

TERRIFIC HEAT AT PHILADELPHIA

People Crowded in Street to Watch Big Parade of the Elks Are Bowled Over to the Estimated Number of 2,500.

Only One Case Results Fatally, However, and but Few Marchers, Themselves, Are Overcome—Pageant Is the Greatest Seen in the City in Years, and It Requires Four Hours to Pass a Given Point—20,000 Men and 125 Floats in Line.

Philadelphia, July 18.—It is estimated that twenty-five hundred persons were prostrated by the heat today during the progress of the Elks parade. The parade was the greatest seen in this city in years, and it is estimated that more than half a million persons were crowded in Broad street to view the spectacle. It was the hottest day of the summer, and long before the parade started spectators were falling by the dozens. The sun was broiling hot, and the humidity unusually high. Every hospital in the city was brought into service after those nearest the route of the parade were crowded to the last inch. Scores of physicians were kept so busy that no names were taken.

Few Paraders Overcome. But one case resulted fatally, James Rowley, aged forty-four, of this city, died in a hospital after being stricken in the street. The other stricken persons are said to be in good condition with no prospect of fatal results. Among the few paraders who were overcome were J. Harrington Walker of St. Paul, Minn., and Henry J. Walter, exiled ruler of the Philadelphia lodge of Elks. The other victims were chiefly from this city and surrounding territory. It required four hours for the marchers to pass a given point. The total number in line is conservatively estimated at twenty thousand men, with about 125 floats.

State Associations Recognized. The grand lodge installed its newly elected officers tonight, at which time it was announced that at a previous session the state associations of Elks had been given official recognition. This decision on the part of the grand lodge settles a fight that has been waged for two years. The state association is strictly in its work and may not take up legislative matters or interfere with executive affairs in subordinate lodges. Its principal work will be along charitable and fraternal lines.

The names of the prize winners will be given tomorrow. Old Sol Merciless in Gotham. New York, July 18.—New York is suffering from a scorching heat wave which has caused numerous deaths and scores of prostration. The temperature reached ninety degrees at noon, accompanied by extreme humidity.

BIG FIRE AT HAMBURG. Hamburg, Friday, July 19.—An extensive fire in the center of the commercial district early this morning destroyed a number of warehouses. The fire is still burning, and other buildings are endangered. The damage already amounts to several hundred thousand dollars.

INHUMAN OPERATION. New York Doctors Try to Make Dogs Grow Together Siamese Twin Fashion. New York, July 18.—Drs. G. B. Lawson, Frederick A. Johnson, Arthur A. Brown and Lester D. Lang, hospital physicians, have been reprimanded and suspended by Commissioner of Public Charities Hebbard because they tried by a surgical operation to make two dogs grow together in Siamese twin fashion.

HOKE SMITH'S SACRIFICE. Will Sign Away \$60,000 With the Prohibition Bill. Atlanta, July 18.—When Governor Hoke Smith affixes his signature to the bill forbidding the manufacture or sale of liquor in Georgia he will give up himself of the sum of \$60,000, and yet the governor will make the sacrifice, for he pledged himself in the campaign to approve a bill for state prohibition if enacted by the legislature. The governor will lose the \$60,000 because under prohibition the bar of the Piedmont Hotel, the finest hostelry in Atlanta will be closed. The Piedmont is being operated by lessees who are paying the owners \$100,000 a year. The lease is for a term of years and there is a clause providing that in event of prohibition the rent shall be only \$70,000 a year. Governor Hoke Smith owns one-third of the Piedmont Hotel and as the total reduction because of prohibition will be \$300,000, the governor will sign away just \$60,000 when he approves the state prohibition bill.

CONCESSION EXTENDED. Washington, July 18.—The state department has notified the governments of Great Britain and France that it has authorized the treasury department to accord to their certificates the same weight that is given to German certificates in relations to the valuation of exports to the United States.

REPROVED BY THE POPE.

65 Propositions Condemned in the Syllabus Denouncing Modernism in the Faith.

Rome, July 18.—The syllabus promulgated by the pope yesterday with regard to the so-called modernism in the faith contains a preamble which sets forth that Roman Catholic authors, under the pretext of explaining dogmas, explain them in the name of history in such fashion that the dogmas themselves disappear. To prevent such errors, the pope has ordered the congregation of inquiry to note and approve the principal errors, and with his approbation sixty-five propositions are condemned. These include the following: Divine inspiration does not guarantee all and every part of the Holy Scriptures against error. The resurrection of the Savior is not a historical fact, but is purely supernatural. It can neither be demonstrated, nor is it demonstrable. The Roman Catholic church became the head of all churches not by divine ordinance but by purely political circumstances. The church is the enemy of natural and theological sciences. The Christian doctrine was first, Judaism, then Pauline, then Hellenic, then universal. The principal articles of the Apostles' creed had not the same significance to primitive Christians as they have to Christians of the present time.

FIRST TIME IN GERMANY.

Degree of Doctor Is Conferred Upon a Chinese Student.

Berlin, July 18.—The degree of doctor was conferred by the University of Berlin today upon Ma De Yuen, a Chinese student. This is the first time a Chinaman has received a degree from a German university. The Chinese ministers at Berlin and Vienna and a number of Chinese students in Germany were present at the ceremony.

JAPANESE POACHERS CAUGHT.

Two Sealing Schooners Seized by American Revenue Cutter.

Washington, July 18.—The state department has been informed that the revenue cutter Manning, on the 5th instant, seized two Japanese fishing schooners within a mile of the seal island of St. Paul. The Japanese embassy has been notified by the state department, but as the case appears an ordinary one of poaching it is not expected that any diplomatic incident will result.

DEPORTED FROM NICARAGUA.

Panama, July 18.—The situation in Nicaragua must be critical, judging from what Mrs. Emiliano Chamorro, wife of the leader of the last revolution against President Zelaya, says. On landing in Nicaragua, she declares, she was imprisoned and remained eight days confined in a common prison, during which her country suffered from earthquake and parts of the walls of the prison fell in. Finally, nothing was found against her, she was deported by the first steamer bound north, without being allowed to see her family.

BLOODY COMBAT IN RUSSIA.

Razan, Russia, July 18.—Peasant disorders on the Kishinev estate resulted yesterday in a sanguinary conflict with rural police. The police fired a volley which killed or wounded eleven countrymen.

DAMAGE AT LEAST HALF A MILLION.

FOUR LIVES THUS FAR REPORTED LOST IN FLOODS IN WEST VIRGINIA.

Pittsburg, July 18.—Conservative reports to the Associated Press tonight from interior parts in West Virginia indicate that the flood caused by storms and cloudbursts during the past forty-eight hours are receding, and that the damage will reach at least half a million dollars. Four deaths thus far have been reported.

INTERNATIONAL POLICE FOR MOROCCO.

Tangier, July 18.—The sultan has accepted in their entirety the regulations to govern the international police force of Morocco decided upon at the Algiers conference.

WATERY GRAVES FOR MANY.

Copenhagen, Denmark, July 18.—Fourteen persons are reported drowned at Marstrand, Sweden, by the capsizing of a sailboat.

QUEEN ALEXANDRA ILL.

London, July 18.—Queen Alexandra is suffering from a slight temporary indisposition.

MONARCH BOWS TO THE INEVITABLE

Emperor of Korea Abandons the Hopeless Resistance to the Aims of the Japanese and Will Give Up His Throne.

Implored Appeal That Nothing Be Done Derogatory to the National Existence Fails to Move the Mikado's Representatives, and It Is Arranged That the Ceremony of Abdication Occur This Morning—Hostile Demonstration Is Easily Quelled.

Tokio, Friday, July 19.—A dispatch from Seoul says that the emperor convened the elder statesmen at 1 o'clock this morning. The cabinet ministers waited in an adjoining room while the emperor conferred with the elder statesmen. After a two hours conference his majesty finally yielded and made up his mind to abdicate. It was decided to hold the abdication ceremony, at 10 o'clock this morning. Much unrest prevails about the palace, and at another place a crowd of 2,000 is assembled. A portion of this crowd assaulted the office of the Daily Kokumin, but the mob was dispersed before heavy damage was inflicted.

ASKS CONGRESS TO RESTORE IT

Army and Navy Union, in Convention at Washington, Votes in Favor of the Reestablishment of the Army Canteen.

Resolution Is Adopted Declaring the Sale of Beer and Light Drinks in the Post Exchange a Veritable Temperance Measure, Promoting the Moral Welfare and Comfort of the Men, and Law-Makers Are Urged to Disregard Fantastic Theories and Meet the Issue Squarely.

Washington, July 18.—The convention of the Army and Navy union today voted in favor of the restoration of the army canteen and for an increase of 10 per cent in the pay of petty officers and enlisted men of the navy on every four years of service. Resolutions of condolence and sympathy to the relatives and friends of our late comrades of the battleship Georgia, who lost their lives as a result of the recent explosion on that vessel, were adopted.

WILL CONTINUE THE STRIKE.

Frisco Telegraphers Refuse Reported Concessions of the Companies.

Oakland, Cal., July 18.—The striking commercial telegraphers today refused by a standing vote to accept concessions framed by their national executive committee. The Western Union and Postal Telegraph companies' concessions were declined; they offered a 25 per cent increase in pay for the telegraphers who were at work and, in the case of the Western Union, would take back all but three strikers; the Postal would reinstate 80 per cent of the strikers. President Small this afternoon telegraphed the result of the union's action to the headquarters at Chicago.

FLAREBACK RESPONSIBLE.

Naval Court of Inquiry Finds Cause of the Georgia Explosion.

Washington, July 18.—The naval court of inquiry in the case of the explosion on the battleship Georgia will find that the accident resulted from a "flareback," meaning that when the breach of the eight-inch gun was thrown open after it had been discharged, some shreds of burning cloth or unconsumed gas were driven upon the powder about to be inserted for the next charge.

HEROIC DEAD BURIED.

Hopkinsville, Ky., July 18.—Wrapped in the stars and stripes and the union jack the casket containing the body of Midshipman Faulkner Goldwater, one of the victims of the battleship Georgia explosion, was buried with military honors at Riverside cemetery this afternoon.

GALLANT FIGHT FOR LIFE.

Boston, July 18.—Midshipman James Cruz, one of the sailors injured by the accident on board the battleship Georgia, is making a gallant fight for life against terrible odds. Buoyed by the presence of his father, Major Thomas Cruz, of Omaha, the midshipman seemed to have a slight turn for the better today. Scamman Louis O. Morse also showed slight improvement today. There was little change tonight in the conditions of the other men.

WEATHER FORECAST

Washington, July 18.—The following is the weather forecast for Upper Michigan: Generally fair, Friday and Saturday; variable winds.

NOT ASKED BY THE MEN.

Queen & Crescent Railroad System Increases Pay of Telegraphers.

Cincinnati, O., July 18.—Increases ranging from \$2.50 to \$10 a month are granted the telegraph operators of the Queen & Crescent railroad system by the readjustment completed today. The new scale was the result of a conference between General Manager Baker and telegraphers representing various divisions of the line, and it is said to have been brought about by the management without the receipt of demands from the men.

OMAHA MILLIONAIRE DEAD.

Omaha, Neb., July 18.—Wm. A. Paxton, aged seventy, pioneer and millionaire business man, dropped dead at his home in this city tonight. Mr. Paxton was employed in the construction of the military road between Omaha and Salt Lake, and later was one of the contractors who built the Union Pacific railway.

HAYWOOD EVIDENCE UNDER STATE'S FIRE

Testimony Tending to Show an Alleged Counter Conspiracy on the Part of the Mine Owners Is Vigorously Assailed.

Point Is a Very Material One, and It Is Argued Throughout the Session, Judge Wood Reserving His Decision Until Today—Jury Is Not Brought Into Court, and Announcement Is Made by the Defense It Will Submit Its Case Without Sur-Rebuttal.

Boise, Idaho, July 18.—A day of argument on the admissibility of various points of evidence was followed by the announcement from the defense that they had no further witnesses to offer in behalf of Wm. D. Haywood. The jury was not brought into court, Judge Wood having been informed by counsel of their decision to rest without the offer of sur-rebuttal. Clarence Darrow spoke for an hour and a half of the morning session. Senator Borah replied in the afternoon, and was followed by Mr. Richardson. Judge Wood will probably announce his decision tomorrow.

VIOLATED THE RATE LAW.

Two North Carolina Ticket Agents Sentenced to the Chain Gang.

Asheville, N. C., July 18.—James H. Wood, district passenger agent, and O. C. Wilson, city ticket agent, of the Southern railway, were today found guilty in the police court of selling passenger tickets in disregard of the new rate law. Each was sentenced to thirty days' service in the chain gang. Wood is a member of the board of aldermen of this city.

DECLARES IT CONSTITUTIONAL.

Federal Judge Adams, New York, Upholds Employers' Liability Act.

New York, July 18.—Judge George B. Adams, in a decision rendered in the admiralty branch of the United States district court here today, declared constitutional the employers' liability act passed by congress June 11, 1906. The same act has already been passed upon by federal courts in other states, several times having been held constitutional and several unconstitutional.

RESENTS LEGISLATIVE ACTION.

Chairman of Wisconsin's Rate Commission Tenders His Resignation.

Madison, Wis., July 18.—John Barnes today resigned as chairman of the Wisconsin railroad rate commission because the legislature passed a 2-cent fare bill after the commission had ordered a 2 1/2-cent rate.

DEATH SENTENCE FIXED BY THE JURY

HERMAN BILLIK CONVICTED AT CHICAGO OF POISONING A MAN AND FIVE CHILDREN.

Chicago, July 18.—Herman Billik, who has been on trial, charged with poisoning Adolph Vzal and his five children, was convicted tonight, and the jury fixed his sentence at death.

RELIEF FUND REESTABLISHED.

Supreme Tent, K. O. T. M., Provides for Care of Disabled Members.

Detroit, July 18.—The supreme tent, Knights of the Macabees of the World, today voted in favor of increasing the representation in the supreme tent from seventy-five delegates to 150. The general relief fund for the care of totally and permanently disabled members who were admitted into the order prior to Aug. 1, 1904, which was abolished three years ago at the last meeting of the supreme tent, was re-established.

MISHAP ON GLIDDEN TOUR.

Car Goes into a Canal—Its Occupants Escape by Jumping.

Canton, O., July 18.—When the pull was taken this evening of the Glidden and Hower contestants, it showed five of the former and one in the latter class unaccounted for. Car No. 52, driven by H. W. Honck, for the Buffalo club, went into the canal near New Philadelphia this afternoon. The accident was due to a disarranged steering apparatus. The occupants of the car jumped, and no one was injured. The run tomorrow is to Pittsburg. The tourists left Columbus this morning.

PLUNGES TO DOOM.

Chicago Man, Ill With Tuberculosis, Ends Life in Sensational Manner.

Chicago, July 18.—Henry Berg, a retired grocer, committed suicide today by throwing himself over a railing at the twelfth floor of a Chamber of Commerce building. Berg was a son of a native and had been despondent for some time.

STOCKHOLDERS CHARGE FRAUD.

Receiver Is Named for a Chicago-Alaskan Mining Concern.

Chicago, July 18.—Frank L. Blackman, of Sioux Falls, S. D., who on July 15 was appointed receiver of the Campion Mining & Trading company, by the United States circuit court for South Dakota, was today appointed receiver of the Chicago Assets company. The appointment of the receiver was made on the application of a number of stockholders, who charge fraud and conspiracy among the officials of the company. The company holds 6,000 acres of mineral lands in the Cape Nome district of Alaska.

RIFLED THE MAILS.

Letter Carrier Jailed on Charge of Stealing Money.

Hammond, Ind., July 18.—Daniel E. Hunt, a Hammond mail carrier, was arrested this afternoon, charged with rifling the mails. Hunt, it is said, admitted he had stolen money from the mails for seven years, ever since he has been employed as a carrier. Hundreds of dollars were alleged to have been stolen by Hunt from a surgical instrument company, to whose mail he confined himself, he says.

VIOLATED THE RATE LAW.

Two North Carolina Ticket Agents Sentenced to the Chain Gang.

Asheville, N. C., July 18.—James H. Wood, district passenger agent, and O. C. Wilson, city ticket agent, of the Southern railway, were today found guilty in the police court of selling passenger tickets in disregard of the new rate law. Each was sentenced to thirty days' service in the chain gang. Wood is a member of the board of aldermen of this city.

DECLARES IT CONSTITUTIONAL.

The occupants of the car jumped, and no one was injured. The run tomorrow is to Pittsburg. The tourists left Columbus this morning.

STATE TROOPS ARE CALLED OUT

Mob Threatens to Lynch Four New Orleans Italians Convicted of Complicity in Killing Little Kidnapped Boy.

Militia Is the First to Reach the Jail, and Contemplated Hanging Bee Is Frustrated—Prosecution Fails to Prove That Any of the Quartet of Prisoners Actually Committed the Murder, and Punishment Is Limited to Life Imprisonment.

Hahnville, La., July 18.—Two companies of militia were tonight ordered here to protect from threatened lynching four Italians—Antonio Campisciano, Mrs. Campisciano, Tony Costa and Frank Gendusa—convicted "without capital punishment" of complicity in the murder of little Walter Lamana, of New Orleans, who was kidnapped and strangled about a month ago.

The verdict was reached just before dark tonight, after the jury had been out forty-five minutes, and at the close of a four days trial full of excitement. An hour afterward it was reported that preparations for lynching tonight were under way. Rumors of lynching came from as far as New Orleans, twenty miles, and the local officers were apprehensive that a party might be made up in that city to aid in such an attempt. The prisoners were returned to the St. Charles parish jail, an isolated structure standing in a field a quarter of a mile away from any habitation except the sheriff's house and the court house.

GRENSOME DETAILS BROUGHT OUT.

In the trial the state did not succeed in proving that any of the accused committed the actual murder. It was testified that Campisciano and his wife had shielded the kidnapers from capture, even threatening a party of police off the trail when they were within a short distance of the boy's hiding place an hour before his murder. Testifying in his own defense, today, Campisciano did not deny this, but claimed that he had been forced by threats of death to act as he did. Frank Gendusa was the go-between in the ransom money, and Costa, according to the witness, was the actual kidnapper who stole the boy and gave him to the kidnapers. Costa denied this while testifying in his own defense today. Campisciano testified today that the actual murderers were Angelo Incarcaterra, Tony Candusa, Stefano Monro and Chico Luchesi. These four have not been captured. Campisciano also implicated in the plot Leonardo Gebbia and Nicolaia, his sister, both of whom will be tried next week.

DEATH SENTENCE FIXED BY THE JURY

HERMAN BILLIK CONVICTED AT CHICAGO OF POISONING A MAN AND FIVE CHILDREN.

Chicago, July 18.—Herman Billik, who has been on trial, charged with poisoning Adolph Vzal and his five children, was convicted tonight, and the jury fixed his sentence at death.

RELIEF FUND REESTABLISHED.

Supreme Tent, K. O. T. M., Provides for Care of Disabled Members.

Detroit, July 18.—The supreme tent, Knights of the Macabees of the World, today voted in favor of increasing the representation in the supreme tent from seventy-five delegates to 150. The occupants of the car jumped, and no one was injured. The run tomorrow is to Pittsburg. The tourists left Columbus this morning.

CONSPIRACY EXPOSED.

Milwaukee Mining Man, Indicted at Denver, Tells of Fraud in Coal Lands.

Denver, July 18.—W. W. Raibe, a mining man of Milwaukee, arrested on a federal grand jury indictment charging him and five others with alleged fraudulent acquisition of coal lands, has given a signed statement to the United States attorney in which he goes into the details of the whole conspiracy to defraud the government. Raibe was today taken before the United States commissioner and released on his own recognizance after agreeing to appear at the trial as a witness for the government. At the accused are connected with the so-called Federal Coal Mining company.

DRIVER ED GEERS THE STAR.

Horses He Pilots Take First Money in All Three Western Circuit Races.

Libertyville, Ills., July 18.—Ed Geers swept the card at the trotting meeting here today, winning the first two races outright and getting first money in the third by virtue of the association arrangement that no races were to be longer than five heats, and that the purse was to be divided according to the summary at the end of the fifth unless won in a less number of heats. Summaries: 2:15 trot, \$2,000 (nine starters)—Tommas Fritt, won; Silver Band, second; Coder, third. Best time, 2:10.45. 2:25 pace, \$800 (six starters)—William O. won; Star Direct, second; Grace Direct, third. Best time, 2:07.4. 2:09 pace, \$1,000 (four starters)—Ardebo, won; Cascade, second; Willie Benton, third. Best time, 2:08.

EASTERN MILE OF THE YEAR.

Cleveland, July 18.—The fastest mile of the year over the Glenville track, and probably the fastest mile ever over any track in the country to date, was paced by the chestnut gelding Hal C. 2:03.4, today when he worked in 2:04.4, the last quarter in twenty-nine seconds. The next heat was made in 2:08.3; with the final half in 1:01.4.

Copper Country

WILL RAISE \$25,000.

Portage Lake Y. M. C. A. Undertakes Important Task.

As a result of the banquet given by the directors of the Portage Lake Y. M. C. A. to the businessmen of Houghton and Hancock Monday night an effort will be made to raise \$25,000 for the purpose of carrying out the building plans of the association. The resolutions passed at the banquet give fully the purpose of the directors. They are as follows: Whereas, The Young Men's Christian association is a recognized influence of great importance for uplifting personal character; and for bettering the condition of a community; now therefore, in order that these purposes of the association may be carried forward more effectively in the community of Portage Lake, it is,

Resolved, That it is the sense of this meeting that the advisory board of the Young Men's Christian association, consisting of C. D. Hanchette, G. C. Bentley, Robert L. Shields, Homer Guck and Dr. W. H. VanSlyke, be instructed to have a competent architect look over the present building and property of the association and draw such temporary plans as may be necessary and secure estimates as to the cost of placing said property in first class condition for association work along modern lines and providing for some adequate rental income; and

Resolved, That it be the sense of this gathering that said advisory board, in conjunction with the state committee, begin the work of securing in public subscriptions, the sum of \$25,000 for the purpose above mentioned and that this body of men here gathered, by the adoption of this resolution, pledge our assistance in this movement to the extent of our ability; and it is further

Resolved, That this committee be given power to fill vacancies caused by the

resignation of any of its number, or to add to this committee.

The advisory committee has not as yet decided upon the plan to be adopted in raising the money, but will announce it in a few days.

DEMISE OF MRS. QUELLO.

Old Calumet Resident Dies Suddenly of Heart Failure.

Mrs. Katherine Quello, wife of Bartholomew Quello, the well-known Calumet dealer and real estate owner, died suddenly yesterday morning about 3:30 o'clock. She was sixty-three years of age, a native of Ireland and had lived in the copper country for more than half a century. Mrs. Quello entertained a number of callers at her home on Eighth street, Red Jacket, Wednesday evening, and at the time of their departure about 11 o'clock she was enjoying the best of health. She retired shortly thereafter, but at 1:30 was awakened by a choking sensation. She suffered with this until 3:30, when the end came. The cause is given as heart failure. Aside from a somewhat similar attack, which continued only a few minutes, last Christmas, Mrs. Quello had no other symptoms of heart trouble and her death came with a suddenness which has shocked all of Calumet, where the family is among the most respected.

Beside her husband Mrs. Quello is survived by three sons, Michael, John and Bartholomew, and five daughters, Mrs. Angus McAuley and the Misses Margaret, Anna, Elizabeth and Alice Quello. The Misses Anna and Elizabeth are traveling in the West, and the family does not know just where they may be located to give them the sad news. Until they are heard from no funeral arrangements will be made.

A HANCOCK ROMANCE.

Conductor Charles Wern and Miss Theresa Marsh Wed.

Charles Wern, a conductor on the Mineral Range railroad and a prominent Hancock Pythian, was united in marriage to Miss Theresa Marsh of Hancock yesterday. Justice Oliver performed the ceremony in his office in the presence of the necessary witnesses.

The wedding is surrounded by circumstances more romantic than is usual even in such affairs of the sort. As the story was told the reporter yesterday, Justice Oliver performed the ceremony in his office in the presence of the necessary witnesses. The wedding is surrounded by circumstances more romantic than is usual even in such affairs of the sort. As the story was told the reporter yesterday, Justice Oliver performed the ceremony in his office in the presence of the necessary witnesses.

There was reason for haste on the part of the lovers, the story goes on, as they feared they would be separated if they delayed another day. Miss Marsh was engaged to be married to another man, it is said against her wishes. The big and genial conductor was her own choice. She left home Wednesday evening on a pretext and met Mr. Wern, who did not get up to this time declared himself. When he proposed, he was accepted, but his bride-to-be explained that if she returned home her relatives might frustrate their plan, in fact undoubtedly would do so. Mr. Wern acted with the utmost discretion and with his life's happiness at stake. There was a deserted swain in Hancock yesterday morning, and he is undoubtedly the only man in Hancock who is not now congratulating Mr. Wern and wishing him and his bride the best of things of life for many years to come.

HANCOCK WILL SELL BONDS.

Advertises for Bids on \$64,537.72 Worth of Securities.

At its special meeting Wednesday night the Hancock council authorized the city clerk to advertise for \$64,537.72 worth of municipal bonds. Of the amount realized \$30,000 will go toward liquidating outstanding orders, and the balance will pay for the Quincy street pavement extension, to be later refunded from the special tax collections for the improvement. The special assessment roll for this purpose was approved by the council.

The resolution authorizing the mayor and clerk to sign a contract with the Houghton County Electric Light company for street lighting was passed. This finally disposes of the municipal lighting plant. Mayor Scott did not reopen the matter, and will now sign the contract, as it is the wish of a majority of the council that he should do so.

Two new ordinances were proposed by City Attorney Lawton. One has to do with regulating sewer connections and such matters as cesspools and outhouses. The second provides for the appointment of an electrical inspector. The ordinances were given the usual reference. The attorney was also instructed to prepare an ordinance providing for the licensing of plumbers.

The Portage Lake Masonic building company asked the council to vacate a portion of Ravine street, 50x120 feet, so that the company may utilize it as a part of the site of a proposed Masonic temple. The resolution was offered, but will not pass until the taxpayers have opportunity to be heard at a meeting Aug. 19. The request of the Hancock Consolidated Mining company for the vacation of portions of certain streets and alleys will also be given over to public discussion at this time.

WILL BUILD MANY HOUSES.

The Calumet & Hecla Mining company has let to August Johnson, a well-known Laurium contractor, the contract for erecting twenty-five dwelling houses at Allouez location. The company is intending largely to the number of employees at the Allouez mine, and the additional accommodations are necessary. Extensive building operations are going on all over the copper country in spite of the Mayday claim that labor and material are too high. A well-known Allouez high-priced roofing contractor declared yesterday that his business is larger this year than ever.

Hotel Williams, Grand Island, Munising, Michigan, has increased its capacity by adding three two-room cottages with fire places. A large number of Ohio, Pennsylvania, Indiana and Illinois people have already booked reservations. (7-8-214)

ZIEHR AND COVEAU MAY MEET.

Long Talked of Wrestling Match May Be Held This Week.

The 15-penny Cornish wrestling tournament tomorrow afternoon may bring out a bout which has been hoped for during some years by copper country lovers of the game. The tournament is a feature of the Sons of St. George reunion, and all the best jacked men of the copper and iron countries will be present. Coveau of Ishpeming is believed to be the best wrestler in the iron country, and seems to have a suspicion that he is the best in the business. The copper country declares for Joe Ziehr of Calumet, who is now in Escanaba, and for a long time has been trying to get Ziehr and Coveau together. Up here the belief is that Coveau has backed out every time Ziehr thought he had him cornered for a match. Coveau is now out with a challenge for Ziehr, and they may meet tomorrow night at Ishpeming.

Other Sporting Notes.

In an eleven inning game the Giants of Houghton defeated the Calumet Aristocrats at Duluth Wednesday. The score was 3 to 4. Newcombe and McMorey were the battery for Calumet, and Miller and Scilabra were on the points for Houghton. Manager Phlarity of the Houghton team married, almost opened at Duluth yesterday, and Houghton opens at Winnipeg today.

George Westerman, secretary of the Calumet Y. M. C. A., and William Johnson, Calumet town clerk, have qualified for the finals in the Y. M. C. A. summer tennis tournament. They will play off the deciding series today. The Calumet and Houghton militia companies will meet next Sunday on the Calumet rifle range in the fifth meeting for the Stanton trophy. They will try to conclude on an even basis, as both have won an equal number of matches. It is necessary to win the cup three times in succession before it can become the property of either of the companies.

The Lake Linden Independent baseball team will play a match game with the club of the Young Men's Catholic club at Calumet Sunday.

There has been a deal of hockey talk recently in some of the papers, new leagues are being rapidly formed and old teams are being dropped. It is the same old ante-season talk which is heard every year and which some papers always take seriously. Manager McNamara of the Portage Lake seven and the Amphidrome rink, who is secretary of the International league, was asked by 'The Mining Journal' if there really was anything new in the hockey line. "Nobody has written to me nor have I written to any one," is the way he answered. If there was anything new in hockey "Big John" would be certain to know about it. He is nothing new in hockey circles. Q. E. D.

CANDIDATES WORKING HARD.

Game Wardenships Create More Excitement Than Constitution.

Ping Foster of Houghton and John Gipp of Calumet are working hard for the appointment as deputy state game warden of the group of deputy state game warden, fish and fire wardens which the new law has created. Both candidates have petitions out and are getting many signatures. Warden Pierce, when he arrives in the copper country, will have a difficult matter to settle.

This wardenship is creating more political interest heretofore than the coming constitution convention. For membership in the latter is almost a foregone conclusion, at least no lightning rods are visible. It is possible of course that both Foster and Gipp will be appointed. The copper country is one of the few heavily forested districts remaining in the upper peninsula, and it is one of the big game and fishing regions. A copper country legislator was approached for his support by one of the candidates, and he asked as to what had become of the present county game warden. He was told that the appointment sought would not interfere with that official. He suggested that it should, as he could not see where a county board could see the sense of appointing a game warden and paying him a salary when practically all the revenue from game license laws goes to the state.

This is a question which has stirred sportsmen of the copper country for a long time, and the fact that a legislator should remark it seems to show that there are still breaches in the laws which might be repaired. The legislator's remark also shows that neither the candidates for wardenships are any too well posted on the new law. There is in this a hint that when Warden Pierce arrives in the copper country the sportsmen might do well to interview him and learn a few things. In the meantime Messrs. Foster and Gipp are working hard for the office, and the best man will win. The Mining Journal does not know which one that is.

STEAMER WOLVERINE LEAVES.

Recruiting Ship Will Later Join the Naval Reserve Cruise.

The U. S. S. Wolverine, which had been in Portage Lake since last Saturday, recruiting for the navy, left Houghton yesterday for Ashland. It secured several recruits in the copper country, but the exact number was not given out. The ship goes to Ashland and Duluth, and later will leave for the lower lakes. It is ordered to Put-In-Bay, O., for the naval maneuvers this summer. The maneuvers have usually been held in the Straits of Mackinac and nearby waters, but this year they will take place on Lake Erie, according to this order to the Wolverine. In the event of the failure of the Yankee to come to Portage Lake the Hancock naval reserve will participate in the naval evolutions.

PRETTY HOUGHTON WEDDING.

Frank B. Goodman and Miss Cecelia Manderfield were united in marriage Wednesday at St. Ignatius' church, Houghton, by Rev. William Manderfield, brother of the bride. The ceremony was decorated in flowers for the occasion, and many friends of the couple witnessed the ceremony. The bride is a daughter of Mrs. Emma Manderfield of Houghton and the groom is the son of Mr. Goodman, a former M. C. M. student and a former resident of Ishpeming, is now mining engineer for the Bingham Consolidated at Lark, Utah, and will take his bride there to reside.

SEEK MARSHAL FOR LAURIUM.

The resignation of Marshal Thomas Drapeau of the village of Laurium makes it necessary for President Boehm to appoint his successor. Mr. Boehm is casting about for a good man for the place and several candidates have appeared, but as yet there is no suggestion as to who will be the lucky man. The office of marshal in Laurium is an important one, as during daylight its holders is the sole policeman in the biggest village in the United States.

JUNK DEALERS OSTRACISED.

Ostracism and a heavy fine was the sentence passed by Judge Oliver of Hancock on Charles Levine and Joseph Markus, Hancock junk dealers arrested Tuesday night on a charge of receiving stolen copper. Levine was fined \$25 and costs and was ordered out of the county within twenty-four hours. Markus was fined \$5 and the costs and was ordered to leave the county within ten days. The fact that he has a family to move was the reason for giving him the longer period of probation.

UNITED STATES TAKES A HAND.

United States Deputy Marshal Mosher of Marquette, accompanied by a post-office inspector, arrived in Houghton yesterday on the case of Ed. Demars, who was arrested last week on the charge of cashing a postoffice money order drawn to Albert Doumas. Demars was already in jail, but he was re-arrested on a United States court warrant and today will be given a hearing before United States Commissioner Goodale.

HOUGHTON BONIFACE WEDS.

Archie Hall, proprietor of the Germania Hotel in Houghton, and Miss Anna Kennedy were quietly married Tuesday at the residence of St. Patrick's church by Rev. T. J. Athlet. They have gone to Duluth on a wedding trip. The bride is a popular young lady, who has been employed in a Houghton hotel men in the county, and is popular.

COPPERDOM BREVITIES.

The Calumet & Hecla band will give a promenade dance at the Calumet Armory tonight.

The village of South Range is going to auction off fifty cords of wood tomorrow morning.

Dr. R. Spalding of Calumet expects to leave next week for a visit in Norfolk, Va., and other Southern cities.

The handpick tournament for the Tal Goddell cup opened at the Portage Lake Golf club links yesterday.

Joseph Hodgson of Houghton, Western manager for Gay & Sturges, has returned from a business trip to Chicago.

Mr. and Mrs. Jerry Harrington of Reed City, S. D., have arrived in Houghton, called here on account of the death of Mr. Harrington's mother.

E. H. Leonard, general organizer of the United Association of Plumbers & Steam Fitters, is in Houghton. He addressed a meeting of these tradesmen last night.

D. Cardinal of Lake Linden is confined to the hospital with a broken leg, the result of a collision with a street car in Florida, while driving last Tuesday.

August Filola, a Hancock saloon keeper, has been sentenced to ninety days in the Houghton county jail. He was arrested for threatening to kill his wife and could not pay the fine imposed by Justice Oliver.

Mr. and Mrs. J. A. Mimmear of Laurium have returned from Milwaukee, where they accompanied Mr. Mimmear's mother, who is now taking treatment in a Cream City hospital.

Tomorrow is pay day for the majority of the mining, smelting and milling companies of the copper country, and in consequence the merchants are preparing for a rush of business.

The new Glass Block store in Calumet was formally opened yesterday morning. The store was magnificently decorated, and a concert was given by a C. & H. orchestra last night as an additional attraction. Today and tomorrow are also opening days.

There is a rumor, as yet lacking verification, according to which Hubbell will shortly have a bank of his own. The banking is now being done in Lake Linden, and the village considers that it can afford such an institution as well as Mohawk and South Range.

Mining News

NOTES OF COPPER NEWS.

Upwards of fifty men are now employed by the Tamarrack at the Cliff, about one-third being employed in underground operations. This number will be added to from now on.

The Utah Copper mill is now treating 2,000 tons of ore per day. Manager D. C. Jackling says the company is producing on the basis of from 30,000,000 to 35,000,000 pounds of copper annually.

An official of the Superior & Pittsburg company states that there will be no issue of new stock, as has been rumored. Dr. Ricketts recently visited the property in company with Thomas F. Coie, and pronounced it certain to become one of the biggest producers in the country.

Trenching on the lake property, formerly the Bell, has uncovered the ledge of the Raby ledge, with little overburden. The footwall is open, and the ledge is twenty-five feet wide, with the hanging wall yet to be uncovered. The ledge rock is rich. This ledge was discovered last fall by diamond-drilling at a depth of 900 feet.

The Davis Daily company has decided to stop diamond drilling on the east 900 foot level of the minehouse. The company had been drifting on the vein and encountered some ore, but the vein became badly broken up and displaced. After exploring the ground in several directions without finding the ore body, the company has decided to further exploration with diamond drills. If the ore can be in that way be located the workings can be extended to it with certainty.

Butte has difficulty in maintaining the high rate of copper output it established last year. Something seems to happen when the output is to be cut down. The production. The strike of ore haulers, which continued for more than a month, reduced the ore shipments in June nearly 1,000 tons per day, and of ore that usually returns was above the average of copper. The June production was less than 27,000,000 pounds. Fuel shortage is again threatened.

In copper circles, it is figured that there will be no radical departure from present policy of Amalgamated until the management is in a better position to forecast the future of copper market. The Amalgamated and its subsidiaries will be in a position to pay larger dividends this year. If 22-cent copper is maintained they will receive an average price of something like 23 cents in the current year, as compared with approximately 19 cents in the preceding year. This based on an amalgamated's equity as \$24,000,000. The price of copper at 22 cents means an increase of between \$7,000,000 and \$8,000,000 in earnings, after taking into account increased operating cost.

The condition of the metal market is as sound as it was six months ago. Production of copper in this country for the first half of 1937 shows a large decrease from the production of the same period in 1936. The price of copper is almost exhausted. To claim that a price of 22 cents for copper is a bearish factor is utterly absurd. It means large profits for all the producers, and is high enough to stand up to. The average price of copper last year was a little over 18 cents a pound, and the copper companies are paying dividends on that basis. Add a profit of four cents a pound to the earnings for 1936, deduct the dividends now being paid, and no bearish argument can be made. The price of copper is almost exhausted. To claim that a price of 22 cents for copper is a bearish factor is utterly absurd. It means large profits for all the producers, and is high enough to stand up to. The average price of copper last year was a little over 18 cents a pound, and the copper companies are paying dividends on that basis. Add a profit of four cents a pound to the earnings for 1936, deduct the dividends now being paid, and no bearish argument can be made.

There is a rumor, as yet lacking verification, according to which Hubbell will shortly have a bank of his own. The banking is now being done in Lake Linden, and the village considers that it can afford such an institution as well as Mohawk and South Range.

THE CITIZENS' NATIONAL BANK HOUGHTON, MICHIGAN. OFFICERS: Graham Pope, President; C. V. Seeber, Vice-President; C. H. Moss, Cashier. DIRECTORS: Graham Pope, C. V. Seeber, B. F. Chynoweth, J. H. Jaberger, E. H. Lewis, J. H. Schmitt, A. M. Schmitt, John G. Stone, C. H. Moss.

Output of mineral for the first six months of this year has been as follows: January, 140,346 pounds; February, 127,721; March, 140,841; April, 164,392; May, 191,882; June, 186,900.

The Tennessee Copper company has been producing copper at the rate of about 1,250,000 pounds per month. Stockholders will probably receive 75 per share in dividends in the 1937 year.

The new plant being installed at the Tramway mine by the Coalition and Butte & Boston companies for the operation of the Ramus, Minnie Healey and Tramway mines is one of the best in the west for economical operation. Work on it has been going on for more than a year. The engine is a duplicate of the big one recently installed at the Pennsylvania mine, and has 2,500 horse power. The steam for the entire plant will be furnished by three batteries of two boilers each, and will have a combined capacity of 4,500 horse power.

The litigation against the Washoe smelter are looking for a decision from the master in chancery any time now, and they claim an injunction is almost certain, though they expect the terms of the Washoe smelter, if a great deal of copper in consumers' hands are almost exhausted. To claim that a price of 22 cents for copper is a bearish factor is utterly absurd. It means large profits for all the producers, and is high enough to stand up to. The average price of copper last year was a little over 18 cents a pound, and the copper companies are paying dividends on that basis. Add a profit of four cents a pound to the earnings for 1936, deduct the dividends now being paid, and no bearish argument can be made.

BUTTE COALITION.

For a fortnight now operations in the Minnie Healey mine of the Butte Coalition company have been practically suspended on account of the smoldering fire discovered recently between the 600 and 700 foot levels, the gases from which drove the miners out of the mine. The fire originated through spontaneous combustion in some old workings that had been filled in by former owners with all sorts of rubbish. The fire burned for several days before the gases became so bad that work had to be stopped, and miners were even driven out of the Leonard and Coler mines at the Boston & Montana company, which adjoin the Minnie Healey and connect with it. It was with great difficulty that the fire could be located but, when that was done, air was sent into the portion of the mine and all the smoke and gas forced out through the Minnie Healey shaft, which soon made it possible to resume mining in the Coler and Leonard and on the lower levels of the Minnie Healey.

The fire is being closely confined by bulkheads and cement walls, and openings have been drilled from the surface into the burning portion of the mine, through which water was sent to the fire. It will be some time before the

TAKE THE POSTMASTER'S WORD FOR IT.

Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and I can confidently recommend it to be used in all cases of cholera, colic, diarrhea, etc." For sale by The Stafford Drug Co.

S.S.S. PURIFIES THE BLOOD

There is no other part of our physical system upon which so much depends as upon the blood. The muscles, nerves, bones, sinews, skin, and other portions of the body are sustained, developed and enabled to perform their different duties, because they are supplied with nourishment and healthful properties through the circulation. In various ways the blood becomes contaminated and polluted. A sluggish, inactive condition of the system, and torpid state of the avenues of bodily waste, will leave the refuse and waste matter of the body to sour and form uric acid and other acids, which are absorbed into the blood and Rheumatism, or some itching, disfiguring skin disease is the result. Muddy, sallow complexions, eruptions, spots, pimples, etc., all show that some humor has taken root in the circulation and rendered it unfit for nourishing the body. There is scarcely any disease which cannot be traced to the blood. Often the disease-tainted blood of parents is handed down to children and their lives are a continual battle against disease in some form, usually of a scrofulous nature. Rheumatism, Catarrh, Skin Diseases, Sores and Ulcers, Contagious Blood Poison, etc., are all deep-seated blood troubles, and none of these can be cured, until the blood is purified through the market. This great medicine is made of roots, herbs and barks of recognized blood-purifying and building-up properties. It goes down the circulation and removes all poisons, impurities and humors, supplies the blood with the healthful properties it needs and completely cures blood diseases of every kind. S. S. S. cures Rheumatism, Catarrh, Scrofula, Skin Diseases, Sores and Ulcers, Contagious Blood Poison, etc., because it purifies the blood. Book on the blood and medical advice free. City Brevities

Today's weather: Fair; stationary temperature.
Yesterday's temperatures: Seven a. m., 68 degrees; noon, 72; 7 p. m., 75. Maximum, 81 degrees; minimum, 61.

Jacob Rose went to Chicago yesterday. Timothy Nester was a Marquette visitor yesterday.

J. H. Stewart of Menominee was in the city yesterday.

Mrs. Anthony Broad of Negaunee is visiting Mrs. John Parker.

John Reardon, who formerly lived in Marquette, is here on a visit.

Mrs. George McCombs and two children are visiting in Virginia, Minn.

Mrs. Kane of Memphis, Tenn., is visiting here with Mrs. Justice Shiras.

The "Skidoo" club enjoyed a "sunset" supper at Presque Isle last evening.

Edward Rydholm, leaves today for a two weeks' visit at Ottawa, Canada.

Dr. Shery arrived home last evening from a ten days' trip to Detroit.

Mrs. J. R. Burns and Mrs. Edward Leiby of Munising visited here yesterday.

Mr. and Mrs. Crane of Janesville, Wis., are visiting Mr. and Mrs. Noen, at the Clifton Hotel.

A. Matthews has returned to Marquette from a trip to the lead and zinc district in Wisconsin.

The Modern Woodmen of America meeting at Fraternity Hall will be held Thursday night next week.

St. Genieve's guild will meet at the home of Miss Evangeline Constance, 323 Baraga avenue, this afternoon.

Wallace Radcliffe of Washington, D. C., was in the city yesterday on his way to the Huron Mountain club.

Edward Deland, night ticket agent at the South Shore station, returned yesterday from a vacation trip to Canada.

Mr. and Mrs. Durand of Pasadena, Cal., are visiting friends in Marquette. Mrs. Durand was formerly Miss May Burt.

Mrs. J. Welsh, with her son Edward and her daughter, Miss Anna Welsh, of Ishpeming, are the guests of Marquette friends.

Rev. Ames Maywood, pastor of the Methodist Episcopal church, with his family, is spending his vacation at Middle Island point.

Dr. A. W. Hornbogen, who has been at Menominee, attending the Upper Peninsula Medical society convention, returned yesterday.

E. C. Anthony of Negaunee and O. C. Davidson of Iron Mountain attended a meeting of the board of control for the Marquette prison yesterday.

A. W. Quandt, formerly of F. W. Sambrook & Son, is again with that concern and will be pleased to quote prices on anything in the lumber line.

The South Marquette baseball team challenges any team in the county, the Marquette City club preferred. James Dunleavy, Bleinhaber avenue, is the manager.

Among the visitors from Ishpeming who were in the city yesterday were: W. M. Johnson, V. S. Hilmyer, M. M. Duncan, Edward Nelson, L. Gustafson, Thomas J. Dunlon and A. A. Duff.

John Riordan, a former resident of Marquette, who has been located in Milwaukee the past ten years, is in the city for a brief visit, having come up yesterday morning.

John Langton formerly manager of the Spahling Hotel at Duluth, where he became known to many Marquette people, is now managing the Belvidere Hotel at Baltimore, Md.

Dr. J. D. Muggson, who is connected with the Traverse City asylum, arrived in the city last evening for a visit. Mrs. Munson has been here for some time past, visiting her sister, Mrs. William McCracken.

Brigadier General Henry R. Mizner and his son, W. L. Mizner, superintendent of the Michigan State Telephone company at Detroit, are visiting in Marquette. Both are from Detroit. They will remain for two days.

P. G. People, manager here for the Northwestern Mutual Life Insurance company, has returned from the convention of the company held in Milwaukee. Clarence Brown who accompanied him, will arrive home today.

Marriage License—License to marry was granted yesterday to Harold McKinney and Bessie Johnson both colored.

They Will Marry—Honore Leblanc, Jr., a motorman, and Miss Marie Louise Roy, daughter of Joseph Roy, of Negaunee, were granted a marriage license yesterday.

Church Conference—The quarterly conference of the First Methodist Episcopal church will be held tomorrow. The quarterly meeting will be held the following afternoon. Rev. James Pascoe, presiding elder, will be here from Houghton.

Fell from Ladder—George Preston is suffering from a fractured wrist, broken in two places. Wednesday he was down some cleaning in his restaurant on South Front street, and was on the top rungs of the ladder when it broke, throwing him to the floor. The injury is a painful one.

Preliminary Initiation—A class of twenty-five members will take the first degree of membership in the Knights of Columbus next Tuesday evening. This ceremony is preliminary to a big initiation which will be held, probably on Labor Day, when a class of about seventy-five will take the three degrees of the order.

Map of Graveyard—Under the direction of the parks, streets and cemetery commission, a map of Park cemetery has been made by H. N. Kleifeld. The cemetery, which has an area of about 200 acres, is to be platted in that portion which lies just west of the pond. Before the map was prepared the only means of identifying locations was by individual plots. The map is in the office of the commission.

Life Saver Is Hurt—Attempting to extinguish a blaze at one of the fog horn buildings on Lighthouse point, Keeper Alfred Evanson, stepped through a pane of glass in his sliding feet about 9 o'clock last night, and was badly cut. The fire started from an unknown cause in a pile of slabs between the two fog horn stations. The life saving crew and the

fire department united forces in extinguishing the blaze, which did but slight damage.

Case Continued—Nathan Hoffenberg, who was summoned to appear in the court of Justice of the Peace Byrne, to answer a charge of conducting an auction sale without a license, was granted a continuance of the hearing yesterday for one week. The license fee required by the ordinance is \$10. It is charged that for the past several days Mr. Hoffenberg has been holding an auction at his store on Washington street, and the city clerk has no record of any license having been issued to him. The defendant is represented by Attorney W. S. Hill.

New Officers—The Upper Peninsula Medical society elected officers as follows at the meeting just closed in Menominee: President, Dr. B. T. Phillips of Menominee; vice president, Dr. C. L. Gerard of Escanaba; second vice president, Dr. W. J. S. Grez of Calumet; secretary, Dr. H. J. Hornbogen, of Marquette. This city was unanimously chosen as the place for holding the next upper peninsula meeting. The Menominee sessions of the association are reported to have been an unqualified success. They were interesting in a professional way, and the social features were much enjoyed.

Upper Peninsula

A Town Without Saloons—Pickford, a thriving town in a prosperous agricultural community in Chippewa county, continues its possession of the distinction of never yet having had a saloon. Another attempt to secure a liquor license has been made in vain. Desires of opening a hotel with bar in connection, an outside man made application for permission to sell intoxicants. The matter came up for consideration at a meeting of the township board at which there were present a large number of residents, among them many women who were prepared to enter vigorous protest if necessary. However, there was no dispute. Supervisor McDermid, Clerk Watson and Justices Batho and McDonald each in turn expressed himself as opposed to a saloon and stated his belief these sentiments expressed the wishes of a majority of the people. They then proceeded to fix the bonds at \$8,000 with four sureties, which closed the matter, as the prospective dealer realized at once the futility of attempting to secure bondsmen in the township for the required amount. However, while the town has always been without a saloon it is alleged that a great deal of liquor has been sold illegally by the druggists and others, and it is known that on a number of occasions drunken brawls have taken place in the public streets.

Upper Peninsula Laconics—After a service of thirty years in that capacity, J. G. Morreau, has resigned the position of keeper of the Menominee county poor house. Failing health has occasioned his retirement.

While playing with a number of young girl friends upon the front porch of her home at Menominee, Florence McKee, the five-year-old daughter of M. D. McKee, fell over the railing and landed heavily upon her arm, fracturing the member.

Dr. W. L. Williams' gasoline launch, one of the best and speediest on the river, was burned at her moorings at the Soo the other night. The launch had been used early in the evening and was put away as apparently all right. The cause of her burning is therefore something of a mystery.

The two-year-old child of John Perrin, living near the Soo, found a package of Paris green in the potato patch and when discovered had both hands in the poison which she was crowding into her mouth. The prompt arrival of a physician saved the child's life, although it was a narrow escape.

IN ONE HOUSE 98 YEARS.
Lucy M. Sawyer of Wakefield, N. H., Bids Fair to Round Out Century.

Sanbornville, N. H., July 18.—In the same house where she was born, a structure of the old colonial type, almost within the shadows cast by Croppie Crown, Moose and Bald mountains, Miss Lucy Maria Sawyer, the oldest resident of the town of Wakefield, of which this place is the business center, quietly observed today the ninety-eighth anniversary of her birth. That this aged woman bids fair to round out a full century of life there is none to dispute, and today she retains to a wonderful degree the physical vigor and brightness of mind that has been her characteristic through her long span of life.

Miss Sawyer was born July 18, 1809, and her parents were Timothy and Sarah (Dearborn) Sawyer. The father died when Miss Sawyer was but ten years of age, and the death of her mother occurred about forty years ago. She was the youngest of a family of four children: the oldest brother, Alvah, once being a practicing lawyer in Dover and afterward at Wakefield. Another brother, Luther, was a clergyman, preaching at Ossipee, and later at this place. These brothers lived to the age of eighty-two and eighty-three years, respectively, and an unmarried sister, Sarah Ann, died at the age of ninety-four.

# Opportunity

BY SENATOR INGALLS.

Master of human destinies am I!  
 Fame, love and fortune on my footsteps wait,  
 Cities and fields I walk; I penetrate  
 Deserts and seas remote, and passing by  
 Hovel and mart and palace, soon or late  
 I knock unbidden, once, at every gate—  
 If feasting, rise; if sleeping, wake before  
 I turn away. It is the hour of fate,  
 And they who follow me reach every state  
 Mortals desire, and conquer every foe  
 Save death. But those who doubt or hesitate,  
 Condemned to failure, penury and wee,  
 Seek me in vain and ceaselessly implore;  
 I answer not, and I return, no more.

(A framed copy of this hangs in President Roosevelt's working office.)

### MARKETS

#### NEW YORK STOCKS.

New York, July 18.—Such participation as was attracted in today's stock market seemed to be given reluctantly, and with reserves of suspicion and hesitation. The sudden release of the early market today was a consequence.

United States Steel showed evidence of support which checked its headlong decline. Speculators abandoned hope of an increased disbursement to Amalgamated Copper stockholders. Some satisfaction was derived from the manner of declaring the 2 per cent. disbursement for the quarter without qualification, in place of the previous distinction of 1/2 per cent. extra. The amount of the dividend was accepted, nevertheless, as a reflection of the conservative views regarding the trade outlook.

Advantage was taken of the subsidence of the selling pressure of yesterday's late dealings to resume the organized attempts to lift prices. Union Pacific was not so much singled out for these operations as for most of the time recently. St. Paul and Northern Pacific, especially the latter, took the leadership.

Money on call continued to work easier. The sub-treasury operations have yielded to the banks \$3,881,000 since the last bank statement, and the redemption of government bonds seems to play small part in their result, as the amount of the matured 4 per cent. notes yet presented is still up to \$16,000,000. The ease of the loan market is not expected to outlast the beginning of the demand for currency to move the crops, and the New York exchange rate at Chicago has declined sharply this week.

The sustained uptick at the last of Northern Pacific and one or two other stocks prominent during the day did not conceal an irregular movement in the general list.

Paine, Webber & Co. telegraphed from New York, July 18.—Copper was unchanged at 294, for spot, in the London market today, but futures declined 1/2, 10c to 287. Locally the market was steady, and the quotations were largely nominal, with Lake at 21c22, electrolytic at 20.50@21 and casting at 20@20.25.

It is reported that the Rio Tinto company and the Amalgamated Copper company have reached an agreement not to carry the price of the metal below the present basis. Some experts in the copper trade intimate that the depression recently accomplished in Amalgamated Copper stock was manipulation designed to help covering in some old forward contracts in the metal.

The fire at Minnie Healy property has reached down to the 1,200 foot level, but has been extinguished between the 1,200 and 800 foot levels. Steam and water are both being applied to the lower level, in an effort to put out the fire. The fact the fire has spread indicates that conditions are more serious than at first believed. Mining in the Minnie Healy and West Colusa has been entirely suspended, and the output of the Leonard property has been greatly reduced. More extended and vigorous measures are being employed in fighting the fire.

An assessment of one dollar per share is called on the capital stock of the Superior & Boston Copper company payable on Tuesday, the 24th of September, 1907. The stock transfer books will be closed on August 15 at 10 o'clock and will be reopened again September 4 at 10 o'clock.

**CHICAGO GRAIN MARKETS.**  
 Chicago, July 18.—The wheat market opened strong today on active buying by commission houses and shorts, based on claims the crop in Manitoba was serious injured by the dry weather. For a time the offerings were light. Today more numerous small holders took

advantage of the bulge to sell out to secure profits, and cash houses also sold freely against purchase in the country. This caused a quick decline. The market, however, soon recovered from the slump on renewed buying by shorts, many of whom apparently had oversold on the break, and the close was strong, the September up 1/4. September opened at 93 3/4; highest, 94 1/4; lowest, 93 1/4; closing, 94 1/4.

Corn—Heat weather for the rapid development of the new crop caused considerable liquidation and resulted in a moderate decline. Shippers were the best buyers. The close was weak, the September down 1/4. September opened at 53 1/4; highest, 53 3/4; lowest, 53 1/4; closing, 53 1/4.

Oats—There was an active trade, and the market was strong almost the entire session. Reports of rust in Iowa were the principal bullish influence. A leading bull was the most aggressive buyer. The market weakened following the break in wheat, but quickly rallied and closed strong, the September up 1/4.

The receipts and shipments were as follows: Receipts, Shipments.  
 Flour, barrels ..... 47,000 21,000  
 Wheat, bushels ..... 31,000 8,000  
 Corn, bushels ..... 280,000 507,000  
 Oats, bushels ..... 161,000 117,000

**Wheat Summary.**  
 Paine, Webber & Co. said yesterday concerning the wheat market:

"There was excellent trading market in wheat all day. If there is good foundation for the very bad crop news coming from the spring wheat country, then the troubles for the short seller in this market are just beginning. Winter wheat raises are small enough to see that if the spring wheat crop is badly crippled they can get almost any price they ask for choice winter wheat late in the season. There is inquiry here for No. 2 red wheat for export. A Minneapolis leader traveled 300 miles in the Northwest provinces of Manitoba and writes that he saw only one good field of wheat. He says that the territory raised forty million bushels last year and that it will not raise more than one-third of that this year. We think things are shaping for a broad bull market, but would buy on the reactions like that of this morning."

#### NEWSPAPER ADS USED TO PREVENT CAR ACCIDENTS.

Omaha, Neb., July 17.—Newspaper advertising to prevent accidents has been found efficacious by the Omaha and Council Bluffs Street Railway company.

Since the inauguration last January of a "prevention of accidents" department the company has been able to reduce the number of casualties. The department employs the services of ten road officers, who act in an advisory capacity over conductors and motormen. Lectures are given periodically and each accident is made the basis of some new precautionary measure.

In every car is a large placard with a photograph showing the proper way to alight from a street car. Space is taken in the daily papers in which systematic instruction is given to both sexes in getting on and off cars. The conductors are also given careful instructions for the care of intoxicated persons.

### BIG GOVERNMENT JOB.

**Contract for Stamped Envelopes and Paper Wrappers Changes Hands.**  
 Washington, July 18.—It is not generally known that the United States government does not make its own stamped envelopes and newspaper wrappers. For nearly thirty years this work had been carried on by the Hartford Manufacturing company of Hartford, Ct., but on July 1 the Mercantile corporation of New York, operating at Dayton, O., succeeded to the contract.

Still fewer persons are aware of the magnitude of the task of supplying the stamped envelopes needed to meet the public demand, but the following figures will show what the contractor has to do: The product must average about 3,000,000 in 1887 Italy contributed nearly 100,000,000 of these 30 cent per plain envelopes, while the remaining 70 per cent bear the return cards, names and addresses of the senders. The department permits orders of as few as 500 of these "special request" envelopes, and as a consequence a number of distinct classes of work are included in the work which reaches 3000. The consumption of paper is enormous, no less than a carload a day being used in the production of the white 2-cent envelope, which is in greatest demand.

**Postmaster-General Investigated.**  
 The contract was awarded to the Mercantile corporation only after a three weeks' personal investigation in Washington and elsewhere by Postmaster-General Meyer. The two companies mentioned were the only competitors, the bid of the Hartford company being \$3,887,633, figured on the basis of the estimated quantities required during the four years of the contract term, while that of the mercantile corporation was \$1,623,255.

A man of less experience in business transactions than the postmaster-general might not have taken the responsibility of letting such a big contract to a concern which was endeavoring to enter in a new business and had not established a plant. Naturally, there could be no other plant in existence than the Hartford company to do this particular class of work, but the guarantee furnished by the new company showing its financial standing and ability to obtain a plant, paper, machinery and labor satisfied the postmaster-general. Reports from the postoffice inspectors stationed at the plant indicate a satisfactory condition of affairs, and very soon the new envelopes and newspaper wrappers will be placed on sale.

### PROSECUTION FOR HARRIMAN.

**Damaging Evidence Against Him, Say Interstate Commerce Commissioners.**  
 Washington, July 18.—Members of the interstate commerce commission are confident that there will be legal prosecution of the Harriman lines as a result of their exposure of their unlawful operations. They assert that it will be impossible for the attorney general to raise a practical article of the changes which they have brought in their report and at the same time they explain their failure to mention the word "prosecution," in their recommendations of what ought to be done to the magnate. The fact the commission is very much irritated because it has in some quarters been condemned for the meanness of its Harriman report. The public had been led to expect a vigorous denunciation of the Harriman method of railroad management and a stinging recommendation for prosecution. Not a word was said about punishing the magnate, although there was a suggestion that there ought to be additional legislation to render impossible the gobbling up of competing lines through stock purchases by powerful systems.

"It is not the function of the commission," said an officer of that body, "to recommend prosecutions for violation of the lottery act, the statute against counterfeiting, the Sherman act and other laws. It is our duty merely to ask for prosecution. No word was said about punishing the magnate, although there was a suggestion that there ought to be additional legislation to render impossible the gobbling up of competing lines through stock purchases by powerful systems."

### FRUIT SUPPLY GROWING.

**Imports Not Keeping Pace With Exports in Oranges, Nuts and Raisins.**  
 Washington, July 18.—Fruits and nuts of domestic production are supplying a rapidly increasing share of American consumption of those classes of commodities, and in certain articles, notably raisins, prunes and oranges, the home product has practically excluded that of foreign origin. The increase in revenue made by the bureau of statistics of the department of commerce and labor strikingly illustrates the improved position of the United States during the past twenty years with reference to its ability to supply home demand for fruits and nuts.

**Exports Grow.**  
 Twenty years ago the importations of fruits and nuts amounted in value to \$29,666,666, while domestic exportations thereof were but \$2,666,666, purchases of the foreign product being thus over seven times as much as sales to foreign countries. In the fiscal year just ended importations were about \$35,000,000 and exports \$17,500,000. American sales abroad of home produced fruits and nuts being thus practically one-half as much as purchases of the foreign product. In the period from 1887 to 1907 imports of fruits and nuts have increased but 80 per cent, while exports of the domestic product have increased about 540 per cent.

The growth in exports of domestic fruits extends to practically every class enumerated in the schedules of our foreign trade. In 1887 apples were the only domestic fruits, exports exceeded \$1,000,000, contributing considerably more than one-half of the annual sales abroad. In the year just ended the items whose exports have exceeded \$1,000,000 included dried apples, apples green or ripe, sweetened fruits, oranges, prunes, and other fruits included in which may be mentioned peaches and pears to the value of \$900,000, raisins \$800,000, and miscellaneous fruits over \$2,000,000. Meantime nuts have made their appearance in the list of exported articles, and for the fiscal year 1907 their total was about \$400,000, three-fourths of which was peanuts.

### TONGUELESS HORSE THRIVES ON DAILY DIET OF HAY TEA.

Miami, Ill., July 17.—A peculiar accident occurred in White county that is probably without a parallel. Ben Houston, a farmer, who lives near Phillips town, was attending a sick horse and was preparing to give the animal a dose of medicine. The horse's head was

For a few days only Mr. Kaleel B. Bonahoom of Detroit will display at our store, on the second floor, his magnificent collection of

# Oriental Rugs

which includes some rare pieces of Kermanshah, Saruk, Taboitz Silks, etc.  
 Lovers of Oriental Art should not miss this opportunity. All are welcome.

## L. Grabower & Co.

the United States, bananas supply fully one-third of the total. Of the year's importations of bananas, aggregating nearly \$12,000,000, Central America (chiefly Costa Rica, Honduras, and Panama) supplied about \$6,000,000, the British West Indies about \$4,500,000, and Cuba considerably over \$1,000,000. Italy is the almost exclusive source of supply for the lemons imported into the United States from year to year. Imported lemons are chiefly of the Xante variety, produced in Greece. Twenty years ago \$2,000,000 worth of raisins was imported, chiefly from Spain, but the entire importation in 1907 were less than \$500,000. In 1887 Italy contributed nearly \$2,000,000 worth of oranges to the markets of the United States, the British West Indies, Spain and Cuba together supplying an additional \$500,000 worth, but in the year just ended the entire importations were but \$400,000, of which Italy supplied about one-third.

Of imported lemons Italy is still the chief source of supply, having contributed practically all of the \$4,000,000 worth imported, but showing no substantial gain over her figures of 1887. Preserved fruits imported come chiefly from Spain, with considerable quantities also from France, Cuba, Greece, Italy and the United Kingdom. Imported figs come chiefly from Turkey in Asia-greece from Spain, walnuts from France, almonds from Spain, Italy and France, and coconuts from Colombia, Cuba, British West Indies and Central America.

**PROGRESS OF THE FILIPINOS.**  
**MODERN TENDENCIES RAPIDLY ARE DEVELOPING.**  
 The Once Indolent Little Brown Men Now Have Money to Spend—Growing Market in the Island for Occidental Manufacturers—Slowly the Natives Are Adopting European Dress—They Are Learning Also the Use of Tools, but Shy at Machinery.

Washington, July 18.—By way of Europe the state department learns that the Filipinos are developing modern tendencies and that as a result there is a growing market for Occidental manufactures. An English resident of the archipelago while on a visit to London gave the following account of the change that has come over the Filipinos since the American occupation:

"From the moment that Admiral Dewey," says this authority, "at the outbreak of the Spanish war, shot his way into Manila harbor the destinies of some eleven millions of hardy little brown Filipinos began to change, and today they have money to spend, formerly they led an indolent existence; did no work save that which was absolutely essential for the winning of their daily bread. Today there exists a new race of Filipinos, and it is just as well in speaking of a practical article of the changes which have been wrought in the past decade to reverse the order mentioned above and to start with music. There is a market in the islands for all low and medium-priced wind instruments, for pianos and for talking machines. Always a music-loving people, the Filipinos have no matter what their tribal connections, maintained in every town from the northernmost part of Luzon, to the tropic south coast of Mindanao, a local band which plays always in the plazas—that is, that part of the native towns—on Saturday evenings and festa days, and in the equally inevitable cabaret on Sundays.

"Only a few weeks ago I listened to a performance by the Paranao band at Cavite, formerly the Spanish naval base, that a German or a Spaniard would have little fault with. And their instruments, such showing its furnishedness, came from Germany. Of the hundreds of other orchestras now endeavoring to equip themselves some have already contracted with American firms, and are, by the way, directly represented in Manila, as the Germans are—but it will be years before the last order is placed. The American tariff has not, therefore, disturbed to any great extent this branch of German enterprise.

"Slowly but surely, as the Japanese have done, the Filipinos are adopting European dress. For one thing they wear hats and shoes on Sunday, and there are thousands who follow the practice all the week. As yet the native dress has not been accustomed to the stiff collar, and the Filipino dandy of the Escorta or the Luneta contents himself with a shirt of the tennis order, but insists always on a bowler hat. The Filipino ladies of the upper class have always dressed well, but to the native pina cloth they are adding nearly every textile that London itself knows, and a very well known Manchester firm which was established in Manila before the war does more business in its drapery department than it formerly did in all its branches. It should be said, however, that this change in fashion applies only to the large cities, and that the country is only partially affected, but orders from the other provinces and from the Southern islands this year not infrequently include reasonably up-to-date bridal costumes, and with the latter a sewing machine is invariably requisitioned. Nowadays, too, the bride takes a tooth brush with her on her honeymoon, but it will take at least a generation to induce even a minority of the population to give up the chewing of betel root.

"The manufacture of beer in Manila is a monopoly enjoyed by a Spanish company—one of the few which remain—and it has eleven years more to run, but Australia's wine bill is growing by leaps and bounds, and it may be mentioned in passing, too, that our great commonwealth's resources have changed altogether the Filipino diet. Formerly the native ate rice and unspiced fish for every meal—keeping his poultry to fight with—but now, thanks to the nearness of Sydney, his menu may include beef, mutton, rabbit and vegetables of all sorts. Fruit he has always had, and always will have in plenty.

"The Filipino has never handled any other tool than a bolo, with which he builds houses and constructs irrigation plants of a sort on his paddy fields. Now he begins to understand the use of the hammer and nails, of saws and of the like. In the recent extension of the Manila-Bagayan railway, in the erection of the splendid 350-ton ice-making refrigerating plant in Manila, in the putting up of schoolhouses and barracks all over the island, and in a thousand and one ways he has not only helped to improve the general appearance of the country, but to learn something of a white man's taste for proper sanitation and good quarantine conditions.

"Upon machinery he gets looks with awe, but he has learned to set type, and one, some time back, turned a patent fire extinguisher onto a blaze which broke out in the Calle Cabildo, Intramuros. So it is easy to see that they are coming on, and, if space permitted one could quote many instances to show how this great mass of people, so suddenly lifted out of obscurity, are short to become a factor in the world's industrial life."

#### SHIP 26,193,448 COB PIPES.

Two Missouri Counties Net \$240,000, from "Missouri Meerschaums."

Jefferson City, Mo., July 17.—Franklin county in 1906 shipped 28,802,088 cob pipes, more familiarly known as "Missouri meerschaums." These pipes, together with extra stems, extra bowls, "cleaners" and like products of the enterprise which produced them, brought to the county \$390,400, which is more than half as much as she got from either her livestock or her grain crops, and exceeds that which came from either her mills or her forests, though all of these seem to have been profitable. In fact, it is more than double the sum her forests brought her. Gasconade county also figures in the "Missouri meerschaum" shipments, which brought her \$29,960, her cob pipe exports numbering 2,331,260 complete pipes.

#### EMPTY WHISKY BARREL BLOWS UP, MAN IS INJURED.

Fulton, Mo., July 17.—A peculiar accident nearly caused the death of Edward Tharp of the Tharp Bros. coal mine. He had bought an empty whisky barrel to be used at the mine as a water barrel. Mr. Tharp attempted to burn out the lungehole with a red-hot poker. The cork remained in the hole, rendering the barrel air-tight. The moment the hot iron reached the inside of the barrel there was a terrific explosion, which blew the barrel into fragments. Some pieces were found yards from the scene of the accident. Tharp was struck by one of the pieces or by the broken barrel. His skull was fractured and his leg broken. He soon recovered from his wounds, and it is believed will recover.

#### FRAUD ORDER HITS ASTROLOGER.

Washington, July 18.—Professor John Dix, or, as he is known when leading his troupe of simple life, plain E. V. Jones, a Boston astrologer, has got into trouble because of the lavish advertisements of himself as the "greatest in the world."

A fraud order was issued against him containing such allegations as that the fortune telling business is conducted as a simple life, plain E. V. Jones, a Boston astrologer, has got into trouble because of the lavish advertisements of himself as the "greatest in the world."

A fraud order was issued against him containing such allegations as that the fortune telling business is conducted as a simple life, plain E. V. Jones, a Boston astrologer, has got into trouble because of the lavish advertisements of himself as the "greatest in the world."

#### MOHAWK.

The Mohawk Mining company ended the first half of the current year with a production of approximately 4,785,000 pounds of refined copper or at the rate of 9,570,000 pounds for the year. This compares with 1906 production of 9,532,232 pounds. The total output for the current year ending December 31, however, will undoubtedly be in excess of this figure as the third head has just been compounded and work on the fourth will be put through as soon as possible. With three compound heads the Mohawk is able to produce in the neighborhood of 2,000 tons of rock a day. The average for the month of June was approximately 2,084 tons daily. The mineral yield of the Mohawk rock continues to show improvement and for the month just ended it was better than any month this year with the single exception of January when the average mineral return was better than 22.40 pounds to the ton against last year's average of 20.57 pounds. Figuring on an average price for Lake copper during the first six months of 1907 of 24 cents, the above production, which was for the most part disposed of, probably showed profits of 80 per share.

**Don't Starve Your Hair**

What do you think your doctor would say about feeding your hair with Ayer's Hair Vigor, the new kind? He knows that it feeds, nourishes, strengthens. The hair stops falling out, grows more rapidly, and all dandruff disappears.

Worthy Grand Messenger—Joseph Curtis, Negaunee.  
Worthy Grand Secretary—Henry Carver, National Mine.  
Worthy Grand Treasurer—Trevener Andrew, Hancock.  
Worthy Grand Trustee—Isaac Wedge, Trumountain.  
Chairman Committee on Laws—Joseph Hosking, Lake Linden.  
Chairman Committee on Finance and Mileage—Frank James, Hancock.  
Chairman Committee Appeals and Grievances—William Trebilcock, Ishpeiming.

—Appointive Officers—  
Grand Assistant Messenger—J. C. Welsh, Norway.  
Grand Chaplain—F. B. Cox, Detroit.  
Grand Inside Sentinel—John T. Miners, Trumountain.  
Grand Outside Sentinel—Ed. Dyer, Negaunee.  
Grand Assistant Secretary—R. L. Nichols, Ishpeiming.

The above are the elective and appointive officers of the grand lodge of the Sons of St. George chosen yesterday at Wadsworth's Hall. Much business was disposed of during the day, the afternoon session lasting until 5 o'clock. W. J. Allen, the retiring president, was in the chair until the afternoon session, when President Hodgson presided. The business yesterday, aside from the election of the officers, was largely on the reading of the grand lodge officers' reports, and the adoption of amendments to the constitution.

The grand lodge is in better condition financially than it has ever been before, and its membership is also greater than at any previous time. There are now 1,000 members in good standing, the increase during the past year being over 100. The two Ishpeiming lodges are credited with having a larger increase than any other two branches of the organization. The members here have been unusually active in their efforts to increase the roll prior to the meeting of the grand lodge.

Following are the delegates in attendance:  
Britannia, Detroit—Fred B. Cox.  
English Oak, Negaunee—David Grigg.  
Sir Humphrey Davey, Ishpeiming—James Trembath and R. L. Nichols.  
Victoria, Iron Mountain—John Martin.  
William Pitt, Norway—John C. Welsh.  
George Washington, Ironwood—Ed. Ward Hill.  
Duke of Wellington, Trumountain—John T. Miners.  
One and All, Calumet—Fred C. Tonkin.  
Lincoln, Lake Linden—William Vine.  
Mistletoe, Hancock—C. P. Goudge.  
Sir John Watts, National—James Kemp.  
Trelawney, Ishpeiming—John Beer.  
W. E. Gladstone, Mohawk—W. J. Barkla.

The members of the grand lodge were entertained last evening by English Oak lodge of Negaunee. Tonight at Braastad's Hall a banquet will be tendered the grand lodge officers and delegates.

**DEATH OF MISS BENGRY.**  
Popular Young Lady Passes Away After Brief Illness.

Miss Evelyn E. Bengry, oldest daughter of Ernest Bengry, cashier of the Chicago & Northwestern Railway company here, died Wednesday night after a few days' illness from blood poisoning. The young lady injured one of her fingers slightly a few days ago, and blood poisoning set in almost immediately. When taken to her bed she sank very rapidly, though her relatives and friends did not realize that her illness would prove fatal until a short time before the end came.

The deceased was a young lady of twenty years. She was born, raised and educated in Ishpeiming, and was graduated from the Ishpeiming high school four years ago, later accepting a position as teacher in a school at Webster, S. D. She remained there until last fall, when she came home to keep house for the family. The death of the young lady is a sad blow to her father, as well as to other members of the family. The funeral will be held Sunday afternoon from Grace Episcopal church.

**ORE SHIPMENTS HEAVY.**  
Strike at Duluth Has Caused Increase in Movement From This Range.

The yard employees of the several railroads handling ore from the mines of this range are just now having the biggest rush of the season, due largely to the slackening off in the ore movement from the head of the lakes, on account of the ore handlers' strike. "We cannot begin to meet the demand of the mining companies for cars," said a yard superintendent yesterday. "Just now we could use twice as many cars as we are able to get, and I believe the other railroads are in a similar fix. A number of the boats originally sent to the head of the lakes have been directed to load at either Marquette or Escanaba. Our work has been increased, but I cannot see how we are going to move much more than we have been handling lately unless they give us more cars. Occasionally every mine on the range will call for cars at the same time, and of course all want them in a hurry.

It would not surprise me if all our crews, together with the steam shovel gangs, will have to work Sundays and nights. The railroads could handle a larger tonnage daily than has gone forward at any time this season if the cars were available. The steam shovel crews would not have any trouble loading a greater number of trains. At times there are not enough cars to keep both the shovels and the gangs going, though the former are usually taken care of first during the busy part of the season. The mines have several times been obliged to dump ore on the stockpiles because of a shortage of cars.

"All of the iron ranges could use a greater number of ore cars than are now available. A comparatively small number of cars have been built the past two or three years, as the manufacturers have been rushing their orders for cars of other kinds. The shortage of box cars has been a much worse problem for the railway people than the ore car shortage."

**HAS BIG CONTRACT.**  
Norway Man to Do Considerable Work at New Town in Swanzy District.

Gust Freden of Norway has been given a contract by the Cleveland-Cliffs Iron company to clear some of the land and to do other work at the new town being laid out in the Swanzy district. Mr. Freden will have a dozen or more teams and he expects to employ a large force of men. His contract will include the clearing of 300 acres, the building of seven miles of streets and the laying of seven miles of water pipe and seven miles of sewer pipe; also the erection of 30,000 feet of fence. The contract is to be completed by the first of the year. The streets are to be graded full width, gravelled and rolled.

When Mr. Freden's crews get fairly started on their work the new town will present a busy appearance, as several other crews are to be employed there on different jobs. J. Wahlman & Son are now erecting twenty dwellings for the company's employes and it is understood that more buildings will be put up later. A number of people have applied for building lots, some for the erection of business blocks and others for homes, but no disposition has been made of any land for buildings or other purposes. The Cleveland-Cliffs company is no hurry to have outsiders begin the erection of business blocks, but complete the preliminary work first. The pipe and other material for the water works and sewerage systems were ordered some weeks ago, and are expected to arrive at any time now.

**ISHPEMING MAN MARRIED.**  
Frank Goodman, son of B. J. Goodman of this city, who is employed as a mining engineer at Lark, Utah, and Miss Cecelia Mansfield of Hancock, were united in marriage Wednesday morning at St. Patrick's church. Relatives of the groom from this city attending the marriage were his father, B. J. Goodman, Sr., B. J. Goodman, Jr., and wife, and Austin, Booth and Ruth Goodman, the latter being one of the bridesmaids. The bride and groom, together with their Ishpeiming relatives, came down from Hancock by boat, arriving Wednesday evening. From Marquette Mr. and Mrs. Goodman go to Detroit and then to Chicago, spending a few days at each place, before returning to Utah.

**HOW'S THIS?**  
We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

OPEN AFTERNOON AND EVENINGS  
ADULTS, 10c. CHILDREN, 5c.

**MINERS-OIE NUPTIALS.**  
W. J. Miners and Miss Clara Oie, both of this city, were married Wednesday evening at 7:30 o'clock at the home of E. Bergstrom on Cleveland avenue. Rev. J. Leithe, pastor of the Norwegian church, performing the ceremony. Miss Hattie Pollard of Republic was maid of honor and Miss Emma Hamberg was bridesmaid. Henry Waiters supported the groom as best man. The parlor was very prettily decorated with ground pine and carnations. The ceremony was witnessed by over 100 friends of the bride and groom. The out-of-town guests were: M. C. Thomas, Mrs. J. Pollard and Miss Augusta Weinberg of Republic; Mrs. Harvey Greene and Miss Hazel Murphy of Marquette; Mrs. Mary L. Peardon of Lexington, N. C.; Mr. Oscar Oie and Miss Birdie Russell of Munising; Miss Mable Price and Ed. Pritix of Negaunee.

**GOES WITH MUGFUR.**  
Will Blamey, who has held an important position in the auditing department of the Nelson, Morris Beef company for some years past, has resigned to take a place with John Mugfur, the fruit man, which has grown to large proportions during the past two or three years. Mr. Mugfur contemplates another trip to England, leaving early in the fall, and remaining until spring.

**WILL ATTEND DIVINE SERVICES.**  
Joseph Atwell tent, No. 937, Independent Order of Rechabites, will attend divine services at the Finnish Co-Operative hall Sunday morning at 10:30. Rev. M. M. Allen, pastor of the Presbyterian church, will preach. The members have been requested to meet at their hall at 9:30 o'clock, leaving there for the Finnish hall at 10:15. The tent has doubled its membership during the past year.

**STOPPED BY THE POLICE.**  
Great Excitement in Ishpeiming, Main St., Yesterday Afternoon.

The Savings Bank stores great slaughter sale which closes next week was brought to a standstill for a few minutes yesterday, while the Chicago Salvage Co.'s representative was throwing the men's hats from the roof of the building as advertised. The streets were blocked and the police almost helpless. The street commissioner was compelled to stop the Salvage company right in the midst of the distribution, for the crowds became unmanageable and he feared a riot.

**COAL WANTED.**  
Sealed bids will be received from coal merchants, doing business in Ishpeiming, by the Board of Education of school district No. 1, city of Ishpeiming, for 400 tons (more or less) of anthracite and 100 tons (more or less) of steam coal, run of pile, to be delivered to the various schools and the power house as needed may arise.

**MARQUETTE & SOUTHEASTERN RY.**  
Sunday, June 9th, the summer schedule of the M. & S. E. Ry. goes into effect. Sunday trains will leave Marquette for Princeton and Munising at 8:45 a. m. and 8:29 p. m. For Negaunee and Ishpeiming, 10:15 a. m., 3:55 p. m. and 8:20 p. m. For Birch and Big Bay, 8:50 a. m.  
Sunday trains will arrive from Princeton and Munising 10:10 a. m. and 8:10 p. m. From Negaunee and Ishpeiming, 9:00 a. m., No. 4 for Munising and Princeton 5:35 p. m. Week day trains arrive at Marquette, No. 1 from Princeton and Munising 8:45 a. m.; No. 32 from Big Bay and Birch, 4:50 p. m.; No. 11 from Munising and Princeton 3:30 p. m.

FOR SALE—A family driving horse, weight about 1300 pounds; not afraid of automobiles or trains; strictly a well broken family driving horse. Apply, A. F. Maitland. 6-28-17.

**LOCAL LACONICS.**

The new street sprinkler went into commission yesterday.

A. L. Comstock has added several fine horses to his livery outfit.

Fred Smith and wife of England arrived here yesterday, to locate permanently.

Herbert Gribble is the pianist at Wonderland, and his work is a pleasing feature of the entertainments.

S. D. Cohen, proprietor of the People's store, will leave in a few days on a boat trip, to be absent ten days or two weeks.

William Walters left Wednesday evening for Hibbing and Chisholm, Minn., on a visit to his stepsons, William and Charles Ellis.

The employees of the Cambria and Little mines were paid yesterday; the Bogot mine will be paid today and the Mary Charlotte employees tomorrow.

Joseph Andrews, of the copper country, who came down as a delegate to the Sons of St. George convention in Ishpeming, is visiting his friend, Joe Curtis, in this city.

A number of Negaunee baseball fans will take in the game between the Rapid River and Marquette teams at Marquette, Sunday afternoon. Some of them plan to drive down.

The program of moving pictures and illustrated songs at Allison's theatre will be changed every Tuesday, Thursday and Saturday evenings. Mr. Allison is doing a satisfactory business.

It is not expected that there will be many men working at the mines tomorrow, as most of them talk of taking a holiday, on account of the Sons of St. George celebration at Ishpeming.

The newly elected officers of Iron Mountain lodge of Odd Fellows will be installed at the regular meeting tomorrow evening. Charles Vincent will be the installing officer in the absence of R. G. Jackson, the district deputy.

John Rock, whose new home on East Main street was damaged by fire a few weeks ago, said yesterday that he may sell the property, as he has offers for it. The repairs to the building have not yet been started, and Mr. Rock said he would do nothing in that direction before he decided definitely whether he will sell. He still retains ownership of the house his family occupies on the new high school site, but he expects to dispose of it soon.

**MACHINERY EXPECTED SOON.**

City's New Electric Lighting Plant Will Be Received Within Few Days.

The Westinghouse Electric company, from which the city purchased its new turbine engine for the electric lighting plant, has advised the board of public works that the machinery will be shipped the latter part of this week or the first of next week. Henry Swartz, who is directing the rebuilding of the foundation at the city hall, and his men, will be transferred from the city building to the power station as soon as their present job is completed. The foundations for the new machinery will be started at once. There will be three of them, one for the turbine, one for the boiler and the third for the condenser. Mr. Swartz and his men will have two or three weeks' work on the foundations. The season is approaching when the lighting business will increase and the board desires to have the new plant ready for use not later than October 1. It is the board's intention to recommend to the council that a number of additional street lights be added to the street circuit, when the new plant is in operation. Many taxpayers have asked for additional lights. The council has been unable to grant these requests, as the present plant is already taxed to its capacity. With the turbine and other new equipment added the plant will be one of the finest in the upper peninsula.

**MAY OPERATE HUMBOLDT.**

Breitung Interests Have Inspected Property, and May Start Work.

The Humboldt mine, which has been idle for a number of years, may soon be in operation again. It is controlled by the Breitung interests. Superintendent James F. Foley, of the Mary Charlotte mine, visited Humboldt this week for the purpose of looking over the property, and to ascertain the condition of the company's houses and other buildings near the mine. He found thirteen dwellings in good condition, but considerable construction work would be necessary at the mine before operations could be resumed. The houses owned by the company were put in good repair by the Oliver Iron Mining company a few years ago, when its Bessie mine was in operation. At that time practically all of the dwellings at Humboldt were occupied, but since work was suspended over half have been vacant. Mining men familiar with the ore formations at the Humboldt and adjoining properties believe that there is still a great deal of ore in that vicinity, and it is thought that when work is resumed there operations will be continued for an indefinite time. It will be necessary to install a complete new outfit of machinery at the property, and new buildings will also be needed.

**BOWLING MATCHES.**

Three league matches were bowled Wednesday evening at Orr & Tompkins' alleys, the scores being:

Fred Kaiser	115	125	299
J. Johnson	144	154	364

**INSPECTED ROAD.**

M. M. Duncan and W. H. Johnston, members of the county road commission, yesterday inspected the road between the Morgan location and Marquette. Good progress is being made with the improvements and a very thorough job is being done. Negaunee people who have traveled over the highway improve last fall are well pleased. Negaunee is taking care of its end of the thoroughfare in a very satisfactory manner. The force working near the city's line will finish up within a few weeks, but it is doubtful if the county road commission's crew will complete its work to the Marquette city end this year.

**BEST MEDICINE IN THE WORLD FOR COLIC AND DIARRHOEA.**

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skrum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy, I would have. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by The Stafford Drug Co.

**ANNUAL PILGRIMAGE EXCURSION TO CANADA.**

**GOES TO PHILIPPINES.**

Negaunee Man Has Secured Government Position on Island of Butuan.

Ralph Mackenzie, who has been in Canada on a diamond drill contract the past few months, was in Negaunee Tuesday, and advised friends that he had just received his commission for a government position on the Island of Butuan, in the Philippines, where he is to be chief mining engineer at coal properties to be opened by the government. Mr. Mackenzie was appointed to the office by Quarter Master General Alsip of the United States army, and his salary is to be \$275 per month, with some expense allowances. Mr. Mackenzie received a message while here directing him to leave for the Philippines at once. His wife, who has been at her parents' home in San Francisco the past few weeks, will join him in New York. During the past two or three years he has taken a special course in mining engineering, besides conducting drill work.

**BOAT TRIP IS OFF.**

Negaunee Firemen Will Go to Ontonagon Tournament by Rail.

The committee appointed to ascertain what arrangements could be made for a boat excursion from Marquette to Ontonagon, on the occasion of the firemen's tournament the latter part of next month, has concluded that it will be better to make the trip by rail. The South Shore road has always treated the Negaunee firemen well, and it is felt it should get the business. The committee also made concessions for hands traveling with the departments. While the boat trip would be something of a novelty for the firemen and perhaps would result in bringing out a larger attendance to the Ontonagon tournament than will travel by rail, the general accommodations would not be as good as will be obtained on the railroads. Furthermore many of the firemen would go up on the boat and remain a day or so, when they would desire to return home. In that event they would have to return by rail, paying their own expenses, as the boat would not leave on the return trip. The tournament was over. A special meeting of the department is to be held soon to complete arrangements for attending the tournament.

**ISHPEMING**

**NEW FARE REGISTERS.**

The Marquette County Gas & Electric company has equipped its street cars with the latest improved ticket registers. Three different price tickets, also the passes, can be registered. The figures on the dial show the amount rung up each time. The tickets sold in book form are used largely by the working men traveling with the line cars, three cents each. These, as well as the cash tickets are recorded. With the register the conductor will be unable to tell how their cash corresponds with the indicator until the latter is removed and checked up in the office. The register will save the conductor considerable time, as they will have no reports to make out.

**WIL BUY COAL.**

The board of education advertises for bids for the coal necessary to supply the schools during the coming fall and winter. The dealers are asked to submit bids on 400 tons, more or less, of anthracite coal, and a similar amount of steam coal, both to be delivered as the board directs. The board reserves the right to reject any or all bids, which may be in the hands of J. G. Welsh, director, before 4 p. m. July 30.

**ISHPEMING IN BRIEF.**

George M. Ross, the Hartford boiler inspector, was in the city yesterday.

James Tucker, employed in the post-office, is enjoying his annual vacation.

Joseph Liddicut, a former resident, is here from the copper country on a visit to friends.

C. J. Pyms has returned from Rock Island, Ills., where he attended to Woodman business.

E. R. Nelson and family will go to Grand Island next week, to remain ten days or two weeks.

A dance will be given this evening at Cleveland park, Trombly's orchestra furnishing the music.

Mrs. Al. Humble and two children of Ely, Minn., are in the city, visiting John Muffing and son Will.

James Bunt, superintendent of the Baxter mine, near Cuba City, Wis., was in the city yesterday.

Harvey Nelson and wife, residents of Ishpeming a number of years ago, are in the city, on a visit to relatives.

Mrs. P. D. Lafrenre and little daughter will leave Sunday night for Butte, Mont., to spend a month visiting relatives.

F. Braastad & Co. are tearing down the barn on the north side of the Sven Johnson block, corner Bank and Second streets.

J. R. Thompson, at the head of the mining enterprises of the Consumers' Ore company, was here from Ironwood yesterday.

G. A. Newett and J. S. Wahlman left last evening for New York, where they will meet their wives on their return from Norway.

J. H. Malloy, Ishpeming agent of the Chicago & Northwestern Railway company, arrived home yesterday from his homestead in North Dakota.

The barber shops will remain open tonight until 10 o'clock. They will be open Saturday the usual period of time, closing at midnight as customary.

Walter Day is in the city on a visit to his father and other relatives. He is employed in the sales department of the Swift Packing company at the main office in the stock yards, Chicago. For

some time before leaving here Mr. Day held a position as bookkeeper in the Miners' National bank.

Mrs. Walter Veary left Wednesday for Shelby, Mich., to visit a few weeks with her daughter, Mrs. Ben Leece. Mr. and Mrs. Leece have a fine fruit farm at Shelby.

The Park street bowling alleys and pool and billiard hall have been closed for a month or six weeks. The interior will be gone over and the alleys and pool table improved.

John Farm will leave today for Seattle, Wash., to look after business for McLaughlin Bros. dealers in imported horses, in whose employ he has been for a number of years.

Miss Minnie McCarthy of Gladstone is in the city on a visit to her parents, Mr. and Mrs. McCarthy of Superior street. She is accompanied by her cousin, Miss Anna Long.

C. G. Goodsell, associate secretary of the Ishpeming branch of the Y. M. C. A., and wife, are to occupy the rooms on the lower floor of Mrs. Mullins' dwelling, corner Fifth and North streets.

The state board of barbers' examiners will conduct examinations in this city today, holding forth at J. H. Hooper's shop in the Nelson house. It is expected that a half dozen or more applicants will be examined.

The pep at Braastad's hall Wednesday night under auspices of the Fourth of July parade committee was a big success. Nearly 300 couples were present. The music by the Ishpeming band was excellent.

Will Duncan is home from school, to remain a month or more. He was accompanied by three school friends, T. M. Uptegraf and E. L. Kirk of Pittsburg, and W. L. Estes. They will spend the greater part of the vacation fishing and camping.

The Ishpeming Finnish mixed and male choirs will assist the Ashtabula band in the concert to be given Sunday evening at Ishpeming theatre. The members of the band will be the guests of

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y.

Home of Swamp-root. writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-root, and the address, Binghamton, N. Y.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John St., Hamilton, Ontario. "My little daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve always the pain of a burn almost instantly. It is for sale by The Stafford Drug Co.

"I used to get up in the morning with my tongue coated and sick at my stomach. I would feel as though it was almost impossible to drag myself to work. Lots of times I had dizzy spells and headaches. After using several bottles all these symptoms began to disappear and soon I began to feel like my old self again. Now I feel like a new man. It is a pleasure to work, for I always feel like it. I eat well, and sleep well and am sure I will have no further trouble with my stomach." A. G. Latubve, 167 Porter St., Detroit, Mich.

It is estimated that nearly half a million bottles of the famous Cooper medicines were sold during Mr. Cooper's recent demonstration in Chicago. We are agents

**THE EVIL EYE.**

A Superstition Still Prevailing in Rural England.

Perhaps the most common form of supposed witchcraft still in vogue in out-of-the-way rural districts is the belief in the evil eye, says the London Globe. The worst feature of the evil eye, in the opinion of the superstitious rustic, is that its baleful powers may not only be possessed by a resident witch, but also by a casual visitor or ill-natured tramp or gypsy, in which case the inflictor of the evil may not be accessible when steps would be taken to remove it. A woman who has the evil eye is generally supposed to be capable of causing wasting ailments, not only in men, women and children, but also in domestic animals, such as cows and pigs. Only a few months ago an old broomstick believed himself a victim of the evil eye because his only donkey, an ancient animal, began to exhibit signs of senile decay, and a special journey was made to a neighboring village in order that a "wise woman" might be consulted as to how the donkey might be set on its legs again. "She wor a gypsy as did it," said the old man. "She wanted me to let her have some brooms a penny a dozen cheaper than I asked for them, and I wouldn't, so she 'overlooked' my dickey (donkey)."

**FROM HOPKINS' CURB LETTER.**

"There are unmistakable signs of unbusiness over the metal situation, and further reductions are entirely probable. A big short interest is said to exist in both the New York and Boston markets and the action of these markets would tend to confirm the above statement. We have had a pretty fair decline in the leading copper prices, but they still show little or no inclination to follow the lead of New York. Superior & Pittsburg and Green-Canaan should be bought every time weakness develops. Calumet & Arizona and North Butte have sold off from yesterday's high point and should be good for a turn on further weakness. Late strength in coppers was on report of sale of 10,000,000 pounds of the metal at 22 cents; also on the report that interests in control agreed to hold price of metal at the present level."

**THE DAY'S PREVAILING PRICES:**

PHILO CHASE, Superintendent. The following reports from the committees on Highways and Bridges were received and adopted: Marquette, Mich., July 16th, 1907. To the Honorable the Board of Supervisors of Marquette County, Michigan: Gentlemen—Your committee on Highways and Bridges to which the Board of Supervisors of Marquette City and Marquette Township, relative to the changing of the highway from the old route through the eastern part of Marquette township, including the building of a steel bridge across DeKlar River, and asking the county to pay one-third (1/3) of the expense of the cost of said bridge, would respectfully report that the committee have examined the same, and find it to be a very desirable project, and recommend that the county appropriate the sum of five hundred dollars (\$500.00) out of the funds now in the hands of the county treasurer towards the building of the same, and that the same be built and completed satisfactory to your committee. Respectfully submitted, D. W. POWELL, Chairman. JOSEPH PAY, A. J. YUNGBLUTH, Committee. Marquette, Mich., July 16th, 1907. To the Honorable the Board of Supervisors of Marquette County, Michigan: Gentlemen—Your committee on Highways and Bridges to which the Board of Supervisors of Marquette City and Marquette Township, relative to the changing of the highway from the old route through the eastern part of Marquette township, including the building of a steel bridge across DeKlar River, and asking the county to pay one-third (1/3) of the expense of the cost of said bridge, would respectfully report that the committee have examined the same, and find it to be a very desirable project, and recommend that the county appropriate the sum of five hundred dollars (\$500.00) out of the funds now in the hands of the county treasurer towards the building of the same, and that the same be built and completed satisfactory to your committee. Respectfully submitted, D. W. POWELL, Chairman. JOSEPH PAY, A. J. YUNGBLUTH, Committee. The monthly reports of the deputy game and fish wardens were read in part, and upon motion, were referred to the committee on Highways and Bridges, July 19, 1907. Honorable Board of Supervisors, Marquette County, Michigan: Herewith submit report of my doings for the month of June, 1907. I have visited the following places: 1. Lake Sally and vicinity. 2. Road Lake and vicinity. 3. Beaver Creek and vicinity. 4. Marquette. 5. Skandiak and vicinity. 6. Beaver Creek and vicinity. 7. Flat Rock River. 8. Bass Lake and vicinity. 9. Silver Lake and vicinity. 10. White Lake and vicinity. 11. Little Lake and vicinity. 12. Milligan Creek. 13. Mud Lake and vicinity. 14. Princeton. 15. Little Lake and vicinity. 16. Mud Lake and vicinity. 17. Goose Lake and vicinity. 18. Camp Lines and vicinity. 19. Beaver Creek and vicinity. 20. Old Camp Four and vicinity. 21. Beaver Creek and vicinity. 22. Camp Ross and vicinity. 23. Kawanba River and vicinity. 24. Kawanba River and vicinity. 25. Marquette. 26. Harvey. 27. Negus. 28. Palm. 29. Little Dead River. 30. Mouth of Greenwood. Yours truly, MARY VITA. To the Honorable Board of Supervisors of the County of Marquette: Gentlemen—I have to submit the following reports of the animals which were employed each day, for the month of June, 1907: 1. Old Mackinac road east of Neegaunee. 2. Home on account of sickness. 3. Home on account of sickness. 4. Home on account of sickness. 5. Swanzy and Little Lake. 6. Island Lake. 7. Michigan Gold mine and vicinity. 8. Neegaunee. 9. Morgan Creek and Eagle Mills. 10. W. L. Lake. 11. Planting field. 12. Marquette. 13. Repable. 14. American mine and Clarkburg. 15. Hartford road and Teal Lake. 16. Ginnagras farm and vicinity. 17. Old Saginaw. 18. Little Dead River. 19. Schweitzer's Creek. 20. Whitehook. 21. Vicinity of city crusher. 22. Michigamme: Investigating reported violations. 23. Lake Independence and Big Bay Woods south of Winthrop. 24. Cascade. 25. Michigamme: arrested two violators. 26. Michigamme: standing court; convicted violators. 27. Iron Cliff's road. 28. Vicinity of Bellevue farm. 29. Big Dead River. 30. Vicinity of Wm. Harrington. Deputy Game and Fish Warden, Marquette County. The board was then addressed by the prosecuting attorney regarding a recent act of the legislature in regards to juvenile courts. Upon Mr. Bell's recommendation the chair appointed a committee of three to confer with the Judge of probate in this matter. The committee is composed of Supervisors

Joseph Fay, Elijah Toms, Henry S. Thompson further business to come before the board, the meeting stands adjourned until Thursday, the 5th day of September, 1907, at 10 o'clock a. m. JOHN TREBLECK, Chairman. FRANK G. JENKS, Clerk. PASSING OF THE FIGUREHEAD. Shipbuilders No Longer Put Money Into Such "Jimmarees." "Figureheads? No, they don't put any money into such jimmarees now," said the captain of the Boxer. "If they did, I suppose this one ought to have a piece of jimmaree on her, but she ain't got nothin' and never had. Figureheads has their uses, though, and it's me that knows it. You take and put a carvin' onto a vessel and it kind of gives her a reputation that, more or less, she has for lives up to it. There was the old Arner, a big yaller one, p'inted straight out under her bowsprit. That vessel aiver went straight to the p'int and minded her own business. When there was a big Mary Wile, when she had a lion's head on the end of her bowsprit. She aivers got the lion's share of whatever good freights was going in the course of a season on this river. They took the lion's head off, so Captain Williams told me, 'cause some winnower told me, without one day said it was an ugly looking thing, with its yaller eyes and its red tongue, and they put on a star in place of it; Mary Wile's gone now—lost her near Port-land year of two ago. "I kind of like the old Golden Age, as had for her figurehead a big horn with gold dollars a-spilling out of it, and she was a money-maker if ever there was one. Oh, yes, figureheads they mean something." It is as the captain of the Boxer says, Figureheads, once to be found on nearly all vessels, are now rarely seen, except on old-timers. Some were illustrative of the vessels' name, others whimsical of the owners or captains, still others symbolic of events occurring at the time the vessels were built. There was the schooner War Eagle built in war time. She had for her figurehead a fierce-looking eagle, perched upon two cannon balls and with arrows clasped in his claws. The War Eagle fought the elements for more than thirty years. She then came to an exciting end, being destroyed by the explosion of her cargo of naphtha. The schooner American Eagle was decorated with a gorgeous bird of freedom and the big American Union was covered, stern and bows, with symbols of this nation's history. The schooner Ex-ponder had a figure of John Marshall holding in his hands the Constitution outspread, and the Daniel Webster carried on either paddlebox, a medallion head of the great orator, while in her bow was hung a heroic portrait of Nelson. The last steamer, Cambridge of the Boston & Bangor line, carried on either paddlebox the coat of arms of Massachusetts. The famous old steamer Katalina had carved outlines of the mountain for which she was named, and a schooner gliding over foothills in the foreground, while the Penobscot had when new a carved head of an Indian chief on either paddlebox, with the rising sun in the background and in the foreground, an Indian paddling in a canoe across a river lake. Some years ago they made improvements on the Penobscot, and in the course of the changes the Indian chief and other adornments disappeared—much to the regret of sentimental people. When the handsome ship Belle of Bath went to Bangor, along in the seventies, to take her first cargo of deals for Liverpool, the thing most admired about her was her figurehead, the figure of a young woman gowned in the height of style of that period, including a full-back dress. This young woman created from a block of pine wood by the skill of the carver was all in white and gold and she wore, besides all her finery, a most engaging smile, which captivated the hearts of the sailors. It was a pity that the handsome young woman under the bowsprit went to smash on a foreign shore before the gill had faded from the folds of the full-back dress. The schooner Carrier Dove and the Riggs Dove of Bangor and other boats as figureheads, and the schooner Empress was decorated with a white queen with a navy blue crown tipped with yellow jewels. The schooner Napoleon carried what was supposed to be a good likeness, carved from wood, of the great general. But it looked like George Washington. The Italians are famous for the decorations of their vessels, bow and stern, and the intricacies of the designs are no less wonderful than the combination of colors displayed, which are white, red and green being the favorite. In the matter of symbols everything from a rosette to a seven-story castle is shown, and the more they can crowd into a given space the better pleased are the men of Italy—Rockland, Me., Courier Gazette. LIGHT LUNCHEONS FOR HOT DAYS. Summer-time is the season when light refreshments of some kind are needed almost every day for little trips and outings—to entertain a guest or two, and for luncheon on days too warm for heavy food. There are many summer-time biscuits and wafers baked by the National Biscuit company and packed in packages that keep out all dampness and dust of travel and also neatly preserve the original oven freshness of the contents. Among the most popular of these dainties are Social Tea Biscuits. They are so appropriate for many different occasions that a few packages in the house prepares you to serve a light refreshment without a moment's notice. Social Tea Biscuits are a real food, but so light and unusual that they tempt the appetite and make a welcome accompaniment to luncheon

### TIE-UP COMPLETE AT HEAD OF LAKE

ORE HANDLERS AT TWO HARBORS AND SUPERIOR ARE NOW OUT ON STRIKE.

### MORE BOATS FOR MARQUETTE

Efforts to Bring About a Settlement of the Trouble at Duluth Where a Mass Meeting is Held Are Fruitless.

All the docks at the head of the lake are now tied up by the strike of the ore handlers, and there seems but slight prospect of an early settlement. The predicted result is that the strike will increase the shipping at Marquette, as boats which otherwise would be sent to the head of the lakes will now come here.

The situation at Duluth is described in the following from the News Tribune: "The effort made by Bishop James Mesquite to settle the differences between the Duluth, Missabe & Northern railroad and the striking dock workers by holding a mass meeting at the city hall was somewhat of a disappointment. The majority of the strikers present would not listen to any talk of compromise, and although they appointed a committee of twelve to confer with the officials of the railroad they refused to give the committee power to make concessions. It was almost the unanimous desire of the 400 men at the mass meeting to continue the strike unless their demands for a straight twenty-five cents a day raise are granted."

Will Not Grant Raise. "President Oleott of the Duluth, Missabe & Northern railroad stated, after a conference with Thomas F. Cole, president of the Oliver Mining company, W. A. McGonagle, vice president of the Missabe road, and E. E. House, president of the Duluth & Iron Range railroad, that the railroad would not grant the demands of the strikers for a twenty-five cent raise.

"It is difficult to see how the strike can be settled, neither party will make concessions and the probabilities are that the tie-up will continue for some time. President Oleott stated that the railroad would try in every way to end the trouble in a peaceable manner, but at the same time he said that the ore handlers had deliberately violated their agreement made at the beginning of the season as to the wages and that the road would absolutely refuse to recognize their new demands."

Walkout at Two Harbors. About 600 men went on strike at the ore docks at Two Harbors Wednesday morning. The men demand the same concessions as are asked by the men in Duluth.

This strike ties up all the mines shipping ore by the Duluth & Iron Range railway. The men had been considering the move for several days. There has apparently been an unrecurrent of unrest ever since the action of the ore handlers in Duluth.

### "TAPS" FOR A VETERAN.

John McNamara, Who Came to Marquette a Pioneer Passes Away.

John McNamara, who came to Marquette forty years ago when the city was little more than a village, and when the Indians were still numerous, will be buried from his home, 137 West Michigan street tomorrow morning. Services will be held at St. Peter's cathedral and the interment will be in the Holy Cross cemetery.

At the time of his death which was caused by dropsy, Mr. McNamara was sixty-three years old. His boyhood home was in Cleveland, O., and it was just a year after he married Miss Mary Lynch that he came to Marquette. That was shortly after the fire which destroyed the town. During the civil war he fought as a union soldier and he was a member of the G. A. R.

He was an invalid for a long period and last Monday was compelled to take to his bed. His death occurred early yesterday morning. Besides his widow he is survived by eight children. They are: Mrs. Stephen Wood, Mrs. Peter Donette, John, Marvin, Edward, Frank and the Misses Anna and Lily McNamara. John McNamara resides in Los Angeles.

### STOP THE LEAKS.

Now is the time. That is our business. The best shingles for the least money. Consolidated Fuel & Lumber Co. Both Phones. (4-27-1f)

If you want dry hard and soft wood 16-inch slabs, call at or telephone to H. J. Kepp & Co., 615 Champion street Bell Phone No. 78. (5-8-1f)

### NOTICE.

Sealed proposals will be received up to and including August 15th, 1907, for the delivery of 500 cords (128-feet) of hard wood, in blocks 16-inches in length, either green or dry, same to be delivered on board cars at Marquette, and in such quantities per month as may be agreed upon. Proposals for slab wood will be entertained, provided they are hard wood slabs. Right reserved to reject any and all proposals; envelopes containing proposals should be so marked.

C. D. BLANCHARD, Supt. Power, Marquette, Mich. (7-18-1f)

TUXEDO CLUB 10c CIGAR

### FOUND DEAD IN BED.

Unexpected End of Joseph Price Shocks Large Circle of His Friends.

The funeral of Joseph E. Price, who died suddenly at St. Mary's hospital from heart disease sometime Thursday morning, will take place tomorrow morning. Services will be held in St. John's church and the interment will be in the Holy Cross cemetery.

### TO PUSH WORK ON NEW COUNTY ROAD

BOARD OF COUNTY ROAD COMMISSIONERS HOLDS MEETING AT COURT HOUSE—CRUSHER PLANT TO BE BOUGHT.

Plans to push the work on the highway between Negaunee and Marquette were discussed at the meeting of the board of county road commissioners at the court house yesterday. Upon a motion made by Commissioner Duncan, Superintendent V. S. Hillier of the board was instructed to use his discretion in the employment of contractors on the work. The superintendent was also instructed to make an estimate of the cost of depressing the road under the railroad tracks near Bagdad, so that a dangerous crossing at the point may be avoided.

Additional work that the board contemplates taking up is on roads in the southern and western parts of the county. The superintendent is to employ competent help for the purpose of making a preliminary survey of these roads, and he will at the same time locate road building material.

Recently the board received a communication from the board of supervisors of Delta county in which that body asks that a road connection be established south of Little Lake on the highway from Negaunee to Escanaba. In connection with the road building work, the board has instructed Superintendent Hillier to purchase a complete crusher plant and outfit. All three members of the board, J. E. Sherman of Marquette, William H. Johnson of Negaunee and M. M. Duncan of Ishpeming were present at the meeting.

### MARQUETTE WEDDING PARTY RETURNS HOME

THEY WITNESSED MARRIAGE OF RALPH MOORE AND MISS FLORENCE BREWER AT THE BRIDE'S HOME IN DULUTH.

Mr. and Mrs. D. W. Powell, Miss Pearl Powell, Mrs. H. F. Hanford, Mrs. Jane Mitchell, Mrs. Harry Hordogren, Miss Alice Wald and Miss Katherine Hanford who formed the Marquette party, which attended the wedding of Ralph Moore and Miss Florence Brewer at Duluth, returned to the city yesterday.

Mr. Moore passed his boyhood in Marquette and has a large circle of friends here. The bride is the daughter of a prominent Duluth merchant. The following report of the ceremony is taken from the Duluth News-Tribune: "The home of Mr. and Mrs. Frank A. Brewer was the scene, Tuesday evening, of a beautiful wedding when their daughter, Miss Florence Brewer, was united in marriage to Mr. Ralph Perry Moore. The wedding service was read by Rev. A. W. Ryan of St. Paul's Episcopal church at 8 o'clock in the presence of relatives and friends.

The decorations were in green and white daisies, feverfew and palms being used with pleasing effect throughout the rooms.

The bride was prettily gowned in soft white silk trimmed with real lace and wore a veil caught with lilies of the valley. The bridesmaids, Miss Agnes Merrill of Ashland, Miss Mabel Moore of Marquette and Miss Mabel Duncan of this city, wore dainty gowns of white with yellow girdles and carried daisies with fern bouquets. Mr. F. A. Sheridan was best man. Little Katherine Abbott and Ruby Britts were ring bearers and the wedding music was played by Brosse's orchestra.

Mr. Moore and his bride left late last evening for a wedding trip. After Oct. 1, they will be at home on East Fourth street."

### F. A. BELL APPOINTED.

Will Conduct Case Against Former Senator from 31st District.

Prosecuting Attorney Frank A. Bell has been appointed by Judge Stone to appear as special counsel for the state in the action brought against Attorney Willis N. Mills, formerly of Menominee, charged with resisting an officer. The action will be the first of the criminal matters called at the next term of court, in Menominee county, which opens on August 5, but it is not known at this time whether it will be tried, or what disposition will be made of it. R. U. Thomsen of Norway, assisted by E. J. Trudell of Menominee, will appear as counsel for Mr. Mills, who will return to the city and be present in court when the case is called.

Mr. Bell will have full charge of the state's case, and exactly what course he will pursue has not been made public at yet.

PARASOLS AND UMBRELLAS. A full line of fancy, silk and other grades at half regular price during the closing out sale at Seidenfeld's store. J. J. CARROLL & CO. (6-19-1f)

### PETER WHITE WILL TEACH WAR DANCES

MARQUETTE'S FIRST CITIZEN WILL INSTRUCT EPISCOPAL CHURCH YOUNG MEN.

### WILL BE STAGED IN AUGUST

Proceeds of Kermess Will be Devoted to the Erection of New Guild Hall North of Morgan Chapel.

How the Indians did the war dances in the early days of the upper peninsula is to be shown on the stage of the Marquette Opera House, and the dancers, who are to make the presentation are to be taught by Peter White.

The dance is to be one of the events of the Kermess, which is being prepared by the ladies of the Episcopal church and, basing his instruction upon his recollections of pioneer days, Mr. White has promised to teach a class of young men of the Episcopal church the war dance.

Held in August. The Kermess is to be held August 5, 6, 7, and 8. Besides the Indian dance, the dances of 15 countries will be presented. All the events will be in costume. Throughout the period of the Kermess, carnival will be held in the opera house and decorated booths of various countries are to be fitted up in the theater.

The proceeds of the Kermess are to be devoted to the erection of a Guild hall which is to be held in the north of Morgan Memorial chapel on High street. The cost of the structure, which is to be built of stone to match the chapel, will be \$20,000, and of this sum, Mr. White has promised \$5,000.

The Plans. The new Guild hall will be two stories high with an auditorium on the first floor and a gymnasium on the second floor. The basement will be devoted to club rooms.

A number of selections of those who are to take part have already been made by Mrs. William J. Petce and her sister, Miss Jessie Palmer, who are in charge of the Kermess. The young people of the church have been asked to appear at the chapel at the close of the services Friday evening when a rehearsal is to be held and when additional performers will be chosen.

### ORE SHOWS BIG VALUES.

Stuff Worth \$50 to \$60 per Ton Shown on Begole Syndicate Property.

The following Goldfield dispatch is from the New York Commercial: "The change in formation noted in the drift on the 315 foot level of the January White Rock lease, or shaft No. 3, at Goldfield showed values of \$50 a ton in the rock taken from the drift. At the rate the values have increased since the formation was encountered it is confidently believed that the work is approaching an ore shoot. There is six feet of the ore and it carries 3 per cent copper, besides gold and silver, the amount of copper being a distinctly new feature for Goldfield ore." Mr. Begole, who is spending the summer in Marquette, yesterday had a letter from Captain Hooper, in charge of the syndicate's operations, informing him that the ore was assaying 800, or even better than reported by the Commercial. The Syndicate owns the territory in which No. 5 shaft is sunk, and it is now being worked by leasers.

### SOO CANAL PASSAGES.

Boats Locked Through, Bound for Ports on Lake Superior.

THE BEE HIVE, 222 S. Front St., L. Getz, Prop. (7-5-1f)

### FOR SALE.

A beautiful summer home situated on the shore of Lake Superior near Middle Island Point. This camp is furnished throughout, ready for house keeping. Beside the regular furniture there is a piano, refrigerator, an improved oil stove, large fire place in main room; size of building 30 by 40.

It also has a boat and boat house, also a good barn. Now here is a chance for some one that has a little money to spend to get some real comfort. I am going to put this on the market for ten days. I have had so many applications for renting my cottage, which is something I have never done nor do not intend to. From all the applicants I have had, it seems to me there must be some one in this group that could afford a good comfortable place on the beach. Now this is an opportunity for some one that wants to loosen up a few dollars.

PETER WHITE, President | Edw S. Bior, Cashier.  
L. G. KAUFMAN, Vice-Pres. | C. I. BRAINERD, Asst. Cashier.  
W. O. JOHNSON, 2nd Ass't Cashier.

**CAPITAL, SURPLUS AND PROFITS, \$250,000.00**

## Price Reductions

IN

# MEN'S HAND TAILORED SUITS

That will undoubtedly arouse the quick interest of careful buyers.

Arguments in favor of the inspiring values presented by these determined price reductions would seem to be wholly unnecessary in view of the generally recognized high standard of the "Rose Special" clothing. The decisive measures adopted to close out all broken lines of summer clothing assure the highest possible degree of satisfaction to purchasers--the price savings speak for themselves.

Broken lots of \$18 to \$30 Suits reduced to \$15  
Broken lots of \$12 to \$17.50 Suits reduced to \$10  
All sizes in the aggregate, regular stout and slim cuts
