

BURTON DECIDES TO RUN FOR MAYOR

Cleveland Congressman, Chairman of the Rivers and Harbors Committee, to Head the Republican Municipal Ticket.

Responding to Popular Demand, He Accepts Proffered Nomination in Opposition to Tom L. Johnson, Whom It Is Conceded Will Be Named for a Fourth Term by the Democrats, and Will Enter the Race as Foe to Street Railway Domination.

Cleveland, O., Sept. 3.—Congressman Theodore E. Burton, chairman of the committee on rivers and harbors, this evening issued a statement outlining a platform upon which he is willing to accept the Republican nomination for mayor of Cleveland.

The statement was issued in response to a call from Republican leaders generally and petitions bearing thousands of signatures of voters asking Mr. Burton to become the Republican standard-bearer in opposition to Mayor Johnson, who it is conceded will be the Democratic nominee for a fourth term.

In declaring himself a candidate Mr. Burton indicates that he communicated with President Roosevelt and Secretaries Taft and Garfield before reaching a conclusion, and in the platform laid down by him he binds the convention to favoring the immediate settlement of the street railway controversy and against domination by the street railway interests.

POSTOFFICE CLERKS RESOLVE.

Think Postmasters Ought to Be Put on the Civil Service List.

Indianapolis, Ind., Sept. 3.—The National Federation of Postoffice Clerks today adopted a resolution favoring the placing of all postmasters and first assistants in the classified class of the civil service. It also voted in favor of an eight-hour day, one month's vacation annually, a pension and a maximum salary of \$1,200.

LIGHTNING SETS BOAT AFIRE.

New Orleans, Sept. 3.—At the height of a storm on Lake Pontchartrain, the cutter parlor boat Majestic was struck by lightning tonight and was set on fire. The boat was destroyed, and the crew had a narrow escape, getting away in the life boats.

SECOND JOHANN HOCH

Burglar Killed in New York Believed to Have Murdered at Least Two Women.

New York, Sept. 3.—A second Johann Hoch, the police believe, has been discovered in the person of Henry Hoffman, a burglar who was killed while attempting to rob the residence of Charles Yurcell early last Friday morning. The police on Saturday declared that Hoffman was the murderer of Sophie Klecker, a servant girl found dead in a room, and tonight they announced the belief that he also murdered Mrs. Lena Selman, who was killed in Brooklyn.

LIQUOR RAIDS MAKE RATES GO UP.

Bangor, Me., Sept. 3.—Travelers in the state of Maine are feeling the effects of the enforcement period in other ways than an inability to secure liquor. It is costing more these times to travel in the state than it used to. During the past year and a half there has been a marked increase in the rates at hotels. This does not apply to the large summer hotels, for their rates were always large.

Up to the time the Strongs enlargement of the prohibitory law began in the state the ruling price in Maine hotels was \$2 per day, with a bath, and \$2.50 where a bath was included with the room. This rate prevailed in almost every hotel outside of Portland and the Bangor House in this city. Now there is a change. The prices are being advanced to \$2.50 and \$3, and in some instances \$3.50 per day.

Practically every landlord says that the reason for the increase is the enforcement of the liquor law. Without a bar in connection with the hotel, they cannot afford to conduct the house at the old rates. If they retain their old rates, the quality of the service in the dining room and the food there must be lowered, and they do not care to do this. It is true that the increased cost of foodstuffs combined with the inability to run a bar in connection with the house, is making the increased rate necessary. But, were they allowed to have a bar, if only to supply guests, they contend that they could maintain their houses at the old rates and still make some money.

KILLS WOMAN AND SELF

Widow Refusing to Marry Him, Minnesota Man Takes Her Life and His Own.

Worthington, Minn., Sept. 3.—Mrs. Vera Braxon, a widow, was shot and killed this morning by William Walsh. She had refused to marry him. Walsh then blew out his brains.

CORONER'S JURY EXONERATES.

Man Who Killed Black Hand Blackmailer Will Not Be Prosecuted.

Blainesville, Pa., Sept. 3.—Frank Ciepinio, a shoemaker, who last Saturday night killed out three alleged members of the Black Hand society who entered his store and demanded money, was exonerated by the coroner's jury today on the ground of self-defense. Ciepinio, who was stabbed by the assailants, will recover.

WOMAN SLAYS HUSBAND.

Then Hitches Mule to His Body and Drags Corpse Into the Woods.

Lynchburg, Va., Sept. 3.—Following a domestic quarrel, Joseph Peoples, a farmer, ten miles from this city, was shot and seriously wounded by his wife, who then beat him over the head. He died shortly afterward. The woman tied a wire around his body, lashed a mule to it and dragged it into the woods, where it is alleged she concealed it in the bushes. The body was discovered Sunday, and the woman was arrested. She claims self-defense.

FEAR TOWN IS DESTROYED.

Fort Gaines, in Georgia, Reported Struck by a Tornado.

Montgomery, Ala., Sept. 3.—It is reported that a tornado struck Fort Gaines, Ga., a town of 1,000 people, 130 miles southeast of Montgomery, tonight. All communication by wire with that portion of the state has been cut off. Efforts to reach neighboring towns by telephone are futile.

FAIRBANKS IN SAN FRANCISCO.

San Francisco, Sept. 3.—Vice President Fairbanks arrived in the city today. This evening he was the guest of the Union League club at a reception, and tomorrow he will visit Stanford University.

ENDS LIFE IN CELL

TAKES THE LAW INTO HIS OWN HANDS.

Wife Murderer at Chicago, Convicted of Manslaughter When He Wanted to Swing, Hangs Himself in Jail.

Chicago, Sept. 3.—John Krulz, convicted of the murder of his wife, yesterday took the law in his own hands and hanged himself "by the neck until he was dead." His body was found swinging from the bars of his cell in the county jail, and although he was still alive when cut down, all efforts to revive him failed and he died soon afterward in the jail hospital.

CRIME DOUBT

Can Do Much Damage if He Wishes.

Opposition from the speaker will be disconcerting to the president and his advisers. The president has set his heart on an elaborate legislative program this winter and is in hopes of seeing much of the program carried out. Should the senate and house both oppose the president's program, he will be badly handicapped. Generally, he has been able to manage things so as to have the house with him.

May Reach Understanding.

Of course, the speaker and the president are both practical hands at legislation and it may be that before the first Monday in December they will reach a definite understanding. Just now, it looks doubtful.

If Speaker Cannon gets the presidential nomination, he must get it at the hands of conservative interests. He is well aware of this fact, doubtless, and it will not be strange if he runs the house the coming winter with this fact in mind. In this case, the president may be expected to sound an appeal to the country in his well known manner. Roosevelt's friends say he will either get the legislation he wants regardless of opposition or will be made more popular than ever with the general public, to the detriment of any man that stands in his way, not exclusive of Speaker Cannon.

WASHINGTON, Sept. 3.—The monthly statement of the public debt shows that at the close of business Aug. 31 the debt, less the cash in the treasury, aggregated \$881,682,282, a decrease for the month of \$3,063,772.

GREAT NORTHERN PROJECT.

Plan to Take Over Subsidiary Companies Is Up to the Stockholders.

New York, Sept. 3. The stockholders of the Great Northern Railroad Company, at their annual meeting Oct. 1, will be asked to vote on the proposition that the Great Northern shall acquire, subject to existing liens, all the properties of its fifteen subsidiary companies.

BAD TRAIN WRECK OCCURS IN ONTARIO

Six Persons Are Killed and Twenty-One Injured in a Smash-Up On the Line of the Canadian Pacific.

Special Conveying Three Hundred Excursionists Bound for the Toronto Exposition Jumps the Rails on the Down Grade of Horseshoe Curve on Caledon Mountain, Near Orangeville, and Five Crowded Coaches Are Piled on Top of the Locomotive.

Orangeville, Ont., Sept. 3.—A Canadian Pacific railway special train carrying over 300 passengers bound for the Toronto exhibition was wrecked tonight at Horseshoe falls, nine miles south of here. Six persons were killed and twenty-one injured.

The train pulled into Orangeville one hour late. Half an hour later the locomotive jumped the rails on the down grade of the Horseshoe curve on Caledon mountain. Five crowded cars were piled on top of the locomotive. At Orangeville every seat was filled, and several persons were standing in the aisles. All were jammed together in the fierce shock.

The only explanation of the disaster so far advanced is that the engineer was trying to make up time and was making the Horseshoe curve at high speed. Norman Tucker, John Thurston and James Banks, with three others whose names are unknown, were killed.

COLLISION IS DUE ON LEGISLATIVE TRACK.

Speaker Cannon Reported Opposed to President Roosevelt's Program.

Washington, Sept. 3.—Are President Roosevelt and Speaker Cannon going to collide on the legislative track this winter? This is a question that is being widely discussed in Washington and elsewhere. There are indications not only of a collision, but of a catastrophe of the head-on variety with much resultant wreckage and possibly some political bonnets buried beyond repair or recognition.

SCHEDULES FOR TODAY.

National League. Philadelphia at Boston. Brooklyn at New York. Cincinnati at Pittsburgh. Chicago at St. Louis. American League. St. Louis at Chicago. Detroit at Cleveland. New York at Philadelphia. Washington at Boston.

GAMES PLAYED YESTERDAY.

National League. R. H. E. Brooklyn..... 3 2 2 Batteries: Mullen, Payne and Schmidt; White, Owen and Sullivan. Washington..... 6 10 5 Batteries: Pastoris and Ritter; Matthews and Bresnahan. Second game: Brooklyn..... 1 5 0 New York..... 0 2 0 Batteries: Pastoris and Ritter; Matthews and Bresnahan. WEATHER FORECAST

Washington, Sept. 3.—The following is the weather bureau's forecast for Upper Michigan: Showers, Wednesday; Thursday, fair; light to fresh winds, mostly north.

MUTILATED; NEWS KILLS FATHER.

Concord (N. H.) Lad Caught Under Moving Machine Will Probably Die.

Concord, N. H., Sept. 3.—Charles Carleton Coffin, fifteen-year-old son of Henry Coffin, of Water street, Bosawen, had one arm cut off and was otherwise so badly injured that he probably cannot recover. He had been driving a mowing machine on his father's farm, when the horses ran away. He was thrown under the team. The father, who was affected with heart disease, died a few minutes after he was informed of the accident. He was a prominent farmer and fruit raiser and well known in Merrimack county.

BASEBALL

STANDINGS OF THE CLUBS.

MOORISH SULTAN IN SORE STRAITS

Unable to Pay His Soldiers They Refuse to March—Indications Point to a Prolonged Period of Anarchy.

Struggle Between the Monarch and His Brother, Proclaimed Sovereign by the Revolutionary Element, Will Be Bitter—New Squadron Is Despatched from Spain for the Protection of Europeans at Important Ports—French Win Another Battle.

Paris, Sept. 3.—Admiral Philibert, commanding under date of yesterday, reports that a serious engagement occurred Monday near Casa Blanca, when a large force of Moors was dispersed by the French troops.

Squadron Going from Spain.

Madrid, Sept. 3.—A special dispatch from Bilbao, received here today, announces that the Spanish squadron there has been ordered to sail for Ferrol, whence, it is reported, it will proceed to Moroccan waters. Paris, Sept. 3.—A dispatch from Madrid to La Liberté this afternoon says that Spain, in accordance with an agreement arrived at with France, has decided to occupy Melilla, Tangier, Tetuan, El Arish and Kasr el Kibir, guaranteeing the security of Europeans until the international police are organized.

Tangier, Sept. 3.—The expulsion of Europeans and Jews from Tangier continues.

WERE POWER BEHIND THE THRONE

Moorish Chieftains Blamed for Country's Ruin Ate Slain by Assassins.

Casa Blanca, Sept. 3.—Letters received here from Fez declare that the Tazzi brothers, Abdelkrim Ben Sliman, the Moroccan foreign minister, and Gannan, the sultan's second representative at Tangier, have been assassinated by partisans of the exiled Mechar, the official who introduced the ambassadors to the court of the sultan. The Tazzi brothers exercised almost complete domination over the sultan, and to them is attributed the ruin of the empire. It is alleged that they sought only their personal aggrandizement. Their fortune is counted by the millions, and is said to be sufficient to pay the entire debt of Morocco.

Soldiers in Mutinous Mood.

Berlin, Sept. 3.—Official reports received here from Fez say that Sultan Abd-El Aziz has not left the capital for Rabat, owing to his inability to pay the troops, who refuse to march without assurance that money will be forthcoming. There are indications that a long and bitter struggle will occur between the sultan and his brother, Mulid II, who has been proclaimed sultan by the revolutionary elements.

LATIN AMERICANS STUBBORN.

Latest Plan of the U. S. Also Meets Their Opposition.

The Hague, Sept. 3.—The latest suggestion of the American delegation to the peace conference made the Latin American countries regarding the proposition to establish a permanent international high court of justice at The Hague is that the conference select fifty to twenty-five electors who shall elect the judges. Even this does not find favor with the Latin Americans, the Mexican and Brazilian delegations opposing the plan.

RUINS VALUABLE PAINTING.

Paris Girl, Wielder of Scissors, Just Wanted to Be Arrested.

Paris, Sept. 3.—Another valuable picture in the galleries of the Louvre was partially destroyed today. This is the third time within two months that paintings in the galleries have been wantonly damaged. The culprit this afternoon was a girl who, with a pair of scissors, cut the canvas of Ingres' masterpiece, "The Sistine Chapel." She was at once apprehended, and explained that she had damaged the painting from a desire to be arrested.

KING HONORS AMERICAN.

Mrs. Leslie Cotton of New York to Paint Edward's Portrait.

Marienbad, Sept. 3.—King Edward has commissioned Mrs. Leslie Cotton, a portrait painter of New York, to paint his portrait. Two sittings already have been given. NEW MART FOR GERMANY. Trade Agreement in Sight With Kingdom of Abyssinia.

Berlin, Sept. 3.—The visit of two envoys of King Menelik of Abyssinia is attracting great attention owing to reports that Germany is about to enter into closer relations with Abyssinia.

'FRISCO INDICTMENTS STAND.

San Francisco, Sept. 3.—Judge Lawler today denied a motion by an attorney representing Patrick Calhoun, Thorneval Mulhaly, T. L. Ford, E. E. Schmitz, Alvin Wolf, Frank Drum, Eugene Desable, John Martin and Louis Glass to set aside and dismiss the previous bribery indictments against them.

STRIKERS USE THE TORCH

Rioting at Antwerp Assumes Alarming Proportions—Military Is Ordered Out.

Antwerp, Sept. 3.—The rioting between the local police and the striking dock laborers has broken out afresh, and is rapidly assuming alarming proportions. Dramatic have been sent through town to beat an urgent summons to the militia to turn out immediately. Rioters sprinkled a large timber yard with petroleum, and set it on fire. The firemen were busy until a late hour in putting out the flames.

The violence began yesterday when the porters and other laborers went out on strike in sympathy with the locked-out dock laborers. Rioters broke into grain storerooms, broke the tools, carried off wagons, and showered stones on the Englishmen at work on the steamships, forcing them to quit; roared other men, threw a steam crane overboard, and wrecked a lot of machinery. A German sailor, mistaken for an English non-union worker, was attacked by the rioters and almost killed. Women employees of the dock and steamship companies joined the strike movement and excitedly harangued the men at a big meeting of strikers held in the afternoon. After that rioters boarded the British steamship Agenorica, destroyed her freighting implements, and seriously injured one of her engineers. They also took possession of the British steamships Sydney, throwing a number of tools and trunks overboard, and did other damage.

ODESSA RIOTS ARE STOPPED.

Protest by Bankers and Grain Exporters Heeded by Authorities.

Odessa, Sept. 3.—The "black hundreds" today suffered a severe blow by the closing of the grain bourse and the threat of the bankers to suspend financial transactions as a protest against the anti-Semitic outrages of yesterday, when three men were killed and fifty to sixty other persons were wounded. The disorders of last February were followed by similar steps, and financial transactions were then practically suspended. A deputation of exporters called on the governor general today, and demanded that he take action against the rioters, saying that if this was not done the exporters would leave Russia. The governor general assured the deputation that the police officials would suppress the riots of the black hundreds, and this coupled with today's tranquillity has somewhat reassured the inhabitants.

DISCORDANT NOTES

IRRIGATION CONGRESS NOT ALL SERENE.

Break Comes When Proposition Is Sprung That Timber Resources Be Conserved by Removing the Tariff on Lumber.

Sacramento, Cal., Sept. 3.—This was irrigation and conservation day at the national irrigation congress. A number of prominent men were the speakers. United States Senator Francis G. Newlands of Nevada, a member of the inland waterways commission, delivered an interesting address on the subject with which the commission deals. An address on "The Conservation Resources" was delivered by Gifford Pinchot, United States forester.

Throughout the day's proceedings there had rung discordant notes and the break came after Mr. Pinchot, the personal representative of President Roosevelt, had delivered his address. He said that the lumber supply of the country would be exhausted inside of twenty years if nothing were done to protect the forests.

Judge John E. Baker moved that in view of the statement of Mr. Pinchot it be the sense of the congress that all duties on timber be removed, and the timber of this country be preserved to the largest extent possible by allowing other countries to ship their lumber in. Mr. Pinchot was asked if he favored this suggestion, and he replied that should the forestry service favor such a change it would lose the support of the lumber interests. The suggestion was delivered by Gifford Pinchot, United States forester.

THIEF'S PLOT FAILS IN BANK.

New York, Sept. 3.—A thief who, the police say, is Harry Biehme, known as "Dutch Biehme," a noted bank sneak and forger who has served time, attempted to snatch \$1,500 in cash that a messenger was carrying in the foyer of the National Park bank, 214 Broadway, but failed to get the money, and running out into the street, closely pursued, was captured by Special Policeman George F. Lawler, who had his eye on a man from the time he entered the bank.

The messenger boy, who is employed by one of the clients of the bank, appeared at the window of Assistant Cashier F. O. Foxcroft and presented a check for \$1,500, which was in one hundred and also fifty dollar bills, was pushed out through the window, and the boy began to recount it. A man who had been loitering in the foyer gradually worked his way to the spot where the boy stood, and made a grab for the bundle of cash. The boy threw up his hand to protect his money, and the thief did nothing except knock some of the bills to the floor.

Lawler, the policeman, who had been watching Biehme, made a dash for the thief, who, realizing that his chance of getting the money was gone, sprang out of the door in an attempt to escape. Lawler was at his heels and the crowd that was immediately attracted by the flight of the thief joined in a cry of "Stop this!" Biehme might have escaped but for the crowd that impeded his progress, and Lawler was on top of his man at Broadway and Fulton street.

Lawler says he was attracted by Biehme's appearance when he first came into the bank. The policeman says that four confederates entered the bank with the thief, but that they got away just before Biehme snatched at the money. Lawler says the plan was for the others to be outside when Biehme came out and take the money from him.

When Biehme was searched in the station house \$75 was found on his person, which he said was his own money. The police insist that Biehme is one of the most desperate crooks in the country.

EXTENSIVE HAVOC CAUSED BY FLOODS IN JAPAN.

Tokio, Sept. 3.—An official statement of the loss of life and the damage caused by the recent floods gives the following figures: Killed, 248, injured, 70; missing, 172; buildings destroyed, 137; partially destroyed, 1375; washed away, 3148; flooded, 173,330; embankments broken, 1370; bridges washed away, 376. Rice and other crops suffered heavily in the flooded district, but it is believed the rice crop of the whole country will be slightly above the average.

POLICE OFFICER SLAIN IN 'FRISCO

Labor Troubles in Pacific Coast Metropolis Lead to a Brutal Murder—Patrolman Edward Carthey the Victim.

Standing on a Street Corner With a Fellow Guardian of the Peace, He Is Shot, It Is Alleged, by the Instigator of a Small Strike Riot He Had Aided in Promptly Suppressing, and Falls Dying Into the Arms of His Companion.

San Francisco, Sept. 3.—Policeman Edward Carthey was shot and instantly killed at 2:30 o'clock this morning. He was in company with Police Officer Peter Mitchell at the time. Mitchell's account is as follows:

At 2:30 a. m. a crowd of union men, street car strikers and sympathizers who had been winding up a celebration of Labor Day were incited to riot by a man named Tansey and a companion whom the police have not yet captured. Tansey has been doing union picket duty since the strike against the United Railroads last May. McCarthy and Mitchell dispersed the crowd. A few minutes later as the officers stood together on a street corner, Tansey and his companion reappeared. "They mean trouble," said Mitchell to McCarthy. The words had scarcely left his lips when Tansey pulled a pistol from his pocket and fired point blank at the policeman. Mitchell fell dying into Mitchell's arms. Mitchell hid the dead officer on the sidewalk and gave chase, but the strikers escaped.

Tansey was later arrested at his lodgings. He denied his guilt.

ALTON INQUIRY POSTPONED.

Question of the Railroad's Immunity Appears Still in the Air.

Chicago, Sept. 3.—The grand jury investigation of the charges against the Alton railroad in connection with the Standard Oil company were postponed today until Sept. 24. District Attorney Sims requested the postponement because he had come into possession of certain important facts, and circumstances which he desired to submit to the department of justice at Washington before proceeding with the inquiry.

New York, Sept. 3.—The suit in equity by which the government seeks to dissolve the Standard Oil company of New Jersey and enjoin it from receiving rates and discriminating rates was postponed today until next Thursday.

IN WILD WEST STYLE

Michigan Burg Raided by Three Bold Bandits Who Get Away Unscathed.

Tekonska, Mich., Sept. 3.—Last night three armed robbers rode into the village in Wild West style, and held up the night watchman and two citizens at the muzzle of guns. The robbers then broke into the postoffice, and blew up the safe, securing \$300, after which they remounted their horses and rode out of town, meanwhile firing revolvers to intimidate the citizens.

DAILY MINING JOURNAL

MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Subscription rates: Per month, by carrier, \$3.00; Per year, by mail, \$30.00.

MAQUETTE, MICH., SEPT. 4

The closing of schools today for the rest of the week was a piece of good fortune...

The Michigan postmasters meet at Saginaw this week. All the formal papers will treat of postoffice and postal service...

From the uncompromising sarcasm of Mr. Earle's remarks about the legislators...

There haven't been any undersized fish seized in Marquette county, nor yet in Houghton or Ontonagon or Keweenaw...

The newspapers talk about everything but pumpkins in connection with the state fair. The races are spirited...

When Mr. Curtis comes to write about the copper country, and the Lake Superior region generally, we hope he won't forget to tell his readers about the millions of dollars sunk into the ground...

Lewis Stuyvesant Chanler, lieutenant governor of New York state, has been mentioned as a possible Democratic candidate for president.

The outlook is remarkably favorable, also, so far, at least, as common labor is concerned.

The ambulance recently ordered for use here has been received and is ready for service.

The Mining Journal is informed that Judge Persons of Lansing, has been proffered an appointment on the state railroad commission...

MEANS PROHIBITION. The result of the recent primary for governor in Mississippi is interpreted to mean that that state will presently take a place among the numerous southern states...

Hampton, of Detroit, is now the most prominent candidate for the office. He has many endorsements from both Republican and Democratic sources...

Horatio S. Earle, road commissioner, who has no doubt of his personal ability to govern well the great state of Michigan...

There haven't been any undersized fish seized in Marquette county, nor yet in Houghton or Ontonagon or Keweenaw...

Labor day this year found labor as fully employed as a year ago and industry at the highest pitch of activity ever known.

The outlook is remarkably favorable, also, so far, at least, as common labor is concerned.

The ambulance recently ordered for use here has been received and is ready for service.

MEANS PROHIBITION. The result of the recent primary for governor in Mississippi is interpreted to mean that that state will presently take a place among the numerous southern states...

The result of the recent primary for governor in Mississippi is interpreted to mean that that state will presently take a place among the numerous southern states...

can be recommended to them for study. It provides for two primaries, the two leading candidates in the first being required to again go before the people in the second.

Mr. Noel who as the Democratic nominee is as good as the next governor of Mississippi is already on record as an effective prohibition worker, as while a member of the state legislature he secured the passage of a local option law...

The developments in Mississippi again show that prohibition is being used in the south in an attempt to mitigate social evils. The typical southern is no ascetic.

IMMIGRANT AMERICANIZATION. Among the immigrants themselves the process of Americanization is sometimes extraordinarily swift.

WORKS WONDERS. A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

PURELY S.S.S. VEGETABLE

S. S. S. is recognized everywhere not only as the best of all blood purifiers and the greatest of all tonics...

Copper Country

DEATH OF DR. SORSEN.

Prominent Calumet Physician Passed Away at London.

News of the sudden death in London, Eng., of Dr. Charles J. Sorsen of Laurium, proprietor of the Northern Michigan General Hospital, was received in Calumet Monday evening by Dr. O. H. Sorsen, his brother. The facts contained in the message are meagre, but it is thought his death was due to heart failure. The message did not state when the death occurred.

Dr. Sorsen went to London Aug. 11, and on Aug. 26 was married to Miss Joski Lange of Finland. Death came in the midst of their honeymoon. It was the father of Mrs. Sorsen who advised the Calumet relatives of the demise. His message also asked as to the disposition of the body, and as the parents and brothers of the deceased live in Calumet, the body will be brought across the ocean for burial here.

Dr. Sorsen was born in Joensuu, Finland, in 1870. He was a boy when his parents, Mr. and Mrs. John Sorsen, emigrated to the United States and took up their residence in Ishpeming. Here he first worked at the tailoring business with his father, and later engaged in the drug business. Afterward he began the study of medicine, and after moving to Calumet twenty years ago and opening in the drug business in the firm of Sorsen & Sodergren he became a student at Rush Medical College. Entering upon the practice of his profession in Calumet he decided that the town needed a private hospital, and four years ago the institution was opened. It was a great tax upon the doctor's physical resources to conduct this institution and look after his large practice, and his health compelled frequent trips in search of health.

Dr. Sorsen was one of the most prominent Finns in the United States and was one of Calumet's leading citizens. His death comes as a blow to that community. It will not be known for several days when the remains will reach Calumet.

NORTH WEST'S LAST TRIP.

Northern Steamship Company's Boat Here Today for Last Time.

The North West went yesterday through Portage lake, and today will call at this port for the last time this season. She arrived in Portage lake yesterday morning several hours late, owing to adverse weather. The passenger list was but slightly smaller than during the summer months.

The North West has had a very successful season, and particularly good for the copper country her lot was taken, and the big boat was the most popular means of summer travel.

MOTHERHOOD

MRS. DANIEL SULLIVAN

Unquestionably preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound more successfully than by any other medicine, because it gives tone and strength to the entire feminine organism and renders it perfectly normal.

A woman in good physical condition transmits to her children the blessings of a good constitution. Read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sullivan, 559 E. 7th Street, Flatbush, N. Y.

What a blessing Lydia E. Pinkham's Vegetable Compound is to motherhood. I had no more children and was discouraged when a friend advised me to try Lydia E. Pinkham's Vegetable Compound. I did so and it not only kept me well and strong, but I have as healthy a child as you will find anywhere. I hope other discouraged women may read this letter and take Lydia E. Pinkham's Vegetable Compound and be benefited by it as I have been.

Women should remember that for more than thirty years Lydia E. Pinkham's Vegetable Compound has been without a rival in sustaining woman's health and curing all those painful ailments peculiar to her sex. Its record shows that it has cured almost every form of female complaint, organic troubles, inflammation and ulceration, falling and displacements and consequent spinal weakness, and is peculiarly adapted to the periods of child-birth and change of life. It cures backache and all those bearing-down sensations.

If there is anything about your case you do not understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is absolutely free. Thousands of women have done so and have received help.

Various Council Meetings. Hancock May Improve Front Street—Calumet Meetings.

The Hancock city council met last night for the regular meeting in September and considered a large number of improvement matters. Chief of these was the matter of laying an additional 10-inch water main on Hancock street. It was agreed in advance that the meeting last night would arrange to have this work done this year.

Another important matter was the improvement of Front street, the street leading from the Portage lake bridge. Mayor Scott intended to bring the matter up last night in response to a general request of citizens. This street is one of the most used and the worst kept streets in the copper country. The immense pedestrian and vehicle traffic between Houghton and Hancock uses this street exclusively, and for years it has been allowed to deteriorate to a great extent from the street department. The Hancock council will now undoubtedly take some action in the matter, as the street comes pretty nearly to being a disgrace to the city.

The Calumet and Laurium councils met last night and transacted routine business.

Opening of School. Copper Country Schools Resumed Operations Yesterday.

All of the public and parochial schools of the copper country resumed operations yesterday morning after the summer vacation. The first day was devoted to arranging classes and receiving new teachers, so that it will not be until this morning that the regular routine will be instituted.

An early estimate shows that generally in the copper country the schools open with an increased number of pupils. All of the buildings are crowded to capacity. But the exact figures of attendance will not be obtainable for several days.

There are a large number of new teachers in the copper country this year, there being more changes in the staff than for several years. The changes are for various causes, ranging from promotion to matrimony. All of the superintendents are the same as last year and the high school principals are the same with the exception of at Hancock, M. J. Walsh of that city having resigned to become superintendent of schools in Ironwood.

Calumet's new high school was occupied for the first time yesterday. The building is not entirely completed, but is in condition for occupancy, this being made necessary by the demand for space. The work yet to be done is largely of a decorative nature, and by Oct. 1 it is confidently expected by Superintendent Knuts and the board that the building will be ready for dedication by President Angell of the University of Michigan, who has consented to visit Calumet on that occasion.

Mascot for the Yantic. Hancock Child Born as the Ship Struck the Dock.

There was born in Hancock Sunday afternoon a baby boy who came into the world in the midst of the commotion which acclaimed the U. S. S. Yantic's arrival in that city. It has been suggested to the parents that they give the child the name of the ship, and they have decided to do so.

There will be some sort of recognition of the honor by the officers of the boat in the way of a present to the youngster, and he will be the mascot of the ship. Eventually little Yantic may be a sailor in the ship whose name he bears.

All manufacturers and mine owners contemplating doing any roof-work either Gravel or Felts, or repairing and coating the old metal or felt roofs, will do well to write to the Enamel Roof Paint and Roofing Co., 189 Deming St., Kenosha, Wis. They will be in the copper country this spring.

Win the South Shore and connections, account National Encumbrance G. A. R. Tickets on sale Sept. 5th, 6th and 7th. Return limit Sept. 17th. Extension until Oct. 5th on payment of one dollar at Saratoga Springs, will permit of trip excursions to New York, Boston, etc., at low rates.

For particulars apply to agents. (3-7-21m-6m)

MEDICAL MEN ELECT.

The annual meeting of the Houghton County Medical Society was held in the Douglas House, Houghton, Monday night. The following officers were elected: President, Dr. W. P. Scott; vice-president, Dr. W. T. S. Gregg; secretary-treasurer, Dr. W. D. Whitten; censor, Dr. A. L. Lawbaugh.

Opescheke read a paper on "Hydrocele" after the business meeting, and the session concluded with a banquet.

COPPERDOM BREVITIES.

Mrs. Frank Kohlhaas of Calumet left yesterday in the North West for Duluth.

Mrs. J. H. Thomas of Houghton is in Milwaukee attending the Eastern Star convention.

Postmaster C. J. Wickstrom of Calumet has returned from a business trip to Chicago.

Mr. and Mrs. R. L. Polk, Jr., left yesterday in the North West for a honeymoon trip.

T. A. Carney of Hancock has resigned his position as clerk of the Houghton weather station.

Justice F. B. Trathen of Calumet returned yesterday from a visit with relatives in Marquette county.

John Dillon, the popular china salesman and premier baseball fan of Chicago, is visiting the copper country trade.

A. L. Krellwitz left yesterday for Milwaukee to attend the Wisconsin State Undertakers' association convention.

The Misses Russell and French of Marquette have arrived in Houghton to take positions as teachers in the public schools.

The copper country brokerage offices resumed operations yesterday after a three days cessation—Saturday, Sunday and Labor Day.

William R. Todd of New York, president of the Quincy Mining company, is at the mine, the guest of Superintendent Lawton. He arrived Monday.

Clerk Charles E. Hopkins of the state supreme court, is a visitor in Houghton.

County Clerk Richardson had yesterday a total of ninety-five names posted of applicants for full citizenship in the September and November terms of the circuit court.

Mining News

ARIZONA MINING MENTION.

The copper ore production of the Superior & Pittsburg company is increasing very fast just now in view of the intention of the management to blow in a furnace, of 300 tons capacity, on or from this mine early in September. With this increase there will be a daily call for 700 tons of ore out of the mine, and the present monthly production of copper should give 1,750,000 pounds per annum. The increase in output will be chiefly from the Junction and Hoatson shafts while extensive development will be carried on this fall in the Briggs, 1100-foot level, under large areas of leached ground cut on the levels above.

The Superior & Arizona property, near Florence, is being examined by engineers in the employ of Phelps, Dodge & Co., operators of many mines in this region, with the view of taking it over if acceptable. No decision has been announced yet. The mine has been under development for four years chiefly by tunnel.

Reports from the Calumet & Sonora mine indicate that the finds of rich gold-silver-lead ores on the Catalina group were rather under than over the mark. Examinations of the ore in the bottom of the shaft give values of about \$200 to the ton. There seem to be two veins in this group, one traversing the Pionette, Norton, Saltona and Catalina claims, the other the Pionette, Chivatera, Zenith and Toposchic claims. This company has a smaller capitalization than any of the Cananea district, 40,000 shares of the par value of \$10. It is understood that a recapitalization will soon take place, the two large groups being divided into two distinct corporations.

Organizers for the Western Federation of Labor have again arrived at Bisbee, but are devoting themselves to distributing literature about their organization and to printed arguments with the miners of the camp. The Gilson Mining company at Globe is employing 200 more men than at any period of its history, but its shipments of high-grade ore to the Old Dominion smelter are now but fifty tons a day. Most of the men are working on the new shaft which is 100 feet deep and is being driven at about that rate per month.

The Fay & Cananea, owned by a company of which M. L. Fay of Duluth, Minn., is leader, is claimed to have cut rich ore in its development a few miles south of Bisbee. The company owns a large tract of ground that was the scene of nine operations in the early days, and has been developing there all summer. It is now reported to have cut a 12-foot vein assaying 18 per cent copper. Four shafts are being sunk on the property.

In the Paradise district the Royal Highness claim has made a strike of silver-copper that may be important and certainly is interesting. The pay streak runs to \$162 a ton, and varies from one to ten inches wide, and the main vein, which is many feet wide, runs about 820 feet in silver, copper and antimony. A number of small seams and narrow veins of rich ores, copper, silver, lead and gold, have been cut in the Paradise region from time to time, but they have not yet proved into mines of importance.

Calumet & Arizona interests have been making examination of the twenty-two claims owned by Weir & Pelton, in the Tucson mountains. It is supposed this examination is for the Calumet & Arizona company, but this is by no means certain from the mere fact that that company's general manager has made examination. The group has a shaft 185 feet deep, and a considerable size has been spent there in developing a copper vein in porphyry line contact.

The Imperial Copper company at its mines Silver Bell and Mammoth, in Pima county, south of Tucson, is employing 300 men, and is shipping 200 tons of 18 per cent copper ore daily to the Queen reduction works at Douglas. The foundation is being in for a large concentrator for the company at Silver Bell, and a smelter is to be built at Saco, four-

THE CITIZENS' NATIONAL BANK HOUGHTON, MICHIGAN

OFFICERS. DIRECTORS. Graham Pope, President. C. V. Seeber, Vice-President. C. H. Moss, Cashier. Graham Pope, C. V. Seeber, R. F. Chynoweth, J. H. Jesberg, E. B. Hall, A. Heidcramp, A. M. Schulte, John O. Stosa, C. H. Moss.

ten miles from the mines. The main shaft on the Mammoth claim is down 700 feet. These properties belong in large part to the Mines Company of America, which is a Michigan and New York concern, with leading Arizona railway and political leaders interested. The same interests hold the famous Tombsone Consolidated property which has been under costly development for five or six years.

KEWEENAW COPPER.

Sinking in No. 1 shaft at the Melora mine of the Keweenaw Copper company has now reached a depth of approximately 800 feet, and the copper showing continues favorable. It is estimated that there are now upwards of 30,000 tons of rock in the stockpile, which will yield 1 per cent copper. As the Melora mine carries a large amount of calcite and pyrite, in which stamp copper is abundant, it is safe to assume that the rock in the stockpile will average 1 per cent. There is also a fair amount of barrel and mass copper.

Ten drills are in use at No. 1 shaft. Two are in use in the shaft, being engaged in sinking, and two in the drifts each way at the 225-foot, 375-foot, 525-foot and 675-foot levels. A new 60-hp. compressor was installed a few weeks ago. It is a 15-drum Sullivan machine, which with the 10-drum Ingersoll compressor previously in commission, provides ample compressor capacity. The power plant also includes a Ligerwood hoist, good for a depth of 700 feet, and two 40-inch Burt boilers of a capacity of 125-horsepower each.

Another shaft, known as No. 2, was started a few weeks ago on the Melora lode at the Mammoth property, being located 1500 feet west of No. 1. A diamond drill was used to locate the lode, and the new location and from the data thus obtained, the incline of the formation was ascertained. The overburden is forty feet deep at No. 2 location. The Melora lode underlies the Allouez conglomerate at a distance of seventy-five feet, and beneath the Melora lode at a distance of forty-five feet lies an unnamed copper-bearing formation. It is an amygdaloid, showing copper, and has been inspected by the Calumet & Hecla No. 3 furnace, or Deere's property. It was worked to a limited extent in the early days of the Deere mine by means of crosscuts from the Allouez conglomerate and workings on the fissure vein. Plans were cut at that time and some drifting done, but the plan probably was intended to open the formation by means of shafts. The Allouez conglomerate has been exposed by diamond drilling on the Keweenaw company's Mammoth track, and shows some copper.

A better showing, however, is found in the amygdaloid footwall, which can be reached by crosscuts from the Keweenaw shafts, the distance horizontally being slightly more than 100 feet.

MINING NEWS FROM UTAH.

At the Daly Judge property everything is being placed in readiness for the arrival of the trolley wires. The company has ordered all the necessary equipment, and the delivery, which has been some what delayed, will be made as soon as possible. The equipment will reach for a considerable distance, into the Daly Judge property on the 1200-foot level, and will greatly facilitate the extraction of the ore.

The president of the Consolidated Mercur company returned from the property last week and reports the mine to be in very good condition. He states that the new shales plant is saving practically one-half of all the values that have heretofore been sent over the dumps. Even present indications the mill and shales plant will be treating 600 tons of ore per day by October 1st. Up to the present time they have been running a comparatively small tonnage, on account of delay in receiving material needed, and by the first of September the capacity will be doubled. The third mill will be ready by the first of October and then the plant will have a capacity of 600 tons.

The sixth, or final, section of the first unit of the Utah Copper company's mill at Garfield will be placed in commission next several months.

Important improvements have been made at the Victoria's stamp mill in the last few months, and the plant is now treating more than 350 tons of rock daily. Eight jugs have been replaced by half that number of Willey tables, resulting in a greater saving of copper. The loss of copper in the tailings is now only one-sixteenth of one per cent. The new cylinder for the stamp was delivered two weeks ago, although the manufacturers agreed to have it on the ground six months ago. It is expected that the Victoria mill will be able to treat 700 tons of rock daily after the new cylinder has been installed.

Interests in control of the Lake Copper company obtained control of the Indiana Copper company from the Stanton some months ago. Recently an assessment of \$150 a share was called, payable this week. As the corporation has 20,000 shares outstanding, the assessment should place \$3,000,000 in the treasury. R. M. Edwards of Houghton, superintendent of the Franklin mine, is secretary and treasurer. The property consists of 1,280 acres in Houghton county, next south of the Henry mine. The company was organized in 1802, worked for three years, and after spending \$200,000 suspended. Two shafts were sunk to a depth of nearly 200 feet each, connections being established on two or three levels. It is the purpose of the interests now owning the Indiana to explore for the lode located on the Lake amygdaloid.

ANNUAL STOCKHOLDERS' MEETING. Marquette, Houghton & Ontonagon Railroad Company.

Notice is hereby given that the annual stockholders' meeting of the Marquette, Houghton & Ontonagon Railroad Company, for the election of directors and the transaction of any other lawful business, will be held at the office of the company, 302 Nester block, Marquette, Mich., on September 19, 1907, at 10 o'clock a. m.

The transfer books will close on August 31, 1907, at 12 o'clock and re-open on September 20, 1907, at ten o'clock a. m.

JAMES CLARKE, Secretary. (8-17-284)

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold in druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle sent to you by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Houghton, N. Y. Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Houghton, N. Y., on every bottle.

Today's weather: Generally fair; stationary temperature. Yesterday's temperatures: Seven a. m., 53 degrees; noon, 54; 7 p. m., 54. Maximum, 56 degrees; minimum, 53.

Fred Voland, of Cuba City, Wis., is in the city.

E. C. Anthony of Negaunee was in the city yesterday.

A. J. Molanen of Calumet was in the city yesterday.

J. Wallace of Houghton is in the city, visiting relatives.

Sam Pierce of Lake Linden is visiting friends in the city.

S. W. Shaul left last evening on a business trip to Chicago.

M. H. Moriarty of Crystal Falls arrived in the city last evening.

Miss Tiny Peters has returned from a two weeks' visit at Ironwood.

Captain Martin Daniels of Birch was a visitor in Marquette yesterday.

Sheriff Charles O'Rourke of Ontonagon visited friends in the city yesterday.

Mrs. F. J. Trevillion has left for a week's visit in Duluth and West Superior.

Phil Hogan and Peter Trudell of Negaunee were visitors in Marquette yesterday.

Walter E. Martin of Escanaba, a former Marquette resident is visiting his parents.

Captain Foley of the Mary Charlotte mine of Negaunee visited friends in the city yesterday.

There will be no meeting of the Busy Queen Live Thursday, on account of it being fair week.

The G. I. A. to the B. of B. L. E. will meet this afternoon at 2:30 o'clock at Keough's hall.

The third of the summer series of subscription dances is to be given at Legion hall Friday night.

Mrs. Charles Schoch and son arrived home yesterday from a visit to Buffalo, Detroit and Saginaw.

Philip Carroll has returned to Hancock, after a few days' visit at the home of Mrs. Katherine Barnes.

F. Leonard of Chicago representing the Continental Casualty company is spending a week in Marquette.

Henry A. Martin, manager of Grabow's store at Hancock is paying a visit to his home in Marquette.

Benjamin F. Sparks of Houghton was one of the coppermen members who attended the Knights of Columbus meeting here.

Theron C. Taylor and Clarence G. Taylor of Detroit arrived here Monday and are visiting Mr. and Mrs. S. W. Shaul, 515 1/2 High street.

County Treasurer M. Foley of Houghton county and Mrs. Foley are visiting Mrs. Foley's sister, Miss Mary Taylor on West Ridge street.

William E. Curtis, the Chicago Record-Herald's star correspondent, arrived in the city from Ishpeming last evening and will spend part of today here.

A. W. Gramstadt, who has been visiting Mr. and Mrs. George P. Brown for the past week, has returned to his home in the copper country. He is a teacher there.

Rev. Charles Rutledge of Ishpeming of the Anti-Saloon league arrived in the city yesterday. He is interested in cases in the circuit court which are to be heard this week.

Miss Laughlin, successor to Miss Enderlin, plans to leave this morning for a two weeks' visit in Chicago and New York in the interests of her dressmaking establishment.

A daughter has been born to Rev. Charles Rosenquist of the Swedish M. E. church. Rev. Rosenquist is to leave within a short time to accept a pastorate in Texas.

Miss Ruth Robertson and her cousin, Miss Margaret Hall of Sault Ste. Marie, who have been visiting at the home of Frank Brotherton of Escanaba, returned to the lock city yesterday.

Mrs. A. E. Archambeau and her daughter, Miss Florence Archambeau have gone to Montreal where Miss Florence is to enter the Villa Marie school. She graduated recently from high school.

Through an oversight the name of Joseph Primeau, county recorder, was omitted from the list of those who made addresses at the Knights of Columbus banquet Sunday night at Baraga auditorium.

Mrs. Sam Robinson, Miss Carrie Eglolf and Miss Jennie Therrien, all of Lake Linden who have been spending the past three weeks at the summer cottage of Miss Nellie Mae Frieberg at Lakewood left for their homes yesterday.

Peter White left last evening for Escanaba, where he will attend the diocesan convention of the Episcopal church. Bishop G. Mott Williams and Rev. Bates G. Burt and the Misses Stone are other Marquette people who will be present at the convention.

**Big Cement Shipment**—The Mahoning from Northampton, Pa., arrived yesterday with a shipment of 4,800 sacks of cement consigned to F. B. Spear & Sons.

**Marriage Licenses**—Three Negaunee couples were granted marriage licenses yesterday. They are: Edward Sakso and Miss Amanda Pajunea; Jan Lehto and Miss Helma Pykanen, and Peter Anderson and Mrs. Marie Amberson.

**Infant's Funeral**—The funeral of Alice Mays, the three-months-old daughter of Mr. and Mrs. Thomas Mays of 312 Michigan street was held from the home yesterday afternoon. The interment was in Park cemetery. The baby died Saturday.

**Special Prizes**—To encourage the growing and exhibiting of house plants asparagus fern to each person awarded a first prize in the flower department at the county fair. These special prizes are now on exhibition.

**Two Large Cargoes**—The steamers W. W. Brown, which finished unloading yesterday, and the Venus, which is now being unloaded brought to James Pickands & Co. for their steam trade, two of the largest cargoes ever received at this port, aggregating 12,000 tons.

**Luff Gets Promotion**—The Chicago, Rock Island and Pacific and the Chicago, Rock Island & El Paso railway companies have announced the promotion of L. K. Luff, formerly in the South Shore offices here, to the post of auditor of disbursements. Mr. Luff was formerly assistant auditor for the freight traffic and his new position is a much more important one.

**Sanger Who Pitched**—It is persistently reported that the pitcher who twirled for Newberry in the ball game with Marquette last Sunday was Sanger, the University of Michigan's crack slab artist. He had been engaged in surveying in Luce county, it is said, and was induced to accompany the Newberry team by U. of M. men who live in that vicinity. The Marquette men touched him up last time in Sunday's game, and but for two disastrous innings when their fielding was decidedly yellow they would have won.

**Is Owned Jointly**—The new ambulance received here this week is owned jointly by the leading employing interests of the city and the physicians. C. E. Lytle, superintendent of the South Shore, interested himself in getting subscriptions, and was largely instrumental in having the order placed. The subscribers to the fund included besides the physicians both railway companies, both hospitals, the Lake Shore Engin Works, the Street Railway company, the furnaces and other employing interests, there being in all some twenty-seven subscribers to the fund. The ambulance has been badly needed for many years and medical men, in particular, are much pleased that it is finally available.

**Loss to Farmers**—Grasshoppers have taken possession of the fields and pasture land west of the city and the farmers seem unable to check the irruptions made by the pests. F. H. Vandenberg whose place is about two miles west of the city stated that he had been unable to utilize his pasture land on account of the grasshoppers and he says that throughout that part of the country, farmers are obliged to feed their stock on green cornstalks, and in that way are consuming their winter fodder. The blight of the grasshoppers appears to be greatest in this section and but few of them have been reported south of the city and none north. Recently it was reported that grasshoppers were doing considerable damage in many other sections of the upper peninsula.

**FATHER FLANNIGAN LAID TO REST HERE**  
IMPRESSIVE PONTIFICAL HIGH MASS AT ST. PETER'S CATHEDRAL YESTERDAY MORNING—MANY OUTSIDE CLERGYMEN PRESENT.

Impressive funeral services, attended by an unusually large gathering of Catholic clergymen, many of them personal friends of the deceased, and also by the Rt. Rev. Frederick Eis, bishop of the diocese of Sault Ste. Marie and Marquette, were held at St. Peter's cathedral yesterday morning at 10 o'clock for the late Rev. Patrick M. Flannigan of Chicago.

The funeral party came to Marquette on the Northwestern train, which was nearly an hour late, arriving at 9 o'clock. It was met at the station by an honorary escort of Knights of Columbus and members of the A. O. U. and Catholic Foresters, and the remains of the dead priest were taken directly to the cathedral.

The funeral service was a pontifical high mass, which was heard by a large congregation of worshippers. It was a solemn and impressive service. Although it was the wish of Father Flannigan that no eulogy be pronounced over him, Bishop Muldoon spoke briefly in regard to the life and the work of the deceased, saying that it was no more than his due that some acknowledgment be made of the great debt the church and the people among whom he labored owed the departed clergyman. Bishop Muldoon paid a glowing tribute to the memory of the deceased.

The officers of the mass were as follows: Celebrant, Bishop Eis; assistant priest, Rev. Edw. Kelly; deacons of honor, Rev. P. Mesnard, Rev. Thomas Atfield; deacons of mass, Rev. J. Keul, Rev. W. H. Joisten; acolytes, Rev. P. Manderfield, Rev. O. Bennett; masters of ceremonies, Rev. J. A. Pinten, Rev. H. R. McCabe and Rev. J. Moriarty.

The diocesan clergy attending the service were: Rt. Rev. Mgr. Charles Langner; Fathers, P. Mesnard, J. M. Langan, W. H. Joisten, M. Jodoy, J. Keul, E. Gorias, Thomas Atfield, J. M. Cleary, P. Manderfield, O. Bennett, P. Geierman, J. Sauriol, J. H. Pinten, J. Moriarty and H. R. McCabe.

The following Chicago men were in attendance: Rt. Rev. P. J. Muldoon, Fathers Edward A. Kelley, J. E. Callahan, P. O. Conway, F. E. O'Garra, H. O'Garra, McShane, William Foley, Sylvester Moloney, F. A. Purcell, A. L. Bergeron, J. P. Dahl, Peter Shewbridge, Thomas Shewbridge, Paul Burke, John Doran, M. J. Sullivan, James O'Shea, William Hennessy, Joseph McMahon, D. J. Trosky and Joseph Kearney.

Following the service the remains of Father Flannigan were taken to Holy Cross cemetery, where they were entered a large cortege escorting them to their last resting place.

The services were more of those personal friends of the deceased, who had been a close friend of Father Flannigan for many years.

Many dealers for the additional profit invariably try to sell articles which they claim are just as good as the ones advertised. Protect your own interests and insist on getting what you ask for.

**CORNISH WRESTLING MATCH PROPOSED**

**MIKE DOOLEY, WHO CLAIMS CHAMPIONSHIP IN LIGHTWEIGHT CLASS, IN ISHPEMING TO MEET WILLIAM PENBERTHY.**

Mike Dooley, who claims the championship of this country as a lightweight Cornish wrestler, is in Ishpeming. He came here with the idea that there was to be a Cornish wrestling tournament Labor Day, but after arriving learned that it had been declared off. Four other light and middleweight wrestlers of the copper country had also planned to take part.

Dooley and William Penberthy, Ishpeming's crack lightweight Cornish wrestler, who carried off second prize in the Sons of St. George tournament in this city July 29, will likely meet in a special match for \$100 a side. Both men yesterday posted their forfeit money of \$50 each, with the understanding that the remainder of the purse money will be posted as soon as the other details are completed, or within a reasonable time before the date of the match.

Dooley intends to remain in Ishpeming the rest of this week, and he would like to have the proposed match with Penberthy take place next Saturday evening. However, he said yesterday that if Penberthy does not care to wrestle Saturday, he said that while negotiations for the match had not been completed, it is his wish that the winner take the entire gate receipts, as well as the stake money. He declared that Penberthy had expressed himself as agreeable to that proposition, but as the articles of agreement had not yet been signed, he could not say positively that these terms would be decided on. The match will be the best two out of three falls.

Dooley said that after he wrestles Penberthy, and he seems confident of winning, he will meet Shea of Crystal Falls for a purse of \$100 a side. The match to take place at Calumet. He was dissatisfied with the result of the contest with Shea in this city July 29, when they wrestled thirteen hits, Shea finally being declared the winner. They wrestled on the fourth at Crystal Falls and Dooley was given the fall, carrying off second prize. In the match here on the 20th Dooley had a wrist bandaged and he claims he worked at a disadvantage on that account. In the second lift with Alfred Davey both men fell on their sides, Dooley injuring the dislocated wrist so that he was obliged to withdraw. He now claims that his wrist is entirely well and he is in fine condition for the proposed match with Penberthy. Dooley weighs 136 pounds, and Penberthy is of about the same weight.

A meeting between these two men would doubtless be a good card, as they are very evenly matched. Dooley has been wrestling for many years and has a fine record, having put down at one time or another all of the Cornish wrestlers of the district who are in his class. Penberthy is by far the best wrestler in his class who has lived in Marquette county in many years. He is not only wiry, but he knows the game well.

**WILL READJUST ROUTES.**

**Mail Carrier Service to Be Extended to Badger and Junction Locations.**

Preparations are being made for the free delivery of mail to people living at the Badger Hill and Junction locations. This will necessitate a complete readjustment of the mail routes in the city and it will add considerably to the work of the mail carriers, especially the one who will have that district to look after. There are at present seven carriers employed and it is said that there is work enough for eight. It will be some days before the routes are readjusted and the carriers are working in their new districts.

The change does not meet with the approval of the mail men, as all of them are very well satisfied with their present routes, but the service will be much appreciated by the residents of the two locations, as they have been asking for the free delivery of the mail for some years past.

**WANT NEW THOROUGHFARE.**

**Farmers of Cooper Kilns District Appeal to Supervisors for Aid.**

The supervisors' bridge and roads committee Friday last inspected the district near Cooper Kilns, where the farmers desire a new road in order to have access to the city of Ishpeming. For some years past the farmers in that district have at times had much difficulty reaching the city, as they have had no regular road beyond the new thoroughfare put in a few years ago which runs north from the West Ishpeming road at a point about midway between the Carr river bridge and the West Ishpeming location. The proposed new road will traverse the east line of sections five and eight for a distance of from between three and four miles. The cost of building it is so much greater than the farmers can stand that a strong appeal was recently made to the supervisors.

The committee decided, after going over the ground thoroughly, to have an engineer survey a route and to make a profile of the proposed road, in order that an estimate of the probable cost can be obtained. There is a bad hill along the route that will probably be selected and the expense of building that portion of the road will be heavy.

The thoroughfare will be a permanent one and it will reach a desirable farming territory, in addition to the Cooper Kilns region. Much of the land over which the farmers at present drive has either been purchased or leased by parties who do not care to have any portion of their holdings used as a thoroughfare.

**CARD OF THANKS.**

We desire through The Mining Journal to assure our friends and neighbors that we most heartily appreciate the favors extended during our recent trouble. We feel under lasting obligations to the members of the Swedish Home society, the Scandinavian societies of Ishpeming and Negaunee, and the Light Guard and Ishpeming bands, also the members of the Swedish Methodist church choir, as well as friends and neighbors for their kindly attention. We wish particularly to thank those who sent floral tributes.

MRS. JOHN ISAACSON and Family.

**NO MORE WILD-CATTING.**

**Mining Industry of Wisconsin Has Gotten Down to Sound Basis.**

Fred Volland, who promoted the Pine Tree Lead & Zinc Mining company, and who has since been employed at the property, is in the city, having come up from Cuba City yesterday. He says that the Pine Tree mine is looking well and that the new mill being erected should be ready for operation in three weeks.

Mr. Volland reports that a number of fine lead and zinc properties are being developed in Wisconsin. There are now few wild-cat propositions in the field and it will not be long before there will be absolutely none. The district has practically passed the stage when speculative companies can be promoted without a good showing of mineral. Much of the machinery being installed at the more important properties is substantial and is planned to do work for years to come. A new discovery has recently been made on the forty immediately west of the Baxter mine, the indications being of a nature to satisfy the operators of the Baxter that the deposit is an extension of the one in the big mine. The forty is under control of men interested in the Baxter and it is expected that a shaft will soon be started. The shaft on the Carr property reached the ore some time ago and mineral is now being hoisted. Another shaft will probably be started on the Carr.

The Baxter company is erecting a number of new buildings, including dwellings for the workmen, and the machinery is being overhauled. R. P. Bronson, one of the promoters of the Baxter property, has been at the mine for a week past and is to remain there two weeks longer, adding Superintendent William Gilliland in systematizing the office and other work at the property.

**DEATH OF OLD RESIDENT.**

Mrs. Mary Harrington, a pioneer resident of the Saginaw location, died Sunday night. She had been ill and the struggle to live had the greater part of her last six months and her death was not unexpected. The deceased was known to a number of the older residents of the city, as she was one of the first settlers at the Saginaw location. She was fifty-eight years of age and is survived by one son, Luke Harrington, and one daughter, Miss Margaret Harrington. The funeral will be held Thursday morning from St. John's church.

**PIPE HAS BEEN SHIPPED.**

The board of public works has been advised by the Bay City Pipe company that the first carload of pipe to be used in the construction of the water main between Douglas street and the intersection of Division and Pine streets, passing along by Washington street, has been shipped, and that other consignments will be sent from the factory soon. The company is under contract to complete the work by the first of next month and in view of this fact it is expected that the digging of the trenches will be started within a very few days, otherwise it will keep the contractors

**"A WIFE'S SECRET" TONIGHT.**

Spencer & Aborn's "A Wife's Secret" will be seen at the Ishpeming theater this evening, at popular prices. The story of the play is said to be a most interesting and absorbing one, full of familiar human nature, effecting comedy, beautiful sentiment, charming heart interest and thrilling realism, mounted with an elaborate scenic and mechanical equipment, and a cast of general and individual excellence. Prominent among those announced to be seen in this offering are Grace Bayley, Josie Sisson, Ernest P. Evers, Tommy Toner, Andrew Glassford, W. H. Cavanaugh, Claire Elliott, Loma Evans, Walter Moyer and others of high repute.

**NOTED NEWSPAPER MAN HERE.**

William E. Curtis, of the Chicago Record-Herald, spent yesterday afternoon in Ishpeming. While here he was the guest of M. M. Duncan. He was shown some of the mines and he also visited Negaunee. Mr. Curtis left on the evening train for Marquette, where he will spend the greater part of today.

**ISHPEMING IN BRIEF.**

Michael Cassin, came down from Chassell Sunday and spent the past ten days in the city visiting his family.

Jake Lawton, of the firm of Lawton & Joyce, arrived in the city yesterday from Green Bay. He will remain here a few days.

Captain Frank Platto's family returned Monday from the American mine location, where they spent the past six or eight weeks.

Concrete walks are being laid in front of the homes of James Tucker, Harry Hinton, Art Schonberg and Charles Samuelson on North street.

V. McGuire of Marquette visited T. W. Durham, Ishpeming agent of the Lake Superior & Ishpeming Railway line, yesterday. Mr. McGuire is employed in the company's Marquette office.

The schools of the city opened yesterday with most of the rooms crowded. In the high school 369 pupils were enrolled, and it is expected that there will be 400 before the close of the week.

Ryan Gaul was in the city visiting Tom Clancy Monday. He returned to his home in Calumet Monday evening, accompanied by Mrs. Clancy, who will spend a few days visiting in the copper country.

Miss Ellen Hendrickson left Monday evening for Plainville, N. Y., where she takes the position of supervisor of music and drawing in the public school. Miss Hendrickson was last seen employed in similar work at Niles, Mich.

The Ladies' Aid society of the First Methodist Episcopal church will conduct a ten-cent social this afternoon between 3 and 6:30 o'clock in the parlors of the church. An invitation is extended to the friends of the society to attend.

N. E. Skud arrived home yesterday from Chicago, where he spent several days on business. He said that Sunday was one of the warmest days Chicago has had this season and that the people there suffered greatly from the heat.

Miss Clara Farm is proving a banner attraction for the Grand theatre. The house was packed at each performance last evening and the attendance in the afternoon was the largest that the house has had in some time. Miss Farm will be heard today in "Carmena" and she will sing a new selection each day during the engagement.

Mrs. Charles Burt and children arrived home Monday evening from England, where they spent the past three months. They were accompanied across the water by Mrs. William Ripper, and her daughter, Mrs. William Ripper, and the latter's two children, who went to Bristol, Conn., to spend a few days with the family of Fred Wasley, formerly of this city.

Michael Kelly, who was a resident of the upper peninsula for a number of years, prior to thirty years ago, when he left Ishpeming for the West, is spending a few days in the city. While here he was employed at the Cleveland mine. He has not been in the county since his

### 26 BECOME CITIZENS FIRST DAY OF TERM

CIRCUIT COURT OPENS YESTERDAY  
AND PETITIONS FOR NATURALIZATION ARE HEARD.

### ADVISED TO LEARN ENGLISH

Criminal Docket Begins Today—Many of the Civil Cases Are Old Ones Continued from Former Terms.

Yesterday was the first day of the September term of the circuit court and the whole day was devoted to the hearing of petitions for naturalization of which there were twenty-six. None of the petitions were denied.

**Should Learn English.**  
In most of the cases heard yesterday the services of an interpreter was required, and this fact occasioned remark from Judge Stone. He advised all those who became citizens to acquire a knowledge of the English language and he told them also to make themselves familiar with our form of government. Some of the questions addressed by the court to those seeking citizenship concerned their beliefs. They were required to answer whether they thought polygamy was right or wrong and whether they believed in anarchy. One applicant, when asked what he understood an anarchist to be, said "He's a feller all the time looking for trouble."

**The Docket.**  
Beginning today the criminal docket is to be heard. Among the civil cases are a number of old cases which have been adjourned from preceding terms of court. Following is a list of cases which are to be heard this term of court:

- The People vs. August Karhunen, bastardy.
- The People vs. Andrew Ekola, assault with intent to do great bodily harm.
- The People vs. John Hendrickson, assault.
- The People vs. Marion Mildren, keeping house of ill fame.
- The People vs. James Stone, forgery.
- The People vs. John D. Wilson, assault with intent to do great bodily harm.
- The People vs. Matt Siellampa, larceny.
- The People vs. Michael Mariette, violation of liquor law.
- The People vs. Frank Larson, violation of liquor law.
- The People vs. Andrew Petena, violation of the liquor law.
- The People vs. Robert Lorenzo, violation of the liquor law.
- The People vs. Herman Murto, violation of the liquor law.
- The People vs. William McKee, larceny.
- The People vs. William Piggott, obtaining money by false pretense.
- Laura McCarthy, administratrix of the estate of Robert McCarthy, deceased, vs. Marquette County Telephone company, case.
- Samuel Hosking vs. Cleveland Cliffs Iron company, case.
- The People of the state of Michigan vs. John D. Mangum, assumpsit.
- Michigan Iron & Land Co., limited, vs. George Nester, administrator of the estate of Thomas Nester, deceased, George Nester, John E. Nester, Frank Nester, and Mary S. Burke, trespass of the case, trover.
- James Russell vs. Daniel Eugene Hampton and the Kalamazoo Telegraph company, case.
- Joseph Silverman trading as Joseph Silverman & Co. vs. John H. McMILLAN, assumpsit.
- Gustav Loehman vs. John A. Dexter, assumpsit.
- Globe Tobacco company vs. Robert Reinhardt, assumpsit.
- Joseph H. Primm vs. Eggert J. Mapes, et al. bill to declare and establish a trust.
- Charles Johnson and the Cleveland Cliff's Iron company, vs. Philip J. Hogan, John R. Gordon and Louise T. Hull, mortgage, et al. bill to quiet title.
- Samuel Mitchell, et al. vs. Artie Iron company, Edward N. Breitung and Mary Kaufman, bill to quiet title.
- John M. Longyear and Edward W. Sparrow, vs. Peter F. Frei, Katherine Frei, Mary Frei Genette, George Frei and Fritz Frei, bill to quiet title.
- The Triangle Land company, a corporation vs. Rush Culver and Wm. F. McKnight, bill to quiet title.
- The Triangle Land company, a corporation vs. Patrick Ford, bill to quiet title.
- Wm. C. Weber vs. Prosper Roberts, et al. bill to quiet title.
- Wm. C. Weber vs. First National bank of Hancock, bill to quiet title.
- Wm. C. Weber, vs. Lou J. LeVeque and the University of Rochester, bill to quiet title.
- Ella M. Jacobs, vs. William H. Gilbert, bill to quiet title.
- Edward Hayward, vs. Wm. H. H. Wellstead, accounting.

### FRANK LABONTE DIES.

Was a Pioneer and Has Lived in Marquette for Fifty-Seven Years.

Frank Labonte, who has lived in Marquette for more than half a century died yesterday afternoon at 9 o'clock at the home of his daughter, Mrs. Edward Perrin. At the time of his death which was caused by a complication of ailments due to old age, he was seventy-seven years old.

Mr. Labonte came to Marquette in 1850 and has made his residence here ever since. He is survived by three sons and two daughters: Mrs. Perrin and Mrs. B. Duchane and Godfrey, Adolphus and Frank Labonte, Jr. The funeral is to take place from the Perrin home tomorrow morning.

Dance at Keough's Hall tonight. (9-4-14)

### STOP THE LEAKS.

Now is the time. That is our business. The best shingles for the least money. Consolidated Fuel & Lumber Co. Both Phones. (4-27-14)

You will always find two first-class barbers at the Nester block barber shop. D. CRONKRIGHT.

### AFTER MANY YEARS.

Mrs. Fred LeMay Found Brothers and Sisters in Canada.

Mrs. Fred LeMay, 211 Maple street, has returned to Marquette from the first trip she ever had in her life, as it led to a family reunion of four sisters and three brothers who had not met together for twenty-four years, or since they were children. Mrs. LeMay, whose maiden name was Delina LeMay, lost her parents by death when she was four years of age. The seven children were all young and the family was broken up, the children being taken by their home in the province of Quebec.

Mrs. LeMay became the "lost" child. She was adopted into the family of Henry DelRee. When she had reached the age of fourteen the family moved to the Lake Superior region, settling at the Whitefish. It was always a cause of great regret to Mrs. LeMay, after she reached an age when she gave much thought to such things, that she had lost track of her brothers and sisters, and early this year she determined, if possible, to locate them. Some weeks ago she left for Canada on one of the Ste. Anne de Beaupre excursions, and went to the former home of her foster parents in the province of Quebec, where she visited their relatives. She was successful beyond her expectations in locating her blood relatives, and found all her brothers and sisters. The four sisters, one of whom is Mrs. LeMay's twin, met at Quebec, and went to Wolvum, where they had a reunion with her brothers. It was a very joyous event for all the parties, and Mrs. LeMay is greatly elated with at the success of her quest in Canada.

### CHILDREN'S DAY AT COUNTY FAIR TODAY

FIRST DAY OF THE HORSE RACES—MARQUETTE DAY TOMORROW AND STORES WILL CLOSE.

Today is the first day of the race meeting at the county fair and it is Children's day. As announced in The Mining Journal the schools were dismissed yesterday morning as soon as the preliminary organization of the pupils had been effected, and they will not re-open until next Monday.

**Children's Day.**  
At noon today all the school children are to be taken to the fair and are to be admitted without charge. They are the guests of the Agricultural association. Each class is to be chaperoned by its teacher and special street cars to the grounds have been provided for through the generosity of Peter White.

The cars are to start from Front street at noon today. Yesterday was the opening day of the fair and as was expected, the attendance was poor. The rain in the afternoon sent the few who did attend home, but it also freshened up the appearance of the grounds for today. For today the weather man has promised fair weather.

**Displays Are Good.**  
Yesterday a large number of exhibits were placed on display, and among them is the farm produce display. It was feared on account of the late season that this display would not be up to the standard, but from exhibits now in place this is a mistake, and the display, it is said, is even better than the displays of former years.

The races today are a 2:35 trotting race and a 2:20 trot or pace and, although the track will probably be heavy on account of yesterday's rain, the promise is that "there will be horse racing, the best that Marquette has ever seen." The judges and other officials are to be announced tomorrow at the track.

**The Entries.**  
Entries in the 2:35 class for the race tomorrow are Emma Sweet, Red Light, Phil Annot and Charlie Sam. Entries in the 2:20 class for the race today are Lady Arkwood, Billy Mack, Korrel Boh, Reuben, Baron Bell and Kingston Boy.

There are now about twenty horses at the track and the association has had trouble to care for them all. The last arrivals were Kingston Boy from the Soo, owned by John McCann and Baron Bell from Escanaba, owned by Wm. L. LaFane. The purse for each race today is \$250.

**Stores to Close.**  
Tomorrow afternoon it has been announced that the stores will be closed for the fair and tomorrow will be Marquette day. The races tomorrow will be at 2:30 or 3:00 or later and what to many is the biggest racing event of the entire meeting, the free-for-all. The purse for each race will be \$250. Friday is Marquette county day.

### 300 CANAL PASSAGES.

Boats Locked Through, Bound for Ports on Lake Superior.

Sault Ste. Marie, Mich., Sept. 3.—[Special].—The upbound boats passing the canals the last twenty-four hours were the following: Goodyear, 8:40 p. m.; Crescent City, Van Hise, Falcon, Northwest, Sonoma, 9:40; Sonora, 10:30; George Peavey, 11:30; Queen City, 12:20 a. m.; Shaw, 12:40; Nicholas, 1; Australia, Polynesia, Vail, 2:40; Henry Rogers, 3; Morse, Nasmyth, 3:20; Wilpen, 4:40; Dave Whitney, 5:20; Rees, 6; Louisiana, 7; McWilliams, Sultana, 8; Louisiana, 8:40; Chas. ### Marquette Port List.

L. S. & I. dock: Cleared—Colonial, Pontiac, Cleveland, Loading—Michigan, Black Rock, Ingois, Chetaw.

The Venus, Brown and Cumberland are at the coal docks.

The steamer Bon Ami was in port last night, enroute to Green Bay.

### THE IRISH PAWN BROKERS.

Manager Koepcke informs us that he is negotiating with the managers of "The Irish Pawnbrokers" for one night. He says there is very little chance for such a company having a date open. No matter, let them know we are on earth. We may catch them on their return. You must remember, 'twas wind that made Chicago. Keep blowing your horn.

### APPOINTMENT FAILS; WILL HOLD ELECTION

COUNCIL SPLITS ON IMPORTANT QUESTION AND ASIRE CASTS THE DECIDING BALLOT.

### NEW CONTROLLER NOT NAMED

Date of Election for Recorder Is September 17—List of Polling Places Is Given by Aldermen.

It was finally decided by formal resolution presented at the council meeting last night to hold an election to fill the vacancy in the office of recorder and the date selected for the election is September 17 next.

**Effort Fails.**  
Another effort to appoint Harry Siegel to the office last night failed. At the preceding meeting Mayor Robertson, who is still out of the city, named Siegel, but after some discussion the appointment was tabled. Last night Alderman Williams made a motion that the appointment be taken up again and confirmed. Alderman Schauer seconded the motion.

**Two Object.**  
Both Aldermen Donovan and Peters arose to object and the floor was given to Donovan who said that the people wanted an election to fill the vacancy in the office. He made a substitute motion that an election be held and this was seconded by Alderman Peters. On the vote the council split and Acting Mayor Asire cast the deciding ballot.

Those who voted to hold an election were Donovan, Peters, Corbett, McCarthy, Reichel and Asire. Those who voted against holding an election and who were in favor of the appointment were Campbell, Downey, Ekstrom, Schauer and Williams. The date of the election was formally fixed and the voting places chosen are as follows:

**Voting Places.**  
First ward—Dornis' livery barn on Division street.  
Second ward—Road roller building on Spring street.  
Third ward—Hodgkins' livery barn on Pine street.  
Fourth ward—City Hall.  
Fifth ward—Tobin's building, 825 New Third street.

Candidates for the election may either be chosen by a city convention the delegates to which are chosen at ward caucuses or by a mass convention.

**Controller Not Named.**  
No action was taken upon the vacancy in the office of controller. Horace Lohdell who was named for this place by Mayor Robertson, declined it. Acting Mayor Asire last night said that he did not care to assume the responsibility of naming anyone in Mayor Robertson's absence though it was thought by some that he would act in the matter. Mayor Robertson was called to Owen Sound, Ont., ten days ago by the illness of his brother and it is not known when he will be able to return to the city. The next meeting of the council will be held September 19.

### HUCKLEBERRY PICKERS.

**Northern State Normal School MARQUETTE**  
School Begins October 2, 1907

The Northern State Normal School admits graduates of approved high schools to the two years' course leading to a life certificate and diploma. It offers courses leading to a three-year certificate, which is renewable for three years and valid in graded schools, and also a rural school certificate. Has excellent facilities for training teachers for special work in Kindergarten, Music, Drawing and Nature Study. It has an exceptionally fine corps of teachers who are specialists in their departments, and its training school gives a splendid opportunity for the training of teachers.

There is a splendid dormitory in connection with the school which is an ideal home for the student. The building is lighted with electricity and heated with steam; the living rooms are large, well lighted and pleasant, and the dining room has a seating capacity of one hundred and fifty persons. The expenses are moderate.

Students of the Northern Normal School who finish the life certificate course are given fifty-six hours credit at the University of Michigan. For information and catalogue write to
