

"I Wish I Could"----"I Will"

The first expression is that of failure; the second of success. People are often heard to remark that it is impossible for them to accumulate anything.

No matter how small it is, there should always be some margin between income and expenditure. An ounce of action is worth a ton of--"I'LL THINK IT OVER."

CITY COUNCIL IN LONG SESSION

CONSIDERABLE IMPORTANT BUSINESS DISPOSED OF AT MEETING THURSDAY NIGHT—THE DETAILS.

A meeting of the common council was held Thursday evening, beginning at 7:30 o'clock and continuing without a recess until 10:45, or three hours and fifteen minutes. A large list of business was put through the mill, and several matters of an important nature were discussed at length.

Petition for Sewer.
A petition was read from Joseph Comer, August Brodine, W. H. Trearow, Henry Routhier and seven others, praying for the extension of the sewer on Empire street, to Walsh street. It was referred to the sewer committee, with instructions to report before the close of the meeting. A communication from John Delbridge and ten others, asking that the sewer system be extended from Empire to Michigan, was then read and was referred to the sewer committee, with instructions to report before the close of the meeting. Another petition of this same character, praying that a new sewer be placed from Empire street east to Fifth street, was also read, and disposed of in the same manner.

Mayor's Veto Read.
The veto of Mayor Roberts on the recommendation of the sidewalk committee in respect to building a concrete walk on Third street to the cemetery was read. The mayor gave the following reasons for his veto: First, the property in this section had never been platted to the city and he felt that it was not the city's duty to build the walk; second, by making the city bear this expense the council was working an injustice upon the small property owner, making him place walks about his own property and also compelling him to pay for the walk along the company's property; third, the action of the council discriminated in favor of the mining companies. It was moved and carried that the mayor's veto be placed on file. Mayor Roberts then arose and talked at length of an alleged discrimination which has been shown by the council between the large and the small taxpayer. Alderman Sliney pointed out to the mayor and the members of the council that the mayor's veto was of no consequence. He had only vetoed a recommendation by the sidewalk committee. The recommendation had no force whatever, as it did not authorize the board of public works to build the walk. Alderman Sliney, after showing that the parliamentary procedure of the council was in fault, offered a resolution authorizing the board of public works to build the walk. The resolution provided that the entire walk be built of concrete, except that portion over the new fill, and that to be of wood, at the expense of the city. A yeas and nays vote was then taken and the motion was carried, fourteen aldermen voting in the affirmative and five in the negative.

Salary of Superintendent Increased.
A communication from the board of public works recommending that the salary of Superintendent P. H. Devine be fixed at \$125 per month was read. Alderman Sliney offered a resolution to that effect. Mr. Sliney said that the duties of the office have increased considerably during the past year and that the superintendent would have an added responsibility in the construction of the new water main. A secret ballot was taken and the motion was carried, thirteen in favor of the increase and six against it.

The resignation of Ed. Honkala, night watchman, was read and accepted. An application for the vacant position was made by Frank Honkala, a brother of the retiring officer. A motion was made and carried that the application be placed on file and action deferred until a later date.

Communication from W. H. Johnston.
Alderman Finnegan, of the water committee, read a communication from W. H. Johnston, general superintendent of the Oliver Iron Mining company, relative to a new site for the water pumping station. A point about twelve rods south of the present station was suggested. The communication was referred to the water committee and the board of public works.

Resolutions authorizing the building of the sewers described in the communications from the residents near Empire street were adopted.

Alderman Maloney, of the police committee, reported the amount of cash received and paid out by the municipal court during the past month. A balance of \$157 has been placed to the credit of the city from the fines accruing during the past month. The council decided to give the members of the police force their usual week's vacation and gave the marshal power to appoint substitutes.

Alderman Sliney, for the committee on finance and taxation, introduced a resolution allotting the sale of bonds for the erection of the new water plant to Mason & Lewis, of Chicago, adding a proviso that Ishpeeming people be allowed to take up some of the bonds from the company. Mason & Lewis offered the highest bid, guaranteeing to take the bonds at par, with accrued interest and a premium of \$710.50.

Alderman Williams, for the committee on claims and accounts, presented the bills against the city. The several accounts were as follows:
General fund \$ 233.36
Building 191.20
Sewer fund 145.59
Water fund 531.07
Highway 866.48
Library 26.90
Cemetery 130.95
Police 59.70

The total amount of the bills and accounts was \$3,395.98.

Alderman T. F. Gill introduced a resolution requiring the contractors, putting in concrete walks in any part of the city to file a bond of \$1,000 to insure the city against accidents during the process of construction. The resolution was carried.

Alderman Trathen introduced a resolution, and it was passed, that the members of the fire department be given the customary vacation of ten days.

MAYOR USES VETO POWER.
City's Executive Balks on Resolutions Passed By Council.
Mayor W. J. Roberts broke the record yesterday by filing with the city recorder two vetoes. He vetoed the proposition to build the concrete sidewalk leading to the cemetery and also the resolution to increase the salary of Superintendent P. H. Devine, of the board of public works. The vetoes were filed at 9:30 o'clock yesterday morning, shortly after the opening of the office of the city recorder. The vetoes are as follows:
"I hereby place my veto against the resolution passed by the common council last evening, authorizing the construction of a sidewalk in the vicinity of the cemetery."
"I also veto the measure passed by the council which raised the salary of our superintendent of the board of public works. I will file my reasons for doing so later."

GOOD FARCE COMEDY.
The Harvey Dramatic company presented "Jane," a farce comedy, at the Ishpeeming theater last evening. The play was well rendered and the members of the cast did not divert in any play to win applause. This afternoon the company will put on a "Teddy Bear" matinee. A Teddy bear will be given away to the child holding the lucky number. This evening the company will close its week's engagement by presenting a famous comedy, "The Private Secretary."

CHANGE OF PROGRAM AT GRAND.
The management of the Grand theater announces a complete change of program for this afternoon. The morning pictures which will be shown are said to be exceptionally good and a good entertainment is assured. The illustrated songs, sung by Harry Gluckstone, are very pleasing. Mr. Gluckstone has won quite a name for himself as a singer.

ISHPEMING IN BRIEF.
Mr. Rose Demarise has returned from a few weeks' visit with relatives at Waseta, Mich.
Miss Mamie Brown went to Republic, where she will spend a week or so visiting friends, yesterday.
E. E. Hebbard, the commission merchant, is in the city, buying blueberries for the Chicago market.
Mrs. Rudolph Olson and Mrs. Haldie of Neenah will serve tea at the golf club this afternoon, from 3 to 5 o'clock.
Mrs. M. Bloom of Chicago spent Thursday in the city. Mrs. Bloom is making a tour of the upper peninsula towns.
Miss Carrie Anderson of Kauldwood, Ill., is in the city on a two weeks' visit with her sister, Mrs. E. J. Eggen.
C. D. Buhl, representing the Studebaker Wagon company of South Bend, Ind., was in the city yesterday on business.
N. A. Bloom, of Detroit, special agent of the Continental Fire Insurance company, was in the city yesterday on business.
Captain J. S. Stephens and George E. Voyer left yesterday for the Fence river, where they will spend the next few days fishing.
S. F. White, of Chicago, arrived in the city yesterday morning, to spend a few days visiting at the home of W. H. Johnston.
Mrs. E. C. Cooley is expected back tomorrow from Iron Mountain, where she spent the last few days visiting Mrs. C. T. Haupton.
J. D. Spitzer and wife, Mr. and Mrs. Murray of Detroit, Mrs. N. B. Kroeman and George Sedgwick are spending a few days at Camp Nine.
David Morgan came down from Republic yesterday. He will be joined today by Mrs. Morgan, and they expect to make this city their home for a few months.
C. E. Scott, of New York, superintendent of agencies of the Metropolitan Life Insurance company, was in the city yesterday conferring with Superintendent Valey.
The uniform rank, Knights of Pythias, entertained a large number at a dancing party held in Raastad's Hall last evening. Trombly's orchestra furnished the music.
Miss M. A. Kennedy and Miss Esther Crum will leave today on the steamer Juniata for a lake trip. They will visit Detroit, Buffalo, and other points, and will be absent about two weeks.
Mrs. John Shad entertained a number of her lady friends at her home on South Pine street yesterday afternoon. A dainty lunch was served, and those present had a very enjoyable time.
