

DANGER IS ENDED ON MESABA RANGE

Steady Rain Setting in Last Night, the First in Two Weeks, Hibbing Reports the Forest Fire Terror Put to Rout.

Underbrush and Cuttings Are Soaked, and as These Have Furnished the Most Ready Fuel for the Flames, Fears of the People Subside—Woods Are Ablaze in the Northern Part of Lower Michigan, and Much Damage Is Being Done.

Bay City, Mich., Sept. 9.—Reports from the northern portion of the lower peninsula are that the forest fires which have been sweeping that region were fanned into renewed fury by strong southwest winds today.

Rain Checks Mesaba Conflagration.

Hibbing, Minn., Sept. 9.—A steady rain began to fall this evening, the first in two weeks, soaking the brushwood and cuttings which have furnished the most ready fuel for the forest fires on the Mesaba range.

Duluth, Minn., Sept. 9.—It was a night of terror on the range and one of deep anxiety in Duluth, but this morning found the conditions changed to hope. The persistent efforts of the citizens in stamping out the bush fires and wetting down fields had prevented the flames from spreading, and the towns that have been menaced by the forest fires were reported safe.

Hard Battle at Hibbing. At 1 o'clock yesterday afternoon the anxious watchers on the southern edge of Hibbing saw the fires that had been smoldering all morning near the city begin to leap and gain headway under the influence of a rising wind from the south.

Citizens Remain to Fight. In spite of the terror that attended the awful struggle during those critical hours in the afternoon, there was no exodus from the threatened city.

London, Sept. 9.—Sir Ernest Cable writes to the Times in reference to the report of the Indian railway finance committee.

At Hulth one of the most threatening fires on the range raged yesterday afternoon. Wind from the southwest drove a swift avalanche of flames upon the little village and for a time threatened to destroy it.

Mountain Iron was another menaced town. The wind died down just in time to keep the conflagration from sweeping mercilessly over the place.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

My, oh my! What a hard loser the dear old F. P. has proved to be.

For once the weather man is giving the Marquette County Agricultural society a fair deal.

Judging from the talk in the state at large the next county convention won't be a convention at all, but a primary election instead.

Mr. Taft is no whiteblooded man. He has smelt the smoke of battle and is all zest to get on the firing line.

Arthur Hill says he was only joking when he told a reporter that Lawton T. Hemans, the Democratic candidate, looked pretty good to him.

The state fair is having a wonderfully

successful week in Detroit. Encouraged by favorable weather the attendance is unusually large and the show is the best it has been since the fair was located in Detroit a few years ago.

The Democrats profess considerable confidence that they will be able to make a showing in Michigan this year. They have no hope of seriously threatening Mr. Taft in this state, but seem to believe that they will be able to push the Republican state ticket pretty hard.

In the twelve assembly districts in New York and Kings counties where a late vote was taken on the question of Governor Hughes' renomination there was an even break, six declaring for Hughes and six against him.

one candidate to be put forward by the delegates from this region, but under the circumstances the thing to do is to give both a square deal and to endeavor to handle the situation to get the best possible results for the upper peninsula as a whole.

The Democrats profess considerable confidence that they will be able to make a showing in Michigan this year. They have no hope of seriously threatening Mr. Taft in this state, but seem to believe that they will be able to push the Republican state ticket pretty hard.

It seems to be generally assumed that Mr. Taft will be elected and that he will carry out his expressed intention to call an extra session of congress for the express purpose of considering this question. The congressional committees and the federal bureaus have already begun work with reference to such a program and the protected industries have also begun to work and are organizing for their usual campaign at Washington.

BY THE CONSUMER. Every one seems to have awakened to the fact that a revision of the tariff is certain at an early date and those who are interested are preparing for it.

It seems to be generally assumed that Mr. Taft will be elected and that he will carry out his expressed intention to call an extra session of congress for the express purpose of considering this question.

Within the last few days the manufacturers of Connecticut have received circulars asking for replies to the following questions: 1. Should the tariff be revised generally in all its schedules?

These circulars were sent out by Senator Bulkeley, who wishes to know something about the wishes of his constituents, and his action is worthy of imitation by other senators and congressmen.

Dr. Bradley, although defeated by the reported returns, has apparently accepted the result in a manner which commends him to his fellow citizens.

When partial returns seem to indicate the nomination of Dr. Bradley by a plurality of 1,000 or more, there was great rejoicing by the leading Bradley organ.

When partial returns seem to indicate the nomination of Dr. Bradley by a plurality of 1,000 or more, there was great rejoicing by the leading Bradley organ.

All through these changing emotions runs a thread of humor that owes its zest to the fact that it is purely accidental. However, it seemed to reach its climax in the declaration that in spite of his unexpected victory "no charge would be made against Mr. Warner."

Government experiments in London have confirmed the claims made for an electric cannon that will throw a projectile 300 miles.

ELECTRIC CANNON A WONDER.

Government experiments in London have confirmed the claims made for an electric cannon that will throw a projectile 300 miles. It will revolutionize naval construction, and instead of being a question of armor plate will now be one of speed in fighting vessels.

Copper Country

ALL TALKING POLITICS.

People Generally Seem Satisfied With the Republican Ticket.

The two fights, for there were only two, in the Republican county convention Tuesday afternoon, were the topics most discussed yesterday throughout the copper country, and in this connection it may be said that the people generally seem satisfied with the ticket that the Republicans have put out.

It was as pretty a fight as one would want to see. A horseman would at once have likened it to a good horse race. The similarity would at once have been apparent from the results of the first two ballots, which were informal.

While the others gradually lost strength as one after another dropped back, Joseph Trudell and Captain Richard Edwards steadily gained strength.

The other contest, that for the nomination of treasurer, occurred at the evening session. It was a two-man fight, and, unlike the other, the two started

strong and from the first left the two other candidates far behind. Upon the first ballot, James McHardy received sixteen; Joseph Jeffrey, fourteen; Charles J. Tolonen, forty-two, and Edgar J. Rashleigh, forty.

Other nominations were wholly without interest, unless it might be mentioned that Justice of the Peace Trathen said he hadn't received a square deal and a number of other things when the contest between him and William Fisher for coroner was on.

**"TO PROUD TO BEG."**  
One of Lincoln J. Carter's Plays at the Opera House This Evening.  
"Too Proud to Beg," one of Lincoln J. Carter's melodramas, will be presented at the opera house this evening. The story is simple, but interesting and thrilling. A band of thieves, having for their leader a police captain, is traced by a young detective, who suspects the old warehouse, where he is knocked senseless and the building set on fire, but he is rescued by his little son. The thief-inspector is in love with the detective's wife, and supposing her husband dead, tries to win her love. She refuses him, however, and for revenge he abducts her two children. They are eventually rescued by their father and are happily united. It is said that Mr. Carter has departed from his usual style in writing this play and depends more on the story for success than on scenic or mechanical effects. The first act opens at the office of Inspector Sharpe, where the villainous plans are laid. The last scene of the act shows the old warehouse on fire and the rescue of the detective. The second act shows a street scene in Chicago. The third act is laid in the den of thieves, where the children are held captive. Act four shows the home of the thief-inspector. The cast is well spoken for and there are two clever children who take important roles.

**HIS TAXES ARE HIGH.**  
But Then This Man Swore to Having \$3,000 of Taxable Property.  
A Marquette man is the victim of a peculiar set of circumstances from which people who are inclined to take an oath with but little regard for its solemnity may get a lesson. The man referred to owns several lots. Last year they were assessed for \$875. Last spring, however, he went on the bond of one of the Marquette saloonmen as a surety, and swore that he was possessed of real property of a value of \$3,000. The board of review took cognizance of his oath, and, finding that the only real property he owned was the lots in question, boosted the valuation on them to \$3,000, the amount that the owner had sworn to. The difference in value and the difference in tax rate for the two years combined to raise the amount that has to be paid by this property owner from about \$13 to approximately \$51, surely a very material boost.

When the man appeared at the city hall to pay his taxes this discrepancy led to the belief being entertained that some mistake had been made, but when the matter was investigated the facts were found to be as above stated. There is probably no relief for this property owner, as his oath as to the possession of \$3,000 in realty is on record. At last accounts he was considering asking the saloonman on whose bond he placed his name to make up the difference, but there is much doubt whether he will be able to get relief in that way.

**Schools to Be Closed.**—The schools will be closed today to give the children an opportunity to attend the county fair. There will be no sessions tomorrow, either, but work will be taken up in earnest Monday.

**School Board Met.**—The school board met yesterday afternoon and elected the following officers: J. F. Neilhart, president; James O'Reilly, treasurer, and Dr. H. J. Hornbogen, secretary. Little other business of any importance was transacted.

**Supervisors in Session.**—The board of supervisors held a brief session yesterday morning, transacting only routine business. No matters of particular interest came up. In the afternoon most of the members of the board visited the county fair.

**Made Many Citizens.**—In all yesterday seventy-three cases of applicants for final citizenship papers, or about half the total number, were considered in circuit court. Papers were granted to fifty-five and were refused to thirteen. The cases of five applicants were continued over a term of court.

**Will Close Their Stores.**—The following grocers have agreed to close their stores this afternoon, to give all their employees an opportunity to attend the county fair. These are: Little's, Werner Bros., D. Murray, E. W. Mellin, M. Koivisto, Jacob Smith, Russell Morin, Ed Brush, E. G. Eck, John Carlson, Anderson & Lindstrom, E. C. Bracher, Fred Bureau, Robert Reinhardt, John Tierney and Frank LaBonte. Most of the other business places will also be closed, and during the afternoon the town will be pretty much deserted. The largest crowd of the week is expected to attend the fair this afternoon.

**To Report for Practice.**—J. H. Primeau, near Ann Arbor, where he has been ordered to report for practice with the University of Michigan football squad. Mr. Primeau, who was one of the reserves last year, is eligible for the varsity team this season, and is believed to stand a good chance of winning a line position. He is heavy and strong and has had a considerable experience in the game. His Marquette friends will watch the progress he makes with much interest.

**Danger Believed to Be Over.**—According to the last reports Judge C. R. Brown has had from Brownstone his timber there is in little danger of being destroyed by the forest fires. During the past few days every precaution has been taken to maintain safety. Much of the underbrush has been "backfired" and other steps have been taken to lessen the danger of the flames getting a hold. Careful watch is being kept in the territory where the lumbering has been carried on. A heavy rain would greatly simplify matters and probably extinguish the fires for this season.

**DEATH OF MRS. BOOS.**  
In declining health for some time, and following an illness of a week, Mrs. Margaret Boos, living at 242 Washington street, died at 5:30 o'clock yesterday afternoon. She was seventy-six years of age, and was an old resident of Marquette, having come here in 1875. She was twice married. Both husbands are dead. Surviving Mrs. Boos are two sons—John M. Kramer of Lake Linden and William Kramer of Whitefish, Mont. The funeral services will be held Friday morning, taking place at St. Peter's cathedral, and in the afternoon the remains will be forwarded to Houghton for interment beside those of Mrs. Boos' first husband.

**HOW THE FOREST FIRES IN MICHIGAN ORIGINATE.**  
During a recent trip through the upper peninsula of Michigan a member of The News staff saw hundreds of acres of land devastated by forest fires. It is a fact that during the summer season there is not a day that a fire of more or less magnitude is not burning in some part of Michigan's wooded country. Several destructive fires have run their course in the northern peninsula this summer. But a few days ago one did great damage in the vicinity of Gaylord, says the Detroit News.  
These and such fires as are now raging in Minnesota are generally started by carelessness and their continuance is due to apathy on the part of property owners. Influential men in the lumber country are vigorous in their denunciation of present usages.  
"I would enact most vigorous laws for the punishment of those careless about the lighting of fires in wooded districts," said Alfred G. Jopling, road commissioner of Alger county, at a public hearing of the Mackinac park commission.  
"Forest fires are usually the result of fires improperly extinguished in the woods. Locomotive engines cause many more. All locomotives are supposed to be equipped with spark nets. The powerful exhaust of the engine soon burns these out and the roads fail to provide new ones. I recently saw an engine belching sparks. I spoke to the conductor. 'Oh, the screen is burned out,' he said. 'Why don't you get another one?' I asked. 'Well, I ordered one several months ago, but it hasn't come. I have other things to worry about.' Such an attitude is criminal.  
"I recently pulled 450 men off their road building work to extinguish a small fire. A rubbish fire had been left burning. It had spread off the right-of-way into the forest. Such indifference is also criminal. I would punish such an offense with heavy fines and long imprisonment.  
"And when fires gain headway, the landholders usually say, 'Oh, well, it isn't burning on my property. Let the other fellow look after his own.' And they do not even notify those whose property is being devastated. On the government reservations the wardens have the power to impress every man into service in extinguishing fires. The same should be true in every wooded country. Those neglected little fires soon become raging monsters, sweeping over the country and laying it waste.  
"It is in this manner that thousands are made homeless and that millions of dollars worth of property is destroyed. If the states cannot handle the matter, it is high time the government took a hand. There is no greater menace to the country's welfare today than the almost universal indifference regarding forest fires. The people of Michigan should be warned by the disasters in other states. Action should be taken before it is too late."

### FOREST FIRES FEW MILES FROM CITY

PORTIONS OF THE DISTRICTS NORTH, SOUTH AND WEST OF ISHPEMING HAVE BEEN BURNING FOR A FEW DAYS PAST—FARMS SOUTH HAVE CLOSE CALL

Forest fires are burning some distance north, south and west of Ishpeming, but there is no immediate danger of destruction of property other than timber, as the fires are confined principally to the wooded districts. Yesterday morning some men were sent out from the Winthrop to fight the fires in the Green Creek district, where a new school house, recently erected, was in danger. Tuesday the fires raged fiercely, covering a considerable area in the Green Creek district, and the farmers were greatly alarmed. One farmer, Isaac Pheasant, and his family fought the fire all day, but in spite of their efforts a considerable portion of their fields were burned over and they lost three large hay stacks. "Fintown," a settlement a short distance south of the Winthrop, was threatened yesterday and the residents had to fight the flames.

Ishpeming men who were in the district north of the city Tuesday and yesterday reported that the fires had done much damage and that they were spreading rapidly. For a considerable distance the fires were burning close to the main road leading to Dead river and the Ishpeming men had difficulty getting through.

The fires are also serious near Greenwood, though none of the houses there are in danger. An Ishpeming man who went around the Cliffs yesterday reported that fires were burning in several places in that vicinity. He expressed the opinion that they could be put out very easily if given immediate attention.

The fire steamer of the Ishpeming department were tested yesterday and found in good condition. The department is prepared to respond on short notice in case it be of any service in fighting the fires in the outlying districts. A considerable area of peat in the Carp river swamp has been burned over during the past few days and Tuesday afternoon the fire crept over several acres of ground near the old sick hill, though there was nothing there to burn but the grass. The fire died out toward evening.

**Fears for Safety of Friends.**

Ishpeming people are much concerned over the safety of relatives and friends on the Mesaba range. There are many former Ishpeming and Winthrop people in that section and particularly at Coleraine, Taconite, Bovey and Holman. There are also several former residents of Ishpeming and Winthrop who have been unusually had for several days. It was reported yesterday that Bull is likely to be wiped off the map as the fires were advancing toward the village, in spite of the desperate efforts of the men to fight them off. It is reported that nothing but a change of wind or heavy showers would save the place from destruction. It was also reported that the people of Bovey, Coleraine and Taconite were packing their household goods and many of them were preparing for flight from the district. Bovey has about 2,000 population, Coleraine over 1,000 and Taconite about 200, and several hundred people also live at Holman. The schools have been closed and practically every man in the district was yesterday fighting the flames.

Ishpeming people would feel much easier if they knew positively that their relatives and friends were safe, but very few of the Mesaba people have taken the time to write full particulars concerning the situation.

**MUCH INTEREST IN BALL GAME.**

The Ishpeming fans who remained home from the county fair yesterday were greatly interested in the ball game between the Ishpeming and Marquette teams. A number of conflicting reports as to the score were received by telephone during the progress of the game and it was after 5 o'clock before the correct score was learned. The game to be between the Ishpeming and Marquette teams will attract a large crowd of Ishpeming fans to the fair and it is expected that the contest will be well worth seeing, as it is generally conceded that the teams are evenly matched. The Ishpeming and Marquette nines are to play again next Sunday at the Endos Park and the Sunday following at Marquette. The game a week from Sunday will be the last of the league series.

Tonight, also Friday night, Dr. E. J. Robbins, will sing "Heidelburg," assisted by a double male quartet. "Macbeth" in moving pictures. Majestic theater. (9-10-2d)

**A PAYING INVESTMENT.**

Mr. John White, of 28 Highland Ave., Highland, Mich., says: "I have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at The Stafford Drug Co.'s store, 50c, and \$1 Trial bottle free.

Tonight, also Friday night, Dr. E. G. Robbins, will sing "Heidelburg," assisted by a double male quartet. "Macbeth" in moving pictures. Majestic theater. (9-10-2d)

## "THE SLAVE GIRL" TONIGHT.

The West-Henry Stock company gave "The Man from Nowhere" a fine production last night at Ishpeming theater. The play is a strong one and contains many thrilling climaxes. The promises of the management as to the merits of this bill were fulfilled. Manager West says that "The Slave Girl" tonight offering, contains a new and original story of the old south. The play was recently presented in New York with great success. The company will play Friday night at Negaunee, giving away to Lincoln Carter's "Too Proud to Beg," and will return to Ishpeming Saturday for matinee and night performances, producing "Camille" in the afternoon and "The King of Counterfeiters" in the evening.

**HOW TO GET STRONG.**

**MODERN WOMEN MORE BEAUTIFUL**

The wondrous beauty of the women of ancient times is an inexhaustible source of inspiration for poets and romancers. Who has not heard of Cleopatra, the fascinating queen of the Egyptians, or of that fair, Grecian demi-goddess, Helen, reputed the most beautiful woman in the world?

As the radiance of the sun is supreme in the blue empyrean, so is the incomparable beauty of the American woman supreme in the zenith of feminine loveliness.

By the use of select toilet preparations, massage and the various treatments included in beauty culture, it is now possible and comparatively easy for any woman to cultivate her beauty to the degree of perfection. Every one knows that much of the fascinating attractiveness of actresses, singers and society women is due solely to beauty culture.

It is now considered a positive duty for every woman to possess a pure, elastic skin with clean, fine pores and radiant with the youthful glow of a magnificent complexion. A coarse-pored skin, marred by humiliating blotches, wrinkles and a muddy, discolored complexion is now the sign of personal neglect—the only question is: Will you have, or will you not have beauty?

### The E. Burnham Toilet Requisites Are Standard Preparations

because they are compounded with absolute chemical exactness after the original E. Burnham formulas and of the very finest ingredients. Not a trace of any deleterious substance can be found in their composition—they are chemically pure and have the unqualified recommendations of physicians, dermatologists and beauty specialists.

E. Burnham conducts at Chicago, Ill., the largest manufacturing establishment of beauty requisites in the world and it is safe to say that there is not a single woman in the United States who has not heard of the E. Burnham Toilet Requisites, that is, if she is well posted concerning beauty preparations or beauty culture. The E. Burnham Beauty Parlors at 70-72 State Street form the most complete beautifying establishment in America.

## ISHPEMING

### ISHPEMING IN BRIEF.

Mrs. T. H. Dawson of Houghton is in the city, visiting relatives and friends.

Joseph R. Wills and wife, 305 North Oak street, are the parents of a daughter.

Charles Johnson is repairing the foundation and putting new sills under his business block on Cleveland avenue, occupied by Johnson & Heard and Charles Skoglund.

The Carpenter-Cook and Gas teams will try concessions next Saturday afternoon at the Union Park grounds. Each member of both teams will pitch one inning and it is expected that the game will be an amusing one.

Richard Matthews will leave tomorrow for Calumet, where he will attend the annual session of the Detroit conference, which will convene this morning. Rev. C. L. Adams, pastor of the First Methodist Episcopal church, went up last evening.

Miss Hildegard Skoglund will have charge of August Hendrickson & Co.'s millinery department the coming season. She arrived home yesterday from the cities, where she spent several days looking up the styles and making purchases for the department.

The paydays at the Cleveland Cliffs Iron company's properties will be as follows: Next Monday, the 14th, Lake and Cliffs Shaft; Hard Ore and Salisbury,

Tuesday; Maas, Negaunee and Jackson, Wednesday; Imperial, at Michiganum, Friday, and the Swaney range mines on Saturday.

When the votes in the diamond ring contest being conducted by the ladies of St. John's church congregation were counted last evening Miss Mayne Kennedy's total had swelled to 101. Seventy-seven votes had been cast for Miss Nora P. Kennedy and Miss Ruth Good had five to her credit.

There will be demonstrations of the Marvel flour, commencing tomorrow and continuing Saturday, Monday and Tuesday, at J. J. Leffer's store. Mr. Leffer recently took the local agency for the flour and it is recommended as a first-class article. The mills are located at LaCrosse, Wis., and the daily output is said to be over 6,000 barrels. Mr. Leffer extends an invitation to his patrons and others to come in and sample the benefits to be made by the young lady conducting the demonstration.

The five-month-old son of William Walters of Antigo, Wis., formerly of this city, who has been here for some time, died yesterday afternoon at 1:30 o'clock from the home of Mrs. William Peters, 401 Second street, where the family is boarding. Rev. C. L. Adams, pastor of the First Methodist Episcopal church, conducted the services. Mr. Walters had the contract for the painting of the new high school.

William Corbett, superintendent of the mechanical department of the Prescott Pump company of Milwaukee, visited friends in Ishpeming Tuesday evening and yesterday. He was raised in Re-public and worked in Ishpeming for some time prior to seventeen or eighteen

years ago, when he moved to Chicago, to take the foremanship of the Sullivan Machinery company's shops. He has held his present position, which carries with it a great deal of responsibility, for the past thirteen years. He will spend a short time in Republic, visiting friends, before returning to Milwaukee.

#### THEY TAKE THE KINKS OUT.

"I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They take the kinks out of stomach, liver and bowels, without fuss or friction," says N. H. Brown, of Pittsfield, Vt. Guaranteed satisfactory at The Stafford Drug Co's Store, 25c.

#### PASSED EXAMINATION SUCCESSFULLY.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Remedy. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance. Foley's Kidney Remedy cures backache and all forms of kidney and bladder trouble. Sold by all druggists."

Millions of bottles of Foley's Honey and Tar have been sold without any person ever having experienced any other than beneficial results from its use for coughs, colds and lung trouble. This is because the genuine Foley's Honey and Tar in the yellow package contains no opiates or other harmful drugs. Guard your health by refusing any but the genuine. Sold by all druggists.

### FOREST FIRES CAUSE ALARM IN NEGAUNEE

MANY HERE HAVE RELATIVES AND FRIENDS IN MESABA RANGE TOWNS ALREADY BURNED OUT OR MENACED BY FLAMES.

Many Negaunee people were concerned yesterday over the fire disasters on the Mesaba range, where several hundred smaller residences of the city are now located. Messages were sent from here by people who have relatives in the districts where the fires have been raging for several days. It was reported both in Negaunee and Ishpeming Tuesday evening that Colear and Bovee had been wiped out by the flames, but there was no foundation for the rumors. So far as could be ascertained yesterday, Hibbing is safe and it was reported that the fires will probably not get into that village. Nashua and Buhl were also reported safe for the present, but more news may be necessary for some time in order to keep back the flames. The fires came within a short distance of Aurora, but the report from there yesterday was to the effect that it was apparently out of danger, the people of the town having fought the fires back. The management of the Missate road sent men to Mitchell and the town and the company's yards were saved. The telegraph lines leading to Snowball had been burned and there was no telegraphic communication with the town yesterday. It is understood that the losses there have been heavy and that a part of the town has been wiped out.

All of the three railroads having lines in the Mesaba district have as many men as they can find willing to work fighting the fires along their right-of-ways and adding in other places as much as possible. The fires are reported so far east and north as Grand Marais, Minn., and as stated in yesterday's press dispatches in The Mining Journal that village is in great danger. The fire has spread within a few miles of Duluth and the woods wrote on Tuesday and yesterday ablaze in the district about French river and only a few miles back of the city heavy losses have been sustained in the timber districts.

Money is being subscribed freely for the aid of the sufferers. The city of St. Paul contributed \$5,000 and sent it by the range Tuesday, and thousands of dollars' worth of clothing and other supplies have been forwarded. At many of the properties on the range mining operations have been suspended temporarily and the men are engaged in fighting the fires.

#### Duluth Train Delayed.

It was reported yesterday that a large amount of timber has been held at a still place, in spite of the fact that ties, cedar poles, pulp wood, and other classes of timber are much below the prices prevailing this time last year.

The lumber concerns and individual jobbers who operate in the districts south of here on the line of the Chicago & Northwestern railway, have not yet made a start, on their season's work, and a Negaunee contractor said that no preparations are being made for an early resumption. The forest fires have kept some from starting and others have delayed because they have not made any arrangements for the disposal of their output. Practically no work is being done, whereas a year ago this month several jobbers had started on their season's work. There is very little demand for either lumber or poles of any description. It is reported that most of the larger concerns still have a considerably quantity of lumber on hand.

The price for various kinds of timber are a little off at present and this is another reason why the owners of stumpage who usually cut their own timber are not pushing operations. Most of the stumpage owners have made up their minds to not sell their timber now, but will wait until they get a good figure for it, as they believe prices will be much better next season. The market has been weak, and from present indications it will be at least a few weeks before there will be an improvement. Stumpage is being held at a stiff price, in spite of the fact that ties, cedar poles, pulp wood, and other classes of timber are much below the prices prevailing this time last year.

#### DEATH OF MISS REMILLE.

The many Negaunee friends of Martin Remille, the pioneer resident of Little Lake, were shocked yesterday when they heard of the death of his daughter, Miss Clara, which occurred Tuesday afternoon at St. Mary's hospital at Marquette, where she had been confined since last Wednesday. The deceased had enjoyed excellent health until a short time ago, when she began to fall rapidly. She was well-known to many Negaunee people, as she aided her father in his store for a number of years past. Her age was twenty-six years. The funeral will be held this morning in Negaunee, the remains arriving on the Chicago & Northwestern train, and services will be conducted at St. Paul's church, with interment in the Negaunee cemetery.

#### LOBB BUILDINGS SOLD.

August Rantakainen has purchased the Lobb buildings on Gold street, and it is his intention to improve them considerably next spring. The blocks are in fairly good condition, but some alterations will be necessary. Both are at present occupied by saloons and boarding houses. Matt Neimi and Will Hattinen have possession of "Cherry hall" under a lease good until next May, held by D. McDonald, and Gust Ekola is the tenant in the other building, facing the Union depot. The lease for this also expires next May. It is held by the Leisen & Hemes Brewing company.

#### LOCAL LAOONICS.

D. Matheson of Virginia, Minn., was a Negaunee visitor yesterday.

Mesdames W. J. Bedford and A. H. Knight returned Tuesday night from a visit of several days with Mrs. Thomas Lusk at Sault Ste. Marie, Ont.

Samuel Collins, wife and daughter, Miss Anna, who spent the past seven weeks visiting relatives and friends in Canada, arrived home Tuesday.

Yesterday was one of the warmest days of the summer. The thermometer at 6 o'clock in the morning was sixty-two above and at noon the thermometer registered more than twenty degrees higher.

George Kappes has purchased a Ford runabout from Paul Honkavara, of Talmor. The Ford runabout is one of the best of the smaller machines made and quite a number of them are in use in this section.

Captain William Haggerton, Captain Richard Roberts, Charles Johnson and Nicholas Laughlin, Jr., left Tuesday for Milwaukee, where they will spend a few days taking in the Wisconsin state fair. Two or three other Negaunee men talk of going down today, remaining until Saturday or Sunday.

The West-Henry Stock company, which will be at McDonald's opera house tomorrow night, producing the beautiful comedy drama, "His American Friend," is making a hit at Ishpeming this week. The company is much stronger than this average stock organization and its presentation of the bill to be seen here tomorrow night is very satisfactory. The prices will be twenty-five, thirty-five and fifty cents.

The public schools opened Tuesday with rooms crowded in practically all of the five buildings. A number of the children who will attend the Cass street school, which will open next Monday,

### FAIR WELL ATTENDED.

Negaunee Has Sent Large Delegations to Marquette This Week.

During the last three days over 1,000 Negaunee people have attended the county fair at Marquette. Including Monday and Tuesday over 700 tickets were sold by the South Shore company, and others went down either in automobiles or made the trip in carriages. Monday the attendance from Negaunee was considerably larger than from Ishpeming, or in the neighborhood of 500, and another good sized crowd went down yesterday. It is now thought that the attendance from the two cities during the four days will be the largest that has ever visited the fair. The banner crowds are expected to go down today. A number of Ishpeming people went down yesterday to see the baseball game, and another big delegation will take in the final contest this afternoon. Negaunee people who have attended the fair express themselves as being well pleased with the displays in the various buildings, also with the amusements.

The followers of Cornish wrestling were much pleased with the exhibitions, as there has been some very clever work between the lightweights. Heavyweights who wrestled for several hours in Negaunee on the fourth came together Tuesday and their work was much appreciated.

#### LOOK FOR LIGHT SEASON.

Timber Jobbers of Marquette County Have Not Yet Started Work.

The lumber concerns and individual jobbers who operate in the districts south of here on the line of the Chicago & Northwestern railway, have not yet made a start, on their season's work, and a Negaunee contractor said that no preparations are being made for an early resumption. The forest fires have kept some from starting and others have delayed because they have not made any arrangements for the disposal of their output. Practically no work is being done, whereas a year ago this month several jobbers had started on their season's work. There is very little demand for either lumber or poles of any description. ## Eat What Kodol will digest it.

You want of the food you need

**Kodol will digest it.**

You need a sufficient amount of good wholesome food and more than this you need to fully digest it. Else you can't gain strength, nor can you strengthen your stomach if it is weak.

You must eat in order to live and maintain strength.

You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly. When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

Our Guarantee

Go to your druggist today, and purchase a dollar bottle, and if you can honestly say, that you did not receive any benefits from it, after using the entire bottle, the druggist will refund your money to you without question or delay.

We will pay the druggist the price of the bottle purchased by you.

This offer applies to the large bottle only and to but one in a family.

We could not afford to make such an offer, unless we positively knew what Kodol will do for you.

It would bankrupt us.

YESTERDAY WAS GIVEN OVER TO CONSIDERATION OF APPLICATIONS FOR FINAL PAPERS.

SAME BUSINESS ON TODAY

Heardings Are Being Disposed of Expediently, as Complete Data Is Available—Murder Case to Be Tried Tomorrow.

The September term of circuit court opened yesterday, with Judge Stone on the bench. In the morning the calendar was gone over and the cases set for trial, or otherwise disposed of, and the court then settled down for a siege of naturalization business.

The court, J. H. Cole, of Detroit, U. S. attorney on naturalization cases, and H. L. Roethe, the examiner, put in a solid day's work disposing of applicants for final papers.

The proceedings were greatly expedited by the complete information which Mr. Roethe, the examiner, has placed at the disposal of Mr. Cole.

At 5 o'clock yesterday afternoon Miss Hazel E. Murphy and Charles F. Kuhn were wedded at the parsonage of St. Peter's cathedral by Father Moriarty.

The bride was attended by Miss Loretta Green and the groomsmen were Daniel Murphy, following the ceremony the bridal party was driven to the home of the bride's sister, Mrs. Harvey Green.

READ-ROSER WEDDINGS. Wellknown Marquette Young Woman Wedded Yesterday Afternoon.

The nuptials of Miss Ruth Marion Read and Charles Martin Roser, of Kenton, O., occurred at the home of the bride's mother, Mrs. F. W. Read, 429 East Arch street, yesterday afternoon shortly after 1 o'clock.

The ceremony occurred in the library, which, together with the parlors and dining room, was decorated with flowers and bunting. The bride and groom were unattended.

The officiating clergyman was Rev. Charles H. Maxson, pastor of the Baptist church, and the ceremony was followed with close attention by the guests.

The bride was attired in a white lace gown with a high collar and long sleeves. The bride and groom were unattended.

A luncheon was served to the wedding party on the conclusion of the reception. The bride's bouquet was caught by Miss Curissie Sherman.

Mr. and Mrs. Roser left on the late afternoon train for Munising, where they will spend a few days, later departing for an extended tour in the west.

The wedding party made their departure from the Roser home an eventful affair.

Mrs. Roser has been a highly popular Marquette girl and leaves many friends in her old home who wish her the greatest happiness in her new estate.

Mr. Roser is a prominent business man at Kenton, O., and met his bride in Florida, where she has passed the winter months.

Mr. and Mrs. Roser will be at home in Kenton, O., after Jan. 1. Among the out-of-town people present at the wedding yesterday were Mrs. S. N. Bronson, of Midland, Pa.; Mr. and Mrs. J. H. Fenner of Bay City, Mich.

Mr. and Mrs. R. P. Bronson and daughters, and Sherman B. Randall of Columbus, O.

Yesterday morning at 7:30 o'clock Miss Jessie Richards became the bride of Louis E. Kellan of Iron Mountain at the home of the bride's mother, Mrs. M. Richards of 232 West Hewitt avenue.

Rev. Ames Maywood performing the ceremony in the presence of a small company of relatives and friends. Following the ceremony a wedding breakfast was served at the home of the bride.

Mr. and Mrs. Kellan left for Chicago and other points for a wedding trip. Both Mr. and Mrs. Kellan were born and raised in this city.

Mr. Kellan was formerly connected with the American Express company here and is now the company's agent at Iron Mountain.

MARQUETTE DAY WILL DRAW CROWD

IS EXPECTED THAT FINAL DAY OF FAIR WILL BRING RECORD BREAKING ATTENDANCE.

WELL PATRONIZED YESTERDAY

Races Were Good, and Ishpeming Won Baseball Game—Joe Ziehr Carried Off First Money in Cornish Wrestling Tourney.

This promises to be the big day of the Marquette county fair. Interest in it has been steadily increasing throughout the week.

The game between Ishpeming and Marquette should be a spirited one. The visitors will come to Marquette determined to do their utmost to win the tournament honors.

The 223 class will one of the track events for today, and it is expected Mollie M. Berlie S. Harry, and Lady Arkwood.

The other event on the racing program will be a special named race, in which several of the horses that are well matched will participate.

The attendance at the fair yesterday was 3,000, or about twice what it was the previous day.

The Ishpeming and Marquette teams were evenly matched, and Ishpeming was liberal pitched for Ishpeming and Vandion for Marquette.

Both put up good games, playing consistent ball throughout. The game was marked by an unusual amount of wrangling.

The Marquette diamond, and the work of Umpire Forvilly, of Ishpeming, came in for much criticism.

The game, however, was close enough the entire distance to furnish excellent entertainment for the crowd.

The Supervisors' special race yesterday brought out the biggest field of horses that has ever run on the Marquette track.

There being six entries. The event was won by A. C. Sheppard's Ruben in straight heats, the summary being as follows:

Ruben 1 1 1 Bourdon C. 2 4 2 Felo Medium 4 3 3 Lady Arkwood 3 6 6 Harry 5 2 5 Ferty D. 6 5 4

Time—2:10, 2:30, 2:53. Though Sheppard had the race well in hand the entire distance, it was an interesting event.

Willie Tell won the 2-40 event, also in three straight heats. The stallion's performance was again characterized by clock like trotting, and it was easily the superior horse in the field.

The exhibition building and livestock display attracted much attention both before and after the events on the track.

A Democratic mass convention for the purpose of electing sixteen delegates to the county convention will be held in the city hall on Monday, Sept. 14th, at 8 p. m.
