MARQUETTE, MICH., JULY 3.

Entered as mail matter of the second class
 in the postoffice at Marquette, Mich.

Remember the Fourth of July "don'ts"

Colonel Harvey is too "sot" in his
 ideas on the subject of President Roose-
 velt to be reasonable, and is thus too
 "sot" to convince anybody.

Liberty of Dublin forsooth! Wasn't
 Dick Croker voted the liberty of New
 York, even to putting his hand in its
 purse, as often as he wanted it?

The two-cent fare is in effect on the
 Illinois railroads. The delay and litigation
 that was so freely predicted did not
 materialize, and the litigation will be at
 least delayed, as far as the railroads are
 concerned. It is proposed to give the
 law a fair trial. If the earnings are af-
 fected so that the railroads can show
 that they are not given a fair return on
 the passenger traffic they ought to be
 able to have the law declared unconsti-
 tutional without much trouble. On the
 other hand should the rate give them a
 fair profit they will have no business
 trying to have it declared unconstitu-
 tional. The Illinois law provides for a
 three-cent fare for people paying on the
 trains. However, it is unlikely that many
 people will fail to purchase tickets.

The Soo News suggests Judge Steere
 as a good man to send to the consti-
 tutional convention as one of the dele-
 gates from the Thirtieth senatorial dis-
 trict. Judge Stone has already been sug-
 gested as a possible member of the dele-
 gation from the Thirty-first. Now if
 both these gentlemen could be sent to
 Lansing and if, in addition, the Thirty-
 second district should include Judge
 Streeter among its three delegates, the
 upper peninsula contingent would be giv-
 ing a backbone of solid legal talent that
 couldn't help but make it a considerable
 influence in the deliberations.

Come to Marquette for the Fourth.
 Spend a day beside the sparkling waters
 of Lake Superior. You will find a cordial
 welcome, and full freedom of the city.
 You will see a fine celebration, ar-
 ranged without count of the cost, one of
 the best ever held in the U. P. But if
 you can't come to Marquette visit Ish-
 peming, which is also going to make the
 eagle stream. Ishpeming has a habit of
 doing whatever she tackles up in excel-
 lent style, so it goes without saying that
 she will have a good Fourth of July
 show. Between Marquette and Ishpeming
 the people of the county should have
 no difficulty about being well enter-
 tained.

The Michigan legislature held on for a
 long time, but it isn't a marker for the
 Wisconsin legislature. This body, which
 certainly must be deliberative enough,
 has just taken a recess to permit its
 members to properly observe the glorious
 Fourth. It will reconvene for business
 July 9th. The Milwaukee Wisconsin re-
 marks that "it is high time that there
 should be a pause. Never before in the
 history of the state has there been a
 legislative session as long as this one;
 never before have so many bills been in-
 troduced in the houses; never has there
 been greater danger of serious legislative
 mistakes, committed not in willfulness
 but in sheer desperation. As in the case
 of the Old Woman recorded in 'Mother
 Goose' a legislature may have so many
 bills that it does not know what to do."

We suppose that the request of North
 Marquette residents for a franchise for
 a North Marquette water works is sim-
 ply a means taken by them to show
 their acute dissatisfaction with their in-
 ability to get water service. The resi-
 dents of North Marquette and the water
 board appear to be deadlocked over the
 cost of the pipe necessary to provide
 that part of town with water. The Min-
 ing Journal is not thoroughly informed
 as to the merits of the difference be-
 tween them, but it believes North Mar-
 quette is a part of the city that should
 be treated with every possible consid-
 eration. It is furnishing many workmen
 homes at a reasonable cost, and is grow-
 ing rapidly. The time has evidently been
 reached when it needs city water, and it
 also needs sewerage. The people of
 such a rapidly growing part of town

**LYDIA E. PINKHAM'S
 VEGETABLE
 COMPOUND**

Is acknowledged to be the most suc-
 cessful remedy in the country for
 those painful ailments peculiar to
 women.

For more than 30 years it has
 been curing Female Complaints,
 such as Inflammation, and Ulcera-
 tion, Falling and Displacements,
 and consequent Spinal Weakness,
 Backache, and is peculiarly adapted
 to the Change of Life.

Records show that it has cured
 more cases of Female Ills than any
 other one remedy known.

Lydia E. Pinkham's Vegetable Compound dissolves and expels
 Tumors at an early stage of development. Dragging Sensations causing
 pain, weight, and headache are relieved and permanently cured by its use.

It corrects Irregularities or Painful Functions, Weakness of the
 Stomach, Indigestion, Bloating, Nervous Prostration, Headache, Gen-
 eral Debility; also, Bizziness, Faintness, Extreme Lassitude, "Don't care
 and want to be left alone" feeling, Irritability, Nervousness, Sleeplessness,
 Flatulency, Melancholia or the "Blues." These are sure indications of
 female weakness or some organic derangement.

For Kidney Complaints of either sex Lydia E. Pinkham's Vegetable
 Compound is a most excellent remedy.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to
 write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham
 who has been advising sick women free of charge for more than twenty
 years, and before that she assisted her mother-in-law Lydia E. Pinkham
 in advising. Thus she is well qualified to guide sick women back to
 health. Her advice is free and always helpful.

LYDIA E. PINKHAM

by for Houghton, where he will take a
 position in the Atkins pharmacy.

Mrs. J. A. Wasmuth and her mother,
 Mrs. Gordon Murray, and mother-in-law,
 Mrs. Charles Wasmuth, left last night
 for Escobedo and Colorado, Minn., where
 they will spend a few weeks visiting
 relatives.

The Chicago & Northwestern Railway
 company is working a crew of twenty-
 five men or more on the tracks in this
 city. New ties are to be put in where-
 ever needed and the tracks will be
 otherwise improved.

The street cars were unable to get
 down to Iron street during part of yester-
 day morning, the crossing having
 been removed on Cyr street while the
 Chicago & Northwestern Railway com-
 pany's crew repaired the tracks at that
 point.

Negaunee will be well represented at
 the production of "Du Barry" by Mrs.
 Leslie Carter and her company Friday
 evening at Ishpeming theater. Special
 street cars will be provided, leaving here
 shortly after 7 o'clock, going to the
 length of the performance the curtain
 will rise at 8 o'clock. The seat sale
 opened this morning.

The Finnish band of Ashtabula, O.,
 will give a concert in Negaunee even-
 ing of the 23rd. This is the finest Fin-
 nish band in the United States and it is
 expected that it will capture the prize
 in the contest at Calumet the 27th, when
 the National Finnish Temperance Broth-
 ers' association holds its annual reunion.
 The band won first prize last year at
 Ashtabula. Concerts will also be given
 at Ishpeming the 21st and Marquette the
 22nd.

BOWLING MATCHES.

The following are the scores in the
 league contests at Orr & Tompkins
 alleys Monday evening:

A MARQUETTE CASE.

Many More Like It in Marquette.

The following case is but one of
 many similar occurring daily in Mar-
 quette. It is an easy matter to verify
 its correctness. Surely you cannot ask
 for better proof than such conclusive
 evidence.

C. C. Young, painter and decorator of
 522 Washington St., Marquette, Mich.,
 was cured of kidney trouble by Doan's
 Kidney Pills in 1898 and has ever since
 been recommending this remedy to his
 friends for the cure has been permanent.
 Describing his experience, Mr. Young
 says: "When I first began using Doan's
 Kidney Pills I was completely run down
 and for two or three years had been
 practically unable to work. I had such
 severe pains through my back and loins
 that I could hardly get about, and sev-
 eral times the intense pains in my back
 and shoulders compelled me to lay off
 and rest. The kidney secretions be-
 came affected by the trouble and were
 highly colored and unnatural, depositing
 a heavy sediment. Passages were irreg-
 ular and on account of this trouble and
 the pain in my back I could not get more
 than three or four hours' sleep each
 night. I got Doan's Kidney Pills and
 began using them, finding quick relief.
 I gradually improved until I could en-
 joy a good night's rest and rise in the
 morning feeling strengthened and re-
 freshed. I found this cure in 1898 and
 made a statement for publication at
 that time telling by experience. Dur-
 ing the years that have passed I have
 had no return of my old trouble. My
 health had been good and is as good to-
 day as it was ten years ago. It is as-
 tonishing what Doan's Kidney Pills did
 for me and what I am sure they will do
 for others."

For sale by all dealers. Price 50 cents.

 sole agents for the United States.
 Remember the name—Doan's—and
 take no other.

Rheumatism

I have found a tried and tested cure for Rheu-
 matism! Not a remedy that will straighten the
 distorted limbs of chronic cripples, nor turn bony
 growths back to flesh again. That is impossible.
 But I can now surely kill the pains and pang of
 this deplorable disease.
 In Germany—with a Chemist in the City of
 Darmstadt—I found the last ingredient with
 which Dr. Shoop's Rheumatic Remedy was made
 a perfect, dependable prescription. Without
 that last ingredient, I successfully treated many,
 many cases of Rheumatism; but now, at last, I can
 cure all curable cases of this heretofore
 much dreaded disease. These sand-like granular
 wastes, found in Rheumatic Blood, seem to dissolve
 and pass away under the action of this remedy as
 freely as does sugar when added to pure water.
 And then, when dissolved, these poisonous wastes
 freely pass from the system, and the cause of
 Rheumatism is gone forever. There is now no
 real need—no actual cause to suffer longer with-
 out help. We sell, and in confidence recommend

**Often The Kidneys Are
 Weakened by Over-Work.**

Unhealthy Kidneys Make Impure Blood.
 It used to be considered that only
 urinary and bladder troubles were to be
 traced to the kidneys, but now modern
 science proves that nearly all diseases
 have their beginning in the disorder of
 these most important
 organs.

The kidneys filter
 and purify the blood—
 that is their work.
 If out of order, you can understand how
 quickly your entire body is affected and
 how every organ seems to fail to do its
 duty.

If you are sick or "feel badly," begin
 taking the great kidney remedy, Dr.<

Copper Country

HOT FIRE AT CALUMET.

Gasoline Explosion Held Responsible for a \$9,000 Blaze.

One of the hottest fires that the Calumet hose companies have had to contend with in many months resulted yesterday afternoon in a total loss estimated at \$9,000, covered only in small part by insurance. That much greater damage was not sustained was only because the firemen were successful after a hard fight in confining the flames to the premises in which the blaze originated.

The building burned was the Oak street structure owned by Mrs. Julia Walls of Houghton and occupied, on the ground floor, by the Calumet Dyeing & Cleaning Works and the firm of Richmond & Hallock, and, in the upper story, by the families of Richard Burge and Thomas Serek. The fire broke out in the cleaning room of the dye works, and presumably was the result of a gasoline explosion. The flames spread rapidly, and practically all the contents of the building were destroyed with it, these including the clothing of numerous patrons of the Dye & Cleaning Works, the stock of Richmond & Hallock, such of it as had not been disposed of during a closing out sale conducted for some time past, and the household effects of the Burge and Serek families. The occupants of the up-stairs apartments escaped only with difficulty, the Burge family from the roof of an adjoining building.

The blaze broke out at 4:20 o'clock, and raged for nearly two hours. It was fought in excellent fashion by the various fire departments of the Calumet district. Lively work was necessary to prevent the flames from becoming seated in nearby buildings, and at one time Shea's big livery barn, across the street, was in imminent danger. Had the fire spread to this structure, it is likely the flames would have made much headway through the block of frame buildings in that locality.

"Let us have some Cudahy's Peacock Bacon and calves liver for supper Mamma," says young and old. (11-27-eo-d)

HITS AT ANARCHY.

Hancock City Council Declares Against the Red Flag.

The Hancock city council passed an anti-anarchy ordinance at its meeting Monday night. The ordinance declares that no one shall display a red flag or any other symbol of anarchy in the city, either while walking, riding or in a parade. The violation of the ordinance will mean a penalty of \$100 fine and ninety days in jail.

Street Commissioner Lee tried to resign Monday night, but the council refused to pass a resolution accepting his resignation. He wanted more salary and got it, receiving a raise to \$90 per month. He asked full control of city teams, and was given this. Mr. Lee is the former chief of police and is a good street commissioner, which fact the council evidently recognizes.

The council did nothing with the front street ravine matter nor with the new water works system. There was a lot of routine business in connection with sewers and water works, and an ordinance directing the manner in which lighting and other poles will be placed on the streets was passed. It declares that no poles but those used for street railway purposes and street lighting shall be placed on the streets.

JACOB MEISTER'S EXPERIENCE.

Lake Linden Man Showed Grit Under Terrible Beating.

Jacob Meister, the Lake Linden man who was the victim of the terrible brutal assault in the Mineral Range yards at Hancock four weeks ago last Saturday night, called on Sheriff Beck at the county jail yesterday to tell his story. Meister is a small man, would not weigh over 135, and is about forty years old, but he showed an instance of remarkable grit and endurance. He displayed his head, and The Mining Journal counted no less than ten gapping cuts, all inflicted by a steel knuckle pin in the hands of a thug.

Meister was totally unconscious for two weeks after the assault and was confined to his bed for four weeks all told. But he walked the ten miles from Hancock to his home in Lake Linden that night. W. H. McGinn and Wm. Brimacombe of Houghton were returning home the night of the assault, and they discovered Meister, covered with blood, trying to climb to the sidewalk which runs across the foot of Quincy hill on Front street in Hancock. He was trying to get out of the railroad yards, where he had been located at the foot of the hill. They helped him up and over to Houghton, and arriving there turned him over to a watchman with instructions to take him to a doctor. Meister's head, face and clothing were literally bathed in blood from his terrible wounds, but the doctor whom he approached in Houghton, he says, refused to give him attention and ordered him to be taken back to Hancock, "where he belonged."

He received attention in Hancock and made the walk to Lake Linden. The story of the assault did not reach the ears of the officers until the flounder was found in Portage lake a week ago last Sunday. At that time the Mineral Range employees in Hancock told the story of the finding of blood and hair and a bloody knuckle pin in the "back house," the little office in the yards. It was demonstrated that the flounder was not the victim of the assault. He was buried in an unmarked grave, and then Jacob Meister made himself known. Sheriff Beck started out to find Meister's assailant, and his reason to believe that William McDonald of Hancock is the man. McDonald was arrested Monday afternoon on two charges, robbery with intent to kill and murder. His examination was set for yesterday afternoon before Justice Oliver of Hancock.

McDonald was mixed up in a row at Ripley on Saturday night, March 16, which was celebrated as St. Patrick's Day. He and a number of his companions were drinking in a pump house near the Quincy smelter on this occasion. One of the party, named Auger, wore a green ribbon and it was taken from him. He accused McDonald of stealing it, and McDonald and he had a fight as a result. Auger pulled a revolver and shot McDonald in the shoulder. Auger was convicted of assault and fined \$100 in the May term of the circuit court. McDonald now faces a more serious charge than did his assailant.

Sheriff Beck could not be induced yesterday to explain how he connected McDonald with Meister's assault. But he seems convinced he has the right man. It was one of the most brutal assaults committed in the copper country in years, and the wonder is that Meister survived. He was struck over the left eye and a long gash remains there. The skin over this eye was hanging down when McGinn and Brimacombe picked the man up. There are three parallel cuts on the right side of the man's head, resulting from blows, any one of which might have been fatal. There are gashes on the top and sides of his head, and it looks as though the man who assaulted him had walked around him as a cooper would go around a barrel. Meister is an inoffensive little man and does not get excited or angry when talking of his painful experience. He was robbed of \$22, but the assailant left him his watch.

BUILDING AND CEMENT CONTRACTORS.

Sealed proposals will be received before 10 o'clock a. m. Thursday, July 11th, 1907, for the erection of a stone power house and for the construction of a concrete service tunnel on the grounds of the Michigan College of Mines, Houghton, Michigan.

Plans, specifications and instructions may be seen on and after the first day of July at the office of Professor O. P. Flood at the college.

Bids should be addressed to the undersigned and should be marked Proposal for the Erection of Power House or Proposal for the Construction of Service Tunnel as the case may be. The right is reserved to reject any or all bids.

F. W. McNAIR, President. (6-29-74) "What shall we have for breakfast?" "Why Cudahy's Peacock Ham and Eggs of course; they are always acceptable at the college." (11-27-eo-d)

S.S.S. KILLS THE GERMS OF SCROFULA

Through the blood, diseases are carried from one generation to another. Parents transmit them to their children, and so it goes on down the family line for years and years unless the taint is removed from the blood. Especially is this true of Scrofula, for it is a disease that is "bred in the bone," and unless the blood is purified and every trace of the trouble removed the miserable disease will finally undermine the entire health and wreck the life of its victim. The usual symptoms of Scrofula are enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, catarrh of the head and throat, skin diseases, etc. The trouble being so firmly entrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a waxy, pallid appearance of the skin, loss of strength and energy, and often lung affections, show that the disease is entirely destroying the bright red corpuscles and rich, nutritive qualities of the blood. Scrofula being a constitutional disease, one affecting the entire circulation, must be treated with a remedy that builds up and strengthens every part of the system, which has so long been denied the strength and nourishment it should have received from the blood. S. S. S. is the best of all blood purifiers and the greatest of all tonics, and is therefore the ideal remedy for Scrofula. S. S. S. searches out and destroys all germs, taints and poisons, gives strength, richness and vigor to the blood and cures Scrofula permanently. It so thoroughly removes the trouble from the blood that no signs of it are ever seen again, and posterity is started out in life with a clean, pure blood supply, which is their rightful inheritance. S. S. S. is thorough, is gentle in its action, and the healing vegetable ingredients which compose it build up every part of the system. Book on the blood and medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

COPPER COUNTRY BASEBALL.

Teams Will Play Here Tomorrow—Baseball Notes.

The copper country teams, the Houghton Giants and Calumet Aristocrats, will arrive home today from the north, and tomorrow will play a morning game at Ripley and an afternoon game at Calumet. The Fourth of July games are expected to draw big crowds for the league. The receipts for baseball in the copper country in the past year were unusually large, especially in Calumet. In that town three years ago the Soo and Calumet played morning, afternoon and evening games to immense crowds on each occasion. If the attendance tomorrow is anything like that, every part of the town will be brightly lit. These teams alternate at their home yards for a week, and at the end of that time Duluth and Winnipeg come down again for their second visit to the copper country. Houghton is closing Duluth pretty closely for second place.

Baseball has taken precedence over everything else in the Houghton court house. The team which Houghton county will send against the Keweenaw county officials at Eagle River next Sunday will not practice, but will use a strategy board instead. The game will be worked out on paper before it is played, and every man will know just what to do. Register of Deeds MacKenzie, who is going to pitch one inning, suggested yesterday that he would use a hat for the man who drives the ball over the fence. Treasurer Foley was willing. Judge Bentley agreed to contribute and Clerk Richardson allowed that he'd put up his share of the cost of the lid. Sheriff Beck was called in to act as the fund, but he spoiled the proposition by saying, "There isn't a fence in all of Keweenaw county." The subscription list was torn up.

Dr. P. R. Glass, of Lake Linden, president of the Northern Copper Country League, has secured Pat Flaherty of St. Louis, Mo., to fill the vacancy caused by the precipitous resignation of Empire E. F. Weisler. Flaherty has handled the indicator in the Three I circuit and is an old baseball player himself. Weisler did good work when he was in charge of this league, but the players soon began to kick and the members of both teams made it so uncomfortable for him at Winnipeg that he quit. He wired his resignation to Glass, who refused to accept, but Weisler quit anyway.

Results of Yesterday's League Games.

At Duluth— R. H. E. Houghton..... 0 3 6 Duluth..... 8 12 1 At Winnipeg— Winnipeg..... 5 10 3 Calumet..... 0 4 4 Second game: Winnipeg..... 3 4 3 Calumet..... 1 3 2

OUTING PARTY STRANDED.

Tug George Rogers Grounds Near Isle Royale With Fishermen.

A party of Houghton fishermen, consisting of Fred W. Stoyke, Henry Kimpel, Thomas J. Beyenka, C. A. Maymorn, C. Kinzie, G. L. Clausen, G. W. Sanders, William Brimacombe and Frank Webber, together with A. Hesenmuller of Calumet, returned to Houghton Monday night in the fishing tug Mariposa, after having gone through a rough experience. They left Houghton Saturday night in the tug George Rogers to spend Sunday fishing on the north shore.

The Rogers ran aground on a small island near Memorie's Light, Isle Royale. The tug ran up high and dry on a shelving rock and could not release herself. She blew her whistle, and the lighthouse keeper sent a boat to learn the cause. This boat piloted the Rogers' small boat across the reef and onto the little island, and the fishermen were into camp. It was cold and dark Saturday night and the fishermen were not too comfortably situated, so that they do not recall the experience with pleasure. On Sunday the light keeper rowed twelve miles to Tol's harbor, where the Endress fishing tug Mariposa makes her headquarters. The Mariposa came down Monday afternoon and took the party aboard. As soon as they arrived in Houghton they sent the tug Valerie to the relief of the Rogers.

Frank Webber was the only man of the party to get into danger. When the Rogers struck he was sitting on the after rail and the shock threw his backwaters into the chilly water of Lake Superior. He swam back to the tug and was pulled out, none the worse, except as regards clothing. Advice from the Rogers' yesterday afternoon stated that the tug had her port rail two feet under water, having listed badly. It will be necessary to pump her out before she can be released, and it will not be possible to complete the work before today. It is not yet thought that the tug's bottom is damaged, though she is full of water, as she undoubtedly filled from above with the water washing over the rail.

COMMERCE FALLS OFF.

Portage Lake Canal Traffic Is Lighter Than in June, 1906.

George H. Banks, United States junior engineer in charge of the Portage lake canal, yesterday gave out a statistical table of the commerce through the wa-

terway during the month of June just closed. The data follow:

Boats Bound Down— Steam, No. Net Tons. 84 63,911. Tow barges, 8 9,167. Totals, 92 73,078. Boats Bound Up— Steam, No. Net Tons. 123 154,037. Tow barges, 27 20,724. Totals, 150 174,761.

Total number of vessels, 242; total tonnage, 247,847. The following is the statement of the freight and passengers carried:

Bound Up— Coal, soft, tons, 127,718. Coal, hard, tons, 11,753. Copper, tons, 1,297. Manufactured iron, tons, 12,530. Limestone, tons, 2,113. Salt, barrels, 523. Lumber, M., 1,765. Miscellaneous merchandise, tons, 22,668. Total cargo, 181,140. Passengers, number, 2,567.

Bound Down— Coal, soft, tons, 1,100. Copper, tons, 5,594. Iron ore, tons, 6,752. Wheat, bushels, 105,000. Flour, barrels, 185,730. Lumber, M., 7,912. Shingles, M., 2,850. Miscellaneous merchandise, tons, 1,839. Total cargo, tons, 48,716. Passengers, number, 2,558.

A few figures were obtained by The Mining Journal on the commerce in June. The total year was 297,411, and bound down 85,194. The total copper upbound was 2,431 tons and down bound 10,199 tons. These figures will suffice to show the comparison. There was twice as much copper shipped east by boat in June, 1906, as there was this June. There was nearly twice as much shipped west. The only item in which the June just closed exceeds the previous June is in the total number of vessels, and this is explained by the frequent passage of excursion steamers to the north. No attempt is made here to explain the falling off in the commerce, especially copper. Copper country docks are loaded with the red metal, and these figures tend to show that the copper is not being shipped.

ONTONAGON TELEPHONE SERVICE.

It is expected that the connection between the Ontonagon county telephone system and that of Houghton county will be made this week. It will mean the opening of long distance service into the Houghton county exchange, contemplates a further extension of service in South range, the having had numerous requests for telephones in that district. He intends making a canvass of the district this week to learn how many telephones will be required.

MRS. LESLIE-CARTER HERE.

Mrs. Leslie-Carter, by many critics considered America's greatest emotional actress, is to play in the Calumet theater tonight and in the Keweenaw theater tomorrow night in Belasco's "Du Barry." This is the most notable engagement of the season. It will be the last engagement in these two theaters until next September. Mrs. Carter's production is spoken of most highly, and copper country theater goes may consider this the greatest theatrical opportunity of years.

SPORTSMAN'S CLUB.

There is a movement on foot to form a sportsman's club at Calumet. It may possibly take the place of the Houghton County Rod & Gun club, which now appears to exist only in the person of George Williams, its president. Mr. Williams preserves the identity of the club as a means of securing for the copper country its allotment of fish fry for planting each year. When the club was active the fry were assigned to it, and still are, the days of its inactivity. The Calumet club will be an organization of hunters and fishermen who will have a social object in view as well as the preservation of the game and fish laws. The movement is in the embryo as yet.

WEEKLY EXCURSIONS TO DETROIT AND RETURN \$13.50

Via the South Shore, leaving on early morning train on Saturday. Same rate to Alpena, Oscoda, Harbor Beach and Port Huron. To Buffalo \$3.50 higher. Limit September 15th, 1907. For sleeping car and steamer reservation apply to ticket agents. (6-22-1f)

ISHPEMING

WILL HURRY PLANS.

Monday evening the directors of the Vandewater Lead & Zinc Mining company decided to rush the order for the concentrating mill. When Captain F. E. Keese was in Cuba City a few weeks ago he ordered plans for a mill from A. W. Gramms, at the head of the Joplin company which is to furnish the mill at the Pine Tree mine, but the plans and specifications have not yet been received. Mr. Keese was instructed to wire Mr. Gramms, urging him to forward the plans and specifications as soon as possible. Encouraging reports are still being received from Superintendent Fox. The drifts had been extended 118 feet up to Saturday night and both were still in ore. Mr. Fox is expected here today to spend the fourth. He will be accompanied some by his wife, who has been in the city the past two or three weeks.

FROM HOPKINS' CURB LETTER.

"Lawson is out with a line of ads in the leading papers this morning, and judging from the action of the market toward midday, is succeeding in getting his following to act in his favor. The logic he uses is very good and we do not believe he ever had a better opportunity or chose a more opportune time to engineer a big bull campaign in copper."

The day's prevailing prices were:

American, REL. Asked. \$ 8.75 \$ 9.00. Alhambra, 7.50 8.00. Warren, 7.50 7.75. Superior & Pittsburg, 16.25 12.00. Denn-Mining, 8.12 8.37 1/2. Davis-Daly, 12.75 13.00. Nipissing, 11.25 11.50. Cumberland Ely, 7.87 8.12 1/2. Boston Iron, 2.50 2.62 1/2. Foster, 1.37 1.50. Butte & London, 1.37 1.62 1/2. Bluff Exploration, 1.10 2.00. Black Mountain, 5.12 5.50. East Butte, 10.25 10.75. Ely Cons, 1.00 1.25. Troy-Man, 1.50 1.62 1/2. National Mining, .73 .76. Carmen, 5.00 5.00.

WILL START WORK SOON.

It is expected that the contract for the excavating for the Young Men's Christian association block, at the corner of Division and Pine streets, will be signed Friday. The contract was last awarded to William Tremblay, but the work has been delayed from time to time, first on account of the delay in the arrival of the plans and specifications, and later because of the excessive bids received for the construction of the block. Some of the expensive features of the block will be eliminated and new bids will be called for. It is expected that the second bids will be within the limit of the appropriation.

NEWETT WINS CUP.

G. A. Newett is the winner of the silver cup donated by the office employees of the Cleveland-Cliffs Iron company for the handicap golf tournament terminated Saturday. There were fifteen participants, Mr. Newett and four others being scratch men. Ninety-eight was the scratch point. The handicaps were from the scratch up to 130. In the two games Mr. Newett scored in eighty-two or sixty-two below the scratch mark. His son Will, who scratched at 112, came second.

GOES TO PRINCETON.

Dr. McIntyre, for the past year or more a member of the Ishpeming hospital staff, has been given charge of the medical and surgical work for the Cleveland-Cliffs Iron company in the Swanzy district. There are at present about 800 men in the district. It is expected that a hospital will be established on the range during the next year or so.

ISHPEMING IN BRIEF.

Frank Fitzpatrick is in the city, on a visit to his folks. Captain Duncan Campbell's fine Scotch collie was poisoned yesterday. Louis Laforais of Republic transacted business in the city yesterday. Mrs. H. E. Velzey and daughter, Miss Fern, left yesterday for Ontonagon on a visit to friends. Will Burke, who attended one of the Chicago universities last year, is home to spend his vacation. It was yesterday decided to have the

City Brevities

Today's weather: Fair and warmer. Yesterday's temperatures: Seven a. m., 58 degrees; noon, 56; 7 p. m., 60. Maximum, 61 degrees; minimum, 56.

There will be a dance at Keogh's Hall tonight.

Born to Mr. and Mrs. Dave Forgostein yesterday morning, a daughter.

Captain Richard Roberts of Negamoo was a Marquette visitor yesterday.

Mrs. Hudson of Negamoo and Miss Merrill, her guest, were Marquette visitors yesterday.

Oliver Humphrey, Jr., of New York city, is in Marquette, the guest of H. L. Kaufman for ten days.

Lindfors and Ronkome have leased the section in the Zaman block. They opened for business yesterday.

The Northwest will be in port, east-bound, this evening. The Tionesta will be here, east-bound, the evening of the fourth.

W. W. Knisley, proprietor of the Marquette business college, has disposed of his interest in the college to an Escanaba man.

A. J. Yungbluth, John Thomas, Capt. John Treblecock and D. T. Morgan of Republic were up-the-road visitors here yesterday.

Miss Clara McConnell, who had spent several months with her sister, Mrs. J. E. Ball, returned to her home at Madison, Wis., this week.

Members of Albert Jackson post of the G. A. R. are requested to meet at the city hall tomorrow morning at 10 o'clock, to participate in the Fourth of July parade.

E. W. Maynard, connected with the Marquette plant of the DuPont Powder company, has arrived home from Wilmington, Del., where he attended a meeting of the heads of departments of the company.

Mrs. J. S. Jacka, Mrs. John Ericson, Mrs. Larson, Mrs. Ray Kimball, Mrs. Ira Odgers, Mrs. L. A. Henry and Mrs. Fred Abbott of Crystal Falls are visiting Mrs. H. S. Brittel, 440 E. Michigan street.

At a meeting last evening the hose company decided to turn out in full strength and with full equipment in the Fourth of July parade. The firemen are asked to assemble in dress uniform at the fire hall not later than 9:30 o'clock Thursday morning.

No Issue Tomorrow—There will be no issue of The Mining Journal tomorrow, in accordance with the time-honored custom. The company's employees will be given the day to enjoy the Fourth of July program.

Sale Opens Friday—The seat sale for the appearance of Mrs. Leslie Carter in "Du Barry" at the opera house Saturday evening will open Friday morning, at Bigelow's. A great interest is manifested in the engagement there will doubtless be a big demand for seats.

Attempted to Enter Fishhouse—An attempt was made to enter Capt. John Parker's fish house Monday night. The marauder tried to get in by the north door, but failed. Capt. Parker has no idea what he was after, unless it was some of the whitfish in storage.

Will Sell Out Business—Alderman Siegel, recorder pro tempore, has decided to sell out the grocery business which he has conducted at the corner of Baraga avenue and Third street the past few years. He has a purchaser in view and expects to be out of the business in a short time.

To Spend Summer Here—F. H. Begole and family arrived in Marquette yesterday to spend the summer. They have been living in Pasadena, Cal., the past several months, while Mr. Begole's mining interests have been taking him over the greater part of the west. Mr. Begole was the originator of the western mining syndicate that bears his name and has many other western interests.

Big Prizes for Wrestling—The committee on wrestling for the Fourth of July celebration to be held at Crystal Falls desire Marquette county wrestlers to know that very liberal prizes will be offered at Crystal Falls for a wrestling tournament to be conducted in connection with the observance. The first prize will be \$125; second, \$100; third, \$75, and fourth, \$50. The committee would like to see the best wrestlers of the upper peninsula entered.

Little Work Necessary—Members of the school board who inspected the buildings Monday found their general condition excellent. With the exception of the new heating plant at the Ely building, there is no expensive work to be done. New toilets will be placed in the Fourth street building, and when this is done the sanitary conditions at all the school structures will be excellent. There will be some painting and the expense will not be heavy.

Opera House Attractions—The Mack-Leone Stock company played to the usual big business at the opera house last evening. "The Mysterious Mr. Raffles," a social problem-detective play, was the bill, and it was well put on. Tonight, "A Daughter of the South" will be the offering, and tomorrow evening, "A Colonial Daughter" (Janice Meredith). These two plays are among the best of the company's repertoire. For the matinee the afternoon of the fourth, "Mrs. Smith's Other Husband" will be the bill.

June Weather—The meteorological summary for June shows the month to have been an average one, as far as temperature is concerned. The mean temperature was 59 degrees, compared with an average temperature of the same number of degrees for a period of thirty-seven years that the weather bureau had a branch here. The precipitation for the month was heavier than the average, having been 4.23 inches against an average of 3.51 inches. The heaviest wind was fifty-four miles an hour on the 16th. There were eleven clear, twelve partly cloudy and seven cloudy days in the month. The highest temperature in June was 91 degrees on the 16th; the lowest, 39 degrees on the 1st.

ADD ANOTHER FEATURE.

Glenn Burt, Vaudeville Artist, Engaged for the Free Show.

The Fourth of July committee yesterday added another feature to the big free show for the foot of Front street tomorrow. It is Glenn Burt, a vaudeville artist, who recently had an unusually successful engagement at the Bijou, and who has played all the vaudeville theaters of this circuit. Mr. Burt is an impersonator of Hebrew characters without a peer, and a song and dance artist. He will, in addition to appearing in the open air vaudeville, do diverting stunts throughout the day, and will have a part in the procession. The committee now has arranged a continuous performance of very strong bills. This feature alone will be worth coming to Marquette to see.

SOO CANAL PASSAGES.

Boats Locked Through, Bound for Ports on Lake Superior.

Sault Ste. Marie, Mich., July 1.—[Special.]—The upbound boats passing the canals the last twenty-four hours were the following: La Salle, Zimmerman, Walter Seranton 9 p. m.; Manola, Queen City, 10; Rockefeller, Morrow, 11; Morrell, midnight; Lozen, 12:30 a. m.; Fitzgerald, 1:30; Earling, Myron, Peshigo, Page, Wyoming, 2:30; Maritana, Hopkins, Flagg, Warriner, 3:30; Masaba, Malta, 4:30; Nichols, Poc. G. Carter, Perkins, St. Joliet, Parks, Frontenac, Gary, 8:30; Western Star, Iroquois (wood), 9:30; Turret Chief, Pioneer, Chattanooga, 12:30 p. m.; North Wind, 1.

Marquette Port List.

D. S. S. & A. docks: Cleared—Thompson, Erie; German, Corsica, Maritana, Joliet, Cleveland.
L. S. & I. dock: Arrived—Mitchell, Chickamauga, Frontenac. Cleared—Peter White, Ashabula, Abyssinia, Cleveland. The Angeline also is at this dock. The Montezuma is at the coal docks.

Upper Peninsula

Caught the Prize Trout—

Paul Hecox made the catch of the season in St. Mary's, river the other afternoon when alone in a boat in the rapids, above the International bridge, he hooked and landed a five-pound speckled trout. He had no landing net with him and several times made up his mind to give up the struggle, as his boat drifted dangerously near the falls and he was obliged to pay attention to the danger in order to keep himself from going over the rapids. After a fight lasting about an hour he succeeded in getting the fish into the boat and safely home.

Followed Lover to the Woods—

Miss Alma Peterson, attired in overalls and with hair closely cut, applied for work in the lumber camp of Peter Berg at Faithorn Junction the other day, says a Menominee dispatch, and, being recognized as a girl, was taken to the home of George Harter, where she declared she wanted to work alongside her sweetheart, Adolph Knuteson, as she could not live away from him. Knuteson and Miss Peterson had been keeping company while employed in a hotel at Faithorn, and when Knuteson got a job in the woods the girl decided to follow him. Knuteson was so overcome at the proof of the girl's affection that he proposed at once and the wedding will take place this week.

Pickford's Oil Well—

Mention was made recently of the fact that the casing of the well being sunk at Pickford, Chippewa county, in search of oil, had broken and that it would be necessary to drill out about forty feet of it before operations could be resumed. This work has been in progress and will be completed in a day or two. New and heavier casing has been ordered, which is expected to arrive by the time it is required. Colonel Van Camp, the Ohio expert in charge of the drilling, says that he has gone through similar experiences and that difficulties of one sort or another are nearly always encountered. The drill is now down over 1,400 feet, and the promoters expect to strike either oil or gas or both before the 2,000 feet level is reached. However, if they do not they will continue for several hundred feet further. They are confident of striking oil or gas, and say that the indications grow brighter the further down the drill goes.

BEST MEDICINE IN THE WORLD FOR COLIC AND DIARRHOEA.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirm, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I had taken Chamberlain's Colic, Cholera and Diarrhoea Remedy, I would have. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by The Stafford Drug Co.

ISHPEMING, MICHIGAN

Ishpeming Department

(Additional Ishpeming on Page Three.)

TOMORROW'S CELEBRATION.
Starts With Parade in the Morning—Other Amusements During the Day.

Ishpeming's Fourth of July celebration will surpass any previous demonstration ever held in this city. The parade will be a record breaker. During the past few days many men and boys, and some women, have been busily engaged preparing the floats and other features for the procession. The float display will be the finest ever seen in this region, and the mechanical attractions arranged by the mining men will contain many surprises for the spectators. Practically all of the floats are housed and will be kept under cover until tomorrow morning.

So great was the demand for horses, mules and wagons that many will be brought over from Negaunee. James A. Bryden, the marshal of the day, will ride "Rex Denmark," J. H. Quinn's Thoroughbred Kentucky saddle.

About 200 costumes, together with a lot of paraphernalia rented from Milwaukee and Chicago houses, arrived yesterday. The dressing rooms and stage of the Ishpeming theater have been placed at the disposal of the committee, and those who are to appear in the special features are asked to assemble on the stage at 8 o'clock to prepare for the turn out. The outfit received yesterday would alone make a fair sized procession, to say nothing of the many other features that will be introduced.

The parade prizes will be as follows:
Merchandise floats—First, \$25; second, \$20; third, \$15; fourth, \$5.
Mechanical floats—First, \$20; second, \$12; third, \$5.
Cathartians—First, \$12; second, \$8; third, \$5; fourth, \$3; fifth, \$2.
Character impersonators—First, \$8; second, \$5; third, \$3; fourth, \$1.
Farmers' Display—First, \$15; second, \$8; third, \$5.
Decorated Automobiles—First, \$10; second, \$5.

For the pole walking at Lake Baneroff, which will be conducted during the afternoon and evening, there will be \$25 for prizes, with the understanding that more will be given, if necessary.

The parade will start from the grounds near the Barnum barn on West Division street as soon after 10 o'clock as possible. The street sprinklers will be operated all night.

Meeting This Afternoon.

Chairman F. E. Keese has called a meeting of the general arrangement committee for this afternoon at 2 o'clock at the council chamber. The marshal of the day and chairman of the parade committee are invited to meet with the committee. Judges will be appointed. It is likely that several teams will be entered, three acting on each division of the parade. Rev. C. L. Adams, pastor of the First Methodist Episcopal church, will offer the prayer at the conclusion of the parade and, George Skogberg will read the Declaration of Independence.

The program has been completed for the sports during the afternoon and evening. A big feature for the afternoon will be the balloon ascensions and parachute drops by the Belmont sisters, and the fireworks display is also being much talked about. The two bands of the city will be out all day, one starting at 5 o'clock in the morning and continuing work until 6 o'clock in the evening, the other starting at 7 a. m. and continuing until 9 p. m. The celebration will be terminated with a ball at Braastad's Hall, given by the Owl club.

Special prices made on hunting to parties buying in large quantities at Braastad's. (7-1-11)

A TEST OF MEMORY.

Mrs. Leslie-Carter Speaks Over 10,000 Words in "Du Barry."

Comparatively very few persons who have seen Mrs. Leslie-Carter's magnificent production of "Du Barry," which will be given at Ishpeming theater Friday evening, have the slightest idea of the work involved in playing the title role. Mrs. Carter says that "Du Barry" is the hardest, longest and most trying role she has ever attempted. It took her nearly four months to memorize the lines, all of one summer spent in her Shelter Island cottage. She avers further that it is the longest role any actress of modern times has essayed. The average part in a society play consists of about 4,000 words. The popular melodrama of these days affords 4,500 words to the leading part; the principal parts of the present day musical comedies contain about 2,800 words. The part of La Du Barry as compared with some of the most prominent leading roles of the successful plays of the two decades, is unquestionably the longest.

During the five acts of the Belasco play Mrs. Carter is called upon to speak 10,000 words. Ten thousand words would make rather a formidable afternoon's reading in a novel. None of the chief feminine roles of plays of recent production has contained within a couple of thousand words of the number Mrs. Carter speaks every night. When "Cyrano de Bergerac" was first presented in this country much newspaper space was devoted to the fact that Roxane was compelled to utter 8,000 words during the action of the piece. Juliet speaks 7,000 words in the Shakespearean romance, while Portia's part in "A Merchant of Venice" is 100 words longer. Desdemona in "Othello" and Ophelia in "Hamlet" each have 7,000 words and the roles of "Annie" and "Carmen" are but little longer.

Due to the length of the performance the curtain will rise at 8 o'clock sharp.

TO LEAVE ISHPEMING.

A. J. Moilanen Will Open an Office at Calumet, His Home Town.

Attorney A. J. Moilanen is to leave Ishpeming and will locate at Calumet. He plans to leave here within a few days, perhaps Friday or Saturday. There is an excellent opening for Mr. Moilanen in Calumet, as he will be the only Finnish attorney in the town, and will doubtless get much of the business formerly going to Oscar J. Larson, who has moved to Duluth. Mr. Moilanen was born and raised in Calumet. He is a graduate of the Ferris school of Big Rapids, and of the law department of the Michigan university.

In Ishpeming Mr. Moilanen has had an excellent business, and it has not been confined to Finnish clients. He intends to visit Ishpeming about once a month, remaining from one to three or four days. His office in the Anderson block is to be taken by Alexander J. Juma, of Calumet, who completed his law

course at the Michigan university this year.

Largest stock of fancy hunting and flags carried in the country at Braastad's.

SOLD OUT CALUMET HOUSE.

John Lawton, one of the proprietors of the Grand theater in this city, has sold out his Grand at Calumet to D. E. Rice, former manager of the house. Calumet is pretty well supplied with moving picture-illustrated song theaters, there being four or five there. The Grand was one of the first to be established, having been opened nearly a year ago.

NEW MASTER MECHANIC.

L. F. Bacon to Be in Charge on Swanzev Range, Under O. D. McClure.

E. S. Brunell, the Cleveland-Cliffs Iron company's master mechanic on the Swanzev range, under O. D. McClure, has resigned, and L. F. Bacon, one of Mr. McClure's assistants, is to succeed him. Mr. Brunell will return to his home in the east.

The master mechanic in the Swanzev district has considerable of a task on his hands as much new machinery is being installed, and besides there are four plants in operation, with a fifth soon to go into commission. The latter is located at the Smithe mine. Eventually there will be other plants on the range, as it is understood that additional mines will be opened. The installation of the main power plant, including hoisting engine, boilers, air compressor and electrical equipment, will not be finished for some months. The hoisting machinery and boilers are in position and the big Allis-Chalmers air compressor has been received at the mine. It will be installed at once. The compressor will have a capacity of fifty power drills. All of the machinery going in at Swanzev is of the latest type. The buildings at the mines have all been erected with a view not only to meeting the present needs, but to take care of additions in the future.

PAID NEGAUNEE A VISIT.

Ishpeming Contingent, With Monster Band Wagon, Created Stir.

Ishpeming's big band wagon built for the parade tomorrow morning attracted much attention in Negaunee Monday evening. The seats were occupied by members of the City band, and "dark-ers." The coming of the wagon was announced fully a half hour before its arrival by men riding in a buggy, whose horse was decked with eye-bells. The wagon was drawn by four white horses, and it had been here but a few minutes when the street was full of people. The band was followed through the streets by fully 1,000 youngsters. Several thousand bills were passed among the people and in the business houses. Some advertising agents for the Marquette celebration were also busy at the same time, and when they got through Iron street was a sight.

The clown band, organized for the parade tomorrow morning will be in Negaunee this evening and the band wagon will be drawn by mule teams. The band is composed of old musicians and it is expected that their stunts will be an amusing feature of the big parade.

Manager McCorkindale, of the Marquette County Gas & Electric company, will have all the street cars in use tomorrow morning. As the crowds will begin moving to Ishpeming early extra cars will be out at 8 o'clock. Returning, the cars will leave Ishpeming immediately after the parade and there will be another string of them leaving this city shortly after dinner.

The members of the Negaunee council will participate in the parade as guests of the Ishpeming celebration committee. Five carriages from the Constock livery will be at their disposal 9 o'clock. The members of the both councils will leave the parade near the Nelson House, to review it.

ANNUAL SCHOOL MEETING.

To Be Held Next Monday Evening—Election Between 4 and 8 O'Clock.

The annual school meeting of District No. 1 of the city of Negaunee will be held Monday evening at the city recorder's office. The call was issued yesterday by J. W. Elliott, secretary of the board. The annual statement will be presented at the business session at 8 o'clock, following the election of one trustee. The polls will be open between 4 and 8 o'clock.

Robert G. Jackson is the retiring member of the board, and it is expected that he will be re-elected without opposition. Mr. Jackson has been a trustee for the past twenty-one years. During this period all of the city's school buildings have either been erected or completely remodeled, and Mr. Jackson has been a member of the several building committees directing the construction of all of them. He is now a member of the building committee for the new high school. Mr. Jackson will be a candidate for re-election, though he will not make a fight for the place in the event of opposition. He said yesterday that a great many of his friends have asked him to seek re-election and he has consented to do so.

TAKE THE POSTMASTER'S WORD FOR IT.

Mr. F. M. Haulton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." ALL IN READINESS FOR CELEBRATION

ANNOUNCEMENT MADE OF THE LINE OF MARCH AND OTHER DETAILS OF OBSERVANCE.

FINE PROGRAM ARRANGED

Parade Will Be Big Feature in the Morning—Strong Open Air Vaudeville in the Afternoon—Fireworks and Dance in the Evening.

The committees and the various firms and manufacturing concerns that will participate in the parade are now in the midst of the final preparations for Marquette's big Fourth of July celebration, which, there is no doubt, will far eclipse the observance of last year and will be one of the best shows of the kind ever held in the county. The committee has worked earnestly on the arrangements, and has planned a day full of amusement from sunset far into the fifth. The response to its solicitations for both money and assistance has been liberal.

The line of march for the parade, which will be the big feature of the morning program, will form on Baraga avenue. It will move at 11 o'clock, and the various societies that are to participate, the calisthumpians and the floats should report early, so that there will be no delay in arranging the line. T. J. Maney will be the marshal. The parade will move over the following streets:

Form on Baraga avenue; west on Baraga avenue to Fourth street; south on Fourth to Fisher; east on Fisher to Front; north on Front to Ridge; east on Ridge to Pine; north on Pine to Michigan; west on Michigan to Third; south on Third to Bluff; west on Bluff to Seventh; south on Seventh to Washington; east on Washington to the city hall, where the parade will disband for dinner.

Will Be Big Turnout.
The parade will be much larger than last year, and the floats more elaborate. Many of these are being prepared in out of way places, and the decorating companies have been busy making banners for them and for other features in the parade. Nearly all the leading mercantile houses will be represented and there will be several good industrial displays. There will be abundant music to enliven the line of march. The calisthumpian feature will not be overlooked. Several groups are in rehearsal and will compete for the liberal prizes. Those participating in the masquerade-carnival forerunning the procession are expected to appear in the line of march to qualify for prizes. The decoration of buildings along the line of march is urged by the committee.

While the parade is to be the big feature of the morning the fun will begin hours before it moves, and will continue fast and furious until it is over. After dinner there will be a full program. One of the most attractive, as well as unique, features will be the free shows on the big platform erected at the foot of Front street. They will be practically continuous open air vaudeville of the highest grade, given at a point where thousands of people can watch the performance in comfort. Three strong teams have been secured and they will appear alternately at half hour intervals from 1:30 until 4 o'clock. As all their acts are long there will be practically a continuous performance. The turns will be given by Prof. Edward Lazell, a slack wire performer of great skill; McGuire, Dwyer and Hickey, comedy acrobatic performers and Boynton Bros., the modern Samsons, in their exhibitions of feats of strength. On the conclusion of the last turn, at 4:30 p. m., the life saving crew will give one of its interesting exhibitions, with fall apparatus, at the foot of Baraga avenue, less than three blocks from the free shows.

During the afternoon there will be various comic features, arranged by the committee, to give the crowds about the city, including a stump speaker who would be worth the price of admission were there any price of admission.

Will Be Brilliant Sight.
In the evening the city will present a brilliant sight. It is lighted as the day with thousands of incandescent globes, and the various fireworks displays, private and public, will brighten the heavens. The big display will be given at the foot of Front street, near the usual place, where there is plenty of room for the committee that has the firing charge and for the crowds. The aerial pieces will be fired out over the lake, where they can be seen from all directions. The display, as a whole, will be much more expensive and elaborate than the one given last year, and will be a treat for people who admire elaborate pyrotechnics. It will last two hours or more. On its conclusion the dance given by the committee will be in full swing in Trinity Hall. For other features of the program the order of events published in yesterday's issue should be referred to.

There will abundant provision for carrying for crowds, and there will be no trouble about getting meals, a large outside attendance is expected, and the townspeople will turn out in force.

BIDS FOR COAL.

The board of education of the city of Marquette will receive sealed bids for the furnishing and delivering of coal to the various school buildings in the city of Marquette; the same to be delivered at such times as the chief janitor may desire: 500 tons Pocahontas, approximately; 500 tons best Pittsburg lump coal; 250 tons anthracite coal. All bids must be in hands of secretary on or before July 12th, 6 p. m. The board reserves the right to reject any or all bids.

By order of Board of Education
H. J. HORNICKEN,
Secretary.
(7-2-10d)

WE ARE

MRS. LESLIE CARTER.

Her Engagement in "Du Barry" the Biggest Event of Season.

The engagement of Mrs. Leslie Carter in "Du Barry" at the opera house Saturday evening is far and away the biggest event of the theatrical season. Mrs. Carter's present tour is one of the longest and most successful ever undertaken by an American star, and in "Du Barry" she reaches the acme of her art. Scarcely a period in the history of France compares in brilliancy with the court of Louis XV, and this period has, naturally, been a fruitful source of material for the dramatist. Jeanette du Barry Vaubernier, or la Du Barry, as she was later known, is the central character of "Du Barry" and one of the most interesting and appealing figures of all time. In the first act she is shown as the milliner's apprentice and through the succeeding scenes as the favorite of the king, the mistress of the most opulent court that France has ever known. Her love for Cosse, the young soldier, is never lost sight of, however, even at the end, when, robbed of her glories, back among the people, she is led, amid the shouts of the revolutionists, to the guillotine. As embodied by Mrs. Leslie Carter, Madame Du Barry becomes a fascinating and appealing figure among the scenes covering her remarkable career. Great as was her success in "Zaza" she reaches even greater heights in "Du Barry," and has increased the esteem in which she is held as a great emotional artist. Owing to the great length of the play the curtain will rise on "Du Barry" promptly at 8 o'clock.

Jules Murry, a manager who has sent many and excellent plays to Marquette, has made announcement his plans for next season, and some of the attractions he will put out will doubtless be seen in this city. Paul Gilmore, who is remembered here for an engagement in "Captain Debonnaire," is to appear in a new play, the title of which has not yet been decided upon. The play, however, deals with automobiles, business and southwestern ranch life, and Mr. Gilmore will play the leading role of Jack Hartley. Mr. Gilmore played in "At Yale" the past season. The coming season Mr. Murry will present "At Yale" with two adequate companies. W. A. Whitecar is another of Mr. Murry's stars who is known in this region. He has played "The Mummy and the Humming Bird" on this circuit, and made many friends by his artistic work in the role of Lord Lumley. His new play will deal with life on the plains, and will be called "An Old Sweetheart of Mine." Miss Florence Gear, another player known in Marquette, who last season appeared in "The Marriage of Kitty," will the coming season be the star in a new college girl play, "Cupid at Vassar," an attraction that will be given in a musical setting. Creston Clark, another of Mr. Murry's people, but who is not known to the theatergoing people in this region, will appear in a new play, "The Power that Governs," the locale of which will be Mexico.

DATE OF SPECIAL ELECTION.

May Be in September, Instead of in August.
When will the special election to fill the office of recorder be held? It has been said that it would be held Aug. 13, but there seems to be some likelihood that the date will be Sept. 17, instead. The latter date will be the time for electing delegates to the constitutional convention, Aug. 13 will be the day for nominating them. City Attorney Brown has understood that there will be a general primary in the state Aug. 13 for the purpose of making nominations. However, in the copper country the county and senatorial district chairmen are preparing to call conventions for the purpose of making nominations, and it is their understanding of the law there that there will be a direct primary on candidates only in districts that have adopted the direct primary system for other officials. If this is the case there will be no election in Marquette county Aug. 13, but a county convention instead. In such an event it would be impracticable to hold the special election on that date, and it would have to go over until September 17. City Attorney Brown has not yet received a copy of the law providing for the election of delegates, but will look into the matter at once, to ascertain its bearing on Marquette's proposed special election.

SPECIAL MEETING.

Pursuant to the resolution of the board of directors of the Lake Shore Engine Works, held at the office of the company in the city of Marquette this day, notice is hereby given that a special meeting of the stockholders of this company will be held at 2 o'clock p. m. on July 11, 1907, at the office of the company in the city of Marquette, Michigan, for the purpose of considering and acting upon the following questions:

1. The sale of the real estate of the company for the purpose of acquiring other real estate more suitable for the company's needs.
2. The retirement of the outstanding bonds and preferred stock of this company.
3. The issue of a new series of bonds to be secured by first mortgage upon all real property and fixtures of the company in such amount as may be determined at such meeting.
4. The retirement of the issue of preferred stock and the issue of common stock in place thereof, in such amount and on such terms as may be determined at such meeting.
5. To authorize the increase of the capital stock of the company to such amount as may be determined at such meeting, and the execution by the president, secretary and board of directors of all necessary certificates, conveyances and other instruments required to carry out any of the purposes herein referred to.

Dated, Marquette, Michigan, June 22, A. D. 1907.
J. E. BALL,
Secretary.

CANVASSING FOR MEMBERS.

Officials of the Newly Organized Commercial Club Are Busy.

The officers and members of the executive board of the newly organized Commercial club are now busy canvassing for members. They report that they have about 125 members enrolled, but are ambitious to swell the membership to 300 or more, until it takes in every person eligible. There is a ready enough response to their solicitation, practically no one refusing them the membership fee. However, the officials of the club want people's interest as well as the nominal membership fee, and it is urged that the members take an active part in the business of the club.

NO POWDER ON TRACK.

Police Wish to Avoid Danger of Accident on Front Street Hill.
Chief Manning warns against the placing of powder, caps, or any explosive on the street railway track on the Front street hill, south of Ridge street, tomorrow. Last year a powder placed on the track for the purpose of heightening the Fourth of July noise acted as a lubricant for the rails, and in consequence there was a narrow escape from a serious accident, when a heavily loaded car carried backwards onto a crowd assembled at the corner of Front and Washington streets. The prohibition against putting explosives on the track on Front street hill is not made to hamper the funmakers and noise makers, but to insure the safety of the public. Wherever the tracks run on the level the people will be free to doctor the tracks as they may wish. Warning is also given against the shooting of fireworks or firecrackers during the progress of the parade. It is desired to avoid the danger of runaway, which, with the street crowded with people, might result most seriously. Four inches is supposed to be the limit of cannon cracker that may be fired. The police want to give the people the widest measure of liberty in "celebrating" consistent with the safety of the general public, and they want the co-operation of all in having the day pass without accident.

MAY APPOINT NEW OFFICIALS.

Statute Provides for Board of Building Inspectors.
It is possible that Mayor Robertson may presently appoint a trio of new city officials. There is a general statute of the state providing for the appointment of building inspectors, whose duty it shall be to pass on the safety of all buildings used for public gatherings, churches, halls, theaters, and all places of public entertainment, and grant licenses to all that are found to be safe. As the situation exists at present here there is no official, or officials, competent to pass on the safety of buildings of public resort, and when, as has occasionally been the case, there is some question about the safety of such a building there is no official who has the power to pass on the matter, or to make any recommendations. Mayor Robertson is inclined to be of the opinion that it would be a good thing to organize a board of building inspectors, under the terms of the general law, and he may decide to do so. The statute provides that members of the board, who shall be three in number, shall be mechanics, builders or architects. Provision is made for the charging of the expense of inspection against the property, but this expense would doubtless be a merely nominal one. The council is empowered to fix the per diem. In case a board of inspectors is named here there will doubtless be, at the outset, a general inspection of all buildings in Marquette where public gatherings are held.

RETURNS TO PENNSYLVANIA.

F. R. Field and Family Conclude Two Years' Stay in This City.
F. R. Field and family will be passengers this evening on the steamer North-west, enroute to Wellsboro, Pa., their former home, where they will again take up their residence, after a two years' stay in this city. Mr. Field originally came to Marquette with the party of Pennsylvania men who started the operations of the Tyoga Lumber company in Alger county, but he early sold out his interest in that concern, and started lumbering on his own account in the northern part of the county, on the Yellow Dog. He purchased two eighties, put in a temporary mill and began to saw the timber. This spring he sold out to C. C. Thompson, now a resident of this city, and Tom Connors, the postmaster at Negamucc, when all the timber on the two eighties is cut some 2,000,000 feet of lumber will have been produced.

Mr. Field is reported to be leaving the north country in much better shape than his original associates in the Tyoga Lumber company did. This company sold out during the spring to the Cleveland-Cliffs Iron company. The consideration is said to have been \$125,000, which bought the mill, a modern plant, some 7,000 acres of land and a complete lumbering equipment. At the price the Cleveland-Cliffs Iron company is generally reputed to have gotten a bargain. The projectors of the Tyoga Lumber company are said to have made considerable money as a result of their venture in upper peninsula lumbering, though it is claimed that had they stuck to their guns they would have pulled their venture through with a considerable profit. However, the initial expense of getting the plant in operation was heavy, and it is said that the moneyed men back home became tired of meeting demands on them, and refused to finance the company through its most trying period. Thus the sale.

There is a cut of some 4,000,000 feet of logs which it is understood the Cleveland-Cliffs company will manufacture with the mill in its present location. After these logs are out of the way it is the plan to move the plant to Munising.

UMBRELLAS.

We have a full line of umbrellas at marked-down prices. You may need an umbrella very soon. Now is the time to get one at half regular price at Seidenfeld's store.
J. J. CARROLL & CO.
(6-19-1f)

It puzzles some men, when they come to choose between a fancy suit and a blue serge; but if you've the least doubt about it, choose one of our fast-blue serge suits and pass a comfortable summer.

Our serge suits not only wear well, but they keep their smart shape until worn out.

Serges, \$14 to \$30, single or double-breasted.
