

FORAKER POKES AT THE PRESIDENT

Former Secretary of War Wm. H. Taft Also Comes in for a Few Oratorical Jabs from the Gentleman from Ohio.

Brownsville Affair Discussed by the Buckeye Senator Again, He Takes Occasion to Criticise the Employment of Detectives, and in Connection Therewith Secures the Adoption of a Resolution Asking for Information Relative to the Money Paid Out.

Washington, Jan. 12.—A spirited speech by Mr. Foraker, of Ohio, on the issue of private detectives in the investigation of the Brownsville affair was the feature of interest in the senate today. Mr. Foraker laid aside his manuscript several times during his address to inject remarks that were pointedly aimed at the president, although he refrained from mentioning Mr. Roosevelt's name. Evidently referring to the president, he declared that men who make charges and insinuations will some time "be where they can be called to account."

Washington, Jan. 12.—A spirited speech by Mr. Foraker, of Ohio, on the issue of private detectives in the investigation of the Brownsville affair was the feature of interest in the senate today. Mr. Foraker laid aside his manuscript several times during his address to inject remarks that were pointedly aimed at the president, although he refrained from mentioning Mr. Roosevelt's name.

Washington, Jan. 12.—A spirited speech by Mr. Foraker, of Ohio, on the issue of private detectives in the investigation of the Brownsville affair was the feature of interest in the senate today. Mr. Foraker laid aside his manuscript several times during his address to inject remarks that were pointedly aimed at the president, although he refrained from mentioning Mr. Roosevelt's name.

Washington, Jan. 12.—The minority members of the house ways and means committee today discussed tariff legislation, with a view to determining whether the Democrats should prepare a tariff bill or should confine their efforts to a minority report, regarding which there is a pronounced difference of opinion.

Washington, Jan. 12.—The Turkish government has accepted the Austro-Hungarian offer of two and one-half million pounds Turkish (810,800,000) as indemnity for the annexation of Bosnia and Herzegovina, thus removing every possibility of war.

Washington, Jan. 12.—The greatest satisfaction is expressed on all sides at the successful conclusion of the negotiations with Turkey, as it is believed that war has now been averted. The government continues in the belief that Serbia has no grounds for complaint, but as a protection against any surprise it will keep up the military preparations in the unprovoked provinces and on the Serbian and Montenegrin frontiers.

Washington, Jan. 12.—A match dropped into a bunch of newspapers on the floor in Speaker Cannon's room, just as a caller was leaving today, caused a blaze to spring up that made it exceedingly warm in the speaker's quarters for a brief time. Secretary Busby sprang upon the fire, not sparing his hands in smothering the flames. A broken glass screen, a scorched carpet and a pair of blistered hands constituted the damage.

Washington, Jan. 12.—At the annual convention of the Western Retail Implement & Vehicle Dealers' association here today, President J. E. Ferguson made a strong plea for good roads. Secretary Hoag, in his report, said the association would probably appropriate money to send a delegation to Washington to contest the parcels post idea.

Indianapolis, Ind., Jan. 12.—The committee on arrangements of the national tariff commission convention, which will meet in this city Feb. 16 and 18, today sent out a letter to the commercial and manufacturing organizations of the country, calling attention to the alleged endorsement of the tariff commission plan by President-elect Taft, and declaring that an adequate demonstration of the business sentiment of the country

HE TAKES ISSUE WITH TILLMAN

Attorney General Bonaparte Gives Out a Statement Replying to Assertions Made by the Senator in His Speech of Monday.

Says That Suit for the Recovery of the Oregon Lands Had Been Entered Prior to the Introduction of the South Carolinian's Resolution, and Denies He Was Aware of the Statesman's Personal Interest in the Matter as the Law-Maker Alleges.

Washington, Jan. 12.—Attorney General Bonaparte tonight issued a statement replying to that made by the speaker of the Oregon land question, in which he declared that the resolution in regard to the Oregon land grants, introduced by him in the senate, Jan. 31, 1908, had been prepared by the attorney general, and that his "interest in the matter had been first aroused by Mr. Tillman's desire to purchase some of the timber land." Mr. Bonaparte also replied to Mr. Tillman's remark, made in the senate last February, that he had not thought any law anywhere in the West or had undertaken to buy any.

Washington, Jan. 12.—Attorney General Bonaparte tonight issued a statement replying to that made by the speaker of the Oregon land question, in which he declared that the resolution in regard to the Oregon land grants, introduced by him in the senate, Jan. 31, 1908, had been prepared by the attorney general, and that his "interest in the matter had been first aroused by Mr. Tillman's desire to purchase some of the timber land."

WEATHER FORECAST

Washington, Jan. 12.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy Wednesday and Thursday; rising temperature Wednesday.

HITCHCOCK'S SUCCESSOR. Secretary Hayward to Head the Republican National Committee.

Augusta, Ga., Jan. 12.—Exact precedent is to be followed in the succession of Frank H. Hitchcock as chairman of the Republican national committee. This precedent will place William Hayward, secretary of the committee, at the head until the committee elects a chairman at its meeting to be held four years hence.

Iowa House Endorses Wilson. Des Moines, Ia., Jan. 12.—The house today adopted a resolution endorsing Secretary Wilson's conduct of the agricultural department, and urging Taft to continue him in that position.

IOWA'S GOVERNOR HITS AT THE SALOONS Recommends the Liquor Tax Be Doubled and Much of the Increased Revenue Be Expended in Building Good Roads.

Des Moines, Ia., Jan. 12.—Men engaged in the liquor business in Iowa are much displeased over the recommendation of Governor Garst in his message to the legislature today, that the tax on saloons be doubled and that \$400 of every \$1,200 collected be expended in building good roads.

Supreme Court Decision Gives Bay State a Million Dollars. Boston, Jan. 12.—About one million dollars which had lain unclaimed in Massachusetts savings banks for more than thirty years will be paid to the treasurer of the commonwealth, through the decision of the supreme judicial court concerning the act of the legislature of 1907 making provision for such disposal.

SELLING PRESSURE CONTINUES. It Is Less Vigorous, However, and Stocks Do Not Suffer Acutely.

New York, Jan. 12.—The selling pressure continued in evidence in the stock transactions today, but it was in a spotty and fitful way. There was no such disturbing special factor as the report of the Erie yesterday, and the slump in other stocks at various times last week.

Senator Perkins Re-elected. Sacramento, Cal., Jan. 12.—George C. Perkins was re-elected United States senator on the first ballot at the joint session of the assembly and senate today. The vote was 56 to 22.

LABOR LEADERS IN CONFERENCE. Washington, Jan. 12.—The most important action of the executive council of the American Federation of Labor today was the selection of a committee to consider and report upon the conviction of the three labor leaders in the contempt case. The stand of organized labor regarding the Sherman anti-trust act as interpreted by the supreme court of the United States was discussed, with a view to combining various features of the Wilson and Pearce bills into one measure which would in substance, as stated, place the labor movement in this country in a similar position to labor in Great Britain.

Substitute for Judge Landis. Judge Anderson of Indianapolis to Precede at Oil Trust's New Trial.

Chicago, Jan. 12.—Judge Albert B. Anderson, of Indianapolis, will preside at the re-trial of the case against the Standard Oil company in which Judge Landis imposed a fine of \$29,240,000. This was definitely fixed today when Judge Landis, to whom the case was remanded by the circuit court of appeals, received a letter from Judge Anderson, accepting the assignment of the case. Both sides announced their satisfaction over the selection of Judge Anderson and their readiness to begin work as soon as possible.

MICHIGAN HOUSE ADOPTS NEW RULES

Changes Are Made in Accordance With the New Constitution, as a Result of Which Legislation Will Be Much Facilitated.

Hereafter a Bare Majority Will Be Sufficient to Take a Bill Away from a Committee, and Not Two-Thirds as Before—Their Upper Peninsula Junket Menaced, Senators Succeed in Having an Obnoxious Resolution Laid on the Table.

Lansing, Mich., Jan. 12.—[Special.]—The house passed a new set of rules today, necessary to conform to the new constitution. The principal change is the cutting out of the clause which makes it necessary to have two-thirds of the house to take a bill away from a committee. Now a bare majority of the house is sufficient.

Illinois Deadlock Still Continues. Springfield, Ill., Jan. 12.—What has been probably the most strenuous day in Springfield since the deadlock began last Thursday closed just before midnight with a conference in the speaker's room in the state house, in which the Democratic leaders outlined their contentions in the matter of the contest of the election of governor to the man who yields the gavel over the state representatives. For more than two hours they held their case before the speaker, suggesting the various lines of action which lie before the men who are seeking to contest the gubernatorial chair.

Kern Leads in Indiana Contest. Indianapolis, Jan. 12.—On the eve of the caucus which will choose a Democratic senator to succeed James A. Hendricks, the situation tonight is as complicated as it has been for the past ten days. With no combination or agreement apparent among any of the candidates, all will go before the caucus tomorrow night, each one hopeful.

Anti-LaFollette Man Made Speaker. Madison, Wis., Jan. 12.—Levi H. Bancroft was chosen speaker on the fifth ballot in the legislative Republican caucus tonight over George E. Scott. Bancroft is considered a supporter of the state administration, while Scott was the representative of the LaFollette Republicans.

Brother Gets Express Package. Pittsburg, Pa., Jan. 12.—M. C. Carmichael, of Wellsburg, W. Va., brother of Rev. J. H. Carmichael, when communicated with by telephone today said he had received this morning the package that the minister had expressed to him from Carthage, Ill., last Saturday, but that the package did not contain any documents relating to the murder of growing. Carmichael said he opened the package in the British commons, to which review the growth of the labor party in Great Britain during the past two years and pointed out the moral to be drawn on this side of the Atlantic from the achievements which that party had already placed to its credit in the form of new legislation. The address was received with marked signs of approval.

STATE BOARD FINES RAILROAD. San Francisco, Jan. 12.—The state railroad commission today fined the Santa Fe railroad \$5,000 for illegal discrimination in rates.

CRAZED FATHER ENACTS A FEARFUL TRAGEDY

Despondent Over the Death of His Wife, James York of Mankato, Minnesota, Kills Four of His Children and Himself.

Mankato, Minn., Jan. 12.—James York, a quarry worker, edged the throats of four of his children, aged three to ten, near here today, and then committed suicide by hanging with a small wire. York was despondent over the recent death of his wife, and was undoubtedly insane. There is only one survivor of the family.

Jelous Oklahoma Woman Is Arrested for Murder. Muskogee, Okla., Jan. 12.—Mrs. Flora Jackson shot her husband, Samuel Jackson, here today, and then going to the home of Rose Simmons shot and fatally wounded the latter. Mrs. Jackson, who appears to have been prompted by jealousy, was bound over to the district court on the charge of murder.

Bloody Double Crime in Ohio. Hamilton, O., Jan. 12.—Frank Donnelly walked into the office of J. D. Marshall at 3:30 o'clock today with his throat slashed, his wrists bleeding and three pistol wounds in his head. He cannot live. Mrs. Millie Donnelly, the man's wife, was found dead in Oxford today, with her throat cut.

LITTLE KENTON CHILD IS BURNED TO DEATH. Kenton, Mich., Jan. 12.—The two-year-old son of Andrew Matson was fatally burned this morning while the mother had gone a short distance to a neighbor's for milk. The child was left alone, and in all probability came in contact with a stove which was overly heated on account of the severe cold weather. The mother found the baby dead in the middle of the living room of the little cottage when but a few moments before its prattling voice had been heard.

PREACHER-MURDERER A VICTIM OF DRUGS? Wounds Made With a Hypodermic Syringe Are Said to Have Been Found on the Body of the Rev. John H. Carmichael.

Burlington, Ia., Jan. 12.—When the body of J. H. Carmichael passed through Burlington tonight on the way to Port Huron, Mich., Deputy Sheriff Moore of Port Huron gave it as his opinion that Carmichael was entirely prompted to murder Browning by mercenary motives, and that the purpose was to give the impression that he himself was the victim, so that his wife might receive the insurance money. Carmichael then planned, the deputy said, in some way to get the money from his wife.

His Letter to His Wife. Carthage, Ill., Jan. 12.—The following is Carmichael's letter to his wife, dated Carthage, Ill., Jan. 9th: "I am so tired of being chased that I have written the sheriff, telling him all the particulars of the awful tragedy. I cannot tell why it all came about as it did. My money I had kept concealed on my person while Joe was at home, and I happened to have it with me on that awful night so I have had plenty to use. You know I did not intend to leave in such a hurry. Other men may not understand it that way. I shall soon be in the hands of the state officials, or in those of the judge of all. I wish I had told you or some other friend of mine the truth about the matter, but I feared you would only laugh at the mention of it. I thought I could get away and hide and then be helpful to you in some way when the excitement should be all over with George to you and to each the child, Mrs. Carl, Joe and Kirby. Enclosed is my share of the Axtell property. I shall never need it. I enclose herewith the sum of \$185."

Inquest Held in the Church. Adair, Mich., Jan. 12.—Sitting in the same little country church in which Gideon Browning was murdered a week ago tonight, the coroner's jury today brought in a formal verdict, finding that the murder was committed by Rev. John H. Carmichael, and that he burned the body in the church stove. Little that was new developed in the testimony of the witnesses at the inquest.

Burlington, Ia., Jan. 12.—Coroner Barr held an inquest over the body of Rev. John H. Carmichael at Carthage late last evening, and heard the testimony of those who had anything to do with the case. Nothing new was developed. The jury returned a verdict that the supposed Carmichael came to his death by his own hands and by exposure to the cold.

ANCESTOR OF 300 PERSONS IS DROWNED IN UTAH. Ogden, Utah, Jan. 12.—Lotin Farr, a pioneer of Utah, one of the first converts to Mormonism, first mayor of Ogden, husband of seven wives and the ancestor of 300 children, grandchildren and great-grandchildren, was accidentally drowned at Utah Hot Springs this afternoon.

GASOLINE TO BLAME. Litchfield, Ill., Jan. 12.—Fire tonight destroyed the department store of L. W. Chino & Co. and other buildings, causing a loss of \$150,000. The fire started from a gasoline lighting plant in the department store.

COAL MINE IS TOMB OF ONE HUNDRED MEN

Fearful Disaster in a West Virginia Colliery Results in Death of Every Person in the Workings With Exception of Three.

So Terrific Is the Explosion Which Snuffs Out So Many Lives That Broken Tram Cars and Even a Massive Motor Are Blown from the Depths, While Trees and Buildings Quiver and Debris Are Hurlled from Either End of the Four-Mile Tunnel.

Bluefield, W. Va., Jan. 12.—More than one hundred miners are dead as the result of an explosion in the Lick Branch colliery today. The force of the explosion was so great that it was felt on the surface. Trees and buildings quivered, and a cloud of flames, soot, dust and debris, together with heavy timbers, broken mine cars and even a massive motor used to haul loaded cars, were blown from the depths of the mine.

A rescue party was immediately organized. The flames drove them back, but later they succeeded in penetrating the mine. One of the rescue party came in sight of six bodies, but the party was again forced back. A late estimate of the number of men entombed is more than one hundred, and that all of them are dead there can be no doubt.

Similar Horror Two Weeks Ago. Two weeks ago fifty miners were killed by a similar explosion in the same mine. The fire in the mine and the deadly gas, to say nothing of the awful force of the explosion, precludes any chance of rescuing any of today's victims alive. The main entry of the mine is four miles long, running from one side of the mountain to the other. Debris was blown from both entries, which gives some idea of the tremendous force of the explosion. It is reasonably certain that all of the bodies never recovered. Some of them were blown to pieces, and others were incinerated no doubt.

The explosion was the most terrific that has ever occurred in this region. In 1884, at the Southwest Virginia Improvement company's mines, 300 men were killed in an explosion. Today's horror is the most disastrous that has occurred since. The mine is operated by the Pocahontas Consolidated Collieries company.

Only Three Survivors. Roanoke, Va., Jan. 12.—The Norfolk & Western railway headquarters tonight announced that it was believed that at least seventy-nine miners were killed by the explosion in the Lick Branch mine today. Of the men underground at the time of the explosion, it is said that only three escaped, and these were a motorman, a brakeman and Bank Boss Bowers. The last named was able to get out of the death trap by crawling.

JOLIET CONVICT A SUICIDE. Joseph Cross, in Jail Much of His Life, Chokes Himself to Death. Joliet, Ill., Jan. 12.—Joseph Cross, alias Rogers, aged thirty-eight, who had been in prison most of the time since he was fourteen, hanged himself in his cell today. He tied two handkerchiefs together, fastened one end to the upper bunk and the other around his neck, and then rolled off the lower bed and choked to death. Cross was sentenced for robbery in 1897. He escaped from jail and was found in 1905 in a Colorado prison, serving time for blowing a safe. He was arrested on his discharge from the Colorado prison and was brought to Joliet in 1907.

Confessing Accounts Are Short, He Tries to Kill Himself. Marshalltown, Ia., Jan. 12.—The police here are advised that Charles D. Swick attempted suicide at Louisville, Ky., today. Swick disappeared Dec. 29 from Marshalltown. He left a note to his employer, confessing a shortage in his accounts and intimating that he intended killing himself. He was employed as manager of a coal business.

DENVER ATTORNEY ACQUITTED OF USING THE "HYPNOTIC EYE" Denver, Colo., Jan. 12.—Beryl Benjamin Laske, a young attorney, was today declared not guilty in Federal Judge Lewis' court of using the hypnotic eye "for exercising the powers of clairvoyance to influence jurors to hand down verdicts favorable to his clients." A committee censured Laske for giving exhibitions as a palmist and hypnotist while he was studying law at the University of Michigan, but it is reported that since his admission to the bar he has given up such practices.

ANCESTOR OF 300 PERSONS IS DROWNED IN UTAH. Ogden, Utah, Jan. 12.—Lotin Farr, a pioneer of Utah, one of the first converts to Mormonism, first mayor of Ogden, husband of seven wives and the ancestor of 300 children, grandchildren and great-grandchildren, was accidentally drowned at Utah Hot Springs this afternoon.

GASOLINE TO BLAME. Litchfield, Ill., Jan. 12.—Fire tonight destroyed the department store of L. W. Chino & Co. and other buildings, causing a loss of \$150,000. The fire started from a gasoline lighting plant in the department store.

CONAN DOYLE OPERATED UPON

London, Jan. 12.—A bulletin issued today, saying that Sir Arthur Conan Doyle, the author, had passed a restless night, was the first public intimation that he had undergone an operation for a painful though not serious internal affection.

SHIPPING.
CUT RATE SHIPPING—Cut rates on household goods to Pacific coast and other ports. Superior service at reduced rates. The Boyd Transfer Co., Minneapolis, Minn. (2-1-07)

Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Red Banks, Miss.—"Words are inadequate to express what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from a female disease and weakness which the doctors said was caused by a fibroid tumor, and I commenced to think there was no help for me. Lydia E. Pinkham's Vegetable Compound made me a well woman after all other means had failed. My friends are all asking what has helped me so much, and I gladly recommend Lydia E. Pinkham's Vegetable Compound."—Mrs. Willie Edwards.

Hampstead, Maryland.—"Before taking Lydia E. Pinkham's Vegetable Compound I was weak and nervous, and could not be on my feet half a day without suffering. The doctors said I never would be well without an operation, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors, and I hope this valuable medicine may come into the hands of many more suffering women."—Mrs. Joseph H. Dandy.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.
Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge.
Address Mrs. Pinkham, Lynn, Mass.

LYDIA E. PINKHAM

ANNUAL MEETING.

MARKETS

NEW YORK STOCKS.

Paine, Webber & Co's correspondent at New York yesterday telegraphed as follows:
"During the greater part of the session the tone of the list was somewhat steadier than in the past few days, but bear drives were frequent and the onslaught of the last half hour caused general recessions. The Erie issues have been sold freely, on reports to the effect that the finances of the company are in a bad state and that a fraction of the interests in control are of the opinion that a receivership would benefit the property, in the matter of enabling it to readjust its affairs. Wisconsin Central preferred was active and higher, on rumors to the effect that the Canadian Pacific would acquire control and guarantee a 4 per cent dividend on the issue. The news of the day was not of an important character, but strict attention is being paid to reports coming from Washington, and also to various rumors in regard to the Harriman inquiry, and also to the probable extent of tariff reduction. A good sized short interest is said to be outstanding, and although further drives may be made, we are inclined to think that advantage should be taken of prevailing levels to buy."

Closing prices were as follows:

Amal.	8 1/2	N. & W.	55
Adm.	48	N. Y. C.	125 1/2
Alle.	8 1/2	Nt. Lead.	76 1/2

Boston Stock Quotations.

Writing from Boston yesterday, Paine, Webber & Co. had the following to say of the stock market:
"The whole market had a better appearance in New York today. The buying was more confident and the activity was all on the advance. It looked like recovery might be made. The market was said to have been engineered to allow more stocks to be picked up tomorrow. The local market was led by Superior, which advanced to 38 1/2, on buying by inside interests. The market is extremely narrow and the stock, and we strongly recommend any one trying to trade in it. For a long pull, we think there may be some money in buying it. Large selling orders were noticeable in North Butte and Greene-Canaan, both stocks showing losses for the day. A floor trader made the market in Adams, but found no one to buy. Wood round 18. Wyandot was well bought, on a report of a strike at the mine, but seems to be freely supplied."

Chicago Grain Markets.

Chicago, Jan. 12.—A bear raid on the wheat market late in the session today resulted in further sharp declines, following the severe slump yesterday. The prices at the close were down 1/2 to 1 1/2. Lack of support was said to have been the reason for the extreme weakness in the first half hour of trading, the bull buyers holding off, leaving the bears in full control. The selling late in the day was quite general. Some excuse for this selling was found in the official report that the exports of wheat and flour from the United States in December were less than half of those for the corresponding time a year ago. Lower cables and the heavy fall of snow in a large portion of the wheat belt were factors that inspired selling early in the day. The brisk demand for cash wheat and the decrease of 3,412,000 bushels in the world's visible partially offset these bearish influences. A great part of the selling pressure was on May wheat, which declined two cents from the high point of the day. The close was weak. The May opened at 105 1/2, highest, 106 1/2; lowest, 104 1/2; closing, 104 1/2. The July closed at 96 1/2. Corn.—This market was steady. There was a considerable increase in the receipts here today, and the demand for cash grain was dull. The Argentine and Ukraine were bearish, the new crop being reported in excellent condition. The close was unchanged to a shade lower. The May opened at 61 1/2; highest, 61 1/2; lowest, 61 1/2; closing, 61 1/2. Oats.—The trade was quiet. The market was steady until late in the session, when the prices declined a trifle, owing to the slump in wheat. The demand for cash grain was dull and the values were 1/2 lower. The market closed easy. 1/2 to 3/4 lower. The May opened at 51 1/2; highest, 51 1/2; lowest, 51 1/2. The July closed at 46 1/2.

The Day on the "Curb."

Of the curb market, Paine, Webber & Co. had the following to say:
"The curb market was lifeless today, with the exception of Superior & Globe, which was very active and strong. The buying continues to absorb all offerings around this level. Sales were made at 1 1/2. Hancock sold down to \$12 on small transactions, with Superior & Boston quiet around 16 1/2. Arizona & Michigan was in demand at 1 1/2. The Homestake Mining company declared the regular monthly dividend of fifty cents a share, payable Jan. 25; books close Jan. 20. The listed markets held up firm until near the close, when selling appeared, causing a little reaction in most issues. The general opinion seems to be that the market is steady."

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Ought not to be any trouble about harvesting enough ice this year.

The "quiet" work that we hear so much about in politics, both before and after the nominations, is usually the work that isn't being done.

It is said that Governor Warner will transmit some fifty appointments to the senate before the middle of the month. The aspirants will have to hasten to get in their last licks.

Do we understand that congress assembled solely for the purpose of a Doneybrook diversion with the president? It's about the only thing we have heard of in late weeks.

Former Secretary Wade of the state university is to pay over to the state a little in excess of \$2,000, in settlement of claims against him on account of careless administration of his office. He is specifically exonerated of any dishonesty. This ends an inquiry that was set on foot by Attorney General Bird several months ago.

Says the Milwaukee Free Press: "While Senator Tillman's explanation has tended to mitigate some of the harsher implications of the president, he has not been able to gloss over the essential undesirability of the whole transaction, which he evidently had never intended to be subjected to the lime-light of public opinion. The senator's reputation for honesty will suffer small loss from the "exposure," but the rugged straightforwardness with which he has been credited must from now be the subject of doubt in some minds."

Lunaey, in a word, appears to be the explanation of the brutal killing of Gideon Browning by Rev. Carmichael, at Battle Run, Mich., and the subsequent self-destruction, after a week of aimless wandering of the murderer. Lunaey is written all over the series of tragic incidents. It is the one theory on which the atrocity of the murder can be satisfactorily explained. It runs all through Carmichael's confession, written previous to his suicide. The crime was unusual only in its horror. There is reason to be thankful that it's last chapter has been written. It has been a ghastly recital that the newspapers have been giving their readers.

Dr. Bradley has an answer for the Warner assertions that he was to blame, says the Houghton Gazette. This contest of words between the governor and his former auditor general ought to be stopped before it develops to the fighting point. The governor can afford to be magnanimous. He won. He is ahead of the game. Bradley is out. True, Warner won by a small margin and little glory, but he is governor nevertheless. And what the state of Michigan wants now is constructive legislation calculated to clean up this treasury muddle and efforts to see that it does not happen again. We don't care a tinker's expelivo about the past, anymore. Everybody who taken any interest in the affairs of the state of Michigan has an opinion on that matter and the facts are all out. No further postmortem examinations are needed now. Let's forget it and get busy at Lansing to put some money in the treasury.

Representative Young is one of Speaker Cannon's selections for membership on the special committee appointed in accordance with the terms of Representative Tawney's resolution, passed by the house last Sunday, and providing for an inquiry into the appropriations for the fiscal year 1909 to prevent frauds and deceptions upon the several branches of the public service, as compared with the appropriations for the fiscal year 1908, and to inquire into the general subject of agencies for the detection of crime in the several departments, the work they have done, etc., etc. The committee is made up, besides Mr. Young, of Olmstead of Pennsylvania, chairman, Currier of New Hampshire, Brently of Georgia and Bowers of Mississippi, the two latter being Democrats. The resolution calling for the committee was one of the measures in the house "war" on the president, and the purposes that the committee will have in mind will be, it is said, principally two: To show that

TILLMAN VS. THE PRESIDENT.

Senator Tillman's admixture of invective and argument, addressed to the senate in reply to the president's letter to Senator Hale, has been read with much interest. It makes the best case the senator could make for himself, but still does not make a case. There was nothing of argument in the president's letter to Senator Hale. It presented Senator Tillman as speaking for himself. In one paragraph, taken from the Congressional Record, he was quoted as denying to his senatorial colleagues any interest in western lands, direct or indirect, any negotiations for such lands or an intention of purchasing any of them. Another exhibit of the president's letter was a photographic reproduction of a letter written by Senator Tillman, dated four days later, showing that he was engaged in dickering for numerous claims in the Coos Bay (Oregon) land grant. It is, therefore, Senator Tillman whom Senator Tillman had to explain, and, under the circumstances, it was, of course, impossible to make a very convincing job of the explanation. Furthermore we have prompt denial of assertions made by the senator. For instance the postmaster general says that his assertion that the president had last July is utterly wrong; that he obtained it no later than Jan. 4 this year. Senator Tillman chooses to attribute as the main reason for the president's interest in the matter the president's personal dislike of and hostility to him. The dislike is thoroughly reciprocated by Tillman. The immediate occasion for the publicity given the president's letter was the understanding that Senator Tillman was shortly to deliver one of his president-baiting speeches. Mr. Roosevelt apparently arrived at the conclusion that if Mr. Tillman must talk he would give him something to talk about. Mr. Tillman has doubtless been, on the whole, a good senator and a clean senator, but he appears to have had his lapses, and the president seems to have placed his hand on one of them. Many people may hold that it's another case of a tempest in a teapot; if so it will be the president who will ride out the teapot tempest. As for Mr. Tillman's announced intention to tell the country at a later date all about Mr. Roosevelt, it may be remarked that

Copper Country

TWENTY DOLLARS COMES OFF.

Houghton County Board Cuts the Bounty Paid for Wolves.

Sportsmen of the copper country will probably be much interested in charges that were made yesterday at the county board meeting by Supervisor Eickhorn of Hancock, who stated that he had been given to understand that the bounty had been swindled through the agency.

Supervisor Eickhorn said that Houghton has been the only Michigan county that has been offering a bounty in addition to that offered by the state.

Supervisor Eickhorn said that Houghton has been the only Michigan county that has been offering a bounty in addition to that offered by the state.

Two matters connected with the sheriff's office were a part of yesterday's county board meeting. One of these was authorizing the payment of \$500 to ex-Sheriff Beck, the purpose of which was to show the board's recognition of the excellent service performed by him as a county officer.

Another matter was authorizing Sheriff Beck to name a new deputy for jail service, an assistant county clerk, and to receive a salary of \$70 a month, which is \$5 less than the salary of the deputy.

Captain Joseph Snell, a copper country pioneer and a widely known mining man, a resident of Hancock, died Monday afternoon at the age of eighty. He had lived in the copper country for fifty-four years. He did his first mining work in the Lake Superior district in 1854, the year that he came to America from Cornwall, where he was born.

Upon the recommendation of Supervisor Goggin, chairman of the building committee of the board, that committee was authorized to make final settlement with the contractors, Verville Bros. of Hancock, for the building of the poorhouse and poorhouse barn. This settlement, Mr. Goggin stated, amounted to something like \$2,200. In addition, some bills for electrical work, with which the contractors had nothing to do, are yet to be paid.

The quarterly report of the county treasurer, County Treasurer Foley's final report to the board, was presented and accepted. It was as follows:

Table with financial details including Delinquent taxes (\$2,245.68), Sale of poor farm products (30.00), Fines collected (789.00), etc.

WILL RAISE \$8,000.

The copper country has already sent large sums to the Red Cross society as contributions to the fund for the earthquake sufferers of southern Italy, and the work of raising funds is still in progress.

It is expected that \$8,000 will be raised. This money is from business establishments and fraternal organizations, and individuals.

Asthma Cured. Abbey Syrup, the famous European Remedy, Brings Relief to Thousands of Chronically Suffering from Catarrh of the Lungs and All Forms of Lung Trouble.

Over two hundred years ago, the Abbot of a monastery in Spain, famed for his scientific learning, discovered a remedy for all diseases affecting the bronchial tubes, which the monks under his direction used with wonderful results among the sick and suffering in the surrounding country.

This is the original remedy and is sold and personally recommended in Marquette by all druggists.

J.A. Minnear & Co. BROKERS

Offices at Calumet and Laurium. Direct private wire service to all markets. If you want the best service on your curb order and cannot favor direct, instruct your Banker to have an execute the order.

Both offices open evenings. Phones, Calumet, 64 and 75, Laurium, 450, 520 and 605.

S.S.S. BEST TREATMENT FOR CATARRH

S. S. S. is the best treatment for Catarrh because it is a perfect blood purifier. It is the only medicine that is able to get down into the circulation and entirely remove the catarrhal matter and impurities which produce the trouble.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

ton left Monday, on a trip to Chicago and Minneapolis.

William A. McCauley of Calumet has gone to Salt Lake City, Utah, where he will spend some time.

Mrs. D. E. Rice has returned to Calumet from Milwaukee, where she spent some time with relatives.

The Hancock and Houghton bowling teams will bowl a match at the Dea Alys, Houghton, tomorrow night.

John Herman, Jr., of the Jacket hockey team, is recovering from an operation for appendicitis, which he underwent last week.

The annual meeting of the Houghton County agricultural society will be held this afternoon at the Citizens' Bank, Houghton.

Mrs. J. S. Matthews, who has been visiting relatives in Lake Linden for the past two weeks, has returned to her home in Chicago.

Dr. R. D. Jones of Calumet entertained the members of the Upper County Dental society at the Missovaub club Monday evening.

Attorney W. J. Calbraith of Calumet has gone to Lansing. Before returning home he will visit at Chicago, Detroit and other central cities.

R. M. Edwards won the Sunday afternoon match of the Houghton Gun club, with a score of 55. J. H. Rice was second, with a score of 54.

The funeral of Peter Wendell of Franklin, who died last Saturday, was held yesterday morning from St. Joseph's church, Hancock.

Captain James Wilcox has returned to Calumet from the Corbin district, Montana, where he visited the properties of the Calumet-Corbin company.

Colonel Rogers, quartermaster general, and Colonel Cox, assistant adjutant general, of the Michigan National Guard, are in Houghton, inspecting the Houghton Light Infantry.

Joseph James of Calumet left Monday afternoon for San Diego, Calif., where he will spend the remainder of the winter. Mrs. James has been in California for the past two months.

William Anglim, a well-known resident of Ontonagon, died last week, after an illness covering a period of years. The funeral was held Sunday. Besides his wife, he is survived by four children.

Marriage licenses have been issued to Joseph Neman and Annie Plantz, and of Calumet. Cp. date twenty-nine marriage licenses have been issued this year.

The new directors of the Red Jacket City, John H. Manzini, Richard Hicks, John H. Hampton, Paul Tommei, W. D. Hirsch, W. F. Williams and Paul Trione. The directors will meet this week, for the purpose of electing officers.

Members of the order of Eagles in Keweenaw county are taking steps to organize one or more aeries there, and the project will probably be carried out within the next several weeks. The purpose is to establish aeries at Mohawk and Ahmeek.

Mrs. J. R. Ward of Oak Park, Ill., a suburb of Chicago, died there last week. She was a daughter of William Whitesides, who was born in Houghton and was the county's first photographer. The family also lived at Ironwood for a period of years.

Word comes from Calgary, Alberta, that "Doc" Gibson, of hockey fame, is now living there. In connection with the report from Alberta it is stated that he may head a hockey team here to go after the world's championship trophy, the Stanley cup.

City Electrician Edward Cuff of Hancock and Mrs. Cuff have returned home from Ironwood, where they were called on account of the death of Mr. Cuff's brother, Martin Cuff, who committed suicide last week by shooting himself while mentally unbalanced.

A wedding that will take place in Hancock the latter part of this week is that of Celeste Westrope to Miss Mary Stack of Ripley. They will be married at St. Patrick's church. Mr. Westrope has been a member of the Portage Lake lifesaving crew the past few years.

The ladies of the Houghton Presbyterian church will serve coffee this afternoon.

TAKE IT IN TIME.

Just as Scores of Marquette People Have.

Waiting doesn't pay. If you neglect the aching back. Urinary troubles, diabetes, surely follow.

Doan's Kidney Pills relieve backache. Cure every kidney ill. Many people in this locality recommend Doan's Kidney Pills.

Here's one case: J. H. Carroll, 29 S. Jennie St., Escanaba, Mich., says, "My kidneys became disordered about two years ago and I was annoyed by the frequent passages of the secretions. I also had dull pains in the small of my back and at times felt very weak. When I heard of Doan's Kidney Pills, I made up my mind to try them, and procured a box. I steadily improved and am now entirely free from kidney complaint. I give Doan's Kidney Pills my endorsement in the hope that other kidney sufferers will be led to try them.

noon and evening at the home of Mrs. Walter McVicar. In the evening a musical program, including numbers by Roy Carnahan, Miss Chelley and a quartet from the Michigan College of Mines, will be given.

Charles F. McAshill of Hancock and Mrs. Dorothy Lublin of Saginaw were married at the bride's home yesterday. After a honeymoon spent in the East, they will take up their residence in the Berkley flats on Quincy street Hancock.

Mrs. McAshill was formerly a teacher at the Quincy school and is well known in Hancock.

The illustrated stereoscopic addresses that Rev. J. S. Gould, pastor of the Houghton-Congregational church, has been delivering, are meeting with much favor. The subjects upon which he discourses are interesting and of no little educational value.

The address delivered last Sunday evening was heard by a gathering composed largely of people who are not members of the church.

The steamer C. W. Moore, according to Duluth papers, is still in commission, and within the past week came as far as Portage lake, though of course it could not make entry.

The Both line tomorrow will make its last trip for the winter to the north shore. Concerning a trip to Isle Royale that the tug Concoct is now making for herring, the Duluth Star says: "The weather has been something fierce and the crew will be mighty glad when they return."

Rockland Lodge, No. 108, F. & M., will observe the fiftieth anniversary of its installation this evening. Among the speakers will be Norman W. Haire, Houghton; F. A. Jeffers, Atlantic; Rev. William B. Coombe, Negaunee, and George Tucker, Marquette. Rockland lodge was instituted Jan. 13, 1859, with founding charter members, only one of whom is living—Frank White, of Denver, Col. James M. Haring of Ontonagon and Linus Stannard of Rockland are the oldest continuous members of the lodge.

Miss Mildred Brown, a clerk at the Gartner store, in Hancock, was the victim in a singular accident that occurred there last Saturday night and is recovering in a hospital at Duluth. She suffered. She was walking behind the counter when she stumbled and fell against the counter heavily. As she plunged forward a pair of scissors dangling at a tape from her waist was caught in such a manner between her hands as to pierce her wrist. The wound fell upon one of the scissor points, and it inflicted a wound some inches in depth.

Miss Mary E. Wartin of Hancock left Monday afternoon for Chicago, where she will be married tomorrow to J. P. McCarthy of Duluth. The ceremony will be performed at the residence of pastor of St. Ignatius' church, Houghton. Those from the copper country who will attend the wedding are J. E. Wartin and George H. Nichols, Hancock; Mr. and Mrs. Charles McIntyre, Lake Linden; Miss Helen Dymock, Miss Mary Gaud and Miss E. A. Tisher, Calumet. After an extended European trip, Mr. and Mrs. McCarthy will take up their residence in Duluth.

Mining News

GIROUX CONSOLIDATED.

The Cole-Ryan people have become interested in the Giroux property. Secretary G. E. A. The Giroux Consolidated company have been in continuous session for the past week, preparing for the annual meeting to be held Feb. 2nd. The board has had under consideration an informal reorganization of the Giroux property, the company of the company. The Stillman E. Kelly option on the balance of the treasury stock of the company, namely 70,000 shares, has been taken up.

Thomas F. Cole and associates have become largely interested in the stock of the company and will take an active part in the management of the property. A broad policy of development to explore and open up the extensive ore measures already known to exist in the properties both in Nevada and Mexico will be followed by the Giroux Consolidated and Cumberland Ky properties, which are controlled by the Guggenheims. The Cole-Ryan interests have entrenched themselves into the most resourceful territory of the Guggenheims interests. The price paid for Giroux was considerably below the current market quotations. The capital stock of the company is \$5,000,000, of which \$4,650,000 has been issued.

AMALGAMATED.

The decision by Judge Hunt in the Washoe cases, in connection with the Washoe smelter, has not been rendered. There is a strong impression that the matter is being adjusted out of court and no one believes that action will be taken which will result in the closing of the Washoe smelter. Still interests involved, including the men working at the smelter and in the mines in Butte and the tradespeople depending on them,

are so great that the damage done seems infinitesimal to be taken seriously. Amalgamated mines are looking well and production is being maintained at practically the maximum capacity. It is not generally believed that any change will be made in the dividend rate in January, although it would not be strange if 1 per cent was declared, in place of the one-half of 1 per cent that the company has been paying. The fact that the Amalonnada dividend rate has been kept on the same basis rather than indicates no change in the Amalgamated rate.

NOTES OF COPPER NEWS.

The Franklin production for December showed a material falling off from the earlier part of the year, owing to the sale of the old mine. The management property now is more one of development than an attempt to keep up the production to the old basis. The showing on the twenty third and twenty-fourth levels continues most promising. When the new shaft is sufficiently advanced the production can be increased.

There is every indication that the operation on the Butte level carried out by the Isle Royale will prove permanent and also that there is no doubt that it is the Butte in which the company is working. Exploratory work will be carried on in the spring in other sections of the property and altogether Isle Royale is preparing for more development work than has ever been carried on.

The production at the Cumberland-Isle is steadily increasing and 1909 will see both that property and the Nevada Consolidated making a materially larger output than at present. The Cumberland-Isle has been somewhat unfortunate in increasing its production recently as it has not been retarded so much by an insufficient water supply.

Copper range has distributed 821 per share in dividends since payments were inaugurated in 1905 and demonstrated last year its ability to maintain dividends on low prices for the metal and in a period of depression in general business. The company is in excellent shape to benefit by the better demand for the metal.

The Allouez production in December was somewhat above the average, but the principal developments are still connected with the work of opening up the mine underground. The No. 2 shaft is now down to about the thirteenth level of the No. 1 shaft and it is expected that the lode will be struck between the fourteenth and the fifteenth level. The company will turn the shaft when it reaches the lode and go down in the lode as to save the expense of crosscutting at the various levels.

The Butte Coalition production is now coming mainly from the Minnie Healy mine, but with the Traunway shaft in operation there will soon be a larger production from that property and later on from the other mines. The fact that the company's treasury is so well supplied with cash in an element of strength in its favor which counts for a great deal with a property which is not fully developed. No dividends are expected on the stock until spring, but this should not be a serious detriment to the market for the stock.

The large exports of copper last year were mainly caused by the low prices that prevailed for the metal and Europe is now in possession of a fair amount of stock on hand. The consumption of copper is increasing rapidly abroad, however, as well as here, and Germany, in particular, is forging ahead with the manufacture of electrical apparatus. The largest exports in 1908 were during the first half of the year when prices were the lowest and it is believed that with a reasonably good market for the metal our exports will be maintained. The attitude of the large interests seems to be that it will be better for all concerned from the standpoint of domestic consumption as well as export business if the metal can be maintained fairly steady around the 15-cent level.

The Raven management is cutting a station on the thirteenth level, but will continue sinking to a greater depth and not crosscut again until the fifteenth level is reached. The character of the ore in the bottom of the mine, which was suggested by the vein was changing so that commercial ore would be found at greater depth. Money will be provided by some of the large stockholders who will take new stock at par. In the meanwhile, matters in connection with the Snozer claim remain in the same state and nothing is likely to be done until the shaft on the Raven claim has been sunk to a considerably greater depth, when a crosscut may be run over to the Snozer property.

During 1908 the General Electric company secured from its Bully Hill mine a total of about 3,500,000 pounds of copper, which was about 10 per cent of the total copper requirements of the company for the year. General Electric did not begin to get returns from Bully Hill property until April and monthly production since that date has averaged about 400,000 pounds, which is just about 40 per cent of the maximum production toward which the management is bending its efforts. Ultimately it is hoped that General Electric company will be able to get 20 per cent of its normal copper requirements from its Bully Hill mine.

BIGELOW GROUP'S RECORD.

Oscola's Production 20,800,000 Pounds, an Increase of 48 Per Cent Over 1907.

The Bigelow group of copper properties—Oscola, Tamarrack, Ahmeek and Isle Royale—have completed another fiscal year, but it will be some months before complete operating details are available. Oscola made an exceptionally good record in 1908 and the official estimate of its copper output is 20,800,000 pounds. This is an increase of 47,000,000 pounds, or 48 per cent over the actual output in 1907, and is larger by 2,000,000 pounds than the output for 1907 and 1905. Tamarrack also did well, showing the largest output of refined copper—estimated at 13,900,000 pounds—since 1905. Ahmeek is rapidly forging to the front, and leading from only two shafts, the December figures show an output at the rate of over 9,000,000 pounds per annum. The total output for 1908 is estimated at 6,190,000 pounds. Isle Royale closed the year with December showing an output of 300,000 pounds and a total for the twelve months of 3,800,000 pounds. This compares with actual figures in 1907 of 2,667,868 pounds.

In all departments of its operation the properties for the past twelve months made a considerable record. Operating costs were reduced and an era of expansion inaugurated—seven new shafts now sinking in the four properties—greater than was ever before at-

tempted at one time by this group of mines. The Bigelow interests are known to be confident regarding their ability to make Ahmeek and Isle Royale important factors in the copper production of the Lake Superior region.

The matter of arranging for the payment of the company's debt to the Demmon estate was referred to the directors to report at an adjourned meeting to be held Jan. 15.

The special meeting of the National Mining company was held in Boston Tuesday and the following board of directors was elected: Charles M. Baker, Alvin R. Bailey, Harry M. Howard, Barlow T. Morrison and Richard S. Warm. The matter of arranging for the payment of the company's debt to the Demmon estate was referred to the directors to report at an adjourned meeting to be held Jan. 15.

In the fiscal year ended Dec. 31, 1908, the Greene-Canaanua properties produced 191,280,000 pounds of copper, 449,245 ounces of silver and 3,046 ounces of gold. These results were from six months' operations. After eight months of illness the Greene smelter resumed early in July with two furnaces. In the month of December there was produced 3,540,000 pounds of copper, 81,238 ounces of silver and 238 ounces of gold. In detail the output of the Greene-Canaanua Copper company during the year 1908 was as follows:

Table with production data for Greene-Canaanua for Dec 1908 and 1907. Columns include Copper (pounds), Silver (ounces), and Gold (ounces).

OSCEOLA-CALUMET & RECLA.

The contest for the control of the Osceola Copper Mining company is now up to the federal court of appeals, which has been considering the matter. Arguments were concluded and the case submitted. The decision is expected early in February. Attorney Otto Kiehn, representing the Calumet & Hecla, during the course of the hearing contended that Bigelow had failed to make out a case of injury to himself. He contended that the Calumet & Hecla corporation left the need of expansion unmet it cared to die a lingering death and that for this reason the company had been reaching out for more property at the present Calumet & Hecla bids will be in all probabilities, last more than ten years at the present rate of extraction. He ridiculed the idea that lake copper was a distinct commodity and that the price could be controlled by any one corporation. Attorney Allan F. Rice made the concluding arguments for Calumet & Hecla, asserting that the object of acquiring additional property was to prolong the life of the corporation, to benefit its industrial character and to maintain its standard as a competitor in the copper trade and that there is no view that can be taken either in law, public policy or public right that should seek to prevent a corporation from growing.

The Ononagon Herald says: Adventure has suspended operations in the two perpendicular holes and one of the outcrops has been started to work upon another perpendicular hole. The smelter is made concerning the results secured from the perpendicular holes. They were put down for the purpose of securing continuation of the values of the lodes which were tapped in the incline holes and to ascertain the exact position of the lode in case it should be decided to begin sinking a shaft. Adventure directors are not talking their stockholders into their confidence concerning the result of their grilling operations. They simply

Merrill, Wis., Jan. 12.—The government thermometer at the south registered forty-eight below zero at 7 o'clock this morning. "How many ribs have you, Johnny?" asked the teacher of physiology. unblessed to the stockholders when they want them to dig up more funds. The Michigan mine produced during December 181 tons of mineral. The physical condition of the mine was never in better shape than it is today. While it is true that it cannot make much profit on its limited output at the present price of copper, nor could this be expected, eventually Michigan is going to get in shape where the stockholders can be reasonably satisfied. Diamond drilling is going on as usual steadily. A small crew of men is working away on the mill, completing the trouble. About all that remains to be done on the plant is the installation of the machinery and this can be accomplished in a couple of months whenever it is desired to do so.

The special meeting of the National Mining company was held in Boston Tuesday and the following board of directors was elected: Charles M. Baker, Alvin R. Bailey, Harry M. Howard, Barlow T. Morrison and Richard S. Warm. The matter of arranging for the payment of the company's debt to the Demmon estate was referred to the directors to report at an adjourned meeting to be held Jan. 15.

GREENE-CANANUA.

WOULD SEND CONVICTS HOME WHEN SET FREE

POLICE COMMISSION CIRCULATING PETITION, WHICH WILL BE PRESENTED TO LEGISLAURE.

The board of police commissioners of this city have decided to submit the legislation to enact such legislation as will require all paroled and discharged prisoners from the state prisons to return or be returned to the county from which they were sentenced. Marshal John Manning circulated a petition among the business men of the city yesterday, the prayer of which is for such legislation, and over 200 signers were reported last night. Copies of the petition will be sent to Jackson and Ionia, the two other prison towns of the state, where it is hoped that the sentiment will be found to be in favor of such an enactment. It is also planned to give the petition general circulation in the upper peninsula.

George Freeman, who is a member of the police commission, said last evening, that there were to his knowledge thirty discharged or paroled prisoners in this city, whose homes were below the straits. He further said that this population was continually growing and that its presence here was a menace to the city and county.

Reasons for Such a Law. To the Legislature of the State of Michigan: Gentlemen:—The undersigned members of the Board of Police Commissioners of the city of Marquette, respectfully represent that by the action of the state prison boards in joint session, and by the practice of the judges of the state, the State House of Correction and Branch Prison located in this city has become peculiarly a prison for so-called "recidivists," the result of which is that by expiration of terms of sentence and by parole, a considerable and constantly increasing number of ex-convicts of the desperate and habitual type are released in this city, many of whom immediately start upon a renewal of their criminal practices and become a serious menace to the peace and safety of this community.

Numerous grave crimes have been committed by ex-convicts in this county shortly after their discharge from prison, murder, burglary, robbery, forgery, larceny and indecent exposure of the person being among offenses committed by such persons; and, but for the extra precautions of the local police—an extra number of whom is made necessary by their presence here—more such crimes would undoubtedly be committed here.

Many prisoners are discharged or released on parole here when the local police have no means of identifying before they again become involved in crime or misconduct, and who take advantage of this lack of knowledge of their identity to engage in such practices here. We deem it peculiarly unjust to any one community to turn loose therein by parole or upon expiration of sentence so many persons of such exceptional and extreme bad character, and we believe that means should be devised and put in practice by which paroled and discharged convicts should be returned to the counties from which they were sentenced.

What is Asked For.

We therefore respectfully petition your honorable body to enact such legislation as will require all paroled and discharged prisoners to return or be returned to the county from which they were sentenced. We heartily approve the parole of all prisoners whom the proper authorities deem capable of reformation, but we respectfully protest against such paroled prisoners being permitted to become members of the "Prison Colony" of ex-convicts to be found in all cities where prisons are located. Such surroundings are not calculated to promote the reformation of the paroled prisoner. If he has any wish to reform and to prove himself worthy of release he can do so in the locality of his home rather than in a community where they are crowded together a large number of ex-convicts, who find their principal associates among those whom they have known during prison confinement, and who naturally come to regard themselves as belonging to the criminal class. Where such persons released in the county whence they came, they would have the opportunity to live down their mistake and would have the aid of better elements in their own community to help them up to good standing again.

This argument we believe applies with even greater force to the ex-convict who has served out his term because regarded too vicious to be released upon parole. Such characters often, if not usually, start at once into crime, and naturally seek associates of their own character, among ex-convicts, many of whom may be found in prison cities, only too willing to encourage and enter into conspiracies of crime. Such characters had far better be discharged in the county from which sentenced, and where they are known to the officers, for there they would not be apt to accomplish the mischief, of which they are capable, with the assistance of experienced criminals, with whom they may so easily associate themselves in a prison town.

Where a proper "First Friend" fails to voluntarily act as adviser of a convict, whom the proper authorities deem a fit subject for parole, we would suggest that the clerk or sheriff of the county from which he was sent, be authorized or required to act in that capacity, so that no worthy convict would be debarred the privilege of a parole.

We believe it would be a wise measure if the law required the photograph and description of all prisoners deemed unworthy of parole to be furnished to the police officers of the city, or of the county, in which discharged at the times of discharge. This would enable police surveillance to be exercised over ex-convicts of the distinctly professional and habitual criminal class so long, at least, as they remain in the community where discharged. This petition is signed by all the members of the police commission.

INSURE WITH PETER WHITE & CO.

"Cleanliness next to Godliness," is the motto at Vandenberg's dairy. Every cow warranted free from tuberculosis. Every bottle of milk warranted pure, sweet and wholesome. F. H. VANDENBOOM, Prop. (12-10-1m)

City Brevities

S. W. Johnson left last evening for California, for a trip of indefinite length. H. B. Bell has arrived home from a several days' business trip to Cleveland, O.

Charles Litzky, traveling freight agent for the Erie railroad, was in Marquette yesterday.

C. H. Westcott, of Detroit, supervising inspector of steam vessels, is in the city until this afternoon.

The W. C. T. U. will meet with Mrs. H. H. Pellow, 921 North Fourth street, this afternoon at 3 o'clock.

Franklin E. Bay returned to Calumet yesterday, after a few days spent in Marquette on a business mission.

Mrs. Emma Barker and son, F. C. Barker, went to Buffalo yesterday afternoon for a visit of indefinite length.

City Attorney George P. Brown has gone to Munising and Ontonagon on business, and will be out of town until Saturday.

Mr. and Mrs. John J. Flanagan left last evening for Indianapolis, New Orleans and California, and will be gone several months.

Miss May Cooper, who has been visiting at A. LaValle's home for the last two months, returned to her home in Niagara Falls yesterday.

K. S. Baker, district manager of the Michigan State Telephone company, arrived home yesterday from a trip to Chicago, Detroit and other points.

Mr. and Mrs. O. S. Foster, who have been visiting at the home of their daughter, Mrs. Frank J. Russell, East Arch street, since before the holidays, will leave this afternoon for their home in Utica, N. Y.

Fred S. Case was called to Owosso yesterday by the death of Mrs. Case's mother, Mrs. Lois Phillips, at Detroit. Funeral services will be held at Owosso today. Mrs. Case has been with her mother since Christmas.

Frank McCabe, of Fairbanks, Alaska, who has been visiting in this city for a month past, has gone to Colorado Springs to visit a brother, and from there will return to Fairbanks, where he has mining interests.

Charles Lamul, of Chicago, who was in charge of the construction of the blast furnace in this city several years ago, visited here yesterday, on his way home from Montreal. He reported that the ferries were encountering some trouble with ice in the straits of Mackinac.

Died Last Evening—John Shelky, aged eighteen years, died at the home of his mother, Mrs. Mary Shelky, 529 West Ridge street, last evening, after a brief illness. Aside from the mother, the surviving members of the family are two brothers and two sisters. Arrangements for the funeral will be made today.

Basketball Tonight—The city basketball team and that from the high school will oppose each other at Legion Hall this evening. This is the first game of the latter organization, and their initial appearance will be watched with interest. George Call, of Oconto, Wis., has been elected captain of the city team and will be in the game this evening.

Fire on Washington Street—Fire broke out in the residence at 243 West Washington street about 5 o'clock last evening, and did considerable damage in the upper story before it was extinguished by the fire department. The blaze started from a defective chimney. The house is owned by Frank Frei and is occupied by E. B. Bonanie and family. The roof was badly damaged and some of the house furnishings were ruined by fire, smoke and water.

Killed by Falling Tree—Tom J. Russell, of Skandia, was killed by a falling tree in West Branch township Monday. He was in the employ of Cy Robinson, a farmer, and was caught in the fall of a tree which had lodged in the branches of another. An inquest was held at Skandia yesterday, at which it was found that he had come to his death by accident. Russell was about sixty years old and claimed to have lost his wife and two children in the Minnesota forest fires of last summer.

OFFICERS REELECTED.

Marquette National Bank Held Annual Meeting Yesterday.

At the annual meeting of the Marquette National bank held yesterday the officers and directors of 1908 were re-elected. The meeting was well attended and 73 of the 1,000 shares of capital stock were voted. The bank has had a prosperous year and its future is very bright. The following are the officers of the institution: President, John M. Longyear; vice presidents, D. W. Powell and F. H. Begole; cashier, Frank J. Jenkinson; assistant cashiers, H. C. Davis and H. R. Fox.

City Brevities

Today's weather: Snow flurries, with rising temperature. Yesterday's temperatures: Seven a. m., 10 degrees below zero; noon 2 above; 7 p. m., zero; maximum, 6 above; minimum, 10 below.

Team Got Away—A team belonging to Gil Hodgkins, which was drawing a load of coke, got away in the absence of the driver Monday afternoon, and ran from near the Marquette club to the corner of High and Park streets. Damaged fences, a broken telephone pole and the load of coke scattered over Mrs. Billenberg's yard were left as evidence of the runaway, but the team was found to be little the worse for their run.

Two Other Survivors—The Mining Journal is in receipt of a letter, dated at Detroit, from William Curry, commenting on a story that R. B. French, of this city, and E. C. Anthony of No. 3 game are the only surviving members of the volunteers who went forth from Marquette county in the War of the Rebellion. Mr. Curry says he knows of at least two other veterans who went to the front from this county in '61, namely, himself and William Seegar, and writes that he believes there are some others. In a postscript Mr. Curry writes: "My heart is still in Marquette. I was twenty years old when I went there, and I am now past seventy. When I think back to those early days, it makes me young again."

Water Is Scarce—The shortage of water at the city light and power plant is becoming more serious with the continued cold weather. Although the incandescent lights have been shut off during the early morning hours every night for almost a week, the load of water in the big dam is steadily growing less and Superintendent Retalle fears that it will be necessary to shut down some afternoon if the present state of affairs continues. In years past, it has been possible to relieve any shortage of water during the cold weather by opening the Silver Lake dam, thirty-five miles up the river, but this reserve was exhausted last fall during the dry weather. The superintendent is considerably worried over the situation and does not see any hope of improvement until spring.

PILES CURED IN 6 TO 14 DAYS.
PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding, or protruding piles in 6 to 14 days, money refunded. 50c.

"Let us have some Cudahy Peacock bacon and calves liver for supper man ma," say young and old. (7-29-o)

PLEASANTLY SURPRISED.

Swedish Society, of Ishpeming, Gave Sheriff Lehman a Housewarming.

Sheriff John Lehman was completely surprised and almost taken off his feet about 9 o'clock last evening, when thirty-three members of the Swedish Home society, of Ishpeming, burst into his residence at the county jail and made themselves welcome. The visitors brought refreshments with them and made merry until the midnight train arrived, on which they returned home. Before leaving, John S. Olson, in behalf of the society, presented Sheriff Lehman with a handsome gold star, set with a magnificent diamond, on which was engraved the words, "Sheriff of Marquette County." Mr. Olson made a well-worded presentation speech, in which he extolled Mr. Lehman's record as a police officer in Ishpeming and wished him the best of success in his new field and home. The sheriff was for once taken completely off his guard, and his effort to make a speech was not a great oratorical success, his feelings of gratefulness evidently being too deep for utterance.

ANNUAL MEETING.

Officers and Directors of Marquette County Savings Bank Re-Elected.

The present directors of the Marquette County Savings bank were re-elected at the meeting of the stockholders yesterday, and the directors later re-elected the present officers of the institution. The bank has enjoyed a successful year and its present volume of business is greater than ever before. The following were the officers re-elected: President, N. M. Kaufman; vice president, E. N. Breitung, S. B. Kaufman and Fred S. Case; cashier, W. B. McCombs; assistant cashier, H. C. Wagner.

BOWLING SCORES.

Team No. 7 and team No. 3 tried conclusions at the bowling alleys last evening, with the result that No. 7 took two of the three games. These were the scores:				
Team No. 7—				
Conklin	150	158	140	448
Talbacka	145	156	159	460
Peterson	164	143	143	450
Wheeler	113	126	108	347
Miller	195	164	175	534
	767	747	725	2239
Team No. 3—				
Jeanson (sub)	133	170	168	471

This Is Good Reading for Charity Collectors You & Your Dealer

Stand by your local merchants, patronize the stores in your own town. Don't be tempted by catch-penny bargains to send your money flying all over the country; keep it in circulation in your own neighborhood. When you see advertised something you want, ask your dealer to get it for you or write for samples. But always buy the goods themselves through your home store. By doing this you will benefit three parties:

The advertiser---He will get an opportunity to do business in your town and to work with your dealer.

Your Dealer---He will get his regular profit and an opportunity to broaden out his business.

Yourself---You will see what you are buying, the price will be quite as little, perhaps less than if you buy by mail; and besides this you will have the great satisfaction of knowing that you have done your share toward supporting and encouraging local enterprise, upon which depends the growth and prosperity of your town.

If you live up to the above it will be easy to collect money for churches and charity.

DR. JOHN H. STAACKE

OPTICIAN

Voelker Block, Room 10, Second Floor. (9-12)

LOOK!

Dr. Wm. Cochrane, the most eminent eye-sight specialist and optician of Milwaukee, will be at the Anderson House, Ishpeming, today. To advertise and become quickly acquainted with wearers of glasses and others who need them, he will render his expert service, including eyes thoroughly tested

FREE.

Do you have headaches? Ninety per cent of headaches and nervousness is caused by eye strain which can be promptly cured by correctly fitted glasses. Are you troubled with double vision, cross eyes or poor sight? These defects can be quickly overcome and perfect vision restored by the use of special made lenses, of which he makes a specialty, as his entire time is devoted to optical work exclusively. He is a graduate of the best optical schools in America and comes highly recommended as to his ability and integrity, having many letters of praise from the most prominent people. Good eyesight is the greatest of blessings; blindness or poor vision, the most awful of all afflictions. Remember, a visit costs you nothing and will prove his expert ability, superior quality of goods at extremely low prices. He allows on old glasses. Eyes tested free. All work guaranteed. Do not fail to see him today at the Anderson House, 112 West Canada street, Ishpeming. Hours, 9 a. m. to 8 p. m. (1-12-09)

MME. FAYE

Will be at the Anderson house today only. She is the world renowned Clairvoyant Palmist, Healer and Health Adviser. She is the seventh daughter of the seventh son. Born in the seventh month, seventh day and seventh hour. From ancient times the seventh daughter from two generations has been endowed with the great power of second sight, also particularly gifted with the power of reading all human lives. The origin of this can be traced as far back as the "seven spirits" of the Chaldeans, as the planets were known in antiquity. Philolaus made seven the symbol of intelligence. This great medium reads your life from cradle to grave. Tells what occupation you are best fitted for. Foretells who and when you will marry. Removes evil influences and brings about speedy and happy marriage with the one of your choice. Are you suffering from poor health? If so come to a natural gifted healer. She will tell you the true cause of your condition and how you can quickly be cured of weakness, lost vitality, catarrh, lung trouble, heart, stomach, kidney and liver disease; her advice on business, love, marriage, divorce, etc., has no equal.

In having your life read, consult one who is born with the gift and power. Complete and correct readings 50c.

Hours 9 a. m. to 5:30 p. m. Examinations by Clairvoyance Free of charge for those in ill health.

Do not fail to see her at once at the Anderson House, Room 1, 112 West Canada street, Ishpeming. (1-12-09)

ROMANTIC COMEDY DRAMA.

"Texas," now in its fifth year, will be presented for the first time in this city next Monday evening. It is a comedy drama of the western plains. The action takes place in Texas and the name of the heroine is Texas West. This hero is a stalwart young ranchman. He loves Texas West, and the course of their love would have been smooth and sunny but for the plottings of Pasquale, a border half-breed whom Jack Dallan, the hero, has branded as a cattle thief. An English lord is concerned in the plot and endeavors to purchase Buckhead ranch, the home of Texas, as he has learned there are valuable gold deposits on the land. He is prevented from doing this by Jack Dallan, who finds that he has become rich through his oil fields in eastern Texas. Jack purchases the ranch and the home is saved. The love story is very prettily told and the comedy element is bright, sparkling and breezy. The production is under the direction of George Broadhurst, author of "The Man of the Hour."

A VALUABLE RECIPE.

Tells How to Make a Pint of Good Quinine Hair Tonic for Little Money.

The high price of the imported ready made Quinine Hair Tonics keeps many people from using this excellent preparation. A bright chemist has experimented with the result that he has taken all the medicinal agents that go to make a high class Quinine Hair Tonic and made them into a concentration which he calls Beta Quinal. All you have to do is to get an original one ounce bottle of this Beta Quinal from your druggist, also half pint of alcohol. When you get home mix the alcohol with half a pint of warm water and add the Beta Quinal. Mix well, let stand a few hours and it's ready for use. No better Quinine Hair Tonic can be made at any price than this simple mixture and the cost will not be as much for the pint as you would have to pay for one-half pint of the ready-made kinds. This hand-made Hair Tonic will positively cure dandruff and stops falling hair. Used daily it will keep the hair soft, fluffy and light.

Prescription for Bad Stomachs.

Thousands of people will be glad to know of the following excellent prescription for bad stomachs: Get from your drug store one ounce Compound Tincture of Cinchona; Prose Compound, one ounce, and half a pint of sherry wine. Mix together and take a teaspoonful before meals and at bedtime in a little water. People who have tried this claim it is simply marvelous in its effects.

YOUNG FOLKS MUST FIND NEW "HANGOUT"

IN ORDER TO SUPPRESS NUISANCE IT HAS BEEN DECIDED TO KEEP THE POSTOFFICE LOBBY CLOSED EVERY SUNDAY AFTERNOON AND EVENINGS.

Notice is given that various Ishpeming boys, and perhaps some girls, will get into serious trouble if they do not keep out of the postoffice lobby, especially on Sunday. For some time past these young people have been in the habit of congregating in the lobby, and they not only annoy the employees of the postoffice, but they frequently embarrass people who are there on business. They have been known to deliberately take the ink and spatter it over the desks and desks, and to throw tobacco on the floor and walls. Besides this, the walls have been defaced and writing material destroyed.

The postmaster has now decided to close the postoffice every Sunday directly after the mail delivery at 11:30 o'clock. The office will be open in the afternoon only when employees are there to keep the youngsters out. It is expected that some complaints will be received from people having mail boxes in the office, on account of closing the lobby Sunday afternoon, but the postmaster feels that there is nothing else that can be done at this time, unless it is to arrest the offenders.

The postoffice authorities do not expect the postmaster to keep the lobby open during hours when the office is closed. In many places the lobbies are not open at all on Sunday after the window is closed at the noon hour. The Ishpeming employees desire to be as accommodating as possible, but they have felt for a long time past that some steps should be taken to suppress the nuisance complained of. The office will be closed promptly every evening, after business is suspended in order to shut out the loafers.

WILL HAVE GOOD MEMBERSHIP.

Many Applications Received by Officers of the Lincoln Club.

The committee appointed at the recent meeting to solicit members for the Marquette County Lincoln club, organized for the proper observance of the 100th anniversary of the birth of Abraham Lincoln, is meeting with good success. A large number of Ishpeming citizens have been provided with application blanks, which are to be sent to Secretary W. H. Moulton or Charles T. Kruse, the treasurer. Membership tickets are issued as soon as the applications, properly signed, together with a remittance of fifty cents, for the fee, are received. The fee is to cover incidental expenses and will not pay for a plate at the banquet. It is expected that several noted guests will deliver addresses. On account of the inconvenience of mailing the small amount of the fee to the secretary or treasurer the applicants will be privileged to leave the money together with their application, with O. G. Aas at the Miners' National bank, or J. G. Welsh at the Peninsula bank. Negaunee applicants can secure similar accommodations at the First National bank, and Marquette people at the Marquette National and the Marquette County Savings bank.

BALL GAME WAS WARM.

Decisions of Umpires Caused the Contest to End in a Row.

Perhaps the most exciting indoor baseball game ever played in the city was that Monday night between the Ishpeming "City" team and the Negaunee "Citizens". Both nines were playing good ball, and had it not been for the judgment of the umpires the contest would have been entirely satisfactory. The attendance was the largest of the season and much enthusiasm was shown by the fans of the two cities. The Negaunee team seemed to have the better of the argument, but in spite of this the visitors would not stand for the rulings of Umpire Forvilly. There were several arguments over the decisions. The climax was reached in the last half of the eighth inning, when the Negaunee left the field. The score at that time was twelve to seven in their favor.

The trouble started in the first half of the eighth inning, when with three men on bases Al Willman, umpiring for the Negaunee team, called safe a runner who was forced home and was blocked at the plate. Captain Harrington of the Ishpeming team entered a vigorous protest. There was much argument, but the game finally proceeded. With three men still on the bases Harrington took Wall out of the box and put in John Erickson. The latter was touched up for five clean hits and before the side was retired Negaunee had scored eight runs.

The first Negaunee man to bat in the last half of the inning knocked the ball to one of the shortstops, who feigned it to first base. Forvilly, who was umpiring the bases, called the runner safe. The Negaunee men thought the runner should have been called out, but they did not enter a strong protest. The next man hit the ball to right field, and the runner on first went to third. The batter was put out in an attempt to make second, but Umpire Forvilly called him safe and ordered the man who had reached third on the hit to score, claiming that the ball had been interfered with by some ladies at the side line. The ladies were appealed to by W. H. Mitchell, the pitcher, and Captain Trull of the Negaunee team, and they denied that they had interfered with the ball. The game was finally resumed. The next batter hit the ball for a clean single, but in an attempt to steal second was put out by Mitchell. Umpire Forvilly called him safe, because Mitchell had stepped out of the box in pitching the ball. That was too much for the Negaunee twirler, who threw down the ball in disgust. His team mates followed him from the field.

The outcome of the game was very unsatisfactory to the players as well as the fans. Many of the latter expressed the opinion that Forvilly had not given the visitors a square deal, and that he had no right to call the last man safe on the ground that Mitchell had stepped out of the pitcher's box, as there had been no protest entered, and that score at any time this season. It has been generally conceded by the fans and ball players of the two cities that none of the twirlers pitch a strictly legal ball, and that all of them occasionally step beyond the box line.

FROM MORGAN'S CURB LETTER.

"A better tone prevailed today in the market for copper shares, and while some irregularity was shown, not prices showed an average level of prices a trifle higher than yesterday's. Isle Royale gained a point and sold at 82 1/2, Superior Copper went up 2 1/2, one point of which was lost later. Greys, Canada and Superior & Pittsburg were steady and unchanged. Superior & Globe continues in good request, with very little stock offered under 1/2. It sold today at 12c. Giroux sold at 10 1/2, compared with 9 1/2 yesterday, but on heavy trading, declined to 9 1/2. Eight and seven-eighths is bid for San Antonio, with only a few small lots offered. Parties who have visited the property and seen the workings with the management say it is the richest proposition ever located in the Southwest."

Yesterday's prevailing prices were:

ISHPEMING

SWEDISH BAND NOT COMING.

The Royal Crown Prince Hussar band of Sweden, which prominent Scandinavians of this county tried to secure for a short tour of America, will not come to the United States at this time. The Swedish government officials having objected. The band is under control of the government and it was at first thought the leave of absence would be granted. Fred O. Renard, who brought the Skansen dancers from Sweden to this country two years ago, and who recently brought over the motion pictures which are to be exhibited at Ishpeming theater Saturday evening, is endeavoring to secure another big Swedish band for an American engagement. If he is successful, he will send the band this way, perhaps in April, putting in a week's time between Chicago and Duluth, including dates at Ishpeming and a few other towns in this region.

HAVE AN EXCELLENT ACT.

Blind Thatcher and his daughter, who are doing the principal act at the Bijou theater this week, scored a decided hit Monday night, and again last evening. Mr. Thatcher is totally blind. He has what he calls a "one-man" band, in which he plays several instruments at one time. In another number he renders "The Holy City" by ringing bells attached to his coat. The young woman also is very clever, and she assists her father to good advantage. They carry special scenery. The other numbers on this week's bill are very good and all things considered the program is the best that the management has offered since the house was opened.

SURPRISED THE SHERIFF.

About twenty-five of the Swedish friends of Sheriff John Lehman gave him a surprise last evening at the county jail. The party went to Marquette on the evening train and returned at midnight. They presented Mr. Lehman with a very handsome gold star, in the center of which is a diamond. In a semi-circle above the diamond is his name and in a

M. C. SCULLY, Agent, Marquette, Mich.

semi-circle beneath it is the word "sheriff." The presentation speech was made by John S. Olson, of the A. W. Myers Mercantile company. Among the donors were practically all of the prominent Swedish citizens of Ishpeming.

ISHPEMING IN BRIEF.

The city employees were paid yesterday for last month's work. Tom, to Mr. and Mrs. Herman M. Metkeli, 213 East Bank street, a daughter. The Ski club will hold a meeting tonight. The bus will leave the Nelson House at 7:30. A. W. Myers, of the A. W. Myers Mercantile company, is here from Milwaukee, to remain two or three weeks. Mr. and Mrs. Otto Eger arrived home yesterday from a two weeks' visit to relatives in Chicago and Watertown, Wis. Thermometers in the city registered from twenty-one to twenty-five degrees below zero at an early hour yesterday morning. J. D. Kingsbury, district manager of the Grand Union Tea company, was in the city yesterday. His headquarters are in Detroit. The advance sale of reserved seats for "A Knight for a Day," the attraction at Ishpeming theater tomorrow evening, will open this morning. The Ishpeming board of education has received from the county treasurer a check for the primary money to which the district is entitled. The amount exceeds \$7,400. The newly elected officers of the Ishpeming camp of the Modern Woodmen of America were installed Monday evening. At the conclusion of the meeting the members repaired to Nelmi's restaurant, where they enjoyed a banquet. A. R. Crocker, who is here soliciting members for a branch of the Macabre of the World, expects to organize a tent the evening of the 22nd. He has already secured twenty-five applications and he hopes to add ten more to the list before the date of organization. A leak in the gas main on North Third street has caused the management of the gas plant no little trouble the past few days. For a time it was noticed that an unusual amount of gas was escaping, and finally the plant could not provide enough gas to supply its patrons in that part of the city. The leak has been repaired and the usual pressure will probably be restored today.

ANNUAL MEETING.

The annual meeting of the board of directors was held at the Y. M. C. A. Monday evening. Five directors whose terms had expired, were re-elected, namely: Dr. McKenzie, Oscar Olson, W. H. Moulton, H. H. Hitt and W. R. Goodrich. L. B. Steward was elected president, T. E. Bissell vice president, H. H. Hitt recording secretary and W. F. Hopkins treasurer.

MUNISING ECHOES.

The first skiing contest was held Sunday afternoon at the Viking Ski club. Several good jumps were recorded. The ladies of the Presbyterian church will serve one of their "Southern" suppers at the opera house Friday evening. A sacred concert will be given at the M. E. church next Sunday evening, including several good selections by the orchestra. A debating club will be formed for young men, in the near future, at the Y. M. C. A. The live issues of the day will be discussed. The high school orchestra has been reorganized for the year, and is practicing one night a week. Professor Osterlin has about fifteen members in the organization. The Sunday afternoon meetings for men will be continued on Jan. 23. A good speaker will be provided for every Sunday afternoon, also good music, both vocal and instrumental. All men, whether members of the association or not, will be welcomed. Two literary societies are being formed in the high school this week. Each society will give a program every two weeks. Orations, essays, declamations and debates, besides attempts at poetry and newspaper editing, will make up the programs. A contest between the two societies will be held, as last year, sometime in April. Quick climatic changes try strong constitutions and cause, among other evils, nasal catarrh, a troublesome and offensive disease. Sneezing and snuffling, coughing and difficulty breathing, and the drip, drip of the foul discharge into the throat—all are ended by Ely's Cream Balm. This honest remedy contains no cocaine, mercury, nor other harmful ingredients. The worst cases yield to treatment in a short time. All druggists, 50c, or mailed by Ely Bros., 36 Warren street, New York.

MUNISING

ORATORICAL ASSOCIATION.

Upper Peninsula Has Been Divided Into Three Sub-Districts—The Plan. The Michigan High School Oratorical association has been effectively organized in the upper peninsula this year. The state is divided into five districts, four of which are in the lower peninsula, the fifth comprising the upper peninsula. Principal W. R. Goodrich, of Munising, has been appointed chairman of the upper peninsula district, by the state executive committee. The upper peninsula district is, in turn, divided into three sub-districts, with a sub-district chairman. The district chairman has appointed Superintendent Doole, of Houghton, to take charge of and arrange for a sub-district contest in oratory and declamation among the copper country schools, Calumet, Houghton, Hancock, Atholite Mine and others. Superintendent Davis of Escanaba will

Negaunee Department

MASONS WILL HAVE PLEASANT QUARTERS

HALL IN SECOND STORY OF THE WILLIAMS BLOCK ON EAST IRON STREET WILL BE READY FOR OCCUPANCY ABOUT THE FIRST OF THE MONTH.

The improvements in the second story of the Williams block, which is being remodeled by the Negaunee lodge of the Masonic order, are rapidly nearing completion. Carpenters, decorators and other workmen have been employed there for nearly a month past, and the appearance of the hall and the several rooms connected with it will be entirely changed. The lodge has spared no expense in fitting up the place and it will have not only one of the most convenient but one of the most attractive lodge rooms in the county. Practically all of the work, with the exception of the decorating, also the laying of the hardwood floor in the lodge room, has been finished. The decorators will be employed for eight or ten days longer, but it will be a week or more after they leave before the floor will be finished. The lodge will not be able to take possession until about the first of next month.

The hall has been provided with a steel ceiling; new platforms have been erected, all of the rooms have been re-wired and new lights have been installed. The Tungsten lights are to be used. The main hall will have nine 100-watt lights and eight smaller ones, and about twenty will be used in the other rooms. The large front apartment, facing Iron street, is to be used for a sitting room, and the room leading from the main stairway, and which also has an entrance leading to a dining room. The former large ante-room has been divided into three separate rooms to be used for the paraphernalia, etc. The ceiling of the hall has been painted a light cream color, and the side walls are to be a dark cream. The ceiling of the front room will be cream color and the side walls will be terra-cotta. The hall leading from the main entrance will have leather dado four feet in height from the baseboard. All of the woodwork in the several rooms will be stained mahogany and will harmonize in color with the other decorations. All of the rooms are to be provided with rugs and new furniture is to be purchased. The Blue lodge, Chapter No. 108, Eastern Star will hold about two more meetings in their present quarters in the Kirkwood block before moving to the new place.

The second term of the night school at the Y. M. C. A. will start next Monday evening. The term will last ten weeks, each class meeting once a week, from eight to nine-thirty o'clock. Classes will be formed in reading, civil government of the United States and Michigan, penmanship, telegraphy and arithmetic. Good teachers have been secured for all of these courses. A class in shorthand will also be organized, if there are sufficient applicants. A small tuition will be charged for the term, to defray the expense.

NIGHT SCHOOL AT Y. M. C. A.

The crew on the morning passenger train on the Chicago & Northwestern Railway line reported lower temperatures at various points along the system yesterday than at any previous time in the winter. The agent at Little Lake advised them that their thermometer had registered forty-two below at 6 o'clock. It was twenty-six below at Escanaba at that hour and a message came over the wire to the effect that it was eighteen below at Green Bay. It was reported from Humboldt yesterday that the government thermometer there registered thirty-eight below zero at an early hour. Thermometers in Negaunee registered all the way from twenty-two to twenty-six below. The one at the Breitung House showed twenty-six at 6 o'clock and at 8:30 it was twenty-two below. It was also twenty-two below at the hotel Monday night at 10:30 o'clock. Many Negaunee people are having trouble on account of frozen water pipes. None of the water mains have yet been affected by the frost, but it is feared that there will be trouble from that source soon, if the cold weather continues without a fall of snow.

POPULAR COUPLE MARRIED.

Edward Scanlon of Proctor, Minn., formerly of this city, and Miss Anna Reilly were married yesterday morning at 10 o'clock at St. Paul's church. Rev. Father Lamont performing the ceremony. Following the marriage the bridal party partook of breakfast at the home of the bride's parents, Mr. and Mrs. Jerry Reilly, at the South Jackson location. Both the bride and groom are well-known and popular here. Mr. Scanlon, who has been located in Minnesota, was born and reared in Negaunee, and his bride also spent all of her life in this city. A number of relatives and friends of the contracting parties attended the reception at the bride's home yesterday. The bride and groom were recipients of many wedding gifts. They will reside at Proctor.

FORMER RESIDENT DEAD.

Patrick Langan, who was an early resident of Negaunee, having left here some twenty-five or thirty years ago for the Menominee range, died Saturday at Norway. He had been in poor health and his demise was expected. The deceased was a brother-in-law of Matt the Malloney of this city, who was called to Norway following Mr. Langan's death. The remains are to be brought to Negaunee for interment and are expected here today. For some years, while a resident of Negaunee, the deceased was in the employ of the Chicago & Northwestern Railway company.

LOCAL LACONICS.

Nathaniel Lobb, a former resident, was here Monday from Munising on business. J. R. McDonald, the revenue collector, was here yesterday from the copper country. Lloyd Smith and wife, who were called here on account of the death of his father, the late D. R. Smith, left yesterday for their home in Glenwood, Minn. A delegation of Negaunee theater-goers will attend the musical comedy production, "A Knight for a Day," tomorrow evening at the Ishpeming theater. Special street car service will be provided both going and returning. The Chicago & Northwestern passenger train arriving here yesterday morning was about an hour and a half late, due to the cold weather. It was necessary to rebuild the fire in the locomotive at Stephenson, adding a half hour to the lost time, but after that the engine made steam without difficulty. The management of the Negaunee City band plans to increase the membership to twenty-five between now and spring. New uniforms are to be purchased and the members intend to solicit aid from the citizens. They will also give one or more dances, and possibly another entertainment, to raise funds to apply on the cost of the uniforms. The band is

STARTED PLASTERING.

Interior Work at New High School Building to Be Pushed.

Kropp & Skoglund of Ishpeming, who have the contract for plastering the new Negaunee high school building, started a crew to work yesterday. The lathers will not finish for some days, but they have completed a number of rooms and are far enough ahead of the plasterers to allow the latter to work uninterruptedly until the job is finished. Contractor Chaussee intends to have the carpenters follow the plasterers as closely as possible with the interior mummings. As wood fiber plaster is being used, the carpenters can begin work within a day or two after the plasterers leave a room. The school board met Monday evening. Bids were received from concerns for the hall floor tiling and two of the companies had representatives here. The contract was awarded to Urban M. Gurney of Milwaukee. The letting of the contract for the hardware, including locks, hinges, etc., was deferred. The new heating plant was given a severe test during the cold weather of the past week, and was not found wanting. Some of the radiators are not yet in position in the new building, but in spite of this fact the workmen have not had any occasion to complain of the cold. The Gas street building, which is also heated by the new plant, has been very comfortable.

CAPTAIN EDWARD NINNESS.

Another of Ironwood's pioneer citizens passed away, when Captain Edward Ninness succumbed to dropsy and nephritis being the cause of his death, says the Ironwood News-Record. He had been confined to his bed for about three months, previous to which he had enjoyed fairly good health and was able to get down town. The deceased had been a resident of Ironwood for about twenty-two years, the family residing all of that time on West Aurora street. Mr. Ninness lived at Negaunee for eight years before coming to Ironwood, and had been a resident of the Lake Superior country forty-five years. He arrived in the copper country in 1864, going to Ishpeming a year later, thence to Negaunee. Mr. Ninness was born in Cornwall, England, in April, 1837, and was married there at the age of twenty-two. Of the five children born to the family, two survive—William Ninness, who is a mine foreman for the Mass Mining company of Ontonagon county, and Edwin Ninness of the Cleveland-Cliffs Iron company's general office force at Munising. The remains were taken to Negaunee, the funeral occurring in that city on Tuesday afternoon, burial being by the side of his daughters. Services were conducted at the First M. E. church at Ironwood Monday evening before the departure of the family for Negaunee. A large number of friends attended to pay their last respects to one whom they had respected and known so well in life. The pastor, the Rev. J. W. Balmer, fittingly eulogized the memory of the deceased, and spoke of his uprightness as a citizen and Christian man. Rev. Mr. Balmer accompanied the widow and two sons on their sorrowful journey to the Marquette range. Captain Ninness was a mining man of ability. He learned the business in his native country, and pursued it until advancing years precluded his going underground. He was a foreman at the old Norrie mine in its record-breaking days, and had charge of explorations and mines in Negaunee before coming to the Gogebic range. He was a good citizen and an upright man.

FORTY-TWO BELOW ZERO.

Thermometers at Little Lake Recorded Low Mark Yesterday Morning.

The crew on the morning passenger train on the Chicago & Northwestern Railway line reported lower temperatures at various points along the system yesterday than at any previous time in the winter. The agent at Little Lake advised them that their thermometer had registered forty-two below at 6 o'clock. It was twenty-six below at Escanaba at that hour and a message came over the wire to the effect that it was eighteen below at Green Bay. It was reported from Humboldt yesterday that the government thermometer there registered thirty-eight below zero at an early hour. Thermometers in Negaunee registered all the way from twenty-two to twenty-six below. The one at the Breitung House showed twenty-six at 6 o'clock and at 8:30 it was twenty-two below. It was also twenty-two below at the hotel Monday night at 10:30 o'clock. Many Negaunee people are having trouble on account of frozen water pipes. None of the water mains have yet been affected by the frost, but it is feared that there will be trouble from that source soon, if the cold weather continues without a fall of snow.

TO THE PUBLIC.

My wife, Mrs. Clara Myers, having left my bed and board I shall not under any consideration be responsible for bills contracted by her from and after this date. PETER MYERS. Michigan, Mich., Jan. 8, 1909. (1-9-1w)

WHAT SHALL WE HAVE FOR BREAKFAST?

"Why Cudahy's Peacock ham and eggs of course; they are always acceptable especially at this season of the year." (7-29-0)

CHILDREN!

Vinol is the only preparation of Cod Liver Oil that children will take and which is easily assimilated by their delicate digestive organs. It builds up firm, healthy flesh, and makes little limbs round and plump. Delicate children thrive on it and love to take it.

The body-building and strengthening properties of Cod Liver Oil—but no oil—combined with peptonate of iron, makes Vinol the ideal tonic for delicate children. It tastes good and always does good.

GROWING CHILDREN play hard and work hard. They use up an enormous amount of energy and vitality that needs replacing. Give them Vinol regularly. It keeps them healthy, builds strong bones, sound flesh and muscle and pure rich blood.

SICKLY CHILDREN cannot digest ordinary Cod Liver Oil or Emulsion of Cod Liver Oil on account of their greasy nature and nasty taste. It upsets their delicate little stomachs. Vinol contains all the medicinal value they do and tastes good besides.

DELICATE GIRLS "My 9 year old daughter was weak, pale, and had no appetite. I gave her Vinol, and she began to thrive at once. She gained rapidly in weight, color and strength." — MRS. W. H. GILMORE, Durand, Mich.

"MY TWO CHILDREN, who were puny and ailing, rapidly gained flesh and strength when I began to give them Vinol. I proved that Vinol is a splendid tonic for delicate children." — MRS. C. ALLEN, New Bedford, Mass.

VINOL QUICKLY CURES A COLD AND STOPS A COUGH

WILL PETITION FOR A STATE HOSPITAL

SUCH WAS THE DECISION MADE AT THE TUBERCULOSIS MEETING YESTERDAY.

RESOLUTIONS ARE ADOPTED

Legislature to Be Asked to Establish a Sanitarium for Consumptives in the Upper Peninsula.

The meeting of the upper peninsula association for the prevention and cure of contagious and infectious disease, held at the court house yesterday, was not largely attended, but the gathering was representative of the greater part of the upper peninsula, and a good start was made toward the establishment of a sanitarium for tuberculosis patients in the upper peninsula. Among those present were such men as Dr. W. G. Orr, of Calumet; Sherman T. Handy, Sault Ste. Marie; M. LaBrie, Escanaba; W. H. Gardner, Ontonagon county, and Mr. Wyman, of Alger county. The association is composed of delegates from the boards of supervisors and the county poor physicians of the fifteen counties of the upper peninsula.

By a provision in the new constitution, any county, or association of counties, may, by vote of the supervisors, appropriate money for a tuberculosis sanitarium, but the sentiment at the meeting yesterday was in favor of bringing pressure to bear on the legislature for the establishment of such an institution in the upper peninsula, under the administration and control of the state. The lower peninsula has a tuberculosis hospital at Howell, but it is crowded with patients from below the straits, and, because of its great distance and different climate, is not suitable or available for patients in the northern part of the state.

The county medical societies and anti-tuberculosis societies of northern Michigan are asked to unite with this association in petitioning the legislature to secure the aid of the press in securing a state tuberculosis sanitarium in the upper peninsula to be invoked.

The Resolutions Adopted. Following were the resolutions adopted at the meeting yesterday: Whereas, This association is of the opinion that a sanitarium for the treatment of persons suffering from tuberculosis should be established in the upper peninsula, and,

Whereas, We believe climatic conditions are especially favorable for the treatment of this disease in the upper peninsula, and, especially for patients living in this northern country, and,

Whereas, We believe the state at large should maintain such an institution, therefore, be it

Resolved, That we urge our senators and representatives from the upper peninsula, in the state legislature, to have

a law enacted for the establishment of such an institution at such place as the legislature may designate; if such location cannot be agreed upon, then to be located at such place in the upper peninsula as the state board of health shall determine, and be it further

Resolved, That the several boards of supervisors in the upper peninsula be requested to adopt and forward to their senators and representatives in the state legislature the following resolution, to-wit:

"Resolved, By the board of supervisors of _____ county that we request our senator, Hon. _____ and our representative, Hon. _____ to use all honorable means to have a law enacted at the present session of the Michigan legislature for the establishment and maintenance of a sanitarium for the treatment of persons suffering with tuberculosis in the upper peninsula, at such place as the legislature may designate, if such location can be agreed upon, and in case it cannot be agreed upon, then at such place as the state board of health shall designate, such institution to be maintained by and under the control of the state, and, be it further

Resolved, That the clerk of this board transmit a copy of this resolution to such senator and representative at once," be it further

Resolved, That the anti-tuberculosis leagues and county medical societies of the upper peninsula be requested to adopt resolutions favoring the establishment of a tuberculosis sanitarium in the upper peninsula, and that a copy of said resolutions be forwarded to the legislators representing their respective districts; be it further

Resolved, That Sherman T. Handy be appointed to draft a bill providing for the establishment of a tuberculosis sanitarium in the upper peninsula, and that said bill be introduced in the legislature now in session.

ELECTED OFFICERS
First National Bank Retains Old Corps for Coming Year.

Over three-fourths of the stock was represented at the annual election of officers of the First National bank held yesterday, and the old officers were named for another term, as follows: President, L. G. Kaufman; vice president, Ed. S. Bree; cashier, Charles Brainerd; assistants, W. O. Johnson and O. E. Brown. The First National closed a prosperous year, despite the fact that business generally has been somewhat depressed. The changes in the directorate and official roster of the bank noted were made a few months ago, and were consequent on the death of the late Peter White, who was continuously the president of the bank from the time of its organization until he passed away.

DIRECTOR OF GUILD HALL IN THE CITY

NOW PLANNED TO OPEN THE INSTITUTION TO THE PUBLIC ABOUT FEB. 15—WHAT IS BEING DONE.

H. H. Burdette, who has been engaged as the manager and gymnasium director of the Guild hall, nearing completion under the direction of the vestry of St. Paul's church, has arrived in the city from California, where he has been giving private lessons in gymnasium work for the past year. Mr. Burdette and the Rev. Bates G. Burr were in consultation yesterday regarding the administration and management of the Guild hall project, but have not yet formulated any definite plans of operation.

The hall is now expected to be fully completed in all its departments by Feb. 15, and it is not likely that any part of it will be opened to the public until its final completion. With the exception of the swimming pool and the bowling alley, the hall will be in a fair state of completion by the first of the month. The gymnasium equipment is expected to arrive any day, and will at once be put in place. However, it is not thought best to open the building to the public until all departments are ready for occupancy and use.

In the meantime, Mr. Burdette will busy himself with working out the details of management of the institution and in getting acquainted with the people of the city. The hall will be conducted along much the same lines as the Y. M. C. A., but no religious qualifications will be required of those permitted to share in its privileges. It is thought that a flat membership charge will be made, which will include all the privileges of the hall. This charge will be made as low as possible consistent with the expense of maintaining the institution.

Mr. Burdette said yesterday that his idea in connection with the gymnasium work would be to have classes at stated hours for business men, young men, boys, ladies and girls. The business men's class will be conducted with the idea of healthful exercise in view, while the younger men will be taught the more active and difficult feats of gymnasium work. Classes in boxing, fencing and swimming will also be conducted.

Mr. Burdette is exceptionally well fitted for his work, having been manager of the People's Palace gymnasium and club in London, and also of the gymnasium at Oxford University. He is a native of Massachusetts, but has spent the greater part of his life in England. Mrs. Burdette is also in the city.

The vestry of St. Paul's church has appointed the following board of managers for the Guild hall: H. R. Harris, H. H. Williams, A. E. Miller, F. G. Jenks, Morgan W. Jupp, Philip B. Spear and P. W. Phelps.

All doctors and trained nurses recommend Vandenberg's bottled milk for infants and patients because they know the goods are right. (12-29-2w)
