

HOUSE REBUKES THE PRESIDENT

After Having Made Him a Target All Day for Criticism, With Here and There Words of Commendation, the Lower Branch of the National Legislature Lays on the Table That Portion of the Annual Message Which Is Held to Reflect on the Members of the Congress.

Washington, Jan. 8.—After a day of vigorous oratory, the house tonight, voting 212 to 35, rebuked the president by tabling so much of his annual message as reflected on the members of congress—his recommendations regarding the secret service detectives—and also declaring it to be the sense of the house that "they shall decline to consider any communications from any source that in its own judgment is not respectful."

With feelings of outraged dignity on the part of many of its members, the house today gave itself directly to the discussion of one of the most momentous questions that ever came before it—its functions as a legislative body in contradiction of the executive branch of the government.

As has been forecasted, the report of the special committee appointed to deal with the language in the president's annual message and his special message of last Monday hearing on the secret service and concerning members of congress, was submitted, and it was used as the basis of some of the most earnest and vigorous speeches ever heard in the historic chamber.

Big Attendance Is Present. In anticipation of a report, the effect of which was to administer a rebuke to the president, there was present on the floor the largest attendance of this session, while the galleries at all times were filled to their capacity.

There was not a moment during the day that the diplomatic gallery was not fully occupied, many foreign representatives being compelled to sit on the floor.

Perkins Presents Committee's Report. This was shortly after the house had been called to order, having given consideration to the president's further views regarding the secret service, contained in his message to the house last Monday.

Defends Motive of the House. "The statement contained in the message that the chief argument in favor of the provision was that the congressmen did not themselves wish to be investigated by secret service men, and this is repeated in the additional message. If this was the chief argument it must have been by this argument that the majority of the members were led to vote in favor of the offending provision."

Ar Men of Integrity. "Doubtless in the congress are sometimes found unit and dishonest men, but I believe that with few exceptions the body is composed of men of integrity, whose vote is determined, not by fear of the police, but by an honest regard for the public service."

Bombardment Is Opened. Mr. Perkins addressed the house as follows: "To your committee were referred certain passages contained in the annual message of the president."

WEATHER FORECAST

Washington, Jan. 8.—The following is the weather bureau's forecast for Upper Michigan: Snow, Saturday and Sunday.

communications related to routine matters. Representative Bennett, of New York, predicted that the action of the house on the resolutions would play no more part in the record of Theodore Roosevelt than did the rebuke of the house to President Tyler or the action of the senate in the case of Andrew Jackson.

Secret Service Defended. "My colleague," replied Mr. Bennett, "is illustrating the difficulty of putting a plain meaning on the language of other men when they are speaking to you."

Recommendations of the Committee. "Understanding this language to be a reflection on the integrity of its membership and aware of its own constitutional duty as to its membership, the house in respectful terms called on the president for any information that would justify the language of the committee or assist it in its constitutional duty to purge itself of corruption."

Resolved, That the house, in the exercise of its constitutional prerogatives, declines to consider any communication from any source which is not in its own judgment respectful, and that it further resolves, That the special committee and the committee of the whole house on the state of the Union be discharged from any consideration of so much of the president's annual message as relates to the secret service of the above act, forth, and that the said portion of the message be laid on the table; and be it further

Resolved, That the message of the president, sent to the house on Jan. 4, 1908, being unresponsive to the inquiry of the house and constituting an invasion of the privileges of this house by questioning the motives and intelligence of members in the exercise of their constitutional rights and functions, be laid on the table.

Congressman Denby's Views. At the conclusion of the speech of Mr. Perkins, presenting to the house the report of the special committee, Mr. Denby, also a member of the special committee, said that the house was confronted with the most painful duty that had fallen to its lot since it had become a member.

Ar Men of Integrity. "Doubtless in the congress are sometimes found unit and dishonest men, but I believe that with few exceptions the body is composed of men of integrity, whose vote is determined, not by fear of the police, but by an honest regard for the public service."

That the South Carolina Senator Was Involved in an Alleged 'Land Grab' in Oregon Is the Charge That Is Made, and Those of His Colleagues Who Are Favored With Opportunity to Read the Evidence Take a Serious View of It.

Washington, Jan. 8.—President Roosevelt tonight made public the details of the investigation by postoffice inspectors and secret service agents of Senator Tillman's connection with an alleged "land grab" in Oregon.

Secret Service Defended. "My colleague," replied Mr. Bennett, "is illustrating the difficulty of putting a plain meaning on the language of other men when they are speaking to you."

Resolved, That the house, in the exercise of its constitutional prerogatives, declines to consider any communication from any source which is not in its own judgment respectful, and that it further resolves, That the special committee and the committee of the whole house on the state of the Union be discharged from any consideration of so much of the president's annual message as relates to the secret service of the above act, forth, and that the said portion of the message be laid on the table; and be it further

Former Resident Marries—Roy H. Williams, of Chickasha, Okla., formerly of Marquette, on Christmas day, was united in marriage with Miss Lettie Crisp, of Minnaka, Okla.

Stating All Day—The ice rink will be open all day today and every Saturday, for the benefit of school children and others who may care to skate. The ice is now in fine condition for skating, and is being kept so by flooding two or three times every day.

Death of a Child—The remains of the four-months old son of Mr. and Mrs. Napoleon Gauthier, of Little Lake, will be brought to Marquette this afternoon for interment in the old Catholic cemetery. The child died Thursday of strangulated hernia.

A Surprise Party—Miss Bessie Schaffner was pleasantly surprised by about seven of her friends last evening at her home, 123 North Fourth street. The evening was spent playing games and in other amusement, after which light refreshments were served.

Two Adjudged Insane—Matthew Thompson, of Ishpeming, and Mrs. Ida Usitalo, of Gwin, were adjudged insane by Probate Judge Potter yesterday. Sheriff Lehman took Thompson to Newberry yesterday afternoon, and Mrs. Usitalo will be taken today.

Dog Poisoner at Work—A dog poisoner is at work in the local end of the city. A number of valuable canines have fallen victims this week. One of these has been a high-bred pointer owned by Bert Perkins, of Pine street. The dog died last night, killed by strychnine it had eaten. The owner of the canine had refused \$100 for the animal.

Officers of Clerks' Union—At a meeting of the Clerks' union held Thursday evening at Fra's Hall the following officers were elected: President, Andrew Peterson; vice president, A. C. Beaudry; recording secretary, Conrad Wellman; financial secretary, Charles Mogren; guide, Clarence Brunell; guardian, Peter Adolph, delegates to the Central Labor union, Conrad Wellman and Peter Adolph.

Hotels Busy Again—The air of desolation which prevailed in the local hotels during the holidays is now a thing of the past, as the traveling men have again resumed their regular trips in this part of the country. During the holidays, most traveling men go to their homes and get a new line of samples from the wholesale houses. In consequence, the last of December and the first of January is a lean time for hotel keepers.

Passenger Train Derailed—The St. Paul passenger train due here from Chicago Thursday morning at 10:30 did not arrive until 5:30 in the evening, because of a spreading rail at Ellis Junction, which threw the engine, baggage car and smoker off the track. No one was hurt, and the passengers in the sleeper did not know that anything unusual had happened, until the unusual delay was noticed. Passengers in the head coaches were slightly shaken up.

Barely Made Expenses—The benefit performances at the Grand theater Thursday and Friday evenings were a failure from a charitable standpoint, as barely enough was taken in at the door to pay expenses, and little, if any, money will be left to send to the earthquake sufferers. The attendance was a great disappointment to the managers, as but about 110 tickets were sold both evenings. Most of those who bought tickets attended the dance last evening at Legion Hall, and had an enjoyable time.

Normal Wins Again—The basketball game between the teams representing the Ferguson Business college and the Normal school at the Normal gymnasium last evening resulted in a victory for the Normalites by a score of fourteen to seven. The game was an exciting one, and was witnessed by a large crowd. This is the second and final game with the business college team, the Normal having won both contests by decisive scores. The informal dancing party after the game was a very pleasant feature of the evening.

Installs New Officers—Marquette aerie, No. 1188, Fraternal Order of the Eagles, installed the following officers at a meeting held at Keough's Hall last night: Past president, A. Libershal; president, Wm. Jackson; vice president, E. J. Bernard; chaplain, E. R. Tauch; secretary, J. R. Hudson; treasurer, A. Harvitz; inner guard, John Plattenberg; outer guard, W. H. Brown; trustees, J. H. McMillan, A. O. Engle and C. J. Christian. Fred Crawford officiated as installing officer. There was an initiation also, a number of new

members being admitted. The work was followed by a banquet and a smoker. The Marquette aerie is in prosperous financial condition and is having a very satisfactory growth.

INSURE WITH PETER WHITE & CO.

THEATRICAL.

"A Knight for a Day."

The Duluth Herald of recent date contains the following very complimentary notice for the musical comedy, "A Knight for a Day," which will be at the Marquette opera house Monday evening:

"With a large and energetic chorus of more than passably pretty girls, some of the finest electrical effects ever brought to Duluth, a prima donna with a real voice, and a pair of comedians who are very funny at times, 'A Knight for a Day' provides a very pleasant evening's entertainment."

"It is easy to understand why the attraction broke the record for long runs for musical comedies in Chicago. The music is all of the catchy kind that can be whistled after the performance; the lines are bright and contain some genuine wit in places, and the mounting that has been given the comedy is superb."

"The production has been kept up surprisingly well. The chorus has not been allowed to deteriorate in the least, and the costumes look bright and new."

"There are three musical numbers which are the hits of the show: 'Life Is a See Saw,' 'The Little Girl in Blue' and 'Whistle When You Walk Out.' The first and the last are given with elaborate electrical effects, and all three received immense applause."

"On the whole, 'A Knight for a Day' is worth seeing, and is up to the standard of the usual musical comedy en tour. It provides a good evening's entertainment, which is the only mission."

MANY SMALL FIRES.

But City Was Remarkably Free from Disastrous Conflagrations Last Year.

The records of Fire Chief Timothy J. Maney show that the Marquette fire department was called out seventy-two times during the year 1908, and that forty-two of the calls were to extinguish chimney fires. The total number of calls is the largest for several years, but the city has been remarkably free from large conflagrations. The two largest fires of the year were at the office of the Lake Shore Engine works, Jan. 16, and at the Bacon building, on Front street, Feb. 3. The former was caused by spontaneous combustion and the latter from thawing out frozen water pipes. About fifty of the calls of the year were to dwelling houses, and there were several false alarms.

Fires are most numerous in winter, when stoves and furnaces are lighted. The number of fires in each month of last year was as follows: January, 11; February, 10; March, 5; April, 8; May, 5; June, 6; July, 1; August, 6; September, 7; October, 2; November, 5; December, 7. The records show that there were sixty-one fire alarms turned in in 1905; forty-seven in 1906, and sixty-eight in 1907.

"A KNIGHT FOR A DAY"
 Musical Comedy With a Record Run in Chicago, Comes Well Recommended.
 Ishpeming playgoers are promised a treat in "A Knight for a Day," the big musical comedy success, which comes to Ishpeming theater next Thursday evening. This attraction was booked at the Ishpeming theater last season, but the engagement was cancelled by its management on account of the extending of the date of the Chicago engagement. It was first presented at the Whitney theater, where it ran a solid year, later filling a five-month engagement at Wallack's theater, New York, and a similar period at the Tremont theater in Boston. "A Knight for a Day" has proved a musical comedy of extraordinary merit. The opening scene of the play is laid in Evanston, Ill., and shows the campus of the Northwestern University in the foreground, while in the distance can be seen the college building. The second act takes place at the island of Corsica. There is an intelligible plot, interspersed with good, wholesome comedy. There are sixty people employed in the production, including the famous American Beauty Chorus and the "Kate Killers," who are a lot of little dancers. The production is under the management of H. H. Frazee, who has given it a complete equipment and a splendid cast for its interpretation. The principal members of the cast are Bobby Barry and Elsie Herbert.

FROM MORGAN'S CURB LETTER.
 "Trading in the Boston list today was of an uninteresting character. Amalgamated opened on a parity with last night's closing, but, contrary to expectations, closed out on the New York list, Anaconda sold ex-dividend at fifty cents, and Oseola \$4, the latter regaining a point. The real activity was witnessed in the curb issues. San Antonio was bid up to 20, and fifty twenty shares came out in the advance. This stock continues in excellent demand, and will easily cross 10. We are advised that developments at the property are highly gratifying, and when this fact becomes more generally known, present prices will look real values. The stock of Anaconda is a fair advance in price, the Arizona & Michigan, and Calumet & Cornish both were readily taken at 1%. It is reported that Superior & Boston has struck an 18-foot vein in the Gardner shaft, a new exploration. The stock has advanced to 17 1/2 on this news. No change in our position on the positive side of the market, believing that the next activity will be at higher levels."

A PLAN TO CONTROL THE PUBLIC DOMAIN

SEEK TO HAVE LEGISLATURE PROVIDE COMMISSION TO LOOK AFTER MICHIGAN LANDS.

PETITION BEING CIRCULATED

Dickinson County Men Would Have State Patrolled by Forest Wardens to Prevent Loss.

A petition is being circulated in Dickinson county, which is planned to be presented to the legislature, asking that body to enact a new law regulating state lands, game, fish, trespass and forestry in Michigan.

A public domain commission is to be created, consisting of five members, two of whom shall be appointed by the regents of the university, two by the state board of agriculture and one by the governor.

A State Forestry Warden

An executive officer, known as the state forestry warden, would be appointed by the commission, who would receive a salary of not less than \$3,000 a year.

Under the state forestry warden would be an officer known as the state forest warden, whose work would deal especially with the prevention and control of forest fires.

The proposed bill provides that there may be not more than twenty-five deputy forest wardens in the employ and under the control of the state forestry warden.

Those who are circulating the petition recommend that the proposed new officials to guard the interests of the public domain act in co-operation with the officials of the United States forestry commission, and explain that the gov-

ernment is willing to aid the state forest officers in every way possible.

The purpose of the proposed legislation is evidently to conserve the state lands and to prevent, in so far as possible, the ravages of forest fires. Under the present laws, the game wardens have executive authority in cases of forest fires, but they are often too busy with their regular duties to give the matter of forest fires much attention.

M'CABE GETS PLACE ON FOUR COMMITTEES

UPPER PENINSULA MEN ARE NOT FORGOTTEN BY THE SPEAKER OF THE HOUSE IN HIS ASSIGNMENTS.

Taking into consideration that Representative C. R. McCabe, of Marquette, is a new member of the state legislature, he has fared very well in the appointment of committees, recently made public by Speaker Campbell.

As the game laws of the state are apt to undergo a thorough revision at this session of the legislature, Mr. McCabe will have an important place to fill on the game laws committee. It is fortunate that three of the five members of this committee are upper peninsula men, the other two being Harris, of Menominee, and Burns, of Alger county.

The upper peninsula men in general fared pretty well in the assignment of committees, although only two drew chairmanships. The lucky two were Monroe of Gogebic, city corporations, and Harris, of Menominee, game laws.

The following are the committees of special interest to the people of this locality: College of Mines—Agens, Stephenson, De Young, Hale, Haviland.

Fish and Fisheries—Woodruff, Waters, Pierson, Bryant, Chambers, Huntley, Jensen, Verdier, Baker.

Liquor Traffic—C. H. Waters, Van Raalte, Wiggins, Straight, Rice, Morrice, Stevenson, Ormsbee, Krappler.

State House of Correction—Yoe, Gelin, Sanders, Vander, Veen, Warner. Upper Peninsula Hospital for the insane—Odell, Speer, Decker, Folks, Austin.
