City Brevities

Today's weather: Generally fair; rising temperature.

Yesterday's temperatures: Seven a. m., 32 degrees; noon, 50; 7 p. m., 41. Maximum, 44 degrees; minimum, 32.

C. E. Hayward, of Lathrop, was a Marquette visitor yesterday.

F. B. Schweitzer, of Michigamme, spent yesterday in the city.

H. Batten, of Reed Lake, is the guest of Marquette friends.

George Korby, of Calumet, looked after business here yesterday.

J. G. Trombly, of Ishpeming, was a Marquette visitor yesterday.

Thomas Piggott, of Negaunee, looked after business in Marquette yesterday.

Mrs. Francis Cavis has returned from a visit with her daughter at Waukegan, Ills.

A meeting of Red Cross Legion, No. 320, will be held this evening. The members will enjoy dancing, following this business session.

Mrs. Charles Cotten returned to this city Saturday and is a guest at the home of John McLay, No. 414 West Bluff street.

The Clerks will play the Lake Shore Engine Works team at the new fair grounds Memorial day afternoon. Cars will run to the grounds.

Commencement cards have been received from the Hahnemann Medical college of Chicago. Isabel Monteith Weaver, of this city, is among the graduates.

The National Protective Legion will give a dance tomorrow evening at Birch. A special train will leave this city at 8:15 o'clock, returning after the dance.

Noah Burdau and Susan Steele, both of Thomaston, Gogebic county, were married by Justice Byrne Saturday night. They left immediately for their home.

J. J. Flannigan has returned home from a several weeks' trip in the west and southwest. He had a fine vacation and arrived home in much better health than when he went away.

Mr. and Mrs. H. L. Wishart have returned to Washburn, Wis., where Mr. Wishart is employed by the Du Pont Powder company. Mrs. Wishart had spent two weeks in the city, the guest of her parents, Mr. and Mrs. J. W. Young.

High School Concert

The High School concert for benefit of the Athletic association will be given at the High School assembly room tomorrow evening at 8 o'clock. Selections will be given by the Schubert sextet, also by a mixed quartet composed of the Misses Wignall and French and Messrs. Kraft and Gilbert. Miss Hadley, of the Normal, will render violin selections.

Young Will Speak

Congressman H. O. Young, of Ishpeming, will deliver the Fourth of July address at Menominee.

The celebration, which will be under the auspices of the Brotherhood of Commerce, is a rather unique one, as two boxing matches and a wrestling bout are on the program. There will also be other athletic events and a high diver from Chicago will do a thrilling stunt. The entire program of the Menominee celebration has been arranged, and the event is already being widely advertised.

Called to Two Fires

Marquette has lately experienced an epidemic of chimney fires. Yesterday the department was called out to extinguish two. The first was at the residence of John Dunleavy, 19 Birch street, and the second on the side. There was practically no damage. The hose cart and engine had barely returned when an alarm called them to the home of Dan Mullaly, No. 138 Baraga avenue. The fire had burned through the chimney to the roof when the department arrived, but the flames were quickly under control, and the damage will not exceed \$50.

Paquette Pleads Guilty

John Paquette, of Houghton county, pleaded guilty before Judge Stone in circuit court yesterday just before noon, to larceny. Paquette was committed to the Marquette prison Jan. 24, 1904, for larceny. About five weeks before his sentence expired on June 4, 1904, having been made a trusty and allowed considerable freedom, he stole a suit of clothes from Robert Crackle, a guard, and made his escape. The fire had burned through the chimney to the roof when the department arrived, but the flames were quickly under control, and the damage will not exceed \$50.

Will Check Vegetation.

Killing Frost Expected to Follow in Path of Storm.

The storm which struck this vicinity Sunday morning extended over the entire eastern half of the United States, from the Mississippi river to the Atlantic coast, being marked by snowfalls in the north and cold rains in the south, with freezing temperatures in most localities. West of the Mississippi river yesterday the weather was clear with light winds and a very low temperature. There is every indication that before the wind shifts to the south the same conditions will prevail here, to be followed by killing frosts which will greatly retard the growth of vegetation. Sunday night and Monday morning there was a snow fall of some time over half an inch, an unusual occurrence so late in the season.

Frank H. Vandenberg, proprietor of the Marquette City dairy, said yesterday that the lack of feed for cattle in this vicinity surrounded the points of failure, and that the situation is more serious than it has ever been before in the county. He said that within the past few days he had been compelled to lend hay to brother dairymen who had run completely out, and who had been unable to purchase a bale from any of the Marquette dealers. He said that he knew where many milk cows could be purchased at a figure far below what they were held a few weeks ago, but that it was impossible to find purchasers. Not only has the hay supply become practically exhausted, but bran, oats, straw and oil meal are selling at a higher rate than ever before, and can only be purchased in limited quantities. The recent snow fall has again checked the growth of the grass and good pasturage can now hardly be looked for earlier than the latter part of next week.

Should the heavy frost indicated by

City Water Not the Best

While Indian lake water is quite palatable at the present time it would be more generally used for culinary purposes if the river about the crib above the dam was cleared of the trees and other driftwood that has collected there, says the Manistique Pioneer Tribune. Some scheme to keep cattle out of the river in the vicinity of the source of supply would also help some. Last summer scores of cows sought refuge against the attacks of flies and mosquitoes by wading into the river at the point in question. The board of public works has several things to do before the absolute purity of the city's water supply can be guaranteed.

Victims Dog Attacks Baby

Lying in its baby carriage, and attended by the mother, the infant daughter of William G. Sundstrom of Iron Mountain was attacked by a vicious dog which sprang at the little one without warning. Burying its fangs in the child's head, the brute tore a gash in the temple that will leave a scar for life, and badly lacerated the upper lip. There is fear that the canine may have been inflicted with hydrophobia, and it has been locked up at the city jail for several days after which it will be shot. The child will be taken to the state university hospital for treatment by the Pasteur method, in case that is found necessary.

Gas for Iron Mountain

Upwards of a year ago the common council of Iron Mountain awarded a franchise authorizing the installation of a gas system. The terms granted were exceptionally favorable to the company which sprang at the little one without warning. Burying its fangs in the child's head, the brute tore a gash in the temple that will leave a scar for life, and badly lacerated the upper lip. There is fear that the canine may have been inflicted with hydrophobia, and it has been locked up at the city jail for several days after which it will be shot. The child will be taken to the state university hospital for treatment by the Pasteur method, in case that is found necessary.

New Waterpower Enterprise

The Menominee Range Power & Development company, of Iron River, has filed articles of incorporation with the secretary of state. The company has a capital stock of \$200,000. It was organized by A. J. Lytle, Isaac W. Byers, E. S. Coe and other Iron River business men, and has a franchise to light that village. It is the intention of the company to improve one of the water powers in the vicinity of the town, which is a center of noteworthy iron mining development.

Struck by a Train

Charles Mitchell, an Indian about thirty years of age, was fatally injured by being struck by Soo line flyer No. 7, about a mile west of the junction of Iron Mountain county. His hip were crushed and he also sustained internal injuries from the effects of which he died some hours afterward. It is thought that he lived either at Isabella or in the vicinity of Nainburg. No clue as to his identity or address was found in his pockets. The unfortunate man was intoxicated at the time of the fatality.

Primary School Money

Why the primary school apportionment is not as large in May as in November is explained by State Superintendent of Public Instruction L. L. Wright as follows: "During the year 1906 the regular taxes paid by the railroads amounted to about \$3,000,000. The back taxes due amounted to about \$6,000,000 during the year 1906 \$9,500,000 was apportioned. The law requires railroads and other corporations to pay their taxes to the auditor general between February and the middle of May and all are paid usually on or before May 1, as after that time there is a penalty for non-payment. The auditor general is required to determine the amount of primary school interest on the first day of April, and of course at that time the great majority of these taxes have not been paid in. It is for this reason that the apportionment in May is usually small while that in the succeeding November is larger."

body men were ordered out by the fire warden to fight the flames. Men who were ordered to fight the flames left their work and beat back the on-rushing fiery devastator, yet out of claims for labor amounting to \$722.50 the state paid the paltry sum of \$16.66. Trout Lake people have "bit" once but it is doubtful if they will do so again without testing the law.

Beer War Is Still On

Contrary to reports, the beer war at Escanaba has not been settled, and from all accounts the local people are up against a pretty hard proposition. It is recalled in the connection that a brewery at Manistique several years ago undertook to fight a big Milwaukee company with the result that the local concern was compelled to sell out after that year had been waged for some time. At Escanaba, it is the Schlitz company, a home enterprise, and the Schlitz company of Milwaukee that are directly engaged in the warfare, the trouble apparently originating in the reported fact that on leaving the employ of the big outside concern to enter that of the local brewery, an agent had turned over to the Schlitz people a number of saloon leases held in his name. It is given out that the Schlitz company intends to build a large warehouse at Escanaba and they will fight to the finish. It is said that the price of beer may come down to \$2 a barrel. It was \$6.50 prior to the outbreak of hostilities, and a while ago was cut by the Schlitz company to \$4.

Pianos That Are Sold on Their Merits

The best proof that the Pianos sold by the Cable Piano Co., are in every way good value is the large business that is being done both in the Upper Peninsula and the entire United States. We do not resort to "quack" advertising, such as "sales" where instruments are advertised to be almost given away; nor to guessing contests where people are made to believe they are getting a piano for \$50 to \$100 less than they ought to pay. Your common sense tells you that this is ridiculous.

We appeal to a man's good judgment, and as we have done in the past we will continue to give real value for the money invested, whether you buy one of our most artistic instruments or a medium priced one.

COOK WITH GAS

Ishpeming Department

(Additional Ishpeming on Page Seven.)

WILL HAVE CHEAPER LIGHT.
Marquette County Gas & Electric Co. Makes City Liberal Offer.

For more than two years the management of the company operating the electric lighting plant and street railway plants here made attempts to secure a contract from the city for its street and other lighting, but terms could never be agreed on. However, Manager W. J. McCorkingdale will have no difficulty securing a contract, as he has made the lighting committee so good a proposition that its acceptance will doubtless be recommended at the meeting of the council a week from Thursday evening.

Under the former contract, which expired over a year ago, the city paid \$9.19 per month for its arc lamps, on an all night service, but the company now makes an offer of 88, which is equivalent to \$6 on a moonlight schedule, the service given by Negaunee's municipal plant in that city. In addition to granting a reduction on the arc lights a cut is also to be made in the price of the incandescent service, both to the city and the private consumers. The present rate is fifteen cents per kilowatt, with a discount of fifteen per cent to consumers using over fifty kilowatts per month. A fifty kilowatt customer would consume approximately \$5.50 worth of light per month. With a 15 per cent reduction the net cost of the light would be 12 1/2 cents per kilowatt. Under the new rates the company will furnish electricity at a rate not to exceed eleven cents per kilowatt for the first fifty kilowatts consumed; ten cents for the next fifty kilowatts; nine cents for the next fifty kilowatts; and eight cents for all over 150 kilowatts served through one meter.

The reduction will effect a saving of from fifteen to twenty-five per cent to the consumers. While the present operators of the lighting and street railway plants have not been making money on the enterprise since it passed to their hands the management expects, to eventually put the business on a profitable basis. Many betterments are contemplated, and it is thought that the proposed reduction will considerably increase the company's local business. Mr. McCorkingdale said yesterday that he thought an increase of 25 per cent or more can be made within the next few months. The reduced rate, if the council decides to accept it, will become effective June 1.

Mr. McCorkingdale says that arrangements for a day and night service have already been made. The rates proposed are identical with those prevailing in Negaunee, where the independent concern has opposition from the city plant.

WAS KNOWN TO MANY HERE.

Ishpeming Man Receives News of the Demise of His Brother in England.

James Jenkins, 605 South Pine street, has been advised of the death in England of his brother Albert, who was known to many natives of that country residing in Ishpeming. The deceased was one of the most prominent business men of Newquay, a town in Cornwall. The newspaper of the place had the following mention of Mr. Jenkins' death:

"The startling announcement was circulated through the town this morning of the sudden death of Albert Jenkins, one of the oldest and most respected tradesmen of the place, which took place at his residence, 1 East street, about 7 o'clock, at the comparatively early age of fifty-four years. He had for many years past been afflicted with a weak heart, in consequence of which he had had to lay aside many of the cares and responsibilities which a large business involved, shifting these responsibilities on the shoulders of his sons, three of whom have been brought to the business. Mr. Jenkins was taken unwell about 4 a. m., and medical aid was immediately summoned. Drs. Hardwick and Gadsden being soon in attendance, and with aid of restoratives he was rallied; that of the gentlemen was on the point of retiring when a second attack proved fatal. He was a native of the town and a member of a large family, succeeding, when quite a young man, to the business of his father (the late Frederick Jenkins), so that he has for upwards of thirty years been connected with the business life of the town, although he has not taken a very active part in public affairs. The grocery and provision business to which he succeeded has been most successful carried on by him, his departments, such as coal and forage, china and glass, earthenware, etc., having been added until at the time of his decease he was the head of one of the largest and most progressive businesses of the town. Although he has not taken an active part in public affairs, he was for a brief period a member of the old local board, to which he was elected at the head of the poll. He has been closely connected with the congregational church, filling for many years the office of deacon and treasurer. He was also during the greater portion of this time superintendent of the Sunday school connected therewith, and a very large contributor to the funds of both the church and Sunday school. He was also a member of the Court 'Towers', A. O. Foresters, of which order he has filled many offices, being at the time of his death the treasurer of that body, besides being the local agent for various insurance companies and shipping agencies. He leaves a widow and eight children for whom the utmost sympathy is felt."

WILL VISIT PROPERTY.

Officers of Pine Tree Mining Co. to Select Location for New Mill.

Several prominent stockholders of the Pine Tree Lead and Zinc Mining company will within a few days visit the property at Cuba City, Wis. At the mine they will meet the superintendent of the company which has the contract to install a 200-horse power concentrator and a location for the mill buildings will be definitely decided on. The mill company's crew has been engaged the past few weeks installing a mill at the Aetna property and will complete its work this week. Fred Wolland, who is in charge of the property, spent Sunday in the city. He reports that the work is progressing satisfactorily and that operations in both the main mine and the extension are of an encouraging nature.

Superintendent Robert A. Fox of the Vandewater Lead & Zinc property at Cuba City yesterday advised the officials that cross-cutting had been started in the shaft and that the boiler, pumps and hoisting engine, which had been used at the original shaft, were ready for operations at the new find. Two crews are to be employed, working day and night, so that within a short time the Vandewater stockpile will begin to loom up.

HAS A FINE NEW HOME.

While in the city Sunday Representative C. J. Fyris advised The Mining Journal that Robert Crab, formerly of this city, who is now in the employ of the tax commission at Lansing, recently acquired a new home on Butler street, valued at \$4,000. Mr. Crab has done well at Lansing. He has two daughters, holding good positions and his son is working at the machinist's trade. The family likes Lansing so well that they plan to remain there indefinitely.

PLAYING WITH STATE BAND.

Frank Sherman, a former flute and piano player with the Ishpeming City band, who left here a short time ago for Butte, Mont., has advised friends that he played with the Montana State band the day he arrived in the city. He has been given a day job, with the privilege of laying off every time the band has an engagement. The manager of the Montana State band has been endeavoring for several years past to induce Mr. Sherman to go to Butte. He also had an opportunity to play with the Boston & Montana band, which is a rival of the state organization.

The car that was penalized 30 per cent, and practically barred out of the great 2-Gallon Efficiency Contest—
The only car that ever crossed this continent and back again on its own wheels—
The \$1,250 car which does all that the average \$3,000 car does—and more than most of them—
That is the car whose merit and real economy are self-evident. That is the car which you cannot afford to overlook. Write for the book that tells why.

WORK ON BANK BUILDING. COMMENCEMENT EXERCISES.

A. P. Wilson, Marquette Contractor, Made Start Yesterday. The First National bank will, formerly the Muck building, will, for some months to come, be in the hands of carpenters and other artisans.

The first work done will be the repairing of the foundation. It is thought that the piles will have to be replaced by concrete, as they will probably be found in about the same condition as the ones under the city hall, which were badly rotted away.

The officials of the bank plan to put the block in first-class condition and to equip it with modern furnishings. The decorations will be attractive and the interior arrangements convenient.

WILL SPEAK AT CHAMPION. Negaunee Attorney Will Deliver Commencement Address June 20.

W. C. Hewitt, of the Oshkosh Normal, Will Give Address Here. The commencement exercises of the Negaunee high school will be held Wednesday evening, June 13, at McDonald's opera house.

The members of the senior class will be entertained tomorrow evening by Superintendent and Mrs. Schurtz, at their home.

LOCAL LACONICS. Over an inch of snow fell Sunday and Sunday night. Miss Kate Sullivan is spending a few days with Marquette relatives.

Prosecuting Attorney F. A. Bell will deliver the commencement address to the class of the Champion high school the evening of June 20, when six pupils will be graduated.

The three bowling teams which are tied for first place are now winding up the league series. The Ravens and Wolves met last evening.

The coroner's jury in the case of James Merga and Frank O. Livero, the two Italians recently killed at the Cambria mine, returned a verdict of accidental death.

The city recorder has received a new consignment of dog tags, and is now prepared to issue dog licenses.

The consolidated Fuel & Lumber company is delivering lumber at the Mary Charlotte mining location for the new dwellings to be erected by L. E. Clausen.

A special meeting of the Negaunee fire department will be held some evening during the week to complete arrangements for observing next Sunday as firemen's memorial day.

FARM TO RENT. The Cliffs farm of 110 acres in Sections 23-26, Township 47 N., Range 27 W., and Bellevue farm of 25 acres, 2 1/2 miles from Negaunee, can be rented for a year or more, by applying to The Cleveland-Cliffs Iron Co., Land Department, Negaunee, Mich.

DARANTELLA General Passenger Agent Adson has advised Agent Randall that the Hitchcock company is the largest that ever visited this circuit.

completed and carpenters will begin work today or tomorrow. It is expected that the foundations for three of the buildings will be finished by Saturday.

Frank Jonlon, in charge of the Western Union Telegraph company's office in this city, who has been confined to his home the greater part of a month, on account of blood poisoning, is improving.
