

WILL BRING OUT MUCH IDLE MONEY

Government Plan of Giving Relief to the Financial Situation Is Learned With Gratification Throughout the Country.

That National Banks Will Take the Entire Issue of Panama Bonds as a Basis for Additional Circulation, There Is Little Doubt, and It Is the Expectation the Certificates of Indebtedness Will Be Subscribed for a Number of Times Over.

New York, Nov. 18.—Gratification was the prevailing tone in banking circles today over the government plan of relief to the financial situation by the issue of \$50,000,000 in Panama bonds and \$100,000,000 in one-year treasury certificates.

The general opinion in banking circles was that both measures would tend to draw idle money from private hoards and thereby break the premium on currency and restore normal conditions in the money market.

International bankers declared that the gold already engaged in as much as New York can justify take from Europe under the strained conditions which prevail there, and that to take more will only compel its return at a later date.

It is not considered desirable to force the Bank of England to raise its discount rate to 3 per cent, as has been done in London, nor to force the German rate any higher than 7 1/2, which it has already reached.

Bankers declare that the short term obligation will meet admirably the demands of the present occasion because they can be taken up and paid for at the expiration of their term from the treasury cash balances, which can then be withdrawn without danger from the custody of the national banks.

The response from the public to the offer of the new securities is expected to center largely on the one-year certificates. The Panama bonds, paying only 2 per cent and selling at a premium, are expected to go chiefly to national banks to be used as a basis for circulation.

Secretary Carlisle on that occasion invited subscriptions for \$100,000,000 of one-year certificates, and the amount subscribed to cover the \$100,000,000 offered there was \$68,200,850.

It is declared by bankers that financial and political conditions are infinitely more favorable at present than when the gold reserve was almost exhausted and the possibility of a change of money standard was confronting the country.

Secretary Cortelyou is counted upon to deposit the proceeds from both classes of securities in national banks, where they will be available for the purpose of general circulation.

Relief Plan Helps Stocks. Highest Prices Are Not Held, but Sentiment Is Much Improved.

New York, Nov. 18.—The first effect on the stock market of the United States government relief plan was galvanic, sending the prices jumping from 1 to 4 points over yesterday's closing level throughout the list.

Washington, Nov. 18.—The suit arising out of an effort to consolidate Pittsburg and Allegheny was decided by the supreme court of the United States today in favor of the consolidation.

Snowstorm in Nebraska. Snow fell this evening and tonight over western Nebraska. There is no wind and the temperature is moderate.

CONGRESS TO TAKE ACTION PROMPTLY

Leaders Now in Washington Are Agreed That Financial Legislation Will Be First Business of the Coming Session.

Washington, Nov. 18.—President Roosevelt has been commended and congratulated throughout the day on the wisdom and success of the financial relief measures launched yesterday by the administration.

Washington, Nov. 18.—The decision of the national government to issue \$100,000,000 worth of bonds and certificates has met with general approval throughout the west.

WEST GIVES APPROVAL

Plans Already Making for the Resumption of Business on a Normal Cash Basis.

Chicago, Nov. 18.—The decision of the national government to issue \$100,000,000 worth of bonds and certificates has met with general approval throughout the west.

In this city some of the leading bankers announced that preparations were being made for the resumption of business on a normal cash basis, and it was believed, they said, that inside of ten days at the outside the clearing house checks would be withdrawn from circulation.

Every senator and member of the house who has called for the resumption of business has been free to say that financial legislation will be the first business of the coming session of congress.

Not in Chicago nor in any large city of the West has any banker or prominent business man been reported as entertaining other than a favorable view of the decision of the government.

CHEERY NEWS FOR LONDON

London, Nov. 18.—The official announcement from Washington that treasury certificates of \$100,000,000 and Panama bonds of \$50,000,000 would be issued immediately had had a marked effect on the stock and grain markets here today.

Berlin Much Relieved

Berlin, Nov. 18.—The news of the action taken by the treasury of the United States to ameliorate the financial situation in America has been received with a sigh of relief here.

CITIES TO CONSOLIDATE

Proposed Merger of Pittsburg and Allegheny Upheld in the Courts.

Washington, Nov. 18.—The suit arising out of an effort to consolidate Pittsburg and Allegheny was decided by the supreme court of the United States today in favor of the consolidation.

SNOWSTORM IN NEBRASKA

Snow fell this evening and tonight over western Nebraska. There is no wind and the temperature is moderate.

WEATHER FORECAST

Washington, Nov. 18.—The following is the weather bureau forecast for the United States: Partly cloudy, Tuesday and Wednesday; light to fresh north winds becoming variable.

BLAZE BEYOND CONTROL

Peoria, Ills., Tuesday, Nov. 19.—Fire which started this morning at 1 o'clock threatens the destruction of half a dozen buildings in a block on South Washington street.

HARD BLOWS DEALT WALSH

Chicago, Nov. 18.—Three blows were dealt the defense in the trial of John R. Walsh today. All of them came from the bench.

LAUNCHED IN MINNESOTA

St. Paul, Minn., Nov. 18.—The presidential boom of Senator La Follette, of Wisconsin, received its Minnesota launching tonight at a banquet under auspices of the Minnesota Shippers & Receivers' association.

COURT SCENE PATHETIC

Washington, Nov. 18.—The foundation was laid today for the plea of the defense in the trial of Mrs. Annie M. Bradley, charged with the murder of her husband, United States Senator Brown of Utah.

AGED MOTHER OF MRS. BRADLEY, ON TRIAL FOR MURDER, TESTIFIES IN DAUGHTER'S BEHALF

Washington, Nov. 18.—The foundation was laid today for the plea of the defense in the trial of Mrs. Annie M. Bradley, charged with the murder of her husband, United States Senator Brown of Utah.

ENTIRE VENIRE ATTACKED

Georgetown, Ky., Nov. 18.—The defense in the trial of Caleb Powers filed a motion today challenging the entire Harrison county venire, including seven jurors already qualified.

HUNTERS HAD GOOD LUCK

Returning with eleven deer from the snow-covered woods of Marquette county, Sheriff Joseph Edlitz, Frank Edlitz, Alderman Stanton, John Reindl and James Birmingham reached Menominee Saturday night, tired but pleased with the result of their week's hunt in the vicinity of the Yellow Dog river.

\$200,000 FIRE FATAL TO TWO

Fargo, N. D., Nov. 18.—Two firemen were killed and \$200,000 loss was occasioned in consequence of a fire which destroyed the offices and warehouses of the J. L. Case company here today.

WESTON NEARING CHICAGO

Elyria, O., Tuesday, Nov. 19.—President Weston arrived here at 1 o'clock this morning and immediately retired. He will leave at 6:30 a. m., following the Lake Shore railway closely to Chicago.

THEO. ROOSEVELT NO RESPONSIBLE

It's 'Wall Street Gamblers' Who Are to Blame for Present Stringency, Asserts W. J. Bryan in a Speech in Indiana.

BANKS ARE SOLVENT, HE ADDS, AND THE MAN WHO WITHDRAWS HIS MONEY NOW WHEN HE DOESN'T NEED IT IS IN SAME CLASS AS THE ONE WHO WOULD REFUSE TO AID HIS COUNTRY IN TIME OF WAR—NEBRASKAN WILL RUN, 'IF DRAFTED.'

Lafayette, Ind., Nov. 18.—William J. Bryan received an enthusiastic welcome when he addressed the Jackson club here tonight. Among other things he addressed the gathering were John W. Kern, former Democratic candidate for governor of Indiana; Congressman J. A. M. Adair of Indiana; and Congressman Heflin of Alabama.

EX-CONGRESSMAN INJURED

Rockford, Ills., Nov. 18.—Former Congressman William Lathrop was knocked down by a horse and buggy today and is reported to be in a serious condition.

WHOLESALE SLAUGHTER

Vladivostok, Nov. 18.—The arrest among the soldiers' quarters here has not abated, and it is predicted that there will be another outbreak inside of a week.

EXPLOSION KILLS TWO ANARCHISTS

Lisbon, Nov. 18.—Three anarchists were engaged in making bombs today, when the material with which they were working exploded. Two of the men were killed outright, and the third was arrested before he could get away.

CANT VISIT PARIS EITHER

Paris, Nov. 18.—A dispatch was received at the American embassy from Secretary Taft, at Vladivostok, yesterday, announcing his inability to visit Paris or Berlin on his way home from the Far East.

DOES SOME SHOPPING AT VLADIVOSTOK

Vladivostok, Nov. 18.—Secretary Taft, who arrived here from Manila yesterday on the cruiser Rainbow, came ashore twice today. He drove through the city and did some shopping.

USES GASOLINE

Washington, Nov. 18.—Mexican war vessels will be given the privilege of coaling in American waters whenever they desire to do so.

GETS THE TITLE OF PASHA

Constantinople, Nov. 18.—Commodore Luckman, an American naval adviser of the sultan, is being promoted to the rank of rear admiral in the Turkish navy, with the title of pasha.

TWO BOYS, SKATING, DROWN

Hudson, Wis., Nov. 18.—Stein Nelson, aged six, and Hans Hansen, aged eight, were drowned in Lake St. Croix last night while skating.

PETTIBONE TRIAL NEXT WEEK

Beise, Idaho, Nov. 18.—The trial of George A. Pettibone for complicity in the killing of former Governor Steunenberg was today re-set for Nov. 25.

PEOPLE PANIC-STRICKEN

Violent Earthquake in Italy Badly Damages Houses. Reggio Di Calabria, Italy, Nov. 18.—The province of Reggio Di Calabria was visited by another severe earthquake at 2:20 o'clock this afternoon.

MOCK BOMBS PUT AGITATOR TO ROUT

Socialist Victor L. Berger of Milwaukee Gets a Squelching in Laughable Manner at the Federation of Labor Congress.

INVEIGHING AGAINST MILITIA, AND ADVOCATING THE ARMING OF THE MASSES, HIS REMARKS ARE GREETED WITH A SERIES OF EXPLOSIONS CAUSED BY THE BURSTING OF INFLATED PAPER BAGS IN THE REAR OF THE HALL, FOLLOWING WHICH HIS RESOLUTION IS DEFEATED.

Norfolk, Va., Nov. 18.—The most sensational incident in the sessions of the American Federation of Labor occurred today when Delegate Victor L. Berger, socialist, made an impassioned speech advocating a resolution he had offered asking the federation to oppose organization militia and favoring the arming of every sober and reputable citizen of the United States so as to be able to resist the militia.

OVER 2,500 DELEGATES THERE

Muskogee, I. T., Nov. 18.—With an enrollment of over 2,500 delegates, and the largest attendance in its history, the Trans-Mississippi Commercial congress will open tomorrow. A bitter fight will be waged over the proposed new postal laws, including a provision for a parcels post.

TRANS-MISSISSIPPI COMMERCIAL CONGRESS OPENS TODAY AT MUSKOGEE

St. Louis, Mo., Nov. 18.—The members of the Mississippi river commission started today on their semi-annual inspection tour, the expectation being that the party will go as far north as New Orleans. One result of the trip will be to report to the war department on the feasibility of a fourteen-foot channel from St. Louis to the gulf.

ESTATE WORTH \$5,000,000

Burlington, Ia., Nov. 18.—The will of the late C. E. Perkins, who died at Boston Nov. 9, was filed today. It disposes of an estate valued at over two millions.

SINGLE TAX CONFERENCE

New York, Nov. 18.—Henry George, Jr., was the principal speaker at the single tax conference tonight. Others who spoke were Mayor Brann, Whitlock of Toledo, O., Raymond Robins of Chicago and William Lloyd Garrison.

FRUIT JOBBERS COMPLAINANTS

Chicago, Nov. 18.—The interstate commerce commission today began hearing evidence in the case of the Western Fruit Jobbers' association against five express companies charged with handling fruit, vegetables andysters on commission. Hearings in this case have already been held in Kansas City and Omaha.

NEW YORK, NOV. 18.—The general demand of the printing pressmen's union for an eight-hour working day throughout the country was scheduled for today, but the injunctions obtained by the Typothetae prevented a general strike in Typothetae shops.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$3.00; Per year, by mail, \$30.00.

MARQUETTE, MICH., NOV. 19.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Naturally, when mining companies find it impossible to get currency to meet their payrolls they are likely to pass dividends. The payroll must be squared whatever happens, but the people who receive dividends out of the earnings can afford to wait. Here is where labor is entitled to, and gets, precedence.

The government is coming to the relief of the country in its present financial need opportunely and efficiently. With the proposed issue of bond and loan certificates, the latter to the amount of \$100,000,000 if necessary, it should not be long till there will be money in abundance for all legitimate requirements of our industries and commerce.

Oklahoma begins its career as a state with the distinct advantage of having a compact territory. The greater part of Oklahoma's area is immediately available. There are no vast tracts of barren land doomed to wait for generations for settlement. This fact is contrary to a current popular impression that the new state has an immense area, whereas it is by no means in the first category in this respect.

SOMETHING FOR BOTH. Once more Secretary Taft has demonstrated his right to the title of world's greatest pacificator and international jollier. He found the Philippines in a state of ferment, the natives at outs with the Americans and an assembly so permeated with revolutionary ideas that no one would have been surprised had it adopted resolutions calling for immediate independence.

Mr. Taft very frankly told the Filipinos that they could not hope for independence within at least a generation, and he also told them that whether they ever got it depended wholly on themselves. This was disappointing to those ambitious natives who seek independence hoping to advantage themselves through the political conditions that would follow.

SUPERIOR TRUST COMPANY. HANCOCK MICHIGAN. Capital - \$150,000. This company is under the supervision of the state banking department and is authorized by the law to act as executor, administrator, guardian, assignee, receiver or trustee.

the people of this country to make good the promises made in their names and to fulfill the expectations raised by this visit. There is something for both to do. The people of America must aid the islands commercially and industrially by means of just laws and the Filipinos must demonstrate their ability to govern themselves by maintaining order and by a wise administration of local affairs through the assembly.

THE PERIL OF HOARDING. In addition to the bad effect on business of hoarding, there is the peril of making this disposition of one's money, which is whimsically pointed out by an ordinarily sedate publication in the appended article.

The sudden wholesale transfer of treasure from places "more than reasonably safe" to other places where moth and rust corrupt, where thieves break through and steal, and where divers other calamities constantly visit and decrease the little hoard is beginning to have its malign effects. Yesterday the state gentlemen who sit in judgment in the supreme court of Iowa handed down a decision that a woman's stocking is not a proper place in which to keep her money.

And there will be many more like casualties and calamities, we may feel sure. It is not a rainy day philosophy of the government, the bankers, and the thinking public—that there is something distinctly immoral about hoarding. It was in sunny weather, when we were on the high tide of prosperity, that the editor of a leading financial journal and the author of books on finance said: "A distinct immorality attaches to hoarding, but investment carries a double blessing."

HOW THEY REGARD IT. It hurts our friends across the water to see the gold coming to this country in such volume. The English papers are full of unkind comment on our financial methods, holding these blameable for the loss of gold they are experiencing. "It is a dear price to pay for American financial madness," observes the Pall Mall Gazette, while other London publications deplore in equally strong terms the evil effect on British interests of the demand for the yellow metal here which is forcing their banks to part with it in spite of every device they have thus far adopted to hold it in their vaults.

But they are not sending us the gold as a gift. If they didn't have to buy from us and pay for what they get they doubtless could, and would, keep their gold. Possibly, if we were not in such urgent need of cash at this time we would sell them what they are forced to buy of our bread and meat stuffs, cotton, etc., "on tick," and wait till they could trade out the account, in part, if not in whole. However that might be, we are just now somewhat pinched for money, hence must have the cash, so there is no use of making such a potter about it.

In former financial furries of a similar nature our foreign friends were not so much in need of the things we had to sell, so were able to hold their gold and look on complacently while we got out of the hole as best we could. But this time it happens that they are as we are of ready cash, and that their gold should come our way while our surplus wheat and meat and cotton goes to them as natural as anything can be. By and by we will send them back the gold to purchase "art objects" for the homes of our millionaires, titled rones for their daughters, and such-like trash, and so the account will ultimately be squared very greatly to their advantage. They are sure to get the best of us in the end, anyway, and should be satisfied.

A HARD DEBT TO PAY. "I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quiet before the first bottle was used, and two more has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by The Stafford Drug Co. 50c and \$1.00. Trial bottle free.

DANCING PROVES FATAL. Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure, if Foley's Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse any but the genuine in a yellow package. The Stafford Drug Co.

DARANTELLA 10c Havana Cigars, 10c. Can be Cured. Have your manuring, shampooing and manicuring at your own homes by Mrs. Dan Thomas. Bell Telephone 927. (11-8-1w)

Iron Notes

An exceptionally good record for a new mine has been registered this season at the Pitt Iron Mining company's Waconah property in sections 3 and 11, 58-11, east of Mountain Iron. The Waconah was opened a year ago. It did not begin shipping until the latter part of the present season, yet in two and one-half months it has forwarded 160,000 tons of ore. Operations continue at the Pitt company's Miller, Ararat and the La Belle at McKinley. These are underground producers, and each will stock extensively throughout the winter.

The Antoine Ore company's Traders mine, an open pit property in the Iron Mountain district of the Menominee, has suspended shipments, and the working force has been materially reduced, forty men being let out. A little more than 100,000 tons of ore were shipped. Oglebay, Norton & Co. have been the operators this season. A considerable force will be maintained during the winter in making improvements and in stripping and exploring. The old shaft house is to be moved to the new shaft, a short distance south, and will be enlarged. A considerable portion of the remaining overburden is to be stripped and some surface drilling exploring work done to the north. Some work also will be done in an easterly direction toward the old Cornell mine, which was a shipper of a high grade Bessemer.

With the arrival of snow and the rapid approach of continued cold temperature which freezes the ore in the cars, shipments from the Lake Superior iron mines are being suspended. The halt will not be called until the coming month, but the great rush is ended. Ore is already being stocked at a considerable number of underground properties, some open pit producers have stopped mining operations and the winter campaign of development work is being entered upon with a vigor indicative of another great year looked forward to in the iron trade. It has been a record breaking season, notwithstanding the Mesaba strike troubles of midsummer, and expectations in general have been fully met.

The Zimmerman furnace interests of Ohio, newcomers on the Menominee and in the Lake Superior region, have the preparatory work well along at the old time exploration property, the Mesaba in the Paint river valley at Crystal Falls. Flattering reports come from Atkinson township concerning the outlook at the new Colman property of Pickands, Mathers & Co. A shaft is now sinking, following much diamond drilling and the mine is being installed. The Mesaba strike troubles of midsummer, and expectations in general have been fully met.

The washing process having well worked out in principle and in practice after extensive experimentation, it will not be a great while now before work is in progress on the construction of the mammoth plant at which the steel corporation will treat the ore from its western Mesaba deposits. Like the temporary works, the new washery will be built at Coleraine, on the shores of Trout lake, where there is ample room for the disposal of the tremendous tonnage of waste material that it will be necessary to handle. The process by which the disintegrated chert, or "sand," as it is called by the miners, is separated from the ore can not be said to be fully perfected as yet, but it has been brought to that stage where it is known its success will be certain. With the main problems solved, the various details still to be worked are of comparatively minor nature. As it lies in the ground, the ore of the western Mesaba runs approximately 45 per cent in metallic iron. But through the washery and the chert discarded, the metallic contents of the resultant product averages some 60 per cent. Where the sand does not occur in layers, it is separated from the ore through the ore, for which reason it will be necessary to treat practically the entire tonnage mined. The ore is of excellent physical structure, with the chert eliminated, and it will work as well in the furnace stack as any other Mesaba ore. The deposits lie quite deep under

PISO'S Consuming Consumption. 25 cts. even in its most insidious form is not always incurable. The first intelligent step in the treatment of the disease is to stop the violent paroxysms of coughing which tear the lungs and enfeeble the system. PISO'S Cure has permanently cured many consumptive coughs, as shown by court testimony because its antiseptic, healing and soothing qualities act directly on the lungs and bronchial passages, stopping the coughing and gently healing the lacerated tissues. Even the most advanced consumptive coughs have responded quickly to PISO'S Cure, which being absolutely free from opiates and habit-forming drugs is the ideal remedy for every form of coughs, colds, bronchitis in young and old. For nearly half a century PISO'S Cure has been demonstrating that the most advanced form of chest affections.

COBALT GOSSIP

A despatch from Cobalt says: The Rochester mine has made a rich strike of nicolite silver west in a drift forty feet from the main shaft. It is not opened far enough to demonstrate the extent of the strike, but it is considered good.

The demand for mining claims is becoming better. The Philadelphia Syndicate property, which adjoins the Temiskaming and Cochrane, is showing up well. About 5,000 feet of stripping has been done on several strong veins. The main shaft was sunk in the Keewatin on a two-inch vein, which at a depth of thirty-five feet has widened to eighteen inches and is well mineralized.

Advices from Cobalt state that 450 bags of ore have already been taken from the vein recently uncovered at the Silver Leaf property. It has been followed down to a depth of twenty feet and is rich in the bottom of the opening. Tranching was resumed a few days ago to uncover a vein located some time ago by the Kerr Lake Crown Reserve property. It was found four inches wide and appeared to be rich.

The last of the machinery for the big concentrator of the Cobalt Central is now being set in place, and the big plant will be running in a week. A new cross vein has been found about 200 feet from the main shaft on the second level at a depth of 115 feet. The vein is almost solid metal, very rich in silver and six inches in width. Considerable stoping has been done during the last three weeks, and when the concentrator is running plenty of ore will be ready for smelting.

There are on the books of the Nipissing Mines company the names of approximately 10,000 persons, the greatest number of stockholders in the company's history. There is in the treasury sufficient to pay the next two dividends at the regular rate. The September output was about \$120,000 and cash and credits now stand at about \$800,000. By the first of the year it is expected that there will be in actual cash \$800,000. Superintendent Drummond estimates the ore already blocked out at about \$1,250,000.

At the Beaver mine the development work is being rushed along with a force of forty men. Additions have been made to the bank house preparatory to increasing the force. No. 1 shaft is down eighty-five feet, and will be continued to the 100-foot level when a crosscut to the east will be run to catch a big vein showing on the surface, and which is believed to be the Temiskaming. No. 2 shaft is down 100 feet, the station has been cut, and extensive drifting and crosscutting will be done at this level to open up a number of good strong veins showing on the surface.

It is rumored that an amalgamation of Silver Leaf, Nova Scotia and Kerr Lake (Crown Reserve) is about to take place. The latter property was originally bought from the Ontario government for \$31,000. The properties are adjacent to each other. The new vein on Silver Leaf runs into Kerr Lake. During the summer numerous veins were discovered under Kerr Lake with diamond drills, but having no land rights they have been unable to work them. It is said that with the consolidation of the other properties the Kerr Lake veins could be worked much more economically.

At the annual meeting of the Green-Mechan Mining company the balance sheet showed \$5,292.05 cash on hand. In reply to a question it was stated that \$325,000 had been paid for the property by the present company, and of this \$250,000 was cash. Instead of the usual 400-acre claim only thirty-three acres had been procured. It was decided to cancel the 1,000,000 shares of stock held in the treasury, making the new capital stock \$1,500,000. The board of directors was re-elected. Mr. O'Connell stated that owing to the delay in delivering machinery the development work had been greatly retarded. The present plant is valued at \$21,676.18.

We are certainly excelling ourselves and everybody else in the present quality of Arbucks' Ariosa Coffee.

No such quality of coffee can be sold out of a bag, bin or tin, or under any other name by anybody in this town, for anything near the same price.

That's a strong statement, but you can take our word for it, and we are the largest dealers in coffee in the world. Another thing—the egg coating on ARIOSA COFFEE does not improve its appearance but preserves the flavor and aroma.

Remember that ARIOSA is not sold to look at, but to drink. Complies with all the requirements of the National Pure Food Law. Guarantee 2041 Filed at Washington.

Copper Country

R. H. SHIELDS, INTERLOCUTOR.
President of the State Tax Commission in a New Role.

Robert H. Shields of Houghton, a man of many parts, will shortly appear before the people of the copper country in a new role. He has consented to act as interlocutor for the Hancock Elks' minstrel show, and is now in active training for the part. This is but another evidence of Mr. Shields' versatility. He is president of the state tax commission, chairman of the Houghton county Republican committee, superintendent of the Arcadian Mining company. He has been a teacher, reporter, railroad conductor and spell binder, but to appear as the guiding spirit for the

anties of a band of blackface comedians is a new thing for him.
Mr. Shields is the latest and greatest addition to the show, and the organization is now complete. From now on Director Shepherd will devote his time to adding a finish to the performance which is already virtually perfect.
The Hancock Elks will on Thursday night drop the minstrel show in order to pay a fraternal call on the Calumet Elks, who are to give a big fair and bazaar in the Calumet armory. This fair is positively the biggest thing of the sort ever attempted in the copper country. It is for charity and will be well attended. All who visit the fair will be well rewarded with entrancing music, eye feasts of beautiful decorations, merry entertainments, social dancing and many other features which will give them pleasure in addition to that greater one of giving to the poor.

ANGELL BANQUET PROGRAM.

Committee Announces the Menu and the List of Toasts.

- Blue Points
 - Radishes
 - Celery
 - Green Sea Turtle Soup, Bread Sticks
 - Planked Whitefish
 - Potato Chips
 - Rolls
 - Spring Chicken
 - Dalato Croquettes
 - French Peas
 - Grape Fruit Salad, Wafers
 - Macaroni Ice Cream
 - Cake
 - Coffee
- Dr. Peter D. MacNaughton of Calumet will be the toastmaster. Of those on the list of speakers, John G. Stone of Houghton will talk on "The Copper Country." "The Medical Department" will be discussed by Dr. P. D. Bourland of Calumet. Arthur W. Brown of Ontonagon will deliver a characteristic address on the subject, "On the Margin-Ontonagon." Dr. Andrew Roache of Wolverine, a former star of the Michigan baseball team, will talk on athletics. Judge Claude B. Grant of the state supreme court, who is to share the honors of the evening with President Angell, will have as his subject "The University and Citizenship," and the guest will deliver an address on the alumni.

The Calumet & Hecla orchestra will contribute musical numbers, and the alumni as a whole will sing old college songs. York of Hancock is to have charge of the floral decorations. The banquet is to be the most pretentious event of the kind in the year. It will bring together the brightest people of the copper country to do honor to their old preceptor who is Michigan's greatest educator. The presence of Judge Grant will also make the occasion memorable. It is believed that the banquet will be largely attended, as there are 200 alumni of the university in the copper country and the great majority will be present.

SWINDLED BUFFALO PEOPLE.

Alleged Hancock Merchant Takes in an Eastern Clothing Firm.

The following is from a Buffalo dispatch:
"By representing himself as Samuel W. Smyth, of the firm of Herman & Smyth of Hancock, Mich., a well dressed man whom the police are satisfied is a professional swindler, succeeded in beating the Herman Wile Clothing house of this city out of a new suit of clothes and \$25. The man is described as about middle aged, a smooth talker and apparently cultured. The police say he introduced himself as Mr. Smyth and negotiated for the suit. He secured it and had it charged to his firm. He explained that he was short of cash and asked if they would cash a check for \$25. He was obliged to leave with the suit and the money. The check was returned yesterday with the news that it was forged. Mr. Wile lost no time in giving the police the man's description. He is said to have worked the same game successfully in Detroit and other cities.
Morgan & Smith were formerly proprietors of the Trade palace, Hancock, but the Smyth of that firm drew out some time ago. Mr. Morgan knows nothing of any dealings with the Buffalo firm. There is no firm named Herman & Smyth in Hancock and never was."

SLEEP BROKEN BY ITCHING ECZEMA

Skin of Whole Body Covered for a Year—Awful Itching Kept Sufferer Awake Half the Night—Tried All Kinds of Remedies but They Had No Effect.

CUTICURA REMEDIES A PERFECT SUCCESS

"I wish to let you know that I have used one set of Cuticura Remedies — one cake of Cuticura Soap, one box of Cuticura, but two vials of Cuticura Resolvent Pills — which cost me a dollar and twenty-five cents in all. For a year I have had what they call eczema, I had an itching all over my body, and when I would retire for the night it would keep me awake half the night, and the more I would scratch, the more it would itch. I tried all kinds of remedies, but could get no relief. A friend of mine told me to try the Cuticura Remedies which I did, and very glad I tried them, for I was completely cured. If any of my friends should be troubled with the same disease, I will cheerfully recommend the Cuticura Remedies, and if I know any one who wants to know how I cured myself, I shall be glad to tell them. Walter W. Pajusich, 207 S. Robey St., Chicago, Ill., Oct. 8 and 16, 1906."

CUTICURA

The Great Skin Cure and Purest and Sweetest of Emollients.
Cuticura Ointment is, beyond question, the most successful curative for torturing, disfiguring humors of the skin and scalp, including loss of hair, yet compounded, in proof of which a single anointing with Cuticura Ointment, preceded by a hot bath with Cuticura Soap, and followed by the use of Cuticura Resolvent (Liquid or Pills), is often sufficient to afford immediate relief in the most distressing forms of itching, burning, redness, excoriation, eruptions, and irritations, permit rest and sleep, and point to a speedy cure when most, if not all, other remedies and even physicians fail.
Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent (Liquor or Pills). Cuticura Resolvent (Liquor or Pills) is sold throughout the world. Potter Drug & Chem. Corp., Sole Prop., Boston, Mass. — Mailed Free. A Book on Skin Affections.

CIRCUIT COURT OPENS.

Calendar is Arranged—Liquor Law Violators Plead Guilty.

The Houghton county circuit court opened for the November term yesterday morning, with Judge Albert T. Streeter, presiding. Practically all the lawyers of the county bar were present. D. H. Ball of Marquette, head of the firm of Ball & Ball of that city and Ball & Stone of Houghton, also was in attendance.

The principal business of the morning was the arranging of the criminal calendar. Pleas of guilty were entered by Matt Eskela, Emmanuel Hammerstrom, Matt Woulkoka, William Grosse, James Albert and Marr Woulle, all charged with violation of the liquor law.

The cases continued were those of Vaino Koskela, John Lundberg and Matt Missinen, charged with battery. The case of Edgar Lanning was nolle prossed. He was charged with larceny from the person, the alleged offence having been committed nearly a year ago. Lanning lives in the Soo, and has succeeded in making a showing of innocence. The case of Sakris and Jennie Kannonen, charged with arson, was continued. It is alleged that they burned down their home at Franklin to secure the insurance.

The cases to come to trial are those of Matt Hokolo, Emil Fredrigie and Gertrude Forrester, all charged with assault with intent to murder. Matt Eskela, violation of the liquor law, Matt Verbanec, larceny; Alex. Colombe, wife desertion and abandonment; Sue Ark Dip, Lew Wai Chun, Lew Sam Hing, Olivier Lafreniere and Henry Kettenbiel, violation of the liquor law.

DAUGHTER IN CALUMET.

Old Resident of the Soo, Mrs. S. F. Bernier, Is Dead.

Mrs. Victoria Rossau Bernier, wife of Captain Samuel F. Bernier, passed away at the Canadian Soo hospital at an early hour last Sunday morning after having successfully underwent an operation for tumors of the throat, says the Soo Times. The deceased was a daughter of Mr. and Mrs. Edward Rossau of Bruce Mines, Ont. She was born in 1838 and on Oct. 8, 1879, was united in marriage to Captain Samuel F. Bernier.

The Modesty of Women

Naturally makes them shrink from the tedious questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription will testify to this. It is a booklet mailed free on request by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

DEER STILL COMING IN.

Deer carcasses are still coming from the woods in numbers, every train adding its quota to the total kill to the credit of copper country hunters. It promises to be a very successful season. County Clerk Richardson reports that in this county there are now 1,200 licensed hunters.

A SIGNIFICANT PRAYER.

"May the Lord help you make Buckle's Arctic Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. "It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c. at The Stafford Drug Co.'s store.

BOISTEROUS PAYDAY.

Saturday Marked by an Unusual Number of Celebrations.

Payday in the copper country is usually a pretty quiet occasion, but last Saturday was marked by disturbances which made it more of a day of fights and riots. There were three affairs of unusual seriousness.

At Hurontown there occurred a row which almost assumed the proportions of a riot. It started early Saturday evening in Steve Wodyjask's saloon. Officer Maher was called. He emptied the barroom but the row resumed on the street and at one time there were seven men engaged in the business of attempting to punch each other's heads.

At Franklin Marie Verbanec got on a party boat last night and started to clean out a boarding house. He used an axe and succeeded admirably, smashing a considerable amount of furniture to the while. He was taken before Justice Oliver yesterday afternoon.

Mrs. Victoria Rossau Bernier, wife of Captain Samuel F. Bernier, passed away at the Canadian Soo hospital at an early hour last Sunday morning after having successfully undergone an operation for tumors of the throat, says the Soo Times. The deceased was a daughter of Mr. and Mrs. Edward Rossau of Bruce Mines, Ont. She was born in 1838 and on Oct. 8, 1879, was united in marriage to Captain Samuel F. Bernier.

OPERATIONS AT THE ALLOUZEZ.

The sinking of the Alloouze Mining company's No. 2 shaft on the Kearsarge lode is making excellent progress, reports the Keweenaw County Miner. The opening has reached a depth of approximately 900 feet. Sinking has been carried on at a rate of a little over 100 feet a month for the past several months. According to these figures a depth of over 1,000 feet will have been reached by Jan. 1. Some little delay in sinking has been caused lately by reason of the uncertain character of the trap rock in which the shaft is at present bottomed. The action of the trap in "sliding" is believed to be an indication that another lode will soon be encountered. This will in all probability be the Kearsarge conglomerate vein, a formation on which the old Seneca Mining company did some exploratory work some years ago. Several veins have already been passed through by the Alloouze No. 2 shaft in the work from the surface to the present depth, among them the Osceola amygdaloid vein 200 feet from surface. Within the vein of the Osceola amygdaloid, which showed some copper, the formations passed through gave little promise of mineral wealth. No. 2 shaft is not in "direct line" with No. 1. No. 2 is more to the west, and will consequently have a greater distance to sink before encountering the lode. There is a distance of 1,100 feet between the strike lines of the two shafts.

SALVATIONISTS GET POOR PAY.

Expenses Settled First, Then Salary With What Is Left.

The man who gives his life to Salvation Army work does so without chance of laying up treasure, except in heaven. He is poorly paid and gets his reward rather in the knowledge that he has aided his fellow-men and contributed to the betterment of conditions surrounding the country's poor than in any pecuniary advancement for himself.

COPPER WILL RUSH OUT.

From Now on Steamers Will Carry Red Metal in Quantity.

The season of navigation is not very far away from its close, and as usual copper is running out in a steady stream. It is customary at this time of the year to ship all the available refined copper to Eastern markets and smelters in order to take advantage of the lesser freight rates by lake. This outrush will be in force this week.

It is a fact that copper in very great quantities has been piled up on the docks of smelting companies in this district all summer, the slump in the market having been responsible. The removal of these stores started some time ago, and the metal will fairly melt down. Extra help is being employed on all the docks and work is proceeding.

It is impossible to speak in figures in this connection because data of copper shipments are not obtainable. But it is probable that out of all the ports or Portage lake fifty steamers will take copper before the season closes, and will average 300 tons per cargo. This may or may not be a good estimate, but it is much more than the usual monthly output via Portage Lake steamers. The average steamer carries between 300 and 400 tons of copper. One took out 90 tons on one trip this year.

All this activity in the shipping department of the copper industry does not necessarily signify that the copper market is demanding more metal. The product may be stored up at Eastern ports, and the fact it is going out now is not being taken as a criterion of market conditions.

Mining News

Brokers are asking themselves what copper stock, under all the adverse conditions, could best be recommended to the man who is willing to buy his shares outright and wait for better times. All other things being equal, the stock showing the greatest decline would logically be the first to respond to improving conditions. Of course "all other things" are not equal and there are important factors always to be taken into consideration beside the mere extent of the decline.

DROWNED AT TWIN LAKES.

Sheriff Beek was advised yesterday afternoon of the drowning of Charles Johnson at Twin Lakes, on the Copper Range railroad. No details were learned.

WHICH IS THE CHEAPEST?

In these days which investment funds are pouring into the market as never before, the question most frequently asked is banking circles is: "What shall I buy?"
Brokers are asking themselves what copper stock, under all the adverse conditions, could best be recommended to the man who is willing to buy his shares outright and wait for better times. All other things being equal, the stock showing the greatest decline would logically be the first to respond to improving conditions. Of course "all other things" are not equal and there are important factors always to be taken into consideration beside the mere extent of the decline.

CURED OF BRIGHT'S DISEASE.

Mr. Robert O. Burke, Elinora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bleated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living when a friend recommended Foley's Kidney Cure. One 50-cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." The Stafford Drug Company.

THIS IS WORTH REMEMBERING.

As no one is immune, every person should remember that Foley's Kidney Cure will cure any case of kidney or uric acid, whether it be beyond the reach of medicine. The Stafford Drug Company.

City Brevities

J. E. Sherman left yesterday for Chicago.
Charles Katz has gone to Chicago for a visit.
D. H. Ball was in Houghton yesterday.
Peter Primeau has returned from a trip to Calumet.
C. A. Booth of Saginaw was a recent visitor in the city.
G. P. Rulman of Mantion was a recent visitor in the city.
Joseph Demars of Newberry is visiting friends here yesterday.
Henry Mark of McMillan visited friends here yesterday.
Thomas B. Wyman of Munising visited friends here recently.
James Snell of Rapid River was a Marquette visitor yesterday.
Peter M. Roe of Escanaba was a Marquette visitor yesterday.
Peter Okra of Hancock paid a recent brief visit to friends here.
Edward Jonas of Houghton was a Marquette visitor recently.
A. G. Cheney of Menominee was a visitor in the city yesterday.
G. L. Smith of the Soo visited Marquette friends yesterday.
D. W. McKee and D. G. McKee of Ewen were recent Marquette visitors.
James Chapman of Negaunee paid a recent visit to friends in the city.
J. A. Holland of Grand Rapids paid a recent visit to friends in Marquette.
W. M. McCormick of Bay City is paying a visit to friends in the city.
R. P. Hanson of Crystal Falls paid a recent visit to friends in the city.
J. B. Brown of Oshkosh paid a visit to friends in the city recently.
William Enfield of Escanaba was a visitor in the city Saturday.
Elmer King of the copper country paid a recent visit to friends in the city.
G. M. Obenauer and H. G. Obenauer of Alpena were recent Marquette visitors.
James Miller, who has been visiting with friends at Calumet, has returned to Marquette.
Jack Lawrence recently returned from a hunting trip near Big Bay. He brought back two deer.
Among the visitors from Ishpeming who were in the city yesterday were Joseph Comer, E. V. Cassidy and A. E. Sterne.
Father Andrew Timmins left last night for Cheyenne, Wyo., to take charge of the pastorate to which he has been assigned.
N. M. Kaufman and S. R. Kaufman arrived home yesterday afternoon from a few days' visit at the former's camp, in Iron Onota. They left some venison hung up in camp.
S. W. Shaul arrived home yesterday afternoon from a few days' hunting trip at Spear's camp on Howe's lake, in Iron Deerton, where he got a buck. Fred Schultheis and Sam Foster will be in from the same place today.
Two Women Hunters—Only two women obtained licenses to kill deer in the county clerk's office this year. The two are Mrs. Mary Kaufman and Mrs. L. G. Kaufman.
Marriage Licenses—Marriage licenses were issued yesterday by the county clerk to Arthur Messier and Miss Mildred Ripella, both of Marquette and to Abel Walre and Miss Anna Salmela, both of Palmer.
Masque Ball Tonight—The Masque-ball to be given tonight by Red Cross Legion, No. 209, promises to be well attended. The price of admission is twenty-five cents a person. Four door prizes are to be given.
Former Resident Here—Walter Yeagel of Minneapolis, a former resident of Marquette and for eight years clerk at the Hotel Marquette, is paying a visit in Iron Onota. He is now manager of the Hotel Brunswick in Minneapolis.
Shot Big Buck—Max Desotelle yesterday brought in one of the largest bucks seen in the city so far this season. It weighed 245 pounds. The animal was shot through the neck with one of the Hoxie expanding bullets and the wound where the bullet came through was eight inches in diameter.
Card of Thanks—Paul Johnson desires to thank his many friends of the various Swedish denominations and also the employees of the South Shore who contributed to the pleasant surprise tendered him at the Swedish M. E. church Friday evening. Mr. Johnson is seventy-seven years of age and at the surprise party held at the church he was given a purse.
Priests Transferred—A number of transfers affecting priests of the diocese are announced by the Right Rev. Bishop Eis. The changes are effective this week. Rev. Father O. Bennett, now stationed at Republic, goes to Gladstone; Rev. Father A. Doser, now in charge of the parish at Gladstone, is transferred to Ontonagon; and Rev. Father Joseph Holinger of Ontonagon is to be stationed at Republic.
NO LAUGHING ALLOWED THERE.
Neither men nor women are allowed to laugh when their nerves are shattered. That is, their nerves don't allow them to. But one box of Sistine Pills will make you feel better. One dollar a box; six boxes for \$5, with full guarantee for any form of weakness in men or women. Address or call People's Drug Store, Marquette. This is the store that sells all the principal remedies and does not substitute.

FUNERAL OF JOHN RILEY.

Former Carpenter Who Died at Hospital Sunday to Be Buried Today.

The funeral of John W. Riley, who died at the age of seventy-four at St. Mary's hospital Sunday night, will be held at 2:30 o'clock this afternoon from his residence at 115 East Crescent street. The interment will be in Park cemetery.
Mr. Riley was formerly a carpenter and he was well known. His death came after a protracted illness and was due to a complication of ailments brought on by old age. He is survived by a widow and four daughters. Two of the daughters, the Misses Alice and Margaret Riley, live at home.

HIS PETITION DENIED.

George Knapp May Not Claim Rebate of \$250 of His Saloon License.

The city council last night refused to rebate any part of the saloon license of George Knapp, who was recently put out of business when his saloon at the corner of Front and Spring streets burned. Recently Knapp presented a petition, stating that on account of the fire he intended to withdraw from business. He said that as his license had yet six months to run the city should rebate to him one half of the year's license of \$500 paid last spring. The amount he asked for was \$250 and his petition was referred to the committee on licenses and trade regulations.
Before this committee's report was handed in last night, a protest was read from Harvey Burright Hatch. This protest was against rebating anything to Knapp. It stated that to return any part of \$250 asked would be misappropriation of public funds; that there is no warrant of law which permits any such action by the council; that it would be malfeasance in office of all those who took part in the transaction should any rebate be made to Knapp, and, finally, that in view of the fact that Knapp had suffered a loss by fire, sentiment in the shape of sympathy for him could not enter into the matter. Several legal decisions were quoted in support of the contentions. No remarks were made after the protest was read and a few minutes later the committee's report was presented and approved.

Upper Peninsula

Alumni to Help Students—

Plans for aiding the high school students in properly equipping the new gymnasium have been adopted by the Escanaba Alumni association. It has been decided to spend \$200 for equipment at once and through different events during the winter it is hoped to raise a sufficient amount of money to greatly add to the apparatus. Indoor baseball and basketball teams have already been formed from among the alumni and a challenge has been issued to the high school for a series of contests to occupy the winter of the winter. An admission fee will be charged and the entire fund thus collected will be used in purchasing additional gymnasium equipment.

Aged Recluse Found Dead—

Laying face downward on the floor of his dingy home, tense and rigid in the key clutches of death, the body of John Souvigriner, an Arthur Day (Menominee county) hermit, was found late last week by Edward Barstow. From all appearance the aged recluse had been dead at least twenty-four hours. A blackened and frozen crust of bread lying near a cracked cup on the kitchen table evidenced the fact that the hermit must have passed away a short time after eating his morning meal. Death was due to heart disease. For the past ten years, rarely seen, except when leaving his home on a trapping and fishing trip, Souvigriner's affairs were known only to himself. Without a relative in the world, save for a rumored cousin living somewhere in Europe, the recluse supported himself on his meagre earnings.

Deer Got Away Unscathed—

Friends of Frank Paquin of the St. Clair Hotel at Escanaba are having much sport at his expense as the result of what is claimed to have been a remarkable display of poor marksmanship while on a hunting trip on the Menominee range with several companions. After remaining in the woods for several days the members of the party returned to the city without a single deer despite the fact that on the first day in camp a large buck was safely within their hands. The party found a large buck which had fallen into a prospect hole. A rope was thrown about the animal's horns and it was pulled out. A dispute then arose as to which should shoot the buck. The question was finally settled by drawing lots and Paquin was designated as the man to fire the shot. Fifty paces were stepped off. At the given signal Paquin shot but the buck did not drop as expected. Instead the bullet severed the rope about the deer's horns and the animal dashed into the brush uninjured before the remaining members of the party could recover from their amazement.

Boy Sailors Got a Ducking—

As the result of attempting to carry a large expanse of canvas on a boat without ballast three young men of Escanaba narrowly escaped being drowned in the bay a short distance off the Stephenson dock. The members of the party were Frank Kidd, George Johnson and Alfred Lindquist, who had taken the big sailboat Zephyr from its moorings and were enjoying a spin about the inner harbor. Full canvas had been hoisted when the attention of several spectators on shore was attracted by the violent lurch of the boat as it was carried through the water before the brisk wind. Several times it was believed that the boat would capsize but each time the occupants succeeded in righting her and continuing their cruise. When the steamer Lotus passed the sailboat Captain Norton remarked that it would be a wonder if the little craft did not turn over, as not any of the members of the party appeared to know how to handle her. The Lotus had just reached the Stephenson dock when the alarm was given that in a flash of an eye the sail of the little craft had been caught by a stiff puff of wind, turning the boat on its side. The occupants were all dumped out but the amateur sailors succeeded in catching the side of the boat. The Lotus was hastily backed from the dock and reached the capsize craft within a few moments. Captain Charles Roach of the tug Tomlinson had also been watching the maneuvers of the young sailors and when the boat was overturned he rushed with his tug on the scene and arrived a few minutes after the Lotus.

Household Furniture FOR SALE

At flat 412 S. 3rd St., over Bittner's office I will sell at private sale, Tuesday and Wednesday, Nov. 19th and 20th, all my household furniture, consisting of rugs, extension table, two coal heating stoves, rockers, leather upholstered chairs, and lounge. Refrigerator, sideboard, enamel iron bed and dresser, dining dishes, kitchen utensils, hall tree, center table, pictures and other effects, all in best of shape. Leaving town is reason for selling.
WALTER YEAGEL.

SOME names on boys' clothing are stronger than others. Some labels stand for more in quality and worth than do others. "Extragood" clothing is known to be the best made for boys. The best merchants all over the country sell it. Those that don't, know there is none quite so good for the public. The label stands for more in the way of materials and tailoring than does any other label. The mother who is buying it for her boy is buying more satisfaction than she can get in any other brand. We want the confidence and trade of all particular people in this section. That's why we sell "Extragood" and not the other kind.

Boys' 2-piece, double breasted and Norfolk Suits with belt and Knickerbockers; new fall styles; large variety of small and large checks. Sizes 7 to 17 years; \$4.00 to \$8.00

MARKETS

NEW YORK STOCKS.

Writing from New York yesterday, Paine, Webber & Co.'s Wall Street correspondent said: 'The developments over Sunday being of a rather encouraging nature, the stock market opened at advances ranging from 1/4 to 4 points, but the advance was not entirely sustained.'

Range of Money Rates.

New York, Nov. 18.—Money on call was strong today, at 5 1/2 to 10 per cent.

December opened at 95 1/4 @ 3/4; highest, 95 1/2 @ 3/4; lowest, 94 3/4; closing, 95. Corn—The market was strong. The financial situation was the chief reason for the strength.

Paine, Webber & Co.'s Chicago correspondent said of the wheat market: 'When the stock market showed signs of weakening before midday wheat prices went back within a fraction of Saturday's prices.'

VARIED VIEWS OF FINANCE.

MANY PLANS WILL COME UP BEFORE CONGRESS. Fowler Bill Satisfies Those Who Desire Radical Legislation; But There Are Many Who Believe No Action at All is Necessary—The President is Expected to Offer Suggestions in His Annual Message—The 'Other Bonds' Plan Considered Sufficient to Meet Emergencies—Federal Supervision for Trust Companies.

Washington, Nov. 19.—Indications abound that congress will come together next month with very conflicting views as to what should be done toward currency reform.

opinion of those favoring it that this plan would meet any emergency. If the northwest were in need of emergency currency for the movement of crops the banks of that section could take out additional circulation on bonds other than government bonds that came up to the standard fixed by the law.

Relief in Emergency Plan. At present the financial tension is finding relief largely in a plan which does not differ materially from this suggestion for legislative enactment.

Suggestions from President. Many prominent financiers have been quoted recently in the newspapers as having discovered the real remedy for the admitted defects in the present currency system.

Chicago, Nov. 18.—The wheat market opened bullish today and the sentiment continued bullish throughout the session. The decision of the national government to issue \$100,000,000 worth of bonds was the chief reason for the strength.

CHICAGO GRAINS. Chicago, Nov. 18.—The wheat market opened bullish today and the sentiment continued bullish throughout the session. The decision of the national government to issue \$100,000,000 worth of bonds was the chief reason for the strength.

10 Cents Back. For every dollar you spend at our store, for one week, we give you back 10 cents. Ladies' Cloaks and Jackets and Children's Coats. Suits, Skirts, Dress Patterns, Flannels, Underwear, Hosiery, Corsets and a full line of Shoes. J. M. BRACHER. Nester Block, Washington St. Marquette, Mich.

FEDERAL TRUST CONTROL.

PROBABLE RECOMMENDATION OF THE PRESIDENT. No Radical Measures, However, Are to Be Proposed, and Corporations Need Not Become Uneasy. Washington, Nov. 17.—There is increasing evidence that national incorporation and federal control of corporations engaged in interstate business, such as President Roosevelt will urge upon congress in his message next month, will not be of such a nature as to cause uneasiness to the great majority of corporations affected.

TWO PER CENTS MUST BE PROTECTED.

In his message to congress last winter the president in discussing currency legislation said: 'We must rule out any plan which would materially impair the value of the United States 2 per cent bonds now pledged to secure circulation.'

GARD OF THANKS.

I wish to extend my thanks to all who assisted us during our bereavement and who came to the funeral of our late husband and father. MRS. EDLA ANDERSON and Family.

OVER TWO THOUSAND VISITORS A DAY

Cooper Explains Reason for Remarkable Average of Boston Callers.

During L. T. Cooper's recent stay in Boston, it is estimated that sixty-five thousand people talked with him and purchased his medicine. This is an average of over two thousand a day.

His success was so phenomenal as to cause universal comment both by the public and the press. There must be a reason for this. Here is the reason given in his own words by Mr. Cooper when interviewed on the subject. He said:

"The immense numbers of people who are calling on me here in Boston is not unusual. I have had the same experience for the past two years wherever I have gone. The reason is a simple one. It is because my medicine puts the stomach in good condition. This does not sound unusual, but it is in fact the key to health. The stomach is the very foundation of life. I attribute 90 per cent. of all sickness directly to the stomach.

"Neither animals nor men can remain well with a poor digestive apparatus. Few can be sick with a digestion in perfect condition. As a matter of fact, most men and women today are half-sick. It is because too much food and too little exercise have gradually forced the stomach into a half-sick condition. My medicine gets the stomach back where it was, and that is all that is necessary."

Among Boston people who are staunch believers in Mr. Cooper's theory, is Mr. Frank D. Brown, of 57

Bloomington street, Chelsea, Mass. He says:

"For five years I have sought relief for indigestion, stomach trouble and dyspepsia, spending nearly all my wages with doctors and obtaining no results. I had dull pains across my back, radiating to the shoulders. I had splitting headaches, which nothing seemed to cure. There was a gnawing and rumbling in my stomach and bowels. I was troubled with vertigo and dizziness, and at times almost overcome by drowsiness.

"I felt tired and worn out all the time, my sleep was not refreshing, and I would get up in the morning feeling as weary as when I went to bed. My appetite was variable—ravenous at times, then again nauseated at the sight of food. Sometimes my face was pale, at other times flushed. I was constipated and bilious, and had catarrhal affection in nose and throat, which caused me to hawk and spit a great deal, especially in the morning. I heard so much of the Cooper remedies that I decided to try them. After taking one bottle, a tapeworm 50 feet long passed from my system. I felt better almost immediately. All my troubles disappeared as if by magic, and my improvement was rapid. I now feel entirely well, and can honestly recommend Mr. Cooper's medicine to anyone who suffers as I did."

We sell the Cooper medicines which give universal satisfaction. —Peoples Drg. St'e, Ishpeming, Mich.

Ishpeming Department

(Additional Ishpeming on Page Seven.)

TAKING UP STONE AND TIMBER CLAIMS

PARTY OF CHICAGO PEOPLE TO GET LAND SOUTH OF ISHPEMING, NEAR ISLAND LAKE—ONE OF THEM TAKES TRACT ON WHICH CAMP CLARK IS LOCATED.

Several stone and timber claims, perhaps fifteen or twenty, have been taken up in the district south of Ishpeming during the past few weeks. Sunday five Chicago people, Mr. and Mrs. T. E. Callahan, Miss Mae Callahan, R. W. Camp and J. W. Anderson arrived here on the early train, later driving as far south as Camp Clark, where they spent the day looking over the lands. Yesterday the members of the party went to Marquette, where they filed on the claims. They were located by Peter McKee, a landowner of Escanaba. Several Escanaba people have also taken claims in the district, principally on recommendation of Mr. McKee, and it is reported that a number who have not yet filed will be here within a few days to look over the land. One of the Chicago people selected a tract on which Camp Clark is located, and it is said that another will probably take the land on which Charles F. Kruse and George R. Persons have their camps.

The impression prevails among the outside people taking up the claims that there is mineral in the district. It is said that some of the prospectors who have visited the region report that there are very strong indications of iron. But little of the land is desirable for farming purposes, nor is there much timber. It is thought that possibly the Swansee range on the east, also the Republic range on the west, extend to that vicinity. The districts south of the Saginaw and Winthrop mines have never been explored to any extent. The claims now being taken up by the Chicago and Escanaba parties are about fifteen miles distant from the city. Mining men familiar with the district are of the opinion that the possibility of locating ore bodies that far south. One man said yesterday that he did not think the Republic range extends in that direction at all but that it will be found nearer the Saginaw mine. He also expressed the belief that the claims being taken up are some miles south of where the Swansee range will extend, providing it comes as far west as that. Up to this time no claims have been taken up by Ishpeming people though owners of camps in that direction will probably file if it is found that the desirable tracts are being gobbled up by outsiders.

CHURCH DEDICATION.

Several Ministers Will Assist With Presbyterian Services Sunday.

The Presbyterian church, which has been entirely remodeled, will be rededicated next Sunday, the 24th, one day prior to the thirtieth anniversary of the organization of the local congregation. The following relative to the several services that day is announced by Rev. M. M. Allen, pastor, and T. Leroy Christian, clerk of the session: The dedicatory sermon will be given by Rev. W. C. Carrier, D.D., president of Carroll college, Waukesha, Wis., at the 10:30 a. m. service. The sermon will be followed by the dedication proper. This service will be conducted by Rev. J. M. Rogers, of Marquette, representing the Presbytery of Lake Superior.

At 3 p. m., a second service will be held, to which the friends in other congregations have especially been invited. Rev. C. L. Adams of the First M. E. church and Rev. J. M. Rogers will deliver short addresses. At 7:30 in the evening a sermonette will be given by Dr. Carrier and a few closing words by the pastor of the church.

Special music has been provided for each of these three services; that for the morning and evening by the choir of the church, assisted by others; that for the afternoon by a male quartet under the direction of George Tucker, Marquette.

As it is not the intention of the church to make any plea whatever for funds for the remaining indebtedness on the church that day, we can extend all the more cordial invitation to our friends to any of these services which do not conflict with their own. An offering will be taken at each service, but only such as is usually taken at any church service.

Union Thanksgiving Service.

This service this year will be held in the Presbyterian church at 10 o'clock Thanksgiving morning. Rev. W. N. Fletcher, whose turn it is to preach the sermon, being compelled to be absent from the city on that day, the sermon will be given by Rev. Mr. Maxon of the Marquette Baptist church. The pastors uniting in this service give a cordial invitation to all to be present.

THE NEXT PRESIDENT.

There are many prominent men being suggested as likely candidates for the presidential chair next term and each has his earnest supporters. There are thousands of others, however, who desire the present occupant re-elected, as they are not willing to give up "a certainty for an uncertainty." This same argument applies particularly to Hoffer's Stomach Bitters. There are thousands of men and women all over the country who know from past experience what this famous medicine can do for them when they suffer from ailment of the stomach, liver and bowels, and consequently stick to it. Don't you think it worth a trial the next time you suffer from poor appetite, belching, heart burn, dyspepsia, indigestion, costiveness, biliousness or female ills. You'll be surprised at the good it will do you. Get a bottle today.

AGENCY SECURED.

We have secured the agency for Orin Laxative Fruit Syrup, the new laxative that makes the liver lively, purifies the breath, cures headache and regulates the digestive organs. Cures chronic constipation. Ask us about it. The Stafford Drug Co.

BUILDING OIL HOUSES.

Oliver Iron Mining Company Has Adopted Uniform System for Storage.

W. T. Cole, the boiler maker, who a year ago made nine oil tanks for the Oliver Iron Mining company for use at Lake Superior mines, has since turned out of his shop nearly forty tanks of similar size and design. The Oliver company has adopted a uniform system of building oil houses, equipping them with the steel tanks. Each tank will hold four barrels of oil and they are so constructed that the screens will catch all the waste oil, returning it to the tank. The oil houses are constructed of brick and stone and are fire proof.

Mr. Cole recently finished eighteen tanks for the Oliver company's Hartley and Hull mines at Hibbing. The Norrie, Blosser and Mountain Iron properties, have also been equipped with them, and when the present lot he is now making is completed he will have furnished forty-eight in all. Mr. Cole said yesterday that the company plans on putting in twenty-seven more at three other properties. The tanks are four feet in length by thirty-eight inches in diameter.

Mr. Cole's shop has been a very busy place for several years past, and during the past few years he has added considerable new equipment. A Franklin compressor has been purchased and is expected to arrive in a few days. Before it was possible to install the compressor it was necessary to build in addition to the shop, which has been extended forty-six feet to the rear. For nearly three years past the riveter and other machinery have been operated by a locomotive air pump, which has proved an expensive device, as an unusually large quantity of fuel was necessary to generate the power.

Mr. Cole keeps a fairly large shop now busy as well as from one to three rows installing work at the mines and other places. He is at present building a large smoke connector for the Marquette County Gas & Electric company and he has just completed installing a steam heater, forty-seven feet in length, at the Newberry asylum.

PRODUCING STRONG PLAYS.

The MacLean-Bryant Stock company, which opened for a five nights' engagement last evening at Ishpeming theatre, appeared to excellent advantage in David Belasco's drama, "Lost Paradise." Tonight's bill will be a pretty comedy, "Virginia of Virginia"; tomorrow night a military play, "Top Sergeant." The company will give way Thursday night to Allen Doone, and on Friday evening it will produce its feature play, "Saturday Night." Saturday night's offering will be a three act comedy, "The Silent Witness," which will be preceded by a one-act sketch, "Ootsey," a curtain raiser.

Three matinees are to be given, the first this afternoon at 3:45, when "Hearts of the Ozarks" will be produced. His matinee will be free to all children under twelve years of age, the prices for older children and adults being ten and twenty cents. Friday afternoon there will be a ladies' special matinee, when "Prince Karl," the late Richard Mansfield's greatest matinee bill, will be the offering. The matinee offering Saturday afternoon will be "The Texas Ranger."

FIRST MONEY RECEIVED.

D. J. Sliney, treasurer of the Vandeventer Lead & Zinc Mining company, on Saturday received a draft from the Caselli Chemical company of Cleveland, O., for \$1,102 in payment for the car of Vandeventer ore recently shipped on the company's mine in Cuba City. The officials of the Vandeventer company are very well pleased with the work being done at the mine. In the last two years there has been much Marquette county money put into the fields of Wisconsin to develop the properties, and the check received Saturday is the first money to come back. It is expected that when the Vandeventer mill is completed and in operation while the returns to the stockholders will be satisfactory.

BROUGHT IN SIX DEER.

J. G. Johnson, Emil Olson, Charles Vestman, Charles Olson and Charles Vallenstine returned from the district south of the city Sunday with six deer. The deer killed by Mr. Johnson was the largest of the lot, it being a five-point buck. Mr. Olson was the first to get a deer, he having shot it on the second day out, and after that he was assigned camp duty most of the time. Charles Vestman, who started out one day last week to join the party, shot a deer on his way to camp, so he returned that night. Eric Carlson also spent a day at camp.

THE CHIMP IMITATIONS OF FOLEY'S HONEY AND TAR COST YOU THE SAME AS THE GENUINE IN THE YELLOW PACKAGE.

Why then risk your health, perhaps your life, taking them when Foley's Honey and Tar will cure your cold and prevent serious results? It is guaranteed. The Stafford Drug Co.

ISHPEMING IN BRIEF.

O. C. Foreman of Anasa transacted business here yesterday.

Mr. and Mrs. W. T. Potter will entertain the Whist club this evening.

Mrs. A. Morin submitted to a very difficult surgical operation yesterday.

Joseph Picotte of Calumet is in the city visiting his brother, Dr. W. S. Picotte.

C. W. Kennedy, the diamond man, allied on his patrons in Ishpeming yesterday.

Miss Nettie Wagner has returned to her home at Marquette, after a visit with Mrs. William Kinsman.

The two-month-old baby of Mr. and Mrs. Thomas White, South Pine street, died yesterday afternoon.

In the neighborhood of 500 deer licenses have been used in Ishpeming since the opening of the season. The demand for them still continues brisk.

J. G. Johnson, taxidermist, advertises in this issue that he is prepared to receive deer heads. Following the deer season last year Mr. Johnson mounted nearly 100 heads.

The second of the series of hops by the Clerks' union, which was announced

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

WRONG MAN FOR THE PLACE.

ISHPEMING

PART FITS DOONE.

The decided hit scored by the young slinging comedian, Allen Doone, in the Joseph Murphy play has prompted Manager George W. Kenney to provide for his clever star a more ambitious vehicle for the display of his talent. It is in the new and successful scenic comedy drama, "A Romance in Ireland," in which he will be seen at the Ishpeming Theater Thursday evening, supported by a strong company of players in a role which is said to contain much to interest, amuse and thrill alternately, and moreover to be a distinct departure from the average Irish drama of our youth in plot and situations. Mr. Doone will sing several new songs, including Joe Murphy's, "A Handful of Earth."

HE FOUGHT AT GETTYSBURG.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; best of all for lame back and weak kidneys. Guaranteed by The Stafford Drug Co. 50c.

BIDS WANTED.

The city of Ishpeming will receive bids up to the 3rd day of December, 1907, for the supplying of the following goods, all of which are to be of good quality: Twenty-four pairs firemen's rubber boots; 24 firemen's rubber coats; 24 firemen's rubber hats.

Samples will be received at No. 1 engine house, city of Ishpeming, Michigan, care William Lecher, chairman committee on purchasing and printing. Committee will reserve the right to reject any or all bids.

Makes the Mercury Climb

Alaska outside—Florida inside. When the blizzard comes it will be impossible to comfortably heat the cold rooms. Then, and during the months of "between seasons" you'll find a

PERFECTION Oil Heater

(Equipped with Smokeless Device)

just what you need to make the mercury climb. It's light enough to carry from room to room and gives direct glowing heat from every drop of fuel. Turn the wick high or low, there's no bother—no smoke—no smell—smokeless device prevents. Brass oil font holds 4 quarts burning 9 hours. Superbly finished in japan and nickel. Every heater warranted.

The **Rayo Lamp** makes a good companion for a long evening—brilliant, steady light—reading, sewing or fancy work doesn't tire the eyes. Made of brass, nickel plated, with latest improved central draft burner. Every lamp warranted. Write our nearest agency for descriptive circular if your dealer doesn't carry the Perfection Oil Heater or Rayo Lamp.

STANDARD OIL COMPANY (Incorporated)

Negaunee Department

MANY CHECKS WILL BE ISSUED THIS WEEK

THERE WILL BE A PAY EVERY DAY THIS WEEK EXCEPT FRIDAY—CASHIERS' CHECKS ARE BEING ACCEPTED BY DEALERS IN ALL LINES OF TRADE.

The payday at the mines of this city, which in some instances have been delayed on account of the change in the method of paying the employees, have been anxiously awaited by the merchants, a majority of whom have had unusually light business for a week or more. The first of the mining corporations to issue time checks was the Empire, which paid Saturday, but as the working force there is small some of the business men were not called on to take the checks. The pays at the other mines started yesterday, and there will be paydays every day this week except Friday, so general business should be unusually good all week. The Hartford men received their checks yesterday, the usual checks being good for 20 per cent cash at the banks, and the balance in cashier's checks in denominations of from \$1 to \$20. The workmen at the Regent group, who will receive checks similar to those given out at the Hartford, will be paid today. The employees of the Mary Charlotte will get their money tomorrow. The latter will square its entire pay roll in cash. The men at the Maas, Negaunee and Jackson will receive their checks, 50 per cent in cash and the balance in exchange checks, on Thursday, and the Rolling Mill men will receive their checks Saturday.

Negaunee business men will have no hesitancy in accepting the exchange checks and it is expected that trade will run along as usual and that neither the working people nor the dealers will be inconvenienced by the change.

It is reported from Chicago that the demand for clearing house checks continues unabated and that the orders are piling up so rapidly that the banks are finding themselves unable to meet the calls. Financiers not only in Chicago, but in other places where the checks have been used for from two or three weeks past, declare that the popularity of the checks has attained has even exceeded their expectations. It is reported that not a single instance can be found where the checks have been refused or their value doubted, while it is a common occurrence to see gold and bank notes offered in exchange for them.

Local men who are in a position to receive information concerning the new method of exchange state that the banking people in the larger cities are particularly pleased at the manner in which the checks are being received by small dealers and minor business concerns of every description. It is reported that they are being passed as readily as the big trade centers. The opinion is freely expressed by the leading bankers of the country that the circulation of the checks will have the effect of turning a large amount of regular currency into the hands of the masses.

THEIRING BARBER'S TRICK.

"There's a queer and nasty kind of criminal that we call the barber thief," said the detective. "He is a journeyman barber who lifts your scarpin when shaving you."

"These rascals have learned somehow or other to shave and haircut fairly well. They go everywhere in the rush season—California or Florida in winter, Atlantic City in the summer, and so on—and there the overworked boss barber, with hands scarce, is only too glad to take them on, and to take them on without references.

"It doesn't take a clever barber thief long to make a good haul. In a Saratoga tone of these men lifted out of millions of dollars and sports' neckties diamonds and pearls to the value of \$4,000." Minneapolis Journal.

TERRIBLY DISTRESSING.

A month's treatment for \$1, at Dr. Leonard's Pharmacy, Marquette Mich., or Dr. Leonard Co., Niagara Falls, N. Y.

BACK FROM SOUTH DAKOTA.

Matt Chester and wife, who went to Lead City, S. D., about month ago to attend the marriage of their daughter, arrived home Sunday morning. Mr. Chester said yesterday that the Homestake mine, which was idle for several weeks on account of fire underground, is now working a large force, though there are as many men on the pay roll as were employed before the fire. The system of paying off the men at the Homestake is different from the custom here. The pay days extend from the 7th to the 25th of each month, the men in the different departments being paid off separately.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 25 cents per bottle. Sold by The Stafford Drug Co.

SHOT TWO WOLVES.

Negaunee Man Killed Them While They Were Pursuing a Deer.

Andrew Johnson, a painter, in the employ of J. W. Elliott, brought the carcasses of two full grown wolves to the city Sunday night, he having shot them in the Silver Lake region. He also killed one deer while some friends from Ishpeming, who were in his party, had four deer up to the time he left camp. He was accompanied home by Charles Johnson, son of Peter Johnson.

Johnson was sitting on a log at a point where he thought a deer might pass when he heard the wolves howling and barking. He remained seated until a deer came into view. He knew that the wolves were chasing the deer so he let the quarry pass, as he realized that a shot at the deer would drive the wolves back and he would lose them. When the wolves came in range of his gun he fired, bringing both down in rapid succession. When he had finished shooting at the wolves and was satisfied that he had killed both he tried to get a shot at the deer, but the animal had gone too far.

Different hunters who have been in the Silver Lake region this season report that wolves are numerous, but Mr. Johnson is the only one up to this time who has killed one. Several of the hunters have heard wolves at a distance and their tracks have been seen in many places.

The Negaunee hunters are not getting as many deer as they did in former years, nor are as many carcasses being shipped from here to points in the lower peninsula. A few years ago it was a common thing to see from one to three or four dozen deer transferred at the Negaunee station every morning while newly as many came in on the afternoon trains, but this year only a few have been transferred here. One day last week very small fawns, bearing tags of lower peninsula hunters, were sent east from Negaunee on the South Shore line.

WILL NOT PICK TIMBER.

Jebbets Will Not Sell Their Best Timber, Retaining Smaller Stuff.

It is reported in some sections of the upper peninsula that the lumber concerns are not buying as much timber as was expected by the contract for at this time and that some of them are in the market only for the better grade stuff. Thomas Connors, who has closed a number of important contracts during the past few weeks, stated yesterday that the lumber concern in the district south of here has not noticed any difference in the demand for timber, but that some of them are being urged by lumber concerns to get at their work as soon as possible. Mr. Connors further stated that he knew of many jobbers in his section who will not give any one a pick of the timber, and buyers will be obliged to take the small as well as the large stuff. Everything from a pole to a saw log is marketable and the price now being paid for timber is the highest on record in this section. Jobbers are justified in making a better price for their products, than they have heretofore received, as the cost of operating has greatly increased during the past two years and is now higher than ever before.

RETURN FROM BUTTE.

William Kestle, a former resident, who has been at Butte, Mont., for the past two years, arrived in the city yesterday, and will again locate here. He was accompanied by Henry Matthews, who came out from England four months ago, locating in the Montana town. The latter was employed but three weeks when he lost his place. Mr. Kestle's family will soon join him. He reports that a number of former residents of Negaunee and Ishpeming are preparing to return to this county.

MAKING GOOD HEADWAY.

Excellent progress is being made with the improvements at the power house of the Marquette County Gas & Electric Company. The concrete stack is now up over sixty feet and the new Babcock & Wilcox boiler is installed, but it will not be put in commission for several days, as the addition to the boiler house has not yet been completed. W. T. Cole, the Ishpeming boiler maker, is building the smoke connector, which will be extended between the new boiler and the stack. It will be thirty feet in length by four feet high and seven feet wide.

LOCAL LACONICS.

Thomas B. Wyman was up from Mining Sunday, on a visit to friends.

John Ward spent yesterday here visiting his brothers-in-law, John and Dan Shea.

George Maker, who left here about two months ago for the Mesaba range, returned yesterday.

W. T. Cole, the Ishpeming boiler maker, installed a steel ash box at the First National's new bank yesterday.

The Daughters of St. George will conduct a neektie party at their hall in the Mulvey block next Saturday evening.

Angus McDonald and H. P. Johnson will conduct a turkey shoot on the grounds opposite the cemeteries on Thanksgiving Day.

Miss Annie Lehman has taken a position as stenographer at the First National bank. She has attended the Ishpeming Business college.

John E. Kruse and wife are here from Chicago, having been called on account of the critical illness of his mother, Mrs. Sarah Kruse, who has been in poor health for some time past.

Dr. Obreunt of Milwaukee, who received Dr. N. J. Robbins of this city during the time he was in Europe, passed through here yesterday morning on his way to Ishpeming.

J. W. Warner of Elm River and E. B. Werme of Iron River, who have been engaged in diamond drill work near Michigan for some time past, were here yesterday. They are moving the drill to Iron River, where it will be operated. They are in the employ of the Sullivan Machinery company.

Why Cudshy's Penecok Ham and Eggs of course; they are always acceptable, especially at this season of the year.

(11-27-06)

Bar Sickness From the Nursery

Keep the children well!
The best way to insure their health is to prevent the attacks of illness to which they are most subject.
You can guard them against attacks of sickness by fortifying them with the oldest and most reliable medicine and tonic known—

DR. D. JAYNE'S TONIC VERMIFUGE

A Safe Worm Cure

A large percentage of children have worms. A very large proportion of children's ills are directly due to this cause, and to the weakening effect of worms on the child's frail system.

JAYNE'S TONIC VERMIFUGE has for over four generations successfully expelled worms and kept children strong and healthy. This long-tried worm-cure and child's tonic is the best medicine you can possibly give your children, and the best way you can insure their health. Per bottle, 35c, and 50c.

JAYNE'S EXPECTORANT has been a reliable cure for Croup, Whooping Cough, Coughs, Colds, Bronchitis and other lung troubles for 77 years.

Upper Peninsula

Sparrow Hunting Tabooed—

Despite the fact that the bounty law goes into effect after the first of December, when the state will pay two cents per head for each sparrow killed in Michigan, Menominee youths will not be able to take advantage of the opportunity to pick up spending money. During the past two months, in fact ever since the killing of young John Binder, the small boy rifle evil in Menominee has been practically wiped out through the efforts of the police force. The crack of the small rifle or air gun is now rarely heard in the city, owing to the strenuous campaign which Chief English led against the practice. The recent announcement of the sparrow bounty led a number of youngsters to believe that the crusade would stop when the law went into effect. During the past few days City Clerk Norcross has been the recipient of many telephone inquiries from youths, asking whether they would be allowed to shoot sparrows within the city limits after Dec. 1. In all instances Mr. Norcross confirmed Chief English's stand. "The people of Menominee must be protected and the sparrow bounty law will be a secondary consideration in Menominee," says the chief. "The two cents which a youngster may receive for the head of a sparrow would doubtless prove the worst evil that could visit Menominee, for with a thousand armed boys shooting at random in the trees the danger of the residents can be quickly seen."

APPENDICITIS.

Is due in a large measure to abuse of the bowels, by employing drastic purgatives. To avoid all danger, use only Dr. King's New Life Pills, the safe, gentle, elegant and invigorators. Guaranteed for headache, biliousness, malaria and jaundice, at The Stafford Drug Co.'s conducted, which resulted in a goodly store, 25c.

CHILDREN ARE SHOP-LIFTERS.

Two little Menominee girls, each but fifteen years of age, have confessed to Chief of Police English that during the past four months they have conducted a systematic shop-lifting business at Miss L. A. Burns' millinery store. Ribbons, gaily colored remnants of all kinds and long streamers composed most of the haul made by the juveniles "Bertha Kruegers." The two girls were charged with Miss Burns after Chief English had previously searched their homes and recovered a large portion of the stolen goods. They have agreed to pay for the remainder of the goods which they confessed to stealing and if payment is made no prosecution will ensue. Some time ago Miss Burns reported to Chief English that ribbons and other small articles were constantly being missed at the store. The clerk's had been instructed to watch for shop-lifters, but no clues could be found. A short time ago, however, the two young girls entered the store, wearing a portion of the stolen ribbons as hat trimmings, and Miss Burns, becoming suspicious, notified the chief. A quiet investigation was then conducted, which resulted in a goodly

CHAMBERLAIN'S COUGH REMEDY

Coughs, Colds, CROUP, SORE THROAT, BRONCHITIS, THROAT AND LUNGS.

Chamberlain Medicine Co.
Small Size 25 cents
Reduced Price 15c

When You Have a Bad Cold

You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectoration easy.

You want a remedy that will counteract any tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's Cough Remedy meets all of these requirements, and for the speedy and permanent cure of bad colds stands without a peer.

A Severe Cold Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. U. Schubert, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used."

It is Equally Valuable for Children

It Contains no Narcotic and is Safe and Sure

Ask your Druggist for it.

MAY NOT MAIL POST CARDS IN ENVELOPES

COLORING PICTURE CARDS NO LONGER BE TAKEN ENCLOSED AS SECOND CLASS.

ORDERS ARE NOW IN EFFECT

Concession Is Made to Purchasers of Special Request Envelopes in Another Recently Issued Order.

New orders governing the methods by which picture post cards may be mailed have been recently received by Postmaster Mangum and are now in effect.

The new order is aimed at the practice of mailing picture post cards in envelopes. Within the past few weeks dealers have placed on sale post cards enclosed in transparent envelopes.

The Order.

Post cards and postal cards mailed under cover of sealed envelopes (transparent or otherwise) are chargeable with postage at the first class rate—two cents at once or fraction thereof.

Requirements.

The only manner now in which post cards may be mailed in envelopes, and many of them are so mailed in order that they will not be marred by stamping in the postoffice.

It is stated that recently many of these post cards enclosed in envelopes with an opening in the upper right hand corner have been mailed.

Another new order which is now in force relates to the purchase of special request envelopes, or what is better known as stamped envelopes issued by the government.

Another Order.

Postmasters shall require the purchaser of special request envelopes to deposit with his order the difference between the schedule and the postage value of the envelopes.

The price of a thousand stamped envelopes of the common size, No. 5, is \$21.24, and in the past, persons ordering a thousand envelopes of the kind were required to deposit the full amount, \$21.24.

800 CANAL PASSAGES.

Boats Locked Through, Bound for Ports on Lake Superior.

Sault Ste. Marie, Mich., Nov. 18.—[Special.]—The upbound boats passing the canals the last twenty-four hours were the following: Algonquin, Presque Isle, 9:30 p. m.; Malleton, midnight; Creer, Davi Mills, Saxona, 12:30 a. m.; Midland King, 1:30; Midland Queen, 2:30; Lake Shore, 3; Widener, 5:30; McWilliams, Sathem, 9; Soeapa, 9:30; MeLouth, Meosta, 10:30; Masaba, 11; Frank Feavey, 11:45; Beech, 12:30 p. m.; Paliki, 2; Andrews, 3:30; Weeks, 4:30; Utica, 5; Waboonah, 5:30; Henry Smith, 7:20.

Marquette Port List.

D. S. S. & A. docks: Arrived—Mrs. The Fairbairn, Cort, Centurion and Hoyt, whose arrival has previously been reported, are still loading. The Flag and Thompson are due to arrive this morning.

J. S. & L. docks: Arrived—Presque Isle, Cleared—Rhodes, Ashabula. Loading—Angeline, Robbins, Wells.

The Griffin, Clyde, Masaba and Frontenac are at the coal docks.

Floods the body with warm, glowing vitality, makes the nerves strong, quickens circulation, restores natural vigor, makes you feel like a born again. Hester's Rocky Mountain Tea. 35 cents. The Stafford Drug Co.

RIOPELLE-MESSIER WEDDING.

Popular Young Couple to Be Married at French Catholic Church.

Miss Mildred Riopelle of 340 West Washington street and Arthur Messier of 903 North Third street are to be married this morning.

Miss Riopelle is the daughter of the well-known builder, Modeste Riopelle. She is popular and has a wide circle of friends.

HUNT POT HUNTERS.

Deer on Grand Island Tempt Men on the Mainland.

A. Q. Jopling came up from Munising yesterday. He reports that there has been some pot hunting on Grand Island this year.

The deer have thrived wonderfully on Grand Island, and an estimate of the number there is 1,500.

The Order.

Post cards and postal cards mailed under cover of sealed envelopes (transparent or otherwise) are chargeable with postage at the first class rate—two cents at once or fraction thereof.

It is stated that recently many of these post cards enclosed in envelopes with an opening in the upper right hand corner have been mailed.

ASSESSMENT AGAINST RAILROAD CANCELLED

MARQUETTE & SOUTHEASTERN WILL NOT HAVE TO PAY FOR BOULEVARD IMPROVEMENT.

ROLL CONFIRMED LAST NIGHT

City Finds That It Could Not Make Road Pay—Purchase of "Spring Street Lot" Is to Be Taken Up.

The assessment of \$473.99 against the Marquette & Southeastern railroad for the improvement of Lake Shore boulevard and Walnut street from Arch street to Hewitt avenue, was last night cancelled at the meeting of the city council.

Assessment Cancelled.

The assessment against the road was removed because it was found that the city could not collect it. It has been held in a number of court decisions that a railway right-of-way cannot be assessed for improvements made on highways along which they run.

The total cost of the improvement will be \$2,067.98. The amount which was assessed against property benefited was \$1,675.98, leaving the amount to be paid by the city, \$392.

Other Assessments.

A number of assessments against property owners for the laying of cement sidewalks in all parts of the city were last night presented to the council.

The question of acquiring the property at the foot of Spring street between Front and Lake streets, commonly called the Spring street lot, was brought up last night by Alderman Schauer.

This property, which is now used as a part of Spring street, has been owned for a long period by the South Shore. Upon a motion made by Alderman Schauer last night, Acting Mayor Asire named a committee to take up the question with the railroad.

A petition from Mrs. Emaline Palmer of 329 East Arch street, asking that the cement walk in front of her residence be chiseled in such a manner that danger to pedestrians in icy weather be removed, was referred to the street commission.

The petition presented recently by Dr. John O'Falvey, asking to be relieved of the payment of city taxes upon three houses, was granted last night.

Wood and Building Material Kelley Island lime, gypsum and wood shavings; hard plaster and hard finish plaster; plastering corners; fire clay; Asbest cement; Lake Shore sand, red brick, sewer pipe, drain tile, best Fibretto building paper; dry stove wood, hard and soft.

WANTED TO TRAVEL; BOYS LAND IN JAIL

MARQUETTE YOUTHS ARRESTED IN DULUTH AND ARE BROUGHT BACK TO FACE CHARGES.

Wentworth Small, aged nineteen and Willard Miller, aged sixteen, were yesterday brought over to the circuit court under bonds of \$500 each in the court of Justice of the Peace Byrne.

The two disappeared Friday last, and shortly after they were missed it was found that the cash had been taken from the Small home. The two boys were traced to Duluth and were apprehended there.

The prisoners were taken from a South Shore train by Detective Mead at the Union station Sunday morning. Their arrest followed telegraph advice from the police at Marquette to take Small into custody on a charge of purloining money from a relative, who is a telegraph dispatcher at Marquette.

The Marquette officials were at once advised of the arrest. The boys put in a dreary day in their cell and were denied the privilege of smoking cigarettes.

Finer garments to order including Ladies' garments of all styles. Ladies' Alaska Seal Skin Coats (guaranteed genuine Alaskan) and high grade made to measure

Prices \$35 to \$125

When they were brought back to Marquette they told Marshal Manning that they had hoodwinked the Duluth police when they were searched there and had concealed a large part of their money.
