UNUSUAL FOREIGN BUSINESS.

Several Hundred Upper Peninsula People Spending Summer in Europe.

Negaunee, and in fact every other city of the upper peninsula, will be well represented in European countries this year. Several hundred foreign born residents from this region are already visiting their native places or are on their way over. Most of them will return, but many have gone home to remain permanently.

The railway and steamship agents handling the foreign business in this city will have a record breaking month in June. In the neighborhood of seventy-five persons have already departed for the European countries, a large majority going to Finland. Others are now preparing to go. Business has come to the railway and steamship agents from courses where they least expected it. There has hardly been a day this month that two or more Negaunee people have not left for abroad, and one party of twenty left early in the month. It is estimated that Negaunee by nearly 100 per cent in the number going to Europe, the total from Ishpeming this month being over 125.

Many of the foreign born residents of both cities are returning to their old homes with fat purses. There are very few going back without several hundred dollars in excess of the sum they will need for their actual expenses. A few have taken away more than \$1,000, others over \$2,000. One man, who has lived in Negaunee for several years, and who plans to return to this city in the fall, had \$5,000 in his pocket, after paying for his transportation expenses. This sum represents a fair-sized fortune in Finland, as the cost of living is much cheaper there than here. A man who has 30,000 marks, or \$5,000 in American money, can get along very nicely in Finland, and is placed among the wealthy class.

EVERY MAN HIS OWN DOCTOR.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable remedies are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation. Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough. Chamberlain's Pain Balm (an anti-septic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains. Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles. Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but \$1.25. For sale by The Stafford Drug Co.

MANY NEW WALKS.

Larger Number Condemned Than Can Be Rebuilt This Season.

The sidewalks condemned by the board of public works include from seventy-five to eighty descriptions, and some of these are corner properties, where walks must be built on two sides. In most cases concrete will be put in. If Anton Hendrickson, the concrete contractor could assure the property owners that he would do the work this season he could secure contracts from 90 per cent or more of those who will be compelled to put in new walks. Mr. Hendrickson intends to work two crews, and would have little difficulty keeping three busy all season.

The council has not yet decided to prohibit further building of board walks in the business district and more important residence districts, but this may be done next year. This step has already been taken at Ishpeming. The Ishpeming council last week adopted the recommendation of the street and highway committee and board of public works condemning about 150 walks, and the owners must lay concrete.

Board walks are in the long run much more expensive than concrete. Besides they are not as serviceable, nor do they present as good appearance. The tar walks which were popular until a few years ago, will soon be a thing of the past in Negaunee. Practically every tar walk in the city has been condemned. Most of them are in poor condition, as they have been repaired in four or five years. There are about twenty-five tar walks in all, several of these being on Iron street. Before the close of the present season the business portion of Main street in Ishpeming will not have a board walk left.

NO. 1 TEAM WON AGAIN.

The members of No. 2 bowling team have a second supper to provide for themselves and the members of No. 1 team, as the No. 1 five won the challenge contest Wednesday evening at Orr & Tompkins' alleys by a margin of 143 pins. The scores were:

No. 1 Team—	Total
Defrain	154 164 196 514
Tommkins	178 148 176 502
Sanders	138 172 158 468
Nelson	129 148 187 464
Dyer	131 172 144 447
Totals	730 804 861 2395
No. 2 Team—	Total
Miller	100 152 143 395
Kirkpatrick	148 140 209 497
Wentala	125 157 170 452
Mitchell	152 151 137 440
Willman	129 179 160 468
Totals	654 779 819 2252

DO NOT NEGLECT THE CHILDREN.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by The Stafford Drug Co.

S.S.S. DRIVES OUT RHEUMATISM

The cause of Rheumatism is a sour, acid condition of the blood, brought about by indigestion, chronic constipation, and the accumulation in the system of refuse matter which the natural eliminative organs have failed to carry out. This refuse or waste matter ferments and sours, generating uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. One may also be born with a predisposition or tendency to Rheumatism, because like all blood diseases it can be transmitted from parent to child. The aches and pains of the disease are only symptoms which you may scatter or relieve with liniments, plasters, blisters, etc., or deaden with opiates. As soon, however, as such treatment is left off or there is any exposure to cold or dampness, or after an attack of indigestion or constipation, the wandering pains, sore muscles and joints, and tender places on the flesh return, and the sufferer finds that he has merely checked the symptoms while the real cause of the disease remains in the blood. Rheumatism can never be cured while the blood remains saturated with irritating, pain-producing uric acid poison. S. S. S. cures Rheumatism by driving the cause out of the blood. It thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. S. S. S. stimulates and invigorates the blood so that instead of a weak, sour stream, constantly depositing acid and corrosive matter in the muscles, joints, nerves and bones, the body is soothed and nourished by rich, health-sustaining blood, which completely and permanently cures Rheumatism. S. S. S. is composed of roots, herbs and barks which possess both purifying and tonic properties—just what is needed in every case of Rheumatism. Book on Rheumatism and medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Upper Peninsula.

Paving Bids Asked For—

Bids for the construction of 10,000 square yards of tar macadam pavement are being asked for by the city of Ironwood, the contract to be completed by July 1, next year. Portions of Suffolk street and McLeod avenue are the thoroughfares to be improved.

A Fir of Float Copper—

Excavating for a sewer at Crystal Falls, workmen brought to light a 300-pound chunk of pure native copper. The metal was uncovered at a depth of ten feet. There is little question that it is "float" copper, torn from its bed in the Keweenaw rocks, along the shore of Lake Superior, and carried miles to the south by a glacier many ages ago.

Closed to Commercial Fishermen—

The legislature, amending the fish laws at this session, has closed that portion of upper Bay de Noc above the narrows to nets for an indefinite period. The bay is a favorite spawning ground for Lake Michigan fish, and in addition its upper waters contain many trout and other species of game fish into the numbers of which the operations of commercial fishermen were making alarming inroads.

Drillers Making Slow Progress—

The drillers for the Chippewa Oil & Gas company are working night and day at the deep well being bored at Pickford, but they are making progress slowly owing to the fact that the flow of water is so heavy that the force of the drill on the rock is hardly more effective than a common hammer blow. It is expected that slate will be encountered in a short time when the drilling will proceed much faster. The well, the boring of which was started last year, has attained a depth of approximately 1,600 feet.

Many Boats Named Smith—

The fact that five ships bearing the name of Smith passed through the Soo locks in one day, led to an investigation of the records and it has been ascertained that there are no less than ten vessels of that name plying the Great Lakes, tugs and other small craft not included. These ships are the Lyman B., Edward, Henry B., Hurlbur W., Jennie E., L. C., Lilly, Lyman C., Monroe C. and Wilbert L. Smith. There are four Mitchells, a similar number of Houghtons and four bearing the name of Douglas, but none of the names get any nearer than that to the inevitable Smith.

Wesley Ward, while jumping over a fence at Gladstone, slipped and fell, fracturing one arm above the wrist, and dislocating the other. The board of the township of Ironwood, Gogebic county, has passed a resolution offering five dollars reward for information that will lead to the arrest and conviction of any person for killing song birds. It is a good example for general adoption. Benjamin Graham of Grand Marais, who recently completed a course in telegraphy at the Ferris Institute, Big Rapids, has joined the United States navy and is now stationed on board the training ship Reina Mercedes at Newport, R. I. Contrary to reports to that effect, the suit for damages resulting from the collision between the steamers Perkins and Steinbrener in the Sault Ste. Marie ship canal two seasons ago has not been settled. It is docketed for trial at the forthcoming term of the United States court at Marquette, and witnesses in the case have been subpoenaed at the Soo and elsewhere.

TETTER CURED.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicines give splendid satisfaction in this community.—M. H. Rodney & Co., Almond, Ala. Chamberlain's medicines are for sale by The Stafford Drug Co.

FOR SALE—Five passenger Franklin touring car, 1905 model, in good condition. G. L. Sperry, Negaunee.

LOST—Red heifer, wore bell, to strap of which a piece of clothes line was attached. \$5 reward. Machinist, Cambria mine. 6-10-07

DECISION IS WITH ALDERMEN OF CITY

THEY CAN FOLLOW ANY METHOD THEY CHOOSE IN GRANTING OF LICENSES.

GORDON MEASURE DISCUSSED

Saloon Men Who Hope to Secure Licenses Plan Extensive Improvements to Meet Increase of Trade—Effectiveness of Bill Questioned.

The Gordon bill restricting the number of saloons in this city to twenty-five until such time as the city's population exceeds 13,000, when one additional saloon may be added for each 500 increase, and providing for a \$250 city license in addition to the \$500 state tax, was signed by Governor Warner Wednesday.

Just how the weeding out process would be accomplished was an absorbing topic in saloon circles yesterday. The impression seems somehow to have become prevalent that the rule of seniority would be adopted. As a result the men who have been doing business here for many years were jubilant, while those whom this method of selection would shut out were correspondingly depressed.

Left Entirely to Council. "I am not prepared to go into an exhaustive discussion of this matter until I have received a copy of the bill as it was signed by the governor," said City Attorney Brown yesterday.

It is far from being tempered, however. The point has been blunted by usage. As is very rarely the case with these rudely formed weapons it has a socket in which the handle has been inserted. This socket could have been formed only at the expense of much labor by its maker. Unless the reports of tempering copper by a Coldwater man prove to be true, this will probably be the nearest approach to the "lost art" that will be reached for some time.

Prepare to Enlarge. "If the number of saloons is limited to twenty-five and I get a license," said a prominent saloon keeper yesterday, "I am going to give this city the most pretentious place of the kind it has ever dreamed of. I am going to tear out this entire front, put in a big bay window, install a heating apparatus and keep up a miniature conservatory at all seasons of the year."

PRESIDENT'S PLAN IS NOT PRACTICAL

SHAVES WITH COPPER RAZOR.

Resident of Coldwater Claims to Have Discovered Lost Art.

An ancient copper spearhead found in a sand pit by a workman on the Ononagan road, about twelve miles out of Baraga, similar in its appearance to those which have been thought by some people to be products of the lost art of tempering the metal, is in possession of Danielson, surface foreman at the Calumet & Hecla. It has invariably been found that the hardness of these old relics comes from long exposure and the consequent oxidation which forms a very hard crust on the outside of the metal spearhead or other implement, and this is true with the specimen owned by Mr. Danielson.

You need a tonic that will put the sap of life into your system and fortify you from all diseases. Hollister's Rocky Mountain Tea is recognized as the greatest strengthener known. Tea or Tablets, 35 cents. The Stafford Drug Co.

BIDS WANTED. Sealed Bids will be received at the office of the county clerk of Marquette county until 12 o'clock Friday, m., June 21, 1907, for furnishing anthracite coal to the county court house and jail building for the ensuing year. Also 24 cords of four-foot green hard maple, same to be delivered as ordered. Rights reserved to reject any or all bids. (6-13-07)

Remember, if you receive a lucky sea bean to watch your luck afterwards. (6-13-07) Red Seal White Lead costs less than other white leads, because it makes more paint. For sale by Kelly Hardware Co. (5-18-07)
