CHICAGO IS SCENE OF FATAL WRECK

Prominent Woman Is Killed and the Burlington Railroad.

Running at the Rate of Forty Daniel Smith, Alleged Robber, Arrested Miles an Hour a Suburban Train Jumps the Track at a Crossing, Presumably the Result of Spreading of the Rails, and the Locomotive Rolls Down an Em- Wis., recently. bankment, Carrying With It the First Passenger Coach.

Chicago, May 9.—One woman was killed and three score other persons were inton railroad at the crossing of that line with Hamlin avenue, in the southwestern part of Chicago.

The woman whose life was lost was Mrs. Mary Miller, widow of Thomas Miller, formerly freight traffic manager

of the rails, although by some of the passengers it was said that something was out of order with the locomotive

The train was running at the rate of forty miles an hour, when the locomotive suddenly left the rails, ran along the rolled down a slight embankment, carry-ment. ing with it the first passenger coach. The other cars left the rails, but did not go down the bank. Every passenger in glass and splinters, but all were thrown violently to the floor, and some were badly injured.

Mrs. Miller, with her three daughters, Mrs. George Morton and the Misses Elizthrown between two seats, and a mass of wreckage was piled upon lier. Her thigh was crushed, and she was also hurt internally. She at first insisted that she was not badly burt, but she died while being taken to the hospital.

Flames Promptly Quenched. Immediately after the accident the west to north winds. wreckage of the forward car burst into flames, but these were promptly extinguished by the members of a nearby WALL STREET injured were taken to the hospitals in

police ambulances. Engineer Newlands of the wrecked train, who was badly scalded, and was severely cut about the head, remained work until all the passengers had been UNION AND SOUTHERNPACIFIC TO taken away. He declared that he was absolutely in the dark as to the cause of

the accident. The accident delayed traffic on the Burlington road about two hours, as the track was so badly torn up that it could not be used until repairs had been

examination showed that for every 2 per cent of heat he gained he burned out 50 per cent of the grate bars. Needless to say, the scheme did not revolutionize fuel consumption. The formula discovered by the Altoona cobbler is of no value commercially. It amounts to nothing more than throwing a handful of nothing. Even if it did produce acetylene gas, as asserted, two ounces of the be his last, and that he stick to his last.

OPPOSES A THIRD TERM.

Washington, May 9.-George F. Ed-

nunds is not one of those who believes

that President Roosevelt will be compelled to accept another nomination next year. The venerable statesman represented Vermont in the United States senate for many years; he was a member of the electral commission in 1876; he has long been one of the wheel horses of the Republican party. Although he is not active today in politics he takes a keen interest in the affairs of the country. Mr. Edmunds is spending a few days at the national capital, and when asked by the correspondent today what he thought about the third-term movement for Mr. Roosevelt, he said: "I do not think Mr. Roosevelt can be persuaded by any amount of what may though negotiations with them are pend- dent Roosevelt is a man of wide and ing. Those whose resignations have patriotic views; however strongly he

MARKETS

NEY YORK STOCKS.

New York, May 9 .- It was only after the announcement of the Union Pacific financial plan that today's stock mar-day, although very dull, until about 2 ket showed any evidence of life. It then sprang into animation, with acute weakness. The largest activity of the convertible fours, and \$37,000,000 preday was in Union Patific, and the deal- ferred stock. This indication of a seriings in that stock took on a degree of ous need for money from the railroad excitement as the time for the meeting caused a flood of liquidation and stocks

of the directors approached. directors were in session, but before the financial plan was publicly announced. It ran off abruptly after the publication of the plan to 141½. An issue of convertible bonds had been foreseen, but a like the publication of interest at 11½ per cent bad. Was a little rally toward the close, but we do not think the talk is encouraging for higher prices at present."

Closing prices were:

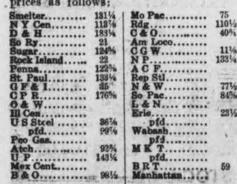

Adve. 3½@ 4

Are. 6½@ 7½

Qui. 129½@130 rate of interest at 4½ per cent had been foretold in place of the 4 per cent announced. The placing of the price of conversion into the stock at 175 is a higher figure than had been anticipated and the offer of bonds to stockholders at 90 seems not to offset these specula

The affect on the whole market was immediate. Stocks came out in all directions and swept the list to a materially lower level throughout. Previous t this episode the market was dull to the verge of stagnation and offered little call for serious discussion. The prices were fitful and irregular, and there was no very constant tone to the market at any time. Money conditions showed small change, although the rates for time loans were reported somewhat firmer.

Paine, Webber & Co., report closing Globa..... 141/2@ 131/2 Dom C P... 71/2@

stood the test remarkably well. Considering the fact that the market at this time is almost entirely professional and the latter being bearishly inclined, prices will no doubt seek lower levels."

ALL WOMEN

from the same physical disturbances, and the nature of their duties, in many cases, quickly drift them into the horrors of all kinds of female complaints, organic troubles, ulceration, falling and displacements, or perhaps irregularity or suppression causing backache, nervousness, irritability, and sleeplessness.

Women everywhere should remember that the medicine that holds the record for the largest number of actual cures of female ills is

Lydia E. Pinkham's Vegetable Compound made from simple native roots and herbs. For more than thirty years it has been helping women to be strong, regulating the functions per-fectly and overcoming pain. It has also proved itself invaluable in pre-

paring for child-birth and the Change of Life.

Mrs. A. M. Hagermann, of Bay Shore, L. I., writes:—Dear Mrs.

Pinkham:—'I suffered from a displacement, excessive and painful functions so that I had to lie down or sit still most of the time. Lydia E. Pinkham's Vegetable Compound has made me a well woman so that I am able to attend to my duties. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound and see what relief

Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass. for advice She is the Mrs. Pinkham who

has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Therefore she is especially well qualified to guide sick women back to health.

court, the annual revenue fell a little a second Baxter seems undoubted now shor, of the sum sufficient to pay expenses. With the \$412 paid to the county treasurer, the court would show a profit. Even after deducting the \$412. the net receipts were larger than for any previous year, as the business of the court has shown an increase annually. About the only important items of expense charged to the court are the salaries of the judge and his clerk, amounting to \$1,800 a year. The miscellaneous accounts, which totaled a small sum, are paid out of the general fund.

TEMPORARY TRACK IN USE.

Shipments Are Now Being Made from the Lake Angeline Mine.

The Pittsburg & Lake Angeline com any has completed its temporary railroad track to the mine, and ore shipments are now being made from the porket and stockpiles. The track connects with the Oliver Iron Mining company's Lake Mine spur and passes in front of

the Angeline office. The Lake Superior & Ishpeming and Chicago & Northwestern Railway companies, which will unite in building a permanent track to the Lake Angeline have surveyed a route and it is expected that the building of the spur will be started very soon. The track will be about a half mile in length, extending from a point beyond the Section 16 mine to Pine street, crossing in front of No. 3 hose house and north of the Lake and the office. It will be necessary to remove one, or perhaps two, of the dwellings in the row directly north of the barn. The Angeline company's temporary track will be removed as soon as the permanent spur is completed.

WATTERS-MALLOY NUPTIALS.

Rev. Frank Watters and Miss Alice were united in marriage yester day afternoon at 3 o'clock at the home of the bride's parents, Mr. and Mrs James H. Malloy, on North Fifth street. Rev. C. L. Adams, paster of the First Methodist Episcopal church, performed the ceremony in the presence of a large number of relatives and friends of the young couple. The groom was supported by E. J. Mudge, and Miss Bessie Carlyon was bridesmaid. Following the ceremony reception was held, after which dainty refreshments were served. Mr. and Mrs Watters will leave the city today. They will reside at Buchannan, Mich., where the groom is pastor of the Methodist church. Both the groom and his bride have spent the greater part of their life in Ishpeming, and they are well known and have many triends whose well wishes will go with them.

The L. B. club will give a hop Saturday, May 18, at Woodmen's hall. Tickets, 50 cents per couple. Trombly's (3-10-17-18) The police officers have not been able

Ears Looked as if They Would Drop

Off - Body Entirely Covered -Face Mass of Sores - Three Doctors Could Not Cure - Child Grew Worse - Face and Body Now Clear

CURED BY CUTICURA IN TWO WEEKS FOR 75c.

Mrs. George J. Steese, of 701 Coburn

tell you what Cuticura has done for my little daughter, She broke out all over her body with a humor, and we used everything recommended, but without results. I called in three doctors, they all claimed they could help her, but she continued to grow worse. Her body was a mass of sores, and her little face was being eaten away; her ears looked as if they would drop off. Neighbors advised me to get Cuticura Soap and Ointment, and before I had used half of the cake of Soap and box of Ointment the sores had all healed, and my little one's face and body were as clear as a new-born babe's. I would not be without it again if it cost five dollars, instead of seventy-five cents, which is all it cost us to cure our baby, after spending many dollars

Fund for the Payment. The last congress set aside \$25,000 a year to be used by the president in de fraying his traveling expenses. Since that bill became a law the president s taken no long or expensive trips and so far is known now he has no

xtended tour under consideration. The fact that the railroad men are oking to the president for a settle nt of his account is predicated upon the statement from the white house ntil the passage of the law appropriating money to defray the president trav eling expenses special cars and private trains were always at the disposal of the executive free of charge. Mr. Roose velt was in no wise different from hi edecessors in accepting these favors. The railway men heartily approved o such courtesies to the president and their inclination to seek a settlement of certain accounts today is not based up on the fact that they disapproved the president's accepting such courtesies cures of torturing, but rather the fact that he himself de clared his intention of paying for the trips, and that there is now a fund at the disposal of the president that wil enable him to make good the account without taking it out of his persona

RUSH FOR AGE PENSIONS.

pplications Already a Hundred Thou sand More Than Estimated.

Washington, May 9 .- Although the ervice pension law is less than ninety days of age, the applications for pen-sions under it have already exceeded by nearly one hundred thousand the total estimated beneficiaries. The rush of the aged veterans to take advantage of the w law has almost swept the force of the pension office from its feet. Appli cations have been coming in at the rate nearly five thousand per day. The total number received to date is 325,000. nd there is no indication of a let-up The clerks have only had time to re rive and file them, and have not at opted to pass upon their merits. It is been necessary to establish several additional bureaus to handle the influx applications.

When the demand for an age pension came so insistent that the Republican eaders felt that they could not longer ignore it, the senate called upon the mmissioner of pensions for an estimate of the probable cost of such a law. Mr Warner put his experts to work, and as result of their study of the pension rolls and the mortnary records, the senate was informed that an allowance for New York, May 9-It has been learned portion of the "unknown army" made up through some inadvertence, of veterans who had never attempted t years of age, who had served ninety

Don't Let Talk Take the Place of Test

Don't let anyone's prejudice or selfish opposition convince you that any of the "Triangle A" brands are not better than any other cigars sold at the same price.

That's no way to judge.

You can test it for yourself, and you are the only one who knows when the cigar suits you.

Smoke any "Triangle A" brand and compare it fairly with any other cigar sold at the same price.

We are willing to stake the success of our whole business on public opinion founded on this test.

The experience which has been combined in producing the American Cigar Company's cigars was acquired from the operation of nearly 100 of the most famous and successful factories in Cuba and the United States. And processes of proper refining and scientific blending mean much to every smoker.

You can bank on the "Triangle A" sign every time. No more raw, green, bitter tobacco in your cigars!

Is that worth the trouble?

The "Triangle A" is the mark that protects you.

The New CREMO

5 cents

Every box is now extra-wrapped in glassine paper, sealed at each end with the "Triangle A" in red. The cigars are kept.clean, fresh and in perfect smoking condition until the box is opened.

A CERTAIN SAFE Even if mercury and potash could cure Contagious Blood Poison the

condition in which these strong minerals leave the system would make the "cure worse than the disease." But they cannot cure the vile disorder: they can only cover up the symptoms for awhile or mask the disease in the system, but as soon as the treatment is left off the hideous symptoms return. Mercury and potash eat out the delicate lining of the stomach and bowels, produce chronic dyspepsias by drying up the gastric juices, cause the teeth to decay, and often complete by break down the constitution, and where they are used in large quantities, the bones become affected, while the disease for which one has so long taken this destructive treatment has not been cured. Contagious Blood Poison is a disease it will not do to trifle with. It is a vile, dangerous and destructive disorder. When the blood becomes infected with its virus the mouth and throat ulcerate, hair and eyebrows come out, glands in the neck and groin swell, copper-colored spots appear on the flesh, and in severe cases sores break out on the body, the finger nails drop off and the sufferer is diseased from head to foot. S. S. S. is the only known antidote for Contagious Blood Poison-the one remedy that is able to get to the root of the disease and force out every particle of the poison so that there are never any signs of its return. It is purely vegetable, made entirely from roots, herbs and barks of known curative value. Instead of leaving bad after effects as some medicines do, S. S. tones up every part of the system and puts every part of the body in perfect health. It will also remove any lingering effects of former mineral treatment while eradicating the poison from the circulation. Special book on the home treatment of this disease and any medical advice desired furnished free to all THE SWIFT SPECIFIC CO., ATLANTA GAL

ANACONDA.

Great Amount of Development Work Value, \$1 per share.
Will Increase Cost of Copper. The Butte-Milwan

ning better than 3 per cent, yielding, in feet north of a big vein that traverses company, as to the construction of the all charges was 16.84 cents a pound fact, about seventy odd pounds of copfact, about sevent stamped. The low average is accounted for by the fact that Anaconda is sending to a depth of 1,000 feet, and two boilers to the smelter all the low grade ores that it can extract. These ores in chief come from above the zone of gray iron. The main development work of the company is being done in opening the zone of secondary emicliment, which, at the 2200-foot level, begins to show permanent strength and good values. The company has begun cutting stopes at this level and will be receiving the benefit from the ores there at no late date. The company is also cutting stations further down in the Anaconda and Neversweat shafts, which drifts will be started from in the very near future to open up the big ore bodies. By the late autumn months some definite results from these workings should have been attained.

Anaconda conserving of an engine good for working to a depth of 1,000 feet, and two boilers of 100 to a depth of 1,000 feet, and two boilers of 100 to a depth of sixty horsepower and one of fifty to a depth of 1,000 feet, and two boilers of 100 to a

eleven cents, which gives the company a \$30 feet. Some big veins have been plateau. Such a removal would make handsome margin of profit on the pres-opened in both mines, but at the depths available a large section of Shannon ent price of copper. It has been claimed where the work has been done they do company territory valuable for townsite conda copper has run above twelve the veins are found more highly minercents the pound, and it is now generally alized as they are opened deeper is satadmitted that the total production for isfactory evidence to Manager Bacorn date set for a strike, but it did not matter year will fall below the figures that it is only a matter of sufficient termilize, and it is not believed now that reached for the last year, and that the depth when the company will have proposed there will be any trouble. Clifton is a production for the calendar year 1907 dueing mines.

"Mexican" camp, that is, Mexican mines will be considerably lower than the figures for the calendar year 1906. This the directors of the Snowstorm Mining ly, whereas Bisbee and Globe are fact is shown in the monthly estimates of the Showstorm Maining fact is shown in the monthly estimates of the Butte output, which thus far for the year have shown a considerable falling off. The falling off in production is cents per share is to be paid in May, white camps, and the miners' unions will not permit the employment of Mexicans there. Wages in Clifton are consequently much lower than in other camps, but Clifton is a low-grade cop-

more than made up by the increase in copper prices. The amount of developent work that is being done on Ana onda this year will unquestionably inease the cost of copper and likewise cerease the company's surplus; for, in addition to the work that is being done in the several properties underground. the company has also under way exten-Property Ought Soon to Be on a Divisive additions to the concentrator capa dend-Paying Basis. creased capacity is being provided The action of the Old Dominion com-pany in issuing 12,000 shares of new have a vastly increased production of stock brings the shares very near a ores due to the development of the sec-dividend basis, comments the Boston ondary zone; and likewise to the fact Statist. merely a worm-expelling agent-it is the most efficient general tonic

During the recent investigation of United Copper affairs, persons formerly identified with Amalgamated and Coali-tion testified that the total price paid United Copper for its Butte interests was \$10,500,000. but Heinze interests claim the price was in excess of that figure. United Copper officials have declined to give a list of the company's present holdings, on the theory that such publicity would defeat nevotations for the acquisition of other property and interests. It has generally stood that United Copper cwes the La France company, which is operating the Lexington mines in Butte, and that the Heinze interests in the Davis-Daly conany is an asset of the United Copper, but that is not certain.

It is pretty well understood, however, that United Copper cwns properties in Arizona and Mexico, and probably some ir British Columbia. F. A. Heinze, since ne sale of his Butte properties to Butte Coalition, has been very active in the search for new properties for the United Copper to take the place of those sold and his friends say he has been very successful, and now has a lot of dividend paying mines. Mr. Heinze says the assets of the United Copper company are greater today than they have been at my time since the organization of the inpany, and that the property of the Montana Ore Purchasing company is four or five times greater than they were before the sale to the Butte Coalition company.

GREENE CONSOLIDATED.

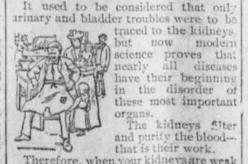

Under the present selling contract between the Greene Consolidated Copper company and the United Metals Selling empany, shipments of matte to the latand six cents per share in each of the shapments be made to the American remaining months, a total of .075,000 during the remaining eight menths of 1907. handed to a Mining Journal representa- John Hager, M. Foard and H. S. Siegel tive a card on which was written "J. G. The meeting then adjourned. Koepp, No. 213 North Third street."
"That card was given me," he said, "when I rented the hall from Mr. Koepp for my show. The address is in his own "Susan in Search of a Husband" Prehandwriting. Furthermore, he took down a calendar from the wall and erossed out the date of Tuesday, May 7, to show that the hall was engaged play in which Isabel Irving will make on that date." The Mining Journal man her first appearance in the Marquette approached Mr. Koepp, who was seated opera house Saturday evening, is achad had any dealings with Mr. Ross.

Didn't you give it to Mr. Ross?" was interpreted it last evening is numerical

the street yesterday."

ly small and histrionically immense, "Well, maybe I did. I didn't tell him Isabel Irving in the title role of that he could have the hall, though, I "Susan in Search of a Husband," is a don't want to make him any trouble, witching comedienne, different as may Let him pay me what I think is right be from the Isabel Irving last seen here and I will withdraw the charge," Sub- in "The Crisis," and quite as fetching in sequent to being released on his own her new role. recognizance. Captain Ross said:

called upon him upon my arrival in the ing, a little actress of much ability, who city and asked him what arrangements won the hearts of last night's audience. could be made to secure the ball for two | The stately personality of Mari weeks. He said that there were two or Wainwright makes important the mer three meetings there weekly, but I could est scrap of a role, and Edith Lemhave the hall on all open dates. I then mert's character bit in Mrs. Mulberry told him that I would give a show Monday. Subsequently I called upon him and said that I had changed the date to Tuesday. When I first met him at his shoe shop at No. 214 North Third street, he wrote his address on one of my cards and told me that if I wanted any information to call upon him there. He offered me a key on the occasion of our first meeting, but I told him that I would not need it until the night of the show. I then billed the town and gave the news to the press. I put out nearly 1,200 bills in this city on which the date and location were printed.

"I think that everyone who was present will testify that the event was conducted in an orderly manner. At is conclusion shortly before 11 o'clock, a police officer came up and assisted me in turning down the lights, and closing the We could not lock it because I did not have a key. When I arrived at the hall early in the evening I found it open, and naturally concluded that Mr. Koepp had unlocked it for me. I was ready and willing to pay him at any time during the evening, but he did not put in an appearance. The only table used during the show was a small one on which I placed my sword case during the exhibition. This was brought in from one of the side rooms by one of was played with artistic finish. Has my assistants and returned in the same sand Short imbues the role of Lord manner. The hall was unlocked when Rathbone with a telling individuality. I took possession Tuesday evening and Ernest Mainwaring as Horace Greenlea was still unlocked when I left it, excentricized the humors attendant up Whether there was any damage done before or after the show I cannot state. There was certainly no damage done Standing quite challenges and held the either to the tables or furniture during admiration of the audience in his in

"Yesterday afternoon a man, whom I subsequently found was Day Officer In short the east is all-star. Not an Hogan, tapped me on the shoulder on actor in a minor role in this inconse-Front street and told me that he had a warrant for my arrest. He produced with better right stellar honors that a paper, and I requested him to read it .. He refused and I then told him I would season by other actors seen here this not go until I had been informed of the nature of the complaint. He drew a billy and struck me in the face. At the play is not the thing. The players and told me that the warrant charged their ability, but the combination is irme with having destroyed furniture in Legion hall with malicious intent. I then made no further resistence. Had bulluth theater patrons. I realized the nature of the complaint in the first place there would have been no trouble. I have never been arrested for disorderly conduct in my life.

"Now, if furniture was broken in the hall, I do not see how that fact forms the basis for a criminal complaint. There is no allegation in the complaint that I was intoxicated on the night in question. As far as the rent of the hall was concerned, Mr. Koepp could have had his money at any time on request.

I don't think that he will assert that Co., Ltd.

he ever asked me for it. I was allowed to go on my own recognizance and with out signing any bond, but I will be pres ent in court tomorrow morning and see the thing through."

GIVE POWER TO COMMITTEE.

The mass meeting of citizens at the city hall tast evening to confer with Aldermen Siegel, Downey and Schauer, relative to the holding of a Fourth of July celebration, was well attended and enthusiastic. Mayor Robertson was apointed chairman and Alderman Sieg secretary. It was the opinion of al present that arrangements should perfected as soon as possible and the various features of the entertainment dvertised well in advance. Mayor Rob ertson stated that he believed that the celebration of last year had been beneficial in promoting the growth and prosperity of the city and that he had no loubt that the celebration of 1907 could be made to surpass it in every way. He favored asking the council for an appropriation of \$300, and a resolu-

EXHIBITORS MUST NOW BE MEMBERS

First Step in Arranging for Fourth of DIRECTORS OF AGRICULTURAL SOJuly Celebration is Taken. CIETY ADOPT RADICAL DEPART-URE IN ARRANGING FOR ANNUAL COUNTY FAIR THIS FALL -\$1,500

> At the meeting of the Marquette County Agricultural society yesterday afternoon, Tuesday, Wednesday, Thurs day and Friday, Sept. 3, 4, 5 and 6, were selected as the dates for the annual exhibit next fall. The directors have an almost superstitious veneration for the dates named as the fair has been held on them for the past four years and the weather each fall has been ex-

In previous years the dining room privilege has been sold and the meals erved in a tent. The accommodations have proved inadequate to the needs of the attendance, so this season a dining hall at least 60 by 20 feet in size

A radical step was taken in the de cision to in the future debar from making exhibits all persons not members of the association. In the past no entrance fee has been charged to exhibitors whether members or not, on needle work art, vegetables, table delicacies, curiosities, or fruit. This year a membership ticket must be taken out in order to secure a prize in any class. The entrance of no livestock from outside the county for competition for ribbons will be al-Foreign breeders will, however be furnished stable accommodations free and given class diplomas by the judges. at cor. Main and Third Sts., and will The fee for association membership will hereafter give the business my personal be \$1 as before, and all exhibitors will attention. We can photograph at night receive the face value of their member- as well as during the day and will be up fee in admission tickets.

For the horse races \$1,500 was approoriated. All the events will be for purses, stake events being eliminated. The races ast season were far superior to those of previous years, and the management opes to arrange even a better card for he 1907 fair. Visiting horsemen were well satisfied with their treatment at the last meet, and many of the animals that raced here on that occasion will

The rate for ball games was fixed at \$2 for Sundays and \$1 for week days. Permits can be secured from either Pres ident Mangum or Secretary Asire.

ARE NOW FAST BOATS.

Former India and China Would Not Be Recognized Here,

From information recently received it appears that the former Anchor line ckets, India and China, which have een sold into Canadian ownership and which have been renamed, are so changed in appearance and speed that even the navigators of the stoumers in the old days on the Lake Superior-Lake Erie route can hardly recognize them. To begin with both of the boats are low numbered among the fleetest steamers plying on the Great Lakes. outstrip the hie massenger sta and Juniata, and all other boats or heir routes between Toronto and Port Arthur, on which line the old steamers ave been placed.

Both steamers have been equipped with Scotch boilers and are capable of peed of almost twenty miles per hour hey are pure white in color, the gre pottom of the old Anchor liners, Indi nd Japan, being painted out. Thei entique leoking old pilot houses, will he "corners trimmed," have given away he Tionesta carries. Steam steering find just the kind to suit.
