

TRADE REPORTS SHOW GOOD TONE

Both Bradstreet's and Dun's Reviews Indicate Much Improvement in General Situation During the Past Week.

Premium on Currency Has Practically Disappeared, Easier Money Has Led to More Liberal Marketing of Country's Products and Retail Trade Is More Active, With Holiday Business Coming in—Lumber Trade Is Quiet, With Lower Prices.

New York, Nov. 29.—Bradstreet's will tomorrow say... The improvement in the tone of financial affairs has become more widespread...

For one thing, the security markets have displayed more evidence of a healthy strength than for a long time past. The money market has shown signs of loosening up...

With the easing in the money situation has come a more liberal marketing of the country's products and the grain receipts at the interior markets are certainly larger...

The price situation as a whole, however, shows signs of a readjustment to the changed conditions of demand...

Collections are still very poor, with numerous extensions being asked and in many cases granted.

Reports of an especially quiet trade come this week from lumber, prices for which are easier and the production of which is being restricted.

The failures in the United States for the week were 250 against 174 in the corresponding week in 1906...

Bank Clearings. The total bank clearings, as compiled by Bradstreet's, for the principal cities of the United States the past week were \$1,731,755,000 against \$2,575,995,000 in the corresponding week last year.

Dun's Trade Review. R. G. Dun & Co.'s trade review is as follows: Confidence is returning, but conservatism is still much in evidence...

OUTGO OF ALIENS LARGE Eight Ships Sail from New York Tomorrow With 12,000 in Steerage.

New York, Nov. 29.—The extraordinary rush of aliens to Europe continues unabated and eight steamships, sailing eastward tomorrow, will carry over 12,000 steerage passengers...

The steamship President Lincoln, sailing next Thursday, will break all records for the number of steerage passengers carried by one ship...

More closed banks have resumed, gold has arrived from Europe in large volume and the bank note circulation is expanding in response to the special facilities offered by the treasury...

WEST SCORES WALL STREET. Shaw Tells New York Bankers They Have Lost Prestige by Selfishness.

New York, Nov. 29.—Leslie M. Shaw, former secretary of the treasury, now president of the Carnegie Trust company, has returned to New York from Chicago, where he conferred with many bankers regarding the financial situation...

"The West has lost confidence in the East. It will cost us here millions of dollars before we regain the prestige and cordial relationship of the past."

When the surprise had subsided the explanation came. McNadd and Miss Mesiter were engaged when a year ago McNadd obtained a position at the Jamestown exposition...

"The bankers of Western cities have no love now for the bankers of New York. They had placed their money on deposit here, but when they asked for it they were refused. They say New

York sought to protect only itself and tied up everything so that all the rest of the country was forced to adopt urgent measures to save itself."

CHIEF WITNESS POISONED. Mexican Secret Service Man in Serious Condition in Los Angeles.

Los Angeles, Cal., Nov. 29.—Said to be in daily fear of being killed since his arrival here Monday, Trinidad Vasquez, a secret service officer in the employ of the Mexican government...

WILL REPEAT EXERCISES. Army and Coast Militia Maneuvers This Year Unqualified Success.

Washington, Nov. 29.—Gratified by the excellent results attending the joint army and militia coast defense exercises this year, the war department proposes to repeat them next season...

EVIDENCE ALL IN Arguments in Bradley Murder Case Will Begin This Morning.

Washington, Nov. 29.—The presentation of the evidence in the Bradley case was concluded today and the court adjourned until tomorrow morning...

The testimony of the two government insanity experts, Dr. Edward H. Brush of Baltimore, and Dr. Smith Ellis Joliffe of New York...

Rev. David H. Utter, pastor of the Unitarian church, Denver, Colo., who has in former testimony been referred to as "the priest," was placed on the stand...

Reports of an especially quiet trade come this week from lumber, prices for which are easier and the production of which is being restricted.

THE DUMA MUST HEED CUES. Premier Stolypin Says Administration Will Outline New Laws.

St. Petersburg, Nov. 29.—The declaration of the government read by Premier Stolypin before the Duma today was received with dismay by the Octobrists and Constitutional Democrats...

St. Petersburg, Nov. 29.—The extraordinary rush of aliens to Europe continues unabated and eight steamships, sailing eastward tomorrow, will carry over 12,000 steerage passengers...

NEBRASKA BANKER WILL CEASE FINANCIAL RELATIONS WITH NEW YORK. Omaha, Nov. 29.—"I am president of three banks in Nebraska and I have been keeping money on deposit in New York, but from now on I will transfer my exchanges to Chicago and cease relations with New York..."

WILL DEPOSIT IN CHICAGO. Nebraska Banker Will Cease Financial Relations With New York.

Omaha, Nov. 29.—"I am president of three banks in Nebraska and I have been keeping money on deposit in New York, but from now on I will transfer my exchanges to Chicago and cease relations with New York..."

JOKE ON GUESTS. Invited to Wedding, but Saw No Ceremony.

New York, Nov. 29.—Feelings of surprise, disappointment and pleasure were mingled in the guests that gathered at the home of Miss Lillian Mesiter in the Bronx last night to witness her wedding to Charles McNadd.

The guests saw the bride in her gown of white and orange blossoms; they saw her with the groom take her place before the minister, but they saw no wedding. Instead, the minister, the Rev. John Whiting of the Webster avenue Congregational church, turned to the assembled guests and said:

"Ladies and gentlemen, I take great pleasure in announcing that I married this couple a year ago."

When the surprise had subsided the explanation came. McNadd and Miss Mesiter were engaged when a year ago McNadd obtained a position at the Jamestown exposition...

"The bankers of Western cities have no love now for the bankers of New York. They had placed their money on deposit here, but when they asked for it they were refused. They say New

FOREIGN POLITICS VON BUELOW'S THEME

Chancellor Held the Attention of the Reichstag Yesterday With Comprehensive Address on the Subject.

Denies That Germany Has Twice Been on Verge of War in Recent Years, but Says She Is Always Ready to Uphold Her Honor—Germany Does Not Regard Russo-British Agreement as Aimed at Her—Best Policy to Remain Watchful and Fearless.

Berlin, Nov. 29.—Chancellor Von Buelow delivered a comprehensive speech in the Reichstag today, relative to foreign politics. He referred to the seriousness of the situation in Morocco and hinted that some of the sacrifices of European lives would not have occurred had the international police provided for by the Algeiras convention been organized in June.

Germany, he declared, was awaiting developments with calm reserve. Referring to the assertions that Germany in recent years has twice been on the verge of war, he said that in 1904, during the emperor's voyage to the Mediterranean, and later in consequence of the crisis in Morocco, Von Buelow declared that neither Emperor William nor President Loubet thought of war in 1904.

While the crisis in Morocco never could have led to war, the chancellor continued, Germany was, however, always ready to defend her honor. Germany regarded the Russo-British agreement, the chancellor continued, as not directed against her. As to the closing of Germany, he added, he had nothing to say except that the best policy is to remain watchful and fearless.

In connection with Emperor William's visit to England Von Buelow expressed the greatest satisfaction. He believed, he said, that the future would show that the strained relations between Germany and Great Britain were based on misunderstanding.

VERDICT FAVORS INDIANS. Sioux Trust Funds Can Be Used to Maintain Catholic Schools.

Washington, Nov. 29.—The government won a notable victory over the White river band of Ute Indians of Utah. The red men have decided to go to work. A week or so ago the Utes were dodging manual labor and declared that before they would paint and feather a telegram received at the Indian office dated at Rapid City, S. D., says that 130 Utes have arrived there and are now located in a permanent work camp.

Additional Ute braves are expected at Rapid City today. The Utes who are now encamped at Thunder Butte on the Cheyenne reservation in South Dakota, in a week or so all of the male adults of the tribe are expected to be at work helping to build railroads.

The Indians have not only consented to go to work, but they have acquiesced in the proposal of the government that their children shall be sent to school. This comes to an end what promised to be an Indian uprising.

FEDERAL ATTORNEYS OVERRULED. Judge Anderson Decides in Favor of Walsh on an Important Point.

Chicago, Nov. 29.—Another effort to get before the jury the personal accounts of John R. Walsh, former president of the Chicago National bank, who is on trial, charged with misapplying funds, failed in the United States district court today. After several hours of argument Judge Anderson again ruled against the government's attorneys, declaring that to allow B. B. McKay, Walsh's private bookkeeper, to testify about the defendant's personal checks would put Walsh in the position of testifying against himself.

WILL CONTEST OHIO. Foraker Makes It Clear That He Will Fight Taft for Delegates.

Washington, Nov. 29.—Senator Foraker made it clearly known today that he will contest the Ohio delegation to the Republican national convention with Secretary Taft. This decision is set forth in a letter, made public today, to Conran J. Mattern, the vice president of the Ohio Republican league, who forwarded to Senator Foraker a copy of the resolutions adopted by the advisory and executive committee of the league, endorsing Foraker for the senatorship and for the presidential nomination.

He defends his course in relation to the passage of the railroad rate bill and insists that the necessity that the railroads spend millions annually in improving their facilities makes this a bad time to hamper them in any unnecessary way by legislation.

GENERAL GETS FREE HAND. Paris, Nov. 29.—Pinet has decided to give General Bailloud, commanding the French troops in Algeria, an absolutely free hand to enter the roads by the tribesmen of the frontier of Algeria and to punish the Arabs.

Lalla (Magnia) Algeria, Nov. 29.—An engagement took place today at Adjerid between the French troops and the Beni and Nasson tribesmen at Adjerid. No details have been received.

SERIOUS ENGAGEMENT REPORTED. Lalla, Magnia, Algeria, Nov. 29.—A serious engagement is reported to have occurred today between the French troops and the Beni and Nasson tribesmen at Adjerid. No details have been received.

WEATHER FORECAST

Washington, Nov. 29.—The following is the weather bureau's forecast for Upper Michigan: Snow Saturday and probably Sunday; variable winds.

MARKET WAS BOUYANT

Reflected Conclusion That December Settlements Would Cause no Liquidation of Stocks.

New York, Nov. 29.—Human motives, which always lie back of the action of the stock market, were rather more easily discerned today than usual. The halting, irregular movement of the early market was quite plainly a reflection of the dread that the exigencies of the December 1 money settlements would bring out some forced liquidation, and the buoyant tone which developed later was evidently due to a conviction that the December settlements were not to entail a serious burden on the market.

The scarcity of stocks, except when some special supply was forced out of a loan, has been a conspicuous feature of the market for some time past. The holders of stocks are clearly determined not to sell them at the present unprofitable level, except as they may be obliged to do so by the maturing of money obligations on which extensions are refused.

With the lifting of that kind of pressure today it was found easy to bid up prices rapidly, with the absorption of comparatively light supplies of stock on the way up.

The same process is going on in the bond market. The decision to discontinue the offer of United States treasury 3 per cent certificates was accepted as testimony that the need for this emergency money was considered to be passed.

The premium on currency continued to decline and is expected to disappear as soon as the end of the monthly payroll needs is passed. A gain of \$3,075,000 by the banks on sub-treasury operations for the week, to which should be added several millions of United States gold coin imported and not figuring in the sub-treasury operations, shows that the force of the tide of imported gold has overtaken that of the forwardings to the interior banks.

The country's demands for currency are infinitely shown by this test to be satisfied. The rise in the prices became rather impetuous in the late dealings, but this was attributed in part of the retreat of the uncovered short interest.

UTES WILL GO TO WORK. Government Wins an Important Victory Over Indians.

Washington, Nov. 29.—The government won a notable victory over the White river band of Ute Indians of Utah. The red men have decided to go to work. A week or so ago the Utes were dodging manual labor and declared that before they would paint and feather a telegram received at the Indian office dated at Rapid City, S. D., says that 130 Utes have arrived there and are now located in a permanent work camp.

Additional Ute braves are expected at Rapid City today. The Utes who are now encamped at Thunder Butte on the Cheyenne reservation in South Dakota, in a week or so all of the male adults of the tribe are expected to be at work helping to build railroads.

The Indians have not only consented to go to work, but they have acquiesced in the proposal of the government that their children shall be sent to school. This comes to an end what promised to be an Indian uprising.

FEDERAL ATTORNEYS OVERRULED. Judge Anderson Decides in Favor of Walsh on an Important Point.

Chicago, Nov. 29.—Another effort to get before the jury the personal accounts of John R. Walsh, former president of the Chicago National bank, who is on trial, charged with misapplying funds, failed in the United States district court today. After several hours of argument Judge Anderson again ruled against the government's attorneys, declaring that to allow B. B. McKay, Walsh's private bookkeeper, to testify about the defendant's personal checks would put Walsh in the position of testifying against himself.

WILL CONTEST OHIO. Foraker Makes It Clear That He Will Fight Taft for Delegates.

Washington, Nov. 29.—Senator Foraker made it clearly known today that he will contest the Ohio delegation to the Republican national convention with Secretary Taft. This decision is set forth in a letter, made public today, to Conran J. Mattern, the vice president of the Ohio Republican league, who forwarded to Senator Foraker a copy of the resolutions adopted by the advisory and executive committee of the league, endorsing Foraker for the senatorship and for the presidential nomination.

He defends his course in relation to the passage of the railroad rate bill and insists that the necessity that the railroads spend millions annually in improving their facilities makes this a bad time to hamper them in any unnecessary way by legislation.

GENERAL GETS FREE HAND. Paris, Nov. 29.—Pinet has decided to give General Bailloud, commanding the French troops in Algeria, an absolutely free hand to enter the roads by the tribesmen of the frontier of Algeria and to punish the Arabs.

Lalla (Magnia) Algeria, Nov. 29.—An engagement took place today at Adjerid between the French troops and the Beni and Nasson tribesmen at Adjerid. No details have been received.

SERIOUS ENGAGEMENT REPORTED. Lalla, Magnia, Algeria, Nov. 29.—A serious engagement is reported to have occurred today between the French troops and the Beni and Nasson tribesmen at Adjerid. No details have been received.

LEADERS PUZZLED OVER MONEY BILL

Those Reaching the Capital Say Situation Is Perplexing One, and That Thought Has Not Yet Crystallized.

Senator Aldrich, Chairman of Committee on Finance, Expected Tomorrow and Will Take Up the Question With Allison, Cannon and Others—Bill May Be Originated in Senate—Plan to Have Speaker Name Democratic Members of House Committees.

Washington, Nov. 29.—As the date for the opening of the Sixtieth Congress approaches, it becomes more evident that the financial question will receive first consideration at the hands of that body. Members of both houses who have already arrived confess that the situation is a difficult one and there has as yet been very little crystallization of thought on the subject.

A number of informal conferences have already been held and more must be held before anything like a program can be announced. Senator Aldrich, the chairman of the senate committee on finance, which committee will have to deal with the question for the senate, is expected in the city tomorrow to take up the question with some of the leaders, including Senator Allison and Speaker Cannon, who are now here.

There is a disposition toward having the proposed legislation originate in the senate instead of in the house, because the senate is organized and the house is not. Proposes an Innovation.

Washington, Nov. 29.—At a caucus of the Democratic members of the house, scheduled for tomorrow afternoon, Representative Jones of Virginia will introduce a resolution that all the appointments to committees shall be made by the speaker.

The purpose is to take out of the hands of John Sharp Williams the managing of the Democratic side of the house committees. Representative Jones says that he does not aim at discrediting Mr. Williams, but looks upon the plan of authorizing him to select the minority members of the committee as a "shrewd move on the speaker's part to disrupt the Democratic side of the house. If he can repeat it this year the result are apt to be specially disastrous to the Democratic party. If the Democrats, however, held solidly together during this session I believe we have a splendid chance for a Democratic house in the next congress."

GERMAN BANKER SAYS U. S. NEEDS ELASTIC CURRENCY. Monetary Reform Urged to Restore the Saken Confidence of European Financiers.

Berlin, Nov. 29.—Director Rudolph Koch of the Deutsche bank, was today asked for an opinion on the proposed central bank for the United States. He said: "It is imperative that the United States reform its monetary system to prevent future crises. The confidence of the European public has been sorely shaken by the letting fall out of the finest United States securities. Investors here are trying to get rid of shares, as a consequence, and refuse even bonds."

"The agrarians insist that America is responsible for the high discount rate of the Reichsbank. The United States needs a more elastic currency. Many remedies have been suggested, but the best solution is a central bank with monopoly of notes, like the German system, recommended last year by the New York chamber of commerce."

"In Germany, the Reichsbank and several state banks are authorized to issue notes up to a certain amount of their capital stock. A certain percentage of the notes is free from tax, which increases as it approaches nearer to the limit."

"If a central bank is impossible, national banks should be authorized to increase their note issues up to a certain percentage of their capital stock, with a similar rate tax."

RAILROAD MAN MOVES UP. St. Paul, Minn., Nov. 29.—It was announced today that G. A. Goodell, who resigned the general superintendency of the Great Western railroad yesterday, will become the general superintendent of the middle division of the Great Northern.

Goodell will be succeeded on the Great Western by Otto Cornelison, who is at present the superintendent of transportation of that road.

FAMILY ROW ENDS FATALY. Knox, Ind., Nov. 29.—During a family quarrel Carl Farina shot and killed his brother-in-law, Philip Mudgett, at Bass Lake this afternoon. Farina fled and has not yet been apprehended. The victim was a stepson of the late George Souville, an attorney who is said to have defended Guiteau, the assassin of President Garfield.

DEFENSE MAKES ADMISSIONS. Georgetown, Ky., Nov. 29.—In the Powers trial today after E. H. Berryman had sworn that he heard the shot which apparently came from a window in the secretary of state's office and saw Goodell fall to the ground, the defense announced that it would admit that the shot was fired from the office of the secretary of state, would admit the nature of the wound and that it caused Goodell's death.

BENNETT FOUNTAIN DEDICATED.

Was Presented to New Haven, Conn., by a Life Long Resident.

New Haven, Conn., Nov. 29.—A marble fountain, bearing the simple inscription "Philo Sherman Bennett gave this to the city," was dedicated today. The gift was provided for by the will of Mr. Bennett, who was a New York merchant but a lifelong resident here, and whose will was administered by William Jennings Bryan, his close friend. Bryan presented the fountain to the city during the exercises.

SUNDAY AMUSEMENTS DOOMED.

Significant Action Taken by Federal Judge in Kansas City.

Kansas City, Nov. 29.—Federal Judge Smith McPherson today handed down a decision dissolving the injunction recently granted to the local theatrical managers prohibiting the county officials from closing the theaters on Sundays. Judge McPherson asserts that he has no jurisdiction. The decision is a far reaching one, in that it practically seals the fate of all Sunday amusements in Kansas City.

GRADE CROSSING HORROR.

Waterbury, Conn., Nov. 29.—Five factory employes were killed this morning at a street crossing, when a freight train struck a trolley car containing twenty-five persons. All the passengers killed were badly mangled. Six others were severely injured.

BRYAN WELL RECEIVED

Nebraskan Addressed Two New Haven Audiences Yesterday on Democratic Principles.

New Haven, Conn., Nov. 29.—Wm. J. Bryan received a warm welcome this afternoon, when he addressed the New England Progressive Democratic league. Mr. Bryan expressed his great appreciation of the work of the league, and said that he believed the time was not far distant when the members will rejoice over a victory won, and that he hoped to be with them when they rejoiced.

Mr. Bryan said that in the Republican party there are stand-patters and reformers. The former element is the life of the organization and, he said, he had no doubt that the reform element will win within the Republican party, just as it has won in the Democratic party. In the next campaign, said Mr. Bryan, the Democratic platform will be progressive, definite, positive, and one the people can read and understand.

"We have had in the past," he said, "platforms which read one way before election and another way after election. People were betrayed. Now there is an awakening of conscience. We have not got to invent principles. Every situation can be met by the old principles. Everything the party has stood for has been vindicated. Our principles as a party have been vindicated, in a negative way at least, by the party in power. The signs all point to a great support for these principles."

In his Woolsey hall address on "The Individual and the State," Mr. Bryan pleaded for the support of the interests of the people against the special interests, praised President Roosevelt for his policy toward corporations, criticized in strong terms swollen fortunes and declared that embezzlement of power should be punished, as well as embezzlement of funds.

TAFT HAS SOLDIER GUARD Report of Plot to Wreck His Train Leads to Unusual Precautions.

Pensa, European Russia, Nov. 29.—The police of Ufa were alarmed last night, owing to a report that an attempt was made to blow up the train bearing Secretary Taft and party towards St. Petersburg, and fifty soldiers were stationed in the corridors and vestibules of the cars at Ufa and remained on guard until morning. The train proceeded slowly and with great caution throughout the night.

Secretary Taft will be received by Emperor Nicholas Tuesday morning next and a reception by Minister of Foreign Affairs Isvolsky has been offered for Wednesday night, conditional upon the ability of Secretary Taft to delay his departure from St. Petersburg until Thursday. He probably will leave for Hamburg Thursday noon.

Montgomery Schuyler, Jr., charge d'affaires of the American embassy at St. Petersburg, has notified Secretary Taft that a nobleman will be appointed by Emperor Nicholas as his personal aide during his stay in St. Petersburg. Secretary Taft knows nothing of the rumor that Emperor William will meet him at Hamburg.

REQUISITION FOR MURDERER. Illinois Man, Who Broke Jail, Will Be Brought Back from Oklahoma.

Springfield, Ill., Nov. 29.—Governor Deneen today issued a requisition on Governor Haskell, of the new state of Oklahoma, for the return of Martin Dreyfus, alias John Leonard, who was being held in jail at Pevria on the charge of having murdered Floyd Churchill, at Princeton, Oct. 9, 1907. On Oct. 25, Brophy overpowered the guard of the jail and escaped. He is under arrest at Wilberton, Okla. This is the first requisition issued by the governor of Illinois upon the governor of the new state.

BAD FIRE AT HIBBING, MINN. Duluth, Minn., Nov. 29.—Fire which started in the Miles hotel at Hibbing, Minn., today destroyed the hotel building, theater building, and two adjoining stores. The guests in the hotel were forced to flee in their night clothing. The loss is \$50,000.

TWO MEN SHOT DOWN. Bloomington, Ind., Nov. 29.—Frank McCoy, forty years old, was shot and killed and his father, Joel McCoy, fatally wounded today, when Edward Ford opened fire on them with a revolver. The shooting was the outcome of charges by Ford that the boys had poisoned several of his horses. Ford claims he shot in self defense.

WIRE MANUFACTURER DEAD. Jacksonville, Fla., Nov. 29.—Everett B. Webster, president of the National Steel and Wire company, with subsidiary companies at Dekalb, Ill., and on the Pacific coast, is dead, aged thirty-eight years.

WILL WAIT FOR ORDER. Lisbon, Nov. 29.—The government states that it has been decided not to hold the elections until the political agitation has subsided, even if it involves waiting until the end of 1908.

ALLOTMENTS ARE FINALLY CLOSED

None Made Since Announcement That No More Subscriptions for 3 Per Cent Certificates Would Be Considered.

Believed That Total Will Not Materially Exceed \$25,000,000, Subject to Retirement at Option of Government—Secretary Cortelyou Continues to Listen to Currency Relief Plans, Without Committing Himself—Central Bank of Issue in Favor.

Washington, Nov. 29.—The final closing of the allotments of the 3 per cent one-year certificates was definitely announced by Secretary Cortelyou today. He declared that no allotments had been made or would be made after his announcement of Wednesday night that no further subscriptions would be considered.

As the matter stands, practically all the allotments are to the national banks which have agreed to take out circulation and in the majority of cases have indicated their willingness to surrender the certificates before maturity, upon the payment of the accrued interest on the date of the redemption.

Information is still withheld at the treasury as to the amount of allotments made, but such information as is obtainable indicates that the total will not materially exceed \$25,000,000. Secretary Cortelyou continues to listen attentively to representations in regard to proposed currency measures, but he does not commit himself beyond admitting the general necessity for intelligent legislation. The project of a central bank of issue seems to have gained supporters among the bankers and the members of congress arriving here, and it is already certain that several comprehensive bills on the subject will be introduced. One of these bills will probably embody the views of George L. Roberts, president of the Commercial National bank of Chicago, who, with Comptroller Ridgely, is among those who have recently become convinced that such a measure is the best cure for the monetary difficulties.

Resume Currency Payments. A report reached the treasury department today that the Chicago banks would resume currency payments next Monday. In commenting on this fact, Secretary Cortelyou said that his information was that the banks in all the great money centers were gradually getting back to normal conditions as to currency. In nearly all parts of the country the reserve banks are meeting drafts sent by their interior correspondents on account of interest revenue and other government receipts, evidence of which is shown in today's treasury statement which shows the customs receipts to have been \$1,336,450 and the internal revenue receipts \$1,657,251, which are even larger than under normal conditions.

The internal revenue receipts have fallen off this month compared with the same month a year ago by about \$4,065,000 and the customs receipts by about \$3,900,000. Part of this decrease is due to the difficulty of obtaining currency for making payments which otherwise would be made, but it is believed that a considerable part is due to an actual decline in business.

Currency Premiums Low. New York, Nov. 29.—The premium on currency which has been paid in this city for the last few weeks almost disappeared today. The rate of premium went as low as 5/8 of one per cent, but subsequently advanced to 3/4 on a demand for cash for Saturday's payrolls. The important fact is that since the currency stringency began reached \$80,000,000 today, when the sub-treasury received \$1,500,000 in United States gold coin from Mexico.

London, Nov. 29.—The United States bought 100,000 pounds English money, in gold from the Bank of England today.

FAILED TO GO OFF. Pittsburg, Nov. 29.—Dynamite encased in a piece of lead pipe to which a fuse had been attached and the end of it lighted, was discovered on the porch of Joseph Battaglia's home today. Only the failure of the fuse to burn properly prevented an explosion which would have blown several houses into atoms. Battaglia recently received letters demanding money and threatening death on failure to meet the demands.

TWO MEN SHOT DOWN. Bloomington, Ind., Nov. 29.—Frank McCoy, forty years old, was shot and killed and his father, Joel McCoy, fatally wounded today, when Edward Ford opened fire on them with a revolver. The shooting was the outcome of charges by Ford that the boys had poisoned several of his horses. Ford claims he shot in self defense.

WIRE MANUFACTURER DEAD. Jacksonville, Fla., Nov. 29.—Everett B. Webster, president of the National Steel and Wire company, with subsidiary companies at Dekalb, Ill., and on the Pacific coast, is dead, aged thirty-eight years.

WILL WAIT FOR ORDER. Lisbon, Nov. 29.—The government states that it has been decided not to hold the elections until the political agitation has subsided, even if it involves waiting until the end of 1908.

MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Entered as mail matter of the second class on the postoffice at Marquette, Mich.

Mr. General Business appears to be feeling a little better, even if he isn't entirely convalescent.

Tammany wants it understood that it isn't pledged to Mr. Bryan.

A delegate proposed to strike out the provision in the present constitution authorizing salaries for prison chaplains, and the best reason he had to offer appears to have been that chaplains for the legislature can't be paid.

Pennsylvania defeated Cornell in a decisive manner. Defeating Cornell has gotten to be pretty much of a habit with the Quakers, as a survey of their long series of games shows.

It is reported that the University of Pennsylvania is not inclined to give Michigan a place on its football schedule next fall.

The man who tells "fish" stories must yield the palm to the authors of some of the deer stories that have been going the rounds of the press the past few weeks.

The manufacture of cigars at the Marquette prison is to be discontinued, but there will be a somewhat further extension of the manufacture of overalls.

SUPERIOR TRUST COMPANY HANCOCK MICHIGAN Capital - - \$150,000

to help pay for their own support, so the fight promises to be an uphill one.

The day of clearing house certificates, circulating in lieu of currency, promises to be a brief one.

As already announced in this column the art department will hold a fair and sale of Christmas articles next week.

THE ANNUAL SLAUGHTER.

This week there was published a statement of hunters killed during the open game season in the woods of northern Michigan and northern Wisconsin.

All the accidents included in the tabulation have been verified, and there is no doubt that the statement is authentic as far as it goes.

There have been a large number of "thought-it-was-a-deer" fatalities and accidents. They show little or no falling off from previous seasons.

The moral is, of course, the need of greater caution in handling guns and care on the part of all hunters that they know absolutely what they are shooting at before they pull the trigger.

A HARD DEBT TO PAY. "I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa.

OVERCOMES ALL THE RHEUMATISM

A Mixture Easily Prepared at Home, Which Forces the Kidneys to Filter Uric Acid and Waste from the Blood.

A large New York health publication tells its readers of a number of simple and safe prescriptions that can be made at home.

A well-known local druggist states that this mixture acts directly upon the eliminative tissues of the kidneys.

IRON TRADE CONDITIONS.

In discussing the iron trade conditions for the week the Iron Trade Review remarks that with the improvement in financial conditions there is a more hopeful feeling and also an increasing confidence that when the bottom prices are reached there will be a buying movement of considerable volume.

During next week the institute for Marquette county will be held. The instructors are: Professor S. E. Laird of Ypsilanti, Superintendent Scribner of Ishpeming and Principal Kaye of the Normal.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble.

OLIVE STODDARD, Electrolysis Treatment. Removal of superfluous hair, moles and warts.

CHICHESTER'S PILLS THE DIAMOND BRAND. Largest Sellers of Stoves and Ranges in the World.

Northern Normal Notes.

Miss Mabel Chase, of the music department, spent the Thanksgiving vacation with friends at Wauwaton, Wis.

The Normal will be closed Monday afternoon on account of the institute.

School closed Wednesday evening for the week. Many of the students have gone home or else to near-by towns to visit friends.

Hon. Henry Libby, of Minneapolis, spent part of his vacation in this city, visiting his cousin, Miss Katherine Libby, of the training school.

Principal Kaye and Dr. Anderson returned Wednesday evening from St. Ignace, where they conducted an institute during the first three days of the week.

Miss Bertha Winn, of Ironwood, at one time a student at the Normal, is spending the vacation in Marquette, the guest of Miss Bates, head of the kindergarten department.

At assembly Monday morning Ward B. Miller, of the department of geography, told of the formation of the earth's crust, and the reasons for the general location of the various metals.

During next week the institute for Marquette county will be held. The instructors are: Professor S. E. Laird of Ypsilanti, Superintendent Scribner of Ishpeming and Principal Kaye of the Normal.

BETTER THAN SPANKING. Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble.

OLIVE STODDARD, Electrolysis Treatment. Removal of superfluous hair, moles and warts.

CHICHESTER'S PILLS THE DIAMOND BRAND. Largest Sellers of Stoves and Ranges in the World.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund if it fails to cure.

NEW FOX VISIBLE TYPEWRITER More ESSENTIAL Features Than Are Found on Any Other Visible Machine.

"Solid Comfort"

Copper Country

ELKS GO TO ISHPeming.

Will Produce Successful Show in Ishpeming Theater.

The members of the Hancock Elks minstrel show will become a touring organization for one consecutive performance today. They are going to Ishpeming tonight to appear for the Ishpeming lodge in the antlered order. In the troupe there will be 30 people—30 count 'em—including a reasonably full orchestra. There will be a number of people not members of the company who will take the trip.

The Ishpeming Elks are making preparations to entertain the visitors and for a starter will take these immediately on their arrival, to a hall where supper will be served. Following the show the Elks will be given a reception.

The people of Ishpeming and other parts of the iron country are assured that they will see in this show one which will entertain and interest them every minute, a show which travels at a merry clip all the time, never leaves the audience waiting and always leaves 'em laughing when it says goodbye. Particular attention is called to the beautiful dressed first part and the well drilled end men. These comedians work behind the singers in the first part and at the conclusion of their work dash back to their chairs, hit them in unison and perfect time, a bit of minstrelsy which is new.

THREE DEATHS IN MINES.

Calumet & Hecla Loses Two and the Tamarack One.

John Verneti, Matt Ckada and Joseph Posch met death in the copper country mines this week.

Verneti and Ckada were killed Wednesday night in No. 7 shaft of the Hecla branch of the Calumet & Hecla. The men were miners and were cutting out a stope when the hanging fell on them and crushed out their lives. They were dead before they could be gotten to surface. Ckada was an Austrian, twenty-seven years of age and single, and Verneti was an Italian and married, leaving a wife and three children. The funerals will be held today.

Posch, who was killed at the Tamarack, was working in No. 5 shaft at the thirty-fifth level, Thanksgiving morning. John Chechi was his partner. They were caught by a fall of rock, Posch dying in the Tamarack early in the afternoon.

DEER SEASON CLOSES.

Record of Two Fatalities and Many Narrow Escapes.

The deer hunting season of 1907 closes tonight. It will not be possible to arrive at exact figures of the number of deer killed, but they would be large. The season was darkened by two deaths, one due to the carelessness of the victim, the other to pure accident. Joseph Pereneho, a Laurium saloon-keeper, shot himself through the breast at Amasa the first day of the season. He died at home several days later.

John A. Heikinen, a Finnish hunter, pastor of a Finnish church at Calumet and a most respected man, shot and instantly killed a young man named Lahdenpera. The latter was clearing land when the minister shot him.

George Jacka of Calumet reports a being shot which might have resulted fatally. He and a Finnish lumberman were walking between Alton and Nisula the other day and the Finn's cap was shot from his head by a concealed hunter. Had the bullet travelled an inch lower the man would undoubtedly have been killed.

IN CIRCUIT COURT.

Jewelry Concern Sues to Recover for Bill—Court Notes.

In the Houghton county circuit court yesterday the assumption case of Nicholas Zeller, Sylvanville, Dundy and Okie Zeller vs. the Crofton Co-operative company of Calumet was opened. The Messrs. Zeller et al constitute the Rhode Island Manufacturing company, which makes jewelry out in Iowa. They sold the Co-op, a bill of goods which the latter declined was not up to sample. Thus the suit. It occupied the entire day.

The suits now being heard in the court are uninteresting and draw small audiences. But next week, when the Dakota Heights company suits against the M. Van Orden and Wupper Range Railroad companies, come up, there should be a crowd.

Of the criminals convicted early in the term Judge Streeter has as yet sentenced none. He will not impose sentences until after court has adjourned.

The time of the court Monday morning will be usual be taken up with naturalizations and motions.

HE FOUGHT AT GETTYSBURG.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$600 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alternative and body builder; best of all for lame back and weak kidneys. Guaranteed by The Stafford Drug Co. 50c.

CURED OF BRIGHT'S DISEASE.

Mr. Robert O. Burke, Elmora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had a long time of living when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." The Stafford Drug Company.

DISCONTINUANCE OF CALUMET-MACKINAW SLEEPER.

The through sleeping car service between Calumet and Mackinaw City, on the South Shore, will be discontinued after Saturday Nov. 23, until further notice. (11-20-104)

WOULD MAKE HOUGHTON DRY.

If Constitutional Provision Affected All Colleges.

Houghton is interested in a proposal offered in the "con con" at Lansing, of which a dispatch from that city says: Delegate Moore, of Pontiac, chairman of the liquor committee has introduced a proposal to prohibit the sale of liquor in Ann Arbor, the seat of the state university, and in Kalamazoo, Ypsilanti and Mt. Pleasant, where state normal schools are located, such prohibition to extend for four miles from the corporate limits.

If the thing was to be put in the constitution and made to affect all college towns Houghton would be dry indeed.

LAST OF ROLLER SKATING.

Amphidrome Will Close Tonight to Prepare for Ice.

Manager McNamara announced yesterday that tonight the Amphidrome roller skating season would close and that he would at once pull up the hardwood floor and get the big rink ready for ice skating. The Amphidrome has had a most successful season with the rollers. The sport is getting more popular every day and there will be general regret that the season is closed.

The approach of ice skating naturally brings up amateur hockey. Manager McNamara says he believes that a meeting to organize an amateur league will be called for next week. At present there has been nothing done in the way of getting a hockey league together.

In the professional hockey world of the copper country now cuts but little figure. The old players are having no difficulty in getting good berths in Canadian leagues.

PRISONERS ATE TURKEY.

Sheriff Beck of Houghton county declared his prisoners in on the Thanksgiving festivities Thursday. He gave them a turkey dinner which was complete from soup to nuts, including mince pie. There are thirty-four men and four women prisoners in the jail, and the order was a big one. The prisoners hold that if they have to board at this particular place they would rather have August Beck for maitre d'hotel than some other with whom they have come in contact.

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest to their correctness under oath, are daily giving in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulae, being confident that the better the composition of his medicines the more they will be used, he has printed upon the wrapper of his medicines the names of the medicinal principles extracted from native forest trees, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots of the trees. These medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his medicines are daily giving in favor. The composition of Dr. Pierce's medicines is open to everybody. Nicholls and J. E. Braultund.

To Elect Officers—The Modern Woodmen of America to elect officers at the meeting to be held one week from today.

Meeting Tomorrow—The Teamster's union will hold a meeting tomorrow afternoon at 2:30 o'clock at Siegel's hall on Third street.

Meeting Is Postponed—The regular meeting of the Saturday Morning Musical club has been postponed for one week, from this morning until next Saturday morning.

Seriously Ill—Peter Kremer of the Central House has been ill for the past few days with an attack of typhoid pneumonia. It is stated that his condition is serious.

Election of Officers—The Swedish Crown society will hold an election of officers at their meeting next Tuesday night at Keough's hall. After the election a smoker will be held.

Praise Service—The annual Praise Service given by the Ladies' Missionary Society of the Presbyterian church was held yesterday afternoon at 3 o'clock at the home of Mrs. F. O. Clark on Fourth street.

Rev. Andre Leaves—Rev. Andre, former pastor of the Swedish Lutheran church, left yesterday for Chicago. Thanksgiving night a farewell party was given to the pastor at the church and he was presented with a purse. Rev. Andre is to assume the pastorate of a church in Chicago.

Eagles' Dance—Marquette Aerie, No. 1138, Fraternal Order of Eagles, are to give a dance at Legion hall Wednesday, December 11. The admission to the dance is 50 cents. Supper will be served in the hall. Sullivan's orchestra has been engaged to furnish the music.

Hop December 7—Cards are out for the third of a series of hops being given by Upper Peninsula council, U. C. T. which is to be held at the Fraternity hall the evening of Dec. 7. The hop will be preceded by an indoor baseball game between two Marquette teams, from 8 to 9, and there will be dancing from 9 to 12 o'clock.

Trainmen to Give Ball—It has been announced that a Trainmen's ball will be held New Year's Eve at Fraternity hall. The arrangements for the event are now being made by the L. L. Hood lodge No. 10, under whose auspices the ball will be given. Invitations are to be issued to the lodges of the neighboring cities.

Salvation Army Services—Salvation Army services tomorrow will be as follows: Holiness meeting at 10:30 o'clock in the morning; Junior meeting at 2 o'clock in the afternoon, and an open air meeting at 2:45 o'clock; Christmas gathering at 3:15 o'clock. There will be an open air service at 7 o'clock in the evening, and at 7:30 evening services will be held at the hall.

ENGAGEMENT CLOSES TONIGHT. Matinee This Afternoon and "Heart of the Ozarks" Is on Tonight.

The celebrated Russian play, "Michael Strogoff," was given last night at the opera house by the MacLean-Bryant company and was well received by a large audience. The play deals with the Russian prison system and describes the terrifying experiences which are forced upon those unfortunates who are sent from Russia to serve sentences in the Siberian mines. At 2:30 o'clock this afternoon a matinee will be given. "The Silent Witness" will be produced and also the sketch "Outsley." Tonight the company will close its engagement with the well-known play, "Heart of the Ozarks."

I ain't feeling right today. Something's wrong I must say; Come to think of it, that's right I forgot my Rocky Mountain Tea last night. —The Stafford Drug Co.

The demand for Vandenberg's fresh milk and creamery butter is increasing daily. (11-20-1w)

Marie, Mich., Nov. 29.—[Special.]—The upbound boats passing the canals the last twenty-four hours were as follows: Superior, Jupiter, 9 p. m.; Starbuck, 3:30 a. m.; Ottawa, 4 p. m.; North Star, 10; Reynolds, 11:30; Northern Queen, 2:40 p. m.; Tampa, 4; E. L. Wallace, Crowe, 6:40; Duluth, Williams, Brown, 7:40.

APPENDICITIS. Is due in a large measure to abuse of the bowels, by employing drastic purgatives. To avoid all danger, use only Dr. King's New Life Pills, the safe, gentle cleansers and invigorators. Guaranteed for headache, biliousness, malaria and jaundice, at The Stafford Drug Co.'s store, 25c.

DRESS SHIRTS

MEN of personality avoid the commonplace in shirts. They incline toward toggery with an element of character.

Our success in Men's Shirts has not been by chance.

The exclusive patterns, fit, high class finish and general excellence of our Shirts is the reason they are so popular.

Stiff bosoms are warmer and more comfortable in cold weather but we show an equally large line in soft shirts. A popular style is the simplex short bosom coat shirt, a combination of stiff and negligee, at \$1.50.

Cluett Shirts, soft and stiff bosoms, at \$1.50, \$1.75, \$2.00.

Monarch Shirts, soft and stiff, \$1.00, 1.25.

Cluett and Monarch White Shirts, \$1, 1.50. MacHurdle Full Dress Shirts, 1.50

Up-to-date toggery, including newest things in Gloves, Mufflers, Neckwear, Hosiery, Underwear, Night Robes, Pajamas, etc.

Don't Worry

The doctors tell us, it's WORRY that kills us. Worry pulls us down faster than we think. Mothers worry themselves sick over their children. A young fellow in love, if the girl says no, can't eat and gets thin. The man that's afraid something is the matter with him without knowing just what it is, loses his sleep and runs down generally. The man in debt gets no comfort out of life at all, unless he has security.

If you cut out the worry you can easily take care of your health. If you've made a mistake that bothers you, make it right as soon as you can. If you CAN'T make it right, tell somebody about it; get the best advice you can. GET RID OF THE WORRY, and you can cure a whole lot of the ills of the body with pure water and fresh air if you use them right. Pay a doctor ALL THE TIME to keep you WELL; don't wait until you're sick before you call him in. ALL YOUR DEBTS PAID AND A BANK ACCOUNT BESIDES is what you want to try for. A bank account takes the WORRY out of the future.

HOW DID IT GET THERE?

Girl's Fuzzy Blue Cap Is Found on Front Stoop of City Hall.

Charles Johnson, janitor at the city hall, early yesterday morning found a girl's fuzzy blue cap lying sheltered in a nook of the front stone stoop of the building. Johnson regarded it merely as a piece of lost property and accordingly hung it outside where it would be seen. Later some of the officials of the building came upon the cap and at once a half dozen more or less interesting theories were advanced to account for the manner in which the cap found its way up on the front stoop of the building. Johnson was called upon to relate the manner in which he discovered the cap. He said it was just lying there when he arrived at the building in the morning. Then someone examined the inside of the cap and it was found to contain a number of papers. These were removed and while the cap was left swinging in the wind, the papers were taken inside where they were examined. They proved disappointing, however, for they contained no clew which might lead to the identity of the owner of the cap. The papers were for the most part pieces of a German newspaper and there was a section of a Chicago Tribune. The girl who lost the cap evidently had used the paper to stuff the circular brim. A metal pin, the head of which had been broken off and again attached to the left of the pin with a piece of steel wire, was also examined. The metal head of the pin which had been tied on with wire was in the shape of a flower and in the center of it a stone had at one time reposed. The cap is at the city hall, and though it is admitted that there is a degree of interest attached to it, it is stated that the owner may claim it at any time and no questions will be asked.

A CALL FOR HELP.

Ensign Corliss Appeals to Generous Public to Aid Little Family.

Ensign Corliss of the Salvation Army has issued a request to the public for bedding and clothing for a family of five little children who are being cared for by an elder sister and who are in desperate need of help. The little foster mother of the five children, he states, has been making a pitiful struggle to care properly for her charges, but all of them are suffering from the cold. They are the children of a man given to drink and are without a mother.

There are two little girls, one a baby two and a half years old and one eight years old, and three little boys aged nine, eleven and thirteen. The offerings of clothing and bedding for these orphans will be gratefully accepted at the Salvation Army hall on Front street.

SUNDAY AT THE CHURCHES.

At the Baptist church tomorrow services will be held at 10:30 o'clock in the morning and 7:30 o'clock in the evening by the pastor, Rev. Maxson.

"An Educated Gratitude" and "The Wolf at the Door" will be the themes of tomorrow's sermons at the Methodist Episcopal church, Mr. Maywood, pastor. The music will be under the direction of Mr. and Mrs. J. A. Knight.

MUCH HOMESTEAD LAND.

More Than 280,000 Acres Open to Occupation in Michigan.

In these times when it would appear that men are searching the world for unoccupied lands, and when the emigration from the United States to Western Canada is one of the current wonders it may surprise many people in Michigan to learn that there are still 280,410 acres of government lands in the Wolverine state all surveyed and ready for entry by the homesteader.

The general land office in Washington says of these lands that many tracts of them are as good for agricultural purposes as any land in the state. And it also invites the landless man to come forward and pre-empt in Michigan for himself a home. It suggests a personal inspection in all cases before entry is made, as some of the lands are not good. A township diagram, showing only the entered lands, can be secured from the register and receiver of any land office for \$1 per township, and a letter to the register and receiver will bring answers to any questions the homesteader may care to ask about the lands in any section of the state.

The examination which the federal land office has made of Michigan lands still open for entry shows the number of acres in each county and the quality of the soil, expressed in general terms. Thus Alcona county has 9,957 acres, but is pronounced light soil, and therefore not good. Alger has 2,933 acres, Alpena 3,613, and Antrim 160, all recorded as fair farming land. In this same class Charlevoix has 2,360 acres, Cheboygan, 4,061, Clare 2,542, Laos 13,830, Mackinac, 4,353, Manistee 3,708, Mason 678, Mecosta 40, Montmorency 16,307, Newaygo 124, Presque Isle 11,346 and Schoolcraft 19,621.

Of what is denominated good farming land, Arenac county has 321 acres, Benzie 1,104, Grand Traverse 600, Leelanau 1,089, Missaukee 2,920, Oceana 1,612, Ogemaw 3,256, Oshtemo 1,520 and Wexford 125.

Then there is another class put down in the records here as timbered farming lands. These may or may not be good farming lands, but the experts say the chances are in favor of the good land class in almost every instance. In this class Baraga county has 5,836 acres, Chippewa 40,150, Delta 7,815, Dickinson 2,782, Houghton 1,873, Iron 2,145, Mackinac 29,744, Menominee 897, Ontonagon 1,071. In the class denominated as mostly

MUST KILL THE WOLVES.

Department of Agriculture Urges Concerted Campaign.

The United States department of agriculture has issued a circular on the destruction of deer by the northern timber wolf. The data was gathered by Vernon Bailey, assistant in charge of the geographic distribution, who visited several localities in Northern Michigan, Wisconsin and Minnesota from which complaints had been made. In his circular Mr. Bailey says:

"Deer were found in considerable numbers in the swamp and dense timbers, where, during the time of deep snow, they had gathered into well-beaten yards, often a hundred or more in a yard. Within the yards and along the trails food was abundant, and the deer would have wintered in good condition if unmolested, but while the snow was soft they were entirely at the mercy of the wolves. Wolves were numerous, and dead deer were found in almost every yard visited, some partly eaten, others only torn and mangled. Large bucks, as well as does and fawns, had been killed, many more than could be eaten at the time. Only those killed since the last heavy fall of snow were visible, but in previous seasons hundreds of deer carcasses had been reported in the yards after the melting of the snow. When the snow becomes heavily crusted in spring the deer leave the yards and scatter over the country and are not easily caught. The wolves then return to the old carcasses, which probably furnish much of their food during the breeding season."

Mr. Bailey urges that all the breeding dens of the wolves should be located and the pups destroyed. By concerted efforts on the part of residents, and those

FIRST PAYMENT TO INDIANS.

Valentine, Neb., Nov. 29.—Thirty-eight thousand silver dollars left Valentine today in charge of a squad of mounted police for the Indians at the Rosebud agency. The money is the first installment of \$110,000, which will reimburse the Indians for the lands surrendered by them in the Bone Steel tract.

MICHIGAN MAYOR SHOTS SELF.

Ypsilanti, Mich., Nov. 29.—Mayor John Vanfossen shot himself through the head today. No hope is entertained for his recovery. A number of years ago he was an inmate of an insane asylum for a year.

GOTCH WINS CHAMPIONSHIP.

Montreal, Nov. 29.—Frank Gotch tonight defeated "Yankee" Rogers in a wrestling match for the catch-as-catch-can championship of America. Gotch scored two straight falls in twenty-four and a half and sixteen minutes.

CODY, WYO., NOV. 29.—SEVEN BUSINESS

blocks were destroyed by fire, presumably of incendiary origin, last night. The loss was \$35,000.

RETIRED MINISTER A SUICIDE.

Goshen, Ind., Nov. 29.—Rev. William Parker, one of the best known clergymen of northern Indiana, drowned himself in the canal today. He retired from the ministry several years ago and entered in to politics. He was a candidate for various political nominations, but was unsuccessful in his ambitions and became despondent.

MRS. TAFT FAILING.

Millburg, Mass., Nov. 29.—Mrs. Louisa Taft, mother of Secretary Taft, is failing every day, according to the statement made by a member of the household today. Mrs. Taft has been ill for many months. Last night it was said that her illness had taken a serious turn.

DECISION TO FITZGERALD.

Baltimore, Md., Nov. 29.—Willie Fitzgerald, of Brooklyn, defeated "Amby" McGarry, of New York, in a boxing contest tonight, the referee stopping the fight in the eleventh round, when McGarry was clinging to the ropes, apparently made helpless by the blows he had received.

Constipation, indigestion, drive away appetite and make you weak and sick. Hollister's Rocky Mountain Tea restores the appetite, drives away disease, builds up the system. 35 cents, Tea or Tablets. The Stafford Drug Co.

Colds Colds

Cold after cold, cough after cough. One cold no sooner cured than another one comes. It's a bad habit, this taking-cold habit. What you want is a medicine that will break up this habit, heal inflamed membranes, strengthen weak tissues.

Ask your doctor if Ayer's Cherry Pectoral is not just the right medicine for such cases. He knows all about it. Then follow his advice.

FREE-Fur Lined Cap-FREE

ABSOLUTELY FREE :: WITHOUT COST :: WITHOUT PRICE!

is the lamp for the student or reader. It gives a brilliant, steady light that makes study a pleasure. Made of brass, nickel plated and equipped with the latest improved central draft burner. Every lamp warranted. If you cannot obtain the Perfection Oil Heater or Rayo Lamp from your dealer write to our nearest agency for descriptive circular.

STANDARD OIL COMPANY
(Incorporated)

Ishpeming Department

ISHPEMING MAN AT HEAD OF MINING CO.

CORPORATION ORGANIZED IN ARIZONA PLACES ALEX. ERICKSON IN CHARGE OF OPERATIONS—HAS SIXTEEN CLAIMS.

Alex. Erickson, a well-known former Ishpeming man, is now vice president and general manager of the Madora Mining company, with headquarters at Los Angeles, Cal. He has been engaged in diamond drill work in Arizona for four or five years past.

Mr. Erickson has written a few of his Ishpeming friends, giving them information about the properties, and the company's plans. The company is organized under the laws of Arizona with 1,000,000 shares, of a par value of \$1 per share. It owns and controls sixteen full claims, in one group, with a total of 320 acres, in the Santa Rita mountains, in the Santa Rita mining district, about forty miles from Tucson, Ariz. Assays from average samples taken from the ledge ten feet below the surface showed values of \$22 in gold, silver and copper. Mr. Erickson writes that the greater part of the mining is to be done by tunneling into the mountains, though a shaft is also to be sunk. Concerning the properties and the company's plans of operation he says:

"We propose to drift a tunnel on the claim showing the largest ledge and in a location that will assure us about 1,000 feet of depth on this ledge. This work will start on the ledge and run up the 1,000 feet in depth.

"All the formations, all the assays and the nature of the ground on the surface workings speak well for a large deposit of ore, and the ideal location of this ledge makes it possible to get as much as upward of 1,500 feet of depth by simply driving tunnels. This sort of mining makes it possible to show up the property in a very short time and with an unusually small amount of money, as no expensive hoisting machinery, boilers, engines and pumps are necessary. All of the ore above the lowest tunnels can be mined very cheaply by simply dropping it into the chutes.

"As all the samples show that it is a sulphide ore, consequently the ore can be concentrated at an expense of not over \$1.75 per ton.

"There is considerable timber on the property, and water enough to assure us about 50 to 60 horsepower for about nine months in the year. The unusually favorable conditions surrounding this property, together with the indications and formations, are such as to lead us to expect very rich returns."

ELKS' MINSTRELS.

Copper Country Performers Will Be Greeted by Good House.

The Hancock Elks' Minstrels will be given a fine reception in Ishpeming tonight. The advance sale of seats is large. Members of the Marquette lodge are coming to the city by special train, returning home after the banquet and social session that is expected to be expected from the Iron Mountain lodge.

An Ishpeming man back from a business trip to the copper country yesterday says that the minstrels made the biggest kind of a hit Wednesday and Thursday nights at the Keweenaw theatre. They are said to give the best performance of its kind seen in the copper country in a long time.

The parade, starting at 7:30 o'clock, will be directed by Captain S. H. Collick, aided by Thor Orem, James B. Quayle and Harry Cox. A number of men have been engaged to attend to the illuminations on the streets. The parade will form on Pearl street and will move east to First street; south on First to Division; west on Division to Main; north on Main to the north side of the railway tracks, returning to Cleveland avenue.

The Ishpeming band and a delegation will meet the incoming trains from the copper country and Marquette, escorting the members to headquarters in the Anderson block.

INSTITUTE MEETING TUESDAY.

Dr. Laird, who, with Professors Kaye of Marquette and Scriber of this city will conduct institute meetings in several places, in the county next week, will be at the Ishpeming High school Tuesday evening and at the Negaunee High school auditorium that afternoon. The meetings will be open to the public. The Glee club will render several selections.

FROM HOPKINS CURB LETTER.

"The Boston market opened fractionally lower this morning and sold off one to two points in sympathy with the weakness in New York. Toward noon a heavy buying movement caused sharp advances in the big market. Copper, acting in sympathy, rose three to four points above the low level of the day."

PINE TREE MILL RUNNING.

Officers of Company Are Well Pleased With New Plant.

George F. Ruez, secretary of the Pine Tree Mining company, arrived home Thursday from Cuba City, Wis., where he and Captain F. E. Reese, the president, spent the early part of the week looking over the new mill and mine. When Mr. Ruez left the mill was ready to begin treating the high grade ore from the Extension property, it having been run for a few days on low grade stuff from the Pine Tree property. The mills, which have a capacity for forty tons of concentrates, were filled and the ore was starting to run over the plant when Mr. Ruez departed. Captain Reese remained to see the mill running on the high grade stuff.

The officers were pleased with the appearance of the mines and they believe that a sufficient quantity of ore can be mined to keep the mill running steadily. Only one shift is working at present, but a second shift will probably be added as soon as there is an improvement in the metal market. In a three-hour run Wednesday morning fifty-one tons of ore were treated.

The Ishpeming men visited the Vandeventer property, and were well pleased with the progress being made on the mill. Contractor Gramis said it would be ready for operation in about four weeks. It will take two or three weeks to adjust the machinery, so it is doubtful if the plant will be ready to treat the ore until the middle of January.

WINTER IN OLD MEXICO.

The Show Place of the New World Now Easily Accessible.

As a means of enjoying the absolute idealism of Mexico—the tourists' Mecca—modern commercialism had laid out a route and designed a train which brings this wonderful old world country to within but little more than a two days' journey of the very center of the new world.

The great Mexico-St. Louis special, which makes its initial trip Dec. 19, leaves St. Louis every Tuesday and Friday southbound, and returning leaves the City of Mexico every Tuesday and Saturday. This magnificent solid through train is a triumph of skill and craft. It is made up entirely of vestibuled Pullman cars—carries sleeping car passengers only—and all cars, including dining, make the trip through to destination without change.

The Mexico-St. Louis special is so handsomely and so perfectly appointed that it is well termed "The Train de Luxe of Two Republics"—a veritable traveling palace, affording every convenience and every luxury known to a modern, high class hotel.

Among its exceptional and exclusive features are barber shop, club cafe and valet service for men; compartment cars—each section a dining parlour with cabinet toilet, night light, etc.—for the greater comfort of women, and the dining car, which is never detached from the train, with cozy little stalls for private parties. Service is a la carte and equal to that of the best cafes.

Straight almost as the flight of an arrow, this mammoth "bird of passage" wings its way southward from St. Louis, across Arkansas and the lone star state, through San Antonio—lovingly nicknamed by its people "Old San Antonio"—and Laredo—thence across the Rio Grande direct to the City of Mexico.

The route of the Mexico-St. Louis special is over the Iron Mountain, Texas and Pacific, International and Great Northern and National lines of Mexico. Great credit is due those roads, which have so successfully co-operated in the consummation of this tremendous enterprise which has done so much toward establishing the intimate commercial and social relations now existing between Mexico and the United States.

GOLDFIELD MINES CLOSED.

Messages came to the Hopkins and Ruez offices yesterday afternoon stating that every mine and nearly every lease in the Goldfield district had closed down, following the action of the Miner's union board forbidding the men to work where they were not paid in currency. The banks in Goldfield have been closed for some time and the working men are afraid to accept the check which the mine operators are issuing. It is thought that the walk-out will result in a long period of idleness at some of the properties.

CARD OF THANKS.

We desire through The Mining Journal to express our appreciation for the many favors extended during the illness and after the death of our daughter. We feel under special obligations to the members of the Knights of Pythias society, as well as to friends for their floral offerings.

WILLIAM QUAYLE, and Family.

ISHPEMING IN BRIEF.

C. H. March of Munising was an Ishpeming visitor yesterday.

Will Dillon and Mrs. C. E. Ely and daughter of Superior, are in the city visiting the former's parents, Mr. and Mrs. John Dillon.

Mr. and Mrs. Carl Tellefsen will celebrate the twenty-fifth anniversary of their marriage next Monday evening at their home on North First street.

Rev. Fletcher, pastor of Calvary Baptist church, has returned from the lower peninsula, where he spent the past two weeks. He will conduct the services at the church tomorrow.

W. O. King, who has eighteen years experience as a taxidermist, has located in Ishpeming and his advertisement can be found in this issue. His headquarters are at the Garfield House.

The W. H. Hopkins company recently opened a branch office at Oshkosh, Wis. It now has offices in Ishpeming, Milwaukee, Chicago, Cheyebogan, Green Bay, Escanaba, Goldfield, Nev., and Jacksonville, Fla.

The Munising Ski club intends to conduct a tournament again this winter, but it will not be given on New Year's day as expected. The Ashland, Wis., club plans to have a tournament New Year's.

The regular services will be conducted at the Presbyterian church tomorrow. The first will take place at 10:30 a. m., and the evening service at 7:30. Rev. M. M. Allen, the pastor, will preach at both services.

The matinee performance of the comic opera, "Miss Bel White" at Ishpeming theatre yesterday afternoon, was attended by a large audience and the performance gave the same excellent satisfaction that it did the previous night.

The Bachelors of the Salisbury Methodist church, who served supper and conducted their annual entertainment "Thanksgiving night," will give a ten-cent social this evening at the chapel. Both the supper and entertainment were largely attended and the program rendered was much appreciated.

Clarence Gill and Arthur Whitford, who came down from the copper country to spend Thanksgiving, returned yesterday.

DANCING PROVES FATAL.

Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure to Polley's Honey and Tar it will break up a cold and no serious results need be feared. Refuse any but the genuine in a yellow package. The Stafford Drug Co.

Negaunee Department

EVERY PUBLIC SCHOOL SHOULD HAVE BATHS

F. D. DAVIS, FORMER SUPERINTENDENT OF THE NEGAUNEE SCHOOLS, ALSO A STRONG BELIEVER IN PHYSICAL TRAINING.

"There is a need of proper physical training and of bath systems in the schools of this country," F. D. Davis, superintendent of the Escanaba public schools, who spent yesterday in Negaunee, declares. "In my opinion many of the high schools could better get along with less technical work and devote the time gained to proper instructions in cleanliness and physical training. Many children come to school in an unclean and much neglected condition. Where the parents cannot be made to give the children the attention they should receive the schools should be in a position to do so, as there is nothing that has a better effect upon a boy or girl than cleanliness. It should be compulsory that every school child who does not receive proper care at the home should use the baths in the schools at set intervals. Escanaba's new high school is equipped with baths of all kinds, and with one of the finest gymnasiums in the state. Many of the young people take advantage of them. I believe that the excellent training quarters available had much to do with the success of this year's football team. The boys practiced on grounds near the building and when the work was finished they had the use of the baths.

"I hope to see bath systems established in every ward school in our city and I hope to see some time when the schools everywhere will give this feature more attention than it is now receiving. "It is a mistake to build a high school without baths and gymnasium. In Escanaba our equipment in all departments is as complete as can be found anywhere in Michigan. The superintendent of public instruction, who attended the recent Upper Peninsula Educational Institute at Escanaba, told me that there is not a more complete high school in the state."

Mr. Davis said that the Escanaba Business Men's association, which aided the school board in taking care of the visitors at the educational institute, is doing excellent work for the city. When it was thought that the high school football team would win the upper peninsula championship and that it would probably have an opportunity to meet the champions of the lower peninsula on Thanksgiving day, the association of its own accord took hold of the financial end. They endeavored to get the game for Escanaba, but the Saginaw team, the strongest eleven in the lower peninsula, could not be induced to visit that city. A number of telegrams were exchanged, but the last message from Saginaw was to the effect that the team had disbanded for the season.

Escanaba people are proud of the showing the students from that city have made this season on the Michigan university football team. Three of them have played in some of the regular games, and next year a fourth Escanaba man will be added to the squad.

PRICE OF WIRE ADVANCING.

A representative of one of the big electrical companies, who visited Negaunee Thursday, said that the price of copper wire is advancing steadily and that it will probably be selling at above twenty cents per pound before the first of the year. During the worst of the slump a few weeks ago his firm sold wire at fifteen and one-half cents per pound, but it is now asking eighteen and three-fourth cents. He further said that he was advised by the management of the concern that the price of metal is increasing, and that they look for the copper to sell at from sixteen to eighteen cents before January.

FIRST INDOOR GAME.

The first indoor baseball game of the season will be played at the Adelphi rink next Wednesday evening. Members of the "Bunch" club will meet the "N. S." nine. The battery for the "Bunch" nine will be Everett Sporley and John Curley, and Fred Jackson and Joe Freiberg for their opponents. The game will start at 8 o'clock and the admission prices will be ten and twenty-five cents.

Terrible Liquor Craving.

How Orrine Destroys All Desire for Whiskey and Beer.

The terrible craving for liquor is a symptom of disease and to overcome it, the disease itself should be treated in a scientific way. When one has used whiskey, beer or other stimulants for a long time, the nerve cells have become accustomed to the effects of the stimulants and demand liquor in order to perform their duties. If the nerve cells are properly treated, the craving for liquor will be destroyed.

It is in this way that Orrine cures alcoholism, by supplying to the nerve cells the strength needed, thus destroying the desire for liquor. It eradicates every particle of the terrible liquor craving, imparts new strength and vigor to the whole system, and restores the general health. Treatise on "Drunkennes," free on request. The Orrine Co., Washington, D. C.

So successful has Orrine been that in every box is a registered guarantee which entitles you to a refund of your money if Orrine fails to effect a cure. Never before was a treatment for the liquor habit sold in this way. A guarantee like this shows the faith of the discoverer of Orrine and the agents who handle it, the leading druggists everywhere.

Orrine is in two forms, No. 1 which can be given secretly in food or drink; No. 2 in pill form for those who desire to be cured. Either form costs \$1 per box, and both are sold under the liberal guarantee that your money will be refunded if Orrine fails to cure. Orrine is for sale by The Stafford Drug Co.

REMEMBERS WESTON WELL.

Negaunee Man Saw Aged Pedestrian on His Initial Trip Forty Years Ago.

Archie Orr, jeweler at Perkins' drug store, is perhaps one of the very few men in Michigan who saw Weston, the aged pedestrian, who recently walked from Meade to Chicago, when he traveled over the same route forty years ago. Mr. Orr was then a boy eight years of age, living with his parents on a farm near LaPorte, Ind. The coming of Weston was awaited with interest and thousands of people were out from daylight to dark waiting for him. On the day of his arrival there were as many people in the city as usually assembled on a big circus day. Mr. Orr recalls the details as distinctly as if they had happened yesterday. Farmers for miles around drove to town and many people drove many miles into the country to await Weston's coming.

"I drove to town with my father," said Mr. Orr, "and when we arrived we could hardly get through the streets, so large was the crowd. The band was playing and when it was announced that Weston was coming there was a mighty crush of humanity, all anxious to get near the center of the street where they could see him. Weston was accompanied by a man who drove a horse. He walked so rapidly that the horse was kept almost on a steady trot. He carried a large hickory stick, which he swung right and left through the crowd in order to make a passageway. I shall never forget the strides he took; he traveled unusually fast while passing through the city. Hundreds of people followed him three or four miles up the country road."

THREE-MEN LEAGUE.

Nine Teams Have Been Organized—First Matched Will Be Rolled Wednesday.

The three-men league bowling series at Orr & Tompkins' alleys will be started Monday evening. Nine teams have been organized, and it is expected that thirteen or fourteen teams will enter. The teams are as follows: Indians—W. H. Mitchell, Al Willman and George Reibel. Ravens—Dr. B. J. Miller, J. E. Nelson and Thomas. Hurricanes—Frank Tompkins, T. A. Thoren and J. A. Wasmuth. Pikers—George Defrain, Julius Johnson and Al Hooper. Eagles—J. M. Perkins, A. P. Johnson and T. C. Yates. Tigers—Bert Carmichael, Ed Saunders and T. Freiberg. White Sox—John Wentzell, W. S. Berglund and J. Lammie. Green Sox—Harry Nightingale, James Curley and Charles Kirkpatrick. Kangaroos—Elmer Mitchell, Ed Hooper and H. J. Peterson.

LOCAL LACONICS.

John Beckstrom of Cuba City, Wis., is in Negaunee.

Louis Pitcher of Munising was a Negaunee visitor yesterday.

Fred Jackson is spending a few days with friends at Marquette, Wis.

Hill & Raatikainen, proprietors of the Negaunee Bottling works, have a fine new sleigh.

Miss Rose Swartz spent Thanksgiving with her brother George, and family, at Green Bay.

Dr. C. J. Larson returned yesterday from Goose Lake, where he spent a few days hunting.

Mrs. Joseph Lacombe, who recently submitted to a surgical operation, is getting along nicely.

The deer hunting season will close tonight at 12 o'clock. There are still several Negaunee people in the woods.

The ladies of the Swedish-Finnish Temperance society served dinner and supper to a large number at their hall on Teal Lake avenue Thanksgiving day.

William Phillips, shift boss at the Maas mine, left yesterday for Veleau on the Menominee range, where he was called on account of the death of his mother.

John Dunstone, James Blee, John Deacon, Fred Barab and Andrew Anderson will serve as jurors at the December term of circuit court, which will open Monday.

The Ironwood New-Record states that Captain and Mrs. John Lacksmore, formerly of Negaunee, have sold their home at Plattville, Wis., and will soon move to Ironwood to reside.

The marriage of William Remile and Miss Rose Liquay occurred Tuesday morning at St. Paul's church, instead of at the parsonage. Rev. Father Lamot performed the ceremony.

T. J. Flynn, Victor Legault and Frank Vanhalla attended the adoption of a class into the Knights of Columbus society at Menominee Thanksgiving day. There were eighty-six candidates.

Miss Alice McDonald of Norway, and Miss Agnes McDonald of Houghton were here over the Thanksgiving vacation, visiting their mother and family. They leave for their respective homes tomorrow evening.

J. E. O'Donoghue has taking the agency in Negaunee and vicinity for the Star piano, manufactured by the Star Piano company of Richmond, Ind. The concern also makes the Chase and Richmond pianos.

Many Negaunee people attended the matinee performance of "Miss Bob White" by Ishpeming talent yesterday afternoon. Those from this city who attended either Thursday evening or yesterday were delighted with the production.

Drs. A. W. Haidle and N. J. Robbins are changing quarters in the Sundberg block. Dr. Robbins outgrew his old quarters and he will have one more room in the suite vacated by Dr. Haidle. The rooms have been redecorated and both suites are now much more attractive than formerly.

Miss Ida Duquette of Ishpeming and Oscar Johnson of this city stole a march on their friends Wednesday, when they were married at St. Joseph's church parsonage, in Ishpeming. Rev. Father Jordan performed the ceremony. They left later for Chicago and Milwaukee.

We are the people,—

Our demands should be respected. Give us good homes, plenty to eat and comfortable clothes. Give us education, training and good society. Give us good fathers and mothers. Give us Chamberlain's Cough Remedy when we have coughs, colds or whooping cough. We are entitled to the best and should have it. We are to inherit the earth. Prepare us for this great responsibility by giving us what we demand, and we will become honest, industrious, upright citizens, proud of our ancestry and loyal to our country.

on their wedding trip. They will reside on Iron street. The groom is one of Negaunee's popular young men, and his bride is well known here, as she has relatives in the city. Mrs. Oral Lacombe is her sister.

The turkey shoot conducted Thanksgiving day by H. P. Johnson and Angus McDonald on the grounds opposite the cemeteries was largely patronized by Negaunee men, but the participants carried away only eleven of the two dozen turkeys. Al Willman took three, John Silo, two, and Fred Anthony and others got one each.

HOW IT SPREADS.

The first package of Dr. Leonhardt's Hen-Roid (the infallible Pile cure) that was put out went to a small town in Nebraska.

It cured a case of Piles that was considered hopeless.

The news spread and although this was only two years ago the demand prompted Dr. J. S. Leonhardt, of Lincoln, Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world.

It will cure any case of Piles. There is a month's treatment in each box. Sold for \$1.00, with absolute guarantee.

It is for sale by The People's Pharmacy, Marquette, Mich., or by Dr. Leonhardt Co., Station B, Buffalo, N. Y.

DELEGATE OFFERS RADICAL PROPOSAL

WOULD MAKE COLLEGE AND NORMAL TOWNS, THUS MARQUETTE, ABSOLUTELY DRY.

EMBARGO ON LIQUOR TRAFFIC

Mayor Robertson Notified by Chairman of Committee That There Will Be a Hearing on the Matter Dec. 5.

If a certain proposal submitted to the committee on liquor traffic in the constitutional convention should be embodied in the new constitution, and if that instrument should be approved by the people the Marquette saloon men would be given a crimp that would make the restriction feature of the much discussed Gordon bill look mild, for they would be put out of business, every last one of them.

The proposal is, in brief, that the sale and manufacture of intoxicating liquors shall be prohibited in all cities in which are located "state universities and state normal colleges."

Mayor Robertson yesterday received a letter from Andrew L. Moore, chairman of the committee, notifying him of the submission of the proposal; also that there will be a hearing in regard to it the evening of December 5. The mayor was asked if he wanted a place on the program.

Text of Proposal.
Mr. Moore also sent Mayor Robertson the full text of the proposal, which is as follows:

Section 1. That there be incorporated in the revised constitution a provision prohibiting the sale and manufacture of intoxicating liquors in certain cities wherein are located state universities and state normal colleges.

Section 2. The manufacture and sale of malt, brewed, Xypian and intoxicating liquors shall be forever prohibited after May 1, 1908, except for medicinal, scientific, sacramental and mechanical purposes, in the city of Ann Arbor, the seat of the state university, and in the cities of Kalamazoo, Ypsilanti, Marquette and Mt. Pleasant, the seats of the State Normal schools, and such prohibition shall extend to all territory immediately adjacent to the corporate limits of said cities and extending four miles therefrom.

Section 3. It shall be the duty of the attorney general of this state to see that the provisions of this prohibition are rigidly enforced.

Would Kill Liquor Business.
It will be noticed that the proposal is so far-reaching in its provisions that if it became effective it would absolutely end all forms of the liquor business in Marquette. It only would close the saloons and make sale of liquor except for the specified purposes a crime, but it would put the Upper Peninsula Brewing company out of business, as its plant is located within the city limits.

The proposal is evidently drawn in a careless manner. In the first section the prohibition on the liquor traffic is made operative in all cities "wherein are located state universities and state normal colleges." In the second section the prohibition, by the language employed, is made to effect only Ann Arbor, Marquette, Kalamazoo, Ypsilanti and Mt. Pleasant. The first section would indicate that it was the author's intention to cover all the cities where the state has established higher educational institutions, but in the second section explicit reference to Houghton, where the College of Mines is located, and Lansing, the seat of the Agricultural College, is omitted, though the proposal, to be consistent, should include them both.

Council May Act.
Mayor Robertson expects to direct the attention of the council to the matter next Monday evening, and it is possible that the aldermen may take some steps to have a representative present at the hearing Dec. 5.

There has not been opportunity to secure expressions as to what the aldermen think of it, but the sentiment on the board will doubtless be strongly against the proposal, as proposing too radical

an interference with local conditions and too great a disturbance of local interests. "Nothing will come of this radical proposal," said a Marquette man who has been following the affairs of the constitutional convention, when his attention was called to the matter. "All sorts of radical plans are being submitted to the committees, and most of them will die in the committees. I feel certain that this one will, for the reason that it is too radical to commend itself to the average man. If by any chance the proposal was endorsed by the committee it would stand no show in the convention."

City's Revenue Now \$25,000.
The revolutionary nature of the proposal is indicated by reference to the taxation aspect of the matter. At present the city collects some \$25,000 from its liquor business, as it has about fifty saloons. If the liquor business should be put under an absolute ban this money would have to be raised by direct taxation. In a material way it would make the Normal a most expensive institution for the city. The other monetary interests involved would mean many thousands of dollars more.

BIG CROWD APPLAUDS CHILDREN'S EFFORTS

CONCERT GIVEN BY LITTLE ONES AT METHODIST CHURCH SCORES IMMENSE SUCCESS.

The concert given last night by the little folks of the Methodist church was one of the most enjoyable affairs of the kind ever produced in Marquette and the big audience was more than pleased with the efforts of the children.

The opening piece on the program was a piano solo, "Festive Dance," by Freda Bartel. This was followed by a song, "Dolly's Doctor," by a quartette, composed of Laura Pleyte, Ann McKenzie, Harriet Knight and Elizabeth Gorman. The third number on the program was a recitation, "The Village Seamstress," by Helen King, which was well rendered. Lois Foulkes sang "Mignonette," a very pretty solo, and Myrl Trevillion and Miriam King rendered a piano duet, "Bright as a Button." A trio, composed of Dorothy Maywood, Helen King and Katherine Fassbender sang "Out in the Beautiful Garden," and a vocal solo by Chester Pearce ended the first part of the program.

After a short intermission the second part of the program was opened with a piano duet, "Turle Dove," by Freda Bartel and Ethel Johnson. This was followed by a song, "The Frog," given by a chorus of voices. The next number was a piano solo, "Menuet," by Lois Freeman, followed by a song, "Sailor Boys," by Shelley Jones. A quartette composed of Kline Smith, Everett Reece, Willie Mitchell and Edwin Quarters then sang "The Lullaby."

The closing number on the program was "The March of Nations," in which twelve children took part. They were: Ora Hatch, Scotland; Clara Fassbender, Spain; Hazel Fallow, Greece; Myrl Trevillion, France; Helen King, Germany; Louise Fallow, Ireland; Miriam King, England; Evelyn Wilson, Japan; Louise Wiley, Egypt; Katherine Fassbender, Holland; Lois Foulkes and Dorothy Maywood, United States.

Bernard Schroeder, who was to have sung "The Chickens," was unable to appear on account of illness.

The success of the concert is due to the efforts of the Misses Clara and Mayme Hicks, under whose direction the children were rehearsed for their parts.

ELKS TO HAVE SPECIAL.
Delegation Going to Ishpeming to See Minstrel Show of Hancock Elks.

The minstrel show being given by the Hancock lodge of Elks is a production of unusual merit and is attracting considerable comment. Tonight a performance is to be given at the opera house in Ishpeming, and a large delegation from the Marquette lodge has arranged to go. A special train is to be provided for the delegation.

It was at first thought that not many would be able to go on account of the memorial exercises which are to be held tomorrow by the Marquette Elks. It was because there was no regular train by which those from Marquette might return the same night. The special train

Our ready-for-service Apparel for Men Deserves its reputation

There is a law of compensation--and few instances of well-directed and persistent effort fail to bring deserved results.

We find our reward in an ever-growing confidence, an increasing clientele and an amount of advertising upon the part of those who wear our clothes that all the columns of all the papers could not furnish.

It is easily within your reach to "try out" our methods and our merchandise. We invite your interest with the hopes that we shall serve you so satisfactorily that you will become a permanent patron.

Our organization has never created garments worthier of your consideration than those comprising our current models of

Winter Suits and O'coats at \$20 to \$30

In these are shown a practically endless assortment of new patterns--and the variety of models is calculated to satisfy every personal ideal.

Furnishings for Men

Our furnishing sections are well stocked with wearables that appeals to the "man who cares." We're only a week behind New York haberdashers in showing the new things.

JACOB ROSE,

"The Store of Quality,"

304-306 So. Front St., MARQUETTE.

provides for this. The train will leave the depot at 6:30 o'clock and will return after the performance.

The train will leave the South Shore depot. It is announced that the rate offered, fifty cents for the round trip, is open to the general public and it is believed that a large number besides the delegation of Marquette Elks will go.

DEATH OF MRS. MARGARET WELCH.

Mrs. Margaret Welch, one of the oldest residents of the city, died yesterday at the home of her son-in-law, William Peters, of Pine street. Her death was caused by a complication of ailments brought on by old age. She was eighty-five years old. Mrs. Welch is survived by a son and three daughters.

It is deliciously palatable, agrees with the weakest stomach, contains the most soothing, healing, strengthening and curative elements. Makes you well and happy. Hollister's Rocky Mountain Tea, 35 cents, Tea or Tablets. The Stafford Drug Co.

When you ask for an advertised article, see that you get it. Refuse imitations.

DEATH OF AGED RESIDENT.

Mrs. Jane Breen Had Lived in Marquette for a Quarter of a Century.

Mrs. Jane Breen, aged sixty-five years, died yesterday morning at 10:30 o'clock at the home of her daughter, Mrs. J. S. Donohue, 152 Champion street. Her death was due to pneumonia, and she had been sick only a few days. Mrs. Breen had been a resident of Marquette for twenty-five years and she had many friends.

The funeral will take place Monday morning at 9 o'clock. Services will be conducted at St. Peter's cathedral and the interment will be in Holy Cross cemetery.
