

Copper Country

FATAL MINE ACCIDENT.

Dominick Tomasi, roller ficer in C. & H., Instantly Killed.
Dominick Tomasi, twenty-two years of age, a roller ficer in the No. 3 shaft of the Calumet branch of the Calumet & Hecla Mining company, was instantly killed under somewhat peculiar circumstances at 3:30 o'clock yesterday morning.

HADEL HEARING IS DEFERRED.

Prosecuting Attorney Kerr Desires Time for Investigation.
Presenting Attorney A. W. Kerr gave his first official attention to the case of Joe Hadel, matricide, Wednesday afternoon and after interrogating the supposed insane murderer for an hour or more he asked Justice Brand of Houghton, before whom the examination was to have been held, to postpone the hearing until April 9, during which interval he can investigate the case.

CALUMET PUBLIC HOSPITAL.

Meeting Last Night to Discuss Ernest Bollman's Plan.
The late Ernest Bollman, for many years president of the village of Laurium and one of that town's wealthiest citizens, left in his will a donation of \$20,000 and a number of town lots, the whole intended to include the site and building of a public hospital.

MICHAEL FINN'S LIFE STORY. Township Village and City Clerk for Thirty-Eight Years.

The remains of the late Michael Finn of Hancock, who died on a train while enroute to Chicago Wednesday morning, arrived in Hancock yesterday noon, accompanied by Mrs. Finn, Miss Finn and R. T. Looney, who were with the deceased when he passed away.
Michael Finn was born in Tipperary—a county of Ireland which has sent many such good citizens as he to the copper country—in 1835. He emigrated to America as a boy and first made his home in Canada, later coming to the United States, and for two years he lived in New York. Then the Lake Superior copper country attracted him, and he came to the old Pewabic mine, where he was employed for five years. It was in 1866 that his political career began. He was elected that year to the office of clerk of Hancock township and justice of the peace. These offices he held continuously until 1903, when the village of Hancock became a city and was detached from the township.

LIFE LOST IN PORTAGE LAKE. It Was Only That of a Dog, But the Fact is a Lesson to Men.

The ice across Portage lake has been used as a highway by persons of both Houghton and Hancock as late as last Saturday, and possibly more recently, but it is not thought that any others will undertake the dangerous crossing.
A number of Houghton people saw the dog attempt to cross from the Copper Range depot in Hancock to the Houghton side of the lake. He was just an ordinary dog, may not have had any commercial value, but he was owned by a man who put up a gaily battle for life and died just as his rescue was certain.

NO SCARCITY OF LABOR. Employment Agent Talks of Prospects for the Coming Summer.

The prospects of unusual activity in building and public improvements in the copper country this summer might seem to indicate that there will be a scarcity of labor in the district this summer, but the case is not so. The Mining Journal talked yesterday with the most prominent labor broker in the Portage lake towns, and learned that the outlook for a good supply of labor this summer is good.
This employment agent knows of a great number of idle laborers who as yet are unable to secure employment. He has on his books applications for miners and mine laborers but he cannot supply these orders with the men who are known to be idle, as the latter do not care to work under the present conditions. However, the supply is more than equal to the demand in other lines.

SAID TO RELIEVE ALL RHEUMATISM.

This simple prescription is said to perform remarkable cures—in many cases of years' standing.
Fluid Extract Dandelion, one half ounce; Compound Syrup of Sarsilla, three ounces. Mix by shaking well in a bottle and take in teaspoonful doses after each meal and at bedtime.
These ingredients can be obtained at moderate cost at any good prescription pharmacy, and are harmless and will not injure the most delicate stomach.

COPPER COUNTRY SPORTS.

Baseball is Quiet—Cricketer and Amateur Baseball Leagues.
Spring finds a dullness in sporting affairs in the copper country. The Calumet and Houghton teams of the Northern Amateur Baseball league are giving out little information, and as they are the big sporting factors in the country in the summer season they seem to have affected all other sports with their apathy.
The regular meeting of the Calumet Women's club will be held this afternoon in the Gately-Wiggins hall will be semi-public and members being permitted to bring out guests.

INTEREST IN THE POULTRY SHOW. Soo Association Would Like to Work With That of Houghton.

A special meeting of the Poultry and Pet Stock association was recently held in this city says the Soo Times for the purpose of taking up the question of dates for next year's show.
A number of Houghton people saw the dog attempt to cross from the Copper Range depot in Hancock to the Houghton side of the lake. He was just an ordinary dog, may not have had any commercial value, but he was owned by a man who put up a gaily battle for life and died just as his rescue was certain.

MINING NEWS. NOTES OF COPPER NEWS.

John D. Ryan says: "Prospects for long continued prosperity in the mining industry have never been so good as today. Mines have responded to the enormous amount of development work which has been done during the past three years in a manner that has been more than gratifying to those in charge of the companies' interests, and the increased price of copper has made a very large tonnage of ore that would not pay to work heretofore available. The companies are spending, and will continue to spend, large sums of money for the development of the properties in order to be able to constantly reduce, if possible, the grade of ore that will yield a profit. My opinion is that there is as much high grade ore sight in the Butte camp as there ever has been in its history and especially in the deeper workings, but the permanent and great value lies in the enormous tonnage of ore developed that would not have been considered profitable a few years ago, but is now of commercial value."

HANCOCK'S NEW COUNCIL.

The new Hancock city council will be seated May 1, at which time August Mette, alderman from the First ward; George C. Bentley, Second ward, and W. Frank James, Fourth ward, will take places on the board.
This is the greatest number of changes in the council in any one election since Hancock was incorporated as a city. Mr. Mette succeeded George Ross who did not care to continue in office. Judge Bentley defeated Mr. Mette in the election, and in the election, and W. Frank James succeeded Frank C. Condon, who is also tired of the office and did not seek re-election.

PAVING CONTRACT AWARDED.

The Hancock city council met last night to ratify the recent city election, which was merely a matter of form. The important business transacted was the letting of the contract for the extension of the Quincy pavement between Mesnard and Elevation streets.
The contract was awarded to Messrs. S. H. Stone & Co., of Chicago, as was expected, secured the contract. The material selected is granite.

DR. SHOOP'S RESTORATIVE.

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.
It was this fact that first correctly led Dr. Shoop in the creation of that very popular Stomach Restorative, Eucalypti. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

Indigestion. Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

# IS YOUR BLOOD ALL RIGHT?

In a little while people will begin to have "Spring Fever." You may have it. Why not take something now and purify your blood and tone up your system. When the spring fever strikes you you will feel drowsy, lose your appetite, have no ambition and just drag yourself around. That is a bad way to start in the Spring work. We make a Compound Blood Purifier and Tonic which we have been selling for a number of years and recommend highly as a spring remedy for people who are not in good condition. It cleanses the whole canal, tones up the digestive organs so that the blood nourishes it right. It stirs up the liver and kidneys so that they take the impurities out of the blood. If you are moping around now, you may be surprised at the different feeling which will come over you before you finish one bottle of this remedy. We don't want you to buy it unless you need it, but we do want you to buy it in place of patent medicines of the "Blood Elixir" type.

## City Brevities

Today's weather: Partly cloudy with snow; stationary temperature. Yesterday's temperatures: Seven a. m., 32 degrees; noon, 27; 7 p. m., 26. Maximum, 32 degrees; minimum, 26.

Born to Mr. and Mrs. Ben Rogne, Tuesday evening, a daughter.

The city schools resumed their session yesterday, after a several days' Easter vacation.

William Pohlman, of Detroit, is in Marquette this week, calling on his friends and his trade.

Charles L. Brainerd and wife have arrived home from a vacation trip to Colorado Springs, Col.

The Baptist Ladies' Aid society will meet with Miss Leeman, 327 High street, at 2:30 o'clock this afternoon.

Dr. A. Deadman returned last evening from a professional visit to the wood camps of the Pioneer Iron company.

Sheriff Rough was called to Negaunee yesterday, on business connected with the strike at the Mary Charlotte mine.

The Woman's Guild of St. Paul's church will meet with Mrs. Henry Hallam this afternoon at 2:30 o'clock.

Paine, Webber & Co.'s Houghton wire was out of commission yesterday, on account of trouble at the other end of the line.

James Sheridan was sent to the county jail yesterday by a Marquette justice to serve ten days, on a drunk and disorderly charge.

The Ladies' Aid society of the M. E. church will meet with Mrs. D. W. Powell, corner of Pine and Michigan streets, at 2:30 o'clock this afternoon.

Mrs. C. A. Shelton, 1010 North Front street, will entertain the Woman's Aid society of the Presbyterian church this afternoon at 2:30 o'clock.

John Cassin informs The Mining Journal that he discovered the body of Louis Fourville in Dead river Wednesday afternoon, and asked Mr. Rustenhoven to telephone the coroner.

The Young Woman's Guild will meet this afternoon at 2 o'clock with Mrs. Bates Burt, High street. A large attendance is desired, as there is special business to be transacted.

The funeral of the little daughter of Albin Anderson will be held from the family home on East Ridge street at 2:30 o'clock this afternoon. The services will be conducted by the pastor of the Swedish Methodist church. Interment will be made in Park cemetery.

Charles Retallic, superintendent of the light and power commission, arrived home yesterday from Dayton, O., where he went to consult officials of the Dayton Globe Iron works in regard to the contract for the rebuilding of the new wheel at the Dead River station.

E. E. Johnson, general manager of the Newberry furnace for Berry Bros. of Detroit, who are about to put the Chocoley furnace in blast, was in Marquette yesterday, on business connected with the proposed resumption. For the time being Mr. Johnson has nothing to give out regarding the company's plans, as they are not completely formulated.

George P. Meyers, representing the Standard Voting Machine company, arrived in the city yesterday to ascertain the plans of the council in regard to a trial of the Standard machines. Mr. Meyers was in Saginaw election day, looking after a trial of his machines there. Twenty were used in the Saginaw wards, and they took care of the election in admirable manner, according to newspaper reports.

Deal in Chocoley Lands—An instrument has been recorded in Register of Deeds Primeau's office showing the transfer of 280 acres of timber lands in Chocoley township from Charles O. Rodgers to Louis Jensen, owner of the mill recently destroyed by fire at Mangum.

Given Ninety Days—Harvey Grossgren, arrested at Selma this week by Deputy Sheriff Shea, charged with stealing a watch from a Birch man a few weeks ago, was convicted at Birch, where he was taken for trial, and was sentenced to ninety days in the county jail. He is now serving time.

Has Accepted Ordinance—Notice was filed yesterday with Recorder Donovan of the acceptance by the Lake Superior Construction company of the ordinance permitting the company to operate an interurban line in specified streets in this city. The acceptance was signed for the company by J. W. Barber, the secretary.

Accidental Drowning—The name of the man whose body was found in Dead river Wednesday was yesterday ascertained to be Louis, instead of Henry, Tourville. A son of the deceased was up from Munising yesterday, and identified the remains. The coroner's jury held a session, and returned a verdict to the effect that the deceased met his death by accidental drowning. The father of the man is said to reside at Negaunee, and the remains will be taken to Champion for burial.

Want Wall Strengthened—The marshal, mayor and street commissioner have been served with a notice by E. W. MacPherson, land commissioner of the South Shore, complaining that the foundation and rear wall of the Green-wall block on Washington street are in such condition as to be a menace to trains moving in the South Shore cut, at the rear of the property. He calls attention to a city ordinance, passed in 1899, which he holds empowers those officers to require that the foundation and walls be repaired.

Junior Hop Tonight—This evening at Fraternity Hall occurs one of the principal social events of the high school year, the Junior hop. Previous Junior classes have made this function a very enjoyable affair, and the class of 1908 does not intend to allow itself to be outshone. Its committees have made elaborate arrangements for the hop; the hall will be handsomely and appropriately decorated. Friends of the class have shown much interest and a large attendance is counted on. Lunch and other refreshments will be served. The ideal orchestra will furnish the music.

Field Sells Interests—F. R. Field, who has been conducting lumbering operations at Antlers, in the northern part of the county, the past year and a half, has sold out his interests to E. J. Schweizer of Marquette, C. D. Thompson of Champion and Thomas Cameron of Negaunee. The sale included mill,

## NEW POSTAL LAW.

Postal Record for April Gives Interpretation of Its Provisions.

Mail carriers in this region have been much interested in an interpretation of the new law providing for an increase in pay for the letter carriers and postal clerks given in the issue of the Postal Record for April. After the new law goes into effect on July 1, all postoffices in the country will be divided into two classes, first and second, the dividing line being the amount of gross receipts. All offices having gross receipts under \$40,000 are in the second class and those above that figure will be in the first class. Under this rule, Marquette will be in the second class as the receipts run considerably below that figure.

In both the first and second class offices there shall be six grades of carriers, as follows: First grade, salary, \$600; second grade, salary, \$500; third grade, salary, \$400; fourth grade, salary, \$300; fifth grade, salary, \$200, and sixth grade, salary, \$100. In the first class offices carriers shall be promoted successively to the fifth grade and in second class offices they shall be promoted to the fourth grade office on satisfactory evidence of efficiency during the preceding years.

According to the interpretation of the new law, given in the Postal Record for April, carriers in first and second class offices, who are in their first year of service on July 1, 1907, will not be promoted to the next higher grade until the beginning of the quarter following one year's service in the first grade. Carriers in first class offices, who are employed at a salary of \$800, and who will be entitled to promotion during the next fiscal year will be promoted to the fourth grade, and carriers who have been receiving \$1,000 a year for one or more years will be promoted to the \$1,100 grade, beginning July 1, 1907. No promotions whatever will be made to the sixth or \$1,200 grade until after July 1, 1908.

In second class offices it is the intention to continue the carriers who have served less than one year in the \$856 grade at that salary until the expiration of a year's service, when they will be promoted to the \$900 grade. All carriers who have been drawing a salary of \$850 a year for one or more years shall be promoted to the \$900 grade beginning July 1 of this year, and after a year will be promoted to the \$1,000 grade, and all other promotions thereafter will be under the provisions of the new law.

AT THE BOWLING ALLEYS.

The contests in the doubles were started last evening in the tournament at the bowling alleys. Six teams contested, Conklin and Miller leading with a total of 1,118 pins. The scores follow:

## THINK TWICE.

**EPIDEMICS DIVERT BUSINESS.**  
"The recent epidemic of diphtheria and scarlet fever in the city have, it is reported, diverted thousands of dollars' worth of business from Chicago. In order to allay the fears of towns and cities near Chicago, which were said to be considering quarantine measures until the epidemic had passed, Health Commissioner Whalen called a consultation of big commercial interests which resulted in active co-operative measures being taken to prevent the spread of disease and stamping out the epidemic."—From American Carpet & Trade Record, Philadelphia, March 10, 1907.  
There is no greater source of infection than that related to the handling of carpets that are often sold from such homes in infected districts and cities. They as a rule are bought up by the City Rug factories and lend their presence to infect other innocent patrons. In having your rugs made up from old carpets you will avoid all this risk by shipping to a well known sanitary factory that insures you against any chance of this kind we refer to

Petoskey Rug & Carpet Mfg. Co. Ltd., Petoskey, Mich.

## Negaunee Department

**SCHOOL SITE MATTER.**  
Jury Named by Circuit Court Commissioner to Determine Value of Lots.

The committee named some weeks ago by the Negaunee school board to ascertain what lots included in the proposed site for the new high school building could be bought for, and if the prices were considered fair, to close a deal for the purchase of the several properties, was unable to reach an agreement with all but two of the property owners, so the matter has to be settled by court proceedings. The prices demanded in some cases were greatly in excess of what the committee considers the properties worth.

It is expected that Sheriff Rough will be in the city today, to serve notices on the parties interested in the several properties. The hearing in the case will be before a jury appointed by George P. Brown, a circuit court commissioner of the county, at Shea's hall on Tuesday, April 30, at 10 a. m. The public notice relative to the meeting and manner of conducting the hearing, etc., issued by Mr. Brown, is as follows:

"Notice is hereby given, that a petition has been presented to George P. Brown, a circuit court commissioner in and for said county, by and in behalf of School District No. 1, of the city of Negaunee, in said county and state, for a jury to ascertain and determine the just compensation to be made to the owners thereof for the parcels of real estate hereinafter particularly described, which are required by said school district No. 1 for a site for a school house, as alleged in said petition, and also to determine the necessity for taking said real estate for the public purposes above mentioned; and that said petition will be brought on for hearing before George P. Brown, as aforesaid, and said jury, at John Shea's hall in the city of Negaunee, in said county and state, on Tuesday, the 30th day of April, 1907, at 10 o'clock a. m., to then and there determine both the necessity of taking said parcels of land and to determine the just compensation to be made to the owners thereof."

The persons who will be summoned to appear before the jury to cite reasons why they should not be forced to dispose of the several parcels of land, and to determine the value of the properties involved, are Albert J. Bice, Bridget Reidy, Peter Kivela, Mary A. Osier, Mrs. Delina Beaudin, widow, and Arthur Beaudin and Louis Beaudin, heirs of Oliver Beaudin, deceased, Amabel Beaudin, Joseph Beaudin, Napoleon Beaudin, Priscilla Manard, Philomene Riopelle and John Rock.

**Building Operations Delayed.**  
When the taxpayers of the city were asked to vote on the matter of site it was not thought that it would be necessary to resort to court proceedings to obtain possession of the several properties. It was announced at the time that building operations would likely be started early in the spring, but from present indications the summer will be well along before the foundation will be completed. After the hearing has been concluded and the jury decided on a price to be paid for each property the owners will be given a reasonable time in which to vacate. At the conclusion of that time the school board will either have the buildings moved away or torn down. A member of the board said yesterday that the trustees do not intend to force operations with a view to completing the building in time for the opening of the fall term, as was thought might be done if the lots had been acquired without delay. They will do well if they get the building up and ready for occupancy by the first of next year.

## MR. BREITUNG STOOD PAT.

Striking Employes of Mary Charlotte Mine Receive Officials Ultimatum.

A committee selected by the employes of the Mary Charlotte mine, who went out on a strike Tuesday, went to Marquette Wednesday afternoon to consult E. N. Breitung, in the hope of effecting a compromise. The men thought that if they saw Mr. Breitung personally they would perhaps decide to allow them to return to work on an eight-hour basis, but he refused any concessions whatever, advising the committee that his ultimatum had been sent to Superintendent Foley and that he would not deviate from it.

When the members of the committee arrived home from Marquette they were met at the depot by a large delegation of workmen who wanted to learn the particulars of the conference, but the committee had agreed, after seeing Mr. Breitung, not to give the strikers any information until that evening, when a meeting was called. Practically all of the men attended the meeting, and it was reported yesterday that many of them were much displeased because of Mr. Breitung's attitude.

The workmen marched to the mine again yesterday morning, preventing the men who were employed in the shafts from going underground. There are nearly fifty men working in the shafts who are to be continued on eight hours, and it is said that they wish to return to work. However, they made no attempt to go down yesterday morning as it was evident to them that there would be trouble if they did not respect the wishes of the strikers. Sheriff John Rough deputized all of the men who desired to work. Superintendent Foley said yesterday that he would not entertain serious trouble, and that he thought underground work could be resumed Monday. He does not think, however, that the working force will be as large as it was before the walkout, but he believes that a large number of the old hands will be on hand prepared to take their former places. The men were notified yesterday that those who did not wish to resume work under the new plan will be paid off today.

There is much anxiety among the business men over the strike. Some of the workmen say that they do not intend to give up their efforts to secure an eight-hour shift, and that they will not look for employment elsewhere until they are thoroughly satisfied that the officials of the company do not intend to yield to their demands.

## FEBRUARY MORTALITY.

Number of Deaths Exceeds Those of January by 196.

The total number of deaths in Michigan reported for the month of February was 3,331, corresponding to an annual death rate of 17.3 per 1,000 estimated population. This number exceeds that for the month of January by 196, and also exceeds the number reported for February, 1906, by 775. The number is, in fact, the greatest number of deaths returned for any February since the registration law went into effect, with the exception of February, 1880, in which month 3,778 deaths were returned.

There were 624 deaths of infants under one year of age; 194 deaths of children aged one to four years, inclusive, and 1,236 of elderly persons aged sixty-five years and over.

Important causes of deaths were as follows: Pulmonary tuberculosis 245; other forms of tuberculosis, thirty-two; typhoid fever, fifty-one; diphtheria and croup, thirty-eight; scarlet fever, eighteen; measles, twenty-six; whooping cough, twenty-two; pneumonia, thirty; diarrhea and enteritis, under two years, forty-one; meningitis, fifty-two; influenza, 248; cancer, 117; violence, 158.

Considerable increase is shown in the number of deaths returned from tuberculosis, typhoid fever, scarlet fever, measles, whooping cough, pneumonia, and diphtheria.

## SHORT TALKS BY L. T. COOPER.

### CONSTIPATION.

I can tell a person who is constipated on sight. Their complexion is pasty or yellow. Their eyes are dull, and they look feeble and sleepy. No wonder! The bowels are a sewer. They carry away the poisonous refuse. If they don't get the poisonous matter absorbed by the body, and headaches, dullness, bad complexion and eventually serious troubles result.

There is no better rule for good health than that the bowels should move every day at the same hour if possible. Regularity can be acquired by making a habit of this. Foolish people neglect this and when chronic constipation effects them they take pills every few days to force the bowels to perform their natural function. As years go on they require more and more pills. This should be stopped. Cooper's New Discovery will build up the stomach and cause the bowels to act naturally. While taking the medicine get the habit of regularity, then gradually stop taking the medicine.

Here is a sample of letters from those who have tried it:  
"For sixteen years I have suffered from stomach and liver trouble, and chronic constipation. I had frequent headaches and always felt tired and worn out. I read of Cooper's New Discovery and began its use. After I had finished one bottle I was wonderfully improved. Constipation gave way to pleasing regularity of the bowels and I ate better, slept better and felt better than I had for months. It is the greatest medicine I have ever known." Samuel Booren, 1742 Munsey Ave., Scranton Pa.

Our customers who have used them say the Cooper medicines do the work. We sell them.

The People's Drug Store, W. J. Hebbard, Prop., Ishpeming, Mich.

# Danderine

GREW MISS LEWIS' HAIR

AND WE CAN

## PROVE IT

The Great Danderine Never Fails to Produce the Desired Results

MISS Lewis' hair was very thin and it was less than two feet in length when she began using Danderine. She says her hair and scalp are now fairly teeming with new life and vigor. That's the main secret of this great remedy's success as a hair grower. It enlivena, invigorates and fairly electrifies the hair glands and tissues of the scalp, causing unusual and unheard-of activity on the part of these two most important organs, resulting in a strenuous and continuous growth of the hair.

The following is a reproduction of Miss Lewis' last letter:

January 3, 1905.  
Dear Doctor Knowlton:—  
You know I told you in my first letter that my hair would not reach much below my shoulders, and that all of it together only made one tiny braid.  
I am sending you my photograph, which I had taken at Stevens Bros. It tells the whole story better than I can tell it. Everybody I know is using Danderine, so you see I am doing something to show my appreciation.  
Sincerely yours, (Miss) EVA LEWIS.

Danderine makes the scalp healthy and fertile and keeps it so. It is the greatest scalp fertilizer and therefore the greatest hair-producing remedy the world has ever known. It is a natural food and a wholesome medicine for both the hair and scalp. Even a 25c bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

NOW at all druggists in three sizes, 25 cents, 50 cents and \$1. per bottle

**FREE.** To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

Latest Photograph of MISS EVA LEWIS  
2572 Hamilton Avenue, Chicago

## NO DRUNKEN POLICEMEN.

A Negaunee man, now located at Goldfield, Nev., writes friends here that the more he sees of the place the better he likes it, and that the many exciting incidents occurring there from time to time appeal to him. He says that Goldfield now has a population of 20,000 and that indications are favorable for its being much larger three months hence. He said the city has every indication of prosperity and that a great many there are making money in one way or another. He declared that the municipal officers had for a time so much trouble with the members of the police force that now any policeman who gets drunk is immediately discharged and a new man put in his place.

## INDIANS WON FROM PIKERS.

The members of the Indians' bowling team were a trifle cresty yesterday, because of their victory Wednesday over the Pikers. The scores were as follows:

Totals	449	473	460	1384
Indians—				
Mitchell	185	172	145	502
Wasmuth	143	139	174	456
Willman	182	133	151	466
Totals	512	444	470	1426

## GENTLE AND EFFECTIVE.

A well-known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head." Price 25 cents. Sample free at The Stafford Drug Co.

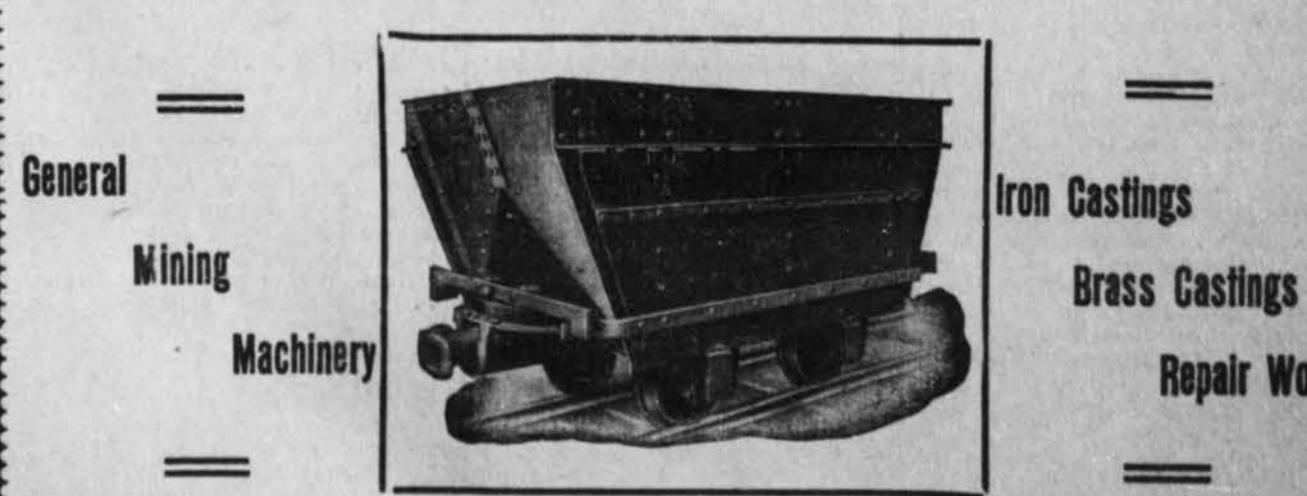

## A WOMAN TELLS HOW TO RELIEVE RHEUMATIC PAINS.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by The Stafford Drug Co.

### EDWARD MCCARTHY DENIED A RECOUNT

WILL APPEAL TO COURTS FOR WRIT OF MANDAMUS REQUIRING COUNCIL TO ACT.

PETITION WAS REJECTED

He Asked for Recount of Votes for Recorder in Second and Fourth Wards—Difference of Opinion Over the Statute That Governs.

The request for a recount of the votes in the Second and Fourth wards on the office of recorder by Edward McCarthy, who on the face of the returns was defeated by Daniel S. Donovan by three votes, was the principal theme of discussion at the council session last evening. The council, acting on an interpretation by City Attorney Hill of the statute under which the request was made, rejected it.

by the inspectors of election, on in the returns made, may, on or before the close of the last day upon which the board of canvassers meet, present to and file with the clerk of such board a written petition setting forth the errors or frauds complained of, and asking for a correction thereof. He shall at the same time deposit with the clerk of said board the sum of ten dollars for each and every township, ward or village referred to in his petition. Upon filing such petition, making such deposit and giving at least twelve hours' written notice thereof to the opposing candidate or it such candidate cannot be found, by leaving such copy at the last place of residence, it shall be the duty of such board of canvassers to proceed to make an investigation of the facts set forth in such petition. (From the above quotation unessential words and phrases are omitted.)

A lawyer not directly interested in the case, asked by The Mining Journal last evening for an opinion, said in substance: "The statute is a remedial statute, designed to furnish the machinery for righting wrongs. Such statutes are usually not interpreted narrowly but broadly. Thus I think a liberal construction might have been put on this statute in the present case. In short, here is an alleged wrong which we assume the council wants to right if facts show it to be a real wrong. It was within the council's power to adjourn until the statutory notice could have been given. Obviously any aggrieved candidate has a right to petition for a recount as long as the aldermen are in session as a board of canvassers."

**Will Go to Courts.**  
Mr. McCarthy asserted last evening that he would go to the courts and felt certain that he could get an order requiring the recount. He believed he had complied with all the requirements, and that the council had acted ill-advisedly in not granting his request. He will probably at once begin further proceedings in the matter.

**Returns Are In.**  
Are Now Being Tabulated in the County Clerk's Office.  
The election returns of the cities and townships of the county have been received by County Clerk Elliott, and are now being tabulated for the canvassing board. The following members have been returned to the board of supervisors, the votes for the opposing candidates being given in townships where there was a contest:

**IN NEW QUARTERS.**  
Paine, Webber & Co. Have Handsome Boston Offices.  
Paine, Webber & Co. Monday of this week occupied their new Boston offices, of which the Boston Financial News speaks as follows:  
"The firm of Paine, Webber & Co. is receiving congratulations from all over the country on the opening of their new offices on the second floor of the Shawmut National Bank building. The new offices are most elaborate and fitted up in excellent taste.  
"The customers' room and board room, together with the executive offices of the company, and also the offices of the Copper Range company occupy the entire floor. The Copper Range offices are on the Devonshire street corner, and contain a laundry office on the Congress street corner.  
"The furniture and the entire fittings of the offices were especially designed and made to order.  
"The rails and all the small furnishings of the offices are made of copper, which is used wherever possible. Mahogany is the wood of which all the interior fittings are made.  
"Including telegraph, telephone and ticker wires, seventy-three separate lines run direct to the offices. One room is devoted entirely to the telegraph department, where connections are had with the principal cities of the country, including Houghton, Calumet, Duluth and as far west as Butte.  
"The switchboard and the mailing department are in one room, and here, too, the company has long distance connection to all parts of the country.  
"Besides numerous telegrams and letters of congratulations there was a handsome floral display. One large piece came from customers of the firm and large shareholders of the Copper Range, and contained a laudatory inscription.  
"It is a noteworthy fact that just about thirty-five years ago Paine, Webber & Co. started business in a small room, just opposite the present new home of the firm.  
"Its virtues have been established for many years, and thousands of people have been made happy by taking Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. The Stafford Drug Co.

**OLD MEN RETAINED.**  
Board of Police Commissioners Met Yesterday Afternoon.  
The board of police commissioners met yesterday afternoon, for the purpose of organizing the force of officers, in accordance with the powers conferred on it by the city charter. As was predicted no changes were made in the present corps. Marshal Manning received the appointment as chief; John Schrandt as deputy marshal; Dennis Hogan as day patrolman and Joseph Remortel, William King, Arthur Hebert, Michael Healey and Charles Carlson as night patrolmen.  
Most of the officers are men of considerable experience, and Dennis Hogan, the day patrolman, has been on the force for two or three generations. He keeps order alone during the day, and is fully capable of doing it. Charles Carlson is the newest member of the force.  
The president of the commission is to be Mayor Robertson, a member ex-officio; the vice president is J. A. Malhot and the recorder is clerk. The board is still engaged in outlining a general system and policy.

**WANTED.**  
An 18-year-old boy to learn press feeding. Good wages and a good chance for promotion to the right kind of a job. None but industrious boys need apply.  
MINING JOURNAL.

**THIS IS WORTH REMEMBERING.**  
We do all kinds of upholstering, and always carry a full line of samples of any furniture house in Chicago, Grand Rapids or Detroit, assuming all risk of breakage and placing the goods in your home. When in need of anything in our line give us a call.  
HAGER BROS. CO., LTD., 118 South Front St.

### TESTS ARE SOON TO BE RESUMED

JUST NOW THERE IS NO PROGRESS TOWARD SOLUTION OF WATER TROUBLE—OUTLOOK FOR YEAR'S WORK.

Through the action of the voters in approving the \$75,000 bonds asked for by the board of fire and water commissioners that body is enabled to raise the money it will need for the proposed improvements in the water system, whenever its plans are so formulated that it can go ahead. The bonding proposition carried by a good majority Monday, but there was a large vote polled against it. Just what actuated the men voting against it cannot be easily understood. Possibly some of them are opposed to the plan of extending the intake, which the board now favors. It is certain, however, that if the issue of bonds had been defeated the board's hands would have been effectually tied, and nothing could have been done to improve the conditions at present surrounding the water supply until the people had been led to reverse the unfavorable vote.

At present nothing is being done to test the water out from the end of the present intake. The experiments have not been completed. Many samples of water were taken through the ice, but many others will have to be taken under varying conditions before the data on which the board will act is complete. F. J. Jennison is the member who has had particular charge of this work and it is expected that it will be resumed after his return to the city from his present trip to Florida.

"It is unlikely that the board will be able to extend the intake this year, or take any other step to materially change the condition surrounding the city's water supply," a man conversant with the situation said yesterday. "If the board were to order pipe for an intake extension today, it is doubtful whether it would be delivered early enough to allow of its being put in this year. It is difficult to get early delivery of any sort of material, and the concern turning out pipe are no exception to the rule. After the pipe is delivered it would be a big task, and one requiring some months, to lay it, as much of the work would have to be done in deep water."

There has been little complaint about the water supply of late weeks. The water has not been impregnated with creosote, or any other foreign material, and has been good to taste. It is now being very generally drunk in the city, and but few people are at the trouble of boiling it. However, there is no reason to expect that the improved conditions are permanent, and it is probable that the first northeast storms will produce another round of complaints.

**IN NEW QUARTERS.**  
Paine, Webber & Co. Have Handsome Boston Offices.  
Paine, Webber & Co. Monday of this week occupied their new Boston offices, of which the Boston Financial News speaks as follows:  
"The firm of Paine, Webber & Co. is receiving congratulations from all over the country on the opening of their new offices on the second floor of the Shawmut National Bank building. The new offices are most elaborate and fitted up in excellent taste.  
"The customers' room and board room, together with the executive offices of the company, and also the offices of the Copper Range company occupy the entire floor. The Copper Range offices are on the Devonshire street corner, and contain a laundry office on the Congress street corner.  
"The furniture and the entire fittings of the offices were especially designed and made to order.  
"The rails and all the small furnishings of the offices are made of copper, which is used wherever possible. Mahogany is the wood of which all the interior fittings are made.  
"Including telegraph, telephone and ticker wires, seventy-three separate lines run direct to the offices. One room is devoted entirely to the telegraph department, where connections are had with the principal cities of the country, including Houghton, Calumet, Duluth and as far west as Butte.

**Sunset Mining and Milling Co.**  
OF Wilcox, Arizona.

This company owns ten claims, or about 200 acres of mineral lands in Cochise County, Arizona, and within one-half mile of the new acquisition to the Calumet & Arizona, the Casey property, for which absolutely undeveloped property the said company paid \$100,000.

The Sunset Mining & Milling Company's property is being rapidly developed under the able and conscientious management of Mine Superintendent George H. Wilson. The ore which is taken out is being shipped to the nearby smelters for treatment and everything indicates that in the near future this will be one of the richest mines in Arizona. Samples of ore from this mine which have been assayed at the Michigan College of Mines by Professor L. S. Austin have shown an ore value of \$134.14 per ton of copper and silver.

A limited amount of stock in this excellent mine is now offered to the public at only 75 cents per share. This offer is good a few days only. For further information apply to:

**O. E. Petterson, Fiscal Agent and Broker**  
Jacka Block. Over Merchants and Miners Bank. Calumet, Mich.

Orders for this stock may also be placed with Gust A. Larson, Druggist, at the People's Drug Store, Marquette, Mich., and the Wallace H. Hopkins' Co., Ispsing, Mich.

Notice—On and after April 10 the price of this stock will be one dollar per share. Do not miss this opportunity to buy while the price is low. Invest now
