

COURT DENOUNCES TRUST METHODS

Passing Sentence on Members of the Church and School Furniture Comb...

Assessing Fines of \$500 to \$5,000 on the Various Defendants, All of Whom Had Plead Guilty to Engaging in a Conspiracy in Restraint of Trade, U. S. Jurist at Chicago Declares the Punishment Fixed by Law Inadequate to Fit the Crime.

Chicago, May 20.—Judge Landis today fined F. A. Holbrook, the American Siding company and the A. H. Andrews company \$5,000 each, and nine other furniture companies \$500 to \$2,000 for violation of the anti-trust laws in forming a conspiracy in restraint of trade.

C. & H. FILES ANSWER. Makes Complete Denial to All of Bigelow's Allegations.

Grand Rapids, Mich., May 20.—An answer to the bill of complaint filed by Albert S. Bigelow, president of the Oceola consolidated Copper Mining company, in the second suit which he began recently against the Calumet & Hecla Mining company was filed today.

IS FINED TWENTY THOUSAND. Rock Island Railroad Pleads Guilty to Granting Rebates.

New York, May 20.—The Chicago, Rock Island & Pacific Railroad company, through its attorney, today pleaded guilty to an indictment charging that the railroad had granted rebates on shipments of coffee made by a Toledo firm.

Great Northern Will Fight. New York, May 20.—The Great Northern Railway company today filed a demurrer to the indictment charging that it had granted rebates, there being two counts, one charging the offering and the other the giving of rebates.

RATES ARE HELD TO BE EXCESSIVE. COMPLAINTS MADE INTERSTATE COMMERCE BOARD ARE PRODUCTIVE OF LOWER TARIFFS.

IS NOT FORGETTING CUBA. Secretary Taft Giving Much Attention to Affairs of the Island.

Washington, May 20.—Presidential politics have not prevented Secretary Taft from giving considerable attention to Cuban affairs since his return.

The National Petroleum association of Cleveland complained that the Pennsylvania and other railroads charged a through rate on petroleum and its products from Oil City, Pa., to Freeport, Ill., via Chicago, on the basis of 25.5 cents, although the combination rate, based from Chicago, is only 23 cents.

New Point Raised by Shipper. Washington, May 20.—The Du Pont Powder company, in a complaint filed with the interstate commerce commission, raises the point whether a railroad, taking advantage of an error in shipment, can impose upon the shipper such freight charges as amount to a penalty for the error.

Another Cuban problem which interested the secretary during his visit to Havana was the improvement of the educational facilities of the island.

which are now occupying schoolhouses. Secretary Taft is especially interested in the department of public works, and now has under consideration several important schemes looking to the further modernization of Havana and other cities.

SHOOTS DAUGHTER'S LOVER. Opposed to Young Man's Suit, Missouri-Kills in Cold Blood.

Joplin, Mo., May 20.—At Southwest City, McDonald county, A. A. McGehee last night shot and killed George Oyler, aged twenty-one, son of a prominent merchant.

The Tables Turned in Oklahoma. Tulsa, I. T., May 20.—Haskell B. Talley, lawyer and politician, today shot E. Pettus, cousin of Senator Pettus of Alabama and a leader in Oklahoma Democratic affairs.

AGED EMPLOYEES MUST GET OUT. YOUNGER AND MORE EFFICIENT CLERKS TO SUCCEED THEM IN THE GENERAL LAND OFFICE.

Washington, May 20.—The secretary of the interior today approved the recommendations of Commissioner Ballinger, of the general land office, for the improvement of the efficiency of his office by the dismissal of old and inefficient clerks and the employment in their places of clerks who are able to meet the demands of the office.

GEORGIAN DISGRUNTLED. Administration Criticized on the Score of Southern Appointments.

Atlanta, Ga., May 20.—Chairman Blodgett, of the State Republican league, which was formed to fight the present administration, today issued an address to the Republicans of the South, in which he takes the administration severely to task for the appointment to offices of "Democrats and Inevitable Republicans," and urges that no federal office holders be appointed delegates to the next Republican national convention.

TARIFF AGREEMENT CONCLUDED. Mutual Concessions Made by the United States and Holland.

Washington, May 20.—Secretary Root and Mr. Von Sodenren, the Netherlands minister, have concluded an agreement under the Dingley tariff act by the terms of which, in return for the abatement of 25 per cent in the duties imposed in America on imports of Dutch spirits, the most favored tariff rates are accorded to American goods entering the Netherlands.

RATES ARE HELD TO BE EXCESSIVE. COMPLAINTS MADE INTERSTATE COMMERCE BOARD ARE PRODUCTIVE OF LOWER TARIFFS.

IS NOT FORGETTING CUBA. Secretary Taft Giving Much Attention to Affairs of the Island.

Washington, May 20.—Two decisions of the interstate commerce commission relating to the operation of joint through rates were announced today.

The National Petroleum association of Cleveland complained that the Pennsylvania and other railroads charged a through rate on petroleum and its products from Oil City, Pa., to Freeport, Ill., via Chicago, on the basis of 25.5 cents, although the combination rate, based from Chicago, is only 23 cents.

New Point Raised by Shipper. Washington, May 20.—The Du Pont Powder company, in a complaint filed with the interstate commerce commission, raises the point whether a railroad, taking advantage of an error in shipment, can impose upon the shipper such freight charges as amount to a penalty for the error.

The powder company shipped 363,000 pounds of bromate from Philadelphia to Plattville, Wis. The shipment ought to have gone to Pleasant Prairie, Wis. The error was discovered and the shipment immediately recognized to Pleasant Prairie, without change of cars or the breaking of the car seals.

UPSETS POSITION HELD MANY YEARS

Recent Decision of the Supreme Court, if Really as Broad as It Appears, Overturms Policy of the War Department.

Status Long Given Regular Army Officers Serving as Volunteers Is Completely Reversed, It Is Thought, Invalidating Courts-Martial, Making the Government Liable for Indemnities and in Other Cases Compelling the Return of Increased Pay.

Washington, May 20.—There is grave apprehension at the war department that the supreme court of the United States has invalidated the status of every regular army officer who has held at the same time a volunteer commission, and has also invalidated the legality of the proceedings of every court-martial of volunteer officer or enlisted man, on which has sat an officer holding both regular and volunteer commissions.

The high tribunal last Monday handed down an opinion declaring invalid the court-martial of Lieutenant Lewis E. Brown, a negro volunteer officer who was tried and dismissed from the service in Cuba. The court-martial was invalidated because an officer of the regular army who also was a volunteer officer, sat on the court.

GEORGIAN DISGRUNTLED. Administration Criticized on the Score of Southern Appointments.

Atlanta, Ga., May 20.—Chairman Blodgett, of the State Republican league, which was formed to fight the present administration, today issued an address to the Republicans of the South, in which he takes the administration severely to task for the appointment to offices of "Democrats and Inevitable Republicans," and urges that no federal office holders be appointed delegates to the next Republican national convention.

TARIFF AGREEMENT CONCLUDED. Mutual Concessions Made by the United States and Holland.

Washington, May 20.—Secretary Root and Mr. Von Sodenren, the Netherlands minister, have concluded an agreement under the Dingley tariff act by the terms of which, in return for the abatement of 25 per cent in the duties imposed in America on imports of Dutch spirits, the most favored tariff rates are accorded to American goods entering the Netherlands.

RATES ARE HELD TO BE EXCESSIVE. COMPLAINTS MADE INTERSTATE COMMERCE BOARD ARE PRODUCTIVE OF LOWER TARIFFS.

IS NOT FORGETTING CUBA. Secretary Taft Giving Much Attention to Affairs of the Island.

Washington, May 20.—Two decisions of the interstate commerce commission relating to the operation of joint through rates were announced today.

The National Petroleum association of Cleveland complained that the Pennsylvania and other railroads charged a through rate on petroleum and its products from Oil City, Pa., to Freeport, Ill., via Chicago, on the basis of 25.5 cents, although the combination rate, based from Chicago, is only 23 cents.

The powder company shipped 363,000 pounds of bromate from Philadelphia to Plattville, Wis. The shipment ought to have gone to Pleasant Prairie, Wis. The error was discovered and the shipment immediately recognized to Pleasant Prairie, without change of cars or the breaking of the car seals.

EUROPEANS NOT NEEDED. American Federation of Musicians to Fight Importations of Foreigners.

Cleveland, May 20.—With 190 members present, the annual convention of the American Federation of Musicians opened today. In his opening remarks, President Weber said that America did not need European musicians, and that from this time forth the organization would fight for American musicians, who he said were always the equal of foreigners.

Another matter before the convention touches the question of enlisted musicians of United States army bands furnishing music to civilian entertainments in competition with civilian musicians. The federation expects to bring this matter before the next congress in a forcible way.

HOSTILE TO LABOR BILLS. Manufacturers' Association Takes Credit for the Defeat of Legislation.

New York, May 20.—The preliminary meeting of the annual convention of the National Association of Manufacturers was held today. The secretary in his report first took up the fight which the association has made in its purpose of resolutions passed five years ago at Indianapolis against certain legislation proposed at Washington.

Several committees were appointed today. The president will make his annual address tomorrow. The report of Treasurer Stillman showed expenditures during the year ending March 31 last of \$161,276, leaving a balance on hand of \$24,713.

BASEBALL. STANDING OF THE CLUBS.

Table showing National League and American League standings with columns for W, L, P.C.

TODAY'S SCHEDULED GAMES. Pittsburgh at Philadelphia. Cincinnati at Brooklyn. Chicago at New York. St. Louis at Boston.

WASHINGTON AT CLEVELAND. Philadelphia at Detroit. New York at St. Louis. Boston at Chicago.

GAMES PLAYED YESTERDAY. National League. New York, May 20.—The locals' errors gave St. Louis their chance today, and they broke the New York's winning streak of seventeen games.

Batteries: Taylor, Ames, Ferguson and Bresnahan; Brown and Marshall.

Boston, May 20.—Chicago could not hit when men were on bases. Summary: R. H. E. Boston 10 0000131-6 9 2

Batteries: Flaherty and Needham; Fraser and Moran.

Philadelphia, May 20.—The locals won out in the eighth on three singles and a sacrifice. Summary: Philadelphia .020000020-4 9 0

Batteries: Pittinger and Dooin; Ewing and Schli.

Brooklyn, May 20.—Brooklyn could not hit Leever. Summary: Brooklyn .000000000-0 2 1

HAYWOOD TRIAL TO HALT AGAIN

Work of Filling the Jury Box Makes but Slow Progress in Judge Wood's Court in the Idaho Capital.

Day Ends With Only Eleven of the Twenty Peremptory Challenges Used, and With Only Nine of the Hundred Veniremen Gathered a Week Ago Still to Be Called—Fifty Additional Talesmen, It Is Expected, Will Now Be Summoned.

Boise, Idaho, May 20.—It seems inevitable that the Steubenburger murder trial must be halted again tomorrow to permit of the gathering of another special venire of talesmen.

The vacancy created by the ninth challenge made on Saturday was open when the trial was resumed this morning; the vacancy created by the eleventh challenge was open when court adjourned this afternoon, and the difference between the two sums up the little stride forward today.

Change of Venue Asked at Sioux Falls. Sioux Falls, S. D., May 20.—The case of Mrs. Emma Kauffmann, wife of Moses Kauffmann, a wealthy brewer, charged with the murder of Miss Agnes Polster, her domestic, was called for trial before Judge E. G. Smith of Yankton in the state circuit court this afternoon.

The defendant filed an application for a change of venue to the state court in support of the application was not all in when court adjourned for the day.

Schmitz Hearing Goes Over a Day. San Francisco, May 20.—Mayor Schmitz appeared for trial today in Judge Dunne's court on five grand jury charges of extortion from keepers of local French restaurants.

Washington at Cleveland. Philadelphia at Detroit. New York at St. Louis. Boston at Chicago.

GAMES PLAYED YESTERDAY. National League. New York, May 20.—The locals' errors gave St. Louis their chance today, and they broke the New York's winning streak of seventeen games.

Batteries: Taylor, Ames, Ferguson and Bresnahan; Brown and Marshall.

MANY PASSENGERS INJURED. One Serious Train Wreck in Georgia Another in New York.

Macon, Ga., May 20.—A passenger train on the Central of Georgia railroad was wrecked at noon today at Hillsboro, thirty-four miles north of Macon. Twenty-six persons were injured, none fatally. Two coaches were overturned.

Buffalo and Cleveland express, west-bound, ran into a derailed freight train four miles east of Little Falls at 1:40 o'clock this morning, and all but the four last Pullman coaches were thrown from the track.

UNRULY CADETS EXPELLED. Macon, Mo., May 20.—It became known today that fifty-two cadets were summarily dismissed and expelled from the grounds of Blee's Military academy at Fort Independence, Mo.

MINERS HEMMED IN BY A WALL OF FIRE. SEVEN MEN, INCLUDING SUPERINTENDENT, PERISH IN BURNING TUNNEL IN COLORADO.

Trinidad, Colo., May 20.—Seven miners, including Superintendent Alexander Jacobs, were burned or suffocated to death last night in the Engleville mine at Engleville, Colo.

MEXICAN TROOPS IN MOTION. City of Mexico, May 20.—Mexican troops are being moved to the Guatemalan frontier. This information reached the capital today in a private telegram.

HARDWARE JOBBERS RETAINED. Philadelphia, May 20.—The executive committee of the National Hardware association today decided that the trade could not dispense with jobbers. A plan to do away with jobbers had been under consideration for some time.

SHANGHAI, MAY 20.—The French cruiser Chanzy is ashore on one of the Saddle islands in the Chuan group. Her position is dangerous.

BIG STRIKE BEGINS ON BUFFALO DOCKS. FREIGHT HANDLERS IN THE EMPLOY OF ALL TRANSPORTATION COMPANIES QUIT WORK.

Buffalo, May 20.—Nearly two thousand freight handlers on the docks quit work today, demanding an increase in wages. The strike affects all transportation companies having freight houses along the docks.

ARAB REVOLT IS SERIOUS. Turkish Troops as Yet Unable to Restore Order in Yemen.

Constantinople, May 20.—No confirmation has yet been received here of the annihilation, reported May 6, of seven batteries of Turkish troops during a battle with rebels in the province of Yemen, Turkish Arabia.

Building Tied Up at Denver. Denver, May 20.—Refusing to work with material from mills operating with non-union woodworkers, nearly 1,000 carpenters employed by building contractors struck today.

LITTLE JOY IN CUBA. Island's Fourth of July Celebrated Only in Perfunctory Manner.

Havana, May 20.—Today was the fifth anniversary of the establishment of the Cuban republic. The occasion was observed in this city in an apathetic and even perfunctory manner.

INHABITANTS IN TERROR. Stromboli and Mt. Etna Volcanoes Aggravated.

Messina, Italy, May 20.—Stromboli and Mt. Etna volcanoes are again active, and especially Stromboli. Inhabitant positions are of constant occurrence.

CANNON IN NEW YORK. New York, May 20.—Speaker Cannon of the national house of representatives came to this city today and met a number of business men.

ABE HJMMEL TO MAKE BREAD. Lawyer Dons Stripes at Blackwell, and Is Assigned to the Bakery.

New York, May 20.—In a big touring car, Attorney Abraham Himmell left his home today to go to Blackwell's

BLOODY REVENGE TAKEN AT ODESSA

Assassination by Terrorists Is Followed by Shocking Excesses on the Part of Bands of the "Black Hundreds" Organization.

Infernal Machine Killing the Chief of Police and Two Detectives, Rowdy Adherents of the Reactionary Party Are Permitted to Run Wild Through the Streets, Mercilessly Attacking People, Especially Jews, Murdering Some and Wounding Scores.

Odessa, May 20.—Following the assassination of three public officials here today, serious rioting occurred, and this evening the "Black Hundreds" were running wild through the streets, mercilessly beating people, particularly Jews, more than a hundred of whom were seriously injured soon after the disturbance began.

The tragedy which led to the rioting was openly enacted. While the superintendent of police and other officials were in the Central police bureau this morning, two men and a girl entered the building, deposited an infernal machine in the office and went away.

St. Petersburg, May 20.—Before today's session of the lower house of parliament, from which all the radical representatives were conspicuously absent, Premier Stolypin issued a decree in the name of the discovery of a plot to kill the emperor, Grand Duke Nicholas and himself.

ORDERS REVISION OF THE BIBLE. Bold and Important Decree Promulgated by the Pope.

London, Tuesday, May 21.—In a despatch from Rome the Times says, it learns that the pope has issued a decree entrusting the entire revision of the Vulgate to the Benedictine order.

SHANGHAI, MAY 20.—The French cruiser Chanzy is ashore on one of the Saddle islands in the Chuan group. Her position is dangerous.

Buffalo, May 20.—Nearly two thousand freight handlers on the docks quit work today, demanding an increase in wages. The strike affects all transportation companies having freight houses along the docks.

Constantinople, May 20.—No confirmation has yet been received here of the annihilation, reported May 6, of seven batteries of Turkish troops during a battle with rebels in the province of Yemen, Turkish Arabia.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MARQUETTE, MICH., MAY 21.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

General Bell's opinion in regard to the Hayward trial is duly noted.

But Mr. Brown is just as warm under the collar as Senator Foraker. A dead heat.

Fortunately Marquette is under no necessity of qualifying as a summer resort in this year of Our Lord, 1907.

However, in regard to President Corey's prospective resignation there are a lot of people who will want to be shown.

The wheat market, after all, is a thing of ups and downs, and experience teaches that there is a down for every up.

We must all agree with the Boston Transcript when it says: "From Spencer to Stephenson is distinctly a case of which not alone Wisconsin but the country must pay the cost."

We submit that the other cities of the county will be in a much better frame of mind toward Negaunee's prospective celebration of July 4, 1908, if it refrains from celebrating July 3, 1907.

Judging from the restlessness of the Ohio politicians the national Republican convention is not more than two months away. As a matter of fact it is something over a year before the delegates will be chosen.

Despite frigid temperatures and May snow flurries the Grasshopper baseball league is fairly "off," and the "farthest north" team, that of Winnipeg, where they play ball in the light of the aurora borealis, has the pole.

All outward signs lead to the conclusion that a careful inquiry would uncover a conspiracy—a genuine conspiracy, and not one of dreams—among the weather men of this great and glorious nation.

If it wasn't a little early The Mining Journal might inquire what possible title one or two men whose names are discussed with some seriousness in connection with the gubernatorial nomination in 1908 have to aspire to such an honor.

A Lansing correspondent says that some of the boxer senators are beginning to hear from the folks back home and predicts that the next vote on the primary law amendments will be different from the one last week. A lot of trouble will be saved if it is.

The Hon. Horatio Earle is an avowed candidate for governor; Charles F. Wright of Hancock has been done the honor of being mentioned as possible U. P. timber for lieutenant governor. Now if Governor Warner should tip over the road commissioner's pet hobby what would be the matter with running Earle and Wright on a Keeweenaw prison platform?

There is a humorous side to Senator Foraker's abuse of the "bosses." It reminds us of the falling out of the pot and the kettle. Senator Foraker has been a boss, par excellence, wherever and whenever he could make it stick. It is not the "bosses" that have given rise to Senator Foraker's ire; it's the "other bosses," who comprise all Ohio Republican leaders whose ideas happen to run counter to those of the senior senator.

Judging from the comment of the outside papers the selection of Ike Stephenson for senator has not raised Wisconsin in the estimation of the rest of the country. Stephenson is best known outside of Wisconsin as the man who financed the La Follette propaganda, and his election to the senatorship is regarded in most quarters as a settling of the score. Senator Stephenson isn't to remain long in Washington and he will not be taken very seriously while he is there.

It has been announced at the state department that Thomas J. O'Brien of

Grand Rapids, United States minister to Copenhagen, will become ambassador to Japan in September, on the retirement of Luke E. Wright of Tennessee, who has given notice to the department that he wishes to leave the service. Michigan is thus in line to be represented by one of her citizens in one of the most important of the ambassadorial posts. Mr. O'Brien's advent in the diplomatic service is of recent date, for it was only two years ago that he was tendered by President Roosevelt, and accepted, the appointment to Copenhagen. His service has been of a high order, and was the principal factor in recommending him for the most important post he is so shortly to fill.

"The idea is growing among state politicians," says a Lansing dispatch, "that an alliance is forming between T. W. Atwood, former railroad commissioner, Congressman Charles E. Townsend, Arthur Hill, private citizen, and the general body of the old organization in the Republican party to support Attorney General Bird for governor in 1908." Auditor General Bradley has been another receptive candidate, but as the situation is shaping itself it appears that the politicians referred to above and their friends would find some other man an easier one to "land" with. Former Senator Baird, who is astute enough when it comes to sizing up a political proposition, is credited with the opinion that the next governor of Michigan will be either Bird or P. H. Kelley, the lieutenant governor.

There is a renewal of the stories that the steel trust directors will take cognizance of William Corey's domestic tribulations—and many people hold that the word properly applies to his marriage—by crowding him out of his office as president. The Corey episode will not down. After the marriage of the son of Rev. Clark, who made the happy couple one, occasioned fresh scandal. Now the continental papers will keep the ball rolling until Corey's family affairs are aired the world over. All this is distasteful to many Steel trust directors who would like a president who would keep out of all but the trade papers. In the beginning, we are informed, there was a tacit agreement among the directors to overlook entirely Mr. Corey's domestic affairs, but the directors doubtless reckoned without an understanding of the amount of newspaper space that would be devoted to them. And there is still the chance that they will be staged.

The Grand Rapids Press favors the administration senators standing out against any primary law legislation at all, rather than have them accept the 40 per cent provision to secure action, and believes that the people would sustain them in that course. Also it believes that if the governor calls a special session, should the necessity arise, for the purpose of obtaining the primary law amendments now rejected by the boxers, the people will sustain his course. The Press characterizes the arguments used by the advocates of the 40 per cent provision as "flimsy and specious," saying: "If three men received the same number of votes and were to cast lots for the nomination the one of their number winning would be just as much the choice of the party as the man who would be who was afterward nominated by a convention. In neither case could any one affirm that the successful candidate was the man desired by the majority of the voters of the party. The man who won by lot would go into office free from bargains and entangling alliances. The man who won in the convention would be under obligation to those who nominated him and even if he made no bargains personally would feel under obligation to carry out those made by those who gave him the position. In neither case, it may be, would the voters be fully satisfied, but it is certain that they would be more apt to secure a clean and satisfactory administration from the candidate who won by lot."

A MAYOR UNAFRAID. A mayor unafraid is Mayor Busse of Chicago. He is unafraid to talk turkey to reformers or to grapple unhesitatingly with any situation that comes before him. He has his own ideas of right and wrong, and plenty of initiative to give them expression. There should be nothing negative about his administration. He should be either a very good or a very bad mayor. Fortunately the signs indicate that he will be the former.

Mayor Busse's latest thriller has been a demand for the resignation of an even dozen of Chicago's school trustees, appointees of Harrison and Dunne, the terms of these members have not expired, but an ordinance gives the mayor power of arbitrary removal, and he has elected to arbitrarily remove all of the proscribed dozen who do not step out of their own accord. His reason is a matter of some doubt, but a desire to insure beyond any question the retention of Superintendent Cooley is doubtless one of the things that actuates him. Drastically bad conditions are the only thing that would justify such radical action as Mayor Busse has taken in regard to the Chicago school board. But he is justified, for the conditions obtaining on that board since the Dunne appointees and their sympathizers gained control have been drastically bad. Mayor Dunne's appointments ranged from indifferent to abominable. The persons he honored were faddists, radicals and

even socialists. They set about post-haste wrecking the same system of promotions and methods of administration that Superintendent Cooley had built up. In no small degree they took their cues from Margaret Haley, a Chicago teacher whose duties were akin to those of a walking delegate, and whose central idea was the ultimate unionization of the teaching corps, and its degradation to a position of a part of a political machine.

The tendency of the board now so vigorously shaken up was well illustrated by the system of promotions it favored. Superintendent Cooley devised a system in which they were to be governed by ability and fitness, which would encourage good work and penalize bad work. The board favored promotions in accordance with seniority. It was allowing, even fostering, the interference of teachers in administrative details, and under its lax and mistaken ideas the school system was becoming chaotic in its disorder.

Mayor Busse's appointments to vacancies are to be from the ranks of business and professional men suited by training for the responsibilities of the office. He will pick conservative men, and reasonable men, and the work of rebuilding the schools will at once be resumed. Some of the members served with his notice of impending removal in the event of their refusal to step down have resigned; others will follow suit. Some few may fight, but even if they should be successful for the time being in staying where they aren't wanted Mayor Busse's broadminded view of what the board needs insures its early redemption.

Mining News

CALUMET & HECLA.

The Calumet & Hecla exploratory work in the Porcupine mountain district will be continued, for some time, says the Ontonagon Herald. The old Union property is to receive attention as soon as the drilling on the White Pine is finished, probably about a month hence. The two drilling outfits will be moved there and a thorough cross section of the property will be made. What will be the outcome of the Calumet & Hecla explorations upon the Nonesuch, White Pine and Union, which are held under option, it is impossible to determine at the present time. The work at the Nonesuch was quite thorough in character, consisting of a good-sized mill test in addition to the drill work and the fact that explorations are being continued on adjoining properties is taken as indicative that good values were found. The owners of other properties in that district are waiting with much interest the action of Calumet & Hecla. If the company exercises its options then there will be something doing in that locality. The Carp Lake will get busy shortly. It is planned to make a mill test of the rock, using the Calumet & Hecla plant at Nonesuch if arrangements can be made for its use, and to do considerable exploratory work with the diamond drill.

NOTES OF COPPER NEWS.

Quincy is hoisting 1,000 tons a day from the No. 8 shaft and over 4,000 tons a day from the mine. The character of the No. 8 rock is excellent. There is a report that the Calumet & Hecla option on the Nonesuch property has been extended for another year in order to await the outcome of the litigation with Osceola.

The United Metals Selling company, which handles the output of the Amadav and other large mines, reports a scarcity of spot copper. The possible production of the mines it represents has been sold up practically through July. A strike of copper ore has been made of ten and one-half miles southwest of Butte. The vein is of bournite, carrying 8 per cent copper within ten feet of the surface. The vein is large, and although the pay streak at the depth has a width of but one foot, it is enlarging with depth.

Progress is being made by the Atlantic company in sinking its new shaft on section 16, and at the present time a depth of 420 feet has been attained. The machinery from the main shaft of the Atlantic mine is to be removed from its present location and put into position for operating the new shaft.

Work has been resumed on the shaft of the North Butte Extension company and three shafts are now employed in sinking. Work had been delayed on account of the failure of the railroad company to install a spur to the company's plant, and the management has concluded to put up a temporary hoist that is capable of sinking to a depth of 300 feet. It is expected that by the time that depth is reached the spur will have been built and the permanent machinery delivered. The permanent hoist will have capacity to sink 1,500 feet.

The annual meeting of the Adventure will be held in New York June 6. A report comes from Boston that an effort will be made to "oust" the present management. It is but natural that there is dissatisfaction among stockholders owing to the property being a disappointment in regard to results. That mistakes have been made in handling Adventure is quite freely admitted, and this is true with practically all mining properties, but it is problematical as to whether a change in management would prove beneficial.—Ontonagon Herald.

There is outstanding at the present time about 7 per cent of the Greene Consolidated Copper stock, the rest having been turned in for exchange into shares of the Greene-Cananea Copper company. While economies are being installed at the Greene-Cananea properties under the new management, the production up to the present time has shown no increase over the last few months of Colonel Greene's administration—averaging between 4,500,000 and 5,000,000 pounds per month. Up to the present time, if it stated at the office of the company, no action has been taken regarding a dividend on either Greene Consolidated or Greene-Cananea stocks, although a quarterly declaration is overdue.

At the present time Butte Coalition is said to be producing at the rate of close

to 30,000,000 pounds per annum. With a cost of ten cents a pound on 25-cent copper, the company is earning net at the rate of \$4,000,000 annually, or \$2,000,000 in excess of dividend requirements of \$2 per share. The daily output now approximates 1,500 tons. By Jan. 1 it is expected that the capacity will be still further increased to 2,000 tons daily. With a tonnage of 2,000 a day the company should produce between 40,000,000 and 50,000,000 pounds per year of copper. The dividends paid to stockholders of the Butte Coalition are dependent entirely upon the Red Metals company, which operates the properties. The dividends which this company has thus far declared have been at the rate of \$4 quarterly on \$1,000,000 of capital, all of which is owned by Butte Coalition.

The Butte Montana Mining company is a corporation organized under the laws of Montana, with a capital of \$1,000,000, divided into one million shares, par \$1 each. It owns in fee the Little Annie Lode claim and the Alex Scott lease and bond. The Alex Scott is situated on the eastern slope of the Anaconda hill or the same vein system as the Bell and High Ore mines of the Anaconda company. The property of the Anaconda adjoins the ground on the north and west and those of the Boston & Montana on the south and east. The property is equipped with machinery to carry on the work to the 1,200-foot level. The drifting that has been done is on the 200, 400 and 600. Considerable ore has been taken out of the 400 and three defined veins which apex on the property. The Little Annie Lode claim is situated about two miles from the Alex Scott in the Walkerville section and has an incline shaft down 200 feet. The leads are from three to ten feet in width. Some surface shipments have been made which show very good values in silver.

27,000 IMMIGRANTS FROM IRELAND.

The annual report shows that almost 27,000 immigrants from Ireland landed at the port of New York during 1906, the large majority of them being between the ages of fourteen and forty-five years. They were convinced that the United States offered them far better advantages than any other country. Hostetter's Stomach Bitters, through its wonderful curative powers, has convinced thousands of persons during the past 53 years that it is the one medicine needed to cure poor appetite, sour stomach, sick headache, sleeplessness, nervousness, heartburn, bloating, dyspepsia, constipation, indigestion, liver or kidney troubles, female ill or malaria, fever and ague. We urge every sick man or woman to give it a fair trial at once. We guarantee every bottle absolutely pure.

Red Seal White Lead costs less than other white leads, because it makes more paint. For sale by Kelly Hardware Co. (5-18-tf)

In Your Own Home

That's where you want to get acquainted with your sewing machine—and that's why we agree to send you a competent instructor from our local store. A competent instructor mind you, is not a time-driven, underpaid clerk from a department store. This is important, too; for if you get started right you will get double service out of your machine every day you use it, as long as you have it. It is our instructor's business to help you demonstrate to yourself the ease and certainty and scope of operation that has placed these machines in millions of homes all round the world. They are built like a watch, down to the last little screw; that's why they will do three times as much work for you as most people get out of job-lot department-store sewing machines—and do three times as many kinds of work, too.

SINGER SEWING MACHINES. BY THESE SIGNS YOU MAY KNOW AND WILL FIND SINGER STORES EVERYWHERE. Sold only by Singer Sewing Machine Co. Ishpeming, 120 S. Main St. Negaunee, Iron St. Marquette, 112 West Washington St. Hancock, 503 Reservation St. Calumet, 423 N. 5th St. Escanaba, 713 Ludington St. Iron Mountain, 205 E. Heughett St. Sault Ste. Marie, 116 Ashmun St.

# Copper Country

## IN THE POLICE COURTS.

### Two Hurontown Men Fired at Officer—A Murderous Assault.

Joseph Lebach and Charles Razon were brought before Justice Brand of Houghton yesterday morning by Officer Maher of Hurontown. He charged them with being disorderly at the Isle Royale location Sunday evening. They were shooting up the town, using a shotgun and a revolver, and when Maher attempted to control them he says they fired at him. Justice Brand imposed a fine and they were later arrested on a charge of carrying concealed weapons, for which they will have a hearing today.

Gertie Forrester of Calumet was bound over to the circuit court yesterday on a charge of keeping a disorderly house. Under Sheriff Vivian went to Toivola, on the Copper Range railroad, yesterday to arrest a man who is charged with murdering assaulting another resident of that location. He had not returned in the afternoon and the details of the affair could not be learned. It was thought that in a fight one man struck another on the head with a club, inflicting dangerous wounds.

The officers in Red Jacket were at work yesterday on a hold-up case, but up to the late afternoon were only partially successful. It appears that three residents of Red Jacket were out on a drinking session Sunday night and two of them held up the third and took \$130 from his clothes. At least that is his story, and he asked for the arrest of his two friends. Marshall Trudell jailed one of them yesterday morning and in the afternoon was hot after the other. It is a peculiar case as it hardly seems probable that the pair would rob a friend in the face of certain prosecution and identification, unless they were all very drunk.

## HOUGHTON WALLOPPED AGAIN.

### Taylor's Men Lost Sunday's Game at Duluth—5 to 3 the Score.

The Duluth White Sox again took Kid Taylor's Houghton Giants into camp on Sunday. The score was 5 to 3. Calumet and Winnipeg did not play Sunday as in Winnipeg Sunday ball is not permitted. President Glass told The Mining Journal yesterday that Houghton would be much stronger when it returns to open the season at Ripley, as a number of good men are to join the team. He could not give out their names. Houghton has so far not won a game, and as usual the fans are experiencing a brain-strain. However, Houghton will have a winning ball team, or if not it is because the managerial trio has gone broke, which is not likely considering the condition of the market and various businesses of said triot.

Calumet opens the season in grand style and would in the ordinary course of events be occupying first place, meaning that had Houghton taken its share of the games so far played. This puts Frank Mullane's stock up pretty high and the people of Calumet will be glad to meet him. Up to date Calumet has never seen the Calumet team or its manager, nor have the players seen the town.

Hurontown played Trinitoutain Sunday and won with a score of 7 to 2. These teams will put up good independent ball during the summer, and from now on will be the best of the sand lot teams. Mitter and Brand played with Hurontown Sunday.

## FIREMAN'S BURNS FATAL.

### Fred Quinn Died Yesterday Morning, Result of Sunday's Wreck.

Fred Quinn, the fireman who was so severely burned and scalded in the wreck on the Copper Range railroad early Sunday, died yesterday morning. At the time of the accident and during Sunday it was believed that the young man could survive, but hope was given up during the night as his injuries were more serious than had been supposed. He was twenty-two years of age and a son of Samuel Quinn, an old resident of Houghton and an employe of the village.

The wreck which caused the young fireman's death was a peculiar one. It was caused by the sinking of the sand in the railroad embankment, which it is believed was unavoidable. The embankment was grass-covered, and on its surface was apparently as firm as ever, but it had washed out beneath the surface. An employe of the Michigan street first found the wreck, it having caused a break in the water supply pipe. He first ran back to notify the smelter of the condition of the pipe, and then tried to return to flag the train, which was expected at that time. He arrived too late.

## Aged Woman's Death.

Mrs. Sophie St. Amand, aged eighty-three years, died yesterday at the home of her daughter, Mrs. Frank Monette, at Houghton. She had been a resident of Houghton for the past three years, though she lived there many years ago, the intervening time having been spent in Montreal. Old age was the cause of her demise. A number of daughters have been notified in various parts of the country, and pending advices from them no arrangements for the funeral have been made.

## MUCH LITIGATION.

### List of Civil Cases Booked for Trial in Circuit Court.

The following is the list of civil cases to be tried in the June term of the Houghton county circuit court which convenes in Houghton next Monday morning:

Issues of fact, trials by jury—A. F. Meekiburg Sash & Door company vs. Bernhart Holmstrom; George Melnich vs. Women's Catholic Order of Foresters; Helen Leveque vs. Joseph Turk; Janet P. Scott vs. Mineral Range Railroad company; Eliza Pengilly vs. Trinitoutain Mining company; Henry Crogan vs. Samuel Eddy and Frelle Bellemere; Harry Stark vs. Quincy King company; Samuel Junilla vs. Calumet & Hecla Mining company; S. D. North & Sons vs. American Bridge company; John J. Eichkorn vs. Valente Bartolomeo; John Marx vs. Frevemen Andrews; garnishment; James W. Cleaver vs. John S. Morrison; Robert L. Hennes al vs. John Phillips; Mary Hallas vs. Michael Hallas and Levi S. Rice; John Conighin vs. Thomas Buzzo; Edward Brassau vs. Barney Joyner.

Issues of law, trials by court—David McJelson vs. Joseph Gurd, Roach & Seeger Co. vs. Joseph Croze, Edwin J. Penherty and William W. Finch vs. Copper Concentrating company.

Chancery cases—Emma Robertson vs. Herman Robertson, divorce; Theresa Rosenbaum vs. Schjia Rosenbaum, divorce; Moses Maynard vs. John Griffin and James W. Cleaver, bill for accounting; Maggie Wern vs. Frank Wern, divorce; Mary Hallas vs. Michael Hallas, divorce; Frank M. Kaiser vs. Edwin R. Cox et al, bill to foreclose mortgage; Frederick Els vs. James W. Beusely et al, bill to quiet title.

The Keweenaw county circuit court opened for what promises to be a very brief term at Eagle River yesterday morning. Judge Streeter of Houghton is presiding.

## WONDERFUL ECZEMA CURE.

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors, but no benefit resulted. By chance we read about Eczema Bitters, bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at The Stafford Drug Co. 50c.

## THROUGH SLEEPING CAR SERVICE

Between Copper Country Points and Mackinaw City, Without Change.

Beginning June 1st, the D. S. S. & A. Ry. will inaugurate a through sleeping car service between Copper Country points and Mackinaw City on the night trains. (5-16-07)

# ROYAL BAKING POWDER

## Made from pure grape cream of tartar, and absolutely free from lime, alum and ammonia.

ROYAL BAKING POWDER CO., NEW YORK.

## HANCOCK NAVAL RESERVE.

### Outdoor Drills Continue—No New Ship for Michigan.

The Hancock naval reserve will now drill in the open air every night, weather permitting. The division was out last night and continued to make a good showing. It now has its full complement of men and every effort will be made to bring it up to a high point of efficiency before the annual cruise in August. It looks now as though the cruise would be taken on the Yantic, the present training ship, if the following Washington dispatch is authentic: "The Michigan naval militia will not get a steel ship," reiterated Assistant Secretary of the Navy Newberry today. "When the delegation from Michigan was here to see about it I told them the only vessel to be had by anyone was the San Juan de Austria, an iron boat 20 years old, sunk at Manila by Dewey and raised after we had taken the Philippines. But I told them also that the vessel was not anywhere near as good for their purpose as the Yantic and that she had been offered to various other naval militia organizations and declined. She is at Portsmouth navy yard, and I invited the Michigan men to go there and see for themselves that she is unsuitable, but if they are hard to have I hope nothing will be said to discourage them, as the government is very willing to let her go."

The Austria is 210 feet long, 32 feet beam, 15 feet draft, and 1,130 tons displacement, and on her trial trip in 1887 she made a speed of 12 knots an hour, but at present, with her boilers and engines 20 years old, she could not go 10. She has accommodations for 139 men and cost \$180,000. The Yantic is worth today \$250,000.

"The Austria's deck is so cut up as to make her, in my opinion, impractical for naval militia training purposes, while the Yantic is roomy and exactly suited to the work of drilling new men. There is no steel vessel except the Detroit available at present, but if there was Illinois would get it, as that state has in the first call and has the biggest mental reasons that would be a good deal more than the Detroit, and for sentimental reasons, as it is the only vessel of the navy that has been repaired in the past 20 years. It would cost \$100,000 to repair her for naval militia use. The boat would have to be cut out to get her through the lakes, and of which it would be impossible for them to take her. She is the only steel vessel of the navy that can spare at this time."

## MRS. JEFFERS' PLAY.

### Cast of Characters of an Interesting New Drama.

There will be produced next Saturday night at Foresters' Hall, Atlantic, a new three-act drama by Mrs. Cora Moore Jeffers, principal of the Atlantic High school and wife of Superintendent F. A. Jeffers of the Stanton township schools. The cast and synopsis are here given:

—Cast of Characters—  
[Arranged in the order of their appearance on the stage.]  
Grace Murray ..... Mrs. Cora Jeffers  
Clara Cook ..... William  
Clara Lake ..... Alma  
Ella Jamison ..... Amelia Schmetter  
Mary Allen ..... Louise Northey  
President Dickens ..... Earle Holman  
May Desenberg ..... Kathryn Bouke  
Ed. Riparian ..... John Steink  
Margaret Wilby ..... Earle Holman  
Place: Inspiration college.  
Time: 1906-07.

—Synopsis of Scenes—  
Act I. Grace Murray's Room. Morning of Dec. 15, 1906. "I believe a human soul is worth saving."  
Act II. Grace Murray's Room. Forenoon of Senior Class Day. "Judge Not."  
Act III. On the Campus. Afternoon of Class Day. "The Vindication."

## IN THE SUPREME COURT.

### Houghton County Cases Which Will Be Tried at the June Term.

The docket of the state supreme court for the June term has been published and it is found to contain a number of Houghton county cases, seven in all. They are:

Drake Coal company vs. Joseph Croze, Frederick Els vs. Joseph Croze et al., Joseph Croze vs. St. Mary's Canal Mineral Land company.

James H. Pearce vs. Quincy Mining company.

John Dineen vs. the Houghton County Street Railway company.

Sophie Roy vs. Rev. E. P. Bordas et al., Happa vs. the Metropolitan Life Insurance company.

Joseph Croze of Houghton seems to be the leading litigant of Houghton county, in this term at least, having three cases. The most important is that against the St. Mary's company. This is a suit to recover for logs which were mixed up in a deal between the parties some years ago. The case has been in the courts of Houghton county for several years and has been up to the state supreme court once before. Mr. Croze won the last time it was tried here, and the company has taken it up again.

The case of Frederick Els against Mr. Croze is a suit of Bishop Eis of Marquette, as custodian of the Catholic church property of his diocese. The story

## ONTONAGON NOTES.

### Log Drives Progressing Well; Sawmills Going Into Commission.

The Ontonagon Lumber & Cedar company's mill is already to go into commission. It has been given a thorough overhauling and it will have a busy season. Operations will not be started until it is considered safe to begin sorting logs, however. This is being delayed on account of the high water in the river. These warm spring days are helping out and it is probable that within a short time there will be activity in the big west side plant. There is a big stock of logs on hand and the mill will be kept lumbering until late in the fall. James Bowls' mill started up last week. There is a good stock of logs and with the custom saving the plant will be kept busy until fall.

## High Water Aids Driving.

Excellent progress is being made on the drives, says the Herald. The high water has materially aided in the work and before it subsides the greater portion of the logs will have been run into the boom. E. J. Humphrey has finished on the Nester logs. D. J. Norton is making things hum with his big consignments of the desirable ones. The good progress. The firewood drive was finished last week. The high water was just what was needed to push the logs over the long stretch of rapids in that stream. However, it resulted rather disastrously for Henry Lowe. His dwelling on the Firewood was flooded and he had to move his family. Mike King, who was on the James Corgan homestead, had to be rescued with a team. The water damaged Mr. Lowe's property to quite an extent and Mr. Corgan had several tons of hay spoiled. A great many logs worked under the boom in the Ontonagon river and were carried out into the lake and Tom Strippe lost a sixteen-foot row boat which was tied up near the bridge. The Oliver, Miller and other farms up the river were flooded.

## New Industry Landed.

Ontonagon is practically assured a new industry—a good-sized shingle plant and a sawmill in connection. Mr. E. Baker of Lake Ann and another man from the lower part of the state were expected to arrive Monday to close final details. Mr. Baker and associates own 1,000 acres of timber land, situated up the Ontonagon river. For some time they have been negotiating for a site. The matter was taken up by the Business Men's association and Mr. Lake recently came to look over the ground. He appeared to be very favorably impressed and picked as a site the upper end of the Ontonagon. Baker & Co. own the property as the most desirable one. Up on the assurance by Mr. Corgan that the use of this would be furnished free of cost he has written that the industry will be established. The ground selected lies between the railroad bridge and the shingle mill, has good river frontage and railroad facilities.

## Blocked by Snow in Mid-May.

Blocked by snow on the 16th of May is the experience of a Chicago, Milwaukee & St. Paul train. The officials are anxious to have work resumed on the extension of the lines southwest from Green and they looked with skepticism upon reports of Station Agent Barber that the upper end of the Ontonagon railroad was still impassable on account of snow. They decided to make a personal investigation. Thursday, Superiorintendent Hastings came here in his private car for that purpose. He was accompanied by Roadmaster Dunn and E. R. Polles of Houghton, Copper Range passenger and freight agent. A special in charge of Conductor Allen, was run out over the Ontonagon line and sure enough it was found that the portion of the lines which has not been used during the past winter is still covered with two feet of hard packed snow.

## U. OF M. ALUMNI BANQUET.

### Judge Haire Will Preside Over First Copper Country Reunion.

The first reunion of graduates from the state's big educational institution at Ann Arbor ever held in the copper country will be the banquet of the University of Michigan Alumni association arranged to occur at the Hotel Scott, Hancock, next Friday evening. Judge Norman W. Haire, general manager of the Bigelow syndicate mines, will be the featured speaker. The program committee has not entirely completed its work, but has given out a partial list of speakers.

## PRIMARY SCHOOL MONEY.

### Houghton County Receives Upwards of \$24,000 from the State.

County Treasurer Eloy received yesterday from the state superintendent of education a draft for \$24,154.44, Houghton county's share in the semi-annual apportionment of primary school interest money. The apportionment this time is made on a basis of \$1 per capita, which means there are now 24,154 school children in the county. The following table shows the distribution by townships:

Township	No. Children	Am't.
Adams	2,103	\$2,103
Calumet	9,413	\$9,413
Chassell	453	\$453
Dineen	250	\$250
Elm River	110	\$110
Franklin	1,526	\$1,526
Hancock township	102	\$102
Hancock city	2,022	\$2,022
Laird	163	\$163
Secola	2,718	\$2,718
Portage	1,920	\$1,920
Quincy	403	\$403
Schoolcraft	2,125	\$2,125
Stanton	780	\$780
Torch Lake	336	\$336
Total	24,154	\$24,154

## Live Gossip Tensely Told.

An unusually heavy clap of thunder coming simultaneously with the extinguishment of the electric lights during Monday evening's storm sent terror to the hearts of Ontonagonites. For a few seconds many thought that lightning had struck their property. Instead it came in contact with the electric wires and the only damage was the blowing out of the fuse at the power house and the putting out of commission the transformer on the Catholic church. The plant was got in operation with a delay of only a few minutes. Counselman Eichen received the full effect of the shock when the transformer was knocked out. He was on his way home and in the kitchen. He says that the air was literally filled with electricity and he felt as if he was being driven into the ground.

The Zenith Dredging company's outfit is expected to arrive shortly to take up the few high spots out of the channel. The outfit is a tug which was recently purchased by the company from Frye of Houghton and was placed in commission a few days ago at the canal, where a small amount of work is to be done. The government yacht Viletta has returned to Houghton. She had been in Ontonagon since last Saturday, while the officials were making a sounding of the harbor. The channel was found to be quite badly shoaled, in one place there being only four feet of water.

The giving away of a scaffolding on a barn which Axel Hendrickson is building on his property on the lake shore gave Mr. Hendrickson a very interesting twelve-foot fall, landing them on the ground amid a confusion of boards and timbers. Mr. Hendrickson was severely injured. He was picked up in an unconscious condition; blood was flowing from his ears and for twenty-four hours he lay in a stupor. His condition is improving but it will be some little time before he will be able to resume work.

Harry Corgan, who has been attending the law department of the University of Michigan, has returned to Ontonagon and has made arrangements to open an office on the second floor of the James H. Hill building. Mr. Corgan is a son of James Corgan, one of Ontonagon's substantial business men, and starts upon his professional career in the place where he has grown to manhood.

A settlement has been effected with Mrs. Richard Stevens, who presented a claim against the village for injuries she alleges to have sustained on a defective sidewalk. Mrs. Stevens is to receive \$300. The matter has been hanging fire for some time and has last meeting of the council President Corgan and Attorney Jones were appointed as a committee to negotiate with Mrs. Stevens for a settlement. This has been accomplished.

Ontonagon county farmers are getting pessimistic over the lack of success of the season. The weather has been so unfavorable that notwithstanding the change for the better during the past few days there is bound to be a falling off in

# THE CITIZENS' NATIONAL BANK

## HOUGHTON, MICHIGAN

A. M. Hall, J. W. Beckwith,  
A. M. Schultz, John G. Stone,  
C. H. Moss.

some crops. The time for preparing ground for crops and to do the seeding is so short that some of them are getting discouraged over the outlook.

Con and Thomas Stripe have been awarded the contract for painting the central school buildings, the price being eighteen cents per yard, the board of education furnishing the necessary material. White is the color which has been decided upon, with black for the window sash. Work is to be started very shortly.

The Ontonagon Baseball association will give a dance on May 31st for the purpose of raising funds for the preliminary expense of opening the season. Manager Dowd is in correspondence with a battery and an infielder who have been released by the Houghton club.

Charles A. Smith, who had charge of the Calumet & Hecla Nonesuch operations until succeeded by Tom Wilcox, is now stationed at Nacozari, Sonora, Mexico, where he is handling a large mining property.

## VAUDEVILLE AT AMPHIDROME.

Manager McNamara of the Amphidrome introduced to his patrons last night Howard & Germaine, a team of vaudevillians, who do a sensational aerial gymnastic act. They perform on a high horizontal bar, using as well rings, trapeze and spring board. This act will be shown every night this week and Wednesday and Saturday afternoon. Ladies will be admitted free Wednesday afternoon.

## MISS FARM IN CONCERT.

Miss Tekla Farm, the noted soprano who is claimed by both the Soo and Ishpeming, will give a concert tonight in the Calumet Congregational church, assisted by local talent. Miss Farm recently sang in Houghton and made a decided hit. The concert tonight will be unique in that at its close the ladies of the church will serve a luncheon.

## WILL DECLARE DIVIDEND.

The meeting for the second quarterly dividend will be held in Calumet tomorrow by the directors of the Calumet & Arizona Mining company. There are four directors in Calumet, and it is expected that the dividend of Duluth will be present to complete a quorum. It is believed the dividend will be increased over the last preceding disbursement.

## COPPERDOM BREVITIES.

Joseph V. Grabek of Calumet has completed the medical course at Northwestern University, at Evanston, and will shortly join the Tamarrack hospital staff.

The Wolverine Mining company has donated to the Athletic club of the location a site for a new gymnasium. The selection of the site is left to the club, which will erect its own building.

Claire J. Winton, organist of the Laurium M. E. church, will give an organ recital in the Calumet M. E. church the night of Memorial Day. He will be assisted by Miss Cox, soprano, of Ishpeming.

Fred Hazen of the Soo, agent there for the Minneapolis Brewing company, who has been looking over the copper country with a view to establishing

## DON'T PAY ALIMONY.

To be divorced from your appendix. There will be no occasion for it if you keep your bowels regular with Dr. King's New Life Pills. Their action is so gentle that the appendix never has cause to make the least complaint. Guaranteed by The Stafford Drug Co. 25c. Try them.

## MORE NEWS FROM THE NEW ENGLAND STATES.

If any one has any doubt as to the virtue of Foley's Kidney Cure, they need only refer to Mr. Alvin H. Stimpson, of Williamstown, Conn., who after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now entirely well and free from all the suffering incident to acute kidney trouble. The Stafford Drug Co.

"Let us have some Cudahy's Peacock Bacon and calves liver for supper, Ma'am," says young and old. (11-27-06)

**City Brevities**  
Today's weather: Probably fair; warmer.  
Yesterday's temperatures: Seven a. m., 36 degrees; noon, 39; 7 p. m., 39. Maximum, 42 degrees; minimum, 36.  
Miss Marie Habberkorn, of Crystal Falls, is the guest of Marquette friends.  
Born to Mr. and Mrs. John Peters Sunday, a son.  
George Wagner left yesterday for the Soo, Ontario, on a business mission.  
S. E. Byrne, who has been spending the past few days in Chicago, is expected home this morning.  
Registrar of Deeds Joseph H. Primeau has returned from Detroit, where he has been the guest of relatives for three weeks past.  
Marriage licenses have been granted to Mikko Poala and Runsa Jarvinen, of Ishpeming, and Andrew C. Anderson and Annie Elme, of Negaunee.  
P. J. Delf, Capt. C. D. Blanchard, W. H. Van Iderstine and K. P. Brooks are in Port Huron, where they are attending a Masonic meeting.  
Rev. Collins, presiding elder of this district of the M. E. church, and formerly pastor of the Marquette church, was a visitor in the city yesterday.  
The Duluth office of the Iron Trade Review of Cleveland is now located at No. 411 Providence building, and is in charge of Oliver J. Abell, the Review's mining editor.  
Two teams representing grades in the Froebel school played a lively ball game after dismissal last evening. The nine captained by Steve Wernicke, Jr., triumphed a team organized by Horatio Patrick by a margin of six runs.  
The Northern Charcoal Iron company has transferred to the Lake Superior Iron & Chemical company its holdings at the village of Chocoma, the deed being filed with the register yesterday.  
Dr. R. McGowan, of Iron Mountain, is looking after business here.

**Rain Gauge in Operation**—The self-registering rain gauge was placed in use at the weather observatory yesterday morning. This was the latest date at which the rain gauge was put out in many years. Last season the gauge was in operation on May 1. It registers not only the amount of the rainfall, but also the hour that it commences and ends.  
**St. Paul Starts Clean-Up**—The Chicago, Milwaukee & St. Paul railway is making its annual log clean up, which embraces a territory reaching from the Mesquiere river to Ontonagon. There are thousands of log piles between these places and the clean-up will take several weeks. A large steam loader is being used for the purpose.

**Fine Herd of Cattle**—Dr. Deadman, who has lately visited the Vandenberg dairy farm, expresses himself as surprised and pleased with the growth of the herd of cattle during the past year. The herd now consists of seventy-five head of well bred cows and seventeen head of choice young cattle. In addition there are eight horses at the farm, so there is an even hundred head of stock, finely kept and well fed.  
The Ontonagon Herald says: A number of Ontonagonites have become interested in the Kimberly-Willey, a gold, silver, lead, zinc and copper proposition of Kokomo, Colo. The company will begin production on a large scale about the first of August. Those who have visited the property are enthusiastic over the chances of making a very successful mine.

**Will Run Stock All Summer**—Manager Koepcke has already booked four companies for week stands and it is his intention to keep the opera house open with stock all summer, as soon as the regular season closes. Stock has always been a success in this region, as it is rarely that the temperature becomes so high to allow of an indoor performance being enjoyed. Only companies of established reputation will be secured, and there will be a change of bill nightly.  
**Flowers Are Backward**—Flowers promise to be pretty scarce for Memorial Day this year. Lilies are coming along slowly and it is doubtful if they will be in time to decorate the graves of the veterans. The narcissus is generally in full bloom by this time, but owing to the lateness of the spring cannot well be expected under two weeks. Carnations, generally plentiful at this season, are scarce. Pansies are coming along very slowly, and the tulip crop is small, with the buds undersized.

**Surf No. 2 Makes Initial Trip**—M. E. Asire's new boat, the Surf No. 2, is the first of the Marquette fleet of gasoline launches to be put in commission this spring. The Surf No. 2, which was built for Mr. Asire last winter, made her initial trip Saturday, taking Mr. Asire and a party of friends to his Lakeside cottage. The boat, which easily accommodates twelve passengers, behaved splendidly and gave every evidence of possessing speed. Mr. Asire said yesterday that he did not care to make any prophesies as to time until he had tried the Surf No. 2 out a little more.  
**Special Rate to Calumet**—The South Shore has made a rate of \$3.50 for the round trip from Marquette, Ishpeming and Negaunee to Calumet and return to members of the Knights of Columbus who desire to participate in the instituting of a new council at the latter place on next Sunday, the 29th inst. A special sleeper will also be furnished for the return, to be set out at Marquette, providing fifteen berths is guaranteed. Members who intend going are requested to hand in their names either to C. F. Wright, city ticket agent, or E. S. Byrne.

**Had a Cold Bath**—Henry Shoultice has returned from a three weeks' visit with friends in the vicinity of Benoit. Mr. Shoultice had a narrow escape from drowning while crossing the Fence river near Witeh lake on a raft a few days ago. An eddy in the current tore the raft apart and he was thrown into the water. Fortunately he was so near shore that his feet just touched bottom, but he was on the verge of collapse from the cold when he pulled himself up on the bank.  
**Will Make Junketing Trip**—The park, cemetery and street commission will make a tour of the streets and visit Presque Isle this morning, starting from the city hall at 9 o'clock. At the meeting this evening it is expected that several matters of importance relative to street and park improvements will be acted upon. The commission some time ago decided to thoroughly post itself relative to what would be needed to be done before preparing its budget for presentation to the council.

**City Controller's Office.**  
Marquette, Mich., May 18, 1907.  
Notice is hereby given that the assessment roll of the taxable property of the city of Marquette for the year 1907 will be in the hands of the board of review on Monday, June 3, 1907.  
Said board of review will convene at the common council room in the city of Marquette on Monday, June 3, 1907, at 9 o'clock a. m., and will be in session each day thereafter up to and including Saturday, June 8, 1907, for the purpose of reviewing and correcting said assessment roll.  
Every person having property in the city of Marquette is requested to call at the common council room during the sessions of said board of review and inspect said assessment roll, in order that all errors which may have been made in said assessment can be corrected.  
(5-21-3w)  
**FRANKLIN E. BAY,**  
Controller.

**Clement Is a Big Boat**—The steamer Clement of the Pittsburg Steamship company, with a capacity of 8,500 tons is the largest boat to arrive at the South Shore docks so far this season. The Clement is so light, and the water when light that it would be nearly impossible to load her at one of the old ore docks. Prior to the building of the new dock much trouble was experienced with the loading of the larger boats. Owing to the immense expense involved, dock construction has not in many localities kept pace with the increased size of boats, though the new South Shore dock here is one of the largest and best on the lakes.  
**Lambrakis Brothers to Wrestle**—Lambrakis and George Lambrakis will give a wrestling exhibition in the gymnasium of the Methodist church, some evening next week. They will contest the best two out of three falls, and in spite of the fact that they are brothers will decide the even on their merits as wrestlers. Lambrakis, who has won no little fame as a long distance runner, is in training on a daily basis, and as George has recently been employed by a Chicago gymnasium they should both be in excellent condition. Wrestling has of late years become very popular among amateur athletes. Its merits as muscle developer are well established, and it is recognized as one of the most healthful of exercises, where indulged in rationally and under proper conditions.  
**Has Raised the Prices**—"It is rather remarkable that there have been so few violations of the pure food law," said a well-known grocer yesterday. "Since its inauguration I do not know of a single prosecution in this locality from its violation. It has had its effect, however, in taking many of the cheap goods off the market and raising the standard of prices, resulting naturally in a raise in prices in canned goods. Catsups and tomatoes were especially affected. Goods of this character can be canned cheaper and kept better through the use of some deleterious drugs. Now when a firm puts out anything that is doped it is compelled to state the fact on the label and that militates greatly against its sale. In fact there is now a great deal more money in the sale of straight goods than those that have been adulterated."

**WOMEN ARE THE VICTIMS.**  
Many Injured by Hurdled Alighting From Street Cars.  
It might be interesting to residents of Marquette to know that according to statistics, 26 per cent of persons injured in street railway accidents are hurt while getting off cars, and 60 per cent of these persons are women. Women do not wait until the cars stop, and instead of stepping off the car correctly, they walk off backwards, with the result that they are thrown heavily to the ground or pavement and are generally hurt quite badly. Nearly all persons injured while getting off cars, it is said, are passengers who do not ride frequently and expect the cars to stop at the first crossing the car comes to, instead of crossing the intersecting street.  
It is said that 5 per cent of the persons injured in street railway accidents are injured while getting on cars, and the same per cent are struck by cars. Nearly all the persons hurt while boarding cars are boys and men, who do not wait for the cars to stop, and nearly all these accidents occur in the winter. This is accounted for by the fact that the overcoats and heavy garments catch around the feet of the person boarding the car and, the roads being in a slippery condition, they cannot hold to the handles of the car.

Every woman of refinement appreciates a radiant, beautiful complexion, which is so much admired by men. Such complexions come to all who use Hollister's Rocky Mountain Tea or Tablets, 35 cents. The Stafford Drug Co.

F. H. Vandenberg will make a special delivery of choice Creamery butter Thursday. See to it that he gets your order, the price will be reduced. (5-21-2d)

**DESERVING COMPLIMENT.**  
The Fine and Comprehensive Line of Furs Displayed Here by the Nicolai Company.  
Will remain until tomorrow night. If the goods of the Nicolai company of Milwaukee, manufacturing hatters and furriers, needed a testimonial, such testimonial can easily be found in the large number of orders that have been taken for furs and fur garments by their representative, Mrs. Oldenburg, who has been at the Hotel Marquette for the past two days. The list of Mrs. Oldenburg's patrons includes the names of many of the best people and most discriminating shoppers in the city. The largest number of orders taken was for fine mink muffs and scarfs and for seal and otter coats. There were also several orders for genuine Russian sable, black lynx and Jap mink sets. The impression appears to be that the Nicolai company's furs is the handsomest, and lowest priced ever displayed in this city. Mrs. Oldenburg announces that she will remain at the Hotel Marquette until tomorrow night in order that those who have not yet had opportunity to examine the line may be enabled to do so.

**NOTICE TO TAXPAYERS.**  
City Controller's Office.  
Marquette, Mich., May 18, 1907.  
Notice is hereby given that the assessment roll of the taxable property of the city of Marquette for the year 1907 will be in the hands of the board of review on Monday, June 3, 1907.  
Said board of review will convene at the common council room in the city of Marquette on Monday, June 3, 1907, at 9 o'clock a. m., and will be in session each day thereafter up to and including Saturday, June 8, 1907, for the purpose of reviewing and correcting said assessment roll.

**\$1.25 Wheat**  
In January, February and March I sent circulars and advertisements urging people to buy wheat at about 75 cents. I said wheat would go to 90 or \$1.00 in the spring. It is now selling above 95, and will probably go to \$1.25. I still say, buy wheat. All those that took my advice have made hundreds. One man made four thousand dollars; others hundreds; others are kicking themselves for not buying the same, as they will be doing soon if they don't buy Adventure or Mass, which will soon sell five times the present price. If you cannot buy 5,000 bushels, buy 1,000 bushels for twenty dollars, or two-cent margin. I will also advise you to buy oats. Invest \$20.00 in oats and see what you will make.

Or, if you live out of town drop us a postal and we will send our Booklet "Banking by Mail."

## Marquette National Bank.

Marquette, Michigan.

until ratified by the high contracting parties.

How far these additions affect the treaty depends upon the form in which they were adopted. Of course if they were proposed as amendments and were duly adopted in that form the whole treaty has been amended and must again be ratified in its altered form by the United States senate. The administration is naturally desirous of averting this necessity because it does not welcome another fight in that body over this same subject. If the additions were offered in a form of a separate measure or joint resolution and were so adopted they would have no effect upon the treaty.

At the time that the treaty was ratified at Washington it was supposed that similar action at Santo Domingo city would follow almost immediately and Minister Dawson, who was home on leave, returned to his post by the next steamer with the Dominican copy of the treaty. He has been promoted to another post in the diplomatic service, but has delayed his departure in the hope that he might see the treaty ratified. He is returning to the United States this month and upon his arrival will be able to clear up the mystery about the brand of the ratification which the treaty received at the hands of the Dominican congress.

### PUZZLES IN NEW TAX LAW.

Courts May Be Asked to Interpret New Hampshire Statute.

Concord, N. H., May 20.—One of the measures affecting taxation which was passed by the New Hampshire legislature last winter is causing perplexity to the assessors of various cities and towns, who are at work this month making their annual valuations of real and personal property, and it is considered probable that the courts will be asked to interpret certain phases of the new law. The main question in doubt is whether a specification in the bill refers to property of every description whatsoever or only to taxable property as a basis for estimating the value of a veteran's estate, which under the bill is in part exempted from taxation. Other provisions also are held to be ambiguous, if not unconstitutional. This law, known as the "veterans' tax exemption act," provides that every veteran of the Civil war, or widow of a veteran shall be exempt each year from assessment upon taxable property up to the value of \$1,000, provided such person does not own property of the value of \$5,000 or more. The exact meaning of the words "property of the value of \$5,000 or more" is the point which is particularly puzzling to the assessors. Some of these officials are in doubt as to whether all classes of property, such as real estate, money, stocks, bonds, mortgages, etc., should be included in the estimate of the earnings of a veteran or a veteran's widow. Consequently, in many cases they are unable to determine whether such persons are entitled to the exemption or not. In Manchester and many other places the assessors are adopting a liberal interpretation of the law and are including every kind of property in their estimates. The chairman of the assessors in Manchester, George N. Clark, voiced the view of these officials by saying: "There is the law, presumably as the lawmakers wanted it, and we shall enforce it as we understand it. The city of Manchester will not participate in any court action regarding this law." It is intimated, however, that those who do not feel certain that this opinion is correct will

call upon the courts of the states to make an interpretation of the law.

Another phase of the conditions resulting from the enactment of this measure is the opposition to its provisions which has developed in some quarters, on the ground that it will cause an increase in the tax rate which will be seriously felt in many places. While the measure will have comparatively little effect in the larger cities, it is stated that in some of the smaller towns the resulting decrease in valuation and consequent increase in the tax rate will be appreciable. In Manchester, the largest city in the state, it is estimated that the shrinkage will be between \$50,000 and \$60,000, in a total valuation of about \$34,000,000, and in Concord and two or three other cities about \$50,000. In the town of Newport the valuation this year has been reduced by \$20,000, causing an increase in the tax rate from \$2.20 to \$2.35, and it is said that some of the residents attribute this shrinkage in a larger part to the veterans' tax exemption act. There is some possibility that a test case may be brought in order to determine the constitutionality of the act.

The assessors of the town of Lyndeboro consulted with local counsel with regard to this point, and were advised that, while the law probably would be sustained by the courts as constitutional, it might be attacked on the ground that it is not within the province of the state to make financial provision for war veterans, this duty belonging to the federal government. It is understood that the assessors of other towns in various sections of the state also have consulted with counsel respecting the act, but no formal action has been taken to bring it before the courts.

We have plotted, planned and figured, working from morning till night, seeking for a medicine that will take the place of Hollister's Rocky Mountain Tea, but we can't find it. Tea or Tablets, 35 cents. The Stafford Drug Co.

Vandenboom's fresh aerated Guernsey milk and Creamery butter have no equal in the market. Try it. (5-21-1w)

## GRABOWER'S BIG STORE

# Skirts---Distinction in Dress---Skirts

We put the same care into the selection of our Separate Skirts that we give to our finest suit and coat lines—perhaps a little more—for Separate Skirts that are really worthy are not easy to find. These Printzess brand Skirts fill all our requirements—which are your requirements—perfectly. There is cloth quality in them—fabrics of high grade that hold their shape and good looks through long service. There is style quality—the up-to-date ideas of the best style-makers are embodied in these skirts. Every skirt this spring is pleated—but in the Printzess models this is varied in scores of most attractive ways. Then the quality of the workmanship—the cut—the fit—the finish—of these skirts is up to the standard of high grade custom work. The best custom tailor in town can't give you any better "lines." And the price—all these qualities of cloth and style and workmanship are possible to the women of ample means—The Printzess Skirts make them possible to the moderate purse. These skirts from \$5 to \$16.50 you will find most satisfactory in every respect. We want you to see them today, while the styles are all here for your choice.

A very striking new skirt is here shown made of excellent quality Panama material in black, navy brown, finished below hips with pointed straps and tabs in scroll effect, at the remarkable low price of

**\$5.00.**

Women's white skirt, with black stripe, made from novelty Panama, full fancy gored skirt, front and side panels, finished below knee with inverted side plaits and graduated tabs; in gray, black and in stripes, at

## Pianos That Are Sold on Their Merits

The best proof that the Pianos sold by the Cable Piano Co., are in every way good value is the large business that is being done both in the Upper Peninsula and the entire United States. We do not resort to "quack" advertising, such as "sales" where instruments are advertised to be almost given away; nor to guessing contests where people are made to believe they are getting a piano for \$50 to \$100 less than they ought to pay. Your common sense tells you that this is ridiculous.

We appeal to a man's good judgment, and as we have done in the past we will continue to give real value for the money invested, whether you buy one of our most artistic instruments or a medium priced one.

### DEATH OF NAPOLEON HUOT.

Former Upper Peninsula Man, Well Known Here, Died in California.

Sam Huot of West Johnston street, has been advised of the death of his brother, Napoleon Huot, at San Francisco. The announcement did not come as a surprise, as the deceased had been seriously ill for several months past. He was known to many here, as about three years ago he spent several weeks in Ishpeming, visiting Sam Huot and his family. He was a former resident of Lake Linden, having left there about twenty-seven years ago.

The deceased was well-to-do, having made considerable money in Alaska. He made his first trip to that country twenty-three years ago and was one of the original discoverers of the Forty Mile creek, forty miles distant from Dawson. Shortly after work was started there by Huot and his partners over 300 men had assembled at the point, most of them remaining until the discovery of gold at Dawson some years later. The pioneers of the creek district suffered great hardships, and his experiences did much to undermine the health of Mr. Huot. During one period of eighteen months the explorers were without bread, salt or coffee, living entirely on fish and game. They were 700 miles from Juneau, Alaska, the nearest point at which provisions could be procured. Mr. Huot was one of a party which finally made the trip over land to Juneau for flour and other provisions. He was one of the first settlers at Dawson and he and thirty-nine others discovered Golden Creek. He made his biggest killing however, on Mill creek, where he retained an interest in several claims, which will now bring his family a large revenue.

During the first year or so Mr. Huot was at Forty Mile creek 300 of the explorers organized a society, which met annually at Dawson. At the last meeting it was reported that only thirty of the 300 were still alive, most of them having died while exploring in the northern region. The deceased owned two fine flats in San Francisco, one of them being located on High street, only two blocks from Golden Gate park, while the other is on Scott street. Neither building was damaged much during the earthquake and after that disaster the revenue Mr. Huot received from rentals of the flats almost doubled. He was married ten years ago and is survived by his widow and two children. He was fifty years of age.

### TO HOLD MOCK TRIAL.

Young Men's Club of Methodist Church Will Give Unique Entertainment.

The mock trial, produced with such excellent success a few weeks ago by members of the Young Men's club of the First Methodist Episcopal church, will be given tomorrow evening in the Sunday school room of the church. An admission of twenty-five cents will be charged for adults and fifteen cents for children. The court will be called to order at 8 o'clock.

A well known young man of Ishpeming has been arrested on the charge of entering the premises of Widow Brown of North Pine street, on Sunday night, March 31, and taking a much valued pig, belonging to the aforesaid Widow Brown. The evidence against the man, Leonard Williams, which led to the arrest, is entirely circumstantial and the many friends of the young man believe him to be innocent.

Mr. Henry Curtis, Jr., of the law firm, Delmus and Curtis, of New York, has been secured by the district attorney for this case, and Hon. Merrill Adams, Ph. B., L.L. B., of San Francisco, is to appear for the defense.

It is rumored that the case will develop some very interesting complications and that both lawyers have secured much valuable evidence.

### HIGH SCHOOL GRADUATES.

Class of 1907 Numbers Forty-Two Boys and Girls.

The class to be graduated from the Ishpeming high school next month is the largest in the school's history, numbering forty-two boys and girls, as follows:

John Luce Harrington, Svend Julius Kroghdahl, John Oles Olson, Isaac Oles, Eric Carl Leonard, Holmgren, Walter James Coriveau, Ross C. Keifer, Rhoda Kahn, Elsie Elizabeth Mudge, Carrie Matilda Moore, Frank Homer Bargh, Clara Louise Kjesbo, Arthur Buzzo, Oscar Sigfred Olson, Carl William Rasmussen, Ida Sophia Justilla, Fern Ylvez, Ida May Mathrell, Alice Amanda Shaver, Richard Francis Dundon, Agnes Malvina Carlson, Grace Blight Wasley, Mellesina Vela Wivell, Esther Odella Olson, Lillie Theresa Erickson, Roy James Treblecock, Ruth Gertrude Goodman, Lillian Maude Davis, Annetta Horace Goodman, Penetta Treloar, Malcol Nehomi Mathrell, Florence Myrtle Frances, Clarence Herman Jueddecke, Agnes Estley Hughes, Josephine Jernstad, Marie Lund, Myrtle Irene Quayle, Merrill Cooper Adams, Philippa Treloar, Minnie Stuart Hart, Genevieve Catherine Fitzpatrick and Alger Peterson.

It will require five nights to complete the graduating exercises. This year's programs will be similar to those of former years in that each member of the class will deliver orations or essays. The first entertainment will be on the evening of June 6 in the nature of a debate on "Further Restrictions of Immigration by Reading and Writing Test." The following evening the general topic for the essays and orations will be "Progress of the Nineteenth Century." The general topic for the evening of the 10th will be "The Great Characters of Fiction." Class Day exercises will be held on Thursday evening, the 13th, and the commencement proper, with the distributing of diplomas, is set for Friday evening, the 14th. On Sunday morning the 16th, the members of the class will attend services at the First Methodist Episcopal church, Rev. C. L. Adams, the pastor, preaching the baccalaureate sermon. All of the graduating exercises will take place at Ishpeming theater.

### WILL BOND THE CITY.

Money for Water Main Improvements to Be Raised by Bond Issue.

A special meeting of the city council will be held within a few days to hear the report of the street committee, mayor and board of public works on matters pertaining to raising the water main from Douglas street to Division by way of Washington street. The proposed route for the new main was practically laid out yesterday, and if it is approved by the officials of the Oliver Iron Mining company the board of public works will be authorized to begin the work as soon as the taxpayers vote the bonds. It is not known what sum will be required for the new main, but it is not likely that the issue will be for less than \$35,000 or \$40,000. The board of public works will have figures from several concerns on the cost of the pipe within a few days. In fact some figures have already been received. The pipe is not as expensive as the board anticipated, the reduction offered on account of the large quantity needed being liberal.

A special election will have to be held to vote on the bonding proposition. It is assumed that the council will set a date for the election at the same meeting that the report is received, so that no time will be lost in getting the work under way. It is now thought that a start can be made within thirty or forty days.

The change should improve the water system, as there will be a greater quantity of fourteen inch main than is now in use. The fourteen inch pipe terminates at the Oliver Iron Mining company's Hematite shaft, a twelve inch being extended from there to the business district. The larger pipe will be extended to the intersection of Division and Pine streets. It is not anticipated that the pressure will be reduced because of the greater territory the water will traverse as the fall will be as great as now.

### WILSON GETS CONTRACT.

The contract for remodeling the Presbyterian church was yesterday awarded to A. P. Wilson, the Marquette builder. Mr. Wilson will start at once to assemble his material, and he expects to begin work in about three weeks. He has been given until October 1 to complete the contract. The building will be considerably enlarged, with additions at the front and rear and the entire structure will be brick veneered.

### ISHPEMING IN BRIEF.

F. French of Houghton spent yesterday in the city.

Miss Nora McInerney, who has been in Chicago, is home on a visit to relatives.

Ed. Clark and wife left last night for the cities, to be absent a few days on business.

W. H. Anderson and family have returned from a visit with relatives in Montana, after a month's absence.

Mrs. J. Van Dyke was yesterday called to Janesville, Wis., on account of the death of her sister, Mrs. W. J. Bates.

Representative C. J. Byrns is expected up from Lansing next Saturday, to remain until Sunday evening or Monday.

The Finnish dancing club will conduct a hop Saturday evening at the Woodmen's hall. Trombly's orchestra will furnish the music.

John Muffar arrived home yesterday morning from his European trip. He was accompanied by his son Will, who met him in New York.

Mrs. John Molloy left Sunday evening for Jersey City, N. J., where she will spend a few months visiting her brother, whom she has not seen in twenty years.

W. C. Cren and wife, who spent the past few weeks with friends in Iowa and Nebraska, have returned. Mr. Cren brought back a fine horse, which has a good trotting record.

The Zenith club will conduct a hop at Branstad's hall the evening of Decoration Day. Some new features will be introduced, and Trombly's orchestra will furnish the music and tickets will be fifty cents per couple.

Wilt-Lecher will give a specialty at the Ishpeming Dramatic club's entertainment next Monday evening at Ishpeming theater. The three act comedy drama, "Out in the Streets," will be produced.

The Dixie Minstrels will be the attraction at Ishpeming theater tonight, playing at popular prices, from twenty-five cents to seventy-five cents. The company will be seen in a parade at 3 o'clock and the band will give a concert in front of the theater at 7:15.

WANTED—A cook. Mrs. M. J. Sherwood, 123 E. Arch street, Marquette, Mich. 5-20-07

cert in front of the theater at 7:15.

The Fraser Stock company opened its engagement at Ishpeming theater last evening playing to a good house. The comedy drama, "The Light House Robbery," was well produced and the specialties were good. Tomorrow evening the company will be seen in the comedy, "The White Slave," and new specialties will be introduced.

Lawton A. Joyce of the Grand theater will give a free matinee to school children Wednesday afternoon between 2 and 4:30 o'clock. A sufficient number of tickets will be given out at the schools to fill the house three or four times. The management does not intend to give all of the children free tickets as it would require several days to accommodate all of them. Only those who are lucky enough to get the tickets will be admitted free. There will be a complete change of program Wednesday afternoon.

### FROM HOPKINS' CURB LETTER.

"The copper shares market opened with more activity this morning than has been displayed for some time. The weakness so prominent last week was again in evidence and the majority of securities suffered further setbacks. North Butte going to 90, a decline of 1 1/2 points, and Copper Range to 81 1/2, a decline of 1 1/2 points. The move lately in Copper Range seems to have been solely on rumors of control by the Cole-Ryan people. This, however, has been denied. Shannon showed some early strength, going up to 19 1/2, about one point up from Saturday's close. The advance did not hold, however, and it has since lost a great part of its strength."

The day's prevailing prices were:

### DOUBLE FATALITY.

Two Miners Killed by Falling Ore at the Cambria Mine.

A double fatality occurred late Saturday evening at the Cambria mine, the victims being James Marga, or James Mista, as he was known at the mine, and Frank O. Livero, known at the mine as Frank Bullin. Death was caused by a fall of ground.  
Marga and Livero were partners. They had fired some holes in a stope and after the blasts went off climbed up the side wall to examine the ground. They found considerable of it loose and they reported its condition to Foreman Farero. The latter examined the ground, agreeing with the men that it was not safe, and advised them to wait some time before attempting to do any work. Marga and Livero concluded within a few minutes to resume work, agreeing that they could get the loose ground down without taking much of a chance. They had worked but a short time when a large quantity of the ore fell away, forcing both men back into a chute, where their lives were crushed out. Farero was nearby at the time, and he heard the fall of ground and the cries of the men. He approached the chute and saw Marga struggling to free himself, but could not help him. Livero had been completely buried, and nearly every bone in his body was shattered. It took nearly two hours to recover the body.  
Both Marga and Livero were comparatively strangers in Negaunee, the former having been here only about four months, and the latter less than a year. Marga lived at Calumet for some time prior to locating in Negaunee. His oldest son, aged twenty years, left Calumet about two months ago for their native place in Italy, where he planned to enter the army. He will not now be allowed to enlist, as his aid will be needed for the support of the widow and minor children in Italy. The deceased was a member of the Negaunee Italian society, under whose auspices the funeral will be held this afternoon from St. Paul's church. His age was forty-one years.  
Livero was twenty-six years of age and single. He came to Negaunee last summer from the west. The time of his funeral had not been decided on yesterday, but it will likely be held this morning at St. Paul's church.  
Coroner William Prin has empaneled a jury consisting of Patrick Dowd, T. A. Thoven, William Verran, Matt Chester, Ed Brandt and Joseph Barabie. The inquest will be held Saturday morning at 9 o'clock.

**DISTURBED THE CONGREGATION.**  
The person who disturbed the congregation last Sunday by continually coughing is requested to buy a bottle of Foley's Honey and Tar. The Stafford Drug Co.  
Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my book on either Dyspepsia, the Heart, or the Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by The Stafford Drug Co.  
Mrs. S. Joyce, 180 Sullivan St., Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Cure. It cured me of a severe case of Kidney trouble of several years' standing. It certainly is a grand, good medicine. I heartily recommend it." The Stafford Drug Co.

### TAYLOR ON FARMING.

One of County's Oldest Farmers Says Potato Crop Will Not Suffer.

"The late spring should not curtail the potato yield of this district to any great extent," said Charles W. Taylor, who has operated a farm at Sands for something like a quarter of a century, and who was at one time interested with E. C. Anthony in the Low Modr farm, west of Ishpeming. "I have seen potatoes put in as late as July 4, and still the yield was good. Everything depends upon the weather in July, August and September. If we have warm weather, with plenty of rain, during these three months there will be a good yield of potatoes, but I have doubts about the grain. My men have not yet started work in the fields, but we will be busy within a few days, if the weather warms up. It is now some years since we have been as late in putting in our wheat, oats and barley as we will be this spring. We usually get our grain in the ground late in April or early in May. With continuous cold weather during the greater part of the summer the grain crops will suffer, but there is still plenty of time for hay. The grass will come up rapidly as soon as the ground warms up and there are a few warm rains.  
"I have about 200 acres under cultivation. My yield last year was approximately 2,000 bushels of potatoes; 175 tons of hay; 200 bushels of oats; 100 bushels of barley and seventy-five bushels of wheat, besides a variety of vegetables for my own use. I will not run short of hay for my stock, as I have enough on hand to last until the new hay is out. I could have sold every ton of it the past few weeks at \$20 per ton, and I disposed of one carload, but I would not sell any more, as there is no telling when the new hay will be fit to cut. I have twenty-five head of cattle to feed and with bran selling at \$21.50 per ton and hay at \$22 I would have an expensive outfit on my hands if I had to buy hay.  
"I find that there is such a shortage of hay in Wisconsin that the commission men there are not now quoting prices on it. The same is true of straw. I believe the prices of both will go considerably higher before the new crops come into the market.  
"My dairy has been a success, though there is no money to be made on cream at this time, with hay and other feed so costly. I would like to dispose of my farm, as I feel that I am getting too old to continue the work, and besides I haven't the time to devote to it that I would like to have. I would sell at a reasonable price."

### FIVE FATALITIES.

Including the two men killed Saturday evening at the Cambria five mining fatalities have occurred here in less than a month. One miner met death at the Mary Charlotte property, and the following day a workman at the Cambria was killed. A week ago yesterday an employe of the Jackson open pit mine was fatally hurt, dying a few hours later. It is some years since a like number of men have met death at the mines of this city in such a short space of time.

### HOW'S THIS.

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.  
F. J. CHENEY & CO., Toledo, O.  
We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by this firm.  
WALDING, KINNAN & MARVIN,  
Wholesale Druggists, Toledo, O.  
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75 cents per bottle. Sold by The Stafford Drug Co.  
Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by The Stafford Drug Co.

### SPECIAL RATES TO CALUMET.

It is expected that a large delegation of members of the Knights of Columbus of this county will attend the organization of a council at Calumet next Sunday. A class of sixty or more will be initiated. A special round trip rate of fare of \$3.50 has been secured from the South Shore. If fifteen berths are engaged for the return trip a special sleeper will be at the disposal of the Marquette county Knights on the train leaving Calumet Sunday evening. Several Negaunee members of the society will make the trip.

### FOR MIDSUMMER CELEBRATION.

At a recent meeting of the Lafayette society of this city Joseph Barabie, Peter Lemire and Louis Grenier were named as a committee to complete arrangements for the society's turnout on Midsummer Day. It is expected that from 75 to 90 per cent of the members will attend the reunion at Marquette. Both the Negaunee and Ishpeming societies will go down by special train, leaving here about 7:30 o'clock. All are to attend high mass at the French church prior to the parade. The Negaunee society will be accompanied by the city band.

### LIKES THE SOUTH.

Captain James Piper, formerly of the Hartford mine, who a few months ago accepted a position with the Colorado Fuel & Iron company in charge of properties in Birmingham, Ala., advises Negaunee friends that he likes the country and that he expects to remain there for an indefinite time. In a letter to a Negaunee man he speaks of the climate, which he says is ideal. Flowers are in bloom and most of the crops are now above ground.

### BOWLING CONTESTS THIS WEEK.

In order to avoid a duplicate contest with two of the teams participating in the series at Orr & Tompkins alleys the Ravens were last night matched against a scrub team. The teams scheduled for this evening are the Eagles and B. O. K.'s; Wednesday evening, Green Sox and Cubs; Thursday, Pickers and White Sox; Friday, Cubs and Eagles. The league series will not be terminated this week, as it is expected that three or more of the teams will be a tie for second place.

### LOCAL LACONICS.

George May, who visited relatives here the past few weeks, has returned to Hibbing, Minn.  
Mr. and Mrs. Robert H. Smith of Barn street are the parents of a boy, born Friday.

William Papki, who has been in H. J. Peterson's employ, has returned to his home at Oshkosh, where he intends to remain.  
W. L. Bedford and wife, who were called to Detroit on account of the death of his mother, arrived home on the late train last evening.

Charles Erickson, the contractor, is erecting a dwelling for W. J. Thomas on Cherry street. It will be two stories, with modern conveniences.  
John Gravelle and his niece, Miss Jane, and Mrs. Rice and her son, William, left Sunday night for England, where they will visit relatives for two or three months.

There were several hurries of snow here yesterday morning. A Negaunee man, who keeps track of the storm periods, yesterday reported that snow fell in Negaunee last year on May 19th, also on May 26th.

Mrs. S. P. Kline and daughter, Miss Grace, who spent the winter in California, have started on their homeward journey. They will spend some time visiting friends in Wisconsin and it may be three or four weeks before the arrive in Negaunee.

C. V. R. Townsend and Thomas B. Wyman of the Cleveland-Cliffs iron company will spend the next few days at Lansing. They will be accompanied by the company's attorney, William P. Belden, of Ishpeming.

Some of the merchants report that their business Saturday was larger than during any previous day this year. They were unusually busy yesterday, as

the employes of the Mary Charlotte mine were paid and a number of people from Princeton were up doing their shopping.

E. L. Maas, who had been in Chicago for a week or so, has returned. He reports that his brother, George J. Maas, who is confined to Mercy hospital, is getting along nicely and it is thought that he will be able to return home in a week or ten days.

### BALL GAME WAS CLOSE.

In one of the best ball games ever witnessed in that village, the Manning High school team defeated the Negaunee nine at the Alger county seat last Saturday by the score of 4 to 3. Not until eleven innings were played was the contest decided. The teams will cross bats in a return game at Union Park shortly.

### CLASS OF ALIENS IMPROVING.

New Law Works Well, Says New York Immigration Commissioner.

New York, May 17.—The month of May bids fair to far outstrip the April record when 127,452 immigrants passed through the gateway of New York into the country. Only last Saturday five transatlantic liners brought in over 5,000 immigrants and officials of Ellis island say that there are no signs of cessation. Most of the aliens come from southern and middle Europe, while the remainder are largely Scandinavians and Germans. Italy, Austria, Hungary and the lower Russia now supply more than one-half of the immigrants seeking homes in this country. Every fourth alien examined at Ellis island is from Russia, while every fifth newcomer is from Austria. The industrial fields of the United States still absorb the greatest part of foreign output and seven states, Massachusetts, Connecticut, New Jersey, New York, Pennsylvania, Illinois and Ohio find homes for seventy per cent of the total number. Efforts to deflect this stream to agricultural channels have been futile. The movement is urban and towards the industries and not to agriculture.  
Robert Watson, immigration commissioner of the port of New York, today said that from the strict enforcement of the law of 1903, which provides for a fine \$1,000 on steamship lines for every immigrant they bring who is found affected with a contagious or loathsome disease, there has come a decided better class of immigration. During the last month the steamship companies turned back 6,000 would-be immigrants at the ports of embarkation. There is an improvement noted also in the mental capacity of the present-day immigrant. The records of the local immigrant bureau show steady decrease in the number of deportations. Of the 133,000 aliens who entered this port in April only 452 were sent back. There is also a decided subsidence of the movement of the pauper and criminal element toward this country.

FOR SALE—Steel range, almost new. C. L. Spooner, Negaunee.

FOR SALE—Nine-room house and lot; good drive; horse, buggy, cutter, harness, cow, milk cows; also household furniture. Captain T. H. Rodgers, Jennings St., Negaunee.

## REO 1907

REO 1907 TOURING CAR \$1,250  
F. O. B. LANSING

18-20 horse-power, 94-wheel-base. Five passengers. Detachable tonneau. Two speeds and reverse. REO disc clutch. 50 miles an hour. Full lamp equipment. Top \$75 extra.  
The car that beat 60 cars of double and triple its price, at hill climbing—  
The car that won more than 20 cups, medals and trophies from bigger and costlier cars—  
The car that holds its class record up Mt. Washington, and that crossed Mt. Hood, and the 12,000 feet Raton Range, in New Mexico—  
The car that carried four passengers 1,050 miles over rough roads without stoppage, motor-repairs or car repairs—  
The car that won the National Economy trophy and four other prizes in the same contest, and that carried its passengers at a total cost of 30 cents each per 100 miles—  
The car that was penalized 30 per cent, and practically barred out of the great 2-Gallon Efficiency Contest—  
The only car that ever crossed this continent and back again on its own wheels—  
The \$1,250 car which does all that the average \$3,000 car does—and more than most of them—  
That is the car whose merit and real economy are self-evident. That is the car which you cannot afford to overlook. Write for the book that tells why.

### SLAG AND CLINKERS KILL WHITEFISH

#### FISHERMEN CLAIM THAT DEPOSITS ON LAKE BOTTOM CAUSE DEATH OF FRY.

#### FAVOR AN INVESTIGATION

#### Belief General That Government Should Take Matter Up and Ascertain, if Possible, Remedy Through Legislation.

Within the past few years a much greater decrease has been noticed among the whitefish than among the lake trout. This is explained by Marquette fishermen on the ground that a much larger percentage of lake trout fry reach maturity. When Captain Smith was in Marquette recently, with United States Fish car No. 1, he said that the whitefish is a deep swimming creature, found in depths of from 100 to 400 feet of water. The young of the whitefish, as they develop, naturally follows the laws of heredity and seek food in the lower grassy stretches where there subsist on microscopic life. Fish must have food and food starts primarily from river and lowest form of organic life. Hence the fish producing capacity of any water is determined by its wealth or poverty in this fundamental life. In the creation of this life, warmth, light and the fertility of the material deposited by river and watersheds are prime factors. Areas of water therefore are rich or poor, fertile or comparatively barren like areas of land.

#### Must Have Food.

Those grassy patches on the bottom of the lake have been known for years as the feeding grounds of the young whitefish. As the grass disappears the number of whitefish naturally grows less. The grass has been steadily dying off for a number of years in the neighborhood of most of the harbors where the planting has been done. This is probably due to the large deposits of ashes and clinker slag which are dumped into the harbors. Between 1890 and 1905 the output of ashes, clinkers and furnace slag, not counting the sweepings of iron from the docks, has been 7,000,000 tons, which were dumped into Lake Superior. Fishermen all over Lake Superior tell the same story, that large clinkers come up in their gill nets when hauling in settings, indicating that the bottom of the lake is being covered with this manufactured scoria, the tendency of which is to destroy or burn up either by erosive action or chemical influences, all the grass in which there lived the minute organisms upon which the whitefish subsisted. A Marquette man who has made the decrease in the whitefish a subject of considerable study said yesterday:

#### Government Should Investigate.

The United States government should make an appropriation for an exhaustive research in the waters of Lake Superior to discover if possible

just what is causing the decrease in the numbers of the whitefish. The recommendations for legislative enactments could be made and these should be enforced without favoritism and without fear. Many million of whitefish fry have been planted in this vicinity yearly and but a small proportion of these evidently reached maturity.

"About 1898 Professor Woodman of the natural history and biology department of the Duluth High school, under the direction of the United States Fish commission, worked through the summer term with a small trawl and dredges and sounded the bottom of Lake Superior in a number of localities. The long wavy grass was found to be disappearing. The minute green slimy creatures, so abundant in former years were rarely found. Instead of clayey banks in mid-lake, the common sinker used in sounding brought up from the bottom ashes and clinker slag as an evidence that that was the material which formed the lake bottom. Clinkers four and five inches long often came up with the trawl. It is this state of affairs that has caused the death of the greater percentage of the 950,000,000 fish fry which have been planted in Lake Superior since 1890.

#### SOO CANAL PASSAGES.

#### CIRCUIT COURT OPENS.

#### Many Applicants for Citizenship Papers Examined Yesterday.

The regular spring term of the circuit court opened yesterday morning at 9:30 o'clock. The case of George Reichel, Adam Reichel and Henry Reichel vs. Peter C. Peterson, assumpsit, was set for Wednesday. Laughlin Johnson vs. the city of Marquette will be heard Friday. The case of Bernard Chirbe vs. James McQuillan, assumpsit, will be taken up Saturday if it can be reached. A continuance was taken in the action of Laura McCarthy, administratrix of the estate of Robert McCarthy, deceased, vs. Marquette County Telephone company, to September. In the case of the people vs. Andrew Talo, of Ishpeming, charged with violation of the liquor law, the defendant pleaded guilty, and paid a fine of \$75 and costs. Matt Hickey, charged with larceny from the person, entered a plea of guilty. Sentence has not been pronounced. The case of the people vs. August Karhunen, charged with bastardy, was continued upon payment of costs by the defendant. Andrew Ekola, charged with assault with intent to do great bodily harm was granted a continuance at his own request. The case against Edward J. Hillman, for concealment was nolle. Peter Moran, who with David Moran, was charged with burglary, pleaded guilty. Moran will be tried today. The case against Thomas Mellin charged with petit larceny was dismissed.

A large part of the morning session and all of the afternoon was taken up in the examination of applicants for citizenship certificates, of whom there are thirty-six. The men are all examined along the line of their statements in their petition for citizenship. They are questioned as to whether they are a disbeliever in or opposed to organized government, or are affiliated with any organization or body of men teaching disbelief in organized government. They are also questioned as to their belief in polygamy and to their attachments to the principles of the constitution of the United States. In order to receive a certificate of citizenship a candidate must have resided five years in this country, and for one year in the state in which the application is made, and certify his intention to remain a resident of the country.

#### MUST NOW PAY FARES.

#### Little Chance for Children Over Five to Travel Free.

Another case of the "pay your fare or walk" slogan of the railroads is in evidence, this time affecting the children. No longer can there be an evasion of payment among the children subject to fares. Since the first of the year, when the interstate commerce commission law went into effect, the child of five years becomes a half-fare traveler. This price is charged those between five and eleven years, and was supposed to have been charged in times gone by, but there was a certain degree of indifference among the ticket agents about asking fare for the little one of five or probably a year or two older. But the law now emphatically states that the ages of children must be inquired into by the ticket agents and the charge made accordingly. Those over the age of twelve years have to pay full fare and this will be reduced under no circumstances if the law is obeyed. And there is no reason why the railroads would want

Perhaps your feet were fitted to the last pair of shoes you bought. Let us fit a pair of Hanan Shoes to your feet. There's a difference you'll appreciate. Comfort and a lastingshape—that's what it means to have a shoe that fits at every point.

to disobey the law.

In the past, if an agent saw a child whom he may have judged to be under five years of age, he allowed it to be taken along with its parents or chaperon for nothing. Likewise, if the child looked to be younger than twelve and older than five years, half fare was charged. But now the agent is supposed to ask the ages of children.

"We can no longer ignore this matter," said a railroad official. "We are compelled to make sure and I think we are told the truth, too. It would hardly pay, if seems, for us to be told what was not so, especially in local trade, for there is a probability of the truth cropping out at any time."

#### JAMESTOWN EXPOSITION.

Low rates daily via The North-Western line until Oct. 15th, liberal return limits, variable routes and stop-over privileges, affording an opportunity to visit New York, Washington, Niagara Falls and various Sea Coast and Mountain resorts. ## This Sale Won't Last Always--Make Hay While the Sun Shines

# Everybody is Delighted With the Way C. N. HARPER & CO. of CHICAGO are Conducting

# THE GREAT, FINAL CLOSING SALE

OF THE

## CLOTHING NEWS

A Sample of Modern, Liberal Merchandising.

The sales manager has decided to make the last days of this sale the most memorable in this section.

The typical Harper-Sale values we will offer in these last days should be of vital interest to all discriminating buyers; it is our aim to unload the entire stock, and C. N. Harper & Co. wires from Chicago to put the knife in deeper if necessary and sell at any cost. The public may therefore expect great things in this line—and we shall see to it that they will not be disappointed. We are as thoroughly prepared to meet all demands in this line as any store in the country and you simply cannot afford to ignore the radical reductions we have made on all our Men's, Boys' and Children's Clothing for the next three days.

### Men's Suits

Men's \$ 7.50 Suits.....	3.1c
Men's \$12.00 Suits.....	5.49
Men's \$15.00 Suits.....	8.49
Men's \$19.00 Suits.....	10.50
Men's \$21.00 Suits.....	11.50

### Boys' Suits

Boys' \$ 7.50 Suits.....	3.19
Boys' \$ 9.00 Suits.....	4.98
Boys' \$16.00 Suits.....	9.98
Boys' \$19.00 Suits.....	12.49

### Children's 2-Piece Suits

Children's \$3.50 value.....	1.49
Children's \$4.00 value.....	2.19
Children's \$6.00 high grade Suits.....	3.49

On top of these price reductions we offer A FREE GIFT to every purchaser of a Man's Suit choice of a \$2.50 Hat or \$2.50 Leather Club Bag. To every purchaser of a Boy's Suit choice of a \$1.50 Hat or Cap, suspenders, Tie and linen collar.

There are only a very few more sales days left and the greatest sale Marquette ever saw will pass into history. Don't wait until too late.

### Seidenfeld Bankrupt Stock, 1 Door S. of First National Bank

MARQUETTE, MICHIGAN.

### Clothing, Men's and Women's Shoes, Dry Goods, Women's Coats and Skirts, Men's Hats and Caps, etc., most of this crisp and new, purchased by Mr. Seidenfeld for this summer's business. All these at a sacrifice of 40 to 50 per cent.

This sale has so far been a tremendous success; perhaps the greatest ever held in Marquette. Our store is daily crowded with delightful customers, and the bundles they carry away are proof of their appreciation. No sale has ever been attempted in Marquette on so grand a scale. It is a fresh triumph of the Harper system, and compared with the rapid bargain announcements popping up on all sides it stands out clear and well defined like the shaft of a search light cutting through the surrounding darkness.

## A. G. HOFFMAN

### Special Attractions in our Shoe Section

This is the department in which all careful buyers, who want their dollar to go as far as possible will be interested.

There are now about \$10,000 worth of Men's, Women's, Boys' and Children's Shoes and Slippers left in this stock. Most of these are of standard makes such as Packard's, Weber's, Moloney's, etc., which are well known to all who are posted in this line. Shoes are as staple as groceries and it is therefore but seldom that you have the chance to buy them for less than their regular value. The prices of these Shoes are stamped on the soles by the manufacturer, so that deception is impossible. Here they are:

\$2.00 value Misses' school Shoes, Box and Velour calf, college Heel.....	1.35
\$3.50 value Misses' French Kid college cut, lace or button, city heel, welt or turn.....	2.29
\$3.50 value Women's Shoes, Moloney Bros' make; in all leathers, welt or turn.....	2.49
