FIND HUGE FRAUDS UPON PUBLIC LANDS

Having Conducted an Inquiry, Agents of the Interior Department Make Report, Giving Information of Astounding Nature

Tracts Approximating \$110,000,000 in Value Have Been Wrongfully Acquired the Past Two Years, Says Secretary Garfield, and He Asks Funds With Which to Prosecute the Guilty Corporations and Individuals and to Recover the Acreage Taken.

Washington, Jan. 18.—Information of startling character in the way of alleged wholesale and astounding frauds upon public lands has come into the possession of Secretary Garfield through special agents in the field. The serious allegation is made that approximately \$110,000,000 worth of lands in various states, principally west of the Mississippi river, have been fraudulently acquired within the past two years by corporations and individuals.

With the view of recovering these lands, Secretary Garfield sent today letters to Chairman Hale and Tappan, of the senate and house appropriations committees, respectively, asking for an additional appropriation of \$500,000, which, if granted, with that already asked for, will give the department \$1,000,000 for that purpose. The specific purpose of the appropriation requested is for preventing "deprecatory" upon public lands, protecting public lands, examining swamp lands, etc.

It is stated that there is reasonable prospect of recovering much of this alleged fraudulently acquired land, if the appropriation is promptly made. It is also pointed out that while a million dollars may seem large, it is not one per cent of the commercial value of the land which the government may hope to recover. Secretary Garfield submits a statement from H. H. Schwartz, chief of the field service, showing over 32,000 distinct cases of alleged land frauds and demanding further investigation. The number of such cases awaiting investigation, or now pending is, given by states, as follows: Oregon, 1,462; California and Nevada, 1,409; Washington and Idaho, 1,325; Montana, 3,665; Colorado, 8,621; Arizona, 4,096; Wyoming, 2,135; Minnesota, Michigan, Wisconsin and North and South Dakota, 5,894; Missouri, Louisiana and Arkansas, 1,293; Utah, 1,482; Oklahoma and Kansas, 1,912; New Mexico, 1,265; Florida, Alabama and Mississippi, 1,900.

FLAG INSULTED AT PRAGUE, REPARATION IS DEMANDED

Washington, Jan. 18.—Representative Hitchcock, of Nebraska, today introduced a resolution calling on the secretary of state for any information he may have concerning an encounter in Prague, Bohemia, on or about Dec. 1 last between the police authorities and certain citizens bearing an American flag. It is claimed that after a struggle the flag was seized and publicly torn into strips and trampled it into the mud. Mr. Hitchcock wants the secretary to inform the house what steps were taken to obtain an apology for or reparation of the insult to the flag, if such there was.

USELESS INDIAN SCHOOLS ARE TO BE ABOLISHED

Washington, Jan. 18.—The house committee on Indian affairs will report today the Indian bill this week. The committee has decided to authorize the disposal of certain non-reservation Indian schools which the secretary of the interior has reported to be of no further value to the Indian service. The schools in question are located at Grand Junction and Fort Lewis, Colo.; Genoa, Neb.; Chillicothe, Okla.; Chamberlain, S. D.; Morris, Minn., and Carson, Nev.

3,000 SEAMEN TO MARCH IN THE INAUGURAL PARADE

Washington, Jan. 18.—Fully three thousand seamen fresh from their world-encircling cruise with the battleship fleet will comprise the purely naval division of the inaugural parade March 4th. These men, now in the Mediterranean sea, will arrive home Feb. 22 and will take part in the big marine parade which is to be reviewed by the president and naval authorities. They will be brought to this city a few days later to participate in the inaugural parade.

SENATE FIXES SPEAKER'S PAY AT \$15,000 PER ANNUM

Washington, Jan. 18.—By a vote of thirty-seven to twenty-seven the senate today fixed the salary of the speaker of the house at \$15,000, instead of \$12,000, as now, and instead of \$20,000 as proposed in the amendment reported by committee. A vigorous speech against any increase was made by Mr. Bailey, of Texas, and numerous addresses were made in support of the proposition.

HOUSE APPLIES THE KNIFE; PRUNES THE PENNSYLVANIA BILL

Washington, Jan. 18.—The consideration of the pension appropriation bill for amendment was begun in the house today. The amount of the fees of examining surgeons was cut down from \$500,000 to \$400,000.

GRAND JURY PROBES PANAMA CANAL STORY

Two Hours Are Devoted to the Matter at a Preliminary Session, but What Is Developed Is Not Divulged Publicly.

Washington, Jan. 18.—Although the federal grand jury sat for about two hours yesterday, occupying all of its time presumably in the examination of witnesses and evidence dealing with alleged libelous matter published in the New York World and Indianapolis News concerning the purchase of the Panama canal rights from the French company, District Attorney Baker would give no information as to whom the grand jury might be ready to report.

Senator Rayner Wants Information.

Washington, Jan. 18.—A resolution was introduced today by Senator Rayner of Maryland, calling on the attorney general for information concerning the bringing of suit for libel against certain newspapers in connection with the purchase of the Panama canal. Mr. Rayner asked for immediate consideration, but the resolution went over until tomorrow, on objection by Mr. Lodge. Mr. Rayner, who is a Democrat, wants to know whether the president has ordered suit brought against the New York World and the Indianapolis News, and under what statute this action has been taken.

EARTH SHOCK OCCASIONS NEW ALARM AT MESSINA

Messina, Jan. 18.—A strong undulatory shock this afternoon caused much alarm here and resulted in the fall of the remains of a number of shattered walls. As far as known, no one was killed.

American Innovation Pleases.

Rome, Jan. 18.—The announcement that ships are to sail from the United States with timber to build houses in the earthquake district is greeted here with great satisfaction, as timber just now is the greatest necessity. The Italian government has done all in its power to secure the construction of materials, even ordering large quantities abroad, but the lumber firms have not been able to meet this demand.

Red Cross Fund Now Over \$900,000.

Washington, Jan. 18.—The American Red Cross society today passed the \$900,000 mark, \$52,000 being the total of today's contributions.

Kaiser Sends Shipload of Supplies.

Palermo, Jan. 18.—The German steamship Ilyria arrived here today and discharged great quantities of tents and other supplies sent by the German emperor to the refugees.

ATTACKED AT VILLEFRANCHE, YANKEE TARS WORST WOUNDIES.

Villefranche, Jan. 18.—Three American sailors from the battleships at present in Villefranche harbor had an encounter this morning with a gang of local ruffians. A party of their comrades came to the rescue before any body was seriously hurt, and by the time the police arrived four of the five assailants were prisoners in the hands of the blue jackets.

Ceremonial Parade at Malta.

Malta, Jan. 18.—A ceremonial parade was held here today in honor of the visiting American warships. Sir H. E. Grant, governor of Malta, was in command, and the review was witnessed by the Duke of Connaught, Rear Admiral Potter and a number of other American officers and the men. This afternoon Admiral Potter and a party of officers visited the ancient capital of Malta, where they were entertained by the officers of the British garrison.

WEATHER FORECAST

Washington, Jan. 18.—The following is the weather bureau's forecast for Upper Michigan: Show or rain, Tuesday, with warmer in the east; Wednesday, partly cloudy, with snow near Lake Superior.

Legislation Is Proposed in Indiana Permitting Baseball on Sunday.

ROOT IS THE CHOICE OF THE PARTY CAUCUS

Secretary of State Is Named to Succeed T. C. Platt as Senator—Chamberlain's Election in Oregon Is Practically Certain.

Salem, Ore., Jan. 18.—At a late hour tonight the election of George E. Chamberlain, Democrat, as United States senator by the senate and the assembly will be decided. The thirty-eight Republicans opposed to him have been in conference for hours, without deciding on any one candidate to receive their support.

Mr. Taft Has Not Yet Selected His Secretary of the Treasury.

Augusta, Ga., Jan. 18.—That the president-elect has not determined who is to be his secretary of the treasury is indicated by the circumstances that he today had a conversation with J. C. Shaffer, proprietor of the Chicago Post, regarding the qualifications of several Chicagoans whose appointment has been urged. It is known that Mr. Taft is giving careful attention to the treasury portfolio, and that he may not decide until immediately before his inauguration.

WILLET'S RABID ATTACK.

After declaring that in the face of all sorts of conditions Americans were possessed of a universal sense of humor, Mr. Willett said that to such a people it must be confessed a chief magistrate who has himself no sense of humor, moving like a horse-tender over the hayfield of American activities; stirring up every dryting blade of once green grass, to let it fall dried or before quarrelling and reporting the petty and trifling politics, then with the part-sour hair-ties the middle reformers, then with the socialists, then with the great industrial corporations; wrestling in agony of spirit with Noah Webster and our glorious English tongue; taking a fall out of nature and the world, and then, to avoid race suicide, cannot be an unpaired nuisance.

His Biography of Mr. Roosevelt.

Mr. Willett gave a brief biography of Mr. Roosevelt's life, beginning with his experiences as a cowboy down to the present time, and accused him, in his early manhood, of having had preposterous notions of having "knifed" Secretary Long, of being "a warrior alone in Cuba," of having won the governorship of New York by a mere fluke, "when the false halo of San Juan lay above his head; the beneficiary of assassins, and last, and crowning piece of luck, the nominee for president when all the aggressive elements of passion wanted to see their own candidate defeated; the mammoth jocularities has got to laugh with every appearance; the gargoyle has been funny from the hour it left its native quarry."

MISTREATED BY NIGHT-RIDERS. THEY ASK HEAVY DAMAGES.

Paducah, Ky., Jan. 18.—Alleging that they were cruelly mistreated by "night-riders," damage suits aggregating \$75,000 were filed in the federal court here today by L. M. Wood and Mrs. Laura Toomey, formerly of Eddyville, Ky., and now residents of Metropolis, Ill. Both claim that they were victims of David I. Amos and 269 other alleged night-riders the night of Feb. 15, 1908, when they were forced to suffer the pangs of freezing weather while clad only in their "night clothes."

Texas Man and One Son Are Dead and All the Other Five Members of the Family Are Not Expected to Live.

Abilene, Texas, Jan. 18.—M. H. Stream and his three-year-old son, living five miles west of Roly, were burned to death and five other members of the family were probably fatally burned yesterday by a gasoline explosion. The father's entertain little hope for the recovery of any of the family. A number of the family mistook gasoline for kerosene and poured the liquid on the kitchen fire. An explosion followed. Neighbors rushed to the scene and found every person there wrapped in flames.

STOCKS DULL AND NEGLECTED.

New York, Jan. 18.—Organized labor and its relation to efficient democracy was the subject of the after-dinner discussion at the banquet of the Economic club in this city tonight. Warren E. Stone, of Cleveland, president of the International Brotherhood of Locomotive Engineers' outlined organized labor's position on the wage question, the right to organize and its demand for the modification of the present laws on injunctive and trial by jury for those accused of violating court orders. Discussing the sentence imposed upon some Gompers and the other labor leaders, he said:

Indianapolis, Jan. 18.—The twentieth convention of the United Mine Workers of America will convene tomorrow in this city. If the followers of President Lewis control the convention, it is acknowledged that an attempt will be made to change the constitution and by laws so as to give the president of the organization greater powers. The faction headed by John H. Walker, president of the Illinois miners, who is a candidate against Lewis for the presidency, will oppose this program, it is said, and will ask that the power of the president be curtailed.

KIERAN SURRENDERS HIMSELF TO PITTSBURGH AUTHORITIES.

Pittsburg, Jan. 18.—P. J. Kieran, whose financial transactions have in many ways troubled the city, has surrendered to the authorities here, and given bond in two cases. Following this, he left almost immediately for New York to fight the bankruptcy proceedings pending against him there. Kieran stated that he had been keeping quiet as to his whereabouts since the informants had been made here against him, because he had been poorly advised as to the best method to pursue, and that he intended to make reparation as far as it is in his power to do so.

WESTERN MINER MOYER LEADS IN SUIT AGAINST PEABODY.

Washington, Jan. 18.—The supreme court of the United States today decided against former President Moyer, of the Western Federation of Miners, in the damage suit brought by him against former Governor Peabody, of Colorado, on account of Moyer's imprisonment, on the governor's order, because of his alleged action in the riot at Telluride, Colo., in 1904.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich., Jan. 19, 1909.

President-elect Taft's extended sojourn in the solid south is doubtless the preliminary to an attempt to break its solidarity in the presidential election of 1912.

The friends of Judge Stone in the state convention next month may not need the administration influence. At the same time if things came to a pinch there is no doubt that it would help materially.

Senator Tillman wants an investigation by the senate, not being satisfied with the present status of things. We opine that his dissatisfaction will ultimately be more acute if he gets what he wants.

The upper peninsula may ultimately get a state sanitarium for the care of tubercular patients, but as the present legislature is going in for a record for economy the chance for favorable action during the present session cannot be said to be any too good.

Mrs. Mary Thaw is out with a red-hot statement assailing Prosecutor Jerome for his zealous fight to punish her son, Harry Thaw. She alleges against Jerome improper conduct. The occasion of the statement was the order of the court that the hearing in regard to Thaw's sanity should occur in New York county, instead of in Dutchess, where Thaw has been in custody as an insane criminal.

President-elect Taft has disposed of the report that he sympathizes with the attempts being made in Oregon to induce certain legislators elected by Republicans to go back on their pledge to vote for the choice of the majority of the people for U. S. senator—because he happens to be Governor Chamberlain, a Democrat—by a formal statement that no person has any authority, or right, to represent him as taking any attitude whatever regarding the Oregon situation.

What sort of a rivers and harbors bill there is going to be, or whether there will be any bill at all, are matters still remaining to be settled, it seems. A meeting of the rivers and harbors committee, held late last week, adjourned without a definite decision being reached.

The Soo Times does not agree with the Soo News in viewing the Lorimer bill as a menace to the Lock City, but, on the contrary, appears to favor it as carrying the only definite assurance of a settlement of the long-standing controversy between the Michigan Lake Superior and Chandler-Dunbar Power companies.

One of the most damaging pieces of evidence that has been introduced against former Treasurer Glazier, in the case now pending at Lansing, was given late last week by Banking Commissioner Zimmerman.

SUPERIOR TRUST COMPANY HANCOCK, MICHIGAN Capital \$150,000. This company is under the supervision of the state banking department and is authorized by the law to act as executor, administrator, guardian, assignee, receiver or trustee.

as much in the air as it ever has been and the chances are the same old game of wait will be continued for an indefinite period if it is left to the companies to reach an agreement."

If Senator Gore and a number of his colleagues are determined to fight the confirmation of the appointment by the president of Daniel J. Keefe of Detroit to be commissioner general of immigration the senate rules are such that they will be in a position to fight it effectively, and it would be no trick at all to delay confirmation for several weeks at least, if not to finally defeat it.

"Judging by the comment on the assignment of committees in the senate by Lieutenant Governor Kelley, it is recognized that he has had due regard for the need of fair treatment of propositions coming before that body, and of the propriety of not allowing past factional differences to sway him in his selections," the Lansing Republican says.

Because he imagined his friends had deserted him, James Nelson, aged forty-five, a farmer residing in Mackinac county, ended his life by hanging at the home of Samuel Peffer, six miles from Rudyard. Insanity resulting from family troubles is believed to be responsible for the deed.

Following an investigation of saloons in the Soo, Rev. C. H. Rutledge of Ishpeming, upper peninsula superintendent of the Anti-Saloon league, went to Straung, Chippewa county, and after visiting Alex Clark's saloon decided to swear out a warrant for a bartender, charging him with keeping a gaming room.

condition. Following this testimony, Judge Wiest ruled out a question put by Mr. Glazier's attorney and designed to bring out the political relations existing between the defendant, the banking commissioner and Governor Warner.

REPRESENTATIVE YOUNG. The Bessemer Free Press comments on the fact that Representative Young voted with the house majority expunging from the records the offensive—to the house—parts of President Roosevelt's messages referring to secret service in a manner that show that the Free Press holds that because in his campaign speeches Mr. Young referred to the records as showing that he had voted for numerous of the president's recommendations he gave an implied promise that he would stand by the president all along the line, and attributes to him a large measure of hypocrisy.

Cyrus Williams has gone to Saginaw on business.

A. O. Jopling went to Lansing yesterday afternoon.

Galen Catlin has returned from a week's visit in southern Indiana and Chicago.

Mrs. C. R. McCaie and infant son and Miss Nellie Merritt went to Lansing yesterday.

The faculty of the Normal will serve a tea to the students of the institution Thursday afternoon in the gymnasium.

The Ferguson Business college and high school will play a game of indoor baseball at Armory Hall Wednesday evening.

John Powers, of Escanaba, is visiting with Mr. and Mrs. M. C. Powers, of this city. All spent Sunday visiting friends in Ishpeming.

Frank H. Withey, general manager of the Northwestern Collection agency, leaves this morning for the copper country on business. He will return the last of the week.

Mr. and Mrs. W. T. Shepard left Marquette yesterday afternoon. Mr. Shepard going to LaPeer, while Mrs. Shepard went to her former home in Newark, N. J.

Captain C. M. York dislocated his shoulder Thursday evening last by falling near the corner of Michigan and Third street. He will be confined to the house for some time.

Andrew Sarjjan left for Chicago yesterday morning for Marquette, Green Bay and Milwaukee, where Mr. Piore will undergo a slight operation. From there the two expect to go to Texas and California, to be gone about two months.

Funeral Wednesday—The funeral of the late John C. Johnson will be held from the family home, 1004 North Fourth street, at 2 o'clock Wednesday afternoon. The obsequies will be conducted by Rev. Mr. Sandahl, with interment at Park cemetery.

Death of Child—Kurt Arvid Strom, the eighteen-month-old son of Mr. and Mrs. Alex. Strom, 124 West Crescent street, died yesterday morning. The funeral will be held Wednesday morning at 10 o'clock from the house, with interment at Park cemetery.

Sawmill Accident—Carl Storm, aged about thirty, was brought to St. Luke's hospital last evening, from Limestone, having suffered the loss of two fingers, while at work at Leaper's sawmill yesterday. The index and second fingers of the left hand were mangled so that they had to be amputated.

Drew a Lynx Bounty—Joe Thoney, of Powell township, brought a lynx to the court house yesterday and was paid the \$5 bounty allowed by law. Mr. Thoney is one of the successful wolf and lynx hunters of this county, and has brought several pelts of these animals to the court house this winter.

Shot Gun Accident—Burr Kimber, aged sixteen, son of Samuel Kimber and wife, 321 Alger street, is minus the third finger on his right hand as the result of the accidental discharge of his shot gun, while hunting near the Six Kilns Sunday. The accident occurred when he stumbled and fell over a lump of frozen snow. The injured hand was dressed at St. Luke's hospital.

A Change of Ownership—Marvin McNamara has sold his pool and billiard hall at 131 West Washington street, to Carl Siegel, a Marquette young man, who has recently been located on the South Shore road. Mr. McNamara expects to go West in about a month, but has not decided where he will locate, or in what business he will engage. He has been in charge of the Washington street billiard hall for three years.

Directors Re-elected—At the annual meeting of the stockholders of the Lake Shore Engine Works, held in Ball & Ball's office yesterday, the former officers and directors of the company were re-elected, as follows: President, H. H. Williams; secretary, J. E. Ball; treasurer, Morgan W. Jopling; board of directors, J. M. Longyear, J. E. Sherman, J. H. Williams, A. H. Palmer, F. H. Begole, Morgan W. Jopling and J. E. Ball.

Lake Superior Is Low—The water level of Lake Superior fell two and three-fourths inches during the month of December, and was eight and a half inches lower than the average for that month for the last ten years, according to the report of the United States lake survey. The lake is over six inches lower than a year ago, seven inches higher than in 1891, but thirteen inches lower than in 1909. The lake is likely to fall four inches during this month.

More Water Now—There is now sufficient water in the dam of the light and power plant so that it is thought the machinery can be run until Thursday, at least, without a shut-down. It was allowed a few days ago that the dam at Silver lake, which was supposed to be partly open, was entirely closed. On Thursday last, the gates of the dam were opened two inches, and the increased amount of water that went down the river in consequence, had filled the dam Monday morning.

Piano Firm Fined—Premont Vergent and A. A. Newton, of the Marquette Piano company, were fined \$25 and costs each by Justice Byrne yesterday afternoon, for engaging in business without paying the \$25 license fee, required of merchants engaging in business in this city. Under the ordinance, this fee would be refunded, provided the firm paying it remained in town until tax paying time. Attorney George P. Brown, for the city, introduced several witnesses, but the defendants made no defense, although represented by John McFerran. The defendants have five days in which to appeal to a higher court which they assert they will do.

INSURE WITH PETER WHITE & CO.

TINSEL CARDS ARE UNDER THE BAN

RECENT ORDER MAKES THEM UNMAILABLE EXCEPT IN SEALED ENVELOPES—CLERKS HAVE BEEN POISONED.

"Cards bearing particles of glass, metal, china, mica, sand, tinsel or other similar substances, are unmailable, except when enclosed in envelopes tightly sealed," is the substance of the order received at the postoffice from headquarters at Washington. The tinsel postal card nuisance has been fought by postal authorities, and the order is an emphatic statement on the part of the postmaster general designed to stop their sale.

The tinsel and particles of metal have very often proved poisonous to the mail clerks handling them, and serious injury from blood poisoning has more than once resulted. The cards pass through many hands, and many postal cards pass through a mail clerk's hands, so that the danger from poisoning is real. It is chiefly on this account that the order has been issued.

Hundreds of tinselled postal cards, improperly enveloped, are held at the local postoffice every week. "And they always will be, I suppose," said one weary clerk, depositing a glittering handful of the condemned cards on the increasing pile. "The public never seems to understand that these tinselled cards cannot be passed. Then they kick because they don't receive their mail, or because it never arrives at its destination."

DISCUSSED HOME RULE LAW FOR CITIES

PLANS FOR UNIFORM MUNICIPAL GOVERNMENT BILL OUTLINED AT DETROIT MEETING.

As the outcome of the clause in the new state constitution, giving municipalities broad powers of home rule, a meeting of representative men from several cities of the state met at Detroit recently to discuss a professional bill for the government of cities. After an extensive discussion, a committee of seven was appointed to draft a bill, which will be presented to the legislature, the provisions of which are to be in substantial accord with the following outline adopted at the meeting:

"The constitution requires the legislature to pass a general act for the incorporation of cities, and from the implication of the debates, though not expressly stated in the instrument itself, it is understood there shall be no discrimination or classification of cities. In this view the law should be comprehensive in the scope dealing only with general provisions, leaving the details of administration to be determined by each city for itself. The act should contain the following general provisions: "Recognizing cities already incorporated and continuing in force present charter provisions until they are lawfully changed or repealed."

"Providing for the incorporation of new cities and designating the method for framing, adopting and amending city charters."

"New or revised charters should be framed by a local commission of not less than nine members, and such additional members as may be determined by the local authorities, such additional members to be elected in the same manner as those first designated."

"Amendments to city charters may be proposed either by a commission chosen, as in the case of a new charter or by the city legislative body, acting of its own motion or upon petition. All charters and amendments thereto must be submitted for ratification to a vote of the electors."

"Under these provisions the purpose of the constitution to give to municipalities a full measure of local self-government would be carried out. But the general powers of cities should be clearly defined in the act."

The following provisions are recommended:

"Prescribing the power of eminent domain and the method of its exercise."

"Requiring each city and village to make estimates and annual appropriations for municipal expense."

"Placing a limit upon the borrowing powers of cities."

"Providing a uniform system for a tax levy and collection of taxes and limiting the rate of taxation for municipal purposes."

"Installing as rapidly as possible a uniform system of accounting and public reports in all cities of the state."

"Providing for an executive head and legislative body, all to be elected by the people."

AMERICAN BASEBALL SEASON WILL OPEN THE 17TH OF APRIL

Cleveland, O., Jan. 18.—The schedule committees for the two major leagues met here today, and compared their tentative schedules for the 1909 season. The following are said to be the opening dates, tentatively agreed upon, all in April:

American league—Boston at Philadelphia, 12; New York at Washington, 12; Cleveland at St. Louis, 14; Chicago at Detroit, 14.
National league—Pittsburg at Cincinnati, 14; St. Louis at Chicago, 14; Philadelphia at Boston, 14; Brooklyn at New York, 14.

Wisconsin-Illinois League Reorganized.

Milwaukee, Jan. 18.—La. Crose and Wausau were dropped from the Wisconsin-Illinois Association of Baseball Clubs at a special meeting of the board of directors which lasted until an early hour this morning. The new line-up follows: Appleton, Racine, Oshkosh, Fond du Lac, Madison, Green Bay, Rockford and Freeport.

Grand Rapids Franchise Sold.

South Bend, Ind., Jan. 18.—The Central Baseball league today adopted a schedule of 140 games, to begin April 28 or 29. The Grand Rapids franchise was sold to C. F. Brotherton, of Ashabula, O., for \$10,000.

DISTINGUISHED SON OF ILLINOIS.

Springfield, Ills., Jan. 18.—Judge William L. Gross, grand commander of the Illinois Knights Templar, died today, aged sixty-eight. When installed as grand commander last August, the ceremony was performed at his home, he being too ill to be present at the meeting of the grand commandery in Rock Island. During the Civil war he was superintendent of the United States military telegraph corps of the Department of the Ohio and later in the department of the Gulf. He had been circuit judge and a member of the Illinois house of representatives.

BISHOP BERNARD J. MQUAID IS DEAD AT ROCHESTER, N. Y.

LUTHER LAFIN MILLS PASSES AWAY AT CHICAGO

Chicago, Jan. 18.—Luther Laffin Mills, former state's attorney of Cook county and for many years one of the most widely known members of the Chicago bar, died tonight, aged sixty-one. As a lawyer Mr. Mills took part in several famous cases. He defended Pendergast who shot Carter Harrison, then mayor, and took a leading part in big murder and hoodie trials. He prosecuted the Sturlata and Cronin murder cases.

THE PITFALLS OF WEDLOCK.

Interesting Statistics From Census Bureau.

Women Obtain Twice as Many Divorces as Men; Most Frequent Cause Is Intemperance—Maximum Reached in Fifth Year of Married Life.

Washington, Jan. 18.—The Census Bureau draws many interesting deductions from the complete statistics of marriage and divorce for the twenty-year period from 1887 to 1906 inclusive. Some of the conclusions reached after a study of the figures are of peculiar interest in Indiana by reason of the fact that the divorce rate in that state was higher during this twenty-year period than in any other state east of the Mississippi. Almost exactly two-thirds of the total number of divorces granted in this period were granted to the wife. In other words, the divorces obtained by the wife are twice as numerous as those obtained by the husband.

The statistics tell an interesting story of the homes that have been wrecked by intemperance. Drunkenness was the sole cause of divorce in 36,516 cases in the twenty years. It was a cause in combination with some other cause in 17,765 cases. Therefore, it was a direct cause either alone or in combination with other causes, in 54,281 cases.

The attempt was made to ascertain the number of cases in which intemperance, although not a direct cause for divorce, was an indirect or contributory cause. The number of such cases was returned as 190,287. Probably this number includes those cases in which the fact of intemperance was alleged in the bill of complaint or established by the evidence, although not specified among the grounds for which the divorce was granted. It is an indirect cause of divorce in nearly one-fifth of the divorces granted to the wife on other grounds. It was present as a contributory cause in one-third of the cases in which the wife obtained a divorce on the ground of cruelty, and in one-fifth of the divorces granted to the wife for neglect to provide.

The contrast as regards the influence of intemperance between divorces granted to husbands and those granted to wives is very marked.

The average duration of marriages terminated by divorce is about ten years. The exact average as computed on the returns of the present investigation was 9.9 years. Twenty-eight per cent of the total number of divorced marriages last-

ed less than five years. The number of divorces that occurred in the first year of married life during the twenty-year period was 18,878. The statistics show that the number of divorces reaches its maximum in about the fifth year of married life and from that time on the number steadily diminishes year by year; but it does not fall below the number granted in the first year of married life until the eighteenth year is reached. The number of divorces granted during the twenty-year period to couples known to have been married in a foreign country was 23,437. Of the foreign-marriages divorces in the United States more than one-third were contracted in Canada. This is probably accounted for by the fact that many Canadian married couples acquire residence in the United States for the sole purpose of obtaining a divorce, the divorce laws here being in general more liberal than in Canada.

The next largest number of divorced marriages originated in Germany. England, on the other hand, contributes a large proportion of the total number of divorced marriages of foreign origin. Very noticeable is the small proportion of divorces contracted in Ireland as compared with the large population of Irish in the total foreign born population. The divorce marriages contracted in Germany are more than eight times as many as those contracted in Ireland, although the German-born population is only about 65 per cent larger than the Irish. The statistics show that children are present in about two cases out of three. In 77 per cent of the cases in which there were children the children were granted to the wife. The comparative small percentage of cases in which there were children in the class of divorces granted to the husband on the ground of desertion is noteworthy as suggesting the influence children may have in restraining the wife from leaving her husband when the conditions are such that she cannot take the children with her. On the other hand, the large percentage shown for divorces granted to the wife in these cases, the guard for her children may be one of the motives determining her action in seeking divorce.

TREES GROW FROM ROOF TOP.

One of the small buildings on the grounds occupied by the old Washington headquarters in Doubt's Ferry, N. Y., is beginning to attract as much attention as the headquarters building itself. It is the old ice house, built more than 100 years ago, and now the shelter of a few dozen well-bred chickens.

When this old ice house was built the space between the ceiling and the roof was filled with fine charcoal. From time to time, as the roof wore away and leaked, this charcoal became wet, and finally decayed, until now it forms a fine layer of rich soil. By some strange chance an elm seed found its way into this soil, sprouted, and a young elm tree made its way through the decayed shingles into the light of day. Later several more seeds became lodged, and grew as companions to the first comer in its lonely reserve. This was continued until now a considerable part of the roof is a young forest of elms. It is a strange sight and attracts much attention.

company, to be composed of Ishpeming
men, and which will be known as the
Northern Leather company. Among the
stockholders will be William and Albert
Trebilcock, Edward Anderson and C. L.
Sloat. Mr. Anderson has been foreman
of Mr. Heyn's shop for the past twelve
years, and is a fine workman. Mr. Sloat,
who was formerly in Mr. Heyn's employ,
but who has had charge of F. Braastad
& Co.'s harness department since it was
established a few years ago, has also
worked at the business all his life. He
and Mr. Anderson, also William Trebilcock,
will be active in the management
of the business. The company will take
possession Feb. 15.

Mr. Heyn is one of the oldest and best
known harness and leather dealers in the
upper peninsula, having been engaged
in the business in Ishpeming for the
past twenty-seven years. He came to
this city from the copper country, starting
on a small scale in the McEnroe
building on South Main street. From
there he moved to the Mahanna block,
corner of Division and First streets,
remaining there for a short time until
twenty-three years ago, when he transferred
his business to the Mitchell building,
corner Main and Division street,
which he at present occupies. It is said
that Mr. Heyn's stock of saddlery and
leather goods is by far the largest in the
upper peninsula. He has built up a good
wholesale as well as a large retail trade.
He supplies many of the cobblers and
other dealers in the upper peninsula. He
said yesterday that he has not yet made
up his mind as to his future plans, but
will take a much needed rest before
re-engaging in business of any kind.

The new company will conduct the
business along the same conservative
lines that Mr. Heyn has followed. It
will be conducted as nearly as possible
on a cash basis and the stock will be
kept up to its present standard. It has
not yet been decided whether a man will
be sent on the road to cover the territory
over which Mr. Heyn traveled, but a
member of the firm will probably make
regular trips to the copper country and
other points from which a large business
has been obtained by their predecessor.
The present quarters in the
Mitchell block consist of the entire lower
floor, except the space occupied by Peter
Mercier's barber shop in the rear and
also the basement. The harness department
is in the rear of the main room.

BOOST FOR VANDEVENTER.

Wisconsin Mining Expert Speaks Favorably
of Lead and Zinc Property.

The nearly 400 shareholders in Marquette
county of the Vandeventer Lead
& Zinc Mining company will read with
much interest the opinion of the mine
expressed by J. H. Lewis, a recognized
mining authority in the Wisconsin field,
who writes regular weekly articles for a
Milwaukee paper, also the Mining World
and other journals devoted to mining and
manufacturing. Mr. Lewis' last week's
was a personal examination of the
property and this is what he said about
it in his weekly letter:

"A personal investigation of the Vandeventer
mine shows that so far what
work has been done there has practically
been all development of the property.
Yet as a result of this development, a
great deal of ore has been shipped out
of the mine. The main ore bodies have
been untouched. There are three flat
sheets known so far. Two of these are
developed in the drift, the other sheet
being under the drift its entire distance
and has not been proved up beyond, which
is quite convincing to those at interest
in the mine that the lower run of ore is
a mine of itself. The three flats belong
to one pitch and have been blocked out
by running Mr. Nicholas' shaft for a distance
of 400 feet and were found uniformly the
same the entire distance. No work is
being done in the mine at the present
time, as a large force of expert mechanics
are rushing a roasting establishment
to completion. There is years of work
in sight for the surface equipment. One
signal advantage lies in the fact that the
company owns the land in fee and can
work or not as it sees fit. The deepest
shaft upon the premises is only thirty
feet deep, and makes mining here
extremely cheap. All of the flats contain
both lead and zinc ore, and a big steady
producer will be found here from the first
of next month on."

Mr. Lewis' statement confirms the report
of the company's officers relative
to the condition of the property, issued
a few weeks ago, when it was decided
to dispose of the balance of the treasury
stock for the purpose of raising funds
to pay for the roaster plant, which will
soon be ready for operation.
Superintendent Robert A. Fox yesterday
advised the officers that the roaster
building was entirely enclosed Saturday
and that a force of twenty mechanics
is employed installing the plant. Mining
operations will probably be resumed this
week, to prepare for the starting up
of the new mill, though there is now a
considerable tonnage of ore in the bins
ready for treatment. Mr. Fox advises
that he will have no trouble keeping
both the concentrator and roaster running
continually after the latter goes
into commission. The County Sheriff,

DEATH OF OLD RESIDENT.

Mrs. Mary Gleason, who had been ill
for several months, due to old age, died
at an early hour yesterday morning at
the home of her son, Patrick G. Gleason,
on Johnston street. The deceased
was a native of Ireland and was ninety
years of age. She came to this country
when she was twenty-four years old,
settling in New York, where her hus-
band died a short time prior to the fam-
ily's removal to Ishpeming twenty-nine
years ago. She is survived by two sons,
Thomas and Patrick G. Gleason, of this
city, and three daughters, Mrs. Phil Cutler
and Mrs. Katherine Gleason, living
here, and Mrs. M. A. Dewey of Platte-
burg, N. Y. The funeral will be held
tomorrow morning at 9 o'clock from St.
John's church.

WESTERN PLAY TONIGHT.

A stirring and sensational tale of
western life is "The County Sheriff,"
which comes to the Ishpeming theatre
tonight, under the management of O. E.
Darantella. The County Sheriff is a play
made of new material, good plot, and
dramatic situations. Glenwood Springs

DEATH OF MISS MERRYWEATHER.

Young Lady Who Was Born Here Passes
Away in California.

A brief announcement was received
Sunday morning of the passing away of
Miss Agatha L. Merryweather, youngest
daughter of Charles Merryweather,
of Los Angeles, Cal., the previous day.
Miss Merryweather was born in this
city and spent eight years of her
childhood here. A year ago last sum-
mer she visited Mrs. T. A. Felch and
other family friends here, where she re-
newed her childhood friendships, and
was happily entertained by the many
fast friends of her father and mother,
leaving a beautiful impression of herself
as a young woman.
The family having been faithful mem-
bers of Grace Episcopal church here,
they were affectionately remembered in
the prayers at that church Sunday, and
are as affectionately remembered by
many warm friends in this time of their
great sorrow.

FINN'S DEATH LAMENTED.

Former Ishpeming Attorney Was Popu-
lar in Denver and Cripple Creek.

The Denver Daily News contained the
following announcement of the death,
and career while in the west, of the late
J. Maurice Finn, formerly of this city:
"After a week's illness, J. Maurice
Finn, a well-known member of the Colo-
rado bar, died at St. Luke's hospital
yesterday. For months he had been in
declining health as a result of kidney
trouble. Finn was especially well known
in Cripple Creek, where he was promi-
nent in the practice of law during the
early days of the great mining camp.
He became celebrated as a lawyer in
the defense of Russell Bolles, now serv-
ing a life sentence for killing Harold
Fulborn on the night of Jan. 1, 1902.
Finn was always firm in his belief that
Bolles was innocent and fought the
young man's case through the supreme
court, using his own money in a per-
sistent effort, covering six years, to free
his client.
"Almost his last conversation was in
regard to Bolles. While at the hospital
he pleaded with friends not to forsake
the young man.
"Parson Plea Fails.
"After failing in the supreme court
Finn made repeated efforts to secure a
pardon for Bolles, but also failed in this
measure of relief.
"Until about a year ago Finn had offices
in the Ernest & Cramer building, but
discontinued his practice to devote
his attention to his mining interests
in Cripple Creek.
"Fin was one of the best known men
in the district, as from a financial
standpoint he did more to advance the
interests of the people than any person
who ever lived in the gold camp.
"His made two fortunes in mining, but
later lost all searching for the yellow
metal in undeveloped territory. Finn
had his biggest stake in 1901 from the
Caledonian property and during that
year he cleaned up about \$125,000.
"His was a Knight Templar in the
Masonic lodge, was past grand district
deputy and life member of the Elks
and past exalted ruler of Cripple Creek
lodge, No. 316, Elks.

Appointed City Attorney.

"He was interested in several mining
propositions and at the time of his
death was president of the Mountain
Beauty company.
"Fin only a few days ago had been
appointed attorney of Cripple
Creek. He was one of the Democratic
war horses and was a delegate to the
national Democratic convention which
nominated Grover Cleveland in 1892.
Finn was popular with both political
parties and immediately on notice of his
death today flags were set at halfmast
on the court house, city hall and busi-
ness houses. Finn was fifty-two years
old and leaves a widow, son and step-
daughter."

The management of the Bancroft rink
is admitting ladies free every afternoon
and evening.
Mrs. J. D. Spitzer left last evening
for Chicago and Oak Park, where she
will spend a week or more, visiting.
Herman Jandeeck left yesterday
for the copper country on a business trip
to be absent until the last of the week.
Edward Capps and wife arrived home
Sunday from Chicago and Madison,
where they spent a week or ten days,
visiting.
Elmer McDonald sustained a sprained
ankle as the result of a fall while
skating at the Bancroft rink last Fri-
day evening.
The members of the Oliver club had

FROM MORGAN'S CURB LETTER.

"All the markets were reactionary to-
day, Amalgamated being the weakest
of the coppers. The persistent selling
of this issue by a prominent New York
house carried down the balance of the
list, but the market became very dull
at the decline. The reduction in all
grades of copper metal of 1/4 cent a
pound in both the bid and asked price
contributed to the easy tone of the mar-
ket. Greene Cananea held steady at 11 3/4.
There was little change in the cen-
tral. Superior & Globe was a trifle
easier, but there is still a good demand
for the stock at any recession from 1

"Texas" was the bill at Ishpeming

pleased the audience. The company is a
strong one. The play is well written,
has an interesting plot and is mounted
with special scenery. The production is
one of the best of its kind ever seen
here.

GREAT MEMORIAL TO
LINCOLN IS PLANNED

Leaders of Congress Reported
Agreed on \$5,000,000 Project—
Monument May Be in Form of
a \$1,000,000 Arch or Mausoleum

Washington, Jan. 17.—It is the hope
of leaders in congress to signalize the
anniversary of the birth of Abraham
Lincoln by the passage of legislation
providing for such a monument to the
memory of the dead statesman as will
make it the marvel of the nations of the
world and has the approval not only of
the leaders of the United States senate,
but of Mr. Cannon, speaker of the house.
It contemplates the expenditure of nearly
\$5,000,000, and the working out of a
memorial project, the most important
and ambitious in the national capital.

The action on the measure is to be
taken next Monday, that being next sus-
pension day. The agreement on the
general features of the measure with the
leaders in the senate is expected to make
the way easy for its passage through
that body. It is the hope of the projec-
tors that the legislation will have gone
to the president of the United States by
time for him to affix his signature on
Friday, February 12, Lincoln's birthday.
The memorial to Lincoln itself will

most an even million dollars. It is pro-
posed to locate it in the center of a great
park space between the United States
capital and the new Union Railway
station. The bill will be known in the
house of representatives as the "McCall
bill," because the representative of that
name from Massachusetts drew its pro-
visions. The original bill was drawn
during the last session of the last con-
gress, but in its closing days, so that it
attracted no attention.

The bill in the form in which it was
offered last session proposed the pur-
chase of the entire tract of land, of a
width equal to the width of the Capitol
grounds, and at the opposite end, the
length of the new Union station. To
meet the views of senators who will try
to put the legislation through the upper
branch of the congress this will be cut
down somewhat, but the property it is
proposed to buy will amount to about
thirty-six acres, and several city blocks
included in the area have substantial
brick houses on them. The land which
will be thrown directly in the present
Capitol grounds and will be made a part
of the Capitol reservation and retained
in control of the officials of congress will
cost millions, and the bill as now drawn
carries \$3,250,000 as its purchase price.
The requirement of the land and the
erection of the great Lincoln memorial
will be under the control of a commis-
sion composed of the speaker of the
United States, the vice president of
the house of representatives and the super-
intendent of the Capitol.

No attempt is made to decide by legis-
lation at this time just what form the
\$1,000,000 memorial will take as that is
to be decided by artists and architects
and experts to be employed and con-
sulted by the commission in charge. It
is understood that something in the way
of a great arch or mausoleum is in the
minds of the legislators pushing the bill.
It is agreed that for a million dollars
the best of art and sculpture as well as
the most expert advice can be secured.
The only wish is to make the Lincoln
memorial the greatest thing of its kind
in the world.

There are now three projects pending
before congress to commemorate Lin-
coln. One of these is the erection of a
great memorial on the banks of the
Potomac River as a part of the ap-
proaches and ornamentation of the great
highway bridge across that river con-
necting the North and the South and
bridging Mason and Dixon's line. The
third proposal is the building of a great
roadside from the nose to the Gettys-
burg field.

By the invention of machines to bleach
and spin it, the wild silk of Manchuria,
great quantities of which are exported
each year, threatens to compete seri-
ously with that grown in more civilized
lands.

NEW 'PHONE LINE TO BE CONSTRUCTED

MANISTIQUE AND TROUT LAKE TO BE CONNECTED BY TWO COPPER METALLIC CIRCUITS.

MORE AND BETTER SERVICE

Will Be of Benefit to Upper Peninsula—Bell Company Now Making Money in This State.

K. S. Baker, district manager for the Michigan State Telephone company, announces that the company is about to begin construction work on a trunk line between Manistique and Trout Lake, with the object of improving the long distance service for a considerable territory in the southern part of the upper peninsula and giving connections to numerous small towns that now have no telephone service.

The construction work on the Manistique-Trout Lake line, which is estimated to cost \$17,000, will begin at once and will be in charge of Albert Gibson as foreman. Three crews of ten men each will be engaged on it, and each crew will build a section of the line. Eighteen hundred poles will be required. It is expected to have the line ready for use the coming summer.

Is Paying Dividends. The Michigan State Telephone company is reported to now be in the best condition it has shown at any time since its organization. Dividends are being paid on both the preferred and common stock, the rate for the former being 6 per cent, the latter 4 per cent. The common stock has had a steady advance in price during the past six months, and has moved up at that time seventeen points, from \$47 to \$64. The preferred stock has also been increasing in value, and has crossed \$90, from about \$80, in the same time.

The patronage of the long distance lines in the upper peninsula has been satisfactory, and if the same conditions obtained in this region that are found in the lower peninsula they would be big money makers for the company. The amount of "short haul" business in the upper peninsula is, however, much smaller than it is in the lower part of the state, because of the comparatively sparse population. There are few small towns that act as feeders to the long distance lines, the company suffering in this regard somewhat as the railroads do. The long stretch between Marquette and St. Ignace furnishes an example of this condition. Though the investment by the Michigan State Telephone company in its circuits connecting those two points is a large one, there are only a few places where any local business arises, and for the most part these lines are used in transmitting "long haul" messages to lower Michigan points.

NEW DIRECTORS ELECTED.

Annual Meeting of County Agricultural Society Held Yesterday.

At the annual meeting of the Marquette County Agricultural society, held at the city hall yesterday afternoon, three new directors were elected, the resignations of two others were accepted and the vacancies filled, and a new secretary was chosen. The meeting was fairly well attended.

Robert Hembler and John Siegel, of Marquette, and Wm. Ewing, of Chocoma, were elected directors for three years. The resignations of H. H. Milden, of Ishpeming, and George W. Hager, of Marquette, were accepted, and M. E. Ashie and G. A. Newett, of Ishpeming, were elected in their stead. The former will hold office one year and the latter two years. John D. Mangum was re-elected president of the society. H. W. Price was elected secretary, and B. W. Wright, treasurer.

ANOTHER DEATH TO RECORD.

Mrs. Joseph Davis Passed Away Yesterday After a Long Illness.

Mrs. Joseph Davis, a well known Marquette woman, passed away at the family home, 1203 North Third street, at noon yesterday, after an illness extending over two years. She had been confined to her bed for several months. The deceased was thirty-seven years of age, and had lived in this city all her life. She was a member of St. John's church, and while her health would permit, was an active worker. There are left to mourn her death the husband, to whom she was married in September, 1905; her mother, Mrs. M. Dube, of this city; three sisters and two brothers, Mrs. Fred LaCourse, Matilda, William and David Dube, of this city, Mrs. D. A. Dickinson, of Brainerd, Minn., and four step sons, Arthur, Joseph, Wilfred and Albert.

The funeral arrangements will be announced later.

THEATRICAL.

"The County Sheriff" which comes to the Marquette Opera House tomorrow evening is said to be a thoroughly interesting play, packed with exciting adventure, sentimental incident and humorous situations. A strong acting company, together with a heavy scenic production should make this one of the most pleasing comedy dramas of the season.

"Texas," a realistic romance of the great southwest, will be given here, Thursday evening. The play is in four acts and tells a dainty love story in a quaint and delightful manner. "Texas" found great favor in New York city, where it played with great success for twenty weeks. The play abounds with strong situations, but it also has delightful comedy scenes as well as those of tender sentiment. Most of the original cast and production will be seen in this city. "Texas" is under the direction of George Broadhurst, author of the great play "The Man of the Hour."

The members of Marquette Aerie, No. 1138, F. O. E., are requested to meet at Keough's hall Wednesday, Jan. 20, at 2 o'clock p. m., to attend the funeral of John C. Johnson. J. R. HUDSON, Secretary. (1-19-19)

ANNUAL MEETING.

Notice is hereby given that the annual stockholders' meeting of the Marquette City & Presque Isle Railway company, for the election of directors and the transaction of other business, will be held at the office of the president, Albert F. Koepeke, 134 Washington street, in the city of Marquette, Michigan, on Tuesday, the 19th day of January, 1909, at 10 o'clock a. m. Dated Dec. 21, 1908. CHARLES RETALIC, Secretary. (12-22-19)

THE BALLOT USED FIFTY-FIVE YEARS AGO

AN INTERESTING RELIC OF THE EARLY DAYS OF THIS COUNTY FOUND AT LANSING.

The Mining Journal is in receipt of a Lincoln and Johnson ballot, used in Marquette county in 1864, which was found by Hon. C. R. McCale in the Michigan Historical rooms at Lansing. The ballot is about three by eight inches in size, and contains the names of the Republican candidates for presidential electors, and the various offices on the state and county tickets. At the head of the ticket are the words "Marquette County—Michigan." Immediately below is the party emblem, consisting of three cannons draped with flags, in the center of which, surrounded by a wreath, are the names of the national candidates, "Lincoln and Johnson." Above the emblem are the words "For the Union" and below, "No Compromise With Treason," and "Rally 'round the Flag Boys, Rally Once Again."

Then follow the names of the eight candidates for presidential electors: Robert B. Beecher, Thomas D. Gilbert, Frederick Waldorf, Marsh Giddings, Christian Eberbach, Perry Hannah, Omar D. Conger and George W. Pack. Henry H. Crapo was the candidate for governor of the state; Ebenezer O. Grosvenor for lieutenant governor; James B. Porter, secretary of state; Emil Annok, auditor general; John Owen, state treasurer; Albert Williams, attorney general; Cyrus Hewitt, commissioner of land office; Oramel Hosford, superintendent of public instruction; Whittier J. Baxter, member of state board of education; Thomas M. Cooley, associate justice of supreme court; John F. Driggs, representative in congress from the Sixth district.

Marquette County Ticket.

The county ticket was as follows: For representative in the state legislature, James P. Pendill; for sheriff, George W. Freeman; for judge of probate, Joseph W. Edwards; for county clerk, Henry H. Stafford; for register of deeds, Henry H. Dube, of this city; three sisters and two brothers, Mrs. Fred LaCourse, Matilda, William and David Dube, of this city, Mrs. D. A. Dickinson, of Brainerd, Minn., and four step sons, Arthur, Joseph, Wilfred and Albert.

A SUCCESSFUL PLAY.

Enjoyable Home Talent Entertainment Given at Birch Saturday Night.

A pleasing home talent play, entitled "The First of New York," was given at Birch Saturday evening, under the direction of Mr. and Mrs. George Southern, of that town. The large crowd present was delighted with the performance and its manner of presentation. The proceeds from the play will be used to buy scenery and other needed appurtenances for the town hall.

The stellar part was taken by Miss Jennie Fritz, and her work was well received by the audience. Miss Jessie Fritz also made a bit in her comic part. The lesser members of the cast all did well and the performance exceeded the expectation of the townspeople. It is hoped that other plays may be given in Birch as time goes on.

MERCHANTS! PROFESSIONAL MEN! BUSINESS MEN! GRANT US YOUR ATTENTION.

With the New Year's opening, you take an inventory of your stock and make up a list of your Resources and Liabilities. Amongst the former, your accountant may hand you a sheet entitled "Bills Receivable." Included under this heading are a number of "Hard" and "Old" accounts which you are tired of turning back again and again, only to have them come around and stare you in the face at the next inventory. Right here is where this ad. should interest you: We advertise for the same reason that you do. We have something to sell. Our stock in trade is the product of THE NORTHWESTERN COLLECTION AGENCY, represented in a combination of Thought, Energy and Accomplishment.

As the result of months of study and attention to details peculiar to the business, we have evolved a system whereby accounts against ABSOLUTE INCORRIGIBLES are handled in such a manner that old bills are settled and PROFITABLE INTEREST IS REVIVED between all parties concerned.

Send us your old accounts. No matter where you are located, or where the debtor is. Give us a trial and we will give you satisfaction.
