

THE DAILY MINING JOURNAL. A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

It's no surprise to us to learn that August was the driest August but one in thirty-eight years.

As for the Republican vote in Vermont it is neither small enough to occasion any apprehension or large enough to warrant any undue jubilation.

President Roosevelt says that he considers the renomination of Governor Hughes in New York absolutely essential.

The Republican caucuses for Marquette will be held here Saturday evening, and the county convention will be held the following Tuesday.

The returns from Wisconsin appear to leave no doubt that Uncle Ike Stephenson of Marinette got away with it.

It is reported that Democratic Chairman Mack is greatly pleased with the result of the Vermont election.

Now that the tickets are made up it's time for a strong, long pull, all together, for all the candidates.

Charles R. McCabe, the Republican nominee for representative from this district, should give a good account of himself at Lansing.

The balloting for governor in Tuesday's primaries showed marked inequalities of interest.

The spirited fight in the Eleventh representative district in Wisconsin, waged between Irvine L. Lenroot, former speaker of the Wisconsin assembly, and Judge Jenkins, chairman of the house judiciary committee, one of the most important committee appointments in the entire list, has resulted in a victory for Lenroot.

Upper Peninsula. Uses a Traction Engine. The logging operations of the Peninsula Box & Lumber company of Menominee have developed a unique and at the same time successful method of hauling timber during the summer months.

The election of Mr. Bryan would not only be prejudicial to the country, but would probably be destructive of the party to which Mr. Cleveland gave life-long devotion.

Miss Cecil Grylls left yesterday for Detroit.

The Bryan and Korn club will hold a meeting at the city hall this evening.

Miss Clara Gauthier left last evening for Minneapolis and St. Paul, to visit relatives and friends.

Miss Edith Eldredge left yesterday for the Thousand Islands, where she will spend some time with friends.

W. H. Raymond and wife, of Niagara, left last evening on a lake trip to Buffalo, on the steamer Northwest.

The steamers Griffin and the Rensselaer left yesterday for Buffalo. They were loaded at the South Shore docks.

Mrs. J. A. Ouellet and family of Hills, formerly of Marquette, have gone to Los Angeles, Cal., to reside permanently.

Miss Mary Powers, of Hastings, Mich., who has been visiting friends here the past month, left for her home yesterday.

Mr. and Mrs. O. H. Murphy, of Oliver, Mass., who had been visiting in the city, sailed last evening for Buffalo, on the Northwest.

Miss Leonora Laughlin will leave Saturday for Chicago, to attend the fall display of gowns. Her dressmaking parlors will be closed until Sept. 15.

The Northwest was in the city last evening for the last time of the season. The Northwest annually goes out of commission the first week in September.

Miss Nellie Moore has returned from Duluth and Virginia, Minn., where she had been visiting. She arrived home on the steamer Juniata Tuesday evening.

The members of the board of park, cemetery and street commissioners yesterday inspected the street work that has been done during the present season.

Albert McKie, of West Bluff street, has returned to the city with his bride, who was formerly Miss Mildred Esplen, daughter of David Esplen, of Chestnut Hill farm, Burgoyne, Ont.

Ed. Erbeling and family, who have been visiting relatives and friends here for the past few weeks, left last evening for their home in Augusta, Ga. During Mr. Erbeling's absence the great flood, following twelve inches of rainfall in twenty-four hours, occurred. He heard from his assistant yesterday, for the first time since the catastrophe, and was informed that he had suffered no damage of any importance.

Wedded Last Evening—Benjamin C. Newley of Negaunee and Miss Edith E. Peterson of Marquette were married last evening at the parsonage of St. Paul's, Rev. Bates G. Burt performing the ceremony.

E-g. Pay Roll—The light and power commission had a force of sixty men on its pay roll last month. This unusually large number was employed because of work in progress at the power station, where a new dam is being built.

County Fair Dates—The county fair dates are Sept. 7, 8, 9 and 10. Advertising matter that has been put out gives the dates, improperly, some banners reading from the 4th to the 10th and some display cards giving them as from the 6th to the 10th. Thus confusion has arisen on this score.

Investigating Postoffice—Inspector Doyle of the federal civil service department, was in Marquette yesterday. He is making his trip to inquire among the employees of the various offices to learn whether they have been assessed for political work by the postmasters. Mr. Doyle recently inspected the Post Office building, whose employees, it was alleged, had been required to submit to political assessments.

Home from Trip Abroad—Dr. E. R. Downing, of the Northern Normal faculty, accompanied by his family, has returned to Marquette after a year's absence, the greater part of which time he spent abroad. Dr. Downing and family were four months at Naples, and he studied in Germany, besides spending two weeks at the biological laboratories at Plymouth, Eng. Dr. Downing also pursued three months' work at Columbia college, in New York. He returns to Marquette to resume his work in the Northern Normal, about a month hence.

Formerly a Policeman Here—Frank Geroux, a former member of the Marquette police force, died at Matchwood, Ontonagon county, Tuesday, after a brief illness. Pneumonia caused the demise. Mr. Geroux was fifty-two years old and is survived by wife and five children. Henry Geroux of this city is brother and Mrs. Alton Perrin and Mrs. Mary Rivers, also of Marquette, are sisters of the deceased. The remains were received here last evening and were taken to the home of Mrs. Rivers, on South Front street. The funeral will probably be held Friday morning.

August Weather—It needs no meteorological summary to prove that last month was one of the driest Augusts ever experienced here, but the details are interesting. The rain fall for the month was only 1.68 inches, as against an average of 2.04 for the last thirty-eight years. Only in one previous August, in 1892, was the rainfall less, and then it was 0.45 inches. The heaviest rainfall for the month occurred in 1891, when it was 4.71 inches. The mean temperature for the month was 63 degrees, as against an average of 63.9 degrees. There were eleven clear, twelve partly cloudy and eight cloudy days.

"Escaped from the Law" Tonight—Another record-breaking audience attended the production of "The Slave Girl" at the opera house last night. The play was most capably presented by the West-Henry company, the troupe again demonstrating its right to be classed as one of the very best repertoire organizations that has yet held the boards here. "The Slave Girl" is an interesting drama. Catherine Henry scored a hit in the role of Lota, and she was well supported. Tonight's offering will be the New York success, "Escaped from the Law," a comedy drama of the better grade and something out of the ordinary. A great deal of interest is being manifested in the Friday night production of "The Man from Nowhere," or "Captain Swift," which for so many years was played by Maurice Barrymore and which has always been considered one of the greatest society plays of the century. "Escaped from the Law," tonight, and "The Man from Nowhere," Friday night, are both new to Marquette.

**SHOOTS HOLD-UP MAN WITH BANDIT'S OWN GUN**

Fighting for His Life, Farmer Worst as Desperado at Superior, Wis., Inflicting a Wound That Is Pronounced Mortal.

Superior, Wis., Sept. 2.—While attempting to hold up Jacob Meisman, a farmer, "Jim" Scott, who says he lives in Denver, was shot and fatally wounded by Meisman.

Meisman has a truck farm in the vicinity of Greenwood cemetery and he with his nephew, a boy of twelve years, had been in the city on business during the afternoon. They started home in a buggy about 8:30 o'clock and on reaching Forty-fourth street and Tower avenue they saw a man walking ahead of them.

On coming up to the man Meisman invited him to have a ride. The invitation was accepted and Scott climbed into the rear seat in a few minutes. He pointed a gun at Meisman and demanded his money.

A Fight for Life.

Meisman closed in on his man and succeeded in getting the revolver away from him. Seeing that his plan was frustrated, Scott pulled a knife and attempted to slash Meisman and the latter retaliated by firing the revolver, the bullet striking the hold-up man back of the right ear. It emerged on the opposite side of his head.

Meisman started for the South Side to give himself up. Police Officer Isaacson with a posse started for the scene of the fracas and at Fifty-third street the officer met Meisman. The officer accompanied Meisman to a physician to have his wounds treated. The balance of the party continued to the place of the trouble and kept watch over Scott until the police patrol arrived and took him to the station house. City Physician McGill dressed Scott's wounds.

Dying, but Game.

"Set me up on my pins and I'll answer any question you may ask," said Scott. "My name is Jim Scott and I'm a railroad brakeman from Denver," he said. "He got me farther than to say in a rambling way 'hold him up' which he repeated half a dozen times. Further questioning brought no reply as he weakened fast and fell into a comatose state. The police believe that he is a professional holdup man.

Meisman said that he and Scott fought on the ground after they got out of the wagon. "I had no wish to shoot the man," said Meisman, "but when he came at me with a knife and when he stabbed me in the back with it I had no other course but to shoot to save my life. I shot the gun from him when one of his hands was in one of my trouser's pockets."

Meisman was at the police station and Scott was taken to a hospital in a dying condition.

HOW ARE YOUR

# EYES

Those who have any eye ailment that can be corrected by the aid of glasses, will find one of the best optometrists in the state in Dr. John H. Staacke, whose offices are at No. 10 Voelker Brownstone building. Dr. Staacke is the son of Dr. C. C. Staacke, Duluth's best known optician, who is president of the state board of optometry, and with whom Dr. John H. Staacke was associated for 2 years before his coming to Ishpeming. Eye strain and malformation is a very common trouble and one that unchecked, leads to very serious disturbance of the nervous and digestive systems. Those who are not perfectly satisfied that they are entirely free from any kind of eye trouble are offered an opportunity for consultation and examination by Dr. Staacke. Frames fitted and all kinds of spectacle repairing done. Charges reasonable and satisfaction guaranteed.

### NOTED SKIER HURT ON MESABA RANGE

**OLF JONNUM, HOLDER OF THE AMERICAN RECORD IN 1907, AND WELLKNOWN HERE, WAS SERIOUSLY, IF NOT FATALLY, INJURED AT COLERAINE.**

Word was received in Ishpeming yesterday that Olof Jonnum, the well-known skier, who carried off a goodly share of the honors and prizes in the contests here the past two winters, and who also did remarkable work at all of the other big tournaments in the Northwest last winter, was seriously and perhaps fatally injured Tuesday while working on a steam shovel at the Hill mine, on the Western Mesaba range. Jonnum was engaged with his fireman in putting new teeth on the dipper. The blows of the riveting hammer loosened the steam valve and caused the dipper to draw, crushing Jonnum between the crane and the dipper and holding him there. The engine's hoisting machinery and Jonnum fell to the bottom of the pit. Several ribs were broken, some of them piercing his lungs, and he was otherwise badly hurt.

Jonnum was considered the most graceful skier in America, and he had few equals among the experts of this country as a distance jumper. In the tournament here a year ago last Washington's birthday he won the American record, with a jump of 110 feet; last winter he had standing jumps of over 120 feet, but he did not make the new American record. Jonnum is a man of few words and a quiet, unassuming fellow and he is a great sportsman. Superintendent John C. Greenway, of the Oliver company, gave him a position at Coleraime after he saw him in his first ski exhibition. Jonnum is an intelligent man and he has learned all the fine points of the game. His form in jumping is invariably perfect and as a rule his work has attracted more attention than that of any other skier of this country.

It will be very generally regretted not only by the ski lovers of Ishpeming, but of every other city in the Northwest where tournaments are held, if his injuries incapacitate him for skiing. Last winter he had an opportunity to go to Norway to give exhibitions and compete against the champions of that country in their annual tournaments, but he preferred to remain in this country.

**HOTEL MUCH IMPROVED.**  
Garfield House Has Been Almost Completely Remodeled.

N. Robeau, proprietor of the Garfield House, who has spent nearly \$5,000 in improving the property this summer, contemplates further improvements next spring, and it is possible that he will make some of the alterations he has in mind before winter sets in. It is his intention to eventually enlarge the building adjoining his hotel on the west side to two stories, fitting up the second story with sleeping rooms. There are thirty sleeping rooms in the hotel and he believes that he will be able to accommodate a large number of guests in the second story of the adjacent building. He also plans to move his saloon business to the smaller building in the spring, fitting up the room at present occupied by the saloon for the hotel office. The present office room will be rented for a barber shop. In remodeling the hotel Mr. Robeau has made it almost a new house, as every part of it is being gone over thoroughly. The basement has been extended under the entire building and a fine steam plant has been installed. This is of sufficient size to heat both the hotel and adjoining building. There is a radiator in every sleeping room in the house and the plant, which was tested yesterday, worked well. All of the rooms have been wired for electric light.

An important improvement was the placing of wide verandas on the first and second floors of the first and second floors. The outside of the building has received the first coat of paint and the painters are expected to start on the second coat today or tomorrow. Mr. Robeau said yesterday that his house has been well filled all summer and at times he has not been able to accommodate all who applied for rooms.

**BUSINESS MEN WIN GAME.**

In the baseball game Tuesday afternoon between teams composed of business men and employees of the Marquette County Gas & Electric company, the former won by a score of eight to one. It was one of the best games that the business men have played this season, but the victory was largely due to the work of its battery, which was composed of Al Schott, pitcher, and Charles Skoglund, catcher. The feature of the game was a sensational catch of a difficult fly ball by Alfred Johnson in the right field, followed by the throwing out of a runner at second base. The game did not give their battery very good support, and most of the runs of the business men were made on errors. The business men's team expects to have a game with the Negaunee business men's nine within the next few days.

**THREE NIGHTS ENGAGEMENT.**

The Motion Picture company of Washington, D. C., will open their night's engagement this evening at Ishpeming theater. The popularity of the entertainments of the Motion Picture company, which filled engagements at the Ishpeming theater last season, also the previous season, is due largely to the great range of subjects covered. To the lovers of travel there are the trips to Venice, the Holy Land, Switzerland, Borneo and other places; for those interested in the industries there are lumbering, fishing, honey making, etc., while many humorous subjects are introduced, including "Hans With Care," "Smiles and Tears," "April Fool" and numerous others. The admission prices will be ten, twenty and thirty cents.

**MARRIED AT GWINN.**

Emil Johnston and Miss Dina J. Langgreen were united in wedlock at the home of Henry Knudsen at Gwin on Saturday last at 8 p. m. Rev. R. Hancock, pastor of the M. E. church, officiated. The bridesmaid was Miss Emily Van Brocklin of Ishpeming, and the groomsmen Bertman J. McCall of Negaunee. After the ceremony refreshments were served, and a pleasant evening was spent.

**CARD OF THANKS.**

In view of the many favors tendered us during the illness and after the death of our beloved father we feel that this expression of thanks for the same will convey to our friends the feeling that we cherish toward them for their kind consideration. It would be difficult for us to fully express our appreciation for the many favors extended. We feel under lasting obligations to William Andrews and his family for their kindness, also to the members of the Masonic lodges of Crystal Falls and Ishpeming, as well as to friends, for floral offerings.

## I Take Off My Hat

to no tailor in America when it comes to furnishing made-to-measure special tailored fall suits, with style and snap and refinement in them.

You may be able to go all the way to New York for your tailoring and pay the great Westel \$75 to \$150 for your fall suit.

Then that is your good fortune. But let me make it to your better fortune by saving you two-thirds this expenditure and giving you just as good a suit for the other third. (Some suits as low as \$20.)

Royal Tailoring is the best in the world. And the fall line of styles that I am now showing is the greatest achievement of this world's greatest tailoring system.

## RESULTS STAND AS FIRST GIVEN

FIGURES RECEIVED YESTERDAY DID NOT MATERIALLY CHANGE TUESDAY'S MAJORITY.

M'CABE IS AN EASY WINNER

Representative Gordon Got Five Townships, but His Opponent Carried the Others—Bradley's Victory Pleases His Friends.

Further returns received yesterday did not materially change the election results for Marquette county and the first representative district that were announced yesterday. In the townships not reached Tuesday night Gordon got somewhat the better break, and McCabe's majority over him stands at 285, with Turin township yet to report. Warner's majority over Bradley is 1,119, with Turin, Ely and Wells townships to hear from. These precincts will doubtless somewhat increase Warner's majority.

The figures on the legislative candidates are as follows:

	McCabe.	Gordon.
Marquette	486	446
Negaunee	497	292
Skandia township	21	18
Sands	7	29
Chocoma	20	13
Marquette	7	11
West Branch	0	18
Negaunee	3	10
Powell	24	32
Richmond	27	28
Turin	—	—
Totals	1,092	807
McCabe's majority	285	—

With Turin, Ely and Wells townships missing the figures on the gubernatorial contest are as follows:

	War-ner.	Brad-ley.	Earle.
Ishpeming	714	280	51
Negaunee	467	81	13
Marquette	388	403	67
Skandia township	13	20	6
Sands	14	1	18
Chocoma	18	9	4
Marquette	4	8	5
West Branch	0	16	2
Negaunee	6	7	1
Powell	21	16	14
Richmond	30	20	9
Ishpeming	18	1	0
Republic	81	40	25
Champion	92	7	6
Michigan	27	4	7
Humboldt	3	4	8
Tilden	27	26	6
Forsyth	176	35	11
Totals	2,069	980	253

Warner's majority over Bradley, 1,119. It will be seen from the above statement of votes that Earle carried but one township, that of Humboldt, where he distinguished himself by getting more votes than both Warner and Bradley

together. Bradley carried Negaunee, West Branch, Marquette and Skandia townships and this city, all by small majorities, and Warner carried Marquette, Negaunee and eleven of the townships that have reported. In West Branch township Bradley and Earle divided the vote, Bradley getting sixteen and Earle two, while Warner was blanked.

There was great eagerness to see yesterday's issue of The Mining Journal, to ascertain the result of the election in the state. The announcement that Bradley was a probable winner by 2,500 to 3,000 was reviewed with much pleasure by his friends and corresponding disappointment by those who had supported Warner. Some Bradley men who during the day had been confident that their leader would win Tuesday evening, when they learned how the upper peninsula counties had gone expressed a belief that Warner would be nominated, taking the upper peninsula vote to indicate a considerable undercurrent for Warner.

The returns on the election came in slowly and it was not possible to get any definite word from the lower part of the state until long after midnight, though the returns from the upper peninsula counties came in in good season.

### TRAIN IN TROUBLE.

Locomotive and Baggage Car Were Overturned Yesterday Afternoon.

A locomotive and baggage car of the Marquette & Southeastern train bound to Munising from Ishpeming left the track at a switch at the foot of Crescent street late yesterday afternoon, and both were overturned. The conductor and baggageman were in the baggage car, but along with the engine crew, escaped injuries. The locomotive was somewhat damaged, and it took a considerable time to get it and the baggage car back on the rails.

### TWO GAMES AT MUNISING.

Marquette Ball Team Will Play There Sunday and Monday.

The Marquette ball team will go to Munising next Sunday for two games, to be played Sunday and Monday. It is expected that Jeanson will pitch Sunday's game, and it is now planned to put MacDonald, a South Marquette player, into the box on Monday. Schools will be kept in reserve for Tuesday, the second day of the fair, when the Marquette team will meet Negaunee in the opening game of the special fair series. Wednesday, Munising and Ishpeming will play, and on Thursday the teams winning on the two previous days will meet in the final game. For the Munising game, the Marquette will have the same line-up as on Sunday last here, with Laney at short. It is expected that a good-sized crowd of rooters will accompany the team.

The Maple Grove Dairy will serve their milk in quart, pint and half pint bottles from now on.

### NEW TEACHER EMPLOYED.

Faculty Is Complete for the Opening of School Tuesday Next.

The Marquette schools will open for the fall term Tuesday next. Superintendent Gehrand has completed the faculty, which this year will include a number of new teachers. J. H. McNeil, who comes to Marquette from the DeLafield Military academy at DeLafield, Wis., will be the principal; Miss Barnard, of Saginaw, will be back, and will have the history courses; Miss Goldie Grant, of Milwaukee, a new teacher, will have Latin classes; William Pierson of Grand Rapids has been engaged for the science department; Miss Emma Hesse, of Marquette, will teach English; Miss Wenzinger, German; Miss Lilian Werney, French, and Miss Ethel Cooper, mathematics.

Superintendent Gehrand plans to make a particular effort to build up a strong commercial department the coming year. The instructor will be A. C. Schultz, and if necessary an assistant will be employed and strengthened, so that students in the school will be able to get a first-class commercial education. The manual training department will again be in charge of Daniel Greene, and Harry Hallam has been engaged to act as assistant.

Head Janitor Ed. Quarters has had a large force under his direction, busy with the work of cleaning the schools, making minor repairs and otherwise preparing for the opening of the term. This summer the schools that were not wired for electricity have been furnished with for the year in better order than ever before.

### BUYS RIEDINGER PROPERTY.

School Board Has Closed a Deal for a Piece of Real Estate.

With an eye to the future, when more school room will be needed, the board of trustees has closed a deal for the purchase of the home of Louis Riedinger, on East Ridge street, adjoining the present school property, for a consideration of \$5,500. The lot has a frontage of nearly 68 feet and is 150 feet in depth, being large enough for the erection of a good-sized building.

The board has not definitely outlined any building plans, but it has been evident for two or three years past that the time was close at hand when it would be necessary to provide larger quarters for the accommodation of the high school students and faculty, as the present building is hardly sufficient to take care of the present enrollment. The number of students attending the school is constantly increasing. The Riedinger property is the only one adjoining the present building that could be purchased, and the board feels that it has made a good deal in picking it up.
