STRAUSS WANTS MORE SCOPE.
HE WOULD EXTEND THE WORK OF HIS DEPARTMENT.
Mere Routine Machine Not Satisfactory to Secretary of Commerce and Labor—He Would Like to Do What European Governments Do for Promotion of Trade.

Washington, Nov. 26.—A "heart to heart talk" is what Secretary Strauss of the department of commerce and labor calls the distinct conference he will have with representatives of the leading commercial organizations of the country in his office Dec. 5. He desires it understood that the gathering is not to be a convention, or anything else but a quiet little assemblage of men with ideas who will come together to see if they can devise ways and means for increasing the commerce of the United States, both foreign and domestic. Mr. Strauss, as a practical business man, has an impression that the United States is being outdistanced by foreign countries in the race for trade and he also believes that something might be done, too, for domestic commerce. His personal view is that the United States needs to do what the countries of Europe are now doing, so far as foreign commerce is concerned—go after it and get it.

Wishes to Extend Work.
Mr. Strauss wants the representatives of the commercial organizations to come to the conference prepared to suggest possible points of extension of the work of the department of commerce and labor, which was organized primarily to promote the commerce of the United States, both at home and abroad. He has come to a realization of the fact that his department is settling down as a mere routine machine. He would like to see it doing more of the things that governments in Europe are doing for the promotion of commerce. At present there are four distinct lines of work followed by the department which have a bearing on the promotion of foreign commerce.

1.—The publication of the consular and trade reports.
2.—The publication of statistics of foreign trade.
3.—The employment of special agents, who visit foreign markets and report on opportunities for American trade abroad.
4.—The publication and furnishing of information relating to foreign tariffs and customs regulations.

Mr. Strauss will point out at the coming conference that France, Germany, England, Italy, Belgium and Russia now maintain commercial attaches in the principal commercial centers of the world. Some countries, Italy, for instance, have them attached to their embassies; others, like Germany, have them attached to their consulates. The suggestion has come to Secretary Strauss that the United States should maintain commercial attaches abroad. Their work, it is pointed out, need not in any way interfere with that of the special traveling agents. The department of commerce and labor hears all the time that the consuls of the United States are overworked.

For the purpose of showing how the United States is placed at a disadvantage when compared with other countries Secretary Strauss will point out at the coming conference that the staff of our consular general at Berlin consists of the consul general, the deputy consul general, drawing a salary of \$1,000 a year, and the three clerks drawing still smaller salaries in all a staff of five persons. The staff of the German consul general in New York consists of the consul general, one consul, three vice consuls, one commercial attaché, and a force of translators, clerks, etc., making a total staff of about thirty persons, or more than the United States has in its bureau of manufactures, which is charged with the promotion of the commerce of his country with the entire world.

Consuls Lack Time.

Secretary Strauss' information is, and he will so tell the business men he has asked to meet him, that as a result of such equipment our consuls have not sufficient time for study and investigation as most of their time is taken up with routine work, while the foreign office of the department of commerce in Germany is promptly supplied with up-to-date information on any matter which may have the remotest bearing on German interests in the United States or upon German-American relations anywhere in the world, because they have men of expert knowledge and free from routine work stationed in the principal centers of the world for that purpose. As an illustration of how handicapped the United States is it may be pointed out that the bureau of manufactures has to depend for its information as to pending or enacted tariff and other commercial legislation in foreign countries largely on the publications of the German and British governments, which are read in Washington long after most of the other countries have received them and acted on them.

The bureau of manufactures favors the plan of having commercial attaches stationed in the leading centers of the world. It has been suggested to Secretary Strauss that a good beginning would be made if they were attached to our consulates or embassies in Berlin, Buenos Ayres, Paris, London, Vienna, Constantinople, St. Petersburg, Yokohama and Shanghai. It is suggested that the duties of the attaches should be not only to report as to trade opportunities in the countries to which attached, but to watch the legislative and administrative work and report on it for the information of the United States government, to be used by it confidentially or otherwise according to the nature of the reports. Such attaches, it is suggested to the secretary, should spend a part of their time in visiting various sections of the country to which accredited, in order to make a personal study of the producing and distributing centers as seen in their everyday operations.

Congress Has Final Word.
Many other suggestions will come before Mr. Strauss' "heart to heart" conference for consideration. Of course it will be for congress to say whether the department of commerce and labor shall attempt to cope with the commercial departments of the European governments. That body in the past has never displayed overmuch friendliness in the subject. It has supported the bureau of manufactures in a half-hearted way, and it has never been disposed to provide for commercial attaches abroad.

Secretary Strauss is anxious to have it understood that the tariff is not to be considered at his "heart to heart" conference. He has his own ideas about how the tariff wall stands in the way of the extension of the foreign commerce of the United States, but he will not bring up the subject at this conference.

Don't Worry

The doctors tell us, it's WORRY that kills us. Worry pulls us down faster than we think. Mothers worry themselves sick over their children. A young fellow in love, if the girl says no, can't eat and gets thin. The man that's afraid something is the matter with him without knowing just what it is, loses his sleep and runs down generally. The man in debt gets no comfort out of life at all, unless he has security.

If you cut out the worry you can easily take care of your health. If you've made a mistake that bothers you, make it right as soon as you can. If you CAN'T make it right, tell somebody about it; get the best advice you can. GET RID OF THE WORRY, and you can cure a whole lot of the ills of the body with pure water and fresh air if you use them right. Pay a doctor ALL THE TIME to keep you WELL; don't wait until you're sick before you call him in.

ALL YOUR DEBTS PAID AND A BANK ACCOUNT BESIDES is what you want to try for. A bank account takes the WORRY out of the future.

HIGHEST RENT ON EARTH PER FOOT

Underground Cigar Booth in New York to Bring \$7,500 Per Annum.

MEANS 1880,000 SMOKES AT TWO FOR QUARTER.

New York, Nov. 26.—What is considered by experts one of the choicest bits of space in the world for business purposes has been leased for a long term of years at the highest per foot rental on the globe. It is underground, is twenty-two by twenty-two feet, and is the center of the 83,000 square foot concourse of the new Hudson Terminal buildings, extending from Cortlandt street under Dey street to Fulton, to be opened next year.

The booth is near the ticket office and close to and just between the points of ingress to an egress from the transit floor below, where the second floor from the street level. A conservative estimate is that more than 500,000 persons daily will pass to and from either side of the booth, which will be entirely of glass, open on three sides.

TAXES HIGHER THAN LAST YEAR

TOTAL OF \$210,517.32 WILL BE RAISED, EXCEEDING 1906 TAX ROLL BY \$32,188.94.

Taxes in Ishpeming will be somewhat higher this year than last. Last year \$178,328.38 was raised, and the amount this year will be \$210,517.32, an increase of \$32,188.94.

The large properties this year are assessed at practically the same figures as last. Several reductions in valuations were granted owners of small properties, but on the whole the valuations total about the same amount as in 1906. The rate per \$1,000 is to be \$31.65, the highest rate ever fixed here. The following is a comparative statement of the taxes in the several departments this year and last:

1907.	1906.
State tax	\$ 24,244.66
County tax	30,335.24
Contingent	27,500.00
School tax	56,653.00
Highway tax	35,000.00
County road	8,465.54
Sewer fund	9,000.00
Rejected	12.88
Library fund	6,653.00
Pire fund	6,000.00
Building (special)	6,653.00
Total	\$210,517.32

The increase and decrease in the several funds is shown in the following:

CHAMPION MAN HONORED.
 George M. Bellumour, a senior medical student at the University of Michigan, was elected to the student council as a member of that board from the senior medical class. This council is an organization which regulates the campus customs and governs the student body, consisting of 5,000 students. The members of the board are chosen strictly on their merits. No political canvassing for the office is tolerated by university authorities. To be chosen for it shows the high regard in which a man is held by his fellow students.

In the senior medical class election held the first of November, Mr. Bellumour was chosen as a member of the honor committee for that class, which goes to show he is held in high esteem by his class. Mr. Bellumour is also an assistant on Dr. De Nancere's surgery staff, and member of the Phi Chi medical fraternity.

OLIVER CLUB BOWLERS.
 The members of the Oliver club are now organizing teams. The first match between three-men teams was held Monday evening between the Indians and the Scouts, the former winning by twenty-nine pins, and the scores being as follows:

TURKEYS MORE PLENTIFUL.
Cold Weather of Past Few Days Has Helped Poultry Market Much.

A representative of one of the big beef concerns last week expressed the opinion that turkeys would be scarce and expensive for Thanksgiving. He said that the turkeys were not coming into the market as rapidly as they did a week or so before Thanksgiving last year, as the weather conditions were unfavorable. However, during the past few days the poultry has been coming in more rapidly than expected, and as a result of the heavy markets in some places the prices of turkeys and other poultry has dropped from one to three cents per pound.

The wholesale price on turkeys ranges from seventeen to twenty-one cents, according to the quality. The cold storage turkeys are selling at from one to two cents below fresh stock. Large turkeys are not plentiful, the average weight of the ones thus far received here being between nine and twelve pounds. Turkeys weighing fifteen pounds are unusually scarce.

THANKSGIVING OBSERVANCE.
Presbyterian and Methodist Congregations Will Conduct Union Services.

Union Thanksgiving services will be conducted Thanksgiving morning at 10:30 at the Presbyterian church. There will be special music by the choir and appropriate sermons will be preached.

Special Thanksgiving services will also be held Thursday morning at 10 o'clock at St. John's Episcopal church. There will be holy communion, followed by a sermon by Rev. Fredrick Lake, the pastor.

Thursday evening the Sunday School society of the Methodist church will conduct an entertainment at the church. The admission price will be twenty-five and fifteen cents. The money will be used to purchase Christmas books for the children.

The members of the Swedish-Finnish Temperance society will serve a dinner and supper at their hall on Teal Lake avenue Thanksgiving. The ladies of the organization will have charge of the affair. The charge will be fifty cents for adults and twenty-five for children.

Thanksgiving eve the members of the Degree team of the Modern Woodmen of America will conduct the second of a series of hops at McDonald's opera house. This will be the only public dance in the city this week, though there are to be two big parties at Ishpeming, the first on Thanksgiving eve by the fire department, and the other Friday night to be given by the Elks.

MUST REMOVE GARBAGE.
Street Commissioner Willman has posted notices about the city that the ordinance relative to the removal of garbage and ashes from the streets will be strictly enforced. It is announced that all persons who violate the ordinance will be arrested and fined, as provided by the charter. The highway department has been rather lenient with property owners relative to the disposition of ashes and garbage in the past, but many complaints were received that the board of public works has decided to enforce the ordinance.

SOLD PART OF FARM.
Dan Shea, who owned a 120-acre farm at Little Lake, has sold eighty acres of it to John C. Cederstrom, who has charge of the place for the last nine years. Mr. Shea homesteaded the farm about twelve years ago. More than forty acres of the portion purchased by Mr. Cederstrom were under cultivation last year. Mr. Shea reserves the mineral rights.

ISHPEMING FIREMEN'S BALL TONIGHT.

Seventeenth Annual Will Be a Big Social Event.

The Ishpeming Fire department will conduct its seventeenth annual ball tonight at Braastad's Hall. For a week or more past the members of the arrangement committee have been selling tickets and several hundred have been disposed of. The mining companies were, as usual, liberal buyers of the tickets, and the amount received from that source alone will pay the expenses of the ball. Dancing is to start at 9 o'clock. Clifford's orchestra of ten pieces furnishing the music. The program will consist of twenty-four regular numbers and there will be extras during intermission and after the completion of the regular dances. Several old time dances, including quadrilles, firemen's dances, and others, will be introduced. Supper will be served at midnight in the basement of the Presbyterian church.

The hall will be more elaborately decorated this year than ever before. This work is in charge of a large committee of which Arson Perrault is chairman. The members of the department will attend in uniform, and all will participate in the grand march, which will take place about 10 o'clock. A large number of out-of-town people are expected to be present. Tickets for the ball are \$1 per couple, with supper fifty cents per plate extra.

REV. CARLSON SURPRISED.
The members of the Swedish Methodist church congregation gave their pastor, Rev. O. W. Carlson, a surprise Monday evening at the church. More than 90 per cent of the members attended, nearly every seat in the church being occupied. Rev. Carlson was called from his home and was presented with a liberal purse. The choir sang several songs and the ladies served refreshments. Rev. Carlson is now in the sixth year of his pastorate. Under his charge the congregation has grown considerably.

THE DIAMOND BRAND

SOLD BY DRUGGISTS EVERYWHERE

Washington, Nov. 25.—When the army of clerks and officials reached the treasury department the other morning confusion reigned. It was discovered that a great plate glass mirror between the two doors leading into the reclamation division vaults, containing about \$6,000,000, had been shattered.

On the floor was a flattened bullet, and the cause of the damage was traced to the man who had fired at the time.

The most rigid inquiry at first failed to disclose anything. Then a watchman admitted that in the early hours he had heard pistol shots. Then another watchman stepped forth, a new man, who has been on duty only a week, and said:

"It was about 3 o'clock this morning when I was patrolling my beat. I stepped into the narrow corridor of the reclamation division when I saw the shadow outline of a man. I called to him to halt and then I pulled my pistol from my pocket. As I did so the man pulled his too, and I fired. Then I heard the locking glass smash, and I switched on the light and found I had made a blooming ass of myself. I hope you will excuse me. It won't happen again."

Bids will be opened in a few days for a new plate glass mirror.

Sons of St. George Society Decided to Increase Its Benefit Fund.

English Oak lodge, Sons of St. George, decided by a unanimous vote at its regular meeting Monday evening to increase the death benefit fund from \$75 to \$125, as proposed at a meeting held a few weeks ago. Under the by-laws it was necessary to vote on the proposition at three successive meetings and the meeting Monday evening was the last of the three. The by-laws will now be amended so as to provide for the increase. It is understood that the increased payment will become effective during the first quarter of the new year.

At the meeting Monday evening officers were elected for the ensuing six months, as follows:

Worthy President—Joseph Thomas.
Vice President—W. J. Borland.
Secretary—James H. Hawk.
Assistant Secretary—William Kelly.
Treasurer—George Williams.
Assistant Treasurer—Jessie Coombe.
Inside Sentinel—Wm. Collins, Jr.
Outside Sentinel—Charles Chapman.
Trustees—W. J. Thomas.
Past President—William Bath.
The installation will take place next Monday evening.

VOTE WAS UNANIMOUS.

LOCAL LAONICS.
Harry Soady of Iron Mountain was in Negaunee yesterday.

Joseph Terbert of Champion was a Negaunee visitor yesterday.

Robert Jackson, Jr., went to Sands yesterday to hunt with his friend, George Young.

The local court of the lady Foresters will hold its regular meeting Thursday evening.

Rev. Strandine, pastor of the Mission church and family, left yesterday for Gladstone, where he has accepted a call.

The Kruse home in Negaunee will be broken up this week. Miss Gertrude has decided to live with her sister, Mrs. R. S. Quinn, in Milwaukee.

William Remillard and Miss Rosie Gauthier, both of this city, were married yesterday morning at 6:30 o'clock at St. Paul's parsonage, Rev. Father Langner, the pastor, officiating.

Dr. Bergeron was called to Little Lake Monday evening to see John Paradise, who was reported critically ill. Joseph Barabe, a friend of the Paradise family, also went down. Mr. Paradise is well known in Negaunee, as he has been a frequent visitor to the city during the many years he has resided at Little Lake. He is a brother to the late William Paradise, who was drowned a few weeks ago at Lake Independence.

The supply of gas in the reserve tank at the Marquette County Gas & Electric company's plant was unusually low Monday evening and as a result the light was poor. The plant has been running to its capacity for the past few weeks, but the shortage would not have occurred had it not been for the fact that there was a leakage in the main, which was not located until last evening. A half dozen extra retorts are now being installed, and when they are in operation the capacity of the plant will be almost doubled.

RESOLUTIONS FRAMED IN PERMANENT SHAPE

PLANS FORMULATED AT RECENT TUBERCULOSIS CONGRESS ARE TO BE CARRIED OUT.

TO ASK SUPERVISORS TO ACT

Boards to Be Asked to Adopt Resolutions Which Will Be Addressed to Constitutional Convention.

The resolutions passed at the recent tuberculosis congress have been framed in permanent shape. The principal resolution is the one which provides that the various boards of supervisors shall each be asked to adopt a resolution asking the Lansing constitutional convention to include in the new constitution a provision granting counties permission to tax themselves to build an institution or institutions for the treatment of contagious or infectious disease.

The meeting was attended by representatives from the boards of supervisors of upper peninsula counties and physicians. It resolved itself into a permanent organization to be known as the Upper Peninsula Association for the Cure and Prevention of Contagious and Infectious Diseases. This organization was effected in the following resolution:

Organization. Whereas, the members of this conference are heartily in favor of establishing a sanatorium or sanatoria in the upper peninsula for the care and treatment of patients suffering with contagious or infectious diseases; and Whereas, we are desirous of perpetuating this most commendable movement; therefore, Be it resolved, That this organization be made permanent to be known as the Upper Peninsula Association for the cure and prevention of contagious and infectious diseases; and Be it further resolved, That this association be composed of one or more delegates from each of the several counties of the upper peninsula to be appointed by the boards of supervisors thereof, together with the county physician from each of said counties; and Be it further resolved, That the officers of said association consist of a president, secretary and treasurer; and Be it further resolved, That Dr. F. McD. Harkin be and hereby is elected president thereof, and Dr. George W. Orr be and hereby is elected secretary and treasurer; and Be it further resolved, That the president be and hereby is authorized and instructed to appoint such committees from time to time as he may deem necessary.

The second resolution is the one which is to be addressed to the various boards of supervisors. It included the form of resolution that it is desired that the various boards pass. It is as follows: To Board of Supervisors. Whereas, this convention heartily endorses the proposition to establish one or more sanatoria in the upper peninsula for the care and treatment of persons suffering with contagious and infectious diseases, and especially with tuberculosis; and Whereas, under existing laws there is no authority for counties to contribute to the support of such institutions; therefore, Be it resolved, That the board of supervisors of the respective counties of the upper peninsula be requested to adopt and forward to the constitutional convention, now in session at Lansing, the following resolution, which has this day been adopted by this convention, to-wit: "Be it resolved by the board of supervisors of _____ county now in session that the constitutional convention be requested to embody in the new constitution to be submitted to the people for approval, authority for the state, a county, or association of counties to appropriate money for the construction and maintenance of public and charitable hospitals, sanatoria or other institutions for the treatment of persons suffering with contagious or infectious diseases. In the third resolution it is provided to enlist the aid of county physicians throughout the upper peninsula. The beginning of the educational campaign planned is also provided for in this resolution. It is as follows: To County Physicians. Be it resolved, That the president of this association request the county physicians of the upper peninsula to address their respective boards of supervisors at their first opportunity and urge the adoption of the resolution addressed to the constitutional convention; and Be it resolved, That the president also request the secretary of the state board of health to forward copies of the pamphlets on tuberculosis in the various languages to the chairmen of the several boards of supervisors, for further distribution by said supervisors.

FIREMEN'S BALL TONIGHT.

Decorations for Event at Fraternity Hall Unusually Elaborate.

Fraternity Hall was probably never so well decorated as it is now, in preparation for the annual firemen's ball which is to be held tonight. The walls and ceiling are draped in ground pine, in which are clusters of crepe tissue hangings of various colors with Japanese lanterns and flags. The Morse Hose company this year has spared no effort to make the ball more successful than those of former years, and the indications are that all of their expectations will be fully realized.

The plans for the event have been in the hands of four committees of five members each. The committee on decorations is composed of Carl Siegel, Frank LaBonte, D. LaBonte, W. H. Johnson and Dan Mulally. The committee on arrangements is composed of Tim J. Downs, John Siegel, Martin Delaney, Frank Hanley and John Kind. Those on the reception committee are Tim J. Maney, M. V. Mulally, James J. Donovan, Phil Hopkins and P. F. Mulally. The floor committee is composed of P. J. Donovan, J. L. Dutscher, E. J. Kelly, Fred Price and Gus Varcrooks.

BLAMED WHISKEY.

Henry Brennan Sentenced to Serve Eighty Days for Theft of Guns.

Charged with the theft of two rifles, Henry Brennan was yesterday sentenced to serve eighty days in the county jail in the court of Justice of the Peace Byrne. Brennan admitted his guilt. He said that whiskey was to blame. Brennan was arrested by the property of Lemert Shappell of Cheboygan, Mich. Shappell fell asleep in the South Shore depot Monday and when he awakened he discovered that two rifles which he had laid on the seat beside him were missing. Brennan was arrested by the police. Brennan had disposed of the rifles to William Rivers, proprietor of a saloon on Baraga avenue. Shappell left yesterday for his home.

CAPTAIN GOES OVERBOARD.

Master of Steamer Choctaw Steps Off Dock Into the Icy Water.

Captain Kimble of the ore steamer Choctaw, which is now loading at one of the ore docks, while making his way yesterday morning fell into the water and after a period, during which he clung to one of the piles of the dock, was rescued by one of the crew of the Choctaw. Captain Kimble, with Captain West of the Pioneer and Captain Nye of the Pontiac, had spent the evening at a theater. After the show they played a game of billiards at Brown's billiard hall. Captain Kimble left his friends in the billiard hall, saying that he intended to go to his boat. He arrived at the dock and in the darkness began to feel his way along. He thought he had started along a wooden walk and had just struck a match to light his way when he lost his balance and fell into the water.

A stroke or two brought him to one of the piles to which he clung. A minute or two later he heard footsteps and he called out. The man he heard gave his assistance and the captain regained the dock. He suffered no ill effects from the ducking.

CHANCE FOR A TURKEY.

The Empires have issued a challenge to the Quakers for a match game to be played tomorrow afternoon at 3 o'clock. To the one rolling the highest score tomorrow a fat turkey will be given. J. P. Burley's record of 246 is the highest score that has been rolled so far, and this record will have to be broken or he will take the turkey. The alleys will be open to the public tomorrow morning at 8 o'clock.

CARD OF THANKS.

Remembering the many acts of kindness bestowed upon us in our recent bereavement, we desire to express our most heartfelt thanks to the many friends, as well as to the Swedish Baptist congregation, also the Swedish M. E. B. S. and Queen City tent, No. 558, S. O. T. M. They may rest assured their kindness shall forever remain fresh in our memory.

Our ready-for-service Apparel for Men Deserves its reputation

There is a law of compensation—and few instances of well-directed and persistent effort fail to bring deserved results.

We find our reward in an ever-growing confidence, an increasing clientele and an amount of advertising upon the part of those who wear our clothes that all the columns of all the papers could not furnish.

It is easily within your reach to "try out" our methods and our merchandise. We invite your interest with the hopes that we shall serve you so satisfactorily that you will become a permanent patron.

Our organization has never created garments worthier of your consideration than those comprising our current models of

Winter Suits and O'coats at \$20 to \$30

In these are shown a practically endless assortment of new patterns—and the variety of models is calculated to satisfy every personal ideal.

Furnishings for Men

Our furnishing sections are well stocked with wearables that appeals to the "man who cares." We're only a week behind New York haberdashers in showing the new things.

AT THE THEATER.

"The Top Sergeant" to Be Presented Tonight by the MacLean-Bryant Co.

"Virginia of Virginia" was presented by the MacLean-Bryant company last night at the opera house to a large audience. The play was a war-time story in which was related the wooing and winning of a daughter of the Confederacy by a Union officer. The scenes centered about an old southern home, and in one of them was pictured the celebrated Libby prison in which the hero for a period was imprisoned. P. G. MacLean, leading man, made quite as much of a hit in a little curtain speech that he made as he did by his acting. Tonight "The Top Sergeant" is to be presented. Tomorrow, it is announced, will be the banner day of the week. At the matinee "Prince Carl" will be produced and in the evening "Graustark," George Barr McCutcheon's famous play, will be given. The prices at the matinee will be the same as those in the evening, ten, twenty and thirty cents.

Young Woman Bags a Deer—

Miss Mina Fox of Manistique has the distinction of being one of the very few women in Northern Michigan who have been successful in killing deer this season. Her's was a fine, plump two-year-old buck, and she brought it down at the first shot, bagging the animal while beating the woods in the Silver Creek district of Schoolcraft county with a party of friends. As far as reported not more than three deer have fallen as trophies this fall to the skill of upper peninsula's hunters among the gentle sex.

Pulpwood in Demand—

While there are many companies and jobbers dealing in forest products who because of the present financial stress are backward about starting their season's operations in the woods, there are many others who are planning to put in the usual amount of timber this winter. Especially is this the case with those who cut pulpwood. Dougald McGregor, a Schoolcraft county operator, is one of these, and he will give employment to a force of fifty men at his camps six miles north of Whitewater. Pulpwood will make up the bulk of his cut, and all of this class of timber will go to the big paper mill at Rhinelander, Wis. Chopping will begin Dec. 1 and will continue until late in the spring.
