

NEW YORK MOBS TRY TO LYNCH

Three Italian Suspects Nearly Killed by Citizens Aroused to Frenzy by the Discovery of Further Brutal Crimes.

Police Fight Off the Crowds With Clubs and Revolvers and Rescue the Men in the Nick of Time—Two Little Girls, One a Mere Infant, Enticed on Staten Island, Are Found Maltreated, and Young Woman Is Attacked in Similar Manner.

New York, Aug. 5.—One of the most brutal of the present series of crimes against women and children was today charged against Luca Fontza, who was laced up at New Brighton, Staten Island, accused of assaulting Antonietta Taloni, aged two years.

When discovered Fontza tried to escape, but a mob that had gathered in response to the cries of the child's mother soon overtook the man. He was knocked down and severely beaten and kicked by men and women until policemen appeared and with clubs and revolvers fought off the crowd. The child was seriously injured.

Angeline Cardati, a six-year-old child, was found terribly bruised in a thicket near Lincolnville, Staten Island, this afternoon. She had been attacked by an unknown man.

State Senator's Daughter Assaulted. The arraignment of two Italians today in Williamsburg disclosed that another attempt was made last night to assault a young woman.

The two assailants were nearly lynched by a mob, which was finally driven off by the police. The woman was Sadie Hasenflug, niece of State Senator Hasenflug.

John Ambatore, an Italian laborer, was arrested in Brooklyn this afternoon, charged with attempted assault on two little girls, Daniel Lato and Frank P. Body were arraigned on similar charges.

John McIne, a negro, died today, a result of the race riots which started yesterday over a ten-cent bet on a ball game. Over a score of persons are recovering today from injuries received in the riot.

ADMITS HIS GUILT. Wisconsin Man Confesses Murder of a Sixteen-Year-Old Girl.

Milwaukee, Aug. 5.—Kudolph Fullhewer, under arrest at Wausau on the charge of murdering a sixteen-year-old Jennie Reible, has confessed. Fullhewer appeared before Judge Marchetti at Wausau today, and waived preliminary examination, admitting his guilt and refusing to have witnesses testify. The crime was one of the most brutal ever committed in Marathon county. Jennie Reible lived on a farm four miles from Stratford, near Wausau. Sunday, June 30, she went to church at Wausau. It was on her way back that she was attacked by Fullhewer. In his signed statement, Fullhewer admits criminal assault and murder.

SAVED BY POLICE. Pennsylvania Murderer Attacked by Mob of Would-Be Lynchers.

Pittsburg, Aug. 5.—After, as it is charged by police, shooting a woman to death and then attempting to chop the body to pieces with a hatchet in a street at Blair station, twenty-four miles from this city, Adam Lacey, a foreigner, was rescued from a mob that tried to lynch him tonight and was landed in jail at Clairton. The shooting was the result of a complaint of misdemeanor made to the police by one Warich against Lacey.

SAYS HE COMMITTED SUICIDE. Insurance Company Contests the Payment of a \$130,000 Policy.

Topeka, Kas., Aug. 5.—Suit to recover \$130,000 from the Mutual Life Insurance company of New York was filed in the United States circuit court here today by the executor and administrator of the estate of Louis H. Perkins, whose death at Lawrence, Kas., recently was caused by a fall from the roof of a house. The insurance company is contesting the payment on its policy on the ground that Perkins committed suicide.

COAL STRIKE IN THE BALANCE. Conference at Pittsburg Today Expected to Decide Course of the Miners.

Pittsburg, Aug. 5.—Because of the illness of Francis Peckan, president of District No. 3 of the United Mine Workers of America, the conference between the union officials and the Pittsburg Coal company was postponed today until tomorrow morning, when the grievances that threaten to result in a strike in all the mines of the Pittsburg Coal company will be taken up.

SECRETARY WILSON ILL. Portland, Ore., Aug. 5.—Secretary of Agriculture Wilson, who arrived here yesterday, is ill at his hotel and declines to see any one. Casper Wilson, the secretary's son, said that his father had contracted a severe cold on the trip from Puget sound to Portland, and that he had passed a restless night.

Brunswick, Me., Aug. 5.—Former Secretary of the Navy John D. Long, who is slightly ill at a local hotel, was resting comfortably tonight.

BLOODY DAY IN CHICAGO.

Four Men Murdered, Another Fatally Wounded, Victims of Mysterious Assaults.

Chicago, Aug. 5.—Five mysterious assaults in which four men were killed and another was fatally wounded aroused the entire police force to energetic action early today. In none of the cases have the police been able to obtain the slightest clue to the murderers.

On information given by Mrs. Mary Dubois, the police tonight arrested Joseph Glazebrook in connection with the murder of Police Officer Edward Smith, who was shot and killed near his home early today. Glazebrook is suspected of having shot the officer in a quarrel over a woman. No charge has been placed against Glazebrook, but he will be held to await the action of the coroner's jury.

HIS BODY CUT IN TWO. Chief Engineer of Youngstown Plant Killed by Barring Fly Wheel.

Youngstown, O., Aug. 5.—Archibald Rankin, chief engineer, was instantly killed, and six other men were seriously injured by the bursting of a thirty-ton flywheel at the works of the Youngstown Iron & Steel Roofing company today. Mr. Rankin's body was cut in two by a flying fragment of the wheel, a portion of the corpse being found in the rafters of the shop.

JEALOUSY HIS MOTIVE. Nebraska Man Shoots a Woman and Then Kills Himself.

Lincoln, Neb., Aug. 5.—Joseph Knadel, a Havelsok machinist, this afternoon shot and probably fatally wounded Mrs. Elsie Parsons at her home in northeast Lincoln, and then committed suicide. Jealousy is the supposed cause.

REVOLTING MURDER. BROTHERS OF A DAYTON (O.) GIRL UNDER SUSPICION.

She Is Found Assaulted and Choked to Death, and Her Escort, a Traveling Man, Fatally Wounded.

Dayton, O., Aug. 5.—Abbe Gordon, a traveling salesman, of Indianapolis, was shot and probably fatally wounded, and his companion, Anna Markowitz, was criminally assaulted and choked to death last night near the Soldiers' Home, James and Jacob and Bertha Markowitz, brothers and sister of the dead girl, are held on suspicion by the authorities.

Sunday, Gordon, sometimes known as Olan, was found lying along a lonely road near the National Soldiers' Home. He was accompanied by Anna and Bertha Markowitz. According to the story told by Bertha the three were strolling along a secluded path, when a highwayman slipped unheeded behind Gordon and struck him with a blackjack. Gordon turned about, and as he did so the highwayman shot him in the stomach. As Gordon fell, she says, the man made a dash for either herself or her sister. She ran screaming from the scene in terror to the Soldiers' Home, where she gave the alarm.

The sheriff was notified, and a posse was formed. When they reached the spot of the crime they found Gordon almost dead. A trail showed where Anna had been dragged. They followed the beaten-down path and came upon the body of the girl lying in the woods. The clothing had been nearly torn from the body. There were evidences of a fearful struggle and assault.

The Markowitz brothers and Bertha today called at the police headquarters to see what had been learned about the crime. Questioned, the brothers are said to have admitted that their mother objected to further attentions being paid by Gordon to Anna. The brothers would not deny that they had followed their sisters into the woods when they went there with Gordon.

REPROACHLESS BADLY BEATEN. Alice Pointer Winner of the Dominion of Canada Purse of \$10,000.

Buffalo, Aug. 5.—The Grand Circuit meeting opened today under unfavorable weather conditions, a light rain falling throughout the four races. The rain did not affect the track, and fast time was made in the 2:12 pace for the Dominion of Canada purse of \$10,000. Reproachless, winner of the Chamber of Commerce stake, proved a disappointment, being unplaced. Reproachless and Alice Pointer sold for \$50 in the pools, the field going at \$20. Alice Pointer took the race in eight heats. Reproachless just beating the distance flag in the first heat.

Summaries: The preparation purse of \$1,000 for three-year-olds; five starters—Bell Bird ..... 1 1 Miss Donnore ..... 3 2 Henny Fay ..... 2 3 Best time, 2:12 1/2.

2:12 pace, Dominion of Canada purse of \$10,000; eleven starters—Alice Pointer ..... 1 1 Major Mallow ..... 3 2 Pilgrod ..... 2 5 5 Best time, 2:05 1/2.

2:16 trot, Lafayette Hotel purse of \$2,000; six starters—Beatrice Bellini ..... 1 1 Wild Bell ..... 4 3 2 Gentle H ..... 7 2 3 Best time, 2:08 1/2.

2:00 pace, \$1,000; six starters—Judey ..... 1 1 Rexel Diablo ..... 2 4 Laura Bellini ..... 6 2 4 Best time, 2:07 1/2.

Dandelion Loses at Saratoga. Saratoga, Aug. 5.—McCarter and Running Water, running in the colors of the Newcastle stable, won respectively first and second places in the \$10,000 Saratoga handicap today. Dandelion, the favorite, made the winning to the stretch, where both McCarter and Running Water passed him. Summary: Saratoga handicap, fourth race, a mile and a quarter—McCarter, 9 to 5; Running Water, 9 to 5, second; Dandelion, 11 to 10, third. Time, 2:05 3-5.

MOORS THREATEN FRESH MASSACRE

Butchery of Europeans Feared at Rabat, Foreign Minister of the Sultan Gives Warning to the Legations at Tangier.

Evacuation of the Town by Its Foreign Population Is Earnestly Advised—Sanguinary Fighting Occurs at Casa Blanca, Where Arabs Are Temporarily Beaten Back, and Meanwhile France Prepares for Vigorous Work—Warships and Troops Arriving.

Paris, Tuesday, Aug. 6.—A despatch from Tangier says that Mohammed El Torres, representative of the sultan in his foreign relations, has sent a note to each legation requesting the ministers to take steps to induce their countrymen to leave Rabat, as it feared there will be a massacre.

Reparation Demanded by Italy. Tangier, Aug. 5.—The Italian minister has been instructed from Rome to present to Mohammed El Torres formal demand for reparation for the murders of Italians and the payment of suitable indemnities to their families.

TRIBESMEN REPULSED. Natives at Casa Blanca Successful in Defending the Town.

Tangier, Aug. 5.—The latest advices from Casa Blanca say that most of the hostile Moorish tribesmen surrounding the town have retired after a bloody fight with the natives inside the walls.

French Expedition Sails. Paris, Aug. 5.—The government expects that the infantry which embarked today for Morocco will be landed at Casa Blanca Wednesday afternoon, and the artillery and cavalry Friday and Saturday. Germany has assured France of her entire approval of the Moroccan program. To all diplomatic visitors Foreign Minister Fichon emphasizes the fact that France and Spain will not exceed the terms of the Algeiras convention.

Agiers, Algeria, Aug. 5.—The French troops—Nive arrived here today, and after having captured the regiment of sharpshooters, a squadron of light cavalry and a detachment of Spahis sailed for Casa Blanca.

More Warships Arriving. Oran, Algeria, Aug. 5.—The French sea and naval division arrived here today on its way to Moroccan waters.

Washington, Aug. 5.—The state department today received a cablegram from American Minister Gunmore, now in Tangier, Morocco, stating that government troops have occupied Mazagan. French cruisers were sent there last night, and two other cruisers were sent to Casa Blanca. More refugees from Casa Blanca have arrived at Tangier and report the town still terrorized.

Natives Good Police Material. Berlin, Aug. 5.—A despatch to the Tagblatt from Berne, Switzerland, says that Colonel Muegel, commander of the international Moroccan police, who is spending his vacation there, has informed the correspondent of the Tagblatt that he is convinced an excellent police force can be organized out of native material. He added the Moors were capable of submitting to discipline and would prove trustworthy troops when well paid, well fed and treated honorably and justly. It would take at least a year, however, to make the police organization efficient.

ACCUSES SULTAN OF TREACHERY. Why He Made Prisoner of Caid MacLean Explained by Raisuli.

London, Tuesday, Aug. 6.—In a long statement to the correspondent of an English newspaper, Raisuli, the Moroccan leader who is holding Caid MacLean prisoner, blames the treachery of the sultan's government for his capture of MacLean.

Raisuli says that in the course of his negotiations with MacLean previous to his capture, he explained his grievances, and Sir Harry promised him safe conduct if he would go to Fez and lay his troubles before the sultan, who would remedy them. He accepted this offer, but while he was arranging for the journey government troops, instigated by the sultan's advisers, plundered and devastated his property at Zinat and captured some of his relatives.

Meantime Caid MacLean had shown him a letter from the sultan, promising him safe conduct, but he had also secured a copy of another letter written by the sultan to his minister of war, instructing him to attack Raisuli vigorously unless he went to Fez. This, continues Raisuli, convinced him of the treachery of the sultan, and he therefore made a prisoner of the English chief.

Sir Harry, Raisuli declares, is perfectly safe in his hands. He will not capture him for money, but for justice, and this he hopes to secure by calling the attention of the British government to his grievances.

IS UNABLE TO BE PRESENT. President Not to Attend the G. A. R. Encampment at Saratoga.

Saratoga, N. Y., Aug. 5.—It was announced at the Grand Army headquarters tonight that President Roosevelt would not attend the national encampment here. An invitation was sent the president, who has replied that he would be unable to accept it.

WEATHER FORECAST

Washington, Aug. 5.—The following is the weather bureau's forecast for Upper Michigan: Fair, Tuesday; Wednesday, showers; fresh variable winds.

PEARY DETERMINED.

Bound to Reach the Pole, He Will Remain Up North Three Years if Necessary.

Portland, Me., Aug. 5.—Commander Robert E. Peary left here today for New York, whence he will sail in a few days on his expedition to the North pole. On boarding the train, Commander Peary said: "From New York I shall go direct to Sydney, where I shall call, and there will be no stops on the way, as I have no time to lose. In my talking along everything for a three years' trip."

Wellman's Balloon Inflated.

Spitzbergen, Friday, Aug. 5, via Tromsø, Aug. 5.—The balloon of the Wellman-Chicago Record-Herald Polar expedition was successfully inflated today, and preparations for the start for the pole, which is scheduled about the middle of August, are in good shape.

BASEBALL

STANDINGS OF THE CLUBS.

Table with columns for National League (W, L, P.C.) and American League (W, L, P.C.) listing teams like Chicago, Pittsburgh, New York, Philadelphia, Cincinnati, Boston, St. Louis, Detroit, Cleveland, Philadelphia, New York, Boston, St. Louis, Washington.

SCHEDULES FOR TODAY.

Table listing National League and American League games for today, including New York at Chicago, Brooklyn at Pittsburgh, Boston at Cincinnati, Philadelphia at St. Louis, Detroit at Washington, Cleveland at Philadelphia, Cleveland at New York, St. Louis at Boston.

GAMES PLAYED YESTERDAY.

Table listing National League and American League games played yesterday, including Chicago vs. visitors, New York vs. Chicago, Brooklyn vs. Pittsburgh, Boston vs. Cincinnati, Philadelphia vs. St. Louis, Detroit vs. Washington, Cleveland vs. Philadelphia, Cleveland vs. New York, St. Louis vs. Boston.

Other games postponed; rain. American League: Washington .000002000—2 8 5 Detroit .511010000—8 13 3 Batteries: Graham, Gehring, Heydon and Bloek; Seiver and Payne.

Second game: Washington .000200000—2 3 2 Detroit .021000002—5 12 1 Batteries: Smith and Heydon; Donovan and Schmidt.

Chicago .000001020—6 8 1 Cleveland .000001001—2 7 3 Batteries: Plank and Powers; Joss and Clark.

Second game: Philadelphia .10101144\*—12 13 5 Cleveland .400100010—6 10 5 Batteries: Bartley, Hope, Waddell and Powers; Bernhardt and Clark.

New York .332000000—8 17 3 Boston .004000000—4 6 0 Batteries: Hogg and Kleinow; Patterson, White, Walsh, Sullivan and McFarland.

Boston .00000002000—3 14 1 St. Louis .00000002000—2 10 0 Batteries: Pruitt, Winter, Criger and Shaw; Dineen and Spencer. Twelve innings.

American Association. Louisville, 4; Kansas City, 0. Other games postponed.

Western League. Denver, 10; Sioux City, 2. Des Moines, 3; Omaha, 3. Called in Pueblo, 4; Lincoln, 4. Game called at the end of the eighth by agreement.

GETS THREE-YEAR SENTENCE. Soldier Who Banked Army Nurse on Promise of Marriage.

Leavenworth, Kas., Aug. 5.—Private James Payne, of the Sixth battery of siege artillery, is to serve three years in the military prison here for breaking a promise of marriage and borrowing money with intent to defraud. This is the sentence of the court-martial. He had borrowed several hundred dollars from an army nurse in Cuba, to whom he became engaged.

PEACE TRIBUNAL CONSIDERED SURE

Establishment of a Permanent Court of Arbitration at The Hague Is Now Believed Assured Beyond All Question.

Difficulties Arising from the Appointment of the Judges May Prevent the Adhesion of Some of the Smaller Countries, but in Any Event the Great Nations Will Join in the Proposed Institution—Czar and Kaiser Hold Important Conference.

The Hague, Aug. 5.—Jos. H. Choate and James Brown Scott, of the American delegation to the peace conference, spent all today conferring with leading delegates about the American proposal for a permanent court of arbitration at The Hague, which is to come up for discussion tomorrow before a special commission.

The institution of a permanent court is now considered definitely assured. Even if difficulties arising from the appointment of the judges should prevent the adhesion of some of the smaller countries, the court will be established by the great powers, American and Great Britain alone having enough cases to present to keep the court busy for several years. The influence and reputation of the court through its sentences will, it is believed, gradually attract countries which might refrain from taking part in its establishment.

MAKES FOR THE WORLD'S PEACE. Important Understanding Reached by Emperors William and Nicholas.

Swinemunde, Aug. 5.—Emperor William of Germany and Emperor Nicholas of Russia have spent the entire day together at sea. A review of the German navy was witnessed in the morning from the German battleship Deutschland, and this evening there was a reception on board the Russian imperial yacht Standart.

A semi-official communication regarding the meeting of the sovereigns declares that their conferences have served further to strengthen the friendly relations between them, and the meeting has given proof of the good understanding existing today between the leading statesmen of the two countries.

Every question of international character actually pending has been the subject of thorough discussion between the emperors and their statesmen, with the result that the views held thereon have been found to be in absolute accord. It was agreed that the recent occurrences in Morocco are not likely to create any international misunderstanding because of the clear and friendly explanations of the situation made by the French foreign minister to Prince von Radolin, German ambassador to France, and the determination of all the signatories to carry out the terms of the Algeiras convention.

It is declared from the same semi-official source that neither the alliances of Russia and Germany nor the relations of either power with other powers have been affected as a result of the meeting, in the course of which both rulers expressed the most earnest desire that the present period of peace in the world continue.

TERRORISTS LAND HIM. Ex-Governor General Karazoff of Odessa Shot and Killed.

Platigorsk, Caucasus, Aug. 5.—General Karazoff, ex-governor general of Odessa, was shot and killed early today. The assassin escaped.

French Assassin Declared Insane. Paris, Aug. 5.—Léon Maille, naval reservist, who fired two revolver shots at President Fallieres on the streets of Paris July 14 last, was today declared insane and sent to an asylum.

PERSIANS SLAUGHTERED. Village Wiped Out in a Bloody Raid of Turkish Troops.

Tehran, Aug. 5.—Excursions of Turkish troops across the northwest frontier of Persia have broken out again. A serious raid has occurred near Urmiah, 600 Turkish troops, with artillery, having crossed the frontier and destroyed the village of Mavanah. Eighteen men and sixty women and children, mostly Christians, were killed.

ASSIGNED TO PHILIPPINES. Twenty-fifth Infantry (Colored) Departs from Texas for the Pacific Coast.

Laredo, Texas, Aug. 5.—A special train conveying the Twenty-fifth infantry of negro troops to San Francisco left Fort McIntosh today. The troops will sail from San Francisco to the Philippines, where they will be stationed for three years.

TEST CASE AT SAN FRANCISCO. Legal Status of Mayor Taylor to Be Determined in the Courts.

San Francisco, Aug. 5.—The supreme court today granted the application of Harry C. McKanney, secretary to Mayor Taylor, for a writ of mandamus requiring City Auditor Horton to approve McKanney's salary warrant. The real object of the action is to determine Dr. Taylor's legal status as mayor in relation to the claims of Eugene Schmitz to that office.

HITS THE RAILROADS.

South Dakota Board of Assessors Increases Valuations 33 per Cent.

Pierre, S. D., Aug. 5.—The state board has increased railroad valuations 33 per cent, making the total valuation for the railroad in this state for year more than twenty-one million dollars.

STATE LAW RESISTED.

Rock Island Road Gets an Injunction Against Arkansas Officials.

St. Paul, Aug. 5.—Judge Vandeventer today enjoined the secretary of state of Arkansas from forfeiting the right of the Rock Island to do business in Arkansas. The Rock Island recently removed a suit brought by citizens of Arkansas from the state court to the federal court, such removal being prohibited by a recent enactment of legislation, the penalty being the forfeiture of the rights of the corporation to do business in the state. The injunction today prevents the secretary of state from enforcing the penalty until his authority is determined.

TRUST BROKEN UP.

Dissolution of the Furniture Combine Ordered by Judge Lanier.

Chicago, Aug. 5.—Federal Judge Lanier today ordered the dissolution of the church and school furniture trust, recently punished by large fines for admitted violation of the anti-trust laws.

NOT TO RETALIATE JUST YET. Secretary Pratt Denies the Standard Oil Intends Boosting Prices.

New York, Aug. 5.—Charles M. Pratt, secretary of the Standard Oil company, said today that the company has no intention of advancing the prices of oil.

STRIKE PETERING OUT. PRACTICALLY ALL MESABA MINES ARE IN OPERATION.

Western Federation Now Said to Be Planning for a Much More Extensive Conflict Two Years Hence.

Duluth, Aug. 5.—The strike on the Mesaba range is almost a thing of the past. Practically all the mines were in active operation today.

Twenty-three strikers were arrested at Hibbing tonight, charged with threatening to blow up an Austrian boarding house. There was a clash between deputies and the men, but all were landed in jail. Two strikers were placed under arrest at Eveleth also, charged with intimidation.

Printed proclamations have been distributed among the strikers at Eveleth by the Western Federation of Miners approving the proclamation of Governor Johnson and commanding obedience to its mandates.

The crisis is past and no further trouble of a serious nature is expected unless something unforeseen occurs. However, the Western Federation of Miners has not yet given up the fight. The union on the range is now led by the national secretary, C. E. Mahoney, an able man of executive ability. He has prepared several thousand circulars which will be given to every miner and every striker urging them to continue the economic conflict. He advances the claim that the Western Federation of Miners is gathering recruits every day.

Preparing for the Future. The federation is preparing for a big labor conflict two years hence, a year following the presidential election. Close students of the situation are of the opinion that the present strike has been conducted in a weak manner by Teodoro Petricola, who is too small for his position. With Mahoney it is different. The leaders of the strike have urged their followers in public to restrain themselves from violence and their exhortations have been of a nature to influence public opinion in their favor, provided the public was not fully conversant with the situation.

The people on the range, however, have not been fooled by the public utterances of the strike leaders. They are beginning to believe that the strike is merely a test of the relative strength of the mine operators and the miners and that the vital struggle will come two years hence.

Shipments Increasing. Within a few days all of the open pits of the United States Steel corporation will be shipping 80 per cent of the ore mined by that corporation on the Mesaba range. The independents are working all of their open pits, which produce half of the output to the locks by the companies other than the Oliver Iron Mining company, the subsidiary of the United States Steel corporation. The underground propositions of the latter operator are still working short-handed. Increased shifts are expected this week, however, and it is hoped to double the shipments of last week from the underground mines in addition to the ore that can be loaded from the stock piles. If this expectation is realized the United States Steel corporation will this week ship at least 90 per cent of its usual output and the independents will do even better.

In the Eveleth-Sparta-Virginia district a big majority of the miners are resigning work in the underground mines. The situation on the Mesaba range east of Chisholm is more satisfactory than in the Hibbing and Chisholm districts and nearly all of the local deputies have been discharged from further service. In order to maintain the peaceful status that prevails at present in the Hibbing-Chisholm districts the deputies brought in by the United States Steel corporation and Sheriff Bates will remain on duty.

\$100,000 FIRE IN CHICAGO. Chicago, Aug. 5.—The Meyer Cord lithographic plant, on West Lake street, burned tonight. The loss is \$100,000.

Albia, Ia., Aug. 5.—The plant of the Hittman Supply company at Hittman, Ia., and seven other business buildings were burned today. The loss is \$50,000.

PROMINENT ILLINOIS MASON. Bloomington, Ill., Aug. 5.—Captain J. H. Hill, for thirteen years grand secretary of the Illinois grand lodge of Masons, died suddenly tonight from neuralgia of the heart, aged seventy-one.

WILL TIES UP A BIG ESTATE

Only Child of Colonel Thomas Snell, Millionaire, of Bloomington, Ill., Is Cut Off Without a Penny.

Property of the Deceased, It Is Provided, Is Put in Trust Under Such Conditions That Its Division Possibly May Not Take Place for a Century, by Which Time, It Is Estimated, It Is Not Unlikely It Will Have Increased to a Billion Dollars.

Bloomington, Ill., Aug. 5.—The probating of the will of Colonel Thomas Snell is causing lively interest in central Illinois and northern Iowa, where he has investments and property valued at \$2,000,000. Of five children, only one—Richard Snell, of Clinton, Ill.—is living, yet Colonel Snell cut off this only son entirely.

The entire estate is put in trust and is not to be distributed until twenty years after the death of the youngest heir—Mrs. Wm. Y. Linsmore, of San Jose, Cal.—and should she live until seventy years of age, the estate will remain in trust for twenty years longer than that, or ninety years.

It is estimated that if the intentions of the testator are carried out to the letter, and the estate is not divided for seventy-five or 100 years, it will, with its present earnings, amount to close to a billion dollars.

Colonel Snell made his first big money in building railroads, starting with the Illinois Central when it was first projected south from Peoria. He built 300 miles of that road, and afterwards 150 miles of a number of other roads. Later he turned his attention to manufacturing, banking and land investments.

NO LIGHT PLANT FOR MILWAUKEE. City to Be Enjoined from Erecting \$1,000,000 Electric Power House.

Milwaukee, Aug. 5.—Papers have been prepared in a suit to enjoin the city from erecting a proposed \$1,000,000 electric light plant, to compete with the present private corporation, the ground for the injunction being that the city needs to invest \$1,500,000 in bridges, viaducts, schools and other necessary improvements.

To erect the city light plant as proposed will mean an indefinite deferring of the other improvements as the city is now too near its bond limit to build both the light plant and the bridges, viaducts and schools.

T. J. Neely is asking the injunction, which is supported by all the three city business men's associations. When the socialists began their agitation for a municipal plant here, there was considerable public sentiment in favor of the plant. Now only the socialists favor it. The city comptroller has announced that owing to the city's financial condition he will not counteract contracts for the plant. The socialist element, which favors the plant, is strong, however, holding the balance of power in the city council, and the injunction will mean a bitter fight to last for months.

THINK FRAUD IS MEANT. J. Sharp Williams' Supporters Scent Plot to Count Him Out.

Jackson, Mich., Aug. 5.—Chairman Wells, learning tonight of an attempt on the part of several supporters of Governor Vandaman to count the Adams county vote, sent a message to all the election managers in Michigan, begging them not to let the ballots or the original tally sheets go out of the hands of the election officers. "We have won this election and do not propose to be counted out," he said. John Sharp Williams declared tonight that he certainly has been elected, and he cannot understand why the opposition does not concede it.

PRAISES GERMAN VETERANS. "Their Admirable Citizenship" Eulogized by President Roosevelt.

Detroit, Aug. 5.—The Central union of German Veterans, in biennial session here today, chose New York city for the 1909 reunion, elected officers and received the following telegram from President Roosevelt in reply to greetings sent him yesterday: "Accept my hearty thanks for your telegram. Through you I desire to extend to the members of your organization, in return, all good wishes and my thorough appreciation of their admirable citizenship." The officers elected are headed by Richard Muller of New York. A fund was installed to be devoted to the relief of German veterans over sixty years of age, regardless of membership in the union.

ALLEGED GRATER ACCUSES. Fond du Lac, Wis., Aug. 5.—Sheriff Dana returned from Chicago today with A. B. Fontaine, formerly city attorney of Green Bay, who was indicted last week by the grand jury. Charles E. Gavin of this city, also arrested on the same indictment, was released on bail. The indictments grew out of the Brown county graft trials here two years ago. The evidence was furnished by A. L. Gray of Green Bay, one of the defendants.

DAILY MINING JOURNAL
A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

He who wrestles and runs away will live to wrestle another day.

The Mesaba strike is groggy. One more punch by the operators and the referee will count the fatal ten.

However, if Tip Atwood reaches the constitutional convention he proposes to participate in its deliberations in his private capacity.

Furthermore if the Standard Oil fine sticks it will doubtless be regarded as a precedent. In that event maximum fines will be the style in similar cases.

In a way Judge Landis' fine and opinion were epochmaking, but it shouldn't be overlooked that the real test will come in the superior courts.

Marquette's amateur ball team has been giving an excellent account of itself this season. It has had the big end of the games played, and putting up a first class article of ball.

D. T. Morgan of Republic is one of the candidates for nomination as delegate to the 31st senatorial district.

Newport may be terribly cast down over the news that President and Mrs. Roosevelt are not going to dip into the social swirl at that playground.

Six automobile accidents, all but one resulting in death, were sufficiently important to be given a place in yesterday's press dispatches.

The Lansing Journal considers that a discussion of a third term movement is timely, since there exists a strong probability that Governor Warner may be a candidate.

Senator Foraker may storm as loud as he pleases that the Ohio state central committee was not competent to pick and choose between him and Taft as possible nominees for president.

SUPERIOR TRUST COMPANY

ing Taftwards. Senator Foraker may put up as brave a front as he pleases, but the fact remains that nearly all disinterested opinion runs strongly to the belief that he will be very fortunate if, along with other political reverses, he does not lose the office he now holds.

Governor Warner has administered a justly merited rebuke to the Van Buren county convention, which, when assembled for the selection of delegates to the senatorial district convention, declared against the elimination of the 40 per cent provision of the primary election law.

But upon what did those Americans who profess a pained surprise at the triumph of the immediate independence party in the Philippines base their hopes or expectations? Did they think that the so-called "conservative" element in the Orient would show a greater degree of intelligence and a greater energy than the analogous element in this United States?

As for the election of that disreputable individual, Dr. Dominador Gomez, he has by no means as yet equaled the record of such American political lights as Croker and Quay, even if we are to believe the worst said of him by evidently unfriendly informants.

When we come to know all about the Philippine election and to measure its results, not by an ideal standard, but by the actual American standard, we may not be quite so discouraged as we were at the beginning.

No distinction is made as to the kind of files that Dr. Leonhardt's Hem-Roid cures. The names Internal, External, Bleeding, Blind, Itching, Suppurating, etc., are simply names of the different stages through which every case will pass if it continues long enough.

Dr. Leonhardt's Hem-Roid is a tablet taken internally. It is a permanent cure. Money back if it fails.

Orino Laxative Fruit Syrup is sold under a positive guarantee to cure constipation, sick headache, stomach trouble, or any form of indigestion.

# Copper Country

HIS BACKERS PUT UP \$500.

Ziehr Would Wrestle Jack Carkeek at Calumet August 24.

William Wills and Joe Schnauer of Calumet, backers of Joe Ziehr, the wrestler, yesterday deposited \$500 in the Laurium State Savings bank to bind a proposed match with Jack Carkeek to take place in Calumet Aug. 24. Mr. Wills said yesterday that if Carkeek does not care to agree to this arrangement and can advance good reasons why he should not do so, Ziehr will submit to the wrestling taking place at Ishpeming.

It is particularly desired to have the match in Calumet Aug. 24, because on that date there is to be a big wrestling tournament in the Calumet baseball park. It is to be conducted in the old Cornish style, the bouts taking place in a sawdust ring in the open air. There will be a large number of entries, it is expected, and the Ziehr-Carkeek match in addition would make the tournament an event which would be immensely profitable to the tournament promoters. However, it was said at Houghton last night that all probability Carkeek would not consent to Aug. 24 as the date, wherever the match should be held. He has stated that he needs six weeks in which to train, not having wrestled for some months, and it is not believed he would consent to an earlier appearance in the arena. Carkeek tips the beam at some 220 pounds now, and he will have to scale down to 185, his wrestling weight.

## PROMENADES AT ELECTRIC.

Calumet & Hecla Band Will Entertain at Park Semi-Monthly.

The Houghton County Street railway and the Calumet & Hecla band announce that for the remainder of the season a promenade concert and dance will be held at Electric Park by the band every two weeks, the entertainment being similar to the dances given for a number of years at the Calumet armory, only with reduced admission prices. Director Scott of the band has arranged the following program for the opening dance, scheduled for next Friday night:

- Serenata, "Land of Romance."
- Intermezzo, "La Rose."
- Waltz, "Starlight."
- Two-step, "Dixie Blossoms."
- Waltz, "Segrid."
- Two-step, "American Victory."
- Waltz, "Naples."
- Two-step, "Fan-Tan."
- Waltz, "My Lady Love."
- Two-step, "Cupid."
- Waltz, "Espana."
- Two-step, "Topsy-Turvy."
- Waltz, "Sympia."
- Two-step, "Popularity."
- Waltz, "Love's Missive."
- Two-step, "Dance of the Do-Funnys."
- Waltz, "Sai Nicht Bos."
- Two-step, "The Donkey Laugh."

## MERCHANTS' PICNIC.

Biggest Summer Gathering Ever Seen Here Booked for Tomorrow.

The first annual picnic of the merchants and butchers of Portage lake will be held at Freda Park tomorrow, Aug. 7. It is going to be the biggest event of its kind ever given in the copper country. The picnic is that of the merchants of Houghton and Hancock to their employees. Joined with the merchants are the druggists, barbers, tailors, butchers, possibly the banks and generally all business houses but the candy shops and the saloons. Houghton and Hancock will be deserted on Wednesday. All the various kinds of business houses mentioned will be closed for the entire day, from early morning until dewy eve, and then on until opening time Thursday morning. The businessmen stand all the expenses of the picnic—provide free food, free liquors, free candy, free dances, free music. The coin of the clerk, the bookkeeper and the deliveryman and all others who work in a commercial line will be bogus at Freda tomorrow. It is estimated that 800 employees will be present, to say nothing of their wives and sweethearts and the merchants and their families.

Just what the program is makes little or no difference. It is arranged through the Copper Range that at least five special trains will pull out of Houghton and Hancock during the day, and an equal number of special trains will come back at night. A baseball game is to be played at Beacon Hill between Houghton and Hancock teams of salesmen, and the Copper Range will run a special train down to Freda for that. There will be all sorts of musical, athletic and other amusements at the park, all at the expense of the merchants. The beauty of this picnic is that everything is really free and there are no strings attached.

## SPORTS AT ONTONAGON.

Baseball and Boxing Spoken of as Attractions There.

Just two weeks more will elapse before the annual tournament and convention of the Upper Peninsula Promoters' association take place at the bustling little copper country town of Ontonagon. It is said that there will be afternoon baseball games every day during the tournament, and that as a preliminary to each game there will be a few rounds of boxing with certain very handy boys wearing the mitts. With such things as these will Ontonagon regale its visitors. It may be lacking in snake banquets and moving pictures, but it will have something doing all the time and the Ontonagon tournament should really be a grand success. There are to be five running teams entered in the races, which is a number sufficient to create the widest interest. The prizes to be offered are magnificent.

Marquette comes forward as the first element for the honor of holding the tournament next year. This city has not entertained the frolic since 1899, and as latterly the association has been giving upper peninsula cities the privilege of repeating, Marquette should stand a good show. The copper country towns will not be candidates, as Houghton had the honor last year and Ontonagon has it this year.

The only copper country town which will have a prominent position in the Ontonagon tournament will be Hurlbert. This department is going to enter a running team and will also enter its entire strength for the prize for the best appearing company. Captain Miller of the Houghton Spanish War company is drilling the men.

## SENSIBLE HOCKEY TALK.

President Fisher Proposes a Conference of League Managers.

The following from the Soo Times is the first sensible hockey talk of the season: President Fisher of the International Hockey league has written A. L. Ferguson, manager of the American Soo team, that he will call a meeting of the league officers early this month for the purpose of talking over the situation and arranging details for the coming season. It is likely that the question of what teams will compose the league next winter will be discussed, although it is somewhat early to arrive at a decision in this regard. Many seem to think that Pittsburgh will not break away at this time as no definite arrangements have been made by the other eastern cities mentioned in a Pittsburgh story a few weeks ago to get things in shape for the formation of a new league. It is desired by the upper peninsula clubs to get Toronto in the league and there is also a strong probability that either St. Paul or Minneapolis may also be induced to come in. If this were done Pittsburgh could be dispensed with profit to the league. It is expected that things will be gotten well under way at the coming meeting and that something definite will be announced relative to the future plans of the organization within a short time.

## PROPOSED POSTAL BUILDING.

Postmaster Wickstrom of Calumet is securing so many signatures to the petition asking a new federal building in his town that he expects to be in a position to place it in the hands of Congressman Young this week. The purpose of the postmaster and other friends of the movement to give all patrons of the office an opportunity to express themselves in the connection, but the signatures are being received so fast there is little doubt all will have signed this week. Then the memorial will be sent to Mr. Young, at Ishpeming, and he will be asked to use every effort to have the request granted.

WHAT A NEW JERSEY EDITOR SAYS M. T. Lynch, editor of the Phillipsburg N. J. Daily Post, writes: "I have used many kinds of medicine for coughs and colds in my family, but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." The Stafford Drug Co.

# You will recognize Arbucks' Ariosa Coffee in the cup, any time, by the taste. That "taste" identifies it as the straight, pure Brazilian and distinguishes it from the make - believe Mocha and Java, and sunary other misbranded or misnamed impostures.

The improvement in the quality of Ariosa is the natural consequence of our own commercial development, and promises more for the future. Sold in a sealed package only, for your benefit.

ARBUCKLE BROS., New York City.

## ATTEMPT TO RELEASE BOY.

August Martin of Houghton May Leave Industrial School.

Mrs. Martin of Houghton, mother of August Martin, a boy who is now an inmate of the industrial school at Lansing, having been sent there two years ago for some offense, is seeking to have the state give her the custody of her son. She has interested the local police and justice of the peace in the matter and they are willing that the boy should be sent back home before his full term expires.

The mother believes that the industrial school has had all the good effect it can have on her boy, and she thinks moreover that if he remains there longer it will have the reverse effect. If County Agent Mason agrees in this it is believed the boy will be immediately restored to Mrs. Martin.

## ON THE KING'S BUSINESS.

Two Swedish Government Agents Are Expected This Week.

The Swedish population of the copper country, not an unimportant element in this polyglot aggregation of citizens, especially in Calumet, are expecting this week a visit from two government agents of their old home land. The purpose of the agents is to acquire statistics regarding the Swedish people in the United States, and the copper country is one of the centers of Swedish immigration. It appears that the king of Sweden has lately taken an interest in the large emigration from his dominions, and seeks the reasons therefor. It appears to him that the United States must offer to his people inducements which their native land does not, and he wants to learn what these inducements are. The Michigan copper and iron countries have been pointed out by the king, which have appeared particularly attractive to his people, and his agents are coming here first. Their investigations may result in a movement to stem the tide of emigration from Sweden.

## WANTS TO PLAY MARQUETTE.

Hurontown Team Seeks Contest With Queen City Club.

Cy Wedge of Houghton, manager of the Hurontown baseball team, approached The Mining Journal man yesterday and wanted to know if Marquette had a baseball team. He was assured that the Queen City was represented by such an aggregation, though no claim was made for the said aggregation. Mr. Wedge then formally challenged the Marquette team on behalf of his Hurontown team. He wanted to play Marquette or Hurontown and under such conditions as the Marquette management may dictate. Hurontown has what is generally considered the fastest amateur team in the copper country. It has a number of U. of M. players, besides some who have played with teams representing the larger towns. Marquette would see a good baseball game if the team went down there.

## Diamond Dust.

The Houghton ball team took all the conceit out of Krick, the Duluth pitcher, on Sunday by batting him out of the box. The Flaherty players rapped out singles, doubles and triples galore, and Krick retired in the sixth. The final score was 11 to 1. Kaiser pitched for Houghton and he made the best showing he has made for many games.

The Houghton fans are beginning to cheer up. Catcher Kurke and Third Baseman Thomson were in the game, and all the regular players were in their old positions. The team played snappy ball, and now it looks for second place, if not the top. Calumet is going to strengthen this week in an effort to get out of the lowest position. The prospect is for better baseball for the remainder of the season.

## ASSUMES NEW DUTIES.

Robert M. Wetzel, chief pharmacist of the Calumet & Hecla Employers' fund, he succeeds Dr. Charles H. Niles, resigned. Mr. Wetzel has been connected with the hospital staff of the mining company for eighteen years. As secretary of the fund he will attend to the disbursement of sick benefits and will generally supervise arrangements for protecting the health of Calumet & Hecla employees.

## HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Foley's Honey and Tar. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. W. A. RAY, Wholesale Druggist, Toledo, O. HALL'S CATARRH CURE is taken internally, setting directly upon the blood and mucous surfaces of the system. Price, 75 cents per bottle. Sold by The Stafford Drug Co.

## SOCIALISTS IN CALUMET.

Expected Parade Did Not Materialize Sunday Morning.

The Calumet socialists held a picnic Sunday at Tamarack Park, and a parade had been announced for the morning. It was rumored Saturday that the socialists would march and would display red flags and naturally a riot similar to that which took place a week previously in Hancock was expected. But the socialists did not make a demonstration, contenting themselves with an orderly picnic at the park.

It is not believed that the socialists in Houghton county will be very active until the twelve cases of the Hancock red flag bearers are disposed of at the coming term of the circuit court. That will be a test of their right to parade with red flags.

## JUNE VITAL STATISTICS.

Data of Births and Deaths in Copper Country Counties.

From the June issue of the Michigan Bulletin of Vital Statistics the following data concerning the copper country counties are gleaned: In Houghton county there were 321 deaths reported, a rate of 14.1, and there were fifty deaths by violence. In Baraga county there were nine deaths, a rate of 19.3, and there were six births, a rate of 12.9 per thousand. Three persons died by violence. In Ontonagon county there were seventy-eight deaths, a rate of 12.9, and there were 183 births, a rate of 30.2. There were eleven violent deaths. Keweenaw county had five deaths, a rate of 11; twenty-five births, a rate of 55, and four deaths by violence. In Ontonagon county there were seven deaths, a rate of 18.6, and two violent deaths. In the city of Hancock six persons died, a rate of 0.7 per 1,000; seventeen infants were born, a rate of 27.6, and there was one violent death. There was one death in the state from tetanus. Sunstroke caused three deaths, and there was one death from smallpox. Accidental drownings caused forty-three deaths.

There were 3,679 births returned for the month of June, corresponding to an annual birth rate of 17.3 per 1,000 estimated population. This number is a decrease of 490 from the number returned for May, and a decrease of 440 compared with the corresponding month of 1906.

The total number of deaths for the month of June was 2,653, corresponding to an annual death rate of 12.5 per 1,000 estimated population. This number is considerably less than the number reported for May but slightly exceeds the number reported for June, 1906.

## PHONE LINE COMPLETED.

Rockland, Greenland, Mass City and Ontonagon are now in touch with the outside world via the lines of the Michigan Telephone company's system. The extension of the Ontonagon County lines from Rockland to Bruce's Crossing was completed a few weeks ago, but as Ewen was selected as the place for making the connection between the two systems, the Michigan company had to string additional wires between those places.

Public booths will be established at Ontonagon, Rockland and Greenland and about forty-five individual telephones for long distance use will be put in to start with. The work of installing these instruments will be started in a few days. The toll on any point in the county will be fifteen cents and to adjoining counties twenty-five cents.

## BASEBALL TOURNAMENT.

Arrangements are being perfected by Manager Dowd for a series of six games for tournament week, beginning with Sunday and winding up on Friday, the last day of the big gathering, says the Ontonagon Herald. Hurontown has been booked for Tuesday and Wednesday and an effort is being made to have Lake Linden and Tamarack Mills for the other four days. The Ontonagon team will be strengthened and it is expected that these contests will afford the most excitement in the history of the semi-professional baseball history of the upper peninsula.

## HAY FEVER AND SUMMER COLDS.

Victims of hay fever will experience great benefit by taking Foley's Honey and Tar, as it stops difficult breathing immediately and heals the inflamed air passages, and even if it should fail to cure you it will give instant relief. The genuine is in a yellow package. The Stafford Drug Co.

## READY FOR STATE ENCAMPMENT.

Calumet and Houghton Militia Companies to Leave Soon.

The Calumet Engineers and the Houghton Light Infantry have been ordered to leave next Tuesday for the annual state encampment at Ludington, and they have been in preparation for this trip for several weeks. During this time they have been indulging in extra drills and duty of all sorts in order to increase their efficiency. The companies will be gone from their home stations for ten days.

Sergeant Meads and Private McDuff of the Calumet company will leave Calumet next Sunday, preceding the company, to join the state rifle team. Meads was selected for the team at the recent state shoot, but McDuff was not advised until Sunday that he had been selected. They will attend the national shoot, which is to be held in Ohio some time later than the state encampment, and in the meantime they will practice at Ludington.

The Hancock Naval Reserve will leave for Saginaw Aug. 20 to be present at the salt celebration.

## OPENS SUMMER SCHOOL.

Superintendent John A. Doelle of the Houghton educational system yesterday opened in the assembly room of the Central building a summer school which will continue throughout the month of August. It is intended to assist pupils who may have work to bring up to standard or who desire to do take up new studies. This makes three such schools now in operation in the copper country. Principal Hall of the Calumet High school is conducting a similar school, which has been open through the month of July and will continue for another two weeks, giving the pupils the last two weeks of August as their share of the summer vacation. The Norwegian M. E. church of Calumet is conducting a school for children of that congregation and it is well attended.

## COPPERDOM BREVITIES.

The Hancock city council met in regular session last night.

Mr. and Mrs. Charles Lieblein of Calumet are visiting at Appleton, Wis.

Captain Joshua D. Hosking of Calumet will arrive home today from a tour of the lakes.

The Misses Laura and Evangeline Haas will entertain Friday evening at their home at Haas' Park.

Rev. R. N. Higgins of Berlin, Wis., conducted the services at the Calumet Congregational church Sunday.

Miss Grace McCarron, employed in one of the state departments at Lansing, is visiting her parents in Calumet.

The Misses Weiber of Houghton will entertain tonight with an informal dancing party in the Citizens' bank hall.

C. L. Bayshore, train dispatcher for the Mineral Range railroad, has returned to Calumet from a visit at Marquette.

The Misses Helen and Jean Evans of Houghton will entertain with a dancing party in the Amphidrome Thursday night.

The Red Jacket council will meet tonight. An important matter to be discussed will be the revision of the ordinances of the village.

The Mohawk Mining company is erecting eleven dwelling houses at the Mohawk location. One of the number is a fine residence for Dr. Tucker, mine physician.

Wallace Jordan, who recently resigned his position with the Osceola Mining company, expects to leave this week to make his home permanently in Sacramento, Cal.

C. S. Sullivan, a wellknown theatrical manager, is visiting his mother in Calumet. He is to manage a "Dora Thorne" company the coming season and will leave for New York Sept. 1 to take hold.

Dr. Emile Houle has resigned his position as physician to the Wolverine Mining company and expects to leave this week for Douglas, Ariz. He is succeeded by Dr. Charles E. Smith of Meeklenburg, N. Y., who has assumed his duties.

The Ancient Order of Hibernians of Calumet will today observe the anniversary of the birth of Daniel O'Connell, the greatest Irish statesman, orator and patriot. The celebration will take the form of a picnic at Tamarack Park.

Morgan's Comedians, who played a successful engagement last week at the Kerregle theater and are this week at the Lake Linden Opera House, will put in the following week at the Calumet theater. The troupe is a good representative of the popular present repertoire aggregation and has some interesting vaudeville.

The copper country lodges of the Ancient Order of United Workmen, the state grand lodge of which recently went to the wall, have arranged to pay their monthly assessments to the supreme lodge in order to retain their policies and the identity of their subordinate lodges. The members must apply individually for this privilege and the application must be accompanied by the July assessment. The members have until the close of August to make the transfer.

The Green-Moohan Mining company has decided to discontinue shipping for some time and to sink shaft No. 1 below the 110-foot level. This will be followed by extensive drifting and crosscutting to determine the extent and values of the ore bodies. The unexplored portion of the company's lands will also be inspected.

I will mail you free, to prove merit, samples of My Dr. Shoop's Restorative and my book on either Dyspepsia, The Heart or the Kidneys. Conditions of the Stomach, Heart or Kidneys are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free book. Dr. Shoop, Racine, Wis. The Restorative is sold by The Stafford Drug Co.

## Mining News

### COPPER DEADLOCK.

Signs of Further Reduction in Prices Seen by D. Houston & Co.

D. Houston & Co.'s monthly copper circular says: The reduction in the market price of copper to 22 cents per pound for electrolytic and 22 1/2 cents for Lake made by the leading producers on the 9th ult. was an event of special interest to the trade during the past month. This action was considered by large sellers as a fair compromise measure in the efforts to establish a price basis that would facilitate business. Several million pounds of metal were sold at the new figures, but it is a matter of common knowledge that the response by buyers at the new schedule of values has been disappointing. The waiting situation noted in June extended into July and still continues to an extraordinary degree. It remains to be seen what market developments will take place during the next few weeks. While the hesitation lasts the market is treated to limited offerings here and there at considerably below the above-mentioned prices, and these cheap lots serve to postpone buying in heavy volume. Undercutting operations by speculators and buyers guessing on the future of the market.

There is this much to be said, however, that manufacturers will be driven into the market sooner or later by the sheer force of necessity, and the potentialities of an accumulation of multiplied requirements certainly will prove a powerful market factor once buying starts up with renewed vigor. The situation is capable of experiencing a rapid change on the resumption of a big demand. A little more confidence is needed, and once it becomes apparent that consumption is going to progress at a healthy rate the beneficial effects of large tonnage requirements should soon exert a stimulating influence on the market. A number of important plans which spell out progress and advancement have been dormant lately, but when the way is clear for the execution of great projects there will be an enormous absorption of copper.

Some restraint has been put upon the carrying out of certain enterprises lately, but when conditions become more favorable these will be taken up with energy. There is no reason to expect any permanent setback in the use of copper, and the future will undoubtedly see all past records in the way of demand greatly eclipsed. The civilization of this age, and the possibilities opening up for further electrical expansion makes the prospect for copper an exceedingly bright one. If it were possible to guarantee a United States production of a billion pounds of copper annually for five consecutive years at a market price not over 20 cents per pound, then we might expect to see an adjustment of electrical and industrial interests on a basis that would warrant some of the mightiest undertakings ever achieved. Enough metal for an expanding demand.

The Shannon Copper company has just paid off from earnings \$100,000 of its 7 per cent bonds at par and interest. This leaves outstanding \$200,000. Shannon is now producing at the rate of about 14,000,000 pounds of copper per annum. By Sept. 1, when the new furnace will be in commission, the production will be increased to 18,000,000 or 20,000,000 pounds per annum.

### NOTES OF COPPER NEWS.

The drill at the Mass searching for the Baltic lode is down 640 feet, and expects to run through the lode in a few days.

The Neversweat engine, which broke down Monday night just after the machinists strike, necessitating closing the mine, has been repaired by the master mechanic, and the mine is running again, as usual.

It is said that not many months ago a bid of \$125 per share was made for the combined holdings of W. A. and C. H. Paine in Copper Range, amounting to some 45,000 shares, and that the same was refused.

The High Ore shaft of the Anaconda company is 2,875 feet deep and sinking has been stopped for the time being at the 2,800-foot level and is to be run to the vein from that point. The shaft is the deepest by 300 feet of any in the district and will open up immense ore reserves of high grade ore. Rich ore has already been found in the lower working levels, 600 feet above the 2,800-foot level.

The strike of the Butte machinists is causing no inconvenience. Air drills are being repaired by the miners and engineers being repaired by their union to make needed repairs on engines to insure the safety of the miners, but they are not to be allowed to make new parts unless some serious breaks occur, mining cut the mine and machinery without the machinists. The miners are not in sympathy with the strikers.

No call has been issued for the directors' meeting of the Quincy to declare a quarterly dividend, but it will probably be held during the latter part of the current month. The board has not in any way officially discussed the next payment and it is impossible to get a statement to state what rate will be decided upon. However, if the quarterly returns show up sufficiently favorable a \$4.50 payment will unquestionably be ordered.

One of the most complete smelters in Mexico now is being constructed by the Douglas Copper company at Fundacion, in the state of Sonora. It will be ready for operation in September, and because of its many new features is attracting wide attention among mining men. The machinery throughout the plant, including the pumps, will be motor driven. An abundant supply of good water is at hand and the general conditions are reported to be ideal. The smelter will be of 600-ton capacity and the service will be by means of a 36-inch gauge railway, all material being moved by locomotives, including the slag and matte.

The first samples of silver ore to be seen in Toronto from the Montreal River district were brought in last week. They are in all respects similar to the Cobalt silver ore and carry a good display of "blissom."

## SEVERE ECZEMA CURED IN SOUTH

Suffers Three Years—Hands and Eye Most Affected—Employed Doctor to No Effect—Now Entirely Recovered and Will Recommend CUTICURA REMEDIES IN ALL PARTS OF PARISH

"My wife was taken badly with eczema for three years, and she employed a doctor with no effect at all until she used Cuticura Soap and Ointment. One of her hands and her left eye were badly affected, and when she would stop using Cuticura Soap and Ointment the eczema came back, but very slightly; but it did her a sight of good. Then we complied with the instructions in using the entire set of Cuticura Remedies and my wife is entirely recovered. She thanks Cuticura very much, and will recommend it highly in our locality and in every nook and corner of our parish. God bless you for the sake of suffering humanity. I. M. Robert, Hydroplis, La., Jan. 5 and Sept. 1, 1906."

## SOUTHERN MAN CURED Of a Terrible Eczema by Cuticura in Six Weeks.

"Some time ago I suffered terribly with eczema, and I had the best medical attendance, but the more medicine I took the worse I got. I was kept on with medicine for about five weeks until I saw the Cuticura Remedies advertised, and at once purchased the Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, but had not the slightest hope of them curing me. After I had used the first set of the Cuticura Remedies I saw the improvement, and in just six weeks my skin was as smooth as ever. I advise every one suffering from this terrible disease to use the Cuticura Remedies. Every House of Infants, Children, and Adults should have a set of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. Cuticura Ointment (50c) to Heal the Skin, and Cuticura Resolvent (50c) to Purify the Blood. Retail throughout the world. Putney Drug & Chem. Corp., Sole Preps., Boston, Mass. 50¢ Mail Preps. ### City Brevities

Today's weather: Fair; stationary temperature.  
Yesterday's temperatures: Seven a. m., 61 degrees; noon, 64; 7 p. m., 70. Maximum, 75 degrees; minimum, 61.

W. W. Osband left last night for Duluth.

Mr. and Mrs. G. N. Obenour of Alpena are visiting in the city.

A. Mathews is home from a business trip to Wisconsin points.

S. R. Kaufman and N. M. Kaufman left last night for Detroit.

Miss Marie O'Meara left yesterday on the Castalia for a trip to Cleveland.

Philip Hefferan, of the DuPont Powder company, left last night for Duluth.

Miss Helen Melaine is visiting in Hancock and Calumet, with relatives and friends.

Mrs. Harry Cornell, who has been visiting in the city, left yesterday for her home in Negaunee.

Rev. James Ivey, of the Salisbury M. E. church, is in Marquette, visiting his mother, Mrs. Ivey.

Miss Bertha Schwartz and party left yesterday for Stewart's camp. They will be away for ten days.

Visitors from Ishpeming in the city yesterday were W. J. Hamey, James B. Quayle and J. N. Olsson.

The Misses Estelle and Cate DuRoche left last night to spend a few days with friends and relatives at Duluth.

Henry W. Campbell, Jr., of Detroit passed through the city yesterday on his way to the Huron Mountain club.

Joseph Trather and family have returned from a visit to the Trather home at Harvey. They have been away four days.

John D. Chubb, the Chicago architect, who designed the French Catholic church, is in the city inspecting the building work on the structure.

Mrs. D. M. Otis, Mrs. R. O. Steele and Miss Helen Kelly, all of Indianapolis, Ind., are visiting their uncle, Dr. McQuillan, of Superior, Wis.

Clarence Smith, who with his son, Martin Smith, has been visiting his brother, Joseph L. Smith, departed on the steamer Castalia for Astabula.

A special meeting of the Ladies' auxiliary to the A. O. U. will be held at Siegel's Hall tonight. All members are expected to be present.

Miss Tappay, daughter of Dr. Tappay of Detroit, was here yesterday on her way to the Huron Mountain club, where she will join her parents.

Mrs. Dunlap Smith and her three sons, who have been spending the past week at the Huron Mountain club, left yesterday for their home in Detroit.

Mrs. F. J. Bartscher and her two children are visiting Mrs. Bartscher's parents, Mr. and Mrs. A. F. Agnew. They will be here several weeks.

Albert LaFortune, who has been in the postoffice service as a carrier for the past year, has resigned to accept a position with the Marquette Hardware company.

Miss Margaret Fitzgerald and Miss Sadie Cameron, who have been visiting friends in Chicago for the past two weeks, returned home Sunday morning.

John M. Egan, Jr., arrived in the city from Amboy, Ills., yesterday morning for a week's visit, joining Mrs. Egan, who has been here the past several days.

John J. Stenglein and E. J. McCarthy arrived home Sunday evening from a two days' successful fishing trip on the Little Garlic. They each brought back nice catches of trout.

Prof. J. B. Faught and William McCracken, of the Northern Normal faculty, left yesterday morning for a ten days' trip down the Escanaba river. They were driven out to Sands, carrying with them a flat-bottomed boat they built themselves, and after a few days fishing in the super waters of the Escanaba will follow it to its mouth.

John M. Jackson, a chiroprapist, with Caspari & Virmond, a walk-on Milwaukee shoe house, is at the Hotel Marquette today, concluding a three days' visit. Mr. Jackson plans to make periodical visits to Marquette and other cities in this region in the future. His work is highly recommended. On his present trip he is accompanied by his wife.

To Be Married—Joseph Versalle, a fireman on the Marquette & Sault Ste. Marie, and Miss Lillian Genard of Negaunee were granted a marriage license yesterday. A license was also issued to John Saari and Miss Maria Kuisisto, both of Michigan.

The Stork Was Busy—During the month of July the births of sixteen girls and fourteen boys were reported at the city clerk's office. This is a material increase over the number of births reported for June, when only six boys and twelve girls were born.

"Passion Play" at Grand—The Grand theater has made an arrangement to put on passion play moving pictures in a very few days. These pictures will be a great hit for the Grand as the room and facilities for this exhibition will enable the managers to show this celebrated work at the best.

Marquette Man's Success—Two years ago George W. Hibbard, former general passenger agent of the South Shore road, left the city take charge of the passenger business of the National Lines of Mexico. A recent report indicative of his great success in the southern republic will be of interest to his friends here. The report shows that the passenger earnings during the first three weeks of July, 1907, exceed those of the same period in 1906 by \$60,000.

Mr. Beachy, representing the firm of Beachy & Co., will be at the Marquette Millinery store next Thursday and Friday, Aug. 8 and 9, closing out his ladies' tailor-made suits and other garments at one-half price.

## KIRMES OPENS AT OPERA HOUSE TONIGHT

YOUNG PEOPLE WILL BE SEEN IN FANCY DANCES—TASTY BOOTHS WILL HELP ENTERTAIN VISITORS.

The opening performance of the Kermis will be given this evening and from all indications will be given to a full and enthusiastic house. Strenuous efforts are being made to make it a howling success, no expense being spared in decorations of booths. A calcium light will add to the brilliancy of the dances. The flower booth, in charge of Mrs. Breitung, will occupy the boxes on one side of the house, and the country store conducted by Mesdames Rankin and Charlton will be under the balcony. The voting box will be in a convenient place, and is sure to be well patronized. Mrs. Flint and Miss Alice Collins will see that everybody gets for the most popular dance. In the pavilion at the west side of the opera house will be found the Japanese tea room, where tea and ice cream will be served, under the supervision of Mrs. E. B. Palmer; the Dutch booth, in charge of Mrs. A. M. Bigelow, where a lunch, either hot or cold, may be obtained; the American booth in the hands of Mrs. E. E. Montosh, which will contain a liberal supply of home made candy, lemonade, peanuts and popcorn; a lemon tree which will contain all sorts of surprises, planned by Miss Frances Jopling; and a fish pond for the children, with Miss Olive Pendill in charge. There will be fortune telling by dark eyed gipsies, Japanese novelties for sale, prize packages at the Country Store and many other attractions too numerous to mention. Attractive programs will be on safe, containing the names of all the dancers and other items of interest. Following is the order of dances for this evening:

- Indian.
- Highland Fling.
- Irish Jigs.
- Geisha Dance.
- Dairy Dance.
- Gipsy Dance.
- Intermission.
- Wooden Shoe Dance.
- Skirt Dance.
- Dance of the Pickaninies.
- La Cachucha.
- Sailors Hornpipe.
- American Drill and Yankee Doodle Dance.
- March of all nations.
- Tableaux.

Rehearsals for two of the children's dances, the Roses and Bees and the Teddy Bears, will be held at the opera house this afternoon at 2:30. A full attendance is requested.

The doors will be opened for the evening performance at 7 o'clock. The program begins at 8:30.

### JUDGE STONE'S VIEWS.

Regarding New Constitution, Says People Slow to Endorse Innovations.

Replying to a request from the editor of the Detroit Free Press for his views regarding the constitutional convention, and what it should do, Judge J. W. Stone wrote as follows:

"To the Editor: You ask for my views on the scope of the work that night, or should, come before the constitutional convention to assemble in October. My notion of an ideal organic law would be one wherein many things that are in our present constitution were eliminated, and left to the action of the legislatures.

"Our present constitution is by no means a model. As has been well said of it, 'It indicates clearly that the convention had very little confidence in the legislatures.'

"Its immense detail in minor matters has proved a hindrance to the people. The matter of salaries of state officers, etc., should in my judgment be left to the legislatures. The numerous amendments of the present constitution, which have been proposed and adopted, are evidence that the people were not satisfied with it. I would not change the policy of the state as to internal improvements. Our people have not forgotten their experience under the old constitution.

"The 'referendum,' especially when applied to local governments and local legislation, would, in my opinion, be a safe measure, with proper safeguards. The 'initiative' and 'recall' would not be acceptable to the voters of Michigan, in my judgment, and should they be introduced in the instrument, it would probably be defeated.

"Thus you see that I would not favor 'new things' for the sake of novelty, but would cut out and leave to the people many things that have now been taken from them, and are now beyond legislative control.

"The fact that two proposed constitutions have been rejected by the voters is evidence that the people are slow to endorse experiments.

"It remains to be seen whether there will be wisdom enough in the convention to strike the 'golden mean,' which the people will accept. Let us hope that there may be such wisdom in that body.

"Respectfully,  
"J. W. STONE.

NATIONAL BISCUIT COMPANY

Ishpeming Department

BREITUNGS TO REOPEN OLD HUMBOLDT MINE

NEW BUILDINGS TO BE ERECTED AND MACHINERY INSTALLED AT ONCE—SECOND CLASS ORE TO BE SHIPPED FROM STOCKPILE.

The Breitungs interests of Marquette are soon to start mining operations at the Humboldt mine. James F. Foley of Negaunee and a surveyor in the employ of the Duluth, South Shore & Atlantic Railway company visited the property yesterday to look over the tracks leading from the South Shore company's main line to the mine.

The property will be equipped with a complete new outfit of machinery, including a 150-horsepower boiler, an air compressor with a capacity for operating twelve drills, and a hoisting plant. It is Mr. Foley's intention to put the boiler and compressor in as soon as possible, with a view to raising the water from the workings by air.

There are three shafts at the Humboldt, but it is not anticipated that any one of them will be found in very good condition. Captain Foley says that the timber so far as it can be seen from the top of the two working shafts, is in fair condition, and will have to be replaced. It would not surprise Mr. Foley if it is necessary to retimber both shafts from top to bottom.

Capital, \$100,000 Surplus, 40,000 THE MINERS' NATIONAL BANK ISHPEMING, MICHIGAN

PILING WILL BE REMOVED.

Concrete Foundation Will Be Put in at the Anderson Block. Work was started yesterday morning on the foundation of the Anderson block. The building was constructed with a cedar pile foundation, it being one of the largest buildings in the city resting on piles.

A concrete foundation will be placed under the Anderson block. Every precaution will be taken to prevent the brick work from cracking. The Yeckel block and the McKey block are both built on piles and the owners also contemplate repairing them, as large cracks have appeared on both the outside and the interiors.

OPENED TO GOOD HOUSE. Stock Company Favorably Received at Ishpeming Theater.

The Harvey Dramatic company opened a week's engagement at the Ishpeming theater last night, presenting the comedy, "A Night Off." The new playhouse. The company proved to be an exceptionally strong one and much above the usual run of repertoire organizations. The bill last night was a rollicking comedy of the better class and pleased the audience immensely.

FINNISH VIOLINIST ENGAGED. Miss Marie Koivu, a talented Finnish violinist of Minneapolis, will give a concert at the Woodman hall Friday evening.

FROM HOPKINS' CURB LETTER. The heavy fine imposed on the Standard Oil company showed its effect on the New York list this morning. The market opened very irregular and from 1 to 3 points lower.

Table with columns: Bid, Asked, American, Wash, Denn-Mining, Globe Consolidated, Superior & Pittsburg, Slattuck, Nipissing, Columbia Ely, Boston Ely, Ambeck, Silver Queen, Davis Daly, Columbus Cons, Tri-Bullion, Battle Exploration, Black Mountain, East Butte, Butte & London, Keweenaw, Superior, Superior & Boston, Superior & Globe, Old Hundred, North Butte Explor, Wolverine & Ariz, Calumet & Montana, Barnes King, Comanche, Nevada-Utah, Helvetia, Raven, Troy-Manhattan, Utah Apex, McKinley, Foster, National Mining, Ely Consolidated, Carnien.

HAD POPULAR COURSES. Miss V. Winifred Lacey is home from Marquette, where she was one of the instructors at the summer session of the Northern State Normal School.

Orders for piano tuning left at William Leininger's furniture store, on 206 Cleveland avenue, will receive prompt attention. J. G. B. ASTENIUS, (7-18-14)

MARQUETTE & SOUTHEASTERN RY. Sunday, June 9th, the summer schedule of the M. & S. E. Ry. goes into effect.

Gas Cooking Demonstration

at our office, commencing Monday, August 5. We will be pleased to have the Ladies of Ishpeming and Negaunee visit us and we will show them the advantages and economy of

COOKING WITH GAS

Cakes, coffee and muffins will be served every afternoon and evening from 2:30 to 9 p. m.

EVERYBODY IS CORDIALLY INVITED

Marquette County Gas & Electric Co.

ISHPEMING IN BRIEF.

M. J. Leland, of Oshkosh, was in the city on business yesterday.

Lloyd J. W. Smith and wife, of Chicago, were in the city yesterday.

The City band will give a concert at the Nelson House Friday evening.

Dr. Gibson, of Republic, was in the city Saturday and Sunday, visiting with friends.

Mrs. A. Brunwick, of Boston, is visiting with Manville Jenks and wife for a few days.

The infant child of Mr. and Mrs. Alfred Passo, of Fourth street, died Sunday afternoon.

B. J. Goodman's family will spend the greater part of next month at Little Lake and Sands.

The infant child of Mr. and Mrs. Onquist, of the New York location, died Sunday afternoon.

August Hendrickson and wife left yesterday morning for Ironwood, on a week's visit with friends.

Thomas J. Delahunt arrived yesterday morning from Milwaukee, where he spent Sunday with his family.

Mrs. W. P. Belden left yesterday afternoon for Grand Rapids, where she will visit for a few weeks.

Miss Jane Broad returned from Grand Island yesterday, after a week's outing at one of the cottages there.

Miss Florence Rogers, of Muskegon, arrived in the city yesterday morning on a visit with Miss Anna Bronson.

Mrs. Perkey arrived from Chicago yesterday morning to join the Hayden family on a boat trip down the lakes.

A. K. Harrison, of Boston, landscape architect for the Cleveland Club company, arrived in the city yesterday.

Jerry Morsette has given up the saloon business which he has conducted in the Cardigan block since the first of May.

J. Ewald, the blueberry man, arrived in the city this morning. He expects to start in manufacturing boxes this week.

Richard Rich and wife arrived yesterday morning from Goldwater, Kansas, for a visit with W. H. Johnston and family.

Ben Mizen, who was lately in the employ of the Oliver Iron Mining company, is in the city on a short visit with friends.

Ralph N. Marble and wife have left for Duluth. After spending a short time there they will leave for their new home in Mexico.

J. T. Nicholls, wife and family left yesterday morning for Keweenaw county, where they will spend the next week visiting with relatives.

Miss Daisy Nelson, returned from Princeton Saturday, where she spent the past three weeks visiting with her sister, Mrs. R. G. Jackson.

W. J. Whiting and wife and Miss Nellie Donahue left last evening for Marquette where they took the ore carrier Angeline for a lake trip.

Miss Mary A. Griffin, who spent the past two weeks in the city visiting George A. Persons' family, departed for her home in Chicago yesterday.

E. R. Nelson and family, Dr. Barnett and family and Mrs. F. H. Raisky returned Sunday from a two weeks' outing at Trout Bay, near Munising.

James Wall, conductor on the Northwestern line between here and Green Bay, is on the sick list. His run will be taken during his absence by Stephen Connors.

The city force commenced the grading of East Vine street yesterday morning. The work will be completed this week, as there is only about a blisk and a half to be treated.

John A. Struble, of Hancock, formerly a conductor on the South Shore road, was in the city yesterday. Mr. Struble is now traveling for a large pickle manufactory.

The Beaver baseball team defeated the Marquette West Ends Sunday afternoon at Marquette by the score of 22 to 9. Trombly and Willet were the battery for the Ishpeming team.

Immediately following the inspection and drill this evening Company I will entertain at a dancing party. The dancing will continue from 9 to 12, and the public is invited to attend.

"Skeeter" Karkeet didn't get a hit in Sunday's game, but the little fellow captured a couple of nice flies in center. He still leads the batting list with an average of 400.—Virginia.

H. O. Fairchild and wife will leave today on a lake trip to Mackinac. Mr. Fairchild is a leading attorney of Green Bay, and spent the past few days here looking over the local mining properties.

The regular meeting of the Country club will be held this afternoon and evening at the club house. The first bus will leave Dr. Barnett's residence at 2

o'clock and the second will leave the side door of the Peninsula bank at 5:30.

The funeral of the late Charles Carlson was held yesterday afternoon from the Swedish Lutheran church. The funeral was well attended for a week-day funeral, there being over two hundred members of the Swedish Home society in line.

The Uniform Rank, Knights of Pythias, will give one of its series of dancing parties at Braastad's Hall on the evening of Friday, Aug. 9. The dancing will continue from eight to twelve o'clock and the admission will be fifty cents per couple.

The following is the lineup of the Eagles in the ball game with the Michigan team at Union Park Sunday afternoon: Nichols, catcher; Andrews, pitcher; Johns, first base; Manly, second base; Wooliver, short; Kaiser, third base; Harvey, left field.

Thomas Nelson will leave this evening for Washington, Idaho, where he will visit for a short time. From Washington Mr. Nelson will go to the Gundersen valley in Colorado, where he will visit with his brother William, whom he has not seen in twenty-seven years.

J. H. Joesberg, August Pello, J. Kikkila and Sam Juntila, prominent Finnish citizens of Hancock, were in Ishpeming yesterday. They came down to attend a business meeting at which several Ishpeming men were present. Others in attendance were Nels Majhamu of Michigan and Abram Boulson of Negaunee.

TRANSPLANTING A HUGE TREE. Perhaps the most ambitious attempt at transplantation on record has just been made at Frankfort-on-the-Main, Germany and the results are being eagerly watched by botanists.

The oldest yew tree in Germany, perhaps in the world, has been removed from the old botanical garden, which the municipal city is about to use for some other purpose. To the new one, the distance traversed was about a mile and a quarter.

The tree was moved on account of any special scientific value but for sentimental reasons. Its age is estimated by some authorities at 700 years, and it seemed a sort of sacrifice to cut it down without an effort to save it.

Preparations for the removal were begun three years ago under direction of expert botanists. The principal operation was the clipping off of the tendrils of the roots to a radius of about six feet. This was gradually done, a few at a time, so that the tree might acclimatize itself to their loss. About the end of last May the colossal task of lifting the tree from its bed and placing it on a huge wagon constructed for the purpose was begun.

A sort of cradle was built about the roots with the earth clinging to them as fast as they were laid bare, the tree being kept erect by guy ropes. When this was finished it was slowly pushed along on rollers, so that its floor was about on a level with the bottom of the cradle.

The cradle was about thirteen feet square and six deep. The tree is about sixty-six feet tall and some of the lower branches had to be pruned to keep them from damaging the roofs of houses along the way. The weight of the tree and its packing was estimated at 90,000 pounds and to carry it the truck was made of enormous strength.

It was decided that it would be impracticable to put the wagon on wheels, as each one would have to carry a weight of 25,000 pounds, or more than German locomotive wheels are tested for. Besides it was figured that less damage would be done to the road by using rollers. In places where rollers or other pipes were underground heavy timber beams were arranged to take the weight of the rollers for fear the conduits would be crushed.

The mechanical part of the transportation was carried out triumphantly. The tree is still propped up in its new location but the wind should blow it over before it gets a solid hold on the earth. It is watched and watered from day to day. It is not certain yet whether it will acclimatize itself to its new home, but there are great hopes that it will.—New York Sun.

QUICK RELIEF FOR ASTHMA SUFFERERS. Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made in one form for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-copper glass jars 50 cents. Sold by The Stafford Drug Co.

WARNING. If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. The Stafford Drug Co.

### MAAS FINDS ORE IN MICHIGAMME VALLEY

DISCOVERY WILL MEAN MUCH FOR DISTRICT NORTH OF MANSFIELD—ORE DEPOSIT FOUND AT DEPTH.

The news comes from Crystal Falls that a body of ore has been encountered on a property controlled by George J. Maas of this city in the Michigamme river valley. Drilling operations have been conducted for some time, but it was only recently that Mr. Maas came to the conclusion that the holes were not being put down deep enough to reach the ore formation. Speaking of Mr. Maas' success, the Crystal Falls Diamond Drill of Saturday says: "Recent developments at the Mansfield mine have taught me a thing or two. I'm going back to my old stamping ground and put a hole down to 111 in order to find the ore. I am convinced that if I go deep enough I'll get it." George Maas gave utterance to the above one evening last fall in the hearing of the writer. He did as he said he intended doing, except that his hole didn't quite reach the infernal regions, and he has found the ore. That's the report from such source as to leave no doubt but that Mr. Maas has been rewarded for the work done.

Thousands of dollars have been spent in the Michigamme valley in an attempt to locate another ore deposit, but the Mansfield mine still stands as the sole representative of an ore deposit in the Mansfield formation, a formation which, by-the-way, is entirely distinct from the Crystal Falls formation.

One indication can be found anywhere up or down the valley for miles on either side of the Mansfield mine. It is the jaspers that would make you believe that "one more cut" will show clean ore can be found at a dozen points but never any clean ore. Mr. Maas spent three years drilling short holes all over his property north of the Mansfield with no success.

It was not until the Mansfield mine reached its great depth that the students of that section began to see that the ore in the Mansfield trough lies at a great depth. That is what Mr. Maas referred to when he said that the Mansfield developments had taught him something of that section.

The ore that he is reputed to have cut was met with at a depth of 740 feet and a good length of formation was penetrated by the drill. The ore is said to be low in grade but sufficiently so to discourage Mr. Maas from putting down additional holes.

During the week the drill was moved a distance of about six feet from the first hole and a second hole put down at a different angle.

The result of this work will be watched with interest by all interested on that and further success will, no doubt, lead to much more deep exploring in the Michigamme valley.

### WOMAN SLIGHTLY DEMENTED.

A middle aged, well dressed woman was found at the depot yesterday morning in a slightly deranged condition. She wandered about the building in an aimless fashion and later walked over to the flag shanty, on the west side of Gold street. The police endeavored to find out her name. She was very reticent, refusing to give her name or to tell where she came from. She appeared to be in good health. Joseph Barabe finally found that the woman was the wife of Joseph Garapy, of Westline. The couple were formerly residents of Negaunee and are well known to many of the French people. Mr. Barabe and Theophile Roy took charge of the woman and she was removed to the Montreal House, where she will be given every attention until plans for her removal are made by her husband.

### MINING STUDENTS HERE.

Professor C. E. Seaman and sixteen students of the Michigan College of Mines arrived in the city Sunday. The party will be re-entertained by several members today and tomorrow, and will number about twenty-three by Wednesday. Yesterday the party visited the mines to the west of the city, including the old Jackson and Buffalo mines. It will remain here for ten days, inspecting all the mines of Negaunee and Ishpeming. The following are the members of the party: C. E. Seaman, A. C. Fox, B. F. Sparks, J. R. Dallas, D. E. Cavan, J. F. Erditz, P. R. Hous, I. E. Ives, J. M. Drake, Jr., L. A. Williams, James Barr, all of Houghton; W. Van Evera, C. A. Fitch, of Marquette; J. J. Williams, of Chicago; R. G. Halter, of Chihuahua, Mexico, and H. K. Maitland, of this city.

### BIG CROWD AT WONDERLAND.

The management of the Wonderland theater, which is conducted in the McDonald opera house, reports a record breaking attendance at the theater last Saturday evening. The crowds at the several performances were so large that many could not secure entrance and were compelled to wait outside on the sidewalk. The large Teddy bear was won by Frank Duschane, Sr., and when he was presented with the bear he was greeted with cheers by the audience.

### MEN PAST SIXTY IN DANGER.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." The Stafford Drug Co.

### WOOD IS SCARCE.

Negaunee Dealers Anticipate a Shortage in the Supply This Winter.

The Negaunee dealers in hardwood look forward to a shortage in the supply for this city during the coming winter, although they have on hand at present enough wood for the next few months. At this time last year hardwood was selling for \$6.25 per load. The dealers are now receiving \$6.50 for the block wood and \$6.75 for split wood.

### LOCAL LACONICS.

A girl was born to Mr. and Mrs. Axel Rasmussen yesterday morning.

Sam Collins, Jr., of Chicago is in the city on a few days' visit with his parents.

Miss Maria Edgerton is on the sick list and will be confined to her home for the next few days.

William Williams, clerk at the Northwestern depot, left last night for a North-western visit in Chicago.

Julius Jacobson left yesterday morning for Iron Mountain where he will visit for the next few days.

Miss Nellie Curran, of the post office force, is spending her vacation visiting with relatives in Green Bay.

About eight hundred tons of soft coal was placed in the Mary Charlotte Mining company's trestle yesterday.

Clement Quinn arrived home Saturday morning from the Wisconsin lead and zinc field, where he spent the last week.

Mrs. H. J. Peterson arrived home Saturday from a lake trip to Detroit and Buffalo. She returned on the steamer Tionesta.

The merry-go-round, which was located on P. Braastad's lot, on High street in Ishpeming, will be removed to this city this week.

J. Holsberg, of Iron Mountain, spent Sunday in the city visiting with his son, C. Holsberg, the manager of the Wonderland theater.

Father Langner left yesterday morning for Milwaukee. He will consult with an ear specialist for deafness, which has been troubling him for some time.

A. J. Rice is remodeling one of his dwelling houses located at the corner of Beck street and Pioneer avenue. The house will be thoroughly overhauled.

Lindquist, the contractor, is doing the work.

Mayor Joseph Winter, Al Wilman, A. F. Maitland and Tom Connors returned Sunday evening from a three days' fishing trip on the East branch of the Escanaba river. The party caught 225 fine trout in three days' fishing.

The boom of the Oliver Iron Mining company's Model G steam shovel broke yesterday morning when the shovel was loading ore at the Blue stockpile. Another shovel was brought down from Ishpeming to replace the Regent shovel, which will be out of commission for a few days, until repairs are made.

### Upper Peninsula

Lumber Company Loses by Fire—A blaze which began from unknown causes destroyed the warehouse and stock buildings as well as the offices of the Earle Lumber company at Simons. The loss is estimated at \$8,000, partly covered by insurance. A large quantity of lumber was piled in the adjoining yard, but through the work of the firemen and volunteers the flames were confined to the destroyed buildings.

Wife, Boarder, Money Gone—Believing that his wife has eloped with a boarder, says a Sautee. Marie dispatch, Stephen Polaski has complained to the police, who are making an effort to find the couple, now supposed to be enroute for Nevada. The husband came home and found his supper ready, but his wife was gone and the boarder missing. It was later discovered that the woman had drawn her husband's savings from the bank. Four small children were left for the husband to care for.

Side of Barn Blown Out—Workmen are replacing the side of one of the barns at the Nine-Mile farm, out from Negaunee, torn from the building and blown fifty feet away by a recent hail and wind storm. Just as the storm struck the barn an eye opened one of the large doors and the gust of wind swept into the building, tore twenty square feet of the barn away and continued on its course. The heavy planks were wrenched from their fastenings as if by a giant hand.

Invasion of Vags—There is much complaint regarding the number of "vags" arriving at the Soo. It has always been a common thing for this class of people to pay the Soo their respects about this season of the year, but they are giving the city unusual attention now. At almost any time of the day any man who has the least appearance of possessing a "sympathy string" can go by block blocks on Portage avenue or but a short distance on the government grounds without being accosted by somebody who with a forlorn look emits a tale of woe and incidentally insinuates that the price of a meal or a drink would be most highly appreciated.

Exploring for Iron—As the result of discoveries of iron ore in Holmes township, five miles south of Miscaunoo Inn, explorations are being conducted by a number of Menominee business men on the property in question, reports the Menominee Herald-Leader. A mining expert from Norway and a graduate of the school of mines is assuming full charge of the work, and it may take a year before it is finally determined whether the property has value enough to justify forming a company and sinking a shaft. Over a year ago several prominent local citizens, who had inter-

## DARANTELLA

10c Havana Cigars, 10c

Stephenson and William Holmes took a job of logging at Escanaba. In 1858, with Abner Kirby, he built a mill at Menominee and later the name of the firm became the Kirby-Carpenter company, which was one of the leading mills of the northwest until it abandoned the manufacture of white pine a few years ago. Mr. Stephenson continued his connection with the firm to the time of his death. He represented his district in the lower house of the legislature in 1877-78 and was in the state senate in 1884 and 1885-86. He was a presidential elector in 1880 and delegate to the Republican national conventions in 1884 and 1888. He represented the Twelfth district in congress from 1889 to 1896.

Street Work Suspended—Work on the Charlotte street pavement has been somewhat delayed this week because of the difference of opinion between City Engineer D. A. Brotherton and John Biehler, who has the contract to supply the crushed stone for the paving, says the Escanaba Journal. The contract calls for three different sizes of the stone. Number one, which is the largest size, is used for the first layer, number two for the second layer and the screenings are used for the finishing course. Last week Mr. Brotherton discovered too much screenings were being received, and as only a limited amount of this can be used Mr. Biehler was notified not to send any more at present. Mr. Brotherton stated that he next discovered that a large quantity of the screenings were being mixed with the number two stone, making it entirely unfit to use and he found it necessary to refuse to accept two carloads of the stone. Mr. Biehler then refused to ship any more stone and work was suspended. Mr. Brotherton and J. G. Zane, manager for the Northern Construction & Engineering company, the contractor who is building the pavement, have been very much disappointed because of the inability of Mr. Biehler to furnish the stone in sufficient quantities to keep the work moving satisfactorily. Mr. Zane says there would have been no difficulty in completing all of the pavements contracted for this season if sufficient stone could have been delivered to him, but it is very doubtful now whether one-half of the work will be completed this season. The Journal is reliably informed that several different people contemplate opening quarries and putting in crushing plants before next summer. The city is paying ninety cents per cubic yard for the crushed stone and it is claimed that at this price there is a big profit in it for the quarry men.

Munising Woman Robbed—James McGuire was examined in Justice Rannels' court at the Soo last week on a charge of robbery and was bound over to the September term of circuit court with bail fixed at \$900. McGuire's case is a rather interesting one. It appears that Mrs. Kate Lezzard of Munising arrived in the city alone on the late train and not being acquainted experienced some trouble in getting directions to the hotels. She happened to meet McGuire, it is alleged, and asked him for directions to the hotels. He offered to show her to a hotel and took charge of her satchel. Instead of going toward the principal part of the city it appears that the woman was escorted westerly toward the car yards. She soon suspected the situation and expressed an intention to retrace her steps. At this juncture, it is alleged, she was seized by her escort, who gained possession of her purse and took \$16, asserting that the woman didn't need much money anyway. She was then allowed to go and she made her way down town. As soon as possible the officers were put on the case and McGuire was soon in custody. He was first arraigned on the charge of larceny, but this charge was changed to robbery. The court officers state that McGuire had confessed. When taken into custody he had about \$30 on his person and he has paid \$16 of it to Mrs. Lezzard.

S. M. Stephenson's Funeral—The funeral of the late ex-Congressman S. M. Stephenson of Menominee was held Sunday at 2 o'clock, the Rev. Long, Presbyterian pastor, officiating. The funeral was under Masonic auspices with Knute Peterson, secretary, and Merritt Stephenson was born in New Brunswick, just over the international boundary in 1831. His parents moved to Maine when he was six years of age and when he was but seven years old he was supporting himself and when but ten years was working in the woods of eastern Maine for \$7 a month. He came to Delta county, Mich., when he was fifteen years old and arrived with just three ten-cent pieces in his pocket. For a number of years he was engaged in lumbering on the streams tributary to the bays de Noquet and the northern end of Lake Michigan. In 1853 he went to Menominee and with his brother Isaac

A Square Deal  
Is assured you when you buy Dr. Pierce's family medicines—all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate woman and child. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them. viz—pure grape alcohol. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, flat breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the Golden Medical Discovery is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. It is its curative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal Passages, it is well while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, harsh-coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be resorted to cure consumption in its advanced stages—no medicine will do that—but for all the ordinary chronic coughs, which, if neglected, or badly treated, lead up to consumption. It is the best medicine that can be taken.

The Chambers-Ferland property at Cobalt is being opened under the charge of W. H. Linney, formerly of the Nipissing. About one-fifth of the total acreage of 165 is cleared of timber, and more than four miles of crosscutting and trenching has been done. Six calcite veins and a cobalt vein have been uncovered. A staff of 125 men is at work. The company is capitalized at \$1,200,000, and there is over \$150,000 in the treasury.

The first annual report of the Buffalo Mines, Limited, has been issued, and it covers operations up to May 1, 1907. The treasurer reports that the profits for the year have resulted in a surplus of \$32,105, after payment of dividends amounting to \$81,000. Ore shipments were of a gross value of \$213,984, the gross income of the company for the year \$216,813. The expenses amounted to \$163,707, giving a net profit of \$113,105. The president, Charles L. Dennison, expects that the fifty-ton concentrating mill will be in operation by Oct. 1. Several thousand tons of low-grade ore are now on the dumps awaiting the concentrating.

D. W. Brownell, resident engineer for

### REVIVING THE DEAD.

A Wonderful Apparatus for Resuscitating Persons Apparently Dead.  
An apparatus for producing artificial respiration has recently been devised whereby in cases of suspended animation the action of the heart and lungs can be renewed.  
Professor George Poe, the inventor of the apparatus, does not insist that with its use life can be brought back, but claims that by artificial means applied through the instrumentality of the respirator persons killed by asphyxiation, poison or drowning can be resuscitated; that the death of persons under the influence of anesthetics while being operated upon can be prevented; that its use will prevent infant asphyxia at birth; that a drunken person can be sobered in a few minutes; that persons electrocuted or hanged—in the latter case where the neck has not been broken—can be revived, and that the freezing death of Arctic explorers can be obviated. These results are accomplished by stimulating normal respiration through artificial means.

A demonstration was made on a rabbit. Two grains of morphine were injected into the leg, after which four cones of ether were administered. It was believed by the experimenters that life was positively extinct, as the application of every known test failed to reveal any sign of life. In this condition the tubes of the apparatus were applied to the rabbit's nostrils, and on pumping the poison with one cylinder, pumping oxygen into the lungs with a simultaneous movement of the valves, within three minutes the rabbit, but lately pronounced dead, was breathing naturally, and within six minutes it was running around the room. The ether was entirely out of the system, as there was no indication of nausea.—Scientific American.

### REMOVAL OF WATER BOARD ASKED FOR

#### ALDERMAN SCHAUER ARRAIGNED BODY IN BITTER ADDRESS AT MEETING LAST NIGHT.

### MAYOR MAY OUST MEMBERS

#### Said Vacancy on Board Had Gone Begging Because of Dilatory Character of Those Now Serving.

In an address at the council meeting last night Alderman Schauer formally asked Mayor Robertson to take steps which may lead to the removal of all the old members of the board of water commissioners for alleged negligence and inactivity. Alderman Schauer asked the mayor to make an investigation of the affairs of the board and particularly to learn why the supplying of water to north side residents has been so long delayed.

#### Complaint Is Timely.

Mayor Robertson said he would comply with the alderman's request, and he said that he thought the complaint against the board was both timely and made with reason, but he would not say that any removals would be made. At the preceding meeting a franchise to install a water plant on the north side was asked for and was referred to a special committee of which Alderman Schauer is chairman. It was when the committee report on the petition for the franchise was made that the complaint against the water commissioners was voiced. After an investigation, Alderman Schauer stated that the committee felt that it was hardly right to have an outside concern come in and pump water for residents when the city had a plant of its own.

#### The Complaints.

He referred to the meeting of last Monday night when the committee from the commercial club, together with a large number of north side residents, laid a formal demand for a north side water supply before the commissioners.

He said the matter had been before the board for many months and that nothing had been done, and that there is no prospect that anything is to be done by the commissioners. North side property owners are indignant and are growing more so all the time, he said. They are paying taxes for water which they do not get, and as the matter stands now, probably will not get for some time; they have filed petitions with the water commissioners and these petitions have been ignored; they now contemplate suing the city—all these things he said are due to the negligence of the commissioners, and he declared that owing to the lack of water, the north side may have an epidemic to contend with next spring. The property owners who have been without water, he said feel that they have not been treated properly.

#### Should Be Removed.

Alderman Schauer's demand was that an immediate statement be obtained from the water commissioners regarding what they intend to do about a north side water supply. If the commissioners intend to make the improvement, he said, they should begin the work at once; if they decline to make definite statement that the work will be undertaken immediately, they should be removed. Mayor Robertson after the meeting said that he appreciated fully the situation on the north side and he stated that he would at once take up the matter with the water commissioners. Many persons, he said had come to him personally with similar complaints to the one made at the meeting.

He said he felt the board had been dilatory and were doing nothing. It was on this account, he said, that the place made vacant by the resignation of F. J. Jenison had gone begging. A number of citizens to whom he offered the place, he said had declined it and their refusal was due solely to the unprogressive character of the members of the present board. H. W. Nobel, an electrician whom he appointed last night to fill the vacancy, he said he had only taken the position under protest.

#### Has Power to Remove.

Under the amended charter the mayor has complete authority over the board of water commissioners and over their boards. He may remove members at any time without the presentation of complaints and without hearing. His authority is governed only by the council and after a removal is made, it may be set aside only by action of the council.

#### WANTS CITY TO PAY.

#### Heavy Claims Filed for Damage Done By Storm of June 23.

If all the claims against the city for damages done by the storm of June 23 last are allowed, the cost will be heavy. The notices were presented to the council at last night's meeting. All the damage described in the notices was done to the basement of the premises located on the northwest corner of Front street and Baraga avenue. One of the claims is from William Rivers. On the day of the storm he says that the basement was flooded and that a stock of whisky, wine and cigars together with a quantity of wearing apparel and saloon fixtures, a piano and a pool table were damaged by the water. He was put out of business for two weeks by the flooding of the basement and was put to the expense of moving to a new location he says. The cost of the damage is not stated in his communication.

The second claim is from the Union Clothing company. It states that a stock of goods which were kept in the basement was damaged. The amount asked for is not given.

Two claims are from Mrs. Adeline Biedinger, owner of the property. Besides the actual damage done to the building, her claim is for damage done by a storm of May 22, 1904, and includes the loss of a tenant. For this she asks \$300. Her claim for damage done by this storm is \$208. Her second claim is for \$300, damage she says was

done by the storm of June 23 and for the loss of a tenant, \$25 a month. She also says the building has been damaged to the extent of \$3,000. Her total claim besides that for rent now accruing is \$3,828.

Each of the claimants all of whom are represented by C. F. Button assert that the damage was caused by the city's negligence in bringing to the corner a greater quantity of water than would naturally flow there and damming up the water so that it could not flow away.

### FRANK BAY RESIGNS TO GO TO CALUMET

#### CITY CONTROLLER'S OFFICE TO BE FILLED BY DEPUTY UNTIL MAYOR ANNOUNCES NEW APPOINTMENT.

Frank Bay last night presented his resignation as city controller to the council and it was accepted. He has accepted a position as land agent with the Calumet & Hecla Mining company at Calumet, and will leave the city the latter part of this week.

Mayor Robertson said that he had not yet chosen any one to fill the vacancy caused by Mr. Bay's resignation and stated that he had no statement to make now regarding the appointment. After Mr. Bay's departure the office will be filled by a deputy until the appointment is made.

Alderman Asire said it was with regret that he had voted to accept Mr. Bay's resignation and he added that he and the other members of the body only did so because they all felt that Mr. Bay was bettering himself by leaving the city's employ. A resolution of thanks for long and efficient service was unanimously passed by the council and Mayor Robertson took occasion to say that it was with sincere regret that he saw Mr. Bay leave Marquette. In reply Mr. Bay stated that he felt it his duty to himself and to his family to make the change. He thanked the council for the sentiment it had expressed.

### CITY IS ASKED TO MAKE IMPROVEMENTS

#### PETITIONS RECEIVED FROM LAKE SHORE ENGINE WORKS IN CONNECTION WITH ITS NEW PLANT NOW BEING BUILT.

In a series of petitions presented to the council at last night's meeting the Lake Shore Engine Works asks the city to grade and macadamize streets leading to the new plant now being built north of the city and also asks the city to give to the company a right of way of two streets and several alleys besides installing a sewerage system. The petitions were read by Alderman Schauer.

In his communications to the council the engine company relates that it has acquired a tract of land which adjoins the Ely Park addition. It is stated that the company now employs about 145 men and this number is to be increased largely as soon as the new plant is completed when the number of employees will be between 200 and 250. The present pay roll of \$2,250 a week will be increased to \$3,500 or \$4,000 a week.

#### Streets to Be Graded.

It states that there is no road suitable for heavy hauling leading from the location of the new plant to the higher parts of the city and none to the docks. The petition is that Park street from Pine to Lake Shore boulevard be graded and macadamized. It is also asked that Lake Shore boulevard be graded and macadamized from the north line of Hewitt avenue to Walnut street and Walnut street be graded and macadamized to Arch street. The controller was directed to prepare plans and specifications and to obtain an estimate of the cost of the improvements asked for. His report will be made to the council at a meeting to be held next Tuesday night.

The ground that the city has been asked to vacate consists of parts of Hematite and Special streets and three alleys. A resolution that the vacation of the streets and alleys would be of benefit to the city was adopted and final action is to be taken at a meeting Sept. 3 when objections will be heard. Adequate sewerage for the new plant is also asked for in a petition. This was referred to the streets, parks and cemetery commission and a report is to be asked for at the next meeting of the council.

#### 300 CANAL PASSAGES.

#### Boats Locked Through, Bound for Ports on Lake Superior.

Sault Ste. Marie, Mich., Aug. 5.—(Special).—The upbound boats passing the canals the last twenty-four hours were as follows: Samuel Mitchell, Clerk; Amanga, Weston, 10:30 p. m.; Ionic, 11; Beatty, midnight; Philip Mineh, 1 a. m.; Malietoa, 3; Ottawa, 3:40; Russell, 4:20; Ames, Italia, Amazon, 4:40; Aurania, 5; Bessener, 5:20; Cornell, Black, 6; Fulton, Queen City, 6:30; McGregor, Alleghany, Paine, Harvard, 8; Schooner, Hanson, Flint, Arona, 8:30; Heberd, 9; England, Hoover, 11:30; Troy, Leonard, Alva 1 p. m.; Heffelfinger, 2; Steinbrenner, 3:30; Ireland, 4:20; Sheadle, 5:30; Thomas, Eads, North West, 7.

#### Marquette Port List.

We manufacture the best shingles made. Our extra "A" cedar shingles are what you want. Let us give you an estimate on your building material. F. W. SAMBROOK & SON. (8-5-11)

**TUXEDO CLUB CIGAR**

### WILL CLOSE OFFICES AT NOON SATURDAYS

#### CHANGE APPLIES TO ALL BUT CITY RECORDER WHOSE HOURS ARE FIXED BY LAW.

### ELECTION DATE IS CHANGED

#### Controller's Report—Street Car Company Given More Time to Get Fenders—Other News of Meeting.

Until October 1 all city offices except that of recorder will be closed Saturday afternoons. The change giving city officers the half day holiday was provided for by a resolution at the meeting of the council last night.

#### Recorder Must Work.

When it was presented, the resolution included all city offices and it was adopted in that form. City Attorney Brown, however, informed the council members that the resolution would not affect the recorder's office as his hours are fixed by state statute, and the law requires that the offices be open from 9 o'clock in the morning until 12 at noon and from 1 until 5 o'clock in the afternoon. The resolution adopted last night was presented by Alderman McCarthy.

#### Election Date Changed.

The council last night rescinded the resolution passed at preceding meetings, fixing the date of the special election to fill the vacancy in the recorder's office for August 13. By another resolution adopted last night the date is changed to September 17.—The reason for the change is that the city may be spared the expense of two elections as an election of delegates to the Lansing constitutional convention is to be held September 17.

#### Controller's Report.

A report from the controller read at the meeting was adopted. It scheduled receipts from various sources for the past month, the amount being \$43. The month's expense, including bills of all kinds and the salary roll, amounted to \$3,264.90.

#### Date Extended.

In a communication to the council, Albert F. Koepeko, secretary and assistant treasurer of the street car company asks that the time within which under the recently passed fender law, street cars must be equipped with fenders, be extended. The date when the law became effective was August 1. In his communication Mr. Koepeko stated that fenders had been ordered, but the shipment was delayed, and he asks that the time be extended until September 1. The petition was granted.

#### Want Street Graded.

A petition which asks that Seventh street from Baraga avenue to Spring street be graded and macadamized was presented and was referred to the street commission. Those who asked the improvement are: Fred LaLonde, T. F. Musoff, James Ratajski, Jules Gauthier and Alphonse Nadeau.

#### Other Business.

By action of the council all old contracts for street repairs have been placed in the hands of the streets, parks and cemetery commission to be acted upon finally by the commission.

Permission to paint the roof of the city hall was given by the council to the building committee.

In addition to \$500 already appropriated for the bridge over Dead River, the council last night appropriated another \$500 for the improvement.

#### LAW IS VIOLATED.

#### Districts Which Misuse Primary Money to Be Censured.

Those school districts in the state which for the past few years have been paying no heed to the law governing the expenditure of primary money are about to find themselves brought to account. The law on this subject is explicit. It provides that money received from this source can be used in the payment of teachers' salaries only. Because of the vastly increased sums paid into the primary school fund by the railroad companies during the past few years, many school districts have received from this source considerably more money than their teachers' payroll amounted to. Rather than keep the balance in the salary fund and levy a tax for other purposes of the district they refrained from raising money by tax and paid these other expenses from the salary fund.

Superintendent of Public Instruction Wright has several clerks going over the various reports of the inspectors of the various school districts of the state, computing the aggregate amount of teachers' salaries paid by each. This will be compared with the aggregate amount of primary school money received from the state by each district. In each case where it is found that there should be a balance in the teachers' fund and that there is no such balance in the hands of the district treasurer, the township authorities will be required to call a school meeting for the purpose of voting sufficient money to make good the deficiency. Having failed during the past few years to raise the money needed for expenses other than teachers' salaries the districts effected will be obliged to raise the entire sum at one time.

#### LADIES' SUITS.

Ladies' tailor-made Suits, worth from \$15 to \$30 each. Your choice while they last, for \$5. THE BEE HIVE, L. Getz, Prop. 222 So. Front St. (7-5-11)
