

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED)

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

We presume that the landing of the firm's tournament definitely settles it that Marquette will not celebrate the Fourth of July next year.

Signs of the times in Ohio indicate that the fight for Taft in the Buckeye state will yet be coupled with a vigorous fight for the elimination of Foraker; it's Foraker who appears to be forcing the issue.

There appear to be a number of upper peninsula amateur ball teams that question Marquette's claim to the championship. Well, the Marquette team is open to engagements, and will take on rival claimants as rapidly as satisfactory terms can be arranged.

The trend of developments in the stock markets the past few days has convinced even the most pessimistic of the brokers that the worst is over, at least temporarily. And in all probability a few weeks will find speculative circles full of talent industriously berating itself for not buying at the particular juncture when the brokers were ready to give up hope and scuttle the good ship Prosperity.

Marquette gets the next firm's tournament. The selection is a good one, says the Copper Country Evening News. Marquette can provide ample accommodations for an immense crowd of visitors and as it is centrally located the various departments in the association no doubt will find it convenient to be liberally represented.

The attempt to establish Sunday baseball in Detroit is meeting with some spirited opposition, particularly by clergymen, who seem not a whit mollified by the fact that the Detroit Tigers are covering themselves with glory and that the management is entitled to all the co-operation that can consistently be extended to it.

The Michigan Anti-Saloon league has asked Governor Warner to include a local option law among the subjects to be presented to the special session of the legislature. That the governor will comply with the league's request is unlikely, as it is his expressed purpose to submit to the session as few matters as circumstances will permit and particularly to avoid all questions concerning which there is likely to be protracted debate, or sparring for position.

Negaunee wants a new Northwestern station, and it ought to get it. Negaunee originates much business, both passenger and freight, for the Northwestern road, which has yet to do anything for the town in the way of a permanent improvement to which the people can point with pride.

SUPERIOR TRUST COMPANY HANCOCK MICHIGAN Capital - - \$150,000

The upper peninsula press generally and the press of the Thirty-second senatorial district in particular is of the opinion that it is prudent politics to raise any question over the nomination of Cal Houk of Ironwood as one of the delegates to the constitutional convention, just because he chances to be the postmaster. This is a matter in which it appears that if the Thirty-second district is satisfied there is no call for any other district or anybody else to be disgruntled.

Money is flying fast enough in the Panama canal zone, if dirt isn't. However, as a matter of fact dirt is flying fast, too, thus the rate at which money is circulated. Some \$8,000,000 more than is available will be used the present year, if the present clip is kept up.

Governor Hughes has a special investigator busy inspecting the conduct of Superintendent of Insurance Kelsey's office. Governor Hughes failed to "get" Kelsey during the last session of the legislature, but apparently the legislature's attitude toward Kelsey has by no means increased Hughes' confidence in his ability and devotion to duty, and he proposes to have him checked up again, to ascertain whether there has been any improvement in his management of his department.

The telegraphic strike is still on, and the strikers are still hopeful of ultimate success. However, it is noticed that it is becoming more and more easy to get messages transmitted, which indicates that the telegraph companies are steadily manning their wires with more men. The newspapers observe, for their part, that their Associated Press report, which in the beginning of the trouble was entirely knocked out, is taking on its normal proportions, and now covers all the important news of the day.

In the following Editor Holbein of the Manitowish Pioneer-Tribune takes his fellow newspaper men, as well as his readers at large, deeply into his confidence: I have just sorted through a big pile of accumulated letters, old letters from all sources covering our twenty-five years' experience as an editor, with a view of burning them. And what a pile there was. Some from big bugs as well as from small fry.

VERY GENERALLY APPROVED. Time enough has elapsed since its delivery to allow Secretary Taft's address early this week to sink in and to permit of press comments regarding it in every state in the Union. There is not universal agreement on the speech. As a rule those who don't like Roosevelt don't like what Taft had to say, while Roosevelt's admirers are enthusiastic over it.

Resolved, That the park, cemetery and street commission are hereby directed, as soon as practicable, to properly dress, roll and put in good condition, Crescent street from Pine street to Lake Shore boulevard, and to report the expense thereof to the common council which will provide for the payment thereof.

Resolved, That the vacation and abandonment of the above named portions of streets and alleys be and the same is hereby declared to be a necessary public improvement; and that the common council desire it advisable to grant the petition of the Superior Lumber company, and to vacate and abandon said streets and alleys; and

Resolved, That the 7th day of Oct., 1907, at 8 o'clock p. m. be fixed as the time at which said common council will meet at its usual place of meeting in the City Hall, at Marquette, Michigan, for the purpose of finally considering and disposing of said petition and to hear objections, if any, from all persons interested in said proposed public improvement; and

Resolved, That the recorder cause this resolution, with proper heading, to be published in the official paper of the city, once in each week for four successive weeks prior to the aforesaid meeting of the council.

ENDORSED BY THE COUNTY. "The most popular remedy in Otago county, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otago Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat Diseases."

MARQUETTE COMMON COUNCIL PROCEEDINGS. (Official). Marquette, Mich., Aug. 13th, 1907. An adjourned regular session of the common council was called to order at 8 o'clock p. m. by the president, the Hon. Morwin E. Asire.

Moved by Alderman Schauer, supported by Alderman Downey, that the prayer of the petitioners be granted. Carried. The petition of A. C. Anderson and two others for a sewer in Division and Newberry streets, was referred to the committee on streets and sewers.

Moved by Alderman Downey, supported by Alderman Ekstrom, that said resolution be adopted. Carried. On motion of Alderman Peters, supported by Alderman Schauer, the record in book form three sets of the printed proceedings of the common council from Nov. 4th, 1895, to date.

Resolved, That the vacation and abandonment of the above named portions of streets and alleys be and the same is hereby declared to be a necessary public improvement; and that the common council desire it advisable to grant the petition of the Superior Lumber company, and to vacate and abandon said streets and alleys; and

Resolved, That the 7th day of Oct., 1907, at 8 o'clock p. m. be fixed as the time at which said common council will meet at its usual place of meeting in the City Hall, at Marquette, Michigan, for the purpose of finally considering and disposing of said petition and to hear objections, if any, from all persons interested in said proposed public improvement; and

Resolved, That the recorder cause this resolution, with proper heading, to be published in the official paper of the city, once in each week for four successive weeks prior to the aforesaid meeting of the council.

BEGGARS OF MOUNT VESUVIUS. Rich Harvest Reaped from Tourists as Result of Eruption.

Since the last eruption of Mount Vesuvius the volcano has been extremely profitable to the beggars that infest Naples and its vicinity. They are fleeing the visitors to Boscotrecase and Ottajano, the two places laid waste by the lava flow last year.

At Ottajano the same appeal is made to the sympathies of the visitors and often by the same imposters. Here the beggars have made a sort of gypsy camp where they cook beans in the hot lava and lead sentimental visitors to talk with an old man.

Supreme Court Seat. Taft's Declination of It an Index to His Character.

William Howard Taft was thirty when he became a judge of the superior court in Cincinnati and only thirty-five when he was appointed a judge of the United States circuit court. His ambition had tended to the federal bench, and this office appeared to pave the way for the realization of his wish to be a member of the highest tribunal.

ONTONAGON TOURNAMENT.

Annual Gathering of the U. P. Firemen Will Close Tonight.

The annual reunion of the Upper Peninsula Firemen's association at Ontonagon closes tonight, and the usual hilarious time is expected by the visitors.

A. O. H. TO MARQUETTE.

Copper Country Irishmen Will Go One Week from Today.

The copper country divisions of the Ancient Order of Hibernians are preparing to send large delegations next Saturday to Marquette to attend the upper peninsula reunion of the order to be held in that city.

COPPER COUNTRY COURTS.

Justices Are Kept Busy—Circuit Court Preparations.

The petit jury for the September session of court has been drawn, and the clerk and court officers will now be busy for the ensuing four weeks in preparing for the term.

LABOR DAY CELEBRATION.

Program Prepared for Houghton Festival to Be Prominent.

W. H. Steward, Daniel Sullivan, J. E. Stinson, Herman Meisel and L. T. Johnson, the committee of the Houghton and Houghton Trades and Labor council, in charge of the celebration of Labor Day, Sept. 3, have prepared the program.

FLOATER IS FOUND.

Body of Unknown Man Comes to the Surface of Portage Lake.

The body of an unknown man was found floating in the water of Portage lake off Henres' dock yesterday morning. It was taken to the Krollwitz morgue.

LIST OF PETIT JURORS.

Men Who Will Try Cases in September Are Chosen.

County Clerk Richardson has drawn the list of jurors for the September term of circuit court. It is as follows: Calumet—Edward Bickford, Joseph B. Wertin, Herman R. Miller, Stephen Tobin, Robert J. Lawick, John Eddy, E. F. Champion, Charles Lindquist, W. J. Olgiers, R. J. Williams, Jr.

"BIG LOUIE" IS ARRESTED.

Franklin Giant Is Fined at Flint, Mich., for Footwork.

The following dispatch from Flint is of interest to copper country people who will find in the hero "Big Louie," known to his relatives as Louis Molan-on, the Franklin giant:

POSTPONE DEDICATION.

W. J. Galbraith, state representative and member of the local board of education, has been asked to arrange with President James B. Angell of the University of Michigan to visit Calumet in October to inaugurate the new high school.

COL. COX IS INTERVIEWED.

Calumet Citizen Soldier Makes a Few Pertinent Remarks.

Colonel Cox of Calumet, assistant adjutant of the Michigan National Guard and factotum of the state militia command, has been talking to the reporter. Keesley of the Detroit News thus reports him:

MANY PROSPECTIVE CITIZENS.

There are now sixty applications for full citizenship that will come before the board of examiners at the city hall on the forthcoming two terms. The list reached that number yesterday by the addition of two names, making a total of sixty-six for the September term and twenty-four for the November session.

IT WAS A BOOMERANG.

Thomas Madden Arrested for Robbing a Trunk.

Sheriff Beck arrested Thomas Madden Thursday night, charging him with having taken the trunk of W. A. Pierson of Chicago from the Mineral Range depot at Houghton, breaking it open and extracting therefrom two suits of clothes and sundry other articles of apparel.

NEW SORT OF EXCURSION.

The Brotherhood of Locomotive Firemen of the copper country will give a moonlight excursion to Freda Park tonight via the Copper Range. Moonlight excursions on the lake are common enough in the copper country, but a railroad moonlight excursion is a new thing and its very novelty should attract a good patronage.

PREPARING FOR ELECTION.

County Clerk Richardson yesterday received from the department of state his supplies for the forthcoming election to be held the third Tuesday in September to choose delegates to the state constitutional convention to be held in Lansing in October.

SWEDISH MISSION CONFERENCE.

The annual conference of the Young People's societies of the Swedish mission churches of the upper peninsula opened in Laurium, Mich., Wednesday last, and will continue until Monday, when day delegates will be entertained at an outing at Freda Park.

City Brevities

Joseph Neidhart, has returned from a brief visit to the Soo.

Mrs. Andrew Perrin of Duluth is visiting friends in the city.

J. L. Appard, of Chicago, is spending a two weeks' vacation in Marquette.

Miss Jennie Blair of Champion is visiting Mr. and Mrs. Joseph Primeau.

Mrs. Charles Retallic has returned from a two weeks' visit at Calumet.

Mrs. William French and daughter left yesterday for a visit in Minneapolis.

Frank W. King of Louisville, Ky., is visiting W. G. King, West Hewitt avenue.

Miss Sarah Thomlinson has returned from Chicago after an absence of a month.

Mr. and Mrs. F. H. Desjardins left yesterday for a trip to Chicago and Milwaukee.

The Saturday night dance of the Ideal orchestra will be held in Legion hall this week.

T. J. Phelan of Chicago, representing the law book firm of Callaghan & Co., is in the city.

At the morning service at the Presbyterian church tomorrow, John Ryan, tenor, will sing.

Mrs. Henry Schabel and daughter of Anacosta are visiting Mrs. Rose O'Donnell of Michigan street.

Mrs. L. Helborn of Chicago is visiting her daughter, Mrs. Al. N. Bensinger of 621 North Front street.

Miss Mary Brown, a former Marquette school teacher, now a resident of Chicago, is visiting friends here.

Gus Lundberg and his son of Huron, S. D., are visiting Mr. Lundberg's mother. He is a former resident of this city.

Mr. and Mrs. Silas Jacka of Crystal Falls are visiting Mrs. Jacka's mother, Mrs. Henry Brittel, on East Michigan street.

The Misses A. F. Baars and E. E. Backers, who have been visiting friends here, have returned to their homes in Detroit.

Mrs. George W. Farwell, who has been visiting her parents, Mr. and Mrs. Frank Withey, has returned to her home in Nevada.

Mrs. John Siegel and children and Mrs. G. Sagerberg are enjoying a few days' outing at the Bell homestead at Carlsbad.

Will Gowling, formerly an employe of the South Shore, who has been visiting friends in the city, has returned to his home in Bisbee, Ariz.

Andrew Hartvik and Ernest Bush, who attended the convention of the U. P. Firemen's association in Ontonagon, have returned to the city.

Mrs. Wm. Price and children of Ashley, Penn., are visiting relatives, and are at present with Mrs. Price's sister, Mrs. J. Reau of Baraga avenue.

Game Warden Harrington of Negaunee, was a visitor in the city yesterday. It is said that he is soon to be appointed deputy game, fish and forestry warden.

Mrs. George Hager, Al. H. Hager and Miss Marion Hager, who have been visiting in Detroit, have returned.

Mrs. J. Dexter McCann leaves today on the steamer Samuel Mitchell for a trip to Buffalo. Miss Hanna Jackson of Chicago, will have charge of the hair establishment during Mrs. McCann's absence.

William and Alfred Chubb, sons of William Chubb, who have been visiting their uncle, J. D. Chubb in Chicago, have returned. J. D. Chubb is the architect of the new French Catholic church and is visiting here.

A party composed of Mrs. John Rough, Mrs. Samuel Redfern, Miss Mary F. Hadrick, Miss Ethel Rough and Master John Rough, who have been enjoying a lake trip and a visit to Buffalo and Niagara Falls, have returned home.

Had a Good Time—The young people of the Baptist church enjoyed an outing yesterday at Presque Isle. The picnic was given by the Baptist church Sunday school.

See the Invisibles—The baseball team named by its captain, Joseph Primeau, Jr., the Invisibles, is scheduled to play the Den nine at the fair grounds today. County Clerk Jenks, whose talent as a baseball umpire was displayed for the first time at the ball game played at the Masonic celebration, is to umpire the game.

Picnic at Fair Grounds—A big picnic will be held at the fair grounds tomorrow afternoon under the direction of the Swedish Crown society. A program of sports and other attractions has been prepared. There will be horse racing, athletic events of various kinds and a baseball game between the Den nine and the Swedish Crown and the Skandia Aid society. A string orchestra will furnish music.

To Be Married—Miss Dorothy Donaldson, sister of R. S. Donaldson, of 434 East Ohio street and John B. Archer of Fort Wayne, Ind., are to be married at the home of the bride's brother next Wednesday afternoon. Although she has been a resident of the city but a short time, Miss Donaldson has many friends. The groom is a musician. The young couple will make their future home in Fort Wayne.

Well Known Here—Miss Anna Canfield daughter of John Canfield of Grand Rapids and William S. McKnight, connected with the Northern Lumber company were married recently at the home of the bride in Grand Rapids. Mrs. McKnight has achieved no little fame as a lecturer and she recently appeared before a Marquette audience at the Baptist church. She is a relative of Mrs. L. W. Atkins. The couple are making their home in Grand Rapids.

Another Postponement—Owing to the prisoner's condition, the preliminary hearing to be given Gust Perkiomski, the man who attempted suicide when he was arrested recently at Kenyon, was again postponed yesterday and will take place in the court of Justice of the Peace Byrne Monday. Perkiomski stabbed himself in the throat when taken in custody on a charge of having stolen \$800 from Gust Johnson, his former employer, at Baraga avenue when keeper, Fred Hill, who was also arrested, and who is locked up, is involved in the charge.

COMIC OPERA MAKES HIT.

"The Mayor of Tokio" Last Night at Opera House a Real Surprise.

Richard Carle's "The Mayor of Tokio," the first comic opera of the season in Marquette, played at the Opera House last night and to say that it made a hit would not begin to tell the story of the impression that theatergoers carried home with them. A good show was looked for, but the production last night was a real surprise. Excellent scenery, acting of a rare order, the catchiest of comic opera airs, an array of costumes to wonder at, pretty girls, a whole stage-full of them—not a detail was lacking. Everybody smiled and told their friends about it after the show was over.

John L. Keirney as Marcus Orlando Kidder, is a comedy by himself. He has a little song in the second act that is just about the best ever, and it is made so largely by the original matter that he introduces into it, not much of a tune and not many words, in fact about a half of the song is mere repetition, but it brought out the laugh and Marcus Orlando Kidder as he sang himself was "about all in when he finished answering encores." The plain featured lady who does the part of Madame Stichel, the wardrobe mistress produces a real creation in her make-up and several others are equally good.

The story of the play is laid in Japan and it deals with the hard times of a stranded comic opera organization. All the survivors of the troupe that left San Francisco sixty strong are Kidder, the empresario, the souffler, wardrobe mistress, a love-sick song-book boy, a soubrette with Shakespearean ambitions and nine little girls known as the "peanut hot" let.

At the time the remnants of the company turn up in a public garden at Tokio, in the first act they are mistaken for a royal party traveling in disguise and are given the best of the city affords. Incidentally the Mayor of Tokio is engaged with a Russian spy by the name of Ivan Orfulich and General Satake, a conspirator who has entered into an engagement with Ivan to betray government secrets.

The mayor has the unfortunate habit of talking in his sleep and Satake convinces him that during one of these somnambulist conversations he has told secrets which in reality Satake has divulged. He then informs the mayor that unless he forces his daughter Olo to wed him, he will turn him over to the Mikado as a traitor. None of these dreadful things take place however and everything ends happily.

"Little Johnny Jones" Coming. "Little Johnny Jones" the musical play by Geo. M. Cohan, which has made one of the greatest successes of recent years will be played here next Tuesday night by a company of seventy-five people, including a specially selected cast and a chorus which is spoken of as one of the largest and most efficient in America.

This engagement is regarded by theatergoers as one of the most important events of the theatrical season, and if indications do not fail it will attract a large audience.

BIBLE SCHOOL INSTITUTE.

Rev. Dowling, Secretary of Wayne County Association to Preside.

Tomorrow afternoon and evening a Bible School Institute will be held at the Baptist church, conducted by Rev. H. A. Dowling, of Detroit, general secretary of the Wayne County Sunday School association. The program to be presented will be as follows:

—Afternoon Session—Fifteen minutes with the Word, by the Pastor.

Round Table: Strong and Weak Points of Organization, by H. A. Dowling.

Address: "The Four-fold Function of the Bible School."

Address: "The Home Department; its Practical Value."

Round Table: Advanced Methods of Bible School Work, by H. A. Dowling.

Offering for State Work. Adjournment.

—Evening Session—Sacred Song Service.

Address: "The Adult Class Movement," by the Pastor.

Address: "The Graded School, and What it Implies," by H. A. Dowling.

Closing prayer and benediction.

In the evening the Methodist and Presbyterian congregations will join with the Baptists in a union service.

# Fair Dealing

It is said of Jones—"I don't believe it. Jones wouldn't do a thing like that." It is said of Smith—"Get it down in black and white or you'll be figured out of something at the end of the deal," and yet the acts of both these men are the so-called "letter of the law."

"Selfishness makes a bitter old age."  
 "Sharp dealing turns our friends away from us."  
 "Money-friends wear masks."

These old-fashioned sayings hold good against Trusts, Corporations, Banks and Firms just as surely as they do against a man or a woman.

**Honesty is the best policy, but he who is honest for policy's sake alone is NOT AN HONEST MAN.**

Have you seen our booklet "Banking by Mail"? If not, we'd like to have you write us for it. We want to deal with you, and DEAL FAIRLY with you.

### MARKETS

#### NEW YORK STOCKS

New York, Aug. 23.—Business on the Stock exchange today was strongly suggestive of the mid-summer dullness of previous years. The trading was merely normal, almost the smallest of any day of the week, and was purely of speculative origin. The price movements were unusually narrow and irregular, and such changes as were registered resulted almost wholly from the operations of the professional element, for of public interest there seemed to be absolutely none. Judges of the general situation look for an indefinite continuance of these conditions though they are somewhat apprehensive of a tendency toward reaction in commercial lines. The short interest has been somewhat reduced during the week, but is still a factor to be reckoned with.

London reported a condition similar to our own. The market there drifted aimlessly with a tendency toward reaction, especial weakness being shown by the United States Steel issues and foreign copper shares. The Bank of England was again a purchaser of bar gold in the open market, and this policy bids fair to be continued indefinitely by the British institution.

Embodied by the announcement of a reduction in the Southern Railway preferred dividend from a 5 to 3 per cent basis, shorts attacked the market in the late session, and the prices recorded from 1 to 3 points all through the active list. Accompanying the news of the Southern railway's reduced dividend was an official statement from the directors that a portion of the reduced dividend would have to be taken from the surplus income of 1906. As a matter of fact Wall Street was not all surprised to learn of the cut in the Southern dividend, it having long been known that the regular returns to shareholders have not been earned. The list made practically no recovery from its late recession, and the closing was at the lowest level of the day.

Paine, Webber & Co. telegraphed from New York yesterday as follows:  
 "The bears are again in control of the stock market and hammered the list with their old time ferocity. The bearish feeling was stimulated by the strength in the grain markets, and the cutting of the dividend on Southern Railway preferred, which, although expected, was a bear announcement. The market in the early session was very dull, with a noticeable lack of selling pressure, but in the last hour the bears offered stock freely, which caused the list to close at about the lowest prices of the day. Cash money was somewhat firmer, and in view of the recent recovery today's decline should not be regarded as startling. The bank statement tomorrow will not, perhaps, be very favorable, and considerable stocks that were bought on previous declines were undoubtedly unloaded today in anticipation of Sunday. The market is to be regarded as a scalping affair, with stocks good purchases on declines, such as we have witnessed today."

Closing prices were:

Matinee 2:15 to 4 p.m. daily. Evenings 7:15 to 10:30

Change of program every Tuesday, Thursday and Friday.

**Derma Viva Whitens the Skin AT ONCE.**

Is used in place of powder; has the same effect but does not show. Cures eruptions, freckles, moth or liver spots. Brown arms or neck made whiter at once. Price 50c. Derma Viva Cold Cream, 35c. Derma Viva Co., Chicago, Ill.

Agency: Stafford Drug Co., Marquette; J. E. O'Donoghue, Negaunee; Hebbard, Ishpeming.

**Ishpeming Department**

**RAILROAD TIES AT TOP-NOTCH PRICE**

**BEST OF THEM ARE NOW SELLING AT SIXTY-FIVE CENTS EACH, WITH DEMAND UNPRECEDENTED.**

"The tie proposition, how to best secure them, and at the most advantageous price, is one that is just now causing the officials in the construction departments of the railways much concern," said a railroad man yesterday.

"I believe, and I have heard other railroad men who have given the matter serious consideration say the same thing, that the time is not far distant when there will be very few timber ties available. The railway companies will then be obliged to resort to the use of steel ties, despite the fact that they are not now considered as desirable or as safe for the rapid movement of trains as the timber ties. It is true that the steel ties are reported as being used with considerable success in some of the foreign countries, but the managers of the American lines do not look upon them with such favor that they are anxious to substitute them for the wooden ones. The Pennsylvania road, which during the past few years put in a large number of steel ties, is taking them out again. It is claimed that a recent disastrous wreck on the system was entirely due to the steel ties.

"With ties selling at the prices that have prevailed for more than two years past the jobbers or someone else must be making big money. Ten years ago the railroads could buy the very best ties on the market for eighteen cents each, but today they are paying sixty-five cents for ties, some of them not of the very best quality. It would not surprise me to see the price go higher, as in many districts the railroad companies are entirely at the mercy of the timber owners or jobbers.

"There has never before been a time when ties were in such demand. During the past year some of the railway companies have not been able to get them as rapidly as they were needed. Most of the companies now have tie buyers and inspectors working among the jobbers. The latter are no longer obliged to seek a market for their ties, as the companies are glad to take them off their hands. Many large orders have been placed during the past year and the upper peninsula dealers have had their proportion of the business. The railways are not confining their ties to any one kind of timber, but are buying almost anything they can get. Cedar ties, which last longer than any other kind, are not as plentiful as they were a few years ago, and as a rule they bring a better price than the ties made from other timber. The upper peninsula was at one time a heavy producer of cedar ties, but the number obtained in this region is being reduced gradually.

"The railroads are using ties now that at any previous time, they do not last as long as they used to, when there was less traffic on the lines. The roadbeds have to be kept in good condition and there are a large number of men constantly employed replacing the worn out ties. Considerable work has been done this season in the upper peninsula. The Chicago & Northwestern company has retired the greater part of its main line between Ishpeming and Escanaba, and other roads operating in this section have also improved their roadbeds."

**EXPECT BIG MEETING.**

Copper Country Sons Preparing Entertainment for Supreme Lodge.

Several members of the Sons of St. George society of this county plan to attend the annual meeting of the supreme lodge in Calumet early in October. The grand lodge of Michigan will be represented at the supreme lodge by William Andrews of the city and Captain John Trebilcock of the National.

According to the copper country papers the lodges of Houghton county have already started to make arrangements for the reception of the visitors. Supreme President Willis of Chicago has advised the committee that he will be present and will preside over the supreme lodge sessions. Mr. Willis has visited the copper country before and he is said to be a very enthusiastic member as well as a very pleasant gentleman to meet. The general arrangement committee has been named from among the several lodges of the county and it is proposed to give the supreme officers and delegates a fine reception. There will be a big parade and it is expected that all of the copper country lodges will participate in it. Several bands have already been engaged.

**WEDDING AT WINTHROP.**

Irving Barkla and Miss Lulu Brown were united in marriage Thursday afternoon at 3 o'clock at the home of the bride's parents, Mr. and Mrs. John Brown, at the Winthrop location. Rev. Ernest Brown of Baraga, brother of the bride, performed the ceremony. George, also a brother of the bride, was best man, and Miss Minnie Oran was bridesmaid. The marriage was witnessed by a large number of the young couple's friends and relatives. The groom and his bride are very well known at the National, having spent the greater part of their lives there. They left the city on the midnight train for Coleraine, Minn., where Mr. Barkla has been in the employ of the Oliver company for a year or more past, holding a responsible position in the mechanical department.

**MRS. KENNEDY'S FUNERAL.**

The funeral of the late Mrs. Edward Kennedy, whose death occurred Wednesday night, will take place this morning. Services will be held at St. John's church at 9 o'clock. Mrs. Kennedy was an old and highly respected resident of Ishpeming, and her passing is mourned by a large circle of friends. She had been ailing for some time, and for a week prior to her demise her condition had been critical. Surviving her are her reared husband, three daughters and one son, M. J. Kennedy, a wellknown Ishpeming attorney.

**CARD OF THANKS.**

I desire to publicly express my appreciation of favors extended by friends and neighbors during the illness and after the death of my wife. I wish particularly to thank friends for their floral offerings and to assure all that the many kindly deeds performed in my behalf will long be remembered.

ARTHUR SCHAEFFER.

**WHAT A NEW JERSEY EDITOR SAYS**

M. T. Lynch, editor of the Phillipsburg N. J., Daily Post, writes: "I have used many kinds of medicine for coughs and colds in my family, but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." The Stafford Drug Co.

**"LITTLE JOHNNY JONES."**

George M. Cohan's Phenomenal Success Here Next Thursday Evening.

Everybody has either seen or heard of "Little Johnny Jones," therefore the announcement that this, the biggest musical hit of last season, will be presented at the Ishpeming theater Thursday evening conveys with it a deal of pleasurable anticipation. "Little Johnny Jones" has been called a musical melodrama, and this title probably fits it better than anything else, as it is a semi-sensational play set to music, and has the distinction of being the only one of its kind that has attained any marked degree of success. It was written by George M. Cohan, the author of "Forty-Five Minutes from Broadway," "The Governor's Son" and "Running for Office." Mr. Cohan is also the composer of the twenty-two old musical numbers and has personally staged the present production. The attraction comes with the prestige of a metropolitan reputation, having played the greatest success of any musical production seen in the past dozen years.

**COLLECTING DATA.**

Engineer for Promoters of Proposed Interurban Line Here Yesterday.

W. H. Abbott of the engineering firm of Roberts & Abbott, Cleveland, O., who is to make a complete report on the industrial conditions, etc., of the three principal cities of Marquette county for the Lake Superior Railway Construction company, which proposes to build an interurban line between Marquette and Negaunee, was in the city yesterday, accompanied by J. W. Barber, the railway corporation's secretary, and Engineer Cummings of Marquette. Mr. Abbott is going over the work very thoroughly. In addition to securing data relative to the general conditions in the three cities, he will also inspect the route laid out by Mr. Barber at the time he secured right-of-way privileges from the land owners. If the route is not satisfactory to the engineering firm it will be changed somewhat, though the feature of the enterprise was gone over pretty thoroughly by Mr. Barber and others interested in the project who labored here last spring.

Mr. Abbott is collecting a great deal of information regarding the mining industry as well as other conditions in the three cities. He will report as nearly as possible on the present population of the three towns, together with the increase during the past five years as compared with the increase in a similar period prior to 1900. The number of mines in operation in both Ishpeming and Negaunee will be reported on, also detailed information concerning the number of banks and their financial condition, wholesale houses, number of schools, etc. After all of this information is assembled, with accurate figures on the population, it will be possible for the promoters to obtain a fair idea of the probable earnings of the proposed line. A statement of the earnings per mile of interurban lines in other sections comparing favorably with the local field will be made, and a fair idea will be obtained from this as to what the earning per mile of the proposed line will be. The population per mile of road to be built will be larger than in most sections in the country where interurban lines are operated on a paying basis, and the promoters have every reason to believe that the system to be installed in this county will prove a paying venture.

**FROM HOPKINS' CURB LETTER.**

The London metal market came slightly lower this morning for both spot and futures. The advance in the copper share market did not hold the advance of yesterday. While the early trading was at slightly better prices there was not enough buying power in sight to hold prices and they have sagged off about a point. North Butte, which was the leader the other day, dropped off to 6 1/2 about midday. Copper Range has shown a tendency to better but there was enough stock offered to put it down about one point. In the late afternoon, a sharp decline took place putting North Butte down to 6 1/2, Butte Coalition to 1 1/2, Anaconda to 6 1/2, Copper Range to 6 1/2, and Greene Cananea to 12 1/2, with closes fractionally higher. Ocala showed a loss today of 1 point from an opening of 108 to a close of 104.

The prevailing prices were:

	Bid.	Asked.
American	8.87 1/2	9.12 1/2
Warren	7.00	7.75
Denn Mining	9.12 1/2	9.37 1/2

**ISHPEMING IN BRIEF.**

Miss Libbie Cox is singing at the Grand theater.

Mrs. W. W. Graff entertained Wednesday afternoon at cards.

Mrs. W. T. Potter entertained the Luncheon club yesterday at noon.

A son was born yesterday to Mr. and Mrs. Arnt Fla of Salisbury street.

Mrs. J. W. Spear of Marquette is in the city, visiting Mrs. A. J. Yungbluth.

R. C. Mann, auditor of the Cleveland Cliffs Iron company, is here from Cleveland.

M. A. Kalm will spend the next ten days or two weeks in the east on a business trip.

Mr. and Mrs. E. E. Jeffrey will leave today for West DePere, Wis., on a ten days' visit to relatives.

Dr. E. A. Felch and family have returned from Island Lake, where they spent 1 1/2 weeks camping.

turned from Island Lake, where they spent 1 1/2 weeks camping.

Miss, eight-year-old daughter of Assistant Postmaster John Delbridge, is seriously ill with peritonitis.

Rev. O'Mara of Monroe, Mich., will officiate at the regular service at Grace church tomorrow morning at 10:30 o'clock.

Mrs. Joseph Vandeventer and Mrs. Thomas Bargh will serve tea at the golf club house this afternoon between 3 and 5 o'clock.

Wilfred Cossimeau left Thursday night for Hibbing, Minn., after a visit with his parents, Mr. and Mrs. Phelix Cossimeau, of Frenchtown.

Lawrence Barnett left Thursday night for Coleraine, Minn., where he will take a position with the engineers of the Oliver Iron Mining company.

The Ishpeming band has been engaged to furnish music at the Marquette county fair Sept. 5. The Marquette band will be present on the 4th and the Negaunee band has been engaged for the 3th.

The employees of the Cleveland-Cliffs Iron company's machine shop have a lady's hat, which they will gladly return to the owner. It was found near the door of the shop yesterday morning.

The L. B. club will conduct a hop at Woodmen's Hall a week from tonight. Trombly's orchestra of four pieces will furnish the music and the admission price will be fifty cents per couple. There will be dancing from 9 to 12 o'clock.

Ed. Blackwell and wife of Prescott, Arizona, are in the city on a visit to relatives. Mr. Blackwell was raised in Ishpeming, he having left here several years ago, locating in California, where he remained for some time, later moving to Prescott.

The South Shore will grant the usual rates of fare from points as far west as Sidway to parties desiring to attend the production of "Little Johnny Jones" at Ishpeming theater next Thursday evening. The midnight train will stop at all of the stations.

R. S. Wallace, who spent the past two or three days in the city, visiting his old school friend, O. D. McClure, manager mechanic of the Cleveland Cliffs Iron company, left for his home at Brona, Ills., last evening. Mr. Wallace is superintendent of the Peoria Gas & Electric company. While here he visited all of the principal mines of the range, and inspected the plants of the Marquette Gas & Electric company.

**TEN YEARS IN BED.**

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." The Stafford Drug Co.

### LOCAL LACONICS.

A son was born yesterday morning to Mr. and Mrs. T. A. Thoren. Mr. and Mrs. John Westmeyer are happy over the birth of a son. E. G. Bush of Virginia, Minn., looked after business in Negaunee yesterday. Mrs. C. S. Thoren and her sister, Miss Theresa Johnson, are visiting relatives at Escanaba. The Negaunee Socialist club produced a play last evening at the Finnish Temperance society's hall. Miss May Grenier, the dress maker, is in Milwaukee on business. She will be absent ten days or two weeks. A party of young folks of the city conducted a dance last night at the Swedish hall on Teal Lake avenue. Miss Cecelia Wood, employed in the dry goods department of John Shea's store, has been on a vacation this week. Mesdames J. Vandeventer and T. H. Bargh will serve tea this afternoon between 3 and 5 o'clock at the golf house. Miss Frances Winter is visiting her brother, Dr. J. A. Winter, at Calumet, and is also to spend a short time with friends at Rockland. L. E. Chaussee, who has the contract to lay a concrete walk in front of the Kirkwood block on Iron street, will start the job Monday. A new plate glass arrived yesterday for the Kruse building on Iron street, to take the place of one that was cracked some time ago. Charles Muck, Jr., and daughter

Blanche, of this city, are visiting relatives in Wisconsin towns, including Oshkosh, Fond du Lac and Appleton. J. Wenrick, representing a monument concern of Oshkosh, was in the city Thursday. He secured a few orders for monuments to be delivered in the near future. Joseph Murphy, who spent his summer vacation with relatives in Negaunee, has returned to Hurley, Wis., where he holds the position of superintendent of the public schools. William J. Rodgers, a young man of this city, who attended the Ferris Institute at Grand Rapids the past year, is spending his vacation with Mr. and Mrs. Samuel Sims, formerly of this city, now located at Remus, Mich. Mrs. Michael Driscoll of Hancock has returned to her home after a two weeks' visit with relatives in Negaunee. She was accompanied to the copper country by Dennis Driscoll and son Emmet, who will visit in Hancock until tomorrow. Mrs. W. H. Fuller, a former resident, now residing at Gladstone, has returned to her home after a visit in this city with Mrs. T. H. Harris. She was accompanied by Miss Maggie Cox, who will spend a short time at the Fuller home. Michael Curley, who spent the past two weeks in Minnesota visiting his brother, who has been quite ill, arrived home yesterday. He brought back with him a fine driving horse which was raised on his brother's farm. The animal is three years old. Negaunee and Ishpeming branches of the Finnish Temperance society will unite in conducting a picnic today at

Cleveland Park. Special street cars will be taken from both cities immediately after dinner. Refreshments will be served on the grounds. Captain Richard Roberts, who this week purchased the residence of Mrs. E. S. Greene on Main street, will occupy it with his family as soon as certain improvements are made. Mrs. Greene will vacate within a few days when the work of improving the interior will be started. Miss Steele, supervisor of music in the Dixon, Ill., schools, will sing tomorrow morning at the regular services at the Presbyterian church. The friends of Miss Steele in this city who have heard her sing report that she has a remarkably fine voice and it is expected that her selections will be a treat. A pleasing program has been arranged for the entertainment to be given this evening under the auspices of English Oak lodge, Sons of St. George, at Shea's hall, for the benefit of Harry Salvage, a member who has been unable to work for two years past. A number of Ishpeming people will assist with the program. RAILROAD TO ICELAND. The Icelandic government has finally decided to build a railroad in Iceland. It will be about 45 mile long and run through a fertile part of the country. It is said that a similar road was planned some years ago by an American but it fell through. If you contemplate buying a medicine for that poor, tired stomach of yours we urgently recommend Hostetter's Stomach Bitters, for the main reason that it always cures. It is composed of absolutely pure ingredients and those best adapted for strengthening the entire digestive system, and for erasing poor appetite, belching, bloating, headache, dyspepsia, indigestion, costiveness, biliousness, female ills, cramps, diarrhoea, malaria, fever and ague. Try a bottle today and see for yourself how much good it will do you. Insist on having Hostetter's. Initiations pay the dealer a larger profit, otherwise you would never be offered a substitute when you ask for an advertised article.

## Negaunee Department

### BIDS RECEIVED FOR HIGH SCHOOL

NINE CONTRACTORS SUBMITTED FIGURES ON CONSTRUCTION OF NEGAUNEE'S PROPOSED NEW BUILDING—THREE PLUMBERS PRESENT.

Nine bids for the construction of Negaunee's new high school and three for the plumbing were received by the board of education. The bidders on the construction were: Graff & Derr, LaCrosse, Wis.; General Construction Co., Milwaukee; Paul Riesen & Sons, Milwaukee; L. E. Chaussee, Negaunee; Lipsitt & Sinclair, Marquette; H. W. Schluetter, Chicago; Northern Construction Co., Milwaukee; A. P. Wilson, Marquette; Thomas M. Solar, Antigo, Wis.

Bids on the plumbing were received from: Peter Nacey & Co., Chicago; Fred J. Merton, Negaunee; J. O. Richard, Negaunee. The board met at the Case street school building Thursday evening, when all the bids were opened and an hour or more was spent in their examination. All of the members were present, as was also John B. Glynn of Chicago, the architect who prepared the plans and specifications for the structure. As the task of examining the bids and deciding on who should receive the contract was one that required much time the board adjourned until yesterday afternoon at 4 o'clock, when the bids were again gone over.

While no figures were given out, it was stated that at least four of the bids were considerably in excess of the other five, and the representatives of the concerns submitting them were advised that they might as well return home as their bids would not be considered. The board also asked certain changes and to have new figures ready for the adjourned meeting yesterday afternoon. The alterations were not of great importance and some of the contractors had them ready in a very short time.

As the contract will be an unusually large one much interest is shown by the taxpayers. Many predictions have been made as to the prohibitive cost of the building and its equipment and the impression seems to prevail that the school will cost in the neighborhood of \$100,000. It is understood that the firm which gets the contract will be required to begin work immediately and to continue operations throughout the winter, as the board desires to have the school ready for occupancy by the opening of the fall term a year hence. This will necessitate rapid work by the contractor until such time as the building is enclosed.

Initiations pay the dealer a larger profit, otherwise you would never be offered a substitute when you ask for an advertised article.

### DRY NEARLY FINISHED.

New Structure at Rolling Mill Property Will Be Ready for Use in Ten Days.

A. P. Wilson has just completed a barn 32x16 feet in size at the Rolling Mill mine, being operated by the Jones & Laughlin company, and a modern dry on which he has had a crew working for the past six weeks will be completed within ten days. The dry is a two-story structure, erected on lines quite different from most of the dries on this range. It will accommodate 400 men and is modern in every respect, being provided with steel lockers, baths, etc. The present working force at the Rolling Mill is about 150 men, but additional hands will be added as soon as the dry is completed, as the force would have been increased sooner if dry accommodations had been available. The underground workings are being opened up satisfactorily and the property is equipped for getting out a much larger production than has been obtained up to this time.

One of the latest improved Prescott triple expansion pumps has been ordered and is expected to arrive within two weeks. The pump will have a capacity of 700 gallons per minute. It will contain six cylinders, two high pressure, two intermediate and two low pressure. It is to be installed at the bottom of the mine, replacing the present pump, which has a capacity of 500 gallons per minute. The new pump is guaranteed to lift water 1,000 feet. The shaft is 650 feet in depth.

### CERTIFICATES ARRIVING.

The members of the Ancient Order of United Workmen, who have transferred their membership from the Michigan grand lodge, which went out of business recently, to the supreme organization, are receiving their certificates. Only a few have thus far been issued to the Michigan members, but it is expected that a large majority of the Workmen will receive them before the first of September. The officers of the subordinate lodges who have endeavored to obtain information from the officers of the supreme lodge relative to the financial standing of the organization have not been successful in securing a statement. A member of the Negaunee lodge yesterday said that he had written to the supreme recorder asking that he send a statement of society's standing, and the only reply he received was that the supreme lodge had always met its claims promptly and that it would meet its future obligations in the same way. The supreme officer further advised that information relative to the order appears monthly in the supreme lodge publication, copies of which will be received in due time. Practically all of the old members have been transferred to the supreme lodge. They will make their first payment to that organization at the close of this month. Last month's payments went to the grand lodge and were divided pro rata between the beneficiaries of the unpaid death claims.

### FUN AT HORSE RACE.

Matt Aho's "Sorrel Bob" Took the Purse at Union Park Yesterday.

The sporting element of Negaunee and Ishpeming was very well represented at the horse races yesterday afternoon at Union Park. The pacing race between horses owned by Matt Aho, Matt Niemi and John Ventella was all that was expected. It was necessary to run five heats, Aho's horse taking three and Niemi's two. Some of the heats were very close, the horses being pretty evenly matched.

The running race was a real novelty. There were three horses entered and none of them were trained to track work. The first time around they travelled all right, but on the second heat the drivers of two of the nags lost control of them on the home stretch and they left the track, disappearing behind the grand stand. The horses were not of the staying kind and they acted as though once around the track was about all the racing they cared for. Humphrey Lucas' horse took the first prize. August Jacob of Ishpeming, was the starter, referee, judge, in fact the whole works.

### NEW RATE IN EFFECT.

Minimum Charge on Freight of 100 Pounds Is Now Forty Cents.

The new freight rate on packages of 100 pounds or less in weight for all points west of Chicago went into effect this week. The change was brought to the notice of the business men yesterday, when the representatives of the railways were making their weekly collections. The minimum rate at forty cents is an increase of fifteen cents. In many instances this will mean a very substantial increase to business men, particularly those who send out a large number of small packages. Many of the business men will have larger freight bills to pay on the packages they send to Princeton and other points near here. There will be no change whatever in the rate of packages in excess of 100 pounds, so that the dealers receiving goods in large quantities will not be put to additional expense. A Negaunee business man said yesterday that the increase in the minimum rate will make a vast difference to the railway companies, as there are a great many more small packages than large ones handled.

A railroad man said yesterday that people who are buying groceries and other supplies from the city concerns will notice the difference, as until the old rate they very seldom had to pay more than twenty-five cents for their packages, the average weight being between fifty and 100 pounds. The additional fifteen cents will add to the cost of their goods and eventually it may result in good to the merchant in the smaller towns, as the freight is paid in practically all cases by the consumer.

### DEATH OF MRS. C. W. TAYLOR.

The many friends of the family were shocked and grieved yesterday to learn of the unexpected death of Mrs. Charles W. Taylor, whose passing occurred at noon. Mrs. Taylor had submitted to a surgical operation Wednesday morning and it appeared to have been entirely successful. Yesterday morning, however, she suffered a sudden relapse, from which she failed to rally. Mrs. Taylor was an old resident of Marquette county. The

family located at Sand's many years ago, and had only recently removed to Negaunee. Mr. Taylor has been successful as a farmer, having been associated in that connection with E. C. Anthony, and he has also been extensively engaged in the logging business. His wife was fifty-eight years of age. Surviving her, in addition to the bereaved husband, are three daughters—Rose, Lilian and Ethel—and one son, Charles. The funeral will take place Monday morning, with services at the house at 8:30 o'clock. Interment will be made at Marquette, to which city the remains will be taken on the C. M. & St. P. morning train.

### PRESBYTERIAN BROTHERHOOD.

A branch of the Presbyterian Brotherhood has been organized by the members of the local church congregation. At the organization meeting held this week Rev. W. R. Yonker was elected president; George J. Haupt, vice president; Robert Kirk, secretary, and J. M. Edgerton, treasurer. The local society will be affiliated with similar organizations being perfected by the members of Presbyterian congregations in other places in the country. The main purpose of the Brotherhood is to grant assistance to members in need of aid, etc.

### PILES CURED AT HOME BY NEW ABSORPTION METHOD

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write today to Mrs. M. Summers, Box P, Notre Dame, Ind.

PLAN DURING THE CRUISE TO THE PACIFIC.

Effort to Be Made to Maintain the Fleet at Sea—Ships May Go Through the Straits of Magellan—Funds for the Manoeuvre Available—Time of Departure Fixed for Late in November—Lively Contest Expected in New York Between Roosevelt Republicans and the Reactionaries—New Questions in Cuba.

Washington, Aug. 23.—Tentative plans for the sailing of the Atlantic fleet for the Pacific by way of the Straits of Magellan have been approved by the president. Late in November is the time for the departure agreed upon.

Washington, Aug. 23.—Tentative plans for the sailing of the Atlantic fleet for the Pacific by way of the Straits of Magellan have been approved by the president. Late in November is the time for the departure agreed upon.

Those officials of the navy department whom the president did not consult before the announcement was made that the transfer of the fleet had been decided upon continue to criticize the wisdom of this decision.

The officials of the navy department who profit by the presence of the fleet in Atlantic waters have been placed on file. But their protests against the despatch of the fleet to the west coast have received about as much consideration as the designs for non-combatible vessels which cranks are constantly sending to the navy department.

Lively Politics in New York. Present indications are that New York state is soon to be the scene of a lively fight between the Roosevelt Republicans and the reactionaries.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work.

Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition.

It is for President Roosevelt and Secretary Root to decide whether the work of paving and sewerage Havana should be started under the provisional government.

Work There Indicates Time of Big Waterway's Commission. Washington, Aug. 23.—Conditions on the Panama canal have reached a stage of gravity, due to the fact that construction work is developing faster than was contemplated when the estimates for expenditures during the fiscal year 1908 were made nearly a year ago.

SCIENTISTS RAIL AT ALCOHOL, THEN DRINK IT. Englishman, at Dinner, Points Out Fallacy of Much Argument.

London, Aug. 23.—Proposing the toast of "Scientists at the annual dinner of the Medical-Psychological Association at the Whitehall rooms, Sir James O'Brien-Brown said that at table many of the highest authorities in the country on the alcohol question.

BACKING PITTSBURG SUBWAY. Report That H. C. Frick Is Interested in \$10,000,000 Project.

Pittsburg, Pa., Aug. 23.—It is understood here that H. C. Frick's millions are behind the great enterprise to construct a new subway in Pittsburg, and that this noted financier is now combating certain moneyed interests against the project for certain reasons at this time.

FEVER PERIL HANGS CLOSE TO SOLDIERS.

Gov. Magoon in Cuba Blames Palma's Government for Fifth in Island. Washington, Aug. 23.—The war department has made public a long detailed report from Governor Magoon of Cuba, which startled the medical officers, showing as it does that in the short period since the withdrawal of the American government of intervention and the resumption of American government by the Cuban army of purification, there had been a wonderful preponderance of sanitary precautions and an almost complete disregard of the treaty obligations under which the Palma government was to keep the island healthful.

The governor's report also discloses that the yellow fever in this last outbreak has not been confined to the hospital corps, but has extended to other soldiers. It also indicates that the evil sanitary conditions cannot be cured this year, in spite of the most vigorous efforts by American authorities, in which it appears they received little support from native Cuban physicians.

PLANS A WATER CURE. Illinois Making Ready for New Treatment, Under Governor Deneen, in All Hospitals.

Bids are now being received for the installation of the water treatment in all of the state hospitals for the insane in Illinois, as recommended by Governor Deneen and the members of the state board of charities, says the Springfield, Ill., correspondent of the Chicago News.

CRIMINAL NEGLECT SEEN. "If we accept the scientific doctrine, we must relieve the local officials from responsibility, except for failure to secure reports of all cases of fever or increase of temperature for it is a practical impossibility to eliminate the stegomyia from Cienfuegos until the completion of the water works."

"NATURE FAKERS" IN MAINE. Strange Tale of a Fight Between a Horse and a Bull Moose.

Calais, Me., Aug. 23.—The "nature fakery" is now invading this corner of the United States. Three young men from Milltown, N. B., report that they went out into the country districts recently to spend the day and left their car upon the road and the shade of the whispering pines while they communed with nature some little distance away.

METEOR FELL NEAR STEAMER. Fiery Mass About the Size of a House Entered the Ocean.

Boston, Aug. 23.—Officers of steamer Cambrian, from London, tell of a meteor about the size of a house which sailed by their vessel and entered the ocean within fifty yards of their position.

DIARRHOEA

When you want a quick cure without any loss of time, and one that is guaranteed to succeed, Chamberlain's Colic, Cholera and Diarrhoea Remedy is the best. It never fails and is pleasant to take. It is equally valuable for children. It is famous for its cures over a large part of the civilized world.

### LOBDELL SAYS HE DOESN'T WANT JOB

DECLINES APPOINTMENT MADE AT RECENT COUNCIL MEETING BY MAYOR ROBERTSON.

### GOODING ALSO QUITS PLACE

McCarthy Now in Office—Asire Acting Mayor and Question of Controlship Has Many Old Angles.

Honore J. Lobdell, appointed by Mayor Robertson at a recent meeting of the council to fill the vacancy in the controller's office caused by the resignation of Franklin Bay, who has gone to Calumet to accept another position, has declined the appointment and what disposition that is to be made of the vacant office is a question that is now interesting politicians.

**Office Abandoned.**  
For a week after Lobdell's appointment the office was locked and abandoned. This was brought about apparently by a misunderstanding. When Bay went to Calumet he left Shields McCarthy in charge of the office and it was believed by many that McCarthy was to be appointed Bay's successor. He was in the office two days when the council meeting at which Lobdell was appointed was held. How much of a surprise that appointment was to McCarthy's supporters and to McCarthy himself is shown by the fact that on the night of the meeting he had his bond prepared and in his pocket. The day after the meeting McCarthy did not appear at the office. He himself says that his arrangement with Bay was that he was to stay in the office until the Tuesday after the council meeting. The general impression, however, was that he had been named to conduct the office until a successor to Bay had been named and confirmed.

**Mayor Out of Town.**  
Three days ago Mayor Robertson was called to Owen Sound, Ont., on account of illness in his family and Alderman Asire was made acting mayor. Asire appointed F. H. Gooding to take charge of the abandoned office. Yesterday, after remaining in charge of the office for two days, Gooding notified Acting Mayor Asire that he wished to be relieved of his duties, and the office was again vacant for a period. Then Asire appointed McCarthy to take charge of the controller's books until appointment is made and confirmed and now again it is said that McCarthy will be the one named to fill the place.

Within the period that followed the council meeting when Lobdell was named and while the office was closed there was a published controversy between Mayor Robertson and McCarthy. McCarthy made no secret of the fact that

he had fully expected to be named as Bay's successor and he asserted that the mayor had promised him the place.

**Statements Differ.**  
Mayor Robertson made equally positive assertions that he had promised the place to no one. Each made assertions and denials which were contradictory to assertions and denials made by the other and in spots the difference between the two became a triple one. Now the question asked is what is Mayor Robertson going to do about the appointment.

If he is kept out of the city by the illness of his brother until the next regular meeting of the council, it is probable that Acting Mayor Asire will name McCarthy for the place as Asire yesterday said that McCarthy was now probably the only man in the field for the place. Besides this appointment, there are a number of others to be disposed of at the next meeting of the council and it is not likely that Mayor Robertson will want to be away when these are passed upon. How much the controversy between him and McCarthy will affect his choice of a controller if he has come back in time for the meeting, is a question, and if McCarthy is not to be named, a number of people are asking who will be.

**Another Angle.**  
Another angle of the question is McCarthy's announced candidacy for the vacancy in the recorder's office. At the council meeting when the other appointments were made, although the aldermen had named a day for an election to be held to fill this vacancy, Mayor Robertson appointed Harry Siegel, who is now acting recorder. After a discussion the appointment was tabled and it is now said that the election is to take place and McCarthy still says that he is going to run. It is just barely possible that an election will be held to fill the vacancies in both offices.

In any event Marquette will not have a qualified controller for some time to come, for if an appointment is made at the next council meeting, it cannot be confirmed, unless the rules are suspended, until the next regular meeting which will be in October.

### SUNDAY AT THE CHURCHES.

"The Tragedy of the Unseen" will be the sermon theme at the Methodist Episcopal church tomorrow morning.

First Church of Christ, Scientist—Service Sunday at 10:30 a. m. Subject, "Christ Jesus." Felix hall Opera House block.

First Baptist church, Rev. C. H. Maxson, pastor—At the morning service, either Dr. E. G. Crozier of Burma will give an address or the pastor will preach. In the afternoon and evening, Rev. H. A. Dowling of Detroit will conduct a union Sunday school institute.

### REGISTER TODAY FOR SEPTEMBER ELECTION

DR. HORNBOGEN ONLY CANDIDATE ANNOUNCED FOR PLACE ON BOARD OF SCHOOL TRUSTEES.

Today is registration day for the school election to be held Monday Sept. 2. Only tax payers and the parents or guardians of children old enough to attend school may vote, but they must be registered. All those who have not previously registered must do so today or they will not be entitled to vote.

The place of registration is at the city hall, and the registration board is composed of Daniel S. Donovan, J. F. Noldhart, and James O'Reilly. Although the offices in the city hall will be closed in the afternoon in accordance with a recently adopted resolution of the council, the board will be in session all day.

The election is to fill the vacancy caused by the expiration of the term of Dr. H. J. Hornbogen, who is a candidate for re-election. Candidates for the office are chosen by petition and all petitions must be signed by fifty qualified electors and must be filed with the board of school trustees. So far Dr. Hornbogen is the only candidate announced. The school board is composed of five members and the four that continue in office are J. F. Noldhart, Peter White, D. H. Ball and James O'Reilly.

### CONTEST BECOMES SPIRITED.

Supper to Be Served Tonight at French Catholic Church Bazaar.

The storm last night and the attraction at the theater had some slight effect upon the attendance at the French Bazaar, but there was a fair crowd assembled at Fraternity hall and the ladies in charge of the various booths and the others who are helping dispose of the array of articles on sale report that the day was entirely successful.

Yesterday afternoon the hall was turned over to the children and many amusements and attractions had been prepared for them.

Interest in the voting contest is just beginning to become spirited. So many votes were cast last night that the ladies in charge of the voting booth were unable to compute the number, and the leadership in the contest was in doubt when the lights were turned out at the hall. Both Miss O'Reilly and Miss Pelletier have many supporters and each side is already claiming the victory. The award is a diamond ring and the one who receives the largest number of votes will be declared the most popular young lady at the bazaar.

This evening from 5 until 8 o'clock the ladies of the parish are to give a supper under the direction of Mrs. Longtime. The two suppers given the first two nights of the bazaar were wholly successful and the one tonight will without doubt be well attended.

**NEEDLES AND SHUTTLES.**  
Sewing machine needles and shuttles to fit any make of machine. For sale by MISS B. R. DESJARDINS, (8-15-1w) 509 No. Third St.
