City Brevities
 Today's weather: Probably showers and thunderstorms; stationary temperature.
 Yesterday's temperatures: Seven a. m., 70 degrees; noon, 68; 7 p. m., 65. Maximum, 70 degrees; minimum, 58.
 C. V. Charles, of Newberry, spent yesterday in Marquette.
 C. R. Gooding, of Iron Mountain, is looking after business here.
 The Saturday noon lunch will be served at the Marquette club, today, as usual.
 Miss Mary Powers, of the high school faculty, left yesterday afternoon for her home at Hastings, Mich.
 Will Greene, son of former Mayor Greene, is seriously ill at Proctor, Minn. A brother left for there last night.
 Dr. E. H. Flynn left yesterday afternoon for a lower Michigan town, where he was called for consultation in a medical case.
 Mrs. Charles Schaffer and a large party of friends left yesterday afternoon for a few days' stay at the Schaffer camp at Onota.
 Miss Harriet Harrington, a teacher in the high school the past two years, left this morning for Ann Arbor, Mich. Miss Harrington will not be back next year.
 Miss Grace Cook arrived home yesterday from Calumet, where she has been teaching school. She will leave shortly, probably tomorrow, for Utah to spend the summer vacation.
 The Ideal orchestra will give a social dance at Fraternity Hall this evening. The full orchestra will furnish the music, included in which will be a number of new selections.
 C. R. Brown came up from Munising yesterday; he will return this morning. Mrs. C. R. Brown has been here for some days, the guest of her son, George P. Brown, and other relatives.
 The Macabees will hold their annual memorial service at Fraternity Hall Sunday afternoon at 2:30 o'clock. The Rev. J. M. Rogers will deliver the sermon. All Macabees are requested to be present.
 John R. Smith, of Calumet, a former well known resident of Marquette, is visiting friends and relatives here. Mr. Smith had the misfortune to fall and break his leg some little time ago, and his present vacation is an enforced one.
 Mr. and Mrs. Guy Moore, of Virginia, Minn., and child, are in the city, the guests of Mr. Moore's parents, Mr. and Mrs. Court Moore, 114 East Arch street. Mr. Moore will return to Virginia Tuesday, but his family will remain here longer.
 Mrs. Charles Schaffer is entertaining some ten or more Marquette ladies at the Schaffer cottage at Onota, in honor of Mrs. George W. Hillard, who will shortly leave for her home in the city of Mexico. The ladies left for Onota yesterday. A number will return tonight, the others remaining until the fore part of next week.
 Many Visit Presque Isle-Traffic on the street railway has increased greatly within the past few days. Presque Isle has taken on all the appearance of summer and many people make the trip out there. No matter how high the mercury is in the city, relief from the heat may be secured on Presque Isle.
 Goes to Baraga-The Marquette ball team goes to Baraga tomorrow to give the nine at that place a return game. The teams met for the first time this season here two weeks ago, the Marquettes winning handsily by a score of 11 to 5. An unusually interesting game is expected tomorrow. The Marquette players will be accompanied by a party of rooters, to cheer them on.
 Will Increase Force-The foundry recently started by August M. Sweder and Charles Christiansen on the corner of Hamilton and Marble streets on the south side has turned out a number of castings and has all the work it can well look after. Mr. Sweder said yesterday that it was the intention to increase the working force at the foundry from five to ten men as soon as a crane, which has been ordered from Milwaukee, is installed.
 Alumni Reception Last Evening-The annual reception and dance of the Alumni association of the Marquette High school was held last evening at Fraternity Hall, the members of the class of 1907 being the guests of honor. They and other guests were received by a committee of members of the high school faculty and the association. The dance was largely attended and proved the usual enjoyable affair. Refreshments were served in the hall.
 Will Go to Negaunee-The Swedish Crown and Skandia societies have decided to attend the picnic to be given by the Scandinavian Aid society of Negaunee, next Monday, and arrangements have been made with the D. S. S. & A. for excursion rates. Trains will leave at 6:45, 8 and 8:30 a. m., also at 3:10 p. m., with the tickets good for return at 7:45 p. m., June 24, and 5 a. m., June 25. It is expected that a large number of the members of the societies and their friends will make the trip.
 See Man on Trial-The case of the United States vs. Alexander B. Choitland was taken up in the United States district court before Judge Knappen yesterday afternoon, an indictment having been returned by the federal grand jury. Choitland, who is a saloon keeper at the zoo, is charged with purchasing wearing apparel from the soldiers at Fort Brady. Former Attorney General Owen appeared for the defense and United States District Attorney George C. Covell for the government. G. H. Paine, a second lieutenant at Fort Brady, was examined at length relative to the soldiers.
 Story Is a Canard-The widely prevalent report that according to tests made by the food commission popular brands of smoking tobacco are mainly straw or brown paper has been repudiated by Commissioner John McCabe. The Minnesota department, from which the story is alleged to have emanated, has not, according to Mr. McCabe, analyzed tobacco, and has no intention of analyzing tobacco. Further, as far as he can ascertain, no analysis of any tobacco on the market has been made by any state or government chemist. Mr. McCabe brands the story as an out and out canard.
 Events for the Fourth-Joseph L. Smith has arranged to have a number of athletic events put on on a platform in front of the city hall Fourth of July. A feature of Mr. Smith's show will be the "Pickaninny Kids" champion cake walkers of the copper country. There will also be an illustration by two boxers of the last three rounds of the Gans-Nelson fight. The men are already rehearsing for the event and in the final round, especially, the battle will be repeated blow for blow. The battle between Gans and Nelson for the lightweight championship in Nevada a little over a year ago was the most famous fight of modern times. In the forty-second round Nelson struck his opponent below the belt and lost on a foul at a time when he appeared to be hopelessly beaten.
 Good Weather for Fruit-According to Observer Patrick of the weather bureau the drought from which this vicinity is suffering is not general. Within the past two weeks, he says, there has been plenty of rain throughout the country with the exception of a small strip along the south shore of Lake Superior, which embraces Marquette. "This is undoubtedly bad weather for grain and vegetables," said Mr. Patrick yesterday, "but it is all right for fruit. Tree roots reach further down into the earth after moisture than ordinary plant life and the recent bright sunshine is maturing the buds rapidly and making up to some extent for the lateness of the spring. Several farmers have visited me who say that their fruit trees have blossomed better than before in years. The outlook for a large apple crop is especially bright."
 Good Horse at Twenty-Five-"How long a horse will remain a good horse depends largely upon the treatment accorded it," said Mayor Robertson yesterday, while engaged in shoeing a little sorrel mare. "Here is a pony," he continued, patting the animal on the flank, "that I have known for twenty-six years. It is impossible to give her age with any certainty but she must be well up toward thirty. She was a good little horse a quarter of a century ago and she is a good horse still. This is due to the fact that she came into the possession of E. N. Breiting when she was a colt and has always been given good treatment. Many horses come to my shop that are old and nearly worn out at twelve and fourteen. That is simply due to improper care. A horse at fifteen, if properly looked after, should be as staunch and, if anything, possess more endurance than at eight. Many a Morgan horse at twenty years of age has done his hundred miles within sunrise and sunset. It's abuse not use that sends the majority of animals to the boneyard years before their time."

"Forming a Pool"
 I am forming a pool for the purpose of investment. One can put in any amount up to \$300, the smallest amount is \$25. I am to use my own judgment to invest, and as I never lose any investor's money, I guarantee not to lose the money you pay me. But any time after November you are at liberty to draw out your money, also profits. Dividends will be paid in the meantime.
 I will probably make about five hundred per cent for you. Last year I organized two pools and some of the members made as high as six hundred per cent. Remember I give you a written guarantee that you shall NOT LOSE your money, but to pay it back with all profits. "This is nothing new for me to guarantee a party's money. I have been doing it for ten years when I am sure of the investment and no party has ever lost by me. All I want is the commission and your good will."
 Women can come to my office at 3 o'clock p. m. or at my residence at 8 o'clock evenings. Outside parties can send express or postoffice money orders. I am 60 years old. Have been a business man in Marquette forty years, a broker for fifteen years. Any business man will tell you I am all right, and you always get your money as he agrees. What he don't know about investing nobody knows. All correspondence private if marked private.
J. W. SPEAR
 INVESTMENT BROKER.
 Established 1893. Marquette, Michigan.

Mining Journal Wants Bring Results

WILL ELECT A RECORDER

SELECTION OF SUCCESSOR TO DANIEL S. DONOVAN TO BE LEFT TO THE PEOPLE.

TURN DOWN NOMINATIONS

E. J. McCarthy and H. J. Koepf Successively Named for the Office Fail to Receive a Vote in Confirmation.

The office of city recorder to fill the unexpired term of Daniel S. Donovan, resigned, will not be filled until Aug. 13, when the selection will be left to the franchise of the people at the general election to nominate delegates to the constitutional convention. In the meantime H. L. Siegel will act as recorder pro tempore under an ordinance passed at the council meeting last evening under a suspension of the rules.

At the special meeting of the council last evening, called for the purpose of selecting a city recorder to succeed Mr. Donovan, all the aldermen were present but Mr. Roebel, who was absent from the city. Following the call of the roll the resignation of Daniel S. Donovan from the office of recorder was read and on motion accepted. Mayor Robertson appointed E. J. McCarthy to the office. Alderman Asire moved that the appointment be not confirmed and the motion was seconded by Alderman Schauer. The motion was carried by the following vote:

Ayes—Asire, Campbell, Corbett, Donovan, Downey, Ekstrom, McCarthy, Schauer, Williams—9.

Not voting—Peters and Siegel—2.

Mayor Robertson then nominated H. J. Koepf. Alderman Asire again moved that the appointment be not confirmed and was supported by Alderman Schauer. The motion was carried by the following vote:

Ayes—Aldermen Asire, Campbell, Corbett, Donovan, Downey, Ekstrom, McCarthy, Peters, Schauer, Williams—10.

Not voting—Alderman Siegel—1.

Cannot Reach Decision.

On motion the council resolved itself into a committee of the whole. Though the meeting was a secret one it can be authentically stated that the names of at least three candidates were considered but that the members were hopelessly divided on the matter of a choice, none of the men considered receiving more than five votes.

At the expiration of about fifteen minutes when the council reconvened Mayor Robertson stated that he had received information that led him to believe that the matter of a selection of recorder should be left to the people. On Aug. 13 there was to be a primary election to nominate delegates to the constitutional convention and a recorder could be elected on that date without any additional expense to the city. "I believe that this disposal of the matter would be the most satisfactory to all concerned," he concluded.

H. L. Siegel Appointed.

Alderman Asire wanted to know if the temporary appointment of H. L. Siegel would not hold good until the time of the election. "I think not," said City Attorney Brown. "I have, however, drawn up an ordinance creating the office of city clerk pro tempore and the position could be filled this evening under its provisions." Upon motion of Alderman Asire, supported by Alderman Schauer, the rules were suspended and

the ordinance put upon its passage. It was adopted by a unanimous vote. Mayor Robertson then appointed H. L. Siegel as clerk pro tempore.

That there will be a hot fight for the office appears certain as both E. J. McCarthy and H. L. Siegel authorized The Mining Journal to announce their candidacy subsequent to the meeting, and several other candidates loom upon the political horizon.

A HIGH TRIBUTE TO JUDGE STONE

JUSTICE MOORE, IN OPINION SUSTAINING DECISION IN MACLAM DAMAGE CASE, COMPLIMENTS MARQUETTE JURIST.

The June issue of the Northwestern Reporter prints the decision of the Michigan supreme court sustaining the action of Judge Stone in instructing the jury to find for the defendant in the case of Robert A. MacLam vs. the City of Marquette. This case was of unusual interest as it involved the constitutionality of a provision in the Marquette city charter. Under the general law Michigan cities are responsible for injuries to individuals resulting from slippery or obstructed sidewalks, but the Marquette charter has a special provision exempting the city from all such claims and placing the responsibility on the property owners. It was on the assumption that this provision would be over-ruled by the general law that Mr. MacLam's attorneys made the city the defendant in the action for damages. Justice J. Moore, who wrote the opinion of the supreme court on the case, pays a high tribute to Judge Stone. He says in part:

"The plaintiff was a resident of Marquette who claims that he was injured by falling over poultry crates that were negligently allowed to obstruct a sidewalk. The court held that the charter provision exempted the city from all liability and instructed a verdict for the defendant. In overruling the motion for a rehearing the trial judge filed a written opinion that so ably states the case that we insert it here. After quoting the charter provision the judge said:

"It was the opinion of the court that by reason of the last clause of the above provision, and under the evidence in the case, the plaintiff was not entitled to recover. This provision has existed in the charter of said city since its organization in 1871, and was re-enacted in the amendment of 1895. The grounds for a motion for a new trial are that the court erred in directing a verdict for the defendant for many reasons. It is urged that the above provision is void as opposed to the general law of the state creating liabilities of cities, and the case of Campbell vs. City of Kalamazoo, is cited in support of the position. As I understand that case, the charter of the city of Kalamazoo was silent upon the subject of liability. That being so, of course the general law of 1887 would apply, and govern. So I do not think that case controlling here. I understand that it is also claimed that the general act of 1887 repealed this clause in the charter. I do not so understand it. In People vs. Venzel, the court said: 'It is a general rule that repeals by implication are not barred, especially where the effect is to repeal a special act by a general law. Unless the legislative intent to repeal a charter is deducible from a subsequent general act, the law will hold that the charter is not repealed by implication, and presume an intention to except the municipality from the operation of the general law.' Can it be said that the law to repeal is plain here? I think not."

Dainty and stylish effects in our new summer neckwear. Just received, 50c, 75c and \$1.00. Ormsbee & Atkins. (6-20-4f)

CONGRESSMAN TAWNEY MAY RAISE HOT ROW

MARQUETTE TOPOGRAPHIC MAP, IT IS ALLEGED, DRAWN FOR PRIVATE INTERESTS—INTERESTING STORY FROM WASHINGTON.

A horrible example in support of the contention of the Hon. James Tawney has turned up in connection with Michigan mining interests, says a Washington dispatch. The geological survey, at which the Hon. Jim took a very hard shot in the last appropriation bill, is making a map for the special benefit of mining interests of the upper peninsula. The map is topographic in character and covers an unusually large section of a section of the valuable mining land just inland from Marquette. This mining map is now in preparation and will be issued in addition to the regular topographic map of the Marquette quadrangle, which is now fresh from the press.

When that large scale map of a small section of the Marquette quadrangle is completed the mining engineers of the Marquette region can get interesting information without much trouble. Hitherto in their engineering operations they have been obliged to figure out contours and such things by their own efforts. That is a difficult and pretty expensive operation, especially as the average engineers aren't equipped for easily accomplishing that sort of task.

The Hon. James Tawney, chairman of the house appropriation committee, has been harping on the extent to which the government is going in forsaking its interstate principles and without doubt he'll see an argument in the Marquette case. For the survey will have difficulty in showing him that the large scale map, especially prepared for mining interests, is an interstate document, unless perchance he would admit the fact that some of the stockholders of those mines reside in New England.

The regular map of the Marquette section, which has just been prepared for circulation shows a large expanse of Lake Superior in addition to Marquette county proper. The new map shows that the highest points in that region, 1,237 feet high; Mount Mesnard, 1,123 feet; Sugarloaf mountain, 1,079 feet. The topographers had a tough time getting their data because of the dense second growth which covers that part of the state. The quadrangle was entirely sketched by running lines through the brush.

These negligee shirts of ours look good enough to eat. Not only are the patterns good and the colors fast, but we've such a variety of select patterns that you may pick what you will and never find the other fellow wearing shirts like yours. Will you pick yours now?

Shoes and Oxfords at \$3.50 and \$4.00 that will make you glad of your investment. Better grades \$5 to \$6

HONEST, CONSCIENTIOUS VALUE GIVING

Is Reaping Its Reward

THE GREATHARPER SALE

OF THE SEIDENFELD

BANKRUPT STOCK

Next Door South of First National Bank, Marquette.

Daily drawing appreciative buyers in ever increasing throngs. Being more than satisfied themselves, they spread the glad news among their friends, telling them of the marvelous returns they got for their money at this advanced stage of the sale.

Ordinarily a sale becomes insipid to the people in a few days, but with the Carroll system it is just the reverse—the longer they continue the better they are understood, and the more popular they become. The public becomes enthused, the clerks become enthused, and, being infected with the same spirit the manager hauls out even the newest and best for indiscriminate sacrifice. Just run your eye over the annexed PRICE MAGNETS. Quotations like these make the former owner hold his breath.

J. J. CARROLL, D. SEIDENFELD, Mgr.
