"—it tells you HOW in a few words and you'll be surprised how easily you can bank your savings even though you live out of town.

NEW LOW RECORDS MADE.

Erie Stocks Are Very Weak, and Whole List is Similarly Affected.

New York, March 22.—The stock market turned very weak again today. Some stocks which were under special pressure broke through the low level scored during the panic last week. This was notably true in the Erie, and the weakness of those stocks was of large sympathetic effect on the whole list.

Table with columns for stock symbols and prices, including Erie, N.Y. Cen., and others.

Logan & Bryan telegraphed from New York yesterday as follows: "The market closed sharply lower, with Canadian Pacific the feature for weakness, closely followed by Erie."

cleared up the unsettled atmosphere of Wall street. The question is asked if corporations can put through much needed reforms and improvements, because of inability to borrow funds for such changes and extensions, and if hampered continually by new and drastic legislation, will they, when general business lets up, be able to maintain present dividend rates? The market tonight looks like somewhat lower prices to-morrow.

Boston Stock Quotations. Paine, Webber & Co. wired regarding yesterday's Boston market: "The market was very dull and inclined to be weak today. We find more or less liquidation still coming, with no inducement for any one to buy. The average person is commencing to realize after the bad break of last week that possibly they have been carrying too much stock and the disposition now is to lighten all accounts. We do not look for much change in the market either way for some little time."

Chicago Grain Markets. Chicago, March 22.—Renewed reports of damage to the Kansas crop by "green bug" caused a firm close in the wheat pit today, the May up 7/8. The green bug advices were supplemented by reports from Oklahoma and Kansas that the unseasonably high temperatures of the last few days will have serious effect on growing wheat. As a result of these reports the market was extremely nervous all day. Immediately following the opening the prices advanced somewhat on active buying by shorts and commission houses. Later this firmness disappeared because of the weakness in corn and oats. Sellers also were en-

couraged by reports denying "green bug" damage in Oklahoma and southern Kansas. Late in the day, however, fresh advices were received re-affirming the reports of damage. This started lively covering by shorts, and the prices soon advanced. The close was firm. May opened at 75 1/2; highest, 76 1/4; low, 75 1/4; closing, 76 1/4.

Western Gold Stocks. Western stocks yesterday closed as follows, Paine, Webber & Co. furnishing the quotations.

BIGGER THAN LAST YEAR.

Spring Trade Unprecedented—Manufactories Deluged With Orders. New York, March 22.—Bradstreet's to-morrow will say: "Spring trade is at its height, and the turnover bids fair to exceed even last year's. Improvement is reflected all around, even in the Northwest, which now appears to be getting back to normal conditions. In fact, doubt as to the future is nowhere in evidence in the evidence in the great producing sections. Pig iron shows a little more life, and the undertone of the market continues strong despite the wishes of consumers. Manufacturing in general is very active, and some lines refuse to book any orders for spring shipment. More activity is displayed in foundry pig iron for future delivery, and now and then the demand for spot supplies becomes so urgent that premiums are obtained. The wheat and corn exports for the fiscal year to date are 137,883,000 bushels, against 101,446,000 in 1905-06; the corn exports, 49,822,000 bushels, compared with 92,226,000 in the preceding year."

Dun's Trade Review. R. G. Dun & Co.'s Trade Review will tomorrow say: "Business has responded to the influence of settled spring weather at most points, and the proximity of Easter has increased retail sales of dry goods, millinery and footwear. Many dealers had underestimated their requirements, and urgent demands are made upon jobbing houses. In addition to the current trade there is a volume of preparation for later seasons that is being met by the manufacturers at present prices, the high prices readily paid on most of this forward business testifying to the fact that confidence remains unshaken."

SUMMERTIME POLITICS WILL BE VERY ACTIVE

Continued From Page One. country for lectures by him. His revenues from this source will far exceed his annual salary as a senator even if he had remained long enough to enjoy the increased stipend which became effective on March 4. Senator La Follette of Wisconsin, who, elected to the senate as a Republican, nearly always votes with the Democrats, carried on from the Chautauqua platform last summer an attack upon the very body which he fought so hard to gain membership in. He assailed nearly all of his Republican colleagues, telling how they voted on questions in which corporations had an interest. His services were eagerly sought wherever a revolution in the name of reform was conducted against men already in the senate. Senator La Follette will be heard from again this year. Governor Cummins of Iowa, Governor Folk of Missouri, although of opposite political faith, both plan to strengthen their influence and that of their party outside of their state by expounding their views from the lecture platform. There was perhaps never a time in the past when this was as much done as now. In the campaign of 1900 Representative Champ Clark of Missouri, a Democrat, and Senator Dooliver of Iowa, a Republican, did a series of so-called joint-debates on the imperialism question. It was a diverting but at that time novel departure from recognized political conflict for the debates were conducted before Chautauqua assemblies, the audiences of which were made up largely of women.

SAW DEER CARCASSES.

William Reidy Reports Destruction by Wolves Near Big Bay. William Reidy returned yesterday from Big Bay, where he spent some time past looking land. Mr. Reidy reported that he came upon the carcasses of four deer, while on the trip, all of which had fallen victim to the ravages of wolves. One of the carcasses was on Section 1, one on Section 6 and three on Section 23.

Mr. Reidy said that, although the general impression is that wolves attack deer by leaping at their throats, the condition of the carcasses, which he found, did not bear out this belief. The wolves had evidently leaped at the hind legs of the deer and crippled the animals by breaking the tendons of their legs. The hind quarters of each carcass had been devoured and the remainder of the body left intact.

SUNDAY AT THE CHURCHES.

First Church of Christ, Scientist.—Service, Sunday at 10:30 a. m. Subject, "Reality." Felix Hall, Opera House block. First Baptist church, Rev. C. H. Maxson, pastor. Preaching services at 10:30 a. m. and 7:30 p. m., with sermons upon the incidents of the first Palm Sunday. Sunday school at noon. Young people's meeting at 6:50 p. m.

"The Triumph Entry" will be the subject at the morning service at the Presbyterian church tomorrow. In the evening, the fourth of the series of sermons on moral reform will be given, "Reform by Prevention" being the theme. Dr. John D. P. John, who delivered a series of lectures at the Methodist church this week, will preach both morning and evening at the church tomorrow. Both those who have heard his lectures and those who failed to do so should avail themselves of this opportunity. His evening theme will be "The Sublimity of a Great Conviction." His morning theme is as yet unannounced. The doors will be open early and all are invited.

JUVENILE BOSTONIANS.

Words of Praise for Efforts of Diminutive Singers. The Morning Herald of Fort William, Ont., has the following to say of the presentation of "The Gypsy Girl," by the Juvenile Bostonians who appear here Monday, Tuesday and Wednesday nights of next week.

"The second performance of the Juvenile Bostonians was witnessed by another big house last night in the Auditorium, the sixty producing the amusing comic opera, 'The Gypsy Girl,' which was enthusiastically received. 'Tiny Halycon Martin is undoubtedly by the prime favorite, and upon her appearance she was greeted with a big demonstration. Her Bowery song and dance, 'See,' was rendered in a manner which would be a credit to one far exceeding her tender years."

"Babe Mason as 'Cheese' was a very funny character. This talented young lady constitutes a complete show in herself. 'The part of 'Sir Archie Arlington,' a foppish young Englishman, was taken by Lois Mason, and although a little deficient in the real aristocratic 'culchavh' accent, the representation was a very pleasing one. 'Dutch Futz,' a detective, was ably presented by Rose Cole, who put up an other finished performance, whilst Ruby Lang made an accomplished 'Jack Livingston' from Texas."

One of the most popular features of the evening was the singing of 'The Land That's Far Away.' Babe Mason introduced the names of several local celebrities, and thereby captivated the crowd. 'Ruby Lang's rendering of the Venetian Rose song was another pleasing number, whilst the rendering of the 'Kiss, Kiss' chorus was very entertaining."

PEOPLE'S CONVENTION.

(Official Call.) A People's convention will be held in the assembly room of the city hall, on Washington street, Monday, March 25th, 1907, at 8:30 p. m., for the purpose of placing in nomination candidates for mayor, city recorder, city treasurer, two justices of the peace (full term), two constables (two years each), and three supervisors at large (two years each).

Ward caucuses for the election of delegates to the city convention and nominating candidates for ward offices will be held in the several wards the same evening as the city convention at 7:30 sharp. The places for holding ward caucuses are as follows: First Ward—Lake Superior carriage works, Clump street; eight delegates. Second Ward—City market building, Baraga avenue; eight delegates. Third Ward—Hedgins' livery building, Pine street; eight delegates. Fourth Ward—City hall, Washington street; nine delegates. Fifth Ward—Building at No. 825 North Third street; seven delegates.

The following ward candidates are to be nominated in each ward: One supervisor for the term of two years; one alderman for the full term of four years. By order of the CITY COMMITTEE. Dated, Marquette, Mich., March 19th, 1907.

CARPETS CLEANED NOW.

The Marquette Steam laundry's carpet wheel is now installed in the building erected especially to accommodate the machine, and it is ready for business. Orders for carpet cleaning are solicited. Carpets sent in for renovation can be returned, cleaned spick and span, the same day. (3-21-tf)

BARES THE SECRET

Nothing Held Back From the Public. PRESCRIPTION PUBLISHED.

Doctors Gracefully Bow to New Policy of Publicity.

It is an entirely new idea and it certainly is a philanthropic one to the public, so that all may know the ingredients of the most successful of prescriptions that many doctors use to relieve those who suffer from kidney disease, bladder trouble, stomach troubles and constipation. That is why some professional men look into the future and wonder what will become of their business if this policy is carried out more extensively. It means that the professional service of a doctor will not be used as frequently, because this prescription is often the same that would be prescribed for the patient by a doctor. All it costs the user is the price of the things that go in it.

Diseases of the kidneys are generally very slow in their inception, coming on gradually and manifesting no special symptoms of their presence until they have assumed a formidable character. This renders them dangerous and it is not necessary to urge those who have symptoms of this trouble to take it in hand at once. Should anyone be subject to pains in the small of the back, in the region of the loins, numbness of the thigh, irritability and pains in the bladder, faint and dizzy spells, they should know that this is nature's call to them for help. That help is in the following prescription, which can be filled by any druggist: One oz. Essence of Pepsin, 1 oz. Fluid Bueara, 3 ozs. Syrup of Burdock.

Take one teaspoonful four times a day, before each meal and at bed time. Cut this prescription out and put it where you can find it, when you want it. If you know someone who is suffering tell them about it now.

The city and ward tickets of the Citizens' party of Ishpeming are as above given. They were placed in nomination last evening. The city convention, to which twenty-one delegates had been chosen at the various ward caucuses, held an hour previous to the central gathering, took place at the Nelson House, and it was largely attended, much interest centering in the choice for municipal judge. The only contest in the convention was over this nomination for the judgeship, and Mr. Trebilcock was an easy winner, the ballot resulting: Trebilcock, 14; William Peters, 3; Richard Olds, 1, and blank, 3. Mr. Olson, for mayor, and Messrs. Johnson and Moilanen, for treasurer and school inspector, respectively, were named by acclamation.

August J. Moilanen officiated as chairman, and James Kennedy was secretary of the convention. The committee on credentials was composed of Chris Presthus, Gus Lindberg and John Rhoda, and the committee on organization and order of business of Alfred Collick, Richard T. Smith and James A. Bryden. A contesting delegation appeared from the Eighth ward, which was the only precinct where a fight had been made. Both factions claimed to have carried the caucus by two majorities. The committee on credentials considered the controversy, but did not pass on its merits, merely recommending the seating of one representative from each delegation—A. C. Braastad and Gus Papin. Two aldermanic nominations were made in this ward, Fred J. Eggan and John A. Peterson being the rival candidates, and it will be for the election commissioners to determine which name shall appear on the official ballot. The delegates seated in the convention from the various wards were the following:

First ward—A. J. Moilanen, Andrew A. Lind.  
Second—Joseph Kennedy, Jas. A. Bryden.  
Third—Fred Tomson, Francis Medlyn, Chris Presthus.  
Fourth—Gus Lindberg, Abraham Hirwas, Alfred Collick.  
Fifth—Jas. E. Wahlman, Wm. Bamford.  
Sixth—Wm. Noal, Andrew Johnson.  
Seventh—E. T. Smith, John Rhoda.  
Eighth—A. C. Braastad, Gus Papin.  
Ninth—Duncan Campbell, Thomas Quinlan.  
Tenth—John Bath.

The city committee was named for the ensuing year as follows: W. T. Potter, Chas. T. Kruse, A. J. Yungbluth, James Clancy and Alfred Collick.

There was a very good turnout of voters in all the ten caucuses, but only in the Eighth, as already related, was there any particular excitement or opposition.

**LARGE ICE SLIDE.**

The ice lodged on the north side of the Vaulker frame-building on Main street slid away yesterday morning about 7 o'clock, falling on the roof of the shooting gallery building adjoining, forcing it in. It is estimated that from three to four tons of ice and snow came down, nearly one-half of which fell from the roof of the smaller building to the sidewalk. The ironing of the ice and snow of timbers in the roof were heard for several blocks and within a few minutes a large crowd had assembled.

WORD FILLS FOUR LINES.

Fortunately for the celerity of speech, words of seventy syllables are not frequently met. If they were most persons would doubtless walk around rather than through them and none would question the discretion of such evasion.

The first word offered is said to be the longest word in the English language, used often in old plays and placed in the mouth of Costard, the clown in "Love's Labors Lost," act 5, scene 1, "honorificabilitudinitatibus."

The next is the name of a man recently in Madrid, Don Juan Nepomuceno De Burtonagonatoceagaogazococha.

The next is a town in the Isle of Mull, "Drimaidhyickhilligatish."

The next is "Nitrophenylenediamine" and "polyphrastricintinominglundulation" are two words that recently appeared in the London Times and Star.

"Sakawshachaturthivratodyapana" and "Swapanchaksharimahamantrastora" are the names of two productions of Sanscrit literature.

"Lepadiotemachoselachogaleokranioleipha nodrimu potrim atokiche pikossuphoplat toperister rikstronop tegkhephikigkloleleioosri iohaphetra ganoptruetron."

The last word is the longest in any language. It may be found in the "Ekklesiazousai" of Aristophanes, a very excellent comedy, and placed in the mouth of one of the actors. It consists of 149 letters and makes seventy-seven syllables and must have created some laughter when spoken.

DRUNKENNESS CURED.

It will be gratifying to all lovers of temperance and a happy home to know that a simple and a scientific cure for the whiskey and beer habit has been discovered. Urine never fails to cure drunkenness if it is used in accordance with the simple directions in the package, and the discoverer has so much confidence in the treatment that we are authorized to sell it with an absolute guarantee, to effect a cure or the money will be refunded.

It is in two forms: No. 1 to be given secretly, and No. 2, for those who wish to be cured, \$1 each. Mothers and sisters have told us of husbands and brothers who since they were given Orzine, in many cases without their knowledge, have lost all desire for drink, and we are glad to recommend the remedy. #### EPIDEMICS DIVERT BUSINESS.

The recent epidemic of diphtheria and scarlet fever in the city have, it is reported, diverted thousands of dollars' worth of business from Chicago. In order to allay the fears of towns and cities near Chicago, which were said to be considering quarantine measures until the epidemic had passed, Health Commissioner Whalen called a consultation of big commercial interests which resulted in active co-operative measures being taken to prevent the spread of disease and stamping out the epidemic. From American Carpet & Trade Record, Philadelphia, March 10, 1907.

There is no greater source of infection than that related to the handling of carpets that are often sold from such homes in infected districts and cities. They as a rule are bought up by the City Rug Factories and lend their presence to infect other innocent patrons. ## Negaunee Department

### CANDIDATES ARE INACTIVE.

Thomas S. Collins Will Accept Nomination for Mayor on Citizens' Ticket.

The politicians of Negaunee are now satisfied that there will be two complete tickets in the field at the election a week from Monday, but there seems to be an indifferent feeling on the part of some of the supporters of the Citizens' party regarding the nomination of candidates. A few cases are reported where the nominations for city offices on the Citizens' ticket have been declined, but in spite of this fact it is claimed that the ticket will be a strong one and that there will be nominees for all of the ward offices. Mr. Thomas S. Collins, who headed the Citizens' party's ticket last spring, coming within a small number of votes of being elected, said yesterday that he will accept the nomination again this year. He said he understood that John A. Washburn, whose name was so prominently mentioned for the office, is out of the race, and this being true he expects to receive the nomination without opposition. He had been mentioned as a candidate for alderman in his ward, but it is his intention to run for mayor. He likes the prospect of the excitement that will be created by placing two tickets in the field, and as he has made no pledges he feels independent. He said that the Citizens' party will name candidates for all of the ward offices, and he expressed the opinion that the nominees stood a good chance of winning out in at least two of the wards. Mr. Collins believes that his party candidates will give their opponents on the Taxpayers' ticket a close run.

All of the retiring members of the council are candidates for re-election, and it is said that all of the present supervisors are also in the field again. John Deacon is the outgoing alderman in the First; Charles Johnson in the Second; N. Laughlin, Jr., in the Third; C. B. Enns in the Fourth; and William Haggerton in the Fifth. Alderman Johnson, who had been prominently mentioned for the nomination for mayor on the Taxpayers' ticket, does not aspire to the honor at this time, as it is generally conceded that Mayor Winter will be re-elected to accept the nomination. Mr. Johnson is desirous of being re-elected, and it is said that Napoleon Marketty will likely be his running mate. The supervisors in the several wards are: Captain Toms, in the First; Christ Johnson, Second; Hugo Muck, Third; Joseph Barabe, Fourth, and Richard Roberts, Fifth.

Three men have been mentioned for the nomination for treasurer, these being H. Salvage, D. Cushing and J. Mercier. The sentiment seems to run strongly for the nomination of Mr. Salvage on the Taxpayers' ticket, and it is generally predicted that Mr. Mercier will be the nominee on the Citizens' ticket. Mr. Cushing held the office for three years past and he is not pushing his claim very strongly, though he will accept the nomination if it is given him by the Taxpayers' party.

### MRS. O'CONNOR SURPRISED.

Presentation by Members of Ladies' Aid of Presbyterian Church.

Mrs. George E. O'Connor, who is shortly to leave with her family, to join her husband at Coleraine, Minn., was tendered a surprise by the members of the Ladies' Aid of the Presbyterian church one evening this week. About forty ladies assembled at the home of Mrs. Bedford on Clark street and about 8 o'clock went to the O'Connor home, laden with the necessities of being re-elected, and being pleasantly spent with games, charades and a general good time. Mrs. O'Connor's first surprise was augmented toward the latter part of the evening, when Mrs. J. M. Edgerton, in the name of the society, presented Mrs. O'Connor with a beautiful glass case, being used for cloaks and the other for skirts. The room has been neatly decorated and is provided with carpet, cases, etc. In the front is a large assortment of ready-to-wear hats, which the firm is this season displaying for the first time. The lines of four different suit and skirt houses will be displayed during the opening.

### NEAR THE BREAK-UP.

The warm sun and high winds of the last three days have greatly reduced the snow. Water ran steadily Thursday and yesterday. In many places bare spots are visible on the roads, but at other points the snow and ice is yet from one to three feet thick. If the thaw continues it will be possible to open the street railway line from the railroad crossing to the east end of Iron street within a few days. The cars have not been running over this end of the street since before the holidays.

### WANT BETTER LAW.

Anti-Saloon League Is Working for Local Option Bill.

The Michigan members of the Anti-Saloon League are showing much interest in the bill prepared by the organization's attorney, P. W. Marsa, of Detroit, which the legislature is asked to enact into law at its present session. The league members are supported in their work by the Women's Christian Temperance union, as well as by other temperance organizations of the state.

Since the bill has been introduced in the legislature there has been much unfavorable comment on certain provisions, and a letter recently written by Mr. Marsh and addressed to the legislature, the attorney stated that the foundation principle of the bill is prohibitory. It does not go into effect in any city, village or township or election district of a city until such time as a majority of the voters of any of these political units have expressed themselves as favorable to it. The method of bringing it into operation is by the filing of a petition bearing the signatures of a majority of the qualified voters of the district with the clerk of the city, village or township. The circuit judge passes upon the sufficiency of the petition at a public hearing, and if he finds that the petition is correct and contains the required number of signatures of qualified voters, he so certifies. In thirty days after such certification the law goes into effect in the district covered by the petition. The principle of the bill is to allow a majority of the qualified voters of any political unit to determine for themselves whether or not saloons shall be allowed.

The public hearing before the court would do away with the possibility of fraud or misrepresentation on the part of the advocates of the change. The law provides that if any saloonist is compelled to go out of business in the course of the year the unexpected tax which he has paid shall be refunded to him. The requirement found in many statutes, permitting the drug stores to sell liquor only on a doctor's prescription, is not made. Druggists would be allowed to sell liquor for mechanical, medical and sacramental purposes, but

they would be compelled to file each week a sworn statement of all the sales made, giving the name of the purchaser and the amount and kind of liquor sold. Mr. Marsh asserts that the most serious problem confronting the cities at this time is the invasion of residence district by the saloon, and he urges that the clause covering the limitation of the saloon districts be passed. The law, if enacted, would give the residents of a district the right to determine in what part of a city or village the saloons should be located.

The advocates of the temperance cause in this state do not favor high licenses, as is generally supposed. All they ask at this time is the adoption by the legislature of the Marsh bill. In some places where the Anti-Saloon League is strong, pledges to support the passage of the bill were exacted prior to election from the legislative candidates, and it is said that there are a number of representatives who will vote for it. In other places, where the representatives could not be bound by promises, the temperance people are passing resolutions endorsing the bill and sending them to the representatives from their districts.

### PREPARING FOR CONSTRUCTION WORK

GOOD PROGRESS MADE IN ARRANGING PRELIMINARIES TO BUILDING INTERURBAN.

### SECURING RIGHT OF WAY

President W. H. Wagner and Secretary J. W. Barber of Lake Superior Railway Construction Company go to the Copper Country.

President William H. Wagner and Secretary J. W. Barber of the Lake Superior Railway Construction Company left yesterday afternoon for the copper country, where they will look over the line of the Houghton County Street Railway company. Mr. Wagner spent several days in Marquette and the other cities in the county this week, looking over the situation and observing the progress which has been made in the work of preparing for the construction of the interurban line which the company contemplates building between Marquette and Negaunee.

Mr. Wagner and Mr. Barber will spend today in the copper country, after which Mr. Wagner will return to his home in Cleveland, and Mr. Barber will return to Marquette. "I am well satisfied with the progress which has been made here," said Mr. Wagner yesterday. "Although we have been retarded somewhat in securing our right-of-way, I do not see how we could have made much better progress, taking all things into consideration. You know, promoting and building an interurban line between Marquette and Negaunee is a vastly different proposition from building one between two towns in a farming section of the country. In a farming district we go to the farmer, and can quickly show him wherein he is going to be benefited by the electric line passing by his door. It will bring him closer to town and closer to the marts of trade, and he unhesitatingly gives us what we want.

"In an industrial section, such as this, the advantages may not be seen so readily by those whom we approach, but they are there, nevertheless. More argument is needed to convince people of this fact, but here in Marquette county, we have been very successful thus far in securing our right-of-way.

"We have now come to the construction stage and this trip of ours to the copper country is preliminary to actual work. You know when a man wishes to build a house or any other kind of a structure he does not go ahead and carry one entirely by his own ideas. He travels around a little, looks at the achievements of others, and profits by their experiences. This is our case. We have seen and constructed a good many interurban lines, but we believe there is always something to learn and I believe in looking for new ideas at all times. The Houghton county railway is built through a more thickly populated sec-

tion that that which ours will traverse, but it is in an industrial, not a farming country, and in this feature it is not unlike the road which we propose to build here. "Here in Marquette, the citizens have the best of feeling toward our project, judging from what I have observed during my short stay here, and the action of the council in passing our franchise without question is gratifying to us. We would not care to enter a town where we felt we were not wanted, but in Marquette county, I believe the people want to see us succeed, and will give us every encouragement. In Negaunee, the franchise is held up for the time being, but I believe it will go through there also, for the members of the council and the citizens in general evidently feel kindly toward us and our project."

### MELLEN IS BOUND OVER. Must Stand Trial in Circuit Court for Grand Larceny.

"Scotty" Mellen, who was arrested by Officer Hogan Thursday, and who later broke the lock on the cell room door in the city jail and escaped, only to be recaptured an hour later, was brought before Justice S. E. Byrne yesterday morning to answer to a charge of larceny from the person. Mellen appeared in court with his head swathed in bandages on account of the rap which he received on the head from Officer Hogan's club. Jacob Warenovic made the complaint, alleging that Mellen had taken a gold watch from his (Warenovic's) pocket while they were in Szeszka's saloon on Front street Thursday afternoon.

Dave Moran gave a rather incoherent story, in which he contradicted himself several times, but the substance of his statement was that he saw Mellen take the watch from Warenovic's pocket. Mellen maintained that he had not seen the watch at all. Dave Cumberland, who was with Mellen all day Thursday, stated that he had not seen Mellen take the watch. The circumstances were against the accused and he was bound over for trial at the May term of circuit court, his bonds being fixed at \$500. He was unable to furnish the bonds and was remanded to the county jail to await trial. The watch has not yet been located.

Cumberland, who was arrested with Mellen and who also secured short-lived liberty Thursday afternoon by means of the broken lock, was brought before Justice Byrne yesterday afternoon, charged with destruction of property. Mellen, after being bound over, stoutly maintained that he alone had broken the lock and Cumberland had nothing to do with it. Cumberland's hearing was postponed until this morning.

### WILL ASK SANCTION FOR ISSUE OF BONDS

MEMBERS OF WATER BOARD FIND DECISION OF SUPREME COURT DOES NOT APPLY TO MARQUETTE.

President E. B. Palmer of the board of fire and water commissioners has received from Lansing a copy of the decision of the state supreme court in the case of John A. C. Menton vs. Miles P. Cook, mention of which was made in Wednesday's issue. The suit was brought by Menton to establish the status of an elector, not a taxpayer, in an election on a bond issue in Flint and the decision of the court was against him. As the decision was to the effect that nobody but a property-owner and taxpayer could vote on the bond issue in Flint, the published report of it gave the members of the water board here some concern, on account of the question of a bond issue being submitted to the voters of Marquette at the coming election. It was feared that the decision was general in its scope and would therefore apply to the election here.

The copy of the decision shows, however, that the case was purely a matter local to Flint, and will therefore not interfere with all electors voting on bond issues in other cities. It seems that Flint was given authority by a local enabling act passed through the legislature at the last session, to raise \$50,000 for a city hall by bonding the city. The act specified that only taxpayers should vote on the question. On the day of the special election, Menton, who was not a taxpayer, presented himself at the polls. Cook, one of the inspectors, refused to allow Menton to vote and the latter brought suit. He alleged that under the general laws of the state, no elector could be refused a vote at any election, regardless of its nature. The court held that the election on the bonding issue was not an election coming under the general laws of the state but was authorized by a special law passed by the legislature and Menton's suit would therefore not hold.

The copy of the decision cleared up all doubts in the minds of the members of the water board and they decided to submit the question of bonding the city for \$75,000 to the voters at the coming election. Mr. Palmer said yesterday that it is not the intention of the members of the board to use the entire \$75,000 immediately, provided they are authorized by the voters to issue the bonds, but that since the legislature enabled the board to raise that amount, the question of bonding for the entire sum will be submitted at one time. If the electors vote favorably, the members of the board will use their own discretion in issuing the bonds.

The report of the board of fire and water commissioners for the fiscal year ending March 13 has been filed with Controller Priemeau. It reports a most favorable state of affairs at the pumping station and a successful year's operations. In the introduction, the tests now being made, preparatory to an extension of the intake, are explained, and something of the plans of the board outlined. The cash on hand March 13, 1906, was \$21,255.49 and receipts during the
