

BANK'S HEAD A "PLUNGER"

Speculative Ventures of President Charles C. King Alleged to Have Wrecked the First National of Scotland, South Dakota.

Financier Accused Is Jailed in Chicago on Charges Involving Some \$200,000 of Funds, but He Lays His Arrest to the Spite Work of Enemies—Of \$100,000 of Paper Held by the Institution, It Is Claimed That Less Than One-Third of It Is Good.

Chicago, April 23.—Charles C. King, president of the First National bank of Scotland, S. D., was arrested here today by Deputy United States Marshals Griffiths and Donovan. The arrest was made on information received by the United States district attorney in Chicago from William G. Porter, district attorney at Sioux Falls. The charges against King are misappropriation of funds of the bank in the sum of \$212,277 and of issuing to himself nine certificates of deposit for \$25,000 each and then converting the money to his own use.

King expressed much astonishment at his arrest, and said it was due to spite work of his enemies. He expressed willingness to return to South Dakota without extradition proceedings, and denied vigorously that he had committed any illegal acts while in charge of the bank.

Bank's Affairs Exceedingly Bad. Scotland, S. D., April 23.—The affairs of the failed First National bank of Scotland, the president of which, C. C. King, was arrested in Chicago today, are in exceedingly bad condition. Of the \$100,000 of paper held by the bank, it is claimed that only \$30,000 is good. The stockholders have assessed 100 per cent, but this will net only \$60,000. King is alleged to have lost the funds in speculation. He was considered a plunger. At the time of the failure the bank had deposits of \$105,000.

MISS BRYANT ALIVE. Ypsilanti Normal School Student Found in a Salvation Army Home at Helena, Mont. Helena, Mont., April 23.—Miss Laura Bryant, the Ypsilanti (Mich.) Normal student, whose mysterious disappearance a week ago caused a sensation in Michigan, has been located here. She is at a Salvation Army home, in good health and ready to return home. She is unable to explain her sudden departure from Ypsilanti, unless, as she says, it was due to temporary insanity.

KAISER TO STRENGTHEN HAND. His Artillery and Infantry to Be Re-armed as Quickly as Possible. Berlin, April 23.—During a discussion in the reichstag today of the army appropriation, Minister for War Eimann spoke of the purpose of the government to rearm the field artillery, foot artillery and infantry as quickly as possible. The extraordinary expenses in the army appropriation for 1907 include \$10,250,000 for rebuilding fortresses, against \$5,250,000 for the same purpose in 1906. The minister said that he thought it would be possible to complete the rearming and rebuilding of the fortifications before an outbreak of the war—before these weapons were absolutely required. He had been urged to accelerate these improvements, but he had not done so, as he had full confidence in the power of the army, even without the aid of new arms and reconstructed forts.

FROM KING OSCAR. Envoy Brings Message of Greeting to Swedish-Americans. New York, April 23.—A message of greeting from King Oscar of Sweden to the Swedish-Americans in this country was delivered by Herman Lagererant, the newly appointed Swedish minister to the United States, in the course of a dinner given in his honor tonight. About forty Swedes and Swedish-Americans were present. A personal cablegram received from King Oscar said: "I know that even if you become American citizens on paper, in your hearts you remain loyal Swedes."

BAD OUTBREAK OF PLAGUE. Hundreds of Persons Reported Stricken at Cartagena, Spain. Madrid, April 23.—According to an evening newspaper the ministry for the marine has received a telegram from the captain general at Cartagena, saying that the plague is raging at that port, and that 300 persons have been sent to hospitals.

ASHES COVER A TOWN. Volcanic Eruptions Continue in the Southern Part of Chile. Santiago, Chile, April 23.—Severe volcanic eruptions continue in the southern part of Chile. The town of Valdivia is covered with ashes.

MOORISH AGENTS NAMED. Tangier, April 23.—The sultan has appointed two commissioners to confer with M. Destailleur, French commissioner, for the regulation of the Algerian-Moroccan frontier under the agreement of 1901-02.

TOM LAWSON A DEFENDANT. Damages of \$3,000,000 Asked by the Copper Range Consolidated.

Boston, April 23.—The suit of the Copper Range Consolidated Mining company against Albert C. Burrage, Thos. W. Lawson and others, in which damages aggregating three million dollars are asked, was opened today in the Massachusetts supreme court. Restoration by the defendants is named as the objective of the damages claimed. The case will be heard on its merits.

GETS AFTER THE STANDARD OIL. Kansas State Board Raises Its Assessed Valuation 30 per Cent.

Topeka, Kas., April 23.—The state board of railroad assessors today raised the assessed valuation of the Standard Oil company's property in Kansas 30 per cent over the value returned by the company, or \$30,727,000.

PARTY RATE TICKETS OPEN TO PUBLIC

Washington, April 23.—A far-reaching decision was rendered today by the interstate commerce commission respecting "party rate tickets." Various railroads of the country have been proceeding on the theory that such tickets are applied only to theatrical or amusement companies. The commission holds that the tickets must be open to the use of the general public.

Rate War Squelched. Minneapolis, April 23.—The interstate commerce commission has imperatively stopped the issuance of cheap tickets to Chicago by the "block system" on the part of the Minneapolis & St. Louis railroad. All cheap tickets issued will be withdrawn, and if the rate war continues it will be by another fact. The St. Louis road has accepted the situation, and the larger roads for the time being have won. The ruling will have far-reaching effect on the passenger rate situation.

WILL PROMOTE CAUSE OF PEACE

BRANCH OF THE ASSOCIATION FOR CONCILIATION IS ORGANIZED IN AMERICA.

New York, April 23.—With Mrs. Mary Baker G. Eddy as its American founder, and Andrew Carnegie, Seth Low, Nicholas Murray Butler and other American publicists identified with the movement, the American branch of the Association for Conciliation was organized today. Offices for the American department have been opened at 542 Fifth avenue, and from there a Pan-American peace propaganda will be circulated. With international peace as the subject of its plea, the association aims to secure workers in every national hall of legislation in the cause of peace. The suggestion that Mrs. Eddy become the founder of the American branch was made at the close of a meeting held in the First Church of Christ, Scientist, at Boston, last week, when a conference was held to the interest of the members of that body in the proposed association. Baron DEStourmelles De Constant, a distinguished member of the French senate, and who is the founder and world president of the association, was present at today's meeting. He spoke at some length, saying that the purpose of the organization is to fight for a perfect system of international arbitration.

Andrew Carnegie and D. W. White are honorary presidents of the association, Nicholas Murray Butler is president, Congressman Richard Bartholdt vice president and Robert P. Franks treasurer. A letter which Mrs. Eddy wrote from Concord, N. H., expressed her grateful appreciation and pleaded for peace between the nations, as well as between men. "If I can in this way be of any leading impetus of my life," Mrs. Eddy wrote, "many years have I prayed and labored for the consummation of 'on earth peace, good will toward men.'"

INDUSTRIAL OUTLOOK NEVER SO BRIGHT

HARDLY A CLOUD ANYWHERE, HENCE THERE WILL BE FEW STRIKES MAY 1.

Chicago, April 23.—For the first time in years, May 1 will be ushered in without any serious disturbances in the industrial horizon. This peaceful condition applies not only to Chicago, but to all the large cities throughout the country, according to James Emery, secretary of the Citizens' Industrial association, who was in Chicago today.

"There is hardly a cloud on the industrial horizon anywhere," said Mr. Emery. "Wages are higher than at any time in the history of the country, and in most cities the relations between employer and employee are harmonious. By reports from different associations I am kept in touch with industrial affairs of every part of the country, and I have never seen the outlook so promising. In every instance where working contracts have been renewed, wage increases have been granted, so that May 1 this year will not only bring fewer strikes, but also higher wages than ever before."

MR. ROOSEVELT STANDS GROUND

Holds to His Declaration Placing E. H. Harriman and Moyer and Haywood in the Category of "Undesirable Citizens."

Profoundly Indifferent to Any Condemnation of Himself by Such Types as These, He Replies in Vigorous Terms to a Chicago Protest in Behalf of the Miners' Officials, Denouncing Again in Strenuous Language Their Manner of Life.

Washington, April 23.—In a letter addressed to Honore Jaxon, of Chicago, chairman of the "Cook County Moyer-Haywood conference," made public today, President Roosevelt replies to criticisms of his recent letter in which he referred to Moyer and Haywood, officials of the Western Federation of Miners, charged with implication in the Steunberger murder, but that it was a simple absurdity to suppose that because a man is on trial he is free from criticism as to his manner of life. He said that he might as well be accused of trying to influence the suits against E. H. Harriman, some of whose friends had also criticized him.

Indifferent to Such Condemnation. The president says that Moyer and Haywood stand as the representative of those who habitually appear as guilty of incitement to or apology for bloodshed and violence. He adds that he is profoundly indifferent to the condemnation of him for his criticisms of the undesirable types of citizens, regardless of the power of either labor or capital. His letter follows:

"Dear Sir: I have received your letter of the 18th inst., in which you enclose the draft of a resolution which I had been notified that several delegations bearing similar requests are on the way hither. In the letter, you on behalf of the Cook County Moyer-Haywood conference, protest against certain language I used in a recent letter in which you assert to be designed to influence the course of justice in the case of the trial for murder of Moyer and Haywood. I entirely agree with you that it is improper to use in a public trial, or in any similar manner, and I have regretted most deeply the action of such organizations as your own in undertaking to accomplish this very result in the very case of which you speak. "For instance, your letter is headed 'Cook County Moyer-Haywood-Pettibone conference,' with the headlines: 'Death cannot, will not and shall not claim our brothers.' This shows that you and your associates are not demanding a fair trial, or are working for a fair trial, but are announcing in advance that the verdict shall be only one way, and that you will not tolerate any other verdict. Such action is flagrant in its impropriety, and I join heartily in condemning it. "But it is a simple absurdity to suppose that because any man is on trial for a given offense he is therefore to be freed from all criticisms upon his general conduct and manner in life. In my letter to which you object I referred to certain prominent personages, Mr. Harriman, on one hand, and to Moyer, Haywood and Debs, on the other, as being equally undesirable citizens. "It is as foolish to assert that this was designed to influence the trial of Moyer and Haywood as it is to assert that it was designed to influence the trial of Harriman. I neither expressed nor indicated any opinion as to whether Moyer and Haywood were guilty of the murder of Governor Steunberger, or whether they are guilty, they certainly ought to be punished. If they are not guilty, they certainly ought not to be punished. "But no possible outcome, either of the trial or the suits, can affect my judgment as to the undesirability of the type of citizenship of those whom I mentioned. Moyer, Haywood and Debs stand as the representatives of those men who have done as much to discredit the labor movement as the worst speculative financiers or most unscrupulous employers of labor and debauchers of legislation have done to discredit honest capitalists and fair-dealing business men. "They stand the representatives of those men who by their public utterances and manifestoes, by the utterances of their papers they contrive to inspire and by words and deeds of those associated with or subordinated to them, habitually appear as guilty of incitement to or apology for bloodshed and violence. "If this does not constitute an undesirable citizenship, then there can never be any undesirable citizens. The men whom I denounce represent men who have abandoned that legitimate movement for the uplifting of labor with which I have the most hearty sympathy; they have adopted practices which cut them off from those who lead this legitimate movement. In every way I shall support law-abiding and upright representatives of labor, and in no way can I better support them than by drawing the sharpest possible line between them, on

TAFT CONFERS WITH ROOSEVELT

Has a Free Discussion of Two Hours With the President, in Which Political Developments Have Important Part.

What Plans the Secretary Will Follow Are Not Disclosed, nor Does He Desire at This Time to Make Answer to Foraker's Challenge, but It Is Settled That After a Few Addresses in Ohio and Other States He Will Sail for Manila in September.

Washington, April 23.—Returning to Washington after a month's absence, Secretary Taft resumed his routine duties at the war department today. The fact that it was cabinet day made it necessary for him to cut short the time allowed to callers. The newspaper men wanted to learn just what the secretary intended to do in answer to the challenge Senator Foraker has issued in regard to the contest in Ohio. The secretary frankly told the reporters that he was under the disadvantage of a considerable absence from the country, with only scanty news of the important political events that had occurred. He did not feel under the circumstances that it was proper for him to make any kind of a statement as to his political opinions and plans. One point developed in the course of his talk with the newspaper men that might be regarded as significant in view of the fact that it has been reported that he had intended to canvass his proposed Philippine trip in order to go on the stump in Ohio. Replying to a direct inquiry, Mr. Taft stated his intention to sail for the Philippines about Sept. 1 next. This statement was made, too, after the secretary had spent nearly two hours in close conference with the president.

After the cabinet meeting Mr. Taft remained at the White House for luncheon, and the time was spent in a free discussion, not only of the secretary's observations on his Southern trip, but of the political developments here in his absence and of the policies to be pursued in the future. What the plans are for the secretary's trip to the Philippines was discussed. The secretary said that he intended to go to Ohio next Friday and would make three speeches in that state, but none of these would be in any sense political.

BASEBALL

Table with columns: National League, American League, TODAY'S SCHEDULED GAMES, GAMES PLAYED YESTERDAY. Lists teams like Chicago, Philadelphia, Pittsburgh, Cincinnati, St. Louis, Boston, Brooklyn, New York, Cleveland, Detroit, Washington, St. Louis.

MANY PASSENGERS INJURED. Great Northern Train Badly Wrecked by a Broken Rail.

Minot, N. D., April 23.—Twelve persons were seriously injured and a dozen more or less badly hurt in the wreck of a Great Northern passenger train a mile east of Blaisdell last night, caused by a broken rail. The baggage, express and mail cars, smoker, day coach and tourist sleeper were hurled into a ditch, where they lay on their sides.

BLIZZARD IN MONTANA.

Missoula, Mont., April 23.—Western Montana is experiencing a severe blizzard tonight, and snow is falling rapidly. On the Flathead Indian reservation the snow is already six inches deep.

PROSECUTED MRS. MAYBRICK.

London, April 23.—The death is announced of Judge John Edmund Wentworth Addison. He was prosecuting counsel in the famous Maybrick case.

BEACH IS STREWN WITH WRECKAGE

LAKE MICHIGAN BARGE ARCADIA GIVEN UP FOR LOST WITH FOURTEEN PERSONS ABOARD. Manistee, Mich., April 23.—The wooden lumber barge Arcadia, which left here April 12 for Two Rivers with a cargo of hardwood, undoubtedly has been lost in Lake Michigan with her captain and owner, Harry May, his wife, and about twelve other persons. Marine men have given her up as lost and would not be surprised to hear that her wreck was caused by a boiler explosion.

GOVERNOR'S MOTHER DEAD.

Lincoln, Neb., April 23.—Mrs. Lawson Sheldon, mother of Governor Sheldon, died at her home at Nehawka this evening, aged seventy-three.

FIRE AT TOULON IS DISASTROUS

ARSENAL DAMAGED MANY MILLION FRANCS AND FORTY WORKMEN INJURED. Toulon, April 23.—Injuries to forty workmen and damage amounting to many million francs resulted from the fire which broke out at the arsenal of the midnight last night. Those injured were caught beneath the falling walls of store houses. Large bodies of soldiers and sailors, after a heroic fight, subdued the flames.

FEARFUL HAVOC IN NEW YORK. MORE WARSHIPS FOR FAR EAST. Cruisers New York and St. Louis Are Ordered to the Pacific.

Washington, April 23.—The armored cruiser New York, now nearing the completion of her reconstruction in the Boston navy yard, and the armored cruiser St. Louis have been ordered to the Pacific to replace the protected cruiser Chicago and the gunboat Yorktown of the Pacific fleet, while the cruisers Denver and Cleveland, at present in the sixth division of the Atlantic fleet, will, on the termination of their forthcoming visit to the Fulton celebration at Bordeaux, France, proceed to the Asiatic station to re-enforce the already extensive fleet in those waters. The New York, which is nearly completed at Boston, may go to the Pacific under a new name, in order to permit the president to honor the state of Texas by naming one of the two great battleships in the Dreadnought class, recently authorized by congress, after this state. In that event, the impression is that the New York will be renamed the Trenton. The other great battleship may be named the Texas, thus giving to these ships the names of the state of greatest population and the state of the greatest area. The present battleships Texas is now almost obsolete, and naval officers alight says smile when they refer to the fact that the smallest battleship in the navy bears the name of the biggest state, while one of the biggest of the new vessels is named after Rhode Island, the smallest of the states.

In order to provide an adequate number of flag officers for the Pacific fleet, the navy department will also send an additional rear admiral to Manila, to take over the command of the Philippine squadron. This officer, it is said at the navy yard, is to be Rear Admiral Hemphill, who for many years was the captain of the Brooklyn navy yard.

FAST BOAT AT LOS ANGELES. Make Twin Sullivan Gains the Decision Over Honey Melody.

Los Angeles, Cal., April 23.—Mike "Twin" Sullivan was given the decision over "Honey" Melody at the end of twenty fast rounds tonight. At all stages Sullivan showed unmistakable superiority, and he outgeneraled Melody in fighting. Melody's tactics were confined to rushes generally ending in clinches where Sullivan used right upper cuts and short hard jabs to the face with telling effect. Melody took a world of punishment, and although at several stages of the fight he seemed staggered by the stiff rights to the face he came back fighting.

STATE-WIDE LID IS ON IN KANSAS

Agents of Foreign Liquor Concerns to Be Driven Out on the Strength of a Decision by the United States Supreme Court.

Prohibitory Law Upheld, Attorney General Prepares to Push His Crusade to an Active Conclusion—Will Use Militia if Necessary—Brewing Companies Are Enjoined and Property May Be Sold to Realize Costs and Damages Due the Commonwealth.

Kansas City, Kas., April 23.—Representatives of foreign liquor concerns who solicit business in Kansas are to be driven from the state on the strength of a recent decision of the United States supreme court, which held to be constitutional the law making it a misdemeanor, punishable by fine and imprisonment, to solicit orders for intoxicating liquors within the state.

Crusade to Be Pushed.

Topeka, Kas., April 23.—Attorney General Jackson, by securing an injunction against nine foreign brewing companies to prevent their owning property and operating saloons, and in obtaining an order for the appointment of receivers for the brewers' property, has taken the most effective measure ever invoked to enforce the prohibitory law in Kansas. He intends to push his crusade to an active conclusion, and today in an interview said: "When the receiver is named he will proceed to locate and take under his control all the property of the defendants found in the state. Any attempt to conceal the sale of liquors will place the defendants and all their participating agents at any place in the state in contempt of the supreme court. "The property will be sold, and out of the proceeds the court will pay all the costs and damages due the state. If it is necessary to send militia to enforce the order, the defendants will pay the bill. It will not be necessary to do this, however."

\$1,000,000 GIFT. Philadelphia Woman Gives That Sum for the Education of Negroes in the South.

Philadelphia, April 23.—The announcement of a gift of \$1,000,000 by Miss Anna T. Jeanes, of Philadelphia, for the education of negroes in rudimentary schools throughout the South, was made here tonight. Booker T. Washington and Hollis Burke Frissell are to be the trustees.

READY FOR FOREIGN SHIPS. Great Fleet of War Vessels Assembled in Hampton Roads.

Norfolk, Va., April 23.—The greatest fleet of American war vessels ever assembled in the history of the waters of Hampton Roads—three hundred and thirty-ton in all—was made ready today to receive the first of the visiting foreign battleships and cruisers which are from time to time to take part in the celebrations which will mark the progress of the Jamestown centennial exposition. For the opening of the exposition—Friday, the 26th—war vessels of Great Britain, Germany and Austria are expected. One visiting German ironclad—the Bremen—is already in the roadstead, awaiting the arrival of the Roon, a big armored cruiser. The United States fleet has been so arranged so as to give visitors to the exposition the best possible opportunity for viewing the fighting strength of the American navy.

BIG ORDER FOR STEEL RAILS. Pennsylvania Road to Contract for 153,000 Tons for 1908 Delivery.

Pittsburg, April 23.—Contracts for 153,000 tons of steel rails, valued at \$4,200,000 and for 1908 delivery will be awarded by the Pennsylvania railroad within a short time, according to advices received here tonight.

IN HANDS OF A RECEIVER. Kansas City, April 23.—J. C. O. Morse, receiver of the Uncle Sam Oil company, took charge of affairs at the company's general offices in Kansas City, Kas., today. After making an investigation of the details of the business here, Mr. Morse will inspect the company's property in southern Kansas and Indian Territory.

PEACE ARRANGED AT LODZ. Lodz, Russian Poland, April 23.—The various labor parties and fighting organizations of this city have concluded peace, and as a result the murders and assaults of the past few weeks probably will end.

CORTELYOU'S ASSISTANT. Washington, April 23.—Beekman Winthrop, during the last three years governor of Porto Rico, today took oath of office as assistant secretary of the treasury.

TODAY'S WEATHER. Washington, April 23.—The following is the weather bureau's forecast for Upper Michigan: Fair Wednesday and Thursday; light to fresh northwest winds.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00; For year, by mail, \$10.00.

MARQUETTE, MICH., APRIL 24.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

What has the president ever done to Editor Graves, anyway?

In Ohio it promises to be a case of the survival of the fittest fighter.

By the way, what is the present status of the Escanaba slot machines?

His emphatic declaration was hardly necessary to show the public where Associate Boss Dick stood.

The plan of forcing Senator Foraker's hand is unexceptional, provided the senator doesn't hold a royal flush.

Whenever a sporting writer gets hard pressed for material he simply remakes the International Hockey League.

Experience has shown that election recounts are nine times out of ten futile. The lesson taught by experience was strengthened here Monday.

Now that the Minnesota legislature has determined that there is too much aqua pura in Minnesota railroads, what does it propose to do about it?

Let the members of the Republican state central committee not fail to observe the president's great interest in the candidacy of Secretary Taft.

The South Shore proposes to confer a great boon on the traveling public. It plans to keep the Sunday night crowds off the platform of the Ishpeming station.

Presently Marquette and Escanaba will be able to compare notes to ascertain which is the greatest public calamity—two bands, or three orchestras, at loggerheads.

In the spring the young man's fancy lightly turns to thoughts of baseball; and now that the last lingering traces of our April blizzards have melted away, he can let 'em turn without appearing ridiculous.

The recount on the office of recorder in two wards this spring was attended by the same sort of results that accompanied the recount on the office of mayor.

SUPERIOR TRUST COMPANY

HANCOCK, MICHIGAN

Capital - \$150,000

This company is under the supervision of the state banking department and is authorized by the law to act as executor, administrator, guardian, assignee, receiver or trustee.

C. A. WRIGHT, Pres. JACOB BAER, Vice Pres. M. C. GETCHELL, Secy.

or last spring. The average election board in Marquette appears to be so careless and inefficient that its first returns are little better than an approximately close guess at the result. The conclusion is obvious. The boards ought to be relieved of the necessity of counting paper ballots, which appear to be too confusing for them. Voting machines will turn the trick.

District Attorney Jerome will fight to the utmost any attempt to take the Thaw case away from his jurisdiction. His professional pride must be aroused. Ordinarily one would expect that he would be glad to see the last of it.

The contest over the recordership is at an end. The gain showed for Recorder Donovan by the recount was of such proportions as not to encourage the appeal to the courts that might be expected there the margin smaller. The people of Marquette now hope that they have seen the last recount that will arise to complicate election results for many years to come.

A change affecting two upper peninsula newspapers has been announced by the Hancock Journal. W. F. Traves, for six years editor of the Journal, will take the editorial management of the Menominee Herald-Leader, Rodger M. Andrews' paper, and will be succeeded on the Journal by G. A. Sheard, who has been in charge of its Hancock department. Mr. Traves is a good writer and a conscientious worker. His management of the Journal has been dignified and courteous to his copperhead contemporaries, whose best wishes follow him to his new field. Mr. Sheard is said to fully measure up to his new position, and is expected to make an undoubted success of the editorial management of the Journal.

Escanaba has one credit mark coming. The city council has taken a step towards safe and sane elections by purchasing voting machines. They were tested in a recent election, when both city and state tickets were voted on them. The machines gave satisfaction and there was a heavy vote favorable to a purchase. At a subsequent meeting, the council decided to allow the matter to remain open for the time being, but Monday night voted to purchase forthwith. Escanaba and Iron Mountain are two upper peninsula cities that have adopted machine voting since the first of this month. Time is not far distant when the old method of voting will be the exception, rather than the rule, north of the straits.

From all that The Mining Journal can learn, R. H. Shields, state Republican committeeman, hits the situation off correctly when he says that the upper peninsula is for Roosevelt. Roosevelt sentiment was never stronger among the rank and file of voters, and it is not confined to the rank and file. The wheel horses, many of them, in this matter are in sympathy with the voter in the ranks, and those not in sympathy are hardly emboldened to show their hands. If it comes to a showdown, and if there is unhampered opportunity to make it effective, average sentiment in this region will favor what the president wants in 1908. It will endorse his record of achievement and his program for the future, and want to cast its vote for some man who can be trusted to continue the Roosevelt traditions in public life.

That the benefits of the municipal lighting service are enjoyed by all classes of people, even the humblest, is shown by the fact that 305 consumers were benefited by the reduction of the minimum charge from \$1 to fifty cents. The bills of that number of customers ran under \$1. It is a comparatively humble home that can get along on less than \$1 spent for electric light. Kerosene oil would cost in the neighborhood of \$1 for a month, if any light to speak of was used. The first cost of installing electric lights in small homes is reasonable, and figures show that the subsequent cost of the service is more than reasonable. The convenience it affords is within reach of the humblest household at little or no greater cost than that for comparatively poor lighting by lamps. Small householders not now using the electrical service should hasten to take advantage of the opportunity the city affords them.

Negaunee can no longer be a by-word for municipal sleepy-headedness. The new Negaunee is decidedly up on its toes, and wideawake. Its board of public works is making a good showing with its municipal lighting plant and is building good streets. Modern methods have been introduced in the conduct of public business. And Negaunee's building program is a pretentious one. It is planning the erection of a new high school the expenditures on which, including the cost of the site and the furnishings, will be \$100,000 or more. It proposes to provide a new fire hall, and now a new city hall is suggested. Negaunee is experiencing a healthy growth and facilities sufficient for the public business a few years ago are being rapidly outgrown. Under the circumstances it is gratifying to notice that Negaunee's taxpayers are public spirited enough to be willing to spend money to keep the town in the class where it belongs.

SECRETARY TAFT'S PROGRAM. Much definite and interesting information was contained in the Washington story in the press dispatches yesterday in regard to Secretary Taft's program for combating Senator Foraker in Ohio. It showed that Secretary Taft is alive to the situation and is not afraid to meet the issue. Indeed it is made to appear that it is to be much more clearly defined than would have been the case had a compromise suggested by some of the secretary's friends, and tentatively agreed to by Senators Foraker and Dick, been adopted. By the terms of this compromise Foraker was to have the senatorship for another term and Taft was to get the Ohio delegation to the 1908 convention. But the secretary is represented as having put his veto on this agreement and as having insisted that the Ohio contest be carried out on its merits, without any understanding as to the division of the spoils. He seems to prefer a situation in which either he or Senator Foraker must be eliminated from major politics. His stand speaks for his courage, if not for his confidence in the outcome.

We are informed that the secretary will pay his projected visit to the Philippines. This is an admirable decision. The country would have hated to have seen him turn aside entirely from the Philippines to devote all his spare time to his political fortunes. But he is not to sail for our eastern possessions without making it clear that he is a candidate for the presidency. Three speeches are planned for the state of Ohio, in which we can expect the secretary to speak out in no uncertain voice, and if necessary they will be supplemented by other speeches before he sails for Manila.

Mr. Taft will appear in Ohio, and elsewhere, as a defender of the Roosevelt administration. He will uphold its accomplishments and ideals. On this score

he will, it is promised, be emphatic. There will be no extending of the olive branch to the so-called "reactionaries." No attempt will be made to obscure the fact that there is to be a line up of administration and anti-administration forces. On the contrary, it will be made clear that "the administration" is the predominant issue. Mr. Taft will be the administration man, and will appeal for the Roosevelt support on the grounds that he is particularly acceptable to Roosevelt and is prepared to carry out the Roosevelt program. All this may not be said in as many words, but it will be made sufficiently clear.

It is further contemplated as a part of the Roosevelt-Taft program that a fight shall be opened up on Senator Foraker with the idea of preventing his re-election to the senate. A number of candidates will be produced, to one of whom, we are left to infer, the administration strength will be thrown when the proper time comes. War is to be carried deep into the enemies' camp, it appears.

There is an authoritative ring to all this late news from Washington, and it doubtless outlines with a fair degree of accuracy the administration program. Certainly it outlines Secretary Taft's plans. No undue coercion of the Ohio voter is planned. He will be appealed to as an impartial judge between the two factions, and can arrive at his own conclusions. But Ohio will be a battlefield of first magnitude in the meantime, and some big political reputations are doomed to be hopelessly blasted.

"What shall we have for breakfast?" "Why Cudahy's Peacock Ham and Eggs of course; they are always acceptable, especially at this season of the year." (11-27-eod)

H. E. BITTNER - Marquette

City Brevities

Today's weather: Generally fair; stationary temperature.
 Yesterday's temperatures: Seven a. m., 40 degrees; noon, 28; 7 p. m., 32. Maximum, 43 degrees; minimum, 32.

Peter Crowley, of Hancock, spent yesterday in the city.
 J. P. Kennedy, of Escanaba, was in Marquette yesterday.
 Victor Anderson, of Ishpeming, was a Marquette visitor yesterday.
 Maurice Kelley, of Negaunee, spent yesterday in Marquette.
 Born Monday, to Mr. and Mrs. James Fagen, Prospect street, a daughter.
 S. S. Saaka, of Crystal Falls, was the guest of Marquette friends yesterday.
 Miss Nellie Ayoite has returned to Ishpeming, after a visit with Marquette friends.
 Mrs. J. Dexter McCann left last night for Marinette, Wis., and Chicago, on a short business trip.
 George P. Meyers, of the U. S. Standard Voting Machine company, is in the city, for a few days' visit.
 Harry Soady, of Iron Mountain, representing the Rand Drill company, is a Marquette visitor.
 Miss Matilda Curley, of Negaunee, returned home yesterday, after a visit with Marquette friends.
 Miss Genevieve Dana, of Fond du Lac, Wis., has returned to the city after a three weeks' visit in Calumet and Ishpeming.
 St. Agnes court of Foresters will give a dance at Keough's hall Thursday evening. May & Sweet's orchestra will furnish the music.
 The Woman's Christian Temperance union will meet with Mrs. Maywood, at the Methodist parsonage, this afternoon at 2:30 o'clock.
 John Jones, receiver of the local land office, has been called to Detroit with the government records, to appear as a witness in a case involving the title to some Indian lands.
 Leave for Kokomo, Col.—James Russell, accompanied by E. C. Anthony of Negaunee, left last evening for Kokomo, Col., to visit the Kimberley-Wildley mines. Mr. Russell will also look after business matters for the company at Denver. They will be absent for about ten days.
 Escanaba Buys Machines—George W. Blake, of the Abbott Voting Machine company, informs The Mining Journal that Monday evening the Escanaba council decided to purchase an equipment of Abbott machines for the several wards in that city. They were used in the spring election, when both city and state tickets were voted on them, and the people voted strongly in favor of a purchase.
 Handsome Work on Canada—Through the courtesy of Charles A. Laurier, local agent of the Canadian government, The Mining Journal has received a very handsome work of about 175 pages, entitled "Canada." The book is printed on heavy, hard-finish paper, is excellently bound and profusely illustrated in colors, embodying most of the historic sites and natural wonders of the great English possession. The tinting on many of the pictures is such as to class them as real works of art.
 Three Miles in Twenty Minutes—Lambros D. Lambrahis, the Greek runner, started to condition himself yesterday. He went out to Presque Isle on the street cars and made the distance to the city, about three miles, in twenty minutes. Several Marquette young men started to accompany him on the run to town, but all dropped out before half a mile had been covered, and made the balance of the trip by car. Considering the character of the roads and the fact that Mr. Lambrahis has not as yet hardened to the work, the time was excellent.
 Receives New Car—J. E. Ball yesterday received a new Winton motor car, had it unloaded and placed in commission. The car greatly resembles the one driven by Mr. Ball last year, being finished in the same color and having the same general lines. However, it is a much larger car, accommodating seven persons comfortably, two in the front seat and five in the tonneau. It is equipped with a forty-horsepower motor and on a good stretch of road will develop the speed of an express train. It is the first of a number of new machines that will be used in Marquette this year.
 Prepare to Install Machinery—The Michigan Marble company will begin the quarrying of Verde Antique at the quarry six miles northwest of Ishpeming just as soon as the weather will permit the installing of the machinery. In spite of the warm sun of the past few days the quarrying operations are still in a very bad condition. A Marquette man interested in the quarry attempted to reach it the other day with a horse and cutter and the animal slipped and broke a leg. A deal has been closed for the necessary machinery and work will be pushed as rapidly as possible. Dan Case has gone to Detroit to complete the details, and is expected to return in a few days.
 Spar Cost \$1,000—A piece of satin spar, about the size of the palm of a man's hand, once cost Attorney S. W. Shaul \$1,000. Mr. Shaul still has the satin spar. He says that whenever he is inclined to embark in a venture that promises well but involves big risks he picks up the spar and looks it over. It always prevents him from becoming too sanguine. The spar is a piece of high grade gypsum. The man who found it located vast quantities on the Moose river, in the Hudson bay district. The discoverer thought that it was mica, and so did Mr. Shaul. Mica was worth from \$10 to \$12 a pound. Mr. Shaul paid the expenses of an exploring party and spent \$1,000 in exploiting the discovery only to find that he had been "gold-bricked."
 Must Have Bonds by Monday—Saloonkeepers who intend to take out licenses for the ensuing year should see to it that their bonds are filed with the city recorder prior to the council meeting Monday evening. Under the statute bonds are hereby given to every saloonkeeper and it is taken that the signers are men who can qualify in the required amount. There are at present forty-five saloons in Marquette, but this number promises to be slightly increased during the year as the Leisen & Hemes brewery, of Menominee, has already contracted for one site, and the

Menominee River brewery of the same city, is reported to be likewise planning an invasion.

Committee's Report Accepted—Immediately subsequent to the conclusion of the canvass on the vote on recorder in the Second and Fourth wards at the recorder's office Monday evening, the council was reconvened and unanimously accepted the report showing Mr. Donovan to have a total majority on the recount of twenty-two votes. The council at its 8:30 o'clock session had taken a recess until yesterday afternoon at 2 o'clock, but as a quorum had remained to learn the result of the recount it was decided to hold the final session and pass on the report the same evening. Mr. McCarthy's only statement subsequent to the announcement of the result was that Mr. McKnight, counsel for Mr. Donovan, had been allowed to make a verbal protest against a recount in the Second and Fourth wards and that the same had been entered on the minutes by the recorder, while a petition from himself, filed with the recorder protesting against the granting of the petition by Mr. Donovan asking for a recount in the First and Fifth wards, had been ignored.

BOWLING SCORES.

The following are the scores of the first five games in a fifteen-game contest, total pins to count, between Foard, Van Iderstine and Miller:

Foard.	Miller.	Van Iderstine.
187	157	198
150	150	139
151	170	161
189	191	170
203	203	233
880	871	921

The first two games in the pair tournament for this week resulted as follows:

	Tot.
Elliott	132 172 139 176 169 788
H. O. Bell	245 182 232 160 178 997
Totals	1785
	Tot.

Dunster	149 237 159 161 201 907
Kleinfeld	125 125 214 146 184 794
Totals	1701

Games to be played: Wednesday, Stafford and Anderson; Conklin and Miller vs. Foard and Godwin; Thursday, Jenks and Van Iderstine vs. Foley and Werner.

MR. KILLGORE ON WISDOM.

At the Baptist church last evening, Dr. Killgore preached a sermon on the words of Ecclesiastes, "Wisdom is better than weapons of war, but one sinner destroyeth much good."
 Those who foolishly waste their time, especially in long hours at the card table, were handled without gloves. There is too much to learn for any sensible person to do this. The search for wisdom is better. In an age when the facilities for the acquisition of knowledge are so great, why make one's self so little? The speaker compared such people with little red ants.
 The Bible of all books requires intelligence in its reading and application. While nothing could be simpler, and a child may understand it, yet if words are wrenched from their connection, the most contradictory statements may be found. As for example, the assertions of evil men are reported in the Bible, only to show their falsity. The record is true, but such assertions are false.
 Illustrating the point that "one sinner destroyeth much good," Dr. Killgore told of how the drunkenness of a brick mason had brought want and suffering to his family. His little girl in rags was told by the well-dressed child of a neighbor that a certain saloon keeper had all her fine clothes in a beer barrel. The father of the other had said this, and the child innocently repeated it. Thereupon the little girl ran to the saloon keeper and reported what she had heard. He was ordering her out, when the half drunk father arose from a table and said, "Don't put out that little girl, for she speaks the truth." Shamed by her words he went out with her to give up drink, and walk in the path of wisdom.
 These union evangelistic meetings will continue throughout the week, each evening at 7:30.

Mandy-Hives and other blotches are supposed to be caused by an acid stomach. A simple remedy and one that is very effective is Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. The Stafford Drug Co.

BAD FIRE AT MENOMINEE.

The Methodist Episcopal church at Menominee was totally destroyed by fire Monday. A high wind spread the flames to the Baptist church, partially destroying it, and the residence of Dr. Phillips, three blocks away, caught fire from flying cinders, causing considerable loss. The Marquette fire department was called to assist the local department. The falling steeple injured two men. Fireman Connors was severely hurt. Sam Cearloss was carried from the burning mass to the hospital. A flying cinder set fire to the garments of a young woman spectator, severely burning her about the hands and face. The loss caused by the fire is partially covered by insurance. The origin of the blaze is unknown.

DOLLARS BURNED.

It amounts to that or \$2.50 saved by using Pea Coal at \$5.00 per ton. It will hold fire in your furnace longer than any other fuel. Jas. Pickands & Co. Ltd. Both Phones No. 90. (3-22-4)

XTRAGOOD

This is an attractive group because of the clothes the boys are wearing. The boy on the left has on a Norfolk suit with Knickerbocker pants, ages 8 to 17; the next child a Russian, ages 3 to 8; the next the popular blouse suit, ages 3 to 10; the boy on the right a D. B. Jacket and Pant, ages 7 to 17.

In selecting Children's Clothes you want the best quality at a fair price. With us quality is more than an advertising term. It means clothing that at every point, from one end to the other has the utmost value of material and workmanship. It's the XTRAGOOD kind.

SEE WEST WINDOW.

We've lots of snappy long pant suits for the older boys, ages 16 to 21, at..... **\$8.50 up to \$16.00**

Cobalt Gossip

A Cobalt wire says: A rich strike was made at the Cobalt Central (Big Pete) today. In drifting a vein running eight inches was struck, which shows rich in silver.

At the Threwey ninety men are at work and stopping is being done on the main veins. Cobalt and taking steps to erect a concentrator was considered. E. P. Earle was re-elected president of the company.

Five drifts, varying from sixty to thirty-eight feet, have been driven into the face of Devil's rock, the 290-foot precipice on the shore of Lake Temiskaming, opposite Wright's mine.

It is reported that an assay from the Holmes claim, on Larder lake, from ore taken from the surface, yielded 400 ounces in gold to the ton, valued at \$8,000, and \$8.40 in silver.

The opinion is expressed that Toronto people have already put over \$200,000 cash into Larder Lake propositions. This is surprising considering that not an ounce of ore has yet been shipped out of the country.

The City of Cobalt Mining company has twelve men at work trenching and stripping. Just south of the Nancy Helen a good silver vein one and one-half inches wide, has been located, and a shaft will be sunk on this spot.

The Jacobs mine has so far paid out \$210,000 in dividends. This is more than the cost of the property, the plan and the development work already done.

The Lucky Strike is the latest Cobalt flotation. The company will have 1,200 acres. The claims are located in the townships of Otto, Coleman and Lorraine and the Temagami reserve.

Late Cobalt advices are that twenty feet north of the line between the Buffalo and the property of the Cobalt Township Mining company, and on the Buffalo location, a rich silver vein has been discovered.

At a depth of seventy feet at the Foster, the most important vein which the property has so far disclosed has been attacked by drifts at both ends.

tance of ninety-four feet from the shaft. Eight inches of smaltite was first disclosed, and native silver was found a short distance further.

At a recent meeting of the Nipissing directors, it is stated, the advisability of leasing a part of the company's territory at Cobalt, and taking steps to erect a concentrator was considered.

The recent strike at the Nova Scotia appears to be one of much importance. In the next three weeks will retire \$175,000 worth of its outstanding issue of 6 per cent bonds.

The Dominion Copper company with- in the next three weeks will retire \$175,000 worth of its outstanding issue of 6 per cent bonds.

The main shaft of the East Butte Cop- per Mining company has broken through the iron formation at the 800-foot level into copper glance.

There has been a general get-away of steamers from Duluth for the Soo, al- though the head-of-the-lakes has not been notified that the Soo canals are open.

Duluth and Superior are nearing a coal famine, as the docks have been practically stripped of coal.

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science.

DID GIANTS ONCE LIVE IN AMERICA?

SKULL EXHIBITED IN MARQUETTE A STRONG ARGUMENT IN FAVOR OF THE CONTENTION OF THEIR EXISTENCE.

George D. McLeod, a representative of a Chicago dental supply house, who was a guest at the Brunswick yesterday, has with him a rather gressive exhibit which he claims established beyond all question that this country was once inhabited by a race of giants.

Mr. McLeod secured the skull while on a recent visit to Albuquerque, New Mexico, where he is interested in ranch properties. Just north of the city, at the base of a line of low hills, is a stretch of sandy soil which was at one time utilized by some race of aborigines as a graveyard.

Another thing of which I am confident is that they were sun worshippers. All are buried in a sitting position, with their faces toward the east. I think that they must antedate the Aztecs. The Aztec religion embodied sun worship, but they did not carry their religious belief to the extent of burying their dead in this fashion.

DETECTIVES ON BOATS. Western Transit Company Adopts New Method to Protect Shipments.

A new method will be adopted this season by the Western Transit company to protect the shipments on its boats against thefts committed while the boats are en route and at the docks.

When offenders were caught in the act of pilfering in past seasons, the managements of the various lines, in some instances, were inclined to extend more or less sympathy.

REPORTS ARE CONFLICTING. Thick Layer of Ice Is Said to Still Exist in Soo Lakes.

Information received at the dock office of the South Shore railway as to the opening of navigation here is conflicting. Monday a telegram was received from the Soo stating that the ferry Algoma was breaking a way through the ice in Mud and Hay lakes.

There has been a general get-away of steamers from Duluth for the Soo, although the head-of-the-lakes has not been notified that the Soo canals are open.

Duluth and Superior are nearing a coal famine, as the docks have been practically stripped of coal.

SENATOR NOT CHOSEN IN RHODE ISLAND

LEGISLATURE ADJOURNS, AFTER TAKING EIGHTY-ONE BALLOTS, WITH DEADLOCK UNBROKEN.

Providence, R. I., April 23.—At the end of the eighty-first ballot for senator the joint assembly of the legislature finally adjourned tonight without electing any candidate.

NEW WAR CLOUD. Demands of Nicaragua Are Re-

demanded by Salvador, and Situation Becomes Acute Again.

Salvador, Republic of Salvador, April 23.—Nicaragua has demanded satisfaction from Salvador for its part in the recent war between Nicaragua and Honduras, as well as the free interchange between the two countries of their respective products.

Upper Peninsula Laborer's Thrilling Experience—

Caught in a mass of coal, Frank Erickson, a laborer at Escanaba was carried head foremost through the chute at the Reiss Coal company's dock and after being entombed, under twenty-five tons of coal for an entire day was rescued.

DARANTELLA

216 Michigan Street, Marquette, Mich.

feble shout was heard from the inside. The car was quickly emptied and Erickson was found alive and conscious. He said he had heard men passing the car through the night and shouted repeatedly, but could not make himself heard.

For the second time the suit brought by the Brunswick-Balke-Collender company against the Northern Assurance company, which has twice been tried in the Delta county circuit court, has been appealed to the supreme court.

Clever Scheme Worked—

One of the most unique swindling schemes ever recorded in Delta county was that which was successfully worked on one of Escanaba's leading undertakers. With his sufferer quivering with emotion and evidently suffering keenly from some crushing sorrow which had come to him, a stranger, giving the name of W. H. Wilson, entered the establishment and between deep drawn sobs informed the proprietor that his wife had died but a few hours before at her home at Ford River.

The refusal of these demands has caused more or less strained relations between Nicaragua and Salvador. There is a possibility that open war may result, or else the president of Nicaragua will lend his aid to the numerous enemies of the president of Salvador.

Store your heater with Kelly Hardware Company.

BENEFIT OF SISTERS.

Ladies of St. John's Congregation Will Conduct Bazaar for Three Evenings.

The arrangement committee for the bazaar to be conducted by the ladies of St. John's church congregation Thursday, Friday and Saturday evenings of this week, at the Woodmen's hall, for the benefit of the sisters of the parochial school, have prepared interesting programs for each evening. The Thursday evening musical and literary program will be given under the direction of Mrs. George Voelker; Friday evening, Miss Nellie Kennedy, and Saturday evening, Mrs. M. Schumacker. Progressive piano will be played Thursday and Friday evenings, following the entertainment, and refreshments will be served. The ladies will tomorrow fit up a number of attractive booths to display useful and fancy articles. The admission price each evening will be ten cents and the charge for refreshments fifteen cents. Friday will be children's day, the youngsters being admitted free of charge for the afternoon.

The program for Thursday evening will be as follows:
Piano, "Festival March".....Rathburn Anna Stark.
Soprano solo, "Sing On".....Denza Miss Amanda Lind.
Piano solo, "Last Hope".....Gottschalk Stella Skud.
Mezzo soprano solo, "Stars May Forget" Miss Emily Collick.
Reading, selected.
Mrs. S. G. Main.
Tenor solo, "My Wild Irish Rose"..... Dr. E. G. Robbins.
Piano solo, "Frot Du Cavalier"..... Spindler Miss Celestine Lynch.
Soprano solo, "Athens".....Frøtere Miss A. Anderson.

BUSINESS IS IMPROVED.

Change in Weather Has Favorably Affected General Lines of Trade.

The merchants who were complaining of poor business during the first half of this month now report an excellent trade. The improvement started in last Friday and business has been good ever since. "I anticipated that trade would be even better as soon as the snow disappears and the streets are clean again," said a general merchandise man yesterday. "If the unreasonable weather had continued another two weeks our spring trade would surely have been knocked in the head. We have done more business in the past four days than during the previous twenty. If the present volume of trade continues during the remainder of the month our gross receipts will be as large as they were last April. While we looked for an increase this could hardly now be expected. We will be very well pleased if the month pans out as well as April of last year."

The milliners are enjoying a larger trade than at any previous time of the year and the trade in clothing and furnishing goods has been above the average. The dry goods dealers are also busy, though the merchants handling both dry goods and clothing expect greater activity when the warm weather sets in.

"THE GINGER BREAD MAN"

"The Ginger Bread Man," the attraction at Ishpeming theatre tomorrow evening, received this mention from the Anderson (Ind.) Morning Herald of March 29:
"The Ginger Bread Man," at the Grand last night had a good house and the audience had a good evening's entertainment. There were two acts, both animated, pretty in color, funny in action and delightful in music.
"Madge Lawrence, an exceptional beauty, was Mazie Bon Bon and Sugar Plum and she sang as sweetly as the name of the characters she essayed. Nellie Niece, was a cute little Margery Daw. Mildred Elaine, as Jack Horner, Freddie Niece, the Ginger Bread Man, Harry Bond, the fairy queen, Joe Kearney as Wondrous and Lute Vrolman, as King Bunn, shared in the encores of the evening. George Hoey as the Teddy Bear also made a hit. The audience called for more and more "Beautiful Land of Bon Bon" by Mazie and Jack, and among other songs hit that took strong were "John Dough" by Freddie Niece; "My Teddy Bear" and "Do You Believe in Santa Claus?" These songs were about one-fifth of the hit that got into the two acts.
The stage effects were good, particularly the Moon Girl crossing the stage riding the moon well up toward the scene rigging while "Moon, Moon, Moon" was sung. The first act was staged as a street in Santa Claus land and the second as the dividing line between the realms of King Bunn and King Sugar Plum.

WILL BEGIN WORK SOON.

Operations on the county road between Negaunee and Marquette will be started as soon as the weather will permit. The county road commission has instructed its superintendent, V. S. Hiller, to make an early start with a view to completing the Marquette-Negaunee road as early in the season as possible. Mr. Hiller has already engaged his foreman and assistant foreman, and both are ready to begin work on short notice.

CLOSE BOWLING MATCH.

In the two-men league contest Monday evening at the Bank street alleys, B. Enblom and J. Grummett lost to C. Skoglund and O. Lindberg by eight pins. The scores were:
Tot. Tot.
B. Enblom165 155 112 432
J. Grummett151 143 131 425
Totals316 298 243 857

Totals236 312 317 855

The Owl club will give a hop at Braastad's hall Friday evening, April 26. Tickets fifty cents per couple. Dancing 9 to 12. Tromby's orchestra. (4-23-5d)

Father says: "Say, Mother, can't you make me some more of those fine doughnuts if I will bring home a pair of Cudaby's Peacocks, Lord, again!"
11-27-eod)

HAD PLEASANT EVENING.

Woodmen and Royal Neighbors Entertained Large Party.

The entertainment and hop given Monday evening at the Woodmen's hall by the Modern Woodmen and Royal Neighbors was a successful social affair. The program was very pleasing. The Lullaby orchestra, composed of Byron Lundahl, violin; Miss Johnson, piano; Ed. Johnson, clarinet; Valdimere Vitall, cornet; and William Walters, drums, played two selections and was obliged to respond to encores after each. Miss Maud Collick and F. C. Bennett sang solos and Miss Ida Olson gave a piano solo, all being forced to answer to encores. F. H. Collick, venerable counsel of the Woodmen's camp, was master of ceremonies. B. W. Durban gave a brief talk on fraternal affairs. He said that there are now over 900,000 members in the Woodmen society. The amount of insurance in force exceeds that of any other fraternal organization or old line insurance company in the United States. Mr. Durban also said that the Royal Neighbors society is growing in popularity and that its increase in membership is in keeping with that of the Modern Woodmen. The ladies auxiliary is conducted along lines similar to those of the Woodmen and both men and women are accepted as members.

At the conclusion of the entertainment refreshments were served. Nearly all of the 200 persons present remained and danced until midnight.

OBITUARY MENTION.

Mrs. Louise Larson, an old resident of the Winthrop location, died yesterday after an illness of some months' duration. She was aged seventy-seven, and is survived by four daughters, three of whom live at the Winthrop and one in Ishpeming. The funeral will be held Sunday afternoon from the Swedish Lutheran church, at 2 o'clock. The death of Miss Anna Seem, aged twenty years, daughter of Ole Seem, living on Bank street, occurred Monday. The obsequies will take place Thursday afternoon, with services at the Norwegian Lutheran church at 2 o'clock. The casket will not be opened at the church and those who wish to view the remains are asked to do so at the house.

"UNCLE TOM'S CABIN"

Stetson's Uncle Tom's Cabin company pays its annual visit to Ishpeming theatre next Tuesday, giving both afternoon and evening performances. The Stetson troupe is one of the best. The company will arrive in the city at 1:30 giving a parade thirty minutes later. The matinee will start at 3:45. The evening prices will be ten, twenty, thirty and fifty cents, and the charge for the matinee will be ten cents for children and twenty-five for adults.

LECTURE THIS EVENING.

Members of the First Methodist Episcopal church have disposed of a large number of tickets for the lecture to be given this evening by Rev. Stephen Polk Ingthorn of Lake Linden, former pastor of the Ishpeming church. Mr. Polk Ingthorn's subject will be "My Trip Through Cernvall." The lecture will start at 8 o'clock and the admission will be twenty-five cents.

WILSON'S PLAY GOOD.

Al. H. Wilson, the golden-voiced singer, in "Metz in the Alps," made many new friends at Ishpeming theatre last evening. His play is good, affording him ample opportunity to display the vocal talents which rival his histrionic ability, and has a more enthusiastic audience assembled in the house. There were curtain calls at the close of each act.

EUREKA!

Yes, I Have Found It At Last.
Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Ongley, Rootville, Pa. For sale by The Stafford Drug Co.

SPEAK WELL OF BYRNS.

The announcement from Lansing that Representative C. J. Byrns of this city is talked of as the capital for the nomination as lieutenant governor prompted the Calumet Evening News to give the Ishpeming man this mention:
"C. J. Byrns is the popular Ishpeming member of the house. He is probably as well or better known south of the straits than any other up-country man. Every Woodman in Michigan and in seven adjacent states knows 'Charley' Byrns. That his political sagacity is of a high order is shown by the fact that he was one of the first up-country men to join the ranks of the William Allen Smith men. It has been proven in other ways, too, notably by the fact that this is his fourth term at Lansing. 'Byrns' friends in the legislature are inclined to take very kindly to the suggestion that he run and several of them offered to see that their counties were for him if he would get in the game. He may be said to be considering the matter."

FROM HOPKINS' CURB LETTER.

"Metal cables came a shade lower than yesterday's opening, but at an advance of two shillings six pence for both spot and futures over last night's close. The market opened slightly higher at about the best figures of the day. Butte Coalition was strong, and was well taken every time it acted a little tired. Old Dominion is installing a new 300-ton furnace and it will be ready to go into commission within the next three months. Granby Consolidated is operating seven furnaces daily and working on the average better than 2,500 tons of one day. The eighth stack will go into commission within the next ten days."

ISHPEMING IN BRIEF.

J. S. Jacka of Crystal Falls spent yesterday in Ishpeming.
George E. Colwell of Norway was a visitor in the city yesterday.
The public schools of the city will close June 14 for the summer vacation.
The funeral of the late James Champion will be held this afternoon at 2:30 o'clock, instead of Thursday, as first announced.
Zenith lodge, Knights of Pythias, will conduct its annual card party and banquet this evening at the Woodmen's hall. Tromby's orchestra will furnish the music.
Frank Muek, in charge of F. Braastad & Co.'s meat market, will within a few days take a position with J. J. Leffler, he having resigned his place with Braastad & Co.
E. F. Brophy, superintendent of the F. W. Read & Co.'s operations at Michigan, has returned from the Ann Arbor university, where he spent the past few weeks receiving treatment for stomach trouble.
Miss Ida Schilling left Monday night for Iron Mountain, where she will spend a month or so at the new store of the Gately-Wiggins company. Miss Schilling held the position of cashier and bookkeeper for the Gately-Wiggins company at Calumet and she will aid her brother-

Recommended by leading physicians and chemists

FIVE REASONS WHY CALUMET BAKING POWDER

has obtained the confidence of the public.

1. It complies with the Pure Food Laws of all states.
2. It is the only High-grade Powder sold at a moderate price.
3. It is not made by a Baking Powder Trust.
4. It is prepared with it is free from Rochelle Salts or Alum.
5. It is the strongest Baking Powder on the market.

\$1,000.00 given for any substance injurious to health found in Calumet Baking Powder.

Calumet is so carefully and scientifically prepared that the neutralization of the ingredients is absolutely perfect. Therefore, Calumet leaves no Rochelle Salts or Alum in the food. It is chemically correct.

All Grocers are Authorized to Guarantee this.

Calumet Baking Powder costs little. Costs a little more than the cheap, inferior powders now on the market, but is a big saving over the trust powders.

WILL GIVE DAY SERVICE.

Marquette County Gas & Electric Company to Make Important Change.

The management of the Marquette County Gas & Electric company is preparing to introduce a continuous electric light service. The day service was tried for a short time a few years ago, but it was discontinued on account of the expense of operating an extra engine necessary at that time. It is now planned to have both the lighting and street railway generators operated by one engine. It is expected that the day service will be started not later than June 1.

The introduction of the day service will take a heavy load from the street railway circuit, as all the commercial motors are to be transferred from the street railway line, and the street railway will have considerable extra power which can be used to advantage when a large number of cars are operated. The number of commercial motors in use has increased nearly 50 per cent during the past year. The management believes that by placing the motors on the lighting circuit the service will be considerably improved, as the power will be steadier. Under the present arrangement the power for the motors is suspended every time the trolley wire breaks.

Manager McCorkindale also plans to introduce electrical flat irons. He has received several requests for a day service from people who desire to use irons and he believes that this feature can be made profitable. During the past two or three months a number have purchased gas flat irons, which are now being used with considerable success.

NEW BUILDING COMPLETED.

Clerical Force at Princeton Preparing to Occupy New Office Structure.

The Cleveland-Cliffs Iron company's new office building at Princeton received the finishing touches Monday and yesterday the office force began moving in. The building was started early last fall and construction work was continued throughout the winter. It is one of the finest structures of the kind in the Lake Superior district and compares favorably in size with the company's main office at Ishpeming. There is a basement under the entire building, and the greater part of the first floor will be occupied by the clerical force. There are seven sleeping rooms on the second floor for the employees, and one extra room to be used by visiting officials of the company.

Rapid progress is being made with the improvements in the various departments at the Cleveland-Cliffs company's mines in the district. A large force is employed installing the machinery at the new central power station and other that by placing the motors on the lighting circuit the service will be considerably improved, as the power will be steadier.

It will be several months before all of the construction work now under way is completed. The shaft at the Smith mine, where a plant of machinery has been installed, is about to be started. The Smith will in time be developed into a good sized mine.

MINING AT JACKSON.

Mining operations have been resumed at the Cleveland-Cliffs Iron company's Jackson North pit. The first shipment was made Monday. The force is not large, but it is expected that operations will be continued throughout the shipping season. Mining work and shipping will be started at the South pit within a few days. The latter has been provided with a substantial shaft house and trestle extending to a railway spur, also a hoisting plant erected on the top of the hill, immediately south of the pit. The ore from both pits will be crushed at the company's new crusher, installed last season at the old South Jackson mine.

CUBS WIN A MATCH.

In the league bowling contest Monday evening at Orr & Tompkins alleys the Cubs defeated the B. O. K.'s, the score being as follows:

Tompkins	164	212	170	546
Sporley	155	176	138	469
Kirk	102	141	110	423
Totals	421	529	418	1448
B. O. K.'s	175	116	123	414
Penke	138	140	109	387
Kirk	102	110	115	327
Totals	415	366	347	1128

LOCAL LACONICS.

Will Barthe is threatened with pneumonia and has been confined to his home the past few days.

William Westmeyer has given up his position in E. Braastad & Co.'s meat market at Ishpeming. He has an offer of a position at Marquette, which he will probably accept.

Ten or more Negaunee men plan to go to Marquette Saturday evening, to bowl against Marquette teams. It is also expected that one or more individual matches will be bowled.

Gust Karoho, a young man who had resided at Princeton four months, having come there from Massachusetts, died Sunday night. The remains were brought here yesterday afternoon, the funeral taking place from the train.

J. J. Benson, Michigan manager of the Fidelity & Casualty company of New York, called on the company's agents in this city and Ishpeming yesterday. R. W. Olson represents the company here.

Richard Kappes and Bob Thompson, the Negaunee ice dealers, expect a larger business this season than last, and both have put up a greater quantity of ice than a year ago. Between them they have stocked nearly 1,000 cords.

A large delegation of Negaunee theatergoers will attend the production of "The Gingerbread Man" at Ishpeming theater tomorrow evening. Special street car service will be given. The advance sale of seats opens this morning.

The Negaunee fuel dealers have received a few carloads of soft coal this week, relieving the famine temporarily. A large number of people, who have burned coal all winter, but whose supplies ran out a few weeks ago, are now

using wood in their furnaces, in preference to soft coal.

Captain J. H. Rough of Negaunee left last Sunday evening for the Mesaba range to look over the Cleveland-Cliffs Iron company's mines. He expects to return next Sunday.

In The Mining Journal's story on the production of "The Mikado" one meritorious feature of the entertainment was overlooked. This was the song and parasol drill by a dozen little girls, trained by the Misses Murphy and Boyer. They made a big hit and they were compelled to repeat their number at both performances.

STOP DRINKING.

Orrine Will Destroy all Desire for Whiskey or Beer.

A Michigan Druggist, H. G. Coleman has made a thorough study of various cures for the liquor habit, and gives this as a result of his investigation: "Before taking the agency of Orrine, I went to a considerable trouble to learn about it and become confident that it was a thoroughly honest preparation and put out by a reliable firm."

Write for free book on the cure of alcoholism to the Orrine Co., Washington, D. D. Mailed sealed. Orrine costs but \$1 per box.

Orrine is sold by The Stafford Drug Co.

Clean Cooking

Wherever there's a New Perfection Oil Stove in the kitchen, there you will find the pots and pans clean and bright. The blue flame of the New Perfection is the cleanest flame produced by any stove, and is entirely free from smoke and soot. Another advantage of the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is that the heat is highly concentrated by enameled chimneys. This means quick results. The New Perfection is different from other oil stoves. Made in three sizes, with one, two and three burners. Every stove warranted. If not at your dealer's, write to our nearest agency for descriptive circular.

The Rayo Lamp is the best lamp for all-round household use. Equipped with the latest improved burner. Gives a bright, steady light at lowest cost. Made of brass throughout and beautifully nicked. Suitable for any room, whether library, dining-room, parlor or bedroom. Safe and satisfactory. Every lamp warranted. Write to our nearest agency if not at your dealer's.

STANDARD OIL COMPANY (INCORPORATED)

Upper Peninsula

Contract Let for New Church—

The contract for the construction of the new Methodist church at Escanaba has been awarded to John S. Lindsay. The approximate cost of the edifice will be \$19,000.

Granted a Pension—

Joe Streets of Manistique, a veteran of the Spanish-American war, has received notification that he has been allowed a pension of \$10 a month with back pay that will net him \$254.

Votes for Agricultural School—

Without a dissenting voice, the Menominee county board of supervisors has decided in favor of the erection of a modern school of agriculture. Furthermore, the issuing of forty bonds amounting to \$500 each and payable in twenty years with 4 1/2 per cent interest, was approved. The matter will now be finally decided at a special election, which will be called some day in the near future.

Off on a Junket to Rome—

Rev. Albert Torbet, pastor of the Presbyterian church at Manistique, has left for Rome as a delegate to the world's Sunday School convention, called to convene at Italy's metropolis May 18 and to close the following Friday. He goes direct to Boston and from there sails with some 600 other delegates, Saturday, on the steamship Romanic of the White Star line. The party will visit many points, among them Madeira, Gibraltar, Algiers, Naples and Genoa, and will return by way of Switzerland, Germany, France and England. Mr. Torbet expects to be away about two months.

Delta County's Excellent Showing—

"I do not believe there is another county in the state where finances are more carefully and honestly looked after and whose affairs are more economically administered than those of Delta county," said County Clerk A. P. Smith in an interview the other day. "The population is approximately 30,000 and the total tax levy for all county purposes is only \$40,000. There are other counties in the peninsula with not over one-quarter the population and not nearly as much territory whose tax levy almost equals the Delta county levy. We have a county road system which has been in existence for a number of years and the road commissioners have under their control a great many miles of road. The last year four miles of the county road was macadamized and

a large amount of money has been spent on other portions of the highway system, especially between Escanaba and Gladstone. The fact that all of this work has been accomplished with a small tax levy and no bond issue speaks eloquently for the efficiency of the board of supervisors. Delta county has not one dollar of bonded indebtedness at the present time, although it has just authorized an issue of \$8,000 to be used in the construction of a new poor house.

For the past twelve or fifteen years the books of the county officers have been audited each year by expert accountants and during that time there has never been a dollar shortage or any discrepancy of any kind in the accounts of the officers and there has never been any suspicion of dishonesty or graft.

Killed a Big Wildcat—

The largest wildcat ever killed in Spalding township was brought to County Clerk C. C. Hansen's office at Menominee the other day by County Road Commissioner Charles Kinsella of that place. The cat measured over five feet from tip to tip and was possessed of teeth and claws that resembled those of a tiger rather than a smaller member of the feline species. Mr. Kinsella received a bounty of \$3 on the animal.

The road commissioner was walking in a path in a thick woods near his home, when suddenly the cat sprang from between a clump of trees and crouched in the middle of the trail, spitting and growling. Mr. Kinsella quickly put a bullet through its head, but was forced to shoot it several times before life was finally extinct.

A WOMAN TELLS HOW TO RELIEVE RHEUMATIC PAINS.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by The Stafford Drug Co.

WHOOPIING COUGH.

I have used Chamberlain's Cough Remedy in my family in cases of whooping cough, and want to tell you that it is the best medicine I have ever used.—W. F. Gaston, Posco, Ga. This remedy is safe and sure. For sale by The Stafford Drug Co.

AWNINGS.

FEW HOUSES FOR RENT IN MARQUETTE

FAMINE IN RESIDENCES A SERIOUS MENACE TO CITY'S PROSPERITY AND GROWTH.

HOME LIFE THE NORMAL ONE

Married Men the Best Class of Laborers—Lack of Proper Accommodations for Employees Militates Against Industrial Development.

According to Marquette real estate men the scarcity of suitable houses for renting purposes is retarding the growth of the city. At the present time there is hardly a house of any description vacant in the city, and as new industries bring more people here the situation promises to become serious.

"There is a famine in houses for renting purposes," said M. E. Asire yesterday. "Hardly a week passes that I do not receive from ten to twelve applications and it is only in rare instances that I am able to supply the wants of a customer. This is a country in which people can't camp out. It is absolutely necessary that they have a roof, and a good one at that, over them. I am not speaking in a spirit of levity. The situation has become serious. The fact that people cannot secure suitable houses is retarding the growth and development of the city. People who desire to locate here have to select some other city simply because they cannot rent proper residences. Marquette is practically in the center of the upper peninsula. It is the most convenient place for traveling men to locate. We would have twice as many 'knights of the grip' living here if they could secure houses.

"Now I want to emphasize this fact: Marquette has recently secured several new industries. One that might be mentioned is the proposed reopening of the old Chisholm furnace, after years of inactivity. The city is also reaching out for other things. Without experiencing a boom, we are having what is far better, a good normal growth. But this is going to receive a check if the men coming here cannot secure proper accommodations for their families. The best workman is the married man. He is always the more to be depended upon. Hotels and boarding houses are all right. They are something that cannot be dispensed with and will always receive their fair share of patronage, but the home life is the normal one. If our industries are to have the best class of labor, it is absolutely necessary that they depend in the main upon men who are leading a normal existence. The married man carries the responsibility of his wife and children upon his shoulders and it gives him a sober view of life and renders him valuable to his employers.

Would Give Good Returns. "Marquette is a wealthy city. There

s plenty of capital here that could well be invested in the construction of houses for renting purposes. The price of lumber I do not believe has much to do with the famine in houses. It is not a local condition. Rents have increased proportionately with the advance in the cost of construction, and had a number of houses been put up at any time within the past few years they would now be bringing their owner a good return on his investment. I built twenty-seven houses last year and will construct forty this season. All were contracted for on the easy payment plan prior to construction. The sale of these houses exemplifies the crying need for more residences in this city. "Another thing that this city should have, and which would bring the promoters large returns on their investments, is several flats. If a building of flats were completed tomorrow every inch of available space would be rented inside of two weeks, or less. Buildings of that character would be certain to return 12 to 14 per cent interest to their owners annually. Such an undertaking as the construction of flat buildings could in no way be considered in the light of a speculation. They could not prove other than a paying proposition."

PIAN BASEBALL LEAGUE.

There is considerable talk of the organization of an amateur baseball league, to include the cities of Ishpeming, Negaunee, Munising, Crystal Falls, Iron Mountain and Marquette. Marquette is certain to have a strong team and it is believed that interest in the game would be heightened if a league schedule could be arranged. Only Sunday and holiday games would be played. Crystal Falls is particularly anxious for the organization of the league. Three of the boys who recently defeated the Normals at basket ball in this city, are members of the baseball team of Crystal Falls, and as they have kept themselves in excellent condition all winter should form a strong nucleus for a nine. The distance of Iron Mountain and Crystal Falls from the other cities in the proposed league is the only argument against their admittance, as the item of transportation would not be quite a figure. Another plan is to include Ishpeming, Negaunee, Munising and Marquette in a league. The cities are all close together and with interest in the game well worked up a league including them should at least break even financially.

Our Cuban friends couldn't refrain. From raising the Devil again. It seems that "Little Tuffy" and Rocky Mountain Tea Has set the island free.

BRAKEMAN BREAKS ARM.

William Woodbridge, South Shore Employee Is Caught Between Bumpers.

William Woodbridge, No. 914 North Lee street, aged forty-five years, had an arm caught between the bumpers of two freight cars while making a coupling in the upper yards of the South Shore railroad yesterday morning about 9 o'clock. The man had been a rail-roader for a number of years and just how the accident happened is himself unable to explain. Fortunately a second jolt of the cars enabled him to release himself, though the jar threw him forward against one of the cars and bruised him badly about the face. Paul Christianson, a South Shore drayman who was close by at the time, took the man in his wagon to the office of Dr. S. N. James who had him transferred to St. Luke's hospital, where his injuries were dressed. Woodbridge then insisted upon going to his home. Dr. James says that the man's injuries are not in any way serious, though he will be incapacitated for work for some time.

YOUNG BOY BREAKS LEG.

David Maclean Caught Between Wheel and Box While Jumping from Wagon.

David, seven-year-old son of Mr. and Mrs. Alex R. Maclean, 375 Alger street, fell from a junk wagon on Fourth street between Hewett avenue and Ohio, at 6:15 o'clock yesterday afternoon and broke his right leg at the ankle. The boy was taken to St. Luke's hospital where he is now under medical treatment. The fracture was a bad one and he will be confined several weeks.

According to witnesses of the accident the little boy and two others had got on the cart with the permission of the driver. His comrades subsequently climbed over the rear of the vehicle and called to David to join them. In attempting to spring over the side of the cart he slipped, and as the driver was making a turn at the time, his leg became cramped between the wheel and the box.

AL. H. WILSON TONIGHT.

Favorite Singing Comedian Will Appear at Opera House.

Al H. Wilson, the favorite singing comedian, well known to Marquette theatergoers through former appearances, will appear at the opera house this evening in a new play written specially for him by Sidney R. Ellis. "Metz in the Alps" is its name. Its locale is, as the title indicates, the Alps, and thus opportunity is given for which full advantage is taken. Mr. Wilson is cast in a congenial role, that of Fritz Muller, a young Swiss who journeys over the mountains with important papers. Plots and counterplots are cleverly woven into the structure of the play, which has a number of thrilling scenes. As no Wilson play would be complete unless Mr. Wilson was given an opportunity to sing, he will be heard in a number of late success during the progress of the piece, including "My Heaven is in Your Eyes," "Wilson's Lullaby," "Songs of Old Fatherland" and "Schilzebank."

AWNINGS.

The Kelly Hardware Co. can furnish you with awnings for stores, public buildings or residences. Any size. KELLY HARDWARE CO., (3-27-11) Marquette.

When rain is no longer wet, cheap cotton will make as good a raincoat as good worsted does now. But as long as rain is wet, we'll stick to the fabrics we know are good for our raincoats, and insure the comfort and satisfaction of those who buy our raincoats.

We believe we own the best Cravanette Coats in the market; the fabrics and the tailoring are certainly the best of that kind. We will put you next for even \$20.00.
