COMMITTEE COMING FRIDAY.
Mayor Notified That Coming of Congressmen Has Been Delayed.
In a message received Saturday Mayor Robertson was informed that the rivers and harbors committee of the house of representatives will not reach the city until the morning of Sept. 20. In the communication it is explained that the members of the body have decided to lay over in Buffalo for one boat.
While the committee is in the city, the members will be entertained by a committee of business men and certain projected improvements of the Marquette harbor are to be presented and discussed.
A meeting of the committee which is to entertain the visitors has been called and will be held at 4:30 o'clock Wednesday afternoon at the city hall.

INSPIRED SCRIPTURE A FAKE.
Missouri Preacher Refuses to Accept Bible from "Lid to Lid."
Montgomery City, Mo., Sept. 15.—Emphatically refusing to accept the Bible from "lid to lid," declaring that the so-called Scriptures found in the Bible from which Mrs. Eldy's Christian Science and Dowie's Dovesism sprang were spurious and not authorized inspired Scriptures, Jacob Ditzler, for half a century a minister in the M. E. church, south, distributed the religious equilibrium of a large audience here. Dr. Ditzler is well known throughout Missouri and Kentucky.
He said he knew where he spoke, as he could read the original Greek and Hebrew and himself owned at this time the oldest copy of the Bible in existence. "I refer," said the aged minister, "especially to the last chapter of Mark, which reads: 'Go into all the world and preach the Gospel to every creature. He that believeth and is baptized shall be saved, but he that believeth not shall be damned. And these signs shall follow them that believe. In my name shall they cast out devils, they shall speak with new tongues, they shall take up serpents, and if they drink any deadly thing it shall not hurt them; they shall lay hands on the sick and they shall recover.'
Some of Dr. Ditzler's audience went away, declaring that the doctor was not orthodox, and it was dangerous to contend that any of the King James edition of the Bible was not authorized and inspired. While they admitted that Ditzler was a learned scholar, they said he was a bit egotistical.
It was recalled by some that he was charged with being a heretic by a number of ministers in the Missouri conference years ago and the late Bishop Marvin of St. Louis was delegated a committee of one to wait upon the Kentucky brother and if possible have him suppress the "exaggerated" ego. After the distinguished bishop had very gently told the brother of his shortcomings, Rev. Ditzler reminded the committee that all great men, Washington, Napoleon, John Wesley, knew they were great, and so did Ditzler, and he was not ashamed to admit it.
Dr. Ditzler is nearly eighty years old and vigorous in mind and body.

A MARQUETTE CASE.
Many More Like It in Marquette.
The following case is but one of many similar occurring daily in Marquette. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence.
C. C. Veung, painter and decorator, of 522 Washington St., Marquette, Mich., was cured of kidney trouble by Doan's Kidney Pills in 1898, and has ever since been recommending this remedy to his friends for the cure has been permanent. Describing his experience, Mr. Veung says: "When I first began using Doan's Kidney Pills I was completely run-down and for two or three years had been practically unable to work. I had such severe pains through my back and loins that I could hardly get about and several times the intense pains in my back and shoulders compelled me to lay off and rest. The kidney secretions became affected by the trouble and were highly colored and unnatural, depositing a heavy sediment. Passages were irregular and on account of this trouble and the pain in my back I could not get more than three or four hours' sleep each night. I got Doan's Kidney Pills and began using them, finding quick relief. I gradually improved until I could enjoy a good night's rest and rise in the morning feeling strengthened and refreshed. I found this cure in 1898 and made a statement for publication at that time telling my experience. During the years that have passed I have had no return of my old trouble. My health had been good and is as good today as it was ten years ago. It is astonishing what Doan's Kidney Pills did for me and what I am sure they will do for others."

PUBLIC SCHOOLS ARE FILLED TO CAPACITY

ABOUT 1,500 CHILDREN IN ATTENDANCE AND MORE ARE EXPECTED TO ENTER SOON—ATHLETIC ASSOCIATION HAS BEEN FORMED BY STUDENTS.

In order to properly care for all the children attending the Negaunee public schools it has been necessary to open an extra room in the Jackson building, and all of the eight rooms in that building are now occupied. The attendance is larger than it was a year ago this time and it is expected that the highest enrollment in the history of the schools will be recorded. There are now in the neighborhood of 2,500 attendants. About 150 are seated in the auditorium of the high school, and there is no more room there for additional students. It is this year necessary to use one of the rooms formerly occupied by eighth grade classes for sixty high school pupils in the ninth grade. If this had not been done it would have been impossible to properly take care of the high school students, as there is no more space available in the auditorium for temporary seats.

There are now about 450 scholars in the grammar grades, including 185 in the seventh and eighth, who are taking departmental work. With less than 700 pupils in the high school and the grammar grades the percentage of attendance in the primary and kindergarten is large. There are now three kindergarten rooms, all of which are crowded. The third kindergarten department was opened this year in the Clark street school, the other two being located in the Case and Jackson buildings. It will not be long before a fourth kindergarten room will be needed, and one will probably be opened next year. The kindergarten work was first started in the Case street school about ten years ago; two years ago the second room was opened in the Jackson building.

Athletics in Schools.

The boys and girls of the Case street building have organized an athletic association, under the direction of which various forms of athletic work will be taken up. The larger girls of the school last week organized a basketball team and the boys are to organize one some day this week. It is the purpose of both teams to arrange for games with teams from the schools in other towns in this vicinity. The match contests will be played at the Adelphi rink. The boys' team will also arrange contests with teams of other towns and it is expected that the season will be the liveliest, from an athletic viewpoint, that the Negaunee students have had in some years. Professor John Erickson will coach the teams.

It has not yet been decided to organize a high school football team, but one will probably be opened next year. The boys' team will also arrange contests with teams of other towns and it is expected that the season will be the liveliest, from an athletic viewpoint, that the Negaunee students have had in some years. Professor John Erickson will coach the teams.

ception of one, who played on last year's team are still in the high school. Last year's team, though light, was one of the fastest the school has had since the year when it carried off the upper peninsula championship.

Noted Lecturer Coming.

Colonel French, of Boston, who has traveled extensively in this country and abroad, and who is a well-known lecturer, has been engaged to give a lecture in Negaunee, under auspices of the schools, Sept. 24. He will talk on the different countries in which he has traveled and will illustrate his lecture with stereopticon views. During the past few years Colonel French has lectured in most of the larger cities of the country, in many of them remaining from one to two weeks, lecturing daily.

FOOTBALL TEAM ORGANIZED.

Negaunee Tigers Are Prepared to Meet Other Amateur Elevens.

A football team has been organized, composed principally of boys attending the high school. It is practically the same team that last year was known as the Tigers, only two or three changes having been made in the line-up. Inasmuch as the team won all of the three games played last fall it is expected that it will give an excellent account of itself this season. It won two games from the Marquette eleven and one from Ishpeming's strongest team. The Tigers are to be captained by Charles Wasmuth, who will be pleased to hear from the managers of other amateur teams in the upper peninsula whose weight will not average over 135 pounds. Ten of the members of the team last year played on the high school eleven, so that they had excellent training and all are familiar with the fine points of the game. It has not yet been decided to organize a school team, but in case one is perfected the ten members of the Tigers attending the school will probably have places on it. John Erickson is to coach the team and the practice work is to start this week. The line-up will be as follows: A. Lemire, center; P. Mongitz, right guard; S. Johnson, left tackle; H. Choquette, right end; A. Sawberidge, left guard; J. McKnab, right tackle; C. Wasmuth, left end; R. Shea, quarterback; J. McAniff, right halfback; R. Connors, left halfback; E. Burge, fullback.

TO ATTEND FAIR RACES.

Negaunee Man Will Enter His Horse Over Wisconsin Circuit.

Matt Aho, whose horse, Sorrel Bob, did some fine work at the Marquette fair recently, left Saturday for New London, Wis., where the horse will be entered in the races during fair week. Mr. Aho will be away some time, as he intends to take in the races on the Wisconsin circuit during the fair season. His horse is in excellent condition. Mr. Aho went over the same circuit last fall and he returned home several hundred dollars ahead. There was hardly a race in which the horse was entered that it did not get a prize and in many events he took first money. Mr. Aho will drive the horse himself.

HAD A BIG RUSH.

From present indications John Shea's closing out sale, which opened Saturday, will be the biggest kind of a success. There was a crowd waiting on the sidewalk for the doors to open and in a few minutes the big store room was well filled with customers. The stock has been entirely rearranged and the new prices are marked on all of the goods in red letters. A large number of clerks have been employed. The sale is to be continued for ten days, during which time the Duluth Auction company will be in charge.

SOLICITING FOR CHURCH.

Catholics of the Swansey Range Raising Funds for New Edifice.

The Catholic ladies of the Princeton and Austin locations have started to solicit funds for a church to be erected in the new town of Gwinn. It has not yet been fully determined what sum will be expended for a building, but it is understood that a structure large enough to accommodate the Catholic people of the new town and the mining locations surrounding it for some years to come will be erected. It will be necessary to raise several thousand dollars and the friends of the parishioners of that district in the other towns of the county, particularly Ishpeming and Negaunee, will be called upon to aid them. Miss Verellino of Princeton, who is well known in Negaunee, has already started the work among the Italians of this city and it is reported she has met with very good encouragement. Rev. Father Piazza, who for a short time was Rev. J. A. Kent's assistant at Ishpeming, is the resident pastor at Gwinn. The Cleveland-Cliffs Iron company has reserved sites for churches and the officials will aid in making the properties attractive. It is not expected that the erection of the Catholic church will be started before spring, but the raising of funds will be continued throughout the winter. There are a number of Catholic families at the Princeton and Austin locations and it is reported that several more will be added to the list as soon as the new dwellings to be erected at Gwinn are ready for occupancy.

LOCAL LAONICS.

John Rock's residence is finally located on his Main street lot.

Miss Minnie Hagermeister of Green Bay is in the city visiting Miss Lizzie Spurlay.

Charles Johnson returned Saturday from Milwaukee, where he spent a few days on business.

Fred McCutcheon of Duluth visited at the home of his brother-in-law, A. H. Knight, the latter part of last week.

Oscar Gouge, wife and daughter Edith will spend the next two weeks in Detroit and other lower peninsula cities.

Miss Norma Jacobson, daughter of Julius Jacobson, has gone to Chicago, where she will take a course in the Longwood seminary.

Mrs. Donald McDonald, Sr., and daughters Anna and Adelaide leave today for Ann Arbor, where the young ladies will attend the University of Michigan.

Thomas Dee and wife of Chicago, who spent the greater part of last week in the city visiting T. J. Flynn and family, left Saturday for Houghton, where they will remain a few days before returning to their home.

Wonderland resumed business Saturday evening, after having been closed for three evenings, while the house was used by other attractions. There was a good attendance and a very pleasing program was presented.

J. D. Murphy of Tower, Minn., visited the family of M. T. Murphy in this city the latter part of last week, having stepped off here on his way home from Mount Clemens, where he received treatment for rheumatism.

Herman Freilberg, who spent the past week visiting his brother-in-law, F. J. Merton, and family, returned to his home at Oshkosh Saturday. He was accompanied by Mrs. Merton, who will spend a short time with her parents in Oshkosh.

T. W. Simcox, who left here a few months ago for Waukegan, Wis., where he engaged in the plumbing business, recently suffered a heavy loss by fire, his shop having been burned out. It is reported that the greater part of his stock was destroyed.

Mrs. Orr Schurtz, who, with her husband and other members of the family, spent the greater part of the summer at Highland Park, Grand Haven, Mich., arrived home Saturday. Highland Park is said to be one of the most attractive summer resorts in Michigan and it is rapidly growing in popularity.

Ira Clark, a resident of Negaunee for many years, prior to some six or eight years ago, when he moved to Chicago, arrived here Friday. He accompanied A. C. Seese to the latter's homestead at Little Lake Saturday, to remain a few days. On returning from the resort he will spend a short time in this city.

"Let us have some Cudaly's Peacock bacon and calves liver for supper Mama" say young and old. (11-27-eod)

LAWS WILL BE TESTED.

Rock Island to Fight Measure Enforcing Stops at Stations.

Jefferson City, Mo., Sept. 15.—Two of the laws relating to railroads, recently enacted by the general assembly of Missouri, are to be tested in the United States court, the Chicago, Rock Island & Pacific Railroad company being the corporation which is bringing the test. The measures in question are the Cross bill, which provides for the imposition of a fine for failure of a railroad company to stop certain trains at certain stations. The Rock Island has ignored this law, the constitutionality of which it has attacked, declaring it to be "unconstitutional, unenforceable and not binding upon the complainant," and has brought an injunction against Harry T. Herndon, prosecuting attorney of Clinton county, and John E. Swanger, secretary of state, and making the latter a party to the proceedings, which will be heard in the United States court at St. Joseph. The law, which was also passed at the recent session of the legislature, authorizing the secretary of state to cancel the right of any corporation to do business in the state if it removes from the state court to the federal court any action brought by or against it in this state without the consent of the other party, is also involved.

The Rock Island has failed to stop certain trains at Lathrop, and Mr. Herndon began proceedings against it, securing the imposition of fines provided in the law under which he acted. The company has secured an injunction against him, and also against Secretary of State Swanger, to restrain him from the cancellation of its license to do business in Missouri, because it took the cases brought by Mr. Herndon to the federal court.

Paul E. Walker, as solicitor for the railroad company, secured the injunctions from Judge Pollock, and they are made returnable on Sept. 16, when Mr. Herndon and Secretary Swanger will be required to show cause why the temporary restraining order should not be made permanent.
