

MOORS SLAIN BY HUNDREDS

French Marines and Warships Visit Bloody Vengeance Upon the Arabs of Casa Blanca and Surrounding Villages.

Detachment Landed for Protection of the Consulates Is Attacked in the Streets, and It at Once Retaliates With Rifle and Bayonet, Mowing Down Moslems by the Score, as Do the Cruisers, Which Join in a Terrible Bombardment.

Paris, Aug. 6.—A dispatch received from Tangier says that street fighting in and a bombardment of Casa Blanca, according to the French consulate, and from there on the steamer Anatole, continued throughout Sunday and was still in progress when the Anatole left Sunday evening. The French ships had fired about 2,000 shells. The number of Moorish dead will run into the hundreds. A single party of marines killed one hundred and fifty Moors. The French wounded numbered about twelve. No Frenchmen were killed. The Marabout Sidi Marouf was wounded.

Saturday night the Moorish pasha at Casa Blanca was advised that troops would be landed the next day. He gave assurances that the city would remain calm. Sunday morning a detachment of fifty French marines, in command of an officer, was landed. This force had hardly passed the water gate before it received a volley fire at point blank range from a detachment of Moorish regulars.

Retaliation Is Bloody.

Five marines and the ensign were wounded. The ensign was shot through both hands. In spite of his injuries he ordered his men to fix bayonets, and charge. In this fighting one hundred and fifty Moors were killed. The marines continued on their way, driving the enemy as they went, until they reached the French consulate where the French citizens in Casa Blanca had taken refuge. The other European residents had sought safety at their respective consulates.

In the meantime, the French cruiser Galilee had commenced shelling the native villages outside Casa Blanca to prevent arms from entering the city. According to the Anatole passenger, shells could be seen plunging up the earth and killing men and horses.

At 11 o'clock in the morning the French cruiser Du Chayla arrived. She had been in wireless communication with the Galilee, and as she steamed in, her gunners were at their stations. Broadside on to the beach, she opened fire with machine shells on horsemen and natives on foot who were in the market place east of the city. The horsemen were riding madly in circles.

Rapid-Fire Guns Put to Use.

The Du Chayla also sent a party ashore under Commandant Mangin. As they were landing these men were subjected to fire from a Moorish force under command of the Marabout Sidi Belet, but the rapid-fire guns of the Du Chayla silenced them. The ground for the sailors, who made their landing expedition, they scoured the walls of the Portuguese consulate and reached the French consulate under cover of the guns of the marines already there.

NATIVE VILLAGES DESTROYED.

Moorish Government's Version of the Bombardment at Casa Blanca.

Tangier, Aug. 6.—It is officially announced that two or three French cruisers and a Spanish gunboat had been bombarding the Moorish quarter of Casa Blanca and the surrounding villages. Several of the latter were destroyed. During the bombardment a large reinforcement of tribesmen came up, and many of them were killed or wounded.

Further Reinforcements Sail.

Oran, Algeria, Aug. 6.—Four French armored cruisers and one transport with troops sailed for Morocco today.

TIRE OF FIGHTING SULTAN.

Rebellious Tribesmen in Morocco Open Peace Negotiations.

Tangier, Wednesday, Aug. 7.—5:30 a. m.—The tribesmen are suing for peace, but the commander of the shereefian troops declines to negotiate until Caid Maclean, the Englishman who is being held a prisoner by the bandit Raisul, is released.

FLEET OF AERIAL SHIPS.

Second Balloon Battalion Proposed by the German War Ministry.

Berlin, Aug. 6.—It is reported that the German war ministry, owing to the success of the latest military airship, intends to ask the reichstag for an appropriation to defray the expense of forming a second balloon battalion. The battalion will be located temporarily at Tegel and later will be transferred to Metz.

EARTHQUAKE IN CHILE.

Santiago, Aug. 6.—An earthquake shock was felt yesterday at Valparaiso.

Trieste, Austria, Aug. 6.—The seismograph in the marine observatory recorded heavy earth shocks this morning about 2,500 miles distant.

TREACHERY COSTLY

French Marines, Entrapped, Cut Their Way Out by a Bayonet Charge.

London, Wednesday, Aug. 7.—In a dispatch from the Tangier the correspondent of the Times says that according to the latest reports shots were fired Sunday on the French consulate, and when the French consul demanded protection from the governor and the military commander of the town, those officials replied that they were powerless to guarantee safety, and invited the commander of the French cruiser Galilee to disembark troops.

It appears that the town gate was closed before the French landing party. The men consequently found themselves in a trap, and their way barred by uniformed Moorish troops, who immediately opened fire. The seamen cleared their way by a bayonet charge, literally forcing their passage over the dead bodies of Moorish soldiers.

Paris, Wednesday, Aug. 7.—A correspondent of the Matin says that the military commander of Casa Blanca has sent excuses to the French consulate for the attack on the landing party from the Galilee, for which he blames the customs guards. The consul demanded that the culprits be given up to him. The commander complied, and sent the soldiers in chains to the consulate. The consul intimated that they would be instantly shot at the first sign of fresh trouble.

CITY SURRENDERED

CASA BLANCA IS GIVEN OVER TO THE ALLIES.

Reinforcements of Ships and Troops Sail for Morocco and Guards Will Be Landed at All Important Ports.

Madrid, Aug. 6.—The Imparcial publishes a dispatch from Tangier saying that it is reported that the pasha at Casa Blanca has surrendered the town, and that guards for the protection of foreigners will be landed as soon as possible at Mogador, Rabat, Safi and Mazagan.

Holy Shrines Not Shell-Proof.

Tangier, Aug. 6.—Casa Blanca is now occupied by 250 men from the warships, with rapid-fire guns. The news of the bombardment has made a deep impression upon the natives, they having been particularly impressed with the ease with which the holy shrines were knocked to pieces by the shells from the cruisers.

Outcome of Recent Massacre.

Washington, Aug. 6.—The occupation of Casa Blanca is a direct outcome of the native uprising which resulted in the killing last week of eight Europeans at Casa Blanca. Both France and Spain are hurrying other warships, with troops and marines on board, to various points on the Moroccan coast for the protection of foreigners. Under the terms of the Algeciras convention these two powers are charged with the policing of the coast of Morocco, and their activity at Casa Blanca has brought no protest from any power. The states of Europe have expressed their willingness that France and Spain restore order in Morocco. No other countries are involved.

ENGLAND'S FLEET ON PARADE.

Portsmouth, Eng., Aug. 6.—Two hundred ships of war, constituting Great Britain's home fleet, paraded before King Edward and Queen Alexandra on the Solent, and incidentally furnished a magnificent pageant for the opening of the annual Devon Regatta week. Spread out in seven long lines between the Isle of Wight and the Hampshire shore, this splendid array of vessels formed a floating fleet with a population of 35,000 officers and men. Never before have so many British men-of-war been seen together under the control of a single admiral. From the battleship Dreadnought down to the smallest submarine every vessel was decked with flags. The crews were assembled on deck, and as the king and the queen on board the royal yacht Victoria and Albert passed down the lines, each ship's company cheered. For eleven miles up and down the king and queen steamed between steel walls. This gathering of warships forms the recently organized home guard section of the British navy, and the government and the admiralty are so proud of the assemblage that they departed from the usual rule about visitors and threw the entire fleet open to the critical inspection of the public. Dotted through the three central lines were no less than six flagships, headed by the Dreadnought, flying the pennant of the commander-in-chief, Vice Admiral Francis C. B. Bridgeman.

ARMAMENTS ARE NOT TO BE CUT

Agreement in Declaring Limitation "Highly Desirable" Is as Far as the Great Powers Are Willing to Go.

Britain's Proposition, Thus Modified, Now to Be Adopted at The Hague—Czar Has Arranged With the Kaiser for a \$62,500,000 Loan to Rebuild His Navy, It Is Said, on Condition the Orders for the Warships Be Placed Only in Germany.

ESCORTED BY WARSHIPS.

Emperor Nicholas Sails on the Imperial Yacht for Home.

Swineumunde, Aug. 6.—Emperor Nicholas sailed for home today on board the Russian imperial yacht Standart, escorted by a squadron of Russian warships.

Reported Big Loan Arranged For.

London, Wednesday, Aug. 7.—In a dispatch from St. Petersburg, the correspondent of the Tribune declares that Emperor William and Emperor Nicholas discussed, during their meeting at Swineumunde, a proposal that Russia should negotiate a loan of \$62,500,000 in Germany on condition that this sum be expended exclusively for rebuilding the Russian navy and that the orders for the warships be placed only in Germany. It is further stated that the arrangement has practically been concluded.

CASTRO CHANGES HIS MIND.

Belgium Now Notified Venezuela Will Pay the Disputed \$2,000,000.

Caracas, Saturday, Aug. 3, via Willemstad, Curaao, Aug. 6.—Venezuela addressed Belgium last Wednesday, July 31, that in recognition of the dispute arbitration she would pay the disputed claims of the Belgian creditors, amounting to \$2,000,000, in conformity with the decision of The Hague tribunal. This act on the part of the government strengthens Castro in his refusal to recognize the matter of the five American claims against Venezuela, which had already been arbitrated.

ENGLAND'S FLEET ON PARADE.

Portsmouth, Eng., Aug. 6.—Two hundred ships of war, constituting Great Britain's home fleet, paraded before King Edward and Queen Alexandra on the Solent, and incidentally furnished a magnificent pageant for the opening of the annual Devon Regatta week. Spread out in seven long lines between the Isle of Wight and the Hampshire shore, this splendid array of vessels formed a floating fleet with a population of 35,000 officers and men. Never before have so many British men-of-war been seen together under the control of a single admiral. From the battleship Dreadnought down to the smallest submarine every vessel was decked with flags. The crews were assembled on deck, and as the king and the queen on board the royal yacht Victoria and Albert passed down the lines, each ship's company cheered. For eleven miles up and down the king and queen steamed between steel walls. This gathering of warships forms the recently organized home guard section of the British navy, and the government and the admiralty are so proud of the assemblage that they departed from the usual rule about visitors and threw the entire fleet open to the critical inspection of the public. Dotted through the three central lines were no less than six flagships, headed by the Dreadnought, flying the pennant of the commander-in-chief, Vice Admiral Francis C. B. Bridgeman.

WILSON ON THE MEND.

Portland, Ore., Aug. 6.—Secretary of Agriculture Wilson's condition is so much improved that today he was able to receive a few friends. On account of his low vitality his physicians have ordered him to keep quiet. If his health will permit, Mr. Wilson will leave for San Francisco tonight, but will have to abandon a large part of the work he set for himself before starting on his journey.

WEATHER FORECAST

Washington, Aug. 6.—The following is the weather bureau's forecast for Upper Michigan: Fair, Wednesday, except possibly showers in the east; cooler along Lake Superior Thursday; fair; fresh west to northwest winds.

GHASTLY DISCOVERY

Mutilated Body of a Woman Found in a Trunk at Mar-seilles, France.

Marseilles, France, Aug. 6.—A trunk belonging to a man and a woman who arrived here today from Monte Carlo attracted the attention of the baggage-master, who caused it to be opened. It was found to contain the body of a woman cut to pieces. The man and woman owning the trunk were arrested. The couple, who gave the names of Mr. and Mrs. Gold, residents of Monte Carlo, denied that they had committed the crime, and informed the magistrate that they knew the victim only slightly. While the latter was at her home on Sunday last the woman's lover was arrested, and she blew out her brains. The Golds, fearing their names would be compromised, tried to get rid of the corpse. The head and feet were in Gold's valise and the rest of the body in the trunk.

BASEBALL

STANDINGS OF THE CLUBS.

DEFENDS HERSELF WITH HAT PIN

New York Woman, Waylaid in Street, Puts Her Assailant to Rout After Desperate Struggle, and He Is Arrested.

Small Girl Is Attacked in Similar Manner in the Hallway of an Office Building—Man at Cleveland Just Escapes Lynching at the Hands of an Angry Crowd, and in Wisconsin a Posse Is Conducting a Search for a Much-Wanted Individual.

New York, Aug. 6.—An attempt to assault a lone woman early today on the West side adds another case to the already long list of attacks made on women and children in the streets of New York. The attack would have been successful had it not been for the desperate struggle of Adelaide Wilder, a trained nurse, who fought her assailant with a hat pin and finally routed him. Her assailant, Pietro Daurio, an Italian peddler, was arrested.

The police are searching for an unknown man who attempted to assault a thirteen-year-old girl named Sadie Momas in the hallway of an office building today. The assaulter escaped.

LYNCHING ATTEMPTED IN CLEVELAND.

Cleveland, Aug. 6.—Angry men and women formed a mob which threatened to lynch Walter McCracken, a carpenter, who late last evening approached with insults, the police say, two little girls. Half a dozen men held McCracken to the ground and beat him with whips while others searched for a rope. The arrival of policemen undoubtedly saved McCracken's life.

HOME LIFE UNHAPPY.

Ross Clark, St. Paul Attorney, Ends Life With Poison.

St. Paul, Aug. 6.—Ross Clark, aged fifty three, a well-known attorney, was found dead in his summer cottage on White Bear lake tonight. He had committed suicide by taking carbolic acid and had been dead two days when found. Domestic infelicity was the cause.

Man Hunt in Wisconsin.

Chippewa Falls, Wis., Aug. 6.—The residents of Cadott and vicinity are much incensed over the alleged assault of Maud Ault, fifteen years old, by John Lyons, an attorney, who was searching for Lyons tonight. Lyons was arrested last night, following the alleged attack, and was locked in a room at the hotel by a constable. The prisoner escaped during the night.

Gordon Dies From His Wounds.

Dayton, O., Aug. 6.—Abe Cohen, or Gordon, shot while accompanying Anna Markov, who was charged to death by a criminal assailant, died today. Owing to his delicate condition the information he gave concerning the tragedy is considered by the authorities of little value.

ARMY AND NAVY AS ONE.

Their Demand for an Increase in Pay Is Unanimous.

Washington, Aug. 6.—A further conference has been held between General Ainsworth, acting secretary of war, Acting Secretary of the Navy Newberry and Assistant Secretary Winthrop of the treasury department, on the pay bill for the army, navy and marine corps and revenue cutter service, to be presented to congress next winter. The result of the conference was a complete agreement on the measure, and the recommendations of the conference between the services was forwarded to the president at Oyster Bay for his consideration and approval. The conference decided that the first duty in the framing of a new bill was to take a patriotic view of the needs of the army and navy at this time and ask for the enlisted men the largest percentage of increase in pay. The difficulty met in securing enlistments for both services makes it of the first importance that attention should be given to the subject of adequate pay for the men in the ranks. The matter of the much-needed increases for officers was therefore held to be of secondary emphasis. It is understood that the president takes this view of the situation, and that he will approve a proposition for a 30 per cent increase in the pay of the enlisted men. The conference had before it the following comparison of pay given by the various acts of congress in the past fifty-three years, in which it appears that the sergeant, corporal and private now receive each just one dollar more than they did over half a century ago.

Table showing pay rates for Sergeant, Corporal, and Private in 1854, 1861, and 1872.

As to officers, the plan is to ask that a graded scheme of increase be considered, the greater proportion of increase being allowed to the lower grades because of the burdensome cost of travel for officers' families in going to and from the Philippines and the other dependencies. Captain Johnson Hagood of the coast artillery was designated to prepare the statistical data making clear the necessity for the proposed legislation. The members of the conference decided that until the president should give his approval of the measure advanced by them no details of the proposed bill should be given out.

TRAIN DERAILED

Four Persons Killed and a Score Injured in a Wreck in Pennsylvania.

Pittsburg, Pa., Aug. 6.—Four persons were killed and twenty-two injured in a wreck tonight on the Buffalo & Allegheny division of the Pennsylvania railroad at Kelly, thirty-five miles from this city. While passing through Kelly the train was sidetracked by a gondola car, and the engine, tender, baggage and express cars, with three day coaches, were derailed. The dead were: George Cochran, Rinesburg, Pa.; Mrs. Alonzo Huff and male infant, Johnstown, Pa.; M. B. Irwin, engineer of the passenger train, of Oakmont, Pa.

ALABAMA'S NEW SENATOR.

Montgomery, Ala., Aug. 6.—The legislature in separate session today elected Joseph F. Johnson United States senator. He will hold office until 1915.

CYCLONE DEADLY

LIVES LOST IN TERRIFIC STORM IN IOWA.

Torrential Rains Cause Much Havoc in Illinois and Wisconsin, and Bombardment of Hail Kills Crops in Nebraska.

Mason City, Ia., Aug. 6.—Clear Lake, Hamilton and Lake Mills were visited by a cyclone this evening, doing much damage. Many barns and farm houses were destroyed. One person was killed and several were injured at Hamilton. At Clear Lake the daughter of G. E. Rice was probably fatally injured by the flying boards of a cottage which was blown to pieces. The residences of L. O. Verney and F. L. Rogers were destroyed. Park trees were leveled and shipping was sent to the bottom of the lake.

Burlington, Ia., Aug. 6.—After the thermometer registered 91 degrees today, a terrific thunder-storm and deluge of rain burst tonight, doing considerable damage to standing grain. Christopher Gerek died of heat prostration during the day.

Storm Havoc in Other States.

Springfield, Ill., Aug. 6.—A terrific rainstorm, accompanied by a high wind, lightning and thunder, occurred in this city and surrounding country this afternoon. The entire street lighting system is disabled, and the city is in darkness tonight. A large number of trees were blown down, telegraph and telephone service was interrupted, and the interurban cars were out of service. Great damage was done all crops.

La Crosse, Wis., Aug. 6.—A cloud-burst tonight washed out tracks and telegraph lines and tied up traffic on the Milwaukee and Burlington railroads. The worst washouts are reported at Richmond, on the river division of the Milwaukee road, and near Pepin, on the La Crosse division of the Burlington.

Winona a Heavy Sufferer.

Kiester, Minn., Aug. 6.—Following a heavy hail storm here this afternoon, a tornado formed two miles west of here and laid waste a strip of country twelve miles long and half a mile wide. At a gravel pit seven cars were wrecked and a number of workmen were injured. Many farm buildings were laid in ruins, and the damage to crops is reported very extensive.

Nebraska Crops Killed by Hail.

Utica, Neb., Aug. 6.—A damaging wind, rain and hail storm swept over the southern half of this county this evening. Hail weighing six ounces fell in quantities, cutting down corn and stripping trees. The loss is heavy.

ON GALE-SWEPT LINKS.

Play for the Western Golf Championship Opens at Chicago.

Chicago, Aug. 6.—With a fifty-mile gale whistling over the course, and occasionally driving before it torrents of rain, eleven players started to play over the Chicago Golf club links today in a thirty-six hole qualifying round for the Western amateur golf championship. On account of the storm, a score of 182 was good enough to qualify, and the lowest score for the day was 160, the present title holder, D. E. Sawyer, and W. J. Hollister of St. Louis and Kenneth Edwards of Middleton tying at that figure. Sawyer's 74, made in the morning, the last six holes through the gale, was the best of the day for eighteen holes, and was remarkable golf under the conditions that prevailed. The first round of the match play tomorrow will be at thirty-six holes.

WILL PLAN WAR ON THE TRUSTS

Attorney Generals of the Various States of the Mississippi Valley to Hold a Conference at St. Louis Next Monday.

Concerted Action in the Prosecution of Guilty Corporations Is Intended—In the Meantime the Standard Oil Company and the Railroads Involved With It Have Hastily Banded Together and Will Fight Further Government Investigations.

Corporations Form an Alliance.

Chicago, Aug. 6.—Conferees indicating a combination of interests between the Standard Oil corporation and the railroads to fight further government investigations are in progress in Chicago and New York, according to the Chicago Record-Herald. The Aiton, Burlington and Chicago & Eastern Illinois lines, jointly named in the Aton bill, the attorneys returned by the federal grand jury, are represented in the negotiations. The attitude of Judge Landis in declaring the railroads equally culpable with the oil corporation in the rebating offenses, and calling a special grand jury, have caused a hasty banding together of the different interests.

Trites Case at Indianapolis.

Indianapolis, Aug. 6.—Federal Judge Landis, who fined the Standard Oil company \$29,240,000 today, sat in the federal court in this city in place of Judge Anderson, who is on a vacation. By a coincidence, Judge Landis has an all case before him. The case was that of the Mount-Pleasant Oil company of Delaware county, Indiana, versus Nelson. The company is in the hands of a receiver, who was asking authority to dispose of the property, while the stockholders were against that disposition. Judge Landis ruled in favor of the sale of the property.

WINS SENSATIONAL RACE.

Sonoma Girl Captures the Empire State Stakes of \$10,000.

Buffalo, Aug. 6.—Sonoma Girl, the unbeaten California mare and winner of the Merchants and Manufacturers stake at Detroit, won a sensational race in the Empire State stakes of \$10,000 today. After getting away nicely in the first heat she broke at the quarter, and before she regained her feet the field was far away. The game mare went inside the distance flag. Despite her bad race, she was held the favorite in the second heat, winning handily.

The third heat Sonoma Girl broke at the quarter and crashed into the fence, throwing her owner and driver, J. D. Springer, who was uninjured. With the shattered sulky at her feet the mare ran away for nearly a mile. After investigation of the accident the judges placed her sixth. Sonoma Girl was not hurt, and with a little urging she won the fourth and deciding heat. Summaries: 2:07 pace, Brossel Hotel stake of \$2,000; ten starters—John A. 1 2 1 1 Allenwood 1 2 3 8 Kriger 6 9 2 2 Best time, 2:05 3/4.

2:10 trot, Empire stakes of \$10,000; seven starters—Sonoma Girl 7 1 6 1 Watson 1 3 4 2 Bi Flora 4 4 1 4 Best time, 2:07 3/4.

2:10 pace, the Liquid Veneer, \$2,000; nine starters—Allen Wilson 7 1 9 1 Thornway 1 2 2 4 William O. 4 3 1 8 Best time, 2:05 3/4.

NEW TRUST IS PLANNED.

Control of Wisconsin Paper Industry Sought by Eastern Capitalists.

Appleton, Aug. 6.—John T. Hanrahan, of New York, is in Appleton looking over the paper mills with the object of forming a combine of all the Wisconsin plants that will not be declared a trust. He would neither affirm nor deny today that Eastern capitalists were attempting to get control of the Wisconsin paper industry, but John Van Nortwick, president of the Five Locks company, said he understood that this was the object of Hanrahan's visit.

MANISTIQUE FIRM SELLS OUT.

Hancock Bros. of Manistique have sold their produce and coal business to the Manistique Fuel & Produce company, of which Mr. W. H. McMullen is the manager. Mr. Hancock goes to Detroit to become manager of a company engaged in manufacturing lubricating oils and specialty goods. He has been engaged in business at Manistique for the past six years and has been very active in business and social circles. In addition to conducting their fuel and produce business Hancock Bros. are also owners of the Manistique opera house, and Mr. Hancock has been local agent of the Ann Arbor line. He expects to be relieved in the latter position during August.

Copper Country

CLOSE OF CELEBRATED CASE. Decree Is Received in the Suit of Bishop Eis vs. Joseph Croze.

County Clerk Richardson yesterday received from the supreme court at Lansing the decree in the appeal case of Frederick Eis vs. Joseph Croze, Christof Fox, Charles Ruelle, Ferdinand Weiber, Casper Brand and Michael Dillon.

The story of this case is a complicated one. The suit has been in the courts for five years or more, and in all that time has not become quite clear to interested parties.

Mr. Croze and the others decided that as the property was not to be used for the purpose intended it would not be turned over to the church, and the Harmony club signed its rights in the matter to Bishop Eis, who sued to recover the interest of the original purchasers.

Reported Invasion of Isle Royale Followed by No News.

As far as can be learned in the copper country, the nearest Michigan point to Isle Royale, which was supposed to have been invaded last Sunday by a force of Canadian soldiers, nothing has come of the invasion.

Mr. and Mrs. P. G. Teeple and their daughter, Miss Helen, will leave today. Mrs. Teeple and Miss Helen are going to Detroit and Mr. Teeple to the Soo.

The R. H. S. ball team is out with a challenge to play any club in the county, the average age of whose members is eighteen years. James A. Bennett, 426 Rock street, is the manager.

Miss Flora E. Hill, of the Northern Normal, left last night for a vacation visit to Yellowstone National Park and the Pacific coast. She will spend a day or two in St. Paul and Minneapolis en route.

Initiation and Smoker—The Elks will initiate a class of eight new members into the order at the hall tonight. After the initiation ceremonies refreshments will be served and a smoker will be given.

Passenger Boats Here—The Tionesta bound to Duluth from Duluth is in port for an hour from 6 until 7 o'clock last night, and the Juniata westbound from Buffalo to Duluth is due to arrive this morning at 9 o'clock. She will be in port an hour.

Board of Pardons in Session—Messrs. Blackstone, Kendrick and Wilson, members of the board of pardons, and Secretary Murray, are holding a session at the Marquette prison, considering the cases of a number of convicts who are applicants for paroles. They expect to finish up their work today. Dr. Wilson is accompanied by his wife.

False Alarm—A blaze on the shore of the lake in the northeastern part of the city caused a report to spread last night that the mill of the Lake Superior Lumber company was on fire and an alarm was turned in. When the department reached the scene of the fire which was at the foot of Crescent street, it was discovered that a pile of shavings only were blazing.

Enjoyable House Party—Miss Jopling, Miss Shiras and Morgan Jopling entertained a large party of their friends at an enjoyable party at the home of Peter White Monday evening. There was a large number of outside guests present, as well as many Marquette people. The spacious rooms of the home

OUT THEY MUST GO

As long as the season lasts we keep stocks in shape to meet every demand.

Then comes the end when stocks must be closed out and a new season provided for.

Now's the Time

While there is plenty of time yet to wear light and medium weight garments, we must get ready for Fall and Winter trade, by clearing our tables and shelves of stock on hand.

Men's, Boys' and Children's Suits and Overcoats all must vacate.

OUT THEY MUST GO!

When we start out to do a thing, we do it for all it's worth. Glance over these prices and you'll see at once that we mean business.

20 per cent Discount

On Men's and Young Men's Spring Suits, Overcoats and Rain Coats, (Blacks and Blues Excepted.) These include our Stein-Bloch, House of Kuppenheimer and Xtragood makes.

Children's Suits, (Except Fine Blacks and Blues) are now Blue Penciled at less than they can be replaced for. Extraordinary cuts on Russian Blouse, Junior and 3-Piece Suits in small sizes.

20 Men's Fancy Worsted and Cassimere 2- and 3-piece Suits; a little short but splendid knockabout Suits; Half Price.

were thrown open for dancing and the merry-making continued until an early hour yesterday morning.

The Water Wheel—If the new water wheel which is to be installed at the city's light and power plant arrives today as is expected, the work of installing it will begin at midnight next Saturday and all power in the city will be turned off until it is ready for service which will be some time the following Tuesday. If the wheel does not arrive today the work will not be begun until a week from Saturday.

Woman Attacked—A young woman who formed one of a party of huckster-pickers at Eagle's Nest yesterday, was attacked by an unknown man when she left the party she was with to go to the lake for water. After a desperate struggle she freed herself and with parts of her clothing torn to shreds she fled from him. When she finally regained the party she was with, she was almost prostrated with fright. The case has been reported to the authorities.

Homesteads Contested—The preliminary hearings in four contest cases were held before J. A. Waring last week, reports the Ontonagon Herald. The contestants are J. N. Howlett, Cyrus Poppo, D. W. McLaughlin and W. H. Gardner. The contestees are Timothy and Pat Griffin, Nathan Hoffenberg and Mr. Forgestein in sections 5 and 6, 49-39. The contestants were represented by E. H. O'Brien of Laurium and the contestees by W. S. Hill of Marquette. The evidence was taken by a stenographer and will be submitted to the Marquette land office where the final hearing will be held next month.

Mr. Beachy, representing the firm of Beachy & Co., will be at the Marquette Millinery store next Thursday and Friday, Aug. 8 and 9, closing out his ladies' tailor-made suits and other garments at one-half price.

The Luxury of Children.

All of the mothers, most of the fathers, and some of the old maids and bachelors will shout out in support of the statement that there is no luxury on the face of this earth that will compare with a bright baby boy or girl. Can money buy a greater happiness than a home full of youngsters? After the age of forty most married couples are practically living for their children. An astonishing thing about babies is that not only are they the greatest of all luxuries but actually they are the

BEST INVESTMENTS ON EARTH.

Think about them from the standpoint of cold dollars and cents, and you'll find that the kids will hold their own. What more satisfactory return can there be than that of a stalwart son succeeding his father in business or of old age honored and guarded in the home of youth.

Safeguard the future of your offspring. When they arrive at years of discretion let them realize that they are bound to you for all time by the fetters of gratitude. Ten dollars put into a bank each month up to the age of eighteen at three per cent will send your boy through college.

Marquette National Bank.

Marquette, Michigan.

MARKETS

NEW YORK STOCKS.

New York, Aug. 6.—The dealings in stocks by noon today had passed the figures of the aggregate for the whole session of yesterday. A weak and unsettled market and an active selling movement furnished the explanation of the increase in the animation of the dealings. The aggressive or urgent selling developed late in yesterday's market and continued over today was a new feature and gave occasion for anxiety on the part of holders of stocks on margin. Most stress was laid on the agitation against corporations.

The Standard Oil line is regarded as the forerunner of other suits against various corporations which will be prompted or encouraged by the example of that case. The possible prosecution against the railroad officials concerned in that case was discussed. The fact that the Standard Oil stock itself continued to be little affected did not heal the anxiety on the subject. The stocks usually regarded as favorite mediums of speculative operations by Standard Oil capitalists were quite conspicuously the weakest in the market.

A further decline in the price of copper in London and at New York was a factor in this result. The rates for time money continued to advance, and little was offered except by foreign and out-of-town bankers. Shorts took their profits before the day was over and worked a substantial rally, but it was all lost again and the stock market closed weak.

Paine, Webber & Co. telegraphed from New York yesterday as follows: "There was a resumption of liquidation and short selling in the New York market today, with a noticeable lack of support. The severe decline in the market has caused numerous rumors to be put afloat concerning the financial stability of unmentioned parties, but this is to be regarded more in the light of bearish ammunition than actual facts. However, the decline has caused severe apprehension among holders of stocks who expected the market would display a firmer tendency and in their disappointment they are liquidating freely. The short interest has assumed very large proportions. We think the day of reckoning for the bears is temporarily closed at hand."

Closing prices were: U. S. Steel... 23 1/2; G. & O. S. & P. I... 23 1/2; Erie... 19 1/2; N. Y. C. & H. J. R. R... 18 1/2; P. & N. E. R. R... 17 1/2; W. & A. R. R... 16 1/2; C. & D. R. R... 15 1/2; M. & W. R. R... 14 1/2; U. P. R. R... 13 1/2; B. & O. R. R... 12 1/2.

CHICAGO GRAIN MARKETS.

Chicago, Aug. 6.—Wheat was weak all day, with the exception of a slight upward spurt soon after the opening, due to the firm market at Liverpool. The pit traders generally were bearish because of favorable weather conditions, and they sold freely throughout the day. The constantly increasing receipts of new wheat inspired considerable selling. There was active buying by the shorts late in the day, causing a steady tone at the close. The September fell 3/4 lower. September opened at 90 1/2, highest, 91 1/2; lowest, 89 1/2; closing, 90 1/2.

Corn—Heavy sales by commission houses and cash interests based upon excellent weather for the new crop and encouraging reports from the country caused weakness. Later in the day a firm tone developed on the cables, a good shipping demand and buying by bulls. The close was steady, the September a shade lower. September opened at 55 1/2, highest, 55 1/2; lowest, 54 1/2; closing, 55 1/2.

Wheat Summary.

Paine, Webber & Co. said yesterday concerning the wheat market: "It is a question with conservative wheat traders at the close whether the day, some advices claiming an average yield in many localities. Fear of the new crop soon to be on the market induced many longs to dispose of their holdings. The close was weak, the September down one cent. September opened at 90 1/2, highest, 91 1/2; lowest, 89 1/2; closing, 90 1/2."

The old Ayer's Hair Vigor was good, no question about that. But your own doctor, the one you have great confidence in, will tell you that Ayer's Hair Vigor, new improved formula, is far better. The one great specific for falling hair and dandruff. We publish the formula, unless you prefer to buy our preparations.

to resign his position as postmaster to go into the flour-carrying business.

CITY NOW HAS OVER 12,000 IS ESTIMATE

CENSUS BEING TAKEN BY MAIL CARRIERS PROBABLY WILL BE FINISHED THIS WEEK.

Based upon preliminary reports of the census now being taken by the mail carriers of the city, it is estimated that Marquette's population now exceeds twelve thousand. An accurate estimate will only be possible when the census is fully completed.

Some Are Indifferent. Owing to the indifference of some residents and their apparent reluctance to aid the men making the canvass, the work of taking the census has not progressed so rapidly as was expected. Postmaster Mangum has asked the public generally to aid the carriers as much as possible in order that the work may be completed speedily.

The census is being taken by means of printed slips which the carriers leave at each house with the request that they be returned to the carrier in the directions. The directions on each slip are as follows: "Please fill out this blank and write, with ink, the names of all persons, including servants, using Mrs. or Miss as a prefix in case of females, with their addresses in full, and add number of house or likely to receive any mail at this number. The given names of married women must be stated, and not those of their husbands. For example: Mrs. Mary Brown must not be described as Mrs. William Brown, write in but one name on a line, and add number of house and street name. The information will enable your postoffice to promptly dispose of mail which would otherwise go to the dead letter office. Notify office of all changes of address. If this marriage letter is not to be carried, or drop in letter box when completed, without prepaying postage."

The Directions. "Please fill out this blank and write, with ink, the names of all persons, including servants, using Mrs. or Miss as a prefix in case of females, with their addresses in full, and add number of house or likely to receive any mail at this number. The given names of married women must be stated, and not those of their husbands. For example: Mrs. Mary Brown must not be described as Mrs. William Brown, write in but one name on a line, and add number of house and street name. The information will enable your postoffice to promptly dispose of mail which would otherwise go to the dead letter office. Notify office of all changes of address. If this marriage letter is not to be carried, or drop in letter box when completed, without prepaying postage."

Comment Concerning the Strike. The Engineering & Mining Journal says of the labor conflict at the Mesaba mines: "The Mesaba range strike situation cleared up very quickly after a visit to the range of Governor Johnson, of Minnesota. The governor went to the range for the specific purpose of notifying strike leaders that, while the law had no right nor desire to force any man to work who did not wish to do so, it did intend, and would use all the power at its disposal to maintain its position, to see any man who wanted to work interfered with, and that any man who took such steps as might be necessary. About the only argument appealing to striking foreigners is that of the power of the military and the appearance of uniforms, and the governor's statements had a most soothing effect. Without violence and intimidation this strike cannot last, as the leaders cannot hold their men together; and it has been their continual threat, during the earlier days of this strike, that riot and murder would be done to those unwilling to join them. Governor Johnson did not think it necessary to call out troops to prevent trouble, in which he differs, perhaps, from those that believe prevention is better than cure, and that it is no disgrace to an executive to be ahead of the situation. But it may be quite probable that his present statements will avert open riot."

Two Make Reports. Two of the seven carriers have completed the work in their districts, and it is upon their reports that the preliminary estimate of the city's population is made. The two districts from which reports have been received are among the largest in the city.

Boats Locked Through, Bound for Ports on Lake Superior. Sault Ste. Marie, Mich., Aug. 6.—[Special.]—The upbound boats passing the canals the last twenty-four hours were as follows: Richardson, 9 p. m.; Badger State, 10 p. m.; Erie, 10 p. m.; J. M. Joliet, 4 p. m.; Saronic, 3 p. m.; W. S. Mack, Spokane, 5:20; Gary, Mariposa, Samuel Mather (small), William Rogers, G. Van Hise, Fritz, Mark Hanna, 6:30; Rockefeller, Maida, Peshigo, Winona, 7; Hines, Ashland, Law Crescent City, Bell, 8:20; Haxson, 9:17.

Marquette Port List. D., S. S. & A. docks: Cleared—Black, Lawstam, Cleveland. L. S. & L. dock: Arrived—Frontenac, Cleared—Simla, Burma, Deseronto, Ont.; Pontiac, Cleveland; Angeline, Toledo, Portage, Presque Isle, Andaste, Louisiana.

The Tacoma, Pioneer and Chattanooga are at the coal dock.

WANTS BISBEE FLEAS. Detroit Scientist Proposes to Pay Three Dollars a Hundred.

Bisbee, Ariz., Aug. 6.—Postmaster Cassidy, who, by the way, is a brother of Alderman Eugene V. Cassidy of Ishpeming, Mich., is in receipt of a tempting offer from a scientist to assist in an experiment to accomplish no less a philanthropic purpose than the extermination of the persistent, pugnacious and industrious flea, that pesky insect which has probably produced more anguish in the world, provoked more profanity, and has seen the most of men and women than any other member of the animal kingdom of its size.

It is not the intention of the scientist to begin operations with that diminutive, but frisky creature which skips feverishly up a man's trouser leg, and when you tickle it with your finger on him, he isn't there—that task is too herculean to be undertaken suddenly, but he will commence on the variety which make life miserable for sheep, and when those have been put out of business, he will have gradually worked up to a point where the flea to human happiness may be called to account for the sins of himself and his countless millions of ancestors. In order to demonstrate his scheme to the satisfaction of the public—and presumably the scientist wishes to secure a carload of the Bisbee variety, and with this object in view he has addressed a letter to the postmaster asking his co-operation in this humane undertaking.

The letter, which is dated at Detroit, Mich., is as follows: "Postmaster at Bisbee, Ariz. Dear Sir: I am making an experiment to kill fleas, and would like to know if you would be able to get fleas for me. I want the kind of fleas that get on sheep in your state—I don't want sheep ticks, but fleas. You sheep herders there will know what they are and when to get them. You inquire of the ranch men, and they can likely get them for you. If you can get these for me, I will place an order with you by return mail, and will pay you \$3 per 100 fleas. Please answer by return mail whether or not you can find them. In order to stamp the order, unless a more close stamped envelope for reply, I don't want dog fleas, nor we have that kind here."

Postmaster Cassidy is not inclined to fall in with the offer of the Michigan scientist, and will write him that, first, the Bisbee flea will not assay over one flea to the 1,000 cubic yards, and that second, the price offered is below the scale. Nothing less than a \$4 a day proposition is considered in Bisbee in any kind of a line. Mr. Cassidy will inform the writer that unless a more tempting offer is made he can not afford

twenty or twenty-five years ago. If they kept on doubling every five years in thirty years the shipments in a single season would be two and a half billion tons. When will this rate of increase stop? The statistics show not a single sign of decrease thus far.

While the approximate boundaries and locations of the Lake Superior iron ranges are quite well known, and while mining has been in progress for more than half a century, new discoveries of ore are constantly being made in the various districts. This year, for instance, it is probably true that the finds already made exceed in tonnage the estimated output of the region for the season. In the Mesaba country the prospector is steadily pushing on to the west. Indeed, much of the work is now west of the Mississippi river, where there are absolutely no surface indications of the strike of the range. However, the fact that the Mesaba formation does so disappear below a level surface of drift extending many miles north and south has made most prospectors chary of expending much time and money in that district. Not only is the work there quite in the dark, but it is generally conceded that the ores to be found will not be of the highly concentrated character of the central and eastern Mesaba, but will partake more of the character of those near the river on the east, where in the Coleraine district the Steel corporation is developing the Canisteo, Holman and other properties containing a vast amount of ore, but ore so impregnated with sand it must be washed to bring it up to commercial grade.

It is a well known fact that the commercial standard of the percentage of iron in ore has been gradually lowered as the demands of the trade have increased, and that were of no commercial value ten or a dozen years ago are now finding ready sale. Each time, too, that the commercial standard is lowered, it adds millions of tons of ore to Lake Superior's known reserves. Eventually, ore that has run only 40 per cent of metallic iron will be in big demand. There are vast tonnages of this low grade ore in various portions of the region, much of it on the so-called Cuyuna range. Just now the government is revising its geological map of the Mesaba and eastern Mesaba, but in recent years, and in connection with the work Professor C. K. Leitch, head of the United States geological survey, is spending much time in the district.

GOOD REPORTS FROM LEAD AND ZINC MINES

PETERS LOCATED.
Former Ishpeming Attorney Is Now Living in Goldfield, Nevada.

William Peters, who left this city about two months ago for parts unknown, has written to friends from Goldfield, the Nevada mining camp. Mr. Peters' destination was unknown even to the members of his family and no word has been given out regarding him since his departure. The versatile William is connected in some indefinite manner with Parsons & Tschirgi, stock brokers with headquarters in Goldfield.

The property that Mr. Peters is promoting is near Goldfield and is capitalized for 100,000 shares, which are now selling for twelve and one-half cents per share. According to his statement the shaft is down forty feet and the ore assays \$7 per ton. Captain Thomas Hooper, formerly superintendent of the Victoria mine, is the president of the company. Mr. Peters informs the investing public that he is in a position to secure large blocks of stock from Parsons & Tschirgi for a number of his old friends on the Marquette range.

BAXTER'S NEW BOARDING HOUSE COMPLETED AND THREE OTHER BUILDINGS UNDER WAY—VANDEVENTER STILL SHOWING UP WELL

Ishpeming and Negaunee men who have invested in the lead and zinc properties of Wisconsin are looking forward to the time when they will begin to receive returns from the Baxter, Vandeventer and Pine Tree properties, as recent reports from the mines are of a most encouraging nature. From present indication all of these properties will be successful. There are a few other lead and zinc propositions in which Marquette county capital has been invested that have developed nothing of a specially encouraging nature. Four or five different properties in which local men placed their money over a year have been given up and the options surrendered.

Carl Tellefsen, secretary of the Vandeventer company, yesterday issued a circular addressed to the shareholders, reviewing the work at the mine from the time the shaft was started up to the present, also giving detailed information relative to the underground developments, value of the ore in stock, the mill to be erected, etc. Attention is called to the company's advantages in the possession of the 160 acres of land on which the mine is located; the small amount of water encountered; the shallow depth of the ore bodies, and other advantages which will combine in reducing the cost of mining. It is announced that the fifty-ton mill, for which a contract was signed on the 24th of July, will be in operation before Nov. 1.

In a letter received yesterday from Superintendent Fox the officers were advised that the crosscut started westerly from the main drift has penetrated one of exceptional richness and that the deposit is gradually becoming thicker. He also advised that at the end of the mine, the drifts running in a southeasterly direction and 130 feet distant from the shaft, the breast is almost in solid ore, which is making toward the hill. Forty tons of pure zinc has been sorted and is ready for shipment. This is to be sold without mill treatment.

MRS. TOUTLOFF'S DEATH.

Mrs. John A. Toutloff died at her home on Marquette street Sunday afternoon after a protracted illness, says the Ironworker. The deceased was aged forty-five years. She had been a resident of Ironwood about three years, the family coming here from Wakefield, and were for many years residents of Ishpeming. Besides the husband, the deceased leaves two children, Mrs. E. A. Grause of Ironwood and Lloyd E. Leggett of Duluth. The funeral took place Wednesday morning from St. Ambrose church.

STRONG BILL TONIGHT.

The Harvey Dramatic company presented the beautiful southern play, "Bonnie," at the Ishpeming theater last night before a good sized audience and strengthened the good impression made on Monday night. The play was presented in a careful, painstaking manner and was beautifully and correctly staged. Tonight the company will present Howard Hall's romantic drama, "A Soldier of the Empire," a strong play in which the players are said to have made their greatest success. The costumes used in this production are elaborate, especially some of the gowns worn by the ladies.

FROM HOPKINS' CURB LETTER.

"Today's copper share market showed a decided tendency toward lower prices in sympathy with the New York market, which was very weak. North Butte, Calumet & Arizona, Utah Consolidated and Copper Range showed losses of 1 to 3 points; in fact, the whole market was on the toboggan. In the curl list Superior & Pittsburg showed remarkable strength; this stock has been one of the strongest and has been well bought all through the late weakness. The balance of the curl, however, showed the same tired feeling that prevailed in the general list."

The day's prevailing prices were:

DIED AT HANCOCK.

Mrs. Mary Louise Jacobs died Monday at the home of her son-in-law, Louis Bissonnette, at Hancock. Mrs. Jacobs was a resident of Ishpeming until her removal to the copper country about a year ago. She was sixty-two years of age and is survived by a son, F. J. Jacobs, of this city, and three daughters, Mrs. Louis Bissonnette, of Hancock, Mrs. Frank Brady, of Negaunee, and Miss Josephine Jacobs, who resides at Hancock. The remains were received from Hancock on last evening's train, but the arrangements for the funeral have not been completed.

DIED IN COLORADO.

Eric N. Nylander died in Colorado last Friday evening. Mr. Nylander was born in Ishpeming and spent nearly all his life here, leaving about five years ago for the west, in the hope that a change of climate would be beneficial to his health. He was suffering from lung trouble. In Ishpeming Mr. Nylander was employed at the Cliffs shaft engine house as engineer. His parents reside at Gladstone.

ANNUAL PICNIC.

Court Pride, Ancient Order of Foresters will conduct its annual picnic at Presque Isle Saturday, Aug. 17. It will be accompanied by the Ishpeming band and there will be dancing both afternoon and evening at the pavilion. Trains will leave Ishpeming via the Lake Superior & Ishpeming railway at 9:30 a. m. and 7:30 p. m., and returning, will leave Presque Isle at 6 p. m. and 11 p. m. The fare will be fifty cents for adults and twenty-five cents for children. The committee which has charge of the arrangements is composed of Samuel Pearce, George Gill, R. S. Johns, James Pascoe and Charles Whonmer.

ISHPEMING IN BRIEF.

Joe Mitchell of Champion spent yesterday in the city.

Born to Mr. and Mrs. L. Clement on Tuesday, a daughter.

Miss Agnes Clifton is spending a week's vacation at Camp Laurie.

A son was born Monday to Mr. and Mrs. Oscar Beath of Houghton street.

Mrs. William Demaree is spending a few weeks with friends at Waseta, Mich.

Miss Mary Donahoe left Monday evening for a boat trip on the Pontiac, with Mr. and Mrs. Whiting.

McNiville, Jenks and wife and Mrs. A. Bronwich of Boston are at Island Lake for a week's outing.

Miss Myrtle Erickson of Crystal Falls arrived in the city Monday on a visit with Robert Fox and family.

Gravel from Duck Creek, Wis., has been placed on the approach and driveway at the Northwestern depot.

Mrs. William J. Ingram, of Chassell, is spending a few days with her cousin, Mrs. John Shand on South Pine street.

Dr. Febl and family, Mrs. A. W. Myers and Miss Helen Duncan are at Island Lake for the next two weeks.

A number of Ishpeming people attended a dance given in Marquette Monday evening at the home of Peter White.

Dr. and Mrs. Bucklin and daughter, Isabelle, of Baraga, who spent Sunday with W. H. Oakje, returned home Monday.

Miss Ada Anderson arrived home yesterday from Ypsilanti, where she attended the summer session of the Normal school.

Miss Jane Davis returned yesterday from Lake Laurier, where she spent the past few days with J. L. Bradford and family.

The Ladies' Aid society of the M. E. church will hold an ice cream social on the parsonage lawn this afternoon and evening.

The Ishpeming land will give a concert at the Nelson House Saturday evening instead of Friday, as previously announced.

The advance car, No. 2, of the Norris & Kowce circuit, in charge of Tony Grand, an old circus man, was in the city yesterday.

J. W. Young and wife of Chicago are spending a few days in the city. Mrs. Young was formerly a resident of Ishpeming.

Staff Captain and Mrs. Watt will conduct a special meeting in the Salvation Army hall this evening, beginning at 8 o'clock.

A concrete walk is being laid on two sides of the block occupied by Charles Johnson, corner Cleveland avenue and Second street.

Miss Myrtle Gibson of Anasa, who spent the past two weeks as the guest of Miss Norma Altheaeger, left for her home yesterday afternoon.

G. M. Ross of Calumet, boiler inspector for the Hartford Insurance company, inspected the boilers of the different mining companies here yesterday.

Officer Ed. Honkala, of a city police force, tendered his resignation yesterday. Mr. Honkala has been a member of the force for the past six years.

James Donnelly, manager of the Buckstaff-Edwards Furniture company, of Oshkosh, spent yesterday at Lake Laurier with William Leininger and family.

Mrs. Ed. J. Butler and Master Lavender, Miss Elizabeth McNulty and Miss Nellie Donahoe left last evening on the Tionesta for Buffalo and Toronto and other points in Canada.

Mr. and Mrs. Belden and son and Mr. Belden's brother left yesterday for Cleveland. From there they will go to central New York, where they will spend the next three weeks.

Invitations have been issued for the marriage of Miss May Smith, daughter of Mr. and Mrs. R. Smith, of 115 Longlass street, to Louis W. Biegler on Thursday afternoon, Aug. 15.

A meeting of the Ishpeming fire department has been called for Friday morning at 7:30 o'clock. Plans for at

WILL ERECT MORE HOUSES FOR WORKMEN

MARY CHARLOTTE MINING COMPANY'S TEN NEW DWELLINGS NEARING COMPLETION—MORE TO BE BUILT THIS YEAR.

The ten double houses being erected at the Mary Charlotte mining location will soon be ready for occupancy. L. E. Chausse, the contractor, yesterday said that at least five of the houses will be completed within three or four weeks, and the remaining five will be turned over to the company inside of six or eight weeks. The corporation plans to erect ten additional houses, perhaps starting them before winter sets in. With twenty double houses at the location, forty families can be accommodated. The houses will be as durable as any ever built at a mining location, with water and other conveniences. The present houses contain six rooms for each family, and the lots are sixty feet wide by a length of over 150 feet. There is considerable territory in addition to the lots in the neighborhood that can be used for gardening.

Many workmen at the Mary Charlotte are now living some distance from the property. Some of the men walk over three miles a day going and coming from their work. The occupants of the dwellings will also have an advantage in rent, as the charge will not be as great as some of the families are now paying up town. The Mining Journal has been advised that many more dwellings than the number now being erected could be used. The oldest lands are to be given the preference. The houses are similar to those which the Cleveland-Chiffs company is erecting at Princeton and the second lot to be put up will probably be built from the same plans.

At the meeting of the council last week the company petitioned for an extension of the water main from the Rolling Mill mine to the Mary Charlotte location. Attention was called to the fact that the new buildings were soon to be occupied and that the management wishes to have the water placed in the houses while they are being constructed. It is expected that the request will be granted, though it is doubtful if the improvement will be made as soon as the Mary Charlotte people desire it, as there is considerable other work in the water and highway departments now under way.

Another year should see a big improvement near these mines, as the Jones & Laughlin company contemplates the erection of a number of dwellings at the Rolling Mill location. The Rolling Mill's working force is increasing steadily and several houses will be needed a year hence. While the distance to town is not as great from the Rolling Mill as from the Mary Charlotte location, the company's houses will be appreciated by the employees, many requiring attention. It is expected that no less than ten or twelve will be erected. The Jones & Laughlin company has done considerable building during the past year, and its fine equipment is now complete. The most important structure to be put up this year is a two-story modern dry dock which is now being erected by A. P. Wilson, the Marquette contractor, and which will soon be ready for occupancy. The dry dock will accommodate between 300 and 400 men.

MINE MANAGER NAMED.

John M. Bush Appointed Superintendent of the Ashland.

Agent M. M. Dunnean of the Cleveland-Cliffs Iron company spent Thursday here attending to matters relating to the mine before the departure of the company's former general superintendent, H. F. Ellard, for Silver City, N. M., says the Ironwood News-Record. During the day Mr. Dunnean announced the appointment of John M. Bush of Ashland, Minn., as superintendent of the Ashland mine. Mr. Bush was chief clerk at the Ashland up to about two years ago, when he was appointed superintendent of the Crosby mine at Nashvank. He came to the Gosche range six years ago from Norway, Mich. Entering perseverence, ability to handle big things and strict attention to duty have been rewarded with rapid promotion. Mr. Bush has a very wide circle of friends in this city and on the other ranges who will congratulate him on his promotion and warmly welcome him back to Michigan. Superintendent Bush will enter on the discharge of his duties at the Ashland mine at once. Mr. Ellard desiring to be relieved so that he can get to Silver City as soon as possible.

PURCHASED BLOODED HORSE.

D. S. Constock, who recently purchased the Constock livery business, has received a fine seven year old Percheron stallion which he bought in Wisconsin a short time ago. The animal is one of the finest ever seen in the city and has attracted much attention on the streets. The stallion has a pedigree. He was formerly owned by a man named Kellogg, who has a stock farm a short distance from Green Bay. The sire of this horse was purchased in France and was sold for \$25,000.

REMEDY FOR DIARRHOEA. NEVER KNOWN TO FAIL.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. Jensen, Spring Grove, York county, Pa. This remedy is for sale by The Stafford Drug Co.

"Let us have some Cuddey's Peacock bacon and calves liver for supper Maam" say young and old. (11-27-eod)

TUXEDO CLUB 10c

CARKEEK HAS GONE AWAY.

Noted Wrestler Got Tired Waiting for Joe Zeibr to Accept Proposition.

The announcement in the copper country department of yesterday's issue of The Mining Journal that Joe Zeibr's backers had deposited \$500 in the Laurium State Savings bank to bind a proposed match with Jack Carkeek to take place in Calumet, August 24, was long over due, and it is feared that Zeibr and his friends have taken too long a time to make up their minds as to what they intended to do, as Carkeek has left Negaunee, and his friends here are of the opinion that he will not return. Carkeek left Monday for Omaha, Neb., at the time having no idea that Zeibr or his backers had any intention of talking business, inasmuch as he had waited on them three weeks. Carkeek said before going away that he would have accepted any reasonable proposition that Zeibr might have made. Carkeek and his backers feel as though they gave Zeibr every chance that he might expect to put on a match, but the copper country man certainly acted as though he was not very anxious to meet the champion.

When Zeibr was challenged by a Negaunee man at the Sons of St. George tournament in Ishpeming, July 20, he accepted the challenge immediately, and expressed a willingness to meet Carkeek at any place in the upper peninsula where the best inducements could be offered. Sent Zeibr the cup to the members of money and Carkeek's backers concluded that he would not meet them on the first proposition, they decided to risk their money and to allow the men to raise a purse of \$500. The Mining Journal was advised at that time that they would be willing to give the least 30 per cent of the gate receipts, which would amount to between \$200 and \$300, provided the match was pulled off in Ishpeming. It is doubtful if Mr. Zeibr would have obtained a better proposition from the copper country sports who have, at this late date, come to the front with backing for him.

CUP PRESENTED.

The committee on arrangements of the Sons of St. George celebration held in Ishpeming the 20th, of last month presented to the loving cup to the members of English Oak lodge Monday evening. The cup was presented to the lodge for the best appearing society in the parade. The presentation speech was made by Chairman William Bamford, who complimented the society for very high tones upon the interest it took in making the celebration a success. After the presentation there was a smoker and several of the members responded to toasts.

WILL ENTERTAIN AT A SMOKER.

The regular monthly meeting of No. 2 Hose company will be held at the first hall this evening. No. 1 company held its meeting Monday evening. The members of both companies will hold a joint meeting this evening to make arrangements for the annual picnic. Immediately after the business session the newly elected officers will be installed at the members of both companies at a smoker.

LOCAL LACONICS.

A boy was born Sunday to Mr. and Mrs. Dan Macdonald.

Andy Seass came up from his home at Little Lake yesterday.

Captain Penglaste returned Monday morning from a few days' visit in Munising.

The regular monthly meeting of the Macebees will be held at their hall this evening.

Arthur K. Adams, of Spencer, Mass., spent yesterday and Monday in the city on business.

A party of twenty Italians passed through this city yesterday morning, en route to Calumet.

Mrs. D. C. Wilkinson and two children arrived Monday from Wilkinson, Ky., for a few weeks' visit with relatives.

Clement Quinn, who arrived here from the Wisconsin lead and zinc field Saturday, left Monday for Iron Mountain.

Joseph Schmitzer, a federal pure food inspector, visited the stores and wholesale establishments of the city Monday.

An expert in the employ of the White Steamer Auto company, of Cleveland, is in the city looking over Dr. Sheldon's touring car.

The Ladies' Aid society of the Presbyterian church will meet at the home of Mrs. Thomas Harris, on Lincoln street, this afternoon.

Dave Foley and wife, who have been visiting in the city for the past three weeks, left for their home in Ironwood yesterday morning.

Posters announcing the Upper Peninsula Firemen's tournament at Ontonagon August 20, 21 and 22nd, were placed about the city yesterday.

A party went down to C. L. Sporley's camp yesterday in Mr. Houston's Peerless automobile. The trip to Little Lake was made by way of Marquette.

The infant child of Mr. and Mrs. H. C. Miller died yesterday morning at the home of Mrs. John O'Leary. Mr. and Mrs. Miller are here from White Pine, Colorado, on a few weeks' visit.

James A. Goodman returned yesterday morning from Hugo Mueck's cottage at Little Lake, where he spent the past week. Mrs. Goodman, who accompanied him, will remain there for some time.

The purchasing committee and the fire committee have bought fifty feet of cotton hose for the use of the fire companies. The fire committee is getting the plans for the new fire hall ready.

Joseph Garaphy, of Wolverine, arrived in the city Monday evening, in response to a telegram sent by his local police notifying him that his wife was found in a partially denuded condition. Mr. Garaphy and his wife left yesterday afternoon for their home in the copper country.

Dr. Emile Houle is in the city from the copper country, on a visit with his parents. Dr. Houle has resigned his position with the Wolverine Mining company and expects to leave this week for Douglass, Ariz., where he has accepted a position with one of the mining companies. He will be succeeded in the copper country by Dr. Charles E. Smith, Mecklenburg, N. Y.

Above engines are second-hand, but are all in good condition and have been returned to us in exchange for larger sizes.

Lake Shore Engine Works

try by Dr. Charles E. Smith, Mecklenburg, N. Y.

John Rock has secured a lease on a lot on the corner of Rock street and Pioneer avenue, two blocks north of his present site. Mr. Rock will remove his residence at once, but will not remodel his block on Main street until next year. This building was burned during the process of remodeling a few weeks ago.

Rev. and Mrs. Frederick Luke, who were married recently at Stephenson, Menominee county, are visiting Mr. Luke's parents, Mr. and Mrs. Josiah Luke, Poplar street. Rev. Mr. Luke is rector of the Episcopal church at Negaunee. His bride was Miss May Sawbridge of Stephenson.—Ironwood News-Record.

Upper Peninsula

Chief of Police Honored—Chief of Police John Larkin of Iron Mountain has been presented with a solid gold star by a number of his admiring friends. The center is set with a large diamond.

City to Enlarge Power Plant—The Electric Power plant of the Faulkner Electrical Construction company of Chicago has been awarded a contract to build an addition to the municipal waterpower plant at Crystal Falls and install the machinery on a commission basis. He will receive \$2,000 for superintending the work. Mr. Strauss estimates the total expense of the work, including his commission, at \$25,000 and the time of installation at ninety days. The city has some \$15,000 available and will borrow the rest.

Boy Got a Ducking—O. C. Boynton, Jr., badly scared himself and others by tumbling off Chambers' dock the other forenoon, says the St. Ignace Republican News. He was with his grandfathers, Mr. Peck of Peoria, Ill., and brother Jamie. They were fishing at the time. "I just stubbed my toe," was Ollie's explanation of how it happened, as he was marched home on a doublet. Mr. Peck thrust his fishing rod into the youngster's hand and bade the lad to "hang on," and he did so until Joseph Daniels, in a boat, grasped and drew him to safety.

Oil Tank for Newberry—The Standard Oil company will erect a big oil tank and warehouse at Newberry. The tank is already on the ground and work on the warehouse will be begun at once. A location has been secured alongside the South Shore, at the foot of Charles street and outside the village limits. The company endeavored to secure a permit from the village council to erect the tank and warehouse east of the freight depot and inside the village limits. On account of the danger from fire from flying sparks from the furnace, the council refused to grant the necessary permit, and the representatives of the company were forced to secure another location.

Bugs Ruining Oats—A small bug, which burrows into the oat stalks, entering from the top and eating its way into the heart of the plant, where it deposits its larvae, is causing thousands of dollars worth of damage to the oat crops in Marinette and Menominee counties. This will mean that the oat harvest for 1907 will be at least 30 per cent smaller than expected and if the evil is widespread throughout the country, the price of the grain will be much higher than in past years. Farmers have been reporting that oats, which were growing rapidly and apparently in first class condition, have suddenly changed color and large portions of the grain are now practically worthless. The small insect snatches the vitality

of the stalk, changing it to a color much resembling rust. After a few days of this ravage, the plant droops and dies.

Assaulted, Sues for Damages—William Hawley, who was arrested on a complaint of Ben Salinsky, and who pleads guilty to the charge of assault and battery preferred against him, must now stand a suit for damages brought by Mr. Salinsky, reports the Escanaba Iron Post. Hawley has been in court for some time as stage manager at Ben's theater of which Mr. Salinsky is the proprietor. A dispute arose between the men and Hawley attacked Salinsky and gave him a severe beating about the head and face. Hawley was fined \$10 and costs in Judge Lindner's court and must now answer to the civil action for damages brought against him by Manager Salinsky. The amount of damages asked is \$2,500. The suit will be tried at the next term of circuit court. Hawley was released on \$300 bail.

Marriage to End Prosecution—Frank Shampo and Frank St. Louis, who have been awaiting trial in circuit court for an alleged serious crime, will not be prosecuted, according to the latest reports, says the Stephenson Journal. The complaining witness, Mrs. Olive Leanna, a widow with four children, in some manner changed her mind in regard to prosecuting the two men, and by the intervention of parties interested agreed to marry Shampo, in which case she would not be allowed to testify against her husband and consequently no evidence could be secured to convict the two offenders. A marriage license was issued to the couple and the marriage was performed the same day by Rev. Father Papon of the Polish Catholic church, a dispensation having been previously obtained from Bishop Eis of Marquette. The formal discharge of the prisoners will be made at the opening of the circuit court next Monday. It

DO YOU GET UP WITH A LAME BACK? Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for every thing, but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name—Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE NATIONAL BISCUIT COMPANY Graham Crackers are packed in moisture and dust-proof boxes, keeping in all their crispness, freshness and flavor. When you open a box it is equivalent to taking them from the oven, and therefore Graham Crackers should be served from the original package to be enjoyed at their best. All grocers keep the Graham Crackers of the National Biscuit company.

Home of Swamp-Root. Binghamton, N. Y.

TUXEDO CLUB 10c

KERMIS NOW ON AT OPERA HOUSE

OPENING PROGRAM IS GREETED BY CROWD AND SUCCESS OF THE EVENT IS ASSURED.

COSTUMES OF ALL COUNTRIES

Dancers of All Nations Take Part in Elaborate Program Presented By Episcopal Church Ladies.

Today's program for the Kermis which opened last night at the opera house under the direction of the ladies of the Episcopal church will be as follows: Indian Boy Dance, Teddy Bear Dance, Scotch Dance, Irish Dance, Roses and Bees Dance, Japanese Dance, Dutch Dance, Gypsy Dance, Pickinny Dance, Skirt Dance, Dairy Dance, American Dance.

The above program will be given in the afternoon and will begin at 3 o'clock. The opera house will be open at 2 o'clock. In the evening last night's program will be given again.

The Indian dance presented by the Indian chief, Clayton Frel, and thirty-two little boys in costume was probably the one most appreciated by the audience last night.

The boys in the dance were chaperoned by Miss J. E. Robbins.

The Irish Tilt was given by ten young women chaperoned by Mrs. George Shiras.

The dairy dance given by two young women and by "Josh, a farm hand," is directed by Mrs. Ernest Rankin.

The Pickinny dance was given by nine girls chaperoned by Mrs. L. G. Kaufman.

Ten boys gave the wooden shoe dance under the direction of Mrs. James Everett Ball.

The Highland Fling given by four girls was directed by Mrs. E. McIntosh.

Two young women gave the skirt dance under the direction of Mrs. E. L. Stewart.

The Sailor's Hornpipe is given by five young men and five young women. Edwin Prineau is the captain of the sailors.

The Geisha dance given by twenty-one young women is under the direction of Mrs. S. S. Ormsbee.

The Mexican dance by two young women is under the direction of Mrs. Morrison.

The American drill and Yankee Doodle dance given by two score young women

is under the direction of Miss Alice Ward.

A grand march of all nations concluded the program.

Two of the dances which were not given last night, but which will be afternoon attractions, are the Gypsy dance given by fifteen young women with the queen, Miss Mary McCarthy, directed by Mrs. J. H. LaRochelelle.

The other dance which is an afternoon attraction, is the Teddy Bear dance given by twenty-one little misses who were chosen for the parts by Mrs. William M. Maul and Miss Jessie Van Cleve.

The corridor of the opera house is gaily decorated, and in that part of it near the entrance to the theatre is the country store presided over by Mrs. Ernest Rankin, Mrs. D. Fred Charlton, Mrs. Freeman and Mrs. E. Stewart.

It is worth a visit to the Kermis just to see the store and read the signs which the ladies have placed to attract custom.

The Dutch booth, where the Dutch lunch is served, is presided over by Mrs. A. M. Bigelow and Mrs. F. E. Withey.

The voting box, where votes for the most popular dance are cast, is in charge of Mrs. A. H. Flint and Miss Alice Collins.

Miss Olive Pendill is in charge of the fish pond, one of the most popular of the booths.

Miss Frances Jopling has a lemon tree. The Japanese tea room is presided over by Mrs. E. B. Palmer, Mrs. David Murray, Mrs. A. F. Boswell, Mrs. V. D. Sinar, Mrs. C. D. Blanchard and Mrs. Henry Hallam.

Mrs. Morrison has the Spanish booth. The American booth is in charge of Mrs. E. McIntosh, Miss Alice Ward and Mrs. War-L.

Mrs. Edward N. Breitung is in charge of the Mexican booth.

The Gypsy booth where fortunes are told is presided over by Mrs. LaRochelelle.

The executive committee in charge of the Kermis is composed of Mrs. Ernest Rankin, Rev. Bates Bart, E. B. Palmer, Mrs. E. N. Breitung and Peter White.

The opera house is elaborately decorated and in the yard adjoining the theatre a large tent in which most of the decorated booths are located is illuminated and gay with the colors of all the various countries represented by the booths and by the dancers.

HOPPE FUNERAL TODAY.

Wife and Six Children Surviving Compelled to Live in a Barn.

The funeral of Constantine Hoppe of West Branch, who died at St. Mary's hospital Sunday night after an illness of four weeks, will take place from the home of his brother-in-law, Caspar Elder of Green Garden this afternoon.

The burial will be in Green Garden cemetery.

At the time of his death which was caused by liver disease, Mr. Hoppe was fifty-nine years old. He was formerly a resident of Marquette and while here was engaged in the butcher business.

Besides his wife he is survived by six children ranging in age from one and a half to fourteen years of age. Ernest Wagner, another brother-in-law resides in Marquette.

Four weeks ago Hoppe's farmhouse was burned to the ground and since that time the family has been compelled to live in the barn.

TO GIVE NEW PLANT SYSTEM OF SEWERS

MEETING LAST NIGHT OF STREETS, PARKS AND CEMETERY COMMISSION AT CITY HALL.

At a meeting last night of the streets, parks and cemetery commission, the project of supplying the new plant of the Lake Shore Engine Works with a sewerage system was discussed and a committee composed of President Sink and Messrs. Cadarette and Ford was named to make an investigation of thoroughfares leading to the new plant sometime this week to determine the best location for the system.

Special Meeting.

The report of this committee will be presented to the board at a special meeting to be held next Monday night, and the recommendations of the board will be presented to the council at the special council meeting called for next Tuesday night.

The petition for the sewerage system was received from the Lake Shore Engine Works at Monday night's meeting, and was referred to the streets, parks and cemetery commission.

At the meeting last night it was voted to accept the work of the contractors, Johnson and Peterson who have recently finished grading and macadamizing a part of Fourth street and Presque Isle avenue.

Damage Is Repaired.

President Sink reported that the damage done throughout the city to streets by the storm of June 23 had been almost wholly repaired. The bridge at the stone quarry and some work on the Maple street sewer remains to be completed.

In order to avoid future breakdowns at the city's stone crusher, which was recently out of service due to broken machinery, the board last night voted to purchase certain duplicate parts of the plant from the Austin Manufacturing company of Chicago.

The month's pay roll amounting to \$5,145.85, and bills amounting to \$1,802.96 were presented and allowed by vote of the commission. Included in the list of bills, one is for \$861.07 for cement which was purchased when the concern with which the city has a contract for supplying the material, was unable to carry out their contract, due to a temporary scarcity in the city several days ago of cement.

During the season up to August 1, about twenty squares of concrete sidewalk were laid, estimated at 6,000 lineal feet. In addition to this 5,586 square feet of private walks were laid. The income from this work will amount to \$4,620 when it is all collected.

ONE-HALF PRICE SALE.

Mr. Beachy will be at the Marquette Millinery Co.'s store, Thursday and Friday, Aug. 8 and 9, with a big line of ladies' suits, etc., that he will close out at one-half their former price.

MARQUETTE MILLINERY CO. (8-6-24)

TUXEDO CLUB 10¢ CIGAR

OXFORD SALE TODAY

We put on sale our entire stock of Men's, Women's and Children's Ox-fords, at a reduction of 20 per cent to 35 per cent.

Arguments in favor of the values presented by these determined price-reductions would seem to be wholly unnecessary in view of the generally recognized high standard of Rose's Shoes. The price saving speak for themselves.

This announcement will undoubtedly arouse the quick interest of careful buyers.

BUY ADVENTURE AND MASS

FOR YOUR OLD AGE.

I suppose you have all heard that the richest vein of copper has been opened next to the ADVENTURE that was ever discovered on Lake Superior. Sixty feet wide. Do you realize what this means? It means that the ADVENTURE and MASS will sell up in the hundreds, and one hundred shares will keep you in your old age. Buy some quick and don't let the Boston fellows make all the money, as heretofore.
