

HANDS OF SCHMITZ. CLEAN, HE SAYS

Haven't Been Soiled by Tainted Money, the Mayor Proclaims

He Hasn't Yielded the Reins of Government, nor Does He Intend to Resign, 'Malicious Falsehoods' Notwithstanding

San Francisco, May 17.—In a statement published today Mayor Schmitz says: "The statement that I have handed the reins of government to any person or committee is an unqualified falsehood."

TRUST GAME NIPPED.

Incorporation Refused Minnesota Retail Lumber Dealers' Association.

GUILT NOT PROVED.

Jury Unable to Agree in the Defective Boiler Tube Case.

SAYS THAT OHIO IS SOLID FOR TAFT

STATE CHAIRMAN BROWN DEMANDS FORAKER AND DICK DECLARE THEMSELVES.

Toledo, May 17.—Chairman W. F. Brown of the Ohio state central committee, today broke through the reticence he has so far observed since the commencement of the Taft-Foraker imbroglio.

BRYAN IN ST. PAUL.

Principal Speaker at the Celebration of Norway's Independence.

PRESIDENT IN VIRGINIA.

Washington, May 17.—President and Mrs. Roosevelt, accompanied by their son Archie, left Washington at 11 o'clock this morning for a few days' vacation at Pine Knot, Virginia.

NAVY NEEDS SURGEONS.

New Sixty-Four Vacancies—Inducements Offered Young Physicians.

GOVERNMENT SUES FOR HALF A MILLION

INHERITANCE TAX DUE FROM THE ESTATE OF DANIEL WELLS HAS NOT BEEN PAID.

INDIANA TRAGEDY.

South Bend, Ind., May 17.—Following the receipt of anonymous letters threatening harm, Harry Toms, of New Paris, last night shot and killed Rastus Paul, his friend. Toms says he shot in self-defense, and did not know it was Paul until after the shooting.

COURT'S ACTION AROUSES LABOR

Little Property of a Machinist, Savings of a Lifetime, Seized and Sold at Indianapolis by Order of Federal Judge.

HOUSE OF AN INDIVIDUAL MEMBER CONFISCATED TO COVER THE COSTS OF CONTEMPT PROCEEDINGS BECAUSE THE UNION AGAINST WHICH THEY WERE ASSESSED REFUSED TO SETTLE—DEMONSTRATION IN PROTEST IS HELD, AND SIX THOUSAND MEN JOIN IN IT.

Indianapolis, May 17.—A labor demonstration including a parade of six thousand union men and a mass meeting took place in this city tonight to protest against the recent action of Federal Judge Anderson, who, it is charged, ordered the sale of the property of a union machinist, said to be the savings of a lifetime, to pay the costs of contempt proceedings against the Machinists' union.

FIRE LOSS IS \$500,000.

New York, May 17.—Fire tonight destroyed the piers of the Morgan line, on the Hudson river at the foot of Canal street, Manhattan. A large quantity of freight stored on the pier and in the sheds was destroyed. The loss is \$500,000.

LEAVES MANY MILLIONS.

Chicago, May 17.—Orvine W. Potter, a pioneer steel man and multi-millionaire, died here today.

BASEBALL STANDING OF THE CLUBS.

BANQUET TO JAPANESE.

Mikado's Visiting Officers Guests at Notable New York Function.

New York, May 17.—The entertainment of General Kuroki and the other Japanese army and navy officers now in New York reached the climax tonight in a banquet given at the Hotel Astor by prominent citizens of the city.

MURDEROUS ASSAULT ALLEGED.

Democratic Clerk at Washington Involved in Serious Trouble.

KNEW WHAT SHE WAS DOING.

Contentions of Trustees for Mrs. Eddy Upheld in Affidavit.

Concord, N. H., May 17.—An interesting affidavit regarding the appearance of Mrs. Mary Baker G. Eddy, head of the Christian Science church, at the time of the filing of the deed of trust conveying her property to three trustees, was filed today with the clerk of the superior court by Frank S. Streeter, counsel for the trustees. The affidavit is made by Fred N. Ladd, of Concord, treasurer of the Loan Trust Savings bank.

WHEAT CONTINUES IN EAGER DEMAND

PRICES HIGHER STILL ON A NEW RECORD FOR THE VOLUME OF BUSINESS DONE.

WIFE'S BODY BURIED AT SEA.

New York, May 17.—Dr. Chalmer Prentice of Chicago announced tonight that he has secured the North German Lloyd Steamship company for \$250,000 because the master of the Koengen Luise, of that line, caused the burial at sea of the body of the plaintiff's wife.

LIFE HANGS BY THREAD.

Former Minister Conger Near Death at Pasadena, Cal.

TRADE IN GENERAL IS MUCH QUIETER

Falling Off Both at Retail and Wholesale is Noted Throughout the Land, All Because of Unseasonable Weather.

CROPS ARE MUCH RETARDED, AND BUILDING WORK IS CHECKED.

With the Prices of Most All Materials Easier in Tone—However, There is No Curtailment in Manufacturing, and in Iron and Steel Even Further Improvement is Shown.

WHEAT CONTINUES IN EAGER DEMAND

PRICES HIGHER STILL ON A NEW RECORD FOR THE VOLUME OF BUSINESS DONE.

TODAY'S WEATHER.

Washington, May 17.—The following is the weather bureau's forecast for Upper Michigan: Showers, Saturday; Sunday, fair; variable winds.

CZAR MENACED FROM ALL SIDES

Not Only Is Terrorist Plot Disclosed, but Extreme Reactionaries Are Found Involved in a Similar Murderous Conspiracy.

REPORTED PLAN OF THE LATTER THE PROCLAMATION OF A REGENCY OR DICTATORSHIP AND THE SUPPRESSION OF LIBERALISM WITH AN IRON HAND—A COSSACK OUTRAGE AT LODZ, RUSSIAN POLAND, AND A BLOODY HOLDUP BY BANDITS AT WARSAW.

London, Saturday, May 18.—"Convincing evidence has been found," cables the St. Petersburg correspondent of the Telegraph, "of a terrorist plot aimed at the lives of Emperor Nicholas, Premier Stolypin and Grand Duke Nicholas Nikolaievich, who was married five days ago to Princess Anastasia of Montenegro."

BLOODY OUTRAGE BY COSSACKS.

Lodz, May 17.—Forty-five officials and workmen of Kuttner's spinning mills were shot down this morning by a patrol of Cossacks because a band of terrorists attacked a mail wagon in the neighborhood, killing one Cossack guard and wounding another Cossack and two post-office officials.

MURDEROUS HOLD-UP AT WARSAW.

Warsaw, May 17.—A band of terrorists held up the city office of the Vistula railroad this morning, and got away with \$5,000 after a severe fight in which four persons were killed and nine wounded.

TWO TERM LAW REPEALED.

Cincinnati, May 17.—By unanimous vote the law committee of the Catholic Knights of America tonight repealed the two-term law, and it is now believed that Dr. Fox, Gaulein, supreme president, will succeed himself.

IRISH BILL CONDEMNED.

Dublin, May 17.—At a special meeting today of the corporation of Dublin, called to consider the Birrell Irish bill, a resolution utterly condemning the measure was unanimously adopted.

DAILY MINING JOURNAL
A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The cigarette is to remain always with us. Governor Davidson had no occasion to cry "boodle."

Obviously Mayor Schmitz is not left very well off. Senator Ike Stephenson. By the grace of State Chairman Connor.

The newspapers are, to be sure, much indebted to the senate boxers, so-called. Ike Stephenson is a sure "muff winner, but he didn't pull down the plum until after he was given a pretty bad scare.

At one stage in his career Senator Fuller may have been numbered among the "immortal nineteen," but he doesn't intend to lay himself open to the reproach carried by the by-word "boxer."

There are many eminently respectable citizens of San Francisco who would like to know what is going on behind the grand jury doors. In their present state of suspense they don't know whether to remain or to catch the next ship for China.

And to think that Senator Moriarty, of Moriarty & Conlin, publishers of the Crystal Falls Diamond Drill, should say, on the floor of the senate, that the provision in the primary law amendments forbidding candidates the use of the newspapers was one of the best things in the bill.

The leading ambition of the Stephenson family is now attained. Surfeited with congressmen, it now has a real, live senator in its midst. To be sure Uncle Ike won't be senator for long, but he is resigned to being easily satisfied, as that was the only way he could be satisfied at all.

Negaunee bespeaks a clear field for a Fourth of July celebration in 1908, the presidential year. We doubt not that the other cities of the county will be more than pleased to grant it.

Senator Tillman holds that there is only one Democrat who can reasonably be considered in connection with the Democratic nomination for president, and he is Bryan.

SUPERIOR TRUST COMPANY

Capital : \$150,000
This company is under the supervision of the state banking department and is authorized by the law to act as executor, administrator, guardian, assignee, receiver or trustee.

doubtless be effective to somewhat restore the fishing to its former excellence, and still it appears to be a measure that is impracticable, for the reason that in carrying it out hundreds of thousands of dollars of property would virtually lose its value for the period mentioned.

Mayor Busse of Chicago will be persona non grata to the radical Chicago reformers, if he doesn't mind his p's and q's. He received a delegation of their number this week, and gave 'em some plain talk. He refused to consider any project of closing the saloons on Sunday, but instead read them a certain lecture for asking the impracticable.

Naturally Representative Gordon's bill has caused a good deal of discussion here. It has its partisans and opponents. Many of the saloon men are for it, and about as many more against it.

The U. P. SENATORS. In the vote on the primary law amendments the upper peninsula was represented both among the senators who stood by the administration and among the "boxers," for such is the press application for the constitutional opposition in the present senate.

MUST HAVE MORE TIMBER. Senator Moriarty has introduced in the legislature a bill for the passage of which the mining interests of the upper peninsula are solicitous, for its success is necessary to insure them an unhampered future.

Rev. Clark, who made Mr. and Mrs. Corey man and wife, is now sorry he tied the nuptial knot, and is begging forgiveness from all to whom he owes allegiance in the Congregational church.

Senator Bland has introduced a bill providing for the close of the commercial fishing season for a term of five years. He complains that foreign fishermen are exhausting the lakes' supply of fish. His proposed closed season would

trade, but owes its organization to the desire of the interests it embraces to get the management of several constituent companies under one executive head.

The new company takes over, along with several others, the Manitowish Iron company, of Manistowick, the Michigan Iron company, Ltd., of Newberry, and the Northern Charcoal Iron company of Chocoma, Mich., for Chocoma is once more on the map.

The organization of the Superior Iron & Chemical company is the culmination of a rapid expansion by Berry Bros. in the iron industry. They were modest factors in it some years ago. They are primarily varnish manufacturers, and were led to interest themselves in iron particularly because they found the by-products that can be had in the manufacture of charcoal useful in their business.

The U. P. SENATORS. In the vote on the primary law amendments the upper peninsula was represented both among the senators who stood by the administration and among the "boxers," for such is the press application for the constitutional opposition in the present senate.

A BIG COMBINATION. The Superior Iron & Chemical company, in which Berry Bros. of Detroit are the principal figures, is a newly organized concern of which the upper peninsula will hear a great deal in years to come, as it already possesses large property interests in this district and will doubtless extend them.

## City Brevities

Today's weather: Partly cloudy and cooler.

Yesterday's temperatures: Seven a. m., 48 degrees; noon, 52; 7 p. m., 47. Maximum, 54 degrees; minimum, 46.

Hiram Sanders, of Crystal Falls, spent yesterday in the city.

Lake Superior camp, M. W. A., will meet at Fraternity Hall this evening.

The Invincibles defeated the Harrison Streets at baseball Thursday afternoon, by the score of 15 to 8.

Charles T. Gell is advertising a special sale on wall paper, to continue for the next thirty days.

Mrs. N. Atfield, No. 320 West Bluff street, is entertaining her niece, Mrs. John McCarty, of Shelton, Conn.

Noah Bertrand will leave Monday for Hancock, where he has secured a responsible position with a leading clothing store.

Matthew Wallace has left the employ of the Western Express company, to accept a position as fireman with the South Shore.

The Ideal orchestra, augmented to eight pieces, will give its usual week-end social hop at Fraternity Hall this evening.

F. J. Schweitzer and daughter Olive left the city yesterday for a two or three weeks visit in Chicago and Kansas City, Mo.

The department was called out at 10 o'clock yesterday morning to extinguish a small chimney fire in the residence of Philip Grotzki, No. 24 Baraga avenue. There was no damage.

Captain Dumean C. Ross will give a show at the Ishpeming theater this evening. Several of the local men who took part in the show in this city last week, are on the program.

Frank Mulvey and daughter, Miss Helen, will leave for a visit with relatives in Ireland next month. They will make a tour of the Emerald Isle, and will attend the Dublin exposition.

Marriage licenses have been issued to Edward P. Page and Miss Camille Bodette of Northland; Francis John Brown and Miss Ella Kranz, of Negaunee, and Herman Kettamaki and Sanna Harju, of Ishpeming.

William Rich, of Princeton, was examined as to sanity in probate court yesterday morning and committed to the state hospital for the insane at Newberry. He will be taken to the hospital by Sheriff Rough this morning.

Large Class to Be Confirmed—A class of seventy children will be confirmed by Bishop Eis at St. Peter's cathedral at 10:15 o'clock tomorrow morning. Pontifical high mass will be celebrated at that time. In the morning at 7:30, the children will receive their first communion. The second mass of the day will be said at 9 o'clock.

Incandescents Being Strung—Work on strings of incandescents lamps on Front and Washington streets was commenced yesterday morning and will be completed in a few days. J. E. Sherman, chairman of the light and power commission, says that the lights will be used all summer, the idea being to make the streets as attractive as possible during the open season. The stringing of incandescents on the more prominent streets and drives of cities was first begun several years ago and was taken up by this city last year.

Gave Visitors a Banquet—Thirty-five members of Zeisler lodge, Knights of Pythias, of Ishpeming, attended the installation of officers of Marquette lodge, No. 6, Thursday evening. The visitors expected to return on the 11 o'clock South Shore train, but were detained over two hours through their train being delayed. The time might not hang heavy on their hands members of the local lodge arranged an impromptu banquet at Prince's restaurant, which was followed by speech-making and story telling.

Coming Theatrical Bills—Raymond Hitchcock, one of the best of American comedians, will appear at the Marquette opera house, Tuesday evening, June 4, in his latest success "A Yankee Tourist." This play had a long run in New York and was highly praised by the critics. Mr. Hitchcock is the husband of Isabelle Irving, the charming actress who recently appeared here in the title role of "Susan in Search of a Husband." Richard & Pringle's Minstrels have been booked for May 31. On June 24, Willard Mack, supported by Miss Maude Leone, will open a two weeks' engagement in stock. Mr. Mack and Miss Leone have been seen here on several occasions and have always given good satisfaction. Their repertoire includes a number of the old favorites.

### SOO CANAL PASSAGES.

Boats Locked Through, Bound for Ports on Lake Superior.

Sault Ste. Marie, Mich., May 17.—[Special.]—The upbound boats passing the canal the last twenty-four hours were the following: Harvey, Brown, Kennedy, 9:30 p. m.; Nicholas, Gilbert, 11; Matropa, Bell, Victoria, Constitution, 1 a. m.; Castalia, Sherman, 3; John Mitchell, Gates, 3:30; Siemens, Carrington, 5; Steel King, Amazon, Matanzas, 6; Monohansett, Western Star, 6:30; Taylor, 7; Houghton, Smeaton, Armour, 8; Presque Isle, 8:40; Robert Mills, 11; Plummer, 3:30 p. m.; Augustus, Wagon, 5; Parks Foster, 6; Arthur Orr, 7; Sonora, Senator, 8.

### Marquette Port List.

L. S. & I. dock: Cleared—Pontiac, Cleveland; Albright, Buffalo. The Williams is discharging a cargo at the coal docks. There were no arrivals at or clearances from the South Shore docks yesterday.

Girls will smile through the years. Their eyes will always glisten with glee. They will never be hidden by tears, If they take Rocky Mountain Tea. —The Stafford Drug Co.

Red Seal White Lead costs less than other white leads, because it makes more paint. For sale by Kelly Hardware Co. (5-18-1f)

Father says: "Sly, Mother; can't you make us some more of those fine doughnuts if I will bring home a pair of Cudaby's Peacock Lard again?" (11-27-100d)

## Northern Normal Notes.

The Bulletin for the summer school is out, and already about 2,000 copies have been sent through the mails.

Preparations are being made for the annual party given by the juniors in honor of the graduates. The date set is Friday evening, May 24th.

Dr. Wm. McCracken, president of the Upper Peninsula Teachers' association, has succeeded in engaging President W. L. Bryan of the University of Indiana as one of the evening lecturers for the next meeting of the association, which is to be held in Escanaba late in October.

The graduate pin officially adopted by the faculty and students of the Normal is on sale at Conklin's jewelry store. All graduates of the school holding the life certificate are eligible to wear this pin. A seal, also, on the same general model as the pin, has been designed for use on stationery. Letter paper of different styles, bearing the seal with colors arranged in different ways, is on sale at the same store.

During the last two weeks a force of men, under the direction of R. J. Coryell, landscape gardener of Birmingham, Mich., has been at work planting shrubs and flowers on the campus. It is to be hoped that the leaves and buds already quite well developed will not be frozen by any more untimely frosts or snow storms. The campus gives promise of being very beautiful when all the new shrubs and plants are in bloom.

The Normal has had a goodly number of visitors recently. Several members of the school board from Negaunee came down to look over our new building before laying plans for the beautiful new high school they are soon to erect in their own city. Among the superintendents who have been here looking for teachers were Messrs. Orr Schurtz of Negaunee, C. E. Cullen of Norway, L. E. Amidon of Iron Mountain and John Brennan of Ironwood. Mrs. F. A. Jeffers, principal of the high school at Atlantic, also has been a recent visitor.

The department of music has been at work for some time upon an entertainment which will be ready by week after next. The program will be in two parts. The first half will consist of individual numbers by Miss Linton, Miss Chase, Miss Hadley, Mrs. Rushmore and Miss Ida Linton of Plainwell, Mich., who is here on a visit to her sister. The second part will consist of the cantata, "King Ben's Daughter," rendered entirely by the students of the school. As the young ladies have been working on this for several months under the direction of Miss Linton, it is sure to be a very enjoyable piece of work.

For the first time since the opening of our new building, regular morning exercises were held yesterday in Assembly hall. There were present in the room the entire faculty, the students and the pupils of the seventh and eighth grades. Principal Kaye made a short address and then introduced Mrs. Rushmore, who gave a very sympathetic reading of Browning's great poem, "Saul." The exercises were opened and closed with music by the chorus. The accompaniment was played on the beautiful new Steinway piano. The assembly will take place three times each week hereafter, on Monday, Wednesday and Friday from 8:55 to 9:25. It will be an exercise profitable and entertaining to all. These assemblies are open to the public, and any one who cares to come is welcome.

Although there are still five weeks before commencement, a large proportion of the students graduating with the life certificate have been placed in very excellent positions. The salaries range from \$40 to \$60 a month. Most of the number receive \$50 and above. In very few places now in the peninsula is the salary as low as \$40 for beginners. On Wednesday of this week one superintendent engaged seven of the graduates to teach in the schools under his charge. The following is a list of the graduates of this year's class who are already placed, together with the names of the places to which they go:

- Ironwood—Hazel Harris, Irene Westcott, Carrie Mailhot, Clara Vogler, Bessie McCarthy, Margery Nies, Martha Voelker.
- Negaunee—Alla Ransom, Mina Eccles, Alice Beaudette.
- Calumet—Ethel Unsworth, Bertha Humphrys.
- Iron Mountain—Rose Mayers, Mabel Richards.
- Escanaba—Sagel Eronson, Ethel MacMartin, Maud Carroll, Hazel Shipman, Litta Norton, Pringle Murpay.
- Trimountain—Martha Borne, Mary Murphy, Jessie McDonnell.
- Baltic—Maud Hallstrom, Jeanne Parisse.
- Allouez—Bessie Altman.
- Iron River—Katie Counihan.
- Amasa—Margaret Schroeder.
- Crystal Falls—Flora Peterson, Clara Siegel.
- Ishpeming—Margaret Lundahl.
- Menominee—Mary Barrett.
- Manistique—Julia Graefe.
- Petoskey—Gladys Brown.
- Munising—Ethel Ward.
- Rockland—Lucy Durham.

### A SPECIAL TREAT FOR THE LADIES.

The ladies of Marquette and vicinity will have an opportunity Monday, Tuesday and Wednesday of next week of inspecting what is probably the finest line of furs ever shown in this city. Parlors have been engaged at the Hotel Marquette by Mrs. Oldenburg, representing the Nickel company of Milwaukee, the old reliable fur house, that enjoys the best reputation as manufacturers of fine furs.

Their showing of Mink, Russian Sable, Lynx, Otter, Persian, Seal, and all other high class furs, as well as a very fine selection of medium grade furs, all at exceptionally low prices, is surely a treat and every lady, whether interested or not, is respectfully requested to make it a point to see this display.

Red Seal White Lead costs less than other white leads, because it makes more paint. For sale by Kelly Hardware Co. (5-18-1f)

ACTUAL PICTURE OF FAMOUS SOLDIER

PORTRAIT ON JAMESTOWN STAMPS TAKEN FROM OLD MEDALLION OF NOTED PIONEER, CAPTAIN JOHN SMITH.

The picture of Captain John Smith on the one-cent commemorative stamps of the Jamestown exposition, now on sale at the Marquette postoffice, is taken from an actual portrait of the famous soldier and adventurer, probably the only one in existence.

enough to turn aside the slugs of a blunderer except at very short range. Under present conditions it would be absolutely valueless in warfare, as a bullet from any modern rifle would pass through it as though it were tissue paper.

The five-cent stamp contains a portrait of Pocahontas and the years of her birth and death, 1595-1617. None of this latter issue were received here, as postmasters were instructed by the department

ment in making requisitions not to call for more of the Jamestown commemorative stamps than would be needed to meet the public demand until November 30, 1907, when they will be withdrawn from sale, and Postmaster Mangum did not feel inclined to accept the responsibility of securing the largest denomination.

SUNDAY AT THE CHURCHES.

Miss Agnes Abbott will speak at the Methodist church tomorrow morning. In the evening Mr. Maywood will preach, his theme being "Safety Deposit or Investment?"

Whitsunday services at St. Paul's cathedral, Rev. B. G. Burt, rector; Holy communion, 7:30 a. m.; morning prayer and sermon, 10:30 a. m.; evening prayer and sermon, 7:30 p. m.

Presbyterian Church—Service at 10:30 a. m.; theme: "The Joyfulness of the Christian Life." Sabbath school at 12 m.; C. E. service at 6:30 p. m.

Baptist Church—Services at 10:30 a. m. and 7:30 p. m. The Rev. A. K. Scott, of Iron Mountain, will preach, Sunday school at 12 m. Young people's meeting at 4:50.

Frist church of Christ, Scientist, service at 10:30 a. m.; subject, "Soul and Body." Felix Hall, Opera House block.

MARKETS

GRAIN PRICES HIGHER STILL.

New Records Set in All Pits on Heavy and Excited Buying.

Chicago, May 17.—New high record marks for the season in all the leading options of wheat were established today during a session that for volume of business eclipsed any previous session.

The market was extremely nervous, and the trading was of huge proportions. Heavy selling at the start caused losses of 1/2 to 2 cents. A few minutes later all the loss was regained, and the prices advanced above yesterday's final figures.

sentiment, but the chief reason for the sensational demand was the seemingly universal opinion that this year's wheat crop of America will be greatly below the normal yield.

Corn—There was a large trade and a nervous and unsettled market, with the close firm, the July up 1/2¢, the September 1 1/2¢ better and the December 1 3/4¢ higher.

Logan & Bryan's Wheat Summary. Logan & Bryan wired Paine, Webber & Co. concerning yesterday's wheat market.

"Another great day was added to the operations in wheat. Because the Liverpool cables did not show our advances of yesterday, as the trade expected, and because the Minneapolis curb was off 1/2¢ before our opening, there was something of a drive at prices on the first trades.

The early decline amounted to 2¢ from the close of yesterday. As on previous dips of this kind, the wheat went into the hands of strong local people, and a great deal was absorbed by the volume of resting orders placed by the country over night.

Logan & Bryan telegraphed yesterday from New York as follows: "There was little feature to today's trading, except that on all signs of strength selling was general. The announcement that Harriman would probably be presented by the government had its effect on the list, although Union Pacific did not suffer as much as some of the other stocks.

New York, May 17.—The stock market today continued to show almost entire neglect on the part of the general world of capital and finances. Such speculative interest as exists finds a more attractive field in the grain and cotton markets.

suggesting tendency today was a sympathetic reflection with the rising wheat market. The selling of stocks was traceable in part to sources which are active buyers of wheat.

Paine, Webber & Co., report closing prices as follows: Smelter, 129 1/2; N.Y. Cons., 113 1/2; D & H, 113 1/2; So. Ry., 125; Rock Island, 20 1/2; N.P., 122; S. P., 121 1/2; G. P. & N., 121 1/2; U. S. Steel, 140; Erie, 111 1/2; L. & N., 115 1/2; Erie, 28 1/2; Wabash, 20 1/2; Mich. T., 35; U. P., 143 1/2; Mex. P., 96 1/2; Manhattans, 187 1/2.

Logan & Bryan telegraphed yesterday from New York as follows: "There was little feature to today's trading, except that on all signs of strength selling was general. The announcement that Harriman would probably be presented by the government had its effect on the list, although Union Pacific did not suffer as much as some of the other stocks.

TELLS HOW TO MAKE THE BEST REMEDY

A FINE PRESCRIPTION FOR RHEUMATISM AND KIDNEY TROUBLES WHICH GIVE PROMPT RELIEF.

A large Eastern publication tells its readers of a number of simple and safe prescriptions than can be made at home. The following, however, for the cure of rheumatism and kidney and bladder troubles receives the greatest praise, viz., Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces.

The dose for adults is a teaspoonful after each meal and at bedtime, drinking a full tumblerful of water and after each dose. It is further stated that this prescription is a positive remedy for kidney trouble and lame back, weak bladder and urinary difficulties, especially of the elderly people, and one of the best things to be used in rheumatic affections relieving the aches and pains and reducing swellings in just a short while.

A well-known local druggist states that the Compound Kargon in it does the work. It is the drug which acts directly upon the eliminative tissues of the kidneys; cleanses the spongylike organs and gives them power to sift and strain the poisonous waste matter and uric acid from the blood which is the cause of rheumatism.

Cut this out and hand to some sufferer which would certainly be an act of humanity.

admiral and his flag lieutenant maintained the position of salute and the machines drawn up, facing them presented arms.

At the top of the gangplank the vice admiral and his lieutenant were received by Admiral Coghlan, Captain Merriam and other officers. After Rear Admiral Coghlan had expressed his intention of returning the vice admiral's call the visitors were escorted back to the dock. Then the band struck up another oriental tune. Immediately the handshaking was interrupted and the two visitors came to salute.

The visitors paid a delicate compliment to American traditions when in their sightseeing tour, pressed for time and compelled to choose between two attractions, they deliberately sacrificed the Bowers, supposed to be the Mecca of every visiting seaman, and Wall street and instead made a pilgrimage to Grant's Tomb and Columbia University.

Blotches, pimples, flesh worms, black heads, are unsightly and denote impure blood. Hollister's Rocky Mountain Tea will drive them away, carrying people clear to the top floor of health and happiness. 35 cents, Tea or Tablets. The Stafford Drug Co.

**MINER MEETS DEATH.**  
Employee of Lake Superior Hematite Instantly Killed Yesterday Morning.

Jonas Koski, a miner employed at the Oliver Iron Mining company's Hematite property, was killed at an early hour yesterday morning. He was engaged in cleaning out a chute when his partners, not knowing that he was in the chute, dumped a car of ore on him. His head was badly crushed, as was also parts of his body. By the time the men handling the car reached Koski he was dead.

Coroner Prin empaneled a jury and after the remains were viewed at the Finnish Furniture company's morgue an adjournment was taken until this morning at 9 o'clock, when the inquest will be held. On the jury are John Silas, Henry Menley, William Peters, Richard Whinnan, William Gibbs and John Narrova.

Koski was fairly well known among the Finnish residents of Ishpeming and the Winthrop, as he had spent a number of years here. Up to about four years ago, when he left for another mining field, he lived here, he returned last summer, since which time he had resided at the Winthrop. He was thirty-five years of age and is survived by his wife and six children. He was a member of the Finnish tent of Maccabees, and his life was insured for \$1,000. The funeral will be held tomorrow afternoon under direction of the Maccabees. Services will be conducted at the Finnish Lutheran church.

**ELKS' REUNION.**  
Philadelphia Lodge No. 2 Expects a Gathering of 150,000 in July.

Some members of the Ishpeming lodge of Elks may attend the society's annual convention in Philadelphia the week of July 15. The program will be elaborate. The arrangement committee has advised the lodges throughout the country that 150,000 visitors are expected during convention week. The committee is raising a fund of \$100,000. It is announced that the prizes will be the most liberal ever offered by the Elks.

A majority of the delegations, particularly those coming from distant points, are expected to arrive in Philadelphia on Sunday, the 14th. All trains will be met by members of the reception committee, who will escort the visitors to their hotels. The ladies accompanying the Elks will be taken to their hotels in automobiles, trolley-cars and special cars. The entertainment of the grand lodge members and the ladies will include a trip on the Delaware river, visiting Crumps' and other ship yards, League Island navy yard, forts and other points of interest.

The formal opening of the grand lodge will occur at the Grand Opera House Monday evening, where the guests will be welcomed by the governor, mayor and other officials. The business session of the grand lodge will open at the Garrick theater at 11 o'clock Tuesday morning.

**GRAVING FOR DRINK DESTROYED.**  
The best aid to temperance is something that will strengthen the drunkard's wrecked nervous system and cure his unnatural craving for drink. We believe that any man who really desires to be cured of the liquor habit can cure himself by using Orrine. This remarkable discovery has made so many cures among our customers that we are glad to sell it under an absolute guarantee to refund the money if it does not cure. It is in two forms: No. 1 that can be given secretly, and No. 2 for those who wish to be cured. It is not only the most reliable treatment known, but it is also the most economical, as it costs only \$1 a box and there is no detention from the usual duties, while if cure is not affected, there is no expense whatever. Mail Orders Filled. The Orrine Co., Washington, D. C., or The Stafford Drug Company.

Let me send you free, for Catarrh, just to prove merit, a Trial size Box of Dr. Shoop's Catarrh Remedy. It is a snow white creamy, healing antiseptic balm. Containing such healing ingredients as Oil Scutellaria, Thymol, Menthol, etc., it gives instant and lasting relief to Catarrh of the nose and throat. Make the free test and see for yourself what this preparation can and will accomplish. Address Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by The Stafford Drug Co.

Mrs. S. Joyce, 180 Sullivan St., Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Cure. It cured me of a severe case of Kidney trouble of several years' standing. It certainly is a grand, good medicine, and I heartily recommend it." The Stafford Drug Co.

**SAMPLE OF FINE MINERAL.**  
Ore Weighing 260 Pounds, 50 per Cent Lead, Received From Pine Tree.

Fred Vieland came up from Cuba City, Wis., yesterday, bringing with him a chunk of lead and zinc ore from the Pine Tree Extension shaft, weighing 260 pounds. "While this looks rich, and is rich, it does not compare in richness with some of the ore we are taking out of the Extension," said Mr. Vieland. "I should say this piece contains from forty to fifty per cent lead, though the percentage of zinc is small. We are taking out just such stuff as this every day. In some portions of both the main property and the Extension lead predominates, but in other parts of the workings the percentage of zinc is greater than that of lead. We are hoisting from forty to fifty tons of mineral daily and we now have nearly 3,000 tons in the stockpiles. A crosscut about fifty feet in length has been extended from the forty-five foot level in the Extension. The ore body in that mine is twenty-six feet in depth. We intend to start another drift beneath the deposit, taking ore from both levels, and eventually stopping down the wall between the two. Work is progressing satisfactorily. The company that is to put in the concentrating plant has assured us that the mill will be in operation in forty days after the construction work has been started. The concern has a force of men putting in a mill at the Aetna, but they will be through there within a week or so. If the material is on the ground for the Pine Tree the ore will be immediately transferred from the Aetna."

The sample of ore brought up by Mr. Vieland was examined by a number of Ishpeming men interested in the company, and all agreed that with such ore the Pine Tree should prove a bonanza.

**MEMORIAL SERVICES.**  
The members of the Ishpeming fire department will this year attend memorial services on the first Sunday in June at the Presbyterian church. Rev. M. M. Allen, the pastor, will preach a special sermon. In the afternoon of the same day the firemen will visit the cemeteries here and at Negaunee to decorate the graves of departed members. The following Sunday the members of Zenith lodge, Knights of Pythias, will also attend services at the Presbyterian church. The military branch of the organization will make its first public appearance, accompanying the members to the church and also to the cemetery in the afternoon. A week from next Sunday the members of Charles H. Towns post of the Grand Army will attend memorial services at St. John's church. Rev. J. A. Keul, the pastor, preaching a special sermon.

ISHPEMING

CHANGE OF PROGRAM TODAY.

There will be a complete change of program at the Grand theater this afternoon. The feature moving picture, "The Vanderbilt Automobile Cup Race," which is said to be one of the finest pictures of its kind ever produced, will be seen. Other pictures will be "Hallowe'en Night at the Seminary," "Hippodrome Race at Coney Island," and "Pals" or "My Friend the Dummy." The illustrated songs will be "The Message of the Old Church Bell" and "When the Whippoorwill Sings, Marguerite."

WILL RECEIVE NEW MEMBERS.

Special Pentecost services will be conducted tomorrow morning at 10:30 at the Evangelical Mission church. At 3:30 p. m. a class of twelve new members will be received and there will be a holy communion service. At the evening service, commencing at 7 o'clock, Rev. J. Salstrom, the pastor, will preach on "The Christianity of Jesus Christ." Including the twelve members and the class of thirty-five recently received the society has been augmented by forty-seven new members since January.

"LIGHT HOUSE ROBBERY."

The advance sale for Monday night's production by the Fraser Stock company at Ishpeming theater will open this morning. The company will be seen in the comedy drama "The Light House Robbery." Specialties will be introduced between the acts by John H. Harris, a monologue artist; Miss Audra Lewis, a contralto, who sings the latest popular songs and back and wing and clog dancers. The prices will be ten, twenty and thirty cents.

NICELY ENTERTAINED.

The members of Zenith lodge, Knights of Pythias, who visited the Marquette lodge Thursday evening, were much pleased with the entertainment provided by their Marquette brothers. Following the lodge session the members of both lodges enjoyed a banquet. It is possible that the military branch of Zenith lodge will go to Marquette on Memorial Sunday, accompanying the members of the lodge of that city to the church and cemetery.

ISHPEMING IN BRIEF.

Thomas J. Dordon of Hancock attended the funeral of the late Peter Gingsras in this city yesterday. Mitchell and Sherman yesterday completed building a concrete foundation for the fountain in the city square. Mr. and Mrs. William J. Francis of 233 South Angeline street are rejoicing over the advent of a daughter at their house. The Owl club will conduct a ball on the night of the Fourth at Braastad's Hall. Trombly's complete orchestra has been engaged for the occasion. A special meeting of Charles H. Towne post of the Grand Army was held last evening to complete arrangements for the Memorial exercises to be conducted in Negamie on Decoration Day. John P. Jones of Milwaukee is in the city, having come up to attend the fu-

neral of the late Peter Gingsras, which was held yesterday morning under the direction of the French society, of which the deceased had been a member for a great many years.

The Beavers and Excelsior baseball teams will open the season tomorrow afternoon at 2:30 o'clock at Union Park. An admission of fifteen cents will be charged, ladies being admitted free.

Invitations have been issued for the Juniors' reception and hop, in honor of the Senior class of the Ishpeming High school, at Braastad's Hall next Friday evening. Trombly's orchestra will furnish the music.

Dr. E. G. Robbins, who has been confined to his home the past few weeks, was able to get down town yesterday. He will leave Sunday evening for West Baden, Ind., where he will spend ten days or two weeks. He will be accompanied by his brother, N. G. Robbins, of Negamie.

James Stoke, who has been employed in the engineering department of government at the Panama canal, is in the city visiting his folks. He will leave next Wednesday for Virginia, Minn., where he is to be married to Miss Matilda Sineox, daughter of Captain Sineox, formerly of this city.

Two cases set for hearing yesterday at Judge Andrews' court were adjourned for one week on account of the illness

The Modesty of Women

Naturally makes them shrink from the delicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the care which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It is almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials. The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is a distressing composition. It makes weak women strong and sick women well. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expenses of mailing only. Sent to Dr. R. V. Pierce, Buffalo, N. Y. 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the Doctor free of charge by letter. All such communications are held sacredly confidential. Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

of Thomas J. Dordon, who was to represent the defendants. One was the case of Andrew Talo, charged with violation of the liquor law, and the other was a charge of assault and battery against Andrew Ekolo, John Palo and Gast Maenka.

Captain Duncan C. Ross and Thomas Connors, athletes with a national reputation, will give an exhibition this evening, commencing at 8:30, at the Ishpeming theater. The men will engage in several bouts in catch-as-catch-can wrestling and exhibitions in other lines will also be given. The admission prices will be fifty cents for the lower floor seats, thirty-five for the balcony and twenty-five for the gallery.

FROM HOPKINS' CURB LETTER.

"The inertia displayed in the copper share market the past few days still continues, with no immediate prospect of taking wings. It seems to be the general opinion that the market is waiting to see whether the producers of copper metal will shade their prices. There is no immediate prospect that this will be the case, however. Before long consumers must increase their stock and it remains to be seen which side will give in. It is stated on good authority that the leading producers have been bid 1/4 cent under the market for millions of pounds but have refused to come down. Greene-Canaan and Superior & Pittsburg were about the only stocks that met with any signs of activity and what trading there has been in these two stocks has been at lower figures."

Table with columns: Bid, Asked, American, Warren, Superior & Pittsburg, Shattuck, Denn Mining, Globe Coals, Alhmed, Cumberland Ely, Nevada-Utah, Troy Man, Boston Ely, Columbus, Butte & London, Bluff Exploration, Black Mountain, East Butte, Keweenaw, Hancock, Nipissing, Wolverine & Arizona, Superior & Boston, Calumet & Montana, Old Hundred, Boston & Corbin, Barnes King, Comanche, Raven, Foster, McKinley, Silver Leaf, Silver Queen, Abitibi, Helvetia, Ely Cons, North Butte Exten, Utah Apex, L. S. & A.

The L. B. club will give a hop Saturday, May 18, at Woodmen's hall. Tickets, 50 cents per couple. Trombly's orchestra. (3-10-17-15)

SOAP GIVEN AWAY. Five bars of fine toilet soap given away free with each twenty-five-cent purchase (five bars) of laundry soap, at Clark's Savings Bank store. (5-17-17)

THINK TWICE.

EPIDEMICS DIVERT BUSINESS. "The recent epidemic of diphtheria and scarlet fever in the city have, it is reported, diverted thousands of dollars' worth of business from Chicago. In order to allay the fears of towns and cities near Chicago, which were said to be considering quarantine measures until the epidemic had passed, Health Commissioner Whalen called a consultation of big commercial interests which resulted in active co-operative measures being taken to prevent the spread of disease and stamping out the epidemic."—From American Carpet & Trade Record, Philadelphia, March 10, 1907. There is no greater source of infection than that related to the handling of carpets that are often sold from such homes in infected districts and cities. They as a rule are bought up by the City Rug Factories and lend their presence to infect other innocent patrons. In having your rugs made up from old carpets you will avoid all this risk by shipping to a well known sanitary factory that insures you against any chance of this kind we refer to

Negaunee Department

PLAN BETTER THOROUGHFARES.

Improvement of Streets and Roads Will Probably Be Started Soon.

Mayor Winter and the members of the council favor the improvement of the streets and roads of the city. The mayor has seen much of this work done during his two years' administration, but feels that there is still a great deal to be done before the streets and roads are in good condition. The mayor believes that good roads are a benefit to any city; he believes also that the time has come when all of the roads of the county should be improved.

The last job the Negaunee street crew worked on before winter set in was the eastern end of the Negaunee road. The mayor and members of the council want to put that thoroughfare in such condition that it will compare favorably with the work being done farther east under supervision of the county commission.

The members of the council are not unanimous in that opinion that the rock crusher should again be operated. There is very little gravel, such as can be used to advantage for macadamizing, to be had in the city. The cost of bringing in gravel from some outside point would be excessive; in fact would likely cost more than the operation of the plant. The crusher was tried a few seasons ago, but it did not run satisfactorily. Some thought the fault was with the machinery; others believed that the rock was too hard. The plant broke down a number of times, causing delays and much expense.

"I am of the opinion that the crusher can be operated successfully and economically," said an alderman yesterday. "I do not believe, though, that the plant will crush the rock as fine as is needed for the top dressing. I think the city should purchase a small plant for crushing the finer rock after it passes through the present crusher."

The crushed rock certainly makes a fine street. The two blocks on Clark street built of crushed rock the summer the firemen's tournament was held here, and which were used for the running races, are still in excellent condition. Of course that was an expensive piece of work, but too great a quantity of crushed rock was spread. There is over a foot of it, with a foundation that should last for a century or more. With streets built like the two blocks on Clark Negaunee will have thoroughfare the equal of any to be found in the country. Inasmuch as our gravel supply is practically exhausted I think the council should give the crushed rock proposition serious consideration."

ICE DOES DAMAGE.

Several Boat Houses on Teal Lake Partially Demolished.

During the heavy winds Wednesday and Thursday the ice on Teal Lake was piled up badly, damaging most of the boat houses on the shore. There were several few boats in the houses, as most of them had been taken out for the winter. Had the boats been left there most of them would probably have been destroyed.

The water on Teal Lake is now about eighteen inches higher than it was last spring at the break up, but it is still a foot or more from its highest point. During the greater part of last year the water was exceptionally low, but the surface is now nearly two feet higher than during the summer. It is many years since the break up has been as late as this spring. Last year the ice was gone before May 1.

The season will be an unusually short one for boating, but in spite of this fact several Negaunee people expect to purchase gasoline launches.

Orino Laxative Fruit Syrup is best for women and children. Its mild action and pleasant taste makes it preferable to violent purgatives, such as pills, tablets, etc. Get the booklet and a sample of Orino at The Stafford Drug Co.

MARRIAGES THIS WEEK.

Three Couples United in Wedlock in Negaunee the Past Two Days.

William J. Crocker of Virginia, Minn., a former resident of Negaunee, and Miss Viola Collins, were united in marriage Thursday evening at the home of the bride's parents, Mr. and Mrs. William Collins on Snow street. Rev. W. B. Coombe, pastor of the Mitchell Methodist church performed the ceremony, which was witnessed by a number of the contracting parties' relatives and friends. Mr. and Mrs. Crocker left yesterday for Virginia, their future home.

Louis H. Rutenberg of Milwaukee and Miss Lucy Hakkenjos, who has been in Milwaukee for some months past, were married Thursday afternoon at the home of the bride's parents on Bluff street. The nuptial knot was tied by Rev. W. R. Yenkers, pastor of the Presbyterian church, in the presence of relatives and several intimate friends of the young couple. Following the marriage a wedding dinner was served. Mr. and Rutenberg left the city on the evening train. After a brief trip south they will reside in Milwaukee. The groom was born and raised in Ishpeming, and he is very well known in this city. He is employed in the United States railway service, with headquarters in Milwaukee.

Ben Pringle and Mrs. Janie Richards, both of Negaunee were married Wednesday evening, Rev. W. B. Coombe officiating. The marriage was performed at the future home of Mr. and Mrs. Pringle on Snow street, in the presence of very few of their most intimate friends.

Louis Duby and Miss Susan Cole of this city, have been granted a license to wed.

INDIANS WON.

The defeat of the Ice Wagon by the Indians Thursday evening threw the former out of the race for first place in the league series. The score was as follows:

Table with columns for team names and scores. Teams include Kilkpatrick, Nightingale, Erickson, Totals, Indians, Willman, Wasmuth, Mitchell, and another Totals row.

Totals 407 444 395 1246

Indians 160 151 143 454

Willman 168 161 119 448

Mitchell 202 171 142 515

Totals 530 483 404 1417

WAS AN OLD SETTLER.

J. E. O'Donoghue arrived home yesterday from Fond du Lac, Wis., where he was called early in the week on account of the death of his father-in-law, Jerry McCarthy. The deceased was one of the first settlers at Fond du Lac, having located there some sixty-three years ago. He took up one of the first farms at Eden, eight miles from the city. He was eighty-nine years of age. Mrs. O'Donoghue will remain at Fond du Lac for a week or more, as her mother is in poor health.

CRUSHER IN OPERATION.

The Cleveland-Cliffs Iron Company's crusher plant at the South Jackson mine was put in commission this week on the ore being mined at the old pit, whose operations were recently resumed. The tonnage at present treated at the crusher is not sufficient to keep the plant in constant operation, but it is expected that the quantity of ore reduced will be larger before the season is much farther advanced.

Piles cured in 6 to 14 days.

Pazo Ointment is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. Let us have some Cudahy's Peacock Bacon and calves liver for supper Mama, say young and old. (11-27-ed)

FATHER NOW ILL.

W. L. Bedford and wife, who were summoned to Detroit last week on account of the death of Mr. Bedford's mother, may not return to Negaunee for a few days, or perhaps a week or more, as his father has been critically ill ever since the death of Mrs. Bedford. The old gentleman is suffering from heart trouble. The funeral of the deceased was held at Lanesville, near Detroit.

HAS CONTRACT FOR TRESTLE.

L. E. Chaussee has been awarded the contract for the erection of a coal trestle at the Cleveland-Cliffs Iron Company's Princeton mine. The structure will be 300 feet in length and will be similar in design to one completed last fall at the Maas mine, which was also built by Mr. Chaussee. The contractor expects to begin work on the job as soon as he can get the material on the ground.

LOCAL LACONICS.

Several of the farmers did their first work in the fields yesterday.

The employes of the Hartford mine were paid yesterday, the men at the Reagent Group will be paid today.

R. G. Quinn, who has been in the county the past week or so, left Thursday evening for his home in Milwaukee.

Thomas Fellow, who is having his dwelling on Main street remodeled, is to erect a barn and automobile shed combined.

A number of Negaunee men plan to attend the athletic exhibition of Captain Driscoll C. Ross and Tom Connors at Ishpeming theater this evening.

Charles W. Thiel, a mechanical engineer, who has been in the city the past two months doing some work at the Maas mine, left Thursday evening for Chicago.

William G. Jane of this city has left for Massachusetts, where he will spend a short time visiting relatives. From there he will go to England, on a few months' visit to his old home.

The remains of the late Albin Ikonen, who was killed Monday at the Jackson open pit mine, were yesterday interred in the Negaunee cemetery. A brother of the deceased, residing in Pennsylvania, could not be located.

Johnson Granville, Sr., and Mrs. Emma Rice and son, William, will leave Monday for England, where they will spend two or three months visiting relatives. They will take passage on the White Star line steamer, Adriatic.

Mrs. C. Hansen, who arrived home a few days ago from Glenwood, Minn., where she was called on account of the illness of her daughter, Mrs. Lloyd Smith, has again left for there, she having received a telegram announcing that that Mrs. Smith's condition was critical.

The Negaunee branch of the Eastern Star society entertained about fifty members of the Ishpeming branch Thursday evening. After the lodge session, at which initiatory work was performed, a few hours were spent in dancing, and the ladies served a dainty lunch.

Charles Muck, who spent the past few days at his homestead at Little Lake, came up from there yesterday to procure some material needed for improvements, also additional supplies. He plans to go down again within a day or two, and will spend the greater part of the summer at the resort.

Mrs. Thomas McCarthy, a resident of Negaunee for many years, and daughter, Mrs. Fred Twitshell, of the Mesaba range, are in the city on a visit to friends, having stopped off here on their way to Chicago. Mrs. McCarthy's son, Mike, who was for a number of years engaged in mining work in this county, has charge of a property at Globe, Arizona.

**Cobalt Gossip**

**LARDER LAKE'S OUTLOOK.**

Just what Larder Lake will really turn out to be is a question before many minds. The conditions actually obtaining at Larder Lake, and what the world is told by the mining promoter, are two vastly different things. Late last fall one or two important discoveries of gold were made at Larder Lake, and a few claims were staked. Then the winter set in, and, as usually is the case, the importance of the finds became much exaggerated, and a market was created for Larder Lake claims. All that was needed was to cut a trail around a piece of ground, take an affidavit that mineral had been discovered, and place this affidavit on record, and a negotiable quantity was created. Men staked claims by the dozens and sold them to the wildcat speculators. Some claims were staked by stakers who intended to return again in the summer and prospect them, but most of them intended merely to sell them to the first bidder, without regard for what they were required to do. However, in the opinion of a correspondent now on the ground, there is every indication that Larder Lake will turn out a mining camp, and a good one.

**In the Cobalt District.**

In Cobalt, mining operations are very active, and the class of people coming into the camp is far superior to that of last year. In all probability there will be much more prospecting done this year than last within the Cobalt area proper. The Nipissing will prospect three or four hundred acres alone with no doubt highly important results. Already they have dug up a number of veins from their operations this year. The Coniagas is causing a good deal of comment these days, from the fact that its mill is going up on the hill back of Cobalt, and from the regularity of its shipments. The new strike on the Buffalo is also attracting a good deal of notice. The Silver Queen has resumed shipping ore. Two cars of high grade ore have been shipped, and two more will be in the near future. Some of this ore runs as high as 20,000 ounces in silver.

The indications are that prospecting will be very active in New Ontario this summer. A visitor at Latchford recently counted 150 canoes, and probably as many more escaped his notice. With three men to the canoe, this would represent a lot of people going to the Montreal river alone. The idea that mines are found in a morning's walk through the wood is being eradicated, and the day is fast approaching when claims must be sold on the basis of what they show rather than late and present conditions, when any old thing answers as a basis for stock flotation.

**Beats the Klondike.**

The Cobalt camp is said to be shipping ore at the rate of \$1,000,000 per month. It is understood that the mines so far developed do not extend over one-quarter of the ground where it is said silver values are to be found. One authority points out that this production is more than the Klondike is producing annually.

Professor A. E. Seaman, a member of the faculty of the Michigan College of Mines and a practical geologist, has arrived at Cobalt with a party of assistants to work for the Van Orden Prospecting Syndicate, formed last winter. Professor Seaman and his force will make a geological examination of the entire district. It has ample capital furnished by Lake Superior people, who include President McNair of the College of Mines, Matthew Van Orden, W. B. McLaughlin, cashier of the Houghton National bank; John L. Harris, superintendent of the Hancock mine, and Walter Hensley and James Dunstan of New York.

At the Red Rock property a good find has been made on the north end of vein known as Extension No. 1. About three feet from the surface four inches of calcite and native silver were shown. An important find was made last Friday at the Nova Scotia in the crosscut which is being run to the south from No. 3 shaft. In the twenty-two feet covered two small veins have been picked up, running east and west. One of these is two inches wide and shows high values in native silver and calcite. The company secured its property from the Ontario government, and is said to have staked out one which will amount to five or six acres.

The O'Brien has received smelter returns for its thirty-two-ton car, and it is a record-maker: \$125,000 was received, and this carload was composed of rich ore from their different levels, with a few sacks of metallics. This is at the rate of \$4,000 a ton.

On the Jackpot mine at the Cobalt townsite, a calcite vein, twelve to twenty-four inches wide, has been reached at the 30-foot level. This vein is probably the widest one in that section. On the Nancy Helen, an adjacent mine, the vein was located at the fifty-foot level.

**Shares Listed in London.**

It is announced that arrangements have been made to list and deal in the stock of the Cobalt Central on the London Stock exchange and that trading will begin this week. There is a great deal of interest in the New York market in its enterprise, and it is believed that it will lead to investment of a large amount of English capital in the Cobalt.

Word has been received from the Silver Bird mine that twenty feet from the main shaft, at the 107-foot level, a drift has encountered a vein of cobalt, calcite and silver 2 1/2 inches wide. The company has finished its shaft and power-house and installed two additional steam drills. Drifting north and south is being continued at the bottom of the shaft, which is down 107 feet. While the Silver Bird has not been a shipping mine, the directors say that they have sufficient money in the treasury to continue work with their staff of twenty-two men for over a year.

The North Cobalt Mining company has made a fine strike of native silver on the claim adjoining the Green-Meehan property in the Red Rock district.

The Rochester-Cobalt people have bought an eighty-horse power boiler. Their shaft is down eighty feet, and they are drifting to the silver vein that has dipped away from the main shaft.

**Important to the Nipissing.**

On the Cobalt Lake property, adjoining the Nipissing property, a rich silver vein has been discovered, twelve to fourteen inches in width, and as the veins on the Cobalt Lake property run into the

adjoining land of the Nipissing, the management of the latter company considers this strike of importance. The assay value is about 500 ounces of silver to the ton, which at 66 cents an ounce and additional receipts for cobalt gives a value of about \$330. Another discovery has also been made on the Nipissing property on the Peterson lake side, but no details have yet been received by the management. There are now ready for shipment by the Nipissing company about ten or a dozen cars of ore. Prospecting on the Nipissing property is proceeding with great vigor. Forty-five men, prospectors and surface men, are now stripping old veins and opening up new. On the old Cobalt vein, the open cut upon which work has been abandoned some time, twenty men are now stripping, and an extraordinary lead of cobalt bloom and cobalt has been exposed for about sixty feet.

The Philadelphia-Cobalt company owns four properties consisting of two forty-acre tracts and one of 140 acres in the Cobalt district, and 800 acres in the now famous Larder Lake district. One forty-acre tract contains a shipping mine known as the St. Denis or Fortier, which is being operated. High grade ore is being sacked. This property is located in the township of Lorraine, in the heart of the Cobalt district, and there are seven veins. The development consists of several hundred feet of trenching a forty-foot shaft and a sixty-five-foot drift. The shaft and drift expose the above mentioned veins which show ore equal to anything shipped from the district. The property is now on a shipping basis.

**EXPLOSION SHATTERED FINGERS**

In consequence of picking up a mining cap while on his way to work at the Pewabic shaft, Oscar Veine of Iron Mountain has lost two fingers and a portion of a thumb. Lying in the sun the cap had become overheated, it is believed, and as soon as the young man disturbed it, it exploded in his hand.

**PIRATING FOLEY'S HONEY AND TAR.**

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse to substitute. It is the best remedy for coughs and colds. The Stafford Drug Co.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my book on either Dyspepsia, The Heart, or the Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free book now. Dr. Shoop's Restorative sold by The Stafford Drug Co.

**\$1.25 Wheat**

In January, February and March I sent circulars and advertisements urging people to buy wheat at about 75 cents. I said wheat would go to 90 or \$1.00 in the spring. It is now selling above 95, and will probably go to \$1.25. I still say, buy wheat. All those that took my advice have made hundreds. One man made four thousand dollars; others hundreds; others are kicking themselves for not buying the same, as they will be doing soon if they don't buy Adventure or Mass, which will soon sell five times the present price. If you cannot buy 5,000 bushels, buy 1,000 bushels for twenty dollars, or two-cent margin. I will also advise you to buy oats. Invest \$20.00 in oats and see what you will make.

**Revolving Crime Is Charged.**

After listening to one of the most revolting stories of abuse ever told in a court of Delta county Judge Emil Glaser of Escanaba has held George Linscott, forty-two years of age, to the circuit court for trial on a criminal charge preferred by his wife and his twelve-year-old step daughter. The bail bond for the defendant was placed at \$1,000 and as Linscott is without funds he was taken to jail where he will be confined until the July term of circuit court. All of the details of several assaults alleged to have been committed by the unmarried father were given in court by the child, who at no time faltered but gave her story in a straightforward manner. Different details were corroborated by the testimony of other witnesses and although Linscott offered a strenuous denial to all of the charges his story had but little weight with the court and when the testimony was completed he was promptly bound over to the higher court for trial.

**Met Death on R. R. Tracks.**

The body not being seen in time in the rapidly descending twilight, a heavy train of logs on the Manistique railway passed entirely over the lifeless form of Samuel Mischelle, a wood-sawyer of Grand Marais, before the engineer could bring the cars to a stop. Upon investigation the man was found lying lengthwise between the rails; his remains were cold, and the passage of the train had not as much as removed the hat from his head, not in any way injuring the body. This is considered remarkable, inasmuch as Mischelle had not been hurt in any way by the train, and had been dead prior to

the discovery of his remains, it is thought that the direct cause of his death was alcoholism. He was known to be a heavy drinker. No trace of his relatives has been found. The man was about fifty years of age and of French descent. He had followed the woods all his life and was a typical lumberjack of the kind who labor hard in the woods and spend their spoils with a free hand at intervals during the year.

**Upper Peninsula Census Figures.**

According to bulletin 71 of the census bureau, recently issued, of Michigan's population of 2,530,116 at the close of 1905, 275,825 people were residents of the territory north of the straits. Of the fifteen counties comprising the upper peninsula, Houghton was in the lead with 70,625 people, Marquette followed with 60,010, Delta had 27,034, Menominee 26,465, Chippewa 22,125, Dickinson 18,930 and Gogebie 17,297. Territory considered—an area larger than the states of Massachusetts, Connecticut, New Jersey and Rhode Island combined—it will thus be seen that the peninsula is still but sparsely settled. In fact, none of the eight counties not mentioned above had as many as 10,000 people, and the average for these counties was approximately only 7,000. Compared with the census of 1900, three counties had lost in population at the close of 1905—Marquette 2 per cent, Menominee 2.1 and Iron seven-tenths of 1 per cent. The largest incorporated city in the peninsula is Sault Ste. Marie, with an estimated population in 1906 of 11,894 people. Escanaba is credited with 11,872; Marquette, 10,969; Ishpeming, 10,807; Menominee, 10,234; Ironwood, 10,177, and Iron Mountain, 8,257. The biggest community is Calumet, comprising the twin villages of Red Jacket and Laurium, with an estimated population of upwards of 40,000.

### BERRY BROS. CO. IN BIG MERGER

SUPERIOR IRON & CHEMICAL COMPANY FORMED WITH \$7,500,000 CAPITALIZATION.

### CHOCOLAY CO. IS INCLUDED

New Concern Organized Mainly for Business Reasons, and is a Close Corporation—Has Extensive Holdings.

Joseph H. Berry, chairman of the Berry Bros. Limited, varnish manufacturers, and his associates in the ownership of eight iron and chemical plants located in northern Michigan and Wisconsin, have consolidated these industries in a private stock company, to be known as the Superior Iron & Chemical Co., says the Detroit Journal. The capital stock is \$7,500,000, of which Mr. Berry holds a large majority.

The companies involved are as follows: Ashland Iron & Steel Co., of Ashland, Wis.; Manistique Iron Co., of Manistique, Mich.; Burrell Chemical Co., of Manistique, Mich.; Michigan Iron Co., Ltd., of Newberry, Mich.; Superior Chemical Co., of Newberry, Mich.; Northern Charcoal Iron Co., of Chocolay, Mich.; Elk Rapids Iron Co., of Elk Rapids, Mich.; Boyne City Charcoal Iron Co., of Boyne City, Mich.

Officers have been elected as follows: Joseph H. Berry, president; W. G. Smith, treasurer, and John Christian, secretary. The board of directors will be named in a few days.

"The consolidation was merely for the purpose of facilitating the business of the several concerns," said W. G. Smith, treasurer, who is also treasurer of Berry Bros. "It was desired that the management should be under one executive head. There will be no changes in the management of the several properties, except as are necessitated by the reorganization. The consolidated has nothing to do with Berry Bros' concern. As far as I know there will be no stock put on the open market."

Much of the output of these consolidated plants is consumed by Berry Bros. in their varnish factory, and other manufacturing enterprises in which the firm is engaged. Mines, from which are taken much of the raw material used by the firm, are located adjacent to the plants.

While Joseph H. Berry has always been counted very wealthy he has not been prominent in mergers or the organization of stock companies and other financial deals involving millions, with the exception of the \$2,000,000 outer belt line railroad.

It is said that the capital stock of the consolidated companies does not represent an inflated, but an actual valuation.

Mr. Berry's personal holdings are reported to be about \$6,000,000, with other officials of Berry Bros. holding good sized blocks of stock and the remainder largely owned in the towns in which the plants are located. The stockholders in the several concerns were the incorporators.

Mr. Berry's wealth is estimated at \$20,000,000. The varnish manufacturing business is capitalized at \$1,000,000 and is the largest plant of its kind in the world. His interests outside the plant are varied and extensive. Mr. Berry takes an active part in the management of all his interests. He is at his office in the varnish plant every day.

Berry Bros. began to prepare the Chocolay furnace for a resumption some weeks ago and a large force of men are now employed, with the purpose of getting it in operation as early as possible. The plant will be put in blast some time the coming summer, and it is understood to be the plan to ultimately provide it with a chemical plant, as the company lays stress on utilizing all the possible by-products. The Chocolay furnace when rebuilt according to the plans of the owners will be a modern and effective plant, and will make eighty tons of pig iron, or perhaps a little better, daily.

The new Superior Iron & Chemical company is far and away the largest producer of charcoal pig iron in the world. Its expansion has been rapid, especially the past few months. The Boyne City plant, taken over a few months ago, was established by Charles Schaeffer and the late Noah Gray.

### NIMRODS TAKE MANY TROUT PARTIES FROM MARQUETTE CAUGHT LARGE STRINGS IN NEARBY WATERS YESTERDAY—FISH ALL OF GOOD SIZE.

Though the trout season nominally opened May 1, it really began yesterday morning, when the first catches of any size were made. Fair weather Thursday, and the prophecy of clear skies and balmy breezes for the morrow, caused many nimrods to get out their fishing tackle and several score at least wended their way toward the trout streams in this vicinity before break of day. A. W. Shilling, Jim Gregory and Charles Stewart formed a party that visited a pond near Eagle Mills about seven miles west of this city. They reached there about 5 o'clock and in a short time caught all the fish that they cared for. They reported the fishing better than they had ever before found it at this season of the year. Ordinary worms were used for bait, but the trout rose rapidly and the waters appeared to simply teem with them. Mr. Gregory secured the banner string, catching thirty-six, and Mr. Shilling took nineteen and Mr. Stewart fourteen.

The remarkable thing about the trout were their size. Not one of the fishermen had to throw back more than two fish. Nearly every trout taken was much over the legal length of seven inches. The biggest fish was caught by Mr. Shilling. It was over sixteen inches long and weighed more than two pounds. The readiness with which the fish are biting is explained by the fact that the cold weather has held in check insect life and the worms have not as yet begun to emerge in great numbers. Later in the season minnows will have to be utilized to catch the big fellows. Mr. Shilling said that had he desired he could have greatly increased the size of his string by remaining at the pond a short time longer, as the trout bit better as the morning advanced, but nineteen big ones were all that he knew what to do with. Mr. Gregory had the advantage of fishing from a raft while the other two of the party waded out in rubber boots.

Favor Michigan Association. Marquette sportsmen take kindly to the plans for protecting the fish and game as embodied in the constitution of the recently organized Michigan association, and a Marquette league to apply for membership in it may be organized shortly. "The Michigan association is the embodiment of the principles of true sportsmanship on a most far-reaching scale," said a Marquette man yesterday, "and I hope to see an organization perfected here shortly that will aid it in its efforts for fish and game protection. The objection of the association is the preservation of Michigan fish and game for the privilege of the many, not for the abuse of the few. In this connection I might say that propagation is embodied in protection. If a local association is formed it should secure as large a membership as possible among the farmers. It is to their advantage more than to that of the city folk that the

fish and game should be protected. Disension Ruined League. "I am well aware that the Michigan Game and Fish Protective league launched two years ago came to an untimely end, but I believe that the Michigan association will be a success. It was not hard to see at the outset that the former association was doomed to failure. Even at the first meeting disension cropped out. The leaguers split on the question of spring duck shooting. The inlanders wanted the open spring season maintained, arguing that it was the only season of the year that water fowl frequented the isolated inland lakes, and held out stubbornly on this issue in spite of the fact that they knew that the spring season is an abomination. The organization perished because its birth was embittered by broils and dissensions. All has so far been harmony in the new Michigan association, and I look for it to secure the enactment of wise and beneficial legislation."
