

STANDARD OIL IS SHOWN UP

Significant Revelations Made in a Report Submitted to President Roosevelt by the Commissioner of Corporations.

Consistently Using Its Power Both to Raise Prices and Destroy Competition, It Is Asserted, the Net Profits of the Company the Past Twenty-Four Years Have Averaged Thirty Million Dollars per Annum, and Possibly Much More.

Washington, Aug. 4.—Significant revelations are made public in a report submitted to President Roosevelt by Herbert Knox Smith, commissioner of corporations, concerning the operations of the Standard Oil company.

The report sets forth the means and methods of the Standard and the affect they have had on the consumer and on the profits of the company. It deals with profits and shows just how the manipulation of the oil industry by the Standard has affected the pocket-books of the American people.

Washington, Aug. 4.—Significant revelations are made public in a report submitted to President Roosevelt by Herbert Knox Smith, commissioner of corporations, concerning the operations of the Standard Oil company.

MESABA MINERS RETURNING.

This Week Expected to Witness the Culmination of the Strike. Hibbing, Minn., Aug. 4.—The third week of the strike of the miners on the Mesaba range probably will see the last of the conflict.

MAGILLS FREED ON BAIL.

Clinton, Ill., Aug. 4.—Fred H. Magill and his twenty-two-year-old wife, Faye Graham Magill, indicted for the murder of Magill's first wife, Pet G. Magill, have been freed on bail for an amount to be decided by Judge Cochran next Friday.

CRUELLY BEATEN IN HER HOME

STILL ANOTHER WOMAN THE VICTIM OF MURDEROUS ASSAULT IN NEW YORK. New York, Aug. 4.—Another murderous assault was added tonight to the police record of recent crimes against women.

Bloody Racial Riot.

The fighting element among the whites and blacks in the vicinity of 136th street and 58th avenue lined up according to racial prejudices again today to settle a baseball dispute.

Man Slain by Woman.

New York, Aug. 4.—Frank Gernting, aged twenty-seven, was shot and instantly killed early this morning in a house on East 83d street by Theresa Stein, aged thirty-seven, married, of the same address.

STREET CAR SMASHES THEIR AUTOMOBILE

THREE NEW YORK YOUNG MEN ARE FRIGHTFULLY IF NOT FATALY INJURED. New York, Aug. 4.—Three well known young men were frightfully if not fatally injured today when their automobile was struck by a street car and after being shoved along for thirty feet was smashed to fragments against an elevated railroad pillar.

Shocking Accident Up-State.

Middleton, N. Y., Aug. 4.—William J. Maxwell of Wurtsboro, and John S. Fields of Port Jervis, were killed in an automobile accident at Cuddebackville late yesterday.

Philadelphia Woman Killed.

Atlantic City, N. J., Aug. 4.—Mrs. Charles H. Law of Philadelphia was killed here yesterday in a collision between an automobile and a trolley car at Chelsea.

STAGGERING FINE FOR STANDARD OIL

Maximum Penalty Possible to Inflict Under the Elkins Law Is Decreed by United States Judge Landis of Chicago.

Trust Found Guilty on 1,462 Counts Charging Rebating, Court Taxes It \$29,400,000 in Decision Denouncing Rockefeller Methods, and in Addition Moves for the Criminal Prosecution Both of Oil Officials and Those of Railroad Companies.

Chicago, Aug. 4.—Judge Kenesaw M. Landis, of the federal district court, yesterday fined the Standard Oil company \$29,400,000 for having violated the Elkins law pertaining to rebates, on 1,462 counts. It was the maximum penalty possible under the statutes.

After the Railroads Now.

Backed by the cohesive forces of the United States authorities, Judge Landis will proceed against the Chicago & Alton and the Chicago & Eastern Illinois and the Chicago Terminal Railroad companies that gave to Mr. Rockefeller's oil trust the Illinois right, and he will attack the individuals of both the oil and the railroad corporations instituting and permitting such preferential rates.

Orders New Grand Jury.

When Judge Landis had concluded with the reading of his written opinion affecting the Standard Oil company of Indiana, the indicted concern, during the litigation of which the entire commercial world has been interested, he turned to District Attorney Sims and directed that a panel of sixty men appear before him Aug. 14.

Counterfeiter More Honest.

Judge Landis began to give sledgehammer blows to the Standard Oil company the moment he took his seat on the bench. No such language was ever before incorporated into judicial sentences as he shot straight at the biggest commercial association of men in all the history of the world.

Western League.

Des Moines, 5; Omaha, 4. Pueblo, 10; Lincoln, 3. Second game: Pueblo, 5; Lincoln, 1. Denver, 5; Sioux City, 3. Second game: Denver, 6; Sioux City, 2.

SATURDAY'S SCORES.

The games played Saturday resulted as follows: National League. Chicago, 3; New York, 2. Brooklyn, 7; Pittsburgh, 5. Philadelphia, 2; St. Louis, 0. Cincinnati, 4; Boston, 3. American League. Chicago, 6; New York, 3. Second game: Chicago, 5; New York, 3. Cleveland, 5; Philadelphia, 4. Detroit, 12; Washington, 3. St. Louis, 6; Boston, 1. American Association. Louisville, 8; Milwaukee, 4. Toledo, 10; Minneapolis, 3. Second game: Toledo, 7; Minneapolis, 3. St. Paul, 21; Columbus, 5. Second game: St. Paul, 2; Columbus, 5. Kansas City, 4; Indianapolis, 2. Second game: Kansas City, 8; Indianapolis, 11.

WEATHER FORECAST

Washington, Aug. 4.—The following is the weather bureau's forecast for Upper Michigan: Showers, Monday, with brisk, possibly high, south winds and thunder squalls; Tuesday, fair, cooler in the west.

OIL TRUST HIT AGAIN.

Norfolk, Va., Aug. 4.—The Standard Oil tug Radiant, having in tow a large steel oil barge, ran the barge upon a rock last night, bearing a hole in the bottom, from which about 50,000 gallons of oil ran into the James river.

WALTER WELLMAN TO SAIL SOON NOW

START OF BALLOON VOYAGE TO THE POLE IS SET FOR THE MIDDLE OF AUGUST.

Spitzbergen, July 24, via Tromsø, Aug. 4.—The Wellman-Chicago Record-Herald Polar expedition has been hampered greatly by a high wind, which at times became a violent gale, threatening the balloon house, the damage done has been repaired, and arrangements have now been perfected and the gas apparatus has been found to work most satisfactorily.

BASEBALL

STANDINGS OF THE CLUBS.

Table with columns for National League, American League, and SCHEDULES FOR TODAY. Lists teams like Chicago, Pittsburgh, New York, Philadelphia, Brooklyn, Cincinnati, Boston, St. Louis, Washington and their records.

GAMES PLAYED YESTERDAY.

Table listing games played yesterday for National League, American League, and Western League, including scores for various teams.

CAR COLLISION FATAL.

Bloomington, Ill., Aug. 4.—Robert Orr of Dwight was killed and seven others were seriously injured in a collision of interurban cars near here tonight.

POPE PIUS' DECREE OF HIGH IMPORT

Syllabus Dealing With Modernism of the Faith the Vatican's Most Momentous Pronouncement in Nearly Half a Century. Stating That God Is Not the Author of the Gospels, and Admitting that Even Though Inspired They Are Not Necessarily Errorless, Various Propositions Advanced by Catholic Writers Are Condemned as Teachings Pernicious to the Church.

THIS DENIAL SAD NEWS FOR NEWPORT

PRESIDENT AND MRS. ROOSEVELT NOT TO PARTICIPATE IN THE SUMMER SOCIAL WHIRL. Oyster Bay, N. Y., Aug. 4.—President and Mrs. Roosevelt have not accepted any invitations which would place them in the center of the summer social whirl at Newport or any other fashionable summer colony.

Looks Like a Joke.

Houghton, Mich., Aug. 4.—The Port Arthur correspondence of the Duluth-Tribune says that the idea of a boundary between the United States and Canada and as well regarding the location of the forty-ninth parallel.

AMERICAN SEEKING BURIED SPANISH GOLD BULLION.

Mexico City, Mex., Aug. 4.—Charles P. Bowker, manager of the Aguila mines, in the state of Jalisco, has a force of men employed in excavating in the mountains near the mines in search of buried gold and silver bullion said to amount to \$5,000,000.

Settled by Treaty of Ghent.

Washington, Aug. 4.—No advice has been received at the state department concerning the proposed resolution of several Canadians, led by Captain S. C. Young, for Isle Royale, in Lake Superior, with the intention of hoisting the British flag on that island and formally declaring the territory a part of Canada.

Young's Plan News to Ottawa.

Ottawa, Ont., Aug. 4.—Secretary of State R. W. Scott says that no government action has been taken to plant the British flag on Isle Royale.

AMERICAN SEEKING BURIED SPANISH GOLD BULLION.

Mexico City, Mex., Aug. 4.—Charles P. Bowker, manager of the Aguila mines, in the state of Jalisco, has a force of men employed in excavating in the mountains near the mines in search of buried gold and silver bullion said to amount to \$5,000,000.

AMBER SUPPLY DISAPPEARS.

Mines on Coast of Prussia, Worked for Centuries, Begin to Fail. Königsberg, Prussia, Aug. 4.—Amber threatens to give out. Mines which have been known since the time of Nero as being rapidly exhausted. Almost all the amber commerce is derived from mines on the Baltic coast of Prussia.

HAS NOT MADE UP WITH MOTHER.

New York, Aug. 4.—Evelyn Nesbit Thaw denied today the report sent out from Pittsburg that she has had a reconciliation with her mother, Mrs. Charles J. Holman of that city. "I have not been in Pittsburg in many months and have not the slightest intention of going there," said Mrs. Thaw. "I am going to stay right here in New York."

THIS INVASION MUST BE A JOKE

Or Probably Capt. Young of His Majesty's Forces in Canada Is Not Well Posted on North American Geography. Contending That the 49th Parallel Forms the International Boundary in Lake Superior, Redcoat Heads Expedition from Port Arthur to Hoist the Union Jack on Isle Royale, Whereas the Line of Latitude in Question Is Fifty Miles to the North.

Duluth, Minn., Aug. 4.—A special dispatch from Port Arthur to the News-Tribune says: Isle Royale, the historic, picturesque gem of Lake Superior, is to be invaded by Canadians, led by Captain S. C. Young of the Ninety-Sixth regiment.

The British flag will be hoisted on the island and the territory formally declared part of the British empire, a portion of Canada.

The expedition left here Saturday evening. As soon as a landing is effected, the union jack will be raised. All will be done in an orderly manner, but it is altogether likely that resistance will be offered by the United States customs officer, should that dignitary demand that the vessel carrying the expedition comply with the regulations of the department which he represents.

Isle Royale has been held since early in the last century by the United States, but all Canadians acquainted with the geography and history of the country resist the supposition that the island is rightfully held by the United States.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Mayor Robertson has a place on the water board to fill. He will, it is said, make the appointment tonight.

Mr. Ziehr needs no manager. He is abundantly able to keep out of deep water without the assistance of a second party.

It's something for Detroit to have headed the American league, even if the margin was the narrow one of a fraction of a point.

The Iron Ore says that from now on Ziehr should advertise himself as the champion flunker, instead of claiming to be the premier Cornish wrestler.

The knell of the Northern-Copper Country league has been sounded as far as next season is concerned, but it is expected that it will be able to play out the schedule for this year.

Attorney General Bonaparte will ask for a receiver for the powder trust. It would not do to bust it up, for the government needs its smokeless powder for the army and navy.

The business men of Escanaba are going down into their jeans for \$125 a month to defray the expense of extra illumination, by incandescent globes, of the business streets.

The council meets tonight. It would not be out of place for it to canvass the question of giving North Marquette water, and it would be interesting to find out where the aldermen stand.

There were 139 delegates to the Tuscola county convention and it is said that all but twenty-two of them were reposing in the usual place—Tip Atwood's vest pocket.

"Teofilo Petriella," is the name of the fellow who is trying to hold up the business on the Mesaba range, and it isn't much of a name, either, according to our way of interpreting it.

The summer term of the Northern Normal is closed. The attendance reached 400, and showed the best gain of any summer term since the institution was opened.

"What shall we have for breakfast?" "Why Cudahy's Peacock Ham and Eggs of course; they are always acceptable, especially at this season of the year."

There were 139 delegates to the Tuscola county convention and it is said that all but twenty-two of them were reposing in the usual place—Tip Atwood's vest pocket.

There were 139 delegates to the Tuscola county convention and it is said that all but twenty-two of them were reposing in the usual place—Tip Atwood's vest pocket.

Judge Wolcott of Grand Rapids, speaking before the meeting of probate judges held to discuss the juvenile court law, advised that they pay no attention to the opinion of the attorney general that the law is unconstitutional, but that they proceed on the theory that the law is good until the supreme court rules to the contrary.

Governor Warner's statement regarding the constitutional convention is timely and pertinent. The work of this convention, if well done and ratified at the polls, will mark an epoch in the history of the state.

There is some talk of Marquette seeking the next firemen's tournament, a number of the business men being reported to have urged the delegates to the firemen's convention to go after it.

The report is altogether optimistic. It is confidently expected that the prosperous conditions cited in it will continue and that the entire period of twelve months will prove to have been the most prosperous in the history of

Johnson has done well. Governor Johnson of Minnesota has handled the strike situation on the Mesaba range with a certain hand, and by persuading the strikers that he would act vigorously were there any reason given for his doing so he has been a big factor in preventing blood-spilling and the destruction of property.

The summer term of the Northern Normal is closed. The attendance reached 400, and showed the best gain of any summer term since the institution was opened.

COAL MINING CONDITIONS.

Better coal mining prospects than ever before are indicated in the latest bulletin on the industry issued from the bureau of labor covering the seven months immediately prior to June 30, 1907.

During the seven months 1,996,298 tons of coal were produced as against 1,372,854 tons during the preceding twelve months. The average cost per ton was \$1.63, as against \$1.50 for the twelve months preceding.

The Saginaw valley comprises practically all of the important mining districts of Michigan. Twenty-eight out of the forty mines in the state are located in Saginaw and Bay counties, and of the total of 1,996,616 tons of coal mined 1,080,616 came from this district.

By virtue of an order of sale issued out of the United States district court for the Western district of Michigan, on the 21st day of June, A. D., 1907, notice is hereby given that I will sell by public auction, for cash on Tuesday, Aug. 13th, 1907, at 2 o'clock p. m., at Frank Perry's dock, at Sault Ste. Marie, Mich., the gasoline launch "Marydell," her boats, machinery, furniture and appurtenances as she now lies near the dock at Sault Ste. Marie, Mich.

United States Marshal, By E. D. MOSHER, Deputy United States Marshal. Dated, July 30, 1907. (7-30-8-1-3-5-7)

The Cause of Many Sudden Deaths.

This is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

Sealed proposals will be received up to and including August 15th, 1907, for the delivery of 300 cords (128-feet) of hard wood, in blocks 16-inches in length, either green or dry, same to be delivered on board cars at Marquette, and in such quantities per month as may be agreed upon.

Mrs. Herbert Fox, who has been visiting for the past two weeks in Menominee, has returned home.

Morgan Jopling will give a dance to-night at his home, the residence of Peter White, his grandfather.

John D. Mangum, the postmaster, has gone to Massena, Ont., to look over lands in which J. F. Wilson is interested.

The Kermis will be given at the opera house Tuesday, Wednesday, Thursday and Friday evenings of this week.

Peter Adolph, formerly with the Marquette Hardware company, is now employed at the grocery of Watson & Palmer.

Mrs. Fred Kern has returned to Oshkosh, after a six weeks' visit here. She was accompanied by her sister, Miss Nellie Fryfogle.

Mrs. A. D. Macdonald of New York and aunt, Mrs. Gavreaut, of Montreal, have arrived here to spend some weeks with relatives.

Mrs. J. O. Priley and her daughter of Hibbing, Minn., who have been visiting Mrs. Priley's father for the past ten days, have gone home.

Miss Margaret Healey, who is employed in the postoffice, has returned from St. Anne de Beaupre, where she has been for the past three weeks.

The Ishpeming band gave the customary concert at Presque Isle yesterday and large numbers visited the resort, despite the rather cool weather.

The Misses E. McLay, L. McDonald and M. Closs of Lake Linden, Normal students who remained after the school closed for a brief visit, have left for their homes.

John Butler, a former Marquette man, met a violent death in the West last week. He was killed by a premature explosion in a mine of which he was superintendent.

H. K. Jennings and Mrs. Jennings of Charlotte, Mich., were in the city Saturday. They are visiting Mr. Jennings' brother-in-law, Judge Potter, of the probate court, at Ishpeming.

Mr. and Mrs. Charles E. Johnson and Mr. and Mrs. James Johnson, with their families, spent Sunday in Munising, where they visited Gustave Johnson, cousin of the Messrs. Johnson.

Vincent McCarthy, formerly a South Shore brakeman, who was painfully hurt a year ago when he was crushed between two cars, left Saturday for Detroit. For the past thirteen months he has been a patient at St. Mary's hospital.

There was a large traffic to Birch and Lake Independence over the Marquette & Southeastern yesterday. Many people went up to fish, but more to pick berries. The berries are plentiful, and many bushels were brought in last evening.

Mrs. Ira A. Blossom and her sons Charles and Leonard, who recently arrived in Marquette from Grand Rapids to enjoy a visit with friends, left Saturday evening for Munising. After a stay there of about two weeks, they will return to complete their visit here before returning to southern Michigan. Marquette is the former home of Mrs. Blossom, her husband, who is prominent in Michigan insurance circles, having been located here for a number of years.

Lodge Moves—The Pere Marquette tent, No. 758, of the Maecabeans, has moved from Fraternity Hall to Siegel's Hall. The lodge meets tonight.

Contract Awarded—The committee in charge of the construction of St. John's French Catholic church has awarded the contract for the installation of the steam heating plant to Herman Stensrud of this city. Bids for the work were received from plumbing concerns at Green Bay, Ishpeming and Marquette.

I. C. S. Car Here—One of the International Correspondence Schools demonstration cars is in Marquette and is situated in the South Shore yards near the depot. The schools, which are located at Scranton, Pa., have a number of these cars which are sent about the country for the purpose of giving practical aid and instruction to students.

Won at Champion—In a ball game played at Champion yesterday the home team was defeated by the Lake Shore Engine Works club of this city by the score of 17 to 2. The batteries were Ed. Smith and Wm. Rossiter, for the Marquette nine, and James Blaney and J. Kashan for Champion. The Champion batsmen were able to solve Smith's delivery only in one inning, and then to only a small extent.

Teachers' Examination—A. E. Sterne, county commissioner of schools, has announced an examination of teachers for all grades of county certificates, to be held at the Normal school Thursday, Friday and Saturday, the 8, 9 and 10th of this week. Applicants for second and third grade certificates will be required to complete their examinations of the first two of the three days. Applicants for first grade certificates have the third day only.

Baseball Yesterday—The West End Juniors defeated the Gately team of Ishpeming at the fair grounds yesterday afternoon in a rather one-sided game, winning by a score of nineteen to nine. The West End Juniors have won three out of four games played with the Gatelys this season, by the scores thirteen to ten, ten to four and nineteen to nine. The Gatelys won one game, nine to eight. The batteries for the Marquette team yesterday was Devine and Beaudin, and the Gatelys had to put in two pitchers. At the old fair grounds the Rival Juniors defeated the Baraga school team in a well played game by the score of ten to seven. Neault and

LaFave were the batteries for the Rival Juniors and Theault and Bennett for the Baraga school team.

No South Shore Berry Train—Due to a lack of passenger coaches, it has been announced that the South Shore will run no huckleberry trains this season and pickers who wish to visit the patches at Sand river and other points down the line will have to go by regular trains at the regular fare. In past years the road ran special trains to these berry patches, giving a round trip rate of twenty-five cents. Huckleberry pickers who wish to go to Sands may take a freight which leaves the freight office at 7 o'clock each week day morning and, returning, take another freight which arrives in Marquette at 8 o'clock in the evening.

Record Broken—The record made by the ore carrier J. Pierpont Morgan when she left Marquette about ten days ago, carrying a cargo of 11,450 tons, has been broken by the Norman B. Ream, which sailed Saturday with a cargo of ore amounting to 11,843 tons, the largest that has ever been taken out of the port. As the strike at the head of the lakes has been adjusted it is not believed that any more of the larger ore boats will come to Marquette this season, but instead they will go to the ports which were closed by the strike where there are better facilities for handling the big fellows.

Passenger Boats Here—The Tionesta bound from Buffalo to Duluth, and the Japan from Duluth to Buffalo, were both in port at the same time Saturday. The passenger lists of both boats were large. Among those who departed on the two steamers were: Mrs. Dr. Otto, Mrs. Mrs. R. O. Steele and Miss Helen Kelly, all of Ishpeming for Duluth; Mrs. J. Anderson, the Misses Gable and Libby, I. W. Marinas and Mr. and Mrs. Orr also for Duluth; Miss Ida Collins for the Soo; Miss Carroll for Detroit and Mrs. and Mrs. J. E. Hodge for Houghton. The Tionesta sailed at 10 o'clock in the morning, and the Japan at 11 o'clock.

MARQUETTE NINE ON TOP.
Took Two Games from Rapid River Ball Team Saturday and Sunday.

Wearied from a journey across the upper peninsula which started early Saturday morning, and weakened by the absence of four regular team members, the Marquette baseball nine Saturday defeated Rapid River on the latter's grounds by a score of 11 to 9, and yesterday, when another game was played with the same team at the same place, the victory was repeated by a score of 3 to 2.

Yesterday's result made Marquette's third victory over Rapid River. The first game was played here two weeks ago, when the score was 7 to 4 in Marquette's favor.

In Class by Itself.

Rapid River is considered one of the fastest teams in the peninsula. The team's showing for the season with other nines, except Marquette, has been good. Their coach and catcher, Lowell, is a college star, a member of the University of Michigan nine, and their one-arm pitcher, Brazelle, has made a reputation by his twirling this season.

Considering the condition of the Marquette team when it went to Rapid River, and the circumstances under which these last two games were played, with their result, the inference is that the Marquette team, as a strictly amateur organization, is in a class by itself.

WEATHER IN JULY.
Unlucky Thirteenth was the Warmest Day of the Entire Month.

The warmest day of last month was the 13th, when the thermometer recorded 84 degrees, and the coolest day was the second of the month when the lowest temperature recorded was 47 degrees. The temperature fell as low as 47 degrees also on the fifth, but the mean temperature on the fifth was 56 degrees, and on the second it was 54 degrees.

During the month there were ten days of clear weather and seven days when the sun was not seen. The rest of the fourteen days of the month were partly clear and partly cloudy. In the thirty-one days of the month 2.13 inches of rain fell, a little less than twice the amount which fell during July of 1906, and a little more than fell in July of 1905. More rain fell last month than at any time within the same period since 1904, when 3.01 inches were recorded. During July of 1903 the heaviest fall of rain recorded in thirty-six years fell, 6.79 inches.

The mean temperature for last month was 64 degrees and the coldest mean temperature recorded for the same month during the past thirty-six years was in 1891, 60 degrees. The warmest July for the past thirty-six years was in 1878 when the mean temperature reached 70 degrees. For the past five years the mean temperature for July has ranged from 62 to 64 degrees, 1904, 63 degrees and 1905, 62 degrees being the coldest.

During last month the wind was for the most part from the west and its average velocity was 8.9 miles an hour. The maximum velocity reached during the month was thirty-two miles an hour. The figures are taken from the monthly statement issued by Observer Henry R. Patrick.

KIRMES NOTES.
The opera house is ours for the week; the pavilion also.

There will be no reserved seats, but as there will be four evening performances and two matinees, everybody should get to the Kermis. Don't sit in the same place all the evening. There will be a half hour intermission in the middle of the program. Move around and enjoy yourselves.

Find the tea and ice cream in the Japanese tea room. Find the hot coffee and Dutch lunches at the Dutch booth. Find something to smoke at the Turkish booth. Hunt round the lemon tree for lemons. There will be prize packages at the country store. There will be fifteen dances each evening. You will enjoy every one so thoroughly that you will be hungry long before they are finished. Nothing makes people so hungry as a thoroughly good time. The American drill is the largest dance, so far as numbers are concerned. Forty children will participate, and it will be followed by a Yankee Doodle dance.

Don't forget to be prepared to vote for the most popular dance from the first evening.

REPUBLICAN COUNTY CONVENTION

A Republican convention for the county of Marquette is hereby called to convene at McDonald's Opera House, in the city of Negaunee, in said county, on Saturday, Aug. 10th, at 10:30 o'clock a. m., for the purpose of selecting fourteen delegates to attend the senatorial district convention, which has been called to convene in the city of Ishpeming on Tuesday, August 13th, for the purpose of selecting three candidates for delegates to the constitutional convention for the state of Michigan.

Table of delegates for Marquette City and Negaunee City.

Table of delegates for Ishpeming City and Townships.

Champion 177, Chocoy 46, Ely 46, Forsyth 324, Humboldt 65, Ishpeming 35, Marquette 41, Michigan 120, Negunee 15, Powell 83, Republic 34, Richmond 162, Sands 44, Scandia 100, Tilden 102, Turin 39, West Branch 54, Wells 44.

Total number of delegates, 75. The city of Marquette, having reduced the number of her wards from eight to five since the election of 1904, the number of delegates to be given to each ward in that city is determined for the purpose of this call by assigning to said city sixteen delegates, the number it is entitled to according to the vote cast in 1904, and dividing these among the different wards according to the vote cast for justice of the supreme court at the general election held in April, 1907.

By order of the committee. M. M. DUNCAN, Chairman of the Republican County Committee for Marquette County.

E. W. M'PIERIAN, Secretary of the Republican County Committee for Marquette County.

(Additional Ishpeming on Page Seven.)
BIRTH REGISTRATION LAW IS IMPROVED

COMPENSATION NOW ALLOWED FOR COLLECTION OF DATA, ALSO FOR REGISTRARS IN CITIES OF OVER 10,000.

The new birth registration law passed just before the adjournment of the legislature, and which became effective June 27, is satisfactory to the physicians, midwives, nurses and registrars, as under the provisions the persons authorized to collect the data for the record of births receives a compensation of fifty cents for each certificate. Under the former law no pay was allowed for this work to physicians, midwives or nurses, and the registrars in cities over 10,000 population were obliged to receive the record, enter its contents in duplicate on a book provided for that purpose, send the original to the department at Lansing, also do other work, including the making of quarterly reports to the county clerk, and annual reports to the city assessor, without compensation. In the smaller cities and townships the registrar received a compensation of twenty-five cents for each birth recorded.

Physicians in many parts of the state held meetings and adopted resolutions protesting against the law on the ground that they should not be expected to do the work without pay. The city clerks, a large majority of whom are the registrars, appealed to the representatives in their districts to work for the change, and as a result the law was amended with practically no opposition. In cities of the size of Ishpeming, where there are from 400 to 500 births registered annually, there is considerable work in connection with the records, not only for the registrar, but the physicians, midwives and nurses, as well. The sum to be paid the person gathering the data and filling out the form provided by the state is not too much, nor will the registrar be overpaid. In fact the latter frequently has a greater amount of work in connection with the recording of the births than has the person returning the certificate. Occasionally certain data are omitted from the certificate, making additional work necessary on the part of the registrar.

The registrars for the cities of Detroit and Grand Rapids have to record the births and do the other work as required under the law without compensation.

Under the new law the persons entitled to compensation will be paid by the treasurer of the county in which the registration district is located upon presentation of the proper warrant issued by the secretary of state. The warrants shall be issued only at the end of the registrars' official year, or for the year ending March 31, when continuing in office. Any physician, midwife or nurse entitled to fees provided by the act shall, on or before the first day of April of each year, file a sworn itemized statement upon blanks provided by the secretary of state. The claims must be filed with the registrar in the district where the births are recorded. It shall be the duty of the registrar to make a comparison of the statement presented by the physician or other person entitled to the compensation with the records on file in his office.

The amendment to the law will mean the distribution of several thousand dollars annually among the physicians, midwives, nurses and registrars, but it will insure a much more careful observance of the law than formerly.

MARRIED SATURDAY EVENING.

Miss Hulda Lind and Mr. A. R. Rickstad were married Saturday evening at the home of the bride's parents, Mr. and Mrs. Andrew Lind, on Michigan street, in the presence of about sixty invited guests. Rev. W. N. Fletcher, of the Calvary Baptist church, performed the ceremony and Miss Sandstrom, friend of the bride, played the wedding march as the couple entered the parlor. Mr. Rickstad, a brother of the groom, and Miss Anna Rickstad, a cousin, supported the couple. The parlors were tastefully decorated with evergreen and smiles. Immediately following the ceremony a reception was held and a wedding supper served. Mr. Rickstad is baggage man at the Chicago & Northwestern depot and the bride is one of the city's well known young ladies. The couple will make their home with Mr. Rickstad's mother on Vine street until they begin housekeeping.

FOR AN IMPAIRED APPETITE.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "I have restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free. The Stafford Drug Co.

Father says: "Say, Mother; can't you make us some more of those fine doughnuts if I will bring home a pair of Cudaly's Peacock Lard again?" (11-27-e-o-d)

EAGLES WON GAME.

The Eagle baseball team of this city defeated the Michigan team by a narrow margin at the Union Park yesterday afternoon, the score being 8 to 7. The game was a fast one from the first inning and it was only by the clever work of the local battery that the visitors were defeated. Andrews and Nichols, who constituted the battery for the Eagles, did some fine work, having a large number of strike-outs to their credit. The fielding of the Michigan team was far above the average and they batted well. Both teams put up an unusually strong game of ball considering the poor condition of the diamond.

REMEDY FOR DIARRHOEA. NEVER KNOWN TO FAIL.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. Jenison, Spring Grove, York county, Pa. This remedy is for sale by The Stafford Drug Co.

Orders for piano tuning left at William Leininger's furniture store, or at 206 Cleveland avenue, will receive prompt attention.

**BANK'S NEW VAULT
IS BURGLAR PROOF**

**IMPROVEMENT WORK PROGRESS-
ING FAVORABLY—BOTH METAL
AND STONE CORNICE HERE—
CONTRACT FOR HEAT-
ING PLANT LET.**

Work on the new First National bank building is well advanced and the contractors expect to have most of the exterior brick and stone work completed by the end of the week. The stone and the large galvanized iron cornices arrived in the city Saturday. They will be placed in position immediately, as the scaffolding is now in readiness for the work. Hoffman & Bauer, of Milwaukee, will have men here this week to put up the metal cornice, and A. P. Wilson, the contractor, will place the stone cornice and coping. When the brick work is completed the whole exterior of the building will be enameled.

The interior of the old building will be remodelled and a number of offices will be laid out in the rooms recently occupied by the Iron Herald in the north end of the building. This space will be divided into six good-sized rooms with vault accommodations. The fireplaces will be removed from the front suite of rooms in the second story, and they will be replastered and tinted.

W. G. Tracy, of the Detroit Safe company, is in the city superintending the construction of the vault, which extends from the first to the second floor. It was the intention to start the vault in the basement, but this plan had to be given up, owing to the large amount of water which was encountered while enlarging the basement excavation. The bank building is directly above the bed of an underground creek which has gathered the property owners in that part of the city for years. Engineers have found that the building is on a level with this stream and that it would be impracticable to build a basement vault. The present vault is a substantial one. The money vault is on the west side of the building and is built of concrete and steel, making it burglar proof. The book and record compartment is opposite the money vault, on the east side. On this side the compartment is built of solid concrete, two feet thick, adjoining a brick wall. The book vault will extend to the second floor, and space will be allotted to the office tenants.

The Lake Superior Heating company, of Ishpeming, has the contract to install the heating plant. It will be a modern one, of the hot water type, and will be capable of supplying 4,500 feet of radiation. Work will be started on the hot water plant this week, and it will be completed before the remodeling of the rooms in the front part of the second story is commenced.

BUILDING IMPROVEMENTS.

Mrs. A. C. Mackenzie, who recently purchased the Sterling residence on the corner of Main street and Mackenzie avenue, has started to remodel the house. One of the wings will be cut off and entirely rebuilt. The residence was recently occupied by Mrs. Patrick Carroll and family.

A. J. Bice is moving his house from the corner of Teal Lake avenue and Peck street to Kanter street. There is only one more house to be moved from the site of the new high school, this being the residence owned by John Rock. It will be moved in the course of a few days.

Captain E. Toms is building a new six room house at the Teal Lake location.

FAMILY DETAINED.

Charles Simmons, who has been in this city for the past five years and who was this week expecting his family from England to join him, received word from the immigration officials at Ellis Island that the family had been detained here. Papers were sent to this city for endorsement, to show that Mr. Simmons was capable of supporting them. His little son, who has been afflicted with a crippled foot since birth, was the cause the government officials gave for keeping the family in New York. The papers were forwarded to Ellis Island last Thursday and the family is expected to arrive here the first of this week.

SUNDAY SCHOOL PICNIC.

The children of the Mitchell Methodist Sunday school society held a most enjoyable picnic Saturday at Cleveland park. Unfavorable weather threatened in the morning, but the sun came out by noon and the rest of the day was perfect for the outing. Several carloads of young people, as well as a large number of the older folks, went to the picnic in the morning and in the afternoon the Negaunee City band turned out. It gave a delightful concert and the children enjoyed themselves with various games, etc. The boats at the pond were in use all day and refreshments were served.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam H. Gwin, Concord, Ga. For sale by The Stafford Drug Co.

WILL SOON BE A SHIPPER.

Effort Will Be Made to Send 50,000 Tons from the Empire.

The Empire mine, Cascade range, at which work has been conducted for the past two years, will soon be on the shipping list. Operations up to this time have been confined to the development of the mine, the erection of buildings and the installation of a complete new outfit of machinery. A track was extended to the property from the Chicago & Northwestern Railway company's Cascade line some months ago, since which time the work at the Empire has progressed more rapidly than formerly. The mine is now well equipped with machinery, including a new ore crusher. When operations were resumed John T. Jones of Iron Mountain, and some Chicago capitalists were in control of it. They disposed of their interest some months ago to Ogilby, Norton & Co., who plan to operate the property on a fairly large scale. The superintendent has been directed to ship 50,000 tons of ore between now and the close of navigation.

BIG CONCRETE JOB.

Sub-Contractor on Odd Fellows Block Gets One at Hurley, Wis.

A. C. Stuart, who on Saturday completed the concrete foundation at the Odd Fellows block, has shipped his outfit to Hurley, Wis., and his men will leave for there today. Last week he secured a big contract in that town and he expects to keep his force busy until fall. He is to put in 30,000 feet of walk and 10,000 feet of curbing. Very little concrete work has been laid at Hurley, and it is likely that Mr. Stuart will have sufficient work to keep his two crews busy for a year or more. He will also have opportunities to get work at Ironwood, where concrete work was started last season. Anderson & Kilbride, who have had crews working in this county for the past three or four years, have done considerable work at Ironwood, starting there a year ago.

Mr. Stuart has been doing work for T. M. Solar, who is to erect the Odd Fellows block, for some months past. He put in the concrete foundation for the new high school at Ishpeming. He has been making a specialty of foundations for some years, and he has a fine equipment. His mixing machine does excellent work. The brick layers will probably not begin work on the Odd Fellows building until a week from today, as it is necessary to allow about ten days for the concrete to settle. Several loads of lumber to be used in the building have been delivered.

LOCAL LAONICS.

G. R. Webb of Duluth, was in the city Friday and Saturday.

T. M. Wells arrived home Friday from a few days' trip to Houghton.

The employees of the city were paid Saturday for last month's work.

Henry de Lafreniere of Ashland was in the city Saturday on business.

The front of the Lobb building on Gold street has been treated to a coat of paint.

R. E. Anderson and Joseph Robertson, of Ontonagon, were in the city Saturday and Sunday on business.

Mrs. Anna Ryan and daughter are visiting in Gladstone with Mrs. W. J. Mick, the eldest daughter of Mrs. Ryan.

Matt Sundell has completed plans for the erection of a one-and-a-half story house at the Buffalo location.

The Finnish Glee clubs of this city and Ishpeming held a picnic at the Cleveland park yesterday afternoon.

John F. Allison has transferred his pool tables from the second story of his building on Iron street, to the first floor, in the rear of his jewelry store.

Manager Holmberg of "Wonderland" will today complete the installing of a steel coop for the moving picture machine. The coop will be portable.

The sidewalk grade was established Saturday on the north side of West First street, between Nichols and Lammille, where a concrete walk is to be laid.

Mr. and Mrs. S. O. Clinton, of Baraga, are in the city to spend the remainder of the summer. Mr. Clinton is superintendent of the Baraga public schools.

J. D. Chubb, the architect, arrived from Chicago Saturday morning, on business connected with the new Odd Fellows block and the new high school.

Mr. and Mrs. C. I. Smith, of Green Bay, who formerly lived in this city, are at Little Lake spending the summer with Mrs. Smith's father, Charles Mueck.

Dr. J. E. McCarthy and wife and John McCarthy left Saturday morning for their home in Fond du Lac, after a short visit with J. E. O'Donoghue and family.

The funeral of the late Mrs. Frank Baraga, east end of St. Paul's church, Saturday morning at 9 o'clock. A large number of friends attended the obsequies.

The Young Ladies' society of the Swedish Lutheran church held its annual picnic at Presque Isle Friday. The party went down on the morning train on the South Shore, returning at 6:30.

George Williamson and wife have returned from Oshkosh where they visited friends. Mr. Williamson brought back a fine driving horse, which he purchased in Wisconsin.

Mike Cushing, who has been engaged on the Longyear & Hodge drill operations in the Swanzy district, has been transferred to a drill being operated near the Dexter mine.

John D. Clark, who has been in the employ of the Cleveland Cliffs Iron company in its land department for the past year, has accepted a position with the Marquette Iron Manufacturing company.

ISHPEMING

ISHPEMING IN BRIEF.

The interior of F. Braastad's grocery store has been painted.

Leroy Christian and family spent yesterday at Munising and Grand Island.

Robert B. Whiting, of Cambridge, Mass., was in the city Saturday and Sunday.

Miss Carmen McLellan, of Calumet, is visiting with her cousin, Miss Louise Matthews.

Mrs. William Bray has returned from a two-weeks' visit with her parents at Appleton.

Sam Mather and wife left yesterday on a boat trip to Cleveland and other Lake Erie ports.

The dancing party at the Wagonwin Golf club house Saturday evening was very largely attended.

A regular meeting of the Elks will be held at their hall tomorrow evening. One or more candidates will be initiated.

Agnes, George, and Elzezy Hayden and Mrs. Agnes Harbour will leave today for a boat trip to several of the Lake Erie ports.

Eric Matchett, of Kansas City, Mo., is at Island Lake, where he will spend the next two weeks with Wallace Pratt and family.

A Roman gold coin button was picked up on the street Friday. The owner can have the same by calling at The Mining Journal office.

Timothy Hughes and family are expected back from their three months' trip to Europe today. They arrived in New York Friday.

Miss Etta Wilms, of Milwaukee, has returned to her home after spending the past three weeks in the city, the guest of Miss Agnes Hughes.

A meeting of the stockholders of the Ishpeming Theatrical will be held at the manager's office at the Theater Tuesday evening at 7:30 o'clock.

J. G. Welsh and sisters have returned from a week's outing at Camp Laurie. William Leineger and family will occupy the camp this week.

Mrs. Duncan Campbell and Angus MacDonald and wife will leave Marquette today on the steamer Centurion on a trip to the lower lakes.

Miss Jane Davis returned from Oconto Saturday. She was accompanied by her mother, who will visit here with her daughter, Mrs. Howard G. O'Keefe.

John R. Collins, wife and family left yesterday evening for Oregon. Mr. Collins has been engaged in diamond drill work in that state for the past year.

Colonel James N. Cox, of the Michigan National Guard, was in the city Friday consulting with the officers of Company I relative to the annual encampment.

Fred Raisky and family, who reside in Duluth, plan to return to this city in the near future. Mr. Raisky moved to Duluth from Ishpeming about a year ago.

Mrs. F. S. Shewell left Friday evening for Chicago, where she will join her husband. After spending several weeks there they will leave for their home in Old Mexico.

CHICHESTER'S PILLS

THE DIAMOND BRAND

Best of all medicines for all ailments of the bowels. Take one or two pills three or four times a day. They are sold by all druggists.

Hundreds of Ishpeming people spent yesterday in the woods north, south and west of the city, picking blueberries. The berries are said to be plentiful, and hundreds of quarts were brought to the city last evening. Many berries are not yet ripe, so that there will be good picking for at least two or three weeks longer, provided there are no frosts.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles. A Marquette Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary troubles sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Dean's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Marquette people testify to permanent cures.

Edgar Pollock, stone mason of 227 E. Jackson St., Marquette, Mich., says: "I have always believed that the kidneys need continual attention. I have given this considerable study and can always tell when my kidneys are not acting properly. They effect my back and I can feel it in my eyes. At such times I always use Dean's Kidney Pills and they never fail to fix me up. Before I began using them I had terrible attacks of backache, dizziness and pains in my head, and was weak, uneasy and nervous. None of the remedies I tried seemed to help me, but as Dean's Kidney Pills were recommended by reliable people I got a box at the Stafford Drug Co.'s store and began using them. The backache and nervousness disappeared and the headaches and soreness of the eyes did not trouble me any more. Having found from this experience that Dean's Kidney Pills were to be relied upon in kidney troubles I have continued using them from time to time and they have always given me the greatest satisfaction."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Dean's—and take no other.

SEWING MACHINES FOR RENT

By week or month, at low rates. The Singer and Wheeler & Wilson are acknowledged the lightest running and most convenient of any. Try one and be convinced. Only at the Singer stores. BIG IMPROVEMENT PLANNED BY ROAD

M. & S. E. WILL SOON ACQUIRE PRESENT SITE OF THE LAKE SHORE ENGINE WORKS.

LOCATION IS GOOD FOR DEPOT

Engine Shops Plant to Be Ready for Occupancy January 1, When Present Site Will Be Turned Over to Road—Work Now Progressing.

It is planned that the new Lake Shore Engine Works plant in the Ely addition will be finished and ready for occupancy by January 1 next, and as soon as the old plant at the corner of Lake and Washington streets is abandoned by the company, the buildings will come into the possession of the Marquette & South eastern road.

Details Arranged. Negotiations for the sale of the buildings and ground of the present plant to the railroad company have not yet been fully completed, but the matter is being actively arranged and the details of the transfer have all been settled, according to a statement made by General Manager H. R. Harris of the railroad company.

Just what use the road will make of the new property has not yet been made public, and it is stated also that this has not yet been fully determined. Beyond the fact that the property is to be taken over by the road no definite statement has been issued.

Location Is Favorable.

The shop site covers about four acres, of ground and the location is highly desirable for the railroad. It may be that the old buildings will be remodeled and made into a passenger depot with freight and baggage departments and other facilities. The present freight house, it is said, is not sufficiently large and the structure, a two story frame dwelling, which is now used as a depot is unsatisfactory in location, size and accommodations. No better site for a depot and freight house for the road than the Lake Shore Engine works property could well be found. It is ample in size and its location is all that is to be desired.

No Agreement Yet.

It is possible that the old buildings of the engine works will be wrecked and new ones erected for the railroad, or the buildings may only be changed sufficiently to make them answer well to the requirements of the road. No formal agreement regarding the time when the road is to take possession has yet been entered into, but it will be as soon as the engine works remove to the new plant. According to the contracts of the engine works with the builders and with the concerns supplying building materials, H. H. Williams, president of the Lake Shore Engine Works company, and its general manager, said that the new plant will be complete January 1, and that when it is complete the company will take immediate possession.

Start Foundations Today.

The work of grading for the plant and the laying of tracks, which began about a week ago, is about finished. Today the laying of foundations for the first of the new buildings to be erected will be begun.

About \$110,000 is to be expended in the work. Of this \$80,000 will be for the construction of the new buildings and \$30,000 will be put into equipment additional to that of the present plant. The contract of the company for its structural steel is with the Worden Allen company of Milwaukee, and the first shipment, it is expected, will be on the ground within a few days. C. C. Van Buxstee is in charge of the work of building the new plant, the following buildings: Machine shop, 80x240 feet; foundry, 80x100; smith shop, 40x130; pattern shop, 40x90; pattern storage house, 32x100; power house, 32x60, and in addition an office building is to be erected.

TO CHOOSE DELEGATES.

Marquette Entitled to Sixteen at Negaunee Republican Convention.

At the Republican county convention to be held August 10 at Negaunee for the purpose of selecting fourteen delegates to the senatorial district convention to be held in Ishpeming Aug. 13, Marquette will be entitled to sixteen delegates. Under the law the wards in Ishpeming, Negaunee and Marquette and the townships of the county are entitled to one delegate in the county convention for each hundred votes or moiety thereof cast for governor at the last presidential election.

As the city of Marquette reduced the number of her wards from eight to five since 1904, the number of delegates that each ward is entitled to has been determined by assigning to the city sixteen delegates, the number it is entitled to according to the vote of 1904. These have been divided among the different wards according to the vote cast for justice of the supreme court at the general election held in April of 1907.

NOTICE.

Sealed proposals will be received up to and including August 14, 1907, at the office of the Board of Fire and Water Commissioners, to furnish and deliver in bin at the water works from time to time as may be required, commencing Sept. 1st, 1907, to Sept. 1st, 1908, 12 to 18 hundred tons of soft coal for fuel at the pumping station. Right reserved to reject any and all proposals. Envelopes containing proposals should be so marked.

JOHN P. KERN, Superintendent.

TUXEDO CLUB CIGAR

TO BUILD NORMAL ADDITION.

Third Story of New South Wing to Be Erected Before Fall Term Opens.

Within the next three months during which the Normal school will be closed, the third story of the new south wing of the school is to be completed. The building will be complete when the fall term opens, Nov. 1.

It has been announced that the contract to complete the wing will be let Aug. 20 next, when bids which are now being advertised for will be opened. Conditions imposed upon contractors competing for the work are a guarantee that the construction will be finished by November 1, and that \$500 surety be deposited with each bid.

Plans for the new addition are to be seen at the Normal school office and at the office of the architect who designed the wing E. W. Arnold of Battle Creek, Mich. The bids are being advertised for by Luther L. Wright, secretary of the state board of education of Lansing, Mich.

CARKEEK SAYS HIS MONEY IS TALKING

HIS FORFEIT IS UP BUT ZIEHR AND HIS BACKERS HAVE NOT YET BEEN HEARD FROM—WRITES THE MINING JOURNAL.

Whether the wrestling match scheduled to take place Labor Day will fall through depends, it appears upon Joe Ziehr, who accepted Carkeek's challenge just after he defeated Covan at Ishpeming at the Sons of St. George celebration.

Carkeek has fulfilled the part of the contract then entered into, he says, and his forfeit money has been placed. Here is Carkeek's statement in regard to the match:

"I have been in Marquette county over a week. I came on the advice of friends who wrote me that for several years, friends of Mr. Ziehr have seemed anxious to match him against me, and that if I would wrestle they (my friends) would find the money."

"They deposited a forfeit of \$100 in the hands of Mr. Laey of Ishpeming, as a guarantee of good faith. Now the copper country people have raised several questions, the principal one being the place where to hold the match."

"I beg to call their attention to the fact that they are not entitled to a discussion on any question until they have first covered the forfeit. When that is done I will be pleased to meet Mr. Ziehr and his friends to discuss details. I may say, holding the title of world's champion in the Cornish style of wrestling, I, and not he, have the right to name the place."

"I will, however, waive that and wrestle where we can get the largest purse, but will enter into no discussion relative to that until my forfeit is covered."

Respectfully,
JACK CARKEEK.

KLUGE MAKING GOOD.

Former Marquette Musician Is Winning Laurels in New Western Home.

A Marquette man was telling of the popularity here of Professor Otto H. Kluge, the musician, who with his family went west some time ago, and he expressed himself in no doubtful terms. "Why, Kluge," he said, "Kluge was known and liked by everybody in Marquette. When he went away everybody and everything from the biggest man in town down to the grasshoppers missed him, and still do."

That the impression that Professor Kluge has made in his new California home bids fair to equal the one he seems to have made on the people of Marquette, is to be inferred from the following clipping taken from the Santa Barbara Independent, sent recently to Henry R. Patrick, the weather man.

"The first concert of the season at the plaza given by the Santa Barbara band was pronounced a distinct success by the crowds that sought the beach yesterday afternoon. In the short time only a week—in which Professor Kluge, the new director, has been here he has done much with the material at hand, and great commendation is due him and the individual members for the merit of their initial effort. It was uncertain whether the nineteen members could be worked into sufficient union with the two rehearsals to make a concert possible."

"The music they dispensed yesterday, however, was entirely acceptable, and many are hearty in their approval of it."

"The band members are pleased with the work of Professor Kluge, having found him to be a competent leader with much patience and not given to hitting sarcasm directed toward the individual members, which has been found in the past to be so discouraging to consistent effort on the part of an organization that is not wholly professional."

THE BEST SHINGLES.

HUCKLEBERRY PICKERS.

Commencing Monday, August 5th, the M. & S. E. railway will put into effect a 25 cent rate for the round trip from Marquette to Eagle's Nest (via Harlow's mill) and Eagle Mills, tickets on sale week days only, good for return day of sale.

Train for Eagle's Nest leaves Marquette at 8:50 a. m., arrives at Eagle's Nest at 9:20 a. m. Returning leaves Eagle's Nest at 4:00 p. m., arriving at Marquette at 4:50 p. m.

Train for Eagle Mills leaves Marquette at 9 a. m., arrives at Eagle Mills at 9:36 a. m. Returning leaves Eagle Mills at 4:40 p. m., arrives at Marquette at 5:20 p. m.

These rates will give pickers a cheap rate to the huckleberry patches at Harlow's mill and Eagle Mills.
(8-3-11)

LETTER FROM MAN BEHIND THE BARS

FRANK ELLSWORTH ARRESTED HERE SAYS HE WAS UNJUSTLY TREATED AND TELLS POKER GAME STORY.

Close harmony!

Frank E. Ellsworth, who gave two worthless \$20 checks in a Kenosha saloon, was arrested in Marquette recently upon a charge of having obtained money under false pretenses. A short time ago he was taken back to Kenosha upon requisition papers, which were honored by the governor of Michigan. In the following letter he complains of treatment received here, and makes a statement of his case.

"Kenosha, Wis., July 31st, 1907. "I want to know of a person in Marquette who I have harmed or wronged, and I want to tell the deal I got at Marquette. They arrested me there and held me for seven days before they finally gave me a hearing, although I demanded one every day."

"I was told I would not get one, but I got a farce of a one the seventh day. I was kept from presenting my side of the case to the governor."

"It can be found that they violated the U. S. postal laws. Special delivery letters were taken against my wishes and opened, brought to me opened thirteen hours after being delivered at the postoffice. I have letters from the attorney general of the department at Washington, D. C., and the governor of Michigan, and the end is not yet."

"I am guilty of nothing but being robbed, and there is not a question of my clearing myself of the charge, but I lose two months of the best part of my season, the loss of over \$200 in money, my camp outfit, tools and material, everything, and am being confined two months in jail. I am branded among my customers as a forger, blackleg, and all that is bad, but I have received letters from prominent people that have known me for years stating their confidence in me."

"Considering the wrong that the city of Marquette has done me in this matter, it is no more than right to place it before the public."

"Here is a true statement of my case—I played in a game of poker at Pete Gallus' place on the night of Feb. 23rd. I lost \$19.50, all I had, and went out and sold my \$65 overcoat for \$20. I went back and sat in and the \$20 lasted me until about midnight, when I lost the last cent. I then asked if my check was any good and as they were working well together, they gave me \$20 worth of poker chips for my personal check for \$20. I lost them about 3 o'clock Sunday morning, Feb. 24th, and wrote out another for \$20 and cashed it with the bartender, Peter Gallus having gone home, and I lost the last cent, a \$5.50 bet with the man that ran the game."

"I never got out of my seat from the time I sat down with my overcoat money until bet seven or eight o'clock Sunday morning, when I went home broke with out a red cent or any coat."

"Seven men sat in that poker room and saw all I say, yet the bartender and this saloon keeper swear that I wrote these checks out at the bar and got the money for them. Peter Gallus said that he took the check the same day he got it, and that I gave it to him about noon and that it was the 25th of Feb. The checks are dated Feb. 25th, for it was Sunday morning just about midnight between the 23rd and 24th, and were written or made out in the presence of seven men besides myself."

"They are surely desperate in their efforts to down me and I have few friends to help me. I ask you justice."

Your truly,
F. E. ELLSWORTH,
Kenosha, Wis."

RAILROADS RETALIATE.

Concessions Withdrawn in States Which Have Two-Cent Rate Laws.

The reduced rates formerly given in certain cases by the railroads have been withdrawn by most of the members of the Western Passenger association, and the changes have now been put in effect on the South Shore.

In the past the rule has been that inmates of state and national homes, sailors and disabled volunteer soldiers, the clergy and others were sold tickets at half rates. This concession has been withdrawn by all roads touching the states in which new laws adverse to the railroads have been enacted.

The notification of the change was sent out from the Chicago offices of the association July 27 and is signed by the secretary, Eben E. MacLeod. The roads so far affected by the order are the Santa Fe, C. & A., C. & N. W., C. B. & Q., Chicago & Great Western, C. M. & St. P., C. P. & St. P., Rock Island, St. L., K. C. & St. P. M. & O., D. S. S. & A., Copper Range roads, D. & R. G., I. C., Iowa Central, M. & St. L., C. & S. M., M. R. & N. W., Union Pacific, Wabash, Wisconsin Central and Wisconsin and Northern. All of these touch in or traverse the states of Wisconsin, Michigan, Illinois, Missouri and Arkansas, the legislatures of which have passed laws affecting railroad rates.

SOO CANAL PASSAGES.

Boats Locked Through, Bound for Ports on Lake Superior.
