

NEW SHOCKS FELT IN STRICKEN ZONE

Continuance of the Quake Causes Added Terror in Southern Italy - More Damage Is Done, and in One Instance the Entire Population of a Town Is Plunged Into the Sea - Stromboli Island Also Is Shaken, and People Flee to the Streets in Panic.

Catania, Jan. 3.—It is now clear that the enormous number of casualties in Messina was due to the suddenness with which the first shock came, it giving little time to the people to escape. The tidal wave was not so high as first reported, and would have done little damage had it not been preceded by the earthquake. The damage done by fire also was comparatively insignificant.

Stromboli Island Violently Shaken. Rome, Jan. 3.—A violent earth shock lasting three seconds, and during which Stromboli volcano began an eruption, occurred on Stromboli island today. The phenomenon was accompanied by prolonged hill quakings. Houses on the island were badly damaged, and the populace fled to the streets in a panic, but no one was hurt.

Guards Kill Sixteen Looters. Both at Messina and Reggio the guards are having difficulty in protecting the survivors and the vast treasure in the ruined buildings from marauders. It is reported that six Russian sailors have been shot by the Italian soldiers at Messina, and that sixteen criminals have been killed at the same place within the last twenty-four hours.

Renewed Shocks Wreak Havoc. Reports still reach here of the continuance of the earth shocks, some of which are of sufficient force to do further great damage. According to reports, new shocks yesterday at Pellarlo precipitated the entire population into the sea, including both dead and living victims of the first quake.

POPE PIUS WORLD'S LARGEST CONTRIBUTOR. Rome, Jan. 3.—Pope Pius has given \$200,000 more to the relief fund for the benefit of the earthquake sufferers. This makes his total contribution \$400,000. The pontiff has given a much larger sum than any individual, corporation or nation the world over.

LEADS IN RELIEF WORK. Rome Reports the United States Far Ahead of Other Nations. Rome, Jan. 3.—The United States is far ahead of other nations in the relief work. Today Ambassador Griscom succeeded in finding an Austrian Lloyd steamer capable of carrying 1,200 passengers. He has chartered the steamer for two weeks, and it is being loaded with medical supplies.

Relief Contributions Elsewhere. Philadelphia, Jan. 3.—The Italian relief fund here approximates \$40,000. Close to \$100,000, it is estimated, will be raised altogether. A like sum will, it is expected, be contributed at Pittsburgh and vicinity.

AMERICAN DONATIONS ALREADY APPROXIMATE ONE MILLION DOLLARS. Large Sums Are Being Raised for Relief Work in Italy—President Sends Two Ships Laden With Supplies and Proffers the Services of the Battle Fleet.

Washington, Jan. 3.—In response to the suggestion of the Italian Red Cross society that a vessel might be loaded at Genoa with provisions and sent to the straits of Messina, the president has authorized the American Red Cross to outfit a ship with provisions and medical supplies. This amount is in addition to the \$100,000 and \$70,000 previously sent by the American Red Cross.

WEATHER FORECAST. Washington, Jan. 3.—The following is the weather bureau's forecast for Upper Michigan: Rain or snow, Monday; Tuesday, rain or snow and colder.

FLEET AT SUEZ. "Sweet Sixteen" Complete Long Run from Ceylon. Sight That Is Presented When the American Armada Steams Into the Bay Is an Impressive One, and People Afloat and Ashore Give the Ships a Most Enthusiastic Welcome.

DORANDO COLLAPSES AND IS BEATEN AGAIN. For the Second Time Tom Longboat, the Canadian Indian, Takes the Measure of the Long Distance Italian Runner.

New York's Fund Is \$550,000. New York, Jan. 3.—More than \$500,000 was added to the earthquake relief fund in this city yesterday. Contributions poured in all day to the various relief agencies. The stock exchange alone raised \$35,000. The American Red Cross received \$15,000. The Italian chamber of commerce received \$2,750 from members.

WOULD FIGHT JACK JOHNSON. Leadville, Colo., Jan. 3.—James J. Corbett, once champion pugilist of the world, will fight Jack Johnson and bring the championship back to the white man. Corbett made this announcement here. He says he is most sincere in his determination to fight Johnson and declares that his cleverness will best the champion. Corbett issued the challenge, which will be forwarded to Johnson.

LEADS IN RELIEF WORK. Rome Reports the United States Far Ahead of Other Nations. Rome, Jan. 3.—The United States is far ahead of other nations in the relief work. Today Ambassador Griscom succeeded in finding an Austrian Lloyd steamer capable of carrying 1,200 passengers. He has chartered the steamer for two weeks, and it is being loaded with medical supplies.

NEW CENTRAL AMERICAN WAR. Troops of Nicaragua Move from the Frontier to Attack Honduras.

New Orleans, Jan. 3.—The Times-Democrat publishes a story, based on reports received from Central America, which is to this effect: "Nicaragua is marching troops from the frontier to the vicinity of Choluteca, Honduras, to overthrow the government of Miguel Davila, president of Honduras." It is reported that a Nicaraguan, Dr. Arrias, has received almost \$40,000 in army supplies, medicines, etc., shipped by secret agents of Zelaya in this city, and that all preparations are being made for a long campaign.

MR. AND MRS. T. A. GREEN ARE SAFE AT FLORENCE, ITALY. Fond du Lac, Wis., Jan. 3.—Mr. and Mrs. T. A. Green have received a telegram from their daughter Margaret and son-in-law, Thornton A. Green of Ontonagon, Mich., who were supposed to have perished in the earthquake in Sicily. They were on their way to the ill-fated island when the calamity befall it.

UNCLE SAM TURNS HIS ATTENTION TO A UNIQUE QUEST. Pearl-Button Manufacturers of the West Alarmed at the Rapid Disappearance of Clams, the Government Sets About to Find Nurses for the Mussels.

Washington, Jan. 3.—Congress has been asked to consider a new phase of the problem of re-stocking the Mississippi, Wabash and other Middle West rivers with fresh-water mussels. It is reported by the pearl-button manufacturers of Minnesota, Iowa and other western states, who were alarmed at the rapid disappearance of the clams and mussels from the rivers, that the government has been for two years working upon experiments looking toward a removal of the supply upon which the pearl manufacturers depend.

REPUBLICANS WILL ELECT DEMOCRAT. Placing Public Duty Above Party Fealty, and Refusing to Disrepute Pre-Election Pledges, the Legislators of Oregon Will Send Gov. Chamberlain, the Choice of the People, to the U. S. Senate, Notwithstanding He Is of Opposite Political Faith.

John W. Kern, Bryan's Running Mate, Is Probable Winner in Indiana, Although There Is Possibility a Combination Will Defeat Him—Burton Is Unanimously Nominated in Ohio—That Meyer Will Remain in Cabinet Is the Hint from Augusta.

Will Dine on "Pommes." Atlanta, Ga., Jan. 3.—One hundred "pommes" with the usual accompaniment of sweet potatoes, will grace the banquet table of the chamber of commerce on the evening of Jan. 15, when President-elect Taft will be the guest of honor of the city.

COVERS A WIDE FIELD. Department of the Interior Makes Public Its Annual Report. Washington, Jan. 3.—The improved methods of administration instituted by Secretary Garfield, having for their purpose the simplification of business without any loss in accuracy or responsibility, have proved of great value, says the head of the department of the interior in his annual report made public today.

Rate-Cutting Started by the Canadian Pacific Makes Trouble. New York, Jan. 3.—The meeting of the Trunk Line association next Tuesday in this city will be an important one. It was called on account of the rate-cutting made by the Canadian Pacific, Secretary Gardner said. There are suspicions that the New Haven wanted the rate as much as did the Canadian Pacific.

LOOKS AS THOUGH MR. MEYER WILL REMAIN IN THE CABINET. Looks as Though Mr. Meyer Will Remain in the Cabinet. Augusta, Ga., Jan. 3.—Senator Henry Cabot Lodge, of Massachusetts, left tonight for Washington. Mr. Taft said that besides giving him a general idea of the probable organization of the senate committees after March 4, Mr. Lodge strongly urged the retention in the Taft cabinet of Postmaster General Meyer. It is understood that if Mr. Meyer is retained, it will be either as secretary of the navy or secretary of the treasury, with the navy department most likely.

MOTHER'S FEARFUL PLIGHT.

Unable to Give Aid Sees Her Infant Choke to Death on a Bottle.

WOMAN'S TRAGIC DEATH.

Girl Who Recently Came to Copperdom from Chicago Asphyxiated.

MASS MEETINGS HELD.

Copper Country Italians Gather at South Range and Calumet.

PORTAGE LAKE MOTOR SERVICE.

Twin City Company Stockholders to Hold Meeting in Houghton Today.

MRS. ELLEN SWEENEY DEAD.

She Had Been a Resident of the Copper Country Fifty-Four Years.

MICHAEL KEMP'S FUNERAL.

The funeral of Michael Kemp will take place this morning from the residence of Joseph Bosch, of Lake Linden.

Ed. Winkelmeyer, a former resident of Laurium, who has been visiting there, has returned to his home at the 500.

Miss Carrie Carlson of South Range and Joseph Williams of Baltic were married recently a month ago and the news of the ceremony has just been made public.

Miss Sarah Cameron, daughter of Mrs. D. Cameron of Lake Linden, and John C. Stinson of Fort William, Ont., were married by Rev. Jesse Povey, pastor of the Lake Linden Congregational church, at the bride's home last Wednesday.

The funeral of Nicholas Harris of Osceola was held Saturday afternoon, with services at the residence and interment in Lake View cemetery.

Dr. Wilfred Hewson has returned to

FUNERAL OF JACOB YOUNG.

Widely Known Railroad Man Passed Away After a Short Illness.

The funeral of Jacob Young of Houghton, a widely known railroad man, who died Friday night, after a short illness, will be held this morning.

YEAR'S FIRE LOSS, \$9,405.

The annual report of the Hancock fire department shows that the department responded to thirty-seven calls the past twelve months. The most serious fire was the burning of the Good house in West Hancock, March 25 last.

TURKEY PRICE SOARS.

Just before Christmas the price of turkeys in the copper country was about twenty-three cents, with fractional differences in various parts of the district.

COPPERDOM BREVITIES.

A son has been born to Mr. and Mrs. Michael Driscoll of Hancock.

Edward Reid, who spent the holiday vacation with his parents, Mr. and Mrs. William Reid, of Hancock, has returned to Lansing, to resume his studies at the Michigan Agricultural College.

Most of the school teachers who spent the holidays at their homes returned Saturday and yesterday, and today all of the schools of the district, public and parochial, will reopen for the closing term of the year.

Merwin K. Baer, who spent the holidays with his parents in Hancock, left for Ann Arbor yesterday. The Misses Elsie Goodale, May Rippe, Rose Gaffney and J. Trengove also have returned to the university from Hancock.

Miss Ethel Fisher has been appointed deputy county treasurer by County Treasurer Basileigh, succeeding Mr. Michael Foley, wife of the former treasurer. Miss Fisher was for years employed in the office of the Quincy Mining company.

A news report printed in a Salt Lake City paper states that Charles H. Reppath is a director of a railroad being built in Utah. He formerly lived in Hancock and is a son-in-law of Mrs. Peter Holman, who is well known in the copper country.

Charles J. Morrison has been appointed by the Houghton county probate court administrator of the estate of John S. Morrison, a former Calumet lumberman, who died last fall. The estate is a large one, and the administrator's bond is in the sum of \$25,000.

A fund to defray the expenses of lighting the Baltic M. E. church by electricity was started last week when the Epworth league of the church gave a penny social. Each of those who attended paid an admission fee of as many pennies as there are letters in his name.

Miss Carrie Carlson of South Range and Joseph Williams of Baltic were married recently a month ago and the news of the ceremony has just been made public. Another copper country wedding was that of Miss Katie Kopp of Laurium to Fred Hecker of Hancock. It occurred last week.

Miss Sarah Cameron, daughter of Mrs. D. Cameron of Lake Linden, and John C. Stinson of Fort William, Ont., were married by Rev. Jesse Povey, pastor of the Lake Linden Congregational church, at the bride's home last Wednesday.

The funeral of Nicholas Harris of Osceola was held Saturday afternoon, with services at the residence and interment in Lake View cemetery.

Dr. Wilfred Hewson has returned to

When the Furnace Fails On many a cold winter morning you will wake to find the fires 'out.' What are you going to do about it—shiver? Prepare now for the emergency with a

PERFECTION Oil Heater (Equipped with Smokeless Device) and you'll have genial, glowing heat—instantly—wherever you want it—without smoke or smell—smokeless device prevents—turn the Wick as low as you like. Easily carried about. Brass top holds 4 quarts of oil—burns 9 hours. Handsomely finished in japan and nickel. Every heater warranted.

The Rayo Lamp makes cherry the long evening—brilliant steady light—reading or sewing. Made of brass, nickel plated and equipped with the latest improved central draft burner. Every lamp warranted. If your dealer does not carry the Perfection Oil Heater and Rayo Lamp, write our nearest agency for descriptive circular.

Milwaukee, after spending New Year's with his parents, Rev. and Mrs. R. L. Hewson, of South Range.

Mrs. T. H. Lang and daughter, who have been visiting Mrs. Lang's parents, Mr. and Mrs. T. W. Jibbert, of Hancock, have returned to Duluth.

Francis Pryor of Houghton has removed to South Range and has taken a position there as stock clerk with the South Range Mercantile store.

Of the 275 infants born in Hancock during the year just closed, 130 were girls and 145 were boys. The total number of deaths within the year was 140.

Miss Helen Copelan of Hancock, who has been studying at the Marquette Normal school, has taken a position as teacher at the John Duncan school in Calumet.

Harvey Kohl, son of William Kohl of Calumet, left yesterday for Milwaukee, and intends to enlist in the navy. He resigned a position with the Copper Range road.

MARKETS NEW YORK STOCKS.

Paine, Webber & Co.'s correspondent at New York Saturday telegraphed as follows: "The traders seem to have been inspired by a greater feeling of confidence, and today's short session was marked by considerable short covering and investment buying, particularly in such specialties as New York Central and Brooklyn Rapid Transit, also in the good standard rails, which were in demand by those seeking permanent investment. The bond list was also quite active and indicated a good investment inquiry. The news over the holiday had not having been of a disturbing character, the feeling was quite cheerful as the opening of the market today, particularly in view of the steadiness of the London market. It is thought that a broadening tendency will materialize in all commercial lines from now on, and the feeling in regard to the future course of the market is rather optimistic, although in a few months talk of the probable extent of tariff revision will likely cause some uneasiness."

Table of closing prices for various stocks including Anaconda, American Smeltering, Anaconda, B. & O., C. & N. Y., C. & P., C. & W., C. & G., C. & M., C. & S., C. & T., C. & U., C. & V., C. & W., C. & X, C. & Y, C. & Z.

Writing from Boston Saturday, Paine, Webber & Co. had the following to say of the stock market: "The new year appeared with a bull market, and will probably be a record-breaking year in speculation. Money is very cheap, and will remain so, Brooklyn Rapid Transit and New York Central were the leaders today in New York. The coppers were quiet but strong, Ray Green, Copper Range, Atlantic, and Superior were especially bullish on Green and Superior & Pittsburg, on account of the quiet accumulation which is going on in them."

The new officers of the German Aid Society of Calumet are: President, Mattie Saller; first vice president, John N. Giffey; secretary, Joseph J. Williams; financial secretary, Joseph Forster; treasurer, Joseph Hermann; trustees, Jacob Kaiser, E. Distel, Sel, and Peter Manz; messenger, John Grathwohl. The installation of these officers took place yesterday afternoon.

The Calumet branch of the Citizens' League will hold a dancing party the evening of Jan. 23. The newly-elected officers of the organization, which now has a membership of 600, are: President, James T. Moran; vice president, Peter Glandorff; second vice president, George S. Smith; secretary, Dominick Martia; recording secretary, Frank Baggett; assistant, Giuseppe Gametto; assistant, Antonio Tomasi.

A committee composed of Harry Hermann, Dr. H. E. Sangster and John C. Verrin, representing the Ho-Ho-Bo-Bad & Co. of Calumet, is drafting a list of proposed amendments to the game and fish laws. Representative W. R. Gates will be asked to seek to have the amendments made at the coming session of the legislature. One of the changes proposed is that the limit on the catch of fish be reduced from 10 to 6, and that the law permit the taking of fish six inches in length.

Gardner in Massachusetts Produces a Cucumber-Orange Combination. Worcester, Mass., Jan. 1.—An orange-cucumber or cucumber-orange, as the name has not yet been decided, is a freak combination raised by Howard S. Hill, a cucumber grower of Gardner, which he is cultivating as a new dish to tickle the palates of the exacting diners.

Mining News BUTTE COALITION. Is Destined to Become One of the Great Producers of the District.

Butte Coalition is on the eve of becoming one of the great producing companies of the Butte district, writes a Butte correspondent in the Boston Financial News. Ten days ago the new half-million dollar surface plant at the Tramway was placed in commission and through the Tramway shaft was commenced the lifting of ore from the Minnie Healey mine, which will again yield its high grade ore. The present time 600 tons of ore are being hoisted daily from the 1400 and 1500-foot levels. The capacity of the plant is about 1700 tons a day, but this will not be reached for some time. Crosscuts from the Tramway have been run into the Minnie Healey ground on the 1200, 1300, 1400 and 1500-foot levels, and on the 1600-foot level a station is now being cut.

On the 1200-foot level the vein has been drilled upon to a considerable extent, but no stopping will be done on this level, although the quality of the ore is exceptionally high, for the reason that the company considers it inadvisable to take any risk on opening into the vein, which it is estimated is contained between the 1000-foot levels and the levels nearer the surface. The drifts on the 1200-foot level assure the company of a heavy tonnage, and proves the vein to be of great width. On the levels below the 1200 the veins are from ten to six sets wide, and on the 1500-foot level the crosscut has penetrated the vein a distance of thirty feet, and the hanging wall has not yet been reached. The mineralization is strong, showing wide streaks of copper glance and hornite, some of the values running as high as 75 per cent copper and from ten to forty ounces of silver to the ton. In the Tramway the company is working 125 miners and about forty topmen. On the levels now being worked the ore is easily mined and more than two tons per man is being mined each day. This is a greater average than any other mine in the camp, it being generally considered that one and one-half tons of ore the miner, daily, is excellent work. It hardly is probable that the two ten average will be kept up.

Up to the present time the Barus, with an output of about 500 tons a day, together with about 30 per cent of the Pennsylvania production and a small percentage of the West Colons, are the best sources for copper. The Barus is the sole producer of the Butte Coalition company, and has been devalued upon for all revenue. The Barus has placed sufficient funds in the treasury to pay a fifty-cent dividend. For the past two years the Butte Coalition has been doing an enormous amount of dead work, including the installation of the new Tramway surface plant at a cost of more than \$300,000 and considerable new work in the Barus. The old Minnie Healey surface plant has been completely dismantled and nothing remains to designate the spot made famous by the Amalgamated-Heiney litigation which held the attention of the local courts for years.

The new Tramway plant is one of the most complete in the country. Electricity is utilized extensively, and in the use of modern methods of mining and hoisting ore and supplies, the minimum cost in the production of copper is reached. The Barus shaft now has a depth of 2,000 feet, corresponding to the same depth in the Leonard mine of the Boston & Montana company. Some of the ore from the Barus will be hoisted through the new Tramway shaft, and in case of accident or other emergency the entire output of the Barus could be hoisted through the Leonard shaft.

It is said that the returns from the recent run on rock from the Superior mine in the Atlantic mine, were so flattering that the Calumet & Hecla people are not saying anything about it, preferring to wait until an average of the mine is obtained before giving out figures. A three or six days' run, of several months' run, would prove nothing, except that in the case of Superior it proves there is lots of copper in the rock. Samples of tailings were taken at regular intervals, while stamping was in progress, upwards of seventy per cent and from these will be at least partially barred the nature of the losses as well as the form and grades of copper getting away. To know actual losses, etc., is the policy of the Calumet & Hecla management, and the big copper control. The managers appreciate that to successfully meet conditions one must first know what the conditions are.

### LIVELY SEASON AT BANK STREET ALLEYS

SEVERAL BOWLING CONTESTS SCHEDULED FOR THIS WEEK AND MORE ARE TO BE ARRANGED FOR LATER DATES.

Every day for two weeks or more has been a "holiday" at the Bank street bowling alleys and billiard hall, so good has been the business. There has been hardly a time from early in the morning until late at night that the tables and alleys have not been in use. In fact, the season is thus far the best that the resort has ever enjoyed. Bowling is proving popular and some interesting contests are to be seen there almost daily.

The management offered turkeys as prizes to the bowler having the best score in three consecutive games New Year's day, also to the man having the highest score in three games during the week. John S. Olson carried off the latter prize, with 634 pins. Tom Roberts captured the other turkey. In three consecutive games he scored 615.

The Carpenter-Cook and Mugfur teams bowled a close match New Year's day, the former winning by eight pins. The scores were:

Carpenter-Cook—	Tot.
Olson .....	132 187 122 441
Schilling .....	124 190 157 471
Richards .....	113 .....
Kinsman .....	111 131 242
.....	369 488 410 1267
Mugfur—	
Blaney .....	88 91 179
Medlyn .....	104 178 131 413
Quayle .....	187 171 167 525
Richards .....	142 142
.....	379 440 440 1259

Leo Wilson of Green Bay and Melvin Webber, of this city, will meet tomorrow evening in the second 100-points of a 500-point pool contest. Wilson won the first match of the series, the score being 100 to eighty.

There will also be a bowling contest tomorrow evening between Harold Trosvig and Julius Eggan. It will be a five-game match, the total pins to count.

Thursday evening Johnson's Colts and the Cripples will finish their contest for a turkey supper. Three games were bowled two weeks ago, the Cripples having a lead of 136 pins. The total pins in the six games will count.

Friday evening P. J. Denn and John S. Olson will bowl the second five games of a ten-game match for the championship of the city. Olson won the first five games by a small margin of four pins.

Next Saturday evening two teams from The Mining Journal office and two Ishpeming printers' teams will meet in a return match at the Bank street alleys. The Mining Journal teams won in both of the previous contests. The visitors are to be entertained at the conclusion of the contests.

### "THE MAN FROM HOME."

Play Had Record Breaking Runs in New York and Chicago.

After a record breaking Chicago run of 342 performances Liebler & Co. have sent their production, "The Man from Home," to tour the country. The play will be seen at the Ishpeming theater Wednesday night. It is a play of the people and essentially a play of the great Middle West. It vibrates Americanism; that tells the whole story of success. Secondly its tense interest revolves around the adventures of two rich young Americans, brother and sister, from Kokomo, Indiana, who are sought to be ensnared into foreign marriages with persons of title for the gold on shower they would cause to rain into beggarly and rascally depleted exchequers. The play is in four acts, the complete scenic equipment of which the Liebler company carries intact.

### DANIEL SULLY TONIGHT.

Daniel Sully and his company in his new play, "The Matchmaker," will appear at the Ishpeming theater tonight. The play is a natural successor to "The Parish Priest," in which Mr. Sully scored one of the greatest triumphs of his career, but in dramatic strength and comedy interest it is far ahead of anything Mr. Sully has ever produced before. The leading role is that of a priest in a little cattle town in Idaho, where the church finds scant support, the congregation is poor and the pastor meets with many obstacles and disappointments. The part was written for Sully and fits to a nicety.

"Let us have some Cudahy Peacock bacon and calves liver for supper mamma," say young and old. (7-29-0)

## CONSOLIDATED FUEL & LUMBER CO.

### FROM MORGAN'S CURB LETTER.

The first business day of the new year disclosed a very absorbing feeling in the securities markets, and optimistic expressions were heard on all sides. This was particularly true as regards copper, silver, and while the trading today was not heavy, the uncertainty of the market remained very firm. There is no pressure to sell in any quarter; on the other hand, buying of a high class order is noticeable. Superior & Pittsburg was in active request, selling at 18, a gain of a point. A strike thought to be an extension of the big ore body located on the 1200-foot level of the Barton shaft has been made on the 1400-foot level of the Junction. The ore is a sulphide, and runs over 11 per cent copper. Superior & Globe was the most active of the curb issues, and while there was little change in the price, all offerings were readily taken at 1 1/2.

Saturday's prevailing prices were:

Arizona-Michigan	\$ 1.62 1/2	\$ 1.75

### DEATH OF OLD RESIDENT.

Mrs. Anderson, wife of John Anderson of North Third street, one of the best known Scandinavian residents of the city, died New Year's night from stomach trouble. The deceased had not been in the best of health, but did not take to her bed until Christmas. From that time until the end came she sank rapidly and her physician gave no hope for her recovery. She was born in Sweden and came to this country forty years ago, locating in Ishpeming, and remained here ever since. Besides the husband there are five sons and daughters surviving. They are John E. N. Anderson and Mrs. Gust E. Borgman of Minneapolis; David T. Annie C. and Mary E. Anderson of this city. John came home a few days before Christmas to spend the holidays and Mrs. Borgman is expected here tomorrow. The funeral will be held Wednesday afternoon at 2 o'clock from the Mission church.

### NEW YEAR WILL SHOW IMPROVEMENT OVER OLD

WILL BE MUCH GREATER ACTIVITY IN THE IRON INDUSTRY THAN IN THE TWELVE MONTHS JUST CLOSED, WITH A RECORD-BREAKING OUTPUT LIKELY ON ALL RANGES.

That the year 1909 will be one of the best in the history of the iron industry of this region is the opinion of the best informed mining men. It is thought that before the year is very old there will be as many men employed on the several ranges as during the first six or eight months of 1907. During the comparative lull of the past year the mining companies, in anticipation of better times, have done much preparatory work underground, as well as on surface, so that the properties on the whole are now in better condition for increased outputs than they were a year ago.

### OVER 100 DEATHS LAST YEAR.

Were Fever Deaths in Negaunee in 1908 Than in the Previous Year.

According to the report of City Recorder W. H. Mitchell, who is the local registrar for both deaths and births, there were 118 deaths in Negaunee during 1908, compared with 130 in 1907, and 726 in 1906. There were 261 births last year, compared with 268 the previous year.

### MERCURY AT LOW MARK.

New Year Was ushered in With Temperature Several Degrees Below Zero.

The year 1909 was ushered in with the coldest snap of the winter in Negaunee. The mercury began to fall Thursday evening and at 8 o'clock it was twelve below. On New Year's morning at 6 o'clock it was from thirteen to fifteen below.

The year 1909 was ushered in with the coldest snap of the winter in Negaunee. The mercury began to fall Thursday evening and at 8 o'clock it was twelve below. On New Year's morning at 6 o'clock it was from thirteen to fifteen below.

### BANK WAS ROBBED.

A Chicago paper recently had the following concerning the robbery of the First National bank of Monrovia, Cal., of which John Bartle, a former resident of Negaunee, and son of Captain John Bartle, who is now in California, is president.

### DIED AT IRONWOOD.

News was received last evening of the death of Edward D. Smith, a former resident of Negaunee, Mr. Nims left here for the Gogebic range twenty years ago.

The annual concert of the Epworth League of the First Methodist Episcopal church New Year's night at the church, was a fine entertainment. The audience filled the church and every number was enthusiastically received.

### SCHOOL SAVINGS BANK.

The directors of the Gwin State Savings bank have shown their progressive policy by voting to adopt the school savings bank as one of the departments of their banking business.

### ISHPEMING IN BRIEF.

Miss Rella Wenzel of Milwaukee is visiting Mrs. A. J. Youngbluth.

J. J. Kerr is here from Hibbing, visiting his mother and other relatives.

W. H. Trevarrow's family now occupy the marshal's quarters in the city building.

Mrs. James Burns, who has been at Butte for a year or so, has returned to this city.

William Hathaway has returned to Coleraine, Minn., after a ten days' visit with relatives here.

Mrs. Dudley Thompson of Munising is visiting her sister, Mrs. Richard Colls, 102 Watales street.

Mr. and Mrs. Albert Peterson of South Anglin street are rejoicing over the birth of a daughter.

Earl Leinger arrived home yesterday from Oshkosh, Wis., where he spent two weeks, visiting relatives.

### A DANGEROUS COUGH

Wife of Newark, Ohio, Man Had Symptoms of Consumption—Was Badly Run Down and Reduced in Flesh

The members of the Flora De Vos company passed through Ishpeming Saturday evening, enroute from Calumet to Escanaba, where an engagement of a week is expected to begin.

H. C. Wilson of Sault Ste. Marie has taken the management of the Grand moving picture theatre, having purchased the interest of Anderson & Garrow, who conducted the house for a few weeks. Mr. Wilson is a good singer, as well as an experienced theatrical man, and he will be heard in illustrated songs at each performance. He has reduced the admission price to five cents.

There was a lively runaway on Main street Saturday afternoon. A horse-drawn away, after having been left standing in front of the Peninsula bank, going over the street railway crossing a block farther south, it ran on to the walk, almost breaking in the windows in the store of M. A. Kahn. No particular damage resulted, as a horse was stopped soon after it left Main street.

"What shall we have for breakfast?" "Why Cudahy's Peacock brand eggs of course; they are always acceptable especially at this season of the year." (7-29-c)

### RESTORED TO HEALTH BY VINOL.

"About two years ago my wife was in very poor health. She had no appetite, was much reduced in flesh, and for three months had a very bad cough, with all the symptoms of consumption. Vinol was recommended and she began taking it before the first bottle was used her appetite was better, and she was improving in health; by the time she had taken three bottles the cough was gone. She is still taking Vinol and cannot say too much in its praise." N. L. Stobletton, Newark, Ohio.

The reason that Vinol is so successful in such cases is because it is the only preparation that contains tonic iron, together with all of the healing, body-building elements of cod liver oil, actually taken from fresh cod fish livers, but no oil.

Without hesitation we proclaim our faith in Vinol for chronic coughs, colds or bronchitis and as a body builder and strength creator for old people.

Anyway, if you try it and it does not do good we will refund your money on demand. The Stafford Drug Co., Marquette, Mich., is also sold by J. E. O'Donoghue, druggist, Negaunee.

### RESTORED TO HEALTH BY VINOL.

INTERURBAN ROAD AGAIN TALKED OF

REQUEST FOR RENEWAL OF FRANCHISE RENEWS INTEREST IN TRACTION PLANS.

PUBLIC WANTS LINE BUILT

Desires Council to Take No Action That Will Delay Construction of Marquette-Negaunee Electric Line.

The request of the Marquette, Negaunee & Ishpeming Interurban Railway company, through its secretary, J. W. Barber, for an extension of its franchise rights in this city has again caused discussion of an electric road to connect the three cities.

Judging from the opinions of the aldermen who expressed themselves on the advisability of renewing the Barber franchise, the council will be loath to do so, until the company can show reasonable intention, and financial ability, to build the road.

By removing the franchise, as requested by Mr. Barber, the council would practically prevent any other company from undertaking a similar enterprise, since the Barber franchise includes all the desirable rights-of-way into this city.

The only actual work done by the Barber company is some grading, finished last summer, near the Beaufort location. The company is believed to be financially embarrassed, as the bills for some of this grading have not yet been paid.

In this city, it is generally thought that their franchise should be again renewed only on condition of the company putting up a forfeit bond, or in some other way furnishing satisfactory proof that they will construct the road within a reasonable time.

It does not appear that there is any disposition on the part of the council to favor or discriminate against any company which may wish to secure a traction franchise, but the aldermen do not desire to do anything that might prevent or delay the construction of an interurban road.

The Barber franchise is liberal in the number of routes over which the interurban line may enter the city, and provides that the road may enter by any one of the following right-of-ways:

- (a) In and along Washington street to and over the tracks of the Marquette City & Presque Isle Railway company therein.
(b) In and along Washington street to the Nester addition, thence across private property to and into and along Bluff street.
(c) In and along the public way known as the old M. H. & O. right-of-way to and along Washington street to and over the tracks of the Marquette City & Presque Isle Railway company therein.
(d) In and along the public way known as the old M. H. & O. right-of-way to Bluff street thence across private property to, into and along Bluff street.

Mr. Asire has written to Mr. Barber stating that the city council is disposed to do everything in its power to aid him in the construction of his proposed interurban line, provided that he, on his part, can give reasonable evidence of good faith in his intention to construct the proposed road.

Mr. Barber has as yet obtained no franchise in Negaunee. His next move will be awaited with interest by the public.

CAPTAIN WHEELER DEAD.

Ex-Mayor and Long-Time Resident of Marquette Passes at Spokane, Wash.

A telegram was received Saturday by Joe Greenwald, announcing the death of his brother-in-law, Captain Samuel W. Wheeler, at Spokane, Wash.

The deceased has the distinction of being Marquette's youngest mayor, being elected to that office in 1883, at the age of twenty-one.

Captain Wheeler was prominent in local military affairs, and was captain of Company I, of the Michigan Volunteers, during the Spanish-American war.

SUCCUMBS TO TYPHOID.

Oscar Mallgren Expires at St. Luke's Hospital After a Brief Illness.

Oscar Mallgren, a late resident at 313 West Ohio street, departed from life Sunday afternoon at St. Luke's hospital, following a brief illness from typhoid fever.

The deceased had lived in this city for about twenty years, being employed as a night foreman at the "Scout" Store docks. He was a member of the Skandia Aik society and Superior tent, K. O. T. M. M.

The funeral will be held Wednesday afternoon at 2:15 o'clock from the family home, and at 2:30 o'clock from the Swedish Methodist church, with interment at Park cemetery.

HARDWOOD FLOORING. We deliver direct from our dry kilns. No shrinking or warping after being laid. Consolidated Fuel & Lumber Co. (9-23-41)

This is the time of the year to solve the stove problem as well as expensive fuel bills. Call and let us show you the most complete line of heating stoves and ranges in the city.

KELLY HARDWARE CO. (12-10-41)

ANNUAL MEETING. Notice is hereby given that the annual stockholders' meeting of the Marquette City & Presque Isle Railway company, for the election of directors and the transaction of other business, will be held at the office of the president, Albert F. Knepeke, 134 Washington street, in the city of Marquette, Michigan, on Tuesday, the 19th day of January, 1909, at 10 o'clock a. m.

Jacob Rose The Store of Quality, Marquette.

ONE-HALF PRICE BARGAINS

Inventory time presents many opportunities to the wise buyer. Small lots here and there which we had better close than carry over, hence great sacrifice in the price.
