

HE LIKENS BRYAN TO DOG IN MANGER

Col. Henry Watterson of Louisville Thinks Nebraskan Should Withdraw and Give Some Other Democrat a Chance.

Says He Can't Arouse Enthusiasm Because He Has Been Before the People too Many Times, Yet He Has the Power to Defeat Any Other Candidate

Boone, Ia., Nov. 15.—Colonel Henry Watterson, asked today by the Associated Press for his opinion on W. J. Bryan's tentative acceptance of the Democratic presidential nomination, declared that he had labored with Bryan to decline the nomination and to quit his "dog-in-the-manger" attitude.

Mr. Watterson realized that Bryan had it in his power to demand the leadership of the Democratic party in 1908, or "defeat any other candidate by knocking him as he did Parker."

Asked as to the assertion often made that the next president would be Roosevelt or Bryan, Mr. Watterson said that the nomination of Roosevelt would be Bryan supporters wanted, because they could then go to the people on a third-term slogan.

As for himself, much as he disliked to do so, he would vote for Bryan against Roosevelt in such a dilemma. He believed, however, that Roosevelt would decline any nomination, as he had nothing to gain and the Republican party had many men of presidential ability.

Tom Johnson Out for the Nebraskan. Cleveland, O., Nov. 15.—In an open letter to Wm. J. Bryan expressing satisfaction with Mr. Bryan's announcement of yesterday, Mayor Tom L. Johnson says that he will endeavor to secure an Ohio delegation to the national convention that will call upon Mr. Bryan again to be the Democracy's candidate for the presidency.

Alaskan Republicans for Taft. Juneau, Alaska, Nov. 15.—An endorsement of Secretary Taft for the presidency and a demand for home rule are the salient features of the platform reported at today's session of the Alaskan Republican convention.

Delegate Bishop, at Lansing, Scores the Direct Legislation People. Lansing, Mich., Nov. 15.—[Special.]—Delegate Bishop, announcing his resignation in the constitutional convention today to take up work on the Spanish war claims commission, handed the friends of direct legislation a bumper note to the people of this state cannot trust their representatives, then the foundation of this government is on a false basis, said he.

Little business was done today. A resolution fixing the Thanksgiving adjournment for the period from Nov. 27 to Dec. 2 was passed, and a few proposals were introduced.

English Observer Sees an Immense Flame Shoot Up 345,000 Miles. Oxford, Eng., Nov. 15.—A remarkable outburst of the sun was observed by Professor Ambau, director of Radcliffe observatory, at 11:45 o'clock this morning.

Disappearance Puzzles. Jos. G. Blaine's ex-Secretary, Long a Hermit, Is Strangely Missing. Warsaw, Ind., Nov. 15.—Farmers living near Bruce Lake have informed the authorities of the disappearance of Harry E. Koch, former private secretary to James G. Blaine, who for ten years lived in a cabin constructed by himself on the island in Bruce lake.

Balloon Flies 125 Miles. Fremont, N. H., Nov. 15.—After a flight of about 125 miles, the balloon Stevens No. 21, which went up from North Adams at 11:01 a. m. today, landed near Leford's crossing, three miles north of this village, at 4:15 o'clock this afternoon.

Central America at Peace. Washington, Nov. 15.—Every one of the delegations made the solemn declaration that there is no question or claim whatever pending among the five Central American republics. This memorandum was furnished the press after the first business meeting today of the Central American peace congress.

ORDERED TO JAIL. Presidential Pardon Alone Can Save Rev. George G. Ware.

Omaha, Nov. 15.—Unless Rev. George G. Ware, formerly rector of the Episcopal church at Deadwood, S. D., gets a pardon from the president, he will have to spend one year in jail, beginning Dec. 15. The mandate from the circuit court of appeals was received by Clerk Hoyt of the federal district court today.

Immunized Claimed for Walsh. Chicago, Nov. 15.—A long drawn-out argument between the opposing counsel, in which the court took part from time to time, over what is regarded as practically a plea for immunity because the books of the defendant had been used in the federal grand jury investigation of his affairs consumed this afternoon's session of court in the trial of John R. Walsh on the charge of misappropriated funds of the banks with which he was associated.

Grand Haven, Mich., Nov. 15.—A jury convicted William Shimmel of the murder, eighteen months ago, of Martin Golden, a store keeper at Denison, but Judge Padgham immediately set aside the verdict and severely scolded the jury, declaring that the evidence, which was entirely circumstantial, did not in any way warrant the verdict.

'Jail Baby's' Mother Acquitted. Chicago, Nov. 15.—Mrs. Mary Sladek, who during her trial on the charge of having poisoned her mother, Mrs. Marie Mette, has attracted more than usual attention as the mother of the "jail baby," was acquitted tonight by a jury in Judge Chittaus' court.

President to Proclaim Indian Territory and Oklahoma a State of the Union. Washington, Nov. 15.—With an eagle quill pen, President Roosevelt will at 10 o'clock tomorrow sign a proclamation making Indian Territory and Oklahoma a state of the union.

MANY JAPANESE COMING. Washington, Nov. 15.—While the immigration to America from all countries showed during October a considerable increase, being 20 per cent greater than in October of 1905 and 12 per cent greater than in October of 1906, the increase in immigration from Japan was greater than has been shown in any one month in the history of the immigration service.

Sensation in Court Room. County New Scene of His Trial Flooded With Cable Powers' Book. Georgetown, Ky., Nov. 15.—During the examination of the special veniremen in the Cable Powers trial today it developed that Harrison county has been flooded with Powers' published book containing his speeches and an account of his trial.

SLEW WITH HATCHET. Negro Girl at New Orleans Admits Killing White Mistress. New Orleans, Nov. 15.—Clara Barrett, colored, aged eighteen, was arrested today and confessed to murdering Miss Jessie Carter, white, her mistress last night, using a hatchet to commit the deed.

TRIAL LASTS ELEVEN MINUTES. Mrs. Rrmatka, Wealthy Milwaukeean's Wife, Is Sentenced for Robbery. Chicago, Nov. 15.—Mrs. Evelyn Rrmatka, the so-called "female Hobbey," was convicted of robbery today and was sentenced to serve from one to twenty years in the penitentiary. Her trial lasted eleven minutes.

EMINENT CHEMIST DEAD. Cincinnati, Nov. 15.—Alexander Pfae, the head of the firm of Pries & Bros., New York and Cincinnati, and one of the most eminent chemists of the country, is dead, aged eighty-eight. He was knighted by the king of Spain because of his achievements in the scientific field. He was a native of Germany.

MICHIGAN JURY GETS A SCORING

Conviction for Murder Arouses the Ire of Judge Padgham, Presiding at the Shimmel Trial at Grand Haven.

Declaring the Evidence Entirely Circumstantial, and Not in Any Way Warranting the Conclusion That Had Been Reached, He Sets Aside the Verdict of Guilty, Gives the Twelve Men a Lecture and Releases the Prisoner on \$500 Bail.

Grand Haven, Mich., Nov. 15.—A jury convicted William Shimmel of the murder, eighteen months ago, of Martin Golden, a store keeper at Denison, but Judge Padgham immediately set aside the verdict and severely scolded the jury, declaring that the evidence, which was entirely circumstantial, did not in any way warrant the verdict.

'Jail Baby's' Mother Acquitted. Chicago, Nov. 15.—Mrs. Mary Sladek, who during her trial on the charge of having poisoned her mother, Mrs. Marie Mette, has attracted more than usual attention as the mother of the "jail baby," was acquitted tonight by a jury in Judge Chittaus' court.

President to Proclaim Indian Territory and Oklahoma a State of the Union. Washington, Nov. 15.—With an eagle quill pen, President Roosevelt will at 10 o'clock tomorrow sign a proclamation making Indian Territory and Oklahoma a state of the union.

MANY JAPANESE COMING. Washington, Nov. 15.—While the immigration to America from all countries showed during October a considerable increase, being 20 per cent greater than in October of 1905 and 12 per cent greater than in October of 1906, the increase in immigration from Japan was greater than has been shown in any one month in the history of the immigration service.

Sensation in Court Room. County New Scene of His Trial Flooded With Cable Powers' Book. Georgetown, Ky., Nov. 15.—During the examination of the special veniremen in the Cable Powers trial today it developed that Harrison county has been flooded with Powers' published book containing his speeches and an account of his trial.

SLEW WITH HATCHET. Negro Girl at New Orleans Admits Killing White Mistress. New Orleans, Nov. 15.—Clara Barrett, colored, aged eighteen, was arrested today and confessed to murdering Miss Jessie Carter, white, her mistress last night, using a hatchet to commit the deed.

Her trial lasted eleven minutes.

EMINENT CHEMIST DEAD. Cincinnati, Nov. 15.—Alexander Pfae, the head of the firm of Pries & Bros., New York and Cincinnati, and one of the most eminent chemists of the country, is dead, aged eighty-eight. He was knighted by the king of Spain because of his achievements in the scientific field. He was a native of Germany.

WEATHER FORECAST

Washington, Nov. 15.—The following is the weather bureau's forecast for Upper Michigan: Fair, Saturday; Sunday, increasing cloudiness, probably snow; fresh southwest winds.

KAISER'S OBJECT UNCONCEALED.

Emperor Working Hard to Overcome Hostile Feeling in England.

Windsor, Eng., Nov. 15.—Emperor William is continuing his work toward the creation of a friendly feeling on the part of Englishmen toward Germany, and it is now seen that this purpose is the unconcealed object of his visit to this country. The emperor took advantage of another opportunity today when accepting the degree of doctor of laws from Oxford University.

WORLD'S FASTEST CRAFT

Britain Has It Now, as Well as Biggest Battleship—Destroyer Makes 40 Miles an Hour.

Coves, Isle of Wight, Nov. 15.—Great Britain, not content with possessing the largest warship in the world, in the dreadnought, has constructed the fastest lighting craft, this in the destroyer Mowawk. On her official trial in the North Sea today, the Mowawk maintained for six hours a mean speed of 34 1/2 knots an hour.

Fire Destroys Two Russian Gunboats. St. Petersburg, Nov. 15.—Fire of unknown origin in the Baltic Shipbuilding yards today destroyed two gunboats and damaged several other vessels.

ALLEGED GERMAN SPY ARRESTED.

Toulon, Nov. 15.—Guards today arrested a German, a man giving the name of schumann, who was wandering suspiciously near the fort here. He is believed to be a spy, as several German general staff maps were found in his possession. The man refused to answer questions or explain his presence in Toulon.

TRADE IS QUIETER.

Widespread Readjustment Noted by Bradstreet's and R. G. Dun. New York, Nov. 15.—Bradstreet's tomorrow will say: Trade as a whole is quieter, and industrial operations are curtailed in accordance with the readjustment forced by the prevailing monetary stringency and the spread of the acute scarcity to the country at large.

GRUESOME RECORD

Many Persons Killed or Injured, Victims of One Day's Accidents in America.

Pittsburg, Nov. 15.—Nine men were seriously injured today in a molten metal explosion at the Lucy furnace of the United States Steel corporation. All the foreigners.

Sault Ste. Marie, Mich., Nov. 15.—Eight persons were killed or injured in a wreck on the Canadian Pacific at Sault Ste. Marie, Mich., today. A passenger train was derailed here today, the result of an explosion of natural gas.

Pittsburg, Nov. 15.—Twenty-five persons were injured today, two fatally; one man was severely burned and a dwelling house was destroyed here today, the result of an explosion of natural gas.

Washington, Nov. 15.—A temporary platform in the vestibule at Howard University, where President Roosevelt spoke this afternoon at the installation of Rev. Vilbur Thirkfield, gave way at 2 o'clock.

Laporte, Ind., Nov. 15.—While running at the rate of sixty miles an hour, westbound Wabash passenger train No. 33 jumped the track near Dillon, tonight. Four passengers and three trainmen were seriously and scores of passengers were slightly hurt. The injured trainmen were taken to the railroad hospital at Peru, Ind., and the injured passengers were sent to Chicago on a special relief train.

Mystic, S. D., Nov. 15.—For the second time in six weeks a fatal wreck occurred this afternoon on the Missouri River & Northwestern railway between here and Rapid City. An extra engine and three cars, one filled with passengers, plunged into a creek where the bridge had broken. Fireman Martin was pinned under the engine and died before aid could reach him. Engineer Hooper was injured.

ORDERS FOR GOLD REACH HUGE TOTAL

Yellow Metal to the Value of Upwards of \$67,000,000 Has Already Been Received or Has Been Engaged for Import.

Never in the History of Wall Street, It Is Declared, Has There Been Such an Enormous Demand for Securities by Investors in Odd Lots as at the Present Time, the Purchases Running Up Many Millions of Dollars.

STRIKE THREATENS STATE STREET

Chicago Department Store Deliverymen Demand Increase in Wages.

Chicago, Nov. 15.—The delivery wagon drivers employed by the State street department stores voted tonight to strike unless their demands for increased wages are granted. The men ask \$14 to \$16 a week. They now receive \$12 to \$15. Action will be delayed pending the sanction of the International Union of Teamsters.

MISSING CHECKS FOUND.

Trinidad, Colo., Nov. 15.—The package of \$22,000 worth of pay checks for employees of the Carbon Fuel & Coke company, lost a few days ago from the stage that runs between Longdale and Cokeville, has been found by boys and returned to the company. Charles Macomber, the driver of the stage, who was arrested on suspicion of having stolen the package, has been released.

AUTO CONCERN IN STRAITS.

Charlotte, Mich., Nov. 15.—A voluntary petition of bankruptcy was filed this afternoon in the United States court at Grand Rapids by the Dolson Automobile company of this city. The book value of assets exceeds \$250,000, with unsecured indebtedness amounting to about \$140,000.

FISH SCENTS A PLOT

Thinks Harriman Plans to Make Illinois Central Subsidiary to the Union Pacific. New York, Nov. 15.—Former President Stuyvesant Fish today addressed another letter to the stockholders of the Illinois Central regarding the adjourned meeting of the company set for Dec. 18. After reviewing the contest at the last meeting, Mr. Fish says in part:

"It is significant that up to this date no effort has been made by the Union Pacific to dissolve the injunction as to its holding, or that of the Railroad Securities company, although the Mutual Life insurance company, with a relatively unimportant holding of only 3,500 shares, has asked to be relieved of the restraint. This motion does not involve the main issue, as the case of the Mutual Life turns upon fundamentally different questions of law and of fact from those involved in the cases of the Union Pacific and Railroad Securities company."

Mr. Fish then goes on at some length and repeats his former allegation that the object of E. H. Harriman and his friends was to make the Illinois Central a subsidiary to the Union Pacific. In asking for a renewal of the proxies to him, and those ranged on his side, Mr. Fish says: "My colleagues and I will continue our efforts to maintain the integrity and independence of the Illinois Central to prevent its absorption by interests alien to those of its stockholders and patrons; to prevent its relegation to a subsidiary position as a fattener to other railroads dominating it, and to preserve for its proprietors the benefits of its present prosperity and future boundless possibilities."

HIS MOTIVE A MYSTERY.

Prominent Masseur Man, Cashier of a Bank, Kills Himself. Kansas City, Nov. 15.—J. B. Thomas, cashier of the Bank of Albany, of Albany, Mo., and who also was a prominent Democratic politician and former grand master of the Masonic order of Missouri, shot and killed himself at a hotel in this city today, leaving no message to explain his action. There is no evidence the affairs of the bank of Albany are involved in the tragedy, the surviving officers having asserted emphatically that they knew no reason for Thomas' suicide. A son, Claude Thomas, is the cashier of a bank at Gravity, Ia.

LOUISVILLE STRIKERS RIOTOUS.

Louisville, Ky., Nov. 15.—The union employes of the Louisville street railway struck this morning. There was much disorder about noon, and sixteen arrests were made.

LOGGERS STOPPING WORK

Operations in the Stillwater Region to Be Suspended for a Time at Least. Stillwater, Minn., Nov. 15.—The Stillwater loggers, who employ many hundreds of men in logging camps and have had big crews at work in the pines, have generally decided on making heavy discharges of men and some big concerns indicate that they will lay nearly all of them off for a time at least. A reason assigned is that prices for lumber have taken a slump. Another is that it is impossible to get currency to pay for supplies to operate the camps, let alone pay the men. A further reason is that wages in the woods are too high. Many men who have already left the logging camps were paid in checks, and they find difficulty in getting them cashed at other points outside this city.

BIG THEATRICAL MERGER.

Pittsburg, Nov. 15.—What is considered one of the most important actions ever taken in the theatrical circles of the country occurred here today when prominent managers formed the Ohio Theatrical company, merging circuits in Ohio and Pennsylvania and the Tri-State circuit. The merged company will conduct in conjunction with its management of more than 100 theaters controlled by it, a large booking office in New York and Chicago.

STOCK MARKET DEPRESSED.

Liquidation Is Urgent, and Some New Low Levels Are Touched. New York, Nov. 15.—The stock market took on the appearance of quite severe depression again today and sold down for some stocks to new low levels for the year. The liquidation was not large in volume, but it was apparently urgent, and there was no corresponding demand to absorb it. A number of circumstances today emphasized the weakness, although their immediate effect was confined to individual stocks, and to preserve for its proprietors the benefits of its present prosperity and future boundless possibilities."

CONNECTS TWO GREAT RIVERS.

Rock Island, Ill., Nov. 15.—The United States steamer Marine reached Rock Island this afternoon from Hennepin, Ill., completing the first trip through the recently opened Illinois and Mississippi canals. The steamer was met by a delegation of citizens and a blowing of whistles. A general jubilation followed. The canal, which is the first over-land waterway ever built by the United States government, is sixty miles in length and connects the Illinois and Mississippi rivers. The cost of the canal was \$7,300,000.

Pittsburg, Nov. 15.—Mrs. Hartie, who is at Ligonier, Pa., denied today that she had ever written a letter to Mrs. Madine, mother of the alleged correspondent in the Hartie divorce case.

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MARQUETTE, MICH., NOV. 16.

Entered as mail matter of the second class at the postoffice at Marquette, Mich.

More trouble for Senator Fuller. Calvin A. Parker has trotted out a brand new boom for nomination as auditor general.

Besides telling the copper country about good roads work, Mr. Earle has managed to thoroughly impress it with the idea that he is a candidate for governor. Mr. Earle knows how to kill two birds with one stone.

If Escanaba wants an expression from Judge Stone as to just what he thinks of her, on an occasion divorced from civic rejoicing on the score of the completion of one of the finest high schools in the northwest, perhaps the judge might be able to find an open date.

The constitutional convention is having its troubles. Principal among them are the dilatoriness of the state printers and the enormous mass of material being submitted by the delegates for incorporation in the new instrument.

Tom Johnson, recently elected mayor of Cleveland for a fourth term, who has been discussed as a possible Democratic nominee for president, this despite the fact that he has already on one occasion failed to carry his own state as a candidate for governor, has definitely put himself out of the race.

Says the Calumet Evening News: No doubt about it, that firemen's tourney at Marquette next summer is going to be a hummer. We learn with some surprise that the Marquette department is already making plans for the big event and among other features will endeavor to secure the famous Hale's Fire Fighters of Kansas City to give exhibitions.

This is the big day of the football season for the University of Michigan team, and it also introduces a contest that will be interesting as affording a comparison between football in the east and west. The Pennsylvania team comes to Ferry field. Last season the Quakers defeated the Wolverines easily.

Now comes Representative Gordon and proposes to take on himself the expense of a special election to determine whether the people want the saloons restricted in accordance with the provisions of the Gordon bill. He tells us it was his intention that restriction should be mandatory; also that he believes the people favor restriction.

SUPERIOR TRUST COMPANY HANCOCK MICHIGAN Capital - \$150,000

is some support among the aldermen for restriction. Restriction is not in any way a temperance measure. Some of the saloon men favor it. They are those saloon men advantageously located in the business district who feel sure that they would get licenses. For them restriction would be an excellent thing.

ESCANABA'S SLOT MACHINES. The Escanaba Journal tells us that the slot machines are again rolling merrily and fearlessly in Escanaba. They reappeared about the time the rear end of the Northwestern train disappeared around the curve near Stephenson avenue.

Really, The Mining Journal hasn't thought about it at all, but did Judge Stone really say Escanaba was as good as any other city in the upper peninsula? Of course, when he talked to the multitude of Escanaba citizens, pulsating with enthusiasm, who had come out to help dedicate Escanaba's new high school, he said a lot of flattering things.

As for the slot machines, some years ago Mr. Van Valkenburg, the then editor of the Escanaba Journal, obtained an explicit expression from Judge Stone on that score. The judge had chased the machines to cover two or three times, only to find that they were quickly brought out as soon as his back was turned.

Who Makes XTRAGOOD WE always like to know all we can about the makers who produce the clothes we offer you; and we'd like you to know about them too.

One of the main reasons we sell XTRAGOOD is the fact that they are made by Ederheimer, Stein & Co., Chicago, in the most modern and remarkable tailor shops ever built; in large, light, airy, clean buildings specially erected and fitted for making clothes better and different than others have done or are doing.

Beside the longer wear your boy will get out of XTRAGOOD, the better appearance and more perfect fit that you'll appreciate, it's an advantage to know they're clean and wholesome, as well as most durable, reliable, honest, economical.

Ormsbee & Atkins

would not police Escanaba. As far as The Mining Journal knows this is his stand today. But we don't believe that he will, or did, "whitewash" the city. That isn't his way. Doubtless the Journal has read too much into his more or less perfunctory remarks on the occasion of the high school dedication.

STATE TAX LANDS. The state tax lands have been the subject of much discussion the past few days. In the upper peninsula State Road Commissioner Earle has been an unbridled critic of the present system of handling them, a system which he says last year spent \$400,000 to sell \$250,000 worth of lands.

While Mr. Earle has been taking pot shots at the system and the state land department in the upper peninsula, they have been receiving a shaking up at the state forestry convention at Saginaw. Professor Roth, head of the forestry department at the state university, was one of their severest critics.

Investigation I have made shows less than one-half of Michigan suitable for farming, and only 64 per cent of this land is under cultivation," he said. "In the upper half of the state are sixteen counties of over 7,000,000 acres, only 6 per cent of which is improved.

Hon. Edwin Wilder, former land commissioner, made some sensational statements illustrative of the extravagance and wastefulness of the present system. Among other things, he cited one instance within his knowledge where eighty descriptions were sold for one cent, which descriptions had cost the state that year alone for advertising \$72.

The old system has a wonderful vitality. It has stood off many fights against it in the past. But the opposition to its further continuance, particularly as it comes from the forestry association, is increasing nightly, and in time cannot well help but beget results.

A SIGNIFICANT PRAYER. "May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. "It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c. at The Stafford Drug Co.'s store.

Who Makes XTRAGOOD WE always like to know all we can about the makers who produce the clothes we offer you; and we'd like you to know about them too.

Copper Country

INFANTRY ORGANIZATION.

Calumet May Have a Company to Replace That at Houghton.

The discussion of the question of changing the Houghton Light Infantry into a bluejacket company of naval reserves still continues.

If the soldiers in the copper country desire it and if public sentiment in general seems to be in favor, there seems little doubt that Calumet can have a new organization.

As yet, however, everything is in the air, as neither the transfer of the Houghton company to the reserves nor the placing of a new company in Calumet have been definitely passed upon by the state military board.

The steamer Louisiana left Portage lake for Sandusky yesterday morning, having been patched up and prepared for the long trip.

The wrecking tug Ottawa, Captain James Reid, which lent the Louisiana some assistance, left yesterday for Gull Island Reef in Lake Superior to strip the steamer Spokane, which is abandoned out there.

PREPARING FOR WINTER.

Railroads Putting Snow Plows and Erecting Snow Fences.

The railroads doing business in the copper country are getting ready for winter. All the locomotives are being equipped with snow plows.

Snow fences play a prominent part in railroading in the copper country. They prevent big drifts on the tracks.

COUNTY ROAD SYSTEM.

Plan Which State Highway Commissioner Wants Here.

The statement made Thursday by State Highway Commissioner Earle that Houghton county would have a chance to adopt the county road system, and undoubtedly would adopt it, has given rise to much speculation on the subject.

Under the county road system the county takes from the townships the authority to build main highways in the county, levies the taxes for road purposes direct, builds all roads itself and pays for them, directing these operations with a board of county road commissioners, elected by the people.

ELKS EXCHANGE COURTESIES.

Hancock Lodge Will Go to Calumet Fair Next Thursday.

### City Brevities

J. E. Braund of Ishpeming was in the city yesterday.  
F. H. Begole left yesterday for Boston and points in the East.  
C. C. Carlisle of Escanaba is paying a visit to friends in the city.  
A new catch basin is being installed at the First National bank corner.  
P. A. Hertensteiner of Cheboygan paid a recent visit to friends here.  
John R. Gordon left for Detroit on a business trip yesterday afternoon.  
Arvid Braastad of Ishpeming paid a recent visit to friends in the city.  
Charles R. Nelson left yesterday for a visit with friends in Milwaukee.  
John A. Struble of the copper country was a visitor in the city recently.  
Frank O. Gilbert of Bay City is in Marquette paying a visit to friends here.  
A. C. Hartho of Munising paid a recent brief visit to friends here.  
Peter Barley of Mackinac Island was a Marquette visitor yesterday.  
George M. Ross of the copper country paid a recent visit to friends in the city.  
Al Andrews and E. V. Cassidy of Ishpeming were visitors in the city yesterday.

Mrs. J. P. Outlaw and her daughter Mary, of Ishpeming, are visiting friends in the city.  
Frank Moffett shot a buck yesterday near Pickeral lake, about twelve miles south of the city.  
James Trethewey shot a buck near his camp northwest of the city yesterday. It is his second this season.  
Among the visitors from Birch who were in the city yesterday were H. W. McCullough, John Drent and A. Nols.  
J. M. Ferris of Montreal, traveling passenger agent of the Rutland road, paid a brief visit to friends in the city recently.  
A. M. Fenton of Duluth, district passenger and freight agent of the Chicago, St. Paul, Minneapolis & Omaha road, was a visitor in the city yesterday.  
Dennie Hogan and family returned yesterday from a trip to Birch. Mr. Hogan was in the woods with his rifle while away and he brings back two big deer.  
An enjoyable surprise party was tendered Edwin Quarters, 616 North Front street, last night by a company of his friends. Twenty-five young people were present. The merry-making continued until a late hour.

Two Big Bucks—J. H. Foster and Al Wallace arrived home yesterday from a hunting trip on the Fence river with two fine bucks, each weighing 200 pounds or a little better. Each hunter had one to his credit.  
Two Are Lucky—J. H. Lewis, Charles Schaffer and Louis Pendlil are home from a hunting trip at the Schaffer camp at Onota. The two first named members of the party got deer, but Mr. Pendlil will have to try again.  
Incandescents Installed—The lighting of Lake street from the gas house to the Carp furnace is now being done by eight large incandescent lamps, which replace the four arcs that were formerly in use. The incandescents will demand less attention and will give a more satisfactory light. The change is appreciated by all who have occasion to use the road at night.  
Spared Its Life—Miss Nellie Frieberg, of the city's electrical department, recently sighted an owl perched in the branches of a tree near her home on Rock street. Miss Frieberg prides herself on her marksmanship with the rifle and she was about to use the owl as a target when her mother prevailed upon her to spare the big-eyed bird's life. They were discussing the question when the owl said "hoot, hoot" and flew away.  
Drawing Big Crowds—The Flaw-White pictures at the Grand theater have been the most popular series of moving scenes that have been displayed at the theater since it opened. Today is the last day that the pictures will be shown and a new program has also been provided. The doors of the theater will be open at 2:30 o'clock this afternoon and at 7 o'clock tonight.

Former Resident Writes—Rev. C. M. Thompson, who lived in Marquette for fifteen years and was presiding elder of this district while pastor of the Methodist church here, is now presiding elder of the Saginaw district and is pastor of the First M. E. church at Alpena. Miss Edna Thompson, his daughter, is well remembered by a wide circle of friends and in a recent communication Rev. Thompson states that she is now superintendent of the domestic science department of the Niagara Falls High school. Miss Thompson is a graduate of the Marquette high school and of the Northern Normal and she also finished a course in domestic science at the Normal.

Don't fail to watch for the hand bills announcing the special one-price sale now going on at the Bee Hive.  
L. GETZ, Prop.  
Marquette, Mich. 220-222 S. Front St. (11-16-2d)

FOR SALE.  
The Grand family theater is for sale, the owners having other matters which require their entire attention. The house is making money and the opening is a good one for the right party. Mr. S. C. Kops is manager at present and will be pleased to talk business with prospective buyers.  
Avoid substitutes—get what you ask for.

Household Furniture FOR SALE  
At flat 412 S. 3rd St., over Bittner's office I will sell at private sale, Tuesday and Wednesday, Nov. 19th and 20th, all my household furniture, consisting of rugs, extension table, two coal heating stoves, rockers, leather upholstered chairs, and lounge. Refrigerator, sideboard, enamel iron bed and bedding, dishes, kitchen utensils, hall tree, center tables, pictures and other effects, all in best of shape. Leaving town is reason for selling.  
WALTER YEAZEL.

### WORK AT NEW PLANT BEGINS NEXT WEEK

ALL THE BUILDINGS OF NEW LAKE SHORE ENGINE WORKS ARE NOW UNDER COVER.

### BEGAN SEVENTEEN WEEKS AGO

Machinery and Supplies Being Moved on Flat Cars—Wiring Partly Finished and Mains Are Being Laid.

The big task of moving the Lake Shore Engine Works from their present plant at Lake and Washington streets to the new site north of the city is now under way and actual operations will begin at the new plant the latter part of next week. All of the group of buildings comprising the new plant are now under cover.  
Work in Smith Shop.  
The first work at the new plant will be in the smith shop where ore cars, skips, cages and forgings are turned out. Within the next few days, besides a quantity of machinery that has already been removed from the old plant, a number of new forges and blowers are to be installed. After the smith shop is in operation the work of moving the rest of the plant will begin. This will be about the first of December. The stock and supplies which are being taken from the old plant are being transported on flat cars over the Marquette & South-eastern line and into the various buildings over the half dozen switch tracks which the Lake Shore Engine Works have built in connection with the new plant.  
Practically all of the exterior building work at the new plant is now finished and the interior work is well under way. The smith shop, which is 40x130 feet and the power house, may be said to be finished now. Work on the pattern shop, which is 40x60 feet and the pattern storage shop, which is 32x100 feet, is also completed as are the foundry storage buildings. The equipment of the machine shop, the largest of the group of buildings, being 80x240 feet, is to be installed in a short time, while the interior building work is being done. The foundry, which is 80x160 feet, is also nearing completion and is soon to be equipped with its machinery.  
Wiring Going On.  
For the past week employees of the city's electrical department have been wiring the new plant. The wiring in the smith shop is now about complete as is the wiring in the office building. In connection with the beginning of operations in the smith shop next week a motor is to be started to supply power. The new plant is equipped with an electric power plant of its own, but it is planned that this will be used only for a short period each day during the winter. The chief supply of power will be taken from the city's power house. This arrangement was made necessary by reason of the fact that the city is unable to supply all the power needed.  
In the winter when the days are short, the lights throughout the city are turned on as early as 4:30 o'clock in the afternoon while power is also still being taken by industrial concerns and shops throughout the city. Recently to meet this daily heavy demand which comes in the afternoon between the hours of 4:30 and 6 o'clock, the city's electrical department was obliged to install a new generator and it has been found that even with this added generator the city will be unable to furnish power to the new plant between those hours. It is for this reason that the Lake Shore Engine Works company has built its own power plant, which will be used in the winter between 4:30 o'clock and 6 o'clock every afternoon. The reason the plant does not use its own power exclusively is that it can take current from the city's power house more cheaply than it can manufacture it itself as the city's power house generates its current by water power.

Laying Mains.  
Recently the water department finished laying mains to the new plant. These extend as far as the railroad tracks. The Lake Shore Engine Works is now laying its own systems of mains in the grounds about the buildings. There will be about 900 feet of piping under ground when this work is finished and so far about 600 feet have been laid. The main laid by the city to supply the plant is from Pine street through a private right-of-way to the tracks.  
The work on the new plant began just about seventeen weeks ago when the site upon which the building is now stand was sandy waste. It is expected that all the work of moving will have been completed and the plant will be working in every department by Jan. 1 next.

LITTLE FOLKS GIVE CONCERT.  
Will Take Place at Methodist Church the Evening After Thanksgiving.  
It has been announced that the little folks of the Methodist church are to give a concert at the church Friday evening, Nov. 29, the day after Thanksgiving. A number of concerts have been given by the little ones and they have proven to be immensely popular. Formerly the concerts were given in the spring and the one to be given this month is regarded as a special concert.  
About twenty-five little masses and boys, ranging in age from five to ten years, are to take part and the program will consist of musical selections, both vocal and instrumental, solos, duets and choruses. The central feature of the entertainment will be a drill of all nations, which will be given by the children in costume with appropriate music. Some twelve or fifteen nations will be represented in the drill. The admission to the concert will be fifteen cents and the tickets are to be placed on sale next week.

CATCHES FOXES IN NET.  
Well-known Trapper Devises Brand New Method to Capture Animals.  
George Hennig, the well-known Lake Independence hunter and trapper, was in the city recently and to an acquaintance

SOME names on boys' clothing are stronger than others. Some labels stand for more in quality and worth than do others. "Extragood" clothing is known to be the best made for boys. The best merchants all over the country sell it. Those that don't, know there is none quite so good for the public. The label stands for more in the way of materials and tailoring than does any other label. The mother who is buying it for her boy is buying more satisfaction than she can get in any other brand. We want the confidence and trade of all particular people in this section. That's why we sell "Extragood" and not the other kind.

- Boys' 2-piece, double breasted and Norfolk Suits with belt and Knickerbockers; new fall styles; large variety of small and large checks. \$4.00 to \$8.00
- Sailor, Russian and Junior Suits; pretty chevots, worsteds and serges; 3 to 10 years. \$3.50 to \$7.00
- Boys' Overcoats in great variety of material and colors; 3 to 10 years; \$3.50 to \$7.50

We offer a large line of boys' Knee Pants in both plain and Knickerbockers, in cassimers, worsteds, serges; 5 to 17 years; 50c to \$1.50

he unfolded a brand new method of killing foxes. The method he has devised is in the nature of an experiment and is yet untried, though Mr. Hennig said that he thought it should succeed.  
Mr. Hennig has located a number of fox burrows near his home and it is upon some of these that he intends to make the experiment. It is well known that foxes cannot be captured by digging, so Mr. Hennig intends to surround the burrows with a fish net and then dynamite the burrows. The foxes that are not injured by the explosion will not be able to escape on account of the net.

### PAST MASTERS' NIGHT.

Happy Event Enjoyed by Members of Marquette Lodge, F. & A. M.

"Past Masters' Night" was a happy occasion last evening for members of the Marquette lodge of Masons and visiting members of the order. Former worshipful masters of the lodge conferred the third degree, and a banquet followed, the program being carried out as previously announced in The Mining Journal. There was a large attendance. Rev. Ames Maywood presided at the banquet. The toasts were responded to as follows: The Instructive Tongue—Rev. C. H. Maxson. "The Tongue is an Unruly Member." Masonic Jurisprudence—George P. Brown. "But Is This Law?" The Lamb Skin—Harvey B. Hatch. "An Emblem of Stainless Purity." A Mason's Wife—Dr. H. J. Hornbogen. "My Particular Plague Is My Wife." Educational Aspects of Free Masonry—Professor L. F. Anderson. "This Education Forms the Common Good." Some Things That Impress Me Most in Masonry—Dr. Howard T. Carriel. "Mere Impressions Are Isolated and Unconnected."

Vocal solo—J. A. Knight.  
Masonry in Every Day Life—Orie E. Brown. "And (strange to tell) They Practice What They Preach."  
The School of Instruction—Prof. Kendall P. Brooks. "The Schoolmaster Is Abroad."

Past Masters' Night, as Seen by a Young Mason—Edward R. Aler. "In Every Scene Some Moral Let it Teach."  
The Message from Mars—W. W. Osband. "A Brother to Believe—How Exquisite the Bliss."  
Ancestor Worship—Rev. Armour A. Maywood. "It Is Indeed a Desirable Thing to Be Well Descended, but the Glory Belongs to Our Ancestors."

A pleasing feature of the evening was the presentation of a past grand master's apron to M. H. Maynard, who thirty-one years ago was master of the Michigan grand lodge. The presentation was made by Grand Secretary Gilbert, who was in attendance as an honored guest. It was voted at the session of the grand lodge last year that all surviving past grand masters be presented with aprons and last night was chosen as an auspicious time to bestow the honor upon Mr. Maynard.

### AT THE BOWLING ALLEYS.

Negaunee and Marquette bowlers will try conclusions at the bowling alleys this evening. There will be ten men on a side. A double-match game will be played, commencing at 8 o'clock. One of the Negaunee teams of five men is composed of picked bowlers from Negaunee and Ishpeming, and it is expected to give a particularly good account of itself. The visitors will return home on the 11 o'clock train.

Commencing today, ladies will have the use of the bowling alleys every Saturday afternoon from 1 until 5 o'clock. This privilege will be free today, and for this afternoon the women bowlers will be permitted to bowl to their hearts' content without cost to themselves. The ladies are invited to witness the Marquette-Negaunee games in the evening.

The cheap imitations of Foley's Honey and Tar cost you the same as the genuine in the yellow package. Why then risk your health, perhaps your life, taking them when Foley's Honey and Tar will cure your cold and prevent serious results? It is guaranteed. The Stafford Drug Co.

### GOVERNOR TAKES UP GAGE OF BOXERS

SAYS HE ONLY HOPES THEY WILL ALL COME UP FOR REELECTION —"SEE WHAT'LL HAPPEN."

Governor Warner says that from now until the primary election next spring he and his friends will devote considerable attention to the matter of having submitted in the various senatorial districts the question of nominating the senators by the primary election system. There are at present only four districts under that system, the other thirteen which formerly nominated senators by the direct system having gone back to the convention plan under the re-apportionment of districts. It is not expected that any impression can be made in the upper peninsula, but there is to be battle royal in the Upper-Tuscola district, the Saginaw district and the St. Clair-Macomb district, these districts being the homes of those politicians who have been active in opposing the governor.

"I am taking up the gage of the boxers," said the governor, "and I only hope they will all be candidates for re-election. Let Senator Keyes and others enter again, and we will see what will happen. The petitions cannot be secured until after January 20, when the law takes effect, but there are preparations being made to secure them in all the districts. It will not only serve to bring those districts back into the primary election column where they were before the boxers passed their law excluding as many as possible, but it will bring out a big vote at the time when there should be a big vote on the question of adopting the new constitution. I think all county officers should be included, then when the fall primary comes around the vote will be large again and the question as to the state ticket can be settled by the people. I think there should be as large a vote secured at that time as possible. The matter of my campaign can rest for the present. I think the first thing demanding attention is that of securing petitions for adopting the primary system in counties and districts."

"I observe," remarked Governor Warner, "that Senator Keyes informed the public that the boxers are fighting me just as hard as they can. While there was never any doubt of that, I am more than pleased to have this boxer senator from Eaton emphasize the fact for the benefit of the voters of Michigan. There is nothing that could possibly please me more than to have all the people of the state fully understand that the boxers who prevented the enactment of legislation demanded by the people are unreservedly opposed to me and the measures for which I stand. No district could have possibly been more flagrantly misrepresented than was the one which elected Senator Keyes and I venture the prediction that there will be some boxer senators who will discover before it is time to make nominations next year that the demands of their private business are such that they cannot possibly accept a renomination. It will not surprise me if one of these senators proves to be the gentleman who now misrepresents the Eaton-Barry district."

I asked her hand, she said to me, Think you that I your wife would be, Your health is gone, your system wrong, Go drink some Hollister's Rocky Mountain Tea. The Stafford Drug Co.

### Northern Normal Notes.

Miss Anna Bates, teacher of Latin in the Iron Mountain High school, was a visitor at the Normal Monday afternoon.

The regular meeting of "Cairns," one of the literary societies, was held on Monday evening last. The program was on musical matters, consisting of papers on the lives and works of Edward Grieg and Edward McDowell, and instrumental and vocal music by these two composers.

On Monday morning Miss Turner gave a chalk talk before assembly, illustrating the use of "black board sketching" in the grades. On Wednesday Dr. Faught gave an outline of the life and work of one of the most important leaders in education at work this country has ever known, namely, Edward Sheldon, first president of the Oswego Normal school in New York state. The greatest work of President Sheldon was the introduction into this country of the method of Pestalozzi, and by means of this work he gave to the Oswego Normal the impetus which has made it, from that time to this, one of the foremost schools of the kind in the United States. On Friday Miss Frances Russell, assistant in English and mathematics, gave a most delightful talk upon the history of the University of Michigan and the student life in the institution today. In the latter part of her talk she told of the various societies among the students, of the customs handed down from year to year, and incidentally revealed the true enthusiastic spirit so characteristic of all those who have ever mingled with the life of our great university.

Dr. Faught and Ward B. Mills are out in the woods with their rifles, hoping in a day and a half to bring in their full quota of deer.

On Thursday afternoon the men of the faculty played against the student team in a game of basketball. Needless to say it was a fine game. The score at the close was announced as 48 to 16, in favor of the students. The star players among the latter were Adair, Fellman and Cameron. It would be a difficult matter to select those of the faculty team. Choice would probably lie with the one who leaned against the wall helplessly with laughter when a critical situation was created, and the one who fell so often upon the ball and then sat upon it defying the opponent in pursuit, or possibly the one who played leap frog with his own and opposing team.

The game was ably refereed by Principal J. H. B. Kaye. All available space was taken by spectators and their tumultuous applause followed the contestants from beginning to end.

Last evening the annual reception given by the seniors to the junior class and the faculty was held in the gymnasium, which was beautifully decorated for the occasion with pennants of high schools and colleges all over the country, with ground pine, and a liberal use of the Normal colors, olive and gold. The many lights installed for the occasion were enclosed in red globes or red shades, which cast a very pretty glow over the scene. The decorations were put in place by about twenty of the class, under the direction of Miss Alice Lowrey of Hancock. The guests were received by Principal and Mrs. Kaye, Miss Nellie Butts of Even, president of the senior class; Miss Maxwell, of the department of history, and the Misses Fiorella Lintz and Jennie Anderson of Marquette; Ellen Shea of Calumet, and Cora Luskfield of Crystal Falls. Refreshments were served in the history room on the first floor, which had been very prettily furnished with rugs, easy chairs and potted plants. A great bowl of carnations stood upon the table in the center. Miss Katherine Wright of Marquette was the chairman of the committee in charge of this part of the entertainment. Music was furnished by Sullivan's orchestra.

### SUNDAY AT THE CHURCHES.

First Church of Christ, Scientist—Services Sunday at 10:30 a. m. Subject, "Soul and Body." Felix hall, Opera House block.

"Gold" and "Savonarola" will be the sermon themes at the Methodist church tomorrow; Mr. J. A. Knight will have charge of the music.

First Baptist church, Rev. C. H. Max-

# 10 Cents Back

For every dollar you spend at our store, for one week, we give you back 10 cents. There are no restrictions; you can have your choice of any article in the store. Those who trade with us regularly know well that our stock is made up of seasonable Dry Goods. We have a nice line of

# Yesterday--A RECORD-BREAKER!

Hundreds upon hundreds were here yesterday—Great, crushing crowds of earnest, eager buyers snapping up the wonderful genuine closing out bargains with a zeal that staggers all attempts to describe. All, all were more than satisfied, for the bargains proved even better than we said. Ask your neighbor—The voice of the people shall be the guiding star of this great genuine closing out sale. What everybody says must be true—There never was a sale like this before. We are far too busy to write big ads, now—All we can say is, come—Come for the best values you ever knew.

## Come Today--Come Next Week For Clothing at Half-Price--For Ladies' Coats, Furs and Skirts and Footwear For All At Prices Never Known Before.

Every price, every value quoted on the big green bills is effective now and will be in full effect until this entire stock is sold out to the very last dollar's worth. But don't wait—Come at once while choosing opportunities are at their very best. The great crowds will be here again today, but we can handle them better even than yesterday because we have again increased our sales-force. Those who could not get waited on yesterday can come today with every confidence of being waited on satisfactorily.

**FINNISH PEOPLE WILL  
HOLD MASS MEETING**

**PROGRAM IN ENGLISH AND FINNISH TOMORROW AFTERNOON IN HONOR OF TEMPERANCE ADVOCATES' VICTORY IN FINLAND.**

The Finnish people of Ishpeming will tomorrow unite in conducting thanksgiving and jubilee services in honor of the passage of the prohibitory liquor law to the Finnish diet. In all of the Finnish churches in the country thanksgiving services will be conducted. Tomorrow afternoon at 2 o'clock the Finnish people and others as well are invited to attend a meeting at the Ishpeming theater. An interesting program has been arranged, and there will be addresses in both English and Finnish.

The Finnish people of the city, including the women, are invited to congregate at the corner of Division and First streets at 2 o'clock for the purpose of marching to the theater. The procession will be headed by the Ishpeming Light Guard band, and if the weather is favorable the line of march will extend along Main street to Canada; from Canada to First; from First to Cleveland avenue and on Cleveland avenue to the theater. If the weather is not favorable the procession will be on Main street to Cleveland avenue.

The speakers will be Rev. M. M. Allen, pastor of the Presbyterian church; Mrs. Elizabeth Levy; Rev. J. K. Lammi, pastor of the Finnish Lutheran church; Rev. Neurni, pastor of the Finnish Methodist church, and Mike Kussula. Ernest Paananen, a violinist who recently came to this country from Finland, will be heard in two or more solos, and he will be accompanied by Prof. C. A. Foman. The Light Guard band and the Finnish male choir will also render selections.

Facts concerning the fight for prohibition in Finland will be presented. Inasmuch as the Finnish senate, which was until recently opposed to the enactment of the law recently passed by the diet, has withdrawn objections to it, it is the general belief of the Finnish people, not only in Finland but also in America, that the bill will be signed by the czar prior to the first of the year. The new prohibitory law will practically stamp out the liquor traffic in Finland. It will prohibit the manufacture, sale and importation of all liquors. The lines provided for are of such proportions that it is not likely many will take a chance of breaking the law.

**GRACE CHURCH SERVICES.**

Rev. A. W. Grauman, who was recently called to take the rectorship of Grace church, is in the city, and he will officiate at the services tomorrow. At 10:30 there will be the regular service and holy communion will be administered. In the evening there will be prayer and a sermon. Rev. Grauman is a native of West Virginia and he is at present rector of the Episcopal church at Berkeley Springs.

**WILL ACCEPT CHECKS.**

In the list of merchants published in yesterday's issue of The Mining Journal announcing their intention of accepting the checks to be issued by the mining companies to their employees on pay day, the name of J. H. Foster & Co. was unintentionally omitted. Manager Myers said yesterday that he will be only too glad to accept any checks issued by the corporations in exchange for merchandise, and all of the checks will be treated the same as currency. It is understood that every business concern in the city, regardless of whether they are in the general merchandise line or not, will gladly accept the checks.

**HAVE YOU PILES?**

Dr. Leonhardt's Hem-Roid is an internal remedy that entirely removes the cause of Piles, and cures to stay cured in any case, no matter how long standing.

If you have Piles and Dr. Leonhardt's Hem-Roid will not cure you, you get your money back. A thousand dollar guarantee goes with every bottle of Hem-Roid sold. If you want a perfect and permanent cure, ask for Dr. Leonhardt's Hem-Roid, he guaranteed remedy. Sold by People's Pharmacy, Marquette, Marquette, Mich., \$1. or Dr. Leonhardt Co., Niagara Falls, N. Y.

**PLAYS ALL NEXT WEEK.**

MacLean-Bryant Company Here Five Nights—Allen Doon One Night.

The MacLean-Bryant Stock company, carrying a carload of special scenery, and producing such plays as "Lost Paradise," "Michael Strogoff" and "Graustark," will appear in Ishpeming the five nights next week, giving way Thursday night to Allen Doone, the young Irish comedian, who will be seen in his new play, "A Romance of Ireland." Mr. Doone is this season singing, by special permission of Joe Murphy, "A Handful of Earth."

Mock Sad Ali, an old favorite with Ishpeming audiences, who was a feature of the Frank E. Long company for some seasons, is with the MacLean-Bryant company, appearing in magic. The work of both Mr. MacLean and Mr. Bryant is highly commended. The company is playing at Marinette this week, and it is reported that its business has increased nightly. Of its production of "Graustark," the Marinette Eagle-Star of Thursday, said:

"Mr. MacLean and Miss Bryant gave another splendid performance of 'Graustark' Wednesday night. The piece has been played by them here before but not with the splendid scenic effects used last night; and scenery certainly does add to the beauty of the play. Of the new members of the company, Harry Bannister, showed to the best advantage. His playing of the part of Dangloss left nothing to be desired. Miss Vizard and Miss Wragland also gave good accounts of themselves. Little George DePette played a splendid Harry Argus, but to Nana Bryant belong the greatest credit. This talented girl never showed to such advantage. She is not long for repertoire, and it is safe to predict that she will some day be seen at the head of some big attraction."

**Children's Free Matinee.**

Manager MacLean is this season giving a free matinee to children under twelve years of age, but older children and adults are charged the regular matinee prices, ten and twenty cents. The free matinee here will be given Tuesday afternoon at 3:45. Of the Marinette matinee the Eagle-Star, said:

"Over fourteen hundred children attended Ted MacLean's free matinee Wednesday afternoon and never before and possibly never again will such a sight be seen in Marinette. Children of all ages packed the Scott theater. They came single in pairs, and in droves. Mr. MacLean was out in front to receive them, and when the lower part of the house was full he had the gallery opened. When that was full they were packed in the aisles. Martin Ratchford and four big assistants looked after their safety. Ted told the children to make all the noise they wanted to and they did. And how they did enjoy themselves! Ask any small boy in the city what actor he likes best, and he will say, Ted MacLean."

**50 PER CENT CURRENCY.**

Cleveland-Cliffs and Angeline Distributors Larger Than Expected.

M. M. Dineen, agent of the Cleveland Cliffs Iron company, yesterday advised The Mining Journal that the employees are to receive checks good for 50 per cent of their wages in currency this month, the remaining 50 per cent being in clearing house checks. The latter will be in denominations of \$5, \$10 and \$20. So much extra work has been necessary in preparing the pay rolls that the pay days were delayed, but they will occur early next week, perhaps starting Monday. The Pittsburg & Lake Angeline company is also to give its employees checks good for 50 per cent currency at the banks, the remainder of the pay being in other checks of denominations from \$1 to \$20. This 50 per cent currency, good for currency at the banks, will be for 20 per cent of the employees' wages, the balance in checks of denominations the same as those to be issued by the Pittsburg & Lake Angeline company. The proportion of currency to be distributed by both the Cleveland-Cliffs and Pittsburg & Lake Angeline companies is larger than the employees or the business men expected would be given out, owing to the fact that in most sections the percentage is below 30. The Lake Angeline men are to be paid today.

**ISHPEMING IN BRIEF.**

August Beerling, one of the oldest Scandinavian residents of Ishpeming, is reported critically ill at his home on North Main street. He is suffering from a complication of diseases.

Mrs. F. A. Tommeson and Mrs. E. R. Nelson will serve coffee this afternoon from 3 to 5 o'clock at the Grand Union Tea store. The proceeds will go to the Presbyterian church building fund.

Many Ishpeming young people have enjoyed skating on Lake Bancroft, also on Mud lake, the past few days. On Tuesday evening there were nearly 500 people on Mud lake, and nearly as many at Lake Bancroft. The ice is said to be nearly three inches thick.

Ensign and Mrs. Hayes and their assistant, Lieutenant Parsons, who recently arrived here from Minneapolis, will conduct special services tomorrow afternoon and evening at the Salvation Army barracks. On Wednesday of next week Staff Captain Watts will be here and a big meeting is planned.

Dr. G. G. Barnett left last night for Coleraine, Minn., where his son, Lawrence, is confined to the Oliver hospital with pneumonia. The doctor said yesterday that he had been advised by Dr. N. B. Kane that his son's condition was not alarming, but it is his intention to remain with him for a few days, until he is entirely out of danger.

The Flora De Voss company will conclude its engagement at the Ishpeming theater today, when two performances will be given, the matinee taking place at 2:30 o'clock. The bill to be presented tonight will be "The Iron Master." At the conclusion of the performance a gold watch will be given to the holder of the lucky number.

The division of the Presbyterian church in charge of Mrs. H. Harwood and Mrs. F. Baker will conduct a rummage sale on next Thursday, Friday and Saturday.

LOST—Muley halber, red and white, eighteen months old, Edward N. R. bear, Garfield House, Ishpeming, 11-12-17

unday in the Andrews building on Division street. Persons having clothes, toys, furniture or other articles that they wish to donate are asked to notify either Mrs. Harwood or Mrs. Baker by telephone.

The "Land of Noll" scored a hit last night at the Ishpeming theater. The performance was excellent. It was possible to use all the company's own scenery, something which is not the case at all houses, and thus the production was magnificently staged.

**APPENDICITIS.**

Is due in a large measure to abuse of the bowels, by employing drastic purgatives. To avoid all danger, use only Dr. King's New Life Pills, the safe, gentle cleansers and invigorators. Guaranteed for headache, biliousness, malaria and jaundice, at The Stafford Drug Co.'s store. 25c.

## COOK WITH GAS

### ISHPEMING

TICKETS TO BE DISCARDED.

The Ishpeming barbers decided at a meeting this week to discontinue using the 81 tickets, good for eight shaves. The barbers believe that they will be money ahead by doing away with the ticket system. Under the ticket system the patrons paying cash for their work were at a disadvantage, as the ticket holder received a discount of 20 per cent. One of the barbers said yesterday that he had between eighty and 100 tickets on his rack and he figures that if all will pay cash, and will get shaved as frequently as they did under the ticket system it will make a difference of from \$15. to \$20 a month in his receipts.

FROM HOPKINS' CURB LETTER.

### LOS ANGELES AS A JEWEL CENTER.

A few years ago the jewelers of Paris were supreme in their line of handicraft. It was in that city that what is known as the "modern style" in jewelry—a kind of back-to-nature idea—had its inception. But Los Angeles enterprise and imported skill, copying first from the French and afterwards originating along new lines, is achieving for itself a place of recognized importance. Some of the most precious and semi-precious stones of the world are found within a radius of 200 miles of Los Angeles, and this city has some of the largest and best lapidary establishments to be found anywhere. In them are engaged as designers men of the highest artistic achievement, who can draw and model from life and paint in water colors and oils. It is the magic of the human touch—the reflex of the conceptions of the brain—which gives to the chased and hammered work of the jeweler its particular charm, and as a center of ornamental art work Los Angeles already invites comparison with the cities of Europe.—The Travel Magazine.

### A HARD DEBT TO PAY.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The coughs dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by The Stafford Drug Co. 50c. and \$1.00. Trial bottle free.

### THE FABLE OF THE WELL.

A certain farmer needed a fresh water supply, so he said to himself: "Well, well, it would be well for me to dig a well." So he dug a well. But the well didn't turn out well, and what's more, it didn't turn out water. So he dug another well. Well, this well didn't promise well at first, either, but just as the tears were beginning to well up in his eyes he found water, which was welcome. In his exuberant joy he decided to name the second well "The Well," and the first one "Taint Well." Here ends the first lesson.—Harvard Lampoon.

### CURED OF BRIGHT'S DISEASE.

Mr. Robert O. Burke, Elinora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bleated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." The Stafford Drug Company.

## Negaunee Department

### COMMENTS ON MINE INSPECTOR'S WORK

OFFICIAL DOES NOT DETERMINE WHETHER COMPANY OR EMPLOYEE IS OR IS NOT TO BLAME FOR ACCIDENTS OR FATALITIES—LABOR COMMISSIONER IS RESPONSIBLE FOR MACHINERY.

"I have read with considerable interest the criticism of the present mine inspection system that appeared in the Sault Ste. Marie News and was reprinted in the Mining Journal, also the reply in the Iron Ore," said Negaunee man yesterday. "The Soo newspaper man is laboring under some false impressions as to the duties of the mine inspector and some of his statements are without foundation."

"As the Soo paper makes the statement that the mine inspector's report on the fatalities occurring at the mines last year showed that no one was to blame, it is evident that the writer did not see the report, otherwise he would have observed that the official made no comment on the fatalities, merely giving the facts as to how the employe met his death and the verdict of the coroner's jury."

"Under the mine inspection law the inspector must report the facts in each case of death by accident, and also must attend every inquest, but he has no authority whatever over the coroner or the jury. Only in occasional cases is the inspector called upon to testify as to the cause of an employe's death or to give particulars regarding the conditions underground. In most cases the fellow-workmen of the deceased are the witnesses, and as a rule only where matters seem complicated and are not thoroughly understood by the coroner and the jurors is the inspector asked to testify."

"In the case of the Rolling Mill mine disaster, it is only fair to that official to state that he has nothing whatever to do with the machinery or other surface equipment at the mines, though he reports the result of the fatalities occurring on surface the same as he does those occurring underground. In such cases as the Rolling Mill disaster inspection is the duty of the state labor commissioner. I might say in this connection that Labor Commissioner McLeod visited the Rolling Mill a day or two following the disaster for the purpose of inspecting the machinery. The money in this case went to show that the machinery was in perfect working order and there was nothing to prove that the man handling the brake was negligent, or that there was anything wrong with the gear which ran away, causing the death of the miners."

"The present mine inspector has proved himself to be an efficient officer, and I might add that he is one of the best that the county has had in many years. He worked underground all his life until he secured his present position. It might also be said that he was not the uneducated man of the mining companies, and he secured his appointment only through the efforts of himself and his friends. I do not believe that Mr. Quine's work is at all open to criticism on the part of either the workmen or the mining officials, as he is attending strictly to his duties. It is his duty to visit all of the mines in his county, once in every six days, and oftener, if in his judgment it is necessary, and to closely examine the mines and condemn all places where he finds that the employe are in danger from any cause resulting from careless mining of any nature. If he finds that defective machinery or other appliances are in use it is his duty to report the same, though the matter of condemning hoisting plants, etc., is entirely in the hands of the labor commissioner. It is within his power to compel men working in dangerous places to quit their work and to order any changes that he deems necessary to insure the safety of the miners."

"The provisions of the mine inspector law defining the duty of the inspector call particular attention to the fact that all open pits and shafts must be enclosed by fences. In a talk which I had with the mine inspector recently he assured me that there was practically

not one shaft or pit of dangerous depth in the entire county that is not enclosed by a fence. The mining companies have been careful to co-operate with the inspector in every instance in safeguarding their open workings against danger of accident to individuals or animals.

"In his report the inspector is obliged to give the number of accidents occurring during the preceding year, causing either death or injury, giving the name of the mine and the situation surrounding said accident, and so classifying said accident as to show whether it occurred through the fault or negligence of the employe, and giving the result of the inquest, if any is held."

### WILL PAY LARGER BENEFIT.

Members of Sons of St. George Society Not Opposing Proposed Increase.

A short time ago The Mining Journal announced that the officers and a number of the members of English Oak Lodge, Sons of St. George, favored the increasing of the death benefit from \$75 to \$150. The proposition was submitted to the lodge at the regular meeting last week and it was decided to place the benefit at \$125, instead of \$150, and to increase the quarterly dues of the members from \$2 to \$2.25. The new plan is to be considered at three consecutive meetings. Last week the vote was unanimous in favor of the change.

If the plan carries, and there does not seem to be the slightest doubt as to that, the increased benefit will be payable during the first six months period of the new year.

It is the opinion of the members that the extra money proposed to be paid the beneficiary of deceased members can be taken out of the general fund, which now exceeds \$2,000, but several of the members expressed themselves as being favorable to paying an additional twenty-five cents per quarter, rather than lessen the treasury fund.

### WILL HAVE NEW UNIFORMS.

The Union indoor baseball team, which has had several successful seasons, and which won most of the games played last winter, has been reorganized and new uniforms are to be purchased.

The nine will be composed of the following: Brown catcher; Kirkpatrick, pitcher; Thoren, first base; Mitchell, second base; Murphy, third base; Trudell, left field; Winter, left field. No other team has yet been organized, but it is expected that there will be at least three, and possibly four or five in the city. The Adelphi rink will be had three nights a week. A team was organized at Ishpeming a few weeks ago, but it is reported that Branstad's Hall, which is the military company's armory, will not be available this season for baseball games.

### TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund if it fails to cure. E. W. GROVE'S signature is on each box. 25c

### MANY PREPARING TO LEAVE.

It is reported that a number of natives of European countries are preparing to leave home for their old homes, to remain until after Christmas, some of them staying until spring. Three or four Italians came up from Princeton yesterday, and will leave within a few days for Italy, while other Italians from this city are preparing to depart some day next week.

## MANY HERE ARE BENEFITTED

Druggist Tells of Remedy. Home Made Vegetable Mixture and Directions for making and Taking. To Get Prompt Curative Results.

That the readers of this paper appreciate advice when given in good faith is daily demonstrated by the fact that the well-known local pharmacy supplied the ingredients for the "vegetable prescription" many times within the past two weeks. The announcement of this simple, harmless mixture has certainly accomplished much in reducing the great many cases of kidney complaint and rheumatism here, relieving pain and misery, especially among the older population, who are always suffering more or less with bladder and urinary troubles, backache and particularly rheumatism.

Another well-known druggist asks us to continue the announcement of the prescription. It is doing so much good here, he continues, that it would be a crime not to do so. It can not be repeated too often, and further states many cases of remarkable cures wrought.

The following is the prescription, of simple ingredients, making a harmless, inexpensive compound, which any person can prepare by shaking well in a bottle: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Any first-class drug store will sell this small amount of each ingredient, and the dose for adults is one teaspoonful to be taken after each meal and again at bedtime. There is enough here to last for one week, if taken according to directions. Good results will be apparent from the first few doses.

### PILES CURED AT HOME BY NEW ABSORPTION METHOD

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Write today, but tell others of this offer. Send money to Mrs. M. Summers, Box F, Notre Dame, Ind.

### THIS IS WORTH REMEMBERING.

As no one is immune, every person should remember that Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. The Stafford Drug Company.

"Let us have some Cudahy's Peaseck bacon and calves liver for supper. Ma'ma" say young and old. (11-27-07)

### WOLVES ARE PLENTIFUL.

Hunters in Huron Bay District Heard Them in the Woods.

A party of Marquette county men who spent the past week in the Huron Bay district, about twenty miles from Michigamme, report that there are many wolves in that section. Among its members were M. Perkins, Dr. A. W. Haille and E. B. Raymond. Dr. William Kerr of Bay City, who was the guest of F. H. Fenner of Marquette, was also in the party. He said yesterday that he had hunted in that district for the past five falls and that he had never heard a wolf, nor had he ever seen tracks, until this season.

One evening about 5:30 o'clock a pack of wolves came within a short distance of the camp. The attention of the men was attracted and they went outside to listen. It seemed to them that the wolves were within 50 or 100 yards of the door, but it was so dark that they could see nothing. Dr. Kerr expressed the belief that the wolves had come to the camp over a trail made by a member of the party who had been out some three miles distant during the day. Only two deer were shot, but Red, of Marquette, having killed both of them.

### LOCAL LACONICS.

Mr. and Mrs. Andrew Kesto of East Peak street are the parents of a son, born Thursday.

A new high record was made at the bowling alleys last night when George Reichel made the remarkable score of 278. The former record was 267, made last week by Ed. Sanders.

The Flora De Voss company played to fair business last evening at McDonald's opera house, giving excellent satisfaction. The company would doubtless have been greeted by a much larger audience if it had not been for the fact that "The Land of Nod" attracted a large number to the Ishpeming theater.

William Connell, financial secretary of Hematite Lodge, Brotherhood of Railway Trainmen, on Friday received a draft for \$1,350 payable to Mrs. Sarah Jones of this city, beneficiary of her brother, the late Edward Rogers, who was killed a few weeks ago while employed in the Marquette & Southeastern Railway company's yards at Princeton.

## Mining News

### CURTALMENT AT BISBEE

Work Suspended at Shattuck-Arizona and Denn-Arizona.

With business going along the same as usual on a clearing basis in the city, the large operating companies, retaining their forces, and giving their men an opportunity to get in work on Sundays, and the El Paso & Southwestern Railroad company and the Copper Queen Consolidated Mining company contemplating enormous improvements at this point, it can be plainly seen that in spite of the temporary depression, which is prevalent all over the country, the Warren district is occupying an exceptionally strong position, says the Bisbee Review.

It was announced Friday evening that in view of the reduction in wages which came as a natural consequence of the continued low price of copper, the Copper Queen officials had decided that if their employes wished to get in extra shifts on Sunday and thus keep their monthly income at the same level as before the reduction they would operate the mines on these days. The various foremen took the matter up with the men, and as the sentiment seemed overwhelmingly in favor of the proposition General Manager Walter Douglas yesterday announced that commencing with Nov. 17, Sunday work in the mines would be resumed. This arrangement will have the effect of keeping the amount of money paid out in the district by the two big operating companies at the same amount that would be paid out under the higher wage scale with no Sunday work.

During the past week hundreds of men have come into the district from all parts of the country where mines have been closed down, seeking employment. At the beginning of the depression the Copper Queen and the Calumet & Arizona officials announced that they would retain their forces without curtailment, thus giving assurance to the men who have been working in the district that they would not be affected by the general depression. This policy has been followed out so that the payrolls of the two companies will be as large as at any time during the past nine months. Because of the low price of copper, however, no new men are being put to work as practically all of the attention is being directed to development work, and the present forces are more than adequate to handle it. The various phases of the present situation are only another proof that Bisbee today is, as it always has been, the best mining camp in the country, the highest wages being paid for the shortest hours and the workmen being treated with the utmost fairness.

The directors of the Shattuck-Arizona and the Denn-Arizona instructed their local representatives during the past week to close down the properties until the situation improves. The smaller properties of the district are being developed the same as usual and in several instances good showings are being made.

Manager Carson of the North Butte and Red Metal companies is quoted as predicting an 18-cent market by the first of the year. Butte Coalition has further reduced its output, it having produced more than its quota last month under the curtailment agreement.

Mayer "Special Merit" School Shoes are expressly made for the hard knocks and severe wear of healthy, romping school children.

They are made of thoroughly seasoned upper leather and tough, old-process and lime-seasoned soles, the strongest and most durable material obtainable—that's why they "wear like iron."

Plenty of room for growing feet, sensibly shaped shoes, strong enough for the hardest everyday use, dressy enough for Sundays.

Your dealer will supply you; if not, write to us. Look for the name and trade-mark on the sole.

### VETERAN SAILORS DIE SAME NIGHT

CAPTS. PELLET AND VARNER WERE HALF CENTURY FRIENDS OF CAPT. BLANCHARD.

### WELLKNOWN ON THE LAKES

Are Remembered by Older Residents Here, as They Frequently Made This Port in Their Early Days.

Captain C. D. Blanchard was much shocked yesterday to receive word of the death of two old and dear friends who were also pioneer vesselmen of the great lakes, Captain John Varner and Captain James H. Pellet. The two captains were also great friends, and they passed away the same night, Tuesday, Nov. 5. Captain Pellet died at his home at Cleveland and Captain Varner at the Masonic Home at Springfield, O. Both men are remembered by the old residents here, as in the early days they were frequent visitors to this port. Captain Pellet, particularly, will be recalled by a number of the old-timers, as Captain Blanchard's friendship with both men dates back over half a century, as he met them in 1855 at Cleveland, and he and Captain Pellet were sailors before the mast on the schooner Consuelo when Captain Blanchard made his first trip to Marquette, in 1857. Yesterday Captain Blanchard recalled that the Consuelo was twenty-one days in this port loading a little over 200 tons of iron ore.

To Captain Pellet's memory Captain Blanchard paid a fine tribute yesterday. He was a man in his prime, of magnificent physique, and one of the most kindly hearted, loyal and upright of men. The friendship which he and Captain Blanchard formed in 1855 endured through the entire past fifty years, and they kept close track of one another. For the past twenty-one years Captain Pellet was superintendent for the Kelly Island Lime & Transportation company at Kelly Island, in Lake Erie, and Captain Blanchard visited him at his summer home at the island a number of times. There Captain Pellet was found to be a most hospitable host, and his house was always full of friends.

Nursed Him Through Fever. Yesterday Captain Blanchard recalled that in 1857, when the Consuelo was loading in Marquette, he was taken down with typhoid fever. However, he sailed on the schooner when she left, and on the entire trip down the lakes Pellet stood his watch and when it was over attended at his bedside, doing what he could to lessen his suffering. The first doctor whose services could be obtained was summoned in the St. Clair river, and at Detroit Captain Pellet carried his friend in his arms to a hospital, which it was feared he would never leave.

Captain Pellet's last visit to Marquette was made over twenty years ago. He had sailed the steamer Sarah E. Sheldon, laden with block stone for the new city hall at Winnipeg, Manitoba, to Port Arthur in the fall of the year. On the return trip the Sheldon encountered dirty weather, and its situation was made dangerous by the prevalence of a heavy snow storm. Captain Pellet was lashed in the rigging and directed the course of the steamer for many trying hours, the object being to find shelter. Finally, as the steamer was groping along not far from shore, the captain made out and recognized Mt. Mesnard, back of Marquette harbor, and brought his boat safely into the shelter of the breakwater. He was exhausted by the exposure and one side of his face was frozen.

Active life was given up by Captain Pellet only a month before his death, at the age of seventy years. Twenty-eight years of his busy life he spent on the great lakes, his retirement from actual sailing occurring in 1883, when he went into business, meeting with a large measure of success.

### Captain Varner Over Eighty.

Captain Varner was a considerably older man than Captain Pellet, having attained the age of eighty-one years. He began his career on the great lakes in 1841, long before the opening of the Soo canal, on the schooner Comet. He made good progress and in 1848 he was master of the schooner Everett. He served as harbor master at Cleveland for eight years. Captain Varner was a jolly, though gruff, sailor man, known for goodheartedness, and was very popular with old-time lake marine men. Captain Brock, of the schooner Mary MacGregor, who is still a frequent visitor to Marquette, himself one of the old-timers, commented as follows on the death of the friends: "This is certainly a strange frank of fate, that these two old friends of years and years should pass off together on the same night. I knew them well and they were a fine pair of men. I stopped at Captain Varner's home for several years. He was the harbor master at the time. I was harbor master some years later. John Varner and I were fast friends for over forty years. Captain Pellet thought the world of him and always wanted to have John sail on one of his boats. I lost two good friends in the passing away of Captains Varner and Pellet. There are few of the old boys who sailed boats in their time left."

It expels all poisons, stimulates the internal organs, cleanses the system and purifies the blood. Such is Hollister's Rocky Mountain Tea, the most effective preventative of disease. 35 cents, Tea or Tablets. The Stafford Drug Co.

### LADIES' DAY AT BOWLING ALLEY.

"What shall we have for breakfast?" "Why Oudaly's Peacock Ham and Eggs of course; they are always acceptable, especially at this season of the year." (11-27-06)

### LEHIGH COAL.

The best coal on earth. Now is the time. Consolidated Fuel & Lumber Co. (4-27-14)

### DIES AT HOSPITAL.

Foreman of L. S. & I. Succumbs to Blood Poisoning After Short Illness.

John Anderson of Center street, section foreman of the L. S. & I., died early yesterday morning at St. Luke's hospital after a short illness. His death was caused by blood poisoning brought about by a broken leg. He was forty-two years old. He is survived by a widow and six children.

Anderson worked during the day last Monday though he had been feeling badly for some time. He was stated that he fell while at work and broke his leg. He was taken to the hospital late in the afternoon. The funeral is to take place at 2 o'clock Sunday afternoon and the interment will be in Park cemetery.

### TRAILS DEER, SHOOT WOLF.

George Knapp Shoots One Eight Miles South of City in Thicket.

George Knapp of 613 Brook street returned from a hunting trip yesterday and stated that while trailing a deer through the woods about eight miles south of the city behind Mount Mesnard late Thursday afternoon, he came upon a big wolf that was also following the deer's trail. He saw the wolf trotting through a hemlock thicket some distance ahead of him, he said, and dropped it with a single shot, which passed through the animal's neck.

The wolf's carcass was brought to the city and is said to be one of the largest seen here this season. It is rare that one is found so near civilization. If Mr. Knapp sees fit to claim the bounty by surrendering the head of the wolf to the county clerk, his shot will net him just \$27.50, as that is the amount of the state and county bounty.

### GORDON PROPOSES SPECIAL ELECTION

WOULD PAY THE EXPENSE OF GETTING AN EXPRESSION OF THE PEOPLE ON SALOON RESTRICTION—WRITES THE MINING JOURNAL.

Representative Gordon, in a letter addressed to The Mining Journal, offers to pay the expense of a special election to get the sentiment of the people as to whether the provision of the Gordon liquor bill empowering the council to restrict the number of saloons here to twenty-five shall be put in force. Mr. Gordon believes that a majority of the people of the city favor restriction; and he also believes that it would be found a good thing for the city. He does not think that property owners would be hit, as he is of the opinion that buildings that would be vacated by the saloons compelled to go out of business could be rented at fair prices for other purposes.

Representative Gordon asserts that he submitted the draft of his bill to Deputy Attorney General Chase, and that the deputy attorney general assured him that it was so drawn as to make restriction mandatory. He was of that opinion when the measure was passed. Attorney General Bird's opinion that the law leaves restriction optional with the council, he says, greatly surprised him, and he asserts that since the opinion was given the attorney general has informed him that there may be some doubt on the point.

Mr. Gordon's letter follows: "To the Editor of The Mining Journal: "Dear Sir—I notice in your paper of today's issue an article relative to the Gordon saloon bill, and in relation thereto I would like to say that when this bill was drawn it was my intention to make it mandatory, because in my opinion it is right. If the liquor business is a nuisance let us keep it within bounds. We can find twenty-five good straight saloon keepers who will obey the law and no one will go dry. The property owners will not suffer because there are plenty of chances to rent any and all property in this city at a fair rental. "Now I would like to know whether or not I am right and wishing at all times to serve the majority of the people I would like to see this question of restriction submitted to the people at a special election, the cost of which I will cheerfully pay myself, just to see if I am right. If the people don't want restriction I don't."

"Very truly yours, "JOHN R. GORDON. "Marquette, Nov. 15."

### HE FOUGHT AT GETTYSBURG.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; best of all for lame back and weak kidneys. Guaranteed by The Stafford Drug Co. 50c.
