

NEW PLAN DEvised TO MOVE THE CROPS

"Grain Checks" to Be Issued and Circulated as Cash in Farming Districts of Iowa, Nebraska and South Dakota.

Conference at Sioux City Arranges the Details, and Already Some Thirty Banks Have Agreed to Support the Scheme—Chicago Institutions Having Engaged \$10,000,000 of Gold in Europe, Clearing House Scrip Will Not Now Be Resorted To.

Sioux City, Ia., Nov. 12.—Grain checks will be in circulation throughout the towns and surrounding country, and will be accepted as cash by jobbers, as well as merchants and small business houses, beginning Thursday.

No Scrip for Chicago. Chicago, Nov. 12.—The Chicago Clearing House association announced today, following a meeting of its members, that no clearing house checks will be issued in this city immediately.

STOCKS ARE WEAKER. Speculation in Wall Street Discouraged by the Financial Leaders.

New York, Nov. 12.—The impression got abroad in the stock market today that the kind of operations which began to make themselves felt yesterday were not approved by conservative financial powers, whose efforts are all bent at the present time to the meeting of the nation.

It is believed that the discouragement offered by the financial leaders to the attempt to revive purely speculative operations was more responsible than any other cause for the action of the stock market today.

RECEIVER IS NAMED. Cleveland Motor Car Company in Temporary Financial Straits.

Cleveland, O., Nov. 12.—A receiver for the Royal Motor Car Company was appointed today. The action is brought to conserve the company's affairs during the present monetary stringency.

LOST OR STOLEN. \$22,000 in Checks and Currency Disappear in Colorado Mining Camp.

Trinidad, Colo., Nov. 12.—Checks and currency to the amount of \$22,000, intended to pay the wages of the Carbon Coal & Coke company's miners at Oakdale, were lost or stolen yesterday afternoon while in transit in a stage from Longdale railroad station to the camp.

EDW. H. HARRIMAN GIVES HIS REASONS

Brief Filed in Court Tells Why He Refused to Answer Questions Put to Him Concerning His Deals in Stocks.

Queries Did Not Relate to Interstate Commerce, He Contends, but Were Designed to Compel Disclosures by Him of Transactions for Which "Had They Taken Place Neither the Commission nor Congress Could Afford Constitutional Remedy."

New York, Nov. 12.—The reasons given by E. H. Harriman for not answering certain questions put to him during the investigation by the interstate commerce commission are set forth in a brief filed today by former Judge R. S. Lovett, counsel for Mr. Harriman.

WAR TO THE HILT. American Federation of Labor to Fight the National Association of Manufacturers.

Norfolk, Va., Nov. 12.—The Federation of Labor today authorized President Lockport to appoint a special committee looking to the ways and means of raising funds to fight the Manufacturers' association, which the federation's executive council claims has a fund of a million and a half on hand to wage battle against organized labor.

On the issue made by President Gompers today in seeking funds to fight a suit brought by Mr. VanCleave, as president of the Buck Stove & Range company of St. Louis, against Gompers and the federation's executive council, the Manufacturers' association comes out flat-footed with the statement that it will fight the boycott and blacklist to a finish.

SIX INDIANS REPORTED KILLED BY TROOPS IN FIGHT AT MOUNT ELMO CANON.

Durango, Colo., Nov. 12.—A report reached here tonight that a battle has occurred at Mt. Elmo canon between Ute Indians and United States troops, in which six Indians were killed. Mt. Elmo canon is in Montezuma county, and close to the Navajo reservation.

BANKER WALSH ON TRIAL. Prosecution Scores a Point When Motion of Defense Is Overruled.

Chicago, Nov. 12.—The trial of John R. Walsh, former president of the Chicago National bank, charged with misapplication of funds, commenced today. A point was gained by the prosecution when Judge Anderson overruled the motion of Walsh's attorneys for an order directing the government to furnish a detailed list of the books needed in the trial in lieu of compliance with the subpoena directing T. J. Jack, cashier of the bank, to produce in court 130 books of the bank to be used as documentary evidence against the defendant.

BIG ABATTOIR BURNING. Washington, Wednesday, Nov. 13.—The \$100,000 plant of the Washington Abattoir company at Benning, near here, is on fire at an early hour this morning, owing to carelessness of water. It is believed the building will be totally destroyed.

G. A. R.'S FORMER HEAD. Baltimore, Nov. 12.—General W. R. W. Ross, former vice commander of the Grand Army of the Republic, is dead.

WEATHER FORECAST

Washington, Nov. 12.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy, Wednesday, warmer in the east; Thursday, partly cloudy, probably with storms; Lake Superior; fresh to brisk west winds.

LOVED AT FIRST SIGHT. Henry G. Wilder is 95, His Bride Is 90 Years of Age.

Lowell, Mass., Nov. 12.—Henry G. Wilder, aged ninety-five, and Esther Crawford, ninety years old, were married last night. It was a case of love at first sight.

HER TESTIMONY IMPORTANT. Ida Simonon, Home from Africa, Will Be Witness in the Thaw Case.

Pittsburg, Nov. 12.—Miss Ida Simonon, whose name was frequently mentioned during the trial of Harry Thaw, arrived today after spending a year and a half in the jungles of Africa.

NEW RAILROAD LAWS COMING. Legislature of Various States Sure to Act During the Winter.

Washington, Nov. 12.—From information received here it is evident that there will be an epidemic of railway regulation legislation in the various legislatures throughout the United States during the coming winter.

ASKS FOR PROXIES AGAIN. Illinois Central's Head Takes Issue With Stuyvesant Fish.

Chicago, Nov. 12.—President Harahan of the Illinois Central today reopened an active campaign for proxies to be used at the postponed annual meeting of the company on Dec. 18. He issued two circulars to the stockholders of the company, in one of which, after narrating the facts regarding the procuring of the injunction by Stuyvesant Fish, restraining the voting of certain shares of stock, he says:

BOOSTED FIVE MILLIONS. Railroads in Illinois Now Assessed at Approximately \$100,000,000.

Springfield, Ill., Nov. 12.—The state board of equalization has about completed its report. The railroad assessment in Illinois is about \$100,000,000, an increase of \$5,000,000 over 1906.

BIG DAMAGE SUIT FAILS. Boston, Mass., Nov. 12.—A verdict for the defendant was given today by the jury in the United States circuit court which heard the evidence in the suit for \$75,000 damages brought by Mrs. Grace M. Dugan, of Brewster, against Judge Lockwood of the circuit court Cook county, Illinois.

HONDURAS' EX-PRESIDENT. Mobile, Ala., Nov. 12.—Advice from Puerto Cortes, Honduras, Nov. 7, that ex-President Terencio Sierra, of Honduras, died in Nicaragua, Oct. 25, and was buried at Granada Oct. 26.

WAR LORD VOICES PACIFIC VIEWS

Promotion of the Peace of the World Is Emperor William's Constant Endeavor, He Says in a Speech at Windsor.

Enjoying a Hunting Expedition During the Morning, German Sovereign Is the Guest of Honor at a Memorable Banquet Held in the Historic Hall of St. George in the Evening—He Hopes for Closer Relations With England.

Windsor, Nov. 12.—Emperor William and King Edward enjoyed a shooting expedition to Windsor forest this morning. Tonight in the historic Hall of St. George, at Windsor castle, King Edward and Queen Alexandra gave a state banquet in honor of their German visitors.

Whitehead Reid Is Present. Departing from the usual custom, King Edward and Emperor William sat side by side, with the queen on the right and the empress on the left.

HUGE SPOTS ON SUN. Violent Magnetic Disturbances Predicted by the Director of the Florence Observatory.

Rome, Nov. 12.—Signor Alfani, director of the Florence observatory, states that sun spots which he calculates at twelve times the size of the earth, and which will reach the meridian about the middle of November, are likely to lead to violent magnetic disturbances, resulting in storms, floods, volcanic eruptions and earthquakes.

GENERAL WELLS A WITNESS. Colorado's Former Military Commandant Testifies Against Steve Adams.

Rathdrum, Idaho, Nov. 12.—Bulkeley Wells, former adjutant general of Colorado, accepted the witness stand in the Steve Adams trial this afternoon. He testified to first having seen Adams on May 27, 1906, at Orchard, Idaho.

PRESBYTERIAN BROTHERHOOD. Two Thousand Delegates Present at Convention in Cincinnati.

Cincinnati, Nov. 12.—The convention of the Presbyterian Brotherhood of America opened tonight. There are 2,000 delegates from all parts of the country, including many men prominent in church work.

BIG PRICES PAID. Fancy Fenville Michigan Apples Command \$10 a Barrel.

Fenville, Nov. 12.—Southwestern Michigan is well known as the producer of large quantities of apples, and Fenville is in the center of this great apple producing section.

BOSTON'S BICYCLE RACE. Boston, Nov. 12.—At the close of the second day of the bicycle race tonight the eight teams had made 383 miles.

FAIRBANKS GETS A BAD SCORE

Vice President and a Distinguished Party of Washington Court Officials Have Close Call from Serious Injury.

Private Coach Is Wrecked While Conveying the Delegation Home from the Funeral of the Late Judge Comas, and Its Occupants Are Violently Shaken Up—Train Crashing Into a Street Car at Chicago, Thirteen Persons Are Badly Hurt.

Washington, Nov. 12.—Vice President Fairbanks and a distinguished party of court officials of this city were in a wreck on the Baltimore & Ohio tonight at Weverton, Md., in which Fireman Clarkson was severely injured and the passengers were shaken up.

THIRTEEN PERSONS HURT. B. & O. Train at Chicago Demolishes a Crowded Street Car.

Chicago, Nov. 12.—Thirteen persons were injured, two of them probably fatally, this afternoon when a milk train on the Baltimore & Ohio derailed over an unprotected crossing at Seventy-ninth street and struck a crowded South Chicago street car.

SERIOUS COLLISION ON THE PENNSYLVANIA. Greensburg, Pa., Nov. 12.—The "Pennsylvania Special" eastbound on the Pennsylvania railroad, was wrecked early this morning at Larimer, near here, in a collision with a freight.

WATERY GRAVES FOR TWO. Seattle, Wash., Nov. 12.—The steaming tug Indianapolis of the Seattle-Tacoma line today ran down a launch from the United States survey boat Explorer in a dense fog. Two men from the survey ship were drowned.

STIFFED BY NATURAL GAS. St. Joseph, Mo., Nov. 12.—Mayor William S. Pratt, wife and two children and Mrs. Jennie Taylor, the mayor's sister, were overcome last night by fumes of natural gas. All are confined to their beds, but will recover.

SALOON BRAWL DEADLY. Doone, Ia., Nov. 12.—George Aunsbach, during a quarrel in a saloon today, shot and fatally injured Francis Williams and seriously wounded Orvick and Charles Ormer.

BAVARIAN PRINCE IS DEAD. Munich, Nov. 12.—Luitpold, prince regent of Bavaria, received a despatch from Venice today stating that Prince Francis Joseph Amalphe, his fourth son, aged fifty-five, died there this evening.

WHOLESALE INDICTMENTS.

Violation of the Sunday Law Charged at Kansas City.

Kansas City, Nov. 12.—The grand jury tonight returned 149 additional indictments against persons charged with violating the state law forbidding labor on Sunday. The indictments are against eighty-eight persons, fourteen of whom are charged with selling intoxicants on Sunday.

NATIONAL TAX CONFERENCE. Governor Guild of Massachusetts Is Speaker at Columbus Meeting.

Columbus, O., Nov. 12.—Governor Guild, of Massachusetts, in his address at the opening of the national tax conference here today, said: "The time is ripe for a clear understanding among all the commonwealths as to what methods of taxation are and what are not desirable; of the desirable methods, which are the fairest and the most practicable; which taxes should be reserved for national and which for state or for local revenue. The president's suggestion of a national inheritance tax and a national graduated income tax has touched upon a great evil."

ELECTORS MUST VOTE. Proposed Constitutional Provision Makes Failure to Do So a Misdemeanor.

Lansing, Mich., Nov. 12.—[Special.]—Nothing except receiving proposals was done at today's session of the constitutional convention. There are a number of proposed sections ready for consideration by the convention, but owing to the delay in getting the copy to the state printers the printed copies are not yet available for the use of the delegates during their deliberations.

WILL BAR COLLEGE ATHLETES. Milwaukee, Nov. 12.—Former President Liger of the American Athletic union announced tonight that no college athlete will be allowed to compete in any meet conducted by the A. A. U. if an amendment now being considered is passed at the annual meeting of the organization next month.

JAPANESE TRUST IS SMASHED. Yokohama, Nov. 12.—The Japanese raw silk trust has been broken after a month's boycott by American manufacturers.

DIXIE MAN WANTED. Tennessee Democrats Launch a Movement for the Nomination of a Southerner.

Nashville, Tenn., Nov. 12.—The state convention of Democrats, held here today, inaugurated a movement for the nomination of a Southerner as the Democratic candidate for the presidency in 1908.

HE WOULD BE SENATOR. Ex-Governor Campbell, Democrat, of Ohio, Announces Candidacy.

Columbus, O., Nov. 12.—Former Governor Campbell, who is a member of the state tax commission, today said that he is a receptive candidate for United States senator to succeed Mr. Foraker. He believes the Democratic party has a better chance to elect a senator than governor in Ohio.

HE WOULD BE SENATOR. Ex-Governor Campbell, Democrat, of Ohio, Announces Candidacy.

DAILY MINING JOURNAL

Published daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

At Michigan football prospects are looking up. Lehr, the latest Escanaba "find," has gotten over his sulks and returned to the squad.

A people that is already bothered by forty-seven insurance solicitors will hardly welcome the suggestion that their number be further recruited by the establishment of a state insurance corporation.

Mr. Bryan talks like a presidential candidate and acts like a presidential candidate. Why not? Isn't he one? Lieutenant Governor Chanler of New York will doubtless think so before January 1, 1909.

The Michigan university professor who has suggested that Roosevelt be made a sort of king should be reminded that Chicago university has hitherto monopolized that kind of sensationalism, and that it has been a monopoly that has not been envied at Ann Arbor.

There's no necessity of mourning for hockey. A Soo man has invented a new ice game. An inflated bag is to be swatted around with brooms, and, presumably, driven between goal posts for points. Skates may be used or not, as desired. Anybody can play the game. It will not call for \$50-a-week salaries. It is not patented, copyrighted or protected in any way, and Portage Lake and Calumet can copy without charge.

Payment by check is a method that has generally been resorted to, with the purpose of husbanding the supply of currency and keeping it where it can be used in emergencies. It is to the great credit of wage earners that, as a rule, they have accepted the checks quietly and willingly and with an understanding of the reasons for their issuance that has proved their intelligence and willingness to do their share to help over the hard places. As a matter of fact the checks are as good as money. They are everywhere current in payment of bills, and their possessors are able to pick up all the cash they need for pocket money in change. They are a temporary expedient, and we will doubtless soon see the last of them. Meanwhile we should be glad of 'em, for they are proving of real assistance in meeting the demands of the situation.

The Biabee mines have now followed the lead of the other copper mines and reduced wages to the schedule prevailing before the present scale, made on the basis of the high metal market, was put in effect. Wages have been generally reduced in all the big copper camps, and most of them the forces of employees have been drastically cut. The men have generally accepted the reductions. In many cases there was a virtual agreement that they should be made when the price of copper went below eighteen cents. In other cases the surrounding circumstances left the men no alternative. The labor market was glutted and it was plainly hinted that if the reductions were not accepted there would be a further curtailment of output. The saving in wages means an appreciably lower cost for copper production, but it will not avail to make it possible for many of the companies to make copper at any profit to speak of on the present market for the metal.

One of the ideas running through the comment of both Senator Smith and Senator Burrows is that it is well to send a Roosevelt delegation to the national convention because by so doing the necessity of agreeing on a man from among the rival candidates will be avoided. If Michigan is ever put up against the several candidates it will be bothered about what to do. There's Uncle Joe Cannon. He already has the delegates from Fordney's district. Yet the state as a whole would hardly line up for Uncle Joe. Roosevelt's friend Taft has many Michigan supporters, and there is also some Hughes sentiment. There will be many people who will agree with the senators that about the easiest thing to do is to endorse Roosevelt, select a nominally Roosevelt delegation and then await developments. Of course all this is framed up on the theory that the president will not reiterate

On the subject of the mine inspectors it is suggested by a reader of The Mining Journal, in a letter published in another column, that if the system of county inspectors is the best that can be had it can be made more efficient and independent of any private interests by making the office elective by vote of the people instead of vote of the supervisors. The importance of the subject under discussion the writer insists upon. The Iron Ore made out a strong case for county vs. state inspection, and also illustrated how in many accidents it was a practical impossibility to fix blame. It is a matter of common knowledge that carelessness of the men is perhaps the biggest single contributing cause to fatalities in the mines. It is equally a fact that even from the purely selfish standpoint it is to the interest of the operating companies to take all precautions against accidents, particularly against fatal accidents. They mean a certain disorganization of the forces and an interruption of work, it being the practice, in the iron mines of this county at least, for the men to lay off following a death in the workings. Furthermore it has never been charged that the managements of any of the Lake Superior mines are inconsiderate either of the comfort or safety of their men. Indeed on these scores the region is an exceptional one. The fact remains, however, that the mine inspectors are selected and elected by representatives of the companies with whose property interests they have to deal in discharging their official duties. It may be that a realization of this fact never sways them, either knowingly or unknowingly, in their manner of conducting their office, but if this is so they are a truly exceptional body of men. In the large annual crop of fatalities in Lake Superior mines it is strange that if here and there some company, no matter how solicitous it may have been to guard against accident, has not been guilty of some degree of contributory negligence. Yet we don't recollect ever having heard of a mine inspector finding that this was so.

REFORMERS FALLING OUT. Our reformers are everlastingly falling out, and the more zealous they are for reform the more strenuously they differ from time to time. Perhaps this is a wise provision of nature; one that prevents us from being stultified with successful reform and leaves us something to live for. However this may be, Carrie Nation and her brother sisters in the W. C. T. U. have had a most emphatic difference at Nashville, Tenn., where the union is holding a convention.

Carrie has opened her batteries on the delegates, and has given them a verbal lambasting impressive in its fire because they, or at least some of them, are stopping at a hotel that has a bar attachment. Carrie does not insinuate that any of the delegates have had intimate relationship with any of the cheering things that come from aforesaid bar, but she conceives that their presence under the same roof that shelters that institution brings everlasting shame on them and the cause they represent.

We suspect that the whole trouble is that the W. C. T. U. is disinclined to listen to Carrie. While the respectable Mrs. Nation still continues to get considerable space in the newspapers, it is a fact that she is in ill odor with the reform organization. They are satisfied that her sensational methods have done more harm than good, and have been bringing their cause into disrepute. Thus at the recent Purity conference at Battle Creek Carrie was not invited to speak, but had to get her audiences together before the formal sessions opened. Nor has she been invited to speak by the W. C. T. U., the leading members of which would not want her to figure in their convention.

Mrs. Nation, at that, is a reformed reformer. She has given up smashing saloons, and says that she will confine her future operations within the bounds of the law. But it is evident that she cannot expect to get into the good graces of her fellow-reformers. She has become too notorious, too much of a joke, and they believe that her absence on the occasion of their annual gatherings is to be preferred to her company. From their point of view they are right; would that they were as right on some other things.

KEEPING IT IN CIRCULATION. President James J. Hill in an interview on the currency situation says: The best and quickest remedy is for every man who is hoarding money to return it to its usual employment. It is he who is doing the mischief. As has been seen the money is in the country, but it must be made available. It is as much the duty of every citizen to deposit his surplus cash in the banks, which are entirely sound and solvent, as it would be to subscribe to a war loan. In this way will money be put in circulation and financial institutions of the country be enabled to make the advances without which business cannot be done.

The good sense and timeliness of this advice must be apparent to every business man. It is a fact readily proven that there is just as much money in the country now as there was a month ago. As a matter of fact there is more, for

SUPERIOR TRUST COMPANY HANCOCK MICHIGAN Capital - \$150,000 This company is under the supervision of the state banking department and is authorized by the law to act as executor, administrator, guardian, assignee, receiver or trustee. C. A. WRIGHT, Pres. JACOB BAER, Vice Pres. M. C. GETCHELL, Secy.

his election might position in a way that will admit of no further question about his stand.

On the subject of the mine inspectors it is suggested by a reader of The Mining Journal, in a letter published in another column, that if the system of county inspectors is the best that can be had it can be made more efficient and independent of any private interests by making the office elective by vote of the people instead of vote of the supervisors.

A Very Practical Boy's Overcoat XTRAGOOD Reofer YOU'LL get two things out of a call at this store. First, an idea of what will best suit your boy's needs; second, a knowledge of the difference between XTRAGOOD, sold only here, and the ordinary brands common to most stores.

XTRAGOOD CLOTHES FOR BOYS are made on the same principle a good mason and carpenter put up a house. The foundation—reliable fabrics, linings, trimmings. The construction—skillful, honest, thorough. They've a better appearance than other clothes; and better service because they're better made.

THE REEFER—For boys 3 to 16; short, of heavy materials, warm and serviceable. Prices \$5 to \$12.

ORMSBEE & ATKINS

the importations of gold during the last few days have added twenty millions or more to the amount. In another ten days they will have added thirty millions more. Yet in the face of this fact money is hard to get. There does not seem to be enough of it to carry on the ordinary transaction of business. The reason is that people are hoarding it. They have taken it out of circulation and locked it up, some in safety vaults, some in their office safes and some in their homes.

Why people have done this is hard to explain. Some of them are like the New York man who when the financial troubles came on drew out his money and bought government bonds. As the troubles grew he became still more frightened and took the bonds to the sub-treasury to find out whether the government would pay them. Some, of course, locked up the cash fearing that they might need it to meet maturing obligations and that if they let it go they would not be able to get more when the obligations come due. Such people should remember that business is a mutual affair. They ask the banks to have faith in them when they need money. They should now feel themselves under obligation to show their faith in the banks. If they make an extra effort to deposit all their money now when the banks need it they will be entitled to ask the banks for extra kindness when their obligations fall due.

Every citizen who really has the welfare of the country at heart should at such a time put his money at the disposal of the business world.

THE MINE INSPECTOR. To the Editor of The Mining Journal:—Your article copied from the Soo News and the reply to the same republished from the Iron Ore, both relative to the best method of selecting a mine inspector, are of such great interest to every intelligent resident of a mining country that the subject may well receive some further discussion. It is noted that the Soo News advocates a change for the better by having the inspector appointed by the governor, to which the Iron Ore takes exception by insisting that as it is the supervisors are elected by the people, so the miners, hence the inspector is practically also the popular choice and satisfactory to the miners, who are the most interested parties.

But why does not the Iron Ore follow its logic to its logical conclusion? That is, if the inspector should be satisfactory to the miners, why should not these miners choose him by their own ballots, as they do the sheriff and other county officials? Make this mining inspector a de facto

to public servant by giving the public the power of his election and in the opinion of the writer a decidedly different state of affairs will soon come about relative to the employment of unskilled men and other delinquents in and around our mines.

Can there be any excuse or argument produced why the miners of Michigan, legally assumed competent to help elect directly every other elective officer in the state and nation, should not be assumed competent to elect also directly this mine inspector, of all the most important to them? A READER. Bessemer, Mich., Nov. 11th.

Upper Peninsula Lid is on at Manistique—

Because of the prevalence of diphtheria, and the continued outlook of new cases in different portions of the city, a rigid quarantine has been established at Manistique. All places of amusement are closed, as are the churches, and no sessions will be held in the public schools until next Monday at least. Admission to the postoffice is confined only to those having business there. The prompt precautionary measures taken are believed to have averted a serious epidemic.

Graphite Mine Suspends—After having produced 600 tons of the mineral, the Detroit Graphite Mining company's property, a few miles southwest of L'Anse, Baraga county, has suspended operations for the season. Except for the Hathaway property in the same district, the Detroit mine is the only producer of crude graphite in the Lake Superior region. Its output is used in the manufacture of paint pigments. Graphite, however, has many other uses. Much of it entering into the composition of stove polish, lubricants and lead pencils, although in the latter case it is only the best grade of the plumbago that is suitable.

Money in Potatoes—The possibilities of well-conducted agricultural operations in Upper Michigan are shown by the results obtained on the Chicago Lumbering company's farm in Hiawatha township, Schoolcraft county, which reports a yield of 1,900 bushels of assorted potatoes on six and one-half acres of ground. The crop was sold at from sixty to eighty cents per bushel, which at an average of not more than sixty cents would net \$1,170, or \$181.38 per acre. Remarkable results in raising alfalfa have also been obtained the past season at the state experimental station at Chatham, Alger county. Three crops of the hay were cut, the second one yielding 5,400 pounds to the acre and the third one almost as much. The planting was done by the method, as is shown in the opinion of Superintendent Lev M. Geismar alfalfa is one of the most valuable crops that can be raised by the upper peninsula farmer.

Singular Coincidence—Persons native to Calgary, Alberta, and who now make their home in Northern Michigan can without doubt be counted on the fingers of one hand. Thus it seems a very unusual coincidence that at the week two upper peninsula residence who came from that particular town in the Dominion of Canada should meet death by violence, each in an entirely different manner and in widely separated districts. Mrs. A. S. Kitchen, wife of a leading physician of Marquette, was the victim in the one case, Robert Scott, a copper country young man, met a tragic end in the other. Almost blind from a sudden and violent attack of headache, Mrs. Kitchen seized and drank from a bottle which she supposed contained a remedy her husband had prescribed for use in just such emergency. Almost instantly she discovered she had swallowed a liquid antiseptic preparation which included in its composition a generous portion of carbolic acid. Dr. Kitchen and other physicians were promptly summoned by telephone, but beyond prolonging life for two days their desperate efforts availed nothing. As already reported in The Mining Journal, Scott, who was a brakeman on the Mineral Range road, met his doom while controlling cars. A brake stem snapping off, he was thrown to a horrible death—under the wheels. A peculiar circumstance in connection with this latter fatality is the fact that Scott's brother was killed in similar manner two years ago on the same road and a year ago he was himself caught between cars and was so badly injured he could not resume work for six months. Still another brother, George Scott, is also a brakeman on the Mineral Range. Scott was aged twenty-one, Mrs. Kitchen twenty-nine.

CAN'T BE SEPARATED. Some Marquette People Have Learned How to Get Rid of Both. Backache and kidney ache are twin brothers. You can't separate them. And you can't get rid of the backache until you cure the kidney ache. If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health. Doan's Kidney Pills make strong healthy kidneys. Charles Viery of 106 Oak street, Ishpeming, Mich., says: "Terrible pains through the back over the kidneys bothered me for several years, and in addition I suffered with a weakness of the bladder that caused me untold annoyance. I was unable to control the kidney secretions night or day, and this trouble was very embarrassing. I was weak, and became very much discouraged for nothing I did seemed to help me, and at length I really stopped trying medicines. One day I read that Doan's Kidney Pills had cured somebody of kidney weakness and the case seemed to be so much like mine that I felt a little hopeful and got a box and began using them. This one box did plenty more good like the first from Marquette people. Call at the Stafford Drug Co.'s store and ask what their customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other."

"What shall we have for breakfast?" "Why Cudahy's Peacock Ham and Eggs of course; they are always acceptable, especially at this season of the year."

THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain. When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.

City Brevities

J. H. Lewis left yesterday for a visit to Onoto.
W. B. Brown is with a hunting party at Deerton.
H. R. Harris left yesterday for a trip to Chicago.
C. M. Obenauer of Alpena is visiting friends in the city yesterday.
William Kelley of Vulcan was a visitor in the city yesterday.
N. M. Kaufman left yesterday for a hunting trip at Deerton.
Louis Pendill left yesterday to join a hunting party at Onoto.
H. H. Nugent of Escanaba was a visitor in the city yesterday.
George W. Gaine of Flint is paying a visit to friends in the city.
William James of Oshkosh was a visitor in the city yesterday.
C. H. Winkler of Houghton was a visitor in the city yesterday.
Miss Jackson is paying a visit to friends in the copper country.
Mr. and Mrs. George C. Higbee spent the day yesterday at Chocoday.
H. E. Freeman of Munising paid a recent visit to friends in the city.
Supervisor W. S. Ewing of Harvey was a visitor in the city yesterday.
S. T. McReavy of Mangum paid a recent visit to friends in the city.
Marshal James Maloney of Princeton was a visitor in the city yesterday.
Miss Josephine Egan of Amboy, Ill., is the guest of Mrs. J. E. Ball.
Clifford Bordeau of Harvey paid a recent visit to friends in the city.
Fred A. Weeks of Newberry paid a recent visit to friends in the city.
Harry Kraft is with one of the hunting parties in the Big Bay district.
Mrs. C. H. Conner of St. Ignace is paying a visit to Marquette friends.
Colin D. Doig of Grand Marais paid a visit to friends in the city yesterday.
J. L. Newberry of Petoskey was among the arrivals in the city yesterday.
The ladies of St. Peter's parish will give a card party at Baraga Hall Friday evening.
Frank Nies shot two deer near McLeod's homestead, about two miles from Birch, yesterday.
The usual Wednesday night dance given by Keough's club will be held tonight at Keough's Hall.
Joseph Grandall, who has been working here this summer, left yesterday for his home in Cheboygan.
Mrs. John McGraw and her daughter, Miss Helen McGraw of St. Ignace, are visiting friends in the city.
The W. C. T. U. will hold a meeting at 2:30 o'clock this afternoon at the residence of Mrs. J. R. MacPherson, 214 North Fourth street.
F. W. Wilson of Traverse City is paying a visit to friends in the city.
W. A. White of Bay City was in the city yesterday on business.
Mrs. George Wagner and daughter, Mrs. Wm. C. Ford, left yesterday morning for Escanaba, where they will visit Mrs. J. F. Carey for the next ten days.
Norman MacCantley left yesterday for Cleveland. His brother, Dan MacCantley, left for Southampton, Canada. They have been employed on one of the fishing tugs here during the summer.
Meeting Tonight—A meeting of Queen City Tent, No. 448, K. O. T. M. M. will be held tonight at 8 o'clock at Keough's Hall.
Marriage License—A marriage license was issued yesterday to Kalle O. Heavis and Miss Anna Kndstede, both of Negaunee.
Cement Turntable—The wooden turntable at the South Shore roundhouse is being replaced by a cement turntable. The work is now being done.
Going Back—Fire Chief Maney, who returned yesterday from a two days' hunting trip, is to return this morning to his camp at Buckroe. He already has one deer to his credit.
No Matinee Today—There will be no "Lamb of God" performance this afternoon. Although it is announced on the bill boards, the opera house management has stated that there will be no matinee.
K. of C. Initiation—The Knights of Columbus initiated a class of candidates last night at Keough's Hall. A large delegation from Negaunee and Ishpeming were present. After the initiation ceremony an enjoyable repast was served.
Thaw-White Tragedy—Commencing with tomorrow's matinee at the Grand theater, the Thaw-White tragedy will be shown in moving pictures. They have met with wonderful success in the larger cities, and Manager Kopps has gone to considerable trouble and expense to bring the pictures here.
Swedish Lutheran Bazaar—The Swedish Lutheran church will hold a bazaar tonight and tomorrow night in the church parlors. Numerous fancy and useful articles will be on sale, and the ladies of Marquette will have an opportunity to purchase Christmas gifts.
Farewell Party—Miss Anna Johnson, of 1009 North Fourth street, was surprised last night by a number of her friends. The gathering was in the nature of a farewell party. Miss Johnson, who has made her home in Marquette for the past four years, is soon to leave for her home in Dalstadi, Sweden.
Says Kimberly Is All Right—William McFarlane recently visited the Kimberly-Witely property at Kokomo, Col., in which a number of local people are interested, and reports that things are moving along smoothly. The completion of the new mill is delayed by the nature of the machinery being temporarily hung up, but after its arrival it will not require more than three weeks to have the plant ready to go into commission.
An every night all year round medicine, pleasant to take, positive results. It's Hollister's Rocky Mountain Tea, the greatest family remedy. 25 cents, Tea or Tablets. The Stafford Drug Co.

STOP DRINKING!

Orrine Destroys Desire for Drink. "How to Swear Off."

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse—that followed his debauches, and then—Break it.
But now it is generally dawning on the world that pledges do not stop drunkenness. When a man takes a pledge voluntarily he expects to keep it. Every man expects to keep his word, and every broken pledge costs the drunkard many a headache. But he cannot help it. He fights as long as he can, then succumbs to the craving. The nervous system of the habitual drinker is diseased and he must have treatment that will cure this condition. This Orrine will do and is sold under a positive guarantee to cure the drink habit or the money will be refunded. No other treatment for the liquor habit is sold with such a liberal guarantee.
Orrine is prepared in two forms; No. 1 a powder, perfectly tasteless and colorless, which can be given secretly in any food or drink. Orrine No. 2, in pill form, is for those who wish to be cured for the habit, and it should be taken by every one who swears off.
No matter which form of Orrine is used the guarantee is the same. The price of Orrine is \$1.00 per box, mailed in plain sealed wrapper, upon receipt of price. Write for free booklet on "How to Cure Drunkenness" (mailed in plain, sealed envelope), by the Orrine Co., Washington, D. C. Orrine is sold by the Stafford Drug Co.

SOME names on boys' clothing are stronger than others. Some labels stand for more in quality and worth than do others. "Extragood" clothing is known to be the best made for boys. The best merchants all over the country sell it. Those that don't, know there is none quite so good for the public. The label stands for more in the way of materials and tailoring than does any other label. The mother who is buying it for her boy is buying more satisfaction than she can get in any other brand. We want the confidence and trade of all particular people in this section. That's why we sell "Extragood" and not the other kind.

Boys' 2-piece, double breasted and Norfolk Suits with belt and Knickerbockers; new fall styles; large variety of small and large checks. Sizes 7 to 17, years; \$4.00 to \$8.00

Sailor, Russian and Junior Suits; pretty chevots, worsteds and serges; 3 to 10 years; \$3.50 to \$7.00

Boys' Overcoats in great variety of material and colors; 3 to 10 years; \$3.50 to \$7.50

We offer a large line of boys' Knee Pants in both plain and Knickers, in casimers, worsteds, serges; 5 to 17 years; 50c to \$1.50

A General Banking Business Conducted—Accounts Solicited.

the week for Chicago. Mr. Stewart is a paper man of considerable experience. He was salesman for the General Paper company, a paper trust, until it was dissolved by the federal government. Since then he has been connected with a large paper jobbing house in Chicago.

D. C. EVEREST HONORED.

D. C. Everest, who is about to leave Munising for Chicago, was the guest of honor at a banquet given by some thirty business and professional men last Friday evening. Mr. Blake, landlord of the Beach Inn, provided an excellent menu. The table decorations were yellow and white chrysanthemums. Favors consisted of a button hole bouquet of violets. Oysters in the half shell and quail on toast were included in the ten courses served.

T. E. Bissell, presided as toastmaster and filled the position in an excellent manner. The following guests made responses: George A. Forster, T. B. Wyman, Burdus Anderson, H. B. Freeman, W. F. Hopkins, G. Sherman Collins, W. L. Blossom, L. R. Spencer and H. A. Holden. Many kind words testified to the fine standing Mr. Everest gained during his five years residence here. He leaves early next week for Chicago, where he becomes a member and general manager of the firm of Williams-Gray Co.

Mrs. F. G. Farrell and Mrs. W. R. Burns entertained a number of ladies in honor of Mrs. Everest the same evening. "Five hundred" was played.

SOME 400 LICENSES.

County Clerk Stebbins says that about four hundred deer licenses have been issued in Alger county to date this year. This number will undoubtedly be greatly increased during the next ten days. Last year the total number for the season was 401.

The number of Munising hunters will be greater this fall than in any previous season. Many left for the woods Saturday. There are a number of hunters from points in lower Michigan and from other states who went to the woods from Munising. Among them are the party of grand officers of the Free and Accepted Masons of Michigan, who dedicated the Munising Masonic hall Saturday night. They are the guests of Munising Masons who have a lodge about fourteen miles from here.

BOATS IN SHELTER.

On account of the severe storm Saturday a number of boats were driven into the harbor for shelter. They remained at anchor all day Sunday. The Lucy Neffe, loaded with lumber, the Cadillac and the George Stone steamed into the harbor early Saturday morning. The latter had the Standard Oil barge in tow. A number of other boats were sheltered around Grand Island.

The harbor here is one of the best on the lake for shelter but the cramped and narrow channels makes it a difficult and almost dangerous one to enter, especially in the night. The east channel is more or less dangerous on account of the sand bar. It is to be lamented that the appropriation for a breakwater and improved lighting conditions to the extent of \$20,000 was held up. An effort will undoubtedly be made this year for a reconsideration of the proposed appropriation.

MUNISING ECHOES.

Miss Lillian Grant spent Saturday in Marquette.

Jennie Herron, teacher of the Casino school, spent Sunday at home.

G. Sherman Collins left Saturday for West Branch, Mich., for a short visit with relatives.

Roy Ives of Mass City has been visiting friends here.

Mrs. C. W. Rorabeck of Vanderbilt, Mich., who has been the guest of Mrs. Winsor here the past week, returned to her home Monday.

George Pettit of Milwaukee has been visiting Munising friends.

John Forest, Fred Zimmerman, E. W. Jackson, all of Pittsburg, Pa., arrived Friday to be on hand when the deer season opened Sunday.

Mrs. C. R. Brown left for Marquette Friday. Judge Brown followed Saturday. Their household goods were sent on before. They will again take up their residence in Marquette, where they had lived eighteen years previous to coming here two years ago. Mr. Brown's interests here will demand considerable of his time, so he is expected to be a frequent visitor to Munising.

Rev. J. S. Steininger, of the First M. E. church, preached the anniversary sermon at the M. E. church at Laurium Sunday morning. In the evening he preached the anniversary sermon at the First M. E. church at Hancock.

Mrs. H. N. Dey, who has been visiting here for the past two weeks, has returned to her home in Fowlerville, lower Michigan. Mr. Dey is expected here for a few weeks during his trip.

Mrs. H. B. Freeman was this week taken to Marquette, where she submitted to an operation at St. Luke's hospital.

Frank Williams, superintendent of the Munising Leather company, last week received a flattering offer of a similar position with a prominent concern in Petoskey. He declined it.

F. O. Osterhus, director of the high school orchestra, has announced that a

concert is being arranged. It will be given in the Munising opera house Friday evening, Dec. 6. An excellent program is being prepared. A feature will be a Swedish Male quartet.

Arrangements are being made with the Horace K. Turner company of Boston to conduct an art exhibit here during the second week in December. The same company gave an exhibit here last year, which was much enjoyed.

The Munising township library, which was recently removed from the Brown building to the new Central school building, has been enlarged by the addition of 200 volumes. The list comprises much of the recent fiction, biographies, and histories. This is but the first of a series of additions to be made this year. Superintendent La Bounty solicits the suggestions of patrons of the library in regard to the popular novels desired, as well as other volumes. Such lists will be considered when further purchases are made. The library is open every Wednesday and Saturday afternoon and evening.

FLEET OF AIRSHIPS.

Navy to Have One Within a Few Years, It Is Predicted.

New York, Nov. 12.—Captain T. T. Lovelace of the Aero Club of America, one of the men who participated in the successful flight of the balloon Pomern from Philadelphia to New York Saturday, predicts that within five years American men-of-war will be equipped with airships. Captain Lovelace said: "Now that the United States government has become interested in aerial navigation as an aid to naval operations I do not hesitate to predict that within five years every fleet of warships belonging to Uncle Sam will be equipped with an auxiliary fleet of airships. As the outcome of many conferences held with Admiral C. M. Chester, U. S. N., and other government officials and the widespread interest manifested by naval officers in the project, work will be begun next week for the erection of the largest aerodrome in the world at Fort George from which point trial trips will be made to demonstrate to the government the practicability of the kind of airship we now have.

The airship is the one equipped by Dr. Thomas and which I thoroughly tried out last summer at Jamestown. It is the largest in the United States having a total length of 125 feet. I have made long trips in this airship over Virginia and know that it can all ways be held under perfect control."

Lieutenant Robert M. Henderson of the battleship Missouri will represent the navy at the coming experiments with the Thomas airship. The recommendations to congress for an appropriation which will be submitted through Secretary of War Taft will contain a report by Lieutenant Henderson of the results of his experiments. These experiments prove a serious factor in any war war foreseen by the last The Hague conference when resolutions were submitted barring the dropping of explosives from airships.

DOMINGO LOAN MAY FAIL.

Washington, Nov. 12.—After nearly two years of effort to get a treaty between the United States and Santo Domingo ratified it is now feared that the \$20,000,000 loan to Santo Domingo contemplated under the treaty may fail. It is regarded as practically certain that the negotiation will be indefinitely delayed, and this, it is feared, may cause the creditors of Santo Domingo, who have agreed to accept a scaling down of their claims by 50 per cent or more, to repudiate that agreement if the money is not forthcoming. In view of the present financial condition in New York it is said that Santo Domingo will have great difficulty in raising the money on the terms which the Dominican congress fixed when it recently empowered the president of the republic to borrow the cash with which to refund the country's indebtedness.

Kuhn, Loeb & Co., of New York agreed to take the bonds at 96, but the time limit imposed by the bankers when they would take the bonds has expired and they are under no obligation to keep the agreement. The fear is expressed here that New York bankers, whether Kuhn, Loeb & Co. or any others, will not be willing to buy \$20,000,000 of 5 per cent Dominican bonds even at 96.

Senor Velazquez has just arrived in New York and may come to Washington at any time. The authority delegated to him by the president of Santo Domingo under act of the Dominican congress does not permit him to accept any less than 96 for the bonds. If he cannot get that price the entire transaction must fail and he must wait until the money market is easier or the Dominican congress must be called together again to give him authority to sell the bonds at a lower price.

BUREAU OF MINING.

Joplin, Mo., Nov. 12.—In an interview today, President Richards, of the National Mining congress, stated that President Roosevelt, a few days ago, told him that he would recommend to the national congress the establishment of a bureau of mining.

I asked her hand, she said to me, Think you that I your wife would be. Your health is gone, your system wrong. Go drink some Hollister's Rocky Mountain Tea. The Stafford Drug Co.

MUNISING

WORK ON NEW INTAKE.

Storms Have Interfered With Its Progress—Divers Here.

The pipe for the new thirty-six inch steel intake for the Munising Paper company has been laid as far as the lake shore, a distance of 600 feet. Work in preparation for laying the pipe in the water is now being pushed. Some 400 feet will have to be laid to extend the pipe to the desired depth of thirty feet of water.

M. Walker, who has had charge of the work, has returned to his home, and Superintendent Lockway, of the Paper company, is now directing operations.

The dredging for the pipe to be laid in the lake is being done by the tug "Silver Spray." The tug is made fast by means of a line to a tree on shore, and then the screw is started, stirring up the sand and washing it to one side. The tug gradually works in toward shore. Then the line is taken up and the boat turned, starting a current of sand and water in the opposite direction. The work has been hampered by storms. Much of the sand has been washed back into the channel.

An open tank, made by the W. T. Co. Boiler works of Ishpeming, has been placed near the shore and connected with the pipe on each side. It contains the gates, so that water can be shut out at this point, in case of repairs. Isaac Zess, and son, Ollie, divers from the Soo, have been engaged to lay the pipe in the water. They arrived the latter part of last week, and immediately began fitting up a scow for their purposes. A derrick is being erected on each end and a small canvas tent has been put up on the platform. The scow will carry two lengths of pipe, each section being thirty feet long.

Previous to coming here Zess and son laid 2,000 feet of pipe for the Alpena city water works. Last winter in the same place they laid a pressure pipe across Alpena river.

The new intake will have a capacity of 12,000,000 gallons in twenty-four hours. The approximate cost will be \$15,000.

NEW MANAGER ELECTED.

The resignation of H. H. Everard, general manager of the Munising Paper Co., has been accepted by the board of directors. He will be succeeded by L. R. Steward of Chicago. Hereafter there will be no assistant manager, a position which was until recently held by D. C. Everest.

Mr. Everard resides in Kalamazoo, where at present he is confined to his home with illness due to overwork. Aside from his position here, he has been connected with the paper mill at Kalamazoo, and has had the management of a mill in Detroit. He also has a large interest in Hilling Bros. & Everard, a printing concern in Kalamazoo. He travelled a distance of 50,000 miles last year, spending eighty-four nights in sleepers.

Mr. Steward, accompanied by his wife, is expected Thursday or Friday. He will assume the duties of his new position at once, as Mr. Everest leaves the first

ISHPEMING MERCHANT TO HAVE FINE BAKERY

MERCHANTS HAVE CONFIDENCE.

Business Men Will Accept Checks Issued by Mining Companies.

That the merchants of Ishpe-
ming are confident the banks and trust companies of the country at large, and the mining companies of this city in particular, are absolutely sound, is evident from the fact that two home concerns advertise in this issue they will accept for payment of merchandise cashiers' checks, local payroll checks and checks signed by responsible parties on banks in this vicinity. These two firms are F. Braastad & Co. and J. Sellwood & Co.

Speaking of the matter yesterday Mr. Braastad stated that cash will be exchanged for the checks drawn for smaller amounts, while for the larger checks his personal check, or checks received from the traders, will be used. He further stated that he is now preparing to handle the check business on a large scale, and that so far as he can judge the paper will be as convenient as the cash with the exception that it will make a little extra work for the bookkeepers and cashiers.

All of the mining corporations operating properties in this county may not observe exactly the same plan in paying their employees. Some may settle their pay rolls by issuing two checks, one good for a certain percentage of cash and the balance in the form of trading checks. The Oliver company is to issue checks in the denominations of \$1, \$2, \$5, \$10 and \$20, which will be given in addition to the regular check. In this way the employees will have less difficulty in getting their checks cashed at the business houses. The extra work involved in preparing the additional checks is of considerable magnitude, and the clerical forces of the mining companies are already working overtime in order to have the paper ready for distribution on the regular pay days.

A representative of one of Chicago's leading fur houses will be at our store Wednesday, Nov. 13, with a big line of the latest style goods. The display will be attractive.

F. BRAASTAD & CO.
(11-12-24)

WORKING CLEVER SCHEME.

People South of Here Charge Picture Agent With Bunko Game.

A representative of a picture house, who has been working a clever dodge in Wisconsin towns, may visit this district. He has been as far north as Fond du Lac, and it is stated from there that he has started in this direction. The fellow is taking orders for pictures and frames, though in cases where he cannot sell the latter he accepts an order for the picture alone. It is claimed that he shifts the original orders so that the purchaser finds himself almost compelled to buy a frame in order to retain the picture.

The authorities in several Wisconsin towns are conducting an investigation and they would like to find the agent. The fellow sells two kinds of portraits, also two kinds of frames, one a convex gilt frame with a glass covering, and the other a flat frame. The portraits for the flat frame sell for \$1.98 each, but in most cases, it is said, the agent claims that the order received was for the gilt frame, which he sells for \$5. In several instances he found it necessary to threaten legal proceedings in order to procure the \$5 for the picture, which can be used only in the convex frame that he is selling. A number of persons paid him to avoid trouble.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by this firm.

WALDING, KINNAN & MARYVIN,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, setting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75 cents per bottle. Sold by The Stafford Drug Co.

A BIG PRODUCTION.

The Bork company presents "The Land of Nod" this season with so many improved features that it will hardly be recognized by those who witnessed it last year. The book and musical score have been revised. The company, which includes Knox Wilson and Ursula March remains practically the same as that which won such plaudits at the first presentation in Chicago. Patrons of the Ishpe-
ming theater will see "The Land of Nod" at its best on Friday evening. The advance sale of seats opens tomorrow morning.

Rings Dyspepsia Tablets do the work. Stomach trouble, dyspepsia, indigestion, bloating, etc., yield quickly. Two days treatment free. Ask your druggist for a free trial. Sold by The People's Drug Store.

"Why Cudaly's Peacock Ham and Eggs of course; they are always acceptable, especially at this season of the year."

(11-27-07)

THE ROYAL DANCING CLUB will conduct a hop at Braastad's Hall, Saturday evening, Nov. 16. Dancing, 8:30 to 12. Tickets, 50 cents per couple. Clifford's orchestra.

(11-12-24)

ISHPEMING MERCHANT TO HAVE FINE BAKERY

August Henrickson to install machinery for mixing and shaping—will also have a revolving oven.

Within a short time now, August Henrickson, the Cleveland avenue merchant, will have the most complete bakery between Milwaukee and Duluth. While in Chicago recently he purchased three new machines for his plant, and they are expected to arrive this week. Two of these—a dough mixer and a cracker machine—will be operated by an electric motor. A roll divider will be operated by hand, controlled by a lever.

By installing the machinery Mr. Henrickson will not only increase the capacity of his bakery some 300 to 400 per cent, but he will save considerable labor. The machines are of the latest type. During the coming year Mr. Henrickson intends to install a revolving oven which will take the place of the two ovens now in use. This will do away entirely with the use of ladies for handling the bake pans.

With the bread dough mixer the only work then done by hand will be the shaping of the loaves, but with the roll divider all buns will be shaped before they come to the workmen. This latter machine will turn out thirty-six buns at a cutting, and if operated to its capacity it would require seven or eight persons to transfer the buns from the table to the ovens. The machine will turn out buns of uniform size and weight, which is impossible under the hand method.

The dough mixer will dispense of three barrels of flour in eight minutes.

With the new oven installed, Mr. Henrickson intends to begin the manufacture of soda crackers, and with the new machinery now coming he will turn out ginger snaps and ginger wafers, goods which he has not baked to any extent in the past.

Mr. Henrickson's bakery trade, as well as his mercantile business, has grown wonderfully. Within the past two years he has expended over \$5,000 in improvements at his store and bakery, exclusive of the cost of new machinery and other equipment. The old bakery was located in the rear of his store building. The present plant is in the old Mission church, on Bank street, and has a floor capacity of 100 by 35 feet. The quarters have been made very convenient. Electric lights are now being installed.

Mr. Henrickson engaged in the bakery business here in 1885, opening his store six years later. For five or six years prior to establishing the bakery he was employed at the mines. His business has grown steadily under his careful management until now in the neighborhood of 2,500 barrels of flour a year are consumed at the plant. Mr. Henrickson is perhaps the largest manufacturer of hard tack and toast in this section. His trade in these goods extends over a large territory, including practically all of the upper peninsula, as well as some districts in Minnesota and Wisconsin. Seven men are employed in the bakery at present.

The largest fur display of the season at Braastad's, Wednesday, Nov. 13. The line includes a well assorted collection of mink, lynx, jax mink, sable, Persian, ermine, seal, otter, beaver, etc. All interested are invited to call. (11-12-24)

DIED IN NEW MEXICO.

Telegram Announces the Death of a Son of Ferdinand LaBreche.

Ferdinand LaBreche, of West Superior street, received a telegram yesterday advising him of the death of his son Michael, who had been in New Mexico for some time past. No particulars as to how the young man came to his end were given in the brief message, but it is assumed that he was killed in a mine accident. The remains left New Mexico Sunday and they are expected to arrive here tomorrow or Friday, accompanied by Will Gleason, son of Michael Gleason, of West Division street, who has been employed at the same property as the deceased.

Both LaBreche and Gleason were in charge of mining work at a property at which Timothy McNamara, formerly of this city, is superintendent. They located there four or five years ago, having accompanied Mr. McNamara from Colorado, where he had charge of operations for one of the big mining concerns.

The deceased visited his parents about two years ago. Mr. Gleason was home less than a year ago. Young LaBreche was born and reared in Ishpe-
ming, and he was very well known and popular here. Besides his parents, he is mourned by three brothers and seven sisters. His oldest brother Joseph F. LaBreche, and his sister Margaret are expected here today or tomorrow from Aberdeen, S. D., where Mr. LaBreche holds a responsible position with a railroad company. Another brother, John LaBreche, is expected from Minnesota. The other brother, William LaBreche, lives in Marquette.

FROM HOPKINS' CURB LETTER.

"Today's market has shown a decided reversal from that of yesterday, the tone from the opening being weak. A desire to await further developments is evident, especially in view of the approaching dividend meetings. The Parrott Copper Mining company passed its dividend today and there is some fear that others will follow suit."

Negaunee Department

SALOON AT LITTLE LAKE.

Opportunity Sought by Negaunee-Men Secured by Escanaba's Mayor.

Martin Remile, who owns the greater part of the land in the Little Lake location, and who for years has opposed the establishment of a saloon in the town, recently leased a lot on which a building is being constructed for use in conducting a liquor business. The mayor of Escanaba is erecting the structure, although he is not to conduct the barroom. Several Negaunee men would like to have had an opportunity to engage in the liquor business at Little Lake, as it is considered a favorable location on account of the many men working in that region. Little Lake is an important railroad junction point, and at times many persons stop there for a short period. Several Negaunee parties have tried to secure land from Mr. Remile either by buying it outright or leasing it, with a view to engaging in the saloon business, but he refused every proposition until he closed the deal with the Escanaba man.

Mr. Remile is one of the oldest citizens in that district. He has conducted sawmill and logging operations there for many years. His mill, which was operated all season, was closed down Monday. B. J. Goodman operated the plant for several weeks, finishing his work nearly a month ago, since which time Mr. Remile had been cutting timber.

LOCAL LACONICS.

W. M. Gillett of Fond du Lac was a Negaunee visitor yesterday.

S. Rosenfield, representing D. Sacho & Son of Louisville, Ky., called on his patrons here yesterday.

Yesterday was the coldest morning of the season. Some of the thermometers in Negaunee got down to fifteen degrees above zero at 6 o'clock.

Winter Bros. have been given a contract to repair the Leisen & Hines company's barn, which was recently damaged by fire. Work was started yesterday.

The degree team of the Negaunee camp of the Modern Woodmen of America is advertising the first of a series of hops to be given Friday evening at Boston's Hall.

There will be no bowling matches between teams at Orr & Tompkins' alleys this week. A number of the bowlers are hunting deer. It is expected that two or three matches will be arranged next week.

The members of the Swedish-Benish Temperance society will serve dinner and supper at their hall on Peal Lake, avenue on Thanksgiving Day. The charge will be fifty cents for adults and twenty-five for children.

Elmer Dolbe, who has been in the employ of Ed. Paul, the barber, for some time past, has resigned, and will leave within a few days for a Mesaba range town, where he will engage in business on his own account. Mr. Paul advertises in this paper for a first-class barber, whom he would like to procure at once.

The Marquette County Gas & Electric company's new turbine arrived yesterday. As many men as can be employed to advantage will be put to work unloading and installing the machinery, as the management is anxious to get it running as soon as possible. The engines which the turbine will replace are not in the best of condition, and they have caused trouble during the past few months.

The Flora De Voss company, which is playing a five nights' engagement this week at Ishpeming theatre, giving way to the "Land of Nod" Friday evening, will put in that night at McDonald's Opera House, when it will be seen in the comedy drama, "The Man of Mystery." The play is a good one and the specialties introduced by Mahoney brothers are exceptionally clever. The prices here will be ten, twenty and thirty cents.

It is a well known fact that persons living in the Pine forests do not suffer from kidney diseases. One dose of Pineules at night usually relieves backache. 30 days' treatment, \$1.00. Your money refunded if not satisfied. Sold by The People's Drug Store.

The Royal Dancing club will conduct a hop at Braastad's Hall, Saturday evening, Nov. 16. Dancing, 8:30 to 12. Tickets, 50 cents per couple. Clifford's orchestra. (11-12-37)

DARANTELLA

10c Havana Cigars, 10c

WILL RAISE THE RATES.

New Tariff for Theatrical Companies Adopted by Western Railroads.

A new schedule of rates for the transportation of theatrical people and their baggage will go into effect on all Western lines Dec. 1. The smaller companies will be at a disadvantage under the revised arrangement. The larger troupes will not be affected to any great extent. For a time past some of the railroad companies have refused to haul special cars owned by theatrical organizations, while others have accepted them only after they were thoroughly inspected and found in good order. The handling of a baggage car used exclusively by a theatrical company involves trouble and delays trains, as a general thing, while the revenue, it is asserted, has been too small for the service rendered. This is particularly true of the smaller companies which have one car and which make small jumps. The touring companies which play large city time exclusively, taking long jumps once or twice a week, occasion little trouble.

Under the new tariff the minimum charge for a baggage car and private traveling car will be \$40, compared with \$25 at present. This increase will amount to quite an item in a season for the companies making one-night stands. The present rate per mile for the transportation of a theatrical baggage car is fifteen cents, with a minimum charge of \$10. This rate is irrespective of whether two or ten tickets are purchased. In cases where twenty-five first-class fares are paid a baggage car is furnished free by the railroad company, provided the total receipts are not less than \$25. Under the new arrangement the charge for baggage cars will be twenty-five cents per mile, with a minimum charge of \$15, provided ten or more full fares are paid. For the movement of extra coaches, parlor cars and sleeping cars on regular trains the rate now is not less than eighteen full fares with a minimum of \$15, berths, etc., extra. After the first of next month eighteen full first-class fares will be required, but the minimum charge will be \$25.

DEER NOT PLENTIFUL.

Reports from Negaunee men now in the woods are to the effect that deer are scarce. Some of them have sent in word that they have not even seen a deer since going to the camps. J. Prinkala was up from Little Lake yesterday. He was in the woods Sunday in company with other hunters, and he stated that they did not see a deer all the time they were out. He reported that a great many hunters, a number of them from the lower peninsula, are in the woods out from Little Lake. William Remile, also of Little Lake, was up from there yesterday. He accompanied three Adrian men into the woods Sunday. One of the lower peninsula men shot a deer, but it was the only one that the party got near enough to shoot at. The conditions are favorable for successful hunting. The snow is not too deep.

Mothers with little children need no longer fear croup, colds or whooping cough. Rees Laxative Cough Syrup tastes good. It works off the cold through the bowels, clears the head. Guaranteed. Sold by The People's Drug Store.

"Let us have some Cudaly's Peacock Bacon and calves liver for supper Maunna" say young and old. (11-27-37)

ISHPEMING

ISHPEMING IN BRIEF.

The employees of the city were paid yesterday for last month's work. Mrs. A. J. Yungbluth arrived home yesterday from a week's visit with friends in Milwaukee.

Mr. and Mrs. James M. Hamilton of Grand Rapids are visiting W. P. Behlen and family. Mrs. Hamilton and Mrs. Behlen are sisters.

J. F. Peterson and wife of Chicago are in the city visiting their uncle, C. A. Childs, and family. Mr. and Mrs. Peterson are on their honeymoon.

The Savings Bank store was closed yesterday and it will be closed again today while preparations are being made for a special sale which will be announced tomorrow or the next day.

The Epworth League will conduct a party this evening in the parlors of the First Methodist Episcopal church. A light lunch will be served. All the league members and their friends are invited.

The Royal Dancing club will conduct the third of its series of hops Saturday evening at Braastad's Hall, dancing commencing at 8:30 and continuing until 12. Tickets will be fifty cents per couple and Clifford's orchestra will furnish the music.

A. Polito has purchased Fred Garesau's barber shop in the Voelker block on Main street. Mr. Polito was reared in Ishpeming, but for seven or eight years past he has been in Milwaukee and other cities. He has been a barber for fifteen years.

The Flora De Voss company, which was seen last evening at the Ishpeming theatre in the comedy drama, "An American Girl," will present the "Galley Slave," a society drama, tonight. The performances given thus far have been very well received. The company is evenly balanced and its plays are new here. The Mahoney brothers are a pair of specialty artists as have been seen on this circuit in many months, and they have scored a hit.

It comes put up in a collapsible tube with a nozzle, easy to apply to the soreness and inflammation, for any form of Piles; it soothes and heals, relieves the pain, itching and burning. Man Zan Pile Remedy. Price 50 cts. Guarantee. Sold by The People's Drug Store.

A Manufacturers Line to be closed out at this sale at Factory Prices. The agent will be here to take any special measurements for garments. This is positively the most complete line shown this season by any Fur Dealers. The line consists of the following: Seal, Otter, Beaver, Persian and Mink Jackets and Coats, also very extensive line of Fur Sets, Single Muffs, Single Scarfs, Etc. Call and see the line, everybody welcome.

ONE DAY ONLY AT

Braastad's Big Department Store

MAY BRING FAMOUS FIRE COMPANY HERE

HALE'S FIRE FIGHTERS MAY BE IN MARQUETTE AT FIREMEN'S CONVENTION IN 1908.

It plans that are now forming at the convention here next year of the Upper Peninsula Firemen's association will be one of the big things of the year, not only for Marquette, but for the entire upper peninsula.

Important Project.

The most important project now under consideration in connection with the convention is to bring to Marquette the celebrated Kansas City fire department, known internationally as Hale's Fire Fighters. The matter has proceeded so far that negotiations with Chief Hale have been entered into and the present indications are that it will be carried through. It has been found that the Hale aggregation can probably be brought to the city for something less than \$1,000, and the firemen believe that this sum, in addition to what is needed for other attractions of the convention, can be raised without difficulty.

The project of bringing the Hale Fire Fighters to Marquette was suggested by Chief Tim Mauey. While he was in Washington at the recent annual national fire chiefs' convention, Chief Mauey saw Chief Hale, and discussed the matter with him. Chief Mauey stated that Chief Hale was willing to arrange matters so that the Kansas City department could come to Marquette.

Famous Organization.

Hale's Fire Fighters comprise the most celebrated organization of firemen in the world today. The company, which has some years ago and for a long time the aggregation has been giving public exhibitions. At the World's Fair in St. Louis they formed one of the principal attractions on the Pike. Besides, they have appeared in nearly all of the leading cities of the United States and in Europe. The exhibition they give is a practical demonstration of modern scientific fire-fighting and it is spectacular to a degree. Wherever they have appeared an admission of from fifty cents upwards has been charged to witness their exhibition and it is said that if some plan of the sort were put in practice, should they come to Marquette, the project of bringing them here would probably prove profitable.

Hose Race.

Another plan being talked of in connection with the convention, is that of having a race between the various companies that are members of the association. The sort of a race planned would be wholly new to the upper peninsula. It would probably be between hose carts. Each cart would be required to hitch, drive a certain distance, lay out and connect a certain length of hose as is done in actual service. The winner of the race would be the company which could go through the work in the shortest time. It is planned that to make this race attractive to all companies to offer a large cash prize to the winner.

Money Can Be Raised.

Besides the hose race and the exhibition of Hale's Fire Fighters, the athletic games and contests which have been held at the association's conventions in the past will also be held. One reason for the belief that money can be raised to carry out all of these plans is that in 1899, when the association held a former convention here, the Morse company was able to raise about \$5,000 without difficulty. As the city has grown considerably since then and as the event next year is to be on such a larger scale, insuring a greater attendance, it is thought that enough money for the purpose can be obtained.

FUNERAL OF NICHOLAS RITZ.

Will Be Held This Afternoon from Tonella's Morgue.

The funeral of Nicholas Ritz, who died at St. Mary's hospital Sunday, November 3, is to be held this afternoon at 2 o'clock from Tonella's morgue, where a service will be held. The interment will be in Holy Cross cemetery. Mr. Ritz had made his home in Marquette for the past twenty years, and before his death he had been an invalid for some time. It was at first thought that the body would be shipped to Louisville, Ky., Mr. Ritz's former home, for burial, but his relatives have written to inter the body here.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty. If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Birmingham, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Birmingham, N. Y., on every bottle.

DEDICATION POSTPONED.

New French Church Will Not Be Finished Before Late Next Month.

As the new French Catholic church will probably not be wholly finished before the middle of December, the church will not be dedicated before Christmas or New Years. It had been planned to hold the dedication services the first Sunday in December. The putting in of the hardwood flooring is just now being finished and installing the altars and the pews will be the next work. The electric wiring and installing of electric lights is now finished, as is also the plumbing. The furnace is also in. The heating plant, which is modern in every way, was installed at a cost of \$2,047.

It is expected that the pews will be here by the middle of next month and it will require about a week or ten days to install them.

PENTTINEN FUNERAL TODAY.

Man Whose Death Was Caused by Odd Accident to Be Buried.

The funeral of Peter Penttinen, who died Saturday morning at St. Luke's hospital, will be held this afternoon from Hager's undertaking establishment. The interment will be in Park cemetery. Penttinen, who was about forty years old, had been employed at the Pioneer turnace but a short time when the accident which caused his death occurred. Last Thursday, shortly before the noon whistle blew, he started across the yard just beneath a trestle, which is about twenty feet high. In some manner a heavy piece of timber became loosened and dropped as he came under the trestle. It struck him on the top of the head and fractured his skull.

He was taken to St. Luke's hospital, where it was said he had a slight chance for recovery. Friday night, however, he began to sink rapidly and early Saturday morning he died. He had no relatives here.

THOUGHT BOAT WAS ON FIRE.

Sun's Rays on Steamer Sheadle's Windows Gives Rise to False Alarm.

The steamer J. H. Sheadle, which loaded here and sailed late yesterday afternoon, was disappearing on the horizon when a few stray sunbeams struck her cabin windows. A number of persons on shore, who had been watching the vessel's departure, saw what appeared to be red flames breaking from the stern and within a short time a report spread that the boat was on fire. Someone suggested that the harbor tug Halliday be notified and sent out to fight the fire and this was done. Before the trip was made, however, a field glass was brought into use and as the sun had set by that time, the vessel set back no more reflections and appeared to be proceeding quietly on her course. She was watched until she was out of sight.

THEATRICAL.

"Land of Nod."

The Rork company's beautiful production of the extravaganza, "The Land of Nod," will be seen here tonight. It is a production whose novelty of characterization and stage furnishing distinguishes it among its contemporaries. No such personages have ever before been introduced into a stage work, and they have been so skillfully arranged that any suggestion of artificiality has been overcome. "The Man in the Moon" and his wife, "Bory Bory Alice," "The Sand Man," "The Weather Man," "April Fool," "The Welsh Borebit," "The Jack of Hearts" and his parents, "The King and Queen of Hearts," are some of the characters. They have been plentifully supplied with things to do which make them extremely interesting people.

The comedy in "The Land of Nod" is of the spirited, wholesome kind which compels immediate laughter, and the music is of the popular sort, which is enjoyed by all. The production as to scenery, costumes and other effects, is massive and beautiful and the ensemble generally is unusually complete and effective.

"Faust."

Louis Morrison, in the great production, "Faust," will be at the Opera House Thursday night. The play is in five acts and seven scenes, opening in the laboratory of the octogenarian Faust, who is transformed into a youth upon the sale of his soul to Mephisto. Miss Lillian Allen, a splendid actress, appears as "Martha" and Miss Evelyn Russell as "Marguerite."

The electrical effects, particularly the Broken scene, are Mr. Morrison's own ideas and other stage effects are equally as impressive.

BOWLING SCORES.

In a bowling match last night between the Chautauques and the Mauds, the Chautauques took two out of three games. Following are the scores:

Mauds—				Tot.
Couse	103	122	144	369

IRON ORE SHIPMENTS SHOW BIG INCREASE

OUTPUT OF LAKE SUPERIOR REGION NOW EXCEEDS THAT OF LAST YEAR'S SEASON.

There is no doubt that the Lake Superior ore shipments for the season will exceed 40,000,000 tons. Already there have been forwarded in excess of 36,700,000 gross tons, of which some 6,200,000 tons were sent to the lower lakes during the month just closed, and there remain six weeks or more during which interlake navigation will be possible. A slackening tendency will be noticeable from this time forward, as is customary toward the fall end of the season, when vessels are withdrawn from the trade as winter approaches. There are some shippers, however, with considerable portions of their contracts yet to fill and for this reason ore will be kept moving almost until ice forms in the rivers.

May Show Big Gain.

As indicated now the aggregate figures for the year will show between 42,000,000 and 43,000,000 gross tons of ore sent forward via the lakes. A movement of 43,000,000 tons would be a gain of some 3,500,000 tons over the record breaking output last season, and 7,500,000 tons in excess of the 34,500,000 tons shipped in 1905, prior to which year there never was a time when, with the exception of 1902, the Lake Superior region sent out as much as 23,000,000 tons of ore. Of the 36,700,000 tons moved to date this season, something like 24,400,000 tons have come from the Mesaba range, and double the amount of ore shipped from the four other ranges combined. The Mesaba has produced more ore so far this year than did all five ranges in the entire season of 1904, when 21,800,000 tons measured the total movement.

May Be Slight Falling Off.

As far as the mines are concerned next season, they will be prepared to produce much more heavily, but as it is the understanding that no ore will be forwarded unless contracted for in advance, a falling off in shipments to the extent of several million tons is not improbable.

It is roughly estimated that between 35,000,000 and 40,000,000 tons of ore will be needed next year. Whatever the amount, the Lake Superior region is practically certain of another twelve-month of great prosperity. The mines must be kept in a state of readiness to meet all demands upon them; the ore must be well opened ahead in order that it may be the more economically won, and thus little likelihood is seen of any particular curtailment. The coming year, however, promises well for the mining region.

It expels all poisons, stimulates the internal organs, cleanses the system and purifies the blood. Such is Hollister's Rocky Mountain Tea, the most effective preventive of disease. 35 cents, Tea or Tablets. The Stafford Drug Co.

HUNTERS' MAPS.
