

NATION OBSERVES LABOR'S HOLIDAY

Trade and Industry Come to a Halt the Country Over While Toilers Join in the Festes Marking Their Annual Celebration.

Parade at Chicago, Where Bryan Is Orator, Is Biggest Since 1891, and That at New York Is Participated in by 40,000 Men—John Mitchell, Speaking at Marion, Ill., Praises Courts and Denounces Idea Rich Are Growing Richer and the Poor Poorer.

New York, Sept. 7.—A perfect autumn day gave labor's best opportunity of a generation today, and the toilers made the most of it. Forty thousand strong, they marched from early morning until mid-afternoon through thronged streets.

"Bryan Day" at Chicago. Chicago, Sept. 7.—Organized labor today paid a tribute to W. J. Bryan. Although it was Labor Day, it soon became manifest that the workers had surrendered their privilege and had made it "Bryan Day."

Chicago, Sept. 7.—The parade, which was held in the afternoon, was the largest since 1891. It was held in the afternoon, and the workers had surrendered their privilege and had made it "Bryan Day."

workingmen as the process of the courts have in the past been invoked to protect the rights of property.

Temple Dedicated at Kansas City. Kansas City, Sept. 7.—The Kansas City labor temple, now being constructed, was informally dedicated today. The usual Labor Day parade was dispensed with.

Taft Given Warning. Supposed Lunatic Writes of Plot Hatched to Assassinate Him. Topeka, Kan., Sept. 7.—The State Journal today printed an unsigned letter, mailed at Topeka in the latter part of August and addressed to W. H. Taft, in which the writer, who is believed to be of unsound mind, warns Mr. Taft of an alleged plot to assassinate him.

Crane Arrested at Sagamore Hill. Oyster Bay, Sept. 7.—A crank armed with an antiquated revolver was arrested near the president's house at Sagamore Hill today by secret service guards. The man described himself as John Conaghan, a detective, and said he had come to ask the president to order out 5,000 troops to catch the yeggmen who have been terrorizing Boston.

Dr. Rustin, Victim of Omaha's Mysterious Tragedy, Inoculated Himself With Disease Germs 3 Years Ago, It Is Said. Omaha, Neb., Sept. 7.—In connection with the murder of Dr. Frederick Rustin, the prominent surgeon who was found dead on his porch at Omaha last week, the Omaha World-Herald prints a story telling of former attempts of Dr. Rustin to commit suicide.

GIVES CLUE TO MURDERER. Accomplish in Two Bloody Crimes Confesses to Chicago Police. Chicago, Sept. 7.—The murder of Louis Falardeau, who was shot to death in his store a week ago, and of John Preigel, found dead a few nights later with his head beaten to a pulp with a hatchet in his room, was traced tonight by the police to John Kapuska, or Krueger, and a search for him is being made.

JEALOUS MAN'S BLOODY DEED. John Fisher, Missouri Farmer, Kills Young Woman and Himself. Jefferson City, Mo., Sept. 7.—John Fisher, a farmer, residing twelve miles from Jefferson City, shot and killed his cousin, Miss Fisher, aged eighteen, and later killed himself today. Jealousy was the cause.

RIOTER PLEADS NOT GUILTY. Springfield, Ill., Sept. 7.—Joe James, indicted for the murder of Clergy A. Ballard, whose life was sought by the mob during the recent riots, was arraigned today and pleaded not guilty. The trial will probably begin tomorrow.

AUTOMOBILE OVERTURNING, ST. PAUL MAN IS KILLED. Paris Fletcher Meets Death and Wife Is Severely Hurt—Senator Knox Has Close Call in a Mishap in Switzerland. St. Paul, Minn., Sept. 7.—Paris Fletcher, a member of a well-known real estate firm of this city, was killed and Mrs. Fletcher was severely injured by the overturning of their automobile near Wabasha, Minn., today.

Close Call for Senator Knox. London, Sept. 7.—A news agency despatch received here today from Geneva says that Senator and Mrs. Philander C. Knox of Pittsburg, were slightly hurt and their son was seriously injured in a motor accident. While passing another automobile, a horse and the car collided, and that occupied by the Knox family was ditched.

SENTENCED TO BE SHOT. San Francisco, Sept. 7.—Passengers on the steamer City of Sydney, which arrived here today from Panama and Central American ports, brought the news that Captain Lee Cannon, a graduate of Cornell and who is said to be one of the leaders in the recent Honduran revolution, has been captured and sentenced to death. According to reports heard by the passengers, Cannon killed fifteen men in his last stand, but was finally taken.

GOMPERS STORMS CANNON FASTNESS

With an Address at Danville, American Federation Head Opens Campaign Against the Re-election of "Uncle Joe."

He Makes a Favorable Impression When He Devotes Himself to the Tenets of Organized Labor, but His Auditors Are Not So Well Inclined When He Attacks the Congressman, nor Is the Latter's Democratic Opponent Permitted to Make a Speech.

Danville, Ill., Sept. 7.—Samuel Gompers, president of the American Federation of Labor, opened his campaign against the re-election of Speaker Cannon as a member of the national speaker today when he spoke at the Labor Day celebration in this city.

With this reference to H. C. Bell, the Democratic opponent of Mr. Cannon, Mr. Gompers quit the stand. Immediately there were cries from the Democratic portion of the assemblage for Bell, the labor leaders of Danville, who had the celebration in charge, refused, however, to allow Bell to mount the rostrum, despite the fact that the Democratic candidate had told Gompers he would be glad to address the crowd. Thus, what might have been turned into a Democratic mass meeting was averted by the labor men who desired the celebration to be kept within the bounds of politics.

Incidentally Mr. Gompers took occasion to pay his respects to the Republican presidential ticket. "There is a glorious triumvirate," he said, after he had charged both Republican nominees with being in league with the employer and not the employe, adding Speaker Cannon to the list. He declared that, though the labor leaders frequently appeared in congress, asking for legislation favorable to the laboring men, "all they got was some dilapidated set of no practical benefit."

KETCHEL LOSES HIS FISTIC TITLE

Knocking Out the Grand Rapids Man in the Twelfth, Papke of Illinois Becomes World's Champion Middleweight Pugilist.

Battle Is Practically Over a Minute and Twenty Seconds After the Gong Sounds for the Initial Round, and from That Time On It Is Merely a Question as to How Long the Michigan Fighter Will Last—Abe Attell's Bout With Moran Is a Draw.

Los Angeles, Cal., Sept. 7.—Stanley Ketchel, Michigan, former middleweight champion of the world, was knocked out in the twelfth round this afternoon by Billy Papke, of Illinois, who is now the middleweight champion of the world.

Both men entered the ring in apparent perfect condition, and neither had ever been knocked out. Ketchel had the decision over Papke in a previous ten-round bout. When Papke entered, he walked to Ketchel's corner and greeted him with a handshake, but when time was called and Ketchel walked to the center, extending for the shake, Papke ignored the hand and sailed into the Michigan man with fiery impetuosity.

The fight was practically over a minute and twenty seconds after the gong sounded. From that time on it was merely a question as to how long Ketchel would last. Papke tore into Ketchel with such force that the undefeated champion was simply lifted off his feet four times within the next minute. Papke knocked Ketchel to the mat for the count, and from that first knockdown Ketchel never really recovered his form. He was a defeated man, but closed, and for the last three rounds he staggered about the ring, his right eye was closed. At the intermission his seconds lanced the eye and sneaked the blood, but Ketchel never regained the sight of his right eye. Before the finish the other eye was all but closed, and for the last three rounds he staggered about the ring, his right eye was closed. At the intermission his seconds lanced the eye and sneaked the blood, but Ketchel never regained the sight of his right eye.

Attell and Moran Battle Twenty-Three Rounds to a Draw.

San Francisco, Sept. 7.—Abe Attell, champion featherweight of America, and Owen Moran, England's premier boxer in the same division, fought a draw this afternoon. The battle lasted twenty-three rounds, and at its conclusion Referee Welch unobtrusively declared the fight an even thing. The encounter, on the whole, was rather tame, but this was offset by the cleverness of both fighters. It was a very even one and was marked by Moran's aggressiveness and Attell's cleverness in blocking and his around work from a defensive standpoint. The consensus of opinion seemed to indicate, however, that the Californian did not show his best form and that he lacks the dazzling speed which has made him a marvel of cleverness.

GALE FANS FLAMES INTO RENEWED FURY

Mesaba Iron Range Is Threatened With a Repetition of the Disaster Which Wiped Out the Village of Chisholm Saturday.

Snowball Is Destroyed, Aurora Is Entirely Surrounded by Forest Fires, Mitchell Is Saved Only by the Heroic Efforts of the Citizens, and Between Nashwauk and Hibbing, a Region 22 Miles Long, the Woods Are Burning Fiercely.

Duluth, Minn., Sept. 7.—Forest fires are again threatened with a repetition of the fire horror which swept Chisholm Saturday and wiped out thousands of acres of standing timber. After a day of quiet, the flames which died down Sunday were fanned into renewed fury again today, and are sweeping on toward Hibbing. Duluth and Nashwauk from the south. Snowball was completely destroyed this afternoon. Aurora is entirely surrounded by forest fires. Mitchell was saved only by the heroic efforts of the inhabitants. Between Nashwauk and Hibbing, a region twenty-two miles long, the forests are one continuous front of flames.

TO REVISE THE TARIFF. Congress to Be Called Immediately After the Adjournment in March.

Washington, Sept. 7.—An extra session of congress will certainly be held next winter, immediately upon the adjournment of the regular session on March 4. This is the statement made here by Senator McCumber, of North Dakota, who has just come to Washington after a conference with the president and Mr. Taft held on this subject. Not only will the extra session be held, the senator says, but the tariff will be revised. Among the important articles the west will demand shall be placed on the free list, said Senator McCumber, "are lumber and coal." A particularly strong fight will be made to accomplish this result. A special effort will be made to conserve the raw material that enters into manufactures by putting it on the free list and thus encourage the admission of such articles from abroad. The effort is to be made to put on the free list such articles as iron, lumber and coal, the constant use of which tends to exhaust the supply.

Marquette, Mich., September 8

Hasten to the county fair; it's good.

Once again we have it borne in on us that it takes a school election to get our good people thoroughly awakened.

It may be remarked that the people of the country are just as desirous of hearing Mr. Taft as he is of taking the stump.

Governor Warner's majority has grown until it now approximates the size of the one originally claimed for Dr. Bradley.

The press bureau now having a part in our annual school elections the next logical development will be the campaign manager.

Executives of the Boxers; those who survive will neither be aggressive enough nor influential enough to either make or break any legislation.

Arthur Hill of Saginaw denies the widely published story that he said in Detroit he will bolt Warner. Do we then, understand that he will not bolt?

Mr. Hill's real friends will hope that of the two conflicting reports on the matter the one that he has not bolted the Republican party's nominees will prove to be correct.

Governor Warner now says he will go ahead and do his best to tinker up the primary law and attend to those other little matters which he has referred to from time to time.

The Democrats are just now deluding themselves with false hopes in regard to the situation in Michigan. They forget that except in Iowa Republicans don't bolt in numbers sufficient to make their bolting a factor.

Many harsh criticisms have been aimed at Michigan's primary law since last Tuesday. Charity should govern in this matter, for it is remembered that the enemies of the new system had a big hand in framing the present statute.

A certain Mackinac Island official, who succeeded in turning practically all the vote in that turbulent precinct away from Governor Warner, will not be State Highway Commissioner Earle's successor. You see the wrong man was finally nominated for the governorship.

"Congratulations. The expected has happened," Vice President Fairbanks wired Dr. Bradley last week. No, gentle reader, the dispatch was not sarcastic. It was written before the returns began to take on a complexion in favor of Governor Warner. Vice President Fairbanks was simply doing the pleasant thing.

For once Labor Day defied the traditions that says it must be either wet or cold and raw, for the holiday furnished as fine an article of Lake Superior weather as one could wish to see. The celebration thus was a pleasant one, both for the workingman and the people who joined with him in a day's recreation. There will be a general hope that the Marquette County Agricultural association will be favored with similarly favorable weather throughout the week. If it is the present county fair will doubtless be the most successful of the long series.

The county convention at Ishpeming today promises to be an entirely harmonious affair, as the results of the caucuses determine in advance the disposition that will be made of all the important offices. A number of the present officers are going to be nominated to succeed themselves, namely, Judge of Probate Potter, County Clerk Jenks, Register of Deeds Primeau and Prosecuting Attorney Bell. For sheriff Marshal Lehman of Ishpeming appears to have a clear lead, and a big one, and for treasurer Marshal Gribble of Negaunee is the man whom circumstances appear to favor. There may be a contest or two over minor offices, but they will not, in any event, amount to much. It is a safe prediction that the convention will terminate without any heads being broken. The ticket as outlined appears to be a well-balanced one, and one which

should poll the normal Republican vote. Every man on it has proved himself an able and faithful public servant, and each man has well-defined elements of popular strength.

Some unhappy spirits in the Bradley camp are urging the doctor to demand a recount and to resort to other expedients to delay the game. Dr. Bradley, however, does not turn a kindly ear on this kind of counsel. Taking his cue from the course of Governor Warner when the returns appeared to make certain Dr. Bradley's nomination, the latter says that the will of the people should be supreme, and he signifies an intention of accepting the result and giving the ticket his support. And there is little doubt that this is the course Dr. Bradley will take. His excellent run leaves him a considerable political figure in the state. Doubtless he still entertains ambitions which he is not desirous of sacrificing by irregularity as a party man.

We may take with some grains of allowance the reports sent out to Republican newspapers about the conference that was held in Chicago recently between Mr. Bryan and the campaign managers, but after these reports have been duly discounted it is definitely known that the Democratic candidate for the presidency heard rather gloomy news from both the East and the South. Mr. Mack must certainly have told him, as it is said he did, that his cause in New York is absolutely hopeless with Governor Hughes heading the Republican state ticket, and one has but to read the influential southern newspapers to see that there are two or three Southern states which may give their electoral votes to Mr. Taft. The Middle West was held up to Mr. Bryan as a ray of hope and it was mentioned that he might carry Wisconsin. That's poor consolation. Wisconsin is as safe for Taft as is Michigan or Ohio. It is only the size of the plurality that causes speculation.

The destruction of the town of Chisholm, Minn., a prosperous and busy mining camp of 4,000 people, well built, with fine homes, substantial business blocks and excellent public buildings, marks the climax of a succession of minor losses attributable to the forest fires that have swept over the northwest the past few months. The people of Chisholm appear to have dwelt in false security while the fires raged all around them. On one side of the town was a lake and those of the citizens who gave the matter any thought at all believed that the fire would be stayed at the mining locations surrounding the town before it would become dangerous to the community itself. They reckoned without giving due thought to the resistless sweep of a forest fire under full tilt, and Saturday their fine little town was bombarded with a perfect downpour of flaming brands which broke out in so many places at once that it was impossible to make an effective fight on the flames, and Chisholm was wiped off the map. The most regrettable feature of the situation is found in the fact that if the people of the city had realized the danger they were in they could have protected their town by backing the woods surrounding it and by otherwise taking precautions to prevent the forest fires from overwhelming them. The loss is disastrous—\$2,000,000 is the estimate—but Chisholm will quickly rise from the ashes. The disaster is one, however, that teaches the necessity of adopting more systematic methods of combating forest fires in all the territory of this and the neighboring states.

A GREAT TRAVELER. "The world is bigger than I imagined," says a writer in a Chicago paper. Evidently the gentleman managed to get outside the corporate limits of his own town for once in his life.—Washington Herald.

If You Read This It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic and long-standing cases of catarrhal affections and their results, as bronchitis, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs, and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. E. V. Pierce, Buffalo, N. Y.

Mr. Tucker's Address

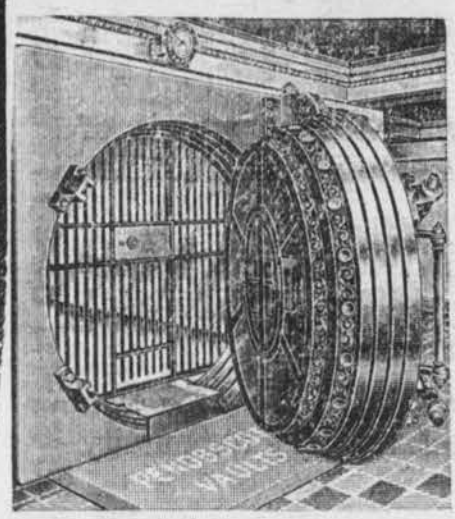

Following is the text of George Tucker's address to the union men yesterday morning:

Among the vital concerns of unionism are wages, time, opportunity, cost and equality—the rate of wages to be paid and received, the hours to be included in a working day, opportunity without humiliation for willing hands to find place in the employment, the right of the necessities of life, and equality before the law. These more than all else determine the degree of civilization in republics as well as empires and kingdoms. In the adjustment of these matters I take it to be the chief design of trades unionism, primary and secondary, the voice of labor to a plane in some degree corresponding to its own importance and power. This may be considered the most stupendous task of the age, and whether organized labor succeeds or fails will depend more upon itself than all the rest of the world. Rather than the dirge of despair I would bring to your today a message of hope and inspiration, of good tidings, of great joy. Never was there a time when rewards to labor were so great, her just cause as much respected, or her organized rights as cheerfully conceded and accepted as in this year of grace, Sept. 7th, 1908. Everywhere the effects of its influence are felt. Prisons that only as yesterday were policed with filth and vermin (veritable pest holes of disease), and equipped with instruments of human torture, have been so far cleansed and reformed as to make the restriction of personal liberty the worst remaining dread. In a few brief years it has raised the ordinary man from being governed without consent, as in a monarchy, to the position of a sovereign in a self-governing republic. It has placed upon the statute books of the nation an eight-hour law for all government employees, given us a pure food law, an employers' liability act, a railroad rate bill, a meat inspection bill, created a bureau of labor at Washington, and wrung from an unwilling legislature laws concerning primary and secondary reforms that will be surely followed by the application of that principle in the nomination of all candidates for public office within the state. It might be too much to contend that organized labor has alone produced these salutary results; it is one thing, unquestionably, the spirit of the people of which unionism forms a part has been the cause of their inspiration.

On Labor Day of last year it was my privilege to discuss in your hearing the importance of enlightenment, having then in mind as I do at this time some of the powerful forces arrayed against progress of all kinds, including that of labor.

Selfishness is but another name for greed, the blight of the human race. "Business is business" is one of the most cruel aphorisms of which the language of man has been made guilty. It has converted legitimate industrial organization into monopoly, reduced the investment market to common gambling and cursed both labor and capital with the monster of high finance. Co-operation is one thing, organization is another. The co-operation or combination that reduces the cost of the necessities of life through improved methods of production has come to stay, and with such we have no quarrel. But no justification can be offered for the huge combinations of capital, organized as they are by the trust under which seven men in the city of Chicago can sit in a back room and fix the price of beef on the hoof on the one hand, and on the other the price of meat consumed in every American home, by throttling the retail trade. The same is true of the elevator trust controlling our bread after the grain has been reduced to flour. Not all the blackened darkness struck by lightning or scorched by fire could adequately portray the iniquity of these kindred monopolies. Strange as it may appear it is my belief that the purely industrial organizations are the least guilty of all. These it will be observed are the ones we come in daily contact with and are in closest touch with labor. But in the operation of the speculative market and the manipulations of high finance, we seem to have the most purely industrial trusts controlling our bread after the grain has been reduced to flour. Not all the blackened darkness struck by lightning or scorched by fire could adequately portray the iniquity of these kindred monopolies. SAFE DEPOSIT BY MAIL.

[Main Entrance Door with Time Lock, Penobscot Safe Deposit Vaults.]

Many valuable papers—fire and life insurance policies, bonds, stocks, wills, etc.—the loss of which means ruin to the family, are stored away in bureau drawers, trunks, or attics, in constant danger from fire and robbery. And when a valuable document must be produced, there often ensues a hopeless search for it. These papers can be sent to us, from any distance in the United States, by the safe carriage of the Registered Mail, and safeguarded in our Safe Deposit Vaults, established and owned by Simon J. Murphy Co. (The late Simon J. Murphy was well known throughout Michigan as one of the leading lumbermen and capitalists of the State.)

Write us and we will mail you a large, heavy envelope with our address printed thereon, in which to place your valuable papers. Seal it and your Rural Mail Carrier will register it for you. Mail it to us. It will then be conveyed by a trusted employee of the U. S. Postoffice direct to a bonded official in our vaults. Using the Government Registered Mail is safer than carrying the papers yourself to us, and when they are deposited in our fireproof and burglar-proof vaults, which are always closely guarded, they are absolutely secure and secret. The cost of this protection is very small.

Why risk the danger of keeping these important papers in your own home? A day's delay may cause irreparable loss.

Write at once for our free booklet, with particulars on Safe Deposit by Mail. We solicit correspondence and inquiries, which will be promptly and fully answered.

COUNTY CONVENTION TODAY.

Expected That Contests Will Mark Political Gathering at Houghton.

The Republican county convention, which is to be held in the Amphidrome at Houghton today, opening at 11 o'clock this morning, has developed much interest, by reason of the fact that many sharp contests are expected. Doubtless there will be fights for most of the offices, for even if results have been pre-arranged carefully the candidates are unusually numerous and unexpected things may happen.

The biggest fight will be made for the sheriff, but also there will be things done when nominations for some of the other places are called for. Concerning two of the offices—those of probate judge and county recorder—one may venture predictions. Judge Bentley and Clyde Mackenzie are out for re-nomination, and none has appeared to say them.

Besides choosing the county candidates the convention will name sixteen delegates to the state convention to be held in Detroit Sept. 29; twenty-three delegates to the congressional convention at Marquette Sept. 12, and nineteen delegates to the senatorial convention at Laurium Sept. 11. The offices for which nominations are to be made are: Probate judge, sheriff, treasurer, county clerk, recorder, prosecuting attorney, two circuit court commissioners, two coroners and county surveyor.

By reason of its judges it is confidently expected that the Calumet delegation will be judged the fittest thing in delegations that the county can produce. There will be forty-nine badges—red ones—worn by as many men. The delegates from Houghton on a large car which will have Red Jacket about 9 o'clock. At luncheon they will be the guests of James MacNaughton, township chairman.

The ten delegates from Hancock are: Alex. Stevenson, Charles O. Oliver, John L. Harris, Henry L. Baur, C. A. Wright, A. J. Levy, Arthur Finley, Abram Ojala, J. E. Seaton and Andrew Bram. The Portage township delegation is composed of R. H. Shields, M. M. Foley, Joseph Croze, James Richards, Frank Hildebrand, Joseph Strobel, Charles Little and W. E. Miller.

The forty-nine from Calumet are: James MacNaughton, Thomas H. Solly, W. J. Reynolds, David Armit, Charles Heusa, Walter Renwick, William Hartman, Albert Hollenhorst, Jacob Uitti, Duncan Cameron, Charles Muford, Charles H. Ellis, John G. Gagnier, Joseph Stapanian, Izzie Blumenthal, Joseph Stefanie, James H. Chynoweth, F. H. Schumaker, Ed. Ulseth, John Lingstrom, Charles McLeiland, John Pentecost, William Niiska, John Watti, John D. Kerr, Christ Kuiti, George Wright, John Sussich, Thomas Houtson, James Riechi, Oscar Linatta, John Vignetto, Paul Michetti, Vincent Vairo, James Torrance, Peter Braun, William Waas, Peter Wisny, Edwin George, William Mihalich, James Curto, Fred A. Larson, M. Sunich, Eric Williamson, Leo Pasquelli, Frank Suddler, John B. Curto, John Ericson and Fred Holmer.

CONFERENCE OPENS TOMORROW.
Expected That Calumet Will Entertain Hundreds of M. E. Clergymen.

The Detroit conference of the Methodist Episcopal church opens at Calumet tomorrow, and it is expected that scores of the clergy from most portions of the state will be entertained. The sessions will be in progress. The convention will be held at the M. E. church, on Calumet avenue, and will be presided over by Bishop J. W. Hamilton of San Francisco, president of the conference. It will be followed by addresses by Rev. Amos Maywood of Marquette and Rev. H. H. Harris. A business session will occur Thursday morning, and the afternoon session will open with the observance of the anniversary of the Woman's Foreign Missionary society.

Part of the evening session will be devoted to another anniversary celebration, that of the Superannuated Preachers' Aid society. The latter will be directed by Rev. John Sweet of Detroit. At the afternoon session Rev. Dr. Stutz of New York will speak and the semi-centennial session will be delivered by Rev. H. W. Hicks. The evening session Thursday will open with vocal music by the men's chorus.

Friday morning a business session will be held and the bishop's address to the club to be received into full membership of the conference will be delivered. Friday afternoon the anniversary of the Woman's Home Missionary society will be observed, followed by addresses by Rev. F. D. Lette of Detroit and J. S. Steingard of Muskegon. A chorus of male voices will open the evening session. This will be followed by the bishop's lecture, and an organ recital by Professor Clare Winton of Laurium will close the session. Another business session will be held Saturday morning, preceded by a devotional service. Saturday afternoon the visitors will tour the Calumet district, visiting the mines, stamp mills and smelters of the Calumet & Hecla company. The Saturday evening session will open with music by a male chorus. Addresses will be delivered by Rev. George Elliot of Chicago and Dr. Dickie of African.

Sunday morning there will be a conference love feast led by Rev. S. Reed of Flint and followed by a sermon by Bishop Hamilton. In the afternoon will be held a memorial service and ordination service. In the evening addresses will be delivered by Rev. Homer Strantz and Dr. Mason. Business sessions will be held both Monday morning and Monday afternoon.

FOUR DEATHS IN A YEAR.

Two more deaths in the Morgan family of Phoenix bring the total within the past twelve months up to four. The two latest deaths were those of Mrs. Jessie Morgan, wife of Thomas Morgan, Jr., and Mrs. Thomas Uren. The latter was the mother of Mrs. Morgan, grandmother of John Morgan, who was accidentally shot and killed several months ago. Mrs. Morgan died at noon Sunday at the age of twenty-seven, from lung trouble. Mrs. Uren died early yesterday morning, from old age.

GOING TO SUE THE TOWN.

Frank Cumat of Hubbell says he is going to sue the town. The action is based upon the following items which were included in a bill which recently he submitted to the council and which that body unfeeling turned down. The damages were brought about while the village was boring the ten drive wells from which the community's water supply is to be drawn:

- Managed roof and painting \$80.00
- Interior paint and wall paper 75.00
- Curtains damaged 30.00
- Washing on line damaged 20.00
- Damage to garden 25.00

Regular meetings of the Beehive Social temple of Calumet, which is a branch of the Union Temple of Honor, will be held each Saturday evening from now on.

Frank Healy has taken a position in the D. S. S. & A. dispatcher's office at Marquette. He was formerly operator for the Mineral Range road at Dollar Bay.

Jack Wolff and Miss Lucile Wolff of Chicago, who have been spending the summer in Houghton, visiting their sister, Mrs. S. W. Karger, have returned home.

C. P. Steinhil, who has been visiting his parents, Mr. and Mrs. Jacob Steinhil, of Atlantic, has returned to Ypsilanti. He is a teacher in the Normal school there.

The Misses Anna M. Cuddihy and Margaret Harry of Hubbell are taking a lake trip on the steamer George A. Flagg. They will be away about two weeks.

The price of hard coal in Lake Linden jumped 81¢ inside of a week. It is now quoted at \$7.75, and was \$7.75. There has been a corresponding increase in the cost of other fuel.

Mrs. S. D. Warriner of Chicago, wife of the former superintendent of the Calumet & Hecla Mining company, has returned to her home, after a visit with friends in Calumet.

After an absence of three months, spent in his native Ireland, Thomas Healy has returned to Houghton. He was sixteen years old when he came to America, half a century ago.

This year's enrollment in the Hancock High school shows an increase of eighteen over that of last year, the total being 188. This includes the twenty-four pupils in the commercial department of the school.

The Copper Range road will shortly issue new mileage books. They will be slightly different from the ones now in use.

The spaces marking the miles in the new book will be twice as wide as those in the old book.

A large number of representatives of various labor unions attended the service Sunday at the Hancock Congregational church, when Rev. J. S. Gould preached upon the subject, "The Genius of Our Industrial and Social Progress."

It is stated that up to date only about \$11,000 has been collected in Laurium of the total amount of tax due, which is about \$32,000. Village officers have asked those who have not yet paid to do so as promptly as possible.

Justice of the Peace E. F. Prince, of Lake Linden, is home from the Soo, where he attended as a delegate a convention of an organization of former Canadian residents. Mrs. Peter Supramant, who was a delegate to the convention of the woman's auxiliary of the organization, has also returned.

A pleasing feature of the picnic held at the Canal yesterday by the choir of the Hancock Congregational church was the stereopticon exhibition on the return trip. Some fifty-odd scenes were shown. Views of the Hudson river, White mountains, Niagara falls, Rocky mountains and the copper country were displayed.

Directors of the newly-organized People's Auto company, of Calumet, are to be elected at a meeting of the stockholders to be held this evening. It is likely that the directors will choose the officers at once. The first car of the new company, which is to be a twenty-two-passenger car, it is expected will arrive this week.

The store formerly occupied by the Crockett Co-operative company in South Range, and which was almost totally destroyed by fire several months ago, is being replaced by a new structure, which it is expected will be completed within a few weeks. Another general store, under the management of Calumet people, is to be established there.

According to the report of the Paines and M. E. church, the covering the past four years they Rev. R. L. Heyson has been pastor, the cost of the new parsonage is \$19,200. The church, which was completed last January, cost \$11,000.

The question whether Rev. Mr. Heyson will remain in the parsonage next year is to be decided at the approaching conference. He has been asked to remain.

Some of the copper country horses that are taking part in the four-day fair meeting in connection with the Marquette county fair this week are: Echo Melium, owned by Mike Kemp; Burley S., owned by James McClure; Artemus and Cob, owned by Dr. Kohlas; Clay Martin, owned by Gus Johnson; Lady Arkwood, owned by H. H. Hogganson; and Ferris D., owned by Dunn Bros.

Alex Beaudoin of Allouez was recently the victim of a serious and painful accident in the blacksmith shop of the Allouez mine, where he is employed. He was holding a piece of metal on an anvil while a helper was pounding it with a heavy sledge. The hammer in some manner slipped in the helper's hand and Beaudoin received the full force of the blow on his chest. His right lung was seriously injured.

Chief of Police Andrews, of Hancock, in his possession a package of dynamite and in the attempt to fix the person who, through accident or design, left it in the front yard of Tom J. Prince, whose home is in the Quiney addition. Prince found it in the yard Saturday evening. It is not thought that a crime was contemplated by the one who left the explosive. One theory is that some workman, or, as has happened before, some drill boy stole the dynamite, and, fearful of taking it home, had thrown it away. There was a stick and a half of the explosive in the package.

The newly-elected officers of the Hancock High School Athletic association are: President, George Fisher; vice president, Russell Gault; treasurer, Ruth Emery; secretary, Alex Zova. Professor Coons was made manager of the association. The staff of the school publication, The Inez, has been named. Paul Tammar is editor, George Fisher associate editor, and Donald Royce will handle the athletics. Bert York is manager of the business staff and Oscar Fred is associate manager. A reporter has been appointed for each of the classes of the school and for each department. The first issue of The Inez will appear within a short time.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a general disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case that it fails to cure. Send for circular and testimonials.

Upper Peninsula

Over Its Own Tracks.
The Wisconsin & Michigan railway trains are now operated over the company's extension from Cundy to Iron Mountain. The company is receiving a nice patronage from Iron Mountain people and the service is gaining in popularity.

Feen Fund Exhausted.
The treasury of the Dickinson county poor commissioners is empty and orders are now issued payable on February 1st, 1907, with interest at 6 per cent. At the annual meeting of the board of supervisors held in October last the large sum of \$25,000 was appropriated for the support of the poor. This money became available the first of January.

Expired in Poor House.
James Stevens, an aged inmate of the Menominee county poor house, died at that institution last week, and after a vain effort to find friend or relatives, the man was buried at public expense. The age of the man was not known, but he had been an inmate of the county institution for years. He had not a friend in the world and not a relative could be found.

Death Came Suddenly.
Peter Moody, a well-known resident of Gladstone, died suddenly from hemorrhage of the lungs last week, being stricken while in his place of business and the end coming in a few moments. The deceased, who was about fifty-five years of age, had been a resident of Gladstone for twenty years, the past eight years being engaged in the saloon business. The interment took place at Saginaw.

Not Mackinac Island.
A report is going the rounds of the Press that Cincinnati heirs of the late Edgar Canning are to institute suit for nearly the whole of Mackinac Island. The story is erroneous. The greater portion of Mackinac Island is held in trust by the state under a grant from the United States government. Edgar Canning was interested in Mackinac on the mainland, and his ill-starred financial ventures there are well remembered by pioneers of the region.

Schoolcraft's Winning Candidates.
The Republicans of Schoolcraft county have chosen the following as their candidates for office at the November election: Sheriff, A. J. Smith; probate judge, Cornelius Klagstad; county clerk, Alfred Dustrum; treasurer, John N. Foshier; prosecuting attorney, J. C. Wood. The latter named candidate defeated V. I. Hixon, who now holds the office by a margin of eighteen votes. This was the closest contest at the primaries. Mr. Wood is a former Isipemung man.

Chippewa County Ticket.
The Republican nominees in Chippewa county are the following: Judge of probate, William M. Small; sheriff, Joseph E. Bayliss; clerk, Herbert L. Parsille; treasurer, James M. McDonald; register of deeds, Edward Thompson; prosecuting attorney, Merlin Wiley; circuit court commissioners, Thomas J. Green, John A. Colwell; coroners, Fred Townsend, Rollin C. Winslow; surveyor, Frederick E. Brown; commissioner of schools, Thomas R. Easlerday; county road commissioner, William Galfrey.

Cize Contest in Delta.
The feature of the primary election in Delta county was the contest over the Republican nomination for the office of sheriff. A. J. Henry, a former deputy, was defeated by Sheriff Aronson by only seventeen votes. The following tickets are as follows: Probate judge, Judd Vellend; clerk, John A. Semer; treasurer, Joseph J. Mallman; prosecuting attorney, H. R. Dotsch; court commissioner, Charles E. Gallup and Torval Strom; coroners, D. P. C. Dube and L. O. Kiestine; county surveyor, D. A. Berthelton; the nominee for the legislature is Peter Jensen.

Trusted Official Accused.
The Menominee Herald-Leader says: "Charles Kinsella, who has held the office of clerk of the board of education of Spalding township for a number of years, has been arrested on a charge of misappropriating nearly \$14,000 of the school funds. The complaint was sworn to by Supervisor Ralph J. Brink before Justice Larson of Stephenson. Mr. Kinsella appeared before the justice and asked that the hearing be continued until the 14th of this month. This privilege was granted him. This case will be a very interesting one and it is expected that a large number of people will be present at the hearing. Bail was fixed at \$2,000, which was furnished by Frank Beaton and Henry Hansen."

Alleged Blind Pig Raided.
An alleged "boot-legging" case is on the docket of Justice Runnels' court at the Soo as the result of some detective work done by Chief Swart and Deputy Sheriff "Andy" Amott. Alexander Ronde is the defendant and when arraigned he pleaded "not guilty." Having obtained some suspicious regarding the place, Swart and Amott made a trip to the ice cream parlor and fruit store lately opened up by Ronde. Finding a woman in charge they casually asked the privilege of purchasing liquor and they allege that the booze was at the time and apparently the woman did not know the officers. Later the chief and his deputy visited the place and put the man under arrest. The specific charge is selling liquor without a license.

Child Swallowed Hat Pin.
With an ordinary hat pin about five inches in length lodged in her intestines and with but a fighting chance of surviving it, removal of Alice McQueen, aged fifteen months and the only child of Mr. and Mrs. James McQueen of Brimley, Chippewa county, was taken to the Saint Ste. Marie hospital, where an operation was performed. Mrs. McQueen had left her baby lying upon a chair. The child took one of the pins, and holding it in her mouth, ran towards her mother. The youngster stumbled and fell, and the pin was jabbed back into the throat. Realizing from the child's cries that something out of the ordinary had occurred the mother called to the husband. Two doctors were summoned. They did not agree. One believed the hat pin was in the baby's throat, while the other doubted that such a thing was possible. While the child still manifested illness, little attention was paid to the matter until a few days afterward, when, while holding the child, Mrs. McQueen felt the head of the pin in the child's side. The youngster was then taken to the Soo for an X-ray examination. The pin was located. It laid head down near the abdomen with the point near the heart. The operation subsequently performed was successful, and it was announced that the child probably did not develop the little girl would probably recover.

FRANTIC WOMEN

Organic disturbances of the feminine system act like a firebrand on the nerves of women, often driving them fairly frantic.

A nervous, irritable woman is a source of misery not only to herself, but to all those who come under her influence. That such conditions can be entirely overcome by taking

LYDIA E. PINKHAM'S VEGETABLE COMPOUND is proven by the following letters.

Mrs. Mary Wood, of Christiansa, Tenn., writes to Mrs. Pinkham: "I had the worst form of female troubles and my nerves were all torn to pieces; sometimes I suffered so much that it seemed as though I could not live. I began to take Lydia E. Pinkham's Vegetable Compound and now I feel like a different person. Your medicine is worth its weight in gold, and I cannot say enough for your advice."

Mrs. Wallace Wilson, Thompsonville, Conn., writes to Mrs. Pinkham: "I was all run down, nervous, and could not rest nights. Doctors failed to help me. Lydia E. Pinkham's Vegetable Compound restored me to perfect health."

City Brevities

E. J. McCarthy of Escanaba is in the city.

Mrs. Lewis Anderson left for Chicago last evening.

The board of pardons will visit the Marquette prison the 9th, 10th and 11th, when it will consider the cases of a large number of convicts confined in that institution.

Mrs. D. G. O'Connell and Mrs. D. Cashen, who have been visiting relatives in Marquette and Ishpeming for the past two months, have left for their homes in Lacrite, Minn.

Children's Mass This Morning—The Beraga school will open for the fall term at 9 o'clock this morning. At 8:15 o'clock the children will attend mass in a body.

Warned Off the Track—The fair directors warn drivers of automobiles and carriages to keep off the track at the fair grounds both before and after the races. Every effort is being made to keep the track in good order for the races and it is desired that those who visit the fair grounds shall cooperate.

Schools Open Today—The schools will open today for the fall term. Today the work of organization will be looked after, and the young people instructed as to what books they must have. Then will come the annual trip to the book stores to get them. All of the outside teachers are in the city, ready to begin work.

Fourth Grade Established—A fourth grade will be established in the North Marquette school this year. This is one grade higher than has formerly been taught here, and its establishment will enable many children who would otherwise have to go to town to attend school to receive instructions close to their homes.

Display at Fair—In the administration building at the county fair the Listman Milling company of La Crosse, Wis., makers of the Marvel flour, for which John Siegel is the Marquette agent, has an attractive booth at which hot rolls are being cooked and served, to show the excellence of the company's product. There is a stove in the booth and an experienced cook turns out as rapidly as needed the appetizing batches of rolls, which are served with butter.

To Change Marquette Light—The Duluth hydrographic office has been informed that about Sept. 12 the characteristic of the Marquette light, located on Lighthouse point, will be changed from fixed white to flashing red every five seconds. About the same date the fog bell, to be struck by machinery, which has been installed in connection with the new light at the outer end of the breakwater, will go into commission. The fog bell will be struck a single blow every five seconds. It will fill a long-standing demand of the marine men, for in heavy weather it has been very difficult for them to locate the end of the breakwater.

Van Alstyn in Partnership—The Dry Goods Guide, published in New York, has the following reference to A. T. Van Alstyn, for many years a leading business man here: "A. T. Van Alstyn and H. G. Warland have formed a partnership under the name of Van Alstyn-Warland company as selling agents and exclusive of local districts. The new agents for the favor of buyers are located at 78 Grand street, where they have ample room and excellent facilities for carrying on their proposed business. Mr. Van Alstyn was until recently of the staff of C. Cronmeyer & Co. and Mr. Warland has heretofore been connected with the selling agency of the Home Silk Mills. It is said that these gentlemen have ample financial backing, and as they are both thoroughly equipped by nature and training for their venture, there is no reason why it should not prove a success."

"TOO PROUD TO BEG"

Lincoln J. Carter's Play at the Opera House Thursday Evening.

Lincoln J. Carter's play, "Too Proud to Beg," will be presented at the opera house Thursday evening. It is said to be well constructed on the lines of an intricate detective story, and there is no lack of interest throughout the four acts. In this play Mr. Carter has endeavored to demonstrate to the public that he need not rely on the stage carpenter or scenic artist exclusively for success. It is said that in "Too Proud to Beg" he has written a comedy drama that for directness of theme, terseness of dialogue, cleverness of situation and legitimate dramatic merit, compares favorably with many more pretentious plays. The two principal characters of the piece are the children of the prosecuted hero. The first act is laid in the office of the police inspector, where the villainous plans are concocted. The last scene of this act shows the warehouse on fire and the rescue of the hero by his little son. The second act discloses the interior of the dive which is the rendezvous of the thieves. The fourth act shows the home of the police inspector and the capture of the gang. The cast presenting this play is capable.

MARQUETTE SHUT OUT.

Munising Defeated Locals in Exhibition Game Yesterday Afternoon.

Marquette yesterday again suffered defeat at the hands of Munising in an exhibition game at Munising, by a score of 8 to 0. McDonald, for Marquette, pitched an excellent game, allowing but seven hits and striking out four men. Although his delivery was not speedy, his curves were hard to hit, and this was not done until the seventh inning. Up to the seventh McDonald allowed but two hits, one of which was questionable. Sharkey, the first man up for Munising, put one to second on an Ingerdson batted, and Brisett followed with a long drive to left field, which Riopelle caught. St. Martin, next up, struck out, thus retiring the side. Marquette's first inning was opened by Weiser, who hit a liner to first but was caught at first. Rydholm hit a high foul which was covered up by Thompson. Dunlavy, next up, got a base on balls, Brown singled, followed by a single by Gilbert, but Lemere, the next man up, hit to third, thus preventing the Marquette from doing any serious damage.

Nothing of any importance was done by Munising until the seventh inning, as McDonald had perfect control of the ball. Cy Young and VanDien being the only members of the Munising team to do anything. In Marquette's second inning Riopelle opened up matters by making a neat single being forced later by Richardson. McDonald, next up, was put out at first later, and Weiser followed suit. Weiser, who made one of the best steals ever made in Munising Sunday, by stealing from second to third on Fryer, worked the same deal yesterday, from first to second. Riopelle followed, getting to second safely.

Cy Young, Munising's seventeen-year youngster from Newberry, fielded his position as though having ten years' experience. Gundstrom, who suffered a fractured arm at first base in Sunday's game, was relieved by Thompson, who did good work. Marquette, although hitting Vandien freely, could not get them at times needed as did Munising. After the seventh inning McDonald again settled down, allowing no more hits. Riopelle, who made one bad throw in Sunday's game, reclaimed himself in yesterday's game, by making two pretty throws from left field into Richardson, thus keeping two men from scoring. He also had four put-outs.

The summary is as follows:

Munising—	A. B.	R.	H.	E.

31ST SENATORIAL DISTRICT.

Gogebic Is Now a Part of It—Reapportionment by Last Legislature.

To the Editor of The Mining Journal: There seems to be some misunderstanding in the eastern end of the new thirty-first senatorial district as to its present boundaries, and for the information of your readers generally it would seem proper to explain that a new reapportionment of senatorial and legislative districts became compulsory upon the legislature of 1907, as both previous apportionments, of 1901 and 1905, had been set aside by the state supreme court. Had no new apportionment been made it might have left the state without a legislature at all. Under the now in force apportionment Gogebic county was transferred from the Thirty-second to the Thirty-third senatorial district, and this is now made up of Gogebic, Iron, Dickinson, Marquette and Alger counties.

So far as the people of Gogebic county are concerned, the writer can assure our now fellow-constituents of Marquette and the other counties that the change is thoroughly satisfactory over here and Gogebic stands only too willing to join hands with the good people of the two older Iron ranges, the Marquette and Menominee, for progressive measures and men who feel and act in harmony with conditions of today.

Respectfully,
K. S. MARKSTRUM,

UPHOLDING AUTHORITY.

It was a score of years ago that W. J. Connors, now chairman of the New York Democratic state committee, secured his first great freight-handling contract, and when the work was ready to start he appeared on the Ohio street dock at Buffalo, says Success Magazine, and called a thousand burly "dock wallpers" to order.

"Now," roared Connors, "yez are to work for me, and I want every man here to understand what's what. I kin lick any man in the gang."

Nine hundred and ninety-nine swabbed the insult, but one huge, double-busted warrior moved uneasily, and stepping from the line, he said: "You can't lick me, Jim Connors."

"I can't, can't I?" bellowed "Fingy." "No, ye can't," was the response.

"Oh well; thin go to the office and git your money," said Fingy. "I'll have no man in me gang that I can't lick."

SCHOOL MEETING HELD YESTERDAY

FINANCIAL STATEMENT PRESENTED—TAXPAYERS VOTE TO SPREAD \$50,000 ON THE ROLL THIS YEAR.

At the annual meeting of School District No. 1 of this city, held yesterday morning at the central building, a resolution was adopted to the effect that \$50,000, exclusive of the one mill tax, be spread upon the general tax roll for the year 1936, the money thus to be raised to be used to defray the expenses of the school during the fiscal year and for the payment of bonds and interest accruing thereon. Director N. M. Nelson yesterday stated that outstanding bonds in the sum of \$5,000 were payable July 1, but the holders have not yet asked to have them redeemed.

In the assessor's report the statement of receipts for the year ending June 30 showed a total of \$202,940.85, as follows:

Balance on hand, June 30, 1935	\$ 33,127.89
Auditor general (school for deaf)	800.00
Miss Ropes, supplies sold	322.96
E. F. Griger, supplies sold	241.90
E. J. Butler, net profit from graduation exercises	15.15
American Book company	20.30
School tax	50,000.00
One mill tax	6,555.96
One mill tax	6,555.96
Primary school fund	42,297.56
Library fund	945.90
Loans	62,000.00
Total	\$202,940.85

The report shows a complete summary of the principal items of expense during the year. The unpaid outstanding orders at the close of the year, July 1, 1936, amounted to \$3,383.10; the teachers' fund account showed an expenditure of \$58,883.71; the expenditures charged to the building fund totaled, \$57,292.33; loans and interest amounted to \$64,972.71, and incidental expenses, \$15,057, making a total of \$202,940.85. The repairs to the several school buildings during the year amounted to \$47,522. The expenditures at the High street school were greater than at any other building, the total being \$102,111. The high school came next with a total expenditure of \$80,477.

The supplies for the various schools, etc., cost \$2,691.41. In the summary the general supplies are entered as costing \$2,153.99, while the supplies for the high school cost \$175.17. The cost of providing all of the other buildings of the city with the necessary articles ran from \$18.17 for the manual training school to \$66.10 for the High street school.

Over \$5,000 for Fuel.

The following table, showing the cost of fuel consumed at the various buildings, is of interest:

High school, coal	\$ 933.65
High school, wood	16.75
High street school, coal	742.85
Ridge street school, coal	674.50
Salisbury school, coal	425.06
Junction school, coal	173.75
Junction school, wood	3.75
Cleveland school, coal	361.88
Cleveland school, wood	7.50
Pearl street school, coal	94.96
Mission church, coal	64.80
Manual training school, coal	1,570.08
Total	\$5,059.59

A total of \$372.48 was expended for lighting the several buildings, also the high school tower. The latter cost \$120 for the year; the light for the manual training school cost \$82.69; rooms in the Carnegie library, \$76.05; Central school, \$10; Ridge street school, \$13.35; High street school, \$12.20; domestic science department, \$27.80; High school, \$53.30.

The cost of maintaining the manual training school, including supplies, permanent equipment and repairs, was \$2,358.35.

Permanent equipment for the several school buildings was purchased at an expense of \$290.27.

The rental charges on the basement of the Mission church, which was used for school purposes, was \$125; the rental of the Pearl street building, \$305.10 and of the Carnegie library, \$362.

The expense of conducting the school for the deaf was \$850, or \$10 less than the amount received from the state for the maintenance of that department.

School Property Valued at \$350,000.

The following are the principal items of expense paid up to the close of the year on the new high school building:

Thomas M. Solar	\$44,585.29
J. D. Chubb	1,700.00
Lake Superior Heating Co.	2,364.00
C. H. Norton, plumber	2,750.00
Superintendent, labor, etc.	5,893.07
Total	\$57,292.33

The board estimates the value of the school property in the district at \$350,000, and the bonded indebtedness is \$65,000. The number of children attending the school last year was 3,240; number of teachers employed, seventy-nine; number of volumes added to the library, 150; whole number of volumes in the library was 3,287. The estimated expenses for the year are as follows:

Teachers' salaries	\$55,000.00
Janitors' salaries	6,500.00
Repairs	1,000.00
Supplies	3,000.00
Text books	500.00
Library	500.00
Stationery and printing	200.00
Fuel	5,500.00
Incidentals	4,000.00
Manual training school	1,000.00
Lighting	400.00
Interest on bonds	2,500.00
Permanent equipment	2,000.00
Total	\$82,100.00

Estimated to raise by general taxation \$50,000.00

One mill tax, about 5,500.00
Primary money from state 27,000.00
Total \$82,500.00

Elected Without Opposition.

At the annual election held yesterday following the business meeting John G. Welsh, a member of the board for several terms, was re-elected without opposition, as was also Fred Tommeson, who will succeed N. M. Nelson. Both trustees were elected for a term of three years.

SCHOOLS OPEN TODAY.

The public schools, also St. John's parochial school, will open today for the fall term. All of the equipment is not yet installed at the new high school building. All of the seats, with the exception of three rows, are in position in the assembly room, and the class rooms are also supplied with seats. The seats lacking for the assembly room have not yet been received, but it is thought that there are enough already in place to accommodate all who will apply for admission this week. The building was inspected by many people Saturday and yesterday, and it was much admired. A number of men and boys worked at the school yesterday, and a force is also employed at the old high school building, where a number of alterations are being made.

ISHPEMING DELEGATES.

Following are the delegates chosen for the county and representative conventions:

First ward—Both conventions, John Lacey, Frank Bayard.

Second—County, D. J. Shiley, Luke Demerse; representative, James Clancy, Samuel Jewell.

Third—County, H. O. Young, Thomas Walters, J. S. Olson; representative, John Jones, Fred Tommeson, William Prin.

Fourth—Both conventions, M. M. Duncan, Peter Finnegan, Alfred Collick.

Fifth—County, Lars Hoyseth, Joseph Hodgson; representative, J. H. Hooper, William Treblecock.

Sixth—County, W. H. Trevarrow, John Hokason; representative, J. H. Williams, August Brodine.

Seventh—County, C. T. Kruse, R. T. Smith; representative, C. T. Kruse, Albert Pryor.

Eighth—County, Victor Holmgren, J. K. Konkis; representative, Charles Gustafson, J. T. Miners.

Ninth—County, A. J. Yungbluth, James Stevens; representative, Otto Schadt, Joseph Moloney.

Tenth—County, John Ollis; representative, Nathaniel Rowe.

REALISTIC SCENES.

Of the melodramas that have visited this city none can compare so favorably with that of Lincoln J. Carter's great detective melodrama, "Too Proud to Beg," which is announced to be at Ishpeming theater next Friday evening. This play is said to embody in every detail the true conception of melodramatic requirements, telling a story of unusual interest and containing a plot consistent, honest and absorbing. Throughout the piece, interest is kept ever on the flow and the dialogue and situations are watched with breathless interest from start to finish until the clever plot is finally revealed.

WILL ORGANIZE TENT.

A delegation of members of the Ishpeming tent of the Rechabite society will go to Negaunee next Sunday afternoon to perfect the organization of a similar tent of the same name. The tent will be in the school room of the Mitchell Methodist church. The Ishpeming people are to perfect the organization at the invitation of a number of applicants for membership. There are three tents of the Rechabites in Ishpeming, the junior tent having a membership of about 100. Negaunee has never had a lodge of the order. It is expected that the Negaunee junior branch will be started with from thirty-five to forty members.

"IN MISSOURI"

The West-Henry Stock company, which opened an engagement last evening at Ishpeming theater, was greeted by a full house and the production of "His American Friend" was very favorably received, as were the specialties introduced between the acts. The company came heralded with the reputation of being one of the strongest stock organizations that has ever visited this section and this opinion was shared in by those who witnessed last night's performance. "In Missouri" will be the offering.

JACOB STILL IN RACE.

August Jacob of this city, who several weeks ago announced himself a candidate for the nomination of sheriff on the Republican ticket, is still in the race. He said Saturday that he has good reason to believe that he will receive the support of many of the delegates chosen to attend the county convention here this morning. He has made a canvass of most of the townships and he believes he will have good support from the rural districts, as well as from the cities. Mr. Jacob has been a taxpayer in Ishpeming for the past thirty years and he believes, in view of his acknowledged fitness for the office, that he should receive the nomination. (9-8-11)

BROTHERHOOD ENTERTAINMENT.

Local Lodge Gave Splendid Program Following Banquet Friday Evening.

The delegates in attendance at the Twelfth congressional convention of the Modern Brotherhood of America in this city Friday afternoon were delighted with the entertainment provided by the local lodge. The banquet, which was served in three courses, consisted of a large variety of delicacies, including young turkey, was one of the best given at a similar function in this city in a long time. The entertainment following the banquet was also very favorably commented on by the visitors. The program was as follows:

BASEBALL AT MICHIGAMME.

The Michiganamme and Even ball teams crossed bats at Michiganamme Sunday afternoon, and the home nine won by the score of 11 to 5. Collins, the one-arm center fielder for Trout Creek, batted first, hitting safe to right field. He was followed by Hatfield, who hit safe to left field, and then a wild throw by Karpensky to second base brought in both runs. After that the Michiganamme men had the visitors at their mercy. Karpensky had his catching clothes on, and only high fences stopped him from bagging all four in two innings. Stenstrom, excellent game, and with fine field support held the visitors down to five runs. Aronson, the seventeen-year-old pitcher for Trout Creek, did fine work, but weakened in the sixth and Moeger pitched the balance of the game, striking out five men in two innings. Stenstrom, catcher for Trout Creek, played excellently, and threw several men out on second base. The batting features of the game were Collins' work and Stenstrom's two base hit for Trout Creek and Maudsle's three-base and Truck's two-base hit for Michiganamme. The batter-ies were Karpensky and Johnson for Michiganamme and Stenstrom, Collins and Merger for Trout Creek. The score by innings was:

Michiganamme	2 0 1 2 2 2 0 7-11
Trout Creek	2 1 0 0 2 0 0 5-5

Michiganamme has now won four out of five games played this season.

TO ATTEND CONFERENCE.

Wrinkles and What Causes Them

CHICAGO, March 27, 1907.

E. Burnham, Chicago, Ill.:
Dear Sir—I desire to fulfill my promise to you, which was made last October, namely, that if you would improve my complexion by removing crow's-feet, wrinkles and discolored complexion, I would give you my photograph and testimonial.

The inclosed picture, which was taken last Fall, shows my condition at that time. The inclosed picture, taken February 25th, shows my condition at the present time. I desire to state that you have not only removed the wrinkles and crow's-feet, but have put my skin in a first-class youthful condition, of which I am very proud. The fact is that my complexion is the envy of my friends, and I cannot say too much for your course of treatments for beautifying women. You certainly do all you claim and your remedies are perfection. I recommend them to my friends.

Mrs. Orr When She Commenced Treatment. *Mrs. Orr After Course Treatment.*

Trusting this letter will fulfill my promise to you and be all that you require, I remain,
Yours very truly,
Mrs. Thelma Orr.
Hotel Wychmere, 18th and Indiana Avenue.

"Wrinkles," the little word that causes a shudder to every woman and most men, are caused more by carelessness and neglect than by years. We all know the young person who makes creases by lifting the eyebrows and by smiling so continuously, also the person who frowns and squints, and the one who from ill health and poorly nourished skin shows the lines crossing the face in every direction. Such people may all take heart, because by the use of E. Burnham's wonderful skin food such lines may and surely will be obliterated.

It is unnecessary to-day for any one to carry these telltale marks.

A course of treatment as arranged by E. Burnham will positively remove wrinkles, fill out the sunken cheeks, remove pimples and blackheads, and restore any face to its youthful contour and complexion. These treatments with the different articles are illustrated and explained in a little booklet which is published by E. BURNHAM, which makes it so plain that any lady can use these toilet articles with equally good success in the privacy of her own home as if she had visited Burnham's Beautifying Parlors and taken a course of treatments in this great establishment.

Any first-class dealer can supply you.

FANS MISSED GOOD BALL GAME YESTERDAY

ISHPEMING TEAM DEFEATED BY NEGAUNEE; SCORE, 4 TO 9—SPORLEY PITCHED FINE GAME AND RECEIVED GOOD SUPPORT.

The Negaunee people who missed yesterday's baseball game between the Negaunee team and Ishpeming regretted having remained at home, as the nine gave an excellent account of itself, winning in a well-played game by a score of nine to four. In spite of the fact that Negaunee was charged with a number of errors, none of them were costly, Sporley was given excellent support, and pitched a very good game. His work was not only a surprise to the fans of both cities, but also to the Ishpeming players, who felt that they would win the game without any difficulty. Goulette, who twirled for Ishpeming, was not at his best, but most of Negaunee's hits were timely and several earned runs were scored.

In the first inning Paul, the first man up, was allowed to walk; Scanlon following with a clean hit. By two wild pitches Goulette permitted Paul and Scanlon to score. Hokkanen got to first on an error by Hoglund; Mitchell struck out; J. Roberts flew out to Andrews in right field and LaFave struck out, retiring the side. In the second inning the first two men up, Sporley and Peterson, struck out; Willett got to first on an error by Goulette; Paul was again given his base on balls and Scanlon touched the twirler for another clean hit, bringing in Paul and Willett.

Ishpeming scored its first runs in the third inning. Main was the first man up, but struck out; Goulette batted a ball to center field and Paul failed to get it; Andrews sacrificed and Goulette got to second on a wild throw by Willett. Vinje hit to James Roberts at second, who blocked Andrews and threw wild to first in an attempt to make a double play. Goulette scored.

Negaunee played steady ball the next two innings, but in the seventh Sporley was touched for a three-base hit by Olson, singles by Simpson, Main and Vinje. There were two bad errors in that inning, aiding Ishpeming materially in bringing in its two runs. In the sixth inning Goulette was touched for singles by Scanlon, Hokkanen and Mitchell. Two of the four runs were earned.

Twice during the game, in the third and seventh innings, Ishpeming had the bases full, but was unable to bring the short stop in. Peterson retired, Fred Roberts taking his place. The summary was as follows:

Negaunee—	A. B. R. H. P. O. A. E.

TO ATTEND CONFERENCE.

Rev. W. B. Coombe, pastor of the Mitchell Methodist church, and wife, will leave today or tomorrow for Calumet, where he will attend the annual meetings of the Detroit conference, which will convene Thursday. About 500 ministers and lay delegates will attend the conference. It is reported that the members of the church at Calumet have made extensive preparations for the entertainment of the visitors, practically all of whom will have quarters at private homes. Bishop Hamilton will preside over the conference sessions, which it is expected will close on Monday. On Wednesday Bishop Hamilton will convene the Michigan conference in annual session at St. Joseph. The number of ministers in each conference are about equally divided, so that the attendance at the St. Joseph meeting will be no larger than that at the Detroit conference.

HAD A FINE TIME.

The members of the twenty Finnish families of Negaunee who held a picnic Sunday at John Parala's farm, had most enjoyable time. There were nearly 100 persons in the party. The married men played the young men a game of baseball, which required about four hours to bring to a conclusion. The picnicers returned to the city early in the evening pretty well tired out, but delighted with their outing.

PASSED EXAMINATION SUCCESSFULLY.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by the best physicians, but did not improve until I took Foley's Kidney Remedy. After the second bottle I showed improvement and five bottles cured me completely. I have since passed a rigid examination for life insurance. Foley's Kidney Remedy cured my backache and all forms of kidney and bladder trouble. Sold by all druggists."

GUN CLUB ORGANIZED.

Twin City Sportsmen Will Hold Shoots at Regular Intervals.

About twenty-five of the leading sportsmen of Negaunee and Ishpeming have organized a club, to be known as the Twin City Gun club, and target practices are to be held frequently on the range at the Union Park. The officers are as follows:
President—J. H. Winter.
Vice President—D. D. Randall.
Secretary—C. W. Lincoln.
Field Captain—W. W. Graf.
Assistant Field Captains—A. C. Ludington and A. F. Maitland.
For several months past the members of Company I, Michigan National Guard, of which A. C. Ludington, one of the assistant field captains of the new organization, is captain, has conducted successful shoots on the range that will be used by the Twin City club, and the members have been much interested in the contests. The necessary equipment will be purchased, and will be put in charge of a custodian. All of the officers of the organization are enthusiastic sportsmen and some of them are conceded to be among the best marksmen in the county. It is likely that shoots will be conducted about once a week, but another season they will probably be held more frequently. In time trap shooting will be introduced, but the first important step will be to increase the membership and arrange minor matters relative to target practices, etc.

CHIEF OF CHISHOLM POLICE.

Kumor Concerning Former Negaunee Man Denied by Crystal Falls Paper.

It was rumored here last week that Patrick Manning, former chief of police of Crystal Falls, who spent his early life in Negaunee, had gotten into serious trouble at Duluth, but according to the following from Saturday's issue of the Crystal Falls Diamond Drill there was no foundation for the story:
"In order to correct a malicious and cruel false story that has been given currency in this locality we wish to state that Pat Manning is not in jail at Duluth but is chief of police at Chisholm and he was at liberty and attending to his business at Chisholm last Monday when he was seen and conversed with Charles H. Watson. He went direct from here to the Mesaba and was out on the police force the week after he arrived at that place. He has been on the force continually since that time and instead of robbing people as the story goes here he is protecting people from being robbed."

LOCAL LACONICS.

P. Levine and wife are visiting his folks in Republic for a few days.
John McCall will return to Houghton today, after a couple of days' visit with his parents.
Walter L. Maas, who visited his brother, Dr. Maas, in Hancock, for a few days, returned to Negaunee Sunday.
Arthur Houle and family, who have been here visiting relatives the past three weeks, will leave the latter part of the week for their home at Douglas, Arizona.
Miss E. White left Sunday evening for her home in Chicago after a visit with H. Rasmussen's family. She is a daughter of Christ White, formerly of this city.
M. H. Crocker of Calumet spent Sunday in Negaunee. He will defend the Italians involved in the murder of a courtmartyr at Princeton a few months ago in the trial at the circuit court this week.

The public and parochial schools of the city will open this morning. The teachers and pupils of the Case street building will be given another week's vacation, as the repairs there are not completed.
In the cricket match between the North of England team of Negaunee and the Kearsarge club of the copper country yesterday morning at the Union park grounds the score was a tie, forty-six to forty-six.

The entertainment Saturday evening at the Mitchell Methodist church was an excellent one. The program was made up of unusually fine numbers and it was very much enjoyed. The attendance was fairly large.

Encouraging reports are being received from Mrs. H. W. Sheldon, who is confined to a Chicago hospital. If comfortable do not set in it is expected that she will be able to come home within two or three weeks. Dr. Sheldon is still with her, and will likely remain in the city and return with his wife.

The improvements necessary at the dwellings moved this summer from the right-of-way of the Lake Superior & Ishpeming railway line through Barns and to the vacant plot near the Jackson mine office are nearing completion. The new location is much improved in appearance as a result of the additional houses being placed there.

The boiler house, store room and office building being erected at the Cleveland-Ciffs Iron company's new greenhouses will be completed within two or three weeks. The roof on the office section was finished Saturday and the roof on the boiler house and store room will be finished tomorrow. The boiler is now in position, but it will be a few days before it is bricked in and the connections made.

Negaunee will be well represented at the county fair the next three days. This afternoon the Negaunee baseball team will cross bats with the Marquette team and it is expected, in view of the fact that the Negaunee team has always showed up stronger against Marquette than with any other team in the league, will be in the box and LaFave will wear the mask. The winning team will play the winners of the Ishpeming-Munising game on Thursday afternoon. Special rates of fare will be given by the South Shore management.

ISHPEMING

ISHPEMING IN BRIEF.

There were 187 votes cast here yesterday in the school election.
The two-months-old babe of Peter Barnebe died yesterday afternoon.
El. Gingrass returned to Milwaukee yesterday after spending Sunday with relatives in the city.
Miss Margaret Cullen has withdrawn from the diamond ring contest being conducted by the ladies of St. John's church.
The Carpenter-Cook baseball team defeated the Bankers and Brokers' in an exciting contest Saturday afternoon, the score being eleven to nine.
Miss Minnie Carson of Coleraine, formerly of the Winthrop, who has visited here the past month, left yesterday for Escanaba, where she will be employed as school teacher.

The candidates in the diamond ring contest are Miss Mame Kennedy, with 63 votes; Miss Nora P. Kennedy, with 27 votes; Miss Ruth Goodman, with 3 votes, and Miss Lizzie Nolan, with 10.
The lately baseball team defeated the Excelsiors yesterday, the score being 14 to 8. Devoire and Consmeau were the battery for the Excelsiors and Keese and Quinan held the points for the Gate-lys.
Superintendent Chas. E. Lawrence was registered at the Lockwood Thursday. Mr. Lawrence recently underwent a difficult operation which promises to strengthen his knee greatly.—Crystal Falls Diamond Drill.

W. R. Ramsdell, president of the Tama-mache Mining company of Mexico, in which many Ishpeming people are shareholders, is expected here the latter part of the week for a few days' visit. This will be Mr. Ramsdell's first visit to this section. From here he will probably go to the copper country.
Miss Anna Burke, who is to be assistant domestic science teacher at the Ishpeming High school this year, yesterday prepared dinner for the members of the board of education in the domestic science department of the new school. The Misses Alice Shea, Dorothy Eger, Bernadetta Butler and Irma Altschewer, served.

Rev. P. W. Jewell of Rogers City, Mich., is here for a few days' visit with his father-in-law, Frank Vivian, and family, of Cleveland avenue. He will leave tomorrow for Calumet to attend the Detroit conference. Rev. Jewell will next year be stationed at Wolverine, between Cheboygan and Bay City, having recently accepted a call from the congregation there.

The Misses Flora Milligan of DuQuoin, Ill., and Hilda Allmon of Centralia, Ill., and Messrs. Lee M. Wagner of St. Louis, Mo., and Al. Koppke of Centralia, are in the city, visiting Mrs. Adams and her daughter, Miss Edna M. Adams, of the J. H. Foster company. The visitors, together with members of the Adams and Meyer families, will leave tomorrow for Cheboygan, where they will spend some time, camping.

About 250 Ishpeming people went to Marquette yesterday on the regular and special trains in the morning to attend the county fair. Good-sized crowds also went down on the afternoon trains. It is expected that the largest attendance from here will be on tomorrow and Thursday, but a good-sized crowd will also go down today. The South Shore will run a special train down, leaving here each day at 12:30 o'clock.

WAS JOHN TRYING TO BE FUNNY?

"I wish, John," said the editor's wife, "that you'd try not to be so unkind-minded when we are dining out."
"Eh? What did I do now?"
"Why, when the hostess asked you if you'd have some more pudding you replied that owing to a tremendous pressure for space you were compelled to decline."—Boston Transcript.

SCHOOL ELECTION WAS SPIRITED ONE

HOWEVER, BICE'S MARGIN OVER SHERWOOD WAS 449 ON A GOOD SIZED VOTE.

MANY WORKERS AT POLLS

Messrs. Ball and Niedhart Successful for Three Year Terms, But Reau Made a Good Run—Annual Statement Read.

The spirited school election held yesterday resulted in the election of E. S. Bice to succeed the late Peter White on the board of trustees and J. F. Niedhart and D. H. Ball for the long terms. The race between Mr. Bice and Mr. Sherwood was more one-sided than was generally expected would be the case, Bice winning over his opponent by a majority of 449, whereas it was thought by most people that the two men would finish much closer together.

The vote was a large one, 1,796 qualified electors having cast their ballots between 8 a. m. and 8 p. m. The election board put in a hard day's work. Only for a few minutes at a time, at long intervals, was there any letup in the pressure of people desiring to vote. As a rule there were from twenty to fifty voters, men and women, crowding about the rail shutting off the booths in the land room of the city hall. The voting proceeded slowly, on account of the fact that the registration books were written for the old eight wards, and because of the necessity of checking off the electors as they received their ballots.

At the close of the polls at 8 o'clock there were still a considerable number of persons in the room who had not voted. City Attorney Brown gave an opinion that it would be proper to allow them to vote. A protest was registered in behalf of Mr. Bice. Then it was withdrawn, with the understanding that the other candidates would not protest the election if it were close enough to have the ballots cast after eight o'clock figure in the result. The matter was finally decided without definite outcome, and finally Dr. Hornbogen, one of the trustees, declared the polls closed.

The vote polled was 1,796. During the Hornbogen-Eldredge election four years ago over 2,000 votes were polled, but at that time all registered male voters were entitled to the ballot, whereas now there is a property requirement. Under the circumstances it is apparent that the interest shown yesterday was the most pronounced ever taken in a school election.

Many Spoiled Ballots.

Of the total number of ballots 109 were spoiled, for the most part because the voter marked too many names for the long term. Bice's vote was 1,068; Sherwood's 619. J. F. Niedhart led the candidates for the long term, with 982 votes. D. H. Ball came next with 950 and J. E. Reau had 726. After a comparatively early hour in the morning the Bice workers at the polls asserted that they had the election safe and that it was only a question of majority. Their claim appeared to be borne out by the comparative number of electors their carriages delivered at the city hall. The greatest amount of activity at the polls was shown for Bice, but the Sherwood workers also were energetic and effective. There were twenty or thirty or more workers for the different candidates about the polls during the day, and in the room where the booths were located several men were busy checking up the vote as it was polled.

For the long term J. E. Reau was the only candidate who showed any activity about the polls. Mr. Niedhart was there for a few hours during the morning, but there was absolutely no work that could be seen done for Mr. Ball, and it was apparent that the candidacies of both Mr. Niedhart and Mr. Ball were being allowed to take care of themselves. The claim was made during the day that Mr. Reau would slip in between Niedhart and Ball, and many workers who were keeping close track of the vote predicted that the winning combination would be Bice, Niedhart and Reau. It was stated that much of the vote brought in for Bice was voting Bice-Reau and that much of the vote brought in for Sherwood was voting Sherwood-Reau. Last night some of the workers who expected to see Reau pull through asserted that many of Mr. Ball's friends had voted for him alone for the full term, which would operate to help him. The total vote for the three candidates for the long term was 2,658, whereas if all the persons voting had picked combinations of two from the three men the total vote would have been 3,374, so it is evident that many voters must have cast their ballots for only one man, and it is possible that Mr. Ball may have benefited from that kind of voting.

Annual School Meeting.

Immediately following the count the annual school meeting was held at which the following statement was read:

Table with financial data: Balance on hand, Receipts, Disbursements, Insurance, etc.

Table with financial data: School supplies, Building supplies, Books and charts, etc.

LABOR CELEBRATION ENJOYED BY MANY

PARADE HELD YESTERDAY MORNING, AND IN THE AFTERNOON THE PICNIC AT PRESQUE ISLE WAS LARGELY ATTENDED.

The Central Labor union was favored with exceptionally fine weather for its Labor Day celebration, and in consequence it was one of the most successful and pleasurable observances that the union men have ever held in this city. The merriment began early and continued late, and it was a well-satisfied body of toilers that finally sought their rest.

The event of the morning was the annual Labor Day parade. It was formed on Baraga avenue and moved shortly before 10 o'clock, with nearly 300 men in line. The parade marched north on Front street to the residence district, where it traversed several residence streets, and then marched south to Washington street, thence to the city hall, where the addresses were delivered.

At the head of the line of march rode a calvalcade of employees of the Superior Lumber company, mounted on horses decked with appropriate trappings, owned by that company. Next in line was the Marquette band. It was followed by the Electrical Workers' union, the members of which were clad in white duck trousers, with dark coats. They presented an excellent appearance, and carried the head of which was an electrical light globe. The Carpenters & Joiners' union, next in line, was preceded by a float, on which a number of carpenters were at work. The representation of this union in the parade was an excellent appearance, and carried the speakers of the day.

At the city hall William Cledemning presided. He first introduced Mayor Robertson, who was given an excellent reception and who spoke briefly and well on the significance of Labor Day, and the annual celebration of the men who were celebrating it. George Tucker followed with an eloquent address, which aroused much enthusiasm and was well received. Former Mayor Roberts of Ishpeming was the final speaker and gave a closely argued talk that was followed with careful attention. All the speakers were heard by a large assemblage of the union men and received flattering attention, despite the fact that there was much confusion about the city hall, attendant on the school election.

LUMBER STOCK BURNED.

F. J. Schweitzer & Son Suffered Heavy Loss at Pickerel Lake.

F. J. Schweitzer & Son, who have been carrying on lumbering operations at Pickerel lake, suffered a heavy loss Saturday afternoon as a result of the forest fires, their entire stock of lumber being destroyed by the flames. The trouble was caused by a heavy gale of wind that came up suddenly and swept a shower of sparks and brands among the timber. Mr. Schweitzer and his son were at the scene at the time, and twenty-five men did that they could to make headway against the flames. Water was available, a big pump being used, but it was impossible to save the stock, though the mill and buildings escaped destruction.

Among the stock which was lost were 2,000 ties, 1,000 spruce and tamarack logs, several car loads of spruce pulp wood, 400 cedar poles and 10,000 posts. The loss is estimated at \$5,000. The wind and fire came from the northwest. The fire is still burning, but it is not anticipated that there will be further damage.

C. R. Brown, who is operating at Brownstone, east of the city, narrowly escaped suffering a similar, but more serious loss, Saturday afternoon. The fire that had been burning in that neighborhood worked down close to where his stock of lumber was piled and threatened to wipe it out. Mr. Brown had stock to the value of \$12,000 or more stacked in the woods at this point, and it looked as if the fire might reach it. Sectionmen and other extra help was brought in and everything possible was done to save the stock. The fire was kept away and the rain Saturday evening relieved the situation greatly. Mr. Brown now believes that the danger is averted.

COUNTY FAIR IS NOW IN SWING

OPENED YESTERDAY WITH GOOD ATTENDANCE AND AN EXCELLENT AMUSEMENT PROGRAM.

RACES WERE SPIRITED

Cornish Wrestling Aroused Much Interest and Promises to Be One of the Most Popular Features—Baseball Begins Today.

The annual fair of the Marquette County Agricultural association opened in an auspicious manner yesterday, and promises to be one of the most successful in the long series. The exhibition buildings are well filled with displays in the various departments, and for the entertainment of the crowd yesterday was offered excellent racing and Cornish wrestling. The amusement program today will be still better, with Marquette and Negaunee meeting in the first game of the baseball tournament and with the other features continuing.

The attendance yesterday amounted to 2,000, an excellent showing considering the counter attractions—the Labor Day picnic at Presque Isle and the school election in the city, both of which kept large crowds away from the fair grounds. The up-the-road representation was an excellent one, nearly 800 people having come down. Part of this attendance is attributed to interest in the Cornish wrestling tourney.

The wrestling promises to be one of the most popular features of the fair. Yesterday the arena was filled to its capacity of several hundred people. The arrangements for the wrestling are excellent. The arena, which is a large one, is surrounded by tiers of seats, and on the north side is the judges' stand. It is built opposite the west end of the grand stand, and the spectators are followed by people sitting in that structure, who are able to look over the heads of those in the arena seats.

Much Interest in Wrestling.

At the wrestling there was a large bunch of entries yesterday, and additional men are expected from the copper country this morning. Among the wrestlers present is the best man in the game in this region, Joe Zihl, who is expected to give some fine exhibitions before the tourney ends. The bouts yesterday, though simply preliminary, were productive of much excitement, some of them being very spirited, and they were followed with close attention, not only by the old followers of the sport, but by those who were witnessing Cornish wrestling for the first time. The arena was crowded throughout the afternoon and interest in the sport at no time flagged.

The wrestling will continue this afternoon, and it is expected that it will continue throughout the three remaining days of the fair, growing better as the finale are approached.

If the horse racing continues as good as it was yesterday it will be the best that has ever been seen here for the two events were excellent. The free-for-all was won by Echo Medium, the copper country horse, and the three minute class by Willie Tell, the fine little stallion that was brought up among the three Detroit horses last week. In both races the hosts were interesting.

In the three minute class the horses finished as follows: Willie Tell 1:11.1, Clay Marvin 1:12.2, Mollie M. 1:13.3 (withdrew), Colonel Z. 1:14.4, Little Jim 1:15.5, Time—2:40.6, 2:32.7 and 2:31.8.

Willie Tell was a safe winner the entire length of this race and put up an admirable performance. In the first heat Matt Aho, who was driving Mollie M. ran up over A. C. Sheppard's sulky and was thrown heavily, resulting in the withdrawal of his horse. The field of five entries filed up the track well, and made the event a picturesque one to watch.

In the free-for-all there were three entries, the horses finishing as follows: Echo Medium 1:11.1, Lady Arkwood 1:12.2, Terrie D. 1:13.3, Time—2:22.4, 2:20 and 2:22.1.

Fine Event Today.

There will be a fine event for today's program, the 2:30 class. The entries are Clay Marvin, which ran second to Willie Tell in the three minute class, Mollie M. Air Motor, Bunley S. and Harry, the latter a Detroit horse. This bunch is well matched, and the strained relations between the copper country horsemen and Sheppard, who will drive Air Motor, will add zest to the event and should make it a lively one. In addition there will be a special race on the program.

The first game of the baseball tournament will be played this afternoon between Negaunee and Marquette. It should be a spirited one. The Marquette team dropped two games at Munising Sunday and yesterday, and Negaunee defeated Ishpeming yesterday.

A record breaking crowd is looked for today. One of the up-the-road bands will be down to furnish the music.
