

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).
Issued daily except on Sundays. Contain Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

Well, Mr. Foraker, how about it?
It appears that Mr. Wright was entirely correct in his assertion that the airship was too dangerous a vehicle for the president.

It is not surprising that the electric lights went out Thursday evening. The surprising thing is that in such an unprecedentedly dry season there was not a water shortage at the Dead river plant at an earlier date.

The Republicans of Michigan are beginning to see that they escaped a calamity when Arthur Hill was prevented from taking the U. S. senatorship.

Just note how stocks have been slumping off since the Democrats named their candidate for representative in this district.

A couple of Irishmen were overheard discussing the presidential candidates the other day. "I believe I'll vote for Taft this time," said one.

It might be well for the Republicans to bear in mind that the Democrats have in Mr. Hemans a strong candidate for governor this year.

It might have been expected that Mr. Hearst would explode a bomb or two for the embarrassment of his Republican friends.

Dr. Bradley's demand for a recount of the vote cast at the primary in this county is absurd. A fairer election was never held in the county.

Dr. Bradley, it seems, has asked for a recount of the vote in all the precincts of Marquette county.

SUPERIOR TRUST COMPANY
HANCOCK, MICHIGAN
Capital - \$150,000.
This company is under the supervision of the state banking department and is authorized by the law to act as executor, administrator, guardian, assignee, receiver or trustee.

such irregularities as actually crept in through ignorance of the voters or carelessness of the members of the elections boards.

Bryan says he finds a great change in the attitude of the eastern people toward him now, compared with what it was when he made his first campaign for the presidency.

According to the Grand Rapids Press, there is deep disgust among the supporters of Bradley in that city over his action in demanding a recount of the vote cast in the recent primary election.

Police Commissioner Bingham, of New York, has recanted the assertion made in an article published under his name in a recent number of the North American Review that the Hebrews are the most criminal race in New York.

THE RECOUNT ON.
Our press dispatches yesterday related that the board of state election commissioners had decided to grant the petitions of both Governor Warner and Dr. Bradley for the recount of the votes in specified precincts.

While the recount is regretted by many people who believe that the Republican party should be permitted to go ahead with its campaign instead of undertaking a review of a considerable part of the vote in what, on the returns, appears to have been a sufficiently decisive election.

Dr. Bradley is acting in good faith it appears that by expeditious counting it should be possible to review all the precincts specified in ample time not only to have a Republican nominee appear on the ticket.

Dr. Bradley asserts that he has not the slightest intention of dragging out the recount so as to embarrass the party.

Dr. Bradley would, if he should be shown to be the nominee, be entitled to the full support of his party, and would surely be elected.

The one thing that the party demands of Dr. Bradley is that, now that he has elected to go back of the apparent returns, he shall throw his whole influence in behalf of arriving at an early conclusion of the recount.

It is a source of regret under the circumstances that Dr. Bradley has determined to insist upon a recount of the vote cast in the state at the recent primary election.

On the morning following the election when on the face of the returns from three-fourths of the state Dr. Bradley was probably nominated by some 2,000 plurality there was no dissent.

Any intelligent person familiar with our political system and well knows that irregularities are more likely to be found in centers of population such as Detroit, Grand Rapids, Bay City, Saginaw and other cities than in the country districts which appear to have given Governor Warner his vote.

BOSSISM DIES HARD.
The real purpose behind the primary election recount—what is it? Certainly, Dr. Bradley has not taken the trouble to demand a recount for the sole purpose of assuaging his grief over defeat.

HOW TO GET STRONG.
P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong. He says: "My mother, who is old and very feeble, is deriving so much benefit from Electric Bitters, that I feel it my duty to tell those who need a tonic and strengthening medicine about it."

MILITIA OFF FOR CAMP TOMORROW MORNING

TODD TO LEAVE HERE.
Veteran Hotel Man Gives Up Management of Nelson House.

J. B. Todd, who has managed the Nelson House for the past ten months, has resigned, and he and his wife will leave this evening for Chicago, where they may remain permanently. Mr. Todd is to be succeeded by James M. Shea, who has been the chief clerk for the past two or three months, having come here from Hancock. Mr. Shea will be succeeded by H. Caughey, late of the Stephenson Hotel, Menominee, and Mrs. Todd will be succeeded as housekeeper by Miss Kate Rogan of this city.

During the ten months Mr. Todd has had the management of the hotel a great many improvements have been made and the business has increased considerably and he leaves it on a paying basis. He has not decided on his future plans, but he said yesterday that in all likelihood he will again locate in Chicago. Mr. Todd is one of the oldest and best known hotel men in this section. He managed the Nelson House a quarter of a century ago and was subsequently located at other points in the upper peninsula.

SMOKE DISAPPEARS.
Sky Was Clear and Bright Yesterday, for First Time in Over Three Weeks.

The change in the wind about midnight Thursday was the means of clearing the sky of the heavy smoke that had hung over the city for some days. People were much relieved yesterday morning when they found that the smoke had almost entirely disappeared. At noon the sky was clear for the first time in about three weeks. It rained for a short time in the copper country Thursday evening, but no rain fell here until yesterday afternoon.

The fires were reported as being laid in the district south of Ishpeming Thursday, and all of the farmers were working hard in an effort to save their hay stacks and buildings. A number of Winthrop men went out to aid them.

The smoke was so thick at Escanaba early in the week that it was impossible for the switchmen to work in the railroad yards Wednesday and Thursday nights. The engine could not see the track ahead of his locomotive nor was it possible to see a brakeman on a car next to the engine. All the boats were tied up and none of the loaded craft attempted to leave port.

STAY WILL BE SHORT.

The special train in which Eugene V. Debs, the socialist candidate for president of the United States, is making a tour, will remain but a short time in Ishpeming next Wednesday. A telegram received yesterday was to the effect that it will be impossible for Mr. Debs and his party to remain in the city until evening, but that he will give a talk from the platform of the train. Members of Mr. Debs' party are also making speeches, but it is not expected that any will speak here. He is accompanied by A. M. Simons, editor of the Chicago Daily Socialist, who is said to be an able speaker. It is not yet positively known just what time the train will arrive here, though it is expected that it will come in about 9 o'clock.

VIRTUES OF THE AUTOMOBILE.

The effect of automobile riding on the blood, nerves and breathing apparatus has been given careful study by prominent physicians and the result showed that there was a great increase in the red blood corpuscles, an increased activity in the digestive organs and sleep became regular and restful. The majority of people, however, can't afford the luxury of an automobile, but they can find the same results by taking a course of Hostetler's Stomach Bitters. Past experience has proven, both to doctors and patients, that for purifying the blood, aiding digestion and promoting sound sleep the Bitters is unequalled. It is also excellent in cases of sick headache, nervousness, liver and kidney troubles, female ills, dyspepsia, indigestion, rashes and malaria. We urge every sick man and woman to try a bottle at once.

Foley's Orino Laxative is a new remedy, an improvement on the cathartic of former years, as it does not gripe or nauseate and is pleasant to take. It is guaranteed. Sold by all druggists.

COOK WITH GAS

FROM MORGAN'S CURB LETTER.

London came a quarter to a half higher for Americans and traders found offerings scarce at the opening. Each successive attack by the bear clique was met by aggressive support. The market backed and filled all morning, and short covering became quite general, though not urgent, resulting in fair gains throughout the list. North Butte and Copper Range lost a half point each in the early trading, but by noon had rallied 1/4. On moderate buying, Superior & Pittsburg receded 1/2; Greene Cananea and Superior & Boston unchanged. The short interest is becoming unwieldy, and we favor purchases of the better class of coppers at going figures for a good substantial turn, believing that the average low prices for this movement were made today. London copper lost 10s. The New York Metal Exchange quotes Lake copper unchanged, with electrolytic and castings off 1/4 in the asked price. It is semi-officially stated that Tonopah of Nevada company will increase its January dividend. The company has \$800,000 cash on hand, of which \$500,000 is on deposit in Philadelphia. By January 1st it is said the cash account will reach \$1,250,000. The Butte Coalition company is today producing at the rate of 2,000,000 pounds of copper per month from the daily shipment of 900 tons of ore. This output is coming exclusively from the Rarus mine, as the fire in the Minnie Healy has put that shaft out of commission for many months. By the first of the year it is said that the lower workings of the Minnie Healy can be operated on the Tramway shaft, and by that time the daily shipment of ore should be increased to 1,800 tons, and the output brought up to 50,000,000 pounds per annum. Shorts covered freely in the last half hour and the market closed at the top. Indications are for a strong and active market tomorrow.

Yesterday's prevailing prices were:

ISHPEMING IN BRIEF.

Fred Alderton's baby, who died Thursday, was buried yesterday afternoon.

The employees of the Lake Angelina and Oliver mines will be paid today.

McJames S. G. Main and H. G. McKee will serve tea this afternoon at the golf club house.

The last of the summer series of dancing parties at the golf club house will take place this evening.

Miss Schilling and wife arrived home yesterday from a two weeks' visit with their son Edward in Detroit.

Miss Elizabeth Jordan of Washington, D. C., is in the city, visiting her uncle, Captain Thomas Walters, and family.

The three-months-old daughter of George Grummett died yesterday noon. The funeral will be held this afternoon from St. John's church.

Fanny, ten-and-a-half-year old daughter of John Mattson, 234 Marquette street, died Thursday. The funeral will be held tomorrow afternoon.

Richard Matthews, manager of Sellwood & Co.'s stores, who returned from the copper country Thursday, left that evening for Chicago on business for the firm.

Henry Hanke, a former resident, who has been located at Gladstone for several years past, called on old friends in the city Thursday, returning to his home yesterday.

William Carlson, who is erecting the addition to the vault at the Ishpeming cemetery, is making good headway and he expects to finish the job before the 10th of next month, the date upon which the completion is called for in his contract.

Will Cole, son of W. T. Cole, the boiler maker, who left here in the spring for Duluth, is now serving in the United States army at Fort Benjamin Harrison, he having enlisted shortly after going to Duluth. Will was a member of Company I, Michigan National Guard, for some time before leaving Ishpeming.

The Ishpeming camp of the Royal Neighbors will conduct an autumn dancing party next Thursday evening, the 24th, at the Woodmen's Hall. The hall will be appropriately decorated for the occasion and dancing will start at 8:30 o'clock. The admission charges will be fifty cents per couple with extra ladies twenty-five cents, including refreshments. It will be an invitation affair.

CLOSE GAME EXPECTED.

The baseball fans expect to see an exciting game tomorrow afternoon at the Union park grounds, when the Ishpeming and Marquette teams will meet in the final league contest. It is also expected that there will be a record-breaking attendance. Dr. Miles Main, who was ill and unable to play with the local team at the county fair tournament, also last Sunday, will be in his regular position tomorrow, and Andrews, who has been playing short in his place, will hold down third base. Laxstrom is to catch and Nichols will play in right field, while Siebenthal will pitch. Hoglund will hold second base and Simpson and Goulette will be in center and left field, respectively. The game will start at 2:30 o'clock.

You are invited to attend the Ishpeming Dancing Academy Friday evening, Sept. 18, at Woodmen's Hall. Good men, 35 cents; ladies, 15. Trombly's orchestra will furnish the music. (9-16-3f)

FALL ANNOUNCEMENT

Here we are again with the Latest Styles in Men's, Youths' and Boys' Fall and Winter Clothing. Our reputation for handling first-class goods at right prices is so well known that it is unnecessary to dwell on that point, but we wish to assure those who want the NATTY CLOTHES, NOBBY HATS, the most SERVICEABLE and most PERFECTLY FITTING SHOES, that we were never so well prepared to supply their wants as now. Remember, we handle only the goods with a reputation second to none, such as the Hart, Schaffner & Marx and Adler Collegian Suits (all styles and colors), Ralston Health Shoes, etc. Full lines in all departments.

M. A. KAHN

SOUTH SHORE R.Y. HAS ANNUAL MEETING

OLD DIRECTORS, WITH ONE EXCEPTION, WERE REELECTED IN MARQUETTE THURSDAY.

EARNINGS SHOW A DECREASE

This Is Due to General Business Depression, Also to Operation of the Michigan Rate Law Which Reduced the Legal Fare.

The annual meeting of the D. S. S. & A. railway was held in Marquette, Thursday. There was one change in the board of directors, W. A. Bog, of New York, succeeding Charles Drinkwater, of Montreal, Quebec. The present board, in full, is as follows: Sir William Van Horn, Walter R. Baker, Richard B. Angus, of Montreal, Quebec; John W. Sterling, W. A. Bog, R. Y. Heblen, of New York; Thomas W. Pearsall, of Blackrock, Conn.; George H. Church, James O. Bloss, E. V. Skinner, of New York and William F. Fitch of Marquette.

As was to be expected the income of the road for the year ending June 30, 1908, the period covered by the report just issued, shows a material falling off compared with the previous fiscal year. Two things played a part in this. One was the effect of the business depression that has prevailed since last fall; the other the operation of the Michigan passenger rate law, which reduced the legal rate of fare on the South Shore line from four to three cents.

The operating revenues for the road for the year ending June 30 amounted to \$2,921,916.02, compared with \$3,223,792.15 for the previous year, a decrease of \$301,876.13. The decrease in operating expenses was by no means in the same ratio as the decrease in operating income. It being but \$8,322.48. The operating expenses for the last fiscal year were \$2,296,214.69, compared with \$2,214,847.17 in 1907.

The net operating revenue was \$715,701.33, compared with \$1,908,774.98 in the previous year. The outside operations of the road and other income increased the total income to \$764,576.92. Against this total income were the following charges: Interest on bonds, \$850,700; other interest, \$978.70; taxes, \$186,345.24; other deductions (rents, etc.), \$25,445.70, making a total of \$1,075,510.74. This gives a deficit of \$310,933.82 on the year's operations, compared with a deficit of \$55,535.95 for the year ending June 30, 1907.

The Freight Revenue.
The freight revenue for the past fiscal year was \$1,524,622.49, compared with \$1,609,635.53 for the previous year; the passenger revenue, \$969,125.94, compared with \$1,072,968.74 in the previous year. There was a falling off in iron ore revenue, the figures for 1908 being \$250,147.34 as against \$283,294.33 in 1907.

There was a slight gain for last year in parlor and chair car revenue, in mail revenue, in express revenue, in other passenger train revenue and in special service train revenue.

Under operating expenses a \$23,016.48 increase in maintenance of way and supplies is noted; a \$55,094.35 increase in traffic expenses. There was a decrease of \$90,983.64 in transportation expenses and a decrease of \$46.05 in general expenses.

During the last fiscal year 1,311,723 tons of revenue earning through freight were carried, as against 1,335,940 tons in 1907, and 1,632,257 tons of local freight, as against 1,850,433 tons in the previous year. The total freight mileage, or tons carried one mile, was 180,751,208, as against 217,879,967 in 1907.

The Passenger Traffic.
The number of through passengers carried in the last fiscal year was 177,882, compared with 177,622 in 1907; the number of local passengers 501,471, compared with 513,359. The total number of passengers carried was 679,253, as against 691,585, and they traveled 28,562,381 miles, as against 40,284,349. The average receipts per mile fell off for both classes of passengers, a condition due to the operations of the existing rate law.

The charges to additions and betterments during the year show a total of \$84,501.98. The new building account aggregated \$8,785.70, with a credit charge of \$4,893.88, on account of insurance collected. New branches and sidings cost \$67,777.45, with a credit of \$4,128.46 for credits taken up. On the Dead river branch \$15,836.25 was expended; on the Mary Charlotte mine tracks, \$10,749.61; on the Cheoclay furnace tracks, \$6,023.63; on the Wisconsin asylum track, \$6,978.30. The other expenditures were all in lesser sums.

During the year the rolling stock of the company received some important and much needed additions. Principal among them were nine new locomotives, three of seventy-five tons for passenger service, and six of eighty-seven and one-half tons for freight service. One passenger coach of first class, three of second class, one baggage car (these five making up a complete new train) and ten refrigerator cars were also added.

The present rolling stock of the road is eighty-seven locomotives, sixty-seven passenger coaches, 2,846 freight cars and 161 miscellaneous cars.

The Tremblay orchestra is ready to fill all engagements for dances and social functions. Can be found at the Hotel Brunswick, or call by Bell phone. (9-18-34)

MILLINERY ANNOUNCEMENT.
I have just returned from the east and am prepared to show the latest styles in millinery. I will be pleased to have the ladies call and make an inspection. The new fall and winter styles are handsomely attractive. I have rented the Homberg house at 212 E. Michigan St. Bell telephone 219.

(7-25-11)

NO FURTHER TROUBLE.

Lighting Plant Will Be Able to Operate Until Rains Come.

Superintendent Retallie yesterday said that he does not anticipate any further interruption of the city lighting service. There is water enough in storage at Silver Lake to run the plant until the end of the present month, and by that time it is expected that fall rains will have relieved the situation. At Silver Lake there is four and a half feet of water covering an area of 1,600 or more acres that can be drawn on, and by using it judiciously it alone would carry the plant for several days. Thursday Superintendent Retallie had the sluice gates opened, so as to allow considerable water to flow into the river bed, and this water reached the lighting station dam yesterday afternoon. The city was illuminated last evening as usual. The interruption of the service might have been prevented by shutting off the water wheel during the day, but it was thought there was water enough in sight to run the plant both through the day and night.

AT PRESQUE ISLE.

Following is the musical program to be given at Presque Isle tomorrow: American Airs Waltz Orchestra

(9-7-16)

When thinking about ordering your Fall Suit or O'coat from that tailor,—better take a look at the new styles just received from our own tailor shop.

They are the truest reflection of the exclusive New York tailors' doings.

No offence if you do not buy—though if you do happen to fancy our styles you'd save a large part of your tailor's price.

Fall Hats that will tickle your head—not just a few, but all the best blocks of the best makers: Dunlap, Stetson and Roeloffs.

FIRST NATIONAL BANK of MARQUETTE

THE HABIT

of getting on in the world is one it profits a young man to cultivate. Nothing will help him so much as an account at the bank. It means systematic, thrifty habits and stability of character. It is not the money that gives him the distinction so much as the fact of character the bank account implies. For a young man to be able to write his check to pay a bill or an account will give him importance and influence. We seek the accounts of thrifty young men.

UNITED STATES DEPOSITORY.
Special Facilities offered and attention given out-of-town accounts.
Send for our booklet, "MODERN BANKING," which fully explains how our system of banking by mail is made both safe and convenient.
CAPITAL, SURPLUS AND UNDIVIDED PROFITS \$250,000.00.

MARQUETTE COUNTY SAVINGS BANK

SAVINGS BANK BUILDING,

Nine times out of ten the women are the money savers of the family. Men mean well enough. They know the value of having money in the bank, but they haven't the knack of saving. They haven't learned the trick of making one dollar do the work of two in buying, and of laying the other dollar away for the rainy day that is sure to come.

We have the **National Recording Safe**—the newest and finest little home bank ever made. You CAN WATCH THE MONEY GROW. Open an account with \$1.00 or more, and we will loan you one of these little banks free.
