The Salvation Army services tonight and tomorrow will be in charge of Adjutant Carl Nelson of Minneapolis. This officer is a Marquette man and was one of the first of the soldiers to be recruited here. He is the guest of relatives for a week or more.

FOUND LODGER DEAD IN ROOM OF SALOON

JURORS AT INQUEST HELD LAST NIGHT DECLARE STRANGER DIED OF HEART DISEASE.

A man who is only known by the name of Peter Maki and who, it is believed formerly lived at Birch was found dead on the floor of a room adjoining the saloon of Perella & Karala at 116 West Spring street yesterday morning. At an inquest which was held last night in the office of Justice of the Peace Byrne, who conducted the hearing, the verdict returned by a jury was that the man had died of heart failure.

Maki was first seen at the Saloon Wednesday night when he was given permission to sleep in the room. Thursday night he returned and again asked to be allowed to sleep in the room. Yesterday morning, the bartender, Gust Brandt, according to his testimony at the inquest, found the man lying on the floor dead. Kerala, one of the proprietors of the saloon testified that he was called by Brandt and they had the body removed to Tomella's undertaking rooms. Dr. J. Flynn said that he has made an examination of the dead man and had found no marks of violence, and he stated the belief that the man had died of heart failure.

The man's name was not known until late in the day when he was identified as a humberman who had gone by the name of Peter Maki and had worked in a number of camps near Birch. It is not known whether he has relatives in either Marquette or Birch and the funeral will probably be conducted by the county.

The jurors who served last night were Charles Haman, Henry Patenaude, Henry Shoultice, Patrick Falvey, L. E. Reiderer and James E. LaFortune.

FATHER FLANNIGAN'S WILL IS PROBATED

PRIEST BURIED HERE TUESDAY LEAVES BULK OF FORTUNE TO CATHOLIC CHARITIES.

In his will disposing of an estate of \$12,500 filed for probate yesterday, the Rev. P. M. Flannigan, late pastor of St. Anne's church, whose funeral took place in Marquette last Tuesday, bequeaths two-thirds of the amount to Catholic charity institutions for the aged, hospitals, and asylums, the other third of the estate to be divided equally among his relatives.

To Charity.

The money to be distributed to the Catholic charitable organizations in Chicago is as follows: Little Sisters of the Poor, \$1,000; St. Joseph's, St. Elizabeth's, and the Alexian Brothers' hospitals, \$1,000 each; St. Vincent's infant asylum, 191 La Salle avenue, \$1,000.

Bequests to Relatives.

Bequests of \$1,000 each were left to his brothers, J. F. Flannigan, Leadville, Colo.; R. C. Flannigan, Norway, Mich.; sister, Agatha Flannigan, and a niece, Kate Cook of Iron Mountain, Mich., and a bequest of \$800 to his father's servant.

The balance of the estate, if there should be any after the other bequests are paid, is to be given to St. Vincent's infant asylum. The instrument was filed by Attorney P. J. O'Keefe, and letters testamentary were issued to the Rev. Edward Kelly, pastor of St. Cecilia's church.

FOXY HUBBY.

Into the house the good man came,
With doves upon his breath,
And up the stairs he softly crept,
As one afraid of death.
"What is the time?" his wife cried out.
"It's 12 o'clock," cried he,
And right away the cuckoo clock
Cuckooed the hour of three.
But he was wise. He did not run
As some poor husbands would.
Instead, with ready hand, tank he
Cuckooed nine times to make good.
"This was a case of the proper thing at the proper time, but he "made good" in a far more satisfactory manner to the wife by escorting her to the theater a few nights later to see the funny comedy, "The Irish Pawnbrokers," which is headed by the great farce comedy triumvirate, Murphy, Murphy and Murphy, who wonder if "the dog that speaks with his tail is something of a wag."

You will always find two first-class barbers at the Nester block barber shop, 8-23-07.

ing an investigation on the land and are to report upon the feasibility of running it through the two farms.

Biggest Load Recorded—The biggest load that the municipal lighting plant has ever carried was recorded by the instruments Wednesday evening, between seven and eight o'clock. The Lake Shore Engine works were running, all the stores were opened, the opera house was illuminated and light was in general use everywhere. The instruments at the power station showed that 1,100 electrical horsepower was being developed. This was equivalent to 1,300 horsepower at the wheel, as about fifty horsepower is used to run the exciter and there is usually a 10 per cent loss between wheel and wires. The instruments showed that 825 kilowatts of electricity was being developed. This quantity of electricity is sufficient to illuminate, in round numbers, 17,000 sixteen candle power incandescent lamps. The new wheel has been working satisfactorily ever since its installation.

OUR sort of School Clothes, the Xtragood Make, puts a boy on his metal and his manliness stands right out. They are just right. Don't think of buying cheap or inferior Clothes for a School Boy. It won't pay. It never pays! Our School Suits cannot be made better or priced lower. Our prices and qualities agree.

Our sort of School Clothes are made from the most durable Cheviots and Cassimeres, sewed with silk; linings strong; buttons on with linen thread. Every point where strain comes is reinforced. Nothing omitted that would add to the appearance or durability of the Suit. And yet we make moderate prices.

STREET RAILWAY FRANCHISE GRANTED

OPERATORS OF SYSTEM ARE REQUIRED TO PAY ONE-HALF THE COST OF REMOVING SNOW—OTHER IMPORTANT PROVISIONS.
 The city council at its regular monthly meeting Thursday evening granted an extension of the Marquette County Gas & Electric company's street railway franchise until July 11, 1908. The ordinance was carefully prepared by the city attorney, in conjunction with the street and highway committee and board of public works, and is identical with an ordinance adopted by the Negaunee council granting a similar extension.

The ordinance contains provisions empowering the city to compel the company operating the line to observe certain restrictions. One deals with the removal of snow from the streets through which the railway now passes, or may hereafter pass during the life of the ordinance. The board of public works has the power to remove such snow as it thinks advisable, and one-half of the cost is to be borne by the street railway company. In past years the city has had trouble over the removal of the snow, but since the Granger Park company took the system there has been no friction between the management and the highway department.

Under the provisions of the ordinance the Marquette County Gas & Electric company shall grant the operators of an interurban line, should one be built by some other concern, the privilege of running their cars over the Ishpeming tracks. In the event of the operators of the Ishpeming and interurban systems being unable to agree on a price for this privilege, the matter shall be submitted to a board of arbitrators, three members, one of which is to be named by the city, and one each by the companies interested. The Marquette County Gas & Electric company will also be obliged to extend its track, if the city so directs, to connect with the interurban line.

Should the council at any time deem it advisable to have the operators of the street railway system change the route to streets other than those now occupied, the council shall have the power to compel the change or changes, to be made.
 If at any time during the operation of the ordinance the gross earnings of the street railway line shall reach \$20,000 per mile per annum, the operating company must pay into the treasury of the city 3 per cent of the gross earnings on all mileage within the corporate limits of the city, and shall also furnish verified statements annually, or monthly, if required, to the council, showing the amount of the railway's gross earnings.
 It is also provided that the Marquette County Gas & Electric company shall perform before the first day of January, 1909, the sum of \$20,000 in improving and developing the street railway system, or in the construction of additional tracks within the limits of two cities, or \$10,000 in each city.
 The company will not at any time be permitted to operate its cars by locomotive or steam engine.
 The company must file its acceptance of the terms of the ordinance within thirty days after its adoption.

BONDS ARE REFUSED.

Firm That Agreed to Take Them Has Turned Them Down.
 Alderman Shiley, chairman of the finance committee, advised the council Thursday evening that Mason, Lewis & Co., who were the highest bidders for the \$35,000 water bonds which the council recently authorized the city officials to issue, to raise money for the payment of the proposed improvement to the water system, had now refused to take the bonds. The firm, the alderman stated, offered as an excuse for refusing the bonds that they had not received a certified copy of all the proceedings of the council relative to the issuing of the bonds, etc. Mr. Shiley assured the council that this was not true, and that any delay in connection with the transaction was on the part of Mason, Lewis & Co. He expressed the opinion that the firm had likely turned down the proposition on account of the condition of the money market.
 The committee was instructed to communicate with the next highest bidder with a view to placing the bonds as soon as possible; also to see if at least a portion of them cannot be placed in the hands of Ishpeming people. The committee will be aided by the city attorney. It is understood, however, that the bonds will not be placed at less than par.
MARRIED AT BUCHANAN.
 O. D. McClure and Miss Lewis Wedded by Former Ishpeming Pastor.
 Wednesday noon at the home of the bride's parents in Buchanan, O. D. McClure of this city and Miss Nina Lewis were united in marriage by Rev. C. D. Atwell, pastor of Grace church, Traverse City, formerly rector of Grace church here. The ceremony was witnessed only by the immediate relatives of the bride and groom. The bride was given away by her father, Fletcher Lewis.
 Both Mr. McClure and his bride are well known in Ishpeming, where they have a large circle of friends. The groom holds the responsible position of master mechanic of the Cleveland-Cliffs Iron company, and the bride has been for number of years a teacher in the schools of this city. After a brief wedding trip Mr. and Mrs. McClure will be at home on Jasper street.

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. Notre Dame, Ind., will send free to any mother her successful home treatment with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties day or night.

LIQUOR LAW VIOLATIONS.

Andrew and John Talo Will Be Given Hearing in Municipal Court.
 The men implicated in the assault on Andrew Maranta two weeks ago last Sunday morning, when he had his throat cut, were directly responsible for getting John Talo, a Pearl street saloon keeper, into trouble. In giving testimony at Judge Andrews' court in the assault case all testified that they were in John Talo's saloon between 2 and 4 o'clock Sunday morning and that they had bought drinks there. Four other witnesses also gave similar testimony. Following the release of the four men held on the charge of assault with intent to do great bodily harm less than the crime of murder, a warrant was sworn out for John Talo, and he is to be given a hearing next Tuesday morning. When brought to furnish his bond Talo asked that his hearing be set for a later date.
 Andrew Talo, who was recently arrested on complaint of Charles Swanson, whose minor son he alleges, purchased liquor at Talo's place, will also be given a hearing Tuesday. It is said that Swanson made overtures to Talo for a settlement of the affair, but Prosecuting Attorney Bell would not permit a disposition of the case in that manner and told Swanson that he would have to appear in court.
 Charles Schwartzberg, the Negaunee junk dealer, in whose possession a revolver taken from the city street roller was found some weeks ago, is also to be given a hearing Tuesday, so that the day will be a busy one in the local court.

WALK WILL BE BUILT.

Mayor's Veto in Sidewalk Matter Not Sustained by the Council.
 Mayor Roberts' veto of the resolution instructing the board of public works to build a concrete walk on North Third street to the south side of the cemetery bridge was not sustained by the council at the regular meeting Thursday evening, and it is expected that the walk will be constructed before winter sets in. The motion calling for the adoption of the original resolution, which was necessary to overcome the veto, was carried by a vote of sixteen to three, the mayor and Aldermen Johnson and Cassidy voting against it. Several of the aldermen spoke in favor of the improvement. Alderman Gregg said that he had talked with a number of taxpayers regarding it and that he did not find anyone opposed to it. He said it was a public necessity. Alderman Barrett asserted that the estimated cost of the walk is \$12,000 and that \$800 of this sum will be paid by the mining companies; the rest, he declared, would mean a very small outlay on the part of the individual taxpayers, some of them paying as little as twenty-five cents. He said that inasmuch as the district through which the walk will pass has not been platted the land owners will receive no material benefit, but the walk will be used by the general public. He suggested that possibly the city council recover the money expended in the district is platted, and the lots are sold, by assessing the lot owners.

CHIEF LACEY TO ATTEND.

John Lacey, chief of the Ishpeming fire department, will attend the international meeting of fire chiefs to be held at Washington, D. C., in October.
 The meeting of the council Thursday evening a communication from the secretary of the association, asking that the chief be sent to the meeting, was read. It was pointed out that the meeting ever held in this country, and that a great deal of knowledge relative to fighting fire department apparatus and the life will be obtained by the chief attending. The council appropriated \$100 to defray Mr. Lacey's expenses.
TOOK BACK HER LOVER.
 "All the world loves a lover." In "A Message from Mars," which will be seen at the Ishpeming theatre next Thursday evening, there are a pair of lovers that rivet the attention of audiences from the time the story of the play begins until it ends, and of course it ends happily. True love does not seem to run smoothly anywhere, and as shown in this play its smoothness is disturbed by that most abominable of crimes, selfishness. The girl throws her sweetheart overboard because he is selfish. When he reforms and she takes him back, but in bringing about this reformation she has lost the love of her life. It is heroically done by a messenger from the planet Mars.

WILL REMODEL BUILDING.

James H. Malloy, Ishpeming agent of the Chicago & Northwestern railway, sent a communication to the council Thursday evening, asking permission to remove the building formerly used as a passenger station to its vacant grounds directly north of E. A. Johnson's block. He advised the council that the Northwestern company plans to remodel the structure in accordance with the provisions of the city charter and to greatly improve its appearance. The communication was referred to the committee on buildings and grounds.

THE TOUCH THAT HEALS

Is the touch of Bucklen's Arnica Salve. It's the happiest combination of Arnicin and healing balsams ever compounded. No matter how old the sore or ulcer is, this Salve will cure it. For burns, scalds, cuts, wounds or piles, it has no equal. Guaranteed by The Stafford Drug Co., druggists, 25c.

HOW'S THIS!

Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by this firm. WALTER D. KINMAN & MARVIN, Wholesale and Retail Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75 cents per bottle. Sold by The Stafford Drug Co.

MUSICAL INSTRUCTION.

Miss Fenelon, a graduate of Ripon college school of music, also a pupil of the Chicago conservatory of music, and who did special work under Calvin B. Cady, voice work with Mr. George Hamlin of Chicago, and Mr. Francis Fisher Powers of New York, will take a limited number of pupils in vocal or instrumental music. For further information, apply to Miss Lillian Fenelon, 604 North Pine street. (9-7-11)

CONTRACT AT REPUBLIC.

William Trebilcock Will Excavate for Foundation of New High School.
 A. P. Wilson, the Marquette contractor, has given William Trebilcock of this city a contract for the excavating for the foundation of the new high school. He is to erect at Republic, also for the hauling of stone, sand, gravel, brick and other material needed on the job. A force of men has been employed for more than a week past cutting down an elevation on the west side of the school site, and the crew has just about completed its work. Boulders weighing several thousand pounds have been removed. About 1,600 yards of dirt will be removed. The opening will be 128 feet in length by seventy-four feet wide, averaging a depth of four and one-half feet. John Paul, of this city, will have charge of the work. He and three other workmen and two teams will go up Monday, but the rest of the crew will be hired at Republic. Several Republic teams will also be secured.
 Mr. Trebilcock has not yet started on his sewer contract on Empire street, as the pipe has not arrived.

COOK WITH GAS

TUBERCULOSIS TO BE SUBJECT OF MEETING

CONGRESS OF PHYSICIANS AND SUPERVISORS TO BE HELD IN MARQUETTE IN NOVEMBER.

EMBRACES UPPER PENINSULA

Dr. Harkin Addresses Communication to County Board and States Urgent Need of Prompt Action.

A congress of physicians and supervisors from all parts of the upper peninsula is to be held in Marquette, November 20 next and the purpose of the gathering will be to make definite plans to care for consumptives. Every county of the upper peninsula is to be represented at the meeting, according to present plans, and the building of one or more hospitals for the care of consumption patients only, is to be discussed.

Dr. Harkin Named.

The movement was started by the State Medical society and Dr. F. McD. Harkin of Marquette is a member of the committee named by the society to confer with the supervisors of the upper peninsula. He has already taken up the project with the boards of supervisors in every county of the upper peninsula and has addressed a number of communications to the Marquette county board.

At the recent meeting of the board he presented the following communication which states the urgent need of action in checking the disease. A member of the board is to be appointed to represent the Marquette county supervisors at the congress to be held next November. Although the communication was the most important matter discussed at the supervisors' meeting, publication of it was withheld from the official notice of the board's proceedings.

The Communication.

To the Honorable Body of Supervisors—You are perhaps aware of the campaign against the disease of tuberculosis or consumption, instituted by the State Medical society, and as I had the honor of being appointed on the state committee to look after the interest of the upper peninsula, am sending you this communication with the hope of collecting your sympathy and aid in this great and noble enterprise.

Now, let me preface my remarks, by saying that the laity in general is quite ignorant of the extent and ravages of this dread disease, which in 1906 carried off twenty-five hundred victims in the state of Michigan alone; and it is usually accounted for one seventh of all the deaths that occur annually. Twenty-five hundred deaths annually means that there must be at least two thousand people suffering from the disease in any one year. For, you must know that tuberculosis is a disease which affects not only the lungs, but the brain, bowels, liver, kidneys, and nearly every tissue and organ in the body.

As an illustration let us suppose that some foreign nation, by insidious methods accomplished the destruction of twenty-five hundred of our citizens annually—we would not be all ready to sacrifice both our money and our lives if necessary, in the prevention of such an outrage. Then why do we sit idly by, and allow this most insidious of diseases continue its work of destruction, without let or hindrance.

As the victims are usually taken from the younger and more active members of society between the ages of eighteen and thirty-six, you can readily see what a great loss it is to the state annually, to say nothing of the grief, misery, and bereavement incident to such loss. Given on a person of this nature, if necessary, under bad hygienic surroundings, if such person is exposed to the germ of tuberculosis, that person will likely acquire the disease, and unless given early and prompt treatment under the most favorable surroundings, will likely die.

Please understand that tuberculosis is a preventable disease, for if one is not exposed to the germ he cannot acquire the disease. And it is my firm opinion that if the campaign of education of the masses now being presented, is carried out faithfully, and we can have established sanitariums, where we can segregate consumptive patients not only for curing them, but for preventing the spread of the disease; we can almost rid the country of this dreaded plague within twenty-five years.

Now, the sanitarium method of treating tuberculosis, has proven so successful wherever it has been tried, that seventy to eighty per cent of incipient or early cases are cured, and about fifty percent of those in whom the disease has had a good start.

The state of Michigan is now building a sanitarium at Howell, in lower Michigan, but it will be sometime before it can adequately take care of even a fraction of the applicants from the lower peninsula alone.

It is the object to have established a similar institution in the upper peninsula, to care for not only the dependent county poor, but applicants from all walks of life afflicted with the disease; those latter to be py-patients according to their means and to help largely in defraying the expenses of the institution.

It has been proven that climatic conditions have no special bearing upon the treatment of the disease, but according to the sanitarium methods, cold being no objection, and the only thing specially to be avoided is a moist atmosphere.

The plan proposed to acquire this sanitarium is by having a delegate appointed from every board of supervisors in the upper peninsula to meet and confer with a commission of physicians at Marquette, Michigan on November 20, 1907, and then decide upon the best method to secure this sanitarium.

This plan was endorsed by the Upper Peninsula society as seen by the following resolutions.

Be it resolved: First, That the Upper Peninsula Medical society of Michigan in connection with the establishment of a sanitarium for the treatment of tuberculosis, in the upper peninsula, is an urgent necessity that demands immediate attention—and further

TODAY THE LAST DAY OF THE COUNTY FAIR

AMERICAN BEAUTY IS TO DO THE CAKE WALK AND OTHER TRICKS FOR THE CHILDREN.

GOOD ENTRIES FOR THE RACES

Much Feeling Aroused Between Standish and Copper Country People and a Match Race is Talked Of.

Today is the last day of the county fair and it is the closing day of the county fair. All the events scheduled for last Thursday and deferred on account of the bad weather are to take place today. It will be children's day.

Admitted Free.

All the school children of the county are to be admitted to the grounds without charge, and through the kindness of Peter White, free transportation has been furnished to the Marquette school children.

One of the events which, it is expected, will be most pleasing to the young people and to the older ones as well, is the exhibition of American Beauty, the trick saddle horse owned and ridden by Joe Bernard. American Beauty is all that the name implies. Besides knowing a number of gaits through which her rider puts her, she is well mannered and highly intelligent. She shakes her bows, kneels, knows how to say "yes" and "no" and what is probably best of all, dances the cake walk imitatively. American Beauty never fails to make a hit with an audience.

Promising Entries.

The races today are in the 2:35 and 2:40 classes and the entries promise interesting contests. Besides one or more match races may take place.

For the 2:35 race the horses that will start are Emma Sweet, Red Light, Phil Annot, Charlie Saam and Kingston Boy. In the other race there will be Billy Mack, Lady Arctoon, Reuben, Baron Bell and Sorrel Bob. Considerable feeling has entered into the contests and the races today will be fought to a finish. Reuben owned by Standish was not in the 2:40 race yesterday, but is to appear today against the copper country horses whose owners are after the scalp of Standish who has come to be called "the old man."

The race of the day yesterday was the one in the 2:25 class, though it was marred by several unpleasant occurrences. Billy Mack, J. Bellard's horse of Baraga took the first heat somewhat to the surprise of people who thought Air Motor and Sorrel Bob were the only horses in the race. Just before the heat was placed, W. J. LaPine's Baron Bell created considerable excitement when she reared high on her hind feet as a start was being made, and it spilled LaPine who was driving her.

Thought He Was Killed.

The mare fell backwards and hundreds thought LaPine had been crushed underneath her, but his nimbleness saved him and he started with the others. Before he covered the first eight, a second misfortune overtook him. The wheel of his sulky came off and he had to withdraw from the heat. Air Motor finished second and Sorrel Bob last.

In the second heat Sorrel Bob's driver, Matt Aho who also owns the horse, fouled Shepard, and for doing it he was set down to second place though Sorrel Bob finished first under the wire. The foul was made on the second trip around on the curve just before the horses entered the home stretch. Billy Mack was a half length ahead of Air Motor when Aho sent his left wheel into Shepard's side. The virulent profanity of the "old man" as the thing happened shocked a number of women who stood nearby and astonished some of the men who wondered at the driver's fluster. Shepard certainly has a hearty, whole-souled meaningful way of swearing.

Billy Mack Goes So.

Air Motor was given first place for the race, Sorrel Bob, second, Billy Mack took third and Barron Bell finished last. Billy Mack went lame in the heat and was withdrawn from the race.

In the third heat Air Motor won, but he was pushed hard by Sorrel Bob who took second place. The final heat of the race brought a tussle of protest from drivers, owners and some of the spectators down on the heads of the judges when Air Motor was declared a winner. Bernard who rode Sorrel Bob claimed a foul and it was also claimed that Air Motor had been off his feet for a hundred and fifty feet. No one saw a foul committed though Bernard offered the wheels of his sulky in evidence and the judges ruled that Air Motor had not hooked for the distance claimed. Sorrel Bob took second place for the heat and second money in the race. The time of the heats was 2:27 1/2, 2:29, 2:31 and 2:34.

Wins Three Straight.

The race in the 2:10 class was a donation from the fair association to Echo Medium. The three horses entered were all California horses: Bourbon C, owned by C. J. Wickstrom and driven by Bernard; Billy Sunday, owned by H. Goulette and driven by Fred Jeffries and Echo Medium, owned by M. Kemp and driven by Saam. Echo Medium took three straight heats, and the nearest approach to a hooker for the distance claimed. Sorrel Bob took second place for the heat and second money in the race. The time of the heats was 2:05 1/2, 2:07, 2:09 and 2:11.

Some talk of a match race between Sorrel Bob and Air Motor has grown out of the troubled state of affairs between Standish and the copper country people. It was said yesterday that Mike Griffin of Negaunee, remembered as owner of Two-Strike, had \$500 he wanted to place on his judgment that Sorrel Bob was faster than Air Motor. Colonel Howard stated that he would take the bet and at least one of the owners, Shepard, consented to race. Colonel Howard said last night that he had the money and was writing for Griffin to appear at the bottom.

Wanted.

at the Lake Shore Engine Works' new plant, 25 bricklayers and 25 laborers at once. Apply of C. C. VAN IDERSTINE, (8-19-11) Ely Park Addition.

Northern State Normal School MARQUETTE

School Begins October 2, 1907

The Northern State Normal School admits graduates of approved high schools to the two years' course leading to a life certificate and diploma. It offers courses leading to a three-year certificate, which is renewable for three years and valid in graded schools, and also a rural school certificate. Has excellent facilities for training teachers for special work in Kindergarten, Music, Drawing and Nature Study. It has an exceptionally fine corps of teachers who are specialists in their departments, and its training school gives a splendid opportunity for the training of teachers.

There is a splendid dormitory in connection with the school which is an ideal home for the student. The building is lighted with electricity and heated with steam; the living rooms are large, well lighted and pleasant, and the dining room has a seating capacity of one hundred and fifty persons. The expenses are moderate.

Students of the Northern Normal School who finish the life certificate course are given fifty-six hours credit at the University of Michigan. For information and catalogue write to
