

WILL BUILD HOUSES FOR THE HOMELESS

United States Government Will Undertake an Innovation in Relief Work in Aiding the Earthquake Sufferers in Italy.

Realizing the Great Need Will Be Shelter from the Elements, the President Decides to Expend Approximately \$500,000 in Erecting Substantial Cottages, and the First Steamers With Building Materials Will Sail Today for the Stricken Land.

Washington, Jan. 17.—An innovation in international relief measures, as far as Europe is concerned, is to be undertaken by the American government in expending the \$500,000 in money appropriated by congress for the Italian earthquake sufferers.

Verbal instructions were given by President Roosevelt to Secretary Navy whereby the machinery of the navy department was enlisted in the prosecution of the plan.

The navy department has arranged for the expenditure approximately of \$500,000 in the purchase of building materials for the construction of substantial frame houses for the Italian sufferers, and shipments will begin by the sailing of two steamers probably Monday.

The civilian carpenters will be secured from the eligible list of the navy yards. The subscriptions to the Red Cross fund now aggregate \$825,000.

Bodies of the Chesny Found. Washington, Jan. 17.—Captain Bowler, of the Illinois coast guard, called the navy department yesterday from Consul Arthur S. Chesny and Mrs. Chesny had been found in the ruins of the American consulate by sailors from the Illinois.

Rome, Jan. 17.—Major Landis, American military attaché, speaking of the finding of the bodies of Consul Chesny and his wife, said the sailors of the Illinois were indefatigable in their efforts, working from early morning until afternoon, when they had succeeded in recovering the ruins of the consulate.

Messina Dead Number 50,000. Messina, Jan. 17.—American Vice Consul Lupton estimates that as a result of the earthquake 50,000 persons were killed in Messina alone.

NO RIVER AND HARBOR BILL. Washington, Jan. 17.—The house committee on rivers and harbors yesterday voted against a general appropriation bill for river and harbor improvements.

FLAMES DEVOUR BALLOONS. Omaha, Neb., Jan. 17.—A fire which started in the government supply building at Fort Omaha destroyed the building and contents. The loss is \$150,000.

CALL FOR PARTY CAUCUS REVOKED AT SPRINGFIELD

No Meeting of the Kind Is Necessary, Says Senator Hopkins, Since He Is the "Duly Accredited G. O. P. Candidate."

Springfield, Ills., Jan. 17.—Shortly before midnight tonight it was definitely decided not to issue a call for a caucus of the Republican members of the legislature Monday night, and it is now expected that there will be no caucus unless certain legislators who arrive tomorrow will agree on such a meeting.

Lieutenant Governor Resigns. Springfield, Ills., Jan. 17.—On the eve of the expiration of his term as lieutenant governor, Lawrence W. Sherman tonight sent his resignation to the governor.

Taft Not Mixing Up in Oregon Fight. Augusta, Ga., Jan. 17.—The statement is authorized by Mr. Taft that he has authority to represent the president-elect in taking any attitude whatever regarding the senatorial situation in Oregon.

MR. TAFT DISCUSSES THE NEGRO PROBLEM

He Addresses a Big Gathering of Y. M. C. A. Colored Men at Augusta and Praises the Work They Are Doing.

Augusta, Ga., Jan. 17.—Introduced to a big audience of colored men, the president-elect, today as "America's great statesman, our inchoate king, for whom we wish a successful administration and a second term."

Mr. Taft arrived here from Atlanta this morning. He did not meet John D. Rockefeller, who is at the Bonair Hotel. E. H. Harriman is expected here tomorrow.

PRESIDENT ROOSEVELT LAUDS SONS OF THE EMERALD ISLE. He Had a Strain of Irish Blood in His Veins and Is Proud of It.

Washington, Jan. 17.—President Roosevelt, who boasts of having a strain of Irish blood in his veins, paid a tribute to that nationality when he declared to members of the American-Irish Historical society who were received at the White House that the sons of Ireland have played an important role in the affairs of the American nation.

HOT "DRY" FIGHT IN TEXAS. Legislature About Evenly Divided on Proposed Prohibition Amendment.

Waco, Tex., Jan. 17.—Interest centers in the question of what the legislature will do with the proposition to submit to the voters a constitutional amendment providing for state-wide prohibition.

MICHIGAN LOSES DEBATE. Ann Arbor, Mich., Jan. 17.—The University of Chicago debating team won from the University of Michigan last night.

GOVERNMENT NOT THE REAL PLAINTIFF

It Is Some Individual Who Is to Proceed Against the Newspapers Which Published the Panama Canal Deal Charges.

This Development an Interesting Sequel to the Sensational Announcement That Subpoenas Have Been Served Upon New York World and Other Correspondents, Summoning Them Before Grand Jury—Just Who Complainant Is, Is Not Known.

Washington, Jan. 17.—The latest and most interesting suggestion regarding the sensational developments of yesterday, involving the service of subpoenas upon a number of newspapers in this city elsewhere in connection with the Panama canal charges, is that an individual, and not the United States government, is the real plaintiff in the case.

WALL STREET THINKS THE MOVE A "BLUFF" E. H. Harriman's Reported Aggression in Colorado Thought Designed to Force the Hill Interests Into a Traffic Agreement

New York, Jan. 17.—"Harriman is bluffing Hill." This is the way Wall Street looks upon the announcement that E. H. Harriman has ordered the engineering department of the Union Pacific railroad to throw a thousand laborers into the field in northern Colorado to begin paralyzing the Colorado & Southern railroad, recently purchased by J. J. Hill.

WEATHER FORECAST

Washington, Jan. 17.—The following is the weather bureau's forecast for Upper Michigan: Fair and warmer, Monday; Tuesday, increasing cloudiness, with probably snow.

WILL FIGHT TO THE FINISH. Hat Manufacturers' Directorate Declares for the Open Shop.

New York, Jan. 17.—An open shop and a fight to the finish was the declaration of the Hat Manufacturers' association at a meeting here today.

JUDGE STONE HAS STRONG SUPPORT

His Prospects for the Nomination for Supreme Court Justice Look Very Good Indeed, Reports a Lansing Correspondent.

Lansing, Mich., Jan. 17.—[Special.]—With the administration support apparently behind Judge John W. Stone of Marquette, that jurist's chances for landing the nomination for supreme court justice to succeed Judge Grant at the Republican convention to be held Feb. 12 at Grand Rapids look very good indeed.

"Dick" Flannigan Helping. Richard C. Flannigan of Iron Mountain has brought another strong element of help to Judge Stone, in his friendship in the constitutional convention.

AWFUL CRIME ENACTED AT SEATTLE, WASHINGTON

Attorney W. L. Seelye, Wife and Daughter Are Found Slain, Victims, It Is Thought, of the Man's Sudden Insanity.

Seattle, Wash., Jan. 17.—W. L. Seelye, an attorney, former national bank examiner for Illinois under Comptroller of the Currency Eccles; his wife, Mrs. Kate M. Seelye, and daughter, Miss Rene Seelye, a student at the University of Washington, were found dead in the bath room of their home today.

MAN KILLED AT MILWAUKEE; IS SUICIDE, SAYS WIFE.

Milwaukee, Wis., Jan. 17.—Otto Lundstrom, formerly of Peoria, was shot and killed this evening. It was stated that he committed suicide. Lundstrom was shot four times, and his hands were covered with powder burns.

BROOKS "GETS EVEN" AND THREE ARE DEAD

To Right a Grievance, Iowa Blacksmith Uses a Rifle—Kills Two Persons, Wounds a Third and Then Commits Suicide.

Pleasanton, Ia., Jan. 17.—After shooting and killing two persons and wounding a third, John Brooks, a blacksmith, near here, turned the weapon upon himself, and died as a result of the wound.

IOWA RESTAURANT KEEPER MURDERED BY A ROBBER.

Union, Ia., Jan. 17.—While getting money to hand to a robber, Restaurant Keeper Trimball was shot twice through the head last night and was killed.

SERIOUSLY WOUNDS WIFE; KILLS SON AND HIMSELF.

Fairmont, W. Va., Jan. 17.—Henry Pyles, a miner of Shimston, W. Va., today struck his wife with a pick, seriously injuring her; killed his son, Samuel, aged twenty-six, and then blew out his brains.

HAND SLOWLY GROUND OFF; NEENAH MAN'S EXPERIENCE.

Neenah, Wis., Jan. 17.—While grinding a chisel on a stone operated by power, William Hess, a carpenter, under went the agonizing experience of having his left hand slowly ground to a pulp when the chisel slipped.

GIRL STUDENTS RESCUED BY MEANS OF LADDERS.

Frankfort, Mich., Jan. 17.—Several young women students narrowly escaped early today, when the dormitory of Benzonia college at Benzonia, Mich., burned. The students were rescued by ladders.

MINE OPERATORS EXONERATED.

Bluffton, W. Va., Jan. 17.—The coroner's jury rendered its verdict today in the case of the deaths of sixty-five men killed in the Lack Branch mine explosion last Tuesday.

NEW YORK, JAN. 17.—General George von Schack, United States army, retired, died suddenly at his home here today. He was eighty-two years old.

BLUNDER COSTS THE LIVES OF MANY

Twenty Persons Are Killed in a Head-On Collision on the Denver & Rio Grande Railroad Near Glenwood Springs, Colorado.

Thirty Others Are Injured, and Probably Ten or Twelve of Them Will Die—Engineer Misreading His Watch, It Is Stated, a Passenger Train Runs Past a Station Where Ordered to Wait and Crashes Into a Double-Headed Freight.

Glenwood Springs, Colo., Jan. 17.—At least twenty persons were killed and thirty injured, many of them seriously, in the collision between westbound passenger train No. 5 and an eastbound freight train No. 5 and an eastbound passenger train between Detsero and Spruce Creek, twenty-two miles from Glenwood Springs.

THE IDENTIFIED DEAD WERE: J. D. Mahon, Princeton, Ind.; A. A. Hamilton, Polo, Ill.; W. C. Kettle, Astabula, O.; Mrs. Mattie E. Zell, Williston, N. D.; G. W. Olsson, St. Louis; Dr. Arvilla A. Olson, either from Hildreth, Neb., or Astell, Neb.; Rev. R. L. Melley, either from Brooklyn, N. Y., or Mechanicsburg, Pa.; Clarence A. Gooding, Washington; John Williams, Clark, Neb.; J. C. Davis, Davis, Colo.; Henry Duane, St. Louis; Arthur Williams, Des Moines, Ia.

THE UNIDENTIFIED DEAD WERE: a twelve-year-old boy; eight-year-old girl; ten-year-old girl; ten-year-old boy; six-year-old girl, and four women. No persons from Michigan or Wisconsin are among the injured, some ten or twelve of whom, it is feared, will die.

THE OFFICIAL STATEMENT AS TO THE CAUSE OF THE disaster says that the passenger train had orders to wait at Detsero for the freight, and failed to do so. The responsibility, it is stated, "rested with the engineer and conductor of train No. 5 (the passenger), both of whom are old employes, having been in the service of the company since 1887."

Another case was the destruction of an entire family, with the exception of an infant of three months. This helpless child was taken care of by a family at Shohone, who intend to adopt it. One of the remarkable incidents of the wreck was the miraculous escape from the ill-fated chair car of Mr. Stall of Pueblo, Colo. Stall escaped without a scratch, but soon afterwards suffered a severe nervous shock and is tonight on the verge of a nervous collapse.

Another heart-breaking case was enacted when kind hands gently lifted a four-year-old girl from the death clasp of her mother's arms. Near by lay the body of her father, and on every side were lifeless bodies—victims of the disaster. The body of a woman was found lying a dozen yards from the wreckage close to the banks of the Grand river, both arms missing and otherwise horribly mangled.

Chair Car a Death Trap. Train No. 5 was made up of an engine, a baggage car, a smoking car, a chair car, a tourist sleeper and a full complement of standard coaches and dining cars. The locomotive was piled up on end and joined together as one piece of mechanism. Their wheels rolled down into the Grand river and pieces of machinery were scattered all over the scene of the wreck. The smoking car was only partly derailed, while the chair car, immediately following, was completely telescoped by the tourist sleeper.

None of the standard sleepers left the track and no persons were killed or injured in these cars, most of the dead and injured being removed from the ruins of the chair car, which was split completely in two.

THIRTY CASES SETTLED. \$750 to Be Paid for Each Death in the Iroquois Theater Fire.

Chicago, Jan. 17.—The fact was made public today that after five years of litigation, settlements have been made in the cases of thirty deaths caused by the Iroquois theater fire. It is stated that \$750 a case is to be paid by one of the firms responsible for the construction of the theater. Many other suits against firms and individuals interested in the theater are still pending.

GEN. SCHACK DIES SUDDENLY. New York, Jan. 17.—General George von Schack, United States army, retired, died suddenly at his home here today. He was eighty-two years old.

NEW YORK, JAN. 17.—General George von Schack, United States army, retired, died suddenly at his home here today. He was eighty-two years old.

Associated Press dispatches and is especially
devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES:
Per month, by mail.....\$1.00
Per year, by mail.....\$10.00
MARQUETTE, MICH., JAN. 18.

Entered as mail matter of the second class
in the postoffice at Marquette, Mich.

Can a congressman be governor too?
Even if he can, isn't it a little bit pig-
pish of him?

It will now be seen how the legisla-
tors regard the proposition to brand
and tag their dear friends, the lobby-
ists.

The Battle Creek, Mich., man who
failed with liabilities of \$163,792, and
no assets, must have a winning way.
Otherwise his creditors would not have
held off so long.

The new regulation of the postoffice
department that postoffice employees
will be promoted on their merits has as
its corollary that they will be discharged
on their demerits.

There's no doubt about it at all. If
Lake Superior is made a storage reser-
voir for the benefit of the lower lakes
the water power business at the Soo will
be given a mighty black eye.

The attention of the short session is
being unequally divided between the ap-
propriation bills and castigation of the
president. Isn't it a crying shame that
congress has to waste any of its valuable
time on the appropriation bills?

The gallant Representative Colby of
Detroit is said to have concealed about
his person a bill for woman suffrage in
Michigan, which he will spring when the
time is right. The representative has
not, however, acknowledged the soft
impeachment.

The 40 per cent clause is doomed. It
doesn't amount to much anyway. It
failed of the purpose for which it was
inserted in the direct nomination
statute in the primary last September.
Even the "Old Guard" will doubtless be
willing to see it go into the discard.

We are officially notified by our bro-
kers that the boom in coppers has been
somewhat delayed by the failure of gen-
eral business to go ahead as fast as it
was expected it would, but that it will
be along not later than March. There-
fore it is in order to advise all patient
holders who have been holding for the
past two years or more to hold a little
bit longer.

Speaker Campbell says that the jun-
kers of 1909 will have to be content
with their actual expenses. The ten
cents per mile allowance will be cut off,
and all moneys voted will be carefully
scanned to see that no unwarranted
claims are allowed. Speaker Campbell
desires to avoid any aftermath of grand
jury indictments to reflect on the legis-
lature of 1909-'10.

The Houghton Gazette opines that the
people are with the president, and that
they believe that, in the main, he has
been right through all of the recent con-
tentions. Just so. The president so far
has a lead pipe cinch on the support
of the rank and file, and he will hardly
break it in the short period remaining
of his term.

One view of the candidacy of Judge
Perkins for the supreme bench, to suc-
ceed Justice Grant, is that his friends
are not particularly expectant of land-
ing him this time, but desire to put him
in line for the promotion another year.
They will make the best showing they
can at the state convention next month,
but it is said that many of them pri-
vately admit that they expect the nomi-
nation to go to the upper peninsula can-
didate, Hon. J. W. Stone.

With returns from only two counties,
Dickinson and Luce, missing, the federal
biological survey estimates that the
slaughter of deer in the upper peninsula
last fall amounted to over 6,500. And
it was an off season, too, with conditions
in the woods all against the hunters. At
this rate, and with their territory for
ranging being steadily reduced, how
long will the deer last? Let the sports-
men who are framing up plans for game
law revision ponder the question.

The Michigan railroads and other prop-
erty coming under the jurisdiction of the
state board of assessors, including ex-
press companies and car companies, will
this year pay taxes on a valuation of

\$211,968,250, compared with a valuation
of \$209,404,300 last year. The valuations
for the railroads proper are \$208,967,000
for 1908, compared with \$207,130,500 in
1907. The average rate of taxation is
raised from \$17.622 in 1907 to \$18.008
for 1908. The result of the increased
valuation and the higher rate will be
the payment of more taxes by the rail-
roads than in the previous year, but the
increases will not be so large but that
all the roads can stand them without
being embarrassed.

Admiral Evans, Admiral Dewey and
Admiral Sperry all are on record as giv-
ing the heartiest endorsement of Presi-
dent Roosevelt's order removing the ma-
rines from the warships. Evans, Dewey,
Sperry—they ought to know something
about the needs of the navy and the
value of the marines. And they do,
too. The house committee on naval af-
fairs, with its extensive experience on
land, cannot, however, be expected to
heed the views of this trio of high naval
officers, and others, if it do so would
stand in the way of taking a backhand-
ed slap at President Roosevelt. It is
the order of congress' day in Washing-
ton just now to make everything second-
ary to the organized campaign for "tak-
ing it out of" the executive.

Senator Collins has heeded Senator
Dickinson to the mark with a revised
primary measure. He had been work-
ing on his bill two months, and intro-
duced it last Thursday, whereas Senator
Dickinson's bill will not be ready for
some additional time. It appears that
the Collins bill covers nearly all the
points that it is expected will be in-
cluded in the Dickinson bill. It pro-
vides for the elimination of the 40 per cent
clause of the present statute; makes
primary nominations mandatory for all
parties in all political divisions; pro-
vides for state conventions for the nomi-
nation of minor state officials and pro-
vides for an earlier enrollment day. It
was expected that the Dickinson bill
would be the administration measure,
but Governor Warner will not oppose
any bill in favor of any other. He says
he does not care what measure passes,
as long as it is a good one. The state
will take exactly the same view of the
matter.

Sportsmen generally in Michigan favor
changing the trout season from April
15—Aug. 15 to May 1—Sept. 1. Copper
country disciples of Walton are included
among those who hope the legislature
will pass such an amendment, says the
Calumet News. They advance the argu-
ment that April 15 is too early for fish-
ing in this north country and in this
they are right. There appears to be
doubt only as to the advisability of
lengthening the season to Sept. 1. Trout
are on their way to the spawning beds
the latter part of August and if caught
then thousands of fish eggs are destroyed
to the detriment of the sport in the fu-
ture. However, there are fishermen who
claim, and who say they can furnish
proof if necessary, that trout are not
easily caught the latter part of August,
that the fish are leggy and are not at-
tracted either by bait or flies. Very few
large catches, they say, are made at that
time. But this argument raises another
question. Why extend the season to
Sept. 1 if the last fifteen days' fishing is
poor?

The Ishpeming Iron Ore shows in its
current issue that it is not in sympathy
with the proposal to decrease the
measure of protection that the present
game laws throw about the brook trout.
"Trout under seven inches should not
be taken," it says. "We fought that
point all out several years ago. The
seven inch law is a good one. If the
law says six inches the sportsmen will
be taking fish of five inches. Stop the
late trout fishing. Fish heavy with
spawn congregate in spawning beds in
the fall, and can easily be taken. That's
just the time we should protect them."
The Iron Ore takes the radical stand
that the shooting of deer in the upper
peninsula should be stopped for a period
of five years. There will doubtless be
an outcry at this suggestion, or would
be if it was embodied in the form of a
bill that was presented in the legisla-
ture. At the same time it is refreshing
to find some papers so zealous on the
score of a liberal measure of protec-
tion for the game, when there is going
up a demand that the scanty protection
that it now enjoys be lessened. We
hope the utterance of the Iron Ore on
the subject, and similar utterances by
other papers, will be brought to the at-
tention of the game law committees of
the legislature.

The Soo News regards the Lorimer bill,
dealing with the water power situation
in the Lock City, as one of great menace
to its interests. "Once let congress es-
tablish the precedent that Lake Superior
is to be used as a reservoir, to store up
water during the high water season, in
order to increase the lower lake levels
during the low water season, and," it
says, "the utility of the discharge of wa-
ter from Lake Superior at this point for
water power purposes is destroyed. Such
a use of Lake Superior as a reservoir
necessarily involves an intermittent or
interrupted flow, and intermittent flow
of water for all practical purposes is ut-
terly useless for the development of wa-
ter power. It is obvious that no big
concern will establish an industry here,
which may at any time be left without
power because the use of Lake Superior
as a reservoir requires at any time the
reduction of the flow. To put the mat-
ter still more plainly, any water power

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Louisville, Ky.—"Lydia E. Pinkham's Vegetable Compound has certainly done me a world of good and I cannot praise it enough. I suffered from irregularities, dizziness, nervousness, and a severe female trouble. Lydia E. Pinkham's Vegetable Compound has restored me to perfect health and kept me from the operating table. I will never be without this medicine in the house."—Mrs. SAM'L LEE, 3523 Fourth St., Louisville, Ky.

Another Operation Avoided.
Adrian, Ga.—"I suffered untold misery from female troubles, and my doctor said an operation was my only chance, and I dreaded it almost as much as death. Lydia E. Pinkham's Vegetable Compound completely cured me without an operation."—LENA V. HENRY, R. F. D. 3.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for every distressing feminine ailment from which so many women suffer.

which is liable to be in use nine months in the year, and out of use three months, will utterly fail to attract a single user of any size. This must be so, and to us it is so obvious, that we cannot understand how any thoughtful man can escape this conclusion. The menace which inheres in the Lorimer bill is the establishment of the principle that Lake Superior is to be used as a reservoir for projects of any kind whatsoever in the lower lakes."

ANOTHER FROM WAYNE.
The Mining Journal recently published a strong endorsement of the candidacy of Judge Stone for the supreme bench by the Detroit Free Press. Here's another from Wayne, by the Detroit News, no less strong:

Two nominations for justices of the supreme court of Michigan were made at the spring convention at Grand Rapids to succeed Charles A. Blair and Claudius B. Grant, whose terms expire. Justice Grant is not a candidate for re-nomination and as he was appointed from the Twenty-fifth judicial circuit, which includes Muskegon, Delta, Iron and Menominee counties, that district would like to name his successor. The mining interest is one of the most important of the state. It is frequently in court and it is desirable that the supreme bench shall have at least one member who has intimate knowledge of that interest and familiarity with the mining litigation of the past.

Judge John W. Stone, of Marquette, is urged for the succession. For eight-
een years he has presided over the circuit from which Justice Grant was promoted. During that time he has had much to do with mining cases, and his experience has given him peculiar fitness. Judge Stone is a man of admirable character. He was formerly a resident of Grand Rapids, where he still has many strong friends. His standing with the bench and bar is very high, and he is generally recognized as a man who will add strength to the higher court. The fact that the convention will be held in his old home town, coupled with his support by many of the foremost attorneys of the state, ought to insure his nomination and election. Justice Blair is, of course, entitled to a re-nomination.

It's these newspaper straws that show the way the wind is blowing, and judging from the comment of the Wayne county press there's little doubt that the Wayne delegation will vote for Judge Stone. Put it with the solid upper peninsula delegation, and the nomination will be within reach. There should not, and will not, be difficulty about rounding up the remaining votes necessary to give a majority in the convention.

We write this on the premise that there will be a contest in the convention. Some Lansing wisacres, however, are predicting that the situation will shape itself in such a way that Judge Stone will be the unanimous nominee of the convention on the first ballot, they expressing a belief that the other candidates to succeed Justice Grant will withdraw before the delegates assemble.

Whether this prediction be warranted or not, certain it is that the situation is shaping itself in a manner that is gratifying to the friends of Judge Stone, and must be pleasing to that gentleman himself. Two things, in particular, are bringing the lower state counties into line for the upper peninsula candidate. One is a feeling that as the supreme court really needs at least one jurist having intimate acquaintance with the peculiar classes of cases that have their origin in this region. The other is the widespread confidence in Judge Stone's ability and integrity.

THE NAMES OF DOGS.
Spaniels were so called because the original breed of this type came from Spain. The Blenheim spaniel got his name from Blenheim Palace, where this dog first gained popularity in the time of the great Duke of Marlborough. In the same way the King Charles spaniel owes its name to the Merry Monarch. Fox terriers did not gain their names from a likeness to the fox, but from the fact that, formerly they were used in hunting foxes. Many years ago they were sent by their masters down the fox's burrows to draw and kill their quarry. It was in those days a saying that a good fox terrier never came out of a burrow without a fox. He either brought out his prey dead or never came out alive himself. The bulldog used to drive cattle and was trained to meet the rushes of his enormous charges by gripping them in their most vulnerable spot—the nose. Thus in time he became known as the bulldog. The dachshund is a German dog, and, as his name indicates when translated, was used for hunting badgers. Hence his name—badger dog. Among hunters in the fatherland this breed is still popular, although as a rule they are now too delicate to face such a ferocious fighter as the badger. Spitz dogs are so named owing to their sharp noses. This is also a German name, spitz, meaning sharp pointed. Another name for this breed is Delimitation dog, because his native home was in Dalmatia.—Chicago News.

"Let us have some Codahy Peacock bacon and calves liver for supper mamma," say young and old. (7-29-0)

AN ORDINANCE.
An ordinance regulating and limiting the number of saloons.
The City of Marquette ordains:
Sec. 1. Within the meaning of this ordinance, a saloon shall be deemed to be any place where spirituous, intoxicating, malt, brewed, fermented or vinous liquors are sold as a beverage; the business of keeping such a place shall be deemed the saloon business, and the keeper of any such place shall be deemed a saloonkeeper.
Sec. 2. No person shall hereafter keep or be engaged, directly or indirectly, in keeping more than one saloon at a time in said city.
Sec. 3. The number of saloons in this city shall be limited to and shall not exceed twenty-five while the population of said city does not exceed thirteen thousand, as shown by the state or federal census, and when such population exceeds thirteen thousand the number of saloons in this city shall be limited to and shall not exceed twenty-five and one additional thereto for each five hundred of the population of said city, or ninety-three, in excess of thirteen thousand, as shown by such census. Such limitation shall go into effect only and as soon as the number of saloons in this city kept at that time by persons who are now and shall have been continuously engaged in such business in this city shall have been reduced to or less than the number of saloons named in the limitation aforesaid.
Sec. 4. Until the limitation aforesaid is in effect the bond of no person as a saloon keeper shall be presented for approval to the common council, or

Copper Country

EXPLOSION AT SOUTH RANGE.

The acetylene gas plant which was placed in operation just a few weeks ago in South Range was wholly demolished and considerable property in the village was damaged by an explosion which awakened the entire district early Saturday morning. No lives were lost and no one suffered injury. The cause of the explosion is not known.

Among those who suffered losses and the approximate amount of their losses are: Utli Bros. & Co., store, \$5,000; Sakris Okildin, \$300; the gas plant, \$3,000; Bosh Brewing company, \$1,000; E. and A. Andreani, \$200; Santori & Paoli, \$200; August Korpi, \$50; Peter Romano, \$100; Pera & Bianchi, \$75; Berman Gundlach, \$150; South Range bank, \$25. The Utli Bros. store, which heaviest damage. The entire rear wall of the building was blown down. Parts of the walls of the brewing company's building were torn down by the force of the blast, and through the entire village panes of glass were smashed and in distant houses pieces of furniture were knocked about. The residents of the district awakened with the fear that some dreadful mine disaster had occurred.

The gas plant was the property of a stock company formed about two years ago. Its history has been somewhat troubled. About a year ago when the service was about to be established an explosion occurred and caused some loss, though not of any great extent. New equipment had recently been installed and the plant placed in active operation but a short time ago. Albert Langenback was the heaviest stockholder in the company.

Hundreds of people visited the scene of the explosion yesterday. The structure in which the plant was located was of cement, with walls a foot thick. These were blown to pieces. William Michaelson, who was in charge of the plant, says that everything was in its usual condition when he left for his home the night before.

WORK ON CHURCH FINISHED.

Arrangements being made for Dedication of Presbyterian Edifice.

The new Presbyterian church in Houghton is now practically finished, and the dedication services will be held either Jan. 21 or Feb. 7. Seats have not yet been installed, but are now on the way, and if they arrive in time the dedication will take place on the earlier date.

The building is of golden red brick and Gothic entry windows. The two colors harmonizing admirably, and the Gothic architectural design of the structure is of striking beauty. The main auditorium is forty by sixty feet, with seats arranged in a semi-circle. All of the windows of stained glass, which were donated by individuals and agents of the firm, have been put in place. The furniture and interior finish are of polished oak. The floor is hardwood, laid on an incline of eighteen inches in forty feet. Beneath the auditorium, in the basement, the stage is divided into music, drama, library and furnace recesses. The seating capacity of the church is three hundred. The entrance from College avenue leads to the auditorium through a vestibule, from which also the basement rooms may be entered.

The main stained window was donated by Rev. Daniel Stalker of Calumet and the two smaller stained windows are in memory of C. Maclean and D. McKim. Other windows were donated by the Sunday school, the Ladies' Aid society, C. Tulonen, the McCarty family, V. P. S. C. T., Samuel Quinn, Rev. William Bryant, Rev. John M. Linn, Mrs. Alice Moss and St. Clair Wilson. Two other windows are in memory of Ruth and Stanley Moss.

TRIPS TO IRON COUNTRY.

The management of the indoor baseball team of Negaunee has extended a challenge to the Houghton team of the Hancock league and it is likely that a trip to the iron country will be arranged by the Hancock players. In the communication to the Negaunee team it is stated that the Negaunee team is anxious to meet a number of the Hancock league teams and the Houghton team also would like to arrange games with teams of coppers. No definite action has yet been taken upon the matter of trips to the iron country. Last Friday night the Eagles played the Knights of Columbus and won by the score of twelve to ten. Tomorrow night the Modern Brotherhood of America will play the Elks and the Naval Reserves will play the Knights of Columbus.

YOUTHS ARRESTED.
Two Lake Linden Boys Are to Be Tried Upon Charges of Burglary.
Ernest Kilmer and Harrison Bennett, two Lake Linden youths, are to be tried upon charges of burglary. They are now at liberty under bonds of \$1,000. The two boys were arrested by Deputy Sheriff Vivian a few hours after the discovery was made that the Copper Range office at Lake Linden had been robbed. The police say that Kilmer has confessed he is guilty, and they are holding a marked fifty-cent piece that was taken from the office till and said to have been found on Kilmer's person.

Agent Roche found that the office had been robbed when he went to work Saturday morning. A door had been forced open and the agent's desk was broken open. The office has been robbed of small sums upon several former occasions.

All of the money that was taken Friday night except a small sum was recovered.

HENNES STORE ROBBED.
With a number of cartridges and several keys as clues, the police of Houghton are endeavoring to fix the responsibility for burglary that was committed at the Hennes store Friday morning. The cartridges and keys were found near the window through which the robber entered the store. The window, which faced Portage lake, had been broken open. The exact amount of the loss is not yet known, but it is not thought to be considerable. The small size of the window through which the person climbed when getting into the store leads the police to believe that the robbery was committed by a boy.

While visiting at the home of his sister, Mrs. A. G. Mook, of Lake Linden, John MacKenzie of Biwabik, Minn., became ill and died Saturday afternoon. He arrived in the copper country about two weeks ago and had been in ill health ever since. Mr. MacKenzie was a native of Canada and was born at Kinross, he was forty-six years old and was a member of the Fraternal Order of Eagles of Eveleth, Minn. He is survived by his parents and a number of brothers and sisters.

FATHER OF THIRTEEN CHILDREN.
The funeral of Fabian Posse of Kearsarge, who was killed Thursday afternoon when he fell through a trap door in the barn at his home, was held yesterday afternoon. The services were at St. Anne's French church at Calumet and the interment was in Lake View cemetery. Father Boissonneault officiated. Mr. Posse was sixty-four years old and had lived in the copper country many years. He was the father of thirteen children, five of whom survive him.

The McHale and Houghton hockey teams are to play at the Houghton Amphitheatre this evening. It will be the first meeting this season between the teams. At the palestra Friday night Hancock defeated Laurium by the score of five to four in a fast game.

COPPERDOM BREVITIES.
The fourteen-month-old son of George Voss of Ahmeek died last week.
A son has been born to Mr. and Mrs. J. H. Michaelson of Calumet.
Oscar Turner of St. Paul is paying a visit to friends in Hancock.
A daughter has been born to Mr. and Mrs. W. L. Stannard of Calumet.
A daughter has been born to Professor and Mrs. E. D. Grant of East Houghton.
M. E. O'Brien of Laurium has returned from a business trip to points in the East.
T. E. McGuffey of Houghton has gone to Blynn, Wash., and intends to locate there.
Mr. and Mrs. C. I. Bashore of Laurium have returned from a visit at Mass City.
James Wiggins and Dan S. Harrington of Calumet have gone to Chicago on business.
Mrs. Frank Kaiser and sister, Mrs. John Murren, of Lake Linden, left yesterday for Denver.
The Royal Crown Prince Hussar band of Sweden has cancelled its engagement in the copper country.
Mr. and Mrs. Ben Donnelly of St. Paul are in Hancock visiting at the home of George Donnelly.
Richard and Miss Lizzie Hodge of Hancock leave shortly for McGill, Nev., where they intend to locate.
Sam Etlinger of Calumet left yesterday for New York and from there he will go to Cornwall, to visit relatives.
A concert and dramatic entertainment were given at the Calumet theater last night by the Finnish Glee club.
Miss Mary Bisson of Lake Linden, who underwent an operation for appendicitis at St. Joseph's hospital, Hancock, is recovering.
Ed P. Bast, assistant cashier at the Laurium State Savings bank, has returned from a visit with friends at Louisville, Ky.
Tom Kennedy of Chicago is paying a visit to relatives in Calumet. He will leave shortly for Oregon, where he intends to locate.
Albert Stevens of Laurium has gone to Duluth, and from there will go West, where he will visit for some time before returning home.
The Laurium M. E. church Sunday school has a membership of six hundred, and the teachers are engaged in the work number thirty.
A pinocle and pedro party and a dance are to be given by the Laurium Maceobes at the First National bank hall tomorrow night.
Arrangements are being made to bring a basketball team from Norway, Mich., to the copper country. A number of games will be played.
Mrs. John H. Richards of Hurontown, who has been suffering an attack of

And the School-boy with his Bread and Butter

After all—there's nothing quite so good as bread and butter. It is food. Food for the brain and food for the body. And the better the butter the healthier will be the person who eats it.

Silver Creek Creamery
Pasteurized Butter

has that smooth, delicious taste. Remember how we wanted butter when we came from school? Spread on thick. Now even grown folks want butter spread on thick. It must be Silver Creek Creamery's Pasteurized Butter—the healthful butter. Sold by all grocers in one pound prints wrapped in parchment paper. Your grocer can get it for you if he hasn't it now.

Ripon Produce Co.
Ripon, Wis.

Mining News

COPPER PRODUCERS' ASSOCIATION.
At a meeting in New York last week the organizing of the Copper Producers' Association was perfected. The formation of this association is regarded as one of the most important developments of recent years in the copper industry. Colonel F. L. Livermore, of the Calumet & Hecla company, was chosen chairman. A secretary was agreed upon who will have charge of all of the statistics, but it is not absolutely certain whether or not he will accept the position. The chances favor acceptance, however, and to him alone will all the copper producers report figures of output and stocks on hand. The secretary, whose names, for business reasons, is withheld for a short time, is a man of long experience in dealing with copper statistics, and is one in whom all the producers have the highest confidence. He has, for years been prominently identified with the United States Geological survey. An executive committee was chosen, composed of Mr. Livermore, J. C. Ellis, and Messrs. Houghton, of the United Metals Selling company, MacLean, of Phelps, Dodge & Co., and Clendenin, of the American Smelting & Refining company.

Fully 90 per cent. if not more, of the copper producing interests in this country are cooperating in the organization of the Copper Producers' association. At the start, efforts will be made only to secure statistics covering the output and stocks of copper on hand and these will be published monthly. Beginning the middle of February, it is probable that the first time in many years, official figures will be publicly available showing the amount of accumulated supplies on hand and the amount of stock in process at the various refineries. The producers have agreed to divulge to no one, except to the secretary of the organization, the figures covering their individual organizations. The figures of the output, will, of course, be aggregated only and they will not be published so as to show individual operations. The members of the new organization has explicitly agreed among themselves that there shall be no suggestion expressed or implied as to regulation of price or output. The new organization is at present purely statistical in character.

It is hoped among those who have been instrumental in the formation of the new organization, that its scope may be gradually widened and that later on the producers will be fit to report to the central body whenever they make a sale of copper, stating the amount sold and the price at which the sale is negotiated. The chief purpose is to remove, so far as possible, the element of speculation in the conduct of the copper business. It is believed that official figures of production and stocks on hand will be of great service not only to the producers themselves, but to the large consuming interests as well.

NOTES OF COPPER NEWS.

The Calumet & Hecla is employing fully 600 men and is producing just about as much copper. This indicates best the economical policy inaugurated by General Manager MacNaughton.

During the year 1908, the Arizona Copper company made a record production of 44,080,015 pounds of bessemer copper. The company has a large capacity copper property capable of supplying twice the tonnage and copper output it is now called upon to furnish. The cost of production is about 10 cents a pound.

For the first six months of this company's fiscal year ending March 31, profits from operation were \$602,040, compared with \$1,779,565 in the previous year. The decrease being due to the lower prices prevailing for copper.

The Cole-Ryan management has been re-elected for another year to the directorate of the Mine Gold & Silver Mining company. At the company's annual meeting held in Salt Lake City the following directors were re-elected: John D. Ryan, W. D. Thornton, J. W. Allen, A. C. Carson and Joseph T. Richards. Control of the company is held by the latter coalition mining company. Its efforts to still retain the present development work were worked by leasers but this was given up at the time metal prices slumped last year and has not been resumed.

Because what is believed to be the Baltic lode was found several hundred feet further west than its known area, the work at the fifteen level of the Atlantic's section 16 shaft is attracting more than passing attention. The lode shows excellent mineralization. It may not be generally known, but Atlantic has a source of income which is almost sufficient to pay for present development work. With three heads pointing at the mill, the store, railroad, etc., the company shows earnings of about \$3,000 per month net. The new lode at Section 16 is twenty feet wide where cut. The shaft is sinking below the twentieth level.

The announcement that the option of Copper Range on the Globe tract would be relinquished on Feb. 1 was not unexpected. The vein has made a poor showing ever since development work started. The lowest level has about 500 feet of drifts, disclosing the lode very poorly mineralized. Work was commenced in the spring of 1905 and approximately 500,000 has been expended for exploration. The first shaft 1,040 feet deep was begun in October of the same year. Copper Range will transfer the exploratory work to the undeveloped land owned near Mine Junction, where diamond drilling is now under way.

No. 2 drill hole at the North Lake is within a few feet of the ledge, and is thought to be in the Lake lode horizon. The drill men have abandoned the No. 1 hole, the sand pipe having gone down 410 feet without encountering the solid rock formation. This is the deepest sand pipe ever driven at Lake Superior. No. 2 hole is 1,000 feet nearer the Lake property. This hole has been sending up small pieces of any possible rock that carried some copper. In connection with the abandonment of No. 1 hole at North Lake, it may be well to add that the Lake Copper company was drilling over a year and abandoned many holes before it located what is now known as the Lake lode.

Whether or not to attach any significance to the trip a few days underground at the Tamarack shafts by General Manager MacNaughton and underground superintendent John Knox, of the Calumet & Hecla, is a question which is being

Many Subpoenas Served—
Practically every man in Escanaba connected in any way with public affairs or who is supposed to know of any existing irregularities has been summoned to appear before the grand jury which will convene at the court house today. All of the subpoenas are being directed by Special County Attorney E. D. Mead, who was selected by Judge Stone to supervise the work of the grand jurors and aid them throughout the investigation. Interesting developments are looked for.

Damage Suit Won Again—
In the case of Stefano Cristanelli, administrator of the estate of Stefano Cristanelli, deceased, vs. Saguinaw Mining company, a circuit court jury in Dickinson county has again awarded a judgment to the plaintiff. The sum awarded is \$2,732.29. This is a slight increase over the first awardment. Stefano Cristanelli was killed several years ago by falling down the shaft of the Saguinaw mine at Negaunee. This last trial was the second trial in the circuit court and the case has reached the supreme court twice on points of law. While no conclusion has been reached definitely, it is probable that an appeal will be taken.

Records in Bad Shape—
Married in 1875 in Menominee, Mrs. George Rover, a widow of Fond du Lac is trying to obtain a copy of her marriage certificate in order that she may apply for a pension. In spite of all of the efforts of the clerk to find the record, they have been unable to do so. The marriage records of Menominee county previous to the last twenty years are in bad shape and the officials have found many number of out-of-date marriages that occurred previous to those dates. These delinquencies in the records have been the cause of many widows of veterans of the Civil war failing to secure pensions as proof positive of marriages must be had to obtain any hearing at Washington.

Power Company Gets Rights—
By a deed which has been filed for record by Register C. W. Malloch the Escanaba Power company, which has already constructed a power plant on the Escanaba river and is planning extensive improvements for next season, formally acquires possession of the power rights of that stream and the flowage rights along a bank from a point forty rods below the Flat Rock dam to a point near the Gladstone road. The deed is accompanied by a mortgage given by the Escanaba Power company as security for the issue of \$120,000 worth of gold bonds bearing interest at the rate of 6 per cent and running to Howard Greene and Stuart H. Markham of Milwaukee as trustees. The deed, which is given by the I. Stephenson company, provides that not more than five dams shall be constructed by the Power company between the points that are named and in addition given conditions are imposed, the infraction of any of which would invalidate the deed. The I. Stephenson company reserves the

Do You Get Up With a Lame Back?
Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything, but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney, liver or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., 233 Broadway, New York.

One-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, on every bottle. Binghamton, N. Y., on every bottle.

REV. H. C. SHAW, whose home at Lake Linden was quarantined by reason of scarlet fever with which members of his family suffered, was enabled to hold regular services yesterday, as the quarantine was raised.

Captain Thomas McCormack, of the Superior Beach life saving station, regularly takes walking trips from the station to Portage Lake town. The distance is about twelve miles, and he usually covers it in about three hours.

The arts and crafts classes that are being conducted by Professor Krueger, of the manual training department of the Houghton Central school, have been in progress.

MR. AND MRS. BEN DONNELLY of St. Paul are in Hancock visiting at the home of George Donnelly.

Richard and Miss Lizzie Hodge of Hancock leave shortly for McGill, Nev., where they intend to locate.

NYAL'S

Cod Liver Compound

Cod Liver Oil is prescribed for many people who can not take it because it nauseates them.

When you pay \$1.00 for a large bottle of Nyal's Cod Liver Compound you invest in a remedy that you can take. It is pleasant to the taste and can be taken by anyone, at any season.

There is nothing better for those who do not properly assimilate their food than Nyal's Cod Liver Compound. It increases appetite, aids digestion and builds bodily tissues, giving health and strength to ward off disease.

The more you trade here, the better you'll like this store.

City Brevities

P. J. Minia, of Ridgway, Pa., is visiting in the city.

Henry Drenlu, of Oshkosh, is visiting friends in the city.

Mr. and Mrs. E. J. Hudson went to Chicago last evening.

Miss Josephine Cullier, of Hancock, is visiting Miss Mae Fogarty.

J. R. Van Evera has returned from the East, where he has been on mining business.

The Marquette Rites will hold a meeting at the city hall at 7:15 o'clock this evening.

Richard Devine has gone to Duluth, where he has accepted a position with the Postal Telegraph company.

Members of the Swedish Crown and Skandia Aid societies are requested to meet at Keoughs Hall at 7:30 o'clock this evening.

The Woman's society of the Presbyterian church will meet with Mrs. Henry St. John, corner Spruce and Prospect streets, this afternoon.

Bishop Verlin court of the Catholic Orders of Foresters will install officers Tuesday evening, after which there will be a smoker and luncheon.

Marriage licenses were issued Saturday to Edward J. Gilbert and Maude Hogan, and Victor Backman and Sarah Johnson, all of Marquette.

George W. and John A. Hager left last evening to visit furniture houses at Chicago, Rapids, and Detroit, Indianapolis and New York. They will be gone ten days to two weeks.

Mrs. W. A. Johnston left Saturday afternoon for Cheboygan, where she will attend the wedding of her niece, Miss Rose Bird, to Eadras M. Rosseau, which will occur in St. Charles church of that city next Wednesday.

The Saturday Morning Musical club met with Miss Susette Williams Saturday afternoon. It is likely that future meetings as well will be held in the afternoon. Saturday a program of several numbers was listened to, and light refreshments were served.

Receives Wolf Bounty—Carl Gentz, of Sanick township, brought a fine wolf skin to the county clerk's office Saturday afternoon, which he had caught in a trap the day before, and was paid the regulation \$27 bounty therefor.

M. B. A. Dance Tonight—The Modern Brotherhood of America will give a dance at Legion Hall tonight, to which the public is invited. The Peerless orchestra will furnish the music, and tickets will be sold at twenty-five cents.

Buttermilk in Demand—F. H. Vandenberg reports that the Wisconsin buttermilk, which he has recently arranged to furnish to the people of this city, is in great demand, and that he is receiving many congratulations on the excellent quality of the article he is selling.

Annual Meeting—The annual meeting of the members of the Marquette club will be held at the clubhouse Tuesday evening, Jan. 28, at 8 o'clock, for the election of directors for the ensuing year, and the transaction of such other business as may properly come before the meeting.

Many Deer Killed—The government bureau of biological survey has been collecting data showing the number of deer killed in Michigan last season, and their reports show that, exclusive of Lapeer and Dickinson counties, for which no estimate is at hand, there were 6,955 deer killed in the state. This estimate is based on reports furnished by county clerks and deputy game wardens.

Hockey Team Shows Up Well—The Marquette Amateur hockey team won their first game at the skating rink yesterday by the score of 14 to 0. The team did some fast work and showed up exceedingly well, considering the little practice they have had. A good-sized crowd watched the game. The members of the team are making an effort to put in more seats for spectators and to make it possible to have games with outside teams, for which admission may be charged. The team will practice again tomorrow evening.

Challenges the Northwest—Marquette hockey players will be interested in the following communication from William A. Mayo, president of the Baraga hockey team: "A hockey team has been organized in Baraga, under the management of William C. Birk, the line-up of which is as follows: George Peters, goal; Russell Hill, point; James McMahon, cover-point; William Selbalm, right wing; Edward Anderson, left wing; Adolph Gerard, center; John Long, rover; C. C. Cameron, trainer. I do hereby acknowledge this team to be one of the best of their kind in the Northwest, and do hereby challenge any team, barring none."

Commercial Club Banquet—The sale of tickets for the banquet to be given by the Queen City Commercial club will begin today. Arrangements have been made to hold the banquet at the Hotel Clifton, starting at 8:30 o'clock the evening of the 27th. Three outside speakers have been invited to address the gathering on topics of timely interest and there will also be several responses by Marquette men, on subjects that will be announced later. M. J. Sherwood has accepted an invitation to act as toastmaster. While the menu is being served one of the orchestras will furnish overtures. The officers of the club expect to awaken widespread interest in the banquet, and believe that not far from 100 guests will be present.

Wellknown Couple Marry—Saturday evening, Jan. 16, Miss Maud B. Hogan, daughter of Mr. and Mrs. Dennis Hogan, of Baraga avenue, was united in matrimony to Edward G. Gilbert, son of Mr. and Mrs. Grant Gilbert, of Washington street, at St. Peter's parsonage, the Rev. Father Moriarty officiating. The couple were attended by Edward Hogan and Jennie Lake. The bride was attired in a traveling suit of blue. After the ceremony a reception was given at the home of the bride's parents, followed by an elaborate dinner. D. H. Mullaly presided as toastmaster and responses were given as follows: "To the Bride," Miss Louise K. Hogan; "To the Groom," Miss Rose A. Van Linden; "To All Present," Miss Nellie Hogan. "The bride is a popular young lady, who has resided in this city all her life. The groom is employed at the Marquette steam laundry and has a wide circle of friends. The couple were the recipients of many beautiful gifts. They will reside at 329 Washington street, and their many friends wish them success and happiness."

THEATRICAL

"Texas."

"Texas," a comedy drama by J. Mauldin Feigl, which is in its fifth season, will be presented in this city Thursday night. It is a most stirring play. It is a comedy-drama of the Western plains and the action of the play takes place in Texas. The name of the heroine is Texas West. The play has the charm of atmosphere, and the story, which is simple, is said to be well told. The interest is well sustained and there are some thrilling dramatic moments. The characters are not dragged in to help along the action, but the action develops naturally and consistently from the characters. The hero of the play is a stalwart young ranchman, who is strong, heroic and resourceful. He loves Texas West, and the course of their love would have been smooth and sunny but for the plottings of Pasquale, a border half-breed whom Jack Dallam, the hero, has branded as a cattle thief. An English lord is also concerned in the plot and endeavors to purchase a Buckhead ranch, the home of Texas, as he has learned there are valuable gold deposits on the land. He is prevented from doing this by Jack Dallam, who learns suddenly that he has become rich through his oil field in Eastern Texas. Jack purchases the ranch and the home is saved. The strength of the play lies not so much in the plot as in the characters and the atmosphere of the plains which pervades it. The love story is very prettily told and the comedy element is bright, sparkling and breezy. The coming production is under the direction of George Broadhurst, author of "The Man of the Hour."

"The County Sheriff," an entirely new play this season, produced by O. E. Wee, is the offering at the opera house Wednesday evening. This is one of the latest plays from the pen of Wm. W. LaPoint and is said to be as bright, interesting, witty, quick, dramatic and delightful as anything he has heretofore written. The plot has been declared original, holding one's interest to the very last. The play contains many amusing situations and interesting scenes. The advance notices declare that an elaborate production is utilized and that every thing essential to make the production complete is carried.

BOWLING SCORES.

At the bowling alleys last week, all the matches of the league schedule were played with the exception of that between teams No. 2 and 6; this one will be rolled this evening. This week the handicaps will start in earnest. Team No. 5 leads the league, with teams Nos. 7 and 3 tied for second place. The standing of the teams is as follows:

| Team | G.P. | W. | Ave. | P.C. |
|-------|------|----|------|------|
| No. 5 | 12 | 9 | 741 | 759 |
| No. 3 | 12 | 7 | 715 | 583 |
| No. 7 | 12 | 7 | 715 | 583 |
| No. 2 | 9 | 5 | 691 | 553 |
| No. 4 | 12 | 6 | 685 | 509 |
| No. 8 | 12 | 5 | 695 | 419 |
| No. 1 | 12 | 4 | 678 | 333 |
| No. 6 | 9 | 2 | 717 | 222 |

Those having a team average of 100 and better are: M. H. Foord, 173; Manes, 170; Miller, 168; Elmer Frei, 168.

The schedule for this week is: Monday, 3 vs. 8; Tuesday, 2 vs. 8; Wednesday, 4 vs. 7; Friday, 1 vs. 6. The handicaps are: Team 3 gives 8 twenty pins per game; 5 gives 2 fifty pins; 7 gives 4 thirty pins; 6 gives 1 thirty-nine pins.

Jeanson and Drumney have issued a challenge to the winner of the Gray-Olson vs. Tompkins-Carmichael match. Some day this week, probably Wednesday the Cripples of Ishpeming will bowl in Marquette, also the Andersons of Marquette and the Olsons of Ishpeming will try conclusions.

The standing of the afternoon league is as follows:

| Games | Tot. Pins | Ave. |
|---------------|-----------|-------|
| Foord | 85 | 14231 |
| Van Iderstine | 80 | 13149 |
| Allen | 35 | 8392 |
| Miller | 35 | 12126 |
| Jenks | 75 | 11030 |
| Godwin | 75 | 11756 |

MARKETS

NEW YORK STOCKS.

Paine, Webber & Co.'s correspondent at New York Saturday telegraphed as follows:

"Uncertainty over the probable decision of the public service commission of New York in regard to the \$30,000,000 bond issue asked by the Erie railroad may be said to have been the dominant feature during the trade in the market the past week, and the same served to cause general irregularity throughout the list. The bears have had a decided advantage, and declines have been general, but Friday's and Saturday's market indicated a covering movement on the part of the short interest, and the tone of the list has been decidedly improved. The Wisconsin Central issues have been very active and higher on semi-official reports to the effect that the Canadian Pacific railroad is negotiating for control, and the same seems to be verified by expressions from leading officials of both companies. The trade report indicates slow but gradual betterment, but in this connection the most sanguine have been disappointed somewhat, as the extent of the improvement has not been sufficient to warrant enthusiasm. In this connection, however, it can hardly be expected that general business should start to boom so soon after the turn of the year, as the readjustment of finances and other important factors necessitate slow progress. Bank clearings during the week just past have indicated a gain of 30 per cent over last year, and although the comparison is with a rather poor period, it nevertheless indicates gradual betterment. A very favorable factor has been a good demand for gilt-edged investment bonds, which is likely to continue until general business channels demand a greater percentage of funds. The action of the market, although indicating a desire on the part of the large holders of securities to refrain from forcing a pronounced demonstration, is still indicative of well organized support, and advantage will undoubtedly be taken of pronounced recovery in general business conditions to force a higher security level."

Closing prices were as follows:

ISHPEMING SKIERS TRIED HILL YESTERDAY

BIG SLIDE WAS FOUND IN GOOD CONDITION, WITH ENOUGH SNOW FOR A TOURNAMENT—CRACK RIDERS FROM NORWAY NOW IN THE COUNTRY.

Some of Ishpeming's skiers yesterday afternoon tried the slide near the golf clubhouse for the first time this winter. None of them attempted to make long jumps, but the slide was in such good condition that the experts would have had no trouble landing from ninety to 100 feet below the bump if they had tried to. There is plenty of snow on the slide for holding a tournament. All but the upper part of the scaffold is protected from the sun by trees which extend from the bottom to the top on either side of the incline. The Ishpeming skiers who intend to enter the Ishpeming also other tournaments to be conducted in the Northwest will be frequent visitors to the hill from this time on.

The board of directors of the Ishpeming club has named the following committees for the annual tournament:

Entertainment—A. G. Johnson, T. W. Durham, J. S. Wahlman, Walter Stromwell, A. T. Devine, H. L. Ramsdell.

Grounds and Patrol—W. H. Moulton, F. E. Keese, W. J. McCorkindale, B. J. Goodman, Jr., V. S. Hillyer, J. G. McNeeley, Harold Trossvig, H. T. Hulst.

Admission and Stands—C. H. Dawson, A. T. Devine, Julius Braastad, Ted Butler, Thomas Berg, Jr., George Durham, W. T. Daw, Booth Goodman, George Hathaway, Peter Handberg, Howard Joehim, Paul Johnson, Ray Muck, J. A. Olson, Martin Paulsmo, Gordon Thoney, Oswald Tellefsen, Will Tellefsen, Harvey Tomnesen, David Anderson, Bartle Talleen.

Transportation—T. W. Durham, W. T. McCorkindale.

Finance—W. J. McCorkindale, A. C. Braastad, O. G. Aas, Fred Braastad, M. M. Duncan, D. J. Sliney, C. T. Kruse, J. S. Wahlman, George Skogberg.

Advertising—George A. Newett, E. J. Butler, T. W. Durham.

Hill—Erik Hoyseth, Thomas Lokken.

Bugler—Arnt Schoenberg.

Announcer—George A. Newett.

Prizes—George A. Newett, M. M. Duncan.

Entries—T. W. Durham, secretary.

John Lacey, Mayor F. E. Keese and Frank Platto will have charge of the dog races, to be held in the forenoon of "ski day." The committee will name its own sub-committees.

Expect to Break Records.

A press dispatch from Eau Claire, Wis., where the national tournament is to be held Feb. 6 and 7, gives a description of the hill, as well as other interesting information relative to the annual meet. It is reported that the members of the Eau Claire club and other citizens are to leave nothing undone in an effort to make the tournament the biggest and best ever held. The dispatch also states that Ishpeming, Duluth, St. Paul, Minneapolis, Red Wing, Stillwater, Coleraine and other Minnesota cities, Superior, Ashland, Washburn, Cameron, Chippewa Falls, Colfax and numerous other Badger towns will be represented. Even Utica, N. Y., will send its representatives, while both the Chicago Ski club, Nor and Norge, will probably be there in full strength.

Crack runners, medal winners from Norway, who have just recently arrived from the old country and have joined the various clubs, will be there, and will give the crack runners who have brought the Norwegian sport to the great height of popularity which it now enjoys among the American people, a run for their money. Principally among these newcomers are Lars and Andrew Haugen, two Norwegian lads, who have won many a prize in the old country tournaments, having gained their skill on the mountain sides of Norway.

With such an array of skilled ski artists the American record jump of 122 feet made at Ishpeming last year by John Evenson of Duluth will undoubtedly be beaten, and to give the runners every opportunity to do so the Eau Claire Ski club has built a splendid new slide, on which jumps of over 100 feet have already been made from the boys' starting point, there not being enough snow to permit of starting from the top; Tollef Hennestvedt made one jump of 125 feet, but fell.

The hill is a beauty, from an expert ski runner's point of view, and those who have tried it predict that all American records will go glimmering on Feb. 7, when the professional run will be pulled off. On the top of Mount Washington, a hill with a perpendicular height of 130 feet, with just the right declivity for a ski slide, the club has erected a scaffold with a perpendicular

height of nearly a hundred feet. With this artificial slide on the top of the hill the club now has a slide nearly 600 feet long and fast as lightning.

Over 220 feet from the top has been located the jump, the entire work of grading the slope, arranging the jump, etc., having been done under the supervision of an expert skier, who knew the requirements necessary for a good slide, and the Eau Claire Ski club feels satisfied that it has as good a slide as any in the country, barring none.

Chippewa Falls in Field.

It is reported that Chippewa Falls, which recently completed a \$2,000 steel trestle at its slide, is out after the 1910 tournament. Colorado, Minn., is the only other candidate, at least so far as the Ishpeming skiers have heard. It is also reported that there will probably be from two to five candidates for the presidency of the association. It is likely that the Ishpeming delegates will propose Eric Hoyseth, president of the Ishpeming club, for the office.

PRINTERS' BOWLING CONTESTS.

Honors Were Pretty Evenly Divided in Saturday Night's Matches.

The Ishpeming printers, who were defeated in bowling matches by teams composed of Mining Journal employees a few weeks ago at the Marquette alleys, redeemed themselves in the return contests at the Bank street alleys Saturday evening. The scores in all three matches were close enough to make them interesting.

Teams composed of "devils" were the first to bowl, the Ishpeming boys winning by twenty-seven pins. The scores were:

| | |
|-------------------|------|
| Ishpeming Devils— | Tot. |
| Davis | 95 |
| Rogers | 82 |
| Nylander | 74 |
| Holmes | 86 |
| Totals | 339 |

| | |
|-------------------|------|
| Marquette Devils— | Tot. |
| Moffat | 101 |
| Yonick | 74 |
| Sturman | 87 |
| C. Beaudin | 87 |
| Totals | 349 |

The Mining Journal No. 1 team defeated Ishpeming's No. 1 team by thirty-three pins, but the Ishpeming No. 2 team turned the tables on their opponents by a margin of seventy-five.

The scores were as follows:

| | |
|-----------------------|------|
| Mining Journal No. 1— | Tot. |
| Varebrook | 98 |
| Carney | 145 |
| Riopelle | 146 |
| A. Beaudin | 127 |
| F. Savard | 134 |
| A. Erickson | 136 |
| Totals | 607 |

| | |
|-------------------|------|
| Ishpeming No. 1— | Tot. |
| Dyer | 117 |
| Carney | 157 |
| Holmgren | 85 |
| Murrell | 85 |
| E. Soderman | 170 |
| Totals | 607 |

| | |
|-----------------------|------|
| Mining Journal No. 2— | Tot. |
| J. Erickson | 104 |
| Urback | 129 |
| Desautels | 82 |
| F. Savard | 108 |
| Boldue | 84 |
| Totals | 498 |

| | |
|-------------------|------|
| Ishpeming No. 2— | Tot. |
| C. Soderman | 106 |
| Rowe | 73 |
| West | 124 |
| Lundstrom | 122 |
| Martin | 110 |
| Totals | 535 |

At the conclusion of the contests the visitors were entertained at the Miners' Workers' union hall, where lunch was served. An orchestra furnished music and there were short talks and songs by a number of the visitors, as well as by Ishpeming men.

THE COUNTY SHERIFF.

"The County Sheriff," by Wm. W. Lapoint, produced by O. E. Wee, will be the attraction at the Ishpeming theater tomorrow night. It is a straightforward honest picture of the life of today in a wide-awake Western country. It deals with a type of people, well worth a closer acquaintance. It is full of good comedy, the character of Chauncey Clogston of Vermont, being an especially strong comedy part. The company carries its own scenery.

CAN YOU BELIEVE YOUR SENSES?

When two of them, taste and smell, having been impaired if not utterly destroyed have been restored by Ely's Cream Balm, can you doubt that this remedy deserves all that has been said of it by the thousands who have used it? It is applied directly to the affected air-passages and begins its healing work at once. Why not get it today? All druggists or mailed by Ely Bros., 56 Warren Street, New York, on receipt of 50 cents.

ISHPEMING

STIRRING PLAY TONIGHT.

"Texas," a stirring drama of life on the plains, will be the attraction at the IshpeMING theatre tonight. "Texas" comes with a fine record of success. The play is from the pen of J. Maudlin Feigl, and is a well rounded, coherent work, with a logical story, plenty of comedy and genuine and thrilling situations without being in any sense a melodrama. "Texas" has been mounted splendidly, all of the scenes having been filmed from photographs taken by the author, and the properties are the real thing.

FROM MORGAN'S CURB LETTER.

"The market for copper shares today was largely one of the specialties, but the tone was strong throughout. Superior Copper touched a new high level, 99 1/2; Isle Royale was up a point to 29 1/2, and Tamarack sold at 84, a gain of four points from the opening. There was heavy buying of Wyandotte, on the showing made at a depth of 700 feet. The ground opened up is shown to be heavily mineralized, and it is generally believed that they have struck the Lakota. Talk is that the price of Wyandotte will cross Adventure. A market order to sell 300 shares of San Antonio broke the price to 8 1/2, but it quickly recovered to 9. The feeling at the close tonight is much more cheerful, and silver setbacks are to be expected we believe that the big money in copper is to be made on the long side. Take advantage of the breaks to pick up some of the good ones. Do not overlook this Green Canyon; it will look ridiculously cheap before many months have passed."

Table with columns: Bid, Asked, Arizona-Michigan, Arizona, American, Alamosa, Black Mountain, Bittie & London, Black Ely, Calumet Corbin, Cheyenne, Columbus Cons., Corbin Copper, Davis Daly, First National Cop., Savannah, Denn Mining, Carmen, Cumberland Ely, Giroux, Globe, Hancock, Helvetia, Keweenaw, L. ISHPEMING IN BRIEF.

H. A. McIntyre, who expected to dispose of his plumbing business to a nominee here, is to remain here, the deal having fallen through. Miss Delphine Perrault expects to leave next week for Montreal, where she will enter a hospital to study with a view of becoming a trained nurse. H. G. O'Keefe, manager of the Ish-

REPUBLICAN COUNTY CONVENTION.

A Republican convention for the county of Marquette, is hereby called to meet at the City Hall, in the city of Marquette, on Saturday, the 18th day of February, A. D. 1909, at eleven o'clock a. m., for the purpose of electing twenty-two delegates to the state convention, called to meet in the city of Grand Rapids, on Friday, February 12th, 1909, to nominate two candidates for the office of justice of the supreme court, two candidates for the office of regent of the university, one candidate for the office of superintendent of public instruction, one candidate for the office of member of the state board of education and six candidates for the office of member of the state board of agriculture, and for the transaction of such other business as may properly come before the convention.

The several wards in the cities of Marquette, IshpeMING and Negaunee, and the townships of the county, are entitled to delegates in the convention, based on the vote for governor at the general election held in November, 1908, as follows: -Marquette City- Votes Delegates: First ward 336 3, Second ward 303 3, Third ward 388 4, Fourth ward 455 5, Fifth ward 337 3.

The annual meeting of the One Hundred Women's society was held Saturday morning in the Swedish Home society's hall. A program of musical numbers, species, etc., was given and a fine lunch was served. The husbands and other male relatives of the members were invited, and not a few of them attended. The six IshpeMING men who are conducting a series of dancing parties, have already given two, announce that next, for next Friday night at Grandstad's Hall. Dancing will start promptly at 8:30, continuing until 12 o'clock. A special street car will be provided for Negaunee people returning home after the party.

S. H. Vaughn, who held the position of district traveling freight and passenger agent with the Chicago, Milwaukee & St. Paul Railway company for some years, and is known to many here, is to be placed in charge of the company's Green Bay station. Since leaving this section Mr. Vaughn has been stationed in Milwaukee and Des Moines, Ia., as district agent. Henry Cole of Calumet, a former resident, and brother of T. F. Cole, the boiler maker, was called to the city Friday on account of the death of his mother-in-law, the late Mrs. Tremblay. Mrs. Cole had been here for several days before her mother passed away. Mr. Cole has been in the employ of the Calumet & Hecla Mining company the greater part of the time since he left IshpeMING. The IshpeMING students are showing much interest in the debates being conducted weekly. The subject of the debate last Friday evening was: "Resolved, That Semister Examinations Should be Abolished." The affirmative speakers were Herbert Hodgson and Fred Cornell, and John Dundon and Will Reese were on the negative side. The judges decided in favor of the affirmative. There was also a declaration by John Neary, president of the Debating club.

WHY NOT?

Among the oldest persons ever inserted in the society column was one that appeared in a paper published in an eastern town. It reads as follows: "Mrs. Coulter, being confined to her bed by illness, will not be at home next Thursday, as usual." -Harper's Weekly.

TO ENFORCE LAW.

School Board Has Taken Steps to Protect Children of School Age. The board of education has had printed notices containing sections of the law providing for the protection of children in the habit of frequenting places where liquor or tobacco are sold, also those in charge of pool rooms and similar resorts. The board has received a number of complaints from parents of children in the habit of frequenting places where games of chance are played. The provisions of the law to which the board calls attention are as follows: "No minor child under seventeen years of age, nor any minor who is a student in any public, private or parochial school in the state of Michigan, shall be permitted to remain in any saloon, barroom, or other place where any spirituous or intoxicating liquor, or any wine or spirituous or intoxicating liquor, beer or malt liquor, is sold, given away or furnished for a beverage, or in any place of amusement known as dance houses, concert saloons, variety theaters or in any house of prostitution; or in any room or hall occupied or used for hire, gain or reward, for the purpose of playing billiards, pool, or any other unlawful game, or in any room or hall used or occupied for gaming, pool-selling or betting in any manner whatever. Any proprietor, keeper or manager of any such place who shall permit such child to remain in such place, and any person who shall encourage or induce in any way such child to enter such place or to remain therein, shall be deemed guilty of a misdemeanor, and on conviction thereof, shall be punished by a fine of not less than twenty-five dollars nor more than fifty dollars, or by imprisonment in the county jail for not less than ten days nor more than thirty days, or both such fine and imprisonment in the discretion of the court."

Champion 188 2, Chosloy 118 1, Ely 98 1, First precinct 81 4, Second precinct 293 4, Humboldt 73 1, IshpeMING 65 1, Michigan 156 2, Marquette 29 1, Negaunee 26 1, Republic 248 3, Richmond 117 1, Sands 45 1, Skandia 117 1, Turin 37 1, Tilden 215 2, West Branch 56 1, Wells 34 1, Powell 107 1.

Total delegates 80. Dated, IshpeMING, Michigan, January 14th, 1909. M. M. DUNCAN, Chairman Marquette County Republican Committee. E. W. M'PIERRAN, Secretary. CALIFORNIA-MEXICO. A series of first-class personally escorted all-expense tours from twenty-one to fifty-three days' duration have been arranged by the tourist department of the Chicago Union Pacific & Northwestern line to include Old Mexico, California and Colorado via a choice of the most desirable routes, leaving Chicago and other points during the months of January and February, 1909. Direct Southern routes are used to California and Old Mexico, returning through California, Utah and Colorado. Also going via New York and steamship to New Orleans. Correspondence solicited. Address, or call on S. A. Hutchison, manager, tourist department, Chicago Union Pacific & Northwestern line, 212 Clark street, Chicago. (12-4)

Negaunee Department NEGAUNEE MINER SUES FOR \$20,000

WILL HAVE GOOD TEAM. Negaunee Will Be Well Represented in Baseball League Next Season.

John Carlquist, injured last spring at the Negaunee mine, brings action against the Cleveland-Cliffs Iron Company in Duluth court. "John Carlquist, a miner, who was injured in the Negaunee mine at Negaunee, Mich., seeks to recover \$20,000 from the Cleveland-Cliffs Iron company for his injuries," says the Duluth Evening Herald. "The case was called in district court this morning and after some testimony had been introduced, will be held until this afternoon, will Judge Dill took a point raised by the defense into consideration. "The suit is brought against the Cleveland-Cliffs Iron company, and service was made on that corporation. Now, it is claimed by the defense, that the Negaunee Mining company is the owner of the mine, the Cleveland-Cliffs people having only a small interest. A motion was made to vacate the service on that account, and the jury was dismissed until 2 o'clock this afternoon, while the court took the matter under advisement. "Carlquist attributes his injury to the failure of the company to provide timbers for blocking up a drift after a blast. The injury occurred on April 3, 1908. Carlquist and his partner had just entered the drift as they went on shift at the morning. Carlquist claims that with his arm resting on a timber, he looked up at the roof of the drift and just at that moment a quantity of loose dirt descended, striking his arm. It was badly smashed and now is stiff at the elbow, and soiling, that he will never be able to use it again. "It is claimed that on the night before the accident, after the men working in the drift had blasted, they were unable to find any timbers in the place where they were usually kept, and consequently to work through the night without any bracing of the roof where the blast had loosened the dirt. It is claimed the shirt boss had been in the drift at 3 o'clock in the morning and had seen conditions, coming on them, but failing to do anything to remedy them. "Carlquist was on the stand all morning until the adjournment was taken. "Carlquist, who is well known in both Negaunee and IshpeMING, left here a short time ago. He had been employed in the mines of the two cities for some fifteen years or more, but has not worked since his arm was injured. He advised friends before leaving that it was still causing him trouble. The arm was operated on twice within a few weeks after the injury was sustained. The announcement of his beginning a suit for damages against the Cleveland Cliffs Iron company will be a surprise to his Negaunee friends.

Practically the full membership of the Negaunee club was present at the annual meeting, held Friday evening at the rooms in the Neely block. The officers submitted reports showing the organization to be in better condition than at any previous time. There are eighty-six members in good standing. Twelve of these are non-residents. T. M. Wells, secretary and treasurer, reported that there are no delinquent members. The dues for resident members are \$12 per year, payable monthly, and for non-residents \$5 per year. The club has over \$500 in its treasury, in spite of the fact that nearly \$10,000 was expended last year in improving the rooms, repairing billiard and pool tables, etc. The latter are now in fine condition and they are in almost constant use every evening. The club quarters consist of two large reading rooms, a card room and a billiard and pool room. There is one billiard table and one pool table.

The board of education has had printed notices containing sections of the law providing for the protection of children in the habit of frequenting places where liquor or tobacco are sold, also those in charge of pool rooms and similar resorts. The board has received a number of complaints from parents of children in the habit of frequenting places where games of chance are played. The provisions of the law to which the board calls attention are as follows: "No minor child under seventeen years of age, nor any minor who is a student in any public, private or parochial school in the state of Michigan, shall be permitted to remain in any saloon, barroom, or other place where any spirituous or intoxicating liquor, or any wine or spirituous or intoxicating liquor, beer or malt liquor, is sold, given away or furnished for a beverage, or in any place of amusement known as dance houses, concert saloons, variety theaters or in any house of prostitution; or in any room or hall occupied or used for hire, gain or reward, for the purpose of playing billiards, pool, or any other unlawful game, or in any room or hall used or occupied for gaming, pool-selling or betting in any manner whatever. Any proprietor, keeper or manager of any such place who shall permit such child to remain in such place, and any person who shall encourage or induce in any way such child to enter such place or to remain therein, shall be deemed guilty of a misdemeanor, and on conviction thereof, shall be punished by a fine of not less than twenty-five dollars nor more than fifty dollars, or by imprisonment in the county jail for not less than ten days nor more than thirty days, or both such fine and imprisonment in the discretion of the court."

The early closing movement is again being considered by Negaunee merchants. Under the present schedule the stores remain open three evenings a week, but some of the dry goods and clothing dealers favor closing every evening at 6 o'clock, except Monday, Saturday and Sunday. The early closing movement is again being considered by Negaunee merchants. Under the present schedule the stores remain open three evenings a week, but some of the dry goods and clothing dealers favor closing every evening at 6 o'clock, except Monday, Saturday and Sunday.

Is at King's Inn for today and tomorrow only. She is the well-known Clairvoyant Palmist and Healer. She is the seventh daughter of the seventh son. Born in the seventh month, seventh day and seventh hour. From ancient times the seventh daughter from two generations has been endowed with the great power of second sight, also particularly gifted with the power of reading all human lives. The origin of this can be traced as far back as the "seven spirits" of the Chaldeans, as the planets were known in antiquity. Philolaus made seven the symbol of intelligence. This great medium reads your life from cradle to grave. Tells what occupation you are best fitted for. Foretells who and when you will marry. Removes evil influences and brings about speedy and happy marriages with the one of your choice. Are you suffering from poor health? If so come to a natural gifted healer. She will tell you the true cause of your suffering and how you can quickly be cured of all nervousness, weakness and organic troubles to which the human body is heir to. If your vision is impaired or your eyes trouble you consult her as her advice will prove most valuable. Her advice on business, love, marriage, divorce, etc., has no equal. In having your life read, consult one who is born with the gift and power. Complete and correct readings 50c. Hours 9 a. m. to 3:30 p. m. Examinations by Clairvoyance Free of charge for those in ill health. The Stafford Drug Co., Marquette. -Vinol is also sold by J. E. O'Donoghue, druggist, Negaunee.

Restored to Health and Strength by Vinol After All Other Means Had Failed. PROFESSOR HICKS' STORY. "I suffered from a severe attack of the grippe which left me in a weakened condition with bronchitis, a soreness in my chest and a hacking cough. I tried different physicians and took nearly every kind of cough syrup and cough medicine without getting any permanent relief. I saw your old liver and iron preparation - Vinol - advertised, and decided to try it, and it completely cured my bronchial trouble and restored my strength. I cannot say too much for Vinol, as I received inexpressible benefit from its use, and I offer it to one of the greatest blessings ever offered to the public." H. E. R. Hicks, Mapleville, Ala. The grippe invariably leaves in its wake a weakened, run-down condition of the system. Vinol is guaranteed to restore the sufferer to health and strength, and to build up and create strength for old people, delicate children and weak, debilitated people. So sure are we of this that we unhesitatingly say give Vinol a trial. If you think it does you a good will refund your money, but if not, you will be glad to pay for it. The Stafford Drug Co., Marquette. -Vinol is also sold by J. E. O'Donoghue, druggist, Negaunee.

Gillard Bros. talking pictures at the Family theatre, McDonald's Opera House Saturday afternoon and evening made a tremendous hit. Their slogan, "better than most high-priced shows," was more than fulfilled, and Negaunee can say for itself, at least that it has a really high-class amusement house. The introduction of Gillard Bros. talking pictures at Negaunee theatre-goers came as a surprise, and judging from the comments of those who were fortunate enough to be present, a very agreeable surprise. A change of program in talking pictures is announced for tonight.

S.S.S. NATURE'S CURE FOR RHEUMATISM

The conditions and causes which produce Rheumatism all suggest a healthful vegetable remedy as the surest and safest cure. The disease is brought about by the accumulation of uric acid, an irritating, pain-producing property in the blood. This causes a weakening and souring of the circulation which then becomes unfit for nourishing the body, while the deposits of uric acid in the nerves, muscles, joints and bones produce the pain and agony of Rheumatism. To treat the trouble with medicines containing potash or other strong minerals, is simply adding another poison to the already weak, diseased blood, sapping it of its remaining vitality, and perhaps in the end making a physical wreck of the sufferer. The one safe and only cure for Rheumatism is S. S. S. It is nature's remedy for this disease, made entirely from healthful vegetable ingredients extracted from the roots, herbs and barks of the forest and fields. S. S. S. goes down into the blood and removes every trace of the cause of Rheumatism, cleanses and purifies the circulation, and restores health and comfort to those who are suffering from this painful disease. There is but one way to be sure you are not dosing your system with mineral medicines, and that is to take S. S. S. Book on Rheumatism and any medical advice free.

FAMILY THEATRE (McDonald's Opera House) GILLARD BROS. TALKING PICTURES Tonight CHANGE OF PROGRAM. Doors open at 7:30. Prices, 10c to all. Better than most high-priced shows.

Others prefer the present arrangement. One of the merchants, who has been willing and anxious to close the extra evenings of the week, on Saturday said that he did not think an agreement could be reached, as certain dealers have always opposed the movement. The grocers and meat dealers have arranged a schedule independent of the dry goods and clothing men and they are not concerned in the movement for a change.

Mrs. L. Rosen of Muskegon is in the city visiting her daughter, Mrs. Ernest Klein. Mrs. Margaret Coughlin of Onno, Wis., is visiting relatives and friends in Negaunee. Tony Benson, chief engineer of the Republic Iron and Steel company, also noted as an expert cutter, is temporarily relegated from the local contests because of an injury to his left foot. -The Virginian. Business was fairly lively in the city Saturday as a result of the paydays, which started Friday. There will be pay today, tomorrow and Wednesday, the Mary Charlotte company being the last to square its pay roll this month. The funeral of the late John Best, Sr., who died last week at his home at the Doctor location, was held yesterday afternoon from his son's home in Negaunee, and was largely attended. Interment was in the IshpeMING cemetery. Members of the German Aid society are meeting with success in the sale of tickets for the society's annual masquerade ball, to be given next Friday night at McDonald's opera house. A large attendance is expected from both IshpeMING and Marquette.

From the Experience of Marquette People. Mrs. Carter, 236 W. Prospect St., Marquette, Mich., says: "About two years ago I began to suffer from severe pains in the small of my back and at times was so lame that I could hardly get about. I tried a number of remedies but received no permanent relief until I began using Doan's Kidney Pills, prepared at the Stafford Drug Co. Three boxes disposed of my trouble and I have had no serious return since. I have no hesitation in giving my name to be used as an endorser of Doan's Kidney Pills."

O. E. WEE Presents THE NEW 4-ACT DRAMA -THE- County Sheriff

ANOTHER CHAPTER IN AN OLD QUARREL

WEST BRANCH TOWNSHIP SUPERVISOR FIGHT RENEWED IN A DIFFERENT FORM.

LOCAL OFFICERS ARE ENJOINED

Court Grants Temporary Restraining Order Covering Expenditure of Public Money.

A new chapter has been opened in the West Branch township supervisor fight, which for several months past, has turned an ordinarily peaceful farming community into a regular hornet's nest. Last October, Judge Stone, ousted Robert Shaw, the acting supervisor, on the ground that he had been irregularly elected, and decreed that Alger J. Libby was the rightful incumbent of the office. The decision was the outcome of proceedings in which the township board of elections was accused of illegally manipulating voters and ballots to secure Shaw's election. On the face of the board's count, Shaw had won out by a narrow margin, but Judge Stone found that the election had been irregularly conducted, and decided that Libby was rightfully entitled to the office. The quarrel between the followers of Shaw and Libby by this time had become quite bitter, and some of the township officers threatened to resign when Libby became supervisor.

A Conspiracy Charged.

However, the trouble seemed to have quieted down, and it was generally supposed that the contest was a closed book until a few days ago, when Supervisor Libby filed a complaint in circuit court against Patrick Donahue, township clerk; Martin Johnson, justice of the peace; Gustaf Kuehn, township treasurer; and John Johnson, commissioner of highways. The complaint charges that the defendants, aided by Shaw, have formed a conspiracy and are usurping the duties and privileges of Libby, as supervisor, and of the township board. The complaint states that since Shaw was ousted last October, the defendants have persisted in an effort to control the affairs of the township and spend the township moneys without the approval of the township board. Libby specifies five instances in which this has been done, as follows:

1. That John Johnson, the highway commissioner, who is a son of Justice Martin Johnson, let the contract to build one-half mile of road to Ignata Socha for \$150, without consulting the township board, and tried to evade the law by letting the job in three parts at one time and to the same person.
2. That the highway commissioner has expended over \$300 of the township money, without consulting or getting the approval of the board.
3. That the highway commissioner hired his father, Martin Johnson, and team, and paid him large sums of mon-

ey, which amounts are a part of the \$300 complained of above.

4. That the highway commissioner has employed Donahue, Kohn and Shaw in a similar manner.

5. That orders for these expenses have been issued by Johnson, countersigned by Donahue and paid by the treasurer, without the approval of or being audited by the township board. Libby declares that both the county prosecuting attorney and Attorney W. S. Hill have advised him that the defendants are proceeding illegally and that he has notified the defendants of the attorney's opinions, but that the defendants have paid no attention to the notification. He also claims that Treasurer Kuehn is paying and will pay the bills incurred in the ways specified above, and that an attempt will be made to get control of the township board and get these bills fraudulently approved and audited, unless the defendants are restrained by order of the court.

Restraining Order Granted.

Judge Stone has granted the temporary restraining order asked for in the declaration, which covers the following points: The township treasurer is restrained from paying the highway commissioner's orders until they are approved by Supervisor Libby's township board; the highway commissioner may not expend more than \$50 without the approval of the board; Donahue and Martin Johnson may not allow highway expenses, while acting as members of the board. Judge Stone is expected to pass on the case during the February term.

JOHN C. JOHNSON CALLED.

Well-Known Resident of This City Dies of Appendicitis.

John C. Johnson, 1004 North Fourth street, passed from life at St. Luke's hospital at 3:30 o'clock Sunday morning, following an operation for appendicitis performed the day before. The deceased was forty-two years of age, and had been sick one week.

Mr. Johnson was a native of Sweden and emigrated from that country to Ishpeming in 1886, moving to Marquette a year later, where he has since made his home. For a number of years he was employed on the Pickands, Mather coal docks, but six years ago bought a saloon on Washington street, where he was in business until his demise.

He married Catharine Johnson, of this city, in 1892, and to their union four children have been born, the oldest of whom is sixteen and the youngest seven. Besides the widow and children, three brothers and two sisters survive the deceased: Martin, Albin and Miss Ida, of Marquette; Theodore J., of South Dakota; and Mrs. Christina Backman, of Duluth.

The deceased was a member of the Skandia Aid society, the Swedish Crown society and the Marquette Aerie of Eagles. The funeral arrangements will be announced later.

Marquette City Dairy supplied over 100 families with good old-fashioned butter milk Saturday and many more orders are being booked for this week. (1-18-11)

BROTHER LOST.

A lost brother, name Martin Furlong, occupation as cook in lumber camps. Any information as to his whereabouts will be thankfully received by his brother.

JOSEPH FURLONG, MacKey's Station, Ont. (1-9-2w)

EXPIRED ON TRAIN OF HEART FAILURE

OSCEOLA WOMAN, ON HER WAY TO ISHPERING, DIED BEFORE LEAVING MARQUETTE STATION.

Mrs. Mary Jane Hebbard, of Osceola, who had been visiting her nephew, W. J. Hebbard, of this city, died almost instantly at the South Shore station Saturday night, immediately after boarding the 6 o'clock train to Ishpeming. She had bought her ticket and gotten on board the train, apparently in good health, but as she sat down in the car seat, she fell over, and the passengers thought she had fainted. She was at once taken from the train into the station by the trainmen, where she lay white and motionless, until the arrival of Dr. S. M. Jones, who found that life was extinct. It is probable that she died instantly.

The identity of the deceased was not learned until the remains had been removed to Hager's undertaking rooms. It was found that she had started to visit her brother, Alfred Hebbard, at Ishpeming, after spending several days with her nephew in this city. The coroner was called, but it was decided not necessary to hold an inquest, as death had evidently been caused by heart trouble, to which Mrs. Hebbard was known to be subject. She was about fifty years of age, and leaves a family of grown-up children.

The remains will be taken to her home at Osceola this morning, where the funeral and interment will take place.

CONTEST REOPENED.

"Quo Warranto" Proceedings Begun Against Ontonagon County Sheriff.

Attorney George P. Brown returned from Ontonagon Saturday, where he is connected with legal procedure in connection with the sheriff contest in that county. Mr. Brown is one of the attorneys who have been employed by Henry C. McFarlane, who, on the face of the returns, was defeated by Acting Sheriff O'Rourke, the Democratic candidate, by the narrow margin of thirteen votes. A recount of the vote was begun, but, owing to alleged errors found, was not completed.

McFarlane's attorneys are now seeking to have the whole election declared illegal and void, and to this end have brought "quo warranto" proceedings against Acting Sheriff O'Rourke. The petition will be presented to Circuit Judge Cooper within a few days.

20 Per Cent Discount on Every Article

OUR GREAT ANNUAL JANUARY CLEARINGSALE

20 Per Cent Discount on Every Article

BEGINS TODAY

That much-inquired-after and wanted-for event, when many thousands of dollars' worth of high-grade merchandise are closed out at a mere fraction of their cost. A merchandise sacrificing, conceded by careful buyers to be the greatest event of the season.

General Clearance of Every Department

People have learned from experience to expect much from our ANNUAL CLEARANCE SALES, but this year their expectations will be more than fulfilled. Our big Fall and Christmas business has resulted in an accumulation of very desirable lots of merchandise in the form of broken lines, odds and ends and remnants, which we have MARKED DOWN with a determination to effect an ABSOLUTE CLEARANCE.

All surplus winter goods must go, and we have placed a price on every article that will sell them at sight.

20 PER CENT DISCOUNT

Above all reductions on our entire stock of Ladies' Furnishing Goods, Notions, Crockery, China, Glassware, Graniteware, Cutlery, Tinware, Woodenware and General Household Goods, including every article in the store.

This Sale Will Last from Jan. 18th to 30th.

Positively no goods charged or taken out on approval during this sale.

The Variety Store
