

STEAMSHIP SAILS WITH RICH CARGO

Cunard Liner Lusitania Departs from Liverpool for New York With Her Strong-Box Holding Ten Million Dollars in Gold.

Still Further Consignments of the Yellow Metal Are Arranged for; Lifting the Total Under the Present Movement to Upwards of \$26,500,000—Situation at New York is Gradually Clearing and the Stock Market Is Firm and Tranquil.

New York, Nov. 1.—The financial situation was gradually clearing today without showing any striking features. The runs on banks and trust companies practically over, the money temporarily withdrawn from the banks subject to runs is flowing into stronger banks and currency is being provided in most cases where the demand for it is considered legitimate.

Further engagements of gold have brought up the total engagements beyond under the recent movement to \$26,500,000. The Lusitania, which sailed from Liverpool today, has on board about \$10,000,000 in gold, one of the largest single shipments ever made. The balance with the clearing house has settled down to normal conditions.

Stock Market Quiet, but Firm.

The stock market was tranquil today with a firm undertone, and sank into a condition of semi-stagnation after various irregular but narrow fluctuations being still under the restrictions of the banking situation. The gradual clearing of this situation reflects the feeling of growing confidence in the stock market, but the facilities for its expression are still hampered. The tentative operations on margin which have dropped up with the easing of the call loan rates receive no encouragement from the bankers. Houses with interior connections assert that there is a potential demand for stocks from points outside of New York, but the execution of orders from these sources must await the receipt of actual cash shipments, owing to the difficulties in the way of exchange operations.

The usual compilation of the banks' estimates of the week's currency movement was read with some attention, owing to the demand for confidence in the analyses of the cross-currents in the week's movement. The banks show a movement of currency on the balance away from New York on the express movement of upwards of \$13,000,000, but the operations of the sub-treasurer have yielded to the banks a gain of \$10,103,000. Last week's bank statement did not reflect fully the government deposits made with the banks, even for last week, and these have been increased this week. No estimates are attempted of the loan changes.

While additional engagements of gold for import were made today, their influence was modified by the violent upturn in the foreign exchange rates which occurred. How far this was the result of the demand for confidence in the gold engaged was not clear. The security of currency sharpens the demand for exchange. The easing of the local call money market was given part responsibility for the movement.

The observance of a holiday ahead left the market without one of its usual sources of business and influence. Conditions became torpid at times, and the market seemed to be settling into an attitude of cautious waiting to study developments in the general situation. The easy closing was attributed to some late selling out of collateral in loans.

Dun's Review of Trade.

New York, Nov. 1.—R. G. Dun & Co.'s Trade Review tomorrow will say: Contraction has followed the financial crisis of last week, but only to the extent compelled by inability to raise money. There is no evidence that confidence has been permanently impaired. On the contrary gratification is felt that the nation was so strongly fortified by a decade of unexampled prosperity that the severe strain made no deeper impression. Many contemplated developments have been postponed, and merchants almost prohibitive, yet retail trade is stimulated by more reasonable temperature and at interior cities the collections improve with the movement of the crops to market.

The conditions in the iron and steel industry are not materially altered, except that new business is smaller. The textile manufacturing plants are not reducing activity, although there is more caution regarding future business. In certain lines some accumulation of stocks is noted, but these are in strong hands that are not likely to urge sales at the expense of values. Cheaper raw material and tight money indicate that some adjustment in prices may be necessary, and that it would establish the market upon a healthier basis, but the present time is now propitious. The shipments of boots and shoes from Boston average 10,000 cases less than in the same week of last year, but the total since Jan. 1 is larger than in any other year except 1905 and 1903, despite the extensive development of the industry outside of New England.

Cotton Exporters' Plan Taboed.

New Orleans, Nov. 1.—Secretary of the Treasury Cortelyou wired today that the treasury department cannot transfer money from London to New Orleans, as suggested by cotton exporters here. The plan was to have cash deposited with United States fiscal agents abroad and immediately upon receipt deposit to draw the cash at the sub-treasurer here.

BIG PENSION PAYMENTS.

Four Million Dollars to Be Disbursed in Topeka District. Topeka, Kas., Nov. 1.—The distribution of pension checks to the amount of about \$4,000,000 will commence Monday for the Topeka district, the largest in the United States. There has been some anxiety about the affect of these checks on the local banks, but the bankers say they expect to be able to meet the situation easily.

CABINET HOLDS MEETING.

Financial Situation Discussed by President and His Advisers. Washington, Nov. 1.—President Roosevelt was in consultation with all the members of his cabinet, except Secretary Taft, for nearly three hours today. The financial situation was discussed carefully, but it was stated that the satisfactory condition of financial affairs at the present moment warranted no new action.

Banknote Circulation Increased.

Washington, Nov. 1.—Comptroller Ridgely announced at the close of business today that \$1,339,000 of circulation notes had been issued by the treasury today to various national banks. The names of the banks were not stated. The monthly circulation statement shows that at the close of business yesterday the total circulation of national banknotes was \$609,980,466, an increase for the month of \$5,993,352 and for the year of \$26,808,483.

PUBLIC DEBT INCREASES.

Gain for the Month of October Is Upwards of \$1,177,000. Washington, Nov. 1.—The monthly statement of the public debt, issued today, shows that the debt, less the cash in the treasury, amounts to \$897,176,630, an increase compared with last month of \$1,177,822.

A comparative statement of the government receipts and expenditures shows that for the month of October the receipts were \$59,928,245, and the expenditures were \$58,750,423. The surplus for the month is about \$1,177,822. For October, 1906, the surplus was about \$2,600,000. The civil and miscellaneous expenditures increased over \$1,000,000 last month on account of a navy increase of \$2,250,000, while the "war" expenditures decreased over \$2,000,000 and for public works \$2,300,000. For the four months of the fiscal year the surplus is \$8,495,000.

SIMS' STENOGRAPHER HELD.

Chicago Woman to Be Tried for Stealing Walsh Case Papers. Chicago, Nov. 1.—Miss Etta McLean, a stenographer in the office of United States District Attorney Sims, and Alexander B. Gordey were today held to the federal grand jury in bonds of \$5,000 each on the charge of stealing important papers from the office of the district attorney. The evidence shows that the woman had taken numerous letters and papers and that Gordey had tried to sell them to John R. Walsh, former president of the Chicago National bank, now awaiting trial on a charge of misappropriating funds of the bank, and to his attorneys. They received no encouragement from Mr. Walsh or from his attorneys.

When Miss McLean and Gordey were brought before the commissioner late in the day, Captain Porter, of the United States secret service, asserted that Miss McLean had admitted to him that she had taken the letters from the office of the district attorney, and when asked why she had done so she had replied that she wished them for souvenirs.

Captain Porter testified that Miss McLean had told him that she had conferred with Gordey, and they had concluded that if the Walsh people knew of the existence of certain letters they would be willing to pay well to get them. The woman declared, according to Captain Porter, that she never knew whether Gordey had seen Mr. Walsh or any of his attorneys.

FRAUD IS CHARGED.

Chicago Electrical Men Accused by the Postal Authorities. Chicago, Nov. 1.—Charles F. Bidwell, secretary of the Bidwell Electric company, was arrested this afternoon on complaint of Postoffice Inspector Ketchum that he and his father, Benton H. Bidwell, president of the company, had made use of the mails to promote a fraudulent scheme. A warrant was issued for the elder Bidwell, but service was delayed owing to his illness. According to the postal authorities the Bidwells have represented that Benson H. Bidwell was the inventor of, and that the company manufactured, an electric motor which would not become heated. It is charged that the claims of the Bidwells constitute a fraud, inasmuch as the motor was not invented by Bidwell, but is of well-known and ordinary type. Two hundred thousand dollars is said to have been realized by the company.

GETS VERDICT FOR \$589,000.

Coal Land Operator Successful in Suit Against Joseph Ramsey, Jr. New York, Nov. 1.—A verdict of \$589,000 against Joseph Ramsey, Jr., former president of the Wahash railroad, in a suit brought by John S. Jones, a coal land operator, was handed down today in the supreme court. Jones sued George J. Gould, William E. Gay and Mr. Ramsey as individuals to recover \$400,000, which he alleged to be due him from the three-defendants for securing for them fifty thousand acres of coal lands in southern Ohio. Justice Goff held that neither Gould nor Gay were liable. The verdict consequently was rendered only against Ramsey.

HONEY MELLODY KNOCKED OUT.

Duxton, O., Nov. 1.—Honey Melody of Boston was knocked out in the fifteenth round of a twenty-round fight by Frank Mantell of Providence tonight.

STEAM SHOVELS FOR PANAMA.

Washington, Nov. 1.—The isthmian canal commission today awarded to the Marion Steam Shovel company of Marion, O., a contract for supplying twelve steam shovels at \$13,180 each. A contract also was awarded the Davenport (Iowa) Locomotive company for supplying four locomotives at \$3,163 each.

STRIKE FAST PETERING OUT.

New York, Nov. 1.—General Superintendent Bellevue Brooks of the Western Union said today that ninety-five striking telegraphers had returned to work yesterday, and he added that strikers are applying for work at the rate of about 100 a day.

BRYAN TAKES A CHEERY VIEW

Interviewed at Omaha, Democratic Leader Says He Does Not Look for Any Prolonged Trouble in the Business World.

Conditions Which Brought on the Depression of 1893 Are Entirely Lacking Now, He Points Out—Money Supplies Restricted Then, There Is a Tremendous Gold Production Now Which Gives Us Plenty and Keeps Prices Up.

Omaha, Nov. 1.—William J. Bryan, in Omaha today, gave the following interview on business and financial conditions: "I do not look for any prolonged trouble in the business world. The conditions which made the panic and depression in 1893 are entirely lacking now. Prices were falling then because of the restricted money supply. Now we are in the midst of a tremendous gold production which gives us abundant money supplies and maintains prices, so that business is brisk."

Condemns Asset Currency.

Mr. Bryan did not think that the present banking troubles show need of an emergency or asset currency, but on the contrary he thinks the situation presents a strong argument against asset currency. "Suppose," he said, "we had been using asset currency during the past year, and in addition to the present trouble the people had distrust about the money. That would make matters so much the worse. As it is now, there is no trouble about the quality of our money."

CHICAGO WOMAN TO BE TRIED FOR STEALING WALSH CASE PAPERS.

Chicago, Nov. 1.—Miss Etta McLean, a stenographer in the office of United States District Attorney Sims, and Alexander B. Gordey were today held to the federal grand jury in bonds of \$5,000 each on the charge of stealing important papers from the office of the district attorney. The evidence shows that the woman had taken numerous letters and papers and that Gordey had tried to sell them to John R. Walsh, former president of the Chicago National bank, now awaiting trial on a charge of misappropriating funds of the bank, and to his attorneys. They received no encouragement from Mr. Walsh or from his attorneys.

EXTORTION ATTEMPTED.

Arrest Follows Threat to Kill Omaha Brewer's Family. Omaha, Nov. 1.—Charged with attempting to extort \$4,000 in gold from Gottlieb Storz, president of the Storz Brewing company by means of a blackmailing letter, Mathews Stefan, a painter, musician and artist, was arrested by United States authorities today. Stefan is charged with making threats the Storz family would be destroyed unless the gold was paid in a certain place. Stefan strenuously denies that he is the author of the letter.

MODERN WOODMEN CAUGHT

Has \$550,000 in Failed Iowa Bank, but Is Said to Be Amply Protected. Chariton, Ia., Nov. 1.—The Modern Woodmen had on deposit in the First National bank, which closed its doors, following the suicide of Cashier Crocker, \$550,000 of the order's funds. The directors and officers of the order are expected here tomorrow to investigate the situation. It is stated that the order is fully protected by bonds several times in excess of the order's deposit. Crocker was former head banker of the order. It was stated by National Bank Examiner Bostwick that it would be several weeks before he could make any statement of the bank's condition.

CITY WOULD KNOW MORE OF ITS YANKEE NAMESAKE.

Mayor of Great Yarmouth, Eng., Makes Friendly Suggestion. Yarmouth, Nov. 1.—The selectmen are in receipt of a communication from the mayor of Great Yarmouth, Eng., the town for which this place was named, proposing that the two municipalities become better acquainted through the exchange of historical and industrial data.

POPE VERY ILL AGAIN.

Rome, Nov. 1.—The pope is again suffering from gout. Paris, Saturday, Nov. 2.—Advices from Rome to the Eclair say the pope is suffering from the effect of heart trouble. He is very weak, according to the correspondent, and is obliged to take his bed and abandon all appointments.

HOLY WAR DECLARED.

Paris, Nov. 1.—A special dispatch to the Matin from Morocco City says that Mulai Hafid, brother of Sultan El Aziz, despairing of French support, has declared a holy war.

BAD ACCIDENT IN GERMANY.

Berlin, Nov. 1.—In a railroad wreck near Bingen-on-the-Rhine today, six persons were killed and fourteen seriously injured.

DIPHTHERIA IN ASYLUM.

Kankakee, Ills., Nov. 1.—Ten inmates and one woman nurse are sick of diphtheria at the Eastern Illinois hospital, and two cottages are quarantined.

WEATHER FORECAST

Washington, Nov. 1.—The following is the weather bureau's forecast for Upper Michigan: Rain and colder, Saturday; Sunday, fair; brisk northwest winds.

INCENDIARISM IN BUFFALO.

Buffalo, Nov. 1.—Police records, the rogues' gallery and many important documents, including the original of the confession of the assassin of President McKinley, were destroyed by a fire which this afternoon wrecked the police headquarters. The fire was of incendiary origin. Two companies of firemen were caught in the collapse of the roof and cupola, and eight men were seriously injured.

At 2:30 o'clock this afternoon Police Commissioner Zeller picked up a blazing newspaper in the hallway. Half an hour later a police messenger found a blazing window blind in the store room. He had reached the commissioner's room with the smoldering brush when an alarm of fire was given from the street and flames were seen shooting from the cupola over the main entrance and from windows on the fourth floor. The prisoners were handcuffed together and marched to jail.

The firemen apparently had the flames under control and were working on the third floor when the cupola toppled over and crashed through the roof and top floor. The firemen caught in the crash were released after twenty minutes' hard work. The building was practically destroyed. The loss is \$100,000.

Big Wine Cellar Burns.

Dunkirk, N. Y., Nov. 1.—The G. R. Dickman Wine company cellars at Brockton, the largest and oldest plant in the Chautauque grape belt, burned tonight. There were over three-quarters of a million gallons of wine in the cellar. The loss will reach \$250,000.

SHOOTS CELL-KEEPER DEAD

Then Failing to Dynamite Prison Door, Desperate Convict Kills Himself. Rawlins, Wyo., Nov. 1.—A convict named Eckard, serving a life sentence, today shot and killed Ed. Samuelson, jail-keeper at the state penitentiary, in an attempt to escape. Eckard had a pistol and a stick of dynamite, and when Samuelson opened his cell the prisoner shot him dead. Eckard then tried to dynamite the outside door. Failing in this, he shot and killed himself.

Double Tragedy at Cleveland.

Cleveland, O., Nov. 1.—Enraged by the refusal of his wife to live with him, Frank Sigmund entered the home of a neighbor where the woman was visiting in the village of Euclid, a suburb, this afternoon and shot her twice, inflicting mortal wounds. He then turned the weapon on himself. Physicians say that even should he recover he would be blind for the remainder of his life.

TWO HUNDRED LIVES LOST.

Four Hundred Houses Buried Under the Landslide at Karatagh. New Bokhara, Russian Turkistan, Nov. 1.—The first reports of the catastrophe at Karatagh were exaggerated. Instead of fifteen thousand persons being killed, only two hundred lives were lost. Most of these perished under the landslide which buried 400 of the 600 houses of the town.

SHOCKS FELT IN ISLE OF WIGHT.

London, Nov. 1.—A number of serious small earthquakes were recorded at the Isle of Wight observatory today. The shocks evidently represent the settlement of broken-up strata in some distant country, probably Turkistan.

MILLIONS WILL STARVE.

Drought in Wide Area of Indian Makes Famine Inevitable. Simla, India, Nov. 1.—It is believed that a famine is inevitable in the Delhi division and throughout a wide area of the united provinces of Agra and Oudh. An official statement issued today estimates the present drought as being in some respects much worse than that of 1898. Arrangements have been made for relieving the stricken districts.

ALCOHOL BANISHED.

Finnish Diet Prohibits Both Its Manufacture and Importation. Heisingfors, Finland, Nov. 1.—The diet today adopted unanimously the alcohol bill. The measure prohibits absolutely the manufacture of alcohol in Finland or its importation into Finland.

POPE VERY ILL AGAIN.

Rome, Nov. 1.—The pope is again suffering from gout. Paris, Saturday, Nov. 2.—Advices from Rome to the Eclair say the pope is suffering from the effect of heart trouble. He is very weak, according to the correspondent, and is obliged to take his bed and abandon all appointments.

HOLY WAR DECLARED.

Paris, Nov. 1.—A special dispatch to the Matin from Morocco City says that Mulai Hafid, brother of Sultan El Aziz, despairing of French support, has declared a holy war.

BAD ACCIDENT IN GERMANY.

Berlin, Nov. 1.—In a railroad wreck near Bingen-on-the-Rhine today, six persons were killed and fourteen seriously injured.

DIPHTHERIA IN ASYLUM.

Kankakee, Ills., Nov. 1.—Ten inmates and one woman nurse are sick of diphtheria at the Eastern Illinois hospital, and two cottages are quarantined.

TIE-UP MENACES UNITED KINGDOM

Great Railroad Strike Is Practically Certain Now Notwithstanding the Powerful Influences Exerted to Prevent It.

Walkout Directly Involving a Hundred Thousand Men Is Voted by the Executive Committee of Big Labor Union, Threatening Not Only a General Paralysis of Industry but the Starvation of the People of Many Interior Cities.

London, Nov. 1.—The executive committee of the Amalgamated Society of Railway Servants today adopted a resolution to call a general strike. The seriousness of a railway tie-up in the United Kingdom is difficult to over-estimate. It would not only paralyze industries, but would soon starve out the inhabitants of all interior cities of England where there is only a few days' food supply on hand. It is estimated that one hundred thousand men will strike.

Small Hope of Peace.

London, Saturday, Nov. 2.—Notwithstanding the powerful influences that have been at work for some time past in the hope of averting trouble in the British railroad world, there seems little probability of preventing a strike which will have most serious consequences to the traveling public and the men and the companies involved, as well as to commercial interests generally.

WALTHY ST. LOUIS MAN.

Rutland, Vt., Nov. 1.—Huntington Smith, aged sixty, a wealthy resident of St. Louis and a member of various clubs of that city, died in his summer home in Castleton, near here, last night, following a stroke of apoplexy.

HITCHECOCK MISSING STILL

Young Girl Accuser of Well-known Actor Also Has Strangely Disappeared. New York, Nov. 1.—The police have thrown a dragnet over New York, and every clue is being run down in the effort to capture Raymond Hitchcock, the actor, accused of offenses against three young girls. Hitchcock disappeared suddenly from the city Wednesday morning. His wife, Flora Zabelle, the actress, declares that her husband has either been murdered or kidnapped by a band of black-mailers. The police have searched all the favorite haunts of the missing actor, but have been unable to locate him.

STILL AGAINST HEARST.

President Is Disgusted with the Fusion Plan in New York. Washington, Nov. 1.—No Republican in Washington has any doubt about the attitude of the president toward the Parsons-Hearst fusion on the county ticket in New York city. To say that he is thoroughly disgusted with the whole arrangement is to put it mildly. Although no official statement to this effect has appeared, it must be as clear to the friends of Herbert Parsons as to the friends of the president that he strongly disapproves of the fusion. The day he returned from the Louisiana campaign he lost no time in making it known through one of his close friends that Parsons had not consulted with the White House before he began trading with Hearst.

ONE HINKE; OTHER IS BEACHED.

Two Big Bulk Freight Steamers Collide in the St. Clair River. Detroit, Mich., Nov. 1.—Two large bulk freight steamers collided tonight in the St. Clair river opposite Algonac. The Steamer Beads, bound down, sunk in twenty-six feet of water, and the steamer Monroe C. Smith, upward bound, was beached on Russell Island to prevent her sinking in deep water. A far as known none of the crew of either ship was injured.

MANY AFTER BERLIN POST.

Washington, Nov. 1.—Although the announcement of the intended retirement of Ambassador Tower at Berlin has brought out several applications from various persons for that post, it is the present disposition of the administration to fill the vacancy by promotion. It has been the design of Secretary Root to strive at all times to secure an even flow of promotion in the diplomatic and consular service, with result that every official was inspired to his highest efforts by the certainty of reward. In the case of the Berlin embassy if this plan is adhered to, there is likely to be a general stir among the present incumbents not only of ministerial, but of ambassadorial offices. One of the lesser ambassadors may be transferred to Germany, and the vacancy thereby created filled by the promotion of one of the ministers. Among other names that of Dr. David Jayne Hill, the minister to the Netherlands, is said to have been under consideration.

UTES GROWING UGLY.

Washington Is Told Hostile Collision Is Likely Any Moment.

TAFT'S DEPARTURE DELAYED.

Philippine Business Will Keep Him in Manila Until the 9th.

Washington, Nov. 1.—It was announced at the White House today that Secretary Taft will delay his departure from Manila until Nov. 9 on account of the great amount of business for the secretary to review while in the islands. Manila, Nov. 1.—At a banquet given in his honor last night by the Quill club, composed of Americans, Secretary Taft, who returned here yesterday, said that the Americans in the islands must help the Filipinos secure prosperity.

REGRETS TOWER'S DECISION.

President Lauds the Services of the Ambassador to Germany. Berlin, Nov. 1.—President Roosevelt has written a letter to Charles Tower, American ambassador here, in reply to Mr. Tower's note intimating his intention of resigning his post and retiring from the service next spring. The president writes in part: "I sincerely regret your leaving Berlin. I cannot at this moment think of anyone else who can fill your place as well as you. You have given nearly twelve years of honorable service to your country. It is a fine record, and one of which you should be exceedingly proud when you hand it as a memory to your children."

UNWRITTEN LAW FAILS.

Pana, Ills., Nov. 1.—Earnest Saunders, aged twenty-five, was today convicted of the murder of John Lundak. His sentence was fixed at twenty-five years in the penitentiary. His defense was based on the unwritten law and self-defense. His attorneys filed a motion for a new trial.

WALTHY ST. LOUIS MAN.

Rutland, Vt., Nov. 1.—Huntington Smith, aged sixty, a wealthy resident of St. Louis and a member of various clubs of that city, died in his summer home in Castleton, near here, last night, following a stroke of apoplexy.

HITCHECOCK MISSING STILL

Young Girl Accuser of Well-known Actor Also Has Strangely Disappeared. New York, Nov. 1.—The police have thrown a dragnet over New York, and every clue is being run down in the effort to capture Raymond Hitchcock, the actor, accused of offenses against three young girls. Hitchcock disappeared suddenly from the city Wednesday morning. His wife, Flora Zabelle, the actress, declares that her husband has either been murdered or kidnapped by a band of black-mailers. The police have searched all the favorite haunts of the missing actor, but have been unable to locate him.

STILL AGAINST HEARST.

President Is Disgusted with the Fusion Plan in New York. Washington, Nov. 1.—No Republican in Washington has any doubt about the attitude of the president toward the Parsons-Hearst fusion on the county ticket in New York city. To say that he is thoroughly disgusted with the whole arrangement is to put it mildly. Although no official statement to this effect has appeared, it must be as clear to the friends of Herbert Parsons as to the friends of the president that he strongly disapproves of the fusion. The day he returned from the Louisiana campaign he lost no time in making it known through one of his close friends that Parsons had not consulted with the White House before he began trading with Hearst.

ONE HINKE; OTHER IS BEACHED.

Two Big Bulk Freight Steamers Collide in the St. Clair River. Detroit, Mich., Nov. 1.—Two large bulk freight steamers collided tonight in the St. Clair river opposite Algonac. The Steamer Beads, bound down, sunk in twenty-six feet of water, and the steamer Monroe C. Smith, upward bound, was beached on Russell Island to prevent her sinking in deep water. A far as known none of the crew of either ship was injured.

MANY AFTER BERLIN POST.

Washington, Nov. 1.—Although the announcement of the intended retirement of Ambassador Tower at Berlin has brought out several applications from various persons for that post, it is the present disposition of the administration to fill the vacancy by promotion.  Per year, by mail, \$10.00
 MARQUETTE, MICH., NOV. 2.

Entered as mail matter of the second class
 in the postoffice at Marquette, Mich.

Hallowe'en festivities were kept with
 in more orderly bounds this year. A
 word from the police appears to have
 been sufficient.

If there are any sores on the body
 politic of Menominee county it may be
 taken for granted that Judge Stone will
 do all in his power to heal 'em.

At least it must be gratifying to the
 officials of the Newberry Hospital for
 the Insane to have it so generally ad-
 mitted that they have a model institu-
 tion.

Senator Beveridge in one breath says
 that he is for Fairbanks for president,
 but believes that the Republicans can
 elect no one but Roosevelt. "A plague
 on such support," Mr. Fairbanks doubt-
 less says.

For a region that displayed so much
 apathy over baseball when the Copper
 Country-Northern league was groaning
 through the season recently closed,
 Houghton county is manifesting a pro-
 digious interest in the proposed new
 league. We confess we don't quite un-
 derstand it. We supposed baseball was
 a drug on the copper country market.

Today will be another eventful occa-
 sion in football circles. The Michigan
 team has gone to Nashville, to meet
 the Vanderbilt University eleven. A trying
 contest is looked for. The Michigan men
 expect to win, but they also expect a
 hard game, perhaps as hard as one as
 their contest with Pennsylvania. At
 Minneapolis a game which will have a
 direct bearing on the football situation
 in the west will be played between Chi-
 cago and Minnesota. The Chicago team
 has made the best showing to date this
 season, but Minnesota can always be re-
 lied on to furnish a formidable football
 team, and the thousands of enthusiasts
 who assemble at the Minneapolis grid-
 iron this afternoon will doubtless be well
 entertained.

Illinois legislators are now having a
 most unhappy time with their primary
 legislation. The Oglesby measure, which is
 in considerable favor, is a state-wide
 primary law. If the legislators followed
 their innermost desires they would kill
 it, but a certain fear of their constitu-
 ents stays their hands. The old line
 leaders of the party are all against it,
 asserting that it seriously threatens the
 organization. Uncle Joe Cannon is inter-
 ested enough to turn lobbyist against it,
 and he labored assiduously with the
 members of the senate this week. The
 legislature will pass some sort of a pri-
 mary bill, but it is probable that the
 pressure exerted against the Oglesby
 measure will result in its being material-
 ly changed.

A Lansing dispatch remarks on the
 fact that the suit for \$6,000,000 damages
 for the repeal of its special charter,
 brought by the Michigan Central railroad
 against the state, is dragging with un-
 usual slowness. The charter was re-
 pealed four years ago, and suit for dam-
 ages was brought not long after. The
 state has already spent a large sum
 preparing the defense, but the Michigan
 Central company has of late shown no
 disposition to push the proceedings, and
 naturally the attorney general's depart-
 ment is waiting on it. A sort of counter
 suit is one started by the state for the
 recovery of taxes alleged to have been
 fraudulently withheld by the Michigan
 Central company, by misrepresentation
 of income returns. The amount sued for
 is several millions of dollars. There
 have been occasional reports of settle-
 ments of these cases, but it is said that
 they cannot be disposed of in that way
 without action by the legislature.

The Soo News urges on the people of
 Chippewa county a movement to have
 the office of sheriff placed on a salary
 basis. This office is in Chippewa, as in
 other counties, the fattest plum in the
 gift of the voters. It carries a nominal
 salary, but the greater part of the in-
 come enjoyed by the incumbent is from
 fees. These fees are very productive,
 and it is said that the office in Chippewa
 is worth \$5,000 or more annually. This
 is out of proportion to the salaries
 paid other officers, in whom perhaps a

higher standard of ability is required
 than in the sheriff, and the News re-
 gards it as too large an income for the
 position. The fee system, it argues, is
 an incentive to padded charges making
 the maintenance of the sheriff's office and
 the jail much more expensive than it
 would be under a system in which the
 sheriff received a stated salary and all fees
 reverted to the county. There are a num-
 ber of candidates for sheriff who will
 seek the support of the voters next fall,
 and the News opines that the one of
 them who adopts as a plank in his plat-
 form a pledge to do all he can to have
 the fee system replaced by a stated sal-
 ary will make a ten strike with the tax-
 payers.

What is reported as "the first shot in
 one of the most sensational graft cases
 ever started in the upper peninsula" is
 the basis of a Menominee dispatch tell-
 ing of the issuance of an order by Judge
 Stone requiring Peter Carrigan, super-
 visor of Nadeau township, to show cause
 why he should not commence suit against
 Joseph Sherry, highway commissioner
 of the same township, for the recovery
 of \$800, which was paid him for a cer-
 tain gravel hill, which at the time of sale
 was already the property of the town-
 ship. It is alleged in the petition for the
 order, which is signed by five leading
 business men of the county, including
 former Representative G. T. Werline,
 county road commissioner, and Louis
 Nadeau, representing the citizens' com-
 mittee, that Carrigan and the township
 officials knew that Sherry had no title
 to the land involved. "A number of
 other investigations and suits will fol-
 low," it is stated. "It is possible that
 at the next term of court Judge Stone
 will order a grand jury. The matter of
 the collapse of the Menominee river
 bridges, which cost the county \$18,000,
 now at the bottom of the river, will re-
 ceive attention. Carrigan is chairman
 of the county committee on roads and
 bridges."

CITIZENSHIP VS. POLITICS.
 A fine example of non-partisanship in
 municipal affairs is set by Governor Han-
 ley at Columbus, O. A hot campaign is
 now on in that city over the office of
 mayor. The Republican candidate has
 been practically named by the liquor in-
 terests. The Democratic candidate is
 supported by the elements opposed to
 these interests. Party lines are ignored
 and one of the features of the campaign
 is a meeting which has been arranged for
 at which Governor Hanley, a Republican,
 and Governor Folk of Missouri, a Demo-
 crat, will speak from the same platform
 and for the same candidate—Judge Dun-
 can, the Democratic nominee. When the
 campaign opened, as one paper says, "the
 Republican leaders tried to make their
 followers believe the presidential cam-
 paign should figure in the municipal
 fight and that for Taft's sake Republi-
 cans should support a weak nominee
 candidate for mayor and many are mak-
 ing public speeches in his behalf. The
 voters understand that the tariff, the
 money question or the Brownsville in-
 cident will have and can have nothing to
 do with the management of the affairs of
 the city."

Speaking of the two governors the
 State Journal says: "Neither of these
 governors sees any reason why he should
 not speak on the same platform with the
 other in the Columbus campaign. Each
 has agreed to speak with the other and
 in support of the same candidate for
 mayor of Columbus, Judge Duncan."
 "Both see in the local campaign a
 moral issue involved which supercedes
 and overshadows any question of parti-
 san advantage, even the perennial one
 of who gets the jobs."
 "Neither can see any partisan prin-
 ciple involved in the Columbus campaign,
 but only the principle of observance of
 law, a principle which is professed by
 both parties and has been included in
 every Republican and Democratic plat-
 form ever written."
 In this election a moral issue happens
 to be involved, but in no purely local
 contest do national issues have any bear-
 ing and a general recognition of the
 fact will result in greater efficiency and
 less corruption in municipal government.
 Governor Hanley is setting voters every-
 where a splendid example of good citi-
 zenship.

SAFEGUARDING THE PACIFIC.
 Whatever shall be the outcome of the
 movement of a fleet of battleships from
 the Atlantic to the Pacific Ocean, it has
 served to call attention to the fact that
 Japan, with their wonderful progressive-
 ness, is a nation not to be ignored. The
 most up-to-date method of safeguarding
 the health is to keep a bottle of Hostet-
 ter's Stomach Bitters handy at all times
 and take a few doses promptly at the
 appearance of any disturbance of the
 stomach, liver, kidneys or bowels. In
 this way it has been able to prevent a
 great deal of sickness and has made thou-
 sands of friends in all parts of the world.
 Try a bottle the next time you suffer
 from poor appetite, flatulency, heartburn,
 costiveness, dyspepsia, indigestion, chills,
 colds, female ailments, malaria, fever and
 ague. We guarantee it pure.

MAN REFUSES TO DIE.
 You can't blame a man for desiring to
 live and you can't blame a man if he
 takes Serrine Pills, when he knows they
 will help him live longer. They are the
 greatest tonic in the world for both men
 and women. Price \$1 a box; six boxes
 \$5, with money-back guarantee. Address
 or call People's Drug Store, Marquette.
 This is the store that sells all the prin-
 cipal remedies and does not substitute.

THE IRON TRADE.
 The Iron Trade Review, commenting
 on the developments of the past week,
 says that "the recent disturbances in the
 financial market very naturally retarded
 operations in the already dull iron trade,
 but there has been no general demoral-
 ization or alarm. In regard to the West-
 inghouse and other interests which have
 been placed in the hands of receivers,
 the prevailing feeling is that they will
 work out of their difficulties at a not
 far distant date, without loss to anyone.
 While no one attempts to belittle the
 splendid services which have been ren-
 dered by men of large capital in support-
 ing the stock market and financial insti-
 tutions, it should not be forgotten that
 such support would have been impossible
 had not the industrial condition of the
 country been sound and the banks much
 better prepared to meet an emergency
 than they have been in past crises."

The Review expects that a consid-
 erable reduction in output will be a
 feature of the November iron trade. Al-
 ready the Columbus, O., plant of the
 Steel corporation, consisting of two blast
 furnaces and a sheet bar mill, has been
 closed; the Edgar Thompson plant is
 running on short time; a number of in-
 dependent blast furnaces are preparing
 to blow out, and some steel foundries
 and other manufacturing concerns will
 undoubtedly reduce their output. But
 this reduction is expected to come slow-
 ly, and the comparative idleness, it is
 hoped, will not endure for a very long
 period. "Indications are not lacking,"
 says the Review, "that, owing to the
 excellent crops and the activities of the
 railroads, considerable buying will soon
 be imperative."

The week was a very quiet one in the
 pig iron market, with demand slack and
 prices inclined to soften. In some parts
 of the country the demand for structural
 iron is good, but as a whole the orders
 are not large. There has been some busi-
 ness in steel rails, including 13,000 tons
 for Japanese roads, but much of this
 business is still holding off.

As a whole there is nothing in the iron
 trade situation to warrant expecting
 anything but a gradual slackening of
 business to a state of considerable dull-
 ness, but on the other hand there is ev-
 ery reason to believe that it is going to
 escape the acute demoralization that was
 the lot of the copper metal industry.

Northern Normal Notes.

Miss Alma Prenevost of Iron Moun-
 tain was called home Monday.

Every member of the faculty, with the
 exception of two, is attending the ses-
 sion of the Upper Peninsula Educational
 association. School closed for Thursday
 and Friday, and many of the students
 left Wednesday evening for their homes.

The faculty club had a very inter-
 esting meeting on Wednesday afternoon.
 The subject discussed was, "Play and
 Exercise in the School." The discussion
 was led by Ward M. Mills and most of
 those present took an active part in the
 debate which followed.

Within the past six weeks three wed-
 dings have occurred among the members
 of the faculty. The first was that of
 Miss Barnes of the training school; the
 second, that of Mr. Lantner of the de-
 partment of modern languages. The
 third and last was that of Dr. T. C. Hebb,
 who made a record wedding trip. He
 left Marquette Friday evening, was mar-
 ried to Miss Evelyn Hayden at Chicago
 Saturday evening and arrived in the
 city with his bride Sunday morning,
 ready for school at 8 o'clock Monday
 morning.

Assembly for Monday was addressed
 by Mr. Mills of the department of geo-
 graphy. He took as his subject "The
 means of predicting the weather." Wed-
 nesday, Principal James H. B. Kaye made
 a remarkable address upon the morning
 of the past six centuries. He very briefly
 stated the great contribution made by
 each, showing how each has been the
 true resultant of all that has preceded.

Most of his time was spent in the dis-
 cussion of the present day, its problems
 and its possibilities in the light of the
 teacher's work. It was an address that
 every one who had the pleasure of listen-
 ing to will remember for many a day.

The People's Drug Store

IS EVERYBODY'S favorite. Every department and counter in the store. That's one reason why The People's Drug Store is as active as a bee hive all the time. Business never lags here. Just now we are busy showing everything in drug lines that can be wanted at this time of the year, and giving special attention to cold weather helps—

Chamois Vests, Lung Pads, Chest Protectors

in almost endless variety. These specialties come made up in Chamois, Flannel, Felt and Chamois Fibre, and we have them in all sizes for men, women and children.

Besides this we have an immense stock of Chamois in all grades and sizes from 10 cents up to \$2.50 for your own make-up if you choose to do it yourself.

THE PEOPLE'S DRUG STORE
S. B. JONES, Manager. MARQUETTE, MICH.

City Brevities

Miss Hazel Fassbender is visiting friends at Birch.
Mrs. O. Eger of Ishpeming is visiting Mrs. Jack Steele.
John Hovey of Menominee is in the city visiting friends.
H. G. Smith of L'Anse is visiting friends in the city.
Miss Mayme Wallace is visiting her home in Marquette.
D. A. Lewis of Baraboo, Wis., is visiting friends in the city.
L. J. Ashton of Racine, Wis., was a visitor in the city yesterday.
John B. Michela of Iron Mountain was a visitor in the city yesterday.
Mrs. V. Mertz of Republic is visiting at the home of Mrs. Jack Steele.
Eugene V. Cassidy of Ishpeming was a visitor in the city yesterday.
Edward F. Enking has returned from a recent trip to the copper country.
Chester H. Clapp, landscape designer and decorator, of Detroit, is in the city.
Don Cameron and Helmar Solomonsof of Norway are visiting friends in the city.
Norman W. Haire of Houghton paid a brief visit to Marquette friends recently.
The orchestra will give its usual week-end social hop at Eternity Hall tonight.
Miss Mary Atfield left yesterday to attend the educational association meeting at Escanaba.
Miss Maud Burg of Negaunee is visiting at the home of Mrs. John Rough on Baraga avenue.
Mrs. Thomas Gibson of Houghton and her sister, Mrs. Thomas Harris, are visiting Mrs. John Rough.
Clarence Brown of the Northwestern Life Insurance company has returned from a trip to Manistique.
Miss Mae Fogarty, who went to the copper country a few days since to attend the funeral of her aunt, Mrs. St. Amour, of Hancock, arrived home last evening.
Mrs. George Bell of Dalton, Wis., is in the city. Mrs. Bell, who is a sister of Mrs. Charles McCormick, came here to attend the funeral of the late Charles McCormick.
Henry J. Riehl, chauffeur for S. R. Kaufman, will be joined in a few days by Mrs. Riehl, who will come up from Detroit to spend the remainder of the season with him.

Social Ten Entertainment—Mrs. Fred Daly entertained the Social Ten of Marquette at her home in Birch yesterday. The guests were pleasantly entertained.
To Come to Marquette—Jack Maloney, former yardmaster of the Marquette & Southeastern at Princeton, is to come to Marquette as yardmaster of the L. S. & L. to succeed P. E. Crandall, who recently resigned the position.
Football Tomorrow—A game of football is announced for tomorrow afternoon at the old fair grounds. The North End team of players to go to Nashville, Tenn., where Ann Arbor is to play Vanderbilt University next week. The Michigan team left for the south yesterday.
Surprise Party—Mr. and Mrs. J. C. Wilson were surprised by a number of their friends Thursday evening at their home, 152 West Prospect street. Cards furnished the principal amusement for the evening.
Going South—Joseph Primeau, Jr., who has taken the eye of Coach Yost at Michigan University as a promising football star, has been selected as one of the team of players to go to Nashville, Tenn., where Ann Arbor is to play Vanderbilt University next week. The Michigan team left for the south yesterday.

K. of C. Dance—Invitations have been issued for a dance to be held at Fraternity Hall Thursday evening, Nov. 7, by Marquette Council No. 689, K. of C. The dance is given for members and their friends. The Sullivan-Sweet orchestra will furnish the music. The price of admission will be fifty cents a couple.
To Be Ordained Priest—Andrew Timmins, who was prepared for the priesthood at St. Paul's seminary, St. Paul, Minn., is to be ordained a priest tomorrow morning at the high mass at St. Peter's cathedral. He was ordained deacon, one of the minor orders of the priesthood, at the pontifical high mass on All Saints' day. It is stated that he is to be assigned to a charge in Iowa.

Will Give Musical—The Saturday Morning Musical club is to give a musical at Morgan Memorial chapel Wednesday evening. The proceeds of the musical will be devoted to the Anna M. Chandler Memorial fund. This fund was begun to honor the memory of Anna M. Chandler, who for a number of years was at the head of the Marquette schools. The purpose of the fund is to obtain a University of Michigan scholarship.

Another Requirement—Non-resident hunters must obtain permission from Game, Fish and Forestry Warden Pierce to ship deer out of the state. County Clerk Jenks yesterday received a batch of blanks to be used by non-resident hunters in applying to ship game out of the state. One of these is to be given to each non-resident hunter when he procures a license. It is not thought that this requirement applies to resident hunters.

Miss Dollar to Wed—Miss Grace Dollar, daughter of Robert Dollar, for many years a prominent lumber operator in

the region and the founder of Dollarville, will be wedded today at San Rafael, Cal., to Frederick William Dickson, also of San Rafael. Miss Dollar is well-known and has many friends here, she having been a guest at the home of A. Mathews two or three years ago. The Dollars have been located in California for many years. Mr. Dollar has large interests there, and is the owner of several steamers in the Pacific trade.

UGLY WOMEN.
A Disgrace to Themselves.
We make this statement because in this wonderful 20th century care and attention to the toilet places comparative beauty within reach of every intelligent woman.
What makes women appear ugly—not the features surely—no, for a woman with very ordinary features can still be beautiful if her skin is good and her hair luxuriant and well groomed.
How can you have beautiful skin and hair? The valuable little book, fully illustrated, "How to be Beautiful," answers the question and this book will be given you free if you will call at the Toilet Goods Department of

The Stafford Drug Co.
This book is published by E. Burnham, the leading manufacturer of hair and toilet goods in the United States, whose famous establishment in Chicago is one of the places of note in that city.
Booklet "How to be Beautiful" mailed free by addressing, E. Burnham, Chicago, Ill.

On account of overstock I must sell regardless of cost my large stock of wagons, carriages, buggies and harness at once.
H. E. BITTNER, Marquette.

**VERN CHAMBERLAIN
LEADS IN CONTEST**

MARQUETTE NATIONAL BANK AND CONGRESSMAN YOUNG OFFER PRIZES FOR BOY WHO TAKES WASHINGTON TRIP.

Both the Marquette National bank and Congressman H. O. Young of Ishpeming have taken a hand in the Washington trip contest inaugurated recently by the Northwestern Farmer, a Menominee publication. The paper proposes taking a party of seven boys to Washington as the guests of United States Senator William Alden Smith, president of the publishing company that issues the paper. The seven boys who are to make the trip under the care of C. W. Mason, editor of the Northwestern Farmer, are to be selected by votes from seven districts in which the Northwestern circulates.

The Offer.
The Marquette National bank has offered \$5 to the Marquette county boy who receives the highest vote in the contest, and Congressman Young has said that he will present a handsome engraved gold watch and chain to the upper Michigan boy who receives the highest vote in the contest.

That a Marquette boy will take both of these prizes in addition to making the trip is more than half probable, as a Marquette boy is now leader in the contest. Vern Chamberlain, the fourteen-year-old son of F. Chamberlain of Rock street, is the boy. He now has five thousand votes. Young Chamberlain has been hustling diligently since the contest was announced and his efforts as a rule have met with a ready response from those who are anxious to see a Marquette boy carry off the prize.

Leave in February.
The party of boys is to leave Menominee with Mr. Mason Feb. 19 next. They are to visit all the points of interest at the national capital and each boy will meet and shake hands with President Roosevelt. They will have the opportunity of seeing both congress and senate in action. The seven will be selected by votes cast by readers and subscribers of the Northwestern Farmer and the awards will be made by a board of representative men who have been chosen for the purpose. The district which includes Marquette consists of the following counties: Marquette, Alger, Baraga, Luce and Chippewa. The boy who receives the largest vote in this district will be one of the seven to make the Washington trip.

USED PISTOL IN SPEECH.
Man's Effort to Call Strike of Workmen on Road Lands Him in Jail.

Alfred Aho's career as a labor agitator was of brief duration and an attempt he made yesterday to call a strike of the workmen on the Negaunee-Marquette road met with poor success and landed Aho in jail. It was because Aho's manner of procedure was a trifle too strenuous that the aid of the authorities was called for. He was punting a fervid address to the men with pistol shots. The police encountered Aho as he was entering town shortly after he had sought to call the strike. He was arrested and a charge of carrying concealed weapons was preferred against him. He was tried in the court of Justice of the Peace Byrne and a fine of \$20 was imposed.

HUMPTY DUMPTY HERE.
All the Nursery Characters in Play-Good Vaudeville Sketches.

Humpty Dumpty, Little Boy Blue, with his horn, Little Red Riding Hood, Mary, Mary, Quite Contrary, Little Miss Muffet, Little Bopsey and all the others with the queens and fairies and apries, are at the Opera House. The play was given last night and there are to be two more performances, the matinee this afternoon and the closing of the engagement tonight.

True to tradition, Humpty Dumpty finds himself on a wall in the first act. He is in a huge egg and when the egg falls and breaks Humpty Dumpty makes his bow. The scene is laid in an Old English village and in it a rivalry for the hand of Goody Two Shoes, the daughter of Old One Two, Come Buckle My Shoe, is developed between Little Boy Blue and "Chollie" Chesterfield, the Queen of Darkness seeks to steal Little Boy Blue's horn and the Queen of Light appears and foils her. It is a play for the children and also the older ones will find it worth while.

Incident to the play number of creditable vaudeville turns are introduced. Most of these are given in the second act, which is staged gorgeously in "Brimstone Cave." Flexible Hovey is a human bow knot. Before the audience he puts himself into a box about the size of a small hand satchel. The Goo Goo girls sing a good little song. The Leroy brothers have some new acrobatic stunts and the three Gilden sisters introduce a turn with singing and novelty club dancing. Major Stevens, as a juggler of Indian clubs and a manipulator of the band master's stick, places him in the first class. All through the show George H. Adams' work as the clown develops laughs.

Widely recommended for its curing qualities, its reputation for superior merit has stood for thirty years. Nothing so good for indigestion, constipation, rheumatism and bad blood as Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. The Stafford Drug Co.

I Wish I Were Rich

How Often have you heard that said? Isn't that just about as far as most people get on the road to wealth? Have you stopped there? Those who have money were not satisfied with merely wishing for it. They have worked and earned and saved. You are working. You are earning. But are you saving? No? Then begin. This Bank will take care of your savings whether large or small. Three per cent interest will be added to it compounded semi-annually.

DOES YOUR HAIR LOOK LIKE THIS?

If not it is your own fault, for we say to you positively that we can grow your such hair as this with

E. Burnham's Hair and Scalp Tonic

We have had years of opportunity to study "growth of hair" in our Chicago establishment, where we treat more heads of hair than any other establishment in the world, and E. Burnham's Hair and Scalp Tonic is the result of years of study and experiment.

E. Burnham has found the cause and cure for baldness, dandruff and other scalp infections. The scalp being one of the weakest parts of the cranium, blood becomes sluggish and the follicles of the roots of the hair become impaired and diseased from want of nourishment. E. Burnham's Hair and Scalp Tonic overcomes this by feeding and strengthening the hair follicles, puts the scalp in a healthy and normal condition, gives the hair new life, stops it from falling out, cures dandruff and other scalp infections.

IF YOUR DEALER DOES NOT KEEP IT

To convince you that this preparation will do all we claim for it, we will send a good sized sample bottle including a bottle of Cream or Gray Hair Restorer, upon receipt of 10c which only covers part of express charges.

Our Booklet, "How To Be Beautiful," mailed free. Address

MEETING ENDS TODAY.

Last Session of Gathering at Escanaba Is to Be Held This Morning.

With the session to be held at 9 o'clock this morning, the Escanaba meeting of the Upper Peninsula Education association will close. The session this morning is to be opened with music by Mrs. Rosa E. Harden of Negaunee, who will give "Snowflakes." Dean James E. Russell of the Teachers' college of Columbia University is to present the paper, "Methods of Teaching and Discipline." An address is to be made by Superintendent Fred A. Jeffers of the Atlantic mine. Professor D. B. Waldo, former head of the Normal school here and now principal of the Kalamazoo Normal, will present the paper, "The Public School and the Efficient Life."

The Northern State Normal school alumni dinner was held last night and was attended by the Normal faculty and by many former students who attended the meeting. The University of Michigan alumni banquet was also held last night.

OCTOBER'S RECORD.

Only Eight Clear Days Last Month—Highest Temperature 72 Degrees.

The month of October had only eight clear days, the remaining twenty-three days being cloudy or partly cloudy. The highest temperature recorded last month was 72 degrees on the 17th. The lowest temperature was recorded on the 28th of the month, when the thermometer registered 27 degrees. The mean temperature for the month of October was 44 degrees, and the coldest mean temperature for the same month during the past 37 years was 41 degrees in 1895. The warmest mean temperature for October during the past thirty-seven years was 56 degrees in 1879 and 1900. The total amount of precipitation last month was 2.35; snowfall, 10. The prevailing direction of the wind was from the northwest, the total movement being 8,416 miles. The highest velocity attained by the wind was 38 miles an hour on the 21st of the month.

The above report was issued by the Marquette weather bureau.

PARKER DIVORCE CASE.

The attorney for the complainant in the Parker case of annulment of marriage denies the proceeding has been abandoned. A technical default for failing to file a pleading within fifteen days was entered against him by the opposing attorney, complainant's representative being a few days' over-time in the matter. The divorce attorney proceeding has been testimony for two months after the filing of the bill. Besides, policy is against the expediting of proceedings, so that the complainant is somewhat nettled at having to pay costs for alleged want of diligence, his delay resulting from placing him in a difficult position as to matters by amending his bill relative to property rights. The merits of the case are to be decided by the court and jury.

SUNDAY AT THE CHURCHES.

First church of Christ, scientist. Service Sunday at 10:30 a. m. Subject: "Adam and Fallen Man."

First Presbyterian, Rev. J. M. Rogers, pastor—Services at 10:30 a. m., and 7:30 p. m. Morning theme, "The Call of the Universe." Evening sermon topic, "The Unfilled Gift."

German Lutheran, Rev. Carl Appeler, pastor—The Reformation feast will be celebrated at 7:30 o'clock in the evening. Holy communion will be conducted at Garden in the morning.

Upper Peninsula

Colt Kicks Man in Face— Fred Lang, of Pine Ridge, Delta county, was painfully injured by being kicked in the face by a skittish colt which he was attempting to separate from other horses in a field at his farm. Lang received the blow from the hoof directly across the nose, it crushing the bones of that organ and severely bruising the upper portion of his face. The farmer approached the colt and the animal suddenly whirled and kicked.

Trampled by Cattle— Gored, kicked and trampled by a herd of hungry cows, Louis, the eleven-year-old son of Nels Larson, lies at his father's home one mile north of Menominee in a precarious condition. It is feared he suffered a fractured skull, because of three broken ribs and serious internal injuries. He went into the barnyard to feed pumpkins to the cattle, which were extremely hungry, and consequently unmanageable, and they made a rush for the pumpkins which he carried in his arms. Being too young and small to extricate himself from his position he was forced beneath the hoofs of the stampeding cows. He was hooked and stamped on, kicked and pummeled around beneath the hoofs of the bovines until his cries reached the ears of his father.

Boy's Fingers Shot Off— William Kolanda, fourteen-year-old son of Joseph Kolanda of Soperton, Menominee county, narrowly escaped instant death when he stumbled and fell upon his loaded shotgun, which discharged almost in his face. Two of the lad's fingers were blown away and both hands were badly lacerated but the greater portion of the charge grazed the youth's head. Kolanda, accompanied by his brother, was returning to his home, after spending the afternoon hunting. The youth was holding the gun muzzle downward in his right hand when he accidentally stepped into a hole and as he fell instinctively clutched at the gun for support. His right hand practically covered the muzzle at the time the weapon was discharged. In all probability the loss of his fingers saved his life, as the charge was deflected slightly and missed the lad's head by a narrow margin.

Big Catches of Fish— During the past week the bay shore fishermen at Menominee have obtained several of the largest catches of the year and the fishing season at the present time is one of the most successful from a financial standpoint that has been experienced during the past five years. Wednesday evening and Thursday morning one fisherman alone lifted sixty-five barrels. The waters are said to fairly swarm with herring, fully 75 per cent of the catch being of that species. Menominee and trout have been found in the nets and bring good prices. The fishermen are enthusiastic over their

good luck, crediting a portion of it to the fact that outside fishermen are practically barred through the new license law.

Wood Cheap at Grand Marais— Hardwood is selling at \$7 a load at Negaunee. Judging from this Grand Marais people are fortunate in this respect, as the fuel will sell here for \$2 per load.—Grand Marais Herald.

For County Fair Purpose— The Chippewa county board of supervisors has voted to lease to the County Agricultural society the county property at Algonquin for county fair purposes, the lease extending over a period of fifteen years at a nominal rental of \$1 per year. This lease was made revocable at the end of five years if the county decided that it wanted the property. The lands are wild and covered with brush and will have to be cleared at the expense of the society. Whether or not the society will endeavor to get the grounds in condition for next year's exhibit is a matter of conjecture.

Steamer's Bell Historic— Undoubtedly the oldest bell in commission among the lake fleet is that which is doing duty on the steamer Weston. Investigation shows that it was cast in 1794 for the Helena, presumably a lightship doing duty in the vicinity of Boston harbor. Many years ago it became the property of William Dulac, of Mount Clemens, Mich., afterwards commodore of the Tonawanda Barge Line fleet, and was installed on the Weston. Subsequently it was covered with paint to protect it from the weather, and on being polished when it was found that the paint impaired its sounding ability the date of its manufacture was brought to view. The bell weighs 100 pounds.

Co-operative Meat Market— After ruling exceptionally high for the past year or two, the price of meats at Manistique is expected to take a material drop in the near future. The project of opening a co-operative butcher shop having been broached, it has been received with such favor that the establishment of the market is already assured; in fact, quarters for it are now being prepared in the business district. The company is to be capitalized at \$2,000, divided into 200 shares of \$10 each, all of which have been subscribed for by some 150 persons. Articles of incorporation have been filed. Aside from selling to its own stockholders, who will share in the profits, the establishment will transact a general meat business. It is figured that meats can be sold at lower prices than have been ruling in the Schoolcraft county seat, and that dividends of not less than 10 per cent can be paid annually. An experienced man will be installed as manager, and he will have full charge of the business subject to the control only of the directors.

Many Beggars in Europe— After four months spent abroad, Rev. Father Buchholz, a prominent priest of the Marquette Roman Catholic diocese, and now stationed at Ironwood, has returned with the report that of all the countries visited Germany is easily the most prosperous. He comments as an interesting fact that while in London his party was frequently accosted by beggars. The same was true in all portions of Ireland, and in Paris as well mendicants were numerous. In the French capital he says apparently no attempt is made to preserve even a semblance of decency. The vilest and most obscene post cards are openly sold by children in public places and under the very noses of the police. Several times during their stay in Paris Father Buchholz and his companions had carrels of revolting na-

NEW COMET COMING NEARER.
Course Studied by the United States Naval Observatory.

Washington, Nov. 1.—Astronomers at the United States naval observatory have been making observations for the last two weeks on a new comet, which has been named the Mellish comet, from the fact that its discoverer was J. E. Mellish, a farmer of Cottage Grove, near Madison, Wis. About two weeks ago the naval observatory was informed of the appearance of the comet and they began immediately to study its course. At least a dozen observations were made and the investigations will be continued through the present week. It has already been ascertained that the new comet is approaching the earth. It is of the eighth magnitude and is not visible to the naked eye, but can be seen plainly with a small power lens. Mellish in discovering it is said to have used a home-made telescope.

CHINESE OFFICIAL PRESS.
A Government Paper for Each Province as Guard Against Revolution.

Peikín, Nov. 1.—The government paper established by Yuan Shi Kai, the new grand councillor, to supersede the Peikín Gazette, announced yesterday that the government had planned, on account of the insufficiency of the Peikín Gazette and the inaccuracy of the provincial papers, to establish a government press organ in each province. The native press of Peikín for the last month has been in fear of stringent regulations, following Yuan Shi Kai's arrival here, and has petitioned the government to grant it the same status as enjoyed by newspapers in western countries, asking for special press, telegraph and postal rates, free access to government information, access to trials and the right of fair trial for offending newspapers. Chang Chi Tung, the other new grand councillor, favors granting press privileges, immunities and protection to that section of the press operating in the extra-territorial districts under foreign ownership, by which the government would lose all control of the newspapers. The establishment of the new government press means another step in combating the revolutionary tendencies and propaganda in the empire.

BASEBALL CONFERENCE ENDS.

New York, Nov. 1.—The national board of the National Association of Professional Baseball Leagues ended the business of the annual meeting today with the consideration of protests and appeals. Bruce Hayes, manager of the Bay City (Mich.) club, asked to be freed from Bay City, and his request was granted.

LOST OR STOLEN PICTURE

MAY COST FAMILY LIVES.

Nashua, N. H., Nov. 1.—Casper Kalstoun has been promised police aid in the search for a picture he says was stolen from his room recently and which, he believes, if sent to the police officials of Turkey, will result in the execution of his family in Armenia. The picture is a photograph taken in Russia and shows him in the garb of an Armenian revolutionist, with a pistol and dagger in his belt and rifle on his shoulder, on his breast a Hunchakist badge.

If this evidence of his connection with the revolutionary party should fall into the hands of Turkish officers near his home, his father and other members of his family would immediately be put to death, he says. He believes the picture was stolen by an enemy.

Grand Family Theatre

Washington St., Opposite Opera House. Continuous Performance.

OUTHWAITE TAKES NELSON HOUSE AGAIN

INTERIOR OF HOTEL IS TO BE GIVEN A THOROUGH OVERHAULING—HEATING PLANT WILL BE INSTALLED NEXT SUMMER.

George E. Voyer, who has conducted the Nelson House for the past three and a half years, turned it over to the owner, John P. Outhwaite, yesterday. Mr. Voyer had been desirous of giving up the hotel for some months past, but Mr. Outhwaite had urged him to remain in charge until he could obtain another manager.

The hotel will be conducted by Mr. Outhwaite until such time as it is again leased, and Mr. Voyer will assist him with the management. The bar will be continued by Mr. Voyer, as his license does not expire until next May.

Mr. Outhwaite said yesterday that he may manage the hotel until spring. The house is badly run down and needs a general overhauling. Mr. Outhwaite says that improvement work is to be started right away, and that every room in the building will be given attention. Two or three painters and decorators will be employed all winter. The house needs a new heating plant, but Mr. Outhwaite said that the present plant will not be replaced until next year. More economical boilers will be installed and the radiation will be overhauled. Important improvements will also be made in the kitchen and other parts of the house.

Mr. Outhwaite says that he will have no difficulty finding a man to take the house, as he knows from personal experience that it can be made to pay. He declared that during all the years he conducted the hotel it yielded him a good profit, even when its patronage was not so good as it is at this time. The great trouble with the hotel business now is the high price of all food stuffs.

It has been reported several times during the past two months that Captain Thomas Walters had purchased the hotel. Mr. Outhwaite said that the captain and he had had a few talks about the matter, but the deal was far from being closed.

There is no denying the fact that the Nelson House has been "knocked" from one end of the peninsula to the other by commercial men and others, but so far as Mr. Outhwaite can ascertain there has been no good reason for this. He realizes that the hotel and the city have been injured by these unfriendly reports, and he now proposes to spend a sufficient sum on the property to put it in satisfactory condition. It will take several months to complete the improvements. In the meantime Mr. Outhwaite will be at the hotel to give the work his personal attention, and to see that the wants of its patrons are properly supplied.

WILL CONSTRUCT SEWER.

William Trebilcock Given Contract by Oliver Iron Mining Company.

The Oliver Iron Mining company will extend the sewer system from the south end of Main street over the hill and under the South Shore railway tracks to Bluff street to a point opposite W. H. Johnston's dwelling and then extending up the hill to M. Johnston's home. William Trebilcock has been given the contract for the work and will put a crew on the job this morning. About 2,700 feet of eight and ten-inch pipe will be laid. Several employees of the Oliver Iron Mining company reside on Bluff street and all of their places will be connected with the system. Mr. Trebilcock will employ a large crew. The average depth of the trench will be six feet.

Mr. Trebilcock has completed his sewer contract on Empire street and he expects to finish the digging of the trench for the laundries at the Lake Avenue corner day next week. The Cleveland-Cliffs iron company's carpenters began putting in the laundries yesterday. Considerable of the timber has been framed already.

DEATH OF TIMOTHY DWYER.

One of City's Pioneer Residents Passed Away at Early Hour Yesterday.

Timothy Dwyer, who had been a resident of Ishpeeming for nearly forty years past, died yesterday morning at 8 o'clock. His condition had been precarious and the members of his family had realized for some weeks that he could not live long. About four years ago Mr. Dwyer was stricken with paralysis, from which he never recovered.

The deceased was seventy-four years of age and was well-known and very highly esteemed by his acquaintances. During the greater part of the time he served as a resident of Ishpeeming he was in the employ of the Cleveland-Cliffs iron company, first at the Barnum mine and later at the Chiff Shaft property. He is survived by two sons and two daughters, Thomas Dwyer of Chicago and James of this city, Mrs. T. F. Nugent of Milwaukee and Miss Nellie, living at home. A telegram was received from Thomas yesterday, stating that he was unable to attend the funeral, as he was recently taken down in the city early in the week.

The funeral will be held tomorrow afternoon at 2 o'clock from St. John's church under auspices of the Ishpeeming Division of the Ancient Order of Hibernians, of which the deceased was a member. A requiem high mass will be sung for Mr. Dwyer some morning next week at St. John's church.

A FINE ENTERTAINMENT.

Howe's Marvelous Pictures Witnessed Last Evening by Large Audience.

Lyman H. Howe's moving pictures were greeted by a large audience last evening at Ishpeeming theater. It was the company's fifth visit to the city. The entertainment is to be repeated again this afternoon at 2:30 and this evening at 8:30 o'clock.

The principal features of the program were "In Darkest Africa," pictures showing the great Victoria Falls of the Zambezi river, discovered fifty years ago by Dr. Livingstone. The illustrations showed gigantic gorges, foaming torrents, clouds of water, the falls by daylight, by sunset, and by moonlight, and the wonderful Victoria bridge. Then there was the boiling pot at the base of the falls, where the waters of the great river are compressed into thirty yards of wild, foaming current. Another of the scenes showed a steamer crossing a steam railroad track at the rate of a mile of track in sixty minutes. Then there were the Premier diamond mines, near Pretoria, showing how the costly stones are secured and prepared for the market.

Another feature was the greatest naval display ever photographed, depicting many incidents of life in the navy, including physical drill, dancing of the horpappe, shifting jibs, lifeboats in action, and the launching of torpedoes. A lover's farewell before the battle and other realistic pictures were of special interest.

TERRIBLE LIQUOR CRAVING.

How Orrine Destroys All Desire for Whiskey and Beer.

The terrible craving for liquor is a symptom of disease and to overcome it, the disease itself should be treated in a scientific way. When one has used whiskey, beer or other stimulants for a long time, the nerve cells have become accustomed to the effects of the stimulants and demand liquor in order to perform their duties. If the nerve cells are properly treated, the craving for liquor will be destroyed.

It is in this way that Orrine cures alcoholism, by supplying to the nerve cells the strength needed, thus destroying the desire for liquor. It eradicates every particle of the terrible liquor craving, imparts new strength and vigor to the whole system, and restores the general health. Treatise on "Drunkennes" free on request. The Orrine Co., Washington, D. C.

So successful has Orrine been that in every case it is a registered guarantee which entitles you to a refund of your money if Orrine fails to effect a cure. Never before was a treatment for the liquor habit sold in this way. A guarantee like this shows the faith of the discoverer of Orrine and the agents who handle it, the leading druggists everywhere.

Orrine is in two forms, No. 1 which can be given secretly in food or drink; No. 2 in pill form for those who desire to be cured. Either form costs \$1 per box, and both are sold under the liberal guarantee that your money will be refunded if Orrine fails to cure. Orrine is for sale by The Stafford Drug Co.

MILDRED HOLLAND.

It is of more than ordinary interest to note that Miss Holland made a trip to Italy during the vacation season, especially to familiarize herself with the scenes, manners and likes of the people depicted in "A Paradise of Lies." She obtained an ancient picture of a lily pond which the scenic artists have faithfully copied in every detail for the stage setting of the prologue. Miss Holland and her company will be at Ishpeeming the next Tuesday evening.

FOOTBALL TOMORROW.

The Ishpeeming Beavers will try conclusions with the Marquette Independents tomorrow afternoon at 2:30 o'clock at the Union Park grounds. The Ishpeeming team will line up as follows: Ends, W. Huot and H. Read; tackles, W. Huot and O. Huot; guards, H. Toupa and B. Beckerley; center, W. Tippet; quarterback, Guy Robart; halfbacks, H. Sunblad and W. Veltze; fullback, W. Harrington.

DANCING PROVES FATAL.

Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure, if Foley's Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse any but the genuine in a yellow package. The Stafford Drug Co.

THE NOBBY STYLES

If you want the late style Suits, Overcoats and Furnishings for men and boys you should see our new lines. We handle the popular make garments, also the best shoes.

M. A. Kahn

WOODMEN AMPLY PROTECTED.

Suicide of Former National Officer Will Not Affect the Society.

C. J. Byrns, a director of the Modern Woodmen of America, left last night for Charlton, Ia., the home of Frank Crocker, cashier of the First National bank, who committed suicide Thursday. Other national officers who will be present to look after the society's financial interests are Directors A. N. Bort of Beloit, Wis., and R. R. Smith of Rockford, Ills., Banker McNider and General Atterton of Platt.

Mr. Crocker was a former banker of the society, he having been elected to the office for a two years' term at the St. Paul convention six years ago last June. Since then the Charlton bank has been a depository for the Modern Woodmen. Mr. Byrns was unable to say what sum the society had in the bank, but did not think the amount exceeded \$100,000.

"The Modern Woodmen is amply protected from loss in this case," declared Mr. Byrns. "The bank has given the society a bond for twice the amount of the deposit, and I am sure that the Woodmen will not lose one dollar. The boys are both personal and surety, and they were the very best that the bank could offer."

The Modern Woodmen of America has about forty departments, and between \$2,000,000 and \$3,000,000 is on deposit with them. In each case the bond is double the amount on deposit. The head office of the organization furnishes bonds in a sum double the amount in his keeping.

FIRE ON SPRING STREET.

The fire department was called to Spring street yesterday morning about 9 o'clock to extinguish a blaze in a building owned by Mrs. Sarah Lund. A little girl living in the house went into the attic to procure some clothes. It was dark and she lighted a match, the clothing catching fire. She threw the garments on the floor and ran outside, but was afraid to tell her grandmother what had happened until some minutes later, when the smoke began making its way through the roof. Two families occupied the house. One of them had considerable furniture damaged, but the other did not lose anything to speak of. The damage to the building was not heavy, and was confined largely to the upper story.

ISHPEMING IN BRIEF.

Mrs. S. J. Stephens of Walsh street entertained Thursday evening at a Haloween party.

The members of the local division of the Ancient Order of Hibernians will meet in their hall tomorrow afternoon at 1 o'clock to attend the funeral of the late Timothy Dwyer.

A fifteen-cent social in connection with a pantry sale will be given by Mrs. Harwood's division of the Presbyterian church next Friday evening, Nov. 8, in the parlors of the church.

The hop Thursday evening at Braas-tad's Hall was one of the most successful.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicine. This he has taken into his numerous patrons and patients into his full confidence. Thus he has removed his medicines from among secret nostrums of doubtful merits, and made them remedies of known composition.

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the public scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, biliousness and all catarrhal diseases, wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending an address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native medicinal roots of great value; also that some of the most valuable medicinal plants contained in Dr. Pierce's Favorite Prescription for women, nervous, over-worked, run-down, nervous and debilitated women, were employed long years ago by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the use of not a few of our most valuable native medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the woman's functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

HOW IT SPREADS.

The first package of Dr. Leonard's Henu-Rold (the infallible Pile cure) that was put out went to a small town in Nebraska.

It cured a case of Piles that was considered hopeless.

The news spread and although this was only two years ago the demand prompted Dr. J. S. Leonard, of Lincoln, Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world.

It will cure any case of Piles. There is a month's treatment in each box. Sold for \$1.00, with absolute guarantee.

It is for sale by The People's Pharmacy, Marquette, Mich., or by Dr. Leonard Co., Niagara Falls, N. Y.

PNEUMONIA FOLLOWS A COLD

But never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. The Stafford Drug Co.

FROM HOPKINS' CURB LETTER.

"The market ruled quiet throughout today's session. The only feature was the buying back of stocks that were sold on the predictions of disaster current in the last hour of yesterday's trading. There was practically no feature, but there was an absence of forced liquidation and at the same time a discontinuance of the cash buying that had been so prominent the past few days, leaving transactions almost entirely in the hands of the traders."

The prevailing prices were:

GOAT GAVE ITS LIFE FOR A MEAL OF 50c IN BILLS.

New York, Nov. 1.—It cost James Finerty's goat its life to enjoy a feast of 50c in bills. Finerty lives at Great Notch, N. J., and his neighbor Timothy Haggerty, Mrs. Haggerty hung Haggerty's trousers, in which, unknown to Mrs. Haggerty, was the cash, on the clothesline. Finerty's goat ate them. Finerty killed the goat and rescued the money, which will be sent to Washington in a pulp state to be redeemed.

HE FOUGHT AT GETTYSBURG.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done for me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." Grand relief for the aged and for female weaknesses. Great alternative and body-builder; best of all for lame back and weak kidneys. Guaranteed by The Stafford Drug Co. 50c.

CURED OF BRIGHT'S DISEASE.

Mr. Robert O. Burke, Elmora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bleated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." The Stafford Drug Company.

THREE TRAINS TO CALIFORNIA.

The Overland Limited, the Los Angeles Limited and the China & Japan Fast Mail daily between Chicago and the Pacific Coast make close connection with train service from all points on the North Western Line. They form the most splendid and complete trans-continental service, and offer choice of routes going one way and returning another, without extra charge. If you are planning a winter trip to California, send for booklets and information, or call on local ticket agent, or C. E. Webb, general agent, Houghton, 11-27-14-21

NOTICE.

We have been employed to act as the attorneys for the trustees of the Military Road lands belonging to the Ayer estate to protect said lands against trespass and pillage. The prompt communication to us of any information as to trespass on said lands will be esteemed a favor.

MARQUETTE COUNTY WELL REPRESENTED

Congressman Young, Judge Stone and Professor Kaye Are Speakers at the Escanaba High School Dedication.

Escanaba, Mich., Nov. 1.—The fine new school building erected in this city was dedicated under auspicious circumstances last evening. The attendance of over 800 out-of-town teachers, members of the Upper Peninsula Educational association, which is holding its annual sessions here, helped make the affair a great success. The people of the city, who are justly proud of the new structure, turned out in large numbers, and even the spacious assembly room and other rooms of the high structure were too small to accommodate the crowds.

The decorations, though not elaborate, were very effective. The national colors were freely used, with smilax for a background to the platform, over the center of which was hung a permanent drape of the high school colors. On each side of the platform was a profusion of beautiful caryophyllus, ferns and palms.

The orchestra opened the program at 8 o'clock. The spacious platform seated about seventy-five. In addition to the speakers of the evening and the school board many of the prominent professional and business men of the city had places. The program included some of the most prominent men in the upper peninsula. Governor Fred M. Warner was unable to reach the city and telegraphed to that effect at a late hour. Hon. H. O. Young of Ishpeming was the principal speaker. F. W. Davis, superintendent of Escanaba schools, acted as chairman of the evening. In opening the exercises he spoke of the dedication of the new building, and then presented Mr. Young. Mr. Young said that he appreciated the situation, as he realized that he was a mere substitute, or only an excuse, for Governor Warner, and he said he shared the disappointment with his listeners. He was glad, however, to be present and help dedicate this building to the education of the youth. He dwelt at some length upon the situation which the child receives before entering the public schools, stating that the development from infancy up to six years of age in the

child was more wonderful and greater than that which followed the age of six. He emphasized the fact that the knowledge acquired from text books alone was not always a guarantee of success; that the college and university graduate finds, after completing his academic and professional courses, that the lessons to give him success are yet to be learned. He then drew a comparison between the educated man who fails and the man who is unable to write his name legibly but who succeeds in whatever he attempts because he hugs his facts, keeps his feet and goes straight to the work.

The congressman pleaded for a practical education. He welcomed the introduction of domestic science and manual training into the school. As nearly all of the people, or a large majority at least, obtain their entire education in the common high school, Mr. Young contended that it should be as practical as possible. He emphasized the value of preparing the student for life rather than for the higher institutions of learning, which only a small percentage reach. "I believe in a school for domestic science and in manual training for the boy," said Mr. Young. "Train the hands and eyes to do things."

The speaker dwelt on the need of teaching patriotism in the schools. He said in part: "The money comes from the public in the belief that education tends to better the citizen. It is the duty to see that this is true. Too much is being said now days about rights and too little about duty." Politics are considered so vulgar that no man with a tender conscience can take part in them. Such persons advocating such beliefs are unworthy of the liberty and free government which they enjoy." The speaker urged that patriotism be taught through study of the lives of the great American patriots, such as James Otis, Patrick Henry, Samuel Adams, Abraham Lincoln and others. He closed with a quotation from Sophocles lauding the man who through his statesmanship had raised a small city to glory and fame.

Hon. J. W. Stone of Marquette was the first called upon for a five-minute speech. He opened his remarks by saying that he was to demonstrate how much could be said in five minutes. He congratulated the citizens of Escanaba on one of the happiest occasions ever witnessed in the city. He said he was glad to be a citizen of the upper peninsula, where in various cities such liberal appropriations were made for the erection of buildings with all modern facilities for the education of boys and girls. He contrasted present conditions with those existing when he was a

teacher and the system of boarding around was in vogue.

Principal J. H. Kaye of the Marquette Normal was then called upon. In introducing him Superintendent Davis accorded Mr. Kaye high praise for the work he is doing in the advancement of education throughout the whole upper peninsula.

Principal Kaye called attention also to the number of new buildings being erected in various parts of the upper peninsula, including the one recently opened at Calumet, and the one planned for Negaunee. He believes that the upper peninsula is one of the thriftiest sections in the educational world; that the people of the upper peninsula have been keeping faith in the ideals of education.

Rev. Ph. Theander then responded in a short speech, or sermonette, as he chose to style it. He was formerly president of the board of education here and same from Batavia, Ill., to assist in the opening of the new building. "Give and it shall be given unto you," was the subject of his sermonette, which was cleverly conducted.

Hon. O. B. Fuller was the next speaker. He stated that the school was a foundry where the character of boys and girls is molded. He believed the American boy and girl have the proud heritage of all. He also emphasized the importance of teaching Americanism in the schools.

J. L. Wright, superintendent of public instruction, was the last speaker. He took occasion to say that the upper peninsula stands foremost in educational advantages. He spoke of the trend toward industrial training.

At the close of the program a reception was held. The building was thrown open to inspection.

ESCANABA THROGGED.

Escanaba, Mich., Nov. 1.—This city has been literally thronged over to its guests who are attending the annual meeting of the Upper Peninsula Educational association. Practically every home in the city has opened its doors to the teachers. It is the greatest assemblage entertained here in many years. The hotels are overcrowded. At the banquet, the speakers slept in one room last night. However the committees are to be congratulated in the way in which they handled the incoming throngs. A number of touring cars were kept busy taking the visitors to their allotted temporary quarters.

The opening of the school officers' section of the convention, which was scheduled for Thursday afternoon, was postponed until Friday afternoon. The only meeting Thursday was that of the commissioners' section which was held in the auditorium of the Franklin school building. The meeting was presided over by S. O. Clinton of Baraga. Practical problems confronting the school commissioners were discussed freely. L. L. Wright, superintendent of public instruction, was present and offered many timely and worthy suggestions. He said that the next eighth grade examinations would be held the first Thursday and Friday in May. He advised the commissioners to continue them at the county seat in all cases, if possible. If, however, this arrangement would be inconvenient for some applicants other more suitable places should also be selected and impartial and competent persons should be secured to conduct the examinations there.

E. T. Parmenter gave a very instructive address on the topic "The School Library." He advocated a fight for the rights of the library fund. He considered the selection of books a most important factor in the success of the library, recommending in this connection the use of the printed lists sent out by the state superintendent of public instruction. He also suggested the exchange of libraries.

Superintendent Wright, being heard again, asked that a list of all the teachers be prepared and sent in to the office at Lansing. Attention was called to the features of the new law in regard to the revocation of certificates, also to the fact that a new bond is required of the teacher each year.

P. R. Logg of Gladstone was made chairman for next year.

Negaunee Department

OVER 8,000 PIECES OF MAIL IN A WEEK

RECORD OF NEGAUNEE POSTOFFICE COMPARES FAVORABLY WITH THE BUSINESS OF OTHER SMALL CITIES OF THE UPPER PENINSULA.

The number of pieces of mail matter sent out from the Negaunee postoffice during the week of Oct. 12 was not as large as would have been the case had the count been made either last week or this week, for the mail is always heavier the last two weeks of the month than the first two. The total number of pieces was 8,724, a little less than 50 per cent as many as were sent out from the Ishpeming office during the same period. The classes were designated as follows:

First class letters	5774
First class postal cards	1366
Free in country	341
Second class, one cent per pound	241
Transient	108
Canada	13
Third class	73
Fourth class	60
Penalty	193
Total	8724

The week following the count most of the mines paid their employees and the business at the postoffice was heavy for several days.

A record is now being kept at the Negaunee office of the weights of mail matter being sent out. The weighing was started July 1 and is to be continued until the first of the year. The average weight of all the mail leaving here during each of the past four months has been about 1,300 pounds. This does not include the weight of the sacks and other equipment. The weight of the sacks alone has been from 1,200 to 1,300 pounds each month.

MARRIED AT LEAD CITY.

Former Negaunee Young Couple Recently Made Man and Wife.

Matthew Chester and wife are expected home within a few days from Lead City, S. D., where they attended the marriage of their daughter, Miss Barbara Chester to Matt Kermode, a former resident of Negaunee. The wedding ceremony, the following account of the wedding:

"At the home of William Kermode, 303 Summit street, Matthew H. Kermode and Barbara Chester, both of this city, were united in marriage, Rev. John Hill of the Methodist church officiating. "Promptly at 8 o'clock at the sound of the wedding march, the bridal party entered and took their places. The bride was given away by her father, Thomas Cain acted as best man and Elsie Stephens and Mabel Pearce as bridesmaids. Little Evelyn Kermode, who carried the ring on a silver tray, was accompanied by her brother, Douglas.

"The groom, a brother to William Kermode, is well known in Lead and surrounding country.

"The bride, who is a sister to Mrs. William Kermode and the second daughter of Mr. and Mrs. Matthew Chester, of Negaunee, Mich., was daintily gowned in a dress of cream chiffon over silk, trimmed in Irish lace, and carried a beautiful bouquet of bridal roses. She is a young lady of rare attainments and is highly regarded in this city, where she has made her home for the past few months.

"After the ceremony, and the newly wedded couple had received the best wishes of friends, the entire company repaired to the dining room, where a gentlemen's feast was served."

HORSES HAD CLOSE CALL.

The three horses in the Leisen & Hennes barn fire early Thursday morning were rescued just as the flames were surrounding them. When the firemen arrived the horses were kicking and plunging, and it was necessary to force them out, as they refused to leave the stable. One of the breeding company's horses could not be made to move until the firemen turned the hose on him. The horse owned by Robert Jackson, Jr., had its hair singed.

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions and no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

WANTED—At the Pools & Store, a young lady who has a car to rent at office work and errands. Apply today. 11-2-d

Will Require Several Weeks to Clear Right-of-Way for L. S. & I. Road.

Charles Johnson, the Ishpeming house mover who has the contract to move five houses from the side of the hill north of the street car line, to make way for the L. S. & I. Ishpeming Railroad company's new track, has considerable of a job on his hands. It is a difficult task to move the buildings down the side of the hill, as the grade is from 12 to 15 per cent. He is employing eight men, but could work several more to advantage.

Mr. Johnson asserted that there are twenty-one buildings to be moved from the right-of-way. The contract for the remaining sixteen has not yet been let, but he has submitted a bid and it is likely that he will be given the job. In case he gets the contract his men will be working on the job the greater part of the winter. The work can be conducted to fairly good advantage during the winter season.

GOLF SEASON ENDED.

Club House Will Now Be Turned Over to the Snow Shoe Club.

The golf season ended Thursday. The club house is always turned over to the Ishpeming Snow Shoe Club Nov. 1, and on that day it is again taken over by the golf club. John Gray and his family, who have charge of the place during the summer months, may remain there for some time, as they have been unable to procure a house in Ishpeming.

The season just closed has been one of the most successful the club has ever had. Golf has been played by a large number of members and many social gatherings have been held. Refreshments were served every Saturday afternoon during the greater part of the season by lady members, and hops were conducted every alternate Saturday night. The membership of the club increased considerably during the season, and it is now stronger financially and numerically than ever before in its history.

WILL HAVE FINE HILL.

Slide to Cost Large Sum Will Be Constructed for Duluth Skiers.

According to the Duluth papers the ski enthusiasts of that city expect to make the national tournament the coming winter one of the greatest amusement events the city has ever seen. It is reported that a slide that will cost several thousand dollars is to be erected, and it is thought that the tournament will be participated in by all of the great riders in the country.

Discussing the best meeting, the Duluth News Tribune says: "The great Norwegian game has taken a strong hold on the people of Duluth and Superior, and this winter will see a great deal of it. It is a very healthy and entertaining recreation and unless one cares to shoot down a steep grade, a great deal of skill is not required. So popular has the sport become that the Northland Country club, the leading one of the north, has decided to spend thousands of dollars in the construction of a ski hill on its property at Lakeside. Snow shoveling will also be featured. As a matter of fact, for a popular winter sport in the north, skiing and snow shoveling have every other pastime backed off the boards."

LOCAL LACONICS.

Mrs. Eli Dave is visiting relatives at Rhinelander, Wis.

W. J. Stephens and wife are visiting relatives at Keweenaw.

Mayor J. H. Winter is in Wisconsin, on a business mission.

James Gleason has returned from Lansing, where he spent a week or so.

L. J. Doucson and family are now occupying the Mackenzie dwelling on Mackenzie avenue.

A party of Negaunee people attended the hop given Thursday evening by the United Brethren, Knights of Pythias, at Braunstad's hall.

The postmaster will sell some day next week, at public auction, a yellow meter he has had in his possession for nearly a week past.

Two masses were said yesterday morning at St. Paul's church, the first at 7 and the second at 9 o'clock. Both were very largely attended.

Edward Murphy, who spent the past couple of months in the city visiting his parents, Mr. and Mrs. T. M. Murphy, has returned to Tucson, Ariz.

Fred Merton has completed the planing at the two new dwellings and the office at the Empire mine, Cascade range. Joseph Richard did the work for him.

Raymond & Poor's "East Lyme" did good business Thursday evening at McDonald opera house. The company had Friday night open, so it was seen in "Lady Audrey's Secret."

Robert Kronberg, one of the bookkeepers at the Consolidated Fuel & Lumber company's local offices, has been deputized by the county clerk to sell deer licenses.

The sale of Otto L. Peterson's exemptions, consisting of general merchandise, will be held in the store room of the First National bank building this morning at 11 o'clock.

The members of the Mitchell Methodist church Sunday school society will give a concert on Thanksgiving night, the 28th. The admission prices will be twenty-five cents for adults and fifteen for children.

The boys and girls committed no serious depredations Halloween. Marshal Grifflie said yesterday that there was no damage done in any part of the city, so far as he could learn. Practically every window on Iron street was smeared with soap and the business men or their employees were busy yesterday morning cleaning them.

Iron Mountain men who attended the funeral of the late John C. Kruse held here Friday were: John F. Ryan, George Eiseler, Harry Sealey, S. Edwin Cruse, Peter J. Brouillev, Martin King, Jr., E. C. Kingsford, N. A. Hennes, J. E. Quarr, John B. Color, J. P. Rousseau and G. V. Carpenter.

C. M. Berard, representing the Burdick company of Oshkosh, will lead the grand

search at Adelphi roller rink this evening. Mr. Berard was for some time instructor at the roller rink in Oshkosh and he is said to be a fine skater. The rink has been very well patronized, and Manager Wilson is well pleased with the business he is doing.

The members of the Epworth league of the Mitchell Methodist church will serve tea and conduct a novelty sale at the church this evening. Decorations will consist of floral arrangements, both in the rooms and on the tables. An admission fee of ten cents will be charged and there will be an extra charge of fifteen cents for refreshments.

Manager McDonald has secured Savelle's "Humpty Dumpty" company for an engagement at the opera house tomorrow night. The company was at the Marquette opera house last night and will repeat its performance there this afternoon and evening. Several people saw the attraction at Ishpeming theater Wednesday evening and were much pleased with it. George H. Adams, the clown, is the cleverest performer in his line that has ever been seen in this region. The prices will be from twenty-five to seventy-five cents.

THREE NEW ARMY SCHOOLS. Government Has Established Them at Fort Leavenworth, Kansas.

Washington, Nov. 1.—General Dvaill, acting chief-of-staff, has promulgated regulations for the government of three new service schools at Fort Leavenworth, Kas. One of these schools is named the Army School of the Line. Its object is to simplify the military education of specially selected officers and to enlarge the field of instruction in garrison schools by more advanced courses of study and practical training. The commandant of the schools will be an officer of a grade not lower than that of colonel, and he will have a corps of assistants.

Another school is named the Army Signal School. Its object is to prepare officers of the signal corps for the better performance of the active duties of their profession, to provide instruction in signal duties for such officers of the line as may be designated therefor, and to make research and practical experiments in such subjects as relate to the duties of the signal corps.

The other institution is named the Army Staff college. Its object is to instruct specially selected officers in the duties of the general staff of an army, to improve their qualifications as instructors and to prepare them for duty in the Army War college, also to investigate such military inventions, discoveries and developments as affect the arms of the service represented at the college.

These schools and the college will be governed by the rules of discipline prescribed for military posts and by their own special regulations. Matters pertaining to them and to the course of instruction will be subject exclusively to the control of the war department. A student officer who passes successfully through the entire course of instruction in either the school of the line, the signal school or staff college, will receive a diploma setting forth his proficiency, and also a certificate of proficiency covering all subjects completed by him during the course, and his name will be borne thereon after upon the army register as a graduate thereof. Diplomas will be signed by the commandant and by the academic board of the institution to which they pertain. Officers who have been unable to complete the entire course will receive certificates of proficiency in such subjects as they have completed satisfactorily.

BWARE OF THE BACKACHE NOW

Is Nature's Danger Signal, and Says This Simple Prescription Often Prevents Serious Kidney Diseases and Any-one Can Prepare It.

More people succumb each year to some form of kidney trouble than any other cause. The slightest form of kidney derangement often develops into Bright's kidney disease, diabetes (dropsy). When either of these diseases are suspected the sufferer should at once seek the best medical attention possible. Consult only a good first-class physician, have patent medicines alone.

There are many of the lesser symptoms of kidney trouble which can be treated at home is stated by a well-known authority. For some of these, such as backache, pain in the region of the kidneys, weak bladder, frequency, (especially at night) painful scalding and other urinary troubles, try the following simple home remedy: Fluid Extract Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla, three ounces. These simple ingredients are harmless and can be obtained at any good prescription pharmacy and anyone can mix them by shaking well in a bottle. The dose for adults is a teaspoonful after each meal and again at bedtime.

There is no better general remedy known to relieve all forms of rheumatism either, because it acts directly upon the kidneys and blood. It cleans the clogged up pores in the kidneys so they can filter and strain from the blood the poisonous uric acid and waste matter which if not eliminated remain in the blood, decompose and settle about the joints, and muscular tissues causing untold suffering and deformity of rheumatism.

Backache is nature's signal notifying the sufferer that the kidneys are not getting properly. "Take care of your kidneys" is now the physician's advice to his patients.

MARQUETTE MAN GETS A PROMOTION

K. S. BAKER STEPS UP IN SERVICE OF MICHIGAN STATE TELEPHONE COMPANY.

HIS REWARD WILL-MERITED

Long a Faithful and Efficient Servant of the Big Corporation, He is Made Division Manager for the Entire Upper Peninsula.

K. S. Baker, for the past three years district superintendent for the Michigan State Telephone company, having charge of that corporation's business in this county and some neighboring points, is one of the beneficiaries of a new organization of the company's territory which became effective yesterday. He is now the division manager, or superintendent, for one of the six divisions into which the state is divided. His division includes the entire upper peninsula, in which there are nine districts. The new organization is planned for the better management of the company's business and for the improvement of the service, and is expected by the state officials to give very good results. They have singled out for the division superintendents the best men in their service, and the appointment of Mr. Baker to supervision in the upper peninsula territory is a well-merited reward of faithful and efficient service.

Long in Company's Employ. Mr. Baker has been in charge of the company's business in Marquette for thirteen years. Previous to that time he was at Ironwood for three years, having been transferred to that place from Adrian, Mich. For the past three years Mr. Baker has been one of the company's district superintendents. The principal part of his territory has been Marquette county, but he has also been responsible for the management of a number of outside stations.

Since coming to the upper peninsula Mr. Baker has witnessed a marvelous expansion of the telephone facilities enjoyed in this region. When he came north the business was confined entirely to local exchanges, with, perhaps, connections between the principal cities in the county if they were located less than twenty miles apart. The long distance service as it is enjoyed today was not even projected.

Is a Tireless Worker. When Mr. Baker came to Marquette he found the company's business comparatively small and the service none too good. Today the business is unusually large and the service is excellent, a development to which Mr. Baker's work has been no small contributor. He has been a tireless worker for his company, and has combined business ability with

an excellent practical knowledge of the telephone business. He has always been a hard worker for the interests of the subscribers in his field, and it has been largely through his efforts that the successive improvements in the facilities were made by the company. His efforts along this line were crowned only recently when the new metallic circuit system was installed, together with a complete new equipment of switchboards and instruments.

Mr. Baker's new position will necessitate his spending much of his time on the road, as he will be in general charge of every local exchange, as well as of the long distance business, in all of Upper Michigan. The company's business in this region now reaches a surprising volume, and the long distance business is a big item.

District Manager Retained. Mr. Baker will find his new post an exacting one, but he is already so familiar with the district that he will work into it easily, while his success in all the posts he has filled to date assures that he will prove an invaluable man for the company. No change has been made in the local supervision in any of the nine districts in which the peninsula is divided. All the district superintendents are retained.

FIREMEN'S BALL. Annual Event Will Be Given Thanksgiving Eve, Nov. 27.

The Marquette fire department will hold their annual ball Thanksgiving eve, Nov. 27, at Fraternity Hall. The committee in charge of the dance are working hard to make this one of the most successful events ever given by the department. The music for the dance will be furnished by the Sullivan-Sweet orchestra. Supper will be served at the Hotel Clifton. The price of the tickets will be \$1.

The committee in charge of the ball are as follows: Arrangements, T. J. Downs, John Siegel, Martin Delaney, Frank Hanley, John Kind; reception, Chief T. J. Maney, Assistant Chief M. V. Mullaney, Foreman Jas. J. Donovan, P. F. Mullaly, Phil Hopkins, D. H. Mullaney; decorations, Carl Siegel, Frank LaBonte, W. J. Johnson, D. LaBonte, S. J. Pate; namé: floor, P. J. Donovan, R. J. Kelly, Fred Price, J. L. Butcher, G. Varelbrook.

FOR SALE. The Grand Family theater is for sale. The owners having other matters which require their entire attention. The house is making money and the opening is a good one for the right party. Mr. S. C. Kops is manager at present and will be pleased to talk business with prospective buyers. (17-02-07)

SPECIAL NOTICE: Now is the time to visit L. Getz's shoe store, where they are offering big bargains in men's, women's and children's fine, up-to-date shoes.

HALLOWE'EN PRANK ENDANGERS LIVES

ELECTRIC WIRES CARRYING HEAVY VOLTAGE BURNED AND LEFT DANGLING IN STREET.

The most serious of the Halloween pranks reported yesterday was one which might easily have had fatal consequences. Two of the wires leading to the city power plant were crossed in such a manner that both wires were burned through. The mischief was done about 11 o'clock at the corner of Presque Isle avenue and Crescent street.

Heavy Voltage. The two wires which were crossed are the ones which govern the flow of current from the power house. They carry about 2,200 volts, sufficient to kill instantly. The manner in which the mischief was done, it is thought, was by throwing a wire across the two.

At that point the two wires run parallel about sixteen inches apart and it is believed that the boys who tampered with them threw a piece of wire from the ground in such a manner that the piece thrown fell across the two. This caused a short circuit, with the result that the wires leading to the power plant burned through. It is only by the remotest chance that the "dead ends" of the wires fell to the ground. Had "live ends" of the wires fallen, any person or any animal that came in contact with them would have been killed outright.

Lights Flickered. The only way in which the city lighting was affected after the two wires had been burned, was that the power was not under complete control and it was noticed that the lights flickered somewhat late in the evening and after 12 o'clock. The damage was repaired at daybreak yesterday.

The police yesterday made an investigation of the turning in of a false alarm at the corner of Hampton and Allen streets. No arrests were made. The alarm was sent in about 1:30 o'clock Friday morning and in responding the heavy chemical engine drawn by its three horses narrowly escaped colliding with vehicles which were piled up in Division street in two places. A number of gates throughout the city were removed and many of them are still missing. Every plate glass window in the business section was soaped, but no serious damage was done down town.

Fortify and increase the life-giving properties of the blood and your vital force will be increased and your system protected from disease. That's what Hollister's Rocky Mountain Tea does. 35 cents, Tea or Tablets. The Stafford Drug Co.

FINE FURS. Mr. J. E. Monroe, representing Lanpher, Skinner & Co., St. Paul, will be at Ormsbee & Atkins' Monday, Nov. 4th, with a complete line of ladies' fur garments and neckwear and gentlemen's fur and fur-lined overcoats. Seal-skin garments made to measure from extra quality genuine Alaska sealskins. You are cordially invited to inspect his line. 10-31-11

\$20.00

Specializing On Overcoats at \$20.00

Fall Overcoats at \$20.00 are a matter of great concern with us. The fact that the price is low for hand-tailored O'Coats, does not prevent us from giving them the most energetic and careful attention, and the results are splendid—splendid in the immensity of the assortment, splendid in the style and tailoring. These results are only obtainable through the exacting demands of our own shop.

The newest box models and semi-fitted models are shown in elegant velour cassimeres and thibets, in black and the clever gray tones. Every size for every man.

COME TO THIS GREAT STORE TODAY FOR PHENOMENAL GARMENT VALUES

You can't begin to imagine the tremendous power and pressure we're bringing to bear on all garment prices in order to force them out quick enough to accomplish our aim. It's a pure case of using force. It's not a matter of choice with us at all. **SOMEONE** is forcing **US**---Pushing, crowding, pressing for money. **WE** are forcing the **GOODS** in order to tide us over the crucial crisis. We'd rather sacrifice a **PART** of the stock---we'd rather sell a **PART** of it at **WAY LESS** than it actually cost us---yes, rather do that than to lose it **ALL** at one fell sweep as the case would be if we don't raise the necessary sum in time. **NOW DO YOU UNDERSTAND?** Do you realize what it means to us? Can you see **WHY** it's policy for us to take what we can get for a part of this stock **PROVIDING WE CAN GET IT QUICK ENOUGH?** Our time limit is almost up. Today we are going to make extraordinary efforts to do it by cutting the life out of all prices in our Men's and Boys' Clothing and Ladies' Garment Departments. Almost any price will do. You can get the Suit, Overcoat, Ladies' Coat, Skirt or Fur you want at almost any price you want to pay **PROVIDING YOU COME TODAY.** Not next week, but **TODAY.**

That is the reason all prices will be so low. That is the reason you can save by coming today
