

GIVES UP HUSBAND FOR SAKE OF SONS

Compelled to Choose Whether Her Children Have Wealth or Poverty, Mrs. Burke-Roche Batonyi Sacrifices Own Happiness.

Implacable Millionaire Father, Unrelenting Though on His Deathbed, Lays Down Ultimatum Daughter Must Leave the Man She Loves if Her Two Boys Are to Share in Big Estate, and in Heart-Rending Conference Young Couple Agree to Part.

Newport, R. I., Sept. 8.—Society is sentimentally informed that Mrs. Burke-Roche Batonyi and her husband, formerly a professional whip, have separated. No scandal is attached to the separation, it is understood, nor is there any reference to that old social standard, "incompatibility of temper." Indeed, it is openly stated that Mr. and Mrs. Batonyi love each other as devotedly as ever, and that their separation has been brought about, frankly and simply, because the wife was summoned flatly to choose between her husband and her father's fortune.

Aged Frank Work, a millionaire many times over, now on his deathbed in New York, has been implacable in his hatred of Batonyi ever since the marriage of the former with Mrs. Burke-Roche was announced. Since the ceremony he has refused to see his daughter. Recently he issued an ultimatum. His daughter must either renounce her husband and sign a pledge never to live with him again, or suffer the forfeiture of her inheritance. Mrs. Batonyi, for herself alone, but for her two sons as well.

It is the thought of condemning her boys to poverty that is said to have caused Mrs. Batonyi to decide upon the renunciation. On Monday, it is currently reported here, Mrs. Batonyi will meet her father's lawyers at his bedside in the Madison avenue residence, New York, and sign the solemn pledge which will sever finally her relations with Batonyi. Meanwhile, Batonyi is living here in bachelor lodgings.

The affair is creating all sorts of talk in the social set here. Few members of which have ever consented to meet Batonyi, save in his capacity as a teacher of four-hand playing. Great sympathy is felt for his wife, who, prior to her second marriage, was the divorced wife of W. Burke-Roche, son of an Irish peer. Prior to that she was Miss Frances Work, one of the most beautiful debutantes in New York society. After her first marriage she was one of the most knowledgeable leaders of the most exclusive circles in New York and Newport.

Married Rising Teacher. Her romance with Ariel Batonyi, whose real name is said to be Arthur Cole, was of long standing. Their names having been coupled for several seasons before the sudden announcement of their marriage was made two years ago. Batonyi, in addition to having been employed in riding academies in New York as a whip, had also done some service for Frank Work.

FIGHT MAY SETTLE FATE OF MOROCCO

Sultan and the Pretender, Each Massing Considerable Forces of Their Followers, a Bloody Battle Is Imminent.

Result Probably Will Determine Who Is to Rule—In the Meantime, the Heralded Peace Delegates Failing to Appear at Tangier, the French Announce the Armistice Will End Today and Thereafter the Campaign Will Be Pushed With Vigor.

Paris, Sept. 8.—An interesting development in the Moroccan situation is the probability of a battle between the armies of the pretender and the present sultan in the vicinity of Rabat on the Atlantic coast and half way between the respective capitals at Fez and Morocco City.

Contenders Are Half Brothers. Half way between Fez and Morocco City, Rabat is the natural frontier point, dividing northern and southern Morocco and there the dramatic interest of the situation for the moment culminates.

ARMISTICE EXTENDED A DAY.

Big Allied Army Proposed.

Paris, Sept. 8.—The Madrid correspondent of the Echo de Paris says it is rumored in military circles that France has proposed to Spain to send a Franco-Spanish army of fifty thousand men to occupy Moroccan ports and go as far as Fez if necessary.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Entered as second matter of the second class in the postoffice at Marquette, Mich.

The new railroad commission will presently undertake its herculean task of pleasing everybody.

The grand total of attendance at the state fair at Detroit was over 300,000, the profit over \$20,000.

At last reports Cal Houck of Ironwood, postmaster, was sitting tight on his nomination as one of the delegates who will help frame the new constitution.

In the excitement of the race for the office of recorder let us hope that the Marquette voters will not overlook our candidates for delegates to the constitutional convention.

As we have said right along there is no one who can well help admiring Senator Foraker's political bravado.

The conclusion is being forced that the mysterious "Charlie" must have gotten out of town in an airship.

Will the 40 per cent provision of the primary law be eliminated? Will Warner run again? Will Newberry deliver Michigan to Taft? Will Taft get Michigan at all? Will the office of recorder be disposed of without litigation? We dunno.

Mayor Roberts of Ishpeming voted "no" on the question of extending the Marquette County Gas & Electric company's Ishpeming franchise.

We thought so. The Soo Times' trotting out of Chase S. Osborn for congress was without authorization.

In the light of the Soo Times' suggestion of Chase S. Osborn as a candidate for the Republican nomination for representative in the 12th district, and the comment thereon by various upper peninsula papers, the following reference to the matter by the Soo News has a particular interest:

For the benefit of the Houghton Mining Gazette and any others of the twelfth district papers that have taken the announcement of the candidacy of Chase S. Osborn for congress which appeared in a local Democratic paper seriously, it should be said that when, if ever, the Hon. Chase S. Osborn becomes a candidate for congressional honors the announcement of that fact will not be made in a Democratic newspaper, nor will his boom emanate from men who have never let slip an opportunity to do him injury for the past half dozen years.

The use of electricity in Marquette has reached a development that it is said is nowhere approached in this country in a city of similar size.

For the benefit of the Houghton Mining Gazette and any others of the twelfth district papers that have taken the announcement of the candidacy of Chase S. Osborn for congress which appeared in a local Democratic paper seriously, it should be said that when, if ever, the Hon. Chase S. Osborn becomes a candidate for congressional honors the announcement of that fact will not be made in a Democratic newspaper, nor will his boom emanate from men who have never let slip an opportunity to do him injury for the past half dozen years.

IT IS SERIOUS. Some Marquette People Fail to Realize the Seriousness.

SUPERIOR TRUST COMPANY HANCOCK MICHIGAN Capital - - \$150,000

with its plans for a new power house that will again give it a margin of safety and for caring for more business. The thing more than any other that has been responsible for this great development in the use of the electrical current here has been cheap rates.

The Ishpeming and Negaunee councils have granted the Marquette County Gas & Electric company extensions of franchises for the operation of its street car line until 1936.

In return for the extensions the company is to expend \$20,000, \$10,000 in each city, on the improvement of its traction system.

The advent of the Granger Farwell interests in control of the Negaunee-Ishpeming traction and lighting plants has been a fine thing for the people of both those cities, as these interests are progressive and not afraid to spend money.

At the council session last week the Ishpeming aldermen rule over Mayor Roberts' veto of the resolution to construct a sidewalk to the Ishpeming cemetery at the expense of the general fund.

The mayor's veto was based on his opinion that the mining company, or companies, as the case may be, owning the land abutting on the highway leading to the cemetery should bear the expense, this despite the fact that the land is unimproved; that the sidewalk would in no manner enhance its value and that it was of no use to these interests, but was proposed to be built entirely for the accommodation of the public.

It was a bald case of "playing politics," so bald that when it came to a showdown the mayor was nowhere, which again goes to prove that all the people can't be fooled all the time.

James Scully of Ionia has been appointed by Governor Warner as the Democratic member of the railroad commission, and has agreed to serve.

There is no apparent reason why he should not make a valuable member of the commission. The other members are C. L. Glasgow, head of the present state railroad department, and George H. Dickinson of Pontiac, a practical railroad man.

Mr. Dickinson has already impressed the people of the state as being a man with whom important responsibility is well placed, and Mr. Dickinson's appointment has been generally commented on as being a good one.

TRINITY CHURCH CEREMONY.

In the presence of a large concourse of people the cornerstone of the new Trinity Episcopal church of Houghton was laid yesterday afternoon by Rev. Joseph A. Ten Broeck, rector of Christ church of Calumet. The ceremony was less elaborate than originally planned, it having been found that the Houghton lodge of Masons could not secure a dispensation for the ceremony from the grand lodge, but it was nevertheless impressive and in keeping with the importance of the occasion.

COPPER COUNTRY MORTUARY.

The infant child of Mr. and Mrs. Joseph Mayworm of Tamarack City died Saturday afternoon. Mrs. Peterson, an old resident of Houghton, died Saturday noon after a short illness. She is survived by her husband and four children. The funeral will take place from the late residence next Thursday afternoon.

Women Avoid Operations

When a woman suffering from female trouble is told that an operation is necessary, it, of course, frightens her. The very thought of the hospital, the operating table and the knife strikes terror to her heart. It is quite true that these troubles may reach a stage when an operation is the only resource, but a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after an operation has been decided upon as the only cure.

MISS ROSE MOORE. Lydia E. Pinkham's Vegetable Compound made from native roots and herbs, have escaped serious operations, as evidenced by Miss Rose Moore's case, of 307 W. 26th St., N. Y. She writes: 'Dear Mrs. Pinkham:—Lydia E. Pinkham's Vegetable Compound has cured me of the very worst form of female trouble and I wish to express to you my deepest gratitude. I suffered intensely for two years so that I was unable to attend to my duties and was a burden to my family. I doctored and doctored with only temporary relief and constantly objecting to an operation which I was advised to undergo, I decided to try Lydia E. Pinkham's Vegetable Compound. It cured me of the terrible trouble and I am now in better health than I have been for many years.'

CRIMINAL CALENDAR.

One Case of Murder and Twenty-Three Saboteur Cases. The following is the criminal calendar for the September term of the Houghton county circuit court, which will open next Monday morning, as announced by Prosecuting Attorney Kerr on Saturday.

BIG DAY AT CALUMET.

The Calumet & Hecla mining picnic on Saturday was one of the biggest of the year. The people of Calumet generally observed the day as a holiday, and Tamarack Park had one of the biggest crowds in years. The full Calumet & Hecla band furnished music. The picnic is to be an annual event of the future.

HOUGHTON, MICHIGAN. OFFICERS. DIRECTORS. Graham Pope, President. C. V. Seebor, Vice-President. C. H. Moser, Cashier. Graham Pope, C. V. Seebor, B. F. Chynoweth, J. H. Jaeger, A. F. Heidekamp, M. Schulte, John O. Stone, C. H. Moser.

CELEBRATE JEWISH NEW YEAR.

All of the Jewish people of the copper country will today and tomorrow observe the festival of the Jewish New Year, which opened last night and closes tomorrow night. There will be religious ceremonies in Calumet and Houghton. At the latter place the meeting will be held in the Citizens bank hall tomorrow night, and this is the regular time for the meeting of Columbia lodge, Knights of Pythias, that lodge will postpone its session until Thursday night. It will be the first meeting since the summer election and will be made attractive by a special program and a luncheon.

NOTES OF COPPER NEWS.

The Calumet & Arizona is planning a material increase in its smelting capacity in order to meet the growing demands of the Superior & Pittsburg. The present capacity of the smelter will be increased from 300 to 350 tons daily capacity each as soon as the work can be done. Material is now being collected at the works. When these five furnaces have been enlarged two more will be built, giving a total smelting capacity of 3,000 tons per day.

COPPERDOM BREVITIES.

The Hancock naval reserve gave a boat drill off the U. S. S. Yantic yesterday afternoon. It was witnessed by hundreds of spectators. Arthur Daniels, supply clerk for the Calumet & Arizona Mining company at Bisbee, has returned to the Southwest after a visit at his home in Calumet.

REMEMBER TWO BIG FIRES.

Osceola Disaster Recalled—Tamarack No. 1 Shaft Fire. Calumet people recalled on Saturday that the day was the anniversary of the greatest mine disaster which ever visited the copper country, the Osceola fire which twelve years ago burned out the Osceola shaft and caused the death of thirty-five underground employees of the company. The fire was one of those mysteries of mining which no one could solve, and it grew with such rapidity that the life of every underground employee was endangered.

MINING NEWS.

GRANBY. The annual meeting of the Granby Consolidated Mining, Smelting & Power company will be held in New York Oct. 1 at which time the report covering operations during the twelve months ended June 30, 1907—the best in the history of the corporation—will be presented. Books, as for the dividend, close Sept. 13 and reopen Oct. 1. With the question of the price of copper in doubt and uncertainty expressed in many quarters regarding the ability of certain companies to maintain dividends at present rates, the Granby commences its new fiscal year with a 3 per cent payment, or at the rate of 12 per cent per annum, while projecting last year (ended June 30) about 20,900,000 pounds, which is an amount less than had been expected, the Granby received a good average price for its output, probably better than 22 cents a pound, as compared with 21.30 cents, Weyerhaeuser's average for the same period. It is to the advantage of Granby compared with other companies.

THOSE HANCOCK POLES.

Telephone Company and Council Divide Honors in Argument.

The telephone poles of the Michigan State Telephone company in the newly paved portion of a business street will be moved, the council's order of last May will be obeyed by the company, after a fight extending over the entire intervening time. The final decision seems to divide the honors of the argument between the council and the company. The latter will make the change, but will not have to place its wires underground as a result, because the property owners will permit it to set up poles in the rear of their Quincy street lots, giving the company practically the privileges of an alley.

The purpose of the council was to beautify the main street by the removal of poles. Originally it was desired to have the company place the wires in conduits, an expensive matter in such a rocky territory as Hancock. The company fought this idea in various ways and finally at a meeting there was held and appointed a committee to interview property owners, asking them to permit the use of the rear of their lots for the poles for the sake of beautifying the frontage. The property owners agreed to this, and now the matter is up to the company. The latter corporation promises an equally meritorious performance. The board will discuss tonight the size and capacity of pump required, and will invite machinery manufacturers to visit the city for a survey before making bids.

Other Municipal Affairs.

The Hancock board of public works will hold an important meeting tonight. Matters connected with the water works department will be taken up, including the purchase of a pump and the contracts for new water mains. The council has decided that a new water works pump of large capacity is necessary, in anticipation of a decided increase in population in the near future, and the board of public works is authorized to advertise for bids for the machinery. CELEBRATE JEWISH NEW YEAR.

All of the Jewish people of the copper country will today and tomorrow observe the festival of the Jewish New Year, which opened last night and closes tomorrow night. There will be religious ceremonies in Calumet and Houghton. At the latter place the meeting will be held in the Citizens bank hall tomorrow night, and this is the regular time for the meeting of Columbia lodge, Knights of Pythias, that lodge will postpone its session until Thursday night. It will be the first meeting since the summer election and will be made attractive by a special program and a luncheon.

NOTES OF COPPER NEWS.

The Calumet & Arizona is planning a material increase in its smelting capacity in order to meet the growing demands of the Superior & Pittsburg. The present capacity of the smelter will be increased from 300 to 350 tons daily capacity each as soon as the work can be done. Material is now being collected at the works. When these five furnaces have been enlarged two more will be built

Yesterday's temperatures: Seven a. m., 36 degrees; noon, 61; 7 p. m., 58. Maximum, 92 degrees; minimum, 56.  
Mr. and Mrs. C. A. Shelton left Saturday night for Chicago.  
Judge William Andrews of Ishpeming was in the city Saturday.  
James Vivian of Ishpeming visited friends in the city Saturday.  
Mr. and Mrs. William Dean left yesterday on the Tionesta for Buffalo.  
Frank McNamara is to leave today for Cleveland. He has accepted a position there.  
Will Maas and Charles Sporely of Ne-gaunee were in the city Saturday, to attend the fair.  
Hilmer Carlson left for Milwaukee Saturday night. He has accepted a position in that city.  
Miss Emma Scott and Clarence Clover are visiting at the Frieberg summer home at Lakewood.  
William Fay of Chicago is visiting James Maynard, at the home of Miss Carrie Pickands, on Arch street.

The Misses Gregory and Farwell of Chicago have returned home from an outing at the Baron Mountain club.  
Mrs. J. H. Brown and son, Leslie of Ishpeming, were the guests of Mrs. August Thoney, Saturday and Sunday.  
Mr. and Mrs. Richard Burrows of Ishpeming visited friends in the city Saturday and attended the county fair.  
Miss Edythe Williams returned Friday from Sault Ste. Marie, where she has spent the summer with friends and relatives.  
Miss Flora E. Hill has returned to her home in Flint from an extended western trip. She will remain in Flint until the Normal school opens.

Mr. and Mrs. S. A. Houck returned Saturday from a recent trip, during which they visited friends and relatives in Detroit, Chicago and Indianapolis.  
P. C. Beanson has gone to Saratoga, N. Y., to attend the national encampment of the G. A. R. He is a delegate sent by the Albert Jackson post of the city.  
Mr. and Mrs. J. A. Malhoit left for Chicago last evening, for a week's stay, during which Mr. Malhoit will make purchases of fall stock for the Variety store.

The Misses Emma and Martha Bjork-lon, who now reside in Ne-gaunee are visiting their parents on Washington street. They will be in the city a week.

Mr. and Mrs. Julius Schweitzer and family, who have been visiting Mr. Schweitzer's mother, Mrs. Mary Schweitzer, in Blue street, left yesterday on the Tionesta for their home.  
William J. Cooney, brother of Mrs. Delia Taylor, who was brought up in Marquette, has been a visitor here the past few days. With one exception it is Mr. Cooney's first visit here in some twenty years.

Miss Augusta Cooney has returned to Marquette from Escanaba, after a twelve week's residence at the latter place, to resume her residence with her sister, Mrs. Delia Taylor. Miss Cooney has been the organist at St. Patrick's church in Escanaba.

The front axle of J. E. Ball's big touring car broke Saturday morning at a point opposite the office of the Carp Works. A new axle has been telegraphed, and it is hoped to have the machine in commission again within a week or so.

New Bill at Bijou—This week's bill at the Bijou is an unusually good one and a number of new features have been added to the program. Since it was fitted and redecorated the theater is becoming more popular daily.

LaFave Leaves—Joe LaFave, who has caught with the Marquette baseball team for the past season, leaves today for Minneapolis where he has accepted a position. The game yesterday was practically the closing one of the season.

Hogan Inquest Tomorrow—An inquest is to be held tomorrow morning in the office of Justice of the Peace Byrne. The jury before which the evidence will be presented was impaneled last week.

Meeting Postponed—Owing to the absence from the city of a number of officers of the Queen City Commercial club and for other reasons, the meeting which was to have taken place at the city hall tonight, has been postponed for a week. The meeting will be held Monday, Sept. 16.

Schools Open Today—All of the city schools will open today and the regular work of the fall term will begin. Last Tuesday was announced as opening day, but the pupils were only kept long enough to complete the preliminary organization and were dismissed. The three additional holidays were granted by the school board on account of the county fair.

Is Recovering—Rudolph Miller, the victim of a painful accident in Third and Washington streets is under the care of physicians at St. Luke's hospital and is recovering. The accident occurred Friday afternoon when his left hand caught in a sausage making machine and was crushed. At the hospital it was found necessary to amputate the four fingers of the injured hand.

South Shore Excursion—One of the four fall excursions given by the South Shore left the city this morning. The dates of the excursions are Sept. 9, 12, 16 and 21 and they are to Cheboygan, Alpena, Harbor Beach, Port Huron, Detroit, Toledo, Cleveland and Buffalo at very low round trip rates. The excursions are by rail as far as St. Ignace and from there by water.

Church Meeting—The regular semi-annual meeting of the Lake Superior Presbytery is to take place at Gladstone Tuesday, Wednesday and Thursday of this week. Rev. J. M. Rogers and Judge Charles Kelsey are to represent the Marquette Presbyterian church at the meeting. Rev. Rogers leaves today to go to Manistique where he is to attend a meeting at the Presbyterian church before going to Gladstone.

Death of John Hornstein—A message was received yesterday announcing the death of John Hornstein, brother of A. Hornstein, which occurred early yesterday morning. The deceased was known to many people here, he having visited

Marquette frequently. The remains will be taken to Escanaba, for interment. Mr. Hornstein spent most of his life in that city, where he published a newspaper, held the offices of mayor and postmaster and other important offices at various times during his residence there.

Gets Fine Promotion—Rupert Meads, who a few days ago completed a vacation visit here, was informed on his return to Duluth that he had been appointed head bookkeeper for the new steel plant to be built by the U. S. Steel corporation at Duluth. Mr. Meads went to Duluth when the Standard Oil company's Marquette office was moved there, and a few years ago left that company to enter the employ of the Oliver Iron company. Of late he has been engaged on the general books of the company.

**MAY MATCH SORREL BOB AND AIR MOTOR**

FAVORITES LAST WEEK TO BE BROUGHT BACK TO CITY—SATURDAY'S RACES.

The two most talked of horses at the county fair were Sorrel Bob, for Intermar, and Air Motor, for Intermar. Sorrel Bob, once a Marquette horse and now of Ne-gaunee, and Air Motor from Standish, Mich., and owned by Shepherd, who is familiarly known as "the old man." A match race between the two horses for Saturday was talked of and it was said that a number of bets of various sizes from various sources were offered by admirers of the two horses. The match race was not held and no bets have been reported, but here is what "the old man" has to say about it.

Willing to Race.  
"I will bring Air Motor back to Marquette if a race can be arranged with Sorrel Bob and will race for money or for gate receipts."

Shepard shipped Air Motor and Reuben to Menominee last night where the Menominee county fair is to be held this week. It is possible that a match race could be arranged to take place immediately after that fair is over and it would be sure to prove interesting. Sorrel Bob has many admirers in Marquette and Sorrel Bob's abilities as a racer are not to be doubted. A better or more doubtful race probably could not be made up from the horses that were here last week.

Go Back Home.  
The copper country horses have been sent home and they look about \$800 of the purse money with them. "The old man" got a little less than \$400 of it and about \$300 of it stayed in the county and was taken by local horses. Echo Medium, owned by Kemp of Calumet was the only one besides the Standish horse which was sent to the Menominee fair.

The races Saturday were equally as good as the ones of the preceding day, but one of the heats of the first race was easily the prettiest thing that ever happened on the Marquette track. It was the first heat in the special race which was substituted for the 2:20 class. The same purse offered for the 2:20 race, \$250, was given. The entries in the race were Shepherd's Reuben, Lady Erkwood, driven by Jeffries, Goulette's Billy Sunday and LaPine's Baron Bell.

Neck and Neck.  
The four of them got away together in the opening heat and they stayed that way nearly the entire first quarter. Then Baron Bell fell behind while the three others raced on. The three swung into the stretch the first time around neck and neck and as they swept past the grand stand, the crowd was on its feet. The three ran like one horse. They stayed just in that position all the way around until the stretch was reached the second time and then inch by inch "the old man's" red jacket began to gain. The crowd was howling with excitement at the finish. They were all together. Reuben, first, Lady Erkwood, second and Billy Sunday, third, not a remarkably fast race, for the time was 2:24, but a beauty and one that Marquette horsemen will tell about for a long time.

In the two final heats, for Reuben took three straight, both Lady Erkwood and Billy Sunday went off their feet and Reuben paced like a machine in both heats. Lady Erkwood took second money. The time made in both heats was the same, 2:22 1/2.

Donovan's Horse Wins.  
In the 2:35 class Alderman's Donovan's Emma Sweet took first money handily in three heats and the real race was between Charlie Spam and Phil Annot. Red Light didn't show in any one of the three heats.

Phil Annot finished third in the first two heats and only landed a place in the third and final heat. The times of the heats were 38, 39 1/2, 39.

It was stated last night by President Mangum of the association that the fair had been as successful as any of the former years. Approximately 5,500 tickets were taken at the gate.

**SOO CANAL PASSAGES.**

# Setting A Good Example

It is needless to more than briefly comment on the advantages of saving some part of one's income. The good resulting from the laying aside of the little, and the evil attached to the utter lack of the saving instinct and practice, are both too apparent. If the parent will devote a small stated sum and deposit the same monthly in the name of the child, and so continue for a term of years, the inevitable is the inculcating in the little one's mind the value of "BEING READY FOR A RAINY DAY," aside from the benefit accruing from the moderately large "nest egg" that results.

# Marquette National Bank.

Marquette, Michigan.

## NOW CONTROL CIRCUS WORLD

RINGINGS REPORTED TO HAVE PURCHASED THE BARNUM AND BAILLEY SHOW, "THE GREAT-EST SHOW ON EARTH."

John Ringling's long nurtured ambition to be the circus king of the world and to control the greatest of the tented entertainments is at last realized through the purchase of the Barnum & Bailey show, the real head of the firm of Ringling Bros., has just concluded the purchase of the "greatest show on earth." He has been visiting and taking an inventory of the Barnum & Bailey circus while it has been playing in Illinois, Wisconsin, and Iowa, and those who are authority for the statement that he has bought the property say that at the close of the present season it will be determined whether the two circuses will be continued separately or combined.

By the purchase of the Barnum & Bailey show the Ringling brothers control the circus field. They have the two greatest shows ever organized, the two most famous circuses in the world. What the Ringlings paid for the Barnum & Bailey show is not made known, but during the life of James A. Bailey a valuation of \$5,000,000 was put on the property and the good will of the management. Since Bailey's death the big show is said to have made less money than in former years, and as a dividend payer has not been regarded as being as great a property as the Ringling show.

The Barnum & Bailey show had for years been the most famous organization of its kind on earth. P. T. Barnum made a wonderful circus of it, and when he died James A. Bailey, continued the show on an even greater scale. When Bailey died, more than a year ago, the show was not having a good season, it is said, and at that time Ringling took steps to buy it.

It has been the consuming ambition of John Ringling's life to be another P. T. Barnum. He has built up his own show until he and his brothers have millions of dollars invested in it. The headquarters of the show are in Chicago, but the winter quarters are at Baraboo, Wis., where the firm has a great fortune invested. The Barnum show quarters are at Bridgeport Conn., but it is said, they will be moved to Baraboo, where the Ringlings have just spent \$100,000 doubling the capacity of their quarters.

When Ringling and Bailey saw three years ago that cutthroat competition was injuring both shows they entered into an agreement to divide territory. Last year an agreement was made whereby each circus cut in two its expense of billing and advertising. The Ringlings were also given exclusive entrance to Boston, Buffalo, Baltimore, Washington and several other cities if they would leave New York to the Barnum & Bailey show. The Ringlings also have a working agreement with the Hazenbeck-Wallace show and an understanding with the Revenue Bill show, which they practically own the Sells Frorengren circus. The Barnum & Bailey firm owns the Buffalo Bill show.

### THEATRICAL

"A Message from Mars." A play by the author of "The Great-est Show on Earth," which is to be played here tonight is so constructed, both in dialogue and stage mechanism, that it is possible for a selfish man, the hero of the play, to hear what his neighbors say of him, and to further emphasize the discomfiture of the selfish man, he is not permitted to reply to the charges made against him. This is upon the theory that the punishment is made to fit the crime.

In the play the selfish man is completely in the hands of a messenger from the planet Mars, who comes to the earth not for the purpose of reforming the people of this planet, but for the ex-

cess of removing but little from our supply. It has taken all the bull news from Europe, backed by reports of big export business, the short winter wheat crop in this country, and all kinds of damage to the spring crop for weeks past, followed by this latest forecast, to put wheat prices to this level. The market is at a point where we cannot advise buying except on a fair break, yet the conditions are such that we do not ask anyone to sell wheat short."

### HIGH AND LOW PRICES.

### Saturday's Boston Market.

Writing from Boston Saturday, Paine, Webber & Co. says: "The market today was very dull and weak. The traders took advantage of the weakness in the New York market and forced prices down on a small volume of business. The New York market suffered today from an over-supply of favorable rumors yesterday, which do not look so favorable as when they were trotted out, and the same old bearish feeling still continues. We look for a slight reaction from the present level, but we believe the good stocks are cheap, especially the first class rails."

### Closing prices were:

## COBALT GOSSIP

The gross product of the Nipissing company for August amounted to about \$125,000. The greatest production is now coming from the Kendall vein. On Aug. 10 one carload of Kendall picked ore was shipped to the smelters weighing 30 1/2 tons, which assayed 4.430 ounces of silver per ton the shipment having a gross value of \$88,000. The Kendall shaft is down fifty-eight feet and the vein at the bottom has pinched down to an inch of calcite, but the shaft is again in the conglomerate and the management does not expect the pinching of the vein to be permanent. The Kendall vein is close to the end of the ore body, but simply look upon it as a tight place which may occur at any portion of the vein. The Old Bonanza vein No. 49 is now producing very little, not over \$1,500 per week.

The Cobalt-Lorrain Mining & Development company, which was formed last April, has just secured absolute ownership of some nine claims, covering 360 acres situated in the township of Lorrain, on Lake Temiskaming. This is said to be the largest acreage actually owned by any company in this region other than the Nipissing mines. These claims are surrounded by or near numbers of working and producing mines. The company is capitalized at \$1,500,000. The dividend shares of \$1 per value. There has been some 720,000 shares, of which a little over 700,000 shares was paid for the property. The president is C. T. Silsby, formerly a builder of fire engines in America, and who has large interests in the Cobalt camp. The vice president is W. C. Channing, Burbank, of New York, and the treasurer and secretary is A. W. Morris, vice president of the Louisville & Nashville Railroad company. Development work is in progress. Stock is being sold at 20 cents per share to carry operations further.

The Cobalt Lake Mining company and its directors are defendants in a suit instituted by James J. McConvey, Toronto. This action is one of the developments of recently settled litigation in which the company was interested and in which it was successful in defending its title to the property. The writ asks for an account of all dealings with respect to the assets, property and capital stock of the company. It is also asked that all sums, including an amount of

### CASTRO'S DELEGATE RETURNS.

His Withdrawal From the Peace Conference Due to a Misunderstanding.

The Hague, Sept. 8.—The withdrawal of Dr. Jose Fortu, the Venezuelan representative, from the Hague peace conference, Sept. 4, was due to a misunderstanding, as is shown by his latest statement. He will not only remain here as a delegate, but President Castro has called him how to vote on many questions.

### JERSEY AUTO-TERROR BEATEN.

Philadelphia Millionaire Carries Case to Supreme Court and Gets Money Back.

Philadelphia, Sept. 8.—State Senator McNicho of this city, a millionaire contractor, and a leader of the Republican party, has secured a victory over a New Jersey justice of the peace who has made a portion of the road to Atlantic City notorious by reason of the heavy fines imposed upon automobilists.

A few days ago Senator McNicho, while driving shoreward with a party of friends in his large touring car, was held up at Elwood, N. J., on White Horse pike, and fined \$12.50. The senator had been fined before, but this time he got angry at what he declared was a rank imposition, and he appealed the case to the supreme court. Justice Trenehard set aside the summary conviction and ordered the return of the fine.

### COLUMA-LEONARD EXTENSION.

A two-foot vein of copper ore identical with that mined in the big copper mines of Butte, will be struck at a depth of 50 feet last week in the shaft of the Colusa Leonard extension company, located about half a mile north of the property of the Pittsburg & Montana Copper company and a short distance south of the Butte & Leonard shaft. The extension company, the first shots exposed the ore, as solid a vein as can be found in any mine in the district, and the news was soon ushered into the city in company with a lot of samples of the strike, which are being turned over to George Berger, who is closely identified with the enterprise.

### CHECK SMUGGLING CONSPIRACY.

Important Capture Made by Customs Officers in New York.

New York, Sept. 8.—The customs officials believe that they have uncovered a syndicate of smugglers who have within the last thirty years brought into this port more than \$1,000,000 worth of dutiable goods. They believe also that by the arrest of a dapper, thin-voiced young man who arrived aboard the North German Lloyd steamship Kronprinz Wilhelm they have knocked the syndicate to smithereens. A cooler or more self-confident man, Colonel John M. Bishop, the deputy surveyor, remarked, was never taken with the goods on since the establishment of the customs house. The audacious young person is William T. Colwell, who has a dressmaking establishment at 32 West Thirty-first street, with telephone connections. He was accompanied by Burton Baldwin, who occupied the same cabin with him and who is interested in his business.

Colonel Bishop and his assistant, acting Deputy Surveyor William M. Bishop, Jr., learned by cable that Hardy and his party were coming back aboard the Kronprinz Wilhelm. They assigned three inspectors, Charles H. Sagel, W. B. Davis and A. J. Campbell, to the job, and within a few minutes after the baggage of the suspected men had been dumped on the pier it was turned inside out. Incidentally Mr. Hardy and his shipmate were also overhauled. Wound around the body of Mr. Hardy was forty yards of hand-made lace, valued at about \$25 a yard. The inspectors found in the pockets and the lining of his overcoat about \$500 worth of lace and dress trimmings. Colonel Bishop decided after he had brought to view several thousand dollars worth of lace and dress goods to arrest both Hardy, and his companion, and take them before Recorder Stanton. Recorder Stanton was inclined to admit them to bail in \$1,000 each, but when they declared that they were business men and proprietors of reputation establishments in Manhattan, he said that he would increase their bail to \$2,000.

While Colonel Bishop was superintending the examination of the dressmaker's baggage Inspector John Francis ran up to him and said: "There is a man over here that has offered me \$100 to pass the baggage of a friend of his." The colonel went immediately to the man that had offered the bribe and found that he was Samuel Rich, manager of Little Hungary restaurant. Rich had come to the pier to meet Frank Graf, head waiter of the restaurant, who was a second cabin passenger.

Graf had brought over about \$1,000 worth of jewelry, including several rings and bracelets, which he had not declared and which he had made an effort to conceal in the bottom of his trunk. While Inspector Francis was looking over the jewelry Rich came up and said that it would be worth \$100 to pass the trunk. Rich made an effort to intimidate the inspector by declaring that he, Rich, was a friend of Marcus Braum, who was a friend of the President. This didn't go, and both Graf and Rich were arrested and taken before Recorder Stanton, who held them in \$1,000 bail each.

### PARENTS JAIL STUBBORN GIRL.

Springfield, Mass., Sept. 8.—Because she refused to marry the man selected for her by her father, the daughter of Mr. and Mrs. Michael Cohen of Chicago Falls, was arraigned before Judge Luther White of Chicopee yesterday, charged with being a stubborn girl. The hearing was a private one and Judge White postponed the case indefinitely.

### ALCOHOL NO CURE.

Philadelphia, Sept. 8.—Alcohol neither cures nor prevents consumption, as many people believe, according to the annual report of the Henry Phipps Institute, one of the leading institutions in the United States for the treatment of tuberculosis. The report, which has just been issued, says: "As our statistics on alcoholism in tuberculosis grow, it becomes more and more manifest that all extreme views upon this subject will have to be abandoned. That alcohol neither prevents nor cures tuberculosis is evident from the number of alcoholics who have come for treatment; and that it does not strongly predispose to the disease seems to stand out prominently from the vast preponderance of non-alcoholics among the applicants for treatment. Neither can it be shown that the children of al-

### EAGLES CHOOSE SEATTLE.

Norfolk, Va., Sept. 8.—The official announcement today of the vote in yesterday's election for officers of the grand zodiac, Fraternal Order of Eagles, showed the election of the full administration ticket, headed by Theodore A. Bell of California. Seattle, Wash., was chosen as the next place of meeting. A resolution was passed requiring the unequal ticket, closing of all Eagle homes on Sunday. The convention adjourned tonight.

colic are more prone to tuberculosis than the children of non-alcoholics." It is pointed out that nearly one-half of the patients treated at the institute followed some occupation while undergoing treatment, because their poverty would not admit of their not doing so. This fact accounts for this observation: "Is society doing its duty by those people? Sick horses are carefully sought out and humanely cared for. Sick brought and sisters, however, not only are permitted but are compelled to work even at laborious occupations. How strange that there are no societies for the prevention of cruelty to human beings."

### STOP THE LEAKS.

Now is the time. That is our business. The best shingles for the least money. Consolidated Fuel & Lumber Co. Both 'Phones. (4-37-11)

### NOTICE TO PROPERTY OWNERS.

Take notice, that at an adjourned regular session of the common council of the City of Marquette, held Tuesday, Aug. 20th, 1907, the following preamble and resolution was unanimously adopted: Whereas the Superior Lumber company is the owner of the property on the west side of Cedar street between Crescent street and the west line of Ely Park Addition, and has petitioned the common council to vacate the following streets and alleys, viz:

1. That portion of Cedar street between the north line of Crescent street and the south line of Park street, in Ely Park Addition.
2. That portion of Cedar street between the north line of Park street and the west line of Ely Park Addition, in said addition.
3. The alley midway between Crescent and Park streets and extending from the west line of Ely Park Addition to Cedar street in said addition.

Resolved, That the vacation and abandonment of the above named portions of streets and alleys be and the same is hereby declared to be a necessary public improvement; and that the common council deems it advisable to grant the petition of the Superior Lumber company, and to vacate and abandon said streets and alleys; and

Resolved, That the seventh (7th) day of October, 1907, at 8 o'clock p. m. be fixed as the time at which said common council will meet at its usual place of meeting in the City Hall, at Marquette, Michigan, for the purpose of finally considering and disposing of said petition and to hear objections, if any, from all persons interested in said public improvement; and

Resolved, That the recorder cause this resolution, with proper heading, to be published in the official paper of the city, once in each week for four successive weeks prior to the aforesaid meeting of the council.

**MINE VALUATIONS ARE EXCESSIVE**

**OFFICIALS OF MINNESOTA CORPORATIONS DISPLEASED WITH TAX COMMISSION'S METHOD OF ASSESSING PROPERTIES.**

If the Minnesota tax commission does not change its method of fixing the valuation of the mining properties in that state a bitter fight will be precipitated, as the representatives of the mining corporations believe that the commission is endeavoring to "play a hold-up" game. The fight against the commission's method of fixing the valuation of the mines has been on for several months, since its members visited the Mesaba range on a tour of inspection. At some of the towns where the members of the commission were entertained the citizens expressed their disapproval of the commission's work at public meetings. However, the commission has not deviated to any extent from its original plan.

Charles T. Kruse, assistant to General Manager Thomas Walters of the Jones & Laughlin properties, arrived here Saturday from St. Paul, where he, with other mining men, spent the greater part of the week laboring with the tax commission in an effort to induce it to change its method of making valuations. It is claimed that if the commission does not reduce its figures practically every mine in Minnesota will be heavily overtaxed, and that the heavy taxation will be a hindrance to the operators. "The commission, if it does not reduce its figures, will get enough money out of the mining corporations of the state to nearly pay the entire tax burden of Minnesota," said Mr. Kruse.

The commission has fixed the assessed valuation of the mines on the ore estimated to be in the ground, assessing each ton a certain sum according to the quality of the ore. The fixed charge per ton runs from ten cents to fifty cents.

The commission has accepted the figures of the mining companies as to the quantity of ore they believe to be in the ground at the various properties, and Mr. Kruse says the figures run pretty high. The quantity of ore estimated to exist in the Maloining property, for instance, is 110,000,000 tons. This, assessed on a basis of fifty cents per ton, would place the valuation of the property at \$55,000,000, which would mean the payment of an exorbitant tax. The other mines are to be assessed proportionately.

Mr. Kruse says that the mining men were honest in giving the commission their estimates of the quantity of ore in the ground, and that they have tried to show the commission that if the basis on which it proposes to assess the mines is not changed the industry will be greatly injured.

Mr. Kruse will leave for St. Paul again today, the commission having adjourned its hearing until tomorrow. The mining men will return determined to continue the fight for an indefinite time. Comparisons of the assessed valuations of mining properties in Michigan and other districts have been presented to the commission.

**THIRD STREET GRADING.**

The board of public works and street committee some time ago recommended to the council that Third street be graded from Empire, north to Wabash, where it is proposed to extend to the sewer. At the meeting Thursday evening a resolution was adopted directing the board to defer operations on Third street until the contemplated sewer job is finished, and to improve High street, between First and Third, instead.

The city is to pay 20 per cent of the cost of the covered walk recently laid at St. Joseph's church property, in response to a petition sent in by the trustees. The sum to be contributed is \$53.02.

Oscar Anderson and Charles Larson, property owners on Enchil street, have been authorized to purchase one half of the alley adjoining their property for \$37.28 each. The council decided to close the alley on recommendation of the street and highway committee.

**SONS ARE APPRECIATIVE.**

John T. Bennett and William J. Bight, who did the greater part of the soliciting for the Sons of St. George reunion held in Ishpeiming in July, and who so successfully managed the Cornish wrestling tournament, ask The Mining Journal to assist the business men and others who contributed toward the celebration fund, or in any other way aided in making the celebration a success, that they, as well as the membership of both of the Ishpeiming societies, appreciate their aid. They also feel under obligations to the officials of the mining companies, and to Fred Braastad for the use of his ice at the corner of Cleveland avenue and Second streets.

"Let us have some Cudahy's Peacock bacon and calves liver for supper Mami," say young and old. (11-27-cod)

**COOK WITH GAS**

**CHANGE IN BUSINESS.**

**A. H. Meyer Purchases Interest in Foster's Ishpeiming Store.**

Negotiations that were pending for two or three weeks were closed Saturday between J. H. Foster and A. H. Meyer, whereby the latter secures an interest in Mr. Foster's Ishpeiming business. The firm name will be changed to J. H. Foster & Co. The deal here will in no way affect Mr. Foster's business at Marquette, and the Ishpeiming store will be conducted practically along the same lines as formerly, with Mr. Meyer in exclusive charge. He will be assisted in the management by his sister-in-law, Miss Edna Adams, who has been in Mr. Foster's employ at Marquette. Miss Adams has had several years' experience in the general merchandise business and the Ishpeiming store, and will frequently be absent from the city, she will have a responsible position. Mr. Meyer has managed the store since Mr. Grace left here. His family arrived in the city last week and they are to occupy the Adams dwelling on North Pine street, recently vacated by Dr. A. E. Gourdeau and family.

**DOOLEY IS TRAINING.**

**Calumet Wrestler Thinks He Will Throw Penberthy of Ishpeiming.**

The Calumet Evening News of Saturday said:

"Mike Dooley of Calumet, claimant to the lightweight championship in Cornish wrestling, has returned from Ishpeiming where he concluded the negotiations announced in Wednesday's News for a match with William Penberthy to be held, it is expected, September 20 in Ishpeiming.

"The men will meet at 138 pounds it is stipulated in the articles and Dooley has already begun his training in Calumet. Dooley is confident that he can throw Penberthy although the latter is one of the cleverest lightweights in the game. Following the match of Sept. 20, the Calumet man states he will take on any other man of his weight.

Saturday, the 21st, will probably be the date selected and Penberthy is now putting in his spare time training and he expects to be in condition for the match with Dooley. Ole Nelson of Calumet, who is a clever wrestler as well as a good boxer, will accompany Dooley to this city, and he will likely participate in a friendly sparring match with an Ishpeiming man.

**HAS HAD GREAT RUN.**

"A Message from Mars," the comedy which will be seen at the Ishpeiming theatre Thursday evening, is different from anything ever produced in the house. The play has had a remarkable history. It has been one of the most successful comedies seen in the United States for many years and has earned money enough to make three men independently rich.

The L. B. club will give a dancing party Saturday evening, Sept. 14, at Braastad's Hall. Tickets, fifty cents per couple. Trombly's orchestra of five pieces. (9-9-10-14)

**AT BARGAIN PRICES.**

We have a number of gasoline lamps in good condition; also some second-hand heating stoves and household furniture, which we will sell cheap.

A. W. MYERIN, MERCANTILE CO.  
(9-6-3d)

**Upper Peninsula**

**Receives No Salary.**

Five of the Wayne county circuit judges, sitting on banc decided that the \$75,000 collected under the good roads law, which was declared invalid, was illegally collected, and cannot be expended for good roads purposes. This decision may result in the return of the money to the taxpayers. As a result of this decision Charles H. Baxter, formerly of Iron Mountain, who was appointed county engineer, will receive no salary for the six months he was employed.

**Young Men Launch Out.**

Edwin Erickson and Albert Rose, two of Escanaba's well-known and reliable young men, are about to engage in the mercantile business in the building at 1201 Ludington street. This is the building which has been occupied by Erik Anderson, father of one of the young men, as a flour and feed store. During the past two weeks the building has been undergoing a transformation. The young men will do business under the firm name of Erickson & Rose, and they will handle groceries, provisions, flour, feed, etc. Erik Anderson, who has been engaged in business at Escanaba for many years, will retire.

**Accused of Stealing Brass.**

Charged with stealing 1,200 pounds of brass from the Chicago & Northwestern Railway company, Frank Shimberg was arraigned before Judge O. V. Linden at Escanaba and was bound over to the circuit court for trial. The bail bond for the offense was fixed at \$300 and as the defendant was unable to furnish that amount he was confined at the county jail until friends came to his assistance. The arrest was made on information furnished to the police by William Thielcke, yard watchman for the railway, who claims that the defendant has been stealing brass couplings and other valuable junk from the company's yards for a period of several weeks before he was finally caught. Shimberg was once before arrested on a charge of stealing empty whiskey casks, but the charge was dismissed at the preliminary examination before Judge Glaser.

## ISHPEMING

### NOVEL PLAY TONIGHT.

The romantic melodrama, "A Flaming Arrow," will be presented at Ishpeeming theater tonight by a large company. This play is from the pen of Lincoln J. Carter. In addition to a company which is large and strong, he has selected many novelties with which to add realism to the situations of the play. An interesting feature is a brass band, which, with the Infants and horses, will be in parade this afternoon.

### ISHPEMING IN BRIEF.

Michael A'Hearn of Denver is in the city visiting relatives.  
Dr. Thompson of Newberry visited D. T. Morgan in this city Saturday.  
Miss Ellen Cleary has gone to Duluth, where she will spend a few weeks visiting friends.  
The Ishpeeming band serenaded Captain E. E. Keese at his home yesterday afternoon. The captain is the president of the organization.  
Mrs. Susan Bennett of Batts, Mont., formerly of this city, arrived here Saturday, and will spend a few weeks with relatives and friends.  
The mail carriers will take their new routes tomorrow. The residents of the Badger Hill and Junction locations are to have free delivery, necessitating a complete readjustment of the routes.  
Miss Laura Carlson, who has had charge of F. Braastad & Co's millinery department the past two years, has again entered the firm's employ. She left last evening for Chicago and other cities, where she will spend some days purchasing a new line of goods and looking up the late models in fall and winter millinery. The firm proposes to have the biggest millinery opening it has ever conducted before the close of this month.  
V. J. Goldman, of Bessemer, visited N. E. Skud and family in this city yesterday, having stopped off here on his way home from the city, where he spent last week on business. Mr. Goldman and Mr. Skud conduct a mercantile establishment at Bessemer.  
Mrs. Carrie Asgaard and Ernest Kahn were united in marriage Saturday evening at the home of the bride on Cleveland avenue. Rev. C. L. Adams, pastor of the First Methodist Episcopal church, performed the ceremony in the presence of a large party of the bride and groom's friends.  
Dr. Hugh Dodson and bride arrived in the city Saturday evening. They are to occupy Mrs. James Tobolsky's home on North Third street, where they are starting housekeeping at once. Mrs. Tobolsky, her son Roy, and two daughters will leave today for Ann Arbor, where they will spend a year or more.  
John Horrigan, employed at Braastad's, and Miss Margaret Cronin, who resided here for a time, were united in marriage last Tuesday at Law Bay, Mich., where the bride's parents reside. Mr. and Mrs. Horrigan are expected to arrive in the city this morning. They will keep house at 321 West Barnum street.  
Alfred Edwards, employed as captain at the Oliver Iron Mining company's Section 21 mine under Captain John Trebilcock, during the time the property was in operation, has been placed in charge of the night underground work at the Regent group of mines, succeeding Captain John H. Dunstan, who goes to the Imperial mine.  
Mitchell & Sherman, the concrete contractors, have started to build walks at Republic, where a crew will be employed until the end of the season. There is considerable work to be done at Republic as most of the board walks are in a delapidated condition. The township is to pay 50 per cent of the cost of all the walks.

# COOK WITH GAS

A delapidated condition. The township is to pay 50 per cent of the cost of all the walks.

Fred J. Baler will leave on the South Shore early from this morning for Marquette, Mich., on business for the Cleveland-Cliffs Iron company. He will be accompanied from this city by St. Ignace by his brother, George Baker, who is now located at Ironwood. The latter will spend ten days or two weeks at Buffalo, Niagara, and other points.  
The L. B. club will conduct another of its series of hops next Saturday evening at Braastad's Hall. The club has given several enjoyable parties and the attendance has increased at each succeeding hop. The tickets for the next party will be fifty cents per couple and Trombly's orchestra of five pieces will furnish the music. Dancing will start at 9 o'clock sharp, continuing until 12.

### SCHURZ FUND NOTES.

New York, Sept. 8.—The office of the Carl Schurz memorial committee is receiving by mail contributions almost daily from various parts of the country, and from organizations as well as individuals. One contribution last week was from an old veteran of the Civil war a German by birth, now spending his last days in a soldiers' home, who sent his subscription out of money he had saved from his pension, and advises every citizen of German birth, or of German descent, to do as he has done. The fund now amounts to \$7,754.46. Subscriptions sent should be made payable to the office of Isaac N. Seligman, treasurer, 11 Broadway, New York city.

### BOW'S THIS!

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.  
We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.  
WALDING, KINNAN & MARVIN,  
Wholesale Druggists, Toledo, O.  
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75 cents per bottle. Sold by The Standard Drug Co.

### PUMP FOR SALE.

No. 4 Knowles pump in good order. John Q. Adams, Negaunee, Mich. 9-6-1v

# Negaunee Department

## MANY FINE SCHOOL BUILDINGS ERECTED

OVER \$2,000,000 HAS BEEN EXPENDED IN NEW SCHOOLS IN THE UPPER PENINSULA IN THE PAST FIVE YEARS—NEGAUNEE TO BE THE FINEST NORTH OF CHICAGO.

Proof of the excellent industrial conditions prevailing in the upper peninsula of late is found in the fact that a greater sum has been expended in the erection of schools during the past five years than during any previous fifteen years or more in the history of the district. According to J. D. Chubb, the Chicago architect, who arrived in the city Saturday, over \$2,000,000 has been put into schools in the upper peninsula during the past five years. Nearly every city and town of importance has either built a new high school during that period or has completed plans for such buildings. In addition to the many high schools, numerous grade schools have also been erected and many of the annual training buildings have been put up.

Among the cities and towns which have built high schools, or are now preparing to build them, are: Marquette, Manistique, Munising, Escanaba, Calumet, Painesdale, Laurium, L'Anse, Bessemer, Ashland, Norway, Crystal Falls, Iron River, Gladstone, Rapid River, Ishpeeming, Negaunee and Republic. The school at Ashland cost a larger sum than any other high school building in either Northern Michigan or Northern Wisconsin. It is a magnificent building in the neighborhood of \$1,600,000. Escanaba is just completing its new high school, at a cost of between \$1,100,000 and \$1,200,000. Negaunee's new building, exclusive of the site, will cost in the neighborhood of \$115,000. Ishpeeming's new school will cost about \$85,000. The Painesdale school is the most pretentious in the smaller towns of the upper peninsula, it having cost in the neighborhood of \$100,000. Not one of the towns mentioned will spend less than \$40,000 on their high schools, and the average cost of the structures will exceed \$50,000. Mr. Chubb recently completed plans for the Rapid River school, and the bids will be opened tomorrow. It will cost about \$250,000.

A large number of grade schools, costing from \$5,000 to \$25,000, have also either been provided during the past few years or are now projected. Mr. Chubb has several plans for grade schools in the Cleveland-Cliffs Iron company. He has observed that the demand for high school education is on the increase in the upper peninsula and that the percentage of graduates is now larger than it was a few years ago.

### Negaunee School of Ample Size.

Mr. Chubb and Contractor Chaussee, who will erect the high school in this city, stated out the grounds Saturday, and if the weather is favorable Mr. Chaussee will put his men to work today on the foundation. The city has given Mr. Chubb the plans for a number of the high schools erected in this region during the past five years and he is familiar with those built from plans drawn by other architects. Speaking of the Negaunee school, he said it will be one of the finest north of Chicago, though there are several buildings in the territory mentioned which cost considerably more than the one to be erected here. The cost of the building will be up-to-date in every particular. It is not expected that the auditorium of the new school will be filled to its capacity for at least eight or ten years, and perhaps not for fifteen years as it will seat about 100 pupils. There are now only in the neighborhood of 200 students in the high school. The room is used for entertainment purposes it will be possible to accommodate about 100 persons.

The auditorium will compare favorably in size with the auditorium of the new Ishpeeming school. It will also accommodate 900 people, but there will be permanent seats for less than 600 in the main school room. The Ishpeeming building, Mr. Chubb said, will be one of the most convenient high schools in the Northwest, as it is to be used almost exclusively for high school purposes. There will be sixteen class rooms, in addition to the auditorium, library, laboratory etc., which will accommodate about thirty pupils each. Although Ishpeeming now has in the neighborhood of 400 pupils attending the high school it will be years before larger quarters will be needed, as the classes have been so arranged that preparation will be made for the full capacity at any period during the day.

### Building in Other Lines.

While Mr. Chubb is preparing plans for many school buildings he is also doing considerable work in other lines. He has drawn plans for a number of new bank buildings for upper peninsula towns. Work on a new bank building at Norway is soon to be started from plans prepared by Mr. Chubb. It is to cost about \$200,000, a new city hall will soon be completed at Norway and several new business blocks are to be erected. The coming year will be an active one at this Menominee range town, which is to abandon its present site for a new one on the opposite side of the Chicago & Northwestern railway tracks. The present town site has been undermined and part of it has already caved. Mr. Chubb was advised while at Norway recently that the mine never looked better than at this time and that there is now enough in sight there to keep the property active for many years to come. Activity at Iron River.

Iron River has also taken on new life and many new buildings will be erected there in the course of a few years. New discoveries of ore have been made, Ore

has been found on many farms near the town, and a number of new mines have been opened up. About three miles from Iron River, in the Stambaugh valley, a new town is to be established. Something like twenty-five diamond drills are now working in the valley and it is said that nearly every one of them has encountered ore. The Corrigan-McKinney company, the largest operator in the field, is to develop several properties. The district has not yet been thoroughly explored, but enough mineral has been found to warrant the sinking of a number of shafts. The new town will be located on the main line of the Chicago & Northwestern railway leading to Iron River.

### GOES TO NEW MEXICO.

Negaunee Man Takes Position With the Comanche Copper Mining Co.

Captain G. A. Anderson of the Negaunee mine has tendered his resignation to the Cleveland-Cliffs Iron company and will give up his position within two or three weeks, when he will leave for Silver City, New Mexico, where he is to accept an important position with the Comanche Copper Mining company, of which H. F. Ellard, former superintendent of the Ashland mine at Ironwood, is general manager. Mr. Anderson recently visited Silver City to inspect the properties being developed by the Comanche company and while there he concluded to accept the position offered him. He has been in charge of underground operations at the Negaunee mine for the past four years and is considered one of the ablest captains on the range. Before coming to Negaunee the captain held a similar position at the Ashland mine.

Captain Fred Wear, for some time past in charge of operations at the Imperial mine, near Michigamme, is to succeed Captain Anderson at the Negaunee, and Captain John H. Dunstan, who has worked under Captain Anderson, will succeed Captain Wear at the Imperial. Captain Wear is well known in Negaunee, he having lived here for some years before going to the Imperial. The Comanche company has 160 claims near Silver City, and the indications for the development of some big properties are most favorable. Up to this time the greater part of the work has been of an exploratory nature, but a few mines are being opened up. Only a short time ago the company's mill was completed and is now in operation. A second set of stamps is being installed and when these are in commission the output of the mines will be considerably increased.

Captain William Roberts, who with Captain William Haggaton has had charge of underground operations at the Regent group of mines under Superintendent Richard Roberts, has resigned, and he leaves the city Friday night for Butte, Mont., where he expects to locate permanently. He was accompanied by his brother, John Roberts, until a short time ago surface boss at the Regent, and Charles Butson. The latter returned to this city from Butte a few months ago, having spent about two years there. John Roberts has been succeeded as surface boss by Anton Hanson, of Ishpeeming. Prior to taking the position at the Regent Mr. Hanson had charge of the city street car crusher at Escanaba. He has had several years experience in directing surface work at mines, having been employed at the Winthrop property for some time before going to the Regent. He is now in charge of the crusher at Escanaba, and is taking a position with the Oliver company, where he will be in charge of logging operations for the company west of Michigamme, and two seasons ago he had charge of the Moore mine, Cascade range.

Captain Alfred Edwards, who has been at the Oliver company's Section 21 mine, succeeds Captain William Roberts. He is to have charge of the night underground work at the group, and Captain William Haggaton, who returned last week from the Western Meskita range, where he directed the sinking of a shaft for the Oliver company, is to be the day captain.

### SAW PALMER HOUSE FIRE.

Negaunee Business Man Was Among the First to Notice the Blaze. Abel Levine arrived home Saturday from Chicago, where he spent a week or more on business. He was accompanied by his wife and daughter, who visited friends in Milwaukee and Chicago.

While returning from a theater Wednesday night Mr. Levine and J. Goldman of Bessemer, nephew of N. E. Skud, Ishpeeming, saw the Palmer house fire just as it had started in J. E. Shuman's store. They naturally became excited as the blaze appeared threatening as they saw it through the store window. Mr. Goldman rushed into the Palmer House office and announced that the store room was ablaze. The men in the hotel lobby seemed indifferent, and one of them very impolitely told Mr. Goldman that he guessed he was dreaming. Within a few minutes the entire front seemed to be enveloped in flames and it was not many seconds before the hotel

guests had been aroused and were scrambling to get down the stairs into the street and lobby. Very few of them took the time to dress, and after they got out of their rooms most of them came down the stairs, not caring to wait for the elevators.

Within a few moments a dozen or more fire engines were on the ground and the firemen soon had the blaze under control, but in the beginning it looked to Mr. Levine and his companion, as though the big hotel was doomed, as the fire had a good start before the departments arrived. The damage was estimated at \$25,000.

### WILL CELEBRATE NEW YEAR.

The stores of the Jewish merchants of Negaunee will be closed today until 6 o'clock in observance of the Jewish New Year. Those who have announced their intention of closing are Levine Bros., Rosen Bros. & Kline, I. Lowenstein and the People's Store. Rosh Hoshana, which falls on today, marks the beginning of a series of services which will end with the feast of the law, held on the last day of the month. The services began last evening at sunset. Rosh Hoshana is purely a religious celebration. It is a time set for reflection and self-examination. It might be said to be the Jewish church what Lent is to the Catholic church. Ten days after this New Year comes Atonement day. This is the most important of Jewish holidays. No Jew over fourteen years of age is supposed to eat during the twenty-four hours of this day, but this custom is not always carried out. With the passage of Atonement day come more festive holidays. These comprise eight days and are called "The Feast of Harvest and Tabernacle." No work, according to the traditions, can be done on the first two and last two days of this period.

### LOCAL LACONICS.

Paul Bell has returned from a visit with relatives in the lower peninsula.

Mrs. B. Carmichael will leave this evening for Chicago, on a visit to friends.

Albert Prevost is visiting his uncle, John Rock, and family. He resides at Hubbard, Mich.

Mrs. B. Henderson and nephew, Bernard Gordon, of Chicago, are visiting relatives in Negaunee.

Rev. W. R. Yonker will attend the semi-annual meeting of the Presbytery to be held tomorrow at Gladstone.

Mrs. J. E. O'Donoghue and son arrived home Saturday from Fond du Lac, Wis., where they spent a week visiting relatives.

S. S. Thomas spent the latter part of last week at Oshkosh with his mother, who is ill. Mrs. Thomas is eighteen years of age.

Rev. Bergquist, pastor of the Swedish Lutheran church, will attend a conference of ministers to be held this week at Muskegon.

Mrs. L. W. Gullstrom and son are here from William, N. D., on a visit to relatives. Mrs. Gullstrom is a daughter of Charles Thoren.

C. G. Griffey, former editor of the Iron Herald, is here from Rochester, Mich. He expects to spend some time in the city, looking after the improvements to his property on Cyr and Jackson streets.

Richard Lynch, a former resident of Republic, now living at Butte, was in the city Friday, accompanied by his mother. Mr. Lynch and his wife are on a month's visit to his folks in Republic.

Herbert Rogers, who was called to Negaunee on account of the death of his brother, the late Edward Rogers, has returned to Coleraine, Minn., where he is in the Oliver Iron Mining company's employ.

Moses Yell, who recently purchased the Clarkfield hotel property is improving the interior of the place. All of the rooms are being thoroughly renovated and redecored, and most of the interior is to be repainted.

Lease Rosen, of Rosen Bros. & Kline, who has been in Chicago the past several days, was stopping at the Palmer House last week when the fire broke out, but he was not in his room at the time, having been at a theater that evening.

Wonderland theater will be out of business three evenings this week. Wednesday evening the house will be given over to "Peek's Bad Boy" company; Thursday to the Herald Square moving picture company; and Friday evening a hop under direction of the W. O.

Notices were posted Saturday, advertising the special election to be held a week from tomorrow, the 17th. The boards of registration will be in session in the several wards on Saturday next during the usual hours. In the First ward there will also be a special election for member of the council to succeed ex-Alderman T. H. Rogers.

### CARD OF THANKS.

We desire to express our appreciation of the many acts of kindness shown us at the death of our beloved son and brother John. Also we wish to thank our friends for the beautiful floral offerings. All of these acts of kindness will be ever remembered.  
MR. and MRS. MALONEY, and Family.

# S.S.S. A CERTAIN SAFE

Even if mercury and potash could cure Contagious Blood Poison the condition in which these strong minerals leave the system would make the cure worse than the disease. But they cannot cure the vile disorder; they can only cover up the symptoms for awhile or mask the disease in the system, but as soon as the treatment is left off the hideous symptoms return. Mercury and potash eat out the delicate lining of the stomach and bowels, produce chronic dyspepsia by drying up the gastric juices, cause the teeth to decay, and often completely break down the constitution, and where they are used in large quantities, the bones become affected, while the disease for which one has so long taken this destructive treatment has not been cured. Contagious Blood Poison is a disease it will not do to trifle with. It is a vile, dangerous and destructive disorder. When the blood becomes infected with its virus the mouth and throat ulcerate, hair and eyebrows come out, glands in the neck and groin swell, copper-colored spots appear on the flesh, and in severe cases sores break out on the body, the finger nails drop off and the sufferer is diseased from head to foot. S. S. S. is the only known antidote for Contagious Blood Poison—the one remedy that is able to get to the root of the disease and force out every particle of the poison so that there are never any signs of its return. It is purely vegetable, made entirely from roots, herbs and barks of known curative value. Instead of leaving any part of the system and puts every part of the body in perfect health. It will also remove any lingering effects of former mineral treatment while eradicating the poison from the circulation. Special book on the home treatment of this disease and any medical advice desired furnished free to all who write.  
THE SWIFT SPECIFIC CO., ATLANTA, GA.

# HERE'S YOUR WATER IF YOU PAY FOR IT

—WATER BOARD.

ESTIMATE MADE AND PLANS DRAWN TO EXTEND MAINS FOR NORTH SIDE RESIDENTS.

PUBLIC HEARING TO BE HELD

Northsiders Want Improvement Without Being Assessed, But the Commissioners Won't Have It That Way.

North Marquette is to have a water supply if north Marquette will help pay for it—this is the decision of the board of water commissioners and they have prepared an assessment roll and appointed a date, Sept. 23 next, when a public hearing to be held to discuss the project.

### Estimated Cost.

The board's present plans call for a water supply as far north as Center street and in this territory most of those who have been making a demand for water live. The estimated cost of the improvement is \$8,617.18 and of this amount the board expects the property owners benefited to pay \$2,105. Property owners have been assessed at the rate of forty cents a lineal foot. The area to be served does not include the power house settlement.

The official notice which the board has given to those interested is that "it has been determined to extend water mains in the Ayer, Towar and Marquette Land Co.'s additions, provided the streets are graded so that pipes may be laid, and the board has deemed it just that a portion of the cost be assessed upon the property benefited."

### The Plans.

It is now planned to make a connection with the ten-inch main at Third street and Fair avenue and extend a ten-inch pipe from that point west to Presque Isle avenue and north on Presque Isle avenue for three blocks to Center street, then west on Center street two blocks to Longyear avenue.

The side connections with this main to be made are a four-inch main from Presque Isle avenue west for a block to Fitch street on Waldo street; a similar main from Presque Isle avenue west on Summit street two blocks to Longyear avenue; and a six-inch main running north and south for a block on Longyear avenue from Center street to Summit avenue.

### Streets to Be Graded.

Before the work is to be done the streets upon which the mains are to be laid must be graded, but most of them already so improved. The ones upon which work is to be done are Summit street from Presque Isle to Longyear avenue; the entire length of Fitch street where the main is to be laid, and Longyear avenue.

The improvement is to be made in such a fashion that the mains may be extended further north at any time and gates that this may be accomplished are to be installed at the street intersections.

### The Question.

It doesn't require a weather prophet to tell just the sort of a storm that is due to blow in the city hall about the time that the public hearing upon the improvement is to be held. North Marquette has been clamoring for water for a long time and the particular point of the demand made is that north Marquette residents don't want to pay any part of the cost of the improvement. They assert that other parts of the city have been supplied with water without having the property benefited assessed and they say they do not feel that they should pay for the extension of mains and particularly as for a long time they have been paying water tax for water which the rest of the city used.

On the other hand the water board contends that a resolution was passed several years ago by a former board and the resolution provides that when improvements of the sort now proposed are made, the property benefited shall be assessed. The members of the board say they propose to carry out the provisions of this resolution to the letter, and if north Marquette wants water, north Marquette must pay a part of the cost.

### TWO MARQUETTE MEN CHOSEN.

Peter White and Rev. Burt to Attend Episcopal Meeting Next Month.

Rev. Bates Burt, pastor of the Episcopal church and Peter White, who recently returned from the diocesan convention held last week at Escanaba, were chosen as delegates to the general convention to be held in October at Richmond, Va. Other delegates chosen from this diocese are: Archdeacon Lord of the Sea; Rev. Curzon of Houghton; Rev. J. A. Penbreck of Calumet; T. E. Russell of Munising; George Laundry of the Soo and Frank Bailey of the Soo.

At the Escanaba meeting every church in the district was represented by clerical and lay delegates. Bishop G. Mott Williams of Marquette presided. The following brief report of an address made by Peter White is taken from the Escanaba Journal:

"The Hon. Peter White, of Marquette, delighted the audience in his 'Reminiscences of Early Days in Escanaba.' He told about traveling over trails through the pine woods which once covered the grounds now included in the city."

While the convention was in progress, another Episcopal convention, that of the Woman's Auxiliary, was held. At the election of officers, Mrs. E. B. Palmer of Marquette was elected president and Miss Nina Stone, also of this city, was elected secretary. Mrs. Sedgewick of Ishpeming was chosen first vice president and Miss Edwards of Calumet was elected second vice president.

Now is the time to order your kindling wood if you want it dry for winter. Call at or phone to 6155 Champion St. Bell No. 78. H. J. KOEPP & CO. 8-30-17

### GAME IS CALLED.

Hurontown Had Lead When Last Game of Season Was Declared Off.

When the game yesterday between Marquette and Hurontown was called on account of rain in the fourth inning the score was 8 to 0 in favor of Hurontown. There were about two hundred at the grounds and though the crowd was keenly disappointed, they accepted the bad weather with good grace. Whether Marquette could have overcome the big handicap had the remaining five innings of the game been played is a question of doubt, but it might have been done especially as several of the eight runs the Hurontown team had scored, were made on flukes. It was practically the last game of the season.

It is announced that there will be no more games at Marquette this season though there is some talk of several match games. Marquette would like another go with Newberry and this may be played next Sunday at Newberry. A number of other teams are also seeking meetings with Marquette. Recently Escanaba won two out of three games from Rapid River and Escanaba now wants to play Marquette. It is not known whether a game or series will be arranged.

### TO APPOINT STATION OFFICER THIS WEEK

MEMBERS OF POLICE BOARD ALL SAY THEY ARE IN FAVOR OF PROPOSED CHANGE.

The assurance has been given that a new appointment to the police force is to be made this week, and a man is to be kept at the station every hour of the day, night and day. The need has been voiced often by citizens and by members of the board of police commissioners themselves, and the question has frequently been discussed at past meetings of the commission, but no action was ever taken.

### Murderer's Escape.

The escape of the murderer of Wallace Hogan after frequent messages had been sent to the empty station room has had the effect of bringing about the change. On the night of the crime, just a week ago, after the two men had been separated, Black the man in charge of the place, and several witnesses of the crime telephoned to the police station. While they were doing so, Hogan lay over a table bleeding to death. The man who had stabbed him had been thrown out.

They called the police station phone number repeatedly and while they were doing so, the murderer forced his way back into the room. A man in the crowd had the knife with which Hogan had been stabbed and this was returned to him and he was thrown out a second time.

### Station Empty.

Failing to get any response to the many phone calls, one of the men set out in search of a patrolman and when one was found, the murderer had disappeared and is still at large.

When the circumstances of the crime became known, other instances when the police were needed badly were recalled and also it was recalled, invariably, telephone messages found the police station empty and deserted. The only way citizens had, and now have, of summoning police aid in time of need is to send a messenger out on the street in search of one. This is the condition that is to be remedied.

Mayor Robertson has said that he is fully in favor of the change and he stated that he recognized the necessity of having a man at the station all the time.

### All Favor Appointment.

Joseph Fay, another member of the commission stated that they all realized the need and said that it had been under discussion for some time. The cost of adding a new man, he said, had been one of the things which had caused the board to delay action in the matter. He said a meeting would probably be held this week and one of the first things done would be the appointment of a man to stay in the station. He is wholly in favor of the addition to the force, he said.

Henry Hallam, another member of the board stated that for a long time he had been advocating the appointment of a man to be kept in the police station to care for emergency calls and he said he was glad to say that such an appointment was soon to be made.

H. E. Bittner, another member of the board said he felt that there should be a man kept at the police station all the time and gave the assurance that he would vote for such an appointment to the police force.

John Carlson, a fourth member of the board said there was no doubt that a man should be kept at the police station all the time to care for calls for assistance and stated that he was in favor of making such an appointment.

### Out of Town.

George McCormick was the only member of the board who did not make a statement to The Mining Journal. He was out of the city when the other members were approached upon the subject, but it is stated that he has expressed himself in favor of appointing a man to be at the station at all hours of the day.

### BEAUTIFUL COSTUMES.

New York Herald, June 4th: The costumes intended for the lady members of "The Irish Pawnbrokers" were seized by Chief of Treasury Agents Heron this morning and are piled up in the seizure room of the custom house. Manager Spears called at the custom house this afternoon and held a conference with Collector Erhardt and Chief Heron. The costumes were valued at \$5,000, and the average duty on them would be nearly 50 per cent. It is probable, however, that they will be allowed to pass free of duty. They should have been entered at Paris as "tools of trade," which was through a blunder on the other side that they were not.

Marquette, Mich.

## Fall Furnishings

The new Fall Hat—not one exclusive block, but all the good styles,—are on view in our show cases, with the right hat for each face

In addition to such makes as Dunlap, Stetson and Roelfs, we offer many exclusive blocks of our own interpretation which affords you the most varied and attractive selection.

Our showing in shirt patterns includes all the approved designs and colors. Those bearing our own trade mark will be found to be exceptionally good values.

Gloves of approved makes, including our own "Rose Special" at \$1.50—the best made at the price. Neckwear in rich and stylish effects.

The correct Suit and Overcoats of course, to complete the perfect wardrobe.

### WATER BOARD NOTICE OF PROPOSED ASSESSMENT.

Marquette, Mich., Sept. 9th, 1907.

To the owners of lots and parcels of land in the Ayer, Towar and Marquette Land company's additions to the city of Marquette.

Notice is hereby given, that the board of fire and water commissioners of the city of Marquette, have, at the request of the owners of lots in these additions, decided to extend the water mains of the city to these additions, provided the streets are graded so as to enable the board to lay pipes at proper depth to be protected from frost. And have deemed it just and equitable that a portion of the cost of such extensions shall be assessed upon the lots and parcels of real estate especially benefited, and for the purpose of examination by the owners of the lots in these additions, and others interested, a map of the proposed district to be assessed, together with an estimate of cost of the improvement, as also of the amount proposed to be raised by special assessment, may be seen at the office of the board in the city hall, during usual office hours, from this date to and including the 23rd of September.

Notice is hereby given to the owners of lots and others interested in these additions, that the board will meet at their office in the city hall at 8 o'clock in the evening of the 23rd day of September, prepared to hear any objections and suggestions relative thereto.

By order of the board of Fire and Water Commissioners.  
JOHN P. KERN,  
Secretary.

PEOPLE'S MASS CONVENTION.  
A People's Mass convention is hereby called to be held at the assembly room of the city hall, in the city of Marquette, at 8 o'clock p. m., on the 11th day of September, 1907, for the purpose of nominating a People's candidate for the office of recorder of the city of Marquette, to fill vacancy to be voted for at the election to be held in said city on Sept. 17, 1907.

By order of  
PEOPLE'S CITY COMMITTEE.  
Dated Marquette, Mich., Sept. 5, 1907.  
(9-6-51)

UNION MASS CONVENTION.
