

JAPANESE "SPY" MADE PRISONER

Caught Sketching Fortifications, Oriental Is Arrested at Fort Rosecrans, According to a San Diego (Cal.) Story.

Commandant Refuses All Information—Meanwhile, at New York, Admiral Yamamoto and Ambassador Aoki Reiterate Their Statements the Talk of War Is All Bosh—Is a Phantom, They Say, the Creation of Irresponsible Trouble-Makers.

San Diego, Cal., July 11.—A report was in circulation today that a Japanese had been arrested at Fort Rosecrans in the act of making drawings of the fort. The arrest, it was said, was made two evenings ago, but where the Japanese now is, and who he is, is not publicly known.

Washington, July 11.—It was stated at the war department tonight that no report has been received there regarding the arrest of a Japanese at Fort Rosecrans, near San Diego, while sketching the fortifications.

War "Scare" a Phantom. New York, July 11.—Two distinguished Japanese took occasion today to declare in no uncertain terms that there were no unfriendly issues between the United States and Japan, and to deny the undue importance attributed by some to trivial incidents.

The champions of peace and friendship between the two countries were Admiral Yamamoto and Viscount Aoki, Japanese ambassador, who came over from Washington to attend a reception and luncheon given by the Japanese Society of America in honor of Admiral Yamamoto.

Viscount Aoki said: "There exists between the two governments no difference of ill feeling of whatever sort. There is not the slightest cause for anxiety in the American-Japanese relations; and if there is any anxiety it is not because of the actual relations between the two countries, but because of the demagogic influence of some unwarranted press talk, that tends to drive even the calmest temper of the public into a whirl of tempestuous rage."

Admiral Yamamoto said, among other things: "Our interests, commercial and otherwise, are so intimately interwoven, and the cordial relations between us of fifty years' standing are of a firm nature, that I can confidently affirm that they would never be destroyed by mere trifling incidents. Men are essentially peace to be controlled by sentiments, and it is the duty of those in leading positions that they are guided in the path of the righteous and that they are not led astray."

Americans Heard in Similar Vein. Expressions of international good-will were also made at the luncheon by Ambassador Aoki, Rear Admiral Coghlan and Rear Admiral Robley Evans, commander of the Atlantic fleet.

Japan Too Poor to Fight. Besides, it has all the territory it wants—Count Kato's Views. Colorado Springs, Colo., July 11.—Count Kato, of Tokyo, Japan, while stopping over here today between trains on his way to San Francisco, whence he will sail for Yokohama, said to the Associated Press:

"If one will reason for a few minutes he can readily see that the last thing Japan wants just now is war with the United States. Japan has not yet recovered from the effects of the Russian war. We have not money enough to carry on a prolonged struggle, in the first place, and, secondly, but more important, we have all the territory we can handle."

Jackies Don't Fear Fight. Men Who Man Uncle Sam's Ship's Patriotic to the Core. New York, July 11.—Officers and sailors in the New York navy yard in Brooklyn laughed at the statement circulated to this country from Tokyo, in which it was stated that Admiral Sakamoto of the Japanese navy said: "Even if the Washington government should decide on a war, it is doubtless whether the Americans serving in the navy are sufficiently patriotic to fight, and it is likely that most of the crews would desert the ships."

FINE GOLF PLAYED ON EUCLID LINKS

Eight Contestants Are Left for the National Championship, Equally Divided Between the Eastern and the Western Clubs.

Canada's Representatives Are All Eliminated Quite Handily—The Biggest Surprise the Defeat of Both H. Chandler and Walter Egan, the Former by Sawyer of Wheaton, Who With Travers and Travis Becomes a Decided Possibility for the Title.

Cleveland, July 11.—Today's match play on the Euclid links for the national golf championship resulted in the elimination of all but eight contestants, four from Eastern clubs and four from the West.

Travis taking the measure of Lyon and Ned Sawyer putting Martin out of the running.

Sawyer's Work Is Brilliant. Ned Sawyer's performance in the morning against Chandler Egan and in the afternoon against the left-handed Canadian, Martin, were of the highest order.

Jerome D. Travers, of Montclair, also played splendid golf today.

But the work of the veteran Travis attracted chief attention.

Travis made 38 going out, with seven on the fifth hole, and took 31 for seven holes played on the in-journey.

MARRIED AT DULUTH.  
Ishpeeming Man Takes Chicago Girl as His Bride—Wedding Tuesday Evening.

Will R. St. Clair of this city and Miss Maybelle Halleck of Chicago were united in marriage Tuesday evening at the home of the groom's parents in Duluth. The Duluth Evening Herald gave the following account of the wedding:

"A pretty home wedding ceremony took place last evening when Miss Maybelle Halleck of Chicago became the bride of William Rood St. Clair of Ishpeeming, Mich., the affair taking place at the home of the groom's parents, Mr. and Mrs. G. N. St. Clair, of 20 Twelfth avenue east. The bride is the daughter of Mr. and Mrs. J. M. Halleck of Chicago.

"The wedding service was read at 8 o'clock by Rev. Campbell Coyle of the First Presbyterian church. The maid of honor, was Miss Sophie St. Clair, a sister of the groom, and the bride's other attendants were Miss Bertha Barney of Detroit and Mrs. M. H. Barbour of Ishpeeming. The groomsmen were Dr. G. St. Clair of this city, and the ushers were Guy N. St. Clair of this city, M. H. Barbour and John R. Reigart of Ishpeeming, and George H. Garrey of Durango, Mex.

"The bride wore a dainty lingerie frock, and carried bride's roses. Miss St. Clair and Miss Barney were also gowned in white, and Mrs. Barbour wore a pink gown.

"Mr. and Mrs. St. Clair left last evening for Ishpeeming where they will be at home, Mr. St. Clair being an engineer with the Cleveland Cliffs Iron company at that place.

"Among the out of town guests at the wedding were Mrs. A. W. Myers of Milwaukee, Mrs. W. H. Wood, Miss Dorothy and Malcolm Rood of Oak Park, Ill., Mr. and Mrs. Marble of Ishpeeming, Miss Blanche Barney of Detroit, Mich., and Miss Mabel Pantot of Cleveland, Ohio."

BACK FROM UTAH.

G. R. Persons arrived home yesterday from a month's visit in Utah and other western states. He brought with him a sample of ore from the South Columbus mine, which can be seen at Carl Tellefsen's office. The ore was taken from the stock pile. It runs high in mineral. Mr. Persons is enthusiastic over the showing at both the Columbus Consolidated and the South Columbus properties. He inspected both mines very carefully. He was pleased with the courtesies extended him by Tony Jacobson, superintendent of both mines. Mr. Persons was accompanied to the properties by his brother, R. K. Persons, who resides in Salt Lake.

CIRCUS COMING.

Norris & Rowe's Show Will Exhibit in Ishpeeming, Aug. 20.

The Norris & Rowe circus will be in Marquette county the latter part of August, appearing in Marquette on the 19th and at the Union Park, the 20th. A representative of the show was in the county yesterday. It will exhibit at Hancock and Calumet before appearing in this county, making the run from that district Sunday, via the St. Paul and Copper Range and Lake Superior & Ishpeeming lines.

Norris & Rowe have a three ring circus, requiring twenty-five cars to transport it. It was organized about twenty years ago, since which time it has grown annually and it is reported to be one of the best of its class in the country.

It is not yet certain that Ishpeeming will be visited by any other circus this season. The representative of the Norris & Rowe show said that the Barnum & Bailey circus will come as far north as Escanaba, but that the Chicago & North-western company will not haul it to this county, nor will the South Shore company handle any of the big circuses. Norris & Rowe's show will not travel on any part of the South Shore or North-western lines. The contracting agent will be here in about ten days, and the first of the advertising cars is due to arrive August 6.

WORKMEN DISILLUSSIONED.

Representative of Ishpeeming Lodge Says There is No Occasion for Excitement.

Andrew Schmeltz, who attended the grand lodge session of the Ancient Order of United Workmen, as representative of the Ishpeeming lodge, has returned from Detroit. He reports that no business of particular importance outside the decision to surrender the charter of the grand lodge was transacted. The grand lodge placed its affairs in the hands of the grand trustees, who will look after the proposed transfer of the members in Michigan to some other jurisdiction, to be designated by the supreme lodge. He says that all members now in good standing may pay their dues and assessments, the same as heretofore, to the local financiers. All members who desire to retain their membership will be taken care of by the supreme lodge.

It is thought that the surrender of the grand lodge charter will result in good for the subordinate lodges, as it will end the expense of maintenance of the state grand lodge officers. The assessments, Mr. Schmeltz says, will not be increased, but will remain as at present. The lodge dues will be reduced from \$4 to \$2 per year, and no extra medical examinations will be necessary.

The grand lodge trustees are already working with a view to effecting the proposed change, so that the membership throughout the state will come under the jurisdiction of the supreme lodge as early a date as possible. As the supreme lodge pays its death claims promptly, the transfer will prove a good thing for the Michigan members. In the opinion of the grand lodge officers, the Michigan members are perfectly safe and

no losses whatever will be incurred. At the meeting next Thursday evening Mr. Schmeltz will submit a report to the Ishpeeming members.

MESABA A BUSY RANGE.

Much Work Is Being Done, Says Marquette County Man, Located There.

Morgan Wright, assistant superintendent of the Hector Iron company's properties at Bewabic, Mesaba range, spent yesterday in Ishpeeming. He has been visiting his father, B. W. Wright, and sisters, in Marquette the past few weeks.

The Mesaba range will have the best season of its history this summer, Mr. Wright says. Many new mines are being opened up, and new finds of ore are being made. The supply of ore in some parts of the range is enormous. Many improvements in the mining methods have been made during the past few years. The railroads are putting in double track systems wherever possible, and thus the ore is being handled to excellent advantage. The total shipments for the season will largely exceed those of last year.

"To one unfamiliar with the way the mining work is conducted on the Mesaba it would seem that the methods are not as far advanced as on the other ranges, but this is a mistake," said Mr. Wright. "Many of the Mesaba properties are up-to-date, so far as equipment and methods of getting out the ore are concerned. This is shown very plainly by the costs at the average Mesaba property. One of the biggest problems the mining men of the range have had to contend with is the sinking of sand shafts. Many attempts at this work have resulted in failure, but there are now some very fine shafts on the range that were sunk through the most treacherous quicksand. A new method in which compressed air is used in the removal of the water and sand has been tried with success. Some shafts have already been put down, the cost having been less than in most cases where other methods have been employed.

"The Mesaba is a good place for a young man who is ambitious and will attend to his business. There are many young mining superintendents in the district. The young men have many opportunities for advancement. The range is growing very rapidly, and companies have to provide houses for their workmen and their families, otherwise they are not able to hold them. The men, as a rule, will not go to a new mine outside the towns to work unless the houses are first ready."

BAD BURN QUICKLY HEALED.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John St., Hamilton, Ontario. "My little daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale by The Stafford Drug Co.

**KILLED AT PRINCETON.**  
Former Negaunee Man Met Death in  
Unknown Manner at Swanzy Mine.

Joseph Beodotte, a resident of Negaunee, was killed Tuesday night at the Princeton mine. It is not known how Beodotte lost his life, but it is thought that he fell into the shaft, as his body was found in the bottom of the skip pit. Beodotte was last seen alive at midnight Tuesday, when he had his supper with some of the other workmen. When he did not come to surface Wednesday morning a search was made, and it was some time before his body was found in the pit. His head was badly crushed and other injuries had been sustained. There is so little room between the skip and the sides of the opening through which it passes that a man could not possibly fall down the shaft and pass by the skip. It is thought that Beodotte must have fallen away at some point in the shaft when the skip was at or near surface.

Corner Frinn, Mine Inspector Quine and Undertaker Dave were called to Princeton Wednesday evening, the latter bringing the remains here yesterday. The coroner conducted an inquest Wednesday night. Beodotte was a member of the Negaunee Italian society and had spent a number of years in Negaunee prior to his departure for Princeton. Because of his excellent taste in dress he was known at Princeton as the "count." He was about twenty-nine years of age and survived by a widow and two children, residing in Italy. The funeral will be held this afternoon from the undertaking rooms, with services at St. Paul's church.

**FIREMEN'S TOURNAMENT.**  
Arrangements for Boat Excursion Not Yet Completed.

The committees appointed by the Negaunee and Ishpeming fire departments to ascertain if it is possible to charter a boat for an excursion from Marquette to Ontonagon on the occasion of the Firemen's tournament the latter part of next month have not yet been successful in closing a deal. There is some doubt as to whether the committees will be able to secure a boat. If they fail in the arrangement of the boat excursion the committees will ascertain what rates can be secured from the South Shore railway. Both departments favor a boat excursion. Chief Johnson said yesterday that if a boat trip is not arranged, the percentage of members attending will be much smaller than it would otherwise be.

The members of the Negaunee and Ishpeming departments are much pleased that the Ontonagon firemen and people generally are manifesting such interest in the tournament. The contribution of \$500 to the tournament fund by the village council was a big lift to the arrangement committee. According to the Ontonagon Herald the finance committee is meeting with excellent success. The business men are responding liberally. While the aim is to make the tournament a firemen's gathering in every sense of the word it will be attractive to others as well. The committee has taken hold of the affair with the intention of pushing it to a successful issue. The prizes for the various features are to be of a substantial nature and suitable entertainment will be provided. The Herald expresses the belief that it will be one of the best tournaments ever held in the upper peninsula.

**LOCAL LACONICS.**

Mayor Winter has been at Cuba City, Wis. the past few days.

J. Dudley, a former resident of Negaunee, is here from Eveleth, Minn.

Mrs. John Miller and daughter are in the city visiting her brother, Will Marcellain.

J. A. Douglass of Sault Ste Marie looked after business in Negaunee yesterday.

Louis Corbett is enlarging a dwelling on Lincoln street, and it is now about ready for the plasterers.

The Misses Davis, of Escanaba, formerly of this city, are here visiting their grandmother, Mrs. E. S. Greene.

Miss Nellie Mengay, who spent the past few weeks here visiting Miss Louise Miller, left Wednesday for her home in the lower peninsula.

Ed. Piggott has been notified by the government that he is to receive over \$600 in back pension money. He served in the Spanish-American war.

The Ladies' Aid society of the Presbyterian church will conduct a pantry sale at the church parlors tomorrow afternoon, beginning at 2:30 o'clock.

Captain E. Toms is erecting a dwelling on Bluff street. Lumber from a house the captain purchased some time ago at Eagle Mills is being used.

The Savings Bank baseball team defeated a juvenile nine from Marquette Wednesday afternoon at Union Park. The score was eleven to eight. The Negaunee nine has won six games and lost two this season.

The two-men bowling league tournament being conducted at Orr & Tompkins' alleys will be wound up next week, when the alleys will be closed for repairs. It is thought that it will take about six weeks to overhaul the alleys.

T. M. Soler, who has the contract for the erection of the Odd Fellows' new block, corner Iron and Tobin streets, is preparing to begin work. His tool shed is being erected and it is expected that his crew will break ground within a few days.

The moving picture-illustrated song entertainments to be given at McDonald's opera house will open tomorrow evening. The subjects will be well selected and a first-class entertainment is assured. The prices will be ten cents for adults and five for children.

In removing a pile of ashes from the rear of the block occupied by J. M. Perkins, the druggist, Monday, a large bank of snow was uncovered. Some of the friends of Mayor Winter conceived the idea that it would be quite a joke to make a few snowballs and shower his honor with them, which they did. The snow was as clean as though it had fallen the day it was uncovered.

**PLANS LONG OVER DUE.**

The members of the board of education are becoming impatient on account of the delay in the arrival of the plans for the new high school, which are being prepared by J. D. Chubb, the Chicago architect. Mr. Chubb recently asked for further time to complete the plans. He was instructed to overlook no feature of the work, but to rush the plans. The members of the board now feel that they have given Mr. Chubb all the time he is entitled to and he has been requested to get the plans here as soon as possible. Even if the plans are received within a few days it will be a month or more before the contract will be let. The building will be the largest that has ever been erected in the city and the board desires to have the outside work well advanced before winter sets in. It is expected that Mr. Chubb will be heard from today or tomorrow.
